

PRAYERS AT HOLY NAME — Pope John Paul II kneels in prayer at Holy Name Cathedral Thursday night in Chicago. Chicago Archbishop John Cardinal Cody kneels at right. See related story on page 2A.

## U.S. jobless rate defies government forecasters

WASHINGTON (AP) — The nation's unemployment rate edged down from 6 percent to 5.8 percent in September, defying government forecasts of higher joblessness because of an economic recession.

The Labor Department reported today that virtually the entire drop in unemployment since August — about 164,000 persons — occurred among adult women, particularly married women.

The jobless rate had jumped in August from 5.7 percent to 6 percent, the highest in a year. Carter administration economists said that sharp rise marked the start of a deteriorating job market triggered by an economic slowdown.

Another rise in unemployment had been predicted for September.

However, the latest figures, all adjusted for seasonal fluctuations, cast doubt on whether the weakening economy has begun to exact a harsh toll on American workers. Although employment growth has slowed

during the past six months, the jobless rate has remained relatively stable.

The unemployment rate has fluctuated between 5.6 percent and 6 percent of the labor force since August 1978.

The administration is still predicting the rate will climb to about 6.5 percent by the end of the year and reach 7 percent in 1980.

Each rise of one-tenth of a percentage point in the rate means 103,000 more jobless persons.

The decline in unemployment was a welcome development for an economy that has been battered by unchecked inflation. The Labor Department reported Thursday that wholesale prices in September rose 1.4 percent — the largest monthly increase in nearly five years.

The Labor Department said total employment during September grew by an unusually robust 610,000 jobs, the largest monthly increase since June 1978. The gain followed a decline of 310,000 jobs in August.

The department said the latest increase in jobs took place primarily among teen-agers and women.

Total employment in September stood at 97.5 million, while the number of unemployed persons was 5,985,000.

The jobless rate for adult men was 4.2 percent in September, the same as in August, while unemployment among women fell to 5.5 percent from 5.9 percent in August.

The department said employment during the past year has risen by 2.5 million jobs, but less than one-third of that increase has come during the last six months.

The administration has based its forecast for rising unemployment on a downturn in the economy last spring. With the economy expected to show little or no growth during the last three months of this year, the administration has projected rising unemployment for later in the fall.

concentrate on employment programs, would help ease inflationary pressures as occurred during the 1974-75 recession.

Labor Secretary Ray Marshall, the administration's leading advocate of programs for combatting high unemployment, says he would not favor government action until the jobless rate topped 6.5 percent.

Marshall also contends that job-creating programs tailored for the hard-core unemployed would not be inflationary. Rather, he argues, they would help fight inflation by trimming the number of people who receive unemployment benefits without producing any goods or services for the economy.

### Texas' jobless rate drops .5 percent

WASHINGTON (AP) — Here are the seasonally adjusted September unemployment rates for seven major industrial states as reported today by the Labor Department:

California: 6.5 percent in September, unchanged from August.

Illinois: 6.1 percent, up from 4.4 percent.

New Jersey: 6.1 percent, down from 7.5 percent.

New York: 7.5 percent, down from 7.8 percent.

Ohio: 5.7 percent, down from 7.1 percent.

Pennsylvania: 7.1 percent, down from 7.3 percent.

Texas: 3.9 percent, down from 4.4 percent.

### Area economy is 'up'

## Local bank deposits hit all-time high record

If bank deposits are a reliable barometer, the Big Spring area economy is definitely in an "up" period.

Deposits in Howard County's four banking institutions hit an all-time record during the quarter ending Sept. 28, 1979. They reached \$142,095,879, which means they increased by more than \$6 million over the first quarter.

The previous all-time mark was set in the first quarter of last year, when deposits reached \$139,326,686.

All four county banks showed deposit gains for the quarter. Inflation, no doubt, has played some role in the increase of money on deposit here but there are other factors. The oil industry has been

showing a lot of muscle, for one thing.

Local bankers expressed some surprise at the dramatic boost in deposits, especially in view of the fact that what appears to be a record cotton crop in the county is still in the fields. The cotton harvest, together with the Christmas business local merchants are expecting, could combine to set another record here during the fourth quarter of the year.

Loans reached \$82,621,762 in the four banks during the third quarter, up by approximately \$16,000 over the second quarter of the year but down from a year ago.

Following is a record of deposits and loans by each of the county's four banks:

	DEPOSITS		
	Sept. 28, 1979	June 29, 1979	Sept. 29, 1978
First National	62,520,000	61,502,000	56,145,018
Security State	24,919,102	21,078,515	22,342,920

Totals	82,621,762	82,605,325	83,906,321

### Police probe continues

## Grand jury returns 37 indictments today

By DON WOODS

The Howard County Grand Jury has recessed until Nov. 5 to allow District Attorney Rick Hamby time to gain more information into alleged police department offenses. The jurors submitted Hamby a list of items to investigate.

Several witnesses presented testimony all day Thursday regarding the investigation. At 4 p.m. the jurors asked for the recess.

Hamby began his investigation in mid-June on the city council's request after the reorganization of the Major Crime Task Force.

The Grand jury returned 37 indictments around 11 a.m. today. These include two indictments against Bobby Marquez for theft and delivery of cocaine.

Others are:

- Ronnie Ray Barber, aggravated robbery; David White, aggravated robbery; Jimmy Charles Bryant, aggravated robbery; Johnny Earl Edwards, theft by appropriation in excess of \$10,000; Robert Evans, two counts of aggravated robbery; Antonio P. Flores, aggravated assault.
- Jackie Wayne Hogan, kidnapping; Joe Molina Ledesma, aggravated robbery; Jackie Lynn Lockhart, possession of a controlled substance; Elvin Eugene Johnson and Ruben

- Juarez, aggravated assault with a deadly weapon; Richard Marquez, burglary; Luiz Martinez, theft by appropriation; Jesse Javier Mier, theft by appropriation.
- Harvey Hugh Mitchell, burglary; Clyde Myles, criminal mischief; Robert Costillo Ortega, charged with aggravated assault by use of a deadly weapon; Juan Flores Pereida, aggravated assault and serious bodily injury.
- Isidro Quinones, aggravated assault with a deadly weapon; Jackie Allen Thompson and Carol Marie Thompson, possession of marijuana; Evaristo Trevino, Jr., two counts of burglary; and Gilbert Martinez, burglary; Ronald Dale Mathis, burglary; Maria Villanueva, aggravated assault with a deadly weapon; Ronnie Wayne Winn and Mark Lee Smith, unauthorized use of a motor vehicle.
- Lottie B. Woodruff, aggravated assault with a deadly weapon. Kenneth Wayne Ford was also indicted, however, he has already entered a guilty plea and been sentenced to 15 years in prison.

A total of 10 defendants were either passed or not billed.

A total of four indictments involved subjects at large whose names can not be released.

## September good month for local construction

After a spectacular month for local construction in September, the month of October debuts with a \$289,700 commercial project.

The Big Spring office of the Texas Employment Commission will build new headquarters at 310 Owens. The brick and concrete building will measure 91 feet by 66 feet, and will be constructed by R.B. Sneed Contractors of Odessa.

During September, local construction totaled \$638,286.50, compared to \$411,070 for the same month last year. This brings the total for the year-to-date to \$3,451,548.50, still well below the \$6,387,974.25 figure for the same period last year.

Boosting the September total was a

commercial remodeling project at the site of the Foodway Grocery Store in Coronado Plaza. Winn Dixie Inc., the owner of a chain of groceries across the state, will spend \$250,000 to refurbish the store.

In addition to this project, Allen and Cameron Inc. will construct a new fabrication facility at 604 N. Owens. Estimated cost is \$150,000.

Spring Country Builders will put up a new residence at 2905 MacAuslan costing \$66,000, and the Big Spring Herald will undertake a commercial addition costing \$46,000.

In addition to the relocation of T.E.C. headquarters, two new homes will be constructed this month, said Mark Campbell, city building inspector.

### Board convenes Saturday

## Community Concert series may be axed

A called meeting of the board of directors of the local Community Concert Association was held Thursday evening to discuss prospects for the 1979-80 season. The outlook is not encouraging.

So far, only 300 memberships have been sold. At least 900 will be required

to meet the budget for the upcoming series.

The board plans to convene again Saturday afternoon. Unless sales dramatically pick up so that the artists' budget can be assured, the series may be cancelled.

Should that happen, community concerts in Big Spring are probably, probably for a long time to come.

Jean Kuykendall, association president, expressed the sentiments of the board when she said: "Community Concerts are worth fighting for."

She urged that all Big Spring area residents come to the rescue by buying memberships, thereby saving something that will be sorely missed if lost.

She also stressed that buying a membership does not constitute an act of charity. The opportunity of attending four concerts in Big Spring and five in Midland for a total cost of \$12 is quite a bargain by any definition.

Memberships can be obtained in the lobby of the Settles Hotel today and Saturday by calling 263-7493.

Patron and donor contributions, which are tax deductible, will also be accepted or can be pledged to David Keller, State National Bank, 267-2531.

"Don't let Community Concerts die," Mrs. Kuykendall said.

### Puppy sells like hot dogs

Ever try to sell a puppy on a street corner? It likely would be hard to do.

One Herald reader probably never had that experience. When she put a Pekinese puppy up for sale recently, she turned to her family newspaper for help.

An ad in the Herald, which ran for seven days, inspired any number of calls and resulted in sale of the dog. The subscriber said "I'm very pleased with the results the ad got."

For quickest and most desirable results, call 263-7331 and talk to one of the Herald's friendly sales people on the proper way to phrase an ad that gets results.

## Focalpoint

### Action/reaction: Windfall profits

**Q. What is meant by windfall profits?**

A. The phrase applies to profits which come through unexpected gains or advantages. President Carter's administration has advocated a tax on windfall profits against the oil industry, contending that those in energy-related endeavors stand to gain significantly through oil and gas shortages by causing dramatic increases in prices to the consumer.

### Tops on TV: "Before And After"

It's not over yet! The California Angels have another shot at it tonight when the Baltimore Orioles travel to Anaheim to play the third game of the American League Playoff Series. It airs at 7 o'clock on NBC. Non-fans should check out the made-for-TV feature, "Before And After," at 8 p.m. on ABC. It stars Patty Duke Astin as a fat housewife who becomes obsessed with dieting and exercise to save her marriage.

### Calendar: Library films

**SATURDAY**

The Howard County Library will show three film's on Saturday from 2:30 p.m. until 3:30 p.m. They are: "A Bear in Hot Water", "Martin the Cobbler" and "Rio Grande".

Head Start Parents Committee is holding a bake sale in the Highland Mall from 9 a.m. to 5 p.m.

Annual Outsiders Football Game, sponsored by the Sands Booster Club, 7:30 p.m. at the Sands Football Field. Public invited to watch the lively action and fierce competition as the North Team takes on the South Team.

**SUNDAY**

Art Show at the Holiday Inn. Show will feature only oil paintings at reasonable prices; some will be framed and some of the paintings will not. The show is sponsored by the Gresham group.

### Inside: Same old story

CULLEN DAVIS took the witness stand in his own defense yesterday and his story did not deviate from the story he gave in the first trial in Houston. See page 3-A.

HOUSTON POLICEMEN have been given stiffer sentences by a federal judge for a conviction two years ago.

# Divorce info wanted from McCrory, Davis says

FORT WORTH, Texas (AP) — Cullen Davis testified he met FBI informant David McCrory on a restaurant parking lot to glean information for his divorce trial — not to hire the murder of presiding judge in that case.

The millionaire industrialist took the stand in his own defense Thursday in an effort to discredit the prosecution's case built chiefly on a tape-recorded conversation between Davis and McCrory in a series of parking lot meetings in 1978.

Davis, 46, is accused of conspiring to arrange the murder of Judge Joe Eidson. The first attempt to try the industrialist on the murder-solicitation charge ended in a hung jury and a mistrial in Houston.

The defendant contends he was framed by his ex-wife Priscilla, McCrory and others.

Davis testified that he agreed to meet McCrory on the parking lot of Coco's Restaurant May 1 to obtain "worlds" of divorce information McCrory said he had. In exchange, Davis said, he honored McCrory's request for a job.

Three weeks later, "I told him that when I got him the job, he was on his own ... he was going to have to sink or swim on how he performed in the new job," Davis said.

Davis testified that at a

second parking lot meeting June 9, 1978 McCrory told him of a plot on his life by Priscilla and Gus Gavrel, Sr.

"McCrory said Priscilla was talking to some people about killing me," Davis said. "He also said Priscilla had talked to a motorcycle gang about coming and shooting up the mansion and making it look like I did it."

Davis said McCrory also told him "Gus Gavrel Sr. had been talking to the same people ... about having me killed."

Gavrel's son, Bubba, was wounded in a 1976 shooting spree at Davis' Fort Worth mansion and Bubba Gavrel had a \$13 million civil suit pending against Davis.

McCrory said he knew these people and "we left it that maybe he could do something about it, to stop them from carrying out the contract," Davis said.

The pair met a third time at Coco's on June 23, and this time, Davis said, McCrory brought a .22 pistol and silencer that he said belonged to "Jim."

"He said he was talking to Jim about the people Priscilla and Mr. Gavrel were talking to about killing me," Davis testified. "He might have said something about a down payment, a half-payment or whatever."

McCrory thought he could get them to drop the contract, Davis said, and "I

thought there might be some prudence to it because of some reports I had received."

Although McCrory told him he had to return the pistol to Jim, he "was going to get me one and give it to me as a present," Davis testified.

Davis denied he gave McCrory \$50,000 "or any other amount" to take to Las Vegas for "laundering."

Instead, the defendant

said, McCrory gave him \$25,000 at the parking lot July 13 and told him he won it gambling in Las Vegas.

"He wanted me to keep it for him," Davis said. "He figured I had a safe in the office and he did not have a safe place to keep it."

Davis said McCrory told him he did not want his wife, his exwife, or perhaps the Internal Revenue Service to know about the windfall.

That was the money, Davis

contends, he gave to McCrory minutes before his arrest Aug. 20. The state alleges it was the payoff for a phantom killer who Davis mistakenly thought had murdered Eidson.

Earlier Thursday, Davis said McCrory gave him information to refute Priscilla's contention she never knowingly signed a premarital agreement.

Davis contradicted

McCrory's story several times, saying he avoided his one-time pool-shooting crony at every opportunity and refused to return even his telephone messages.

He said McCrory visited his office unannounced Jan. 16 of last year to ask for a job.

# Weather

## Temperatures to be slightly warmer

**By The Associated Press**  
 Clear skies and slightly warmer temperatures were forecast today for all of Texas.  
 There was no mention of rain in forecasts covering the first part of the weekend.  
 Highs were to be in the 80s except for the Big Bend area of Southwest Texas where temperatures were expected to reach the 90s.  
 Skies were clear during the pre-dawn hours. Early morning temperatures were mostly in the 50s. Extremes ranged from 44 to Junction to 66 at Laredo.

CITY	MAX	MIN
BIG SPRING	80	42
Amarillo	76	46
Austin	82	53
Chicago	57	40
Dallas	83	48
Denver	73	43
Fairbanks	53	27
Houston	79	64
Las Vegas	96	69
Los Angeles	85	66
Miami	86	78
St. Louis	64	40

Sun sets today at 7:26 p.m. Sun rises 10:4 at 7:43 a.m. Highest temperature this date 99 in 1922. Lowest temperature 41 in 1952. Most precipitation 1.82 in 1919.

**MIDDAY FORECAST** — Rain is forecast Saturday for parts of New York and Pennsylvania. Rain is also expected in the Great Lakes region. Warm weather is expected for the rest of the nation.

# Investigation of land deals should be complete next week

WASHINGTON (AP) — An Agriculture Department source says an investigation of possible conflicts of interest in land deals near Lufkin, Texas, should be complete within several weeks.  
 The source, who asked not to be identified, was reluctant to discuss details. He said the department has a policy against commenting on ongoing investigations.  
 "I believe the field work is complete and a report on the activities is being written," he said.  
 The source said the investigation involves "possible conflicts of interest by agriculture employees and yes, it has to do with land deals."  
 He said several companies were interested in leases held by the U.S. Forest Service, a section of the Agriculture Department.  
 The source said he could not specify which company or companies were the subject of the investigation.  
 "It's premature to discuss them so I don't even find out," he said. "I don't know that it's zeroed in on any particular firm."  
 The Lufkin News has reported that the department is investigating a potential land swap involving lignite between the Forest Service and an oil company.  
 The Sunoco Energy Development Co., a subsidiary of Sun Oil Co., wants to acquire a 702-acre government tract near Huntington in Angelina County, as well as private parcel in the same vicinity.  
 Sunoco offered to trade 975 acres of land adjacent to the Sam Houston and David Crockett National Forests, said Lamone Laue, manager of exploration and acquisitions for Sunoco.  
 The inspector general's office at the Agriculture Department is preparing the report.  
 "There's no implication necessarily that any of the firms did anything wrong. It's just a matter of looking to see," the source said. "I can only say there was a question of conflict of interest, and whether we found a conflict of interest I couldn't say either way."

If the report is made public, it will be not before the Justice Department, the Agriculture Department's attorneys and Forest Service officials finish evaluating it.  
 The source said he expected it would be December at the earliest before there would be any action in the investigation.  
 The report would be delivered to the Justice Department if possible criminal violations are found.  
 The Agriculture Department's attorneys would look at the report if possible civil penalties are in order, and the Forest Service would consider in-house disciplinary actions.  
 "It could be that no action is required because we didn't find anything wrong," he said.

## First shipment of fruit signals season's start

AUSTIN — The first shipments of grapefruit and oranges have left the Lower Rio Grande Valley, announcing the start of citrus season and what is expected to be a smaller crop than usual.  
 Agriculture Commissioner Reagan V. Brown said 200 cartons of grapefruit were shipped Oct. 2. Sixteen hundred cartons of early oranges went out Sept. 29.  
 The grapefruit crop is expected to be around 253,000 tons this year, down 45 per cent as the result of freezes last December and January. Orange production also will drop about 40 per cent.  
 Brown said citrus trees made a remarkable recovery after the freezes. He said crop quality is expected to be good. Increased size of grapefruit may add to tonnage figures.

Sixty-five per cent of the citrus grown in the valley is grapefruit. Eight-four per cent of this figure is the Ruby Red variety.  
 Texas usually is second in the United States in grapefruit production and third in oranges.

## Quiet, self-assuming cowboy takes lead

COLORADO SPRINGS, Colo. — The winningest pro cowboy since Larry Mahan is a quiet, self-assuming Oklahoman who quickly has taken over as the second-highest money winner on the Professional Rodeo Cowboys Association all-time money list.

Tom Ferguson, a Miami cowboy, has surpassed Mahan with his most recent winnings at Pine Bluff, Ark., and Omaha, Neb., boosting his career total to \$316,742.

Ferguson is gaining rapidly on 27-year veteran cowboy Dean Oliver of Boise, Idaho. Oliver, eight-time PRCA world champion calf roper and three-time all-around titlist, still is semi-active on the pro circuit. He leads all of pro rodeo with lifetime earnings of \$543,250.

Ferguson has a very realistic chance to top Oliver's grand total this season, with such major contests remaining as Portland, Ore.; Billings, Mont.; Dallas, Tex.; San Francisco's famed Grand National Rodeo; plus the PRCA's \$450,000 National Finals Rodeo.  
 It will have taken Ferguson eight years to earn what Oliver has in nearly 30 years, illustrating how the sport has changed. At 1978's National Finals, Ferguson left Oklahoma City with \$35,000 (including bonuses from Winston Rodeo Awards), the highest win at a single pro rodeo. Oliver qualified for 16 National Finals Rodeos from 1959 to 1976, and won a combined total of \$16,733 at the superseries.

## UAW strike still possible despite tentative agreement

DEARBORN, Mich. (AP) — Ford Motor Co. and the United Auto Workers went down to the wire to reach a tentative new contract, but the UAW concedes membership approval is not a sure thing and a strike still is possible.  
 The three-year pact covering 190,000 Ford workers in the United States was wrapped up at 11:22 p.m. Thursday, 37 minutes before the deadline. It was announced six minutes later while both teams were in the bargaining room.

"The tension in there was unbelievable," said a union source. "They knew they had to get the word out to the locals."  
 Some of the public rejoicing seemed a little forced on both sides, and workers at one plant without the word walked out at midnight.

Sidney F. McKenna, Ford's vice president for industrial relations, twice referred to the agreement as "satisfactory," and twice corrected himself to say "acceptable."  
 Ken Bannon, the UAW vice president for Ford matters, will be retired by the next set of negotiations. "I'm not going to miss it, I can tell you, not after this one," he said.

Full details of the contract will be released at a meeting of the UAW's Ford Council — officers of the 102 Ford locals — here Tuesday.  
 In economic terms, "it's the same clauses" won at the pattern-setting company, General Motors Corp., on

# Glowing Years

It was their Golden Anniversary. And, as Granddad placed his arm around Grandmother he said, "The years have been good to us."

"You have been good to the years," someone replied.

What a perfect description of their marriage. They cherished each day and filled it with love. They faced every week as a new adventure in useful living. They counted the months with patience and crowned them with firm commitment. They made the years glow with their confident trust in God.

Thus they lighted the hearth-fires of faith in the lives of their children and grandchildren.

Long after our grandparents are gone, the years will still glow with the faith they kindled in a dozen other hearts.

CHARLENE MCKINNON  
Artist of the Month

## Charlene McKinnon artist of month

Mrs. Ray (Charlene) McKinnon, recently named artist of the month for October by the Big Spring Chamber of Commerce.

She studied with Grace Phagley when she was teaching school at Levelland. Ms. Phagley painted in pastels. She married a year later and was busy for 20 years rearing a family of four children and being a housewife.

The McKinnons live at Elbow where Ray is retired from the Air Force. The couple's four children are Pam, Ray, Clayton and Belinda.

Mrs. McKinnon went to work at Jack and Jill School,

the children went to college and married and she went back to art classes at night under Myrtle Lee, with the help of Kaye Wise.

Mrs. Lee was a good teacher and Charlene started her first oil painting, overcoming her loneliness and achieving inner rest.

Studying under Mrs. Lee for five years, she did character studies of Indians, cowboys, horses and other animals.

Mrs. McKinnon has studied western art with P.B. Kime and last year she studied with J.D. Keel Jr., under whom she learned landscapes.

## October outdoor month for scouts

October is Outdoor Month for Girl Scouts in West Texas. Troops take advantage of the beautiful weather to go on "penny-hikes" and woodland trails to discover things in nature.

One hundred Junior Girl Scouts and leaders will spend two nights at the Council resident Camp Boothe Oaks near Sweetwater to attend a badge workshop Oct. 19-21. Consultants and Senior Girl Scouts will assist them to earn the Troop Camper badge and a choice of one other outdoor badge (Outdoor Cook, Rambler, My Camera, or World Games).

Two hundred fifth and sixth grade Junior Girl Scouts will participate in a Sports Spectacular at Rose Park, Abilene on Oct. 13.

Other girls are making plans for an outdoor adventure in their October troop meetings. Brownies have a choice of Nov. 5 or Nov. 10 to spend a Brownie Day at Camp Boothe Oaks

with a picnic lunch and an exploratory tour of the campsite. Expected are 200 Brownies each day.

All Girl Scout families are being invited to enjoy a family weekend at Camp Boothe Nov. 2-4.

October is also the 31st birthday of the founder of Girl Scouting, Juliette Gordon Low.

"Daisy", as Juliette was known, began the first troop in Savannah in 1912 after she became acquainted in England with Lord Baden Powell who started Boy Scouting.

All Girl Scouts in the United States celebrate Daisy's Halloween birthday. In her honor, girls give a "Dimes for Daisy" gift to the Juliette Low World Friendship Fund which helps foster international friendships.

The West Texas Girl Scouts Council is a participating Agency of the United Way.

## TwEEN 12 and 20

Girls have less freedom

By Robert Wallace, Ed. D.

Dr. Wallace: I'm a 14-year-old girl and I have a 13-year-old brother. I have a boyfriend and my brother has a girlfriend.

Whenever my boyfriend comes over to talk to me, my mom watches us like a hawk.

But my brother can go down to the woods with his girlfriend and talk to her in private.

Please tell me whether this is fair or not. — Helena, York, Pa.

Helena: All through history parents have been keeping a closer eye on their daughter than their sons. It stems from the fact that girls have reputations and boys basically do not.

To answer your question, no, I don't think it's fair.

Dr. Wallace: Both my boyfriend and I are 16 and we have been together for about four years. For the last four months I have had a steady job. Lately he has been borrowing money from me and gets upset if I don't buy him things.

I don't like this arrangement but he says, "I'd do it for you" and he makes me

feel guilty.

He has had a few jobs but he can't seem to keep them. I'm confused. — Kris, Merced, Calif.

Kris: Stop the free handouts. Make him prove he would "do it for you."

Dr. Wallace: I'm 16 and I love my boyfriend very much and hope to marry him.

One day another guy asked me out and I went. Now I feel guilty that I cheated knowing that someday George (my boyfriend) will be my husband. I'm afraid if I tell George that I cheated, he will dump me, but I think I should tell him, don't you? — Melinda, Newton, N.J.

Melinda: A girl 16 should be free to date any boy who catches her fancy. Tell George nothing!

## Shafer joins CPA firm

Jimmy A. Shafer, son of Mr. and Mrs. William A. (Bill) Shafer, 1507 Cherokee, became a partner in the Leon L. Hoyt Company Certified Public Accountant Firm in Amarillo, Aug. 1.

Shafer is a 1964 graduate of Coahoma High School, attended Howard County Junior College and received his certified public accountant certificate from Texas Tech University. He worked for the Leon Hoyt Company three months before serving in the United States Army, returning there in 1971 where he has worked since.

JIMMY A. SHAFER

## Girl Gay, Mom Glum

DEAR ABBY: Our 25-year-old daughter (I'll call her Ruth) is coming home to visit and wants to bring her girlfriend.

Last year Ruth told us that she is a lesbian. We are sick about it, and are praying it won't last.

We can't understand how this happened. We raised three other children, and they turned out normal.

We're afraid if we tell Ruth she can't bring her girlfriend she might not come home at all. We love her regardless, and don't want to drive her away.

Our problem is what to do about the sleeping arrangements. If Ruth were normal, we wouldn't put her up with her boyfriend because we don't approve of pre-marital sex. But how about Ruth and her girlfriend? We don't approve of their brand of sex, even though they couldn't marry if they wanted to. Please help us.

CONFUSED IN SEATTLE

DEAR CONFUSED: If you love your daughter, make her girlfriend welcome. Put them up in separate beds and don't make an issue of it.

DEAR ABBY: I just read the letter in your column from SISTER to her brother concerning their mother. SISTER said her brother wanted to put their invalid mother in a home 10 years ago, but she wouldn't do it, then she goes on to list the hardships she's endured caring for their mother all these years.

Abby, I work in a care center, also called a nursing home. It's clean, modern and odorless. It has 24-hour nursing care, physical therapy to keep residents as fit as possible, and recreational therapy that includes activities such as shopping trips, holiday parties, bowling, crafts, music, Bible study, church services, Bingo, movies, etc.

Our care center is not extraordinary in its services. There are set standards that all nursing homes must meet in order to be accredited every year.

A nursing home is not a dungeon-like place where old people are sent to die. It is a place to continue to live when a person is unable to live alone or care for himself.

IOWAN

DEAR IOWAN: It sounds like paradise. Please send name, location and rates.

DEAR ABBY: Please don't throw this away thinking it's from some nut. I'm serious. I have a dream. I want to be married on ice skates at my favorite skating rink in Washington, D.C., on Valentine's Day in 1981.

My problem is, where do I go from here? I'm a figure skater; that's why I want to get married on skates. The best wedding present I could have would be to realize my dream, but I don't know how to go about it. Or do you think my dream is too weird?

DREAMER

DEAR DREAMER: Couples have been married under water, in hot air balloons, on motorcycles and on horseback, so your dream isn't all that weird.

Get in touch with your department of public parks, and see if it's possible. If it is, all you need is a good skate to marry you.

CONFIDENTIAL TO "NEEDS IDEAS IN CAMDEN, N.J.": Consider a career in podiatry. Women's shoes today are certain to provide the foot doctors of tomorrow with more patients than they can handle.

Do you wish you had more friends? For the secret of popularity, get Abby's new booklet: "How To Be Popular You're Never Too Young or Too Old." Send \$1 with a long self-addressed, stamped (25 cents) envelope to Abby, 132 Lasky Drive, Beverly Hills, Calif. 90212.

## DAR members tour historical museum

The Elisha Mack Chapter of the DAR met in the Martin County Historical Museum in Stanton, Monday, 7 p.m. for a salad supper, followed by the regular meeting. Mrs. Jack Lipscombe, regent, presiding.

Mrs. Richard Denham gave a report on national defense.

A book will be placed in the genealogical section of the Howard County Library in memory of Mrs. Louise Greenwade.

The chapter bylaws were changed to read "A book will be placed in the genealogical section of the Howard County Library in the event of the death of a member." A stated amount will be placed in the memorial fund in the event of a death of a member of the immediate family.

After the business meeting, Mrs. Stanley Reid, curator, gave a tour of the museum.

The Martin County Historical Museum was officially opened Dec. 2, 1978. Funds were solicited by the Martin County Historical Commission which Mrs. Alex Haggard chaired.

Secured from revenue sharing by the state was \$36,000 and \$20,000 by a grant from the Mcbee Foundation to be matched by the Commission. Approximately \$40,000 has been raised by contributions.

Many relics on display date back to 1800. Much of the furnishings were from the former court house, some from the old convent. The historical display covered the social, religious, fraternal, farming, railroad, oil and all phases of Martin County life. A display of

photographs of many of the boys in uniform, who served overseas during World War I and large map of the sector of France where some of the historic battles were fought, which were outlined in ink was also included.

Mrs. Stanley Reid was hostess. Mrs. Mile Skalkicky, Mrs. Boyd Carson and Mrs. J.V. Harris, El Paso were visitors.

Next meeting will be Nov. 5, 7:30 p.m., in the home of Mrs. Curtis Driver. Jim Baum will speak on national defense.

## Combat pistol match slated

The Western Sportmen's Club will be holding a Combat Pistol Match Sunday at 1 p.m. The match will be held at the club range, approximately 9 miles West on Hwy. 176, the Andrews Hwy.

Three classes of shooters, and three trophies will be awarded in each class. Any caliber of pistol, 9mm or larger, double action or semi-automatic are welcome.

The WSC holds 12 combat pistol matches each year, on the first Sunday of each month. Safety is stressed. All participants and spectators are welcome.

### Church of God Women study human rights

The Women of the Church of God met Monday at 7 p.m. to continue the Fall study of Concern For Human Rights.

Vera Blackburn, Missionary Education director, introduced the program "I Have My Rights" and reviewed briefly parts of the Declaration of Human Rights.

A solo by Barbara Montgomery, "Holy Spirit: Thou Art Welcome", preceded the film-lecture series on "Tullia's 13 Thoughts For Putting The World Into Focus".

Kathryn Thomas brought a timely worship period on Deut. 10:12 and Micah 6:8. The worship and scripture projected the question "What Are Our Rights Towards God?"

The meeting closed with a poem on "Rights" which was written by Dondena Caldwell, a foreign

missionary most of her adult life serving in South America and Asia, and in helping to initiate new areas for mission stations abroad. She is now editor of Mission Magazine which is published in Anderson, Ind.

### McWilliams guest speaks

The First United Methodist Church will participate with sister churches around the world in a Worldwide Communion Sunday.

Each of the Earth's seven continents will be represented in the local worship service.

The Rev. Jimmy McWilliams will speak at the Sunday evening worship service. He is pastor of the Birdwell Lane United Methodist Church.

**SPECIAL MONTH** — September was a special month for the Men's Bible Class of Wesley United Methodist Church. Garland Briden, the class teacher for 30 years, celebrated both his birthday and wedding anniversary during the month. Members of the group include, left to right, front row, Class President Nile Bailey, Carl Elliott, J.T. Morgan, Garland Briden, J.W. Brigance, J.D.O. Barr, and J.B. Hollis; second row, Richard

Shields, Alvis Lovelace, Clint Forrest, Secretary-Treasurer Virgil Clark, Vice President A.D. Meador, C.K. Smiley, W.D. Lovelace, Elvin Bearden, Paul Sweat, Vice Secretary-Treasurer Tommy Lovelace, Luther Coleman and Cecil Hanson. Not present are Calvin White, Homer Thorpe, Raymond Phillips, Bill Smelser, Al Tidwell and Dick Mitchell.

### Religions unite in plea for neighborly world

PRINCETON, N. J. (AP) — Humanity's "great" religions, which sometimes railed or warred against each other in the past, have joined in a plea for a fair, neighborly world with no more war. "It is not a utopian dream," says the World Conference on Religion and Peace. "We are approaching ... a turning point in human history at which the survival of world civilization is at stake." They said in a joint declaration at the close of a week-long meeting at Princeton Theological Seminary. The "Declaration" cited modern afflictions — the nuclear arms buildup, economic imbalances and exploitation, shrinking resources and crushing of human rights. But it also proclaimed a "spirit of hope," adding: "In our various religions, we know that we are members of one human family. Sustained and motivated by the spiritual power by which we all live, we believe there is an alternative to violence. We believe that peace is possible." "It was a truly religious United Nations," said the Rev. Homer A. Jack, the conference general secretary.

### Worldwide conference broadcast

The Church of Jesus Christ of Latter Day Saints will hold its 148th Worldwide Conference in Salt Lake City Oct. 6 and 7. All sessions will be conducted in the Tabernacle on Temple Square. The famous Mormon Tabernacle Choir will be singing during the two morning general sessions. The male choir member will combine with male singers from the Mormon Youth Symphony and Chorus at the Priesthood Session. About 200 radio stations and a like number of television stations will carry one or more sessions. The conference telecasts will be available to some 1,000 cable systems throughout the United States via satellite transmission. The broadcasts will go to Canada, Australia, Africa, Argentina, Brazil, Chile, Columbia, Costa Rica, Ecuador, Guatemala, Mex., Uruguay, Venezuela, and several European nations. Presiding at the conference will be Spencer W. Kimball, the 12th World President of the Church. With his counselors, Eldon N. Tanner and Marion G. Romney, will be other speakers. Extra Taft Benson of the Quorum of the Twelve Apostles and other general authorities will be on the main program. Spencer W. Kimball was born March 28, 1895. He was the sixth child of Olive Woolley and Andrew Kimball. He lived in Salt Lake City until three years of age. His parents were called to the St. Joseph Stake in Thatcher, Ariz., where his father presided as Stake president. (A stake is similar to a diocese.) He lived in Thatcher until he was called as a missionary to the Swiss-German Mission. When the First World War began, he was transferred to the Central States Mission. After returning from his mission, he met and married Camilla Eyring in November, 1917. They are the parents of three sons and a daughter. The conference will be broadcast in many languages and there will be interpreters for the deaf. The Sunday Morning Session will

MORMON TABERNACLE IN SALT LAKE CITY Site of 148th World Conference

An Arizona businessman, President Kimball began his career working in banks. He became owner and manager of the Kimball-Greenhaigh Insurance and Realty Company. A short time later he was called to be a member of the Council of the Twelve Apostles. He has also been active in civic, professional and community work, including Scouting, education, government, chamber of commerce and Rotary. President Kimball said "Growth is the Church's Challenge." More than 167,000 converts joined the Church in 1978 and more than 27,400 young men and women are serving as missionaries in 157 different areas throughout the world. He is chairman of the Church Board of Education, which includes nearly 349,000 students in schools in North and South America and the Pacific. Brigham Young University, the largest privately owned university in the nation is part of this extensive educational system. He has written two widely read books, "The Miracle of Forgiveness" and "Faith Precedes the Miracle." The conference will be broadcast in many languages and there will be interpreters for the deaf. The Sunday Morning Session will

### Role of nuns changing?

SAN ANTONIO (AP) — The incoming president of the Leadership Conference of Women foresees nuns moving from being "obedient daughters" in the church to being "obedient leaders." Sister Theresa Kane told some 600 nuns who hold top administrative positions in their Roman Catholic religious orders: "We have a responsibility to use the power with which we have been entrusted for the building of this earth by speaking the truth courageously."

## Trip to Holy Land planned for public

A trip of a lifetime — January in Jerusalem — will be taken by the Rev. Phillip McClendon, pastor of Hillcrest Baptist Church, and anyone else who's interested in going.

McClendon is serving as an associate sponsor with Dr. Wayne Dehoney who has conducted the annual Bible Lands Seminar for many years. For McClendon, this will be a second trip.

Dehoney's expertise and experience in organization and travel to the Middle East makes for tours that are flawless in planning and detail.

Faculty members from Southern Baptist Seminaries will share insights of Biblical locations on the tour. The Bible will come alive in a new and dynamic way, according to McClendon, as tourists walk where Jesus walked.

The nine-day tour includes Tel Aviv, Meggido, Caesarea, Jacob's Well, Samaria, Nazareth, Sea of Galilee, Capernaum, Jerusalem, Mount of Olives, Bethsemane, Bethany, Bethlehem, Jericho, Qumran and Masada.

The group will leave from Midland Jan. 1 and fly to Dallas. From Dallas, the group flies to Tel Aviv. Cost of the 13th Annual Bible Lands Seminar from Dallas is \$1,298.

Anyone interested in making the trip may contact the Rev. McClendon at 263-7127 or 267-6133 for more information and brochures.

REV. PHILLIP MCCLENDON

REV. SHIRLEY STEGALL

## Former Pastor leads worship

The Rev. Shirley Stegall, former pastor of the Four-square Gospel Church, 1210 E. 19th, will conduct the services for the next two Sundays, Oct. 7 and 14.

All of her Big Spring friends are invited to attend. Newcomers are welcome. The Rev. Willis Sparks, pastor, and Mrs. Sparks will return from the South central District 4 Convention in El Paso Oct. 20.

## 'Holocaust' telecast solicits mixed reactions in Germany

New York, N.Y. West Germany's telecast of "Holocaust" eight months ago produced "a slight but significant change" in attitude, stimulated education about the Nazi era, ignited controversy between parents and children and exposed a bedrock core of anti-Semitism in that country, according to the findings of a study made public today by the Anti-Defamation League of B'nai B'rith's Center for Studies on the Holocaust.

The study was conducted by the West German Federal Bureau of Education in three stages — a sampling of 800 West Germans were interviewed before the telecast, 1,800 immediately afterward, and 500 follow-up interviews took place 14 weeks later.

The survey found much that is "positive," it also disclosed that educational measures face "hard opposition that cannot be shaken by logical or rational arguments."

For example, he said: —59 per cent of those interviewed believe Germans today can no longer be held responsible for the crimes committed under National Socialism; —59 per cent believe those

who talk about wrongs done to Jews should also talk about the wrongs done to Germans, such as bombardments and expulsion from the East;

—55 per cent believe that only Nazi crimes are talked about, "not those of the Americans, English or Russians, because we Germans lost the war";

—51 per cent believe Germans didn't know about Nazi crimes against Jews;

—31 per cent believe they are being "overemphasized because people are jealous of Germany's post-war economic prosperity";

—10 per cent believe the extermination of the Jews is "propaganda to blackmail Germans into paying reparations";

—6 per cent believe that "not one single Jew was ever gassed in a German concentration camp and that the Nazi death camps are a lie made up by the Communists."

As a result of these findings, Ernst said, the Federal Bureau estimates that "anti-Semitic tendencies are once again, or still, present in about a quarter of the population."

**FACE POSSIBLE BAN OF THEIR LIVELIHOOD** — Commercial fishermen like Susan and Willard Carroll who earn their living from the waters of Everglades Park are being threatened by a proposed National Park Service ban on commercial fishing within park bound-

aries. The Park Service maintains fish are a declining resource already because much of the fresh water flow of the Everglades has been diverted to populous Dade and Broward counties.

## Four Big Spring area seniors nominated for All-American band

Dedication, long hours of hard work, tough practice sessions and field drills sound like the schedule of a star athlete. However, for four high school seniors in the Big Spring area, these same daily rigors have paid off musically.

Toni Myrick and Scott Shortes, Big Spring High School; Paula McCraw and Tim Ballard, Coahoma High School, have been nominated for the 1979 McDonald's All-American High School Band, according to Vic Moore, who operates the McDonald's at I-20 and Hwy. 87 in Big Spring.

The band was formed in 1967 to recognize top-ranking high school musicians. Each year, 102 students are chosen — two from each state and the District of Columbia to represent their states in this all-American group.

The band performs under the direction of Paul Lavalle, former director of Radio City Music Hall and director of

the Band of America. Assisting Lavalle is Paul Jeffrey, who is associate professor of music at Rutgers University and musical director of the Midtown Manhattan Jazz Center.

Annually, the All-Americans march in two of the most celebrated parades — the Macy's Thanksgiving Day Parade in New York City and the Tournament of Roses Parade in Pasadena, California. This year, the band will perform in a holiday concert at New York City's renowned Carnegie Hall.

All band members will be eligible to compete for music scholarships awarded by the New England Conservatory of Music, Boston, Mass., and by the National Music Camp, at Interlochen, Mich., for its 1980 summer season.

Yamaha International Corporation will award a new, professional model instrument to the outstanding player in the brass, horn, reed and percussion categories. Baritone, sousaphones and percussions instruments used by the McDonald's All-American High School Band are provided through the courtesy of Yamaha.

All nominees for the McDonald's All-American High School Band are selected by their individual band directors on the basis of musical honors and solo contest ratings. Nominees selected to the All-American Band will be notified in early October.

"Only the finest high school musicians are considered," said Moore. "Being nominated to the Band is a real tribute to an individual's talent and we're proud of each of them."

Toni Myrick plays the flute and Scott Shortes the coronet in the Big Spring High School Band and were nominated by Steve Waggoner, band director. Paula McCraw plays the trombone and Tim Ballard the trombone in the Coahoma High School Band and were nominated by band director Jim Tountas.

## Smokenders to assist Howard County citizens

Howard County citizens can begin to stop smoking Oct. 9. As a special service to Big Spring and the surrounding communities, Smokenders is conducting a seminar at the I.U.O.E., Local 826 Union Hall, I-20 East, at 1 p.m. and 6 p.m.

Smokenders is a nationally proven method that allows cigarette addicts to kick their habit of their own free will and never have the urge to begin again. The program has been widely used in universities, civic organizations and corporations who find that their employees perform much better and have fewer sick days after completing the course.

Companies like Cosden, American Petrofina, Xerox, Mobil Oil, Honeywell, Chase Manhattan Bank, AT&T and American Express, as well as the United States Department of Health, Education and Welfare, the Treasury and the State Department have put employees through the program.

Since its inception over 10 years ago, over 150,000 people have attended the two-hour weekly sessions that allow smoking for the first five weeks before "cut off" day arrives. By then, participants have relaxed and learned how to control the smoking urge. The program allows the smoker to get a new lease on life and end a cigarette habit that can add 10,000 extra heart beats a day.

Individuals interested in the course need only to appear at one of the free introductory sessions Tuesday and bring your cigarettes.

For further information, contact Smokenders collect at 214-358-4411.

## Key heads local AFA

Officers for the Permian Basin Chapter of the Air Force Association were announced at a recent meeting of the executive committee of the local AFA chapter. The new officials, who will now serve two-year terms instead of one-year terms, will take office this month.

Dr. John Key, a local dentist, will serve as president of the Permian Basin Chapter. Dr. Key is the first person to serve as president of the chapter who has not either been active or retired military.

Other officials who will begin their tenure this month include: G.B. Brock of Odessa, vice president; Jack Alexander, treasurer; SMSgt. Sam Earl, USAF, retired, secretary; and Mel Prather, public relations. Col. Harry Spannaus, USAF, retired; Col. Ralph Brooks, USAF, retired; and Col. Jerry Grimes, USAF, retired, will serve on the program committee for 1979-1981.

In other business, Alexander reported that the local chapter had been adding new members to its register in recent months and that there were now 323 members in the Permian Basin Chapter.

After some discussion, it was decided that the meetings would be held in Big Spring until a later date, and that the next general membership meeting would be held next Dec. 1.

Orioles take 2-0 lead in AL Series

Angels resurrection falls short

Steer fems slam Midland Lee

The Big Spring Steers volleyball team remained undefeated in District 5-AAAA action Thursday night...

The Big Spring JVs a 4-0 district mark and a season record of 6-4. Bartasek described the play of the Steers...

BALTIMORE (AP) — The Baltimore Orioles hold a commanding lead in the American League playoffs...

"Never a doubt in my mind," quipped Stanhouse, whose late-inning habit of putting runners on base before preserving a Baltimore victory...

Man Unusual," pitched into and out of a bases-loaded jam in the ninth inning...

The loss means that, to win the series in their first post-season appearance, the Angels will have to sweep the final three games...

quest is hampered by attrition on the pitching staff.

Manager Jim Fregosi acknowledged that reliever Mark Clear, who pitched 5-2-3 innings Thursday...

As they had in game No. 1, the Angels took a first-inning lead on Dan Ford's two-out home run...

In Wednesday night's series opener Angels' starter Nolan Ryan had to leave after seven innings because of calf muscle cramps.

Overheard a lady ask a friend if her husband believed in reincarnation? "Reincarnation? Heavens no, he doesn't even believe in life after dinner."

THE LIGHT TOUCH

To entertain some people all you have to do is listen. A neighbor says her marriage is on the rocks...

Table with columns for California and Baltimore stats, including pitchers like Carow, Langford, Ford, Baylo, etc.

AREA GRID SLATE Coahoma at Merkel

The Coahoma Bulldogs, a perennial toughie in District 6-AA, will try to end a two-game losing streak when they open their conference play by travelling to Merkel.

The Bulldogs opened the season by coming from behind to beat Wall 20-14, but have faltered to Stanton and Crane in their past two contests.

Merkel, meanwhile, has been hapless in going 0-3. They have scored 48 points, while allowing an atrocious 119 for a yield of just under 40 per game.

The Bulldogs starting offensive lineup tonight will consist of split end Randy Clanton, tight end Jay Hall, tackles Kyle Bennett and Bobby Joe Tucker...

Forsan at Ropes

The Forsan Buffaloes try to start the District 5-A campaign on a winning note tonight when they visit Plains in the conference opener for both squads.

The Buffs are currently 1-2 on the year. They have defeated Garden City by a 46-12 count, while losing to Bronte by a 30-7 count and by 35-0 to Robert Lee.

Plains, meanwhile, is also 1-2. They, however, have allowed only 26 points in the non-district play, so could be very tough for the Buffs to move on.

Forsan has shown the ability to pass with success thus far, with quarterback Ernie Strickland usually connecting with dependable Weldon Nichols, a wide receiver.

Plains is a one touchdown favorite in the Harris Poll.

Stanton at Plains

The Stanton Buffaloes, rated by many as the pre-season District 5-A favorite, begin their quest for that title tonight when they visit Ropesville.

The Buffs defeated Class AA toughies Tahoka and Coahoma in the first two games, then were tied by McCarney in their last game.

Ropesville is currently 6-3 on the season. Their problem thus far has been an inept defense, as they have only accumulated 18 points, while allowing their foes 55.

Smyer at Sands

The Sands Mustangs, encouraged after a great effort in a 13-8 loss to Loraine last week, will try to pick up that elusive first win tonight when they play host to Smyer in a 7:30 p.m. contest.

The Mustangs, who suffered lopsided losses to Wink, Grandfalls and Greenwood, put forth their best effort of the year against the Loraine club.

Smyer, meanwhile, is 1-3, but Sands Coach Dickie Lepard feels that tonight's opponent have a deceptive record. Smyer lost a 6-0 decision last week to always tough Wilson, so they have to be considered a very tough opponent.

Garden City at Dawson

The Garden City Bearkats, still in search of their first victory, will travel to Dawson tonight for an 8:00 p.m. game.

The Bearkats, who have only 18 players out, and only four of which are seniors, have shown improvement each week, and Coach Jesse Smelley is hoping that things will jet tonight.

The Bearkats have lost to Mertzon, Forsan, Klondike and Miles thus far. Dawson, 1-3 on the year, is coming off a 24-0 loss to Borden County last week.

Country Fare advertisement: SERVED DAILY 11:00 A.M. TIL 2:00 P.M. OLD TIME PIT BAR - B-QUE SMOKED TENDER IN OUR OWN PIT...

Players of the Week

Grid action last week was somewhat slow, as only three area high school teams had games, with the others taking an open date in preparation for their district openers.

Sands had their best game of the year in a 13-6 loss to Loraine, and Mustangs Coach Dickie Lepard awarded this week's honor to DENNIS MARTIN and JESSE YBARRA.

played both offensive and defensive end in the contest, and performed admirably both in blocking and in stopping the Loraine attack defensively.

Grady suffered their first loss of the season to Paint Rock after three wins, but Wildcat Coach Richard Gibson still was pleased with

the play of ALFONSO CORTEZ. The quarterback-defensive end had a very good night in the loss, rushing for 85 yards on only seven carries offensively, and doing a "real good job", as he ended up as the second leading tackler on the team.

JESSE YBARRA

PAMBANKS

Michigan-MSU head college grid action

As college football rivalries go, it's one of the best, one of the brightest and one of the angriest.

"Every year," says Michigan Athletic Director Don Canham, "this one is for blood."

The 72nd meeting between Michigan and Michigan State Saturday will also be for a better foothold in the tough Big Ten, a league that currently boasts four of the nation's top 20 teams.

Michigan is ranked No. 11 and Michigan State No. 16, while Ohio State is eighth and Purdue 12th in the country.

The Wolverines hold a commanding 45-21 advantage with five ties in this honored series. But many of those victories were fashioned at the beginning when Fielding Yost's fabulous "Point-a-Minute" Michigan teams were ruling the college football world in the early 1900s.

At the time, Michigan State was a little agricultural college just struggling for survival and a social distinction was quickly drawn between the Michigan elitists and the so-called "farmers" from East Lansing.

## Your Daily HOROSCOPE

from the CARROLL RICHTER INSTITUTE

FORECAST FOR SATURDAY, OCT. 6, 1979

**GENERAL TENDENCIES:** Continue with the new arrangements which were started by you and you will be able to cover much ground in building a more satisfactory set of circumstances under which to operate in the days ahead. Be alert.

**ARIES (Mar. 21 to Apr. 19)** You have an opportunity to delve into new and appealing interests. Take time to be with good friends at recreations that relieve tensions.

**TAURUS (Apr. 20 to May 20)** You are able to garner data you need with relative ease now. Confer with a trusted adviser. Don't neglect marketing or errands.

**GEMINI (May 21 to June 21)** Think over how best to gain your aims with the aid of good contacts you have made. Take time to enjoy the company of good friends.

**MOON CHILDREN (June 22 to July 21)** Try to improve your standing with influential persons. Delve into important community work. Be with good friends.

**LEO (July 22 to Aug. 21)** You can grow and develop by adopting a new attitude toward others. Your hunches are good, so be sure to follow them. Exercise for health.

**VIRGO (Aug. 22 to Sept. 22)** Organize your responsibilities and get them behind you efficiently. Look at a loved one from a more favorable light and be happy.

**LIBRA (Sept. 23 to Oct. 22)** Come to a better understanding with an associate who is important to your welfare. Do more thinking and be more prosperous.

**SCORPIO (Oct. 23 to Nov. 21)** You have a heavy work load but could finish it easily if you schedule it efficiently. Co-workers can give you helpful suggestions.

**SAGITTARIUS (Nov. 22 to Dec. 21)** Good day to have a delightful time with friends and relatives. Get into recreations that appeal to you.

**CAPRICORN (Dec. 22 to Jan. 20)** Get to work making your home more operative and delightful to be in. Use more modern methods for best results.

**AQUARIUS (Jan. 21 to Feb. 19)** You are thinking clearly and can plan how to make your life more interesting and profitable. Associates have good ideas to impart.

**PISCES (Feb. 20 to Mar. 20)** If you elevate your consciousness, you can plan how best to add to present security. Talk to a successful businessperson for help.

**IF YOUR CHILD IS BORN TODAY...** he or she will make the most of his or her abilities and gain the know-how to best commercialize on them. Teach equly to complete whatever is once started and not to waste time talking unnecessarily.

"The Stars impel, they do not compel." What you make of your life is largely up to you!

**Criminal cases up**

Criminal cases pending at the end of September increased by five from 229 at the beginning of the month to 234 at the end, according to the criminal section of a report submitted by District Clerk Peggy Crittenden.

A total of six cases were added and 11 cases disposed. Two of the cases filed were burglary cases and two were theft. One felony DWI case was filed and one robbery case.

Four cases disposed of were theft and three were burglary. One felony DWI robbery and one drug case were disposed.

Of the dispositions, 10 were the result of pleas of guilt. One case was dismissed when the defendant was convicted in another case.

A total of six probations were granted and four persons were committed to prison. Years committed to prison totaled 27.

**Names in the news**  
Odds get 'The Greek'

DURHAM, N.C. (AP) — The odds finally caught up with Jimmy "The Greek" Snyder.

The Las Vegas oddsmaker, who recently moved to Durham, was filming a feature story on physical fitness when he fell off his moped.

A Duke Medical Center spokesman said Snyder was in good condition Thursday but was "very uncomfortable" from bruises.

He was riding the moped as part of a television feature on losing weight and was only a block from his home Wednesday when he took the spill.

Snyder predicts sports scores each Sunday for the CBS program "NFL Today." He also appears each Thursday on Durham station WTVD's "At Odds With The Greek."

**Stewart's simple remedy**

HOLLYWOOD (AP) — Actor James Stewart's remedy for what ails America is simple: Lower your voices. If not, he says, "I'm afraid we're going to shout the country to death."

In accepting the Los Angeles Philanthropic Foundation's 26th annual Outstanding American Award in Beverly Hills Tuesday night, the retired Air Force general said, "The present isn't the happiest course our country ever charted, and our future maybe isn't quite in the focus we'd like it to be; so we're worried — scared a little and worried a lot, and that's what bothers me. And we've just got to do something about it."

"For one thing, lowering our voices would help a lot. If we don't, I'm afraid we're going to shout the country to death."

The award was presented by retired Air Force Lt. Gen. James A. Doolittle, Stewart's 8th Air Force commander in Europe during World War II. Doolittle was the first recipient of the foundation's award.

**Victims now the 'enemy'**

NIAGARA FALLS, N.Y. (AP) — Families who lived in the polluted Love Canal area and now seek damages from the Hooker Chemicals & Plastics Corp. and relocation have become "the enemy" in a scenario reminiscent of Vietnam, says Jane Fonda.

The actress and her husband, Tom Hayden, campaigning nationwide against nuclear energy, toured the canal area Thursday. They spoke to about 1,000 persons at the canal and another 2,500 at Niagara County Community College.

"I've never talked to so many people at one time about a disaster, and it's just a bitter irony that the same chemicals we used in Vietnam are buried here and destroying you," she said. "It looks like you've become the enemy."

Hooker used the canal from 1943 to 1953 as a dumping area for waste chemicals. It later was filled in and became a residential neighborhood until the buried chemicals leaked to the surface last year.

**Weaving tips are available**

A course in Weaving will be offered by the Adult and Continuing Education Department of Howard College, announced Cheri Sparks, director. Classes will meet from 8:30 a.m. to 10 a.m. on Friday, Oct. 12 through Dec. 7 in the Art Building.

Interested persons must pre-register in the Continuing Education Office

located in the Horace Garrett Building. For further information, call the Adult and Continuing Education Department at 267-6311, ext. 70.

**Savage facing probation woes**

Jimmy Lee Savage was returned to Howard County from Alamogordo, N.M., on a probation revocation warrant Tuesday by Howard County Sheriff's Deputy Raymond Bedford. Savage was placed on probation April 10, 1978 when he entered a guilty plea in 118th District Court to theft over \$200 and under \$10,000.

He received a seven-year probated sentence. The motion to revoke his probation was filed by District Attorney Rick Hamby July 18 because of Savage's alleged failure to report to his probation officer since May 16, 1978 and failure to pay \$210 in court costs, probation fees and restitution.

**Our Quarter Pounder® with cheese. The hamburger so thick, we had to use two pieces of cheese.**

"Cheese on top, cheese on the bottom — STEREO CHEESE!"

Our McDonald's® Quarter Pounder® is so thick and beefy, one piece of cheese doesn't even make a dent in the big beef flavor. It just gets lost.

After pondering the question, we came up with a brilliant solution — add another piece of cheese.

about your cheeseburger, and you're seriously hungry, order a Quarter Pounder with cheese. Twice as much cheese. Just for you.

**We do it all for you.**
