EIGHT THOUSAND CARS ARE NEEDED TO MOVE GRAIN

COMMISSIONER MAYFIELD AND RAILROAD OFFICIALS LOOK INTO MATTER

Earl B. Mayfield, member of the Texas railroad commission; F. L. Meyers, assistant general manager of the Santa Fe Western lines, and J. F. Anton, superintendent of the Slaton division of the Santa Fe, were here yesterday in three special cars, to look into the grain car situation.

A meeting with local grain men was held at the Chamber of Commerce rooms and the situation gone over very carefully.

A. G. Hinn of the Harvest Queen Mills and Ray C. Ayers of the R. C. Ayers Grain Co. told of the shortage of cars that have been and are furnished to Plainview for moving wheat, also the delay in handling cars.

Mr. Mayfield went to the various elevators of the town, and also personally verified the shortage of cars at this point and the need for hundreds of cars at once to move wheat. It was shown that eight thousand cars are needed to move the Plains wheat crop, and that unless cars are furnished in much greater numbers much wheat will be lost. Mr. Mayfield stated that as the interstate commerce commission has taken over the car distribution matter, the state commission is powerless to do anything except make recommendations. He can see no relief for six months at least and maybe not in a year.

Mr. Mayfield joined in a telegram urging the I. C. C. to see that the Plains situation is relieved if it is possible to do so, and that quick action be taken.

District Court Adjourns

District court adjourned Saturday, and the court officers went to Floydada yesterday morning and convened court there.

Only one criminal case was tried during the term—Clyde Peters, who pleaded guilty to horse theft and was sentenced to two years in the penitentiary.

Twelve indictments were returned by the grand jury, eleven being for misdemeanor.

Only two divorces were granted.

All this presents a fine record for the citizenship of Hale county.

Crabb Sells to Gibbs

R. M. Crabb has sold his stock in the G.-C. Electric Co. to Thos. and Raymond Gibbs, and has retired from the business, to give his time to teaching a limited number of music pupils. The stockholders in the firm are now Guy, Thos. and Raymond Gibbs and S. T. Cooper.

Swisher County People Coming

President C. E. White and other officials of the Northwest Texas fair association attended the Tulsa fair, to distribute advertising matter. They found that most everybody in Swisher county expects to attend the fair, and many will have exhibits of farm products, live stock and poultry.

The Tulsa fair is quite a success, with a fine showing of exhibits.

Oscar Seagle Here Nov. 30

The advertising matter for the concert to be given in Plainview by the celebrat baritone, Oscar Seagle, has been received. Mr. Seagle is brought here by the local agents for the Victor records, G. C. Electric Co., assisted by local citizens and music lovers.

Fire at Shepard's Shop

The fire company was called to Shepard's automobile shop Saturday afternoon, where a fire had been caused by spilling some oil in the back room. The fire was put out with chemical apparatus before the truck got there.

Formed Realty Co-Partnership

S. J. Whitacre and A. F. Quisenberry have formed a co-partnership in the real estate business.

Panhandle Produce Co. Improving

The Panhandle Produce Co. is building a large ventilated poultry shed next to its building.

Notice to Automobile Drivers

This is to give notice that all parties caught violating the traffic laws of the city will be fined to the limit. Keep out of closed, speed limit 10 miles in business district, 15 miles residence. Don't run without lights at night. A hint on the wise is sufficient.

CHARLES WILSON, City Marshal

In Friday's News we printed in the market report that fryers were selling in Plainview at 29c. It was an error, and should have been 19c.

Mr. Johnson is erecting a modern residence on the old C. L. Gilbert lots, near the sanitarium.

CHURCH NEWS

R. C. Ayers has begun the erection of a handsome brick home on Beech street, in the southeastern part of town.

Frank F. Hardin writes to us that he and his family have moved from Cisco to Brownwood, where he has become manager of the Rockwell Bros. lumber yard.

STAGE SET FOR THE GREATEST FAIR EVER HELD IN NORTHWEST TEXAS

Begins Monday Morning, Continues Five Days, Floral Parade on Tuesday, Races, Music and Many Shows

Everything is being set for the Northwest Texas Fair, which will begin in Plainview next Monday morning, and will continue for five days, closing Friday night.

It will be by far the greatest fair ever staged in West Texas, and in the state outside of the Dallas and other state fairs.

More than \$20,000 in premiums and expenses for amusements and attractions has been appropriated for the holding of the fair, by the business men and citizens of Plainview.

It is expected that 25,000 people will attend the fair each day, as people are coming from a radius of many miles, as the fair has been advertised in newspapers and by circulars for more than a hundred miles around.

The showing of farm, orchard and garden products, live stock and poultry will be the greatest ever shown in this half of the state.

Eight hundred dollars in premiums is offered in the wheat show, and \$400 in the cotton show.

A number of conventions of farm and live stock associations will be held during the fair.

Government agricultural and live stock experts will be here, and will hold meetings and give lectures and demonstrations. Several district meetings of poultry and swine breeders will be held.

Practically everything connected with the fair will be free of admission.

Tents Have Arrived

The four large tents for the fair have arrived and are being put up. One of the tents, which will house the agricultural and poultry shows, will be located on the west side of the square. Two tents for the merchants' and manufacturers' displays will be on the vacant lots north of the Guaranty State Bank, and another just south of the Nash House for the automobile show.

The live stock exhibits will be housed in and about Overall's barn. The woman's department exhibits will be in the C. E. White building on the eastside of the square. The better babies show will be on the second floor of the court house. Other displays will be placed here and there about the business part of town.

There will be platforms for the free shows at the four corners of the square, and also a platform at the corner of Broadway and Seventh for the boxing, wrestling and other athletic contests.

The airplanes will go up from a field in the south part of town or from near Wayland college.

The horse races and round-up contests will take place at the grand stand north of the passenger depot. The automobile races will be run southwest of town, just outside the city limits.

There will be concerts at the bandstand both day and night.

Town is Being Decorated

The flags, bunting and other decorations for the fair have arrived and are now being put up. All the main streets will be decorated with red, white and blue electric lights, at the lamp posts, and also strung across the streets. The large electric "Welcome" sign with colored lights is being erected at the corner of the square. The stores and many residences are being decorated with flags and bunting. The town will be a riot of color for the fair.

Crowds Will Be Cared For

It is expected that 25,000 people will attend the fair each day. Every comfort possible is being provided for the people, and to care for their needs.

The restaurants and hotels are making extra arrangements to feed the people, and the ladies of the local churches will serve lunches and various exhibits.

These committees have signed up hundreds of rooms all over town, in private homes, where visitors can sleep. A register is being kept at the Chamber of Commerce building, and visitors will be directed to rooms. This service is free of charge.

The association has sent for 300 extra cots, and private citizens who will agree to place the cots in their homes for use of visitors can get them at a nominal charge.

Free Shows

1. Thaler's Dog, Pony and Monkey Circus, showing three times each

day on the public square. Made a big hit at Dallas Fair and goes there again from Plainview.

2. The Petrowar Five, giving fifteen performances in the five days. Ground tumbler, gymnasts and hand-balancers extraordinary. They also present a classy exhibition of posing in Greek costumes.

3. Martelle, King of The Wire, presenting thrice daily a double bill of wire-walking, swinging and bounding; and of his original sensation slide down the wire on his head.

4. Ples Rector Trio, three day exhibitions of strength and of fun on ladders thirty feet high; skill that thrills and comedy that convulses.

5. Athletic Contests on Special Stage. Nightly exhibitions of boxing, wrestling, etc., including a "Battle Royal" with five negro battlers bombarding each other from all angles.

6. Thrilling "Leap for Life" from Airplane at an elevation of one mile. The fearless aviator will fall 500 feet before opening his parachute, thus gaining terrific speed. Tuesday and Thursday.

7. Magnificent Parade of Floats and Autos. Many hundreds of dollars expended to make this a riot of color and a dream of beauty. Special prizes for individual autos, lady riders and clever clowns. Tuesday.

8. Quartette and Chorus Singing on Square. Numerous popular airs sweetly sung from courtesous steps by some of Plainview's sweetest singers, to instrumental accompaniment. Every evening.

9. Numerous Schoolboy and School-girl Contests. Obstacle, sack and potato races, short dashes, cock fights, etc., for special prizes.

10. Band Concerts Day and Night. By the Brunk Band, and by the Clovis, N. M., Band of sixteen pieces, with lady soloist.

Amusements Charging Admission

1. Auto and Motorcycle Races, each afternoon. For \$3,500 in prizes. Separate classes for cars costing under and over \$1,500, and for stock models and stripped cars. Many entries already in hand.

2. Wild West Horse Racing, Steer and Goat Roping, Broncho Busting and Bulldogging. Purse and prizes aggregating \$4,000. Stables in three states already represented in races. Each afternoon.

3. Fierce Football Games between Wayland College, Plainview High, and out-of-town elevens. Lamar Park, Monday and Friday.

4. Baseball Contests three afternoons, between the niftiest mines that can be secured in this territory. Lamar park, Tuesday to Thursday.

5. Brunk's Comedians, giving two performances each night in their own big tent near public square. Good band and orchestra.

6. Airplane Rides. Five commercial planes on Millwee Field, taking ten-minute trips over town and countryside. Thrilling in extreme.

All Exhibits Are Free

The immense Merchants' Display, filling two large tents, together with Army, Red Cross, Boy Scouts and Agricultural Department Displays therein; the Live Stock and Poultry Exhibits; the Wheat and Cotton Shows; and the varied Agricultural exhibits; the Motor and Accessories Show; the Tractor and Machinery Show; the Woman's Hall with its hundreds of specimens specially prepared—these are all open to all comers without one cent of admission.

Will Bring Body to Plainview

Editor Guy R. Scott of the Hale Center Record informs us that he has ordered the remains of his son, who was killed in battle in France, to be brought to Plainview, for re-burial in the cemetery here.

Painting New Elevator

The new 220,000-bushel concrete elevator of the Harvest Queen Mills is being painted white.

W. B. Lewis and family are moving to Dallas, where he will be in charge of the Lewis Rubber Co., wholesale distributors of automobile tires. This family has many friends here who regret their departure. The Judge served as county judge of Hale county for four years, and was especially energetic in building up the schools of the county.

LITTLEFIELD

Sept. 21.—With Sudan harvesting, silo filling, maize heading and preparing the land for the big wheat acreage, the farmers are too busy to come to town, but our streets are filled with prospectors from the worm infested areas of the east, seeking a place where the boll weevil will never come.

George Shores, Chas. and C. H. Bloom, of Monticello, Indiana, purchased three fine farms from J. C. Whicker Land Co. Monday.

W. O. Stockton of Brookston, Indiana, is here this week looking after the fine crops on his farm.

Tom Ivy and wife of Hereford, were visitors here Monday.

Maple Wilson and family of Plainview, stopped over a few hours here Monday on their way to their ranch west of town.

L. H. Lane, of Turkey, E. B. Hart of Estelline and J. L. Baldwin of Slaton were here Monday and made land purchases. We are glad to see so many good Texas farmers buying Plains lands.

J. E. Farrow of the West Texas Chamber of Commerce, was here on Tuesday. Mr. Farrow is well pleased with the progress of West Texas and we associate our prosperity with the West Texas C. of C.

J. E. Swarthart of Lubbock was a Littlefield visitor Monday.

Judge R. C. Hopping and H. L. Smith made a business trip to Olton Monday.

Judge C. H. Curl and wife of Plainview were here visiting friend Sunray. The Judge is a Plainview booster, but he can't stay away from Littlefield.

The Littlefield lands have been thrown on the market and W. R. Allison of Houston, sales manager, has opened his office in the Bank building.

Fred Power and mother of Memphis Texas, purchased two nice tracts of land through the Edwards & Douglas firm Saturday.

George Galloway, one of the old residents of Lamb county, but now of San Bernardino, California, was here the first of the week meeting old friends.

Mr. and Mrs. Chas. Smith, accompanied by Mrs. Gladys New and Lon Campbell of this city visited friends at Bartonsite Sunday.

Dr. T. S. Knox, pastor of the First Presbyterian church of Abilene, was here the first of the week visiting friends.

NEEDLESSLY ALARMED

The Anti-Saloon League seems to be needlessly alarmed about the possibility of John Barleycorn coming back.

John is down and out. The federal prohibition amendment was ratified by forty-five states, which proves conclusively that the sentiment of the people is strongly opposed to liquor in any form. Most of the states also have prohibition written in their constitutions. Hence, it would take generations to ever repeal the prohibition laws.

Then, every passing day puts liquor further away from the minds of the people, and even the thirst of the old-timers is growing weaker. The new generation having never seen or tasted liquor will care nothing for it, in fact, will naturally be opposed to it, as history shows liquor to be such an evil as to be abhorred by all right-minded people.

The editor of the News has been a lifetime prohibitionist, and fought liquor from the precinct, the county, the state, the nation. He never received a cent for his work, and never wanted anything for it. Most of the officials and field agents of the anti-saloon league have all along received salaries and other pay for their work, and some of them are loath to give up their employment, and this possibly to some extent accounts for the alarm they seem to be imbued with. Some of them are urging that the pros contribute a large sum of money "for the enforcement for prohibition," but it seems to us it is the business of the government, federal and state, to see that prohibition is enforced the same as other laws, and we believe it will be done without a large contribution from private citizens.

People are getting very smart these days. They are sending pictures by wireless telegraphy.

All we have to say is, that were we a jailer and a prisoner were to go on a "hunger strike,"—we'd let the darned fool starve to death.

The common labor problem promises to be settled in a measure by the influx of emigrants from Europe. Thirty-seven thousand a week are now coming into New York harbor.

We don't take much interest in the proposed plan to connect this country to Europe over the telephone, as long as it is as hard as it is to talk from one phone to another in Plainview.

Thos. B. Love of Dallas announces he will be a candidate in 1922 for U. S. senator to succeed Culberson. He is at present democratic national committeeman from Texas, and is a very able man.

The general trend of business conditions is toward normal, according to a review by the National City bank of New York, which says that existing disorders are no greater than might be expected in accomplishing the adjustments that are necessary.

A movement has been started in the ranks of organized labor to weed out anarchy, Bolshevism and other species of radicalism. Some unions are suspending all those who by words or action express sympathy with the I. W. W. or other such organizations. Labor has more to lose by the ascendancy of radicalism and revolutionary theories than any other class of people, hence should fight it harder, and if it will do so in earnest it will receive the help of all level-headed patriotic Americans.

The explosion of a bomb in Wall street Thursday killed thirty-five people and injured three hundred. It was the work of an anarchist. He was absolutely despicable and unmindful of innocent people, for he planted it to go off at the lunch hour, when the street was crowded with clerks and employees of the firms close-by. Radicalism must be weeded out and utterly destroyed. There is no excuse for radicalism in America, for there are no oppressed people; everybody who wants to work has employment at a good pay, those who use the least charity and economy can soon have bank accounts. Everybody is free and independent, and should be as contented as it is possible for people to be. These foreign isms that are being propagated in America are the results of disordered minds—and enough asylums should be provided to incarcerate every person found preaching radicalism. All radical newspapers and books preaching revolution should be suppressed, no matter what the cost of doing so may be.

The Rev. August P. Record of Detroit, Mich., has sent throughout this country and Canada some 82,000 messages urging the revival of the simple, pure religion, such as was the inspiration of the Pilgrim fathers when they landed on these shores 300 years ago. He asks what has become of the old-fashioned family which began its day with elaborate prayer. "They have gone beyond recall, it appears," he says, but adds that simple family prayers is becoming more and more a custom in many American homes. "They serve to pitch the life of each new day at its proper level," he says "afforded an opportunity for simple, unostentatious religious expression and so minister to soul growth."

BEWARE

Because of the great prosperity of the people of the Plainview country just now transients and persons from other towns have come here, promoting the sale of stock in various enterprises, all of them claiming great profits for the investors.

"All is not gold that glitters," and most of these stock propositions are akin to the oil propositions of a year or two ago.

So, beware of any person whom you do not know, or who comes from elsewhere.

The best plan is to talk to your banker before you invest in ANY stock proposition. He can in a moment look up the rating of those promoting any proposition, and inform you whether they are reliable and can be depended upon; also, your banker is qualified to advise you as to the likelihood of investments being lucrative no matter if those selling the stock are honest—most of whom are not.

There are lots of schemes for swindling. When the editor of the News lived down in Central Texas he knew of several instances where many people were swindled in slick ways. In one case, a promoter from the North lars' worth of stock. A lot of old worn out machinery was shipped in from Massachusetts and put in a building erected for the factory. This completed the promoters contract, as a close reading of it later developed, and the factory never turned a wheel. The promoters profited by many thousands of dollars of the hard-earned money of the people who bought stock.

Several years ago some men came to Plainview to organize a stock company to move some cottonseed oil mill machinery here from down in the state and install it. It so happened that the editor of the News knew these men and their associates to be swindlers and publicly told about them. After several meetings they found it impossible to unload the oil mill on Plainview, and departed disgusted with our "non-progressiveness."

A few days ago in district court here one well known citizen of Hale county had a judgment for \$25,000 taxed against him and another about \$6,000, because some years ago a promoter came here and sold them stock in a life insurance company, which they claim they later found to be a swindle.

Your banker can tell you the ins and outs of all such schemes, and if you are smart you will consult him on ALL such matters. Your banker knows that if these itinerants or those coming from other towns here to sell stock have good propositions and as profitable as they claim they would not be out peddling the stock, even if they are paid heavy commissions to do so.

All we have to say is, it would be a good thing if they lose the key to Jack Johnson's cell and never find it.

Say what you please, the leniency with which the Wilson administration has treated the socialists and anarchists will lose the democratic ticket many thousands of voters in the November election.

We Add Our Welcome to All FAIR VISITORS

It is our pleasure, as well as that of every citizen of Plainview, to welcome you to our big Fair. We hope that you will consider yourselves our guests and call upon us for any favor within our power to render.

We hope that you will enjoy every minute of your stay with us and be benefitted by your visit.

We invite a limited number to go to the top of our new modern concrete elevator, and have a view of the surrounding country for many miles from the top, which is 135 feet high. It is indeed a great sight.

We are especially interested in the Big Wheat Show and we hope that if you have not already made entry that you do so at once that we may show the world what Northwest Texas can do in raising wheat.

We also invite you to visit our display booth in the Merchants' and Manufacturers' Tents on Broadway between Seventh and Eighth Streets.

A Modern Laundry

While in Plainview attending the fair, don't fail to visit our plant, southwest of the square, where you will see a modern laundry plant in operation.

It will interest you to see the way we handle laundry work, from the time it is brought in by the deliveries to finished work tied up in bundles and sent back to the customers. We will be glad to show you through.

Insist on having the Plainview Laundry do your laundry. It does the best work, and guarantees satisfaction.

YOU

Mr. and Mrs. Home Lover

Here---Now---Today

is your chance to get away from housekeeping drudgery and to add to the pleasure and instruction of the members of your household at a cost that will be forgotten long before the benefits are fully realized.

In these days of high priced, incompetent servants there is but one sure way to do away with the worry and drudgery of house work. Electricity is a never failing servant, always ready to work at your bidding.

An Electric Iron, an Electric Washing Machine, an Electric Range, an Electric Ironing Machine, an Electric Sweeper—all these and many more in our big showing are ready for service of a sort that serves at a price that you can afford to pay for what you get in increased efficiency, in lack of backbreaking effort, in freedom from worry, in time saved and in ultimate satisfaction.

At our store and at our booth we will be pleased to demonstrate.

Then comes the matter of refined entertainment for the children and the grown-up in the home. There is nothing which can bring to you the high class, enlightening entertainment that a

VICTOR, COLUMBIA OR BRUNSWICK

Brunswick

can give you. They reproduce the best by masters. You don't hear the great singer or the Symphony Orchestra sing or play for one evening at a high price of admission—you have that singer or orchestra brought to your home on a master record to entertain you when you are in the mood and as often as you get in that mood.

When you go home from this Fair take a Victor, a Columbia or a Brunswick with you and then let us load in with it a Western Electric Washing Machine or an Electric Vacuum Sweeper—you will never be sorry of your purchase.

Walker-DeLoach
Mr. and Mrs. Endorus Brawner Walker of Atlanta, formerly of Griffin, Ga., announce the engagement of their daughter, Corinne, to Mr. Alfred Burton DeLoach, of Plainview, Texas. The marriage to be solemnized in the late fall.

This announcement will be of much interest here on account of the popularity of the bride-elect. Miss Walker is delightfully remembered here as a lovely woman, who was a fine teacher, a member of the Woman's Club and also of the Shakespeare—the music and bridge clubs. She is the sister of Mr. Robert Walker and Mr. Paul Walker.

Mr. DeLoach is a member of the R. C. Ayers Grain Company, of Plainview, Texas.—Griffin, Ga., Daily News and Sun.

The Great Wheat Show

AT THE

Northwest Texas Fair

This will be the greatest Wheat Show ever held in the Southwest, and will be a revelation to people from elsewhere, who visit the fair. Just think of offering \$800 in cash for the best wheat shown—\$200 for the best bushel!

We also invite you to call around and see us, near the freight depot. We are in the market for wheat and other grain, and pay the highest market prices. We are well equipped to handle your business.

WE ARE HELPING TO BUILD THE PLAINS

By Furnishing the Building Material

We take pride in the Northwest Texas Fair to be held in Plainview next week for it will be the greatest Fair ever held in Northwest Texas.

We feel that we have had a part in making the fair possible, for we have contributed much to the building of the Plains by furnishing a large part of the material that has gone into the homes and other improvements that have made the Plains the desirable country that it is.

We are still furnishing building materials and have a very large stock on hand, to build anything you may desire from a pen to a large barn or new residence. Building material has not advanced in price as much as most other things, hence it is really cheaper comparatively speaking to build now than it was before the war. Now is the time to build, for you have the money and your family will appreciate a new home. Come in and let us talk the building matter over with you, and give you suggestions of value, for we study building problems.

ANCHOR

Sept. 21.—The health of this community is fine.

The rains have ceased, wheat threshing is over and the farmers are very busy preparing their ground for another wheat crop. The row crop is looking fine and some are beginning to cut their kaffir.

The wheat made a fair crop, considering the damage by the big hail, and the long continued rains.

Mrs. Jackson and three sons of Oklahoma were here for a week's visit with her sister, Mrs. W. W. White.

Joe, Maley of Chicago is here visiting his daughter, Mrs. W. R. Fesal, and family.

Mr. and Mrs. Ernest Parris and his brother, Chas of Norfleet, visited in the W. R. Fesal home Sunday.

We are slow in getting rid of our wheat on account of the car shortage. Anchor was well represented at Hale Center Saturday.

George S. Fairris, the man who runs the Eastside Grocery, says he has about the best grocery store in town, and that the goods he is selling are just as good as can be bought anywhere, also that his prices are as low as any grocer can sell for and "get by" without going busted. He has been doing business since away back in the pioneer days in Plainview, selling groceries all the time, and he ought to know, and really thinks he does know. If you will try him on a bill or two of groceries you will be convinced.

He wants those who come to Plainview to attend the Fair next week to come around and get acquainted. A warm welcome awaits everybody, no matter if they don't buy a thing from him.

Remember the Eastside Grocery is on Ash Street, northeast of the square.

We Are the FARMERS' FRIEND

FACTS, FUN AND FOOLISHNESS (By Austin Calian)

MY WAY

I would not scrap with anyone, about the way baptisms done; I would not argue a doctrinal point until my tongue was out of joint. Such religion is not the kind that I'd advise a man to find. For modes and creeds they had to flee before the Man of Galilee. His love, his way, is what 'twill take to lead one to the Pearly Gates. Forget the creed, forget the name, remember that each aims the same. Remember that the cross He bore, was just for man the wide world o'er. I would not scoff, I would not sneer, at what to other hearts is dear. The better way by far, my friend, is—of your means a little lend; be kind and good to all you meet, that is religion—hard to beat.

Don't belittle, don't blame and scold those who shelter in another fold. Be patient and true and of service to man. There's no better way, there's no better plan.

We don't believe in reprisals in all case, but if your neighbor's daughter is taking voice, you are perfectly justifiable in keeping a phonograph.

What has become of the old fashioned boy who had to stand behind the door while his little playmate's sister was using his pants to cut a pattern?

We have always observed that a little jitney had mighty poor luck trying to run over an express train, but a very small woman occasionally romps all across a great big man with perfect ease.

The fat man would quit chewing tobacco if the doctor hadn't told him that he would get fatter if he did, but it isn't that way with the lean man. He would quit if the doctor hadn't told him that it would make him leaner to quit.

Grandma isn't a bit jealous, but she does hate to see grandpa make a fool of himself around the good looking young girls.

Pork has gone altogether too high for the most of us; but we do love to hear the pig squeal; it sounds old-fashioned like.

In the good old days a rooster strutted around just like he was the whole cheese. But now the hen that lays the egg rules the rooster and the rooster both.

A man doesn't have to stand up at the glass and primp for an hour; a man doesn't have to phone a neighbor to come over and button his dress in the back; a man doesn't have to powder his nose a dozen time before going out. But if he didn't have a wife to keep up with his socks he'd be compelled to go down town bare-footed.

Fire Escape Law Violated

Guy McClung, inspector for the state fire insurance department, was here last week inspecting the public buildings and those of more than two stories in height. These included the court house, the public school buildings, Wayland college and dormitory, the Ware, Wayland and Plainview hotels, to see if they are observing the fire escape law.

He found that the hotels are not observing the law as they should, neither is Wayland or its dormitory. The upper story of the court house was also criticised. The high school is amply provided with fire escapes.

Metley County People Coming
"Many people from the Matador and Roaring Springs country are expected at the Northwest Texas Fair at Plainview, Sept. 27 to Oct. 1, inclusive," says the Metley County News. "Quite a few farmers from this section should enter for the \$200 cash first prize for the best ten pounds of cotton lint. Other prizes in the agricultural and livestock departments total \$8,000, the largest ever offered at any fair in West Texas. They will spend and give away \$17,000 at this fair for free attractions, automobile races and wild West round-up. A mile drop out of an airplane with a parachute will be one of the many thrillers. The races and round-up will be held each day. This undoubtedly will be the greatest fair so far held in West Texas, and Plainview tells us that they are anxious to be hosts to the people of Metley county."

District Court Adjourns

District court adjourned Saturday, and the court officers went to Floydada yesterday morning and convened court there.

Only one criminal case was tried during the term—Clyde Peters, who plead guilty to horse theft and was sentenced to two years in the penitentiary.

Twelve indictments were returned by the grand jury, eleven being for misdemeanor.

Only two divorces were granted. All this presents a fine record for the citizenship of Hale county.

Seventeen Hundred Ribbons
John Boswell, the new secretary of the Plainview commercial clubs, has cotten out the many blue and red ribbons and other trophies won by the Hale county exhibitors at the International Dry Farming Congress, state fairs and other expositions, and has had them strung up in his offices.

There are more than seventeen hundred ribbons, several silver trophy cups, also medals and other evidences of winnings by Hale county products

Mrs. Ross Rogers came in Monday morning from Amarillo to visit her parents, Mr. and Mrs. R. M. Peace.

Pastor G. W. Davis of the First Christian church is in Memphis attending the district Christian convention.

Mrs. A. L. Bailey and children returned Sunday from a visit with relatives in Jackson, Ala., for seven weeks.

Mr. and Mrs. W. W. Thompson returned Saturday from a visit of six weeks with relatives in Kansas and Missouri.

Mrs. Orear of Merkel and Mrs. Lloyd of Floyd county were guests of Mrs. F. W. Cooksey Friday.

Rev. Horace Busby of Fort Worth, who held a meeting at the Church of Christ here several months ago, was here Saturday, en route to Lockney, where he is now holding a revival.

Parent-Teachers' Association

The Parent-Teachers' met at the high school Friday afternoon at 3 o'clock, this being the first meeting. The vice president, Mrs. C. A. Pierce, called the meeting to order, Mrs. Kirk, the president, being absent.

Mrs. Pierce made a few pleasing remarks to the thirty-five members assembled.

The following program was rendered:

Instrumental music.—Miss Quinby. Talk: "Lyceum Work."—Mr. Patty. Talk: "Needs of Central."—Mrs. H. J. Matthews.

Mr. Patty being a little late, Mrs. Matthews spoke first, and said in part, that the needs of Central school was an auditorium, an addition of rooms, better equipped play grounds, at least \$250 worth. Suggested two tennis courts, more basket balls and goals, two foot balls, and that the water supply be brought up out of the basement onto each floor. Said the child could not be educated morally, spiritually, mentally and physically with out an auditorium, made a very timely and interesting talk on needed equipment and attractiveness.

Mr. Patty began his talk by saying that his desire was to make the school as attractive and helpful as he could. He said an arrangement had been

made with Mrs. Reeves, whereby the north half of her block was to be used as play ground for Central. He stated that the tennis courts of the town, near the Methodist church, had been given to the public schools. The lyceum proposition was turned over to the Parent-Teachers' Association, all profits to go to the public schools. He said we are going to make a success of this course, which consists of nine numbers and will be more attractive and beneficial than the shows.

He wants to make a fair price for the season tickets so they can pay for the entire course with the sale of same. The first number, "The Angelus Trio," will be October 9th at the high school auditorium. He explained the other numbers and they all good. His talk on the lunch room and how it might be arranged in the connection with the domestic science department, whereby the children might have hot lunches at about cost and make the running expenses of the domestic science department less, looks very reasonable.

He discussed athletics at Central, suggested the balance of the piano money to be used in that way by buying basket balls and other needful things.

Prof. Patty said, they were crowded to the limit and may have to have other teachers, or might solve the problem by the half-day attendance in the primary department. Said the only salvation for our school system is the adoption of the amendment, which comes up in November and urged every man, woman and child to insist on its adoption.

He recommended an auditorium for

Central, also to buy the play ground of Mrs. Reeves, and then related why the drinking fountains are still in the unsanitary basement.

The association voted to go on record as favoring the fountains being put on each floor as soon as possible. The lyceum course was accepted with a hope of paying part of the expense of the fountains. The association voted to have a Central Mothers' club and a High School Mothers' club. Quite a few mothers will be in both clubs.

Mrs. Kirk's resignation as president was accepted, and Mrs. Chitt Slaton was elected president.

Mrs. T. D. Lipscomb offered her resignation as secretary and Mrs. E. H. Perry was elected as secretary of the high school club. On account of the late hour the Central organization was deferred until Tuesday, Sept. 21, at Central school building.

MRS. C. A. PIERCE, President.
MRS. T. D. LIPSCOMB, Sec'y.

Anthony Building Home

W. B. Anthony is erecting a four room residence two blocks east of the high school, which he and his family will occupy.

A. B. Brown, president of the First National Bank of Lockney, was here Sunday, en route to Austin. He showed us a statement of the condition of his bank Sept. 8, showing deposits of \$662,550.76. This is by far the greatest amount ever carried by the bank, and indicates the prosperity of the people of that town and community.

SWEET GENEVIEVE

O Genevieve, I'd give the world to live again the lovely past.

The rose of youth was dew-impearled;
But now it withers in the blast.
I see they face in every dream,
My waking thoughts are full of thee;
Thy glance is in the starry beam that falls along the summer sea.

Chorus.

O Genevieve, Sweet Genevieve, the days may come, the days may go,
But still the hands of mem'ry weave
The blissful dream of long ago.

O Genevieve.

Fair Genevieve, my early love, the years but make thee dearer far.

My heart shall never, never rove;
Thou art my only guiding star.
For me the past has no regret,
Whate'er the years may bring to me;
I bless the hour when first we met,
The hour that gave me love and thee.

Chorus.

—Join the excursion to the Rio Grande Valley every Monday night.

SPECIALIZATION HAS COME

to the automobile business of today just as it has previously come to other businesses of the modern commercial world.

The garage man of yesterday was called on to give service on the mechanical and electrical systems of the car, and tires, batteries, and radiators as well.

Today each of these branches has specialists. A man may be an expert machinist or mechanic and have only a fundamental auxiliary knowledge of the starting, generating and ignition systems of the car. In just the same way a man may be an expert on tires and their proper care, and know nothing of the chemical constituents of the storage battery and their necessary functions.

This house is the largest exclusive automotive electrical establishment in the Panhandle. Our service includes Storage batteries, Starters, Generators, Magnetos, and all Ignition work.

Our repair shops have complete and modern equipment, and our workmen are specialists in their line. We carry the largest and most complete stock of Storage Batteries, Automotive Electrical equipment in the Panhandle.

BIG CUT IN RANGE CATTLE IN FOUR YEARS

Southwestern Stockmen Report a Reduction of 40 Per Cent—Range Conditions Good

San Angelo, Tex.—Cattle on the ranges of West Texas, New Mexico and Arizona have decreased 40 per cent during the past four years, due to heavy demands for beef during the war and the subsequent money stringency which precluded restocking of the range, according to a report presented to the executive committee of the Panhandle and Southwestern Stock Raisers' Association. Present range conditions, according to the report, are the best in many years.

Does that sound
"too good to be true?"

Scores of team owners in this city are finding it both good and true. Purina O-Molene is not a stock medicine or even an "Alfalfa Mule Feed." If you've ever seen "mixed feeds" before, forget them.

Let us show you a sample and tell you why O-Molene positively costs less to feed than oats or corn or "mixed feeds."

PLAINVIEW RED CROSS WORKER COMING HOME

Saw Horrible Massacres of Armenians
By Turks in the City of
Marash

New York, Sept. 18.—Cables from Beirut, Syria, to headquarters of the Near East Relief today announce the sailing for the United States of Paul N. Snyder, of Plainview, Texas, who served with the relief organization during the massacre last March of 12,000 Armenians in the city of Marash.

The Marash massacre, according to reports received here was one of the worst that have occurred in the disturbed areas of the Near East in years. Men, women and children were burned to death in their homes, or shot down by the Turks when they attempted to escape. While trying to flee from the city with the retreating French garrison, twenty-five hundred refugees perished from the cold.

According to workers who have since returned, only the presence of the American relief personnel saved the survivors of the massacre from death when the city capitulated.

AMARILLIANS ARE REQUESTED TO JOIN PLAINVIEW CARAVAN

Amarillo citizens who are willing to help cement the friendship between Amarillo and Plainview by showing their interest in the big Northwest Texas State Fair to be held there Sept. 27 to October 1 have been asked by the Board of City Development to join in an automobile party to Plainview on September 28. The Secretary of the Board has asked citizens willing to join this party to notify him by calling 722. A special train will also probably be run from Amarillo one day during the fair. Plainview plans to designate one of the days of the Fair as "Amarillo Day."—Amarillo Tribune.

PETERSBURG

Sept. 20.—Everything is moving on smoothly here. People busy threshing, baling hay, plowing and hauling grain. The weather is ideal.

Fred Wiese of the Lorenzo bank spent Sunday here.

The Masons of this lodge attended the lectures at Floydada Saturday night.

A. V. McCarty and wife were called to Aspermont Thursday, because of the serious illness of Mrs. McCarty's mother, Mrs. McLaurey.

Sam Mason, who is now with the county road graders at Hale Center, spent the week end here.

Mr. and Mrs. George Thorpe are entertaining a new baby boy, which the stork kindly left with them Saturday night.

C. D. Hughes is nursing a very sore foot, the engine at the thresher having run over it Thursday.

Mr. and Mrs. E. W. Moss entertained in honor of their guest, Mrs. Stone from Missouri, Saturday night in their country home a few miles north of town and everyone had a good time. Ice cream and cake were served for refreshments.

Elmer Hegl has returned from the Lubbock sanitarium and is able to be up.

Cockle-Burr is Smart Weed

The editor of the News was at Lake Plainview Saturday and noted quite a number of cockle-burrs growing. It brought to memory a pest, which grows so luxuriantly in Central Texas.

The cockle-burr is a very smart weed. Its burrs contains two seeds in each pod, and it is said that one seed will germinate and sprout the first year after maturity, while the other seed always remains dormant and does not germinate until the second season, taking advantage of a possible drouthy year—hence, there is always a crop of cockle-burrs.

We are informed that modern science now has a way of pressing the oil out of cockle-burr seed, making valuable products out of it.

Kruger is Coming Back

A. M. Kruger, who moved to Tascosa last winter, shipped the editor of the News a crate of very fine cantaloupes this week, "just to let you know that I am alive and kicking; besides I hear you did not have any good melons down there this year. Guess I'll have to come back and raise something for you folks again." He says he will soon return and we are informed will be connected as gardener with Plainview Nursery. He is a good gardener, and his products are always the best. We are glad he is coming back.

Prices of Auto Tires Going Down

W. B. Lewis informs us that the auto tire manufacturing business has recently gone to the bad, and several of the largest concerns have gone into bankruptcy. The prices are going down rapidly, and some makes are now selling at less than half the prices charged several weeks ago.

Bailey to Publish Paper

Joseph Weldon Bailey, like Jim Ferguson, is to establish a weekly newspaper in Texas, to be known as the Democratic Review, the first issue to be published in Fort Worth, Nov. 1st. Bob Barker will be business and circulation manager, and he says it will be devoted to the cause of "true democracy." Bailey is now in Washing-

ton, but says he will return to Texas October 1st and reside in Dallas, where he will practice law.

Elmer Floorwood, a young married man of Hereford, fell from a motorcycle, while riding Monday, and was killed.

PLAINVIEW BOARD AFTER RAILROADS

More Extensive Campaign Will Be Waged On South Plains

It is decided that more persistent efforts will be made by the Plainview Board of City Development to secure additional railroads for Plainview. A direct line to some eastern market center, such as Fort Worth, is the preferred line. The board will compile facts to show the need of additional roads and the assurance that they would pay.

At a recent meeting very optimistic reports concerning the chances for more railroads were given by members and visitors. The announcement that the Santa Fe would begin laying heavy main line steel on its Floydada branch out of Plainview soon created much interest. This branch is on an airline between Plainview and Fort Worth.

A direct outlet to any central market point would mean much to the progress of Plainview. Although grain and other products raised in abundance here now, the production would be doubled immediately if better railroad facilities could be secured.

PLAINVIEW FAIR

The directors of the Northwest Texas Fair Association, of Plainview, have announced that the second day of the fair will be "Amarillo Day" and the gates of the city on Tuesday, Sept. 28, will be wide open for visitors from this city.

There is no doubt that large numbers of Amarillo people have been planning to attend the great fair at Plainview and the courtesy which has been paid the people of this city is emphatically appreciated.

Helping to build and boost Plainview is just as much the business of Amarillo people as helping to build Amarillo is. The whole Panhandle country is destined to rapid development and the people of Amarillo ought to have a hand in boosting and aiding every town and every county in this entire section of the state. As the Panhandle prospers, so will Amarillo prosper and every business man who lives in Amarillo.—Amarillo News.

YOM KIPPEN

The Jacobs Bros. Co. store will be closed tomorrow, or rather from 6 o'clock this afternoon, on account of Yom Kippen, the day of Atonement. This is most solemn day of all among the Jews. Yom Kippen comes as a climax of the holiday season, following ten days after the Jewish New Year's Day, and provides that in its celebration man should celebrate the day by seeking reconciliation with his fellowman and with God.

Yom Kippen is passed in fasting and prayer. The whole day is spent in the Jewish centers in the synagogue, where a series of four services are held, blending one into another. No food is partaken of from the setting of the sun on Tuesday until the first glimmering of the stars in the heavens on the evening of Wednesday.

Hale Center School Opens

Monday morning school opened and quite a large number of the patrons were present at the auditorium for the opening exercises.

Supt. Sears made a preliminary talk, very appropriate and suggestive of a very bright future for our school.

Rev. G. H. Bryant read a scripture lesson, and Rev. F. H. Waldrop offered prayer, asking Divine guidance upon the faculty and student body. Among those who took a part in the exercises by speaking words of encouragement were: George Yates, G. H. Bryant, F. H. Waldrop, Mesdames O. C. Sanders, E. H. Horton and R. W. Sanders.

Following is the faculty: W. G. Sears, Supt.; Miss Ruth Hale, Principal; Miss Verona Dickerson, High School; Miss Mabel Vaughn, Seventh grade; Miss Inez Boulier, Sixth and Fifth grade; Miss Easley, Fourth and Third grade; Miss Ruth Earmore, primary.—Record, Sept. 17.

J. E. Shropshire and family have moved into town from Runningwater, so the children can attend school. They occupy the J. T. Martin place, near the high school, which they have bought. Mr. Shropshire will spend a goodly part of his time on his farm.

Jesse DeLabo, the leather worker, tells us that the price of leather is now going down. Some time ago it sold at \$1 to \$1.25 a pound, and is now down to 65c, and will likely go lower. The price of green hides is 7c a pound in Plainview.

AD kinds of dishes and queensware at Frank's Necessity Store.

Dinner will be served every day during the fair in the basement Presbyterian church.

"CONSTANCE OF FALGURRIAS"

Grand Champion Jersey Cow, owned and shown by E. C. Lasater of Falfurrias, Texas, at the National Dairy Show.

(From a Photo)

The intensive part that the Jersey Cow has played during recent years, is evidence that she will come in for her full share of honors and awards for the increased and widespread activity and awakened interest in pure bred dairy herds.

The growing demand for Jersey products which is coming from the consuming public, opens opportunities for the building up of a special supply at the highest prices.

You can make no mistake in obtaining Jerseys, but the same rule applies here as in the purchasing of other breeds—obtain only pure bred stock.

We'll help you to secure the right kind of live stock for your farm.

FORDSON Farm Tractor

When Henry Ford set about building the Fordson tractor he had a thorough understanding of just what it should be and what it should do. His early life on the farm gave him a deep insight into the daily life of the farmer; his mechanical genius saw the type of tractor needed. He began work on a farm tractor thirty-five years ago, and for more than twelve years he experimented over more than 7,000 acres of land in different kinds of soil, with different crops.

So he built the Fordson. It is so simple that a school boy can operate it. It is low in first cost. It is lowest in operating cost and Fordson parts and Fordson service are always to be had promptly from the dealer.

The Fordson is a profitable investment. It can be used every working day in the year. It is an inexpensive power plant that will lighten your farm work. It has proven its worth on more than one hundred thousand farms not only in operating implements in the fields but in belt and pulley work. And it don't eat when idle.

Don't delay ordering your Fordson tractor. The demand is greater than the supply.

While attending the Northwest Texas Fair make our building your headquarters. We will be glad to see you.

In presenting this sale at this time we are able to serve the public in two distinctive ways. First, we have adopted a policy of offering seasonable merchandise at a time when the season has just opened and not at a late date. This will be carried out. Everything for fall and winter will be reduced in price. Second, we extend this great opportunity for buying at the time of the Great Northwest Texas District Fair to be held in Plainview September 27th to October 1st.

DRESSES

They are not just ordinary women's garments but extraordinary misses' dresses that fit properly.

These models have been designed and made as a tribute to the brisk young miss whose clear young head contributes its importance to the business of the nation.

In this store we do not just merely sell inanimate merchandise. We render intianimate service.

Broadway Garage

I want to extend my appreciation and thanks to the good people of this county for the splendid patronage that they have given me since buying the Egge Garage, and to show my appreciation I have secured the best automobile mechanics that can be had.

My welding and lathe department is second to none. When my friends bring their work in it is a great source of pleasure to know that they are going to get first class work and reasonable prices.

I am running under the name of Broadway Garage and remember we are prepared to do any kind of welding, machine or automobile work. Our motto is honest work and reasonable prices.

HUNT FOR CAUSE OF BROWN TEETH STAINS

West Texas Dental Society Will Secure Services of Government Expert

Brown stains on the teeth of children of the Panhandle country will be a theme of special study by the West Texas Dental Society in session in Amarillo. The Society determined Thursday morning to ask the National Research Committee to send a man to Amarillo to study the peculiar stains, which injure the appearance of the teeth of so many children in this section of Texas.

Dr. F. W. Dodson of Amarillo, Dr. S. L. Ingham of Canyon and Dr. W. R. Orr of Wellington were named on a committee to confer with the National Research Committee concerning possible treatment and cause for the brown stains.—Amarillo Tribune.

WHOLESALE PRICES DOWN 4 1-2 PER CENT IN AUGUST

Washington, Sept. 18.—A pronounced drop in the general level of wholesale prices during August was reported today by the Department of Labor. Measures by changes in the index numbers of the Bureau of Labor Statistics, the decrease was 4 1-2 per cent.

Foodstuffs showed the greatest price recessions, the decrease averaging more than 12 per cent. Farm products declined nearly 6 per cent and cloths and clothing 5 3-4 per cent. Fuel and lighting materials continued their upward trend with an increase of more than 6 1-4 per cent, while metals and house furnishing goods also showed an increase over July.

MARTIAL LAW TO CEASE

An agreement has been arrived at between Gov. Peabody and the city of Galveston, providing that the state militia will be withdrawn and the city police department turned over to a force of state rangers, who will preserve law and order and protect non-union workmen in that city, to take effect Sept. 30.

It is hoped this will solve the muddle on Galveston Island.

The city of Galveston has been disgraced by organized labor controlling the city government and its refusal to preserve law and order or protect non-union workmen, and it will be a long time before the city lives down its disgrace.

The state militia disgraced itself as militarism always does, by intolerant and high handed acts, such as going to Houston and trying to kidnap an editor who had criticised the militia, and in permitting soldiers to assault citizens on the streets of Galveston.

Case 15-27 Kerosene Tractor

Pulls 3 or 4 Plows

In fields where plowing is difficult—tough or baked soil, stiff grades, etc.—this Case 15-27 Kerosene Tractor will pull 3 plows easily. Where conditions are favorable, this tractor can pull 4 plows.

So it is a favorite on the average farm. It is neither too large nor too small.

In addition to its field work, it is designed for belt work, having the pulley properly placed. It will drive a Case 26x46 Thresher equipped with feeder and wind stacker or other machines requiring similar power.

The Case 15-27 has abundant reserve power. While rated at 15 horsepower on the drawbar, it can deliver more than 18

horsepower. While rated at 27 on the belt, it can deliver 33 horsepower. It is ever ready for the hardest jobs. It never tires.

All gears are cut steel, enclosed and run in oil. It has a four-cylinder valve-in-head motor, mounted crosswise on a one-piece main frame. This affords the use of all spur gears.

A Case Siphon Thermostat controls the cooling system and insures complete combustion of kerosene. A Case air washer delivers clean air to the carburetor.

There are dozens of betterments found only in this tractor. You should be familiar with them, so that you may make a careful comparison.

May we have the opportunity soon to point out Case superiorities?

HAS INGENIOUS SCHEME TO SELL FARMERS LAND

Crowell, Sept. 18.—Another ingenious scheme to nip rural folks of their prosperity which bobbed up here recently has been nipped. A rather slippery gentleman visits farmers and represents himself as securing government land in Oklahoma for them after informing them that they have Indian blood in their veins and hence entitled to the government allotment.

He demands from \$25 to \$50 from each person as expenses for representing their cases. He has swindled a large number of farmers in this section. In some cases he has secured the advance sums asked. Officers have been put on his trail.

BLUE-STONE CAN BE USED FOR WHEAT

Where Formaldehyde Cannot Be Secured, Blue-Stone Can Be Substituted

The demand for formaldehyde in treating wheat has been so heavy that the local supply is exhausted, for the present, and pending the arrival of additional quantities, farmers are using Blue-Stone in treating their wheat.

Winfield Holbrook of the T. L. & D. Co. says: The approved method of using this is to thoroughly pulverize five pounds of blue-stone by pounding with a hammer or the end of a two-by-four, and dissolving in forty gallons of water. This should be thoroughly stirred as the blue-stone dissolves with difficulty.

The strength of the solution can be tested with a piece of iron or steel, which should show a light copper deposit.

This solution can then be used for either spraying or dipping the wheat.

FORD CAR PRICES DROP IT IS ANNOUNCED

Products of Detroit Factory Decline on an Average of \$142.00 a Car

Marion, Mich., Sept. 21.—Henry Ford today announced that prices on all models of his autos have been reduced on an average of \$142 a car, bringing them practically to pre-war prices. The Ford Company has 166,000 unfilled orders.

In making the announcement Ford said lack of materials which are stored in many parts of the country is impeding production and that a slashing of prices is the only way these materials can be forced on the market and per-war basis brought about.

The new prices are effective immediately.

"High prices impede progress," declared Ford, "and it is time we got back to pre-war basis. The war is over. Prices must come down."

Wages at the Ford plant will not be affected by the new car prices.

Rich and Didn't Know It

We are rich, but didn't know it until we read the following in the Canadian Record:

There are no two ways about it, Jess Adams of the Plainview News made a fortune speculating in oil well proposition, altho he is too modest to admit that he—one in a million—was shrewd enough to outguess the swindlers in the oil game and come out with his pockets lined with gold. Else how could he buy a handsome new brick building for a printing office, buy a new Model 8 linotype, a Miller saw trimmer, and various other printing impediments that runs in to figures so quick that it makes a printer dizzy? And Jess paid all cash for the new investments and does not owe a man a dollar. Well, here's an appreciation of the success Adams is having; the success of a good fellow and a friend is almost as good as for success to come to ourselves. Jess is a good newspaper man and a brilliant writer, and he is entitled to the honors as the John D. Rockefeller of the Panhandle newspaper fraternity.

"The speeder shouldn't have a friend in the world," says the Beaumont Journal. "He should be without sympathy and without recourse. He endangers the pedestrian and the automobilists alike. Nobody is safe from his disastrous driving and reckless disregard for human life. But how may the speeder be stopped? Courts have fined him, and still he has speeded. Laws have been passed to curb his foolishness, but still he has speeded. Outraged parents of murdered children have shot speeders, but still the speeder exceeds the limit and drives carelessly. There must be a stopping place somewhere. There must be some way of stopping the careless driver. They cannot be permitted to continue on our streets and country roads without some kind of a check being kept upon them. If no other way is presented, then we must turn back the clock of progress a hundred years and abolish motordriven vehicles. Surely nothing of that kind will become necessary. Yet, if something isn't done, then the men who sell the cars and who are most interested in them must do something. There is no excuse for speeding. There is no excuse for reckless driving. Either the men who own cars must improve in their driving or some kind of a test must be placed upon them. Just about enough children have been sacrificed beneath the wheels of automobiles."

Auto Men Lining Up Caravan

The members of the Amarillo-Panhandle Automotive association decided at their meeting and luncheon held at the Anarillo Hotel yesterday at noon, to lend their support to the motor car caravan to the Northwest Texas District Fair at Plainview. The caravan is to leave Amarillo for Plainview early Tuesday morning, September 28.—Amarillo News.

Sweden and Finland have agreed to refer their dispute over the Aland islands to the League of Nations and to abide by the decision. They thus avoid war, and this action is regarded as a long step toward recognition of the League as a medium to prevent wars.

Mrs. Z. T. Riley of Lockney underwent an operation for appendicitis at the Plainview sanitarium Wednesday night.
