THIS NEW MEDICINE SAVES YOU MONEY

We are druggists right here in your town and make a living out of the drug business, but it is because people have to have druga and not because we like to see people suffer—we don't. Our duty is to render the best service we can, and when someone is ailing, we are interested in seeing them take the best medicine there is for their particular trouble. We don't recommend "cure-alls," as we don't believe there are such things. We don't want you to spend more than you have to. Some of you get small wages, and when you're sick, none at all, and you should get the most you can for your money.

We recently came across a new remedy tor increasing strength and building uppeople who are run-down and emaciated. We know that a slight trouble sometimes grows into a serious one, and to stop it in the beginning, will save you money in the end. This new compound is called Rexall Olive Oil Emulsion. It is the best remedy, when you are run-down, tired out, rervous—no matter what the cause. It doesn't merely stimulate you and make you fee good for a few hours, but takes hold of the weakness and builds you up to a healthy, normal condition. It is a real nerve-food tonic and builder of good blood, strong muscle, good digestion. It contains Hypophosphites, which tone the nerves, and pure Olive Oil, which nours hes the nerves, the blood and the entire system. Pleasant to take. Contains no alcohol or habit-forming drugs. We promise that if you are not perfectly satisfied with it, we'll give back your money as soon as you tell us. Sold only at the 7,000 Rexall Stores, and in this town only by us. \$1.00.

During the conversation he said had five 40-watt Mazda lamps in h house nd wanted to know how he could use any such amount of current as that. Being informed that as there was no one in the office with was connected with his family was advised that they could not tell him just how he used his lights and for that reason the light company had installed a meter to ascertain just how much current he did use.
