NUMBER 41.

SWATTERS HAVE FIRST WORKOUT

Popbey Smith Returns From Fort Worth Isn't Putting Out Anything Now.

TOTAL OF 19 MEN REPORT

Case Of Survival Of Fittest—About Thirty Will Be Whitled To Thirteen.

Manager Pophoy Smith returned from Pantherville this morning to discover that the population of this thriving city had suddenly been increased by nineteen, mostly of whom were listed as pitchers and catchers. Immediately after exchanging hand-clasps with his "children," Pop issued orders to report at Swatter Park, in uniform, at eleven bells.

At 11:15 the bleacrers were well crowded with Sun Gods and bail players, both long and short, lean and fat, thick and thin, were here, there and everywhere. After the usual preliminary warm-up the boss took the rook fes through their paces. The first work-out consisted principally of light hitting and fielding practice and

light hitting and fielding practice and much care was exercised to prevent the ovr-zealous from cutting loose

Among the early arrivals who will fight tooth and nail for a berth with the noble Swatters are; Intielders Moore, Trotter, Bradley and O. Par-Moore, Trotter, Bradley and O. Parker; Outfielders L. Parker and Cook; catchers Ware and Black and pitchers catchers Ware and several others. Adams, Hanna and several others who arrived too late to don a monkey suit. Fleharty, Tidwell and Trammell were also very much in evidence.

The morning session was brought to an end with a rather stiff infield work-out with Parker on first, Moore at second. Trotter cavorting around short and Tidwell and Bradley hand short and Tidwell and Bradley handling the hot corner. There is no better hitter to the infield than Pophoy
and he had this quintet working in
midseason form before ordering them
to the showers. The work of Moore
at second and Trotter at Ezzell's oldd
station was especially pleasing and
brought forth much favorable comment from the bleacherites. Tidwell
also looked like he is due for a splendid season and delighted the bugs
with a few solid smashes up against
the beards. Earl Pleharty exhibited,
more pep than the yongest rockle and
has entirely lost the bag window that
was so much in prominence this time
last Spring. He is just thirty pounds
lighter and shows it in every action.

Manager Smith brought back good

it. Official announcement, will appear within the next few days.

The two-a-day workouts will continue without interruption: from 9:50 to 11:30 in the forenoon and 1:30 to 320 in the afternoon. The passeball colony will be increased daily with tossers from all points of the compass drifting in on every train. With but a very few exceptions, not a play er is sure of a 1922 berth, every boy will have a fair trial. Prest-O-Plates, the greatest advance

in battery making.

Either one singles out Prest-O-Lite from other batteries. Combined they make it a battery value without a rival.

Money-Saving Figures

Prest-O-Lite Batteries represent the greatest value in years. Consider that you can buy a regular Prest-O-Lite Battery for popular makes of light cars for \$19.90 (trade-in price).

Here are other outstanding values: \$24.50 (trade-in price) for a 6-volt type serving

There are similar reductions on every Prest-O-Lite Battery, and Prest-O-Lite builds a correct type of battery for every make of motor car and

Yes, With PREST-O-PLATES

These are not special models. They are top-quality Prest-O-Lites, with the famous Prest-O-Plates.

Prest-O-Plates are as different from ordinary battery plates as gold is from gilt. They combine unusual hardness with a peculiar porosity. None of the old plate compromise between hardness and porosity. Prest-O-Plates have both.

This explains their ready dependable reserve power in biting zero weather, and their non-buckling, heat-resisting strength in summer.

Experts say that they are the world's best battery plate, and this is the same as saying that Prest-O-Lite is the world's best battery.

For the life of a battery is in the plates. You never need a new battery until the plates in your old go bad. As long as you have live plates, you have a battery.

Doubly Guaranteed

And every part of a Prest-O-Lite Battery is worthy, in material and workmanship, of Prest-O-Plates.

That is why 87 leading manufacturers specify Prest-O-Lite as original

equipment, and "the list is growing."
Every Prest-O-Lite is backed by

regular Prest-O-Lite guaranty, a definite obligation, plus a spirit that says the car owner must be pleased.

Use PREST-O-LITE Service

It is our business, as part of Prest-O-Lite Service, the oldest organized service to motorists, to carry out this spirit; and to see that you get every bit of life out of a Prest-O-Lite Battery.

But, no matter what battery you have, use our Service Station. You will find our experts ready to help you pro-long the life of your battery. No one here will tell you that you need a new battery until youdo. Come around today.

A German general said that the 15. chief reason American soldiers were good fighters was becarse they had not been trained to retreat. Trench warfare was doomed as soon as It is not American nature to sit in the mud patiently for two or three

War Department now wisely issues orders to corps area commanders, of merely holding their ground. There is a success tip that you may turn into money.

All business, all participation in the great industrial machine of civilization, is a form of warfare. You see the law of "survival of the fittest" working in trade associations. Jobbers or manufacturers band together in good-natured fellowship to accomplish certain ends. Easy to keep them together when times are good. Then depression arrives, members get restless, soon descrt the association and begin cutting each other's throats.

Every man should consider himself a warrior, bettling to attain the victory of a fair share of general prosperity, up to the point where his takings cut into what belongs to others. This is especially true in West Texas, where elements unknown in most communities come in ever so often and offer a business

pecially true of salesmen-you must be constantly up on your toes, fighting hard by putting the very best of yourself into what you are doing. At CORRECT-ATTEST: the end of each day ask yourself: "Am I making progress toward my goal, or am I just standing still?"

The man who is standing still is getting ready to go backward. Leting the trenches. It wards off de feat but doesn't bring victory. The man who mechanically handles the Charter No. 11468. keeps yearning for quitting-time, will never be a Napoleon.

Promotion, riches, success, the top rung of the ladder-these come to the man who puts more than average energy and brains and care into his immediate tasks.

Hard work is the eternal key to wealth. There are skeleton keyschance. A certain man was convinced he was a master actor. He could not get a try-out. Se he plugged along in burlesque," doing the job better than he really had to. One day David Belasco dropped into the lasco gave him a chance. He made Wartield.

THE MERRY JOURNEYS OF MARY JA

Monty the Monkey Plays a Trick on Mary Jane

TONTY GIAMMARINARO had a steady job wearing a red soldier coat and hat, and collecting pennies for old Joe Giammarinaro. Old Joe used to come round with a hand organ every little while.

Well, one day Mary Jane was just starting for school, when Joe and Monty came along, and they played a tune. Mary Jane sat down to hear the

music, and she put her lunch basket right alongside of her.

Finally Mary Jane gave Monty two cents, which he put in his little pocket.

Then Monty came over and said. "Mary Jane, I bet I can hold a bigger bite in my mouth than you can." Mary Jane said she bet he couldn't. And Monty said he bet he could.

So Mary Jane opened her lunch basket and took out a great big piece of bread, with lots of rich Mary Jane

Syrup on it. She broke off a piece, and gave it to Monty, and took a piece just

like it for herself.

Monty took a big bite, and he put it in his left cheek, then he took another bite, and he put this in his right cheek. It made him look very fat and sassy. Then he took another bite. He kept this right in the middle of his mouth, and he chewed it all up. Long before Mary Jane had finish

with one bite Monty had eaten his 3 oites. And then Mary Jane found that she hadn't any Mary Jane "spread' for lunch, and she had to run for school or she'd be late. For the school bell was just starting to ring. Monty waved his hand at hee, and said "Next time I tell you anything, Mary Jane, you'll believe me."

Mrs. Asquith Takes 10 Punches at Us

(By Ruth Abeling) March 20—America has made 10 distinct impressions on Mrs. Margot Asquith, drawing-room politician, dia-rist and lecturer.

And the 10 impressions gained by this famous Englishwoman, the wife of a former British premier, are not altogether flattering. Here they are as she told them to me. SOCIETY

1. Your social life is terrific. You have 50 guests at dinner and call it a party. Your hospitality is slightly exaggerated."

WOMEN
2. I find all women everywhere who, wish to succeed socially are much the same. They have hearts, brains yes, it's safe to say bodies—cut out after the same pattern. So America surely is not distinctive for its women who have social ambitions. But among business women you have a very characteristic element, conservative and charming. However, I dont see how American business men can employ certain short-skirted, barekneed, rouge-lipped females who talk too much. I find the average young howevers men a more poised, more elegant person than the average busi-

3. In your cities, as I have seen to mem. I have found no women to whom I could apply the term 'house-'eo with any degree of correctness. Then where are your housewives? In the country, of course. I have watch ed your fine country homes from train windows and have said of this one or that one. 'Now, there must be a very happy home.' Though, of course, the furies may be playing within."

PROHIBITION

4. Prohibition, which I always favored, is most harmful in its effects as I see them in America. Lord Lee (first lord of the British admiralty) soys my statement that there is drunkenness among American young people is 'cruel ludicrous and untrue.'
