BAIRD, CALLAHAN COUNTY, TEXAS, FRIDAY, JULY 3, 1964

NUMBER 27

***************** STAR

BY NORMAN FISHER

WE SEE BY the latest reports that work is speeding along on Interstate 20 in the western Miller. portion of Callahan County, but of course still has many months to go on the segment in the eastern portion.

Nearest to completion is the portion from a mile west of Clyde to two miles west of Baird, which was 74 per cent complete on June 1. The stretch from the Taylor County line to a mile west of Clyde was 67 per cent completed on the same date.

Work is just beginning on two stretches of Interstate 20 east of Baird, and on the bypass which will eventually swing to the north of the county seat.

In all, highway projects totaling some \$9 million are presently underway in Callahan County. The two nearest completion should wind up before winter, although the others should stretch beyond this time next

IT IS WITH REGRET that we note the closing of his office in Baird by Dr. E. F. Vernezobre, who came to this community less than a year ago.

It is most unfortunate that the relationship between the community and the doctor could not have worked out successfully enough for him to wish to remain with us indefinitely.

But it is never good for either when a community tries to hold on to a resident who feels he should leave.

Like many others, we feel Baird and the surrounding area has sufficient population to justify two physicians in the community.

Surely it would be in the interest of the entire area if those with the responsibility to do so would bend every effort toward in Abilene has announced. interesting another physician in setting up an office in Barid.

DOES ANYONE ELSE miss the way the Fourth of July used to be celebrated? Independence Day seems an excellent time to take time out from summer chores for a little frivolity like a big picnic, perhaps a patriotic speech or two, and maybe some fireworks.

Elsewhere in today's edition is an editorial on the subject of July Fourth, written by someone with a pen far more able than ours. But we chose to reprint it because its sentiments run very similar to ours.

urday for Kenneth Olen Simmons, 31, of Baird. Services were in Godfrey Funeral Home chapel with burial in Ross Cemetery.

Mr. Simmons, a native of Rockwood, was killed early Thursday when the truck he was driving collided with a car and truck. The truck, loaded with wheat, was owned by Callahan County Farmers Co-Operative.

He was born Oct. 15, 1932 and was a Baptist. He was married March 1, 1958 and had been a resident of Baird about four years.

He served five years in the Army, including two years in Korea and two years in Germany.

Surviving in addition to his wife, Mrs. Diana Gayle Simmons, are two daughters, Debbie and Kathy, and a son, Mike of the home; his father, J. L. Simmons of Clyde; three brothers, J. W., L. E., and R. E. of Clyde; and three sisters, Mrs. Lyndon White of Clyde, Mrs. Bill Schaffer of Coahoma and Mrs. Dee Free of Big Springs.

Social Security Visit Schedule Due Change

Starting in July, a social security representative will be in Baird on Tuesday rather than Thursday, R. R. Tuley Jr., district manager for social security

Space for interviews will continue to be provided at the Callahan County courthouse.

Tuley reminds area residents that they will receive the same service on claims and other social security matters that they would receive in the Abilene office. Next quarter's schedule calls for a visit to Baird on July 14 and on September 15. There will be no August visit.

Who Cares About My Birthday?

It's almost time for my birthday . . . my 188th, to be exact. Not old, as nations go. Yet I look back on much courage, vision and sacrifice among my people. They've made me great ... and rich ... and strong. Above all, they've kept me free, and in the cause of freedom much of the world looks to me for inspiration and help.

But how long, I wonder, will this greatness last? Today my people commonly ignore their heritage. I see them complacent, cynical and selfish. So many are apologetic instead of proud; soft and self-seeking instead of strong pad self-reliant. Patriotism is considered dull . . . even corny.

Witness, for example, their failure to honor my birthday, July 4th. Oh, they take a holiday, all right, and pursue their many pleasures. But few observe my birthday in any significant way. Parades and speeches are rare. Few people fly my flag. Many, I'm sure, don't even think about the occasion. Not for a moment.

I remember when most of them did care. When they weren't ashamed to come together and talk about "The land of the free and the the home of the brave." And sing about it . . yes, and even to pray about it. Fourth of July celebrations were really something then in the days before patriotism went out of

Still, I wouldn't trade today's challenge for "the good old days." No, not even on July 4th. All I ask is that my people care . . . and stand up as Americans without apology.

After all, many thousands cared enough to die for my sake (for yours, actually). They loved life every bit as much as you, yet lost it in my service . . . at Yorktown and Chateau-Thierry, Normandy and Guadalcanal, Pork

Chop Hill and Viet Nam. Doesn't that mean

anything to you? Maybe not. Try asking

the man on the street what Memorial Day is

in memory of; chances are he won't even

know. Will the meaning of my birthday, Independence Day, diminish like that? It's up to you . . . all of you. And you must begin to care about me, your country, or you will lose the very thing for which I was born. Yes, FREEDOM, into which you were born because others left it to you. FREE-DOM which you blithely take for granted. and which you are already losing more than you know. Do you care? Will you care?

This year — for my sake . . . and yours - determine to be different. Be different from your neighbors, if that's what it takes. Honor my birthday. Fly my flag. Read to your children the words and deeds of my great men. Remember, as your holiday in peace and freedom, that only the sacrifice of others has made it possible.

Look proudly and gratefully, then, to your heritage. Look confidently to your exciting, unlimited future as free men and women not forgetting that eternal vigilance is, indeed, the price of liberty.

Do this for me - AMERICA - because it's my birthday . . . and because, as Americans, you care.

Several methods may be used to get rid of stumps, the county agent says.

If the ground is being cleared for building and a bulldozer is being used, this machine can be used to push out stumps quickly and easily. In the original planning of the home grounds, this matter is often overlooked, but it may be the cheapest and easiest way.

Another method is the use of a portable stump chipping machine which literally chews up the stump into small particles. Availability of this device is usually restricted to large cities where local tree service concerns may have them, points out the county agent.

The simplest stump-ridding method is to cut the tree trunk

Certificate

Under terms of the health ageincy's operator certification program, candidates for certification must acquire a certain amount of actual work experience and must show a satisfactory record of attendance at state and regional short schools at which the techniques of modern plant management are

Plant operators often attend such schools at their own expense and on their own time as a means of increasing their efficiency and enhancing their status as key community servants. The schools are conducted un-

der sponsorship of the State Department of Health, the engineering extension service of Texas A and M University, and the Texas Water and Sewage Works Assn. TWSWA officials said recip-

ients of the certificates are 'credits to their communities and to their profession."

CARD OF THANKS

In closing my office in Baird June 30, I would like to express my thanks to the many people who have made my practice in this community a very pleasant one.

I would especially like to express my appreciation to the many people who came to me for treatment during the months I have practiced medicine in Baird.

I am most grateful to the Baird Chamber of Commerce and to Jerry Loper; to Judge Byron Richardson and members of the hospital board; and to the nurses and employes at Callahan County Hospital.

Also I wish to thank Dr. Stubblefield and Dr. Mikeska for their cooperation.
