FEEL NO UNEASINESS IN THE CONCENTRATION MEXICAN TROOPS NEAR AMER. LINES

By Associated Press.
Washington, June 2.—General Funston feels no uneasiness over the concentration of Carranza troops in Northern Chihuahua and Sonora, Secretary Baker said today. Baker said that Funston told him that they were being disposed for the purpose apparently of a active campaign against the bandits over a territory extending 500 miles from Madero to Ojinaga.

J. M. Allen a former citizen employed by the S. M. Johnson Marble Works writes us that he has about decided to locate at Clarendon, Texas and wants the Reporter to visit him and keep him informed as to what is "ding" here. We had missed J. M. but was not prepared to believe that he was eve nthinking of leaving Sweetwater at this time.

SWEETWATER OIL MILL SOLD TO GREENVILLE FIRM

A deal has been made whereby Mr. F. J. Phillips of Greenville has purchased the Newman Oil Mill from Mr Mose Newman. We understand the deal has been pending for some time, but was only perfected yesterday.

Mr. Phillips has under contemplation numerous improvements and additions to the plant. The oil mill under the ownership and management of Mr. Newman has been doing a large business and has given employment to a large number of people. It is reported that the new owners will add a refinery and other additions that will naturally give employment to many employees.

Judge Ellis Douthit is looking after professional business at Abilene today.

Lost A Fine Milch Cow

G. E. Ransey, proprietor of the Mart Hotel had the misfortune to lose a fine jersey milch cow yesterday in an unusual manner. The cow was crossing the small bridge south of town on the paved road dragging a rope tied to her head, when she stepped on the rope and was jerked to one side falling off the bridge. Her neck was broken and death was instantaneous. The cow was a fine one and the loss was no small item.

NEW FIRM ENJOYS NICE BUSINESS

The J. T. Bryant and Co. Dry Goods and Furnishing store continues to forge to the front as a popular shopping place. Mr. Bryant, the young but efficient manager is going after the business in an effective way. He believes in the use of printer's ink and never an issue of the Reporter goes to press without a nice ad telling of his bargains. This with a nice stock makes the volume very satisfactory.

An interesting program is being arranged for the Children's Day service at the Christian church Sunday morning immediately after Sunday School.

FIGHTING MOST VIOLENT ON VERDUN FRONTS

By Associated Press.
War Summary, June 2.—Heavy fighting that lasted all through last night on the Verdun front is still in progress today. The French made some progress south of Cuarettes Wood today, the French officially announced. The struggle between Thiaumont form and Vaux east of the Meuse is described as extremely violent.

The capture of Gaillette Wood south of Ft. Douamont on the Verdun front and adjoining trenches was announced by the Berlin War office.

The German attack yesterday north east of Verdun which gained the first line of trench trenches in the crucial sector between Fort Douamont and Vaux was followed by fighting of extreme violence. Today's French statement failed to reveal the outcome, implying that results thus far were indecisive.

Ms Lone McClain is guest of friends in Carlsbad, N. M. for an extended visit.

Judge J. H. Beall is looking after professional business at Gail.

Mr. and Mrs. Bates Snell of Munday are expected to visit the homefolks for several days, due to arrive Saturday.

JUDGE GEORGE W RIDDLE LAND BANKS PROPOSED

The plan of establishing a system of land banks, as proposed by Judge Riddle, candidate for the United States Senate is the solution of the land problem.

He shows in his opening address at Waxahachie that people cannot buy high priced land and pay a high rate of interest and ever pay it out.

We need cheap money for that purpose, the rate not to exceed 4 per cent or 5 per cent and the way to get it, is for the Government to lend its credit to the land banks and secure itself by the land. The plan is feasible and practical beyond any sort of doubt and the people ought to elect him to the Senate in order to give him a chance to work out the plan.

It is well known that Judge Riddle has the greatest constructive platform that has ever been offered by any man who ever aspired to a public position in Texas, but his land bank system is perhaps, the greatest of all.

Those who attended the Rural Mail Carrier's Association at Big Springs Tuesday reports a great time. A splendid attendance and program was realized and fine banquet spread at the Cole Hotel for the visitors. Postmaster Crane and Tom Merrill, rural carrier were among those who were present from Nolan County. The next meeting will be held at Roby.

There will be a reexamination for teachers held at the Court House Friday and Saturday. Quite a number are expected to take the examinations.

Packard, Iowa, June 2.—Two Women are dead and ten are injured as a result of a collapse of the bridge over the creek near here. The Rock Island passenger train was crossing the bridge when it gave way. In addition to the two persons killed outright, seven others are missing and it is believed that they are dead

By Associated Press.
Marshalltown, Ala., June 2.—A dispatch to a local paper from the scene of the Rock Island wreck at Ox Packard, states that possibly score of passengers lost their lives when the train plged through the bridge. It is stated that the number of dead will exceed fifty.

E.M. Harp Buys Sykes Ranch

A deal has been closed by the terms of which Dr. E. M. Harp becomes the owner of a 1000 acre ranch, 10 miles south of town. The ranch includes six sections and is admirably situated for stock growing. Dr. Harp resides near Plainview at present, but has been here for several days prospecting and visiting his brother M. L. Harp.

Two boxes of tomato plants without address or mark of any kind to enable the postmaster to locate the person sending or expecting to receive the plants were received this week at the local post office. Postmaster Crane says often carelessness in properly addressing articles is practiced by people and the articles must be sent to the dead letter office or if perishable thrown away. He suggests that greater care should be taken in such matters.

Berlin, June 2.—The German High fleet on May 31 encountered the British battle fleet and in an ensuing engagement which lasted all night the results were favorable to the Germans. The large battleship Warshpite, battle cruisers Queen Mary and the indefatigable and two armored cruisers were destroyed.

The German Admiralty statement also claimed it is reported that a small British cruiser and a number of torpedo boat destroyers were destroyed.

The German cruiser Wiesband was sunk by gunfire and the Pommern sunk by torpedo. The fate of the Fraulob is still unknown. Some torpedo boats failed to return to the fleet returned to port June 1st. The battle was fought off Denmark.

PAINTED ACCIDENT
 S. D. Myres had the misfortune last night of having his ankle sprained and broken while returning from Roby where he had been to accompany some of the members of Miss Petty's Orchestra where they gave a program last night. He had some trouble with his car and had stopped near the Santa Fe shops and went to phone for a car to come from town to meet them. In going from the car to the place to telephone in the darkness he stepped off of a deep embankment and fell some distance with the above results. He was brought to town and medical treatment secured promptly and is reported to be doing very well today.

WE ARE DEEPLY GRATEFUL

Since the announcement in these columns yesterday that the management of the Daily and Weekly Reporter would soon be turned over to other men, a number of our people have called and expressed regret that the present management had decided to retire from business. We are deeply grateful for such expressions of appreciation of our efforts. We are sure that no paper ever enjoyed the support and confidence of its patrons in a more loyal degree that has been the case with the Reporter under the present management.

The writer has striven hard to give our people a clean, readable paper and it is a very great pleasure to know that our efforts have been appreciated.

Already some questions are being asked as to the new owners and managers and we are frank to say that we feel sure Sweetwater is fortunate in securing Messrs Spears and Bagwell as citizens. They are men who not only know every feature of the newspaper business and will be in position to give our people a better paper, but are valuable citizens in every respect. Both are progressive, energetic, Christian gentlemen who will make their presence felt in the various activities of our community life.

The writer has no intention of leaving Sweetwater, but after a much needed rest expect to engage in some other occupation and continue his feeble efforts in working for a greater and better city and community. We truly hope that our business men and citizens generally will continue to extend their cooperation to the Daily and Weekly Reporter under the new management. We realize that a first class newspaper is a valuable asset and necessary to any live, progressive city. Messrs Spear and Bagwell will give this character of paper if you will cooperate with them.

ANNIVERSARY ANNOUNCEMENT

We take pleasure in reminding the Sweetwater Public that Wednesday, June 1, will mark the Fifth Anniversary of the establishment of our jewelry store in Sweetwater.

With the passing of each year our trade has increased and our circle of friends has grown and, to keep pace with such increase and growth we have steadily enlarged our stock and bettered our facilities to meet the wants of our customers and to merit the generous custom we have enjoyed since the first day of our coming to the city.

The twelve months just passed has been to us our most prosperous year and our volume of trade has been the greatest since our business was established here.

Now, at the close of our fifth year in Sweetwater, we take this method of thanking our many friends, customers and the general public for the generous patronage we have received in the past and of announcing our intention of meriting the same in the future.

In conclusion we wish to remark that the fifth wedding anniversary is, as every old maid knows, generally celebrated as the wooden wedding, and to say that if our business increases in the future as it has in the past that by the time we celebrate our Diamond wedding with the city we will have a truly wonderful store and our satisfied customers of the present will all be in Heaven.

Sincerely Yours,

BIRTHDAY CLUB

Mrs. J. D. Williams was hostess to the Birthday Club Saturday afternoon.

The meeting was called in honor of her birthday, as they only meet in honor of the natal day of its members. The guests enjoyed an afternoon of congenial conversation. The Chautauqua and other big things coming our way, mingled with subjects belonging to strictly feminine interest.

The hostess was presented with a perfect "shower" of beautiful gifts. This happy affair concluded with the serving of a delightful two course luncheon. Ice cold punch was served as the guests arrived and at intervals throughout the afternoon. In entertain-

ing and serving therefreshments the hostess was assisted by Misses Lorine Williams, Vina and Ione Lagow, Mable Cumble and Adelle Wagoner. The guest list included, besides the seven club members, Mms. Ed Middleton, H. Berman, J. Wagoner and Dr. Campbell of Blackwell.

In another space in this paper the ad of the Merchants Auto Gift Palau telling you how it is possible by trading with them to possess one or even both of the handsome Automobiles to be given away by them, absolutely free. These cars will be given away on date stamped on coupon and at time and place as otherwise advertised. A coupon is given with each dollar purchase.

PROGRESSIVE BRIDGE

Progressive Bridge was the medium Mrs. S. I. Edwards used to pay a pretty compliment to her house guest Miss Vivian Graves of Hamilton, Thursday afternoon.

After the pleasant greeting of Mrs. Edwards which was warmly seconded by her charming honoree Miss Graves, places were found at the seven tables for a series of Progressive Bridge games.

After several enthusiastic games were enjoyed the lace covered tables were cleared for a dainty ice course of Angel food cake and caramel ice cream which was served to the following guests:

Mmes. Tom Flack, Jim Dulancy, Jerry Bowen, Joe Boothe, A. J. Wim-

berly, Chas. Shugart, J. T. Johnson, G. H. Buntun, Leon Maner, W. H. Boyd, Seth Johnson, Mike Rogers, Guy Morris, Geo. Stiles, A. L. Putman, Wm. Corbett, Herman Harp, Thos. Trammell, Lang Aycock, Tom Watkins and Misses Mae Snell, Alline Bond, Ruth Hamilton, Lulla May Duane of Colorado and the honor guest Miss Vivian Graves of Hamilton.

MOTORISTS CAN NOW RIDE ON THE NEW VELVET-RUBBER DIAMOND TIRES, SAYS BACON
Diamond Squeegee Tread Tires

"Sinewy, springy, and strong as the muscle-padded foot of the Greyhound, VELVET" Rubber of 1916, stretches like a pure Rubber band over such small and sharp obstacles on the road as might puncture the less elastic, and more brittle, texture of the usual Tire treads.

"It therefore absorbs most of the small shocks, jars and jolts that not only tend to separate Treads from fabric, in ordinary Tires, but that cause an incessant minor vibration beyond the capacity of steel springs to neutralize quickly enough.

"We do not offer this wonderful resilient velvet rubber, used in all Diamond tires today, as a mere Whim of Style, or to merely give a super-

ficial difference appearance. It is a new, and altogether different kind of rubber, developed through much research, from materials that give most flexibility, and most response-to-power, in tires, with a minimum of friction for maximum traction. While this color combination now distinguishes the appearance of Diamond Tires, motorists must not conclude that all black-treads or all Red-Sided Tires, are of Velvet Rubber.

Because, any ordinary rubber can be colored to imitate the appearance of Diamond treads, without in any sense imitating the Texture, composition or action of the "Velvet-Rubber" in Diamond Tires.

The motorists that ride on velvet rubber Diamond Tires, even once, find a new satisfaction in motoring—so springy, clingy, soundless and vibration-absorbing are they,—with a mileage-increase that is mighty comforting to the pocketbook.

GERMANS REPULSED IN ATTACKS ON FRENCH LAST NIGHT; BIG ARTILLERY DUEL

By Associated Press.

London, June 1.—The Germans were completely repulsed in an attack on the French positions on Dead Man's Hill last night, according to the French official statement today. Violent bombardment continued throughout the night. Intense artillery fighting is in progress along the east and west fronts at Dourmont.

French Take

Ger. Trenches

By Associated Press.

London, June 1.—In an attack on German positions southeast of Dead Man's Hill, the French obtained a foothold in the German first line trenches over 400 metre line, Berlin announced today. Repeated assaults were made but beaten off at other points with losses.

Mr. A. N. Blough, the popular manager of the Western Union here has returned from Jonstown, Pa. where he visited home-folks and friends. He reports a pleasant trip. Mr. Gulllum has been substituting for Mr. Blough during his absence.

Conditions are Must Die For At Maximum Murder of Man

By Associated Press.

Washington, June 1.—Business in the United States has perhaps reached the maximum in the present upward movement. The Federal Reserve board announced in its monthly bulletin today. The report of the Dallas district says "The reports on business conditions from all sections of this district continue most favorable."

J. M. C. Usher formerly manager for the Neal Commission company at El Paso is now with that company here. He is a splendid businessman and is a splendid acquisition to the main office here.

By Associated Press.

New York, June 1.—Dr. Arthur Warren Waite has been sentenced to die in the electric chair during the week of July 10 for the murder of his father-in-law, John E. Peck of which he was convicted last week.

COURT MARTIAL OF TEXAS GUARDSMEN BE HELD JUNE 6

Washington, May 31.—The war department announced today that the court martial of the 116 members of the Texas National Guard who refused to take the oath of Federal service has been delayed until June 6. The trial was originally set for June 1.

FUNSTON DENIED CARRANZA INSINUATION THAT NO MORE TROOPS CROSS THE BORDER

Injunction Denied by Court

By Associated Press.

Ft. Worth, June 1.—The injunction restriction the state Democratic Executive Committee from assessing local candidates to pay the expenses of the Senatorial run-off primary was denied in District Court here today. An appeal will be direct to the Supreme Court.

By Associated Press.

San Antonio, June 1.—General Funston in a statement today denied that future crossing the international boundary line by American troops who were in pursuit of raiding Mexicans was even discussed at El Paso Conferences. He also insisted that with the exception of a tentative agreement which Carranza would not ratify, no agreement ever reached. He especially denied that Oberkon had been assured that no Americans would be sent across the border. This statement was issued apropos of the insinuations in the Carranza note last night.

PUSHING SALE OF OIL WELL LOTS

Mr. Brown, manager of the Oil Well proposition reports splendid progress being made on the oil well and gas proposition. Each day finds a larger number of lots subscribed for by our people. He is confident that within a few days now the big derrick will go up and active drilling begun.

Mr. Brown believes that we had just as well get busy at once as to make a long drawn out campaign of it. If you have not yet subscribed for lots, see him and take all you feel that you are able to take. A fine flow of oil or gas may be found and then every person here would be greatly benefited.

The Official Cotton Report

By Associated Press.

El Paso, June 1.—General Garfua who went to Casas Grandes yesterday to confer with General Parshink is expected to return to Juarez tonight or early tomorrow. The conference started early today if the plans were carried out.

MILLSAPPS PRINTERS MOVED TO NEW LOCATION

The Millsapps Printery is being moved to new quarters in the Crane building today where more and better facilities will be afforded. Mr. Millsapps is constantly on the outlook to be able to give his patrons better service.

Chosen Pres. Women Clubs

Associated Press.

New York, June 1.—Mrs. Josie Evans Cowless of Los Angeles, California was elected president of the federation of Women's Clubs by a large majority, defeating Mrs. Amel B. Sneath of Tiffin, Ohio, by a large majority. The vote was taken yesterday and the result announced today. Mrs. Cowless received 1273 against 433 for Sneath.

CHANGE IN BUSINESS

A deal has been made between W. A. Parry and Messrs. Geo. T. Spears and J. S. Bagwell of Paris, Texas whereby the latter becomes owner of the Sweetwater Daily and Weekly Reporter. They expect to be here to assume the active management of the business not later than June 15.

Both gentlemen are experienced and successful newspaper men, having owned and conducted the Paris Advocate and Review for some time. They have in contemplation very material improvement in the equipment and service of both the daily and weekly papers and the present management bespeaks for them a splendid poronage at the hands of our business men and people generally.

U. S. WILL NOT WITHDRAW TROOPS FROM MEX.

By Associated Press.

Washington, June 1.—It was stated authoritatively today that the American troops will not be withdrawn from Mexico until the Carranza authorities demonstrate that they are able to control the situation and give sufficient protection to the American border. A reply to that effect will doubtless be made to the Carranza note demanding the withdrawal of American troops. Wilson represented today that the troops were ready to be moved as soon as Carranza made it plain that he was able to handle the situation, but is determined to wait until Carranza can give the necessary protection.

Corns Come Off Like Banana Peel

Wonderful, Simple "Gets-It" Never Fails to Remove Any Corn Easily.

"Wouldn't it jar you? Here I've been going along for years, with one desperate corn after another, trying to get rid of them with knives that eat off the toes, tapes that stick to the stockings, bandages and plasters that make a package of the toes, trying blood-bringing razors and scissors. Then I tried "Gets-It" just once and you ought to have seen that corn come off—just like a banana peel." It's simple, wonderful. It's the new way, painless, applied in two seconds, never hurts healthy flesh or irritates anything to press on the corn. Never fails. Quit the old ways for once any way and try "Gets-It" tonight. For corns, calluses, warts and bunions. "Gets-It" is sold everywhere. See a bottle, or sent direct by E. Lawrence & Co., Chicago, Ill.

OIL WELL TALK

To every body, I want them to have their mind made up at once as to what you are going to do and how many lots you are going to take to help put down the well. I will try to see you this week and don't put me off, it takes too much time to go around and around to see the people several times. We all want the well, so be ready when I call on you and take a bunch of them. Don't say out let, let's get something going. Several have taken whole blocks, 15 lots I expect several others to do the same thing, take a bunch. The opportunity is now here so kick in. Everybody and show which side you are on and how much nerve you have. Look for me I will be around.

LESLIE DORBANDT FOR DISTRICT CLERK

The Reporter is authorized to place in its announcement columns the name of Leslie Dorbandt as a candidate for District Clerk of Nolan county.

Mr. Dorbandt has resided in Sweetwater several years and is well and favorably known by the majority of our people. He is well qualified to discharge the duties of the office and his honesty and integrity are unquestioned. For several years he was actively engaged in the grocery business and honest, fair dealings always marked his business and private career.

If honored with the office, he promises at all times to do his best to serve the people in the very best possible manner. He will appreciate any support that his friends may give him in the campaign.

The Reporter would urge that our people give Mr. Dorbandt's candidacy the most thoughtful consideration before casting a vote in the July primary.

CHAUTAUQUA 1916

The great chautauqua of 1916 closed Monday night with one of the grandest attractions in the whole weeks program and played to the largest crowd ever assembled in Sweetwater.

Sweetwater has had a nintellectual feast twice a day for a week and it may take some of us quite a while to digest it all. Manager Sparks has conducted the whole Chautauqua in a most admirable manner. We have heard two of the most famous bands on the continent. The Grand Opera singers of repute, seven of the most famous lecturers and five musical attractions, two readers and impersonators and Hayden's Chorus of 13 voices and the Melting Pot, the dramatic triumph of the year.

Every man and woman who has appeared on the chautauqua stage has been indeed artists in the best sense, but none deserve a higher place in the estimation of our people than Miss Pattie Tracy, the Supervisor of the children's play. She has taught truth by the strong medium and entertained the children of the city for a whole week with new games that reached a climax in their ringless circus Monday. She has been ably assisted by Miss Annie Campbell. We hope soon to see supervised playgrounds a permanent feature in our city.

Dr. and Mrs. Dudgeon and children left Saturday night for a delightful auto trip through to South Texas going via Elgin and Skidmore where they will leave Morris Montgomery a nephew of Mrs. Dudgeon, who was a member of the graduating class. Skidmore is Morris' home and we feel sure they are proud of the record he has made in our splendid High School.

The Chautauqua will fill a return engagement for us backed by 101 of our progressive business men of the city.

SWEETWATER'S OIL

LOTS SELLING

Mr. Brown the sales manager for the Sweetwater Oil proposition is very much encouraged the way the oil lots are selling. He sold over 200 last week and hopes to do even better than that this week. We are going to develop this oil proposition, that's the Sweetwater way.

Everyone who comes in on the proposition will reap the benefit. Let's all stand back of Mr. Brown and see what there is to it. Some have believed it to the tune of 15 and 20 lot blocks and they are going to reap the benefits.

The sooner they are sold the sooner active work begins on the Sweetwater Oil Wells.

MORE IMPROVEMENTS FOR T & P.

Today General T & P Manager J. H. Elliott of Dallas, Div. Supt. C. E. McMullin of Big Springs and Division Engineer F. W. Bettle of Big Springs are in the city looking over the situation and planning to construct two larger storage tanks to take care of this will give the company the advantage of being able to have their tanks filled during the night when the mains are practically idle and will put them in position to take advantage of the lower rates given the large consumers of water.

The construction cars are on the ground now and we understand this work will begin at once.

SWEETWATER TEACHER ON VACATION

Sunday night Miss Dorris Musgrove one of our most efficient South Ward teachers left for her summer vacation in company with Miss Iovne Dulaney, a popular Sweetwater belle, for a most delightfully planned Summer Vacation. They stop at Ft. Worth and Dallas today and tomorrow and then leave for New Orleans where they stop over to visit places of interest and will arrive in Salem, Va. the latter part of the week to visit Mr. and Mrs. Charles Shelor (nee Miss Mary Musgrove, for the Summer. During the summer they will take interesting excursion trips to Washington, Mt. Vernon, New York, Boston, Philadelphia and all points of interest en route they will also visit several fashionable seaside resorts during the summer. They will return early in September in time for Miss Musgrove to resume her duties in the school room at the South Ward School. Mrs. Shelor very probably will return with them for a months visit with her parents Mr. and Mrs. R. A. Musgrove.

Colds

Should be "nipped in the bud", for if allowed to run unchecked, serious results may follow. Numerous cases of consumption, pneumonia, and other fatal diseases, can be traced back to a cold. At the first sign of a cold, protect yourself by thoroughly cleansing your system with a few doses of

THE FORD'S BLACK-DRAUGHT

the old reliable, vegetable liver powder.

Mr. Chas. A. Ragland, of Madison Heights, Va., says: "I have been using The Ford's Black-Draught for stomach troubles, indigestion, and colds, and find it to be the very best medicine I ever used. It makes an old man feel like a young one." Insist on The Ford's, the original and genuine. E-57

Practical Economy

Baking powders made from alum or phosphate may be bought for a trifle less than Dr. Price's Cream Baking Powder, which is made from cream of tartar, derived from grapes.

Alum powders are not only cheap, but they differ greatly in leavening power.

If a cheap baking powder is used for a fine cake and the cake turns out a failure there is a waste of costly materials worth more than a whole can of the cheap baking powder.

Dr. Price's Cream Baking Powder produces the finest food, and its use, therefore, results in an actual saving.

A REMINDER OF EARLIER DAYS IN SWEETWATER

The writer observed a letter head which Judge H. C. Hord had in his possession which was evidently printed about 1888. On the paper was a picture of the court house that preceeded the one we now have. We also observed the personnel of the county official board and the names were as follows: County Judge, John H. Cochran, Sr.; County and District Clerk, J. C. Cox; County Treasurer, J. C. George; Surveyor, J. H. Bennett; Tax Assessor, M. M. Galloway; Commissioners, S. W. Lynch, N. J. Fritz, C. H. Boyett, W. J. Cook. All of these names are doubtless familiar to our pioneer citizens.

TO EXCHANGE—For 2 to 3 sections of about \$8 improved grazing land with within fifty miles of Sweetwater, to wit:

2 Brick store buildings and lots in good repair, will rent for \$80 per month also and 8 room residence and grounds with barn 36x42 will rent for \$25 per month. Good title and clear of dept. Will assume notes or pay difference. Write at once.

COLORADO PEOPLE SUPPORTED CHAUTAUQUA LOYALLY

Sweetwater people are more than delighted with the manner in which the good people of Colorado cooperated in making the Sweetwater Chautauqua a success. Quite a number of season tickets were sold at that place and many were here to attend each program. Our people have often referred to the large number of people from Colorado who were attending the Chautauqua and appreciate their cooperation very much.

SUPT. SPARKS COMPLIMENTS SWEETWATER

Mr. M. W. Sparks, Supt. of the Sweetwater Chautauqua is mighty well pleased with the way our people have supported the Chautauqua. He is sure that each year the Chautauqua spirit will be greater. He says his every effort has met with the most cordial cooperation upon the part of our citizenship.

But my, how the cotton and other farm products are growing. Fine rains with this warm weather are making Central West Texas loom up in great shape.

With the best water system of any town in the state, railroad facilities scarcely excelled by any of the larger cities and with a trade territory and country unexcelled, watch Sweetwater rapidly become the splendid metropolis of the great southwest.

The fine showing made by the manual training boys evidenced by the many fine specimens of work recently exhibited in the windows of our merchants, the fine graduating class of 25 members, the winning of state honors by our debating team and many other forceful evidences of efficiency together with the issuing of one of the most beautiful School Annuals ever printed in the state, all are calculated to make us feel "puffed" up about our schools.

While Nolan County is building that fine \$100,000 court house, the reliable Texas C. Pacific Ry. Co. will also be doing some handsome improvements. From fifty to sixty thousand dollars will be put into improvements here by this railroad company according to present plans.

A fine new hotel for Sweetwater is among the near possibilities. The town can already boast of the best hotels between Ft. Worth and El Paso, but a rumor is in the air and appears pretty well founded that soon another big one will go up. Watch Sweetwater forge ahead.

The little investment required to entertain the members of the Texas Press Association here next Monday afternoon would be money mightily well spent. The editors are going to tell the people all about their trip from beginning to end when they return from the Association at El Paso and if we see that they are given a cordial, wholesome reception, the people in all sections will hear about it. We have a rare opportunity, one that many other towns would prize highly. Lets improve it.

THE FAME OF—

The Willis studio continues to grow and extend throughout the west where high class work is appreciated. This popular studio is going after business far and near judging from the many handsome out of town orders being received daily.

Willis knows how to make the oldest maid look young and sweet and even the old bachelor is so improved in appearance that he soon grows to think quite a deal of himself after beholding his picture.

REPORTS LIVELY DISCUSSION IN NEARBY COMMUNITY

W. F. Brazell is authority for the statement that a lively discussion that almost developed to the "stringent" point has occurred in the community in which our friend and former citizen, John Nunn resides. It was reported, Mr. Brazell says, that Nunn was actually caught at work on his farm by some of the neighbors. He in an excited frame of mind rushed to tell other neighbors about it and a return visit was made, but when John was not found the veracity of the first neighbor became much in question. However the man says he knows he was not mistaken and is willing to stake his reputation as a law abiding citizen upon it. Mr. Brazell says the report caused much comment which had not altogether subsided when he returned to town yesterday.

THE OAKLAND PLACE

W. L. Power has secured the corner now occupied by Otto Carter and will soon open up an agency for the Oakland Automobile Co. there. Mr. Powers expects to make the Oakland place a popular resort where autoists will make their headquarters. He is meeting with splendid success in the sale of that popular car.

OUR PUBLIC FORUM

V. A. Collins
ON THE RELATION OF CAPITAL AND LABOR.

V. A. Collins, Chairman of the Labor Committee of the Texas Economic League and a recognized friend of organized labor, discussing the relations between employer and employe, says:

"Most of the friction between Capital and Labor is the result of misunderstanding between them. This lack of proper understanding often results from the fact that large investors do not, or cannot, follow up their investments, but are forced to operate through hired men, known as 'managers.' The capitalist or investor, possibly knows no laborer in the employment of the enterprise, and consequently knows nothing of his environment, his needs, his hopes, or aspirations—they are as widely separated as Dives and Lazarus. Their situation is not such as to create any sympathy one for another—the capitalist knows nothing of the trials and difficulties of the laborer, and the laborer cannot see that his employer may also have great difficulties to encounter in 'keeping the mill going.' Let the capitalist put himself in the place of the laborer and the laborer in the place of the capitalist and study each other's problems.

Be it said to the credit of many employers, they would like to make more favorable working conditions and pay better wages, but they have competitors in the same line of business who will make no change for the betterment of their labor and a man in business can scarcely make concessions which his competitors will not make, but when a change is demanded by labor, it cannot be convinced that the employer would be glad to make the change if his competitors would do likewise.

If the laborer hears of his employer at all, it is most probably through the press where he sees an account of his being abroad in company with kings or princes, displaying his wealth that he may be admitted into royal society, or perhaps he sees where his employer has just given a million to the church or charities, while the wife and children of him whose calloused hands helped to produce that million are in the most direful circumstances. It needs no argument to prove that this is not calculated to create a genuine sympathy on the part of employe for his employer. I am persuaded that it is more charitable for employers to distribute the earnings of their industries above a reasonable return on their money among the men who co-operate with the machine in producing his wealth than to contribute large sums to charity and sound the bugle that the gift might be noted in the press.

Employers visit your enterprises and your laborers and see the discomforts and even the misery they sometimes endure and your charity may be limited towards them. Employes, make the success of your employer's business your chief object and then demand a just share of the success you have made for him. See the Christ ideal of 'love thy neighbor as thyself' between capital and labor and the necessity for the militia to quell riots will never be known again and the race will grow wiser and better and the 'peace that passeth understanding' will prevail throughout the land."

JUDGE GEORGE W RIDDLE LAND BANKS PROPOSED

The plan of establishing a system of land banks, as proposed by Judge Riddle, candidate for the United States Senate, is the solution of the land problem.

He shows in his opening address at Waxahachie that people cannot buy high priced land and pay a high rate of interest and ever pay it out.

We need cheap money for that purpose, the rate not to exceed 4 per cent or 5 per cent and the way to get it, is for the Government to lend its credit to the land banks and secure itself by the land. The plan is feasible and practical beyond any sort of doubt and the people ought to elect him to the Senate in order to give him a chance to work out the plan.

It is well known that Judge Riddle has the greatest constructive platform that has ever been offered by any man who ever aspired to a public position in Texas, but his land bank system is perhaps, the greatest of all.

CONVENTION ACTS TO HELP CAUSE OF PROHIBITION

Dallas May 31.—The prohibition movement in Texas will be aided by the actions of the San Antonio convention, declared Dr. A. J. Barton, superintendent of the Anti-Saloon league of Texas, who returned this morning from San Angelo, where the league held a field day Sunday.

The actions of the convention will react very strongly in favor of prohibition, Dr. Barton said. "I believe the honest Democrats of the State will resent very heartily and will rebuke thoroughly such methods and control of our conventions, and other public affairs. If this spirit and those methods are to control Democratic procedure, the Democrats would be sowing the wind and would reap a whirlwind. My previous statement just after the convention has been confirmed by developments since that time."

Dr. Barton said he intended to hear Thomas B. Loves speech at the City Hall tonight.—Ex.

SUMMER NORMAL OPENS MONDAY

The Sweetwater Summer Normal opens in this city next Monday, June 1, and will continue until July 13th. A splendid attendance is expected and it is hoped that our people following their usual custom will show the teachers every possible courtesy.

Supt. J. H. Bright of the City Schools will be conductor of the normal and a strong faculty has been secured to assist the work.

The following instructors will take part in the work: Profs. J. H. Bright, E. J. Woodward, Roscoe, B. D. Black, Snyder; J. W. Williams, Big Springs; C. J. Dalton, Sylvester; Miss Nora Lackey, Sweetwater.

Executive committee, J. L. Roys, Thos. F. Hodge and Mrs. W. W. Beall.

Mr. and Mrs. Manse Wood returned from Plainview Monday where Mrs. Wood had been visiting her daughter Mrs. Euell Wright. They will remain in the home of Mr. and Mrs. J. A. J. Bradford until Mr. and Mrs. Fred Collier leave for the Summer and they will occupy their home during their absence.

"Back to the soil" is the slogan in Mexico. General Gonzales has offered a prize of \$1,000 to the planter in each township under his jurisdiction, which includes six states, for the best planted field. Civilization begins with the plow. There is a crop shortage in Mexico because the peons have been unable to till the land. Now it is plant of starve.

ABILITY

That's the one word that fully describes the 3400 r. p. m. Chalmers

A man came in to my place the other day and said:

"What! a 3400 r. p. m. Chalmers at \$1090. I never knew Chalmers built a car under \$2,000."

So many ask the same question. We never feature price in big type. We don't sell price. We sell a car first; then tell how much it costs afterwards.

I suppose we lose some sales that way. But, of course, we have a car of such decided quality, of such extraordinary ability, of such terrific power from an engine that you wonder where it all comes from—well, we just don't know how to talk price when so many other things bob up in our minds.

Now take power. Here it is rated at 25.8 H. P. when you buy your license. You get her out in mud, or sand, or on a hill—and bang, you can just double that figure.

You have got just about 100 per cent more power than we give her credit for. Of course, lots of cars have great big power. But with most of them you've got to pay the piper every time you use it. Those big power cars have great big engines mostly, and great big engines have a terrific appetite for gas. You know, I don't need to tell you.

This 3400 r. p. m. Chalmers has an engine in her that's got the kick. You step on the accelerator button, and zip! You never saw such spunk. And not only power, but she gets away like a scared horse. I have to watch my foot when it is on the little button. First thing I know I am going too fast.

That's what the boys back at the Chalmers plant call "acceleration." I call it "pep." That's my language.

I used to sell a lot of cars in days gone by in simply stating the price.

Now it is all different.

People are buying cars more intelligently. They want what they call ability. There are too many cars that look alike and have the same price tag on them. The only thing that separates them is ability. There's all the difference in the wide world between cars when you look at them this way.

One car is sluggish like a ploughing horse. Another has got a light foot and gets under way without taking a quarter mile to get into high.

Why, with this 3400 r. p. m. Chalmers I forget once in a while and actually start her on high.

There aren't many cars that ever do that.

Then she runs so everlastingly quiet I am always a little bit suspicious of her—like a fellow who doesn't talk much, but usually delivers.

She's got anything in this town beat. So far I have yet to meet her equal in "pep." She's got everything from get-away to a twister on a hill.

Then when you come right down to look at her, you will have to admit she's got blue eyes. She's beautiful.

The big-town people have all fallen for her this year. I got a letter from the factory the other day telling me they had shipped 18,000 since December 1.

And there are thousand of orders unfilled.

Take a friendly tip and get your order on file now. I don't want to see you disappointed by delayed delivery right in the best part of the driving season.

You folks who have driven a lot will see the difference in a jiffy. Come on down and try her out. She's there.

Mrs. Brooks Bell of Colorado is guest of Mr. and Mrs. R. L. McCaulley this week and meeting her old friends.

T. F. Halbrook and son Ed are in the city today en route the plains.

J. McAllister Stevenson who has been spending the past Winter and Spring in the North is at home looking after some important business matters for a week or two before returning to New York to bring Mrs. Stevenson and the children home. Mrs. Stevenson has been in a hospital under the care of a specialist for some time but will be able to leave the hospital Saturday. The little boy who has always been such a delicate little fellow is very much better also.

Mr. Carl Wilson who has been guest of his brother Geo. T. Wilson left for his home in Hermleigh taking his twin sisters Misses Maggie and Mary Wilson with him. They were popular members of the graduating class this year, entering the class Jan. 1st. They spent the first half of the year at Simmons college.

Mrs. Estelle Stiles returned yesterday from Amarillo where she has been for the past few days.

Lake Trammell is getting her Sunday clothes on these days. She lacks only a few inches of being up to the spill way yesterday. Sweetwater is sure of an abundant water supply for five years if it did not rain a drop, however we hope no such calamity will ever be needed to prove we have the grandest supply in ten states.

J. F. Neal has been looking after business in the country to the northwest this week.

ROYAL TIME IS ASSURED

Sam P. Harben, secretary of the Texas Press Association, announces that final arrangements have been completed for the "On to El Paso" journey of the Texas newspaper men and their families. Indications are that at least 500 will attend this meeting. This historical interest surrounding El Paso, the Mexican uncertainty, the extraordinary entertainment being provided for the visitors is attracting all who can possibly get away to the gate city.

Concentration for all who go by the Texas & Pacific will be in Fort Worth, leaving there on a special train Monday morning, June 5th, at 9:45. A full Pullman train with diner and observation car will be run through, stopping at Abilene for an hour's entertainment by the citizens, another stop of an hour at Sweetwater where a supper will be served by the Commercial Club of that city. This special will reach El Paso on Tuesday morning at 10:30.

It is also understood that the Southern Pacific will run a special train from Houston, leaving at about 11 o'clock Sunday morning and arriving at El Paso at 8:30 Monday afternoon.

This train will be made up of Pullman equipment, diner and observation car. Headquarters has been arranged for at the El Paso del Norte, where the meetings will be held. Business sessions Tuesday evening, Wednesday and Thursday, with trip to Juarez Tuesday evening, Wednesday evening, auto ride over El Paso and surrounding valleys. Thursday a trip will be made to that celebrated summer resort, Cloudercraft, N. M. where the day will be spent close to perpetual snow, with luncheon at the lodge. Returning a side trip will probably be made to the White Sands. Saturday a trip will be made to Elephant Butte dam one of the world's greatest irrigation projects, and from the waters there held thousands of acres of formerly useless lands have been made as fertile as the valley of the Nile.

Mexico has great attractions and El Paso people, headed by their chamber of commerce, are arranging to show Texas Press members and families the time of their lives.—Ex

JUDGE BEALL ANNOUNCES

Judge W. W. Beall this week submits his name to the voters of the 32nd Judicial District for renomination at the July primary, for the office of district judge. He is rounding out his first term in that office, and the Record is guilty of no exaggeration in thinking that few district judges have ever made a better record than he, for impartiality, fairness and expedition in disposing of cases. He is of the kind who gets things done. That he should have gained the political enmity of some, is perfectly natural. The temptation to visit upon the presiding judge disappointment

over the issue of a case, is one of the abiding weaknesses of humanity. Judge Beall speaks to the voters of Mitchell and other counties of the district in a card in this issue of the Record.—Colorado Record.

STATE FAIR LAUNCHES GREAT MOVEMENT

That the commercial future of this community is dependant upon the rising generation, is a fact that must be apparent to all; and, for this reason the efforts of the State Fair of Texas, as expressed by President R. E. L. Knight, to educate and instruct the youth of Texas in the practical, vital things of life should have the hearty cooperation of every good citizen.

It is obvious that, as the chief interests of this great Commonwealth are agricultural, great deal of the thought and attention of our efficient educators should be given to agricultural matters, and a strong and sustained effort is being made to foster a Statewide interest in these matters.

There is no more logical factor in promoting agricultural interest—there is no factor so powerful, as the truly great exposition which bears the name State Fair of Texas. Now, from this mammoth institution, comes an announcement fraught with the greatest interest of all.

In cooperation with the State Agricultural and Mechanical College, and the United States Department of Agriculture, the Fair Association has devised a plan to hold, in connection with the 1916 Fair, a monster Educational Encampment, free for the Farm boys of the State. The purpose of this Encampment is to supplement the work of the Boy's Agricultural Clubs, founded by the U. S. Department of Agriculture, by giving as many boys as possible an opportunity to come to the Fair and personally inspect and study the great wealth of agricultural products displayed in the various exhibits.

Mr. W. H. Stratton, Secretary of the Fair Association, states that the most complete preparations have been made for this Encampment, and that every precaution has been taken to insure the comfort, convenience and safety of the boys who attend. Accommodations have been provided for 200 boys, who will be housed in a separate building, right on the Fair Grounds. The boys are to have their own special dining rooms and kitchens, and are to pursue their studies under the supervision of competent instructors assigned from the regular staff of A. & M. College.

Discipline will be maintained; and, while the prime purpose of the Encampment is educational, the boys will in addition be shown a good time, and be permitted to participate in all the delights and pleasures of the Fair.

As the quarters provided will accommodate only 200 boys, it has been decided to award scholarships in the Encampment on a competitive basis to the boys who make the best records in their Club work during 1916, and every member of the Boy's Agricultural Clubs is eligible to compete.

There are doubtless many boys in this country who would be glad to visit the State Fair and to spend a week on the grounds as guests of the Fair management. All such boys should write immediately to W. H. Stratton, Sec., State Fair of Texas, Dallas, Texas. Mr. Stratton will list all applications and mail to every boy asking for it a pamphlet stating the terms and conditions of this contest.

A BOY WITHOUT A MOTHER

In a quaint old fashioned fireside
In a town not far away,
With her son sitting by her side
Lay a mother old and gray.

My years will not be long, and
My life is slowly passing away,
But I hope we'll meet in Heaven
On some glad future day.

"You have been a sinful boy,"
Said his mother old and gray
"But I hope my prayers will be answered
Before I am taken away."

NEWS BULLETIN

Postal Savings

Larger postal savings deposits will now be accepted at the post office. This is made possible by an important amendment to the Postal Savings Act just approved by President Wilson. Apostol savings depositor may now have an account amounting to \$1,000 upon which interest will be paid. Formerly \$500 was the maximum amount he could have to his credit. This enlargement of postal savings facilities will be very gratifying to thousands of depositors who have already the old \$500 limit and are anxious to entrust more of their savings to Uncle Sam. Another feature of the amendment that will avoid further embarrassment to the public and to postal employees is the doing away with the amount that could be accepted from a depositor monthly. Under the old law only \$100 could be deposited in a calendar month. The amendment abolishes this restriction. While the Postal Savings System has already proven signal success as is shown by the fact that more than half-a-million depositors have over eighty million dollars standing to their credit, still it has fallen short of meeting the full demands of the public because of the restrictions which have now been eliminated. Postmaster Burleson and Third Assistant Postmaster General Dockey have been tireless in their efforts to secure a modification of the limitations and the new liberalizing legislation is practically gratifying to them.

SHERIFF'S SALE

(Real Estate)

By virtue of an Alias Execution issued out of the Honorable District Court of Nolan County, on the 14th day of March A. D., 1916, in the case of Mrs. Virginia Darbondt vs. R. L. McCaulley et al, No. 1561, and to me as Sheriff, directed and delivered, I have levied upon, this 12th day of May, A. D., 1916, and will, between the hours of 10 o'clock A. M. and four o'clock p. m., on the first Tuesday in June A. D. 1916, be during the 6th day of said month, at the Court House door of said Nolan county, in the city of Sweetwater, proceed to sell at public auction, to the highest bidder, for cash in hand, all the right, title and interest which R. L. McCaulley had on the 13th day of November, A. D. 1915, or at any time thereafter, of in and to the following described property, to wit: Lot 11 in block 22; lots 2, 5 and 8 in block 24; lots 15 to 18 inclusive in block 27; lots 5 to 13 inclusive in block 28; All in the original town of Sweetwater, Nolan county, Texas, said property being levied on as the property of R. L. McCaulley, to satisfy a judgment amounting to \$1623.93 in favor of Mrs. Virginia Darbondt.

Given under my hand this 12th day of May, A. D. 1916.

JACK YARBROUGH,
Sheriff, Nolan county, Texas.
By T. B. THOMPSON, Deputy.

It was but a year ago today
She gave him her blessing at the last,
Today he thinks of her cold in death
And remembers her prayers of the past.

While alone in the store one summer day
With weakness and sin he falls by the way
Money he took belonging to another
Forgot he the prayers of his mother.

To prison they sent him five years to stay
Then he thought of his mother sleeping far away
As alone, friendless and sick he'd lie
And pray's, "O! mother help me now to die."

In his dark cell repentant he grew
His remorse and sorrow no one knew
As death crept near his prison home;
No one was there to be sorry or mourn.

His spirit fled from its tenant of clay
To the warden only a dead convict lay
No organ peals forth clear and loud
As now he sleeps in a convict's shroud.

FINE RAIN SATURDAY

AFTERNOON

Saturday the clouds gathered and the rains descended and as a net result one of the hardest rains ever witnessed in this section fell lasting for several minutes. A little hail accompanied the downpour, but not enough to do any damage.

The rain was sufficient for all purposes placing a fine season in the ground and filling the creeks to overflowing. While it covered a large area it was not altogether general. The rain was light at Blackwell and further south no rain fell.

We Can't Keep all the Good Sows we Have

Will simply be compelled to sell some of them. Sows that are eleven months old and have delivered 9 pigs should not go the way of the slaughter pen. Such prolificacy is what our herd displays.

Cholera has never been known on our farm since '82 when we first broke dirt here.

WE ARE DEEPLY GRATEFUL

Since the announcement in these columns yesterday that the management of the Daily and Weekly Reporter would soon be turned over to other men, a number of our people have called and expressed regret that the present management had decided to retire from business. We are deeply grateful for such expressions of appreciation of our efforts. We are sure that no paper ever enjoyed the support and confidence of its patrons in a more loyal degree that has been the case with the Reporter under the present management.

The writer has striven hard to give our people a clean, readable paper and it is a very great pleasure to know that our efforts have been appreciated.

Already some questions are being asked as to the new owners and managers and we are frank to say that we feel sure Sweetwater is fortunate in securing Messrs Spears and Bagwell as citizens. They are men who not only know every feature of the newspaper business and will be in position to give our people a better paper, but are valuable citizens in every respect. Both are progressive, energetic, Christian gentlemen who will make their presence felt in the various activities of our community life.

The writer has no intention of leaving Sweetwater, but after a much needed rest expect to engage in some other occupation and continue his feeble efforts in working for a greater and better city and community. We truly hope that our business men and citizens generally will continue to extend their cooperation to the Daily and Weekly Reporter under the new management. We realize that a first class newspaper is a valuable asset and necessity to any live, progressive city. Messrs Spear and Bagwell will give this character of paper if you will cooperate with them.

ANNIVERSARY ANNOUNCEMENT

We take pleasure in reminding the Sweetwater Public that Wednesday, June 1, will mark the Fifth Anniversary of the establishment of our jewelry store in Sweetwater.

With the passing of each year our trade has increased and our circle of friends has grown and, to keep pace with such increase and growth we have steadily enlarged our stock and bettered our facilities to meet the wants of our customers and to merit the generous custom we have enjoyed since the first day of our coming to the city.

The twelve months just passed has been to us our most prosperous year and our volume of trade has been the greatest since business was established here.

Now, at the close of our fifth year in Sweetwater, we take this method of thanking our many friends, customers and the general public for the generous patronage we have received in the past and of announcing our intention of meriting the same in the future.

In conclusion we wish to remark that the fifth wedding anniversary is, as every old maid knows, generally celebrated as the wooden wedding, and to say that if our business increases in the future as it has in the past that by the time we celebrate our Diamond wedding with the city we will have a truly wonderful store and our satisfied customers of the present will all be in Heaven.

Sincerely Yours,

J. P. MAJORS

BIRTHDAY CLUB

Mrs. J. D. Williams was hostess to the Birthday Club Saturday afternoon. The meeting was called in honor of her birthday, as they only meet in honor of the natal day of its members. The guests enjoyed an afternoon of congenial conversation. The Chautauqua and other big things coming our way, mingled with subjects belonging to strictly feminine interest.

The hostess was presented with a perfect "shower" of beautiful gifts. This happy affair concluded with the serving of a delightful two course luncheon. Ice cold punch was served as the guests arrived and at intervals throughout the afternoon. In entertaining and serving refreshments the hostess was assisted by Misses Lorine Williams, Vina and Ione Lagow, Mable Cumble and Adelle Wagoner. The guest list included, besides the seven club members, Mrs. Ed Middleton, H. Berman, J. Wagoner and Dr. Campbell of Blackwell.

MOTORISTS CAN NOW RIDE ON THE NEW VELVET-RUBBER DIAMOND TIRES, SAYS BACON

Diamond Squeegee Tread Tires

"Siney, springy, and strong as the muscle-padded foot of the Greyhound, "VELVET" Rubber of 1916, stretches like a pure Rubber band over such small and sharp obstacles on the road as might puncture the less elastic, and more brittle, texture of the usual Tire treads.

"It therefore absorbs most of the small shocks, jars and jolts that not only tend to separate Treads from fabric, in ordinary Tires, but that fabric, in ordinary tires, but that also cause an incessant minor vibration beyond the capacity of steel springs to neutralize quickly enough.

"We do not offer this wonderful restlens velvet rubber, used in all Diamond tires today, as a mere Whimsy of Style, or to merely give a superficial difference appearance.

It is a new, and altogether different kind of rubber, developed through much research, from materials that give most flexibility, and mast response-to-power, in tires, with a minimum of friction for maximum traction. While this color combination now distinguishes the appearance of Diamond Tires, motorists must not conclude that all black-treads or all Red-Sided Tires, are of Velvet Rubber.

Because, any ordinary rubber can be colored to imitate the appearance of Diamond treads, without in any sense imitating the Texture, composition or action of the "Velvet-Rubber" in Diamond Tires.

The motorists that ride on velvet rubber Diamond Tires, even once, find a new satisfaction in motoring—so springy, clingy, soundless and vibration-absorbing are they—with a mileage-increase that is smightly comforting to the pocketbook.

Motorists in great numbers are asking for Black-Tread, Red Side, DIAMOND TIRES, having compared their moderate Fair-List price with what must be paid for ordinary Tires as made by other responsible makers.

EUROPEON INFLUENCE THOUGHT BEHIND MEX.

Washington, June 1.—The State Department does not believe that the Carranza note has produced any urgent situation. The reply may not be sent for a week or ten days. Various inaccurate statements in the note will be pointed out in the reply. The Department has instructed Consul Dawson at Tampico to take up with Carranza officials the protest of American oil operators who allege that oppressive and confiscatory decrees have been made.

The suggestion of European influence behind Carranza latest move was renewed.

MISS FISHER IS FIRST WAR BRIDE OF TEXAS GUARD

San Antonio, May 31.—Camp Wichita boasts a real war bride. The wedding ceremony took place yesterday just before the Third Regiment marched away. The ceremony was performed in a company street by the Rev. Hugh McLennan of San Antonio. The principals were Miss Margaret Fisher of San Antonio and Corporal Walter Rimmer of the Port Arthur Company. The bride and groom spent a half-hour's honeymoon walk around the camp before the groom marched away.

Fourteen recruits from Dallas arrived yesterday and were mustered into Battery A. This artillery company now has its full war strength, 117 enlisted men—Ex.

"Fair-List" Factors

YOU can pay 10% to 50% MORE than Goodrich Fair-List prices, for other Fabric Tires of no better quality,—without averaging 1% MORE actual Mileage out of them!

You can accidentally Puncture,—or accidentally Ruin,—the best-priced Fabric Tire that ever was fitted into Extravagance,—in the FIRST WEEK you use it!

And,—you would have no more recourse (with such Extravagant Tires), than you have on these Fair-Listed Goodrich "Barefoot" Tires, which cost you one-third to one-tenth LESS, for self-same Service, plus more Resilience,—more Cling, Spring, and true Pneumatic quality.

Now,—consider that Message,—for Thrift. Then note following prices:—

Goodrich "Fair-List" Prices

Size	Ford Sizes	Price
