LONDON, July 27.-Who are the ten richest men in the world? asks the Sunday Express. It answers the query itself by giving a list at the head of which is Henry Ford, whose fortune it estimates at \$500,000,000. John D. Rockefeller comes next with \$450,000,000; Andrew W. James B. Duke, the tobacco king; George F. Baker, of the First Nalandowner, the Express says, might have fortunes estimated at \$100,-000,000, while there are at least three other Indian rulers whose fortunes probably exceed this amount.

The Rothschilds, Guggenheims, Vanderbilts, Weyerhousers, and the Astors, says the writer, do not appear because theirs are family fortunes. The Rothschild wealth has been estimated at from \$250,000,000 to \$500,000,000 and that of the Astors at from \$100,000,000 to \$500 .-
