SWEETWATER, TEXAS, THURSDAY, MARCH 2, 1922.

NUMBER 26.

## W. M. BRADFORD DIES IN DALLAS

Death Resulted From Paralysis—Had  
Been Suffering For Several  
Years.

CAME HERE FROM TENNESSEE

Has Held Prominent Place in Masonic  
Lodge—Regarded As "Blue  
Lodge" Authority.

A wave of sorrow passed over the city this morning when it became known that William Martin Bradford, another of Sweetwater's pioneer citizens had died at 4:30 o'clock Wednesday afternoon, at the home of his son, William Bradford, in Dallas. He will be brought to the city on this afternoon's train for burial in the family lot at the City Cemetery.

Mr. Bradford would have been 69 years old had he lived until May 13th. He was born near Maryville, Boone County, Tennessee in 1853, moving from there to Palaski, Tennessee in 1866, where he made his home until 1889, when he and his family moved to Sweetwater.

He was married to Miss Eliza Holley in Giles County, Tennessee, about the year 1876. To this union nine children were born. Two of whom died when children and seven survive him.

Mr. Bradford was engaged in the farming business here until 1900 when he became associated with his eldest brother, J. A. J. Bradford in the lumber business in what was then known as the Roe Lumber yard, later the Wilkinson Lumber Co., on the corner of First and Locust street, the present site of the Gray Lumber Company.

He united with the Christian church after he came to Sweetwater, after having been a member of the Methodist church since a boy of 17. He was known over this entire section of the country as a good Christian man always ready to help the widows and orphans, working untiringly for the rebuilding of the community until his health failed about four years ago, following a stroke of paralysis during the summer of 1918. The first stroke came one evening when he was making an address in the local Masonic hall and during the past three years he had suffered at least twenty strokes of paralysis. The family moved to Dallas a year ago in order to place him under the care of specialists, but their effort failed to give him any permanent relief.

Mr. Bradford was a prominent member of the Masonic Lodge and was regarded as one of the best advised men in this part of the State in the Blue Lodge work. He had spent a large part of his life in Masonic work. He was for several years Master of the local lodge and was Past High Priest of the Chapter, besides being a member of the Eastern Star.

He is survived by his wife, three sons and four daughters, as follows: Ed Bradford, Sweetwater; Will and Lee Bradford, Dallas; Mrs. L. W. Dorbandt, Mrs. Eli Merrill, Miss Carrie Bradford, Dallas and Mrs. Ralph Mimms, Sweetwater. Two brothers, Bennett Bradford, Dawson, N. M.; Lee Bradford, Frost, Texas, and a sister, Mrs. Emma Lynch, Italy, Texas.

Upon arrival, the body will be taken to the home of his daughter, Mrs. Ralph Mimms, in charge of the Masonic lodge who will also have charge of the funeral services. Funeral arrangements will be announced upon the arrival of the family this evening from Dallas.

### MASKED MOB WHIPS MAN

John Sullivan Administered Punishment Charged with Beating Mother

BEAUMONT, March 2.—John Sullivan, twenty-six years old, was seized and taken into the woods where he was severely whipped by a masked mob numbering at least twenty here Wednesday night. After the whipping Sullivan was discharged from a car in the city with a card around his neck bearing the label, "This skunk and coward whipped his own mother."

Sullivan said that he had been warned by the mob to give the details of the whipping.

### FELL IN BOILING WATER

Kate Blacklock, 5 Year Old Girl, Dies From Burns Received Recently.

Kate, the 5-year-old daughter of Mr. and Mrs. Blacklock, was buried at 4:30 yesterday afternoon in the Garden cemetery, following funeral services conducted by the Rev. J. C. Moore, pastor of the local Methodist church at Gannon.

Little Kate's death was the result of injuries received three weeks ago, when she fell in a wash pot about half filled with boiling water. Mrs. Blacklock was washing in the yard at the time and the child was playing near the wash-pot, and running backward, fell in a sitting position in the pot which was half full of boiling water.

She is survived by her parents, two brothers and two sisters. She was the youngest child.

J. D. Dulaney Jr. and Ernest Webster have returned from a trip to California. During their stay they visited the famous Hollywood motion picture studios.

### WEATHER REPORT

Tonight and Friday, fair and not so cold. Friday fair with rising temperature.

### TRACK TROUBLE CAUSES DELAY.

Train No. 5 On T. & P. And Sunshine Special Held Up By Weather.

Westbound Train No. 5 on the T. & P. arrived in Sweetwater at 5:55 o'clock this morning, approximately three hours late. The delay was caused by the late departure of the train from Fort Worth and the slippery condition of the intervening track. The eastbound Train No. 2, "Sunshine Special" was approximately thirty minutes late this morning, due to a delay at Big Spring and track trouble. No delays have been reported by the local agents of the Santa Fe and Orient railroads.

### WORK IS NOMINATED

Action Formally Announces Postmaster-General After Conference With The President.

WASHINGTON, March 2.—Dr. Herbert Work, now First Assistant Postmaster-General, has been nominated Postmaster-General to succeed Will J. Hays, according to an official announcement from the White House today. The nomination of Dr. Work was unofficially reported several days ago, but the formal announcement came after Work had been in conference with the President.

### BOY MAY LIVE.

Youth Who Shot Two Floydada Girls Has Fighting Chance For Life.

PLAINVIEW, Mar. 2.—Houston Upton, the younger man who is in the hospital at Floydada suffering from a self-inflicted gun shot wound, was still alive late Wednesday and the physicians said he has a fighting chance to live. Upton was found in a school house, in the Sunset community in Floyd County, early Monday morning, following the fatal shooting during Sunday night of two young girls while asleep in the home of one of the girls. Upton was in a serious condition when found, a bullet having been fired into his body just below the heart and cutting one lung and one kidney.

### PREPARES TO SHOOT

"Nitro" Necessary Being Put in Place; Expect to Blast Morrison No. 2 This Afternoon.

Preparations for shooting Morrison No. 2 were in full progress at Colorado today with the probability that the well would be shot at 5 o'clock this afternoon. The plans are to give the well a nitro shot, using one hundred quarts of the explosive, which will be placed in the hole at different depths, extending from the bottom of the well 200 feet upward. Equipment necessary for placing the explosive in position has arrived from Ranger and is being put down in the face of the coming shooting. Morrison No. 2 turned in the record flow of its career Wednesday when it flowed naturally for three hours with an estimated output of two hundred barrels.

### RENEWS APPLICATION

WESTBROOK, Texas, March 2.—E. L. McCarter district manager of the West Texas Chamber of Commerce attended a meeting of the business men here today and assisted in organizing the Westbrook Community Club. The Club renewed its affiliation with the West Texas Chamber of Commerce.

### GETTING WARMER

Thursday dawned clear and under the influence of a March sun snow and sleet rapidly disappeared. The weather report predicts rising temperature tonight and Friday by which time the worst blizzard of the year will have passed into history. It is hoped.

While not all of the Southwestern Bell Telephone Co.'s lines are restored to working order, most of them were and connections had been installed Thursday so that communication was possible in all directions. Linemen are busy replacing fallen wires and poles due to the ravages of the storm.

Mrs. J. F. Biggs of Dallas left for Brownwood yesterday afternoon, following a weeks visit in the city with Mrs. J. H. R. Lagow and family.

### Europe's Sensation

Madame Sakharoff is the dancing sensation of Europe. She's the daughter of Admiral Von Tirpitz who was himself somewhat of a sensation as Germany's submarine chief in the World War.

### COUNTY PIONEER FARMER BURIED

Came From Georgia to Texas During Reconstruction Days In 1865.

### WAS A CONFEDERATE VETERAN

A Descendant of a Sturdy Welsh Family Noted For Longevity Of Life.

Funeral services were held Wednesday morning at 11 o'clock, for William Goode, aged 83 years, 5 months and 9 days, one of Nolan County's pioneer settlers, who died Tuesday evening at the home of his daughter, Mrs. L. C. Tatum on East North Second street.

The body of Mr. Goode was transported to Colorado following the funeral services here where he was laid to rest that afternoon at 2:30 o'clock in the Colorado Cemetery by the side of his wife, who died fourteen years ago. Rev. J. C. Moore had charge of the funeral services.

Mr. Goode was born June 19, 1838 in Campbell County, Georgia. He came to Texas in 1865, this was during the reconstruction days, following the Civil War, coming to Nolan County in 1877, settling on ranch lands south of Roscoe. The town at that time consisted of only a few wooden shacks. The Texas & Pacific passenger station used at that time was a common ordinary box car.

Mr. Goode was among the first men in this section to take up farming in earnest. He continued along this line together with raising cattle, as long as he was active.

He was a Confederate Veteran, having been a member of the Twenty-Fifth Alabama Regiment, Johnson's command, Company F, Day's Brigade. At the time the South surrendered, he was in prison at Camp Morton, Indiana.

When he was released he walked almost the entire distance to his home, in Randolph County, Alabama, where he had married Miss Amanda McBurnett in 1860, just previous to the beginning of the war.

Mr. Goode was a descendant from a sturdy Welsh family, who were noted for their longevity of life on his father's side. His mother's people were English.

He had lived a Christian from early manhood, having united with the Missionary Baptist church when he was a boy. He was a great Bible student. Since his health began failing him several years ago, he had devoted the most of his time to the study of the Bible.

Mr. Goode is survived by five daughters and two sons, as follows: Mrs. R. O. Witt, Mrs. W. S. Howard, Dallas; Mrs. J. B. Simms, Hillsboro; Mrs. Ida B. Mangold, New York City; Mrs. L. C. Tatum of Sweetwater; D. A. Goode, Lake Arthur, N. M.; C. L. Goode, Colorado. Three sisters also survive, being Mrs. E. J. Newsom, aged 80, Merckel; Mrs. N. C. Witt, 76, Athens; Miss A. C. Good, 68, and three brothers, J. F. Goode, 71, Houston; I. N. Goode, 72, and C. B. Goode, 64, both of Moody, Texas.

Besides those mentioned, the most of whom were here, out-of-town relatives who attended the funeral were Walter Witt, nephew, Noodle and Fannie Goode, niece of Merckel, and Mrs. Val Forrester, niece, of Roscoe. Those acting as pallbearers and accompanying the body to Colorado were: Hubert Tolier, H. P. Harkins, Louis Polk and J. M. Aldorf.

### FIRST REGISTERED HEREFORD SALE EXCEEDS GREATEST EXPECTATIONS

Participating Cattle Breeders Express Their Satisfaction With The Result—Stockmen Plan To Stimulate Interest In The Production Of Blooded Stock.

### SHOW-SALE CONVENTION ENDORSED BY BREEDERS

Twenty-Five Animals Sold For Average Price of \$119.10—Highest Bid Received Was \$275—Weather Holds Size of Crowd Down; Big Show Urged.

The registered Hereford sale held Wednesday afternoon was successful and entirely satisfactory in every way is the opinion unanimously given by participating Hereford breeders following the event. "In view of the disagreeable weather, the results of the sale exceeded my greatest expectation," said Walter Boothe Wednesday afternoon. J. D. Dulaney and others in commenting upon the sale expressed similar opinions.

As the weather held the number of the crowd comparatively low, many prospective buyers in the neighboring towns were not in attendance. However, some of those who were unable to attend, let their wants be known through attending members.

In view of the success of the first sale of registered Herefords, plans will be started immediately in preparation for the next sale, which will henceforth be an annual event in conjunction with a Fat Stock Show and a Pioneer Cattleman's Convention. This meeting will be of more than one day's length, but the exact duration of the fair has not been definitely decided.

"Such action is indicative that the stockmen of this community realize the possibilities of an annual show in regard to the development of a better type of livestock in West Texas as an advantage to the community and a credit to the people of this section of the country," said Mayo, George Shepard in endorsing the Show-Sales-Convention idea in Sweetwater.

Methods of promoting the raising of a better grade of a cattle were discussed by several Hereford breeders following the sale. Local breeders have decided that the best way to

promote the idea is to have the younger generation, Boys and Girls Clubs of the county will be given an opportunity to purchase registered Hereford calves at favorable rates at an early age. These calves are to be raised by the Clubs children with the object in view of exhibiting them here at the next annual sale where they may either be sold or shown elsewhere at the owners pleasure. The local stockmen are to furnish the young blooded stock, the Boys and Girls Clubs are to develop the calves and the Sweetwater Show-Sales-Convention will furnish a place of exhibition and sale for the animals. Such a plan will stimulate the desire for better livestock and materially increase the interest in their production, is the opinion of the promoters.

The total amount of the sale was \$2,977.50 and the average price of the twenty-five animals sold was \$119.10. The highest bid received at the sale was from A. T. Newman of Sylvester, who purchased Miss Perfection 42 No. 102588 from J. D. Dulaney for \$275.

The first animal offered for sale was Beau Earling, No. 680680, consigned by J. D. Childers of Sweetwater. Bidding was slow on the first animal and Mr. Childers refused an offer of \$110, holding the bull at \$125. Beau Perfection, 30th No. 102855, consigned by J. D. Dulaney of Sweetwater, was sold to Walter Boothe of this place for \$100. Beau Interne 2nd No. 984585, consigned by W. T. Lewis of Blackwell, went to John Myers of Sweetwater for \$125.

Lacy Boy, No. 923879 was sold to Will Bandy of Sweetwater for \$110. This animal was owned and consigned by E. P. Nebbett and son of Sweetwater. Russell Fairfax No. 977981, consigned by E. P. Nebbett and son, was sold for \$140 to F. D. Howell of Fisher County.

H. M. Gathing of Roscoe was the purchaser of Beau Interne 2nd No. 984585. The animal was consigned by W. T. Lewis of Blackwell and sold for \$67.50. Ema's Polly No. 906785, consigned by W. T. Lewis, was knocked down to C. E. Kingsbury of Santa Anna, Texas, for \$95.

Sonora H. 140th No. 1055523, consigned by Henry M. Half of Midland, Texas, went to M. M. Aldridge of Sweetwater for \$90. Billie Lad No. 957383, consigned by C. M. Largent of Merckel, brought the highest price in the forepart of the sale when he was sold to Walter Boothe of Sweetwater for \$200.

Briton Lass No. 1077639 consigned by Henry M. Half of Midland was sold to John Cochran for \$90. The next animal on the block was Beau Perfection 28, No. 998979 bred and consigned by J. D. Dulaney. The bid ding was spirited on this animal and \$180 was the price. Bob Gainer paid for her. Another cow, Sonora H 127, No. 1039149 of Henry M. Half was sold to J. S. Aldredge for \$60.

One of W. T. Lewis' bulls Interne No. 984585 was sold to Roy Hedrick from the rug, for \$65.

Beau Perfection 56, No. 405393 of Dulaney's Cap Newman bought them both for \$150 and \$275 respectively. Paul Sorenson bought Pauline Sampson, No. 1017860 of the Walter Boothe herd for \$100.

John Myers was the purchaser of Irish Boy, No. 1032783 from J. D. Childers of Sweetwater, consideration \$205. Interne Lad No. 989935 consigned by W. T. Lewis of Blackwell went to John Gutar of Abilene for \$10.

John Cochran received Belle H. 132, No. 1039137 from Henry M. Half of Midland for \$60. Beau Perfection 35, No. 1028562 was sold by J. D. Dulaney for \$145 to John Myers. Beau Lad, No. 987382 became the property of Elmer Long of Abilene passing from C. M. Largent of Merckel for \$225.

Roy Hedrick of Sweetwater became the owner of Gail Donald No. 950456 consigned by Walter L. Boothe for \$105 Heroine H. 110, No. 1024291 brought \$90.00 to Henry M. Half of Midland and became the property of John Myers of Sweetwater. The concluding sale of the day was consummated when Beau Earling, No. 680680 consigned by J. D. Childers passed to Roy Hedrick for \$60.

The Hereford Cattle Breeders who participated in the sale here Wednesday wish to thank everyone who contributed to the success of the event. The use of the Montgomery building was greatly appreciated and the cooperation of the City Board of Development assures the cattlemen of a warm interest on the part of the city.

### SALE NOTES.

Henry M. Half whose six bullers brought a good price on the sale, was pleased with the sale. He said he felt like an intruder, coming from Midland over to Sweetwater. But the idea of a Hereford sale in West Texas appealed to him, he said, for the reason he was always in favor of buying at home. He is taking two bulls, two cows and three steers to Fort Worth this year but quoted numerous instances of men who had paid more for his animals at Fort Worth and Dallas than their price here from Midland over to Sweetwater. But the idea of a Hereford sale in West Texas appealed to him, he said, for the reason he was always in favor of buying at home. **GOOD MEN GONE**

In the deaths of William Goode, Martin Bradford, and S. B. Flynn, No. 100 County loses in one week three of the most prominent pioneers of this section. They were among the small band of strong willed men and women who converted West Texas into what it is today—who came out among the mesquite wilderness and laid the foundations of an empire.

The work that they began is bequeathed their descendants as a heritage of priceless value and stands as a memorial more enduring than granite. Even though the Angel of Death claim them as his own, they will live on in memory of those who remain—almost as if their familiar forms were still to be seen as of yore on the streets of Sweetwater.

**SUCCESSFUL SALE**

In spite of weather conditions which could hardly have been worse, the First Annual Sale of Herefords in Sweetwater proved very successful. The total amount realized from the sale by the breeders was in excess of \$3,600 with an average price which compares very favorably with that of other Hereford sales held recently. Breeders who had animals in the ring stated that they were well pleased with the prices realized. The sale was a trifle slow owing to the few buyers present. If weather conditions had been at all favorable the number of buyers would have been doubled or tripled with subsequent enhancement of prices through competition in bidding.

The important thing now is to prepare for next year. Walter Doobie, president of the Sweetwater Hereford Breeder's Association and to whose untiring industry and cool courage the success of this first sale is largely due, is authority for the statement that next year Sweetwater will have a real sale. Now that the ice is broken, this should not be difficult. With a show to be held in connection, a two day event can be arranged that will be a credit indeed to this community. And if poultrymen will cooperate with a poultry show at the same time and possibly other features that readily suggest themselves people can be pulled into Sweetwater from all over West and North Texas and advertise the town in a way that nothing else could do.

The coast is practically clear for such a proposition. Every neighboring town has a fall fair, which means competition for all of them. All that Sweetwater has to do therefore is to cooperate in this proposition and the town will have something that will grow with the years, and the town cannot help but grow with it.

**B. P. O. E. TO ELECT OFFICERS**

The local lodge of the B. P. O. E. will hold their annual regular meeting Friday night at the Hall. The chief feature of the meeting will be an annual election of officers for the coming year and a full attendance of the members is urged, according to M. C. Manroe, Exalted Ruler of the B. P. O. E.

**IRENE CASTLE BACK ON SCREEN.**

Gives Up Dancing To Appear in The Silent Drama; Makes Big Hit.

Irene Castle has returned to the silent screen. One of the world's most famous dancers, whose intriguing steps took New York by storm a few seasons ago, and who for the past two years has been leading a private life, returns to public favor this winter in a series of Helvue Productions, directed by Edwin L. Hollywood, for release through the W. W. Hodkinson exchanges.

Mrs. Castle's first production in the series is "French Heels," a modern drama of love and romance, which will be shown at the Queen Theatre Friday. Ward Crane, one of the most popular young leading men in the profession, is in the cast, together with Charles Gerard, Howard Truesdell and Thomas Murray; not to mention "Jocko," Mrs. Castle's now-famous monkey, which also has an important role.

Mrs. Castle abandoned public life two years ago, and at that time decided that she would never again be seen in pictures or on the stage. Powerful influences in the amusement world were brought to bear on her decision, however, and after several months of pleading the producers obtained her promise to again enter public life. In November Mrs. Castle opened an engagement at the new Knickerbocker Grill in New York shortly after she had completed the first production in the series of pictures in which she will be directed by Mr. Hollywood.

"French Heels" is a story by Clarence Buddington Kelland which originally appeared in "Everybody's Magazine." It is a story particularly suited to Mrs. Castle's personality, and has been adapted in a manner that enables the star to display most of the achievements that have made her famous. She dances, rides, and introduces a lumber of charming new modes that will excite the envy and admiration of every woman in Sweetwater.

A few seasons back Mrs. Castle was

the sensation of the dancing world. Her steps captivated New York, delighted Paris and shook London out of its lethargy with a jolt such as it had never before experienced. Then came the war and the sad event which took Mrs. Castle out of public life. But the public never forgot her, never ceased talking of the "Castle glide," and never stopped hoping that one day would find her again the center of public life. Once more Irene Castle is the sensation of New York, and once more crowds in every city will flock to the theaters where her pictures are shown. Mrs. Castle has one of the most charming personalities in the amusement world, and her vivacious manner and alluring moods will continue to captivate audiences for years to come.

The Queen Theatre is undoubtedly fortunate in having the opportunity to secure Mrs. Castle for a showing in Sweetwater and "French Heels" is an unusually entertaining picture with an engrossing plot and a romance as fresh as the breath of spring. And all who are fortunate enough in witnessing this play will see one grand treat of the season. The supporting cast is excellent and the director, Edwin L. Hollywood, is one of the best in the industry, assuring a magnificent production. With all these points in its favor, the picture should play to record attendances at every performance. Everyone is asked to note the first appearance which is Friday afternoon.

**WEBSTER'S WEATHER BULLETIN**

WASHINGTON, March 2.—The week centering on March 6 will average about normal temperatures on Meridian 90 from Gulf of Mexico to the far north. The high temperature of that disturbance will be in northwestern Canada about March 6, on and all along Meridian 90 March 5, and in eastern sections March 10. A cool wave will be in northwestern Canada near March 11 on Meridian 90 March 6, eastern sections March 12.

March temperatures will average near the average of the past four months or somewhat colder. Two principal storms will stir up the atmosphere severely and that is the only cause of the month averaging colder than the past six cropweather months. The storms upset the atmosphere and bring the cold, pure, upper ozone down to the surface. These storms will get in their work during the weeks centering on March 16 and 27. Both of them will be near the March equinox when the Sun will be over the Earth's equator.

That event surely adds something to the severity of the storms, but not so much as many have supposed. The effects of the equinoxes do not occur at the equinoxes, but at the dates of the severe storms that result from other causes and occur near the equinoxes.

The storms of the week centering on March 16 will be exceedingly severe and will begin to affect the weather near March 9. Better prepare for rough weather and carefully study the weather chart, so as to understand when the storms are expected to reach your vicinity. The

other storm, centering on March 27, will be very close to the total eclipse of the Sun, which will be on March 28, but these eclipses neither cause or control the storms. This eclipse will be visible only in the far south.

Between the middle of April and May 1 cropweather conditions will change from the average of the past five months to an entirely different make-up.

Knowing the cropweather of the last year is no aid in guessing what the cropweather will be for the coming year. It does not work that way. But several years averages, that were

## WEST TEXAS NOTES

**Find Mammoth Cave in San Saba County.**—Mark Terry and L. D. Marshall have discovered an enormous cave in the Gibbons pasture seven miles south of town. The entrance is but a narrow slit in the earth's surface, perhaps six feet in length and only wide enough at one end to admit the body of a man. This doubtless is the reason it had not been discovered before in this age, for they say there are imprints in the floor that indicate the probability of a prehistoric occupancy. One room they declare to be as large as an hundred acre field. They brought to this office stalagmites taken from the floor of this room; they say suspended from the roof are great numbers of stalactites like icicles. Their description and the illustrations displayed to us were very beautiful and indicate that the formations must have taken centuries in the making. The day they explored the cave was very cold, but they affirm that every garment they wore was wet with perspiration when they came out because of the suffocating heat, believing that the heat must rise from the floor of the cave and may be a vapor from steam. Further exploring was prevented because they could not keep their lanterns lighted. Rheinland Springs Eye Witness.

**Trades Sheep for Feed.**—Nearly all the Edwards County ranchmen are now having to do more or less feeding, especially of cattle, and with conditions as they are to provide feed is a problem; but ranchmen in this country learn to be resourceful. J. I. Henry passed through Sunday going from Sabinal to his ranch with a load of cake. John said he had taken his Ford truck loaded with sheep down to Sabinal and traded them for feed. After it was done he had a few less sheep to feed and his overstocked pasture was relieved that much. Several of the ranchmen are cutting brush for their sheep and goats. The animals will graze off the low brush in the pastures and the idea is to cut down the higher brush so they can reach it. O. Q. Marshall says he has two men cutting brush and provides feed for three or four thousand head. And his sheep and goats are doing well. He says sheep will eat brush just as well as goats when they can reach it, but a sheep will not reach for it as will a goat. And the cutting of brush is said to improve the pastures as a large number of young sprouts will come from the stump.—Edwards County Leader.

**Skunk Hides Legal Tender.**—The financial depression does not bother the people of Kimble county, who have made legal tender of 'Possum and Skunk hides, just like our forefathers used bear skins and furs in the olden days.

These facts were brought out in an advertisement appearing in the Junction Eagle in which a play was announced for the James Oliver School and the payment of admission placed at so many hides. The

scale of admission was as follows: General admission, one Possum hide. One Fox hide admits 1.00. One Skunk hide admits three. One coon hide admits five. Candidates, one skunk hide each. Children under 7, old maids and widows free. The ad winds up with 'Catch your 'Possum and be there.'—Prairie Sentinel.

**State Aid to Sutton County.**—County Judge L. W. Elliott is in receipt of a notice from the State Highway Department at Austin, informing the county that Federal aid to the amount of \$50,000 has been allotted to the construction of the highway from Sonora to the Schleicher County line. J. W. Alger, former assistant engineer of Dallas County has been appointed engineer for Sutton County and he is now in Austin completing the plans and specifications for this road. It will probably be two months before the work is ready for the bids.—Devil's River News.

**Coleman's Tax Record.**—The incomplete records of Tax Collector E. C. Johnson show 5540 poll tax receipts issued up to February 1st. There are a few more to work out in the mails but that number will not be equal to the number to be cancelled, said Mr. Johnson. The list when corrected may show 5540 poll receipts. Exemptions, included in the above total, number 163. City Clerk K. V. Wood's records show 574 poll tax receipts issued within the city of Coleman.—Coleman Democrat Voice.

**Sonora Live Stock Notes.**—C. E. Mundy of Brawley, Cal., was here this week looking for some sheep bargains. Earlier in the season he bought several thousand lambs that were fed for the Los Angeles market and made some money. D. J. Wyatt of Sonora sold to F. G. Beeler of Ardmore, Okla., 400 coming two-year-old steers at \$25.—Devil's River News.

**Joy in Anticipation.**—We see "by the papers" that talcum powder and sandals will be worn by the ladies next spring instead of shoes and stockings. This new style will have the advantage of being cool and comfortable during the hot weather, but we imagine the flies and mosquitoes—oh well, what's the use in taking the joy out of the anticipation?—Stirling City News Record.

**Poll Tax Payments in Crockett.**—There were 402 poll taxes paid, and twenty exemption certificates were issued, making the total voting strength of Crockett County 422. One hundred and sixty-seven women paid poll taxes and seven exemptions were issued. Taxes were paid a great deal better than had been hoped for.—Ozona Stockman.

**Will Build Ranch Home.**—Rector Greenbury has bought the material for the building of a modern six-room concrete bungalow on his ranch 19 miles south of Sonora. There will be an electric plant and other late conveniences. It will cost \$5,000.—Ozona Stockman.

**Ozona Wants Fire Protection.**—A petition is being circulated asking Crockett County commissioners to order an election to determine whether Ozona shall be incorporated for fire and sanitary purposes. Surely no well-wisher of Ozona, of his home, his family, can afford to oppose so good a measure of protection.—Ozona Stockman.

## MAY BE NEW FIELD

Indications Of Oil Shown in Alaskan Pools: Boomers May Succeed. The "Gold Rushers."

WASHINGTON, March 2.—The dim trails across the bleak snowfields of Alaska may soon be again alive with fortune-hunters as in the days of the Klondike gold rush.

If the oil fields north of the Arctic Circle are opened to development under the plan proposed in his bill now before the House, Representative Dan Sutherland, of Alaska, believes there will be great development of oil lands in the part of the territory north of the Arctic Circle.

"Under the government regulations now it is not worth while to attempt development, because only a small territory can be opened by one company," Sutherland said. "Under my bill a large sector can be worked, which will make the naturally expensive undertaking worth while."

The bill introduced by Sutherland, which has the approval of Secretary of the Interior Fall, makes it possible for one company to develop forty sections of 160 square miles, or 1,600 square miles, eight times as much as the government now allows in its other public lands.

"There is no danger under the bill of a monopoly," Sutherland declared, "because no company can control more than this allotment, and it must be remembered that the government gets a royalty which will probably be high in the new fields."

The glamor of romance hangs about

the discovery of oil in Alaska. Alec Smith, a Scotch trader, who knew the land like a hawk from following its snow-bound trails for thirty-seven years, was running ahead of his dogs one day when his foot suddenly crashed through the snow into a pool. He investigated. The liquid was oil. That was two years ago. Last Summer he led a party of investigation, representing rich oil interests in California, back to Point Barrow, on the far northwestern corner of Alaska, where he had made the discovery. The expedition cost \$20,000. It proved that Smith was right. Recently the pioneer came to Washington to talk matters over with Sutherland. It is likely he will be among those taking claims soon.

Robert Fulton taking his little boat up the Hudson. The invention of steam navigation—a lucky strike for him.

## LUCKY STRIKE!

When we discovered the toasting process six years ago, it was a Lucky Strike for us.

Why? Because now millions of smokers prefer the special flavor of the Lucky Strike Cigarette—because

**LOCAL AND PERSONAL**

Mrs. R. F. Truitt, of Wichita Falls, nee, Miss Lola Kendrick, is guest of her parents, Mr. and Mrs. A. S. Kendrick, Walnut Street.

Judge R. C. Crane has been in Abilene for several days looking after the late Miss Rosa Breedlove's business affairs.

Mrs. Robertson of Dallas passed through the city Tuesday enroute to the bedside of her little niece Kate Blalock, whose funeral occurred at the Gannon cemetery yesterday afternoon.

J. E. Goode of Houston arrived in the city last night and will visit his niece, Mrs. L. C. Tatum and family. He came too late to attend the funeral of his brother, William Goode which occurred yesterday afternoon.

Robert Withers is in Austin today to attend the state meeting of the Weight and Measure Inspectors, which convened in that city today. He also attended the "Push Ball" celebration at the State University, his Alma Mater.

**DECORATE MISSOURI'S CAPITAL**

JEFFERSON CITY, Mo., March 2.—Portrait of the history of Missouri in a frieze across the front of the capital building recently was decided upon by the Capitol Decoration Commission. The commission appropriated \$50,000 for the work. It will require about three years to complete the frieze. The governor's reception room is to have portraits of Mark Twain, Eugene Field, James S. Rollins, founder of the University of Missouri, and Susan Blow, who introduced the kindergarten into the American system.

**INFORMAL DINNER PARTY**

The four young men, composing the popularly known "Jim River Jazz Band" gave an informal 7 o'clock dinner party Wednesday evening at the Hotel Wright to several of their friends. This was their last evening in the city as they left on the morning train for their home in Aberdeen, S. D.

Plates were laid for Frank Murchison, Ralph Levy, Dallas Whaley, C. K. Kendrick, John Majors and Billy De Carlo and hosts, Dennis Curtis, Jimmie De Vere, Preston Porter and Dell Duell.

BORN: To Dr. and Mrs. A. H. Fortner a six and one half pound daughter this morning at 10 o'clock.

**BANDITS GET \$19,000.**

MILWAUKEE, March 2.—Five bandits in two automobiles, armed with sawed-off shotguns, held up Chief Paymaster Fred Wallner of the Palm Olive Soap Company today and took \$19,000 in silver and currency from him. They made their escape.

As taxes go up, patriotism goes down.

Being good and idle at the same time is simply impossible.

The store that thinks more of profit than of service is sure to go broke.

**FARM VALUES DECREASE.**

Income Less In 1920 Than in Preceding Years Say Statistics.

NEW YORK, Mar. 2.—The American farmer, who rose to unprecedented heights of prosperity in 1918 and 1919, earned less in 1920 than he has earned in any year of the last ten, if his income is reckoned in dollars having the same purchasing power as in 1913, according to estimates made public today by the National Bureau of Economic Research. Reckoned in actual dollars paid to him in 1920, the farmer's income, as shown by the report, was less than in the three previous years; but was greater than in the seven years from 1910 to 1916 inclusive. The figures, taken from a detailed report of an exhaustive, nation-wide survey, showed that the country's 5,450,000 farmers, in 1920, earned approximately \$7,200,000,000—a drop of \$3,450,000,000 from their income for the year before. The farmers, who represent about 15 per cent of the gainfully employed, have received during the last decade a share in the total national income varying between 12.3 per cent in 1911 and 17.4 in 1917 and 1918, until 1920, when it dropped to 10.9 per cent. The per capita income of the country as a whole, and the per capita income of the farmer, both measured in dollars of 1913 purchasing power, are given as follows:

| Year | Average income of all gainfully employed farmers in 1913 dollars | Average income of country as a whole in 1913 dollars |
|------|--|--|
| 1910 | \$ 940   | \$ 631   |
| 1911 | 923  | 593  |
| 1912 | 939  | 624  |
| 1913 | 955  | 657  |
| 1914 | 932  | 652  |
| 1915 | 1005   | 717  |
| 1916 | 1068   | 795  |
| 1917 | 1025   | 1004   |
| 1918 | 941  | 1011   |
| 1919 | 958  | 947  |
| 1920 | 850  | *543   |

\*Approximate. An official summary of the report adds:

"It will be seen that in 1920 the farmers fell faster than the rest of those gainfully employed. They had further to fall. "What the results may have been in 1921 can not yet be determined because while farmers again suffered heavy losses, the rest of the country also ran into a period of severe depression."

**CARD OF THANKS.**

We take this method of thanking our kind friends, here and in Colorado, for their sympathy and words of consolation, extended us during the last illness and death of our father and brother, William Goode. We especially thank those who sent the beautiful flowers.

**MEXICAN ROAD TO BE FINISHED SOON**

Completion Of International Railway Into Del Rio By July Is Now Planned.

IS BEST ROUTE TO MEXICO CITY

Will Tap Irrigated Fruit Country And Richest Agricultural Lands In Old Mexico.

DEL RIO, March 2.—The completion of the Mexican International Railroad into Del Rio within the next three months and the operation of the road by the last of July is the belief of John F. Robinson, secretary of the Chamber of Commerce of this city, who recently returned from an extended trip along the survey of the line and who has held an extended conference with the officials in charge of the construction. The railroad has been completed as far as Allende and is now moving slowly north. There are now 200 teams at San Marcos that are being worked on this grade. The government has a big supply of graders and scrapers at San Marcos and is going to turn these over to contractors who bid on the grade work.

The plan, according to Mr. Robinson, is that the government is going to let the grade in strips of a mile each and make an effort to get at least 35 contractors to start to work on one of the strips at the same time and try to get the entire grade completed within the next twenty days. Still 37 Kilometers Away. There are but 37 kilometers of uncompleted track between Villa Acuna and Allende. J. N. Martinez, the auditor and special agent of the Board of Directors of the Mexican International and Mendos Armendariz, the engineer in charge of the work, are both insistent that the government complete the line to the American border, in order to open up a new port of entry into Mexico.

Mr. Robinson said that these men had been of great assistance to him in getting the work resumed. The fact that some of the richest lands in Mexico, lies between Del Rio and Allende, that there is one irrigated farm along the right of way of over 85,000 acres that will produce enough fruit to supply the whole of West Texas, is one of the reasons why the government is anxious to get into the line completed as far as Del Rio. There is no limit to what can be raised on these lines. The track laying force will be increased as soon as the grades are completed and it is believed that they will be able to lay a kilometer of track a day. This, Mr. Robinson seems to think, will put the line across the river from Del Rio by the first of June. Del Rio has a small part of the money which the city promised for a bridge already raised and in a local bank, and it is believed that when work really starts on the bridge that the city will have

its bonus ready. Better Grade Through Del Rio. Sr. Martinez says that the government is convinced that the line will be a money maker if it is completed to the border, but that it will always lose money if it is left un-

completed 37 miles from the Rio Grande. He also pointed out that this would be a much better freight route to Mexico City, by reason of the better grade offered by this line as against the lines going in by Laredo, Eagle Pass or El Paso.

# PRESERVATION OF ORIENT IS SOUGHT

West Texas Chamber of Commerce And Interested Citizens to Meet For That Purpose Soon.

## ROAD IS GREAT CATTLE CARRIER

Thirteen Counties Touched By The Road—Six Will Be Without Service If The Orient Is Stopped.

Determine efforts will be made by the people of West Texas to preserve the Kansas City, Mexico & Orient Railway from the threatened discontinuance. The Orient road is in reality the only north and south road operating through Sweetwater and is the connecting link between Sweetwater and the southern West Texas towns.

The West Texas Chamber of Commerce and groups of interested citizens and shippers along the line will hold meetings in a short time in regard to the preservation of the line, according to William T. Wheeler, assistant manager of the West Texas Chamber of Commerce.

Officials of the railway will be invited to attend and it is hoped to map out a plan whereby the threatened suspension can be averted. The time and place of the meeting will be announced in a short time, Wheeler said.

Continuing deficits in operating and the failure of the road to obtain from the Interstate Commerce Commission and the United States Railway Labor Board certain concessions asked by Orient officials as a means of averting the necessity for suspension are given as the causes for the announcement just made by A. DeBernard, vice president and general manager of the line, that the road will have to go out of business by July 1 unless relief can be had.

### Effects 13 Counties.

The Orient line traverses or touches directly thirteen Texas counties, and if it ceases operations at least six of these counties will have no railroad service whatever. The territory through which the Orient line runs includes Hardeman County, where it enters Texas from the north. Ford, Knox, Haskell, Stonehall, Jones, Fisher, Nolan, Coke, Tom Green, Irion, Reagan, Crockett and Pecos. Some of the towns receiving service from it include Quanah, Crowell, Knox City, McCauley, Longworth, Sweetwater, Bronte, San Angelo, P. Colorado, Sonora and Del Rio.

Some months ago shippers met with the West Texas Chamber of Commerce officials and officers of the railway at San Angelo and at time all towns south of Sweetwater were represented at the meeting. A committee was formed to go to Washington to intercede for the road. Shortly before the committee arrived E. P. Byars, then traffic manager for the West Texas Chamber of Commerce, was in Washington and conferred with the finance committee of the Interstate Commerce Commission with a view to getting a loan for the road. Partial success was obtained at that time.

### West Texas Farmers Loan?

West Texas still has the same opinion that the Interstate Commerce Commission should authorize a loan for the Orient, because its collateral is good, according to Wheeler, and stated that the West Texas Chamber will do all it can to help solve the emergency that has lately developed. The Orient line is said to be one of the largest cattle carriers in the country and a large section is more or less dependent on this line as a cattle outlet to market.

# LEAGUE MEN COMING

League Heads From West Texas Towns Due in Sweetwater Saturday Morning.

Tomorrow morning at 9 o'clock, the Presidents of the Clubs in the West Texas League will meet in the Hotel Wright. It is expected that every town in the League will be represented.

Among the important business to be considered is the selection of opening dates, holiday dates and other matters pertaining to the schedule.

President Tidwell reports donations amounting to nearly \$500 and a demand for season tickets also. There is still considerable money to be raised, but if everyone does their share in this work it is thought that the necessary sum will be forthcoming.

## IS REDRAFTING LEGISLATION.

Cash Bonus Cannot Exceed Fifty Dollars is New Decree.

WASHINGTON, Mar. 3.—Bonus leaders in Congress have made the prediction that the no-cash gratuity plan will go through Congress with little trouble.

A sub-committee is engaged in redrafting legislation which will eliminate all cash bonuses except to those compensation is not more than fifty dollars. The bill is planned to be ready for presentation within two weeks.

# Cost \$50,000 A Year to Live

EDITH KELLY GOULD

NEW YORK, March 3.—She didn't want to be a discord, so she brought a court action to keep in tune!

Thirteen years ago Edith Kelly Gould was a \$25 a week chorus girl. Today she is a leading lady and her pitch—lowest note—is \$50,000. So she is bringing suit for that amount against Frank Jay Gould, whom she married in 1909.

"My financial pitch really is more," she says. "But I hope soon to be earning enough money myself."

How much does she spend?

She enumerated her expenditures for a year: Clothing, und'wr, shoes, etc. \$15,000 Apartment 6,000 Food 5,000 Entertainment 5,000 Dancing and music lessons 4,000 Auto 4,000 Doctor 2,000 Dentist 1,000

How much does she make?

Several hundred dollars a week.

Hardly Enough.

It is the increase from the chorus days that is the only thing she can't live on.

"However, if you want to be happy, don't place your financial pitch too high!"

She was busy. She had to go on with her part—the lead in "Pins and Needles," an English revue now in New York.

She went off—Singing as she did when she was in a lesser role—But in a different key.

# RECORD BEEF CLUB ORGANIZED

Don Brown, County Agent of Tom Green County, Leads the Work.

SPECIAL TO REPORTER. SAN ANGELO, March 3.—In conformance with the plans outlined by the All-West Texas joint livestock-dairy-poultry campaign being propagated jointly by the Fort Worth Stockyards Co. and the West Texas Chamber of Commerce, there has been organized in San Angelo what is reported to be one of the largest beef clubs in the history of West Texas.

More than seventy have signed for memberships in the baby beef club. These clubs are being organized by Don Brown, County Agent.

Each boy agrees to plant from three to five acres of sorghum grain, which grain are to be fed to the baby heaves. County Agent Brown estimates that as a result there will be at least two and possibly three solid loads of beef shipped out of Tom Green county this fall.

Fred Pipkin, who has been ill with the flu for several days is able to be out again. Pipkin played first base for the Swatters during the 1921 season and is scheduled to play the coming season with the Waxahachie Club according to local reports.

Gladys, the two-year old daughter of Mr. and Mrs. Ben Roberts, is reported to be improving since Tuesday. The little one has been ill the past three weeks and at different times the family have been very much alarmed over her condition.

Frank Ginsberg is moving his store fixtures and a part of his grocery stock from Snyder today, and will open a store in the building next door to the old Post Office. Mr. Ginsberg and family moved to Snyder about a year ago, but like many others "Came back."

Elder A. F. Thurman, instead of A. T. Thomas, as stated elsewhere will conduct the preaching services at the Church of Christ Saturday night and Sunday morning and evening.

# WAS BURIED TODAY

Funeral Ceremonies Of William Martin Bradford In Charge of Masonic Lodge.

William Martin Bradford, pioneer citizen of Sweetwater, who died at the home of his son, William Bradford in Dallas, Wednesday afternoon, was buried this afternoon in the Sweetwater cemetery.

The local Masonic lodge of which Mr. Bradford had been a member since 1889, took charge of the body at the close of the funeral sermon at the church and concluded the ceremony at the cemetery. Mr. Bradford had been a member of the Masonic lodge since he was twenty-one years old.

Many prominent Masons from Colorado and Snyder were present and assisted in the funeral services. The pall bearers, members of the Masonic lodge, were: J. D. Dulaney, Judge A. E. Mausey, George Willis, J. P. Major, J. L. Ross and J. L. Stephenson. The Reverend J. T. McKitsick of Midland conducted the funeral services, which were held at 2:30 o'clock this afternoon at the Christian Church.

The out-of-town members of the family who attended the funeral were Mrs. W. M. Bradford, Miss Carrie Bradford, Mr. and Mrs. Will Bradford, Mr. Billy, Mr. and Mrs. Lee Bradford, Mr. and Mrs. Eli Merrill and daughter, Elizabeth, Mrs. L. W. Dorbandt and two daughters.

Banks Honor W. M. Bradford. The City National and the First National Banks closed their doors at noon today and remained closed for the remainder of the day as a tribute of respect to the memory of William Martin Bradford, whose funeral took place this afternoon. The Texas Bank and Trust Company of which his son, E. G. Bradford is the president, has been closed the days since Mr. Bradford's death, but will be open for business Saturday morning.

# ROBERTSON IN FIGHT

Oklahoma Governor Attacked By Oil Operator Following Conference Regarding Failure of Banks

OKMULGEE, Mar. 3.—A fist fight occurred here today between J. P. A. Robertson, Governor of Oklahoma, and James G. Lyons, a local oil operator. Spectators separated the combatants after a dozen blows had been struck.

The fight occurred in the courthouse after a conference between Governor Robertson and County Attorney Hepburn, during which the Governor asked that he be permitted to testify before the District Court grand jury, which is investigating the failure of the State Banks in Oklahoma.

Governor Robertson and Lyons were introduced by a mutual friend in the lobby of the courthouse. As the Governor extended his hand, Lyons shot forward, striking the Governor in the face. "I am a man," the Governor was heard to say as he retaliated. No charges were filed following the fight.

Tension over the banking situation in Oklahoma and rumors that the grand jury is about to return indictments against "high State officials" in connection with the recent bank failures has been greatly increased by the affair.

Governor Robertson has recently refused to accept the resignation of Judge H. R. Christopher, who dismissed the resignation of Judge H. R. Christopher who dismissed the grand jury before it had time to return indictments involving two high state officials. This action was upheld by Judge Christopher was upheld by Governor Robertson.

# MOTHER FINDS BABY DEAD

Six-Month-Old Child Dies in Bed—Heart Trouble Responsible.

The six-month-old baby of Mr. and Mrs. Jim Nelson was found dead in bed by its mother, at the family home early yesterday morning. Physicians gave heart failure as the cause of its death.

According to the best information obtainable, the child was not quite well, but the parents did not consider it in a serious condition. The infant enjoyed its usual night's rest as far as the mother could tell, and before she arose to prepare breakfast the child had nursed and gone to sleep.

Mr. Nelson is employed at the oil mill and had left home as soon as his wife had prepared his breakfast. Before he was out of sight Mrs. Nelson was attracted to the bed where she had left the baby and found it was dead, but the body was still warm.

Funeral services were held at the home at 4 o'clock by Elder J. A. Bradley. Burial following in the afternoon.

# FINED \$1 AND COSTS

Lee Davis of score was fined \$1 and cost and given a sentence of thirty minutes in the county jail here Thursday. The jury pronounced Dav guilty of the theft of a bale of hay from L. L. Medlock of Roscoe recently.

# X-RAY SHOWS INJURY

Additional Injuries Resulting From Explosion of Stove Shown By Examination.

Rosetta, daughter of George Samuels is suffering from three breaks in her right arm, as shown by an X-Ray examination which was taken yesterday afternoon, besides numerous cuts about the head and shoulders.

The injuries resulted from being struck by fragments of iron from the exploding kitchen stove at the Samuels home Wednesday morning when bursting water-pipes caused an explosion, which blew the stove to atoms and scattered the burning coal over the kitchen and adjoining rooms.

Harry, the younger son is resting well today from his injuries, which consisted of a gash on the back of his head, reached to the skull, requiring six stitches to close. In addition he was badly burned from his lips to his shoe tops by the flying coals.

All chairs in the kitchen were demolished and the floors, walls and rugs in both the kitchen and dining rooms are badly damaged from fire and water and cut by the pieces of iron from the stove.

# REPORTS PROFITS IN 1921.

ST. LOUIS, March 3.—A net income exclusive of taxes and interest of \$4,993,572 or an increase of \$942,949 over 1920 is shown in the annual statement of the Southwestern Bell Telephone Company, made public Thursday. The net operating revenue was \$10,613,453, an increase of \$2,181,820 over the preceding year. The property of the company extends throughout Missouri, Kansas, Arkansas, Oklahoma and Texas.

Mr. and Mrs. W. F. Belcher and son have taken apartments in the home of Rev. and Mrs. D. B. Doak, at the Methodist parsonage.

# SHOOTING IS DELAYED

Special to Reporter. Plans for treating Morrison No. 2 to a "nitro" shot disappeared with the dropping of the explosive cap in the well while it was being put in place.

While lowering the cap to position gas shooting from the well caused workmen to lose control of the lowering apparatus until the cap can be recovered or another secured from Ranger.

The well registered its regular flow today.

# COUNTY SCHOOLS GET MONEY

Half of Conditioned State Aid Granted More After Inspection.

Nolan County schools have been granted \$4,137.90 of the conditioned State aid, and will be given the other half as soon as the schools are inspected by the State Inspector, according to Miss Minnie Fowler, County Superintendent.

The schools will receive their inspection about the last of March. The following amounts, which is one-half the amount granted the schools of the county, have been issued to the schools named below:

|                    |       |
|--------------------|-------|
| Bitter Creek       | \$200 |
| Cottonwood         | \$250 |
| Blackland          | \$300 |
| Nolan              | \$225 |
| Hytton             | \$250 |
| Ada                | \$145 |
| Plum Creek         | \$250 |
| White Flat         | \$190 |
| Brooks             | \$225 |
| Champion           | \$225 |
| Goode              | \$ 63 |
| Summers            | \$100 |
| Rock Crossing      | \$ 93 |
| Mesquite           | \$ 83 |
| Blackwell          | \$250 |
| Maryneal           | \$205 |

# BUILDING NEARS COMPLETION

Express Home Will Be Finest On The T. & P. Says Foster.

Work on the construction of the new American Express building here has been practically completed, according to C. H. Foster, who is overseeing the work. Irving J. Shapley of Houston is the contractor.

All inside work has been completed and only the painting and a part of the stucco finishing remains to be done. The building will be painted yellow and will be trimmed in black.

Sweetwater now has the finest American Express building on the T. & P. Railway, said Mr. Foster. It is even better than the Company's main building in Fort Worth.

The building is \$8500. Mr. Foster will leave for Houston before going a visit with his family will construct another building for the Express Company.

# TO SPEAK HERE MONDAY

Cullen H. Thomas, who is making the race for United States Senator in opposition to Senator Culberson, the present incumbent, will speak at Sweetwater 2 o'clock Monday afternoon, according to W. H. Jobe, who received a telegram from Mr. Thomas to this effect Thursday afternoon.

Mrs. C. E. Halle returned last night from Breckenridge, where she has been with her daughter, Mrs. E. O. Samms, who underwent a serious operation in a Cisco sanitarium three weeks ago. She was convalescing in a satisfactory manner when her mother left but both of her children were ill with the flu. Mrs. Halle is confined to her room today with the flu herself.

# MAY ACCEPT PARLEY

Illinois Mine Leaders May Desert United Mine Workers And The Mill Operators.

SPRINGFIELD, Mar. 3.—Illinois Union mine workers' leaders have threatened to bolt from the solid ranks of the United Mine Workers and make a separate peace with the State operators.

Belief that the Illinois miners officials gathered here would throw the invitation of the State operators for a parley was expressed by Frank H. Farrington, President of the Illinois miners here today.

In case that the Illinois miners accept Farrington's program and desert the strike idea, the miners in Ohio, Indiana and Pennsylvania will have to fight their own battle. Such action by Illinois is threatening the success of the intended strike and may be instrumental in forcing the belligerent miners in the other States to accept proposed parleys with greater reluctance.

# FLU CLOSES SCHOOL

EL PASO, March 3.—El Paso city schools were closed Tuesday for the balance of the week. Illness of a large number of teachers and pupils most of them victims of the flu in a mild form, was assigned as the cause of the suspension of the school work.

# STOCK SITUATION BETTER FOR YEAR

Cattlemen Think Times Satisfactory Stockmen's Credit Being Re-Established.

# STEER PRICES ARE ADVANCING

Middle-Western Cattle In Demand On The Pacific Coast, Where Drouth Damaged.

KANSAS CITY, March 3.—The cattle situation in the United States, which was going down hill over a very rough road of liquidation in 1921, has hit a smoother course and is taking the up-grade so satisfactorily that cattlemen have faced about in their opinions.

They now believe 1922 will return a fair degree of prosperity to the feeder and producer.

The cattlemen's credit is being re-established and that, in the character of his business, is his greatest asset. At the same time, the experiences of last year will make him guard this improvement.

Several Factors Enter. The factors that enter into the improved situation are:

The mental attitude of cattlemen. An easier loan situation. A moderate advance in prices of fat cattle. A material advance in fat hogs and lambs.

An increase demand for fat cattle from the extreme East, extreme West and Northwest.

Last year falling prices made cattlemen panicky. They tried to resist settlements of loans on a falling market. Some were wiped out financially, some succumbed mentally and physically under the strain. The first credit move to relieve this situation was the Stock Growers' Finance Corporation, a Morgan pool of some \$0 million dollars. Its organization was completed July 15, and first loan was made July 20. Towards the latter part of October the War Finance Corporation began to function.

Easier Loans, Easier Minds. The easier loan situation changed the mental attitude of stockmen, enabled them to renew loans, get new loans and check the fall in prices.

Of the 20 million dollars loaned to live stock interests by the Stock Growers' Finance Corporation more than 7 millions has been paid off. In the tenth federal bank district 20 millions has been lent by the War Finance Corporation on live stock.

Improving, M. L. McClure Says. "I not only believe, but know that the cattle situation is materially better than a year ago and will show further improvement in the next few months of the Federal Reserve Bank, and the head of the Stock Growers' Finance Corporation, last night.

"The cattle market is improving and will continue to do so. I am a bull on fat cattle," is the way Charles Schreiber, cattle salesman for John Clay & Co., expressed himself.

W. S. "Pony" Wyrick of the Cassidy Southwestern Commission Company, said:

"Though there have been a few interruptions to a steady advance in cattle, I believe further gains will be recorded. The whole situation is certainly materially better than a year ago."

"Thursday we sold 1,087-pound steers for Tom Allen of Orrick, Mo., for \$690, that cost him \$4.90 a hundred pounds when they were taken out one hundred days ago," said Charles Crider of Crider Bros. Commission Company at the stockyards today. "That is a fairly representative illustration of what the feeder is doing and, furthermore, I believe an actual shortage of fat cattle is going to develop between now and early July or the period when the earliest native grass cattle are available."

Building Up the Herds. Western and southwestern ranchmen are scouting for purebred bulls for herd use. The winter has been mild, cattle have come through in a vigorous condition and the per cent calf crop will be large.

"It's absurd," says Mr. McClure, "to say that the live stock business is 'busted.' With the feeder getting big profits from hogs, and many millions dollars going to farmers weekly from that source, there is a sure comeback for cattle. Hogs and cattle are too closely related in feeding operations to be separated."

Since the first of the year, the asking prices of aged steers suitable for the one season grazing have been advanced \$10 to \$15 a head. There is a big demand for young steers and breeding cattle from sections of the Northwest where the drought of 1920 depleted herds. Fat lambs sold here today at \$15.40 and wool prices are steady at 30 cents here in the yards.

More Shipments to Coast. In the last two weeks more live cattle have gone east of the Allegheny Mountains for slaughter than in any previous similar time in the last five years. California buyers are taking fat cattle on the Kansas City market and shipping them to the Pacific Coast for slaughter. The grass fat cattle of Pacific Coast states will not be available before May.

# THE MARKET PAGE.

Practically the entire food market is strengthening with the most radical advances registered in the price of flour which is up 25c a sack and sugar, which is up about one quarter of a cent a pound. The prices listed are for the day of publication and may vary for individual stores.

### RETAIL MARKET.

### SISTER MARY'S KITCHEN

## CANNED FISH

### Sister Mary Suggests Cheap Ways To Prepare It

Perhaps these receipts for using canned fish to you. There are a lot out of the ordinary and quite economical. Canned or smoked fish is apt to become more or less monotonous and unpopular unless carefully prepared and served.

#### Salmon iPe.

One and one-half cups flaked salmon, 1 1/4 cups cold mashed potatoes, 2 eggs, 1 tablespoon bread crumbs, 2 tablespoons butter, 1 tablespoon minced parsley, milk, 1 teaspoon salt, 1/4 teaspoon pepper.  
Remove all skin and bones from salmon and flake. Mix with potatoes, add butter, salt and pepper and eggs. Mix well and add enough milk to make of the consistency of very thick batter. Beat well. Turn into a buttered baking dish, cover with bread crumbs and bake in a moderate oven about 45 minutes. Any left-over cooked fish can be used in place of salmon.

#### Salmon And Macaroni.

Two cups flaked salmon, 1/2 cup macaroni broken in inch pieces, 3 tablespoons grated cheese, 1 tablespoon butter, 1/4 teaspoon salt, 1/4 teaspoon pepper, 1 cup white sauce.  
Remove all skin and bones from salmon and flake. Boil macaroni for 15 minutes in salted water. Drain and bleach. Add to white sauce. Add two tablespoons cheese, fish, salt and pepper to macaroni mixture. Mix well and turn into a buttered baking dish. Sprinkle with remaining cheese, dot with bits of the butter and bake 15 minutes in a hot oven.

#### Salmon Kedgeree.

Two cups salmon, 1 cup boiled rice, 2 tablespoons butter, 1 tablespoon minced parsley, 1 teaspoon salt, 1/4

teaspoon paprika, few gratings nutmeg.  
Remove skin and bones from salmon and divide in rather large flakes. Melt butter in a smooth sauce pan, add rice, cover and shake over the fire until thoroughly hot. Season and add fish. Lift very gently and cook five minutes to heat the salmon. Serve poled on a hot dish.

#### Tuna Fish With Eggs.

Four eggs, 1 cup tuna fish, 2 tablespoons butter, 2 tablespoons milk, 1/2 teaspoon salt, 1/4 teaspoon pepper, hot buttered toast.  
Beat eggs slightly with milk. Season with salt and pepper. Melt butter in sauce pan and add the tuna fish broken in flakes. When very hot add the eggs. Cook slowly and stir with a silver fork constantly. Lift the mixture rather than stir it round and round in the pan.  
When the whole begins to thicken remove from the fire and serve on hot buttered toast.

#### Curry Of Salmon.

One large can salmon, 2 tablespoons butter, 1 dessertspoon curry powder, 1 dessertspoon flour, 1 sour apple, 1 small onion, 1 teaspoon lemon juice, 1 cut water, 1 teaspoon anchovy or bloater paste, 1/2 teaspoon salt.  
Melt butter and fry onion (sliced) without browning. Mix curry powder with flour and add to butter. Cook, stirring constantly for 15 minutes. Add water, apple coarsely chopped, and salt and simmer for half an hour. Strain, add lemon juice, anchovy paste.  
Cook two or three minutes and add the fish separated in large flakes. When perfectly hot pour into a border of hot boiled rice.

### CANNED GOODS WEEK.

From March 1 to March 8 is National Canned Goods Week. Instituted by the manufacturers of canned goods to call attention to the superiority of method now used in the preservation of eatables. In Sweetwater, representatives of the Libby Company were the only manufacturer's agents to take advantage of the campaign which is being conducted on a nation-wide scale. Libby & Co's products are displayed in every grocery window and an advertisement is also being carried on the Market Page of The Reporter. So that many local people think it is Libby's Canned Goods Week.

### INFANT DIES.

The 3-day-old infant of Mr. and Mrs. Alex Cagle, residing on Mrs. M. V. Brantley's farm, died last night. The little one is one of twins who were born Tuesday night. The funeral will be held Saturday at the Palava cemetery.

Mrs. J. E. Wood returned last night from an extended visit with her sister, Mrs. George Norton, at Chickasha, Okla.

The Parent-Teachers Association held their regular monthly meeting at the school building, this afternoon, with the President, Mrs. W. H. Jobe as presiding officer.

The box Supper and entertainment given by the W. O. W. and W. Circle at their hall was a financial and social success. The proceeds to go toward buying regalia for the Circles and Woodmen Drill teams.

Mrs. S. I. Edwards will be hostess at a meeting of the Presbyterian Aid and Missionary Society Monday afternoon. At this meeting the annual election of officers will take place and an interesting social hour will follow. Every Presbyterian woman in the city is asked to be present.

Grady Charles is back at his place of business today following an illness of several days with the flu.

You never knew that  
Corn Flakes could be  
so wonderful  
as Kellogg's

"Say, Captain, let the enemy come on! We can hold out a long, long time with this big box of Kellogg's Corn Flakes! Wish it was time to eat now!"

Kellogg's are a revelation, not only in Corn Flakes, but in cereals! Such delicious flavor, such crispy crunchiness never before was believed possible in corn flakes! You have a great treat awaiting you the very first time you sit down before a generous bowlful of Kellogg's Corn Flakes and a pitcher of milk or cream—and fresh fruit, if it's handy!

It isn't fair to yourself and your family not to share in the pleasures that Kellogg's Corn Flakes so generously spread over the nation—and the world. You are missing a taste-thrill! So, tomorrow morning, serve Kellogg's Corn Flakes for breakfast, or for lunch—or for between-meals nibbles! They're wonderful—and never tough or leathery or hard to eat!

Insist upon your grocer supplying KELLOGG'S Corn Flakes—the delicious kind in the RED and GREEN package that bears the signature of W. K. Kellogg, originator of Corn Flakes. NONE ARE GENUINE WITHOUT IT!

Don't forget, KELLOGG'S Corn Flakes are made by the folks who gave you the JUNGLELAND Moving Pictures. Coupon inside every package of KELLOGG'S Corn Flakes explains how you can obtain another copy of JUNGLELAND.

FOUND 48 RATTLESNAKES

San Saba Ranchman Tells of Big Catch From the San Saba News W. A. Weldon was in the county capital one day last week from his ranch in the western part of the county with a story about a party of young boys from Mercury finding a rattle snake den under a big flat rock in the roughs of his pasture just this side of the McCulloch coun-

ty line that had 43 snakes in it. The boys killed three of the first snakes pulled out of the den and then put the other 40 into a keg and shipped them to San Antonio.

Mr. Weldon heard the boys over in the pasture and went to see what they were up to and says its was great sport to watch them capture the rattlers. The old ones would fight pretty quick, but the smaller ones seemed to be sleepy and were inclined to try to get away instead of fight. None of the rattlers were real small ones, most of them having from four to nine rattlers. And they were met all the types of the rattle snake.

A party of Mercury boys caught 57 big rattlers in a den just west of Mercury about a month ago.

**YOUR REGULATOR**

When you went to school, you learned that water always seeks its own level. That's why mother's copper wash boiler leaks through the hole in the bottom. The water starts its journey back to the sea, soon as it gets a chance.

Sun evaporates ocean water. Moisture drifts inland, condenses and falls as rain. You see this rain when you stand beside a river. It is flowing—back to the sea, seeking its own level.

There you have the universal principle that governs all men and all conditions created by their stupidity or intelligence.

The average farm-hand's pay has dropped to \$43.32 a month without board and \$39.14 a month with board. Uncle Sam's department of agriculture announces this. It points out that farm wage rates during 1921 dropped an average of 27 per cent.

That decline just about matched the drop in wholesale prices of food. Observe the universal law at work—wages and prices seeking a common level.

Herbert Hoover furnishes tables showing prices out of line. Some prices are twice as high as in 1913. Others have deflated to the pre-war level or below.

Gradually you'll see all prices meet at a common level. No one

knows what that level will be. Prices extremely low now may rise to strike a medium with prices now extremely high. Then, when equilibrium or balance is established, a business boom will start.

Ability is among the things that seek their own level, for the law of compensation is a natural force, as inexorable as the law of gravity.

That's why "you can't keep a good man down." That's why the incompetent is shouldered aside by a better man. We have to pay for everything in this world. And, in the long run, we get no more out of life than we give.

**COUNTERFEIT**

For the first time since 1894, counterfeit two-cent stamps are in circulation. In very small quantities, though, so don't wear out spectacles looking for them.

The counterfeiter will soon be caught. If he had brains, he'd go after big game. What are his chances against the super-brains of Uncle Sam's secret service. None at all.

**Dr. Henry Van Dyke Says Diseased Morality Grips the World, Just Back From Europe.**

**CHALLENGERS AND STATESMEN.**

Talks with taxicab drivers and statesmen in the countries of Europe convinced Dr. Henry Van Dyke—Author, educator and former United States minister to Holland—that the world isn't going to the dogs. Just returned from a two-months trip abroad, Dr. Van Dyke has given an interview to NEA Service, in which he says that the world's troubles are chiefly moral. The remedy, he says, is sympathy between nations.

By DR. HENRY VAN DYKE, PRINCETON, N. Y., March 1.—The war was caused in great part by a disregard of national psychology. Germany, obsessed by the Hohenzollern myth, was utterly unable to put herself in the place of other nations and understand how they felt.

A somewhat similar lack of psychological sympathy is the main thing that imperils peace at the present hour.

If the nations would only try to do unto others as they would have others do unto them at least half of the difficulties that beset Europe, and that seriously affect the United States, would melt away.

But the other half would remain and would have to be dealt with by practical measures, like those which have recently been undertaken at the Washington Conference and carried through to a success which, though not yet complete, is greater than the friends of permanent peace dared to hope at the outset.

The condition of affairs in Europe

certainly is not altogether good. But it might easily be worse. The task of peace-loving nations at the present moment is to prevent that deterioration. If that can be stopped the natural forces of good which reside in humanity will gradually bring about an improvement in industry, trade, finance and all the arts of peace.

I do not believe that humanity is bankrupt, civilization shipwrecked, and the world doomed to destruction. That idea is a delusion of hysteria in minds of a certain type, shellshocked by the war and not yet returned to normal and reasonable ways of thinking.

But the mass of people in America and even in Europe are really not like that. They enjoy their victuals and their sleep, their simple pleasures and their family relations. They love their home and their country and are willing to work for them. Indeed, they would much rather work for them quietly than be shot to pieces for them. That is why they are hungry for peace.

My estimate of the situation is not official. It is simply the opinion of a private person who has knocked about the world for 70 years and been in close relations with all sorts and conditions of men.

On this visit to England and France I met the leading statesmen of both countries and heard them talk in the freedom of private intercourse. Neither France nor England is militaristic or imperialistic, whatever bluffers may profess to believe to the contrary. No militaristic government in France or England could survive for a week. The people would make an end of it.

I saw a good deal also of my old friends, the taxicab drivers, and found them much improved in manners and morals.

I did not meet with a single pirate among them.

Of course, they growled about the price of gasoline—and with justice. But so far as I could see they played no tricks with their fares. They were as obliging and cheerful as you can expect men with a rough life to be, and they were always grateful for the small bonus added to their too legal fare.

Let me wind up this interview in two sentences:

The chief cause of the present troubles of the world is moral—lack of thought and dullness of heart among us men.

America must help Europe, of course, but the best way in which she can do this is by helping Europe to understand and help herself; the time for dropping pennies in the hat has gone by.

**CHURCH ANNOUNCEMENT**

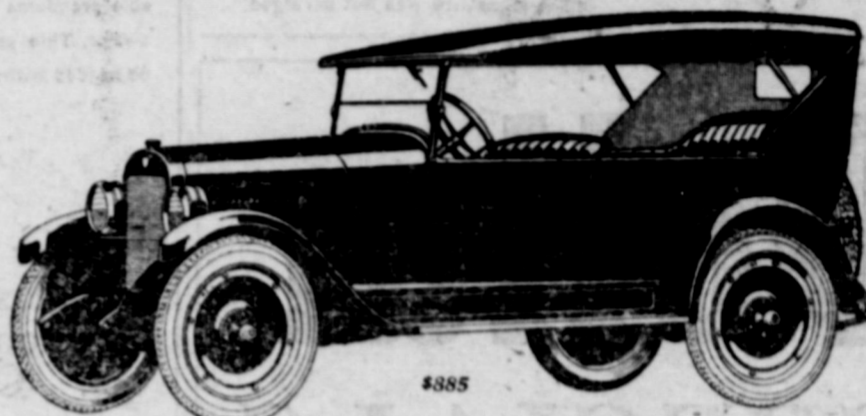

Elder A. T. Thomas will preach at the Church of Christ at 7:30 o'clock Saturday evening and at 11 o'clock A. M. and 7:30 p.m. Sunday. The public generally are invited.

A RARE degree of reliable, saving service; a performance of the first order; and a wonderful ease of riding and driving—these are already firmly established as the outstanding properties of the New Series of the good Maxwell.

In other words, these fine cars embody the good qualities which every man wants in his car—plus a beauty of design which gives them particular distinction.

Touring Car - \$885 Roadster - \$885 Sedan - \$1485 Coupe - \$1385

## BUYING BLINDLY

You might as well turn your back on the sales clerk who is waiting on you as to undertake to make your purchases without reading the store news—the advertising that is placed before you every day in your daily newspaper. Perhaps you will be lucky and stumble upon the best value for your money, but the chances are against you. Advertising is the guiding star to sane and economical buying. Whoever wilfully shuts his eyes to its light is contriving to his own misfortune.

The merchant who advertises is dominated by a spirit of service—a desire to let people know in advance what they may expect in his shop and from his merchandise. Publicity is his god. The more the public knows about his store the better he is satisfied. He believes in his wares, brings them out into the light of day and backs them with his name and reputation. He is proud of his store and his goods and his salespeople, and he can't help proclaiming it to the world.

Success in merchandising is not an accident. Prosperous business don't just happen, Topsy-like. They are the result of serious, untiring application and a sincere ambition to give the public the best the market will supply at the lowest price consistent with quality.

Read the advertisements!

When a merchant advertises in The Reporter he has openly declared himself to the buying public, he has gone on record and he knows full well that 5,000 families stand witness to the manner that his claims are fulfilled.

There is something open and above board about advertising, a straightforward quality that begets confidence. Advertising is like sunlight. It is the essence of health to all that is good and it is an agency of destruction to all that is unsound and unworthy. It is used with enthusiasm by those who have nothing to conceal; it is shunned by those who have something to hide.

### DRUGGIST SPEAKS IN FAVOR OF NEW IMPROVED ASPIRIN

Edwin Bruce, Pharmacist and Traveling Salesman, Speaks Right Out in Favor of Improved Aspirin Tablets. "I have spent my entire business life in the drug business, acting years as prescription pharmacist in Denver, Dallas and other large cities," said Mr. Bruce, "and for the past several years I have acted as traveling salesman of the large wholesale house of H. W. Williams & Co. of Fort Worth. "I believe that my connection with drugs and medicines places me in position to speak of the value of Aspirin and Laxative in combination. On my last trip west I caught a severe cold and when I arrived in San Angelo went immediately to one of my customers and he showed me the new B. & C. Laxative Aspirin Tablets. Immediately I saw the value of Genuine Aspirin and the best Laxative known. "I bought and began using them at once—the effect was immediate and remarkable, next morning I was free of cold and feeling perfectly well. I, as a pharmacist, recommend B. & C. Laxative Aspirin to anyone suffering from a cold." The Genuine B. & C. Laxative Aspirin Tablets are sold by Sweetwater Drug Co., Corbett Hubbard, and Palace Drug Store. Price 20c per box.—Advertisement.

Governor Channing H. Cox of Massachusetts becomes a boy again on the toboggan slide at North Conway, N. H. With him are Mrs. Cox, in front, and Mrs. Bernard Q. Bond.

**Coleman Stock Farm Sells.**—A good-sized business deal consummated during the last week was the purchase by S. F. Brown of the Dr. O. B. Maness stock farm three miles north of Coleman. The farm, which is one of the choicest in the community, embraces 340 acres and the transfer included all implements and live stock, horses, cattle and sheep. The deal is said to have approximated \$29,000. Mr. and Mrs. Brown moved to the ranch Wednesday.—Coleman Democrat-Voice.

**Coleman to Get Bids on Road.**—Sealed bids for construction of Highway No. 23, Coleman to Callahan County line, will be received March 12, two o'clock p. m. at the office of the county judge, Coleman, Texas. The distance is 22.35 miles and bids are asked for on the entire job, or with drainage structures eliminated. It is to be a gravel road, 24 feet crown and 15 or 18 feet hard surface. New concrete bridges will replace the old steel and wood bridges on Hord's Creek, Jim Ned Creek and Pecan bayou. Highway No. 23 is a connecting highway link from northeast to southwest part of state and will connect with the Bankhead Highway at or near Cisco. The estimated cost of the 22.35 miles, including bridges and drainage structures is \$348,000, which estimate may be considerably lowered by bids to be received. The Federal Government has allotted dollar for dollar on the project.—Coleman Democrat-Voice.

**Has a Pet Wolf.**—A. J. McAllister, janitor at the Brownwood courthouse is now the owner of a wolf which he is converting into a pet. He keeps the animal chained in his yard at home except when he leads it round town for exercise, and at this time it is the cause of a great deal of curiosity.—Brownwood Bulletin.

**Auto Thieves at Brownwood.**—Automobile thieves got away with two cars at Brownwood Tuesday night, and Wednesday morning, according to the Brownwood Bulletin. The thieves broke open the garage of J. W. Malone and escaped with a Ford roadster, Tuesday night, and in broad open day light and while the owner of another car, Mrs. L. P. Baugh, was attending church at the Christian tabernacle, thieves drove her car away from that place. The officers have no clue, but the surrounding country is on the lookout for the thieves and the stolen cars.

John Flannagan of Pennsylvania is in the city on business. He visited here ten years and invested in several residence lots. He made many complimentary remarks concerning the city's growth since his visit. At that time he said there were not any paved streets in Sweetwater.
