FALLING OF WIRTH CABINET PENDING

News Not A Surprise In Official Circles At Washington—Fate Of Government Was Plain 'Tis Said.

CRISIS THREATENS ALL EUROPE

Violent Action May Result In Germany Within A Week—May Lead To Complications With France.

By The United Press.

WASHINGTON, July 8.—The reported downfall of the Wirth government in Germany is not received with surprise among administration circles here. The state and commerce department officials, who have been in close touch with the German financial and political situation, have felt for some time that a crisis was approaching.

Reports show that the German police have been suppressing anti-republican demonstrations in the country for some time. The real crisis is expected to follow within a week.

By The United Press.

BERLIN, July 8.—Germany went to Paris again Saturday night, this time to sue for financial peace. The German agents were despatched to ask the reparations commission for a moratorium, and to notify the Allies that Germany will be unable to meet the reparations installment, which falls due on July 15.

The envoys will argue that Germany needs a respite to allow her to pull herself out of her financial difficulties and that the payment of fourth or installments at this time will mean the collapse of the industrial situation within Germany. The financial structure of the German republic is officially dead.

GERMANY ASKS MORATORIUM.

By The United Press.

BERLIN, July 8.—Germany has asked that the reparations commission grant a moratorium, as the Wirth government has stated that it cannot meet the next payments on July 15.

CRISIS THREATENS EUROPE.

By The United Press.

LONDON, July 8.—A political and economic crisis is hanging over Europe as the result of the threatened financial collapse of Germany, according to authoritative information learned here Saturday. The belief is expressed by Lloyd George, British premier, that the increasing situation will result in further Franco-German complications.

HELD ON MURDER CHARGE

HUSTON, July 8.—Charles T. Goodson, 29 years old, who was charged with the murder of George Buzzett here a few weeks ago, was shot and killed at the yard gate of his home here Friday night.

Esker J. Hollan, 23, is being held by the police in connection with the shooting. He is said by the police to have threatened to "get Goodson."

ADDS IMPROVEMENTS

Capacity Of Bath House Doubled At City Park—Swims And Diving Board For The Bathers

The popularity of the City Lake and park continues to grow with the increase of the warm weather and as the fame of the facilities for swimming, fishing, etc. spreads.

The original bathhouses were doubled several weeks ago and only a few days ago their capacity was again doubled. At present their capacity is taxed and it is probable that additional buildings will become a necessity before the close of the summer season. The wharf has been enlarged for the benefit of the swimmers and swings and diving boards have been erected and placed at the disposal of the bathers and divers.

With the installation of the various new appliances the crowd at the lake is not expected to dwindle to any great extent for some time.

The tourist park continues to be a drawing card and passing motorists are loud in their praise of the camping facilities offered. A shortage of bathing suits exists at times among the bathers at the lake, thus forcing many to delay their pleasure until a suit is available. During the visit of the John Tarleton band at Sweetwater recently, there chanced to be only two or three bathing suits among the group. In order to take advantage of the bathing facilities, the boys were forced to "wait their turn" in order to get their swim.

FIRE UPON FRENCH TROOPS

Six German Townsmen Killed And Several Houses Destroyed.

KATTOWITZ, Silesia, July 8.—Six natives were killed and several houses destroyed by a French field gun in a six-hour battle between a French detachment and townsmen, at Pysko here Saturday. The French were fired upon while passing through the town.

TWO BUILDING PERMITS ISSUED

Texaco Company To Erect Oilhouse And John Cochran Jr. A Garage

A building permit has been issued to the Texaco Company for the construction of a galvanized iron oil house, which will be an addition to their plant, west of Galveston street on the T. and P. property.

The estimated cost of the new building is \$1,100 and the contract calls for completion within thirty days. The Texaco people are constructing their own building.

A building permit has been issued to John Cochran Jr. for the erection of a brick and concrete garage upon his property. The estimate cost of the garage is \$1,150 and the contract calls for completion within sixty days. John Myers is the contractor.

NEFF CALLS ENGINEERS

By The United Press.

AUSTIN, July 8.—Governor Neff has issued a call for a conference of engineers to be held in Austin on August 10 for the purpose of discussing the ways and means of obtaining the necessary data regarding preliminary food control as well as the impounding and conservation of storm waters for irrigation purposes. More than two hundred and fifty invitations have been sent out.

TEXAS RAILROAD RE-IMBURSED.

By The United Press.

WASHINGTON, July 8.—The Lufkin, Hemphill and Gulf railroad of Texas was awarded \$56,517 Saturday by the Interstate Commerce Commission for reimbursement of losses incurred under federal control.

CO-OPERATION IS NEED OF COMPANY

Local Unit Of Texas National Guard Hopes To Have 100 Per Cent Force At The Camp.

WILL FACE STIFF COMPETITION

Amarillo, Brownwood, Crowell, And Others Plan To Send All Members To Mabry With Pay.

Sweetwater will need a one-hundred per cent representation when the local unit of the Texas National Guard goes to summer camp at Camp Mabry the latter part of the month, according to the opinion of several Sweetwater business men. The necessity for a good showing is the deduction arrived at when the notoriety and advertising value of the project is considered.

Units from all sections of the State and all of the larger cities will be at the camp, where the Sweetwater boys will be thrown in competition with representatives from larger towns. The necessity of a full representation shows itself when the fact is considered that many of the other companies will be much larger than the local organization—in fact, Sweetwater will have to make up in class that which they lack in numbers.

The unit has had a short life in Sweetwater, but have acquitted themselves admirably in the short time that they have had to drill. Many of the men are uncertain as to their attendance at the summer camp, due to the fact that they will be forced to be away from their respective places of employment for approximately two weeks. This matter has been avoided in other towns by the co-operation of the employers and the business men's clubs and other civic organizations.

Amarillo employers have assured their men that their salaries will continue while they are in camp and Amarillo is going to Camp Mabry 100 per cent strong. Brownwood, Crowell and other places have given assurances that they will be represented by like delegations.

The plans for financing the club rooms of the local armory are proceeding rapidly, but no definite announcement can be made at present, according to Captain Sidney C. Mason.

The local unit, Seventy-first Infantry Headquarters Company is composed of fifty-five men, including commissioned officers, non-commissioned officers and privates of the various classes. The following constitute the personnel of the company: Captain, Sidney Caldwell Mason; First Lieutenant, Roe David McBurnett and Dick Wood; first sergeant, Fred M. Slack; master sergeants, Robert C. Prim, James R. Levy and W. S. Chenault; duty sergeants, Joseph L. Boyd, Richard R. Cockerell and Albert T. Mason; corporals, Walter W. Armstrong, George Dewey Gear, H. H. Hollingsworth, John G. Dawson, Don M. Brashear; privates (first class) Robert L. Armstrong, Rupert R. Daniels, Leland E. Derrick, James C. Dowdy, Jim M. Farris, Homer B. Free man, William F. Hemby, Elmer E. Hopkins, Elton E. Jennings, Buford J. Jennings, W. D. Johnson, C. R. Kendrick, Jack C. Litchfield, Melvin C. Monroe, Charles E. Morton, Frank W. Murchison, William I. Stephenson, Hubert H. Toler and Peter P. Wood; privates: Cass Blair, William T. Cox, William Flowers, Jeff D. Falkner, Nelson G. Jones, Charles H. Mathis, Thad Martin, Leslie R. Moore, Harry R. Smith, Willis C. White, Oliver D. Bailey, Ivan C. Jenkins, Benjamin E. Robinson, Melvin C. Outlaw, Howard S. White and Paul F. Boorer; veterinary detachment—Lieutenant, Oscar Stephenson; sergeant, Albert S. Brantley; privates: Jesse F. Frazier, Charles A. McClintic and Homer L. Wade.

Flapper Revolution for China

Coming from Seattle for China, Nora and Rose Hsing, daughters of former Premier Hsing Hai-king, say they'll start the demure maidens of China on the way to flapperism. They're students at Holyoke (Mass.) College.

SNYDER VOTES TAX

Vote Is 4 To 1 To Increase Tax To \$1—Same Election Lost By 20 Votes One Year Ago.

Special To The Reporter.

SNYDER, July 8.—Snyder voted by a 4 to 1 majority to increase the school tax from fifty cents to \$1 at a special election held here today.

The vote was 444 for to 111 against the increase in the tax rate.

The corner stone of the new magnificent \$100,000 high school building was laid today with appropriate ceremonies. Grand Master Johnson of the Grand Lodge of Mason was present from Brownwood, his home, and delivered an eloquent address.

The ceremonies were preceded by a basket picnic on the campus of the new school.

The contract calls for the completion of the structure ready for use by September 5.

A similar election held last year to increase the tax rate was voted down by the narrow margin of twenty votes. Intensive campaign work on the part of those interested in bettering educational facilities of Snyder was responsible for the overwhelming reversal registered at Saturday's election.

MRS. MALLORY IS DEFEATED

French Champion Take World's Champ Title From American Entry.

WIMBLEDOWN, England, July 8.—Mademoiselle Suzanne Lenglen, French tennis player won the world's championship here Saturday, defeating Mrs. Molla Djuristedt Mallory, the American champion by scores of 6-2 and 6-0.

Approximately 15,000 people witnessed the match, among whom was the queen of England. The contest was one of the most terrific that has been waged in this country for some time.

BIG TRADE TRIP IS VERY POPULAR

Everybody Signing Except Those To Be Absent On Vacations Or On Business Trips.

WILL ADVERTISE SWEETWATER

A Whale Of A Lot Of Fun Is Also Anticipated By Those Who Intend Making The Trip

The Luncheon Club Committee consisting of Will Wade, J. A. McCurdy and T. O. Cowan worked an hour of so Saturday afternoon and secured about 17 signatures in the less than two blocks they were able to cover in that period of time. The only business men who did not sign the agreement were those with whom vacation time or business trips out of the city interfered. The committee expects to work on the proposition again Monday, and if anybody is overlooked, they are advised to get in touch with J. A. McCurdy at the Mayor's office or with any of the other members of the committee.

The date planned is July 18-19 which may be subject to change should developments warrant.

The trip will be made in automobiles with a short parade and procession.

The purpose is to advertise Sweetwater generally and each firm making the trip will doubtless take along the wherewithal to advertise his own business also.

There will be plenty of copies of the Sweetwater Reporter along and a representative of the Reporter will accompany the expedition to see that they are properly distributed.

Present indications are that anywhere from sixty to one hundred men will make the trip and it is hoped to have as large a delegation as possible.

Spending the night at Colorado will involve arrangements for suitable accommodations but the committee is working on this phase of the situation and a concrete plan with all details arranged will doubtless be ready for submission to the Luncheon Club for its formal approval at its next regular meeting.

Aside from the desirable publicity for the town involved in the trip is the fun to be derived by the members participating therein and a whole of a good time is expected by everybody.

UNDER MARTIAL LAW

Reluctant Members Of Tenant Union Demand Release Of Leader Of Organization.

By The United Press.

VERA CRUZ, July 8.—An uprising of the masses bent upon blowing up the penitentiary in an attempt to free Deputy Paul, president of the Tenants union, was threatened Saturday night.

This city was virtually under martial law with thousands of the members of the Tenants' union, which was organized to fight profiteering landlords, gathered in two bowling alleys near the jail demanding the liberation of Paul.

Paul was arrested following a pitched battle between union members and soldiers two days ago, when twenty people were killed and more than a hundred injured in the fight.

SUNSHINE IS DITCHED

Several Passengers Injured In Wreck Of Unknown Cause—Strikers Volunteer Services.

By The United Press.

GRAND SALINE, July 8.—Fifteen or twenty people were injured, some seriously so, near here late Saturday afternoon when the westbound Texas Pacific Sunshine Special went in the ditch.

All coaches left the rails, some of them turning turtle in the water-filled ditches at the roadside.

The cause of the wreck is undetermined. Considerable track was to top up, but a relief train was made up at Fort Worth, which completed the run westward.

Several of the injured passengers were taken to Dallas for treatment.

The striking shopmen of Fort Worth offered their services gratis in clearing up the wreck and straightening out of the tangle. Their offer was accepted.

SUNSHINE ON TIME HERE.

The westbound Sunshine Special, which was wrecked between Mineola and Terrell late Saturday afternoon, pulled into Sweetwater approximately on time. This train, however, was made up at Ft. Worth. No cause of the disaster could be given for the river taken by the special.

OPEN SWITCH CAUSES WRECK.

TOPEKA, July 8.—Six passengers were injured when the eastbound Santa Fe No. 4 went through an open switch near Huron, Kan., late Saturday afternoon. The engine struck a string of oil tank cars on the siding, setting the oil on fire.

MAY DEFER ACTION.

By The United Press.

CHICAGO, July 8.—The strike of the railroad signalmen is being held up pending the acceptance of a compromise agreement presented by the Railroad Labor board. The decision was announced after an all-day session Saturday. It is understood that a similar agreement has been made with the Maintenance of Way employees. The final conference will be held here early in the week, when the strike call will be indefinitely postponed, according to reports.

STRIKE EFFECT SHOWS.

By The United Press.

DALLAS, July 8.—The shopen's strike began to reach the public of Texas Saturday night after the walk-out had been a reality for a week. The discontinuance of several trains on the Katy road has been announced and several roads are expected to make similar announcements of curtailments within the next few days. From Saint Louis it was announced that thirty trains had been pulled off of the Katy system, twelve of these being in Texas or passing through parts of the state, the greater part of these being on branch lines. Some of these trains have been replaced by mixed train service. The Mail Field Special from Dallas to Wichita Falls has been discontinued indefinitely.

ORDERS STATE TROOPS OUT.

By The United Press.

JEFFERSON CITY, Mo., July 8.—Adjutant-General Raupp issued a general mobilization order late Saturday night calling the entire National Guard to assemble at 9 o'clock Sunday morning at the various armories throughout the State for possible duty in the present railroad situation. The order was issued through the instructions of Governor Hyde.

STRIKERS LITTLE SON KILLED.

By The United Press.

CLINTON, Ill., July 8.—James Fitzgerald, 12-year-old son of a striking railroad man, was a victim of a railway guard's bullet here Saturday. The father of the boy and two other men were injured. The guards claimed that the first shots came from a group of approximately 200 strikers and the strikers claim that the guards opened fire first.

NEGRO IS FIRST CASUAL.

By The United Press.

HOUSTON, July 8.—The first casualty of the strike occurred here Saturday when Will McClure, negro, was struck on the head by a brick and died instantly. He was riding upon a tank car near the Southern Pacific yards when the incident occurred. Officers, who investigated the incident, said that McClure was armed with a rifle and pistol. The brick heaver escaped.

GAS PRICES TAKE DROP.

Reduction Of Railroad Rates Responsible For Drop In Midwest.

By The United Press.

CHICAGO, July 8.—The reduction of gasoline prices throughout the midwest is announced by the Standard Oil Co. of Indiana. The order follows the reduction of freight rates and are effective wherever rail rates are cut.

The cut means a saving of two-tenths a gallon to retail purchasers.

BONDIES MOVES OFFICE.

By The United Press.

HARRY R. Bondies attorney, who has occupied an office in the Crane Building, has moved his office and is now located over the City National Bank.

HOMES ARE EXCHANGED
 Will E. Wade, proprietor of the Wade Meats Market, and George How all report an exchange of homes. Mr. Wade's home is located on Mulberry and West Second street and Mr. How-ell's home is on East Second street. Only a verbal contract exists at present, according to Mr. Wade.

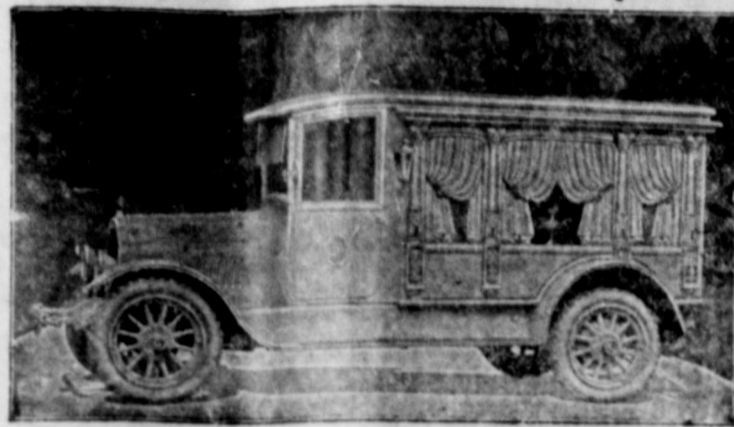

HAND SHOT OFF
 While out hunting on last Monday morning, Mr. H. B. Carden accidentally got his hand shot. It seems that

Mr. Carden was walking along with his gun on his shoulder and his left hand over the muzzle when both barrels were accidentally discharged, almost taking his hand from his arm. His hand was so badly mangled, he was immediately taken to an Abilene Sanitarium where the most of his hand was removed, leaving, we understand, only the index finger and thumb. It is reported that he is getting along very nicely now and that he is soon expected to return home. Mr. Carden was formerly proprietor of a cafe located on Post street, near the Boyce building—Market Mall.

Mrs. J. G. Merritt of Colorado and son, John Thomas were guests of Mr. J. T. Hughes Thursday.

TO ESTABLISH RADIO STATION
 By The United Press.
 BEEVILLE, Texas, July 8.—A radio station powerful enough to send and receive broadcasts from all parts of the United States will be established here soon. The station is being built in the new \$40,000 opera house now being constructed here. It will be connected with the stage of the opera house and radio enthusiasts can hear local concerts as well.

The plaster coat will be taken off the arm of Ellen, daughter of Mr. and Mrs. John Farmer in a few days. The little girl broke her arm four weeks ago while at play and it has knitted together with very little trouble.

SWATTERS DROP A CLOSE UP GAME

Error in The Fifth Round With Gassers Roosting On Sacks—Slugging Featured Game.

LATE RALLY FALLS TWO SHORT

Richburg And Gressett Pole Homers—“Lizzie” Smith Saved Day For The Northern Champions

Special to The Reporter.

AMARILLO, July 8.—Robinson's error in the fifth with the bases full and two men out, cost Sweetwater the last game of the series here. Robinson dropped Fitzgerald's long fly and three men crossed the plate, giving the Gassers a lead that was cut for them by only one score, staving off a ninth inning rally by the Swatters which netted them three runs. The score was 7 to 6.

Should Robinson held the fly the score hit a home run in the third inning with one man on and Charlie Gressett, another Swatter star parked one in the ninth inning, but the sacks were clear. Again Richburg hit a pretty single to short. Bupp was given free transportation and Brick Mason drove down a pretty double to deep center. Smith relieved Maples in the ninth and easily retired the Swatters, who, for a time, were determined to bring in the winning run to make up for Robinson's error. That caused the Gassers to tally. Should Robinson held the fly the score would have been 4 to 7 in Sweetwater's favor.

Art Nehf let the Cubs down with three hits and the Giants won.
George Kelly missed his first game with the Giants since he became a regular.
George Hellman drove a homer 500 feet in Detroit, one of the longest hits ever made there.
Kenneth Williams, Browns, hit his sixteenth homer.
Royal Headrick was in Colorado Saturday on business.

APPLIES FOR LOAN

Texas Farmers' Association Will Ask For Sum From Government To Aid In Cotton Marketing.

HOUSTON, July 8.—Application to the War Finance Corporation for a loan of \$12,000,000 to finance a portion of the 1922 cotton crop will be made soon, it was learned here. John T. Orr, president of the Texas Farm Bureau Cotton Growers' Association, has left Dallas to join Aaron Shapiro attorney for the federation, in presenting the application.

The funds thus obtained will be distributed to cotton producers as their cotton is shipped. Last year this plan proved very beneficial and more than 100,000 bales were handled. Growers were usually advanced \$10 a bale, the balance being paid when the cotton was sold.
The \$12,000,000 application is a reduction of \$3,000,000 from that of last year.
Cotton handled by the association this year will be pooled and marketed collectively it is said.

BOTH CLAIM FIRST ROUND

DALLAS, July 8.—The discontinuation of freight service Saturday night, the serious interruption of passenger service on many roads entering Dallas have resulted from the first week of the rail strike, according to union heads here Saturday. Railroad managers deny the reports, saying that there have been no curtailments.

LEAVES FOR SOUTH TEXAS

Mr. and Mrs. Dalton Moore and son John Dalton, Jr. left Saturday on an overland trip to south Texas. They

will make stop over visits at San Antonio and Corpus Christi and other points of interest enroute. For the next two months they will be located at Donna, Hidalgo County where Mr. Moore will buy Cotton for the McDonald Cotton Office. The season has already opened in Hidalgo and Camar on Counties and 'tis said to be very fine in quality and a bumper crop.

Roy Costephens and wife of Sweetwater and E. J. Costephens and wife of Roscoe spent Sunday with their parents Mr. and Mrs. J. E. Costephens.—Roscoe Times.

The Salesman That Calls On 2500 West Texas Homes

Suppose a Sweetwater merchant or manufacturer has a sales organization capable of calling at 2,500 homes—2,500 buyers every day. What would be the cost? Prohibitive, of course!

Yet, a salesman who calls every day at every home in Sweetwater, plus all the homes the Sweetwater buying radius, is serving hundreds of Sweetwater business concerns.

An untiring, result-getting salesman is The Reporter. Two thousand and five hundred homes—homes ready and able to buy—watch for it daily and read the messages of buying opportunity and saving.

That \$10,000,000 cotton crop will be rolling to market soon. The merchant who starts now—big—will get his share of it.

Fifteen thousand people, forming these 2,500 homes, daily. It's to their advantage to know what

every merchant has to sell. And the merchant who tells them Adequately is the one who sells the most!

These buyers know that consistent advertising keeps a store in fresh stocks—fresh goods of full measure and at just prices. Advertising has relighted the fires of smoke-belching factories and started the wheels of idle freight cars. It is moving the nation's products into the mills, into the stores and into The Reporter readers' home. It has fattened the shrunken dollar and brought a new Prosperity of Good Business.

The least expensive possible and most effective way to sell is through The Reporter. Without loss of time or money, the merchant can talk every day to an interested audience of thousands of buyers.

The Reporter—a salesman that calls daily at 2,500 homes!

The Sweetwater Reporter

IT GOES EVERYWHERE IN SWEETWATER TRADE TERRITORY

FILL UP YOUR TANK WITH SWEETWATER GASOLINE

You are one of the fellows that believe in your town and its future, aren't you? All right. One of the ways you can help in its development, at no extra cost to yourself, is to fill up your gas tank with Sweetwater gasoline at Dale Warren's garage and enjoy your Sunday drive.

You Will Get Better Gasoline For Your Money

Most ordinary gasoline is high gravity casing-head gasoline blended with kerosene or a similar product to give it the proper gravity. It does not require many days for the high gravity casinghead gas to evaporate, leaving a heavy liquid without much pep. Sweetwater gasoline is not blended. It's a pure, straight run of "gas" and being made and sold right here it's fresh, and full of pep, power and punch.

A MIGHTY ARM Thou hast a mighty arm: strong is thy hand, and high is thy right hand. Justice and judgement are the habitation of thy throne; mercy and truth shall go before thy face.—Psalm 39: 13, 14.

PRICES. Wholesale prices advanced a trifle during May. But on June 1 you could buy at wholesale for \$11.99 the same general stuff that cost \$9.07 on June 1, 1913. This is shown by Bradstreet's index of wholesale prices of 96 leading necessities.

In other words, wholesale prices are 31 per cent higher than before the war.

Wholesale prices lead the way for retail prices. What is due to happen? Will retail prices drop to meet wholesale or will wholesale prices rise to meet retail? The big fortunes of the next few years will be made by the shrewd men who guess the answer correctly.

2022. Raymond Pearl, professor at Johns Hopkins University, believes that our population has passed its most rapid period of growth.

From now on, he predicts, the increase will be slower and population 100 years hence will not be more than twice what it is now.

It is futile to attempt to forecast economic problems that will bother our descendants in the year 2022, for life then will differ from the present even more startlingly than 1922 differs from 1822.

With twice as many people, there probably will be twice as many problems.

A yacht steams into Florida waters. From it, Cyrus Hermann Kotschmar Curtis comes ashore to visit Ed Howe, country town philosopher who became famous with his newspaper in Atchison, Kansas.

Howe, writing in his monthly magazine about the visit, "understands" that Curtis originally bought the Saturday Evening Post for \$2000.

The difference between that \$2000 and the immensely valuable Saturday Evening Post of today is Curtis' ability, reinforced by the ability of the able men Curtis was wise enough to surround himself with.

Success depends largely on our wisdom in selecting associates.

TO THE FELLOW WHO'LL TAKE MY PLACE.

Here is a toast that I want to drink To a fellow I'll never know— To the fellow who's going to take my place

When it's time for me to go. I've wondered what kind of a chap he'll be, And I've wished I could take his hand

Just to whisper, 'I wish you well, old man,' In a way that he'd understand.

I'd like to give him the cheering word That I've longed at times to hear; I'd like to give him the warm hand-clasp

When never a friend seemed near. I've learned my knowledge by sheer hard work, And I wish I could pass it on

To the fellow who'll come to take my place Some day when I am gone. Will he see all the sad mistakes I've made,

And note all the battles lost? Will he ever guess the tears they caused Or the heartaches which they cost?

Will he gaze through the failures and fruitless toil To the underlying plan, And catch a glimpse of the real intent,

And the heart of the vanquished man? I dare to hope he may pause some day,

As he toils as I have wrought, And gain some strength for his weary task From the battles I have fought.

But I've only the task itself to leave, With the cares for him to face, And never a cheering word to speak

To the fellow who'll take my place. Then here's to your good health, old chap, I drink as a bridegroom to his bride;

I leave unfinished a task for you, But God knows how I have tried. I've dreamed my dreams as all men do,

But never a one came true, And my prayer today is that all my dreams May be realized in you.

And we'll meet some day in the Great Unknown— Far out in the realms of space; You'll know my clasp when I take your hand

And gaze in your tired face. Then all failures will be success In the light of the new-found dawn—

So today I'm drinking your health, old chap, Who'll take my place when I'm gone." —Selected.

WHAT THE PEOPLE MUST KNOW.

By Dr. J. H. Florence, State Health Officer.

They must know the wide-spread prevalence of the venereal diseases. They must know the far-reaching havoc wrought by them.

They must know that they are infectious and communicable. They must know that gonorrhoea and syphilis often remain in a latent state for years after a supposed cure.

They must know that the cessation of the discharge does not mean a cure of gonorrhoea, nor does the disappearance of visible symptoms mean the cure of syphilis.

They must know that they are frequently carried into the home and family after a supposed cure. They must know that in the female, gonorrhoea has such a wide range of manifestations that there may be no indications whatever of diseases or there may be any and every

symptom of female trouble up to the most severe and critical illness. They must know that a large part of so-called female trouble of married women is due to gonorrhoeal infection from the old latent cases in their husbands.

They must know that thousands of good women die or undergo serious mutilating operations from the same cause. They must know that most of the persons who are blind from infancy are victims of gonorrhoeal infection of the parents.

They must know that all syphilitics are not horrible looking specimens with sores and ulcers. They must know that for only a short period are there skin eruptions and that superficial sores and ulcers appear in but few cases.

They must know that most syphilitics can mingle in any crowd unnoticed. They must know that there are thousands of these.

They must know that all of them are doomed to an early death (unless properly treated) and death returns will be in accordance with the organ or tissue affected—such as heart disease, paralysis, Bright's disease, insanity, apoplexy, locomotor ataxia, or disease of the liver, bowels, brain, nerves, blood vessels or of any organ or tissue, instead of the true cause—syphilis.

They must know that a large percentage of the inmates of insane asylums are there because of syphilis. They must know that many diseased, defective and deformed children pay the penalty for their parents' infections.

They must know that such of these children as mature and their progeny, account for most of the wards in our eleemosynary and corrective institutions. They must know that nature seldom effects a cure of these diseases, but that they can be cured by thorough and persistent treatment.

They must know that if not cured the penalty is certain and the infection will most likely be communicated to many others. They must know that every really

cured case breaks a link in this chain of infection and lessens the danger to all. They must know that 95 per cent of all prostitutes have one or both of these diseases.

A NEAT BEDROOM IS THE JOY OF EVERY HOUSEWIFE. Likewise; every housewife knows the hours of weary drudgery required to keep it that way. All bed clothing, by all means, should be sent to the laundry. Here we have the machinery to handle it properly. Our large washing machines remove all the dirt with pure, neutral soap. Hot, live steam, insures strict sanitation. And then our large new dry tumbler whirls the water out by currents of warm air, first, and then by cool fresh air drawn in from the outside. Send the pillows too and all the heavy work that so tries the strength of the housewife, or tries her patience by hiring the work done in the house with all the incidental mess. The work is better done here, and the cost is no greater. "Send The Family Drudgery To The Laundry" Sweetwater Laundry Co. "The Nicest Laundry in Texas" Phone 42.

CONSTABLE IS MISSING

County Authorities Probe Alleged Whipping By Masked Mob—Ku Klux Klan Is Being Questioned.

By The United Press.
MINERAL WELLS, July 8.—Constable B. F. Clark who reported Friday that he had been kidnapped and whipped by a band of masked men here Thursday night, was missing from his home here early Saturday morning.

Clark reported that two men called at his home Thursday night and took him to a baseball park, where they wanted him to help locate stolen automobiles. Upon arrival at the park, the two men were joined by fifteen masked men, who administered a beating to Clark.

County Attorney McConnell stated Friday that he did not personally approve of some of the acts of the constable and had filed ouster proceedings against him, but that if Clark's story of the whipping held true, the law had been violated and would have to take its course.

McConnell asked the Ku Klux Klan for a statement inquiring whether they were instrumental in helping the authorities.

CITY SHOULD BE CENSOR.

By The United Press.
DALLAS, July 8.—Every city should have a dance censorship board of its own. Dancing should be controlled by the individual cities rather than by the states. This is the opinion of Mrs. John Priestly Hart, dancing instructor, in discussing the Duke dance bill, which will come up before the New York legislature for consideration next year. The bill aims at the state on the regulation of dancing. "Strict censorship is undoubtedly necessary, but, in my opinion, the control should be exerted by the municipality," Mrs. Hart said. "A board should be created, consisting of the mayor, moving picture censor, the dance hall censor, the president of the Women's Clubs, heads of the Parent-Teachers associations, superintendent of public schools and heads of private schools. Regulation should be left to them." It is further urged that action be taken up at once on some of the steps now being used in dance halls, which are said to have a great degrading sense in every respect. These steps are said to have originated from an unrespectful source and should be abandoned, or pass a law on dancing of any nature.

LOCAL AND PERSONAL

T. Shipley is at home to spend the week end with his family.

Mr. and Mrs. Temple Seaton will move to Big Spring at an early date to make their home.

Mrs. Thomas Trammell is in about the same condition she has been in the past week.

Mr. and Mrs. J. A. J. Bradford have gone to Mineral Wells where they will spend some time for the benefit of his health.

The Rev. John Showell of Lubbock is here to conduct services at 11 o'clock A.M. and at 8 P.M. at St. Stephens Episcopal Church.

Mrs. Roe Bradford and children are still at Portales, N. M. where they are visiting her father, John Bond and wife.

Richard Stone, who is with the Dabney Motor Co. has returned from Dallas where he had attended a three days Battery School.

Mr. and Mrs. Tom Farris and children and Arch Bruce made a trip to Colorado Friday where the men looked after business and Mrs. Farris visited friends.

Rev. W. A. Thornton left Saturday for Bangs, where he will conduct a series of revival meetings. He will also hold meetings at Voss and Valera before returning home.

Mr. and Mrs. H. E. Goode and two children of Galveston are expected to reach the city tonight to visit Mrs. Ella Beyrle, Mrs. Roden and other relatives in the city.

Mrs. H. H. Gardner and daughter, Miss Janet of San Francisco, Calif., left Friday night for their home following a three weeks visit in the city with her daughter, Mrs. L. G. Morony and family.

Miss Evelyn Hollingsworth returned to her home at Hamlin Saturday following a ten days visit in the city with her cousin, Miss Laura Sheridan.

Mrs. Cook and daughter Virginia have returned from Merkel while Mr. Cook and son Homer were doing some carpenter work at Trent which they finished Friday.

Miss Aline Jones of Rule was here Wednesday guest of her uncle, J. J. Erwin and wife. She left Thursday morning for Ft. Worth where she will be one of the honor guests at a house party. She will visit here on her return.

Miss Edna Yonge of Post City who has been visiting her sister, Mrs. Dalton Moore, left Friday night for Abilene to visit another sister, Mrs. Frank Myers and family.

Mrs. S. A. Barker and son, Stephen Jr. returned from Anson Saturday evening where they have spent the past ten days visiting her aunt and uncle, Judge and Mrs. E. A. Cummins and family.

Mrs. Elmer Long and little son, Bobbie, will leave Saturday night for Los Angeles where they will join Miss Francis Long in a visit to Mrs. Long's parents, Mr. and Mrs. Will Berry.—Abilene Reporter.

Robert Calvert returned several days ago from Brownwood where he was called on account of the serious illness of his father, C. H. Calvert, who was suffering from the result of a stroke of paralysis.

Mr. and Mrs. Hubert Toler and children left Saturday afternoon for Grapeland to visit relatives for about two weeks. They were accompanied by their nieces, Misses Laura Sheridan and Evelyn Leaverton of Grapeland who has been here the past three weeks. Mr. and Mrs. Ney Sheridan and children left the city early in the morning for Grapeland. They stopped over at Abilene where they were joined on the trip by Mr. and Mrs. Ed Stowe, who will meet the other party near Dallas. They all traveled in three cars.

WALLS ARE UP.

New \$40,000 Baptist Church in Snyder Will Be Ready in Sixty Days.

Special to the Reporter.
SNYDER, July 8.—The walls are nearly completed on the new \$40,000 Baptist church being constructed here and the congregation expects to be in their new edifice within the next sixty days.

The church will seat 1,200 persons when completed and numerous Sunday school rooms apart from the main auditorium and other features will make the new structure one of the most modern in this section of West Texas.

Additional land will be acquired and a park laid out surrounding the church.

BOY KILLS DOG CATCHER

Pound Keeper Shot By Youth, Whose Dog He Had Taken Up.—Two Held

HOUSTON, July 7.—Because he thought that C. L. Razor, dog catcher, caught his dog with the intention of taking it to the pound, Phillip Elshelberger, 14 years old, shot and killed Razor at Goose Creek near here early Saturday morning according to police reports received here.

After Razor had caught the dog the father of the boy came upon the scene and the fight started. The boy then ran into the house seized a shot gun and fired two shots into Razor's body, killing him instantly. The boy and his father were taken into custody and placed in jail here.

GOING TO DEVIL'S RIVER

A party consisting of J. P. Majors of Sweetwater, Edgar and Sam Majors and Frank Newman and Mr. Herd of Colorado will leave Sunday for a week or ten day's camping trip in the Devil River country below Sonora. They will be located on the ranch of Congressman Claude B. Hudspeth.

GIANT ZENIAS

The Society Editor acknowledges with thanks, the receipt of a bouquet of Giant California Zenias, from the flower garden of Mrs. W. D. Watson. They are in all colors. One a gorgeous salmon red measures 5 inches across. The name of "old Maids" is often applied to Zenias, but in this case they would be more appropriate ly called "Queen of the Summer Garden."

CHURCH ANNOUNCEMENT

Subject for the morning sermon at the Lamar Street Baptist church "Work out your own salvation"; evening, "Jesus is able to save all, even unto the uttermost." A baptismal service will follow the evening sermon.

FOSTERS WEATHER BUREAU

WASHINGTON, D. C., July 8.—Within three years a destructive drought will strike a large section of North America and more than one important crop will fail for that section. At least the seed and labor of planting and sowing can be saved and other crops take the place of those that must fail on account of that great drought. I am not making errors about these future great droughts and those who keep their eyes open about these great and important weather events will profit thereby. I can take the horse to water but I cannot make him drink; some will profit by others miss this opportunity.

The winter drought in South America is expected to show bad results during July. These results in Brazil, Uruguay, Bolivia and Argentina are expected to be similar to the effects of a winter drought on our American wheat. Their July drought matches a January drought in America. The foliage of the plant may be fair and the yield of wheat low. Cropweather in Australia and South America are now similar, except in the latter a drought and the former a shortage of moisture.

The government report on crop conditions are very misleading and injurious to the American people who would be benefitted by a discontinuance of the crop reports that come from the department of agriculture. I do not accuse of false reports, but the methods mislead the public. The millionaire speculators in grain and cotton could not desire a method of crop reports to suit themselves any better than the methods of the Agriculture department. If the father of the secretary of Agriculture—whom I knew well—was at the head of that department he would abolish the methods of those reports; he was sure a friend to the public.

I am expecting better cotton cropweather for July; equally as good for Canadian crops, except on the northern parts of the Pacific slope; fair cropweather for American spring wheat; fair for corn east of meridian 99; not so good for corn west of meridian 99 and north of latitude 38. Farmers who sell their grain now will regret.

Northwest: Normal temperatures near 14 will continue several days; not much rain or storm; fine harvest weather will continue to near 20.

STOP THAT ITCHING

There is a lot of skin trouble in Sweetwater and surrounding territory this spring. WHO WANTS TO HELP?

The ladies of the First Baptist Church will pack a box of White Gifts Monday afternoon for Buckner's Orphan Home.

All kinds of bed linens, (send sheets for single beds) towels etc. Buckner's Orphan Home is not sectarian in its work, therefore, the ladies of the Baptist Church will appreciate any contribution to the gift box any one in the city would care to make. Phone to Mrs. Herndon or Mrs. W. W. Gibson if not convenient to send to church Monday afternoon.

1922 BRIDGE PARTY

Mrs. J. M. Charlton was hostess at a meeting of the 1922 Bridge Club Wednesday afternoon when three tables were in play.

Shasta daisies and potted plants were the chosen decoration of home for the party, their delicate white and green blending well with the many hued party dresses of the players.

Mrs. Paul Sorenson, Mrs. Henry Hill, Mrs. J. C. Babb and Mrs. W. B. Streetman, Jr. of Cleburne played substitute hands and four games were on the program.

When the games were over, Mrs. Charlton served a California salad course to the following members including the four substitutes, Mrs. John Perry, Mrs. Douthitt, Mrs. Jim Dulsney, Mrs. Louie Hardy, Mrs. R. S. Malone, Mrs. Dalton Moore, Mrs. Joe Boothe and Miss Mae Snell. Mrs. Don Clayton will be hostess Wednesday July 19th.

LEGION AUXILIARY MEET

The Ladies Auxiliary to the American Legion held their regular meeting Thursday afternoon at the home of Mrs. Gus Dressler, on W. N. 2nd St. A good attendance responded to roll call. The business part of the meeting was presided over by the President, Mrs. M. E. Warren. Among other things included in the business was the sending of \$2.50 in cash and a pair of pajamas to the Hospital at Houston, for the Exservicemen's ward. The Auxiliary has applied for the "adoption" of another sick ex-service man, to which they will play "Big Sister." One of the two soldiers on their list last year died and the other one, Adolphus McBride recovered and was sent to his home at Paradise. He writes that he will visit them next month. The Auxiliary will meet only once a month for the duration of the warm weather, that being the first Thursdays of the month.

Mrs. Dressler served an evening refreshment course when adjournment was announced.

PRISCILLA CLUB

Mrs. Joe Dimmer was hostess Thursday afternoon at a meeting of the Priscilla Club when an hour or more was devoted to pretty needle work. Mrs. Dimmer is located at the home of Mrs. William Wight, who has gone to Dallas for the summer and the pretty cool rooms were appreciated on account of the warm afternoon. When work was laid aside Mrs. Dimmer passed refreshment plates holding an ice served with white cake.

Present were Mrs. W. S. Chenault, Mrs. George Parker, Mrs. Fred Hamilton, Mrs. A. R. Cannon, Mrs. M. B. Howard, Mrs. J. H. Snell, Mrs. P. H. Perry, Mrs. Roy Bardwell, Mrs. S. Z. Williams and Miss Altha Ferrell of Granbury.

WOODMEN INITIATE FIVE

Friday evening will be remembered as a "red letter" day in the local Woodman Circle. The presence of a state officer, Mrs. Anna Whitten Supreme Delegate, also deputy of the Brownwood District and Mrs. Tressie Goldsticker Deputy of this District from Stamford were among the main features of the meeting. A class of five new members were initiated and the application of Mrs. Price for membership accepted.

With one exception all officers were in their places. Mrs. Goldsticker assisted in the initiatory work when Misses Nan Harris, Estelle Jones, Dorothy Fultz, Connie Flowers, Marie Lowery were initiated into full membership. There were five others ready to take the work but were unable to be present.

The drill team have received their new regalia in full and presented a most pleasing appearance while putting on their floor work for which they were cheered time and again. The

visiting officers were especially complimentary of their work.

Mrs. Hubbard was the presiding officer and disposed of the routine of business in regular order.

Most enjoyable talks were made by Mrs. Whitten, Mrs. Goldsticker, Judge Crane and Mrs. Fultz.

A most delightful social hour followed adjournment when the members were introduced to the visitors. A pleasing informality characterized the whole meeting. The ladies served ice cream and cake in great platefuls.

Miss Lillie Nelson of Lorraine came over for the meeting and was guest of friends during her stay in the city.

GUESSWORK IS ELIMINATED

Material in Maxwell Cars Undergo Rigid Inspection Test

Eliminating the guesswork from every detail of construction in the manufacture of automobiles is largely responsible for the rapid development of the motor car to its present high degree of perfection, according to Hubert Toler, local Maxwell dealer. "Testing apparatus and instruments for determining the quality of materials and workmanship are as important to good, thorough motor car manufacturing as the machines of production," says Mr. Toler. "By their use the automobile engineer is enabled to determine, almost to the jot, just what may be expected from every unit of the car if service. By this, I do not refer only to the inspection and testing of finished components and products, which, of course, are thoroughly inspected a number of times before being sent to the car assembly lines. I do mean the infallible testing of raw materials before they are placed in manufacture.

"In some cases special machinery must be designed and built to ascertain the exact serviceability of a given material or the efficiency of a given unit. In other instances, machines built to serve purposes entire

ly foreign to automobile manufacturing are found to be well adapted to the needs of the engineering staff.

"An example of this is seen in the plant laboratory of the Maxwell Motor Corp., in Detroit. A machine used there to test top material and the cloth which goes into the closed cars is also to be seen in almost any physician's office. It is an apparatus containing a large electric bulb which gives off only the ultra-violet rays of the spectrum. Although these rays have a certain therapeutic value, they also hold the destructive element of light.

"Any piece of textile which can resist these piercing shafts must be of the best quality and the safest dyes. Turning the lamp upon an object for several minutes has the same destroying effect as a year or more of sunlight. That is why the Maxwell organization finds this unusual apparatus so well suited for the work to which it is placed. A strip cut from each piece of yardage of the all wool broadcloth used in the upholstery of the sedan and coupe is placed under the ultra violet light. Top material receives the same treatment. Textile that cannot stand the gaff is rejected. Only that which is perfect is permitted to go into Maxwell cars.

"This is but a single example of the care that is exercised to secure 100 percent materials. Every component, no matter how small or seemingly unimportant, must undergo tests which assure its quality.

"Of course this rigid care is an expense. But think how much greater would be the cost were inferior materials permitted to go into manufacture. And think how this minute attention to detail guarantees to the car buyer the type of car he has the right to expect for his money. In my opinion, costly inspection is the wisest economy." Adv.

Mrs. T. O. Solle is visiting at El Paso for a few days.

Mrs. F. L. Drago will be hostess Monday afternoon for the South Circle of the Methodist Woman's Missionary Society.

Mrs. W. H. Stamps and children have returned from a three weeks visit at Whitney and Waco, with relatives.

It's better to have the top and side curtains of your car in first-class condition and not need them, than to need them right bad and not have them.

Of course you have heard about the man up in Arkansas who had a leaky roof. Take a tip and let us figure on that new top for you tomorrow.

WEAK; RUN-DOWN

Carolina Lady Got So She Could Just Drag—"Cardui Built Me Up," She Declares.

Kernersville, N. C.—In an interesting statement regarding Cardui, the Woman's Tonic, Mrs. Wesley Mabe, of near here, recently said: "I have known Cardui for years, but never knew its worth until a year or so ago. I was in a weakened, run-down condition. I became draggy—didn't eat or sleep to do any good; couldn't do anything without a great effort. I tried different remedies and medicines, yet I continued to drag.

"I decided to give Cardui a trial, and found it was just what I really needed. It made me feel much stronger soon after I began to use it. I began to eat more, and the nervous, weak feeling began to leave. Soon I was sleeping good.

"Cardui built me up as no other tonic ever did.

"I used Cardui with one daughter who was puny, felt bad and tired out all the time. It brought her right out, and soon she was as well as a girl could be. We think there is nothing like Cardui."

Do not allow yourself to become weak and run-down from womanly troubles. Take Cardui. You may find it just what you really need. For more than 40 years it has been used by thousands and thousands, and found just as Mrs. Mabe describes. NC-149 At your druggist's.

ANNOUNCEMENTS

The following announcements for office in Nolan county are made subject to the action of the Democratic primaries of July 22, 1922:

- FOR SHERIFF:**
 MARK A. MUSGROVE

CHAS. C. ROGERS At Sweetwater Saddlery.

"The Rainy Day" Of Adversity Is Liable To Overtake The Most Prosperous

There are times in the lives of everyone when a little money comes in very handy—it may be adversity, bad luck, or again it may be an opportunity in a business way that if taken at the right time may lead on to better things.

Interest rates on borrowed money run ordinarily ten per cent. We pay you four per cent on money deposited in our savings department. Ten and four is fourteen. Fourteen per cent on any investment is considered a mighty good return.

So much for the dollars and cents of it. Andrew Carnegie said that no one would make a success in this life who could not save money. And that's that.

It Doesn't Make So Much Difference How Much You Put in Your Savings Account At One Time—As The Regularity In Which You Put It In—That Counts In The Long Run.

"OLDEST BANK IN NOLAN COUNTY."

"SECOND HALF OR BUST" IS SLOGAN

New Club Head Gets Down To Brass Tacks At Initial Meeting Regarding Players' Worth

CLUB FINANCES ARE ASSURED

New Backstop And Fielder Strengthens Team—Prospects For The Pennant Are Cheering

BY "HUMPY."

Charlie Rogers, publicity manager and one of the directors of the Sweetwater Swatters under the new organization, has coined a new slogan for Popboy's children.

It's "Second Half or Bust," and, according to the enthusiastic Charlie, there will be no busting.

With Catcher Thomas and Outfielder George Robinson recently added to the roster and with the certainty that the locals will be additionally strengthened in the future, there is no reason to doubt the possibility of Sweetwater finishing on top in the final race for the coveted pennant.

At the first director's meeting under the new regime held Friday night, President J. O. Aiken made an instant hit with his co-workers by getting right down to brass tacks and analyzing the intrinsic value of each and every Swatter. Taking it for granted that maskman Thomas and flychaser Robinson can fill the bill, the Swatters need very little revamping to make them certain pennant contenders. With Thomas delivering the club will be okeh in the spot that has been notoriously weak all season and probably the prime reason why Amarillo copped in the first half. Should he fail to come up to expectations, Popboy will

be instructed to get one that will, there is nothing wrong with the existing staff. A relay, among you, and greatest are stars in every sense of the word. Brooks will perform better under the kielage of an experienced backstop.

Freddie Pipkin is a capable first sacker and, judging by his last three games, has begun to hit. The club will be forced to dig up a second baseman. Pete Curran will no do. Dupp goes fairly well at short but it is believed that he will improve as the season advances. Lory is a fair third sacker, but woefully weak at the bat. He will play the bag until a better man can be obtained. Prierson, Mason and Robinson compose probably the best all-round outfield in the circuit. The averages of the first half show that Prierson, in 29 games, is leading the West Texas hitters with an average of .451 per cent while Brick Mason, who has appeared in 51 games, is the real leader with the healthy figure of .392. If Robinson can maintain the good average for 300, the Swatters will truly be a wonderful offensive organization.

Let us not forget that the locals finished a good third with a team of cast-ors, seriously hampered financially and with the usually brilliant Richburg winning far less than half his games. Pop was at all times within the \$1,800 salary limit and forced to battle Lubbock and Amarillo who were conservatively estimated, at least \$1,200 in excess of the stipulated amount. With a catcher, outfielder and second baseman, Pipkin looking up and Richburg again in his stride, the Swatters need ask no odds of any club in the league, regardless of bloated salary pay-rolls.

Now that the financial end of the ball club has been satisfactorily arranged and the playing end materially strengthened, the silver lining has appeared on the baseball cloud. All this is necessary to make the Swatters both an artistic and financial success is for the fans to get behind the club and their moral support as well as financial. In short, it is suggested that every fan be loyal, boost the players, make an effort to assist the newspaper, put your shoulder to the wheel and push for all you're worth.

"Second Half or Bust" is the new slogan. Get the habit, when the Swatters are away, watch the scoreboard. When they are at home lend your moral support and boost. There is nothing wrong with Sweetwater or her ball club. It's entirely up to the good fans to make this second half a howling success.

Up and at 'em!

IS AGAINST LONG HAIR

New Tonsorial Decoration Draws Censure—Recommends Scull "Sky-Piece."

By The United Press.

KANSAS CITY, July 8.—Sweetwater fly and guard against other preventable insanitary conditions—a warning broadcast over the country "about this time of Year." No is the admonition without rhyme or reason. Hundreds of people die annually because of failure to observe simple rules of sanitation and because of the failure of others to do likewise, thus becoming the unwitting agent for the transmission of several deadly diseases.

To guard against the fly should be the watchword of every household. Scores of methods and instruments for the destruction of the insect are available and the trusty swatter is slow but certain agent of destruction. Besides the irritation caused by numerous flies buzzing about, they are carriers of many of the most virulent diseases transferring their burden of germs from the vilest of refuse to the family, restaurant and hotel table unless the necessary precautions are taken against the entrance and existence.

The general trend of manufacturing foodstuffs in this day and age has been to increase the amount of mechanical devices used in preparation of foods, thereby decreasing handling of the ingredients by individual hands. While unable to wholly dispense with handling by human hands, every precaution is urged upon those who have any part in the preparation and serving of food in any form.

Much dissatisfaction has been expressed since the adoption of the present art of tonsorial beautification in the survival of the long flowing locks, which drop without any consideration of the owner over his face, thereby necessitating a squaring away before business can proceed. Hotel, cafe and restaurant owners in many cities have been forced in their drive for public consideration to impress upon their employees the necessity of wearing a covering over the hair.

Aside from the nauseating effect of the discovery of a hair in the victuals, similar to the proverbial fly in the ointment, a head of hair may of ten be the concentration point for a host of germs which float in the air. Typhoid fever and bowel troubles and ailments are the diseases most easily and frequently transmitted from the human head according to physicians. The manner in which the transmission is often made is sure y simple. The gentleman with the flowing and easily-disturbed locks calls for the order of ice cream. Receiving your reply he stoops to dish the article, his hair falling over his eyes at the move. If the hair is not swept back while the serving is under way, it is soon afterward and the next customer along receives full exposure to any or all of the deadly germs that may be transmitted through the handling of dishes with the hands.

To guard against the bothersome hair item, many of the larger restaurants, cafes and drug stores where ice cream and other forms of food are served, have decreed that their employees must wear a covering over their hair, be it skull cap, sunbonnet or bandanna, or enforce the other alternative—that of keeping the hair closely-clipped.

TWO GET MONEY

Cowan And Tidwell's Fruit Jar Had \$12.42—Two Get Amount Correctly.

That fruit jar in Cowan and Tidwell's store has been attracting a lot of attention lately. It was filled with pennies, nickles and dimes and the temptation proved too much for one boy who crept in a back window and is now a guest at Gatesville.

There was exact'y \$12.42 in the jar. A representative of the Reporter was inveigled into the job of counting the money and when it is said that there were exactly 592 pennies in the lot, some idea of the job can be imagined. But that was nothing to the task of looking over the slips of paper containing names of those who thought they knew how much money was in the jar. There was about seven million of those yellow slips. J. D. Tidwell and T. A. Lyons said they helped look over the slips, maybe they did.

Anyway Ralph Johnson and Mrs. J. F. Jones hit the mark right on the dot with \$12.42 each. Guesses ranged from \$739 by Mrs. H. K. Gulin to \$3 by Mrs. Frank Morgan. I. Lee Lusk with a guess of \$12.45 came close but Mrs. W. H. Brashear with a guess of \$12.40 was even closer.

The pride of ownership of really fine furniture pays increasing dividends in satisfaction as the years roll by.
