NUMBER

PAGEANT WILL BE NOTED OCCASION

Several Hundred People Will Make Up Cast In Colorful Scenes Dedicating West Texas Progress.

HARLEY SADLER STAGING SHOW

Principal Roles Interpreted By Members of His Company—Sponsors West Texas Appear In Cast.

Special to The Reporter.

SAN ANGELO, May 9.—The outstanding event of the fifth annual convention of the West Texas Chamber of Commerce here May 21, 22 and 23, will be the Pageant of Progress in which several hundred persons will make up the various casts.

Harley Sadler, well known showman, was selected to stage the pageant. Principal roles will be interpreted by member of his show. Assisted by "Dunny" Ellis, member of his company, a scenario of Texas, will be interpreted whose simplicity will come as a distinct relief to spectators usually bored by pageant denouements. Ellis is now here arranging all preliminaries.

The story deals with the side of the life of Texas that Texans are prone to overlook in thinking of history. Usually, the thoughts of Texans turn toward the Alamo, San Jacinto and noted battlefields. But the really great thing to which this state owes its greatness, according to Ellis, is the line of early pioneers who went through hardships and privation to make Texas what it is today. The story begins with West Texas as it was in years ago and when the day of opportunity was obscured, "opportunity" comes to Texas, bringing with him Mr. and Mrs. Pioneer and their family. It is with the latter family the story deals. Of the many vicissitudes, cattle rustlers, Indian fights, and the like, the story carries the holder along to the point where West Texas and Opportunity marry. A pretty scene, showing the welcome Texas receives from "Uncle Sam" when joining his family, is cleverly woven into the story. From this point on are shown the results of the marriage of West Texas and Opportunity. The finale will prove one of the prettiest and most spectacular affairs ever staged in Texas. Over 100 girls acting as sponsors for as many different towns will take part in the finale, with from 35 to 40 bands furnishing music. The nature of the finale will not be disclosed prior to the staging. But assurance is given that it will not be minus its frills and spectacularity. The scenic effects will be worked out by experts and with a combination of lights and colors that will be in themselves rare treats.

LOST HORSE.

SPECIAL TO THE REPORTER.
MERKEL, Texas, May 9.—Noodle and vicinity, a small hamlet, ten miles north of Merkel, was visited Sunday evening by a severe wind, rain and hail storm and many growing crops will have to be replanted on account of the severity of the hail storm.
One farmer residing in that locality had the misfortune of losing one of his fine horses, which was struck by the lightning during the storm. It was further reported that the rain which fell at this place, of forty minutes duration, amounted to three inches.

LOT BRINGS \$7,000

Magnolia Company Buys Southwest Corner Pecan And Third For \$7,000—Erect Filling Station.

By a deal closed today, the Magnolia Petroleum Company becomes the owner of the lot on the southwest corner of Pecan and North Third streets, purchasing it from Leland Williams of Abilene for a consideration of \$7,000 in cash.

It was the original intention of the Magnolia Company to erect a filling station on the corner and they have secured a building permit from the city allowing the erection of one costing \$2,800.

It is possible, however, that a two story business building will be erected in addition to the filling station.

PAY FOR WATCH.

Chief Johnson Gets Stop Watch—The Speeders to Pay for It, He Says.

Chief of Police Buck Johnson is the owner of a nice, pretty, new stop watch.

He bought it, but it is understood that speeders are expected to pay for it.

And he is out now, wondering who will pay the first installment on the purchase price.

WILL START SOON

Tech Locating Board Planning Trip Among West Texas Towns—37 Towns File Briefs for College.

Special to The Reporter.

AUSTIN, May 9.—According to an announcement made here, arrangements are now being made by the locating Board of the Texas Technological College for a tour of the Western section of the state on which practically all of the 37 applicant towns for the college will be visited.

It is understood, however, that the committee is not expected to begin the tour until the latter part of this month, or at least until after the adjournment of the special session of the Texas Legislature, which is still convening.

According to registrations, 37 West Texas towns have filed briefs ranging from a few pages of type-written material to the more elaborately bound volumes, setting forth the advantages of their respective towns for the newly created college. All these briefs are being studied at the present time by the members of the locating board in preparation for the tour of the West, which is predicated, will take up considerable time and further investigation and study as to accessibility and convenience of the State as a whole.

The thirty seven towns filing briefs here with the locating board, are as follows:

Wilson, Vernon, Plainview, Buffalo Gap, Sweetwater, Manday, Quanah, Colorado, Brownwood, Spur, Post, Stanton, Miles, Seymour, Bodine, Snyder, Pains (Rock) Balmiger, Menard, Big Spring, Haskell, Midland, Brady, Abilene, Tulsa, Coleman, San Angelo, Claude, Amarillo, Lampasas, Memphis, Lubbock, Floydada, Clyde, Cisco, Stamford, Crosbyton.

Mrs. Will H. Lee and son, Edwin, of Arkadelphia, Arkansas, arrived in Sweetwater Tuesday evening for an extended visit here with her parents, Mr. and Mrs. I. H. Geldert.

BLIZZARD HOWLS

Middlewest Swept By May Blizzard That Ruins Fruit; Demoralizes Lake Shipping—Snow Heavy; Cold.

By The United Press.

CHICAGO, May 9.—A May blizzard has swept the entire middlewest, leaving abnormally low temperatures, damaging the fruit and vegetable crops and demoralizing, to a great extent, lake shipping in its wake.

The storm was comprised of snow, hail, sleet, rain and wind in different localities over a dozen or more states. This was followed by extremely cold winds, which cleared the skies and pushed registrations down in the thermometers from 20 to 30 degrees. Indications are that the temperatures in all sections visited by the blizzard will moderate this afternoon, according to predictions here today.

FROM ALASKA.

WASHINGTON, May 9.—A cold wave sweeping out of Alaska covered the far eastern and middle western half of the United States in the last 24 hours.

Frost was general as far south as Kentucky and Tennessee. The storm was general over the lake regions and adjacent territory, with freezing temperature and snow reported. Snow also fell at Hannibal and Moberly, Missouri, reports indicate.

JOINT MEETING.

The members of the Chautauqua Ticket and Advertising Committee will hold a joint meeting at the Court house Thursday afternoon at 4 o'clock.

"AIN'T IT A GRAND AND GLORIOUS FEELING"

By BRIGGS.

This Is Sweetwater Clean-Up Week

HOW THEY SPEND LARGE INCOMES

What Would You Do With Income of \$7,000,000 Or Even \$1,000,000 Per Month?—World's Richest Man.

RICHEST MEN'S TASTES SIMPLE

Neither Cares for Society, Golf, Or Display of Any Kind—They Travel In Private Cars, And Fine Autos.

NEW YORK, N. Y., May 9.—Could you spend \$7,000,000 a month? Or even \$1,000,000 a month? Or \$100,000 a month? Or \$10,000 a month? Or \$1,000 a month? Or \$100 a month? Or \$10 a month? Or \$1 a month? Or \$1 a day? Or \$1 an hour? Or \$1 a minute? Or \$1 a second? Or \$1 a moment? Or \$1 a year? Or \$1 a lifetime? Or \$1 a eternity?

The Senate investigation of the oil industry disclosed that young John D. Rockefeller owns about 20 rooms. Nearby is his farm. His only other home is a cottage next to Thomas A. Edison's winter place at Fort Meyers, Fla. Servants in the Rockefeller town house number 25. Ford has half that number at Dearborn; two of them are Japs.

Each has several automobiles. For years Rockefeller drove himself in an electric runabout. Ford often drives a Ford coupe, but he also has a Simplex and several other big cars.

Rockefeller, like his father, has never owned a yacht. Ford has a small yacht on the Great Lakes, and an electric boat on the River Rouge. Neither has ever gone in for racing horses, show horses, polo, or any of the other millionaire sports. Both like to chop wood; Rockefeller and his three sons cut and carry wood when they are in the country; Ford helps cut the firewood on his regular yearly camping trip.

Neither cares much about golf; last winter Rockefeller took his first lesson while visiting his father at Ormond Beach. He prefers to play the violin. Ford's best-loved sports are ice skating in the winter and camping in the summer.

Ford travels more than Rockefeller does. Both use private railroad cars. Ford's is called the "Fair Lane." He likes speed when he rides in an automobile, averaging 40 to 45 miles an hour.

Rockefeller dresses better than Ford does. He glinks to the silk hat for formal wear, while Ford rarely wears a hat at all. Ford's friends says his suits are "hand-me-downs."

WHAT WOULD YOU DO?

What would do with an income of \$1,000,000 a month? John D. Rockefeller, Jr., has that much. Henry Ford has seven times as much. They can't spend it and don't try very hard. What would you do?

Would live simply, keeping your standards of life unchanged? Or would you make a splurge, as another "Coal Oil Johnny"?

Horace Rockham, a Detroit lawyer, still lives on the old standards. In 1893 he invested \$5,000 in Ford stock. During 16 years he had an income of \$4,000,000 in dividends—and in 1919 sold his holdings for \$12,500,000. His profits for 16 years were more than \$1,000,000 a year.

How would you spend that sort of prosperity? Or Rockefeller's? Or Ford's?

Neither cares for social activities. Nor do their wives. Neither Mrs. Rockefeller nor Mrs. Ford care for diamonds. They are both the old-fashioned mother type. The Rockefellers have four children: Abby, who made her debut last fall, John D. 3rd, Nelson and William. The Ford's only child is Edsel, who has two children, Edsel has a separate home at Grosse Pointe, Mich.

Rockefeller is studious, scholarly, and religious. Ford's library is largely made up of technical works and he still spends much time in his private laboratory at home. He says he believes in religion, but doesn't work at it much.

BOOZE UNLIMITED

Federal Judge Rules That Physician Cannot Be Limited On Amount of Liquor Prescribed For Patient.

By The United Press.
NEW YORK, May 9.—A physician may prescribe as much liquor for a patient as he considers necessary, Federal Judge Knox ruled today.

This makes void a section of the Volstead Act which limits the amount a physician may prescribe.

The decision will be appealed. If the ruling is sustained, however, it will have a widespread effect on the Volstead and Harrison Acts.

TODAY'S RADIO WEATHER.

By Sweetwater Vulcanizing Co.
West Texas tonight fair; warmer Thursday fair.

The prime high pressure area over the plains states and central valleys, causing fair weather and unseasonable temperatures. Frosts occurring in portions of Missouri, Minnesota, Nebraska and Central Arkansas.

Cotton region reports generally fair weather. Precipitation unimportant, except scattered showers in the Carolinas.

Texas reports the lowest temperature at 45 degrees today.

MAN SHOT AFTER ROW OVER CHICKS

D. L. Hanie, 34, Dies In Ft. Worth After Argument With Neighbor About Loose Chickens.

J. H. GRAHAM SURRENDERS

Second Killing in Ft. Worth Over Peppery And Livestock.

By The United Press.
FORT WORTH, May 9.—D. L. Hanie, 34, was shot to death here following an altercation with a neighbor over his chickens which had invaded said neighbor's yard.

J. H. Graham, 35, surrendered to the police following the shooting.

This is the second livestock row that has resulted fatal in Fort Worth recently. Some weeks ago a man died following an altercation with his neighbors over a cow.

ASKS FOR CHURCH

Sweetwater Baptist Church Picture Going to Kansas City As Example For Correct Church Design.

A long distance telephone call was received by the Rev. Dr. L. G. Morony from Dallas Wednesday, asking that the picture of the new Baptist church for Sweetwater be sent to the Southern Baptist Convention at Kansas City next week, as an example of correct church and Sunday school architectural construction.

The services Wednesday morning were reported as being the best yet in point of numbers in attendance and interest shown, in the revival being conducted by the Baptists this week.

Meetings are being held every morning at 10 o'clock and each evening.

INSPECTS ORIENT

President, Vice-President And Freight Agent Southern Pacific Railway In Sweetwater Wednesday.

Another inspection of the Orient railway by Southern Pacific officials was made Wednesday, from Alpine to Sweetwater.

President W. D. Scott, W. S. Wade, vice-president and S. G. Renl, assistant general freight agent were in the party, which was headed by a three car special train.

Like the previous inspection, this one was halted at Sweetwater, the special being transferred to the Texas & Pacific here and headed east.

BANDITS WILLING TO COMPROMISE

Chinese Kidnappers Reported Willing to Accept \$50,000 In Place of \$1,000,000 Asked.

FEAR SAFETY OF PRISONERS

Bandits Hemmed On All Sides And Reported Short of Food, According To Advice In Peking.

By The United Press.

PEKIN, China, May 9.—Seeing their fate, after being pressed on all sides by Government troops, the Chinese brigands who wrecked, robbed and held up the Shanghai-Pekin Express, are reported today ready to make the best of their bargain, and take what ransom they are offered.

From the bombastic demand of a million dollars at first as the amount asked, the bandits are reported now as being willing to accept \$50,000, according to advices reaching here today.

In the meantime, fears for the safety of those still held captives has increased to an appalling degree.

It is believed that the entire Peking camp, where the captives are being held, is short of food and are suffering from perious hardships.

BROWN BURIED.

Body Taken to Taylor—Starkey On Bond.

Special to The Reporter.
CISCO, May 9.—The body of Elmer D. (Pat) Brown, has been taken to Taylor, his old home, for interment, following his death here Sunday.

The widow, who has been prostrated with grief by her husband's tragic death, had recovered sufficiently to go with the funeral party.

There was a special escort from the Elks' lodge of Cisco, of which the slain man had been a member.

Rev. Gaines B. Hall, pastor of the Presbyterian church, and Mrs. Hall, were also in the funeral party. Both Mr. and Mrs. Brown were members of the Presbyterian church.

Constable Bud Starkey is out on bond in connection with the death of Elmer D. Brown, alleged to have been killed in a fight with John J. Plot.

Plot's escape, by the United Press.
CISCO, May 9.—A plot whereby Herbert Wilson, alleged manufacturer of the Wall Street bomb, and "Little Phil" Alquist, international desperado, and other prisoners were to shoot their way out of the county jail here, has been discovered and was frustrated.

The plot was unearthed with the discovery of jail messages which were passed between "Tufty" Reid, murder suspect, and Wilson, according to the plans found.

Revolvers were to be smuggled in to the three men—Wilson, Alquist and Reid.

They had planned to fight their way to liberty, according to the plot.

GOING ON FORTY.

The Standard entered its fortieth year yesterday. On May 5, 1924, it will have completed two score years of service to West Texas. It was dedicated to service to this country by its founder, J. G. Murphy and W. A. Guthrie. As it approaches the two score years of existence, it is rededicated again to the purposes for which it was created.—San Angelo Standard.

Forty years is a long time in the life of an individual—it is longer still in the life of an institution. The San Angelo of today is far different from the San Angelo of 40 years ago and so is the Standard. But just as the Standard has served the community, so have the people therein staid with the Standard—to produce the unbeatable combination that in turn is responsible for the San Angelo of today. Neither have shirked their responsibilities.

ON TOUR.

And now the announcement comes from Austin that the Locating Board will soon start on its Westward swing that will determine the location of the Texas Technological College. There are 37 towns that want the college and are actively in the race for it. These are, presumably the only ones that will be given consideration, although it is barely possible there would not be any objections on the part of towns that have not applied should it be located in their midst.

But the important local thing that must be done cannot be done over night.

There are 36 of the 37 towns that are bound to be disappointed in this contest. But who in Sweetwater would trade this town's chances with that of any other?

OUT ON TIME.

Printed on time, from a plant more than 100 miles away is the achievement of the Lubbock Avalanche when the plant that housed them was badly damaged by fire Sunday night.

If Kidneys Act Bad Take Salts

Says Backache Often Means You Have Not Been Drinking Enough Water

When you wake up with backache and dull misery in the kidney region it may mean you have been eating foods which create acids, says a well-known authority. An excess of such acids overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and sluggish. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys, also to neutralize acids in the system, so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive, can not injure and makes a delightful, effervescent lithia-water drink. Drink lots of soft water. By all means have your physician examine your kidneys at least twice a year.

James L. Dow, publisher, promptly made arrangements to have the Avalanche printed in Amarillo and the first edition came out Tuesday on time (the Avalanche has no Monday edition.) It was a very creditable achievement, indeed.

AMERICA'S GREATEST PICTURE.

Only Film Play Ever Shown That Public Has Never Grown Tired Of. "Let's go see it again."

This is what you hear on all sides concerning the wonderful play at the Palace today and tomorrow.

This magnificent production has been shown for weeks and even months in some instances, on repeated showings and has never failed to attract admirers of the play in every city where it has been shown more than twice. There is no other picture on record has tugged at the heart strings of the American public, and this is given as the cause for being witnessed time and time again by the American public.

This production is given as one of the greatest achievements since the inauguration of the moving picture industry—no other play, according to the press comment of the metropolitan newspapers, has ever been shown to come anywhere near the greatness and superiority of this masterpiece.

"The Birth of a Nation" which will be shown at the Palace Theater today and tomorrow, has enjoyed fame and stands alone as an unexcelled achievement on the American screen.

D. W. Griffith adapted the filming from Thomas Dixon's novel, "The Clansman." It deals with the events leading up to the Civil War, the great

battles and the thrilling days of the reconstruction period when the South had to be reclaimed from the horde of adventurers who landed there with the backwash of the war and caused more suffering than the war itself with its bitter disappointments and terrible sacrifices. Then came the organization of men who rode in the dark of the night and saved.

A large crowd filled the Palace Theater to capacity this afternoon at the first showing of the "Birth of a Nation."

NICE DIVIDEND IN SHEEP.

\$300 investment in sheep brought a return of \$1,053 in 14 months time, to J. L. Standard, a south Taylor County stockman, according to the Valley Reporter.

On February 25, 1922, Mr. Standard bought 50 head of sheep paying \$300 for them and in 14 months time he has the following results: Sold \$339 worth of wool, \$271 worth of sheep and mutton, has 36 lambs, valued at \$180, besides these he has 34 fat sheep left of his old herd. These sheep at the present market are worth \$8 each or \$272. Thus anyone can see a few sheep will pay, during the 14 months a \$300 investment increased to \$1,053. Mr. Standard stated that people might say that the cost of keeping sheep would run high, but such is not the case, he figures that \$50 would cover the cost of feed bought for the sheep during this period. Another thing, Mr. Standard has found out is that a five wire fence is sufficient to hold them. He has a 35 acre pasture, 10 acres of which is cut up in three blocks that

he keeps planted in wheat and oats for his sheep, also for three milk cows and six work horses.

CHILD BADLY INJURED BY SOW.

Wednesday T. H. Parker of near Rotan, rushed his two year old daughter to the Stamford sanitarium, who had been frightfully bitten by a vicious sow. While Mr. Parker was doing some work on his pig pen the little child climbed to the top of the pen and was looking at the sow when suddenly the enraged animal seized the child and began to devour her. At

almost the same instant the father saw what had happened and leaped into the pen and beat off the sow in time to save the child from almost instant death, but not soon enough to save the child's face from being literally split open and terribly lacerated.—Rotan Advance.

LEGION THANKS PLAYERS.

The members of Oscar McDonald in Post No. 109, American Legion, desire to express their appreciation to Fats and Leans for the baseball game which they staged for the benefit of Sweetwater's Memorial Park. Their action was very much appreciated by the Legion membership.

SURE IT DOES GOOD

Theford's Black-Draught Liver Medicine (Vegetable) Praised by the Head of a Louisiana Family.

Lake Charles, La.—"I don't know what we would have done had we not had Black-Draught. It sure is one of the best medicines made, and am sure the best liver medicine," said Mr. Henry Garrett, of this city.

"My whole family uses it," continued Mr. Garrett. "My wife says she believes she kept off the 'flu' by taking doses of Black-Draught regularly.

"I, myself, use Black-Draught for indigestion, and it is fine. "We used pills and tablets and other laxatives, but they never seemed to do us good, but the Black-Draught sure has, and it has come to our house to stay. We give it to our daughter for headache and torpid liver.

"I am glad to recommend anything that has been the help to my family that Black-Draught has.

"My present health is good. Have two boxes of Black-Draught in the house now."

If your liver gets out of fix, take Black-Draught. It will help to drive the bile poisons and other unhealthy matters out of your system.

Announcement

We have always given our customers the best that there was in Cleaning—

But

We have just installed a

New Continuous Clarifier System

which keeps the fresh clean fluid going in at the top of the machine where the garments are being cleaned, and the used fluid going out at the bottom of the machine from the time the garments are put in the cleaning machine until they are perfectly cleaned.

By the use of this System, there are no marks or dirt rings in the linings or trimmings.

This completely does away with that disagreeable odor. We are proud of this new achievement.

By the addition of this new equipment, we are able to give you the best cleaning process available anywhere.

IS YOUNG ARTIST.

Irene Stolofsky, Violinist at Chautauqua Will Be in Sweetwater.

Seldom, indeed, does distinguished mention by greatest critics fall to the lot of so young an artist as Irene Stolofsky.

Miss Stolofsky was born in America, Chicago, of Polish parents. Six years ago she played her first trial selection for Redpath. She was immediately engaged and has been with the Redpath-Bureau ever since.

Everywhere she has appeared, in great cities, small towns, Chautauqua tents or magnificent halls, her success has been immediate and great. Literally reams of press comment speak unqualified praise of the little violinist.

Miss Stolofsky has endeared herself to her audiences by playing a number of sweet, appealing old songs which everyone loves and so few of the great artists take time to play.

As supporting artists Miss Stolofsky will have George B. Imbrie, baritone, and Miss Madeleine Massman pianist with her when she appears in Sweetwater during Chautauqua Week.

WHAT GERMANY HAS PAID.

From the New York Times.

Mr. Charles H. Grasty gives authoritative figures of the payments actually made by Germany no the reparations account. His analysis, based on a thorough study of statistics obtained from the Reparation Commission and other sources, shows that Germany's total payments up to January 1, 1923, amounted to between fourteen and fifteen billion gold marks, or about \$3,800,000,000. Out of this sum only about \$1,200,000,000 was paid in cash and deliveries in kind. The remainder includes restitutions, which cannot properly be considered as reparations as they consist of property taken by the German armies and since returned, and also sequestered property abroad, which includes the German holdings in this country, most of which will eventually be returned. It does not include, however, the valuation of the Saar coal nor any valuation for the German colonies.

These figures, published for the first time in this country, should put an end to the absurd claims of the Germans that they have already paid 100,000,000,000 gold marks, or about \$20,000,000,000. As Mr. Grasty points out, the indefiniteness of many of the valuations makes it possible to twist the figures into a good case for Germany or for the Allies. In his article, however, he has endeavored to make allowances for the claims of both extremes, and, although some of the items which he

mentions will not be accepted by all concerned, his study is sure to interest every one who is seeking light on the Ruhr problem and its solution.

ENJOYABLE ELKS DANCE.

A number of Elks and invited visitors enjoyed a social and dance last evening in their club rooms. A local orchestra furnished the music which is reported as being splendid.

ENTERTAIN WITH HOME DANCE.

Last evening several couples gathered at the McClintic House where a dance was given in honor of Mr. Chas. of Oklahoma City. Several dances were enjoyed after which refreshments were served downtown.

WINTERS WATER SUPPLY GONE.

The big rains continuing finally washed the spillway out and we are again without water. The loss falls on both the city and the contractors, that is the financial loss. The loss of the water is pretty bad, causing us to fall back on the faithful old well. However, the spillway will be rebuilt as rapidly as possible and it will rain again.—Winters Enterprise.

BARBERS CUT PRICES.

One can get a hair cut in Hamlin for 49 cents now, according to a notice published in the Hamlin Herald by the barbers of that city. Shaves are 25 cents and other prices range up to 75 cents for various fancy shampoos.

Building Association at Brownwood.

The Brownwood Building and Loan Association has been formed here and at a meeting today directors and officers were chosen and arrangements were made for an application for a state charter. The officers are: J. R. Looney, president; W. P. Logan, first vice president; F. W. Gerber, second vice president;

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, say well-known druggists here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

Train 92 leave Sweetwater . . . 4:00 p. m.

For particulars ask your Santa Fe Agent

L. E. Crow, treasurer; W. E. McLean secretary and manager. The directors include the above with W. A. Bell and Dr. Joe E. Diddy. The association will have an authorized capitalization of one million dollars. Approximately \$15,000 of the stock has been subscribed.—Brownwood Bulletin.

Money up For Wildcat Test—A message was received from O. Wilson Wednesday stating he was leaving Breckenridge for Ballinger, and would be here to close the contract for completing the Safety First oil well Thursday. The message came in reply to a telegram from Chas. Ferguson notifying Mr. Wilson that the money was up and that the local company was ready to close a contract for drilling.—Ballinger Ledger.

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain and distress. "St. Jacobs Oil" is a harmless rheumatism liniment which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache and neuralgia.

Limber up! Get a small trial bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment, you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

SULPHUR CLEARS ROUGH, RED SKIN

Face, Neck and Arms Easily Made Smooth, Says Specialist

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worms.
 It seldom fails to remove the torment and disfigurement, and you do not have to wait for relief from embarrassment. Improvement quickly follows. Sufferers from skin trouble should obtain a small jar of Rowles' Mentho-Sulphur from any good druggist and use it like cold cream.

L. B. MURRAY DEAD.

L. B. (Lock) Murray died at his home in this city Sunday afternoon at 4 o'clock after an illness of only a few days and the remains were laid to rest in the Robert Lee cemetery Monday afternoon at 5 o'clock. Elder N. C. Brown conducted the funeral services at the grave. Mr. Murray was 74 years of age and was one of the best known and universally liked men in the county. He came here before the county was organized some 30 years ago and was sheriff of this county eight years, which office he filled to the satisfaction of our citizenship.
 He moved with his family from here about 10 years ago and spent several years in the western part of the state and in Arizona, moving back here about a year and a half ago. He was a member of the Cumberland Presbyterian church and was a just and good man. He leaves 8 children to mourn his death besides several brothers and a great host of friends. The children are: Mrs. Pearl Cave and Mrs. Gertrude Johnson, of Medford, Oregon; Mrs. Ollie Cave and Bart Murray of Globe, Arizona; and Mrs. J. W. Barnett, Misses Effie, Nannie, and Susie Murray of this place.—Robert Lee Observer.

MULE CAUSES DEATH.

J. Whitlow was kicked in the stomach by a mule last Saturday. From the very first, his condition was serious, and he finally succumbed to his injuries. The funeral services were conducted Tuesday afternoon by Rev. H. H. Stephens, pastor of the Baptist church. Mr. Whitlow was married in December to Miss Cummings, and she with other loved ones, are left to mourn his going.—Winters Enterprise.

POLO HORSES TO THE NORTH.

Fred Roe left last week for Philadelphia with fifteen choice polo horses, which he will dispose of and where he will play in the match games of polo the next month. Mr. Roe is one of the best polo players in the state.—Robert Lee Observer.

SHOT BY ACCIDENT.

PAINE, May 9.—James Parmelee, cashier of the Yonkers Guaranty trust company, was shot and killed on a Paris boulevard last night when he was caught, accidentally, between the bullets and a machine during a street battle.

BOYS LIKE MUSIC

Good Music Makes Bad Boys Good. According to Chicago Settlement Worker—Jazz is Condemned.

By The United Press
 CHICAGO, May 9.—Music will make good boys out of bad ones, transform embryo bandits into gentlemen and revolutionize the mental make-up of the nation's youth, Miss Martha Scott, Hull house settlement worker, declared to the United Press.

Miss Scott, who has demonstrated her theory on about 800 boys, advises "kids who feel the urge of devilment" to sing before joining a tough gang or drawing a pocketknife on an enemy juvenile.

Her "singing classes" include about 125 boys a week. These are youngsters, she says, that come from tenement districts, are abused at home and wander into basements, where youthful gangs meet with a grudge against the world in general.

"When I started the boys in singing it seemed to change their entire mental make-up. I didn't start them off with ballads, of course. I asked them what they wanted to sing when I gathered the first group together. They yelled for The Sheik. Gradually I got them to singing Old Black Joe and The Last Rose of Summer.

"I try to give them songs that contain high notes. High tones denote joy; low notes grief. Some of the boys become real singers.

"A lot of them yell when they try to hit the high notes. I give them loosening up exercises, rubbing their noses and just back of their ears like an osteopath. After a while their yelling ceases.

"I am satisfied that good music is one of the most potential factors in the world for moulding character.

"Jazz is not so good.—Jazz inspires

SMALL BOYS GET REVENGE.

Two boys in Lubbock are alleged to have set fire to a grocery store, causing a total loss of the store and stock amounting to right at \$3,500 recently, just because the owner of the store had caused their arrest for petty thieving around the place, according to the Lubbock Avalanche. The boys are only 11 and 13 years of age. The

store was located in the suburbs of the city, delaying firemen who had an unusually long hose line to lay.

Mohair Brings 60 Cents.—The first sales of mohair in Sonora this week brought 60 cents. Shearing has just started in some places and with the strong opening it is expected the Sutton product will bring a fancy price. This is an exceptionally good price and a large amount has been sold at this figure. Some has been contracted on the backs of the goats. The coming season is full with bright hopes for the stockmen. The ranges are greener than they have been for several years and everything points to a prosperous season. Together with the good ranges the prices of cattle, sheep and goats all tend to show a good season is before the ranchers.—Devils River News.

REVEREY, DIAPYCNON, DESTRUCTION AND UPSETS THE NERVES.

"Some classical music is also very depressing, stirring up the nerves to a high pitch. Salome depressed me for hours. No wonder Mary Garden is nervous after she sings it.
 "But just sing good songs and you'll be good," is the advice of Miss Scott.
