'89 School Enrollment Is Given

THE YEAR 1989 will go down as "anniversary year" for several local church organizations.

Friona's First Baptist Church got the festivities going back in January, as they celebrated the church's 75th anniversary with a full day of activities, hosting former members, pastors and staff members.

On June 17-18, the Union Congregational Church observed 81 years in Friona with special services which included dedication of a new church bell.

Next week, September 15-16-17, Friona's United Pentecostal Church will observe their 50th anniversary as a local congregation with special services (see stories and pictures in this issue).

Next on the schedule will be Friona's First United Methodist Church, which also will observe 75 years locally. Sunday, November 5 will be the "big day" for the Methodists, and Rev. Tommy Ewing promises that we'll be hearing more details about their celebration.

If you add up the total years of service for these four church congregations, it comes to 281 years, and that's an average of 70 1/4 years for each one, or an average "starting date" of around 1919.

The Baptists and Methodists trace their beginning to the year 1914, which was three years before the United States entered World War I, and the Congregationalists were organized locally in 1908, when the city itself was still in its "infancy."

These churches, along with all of the other local congregations that we have not mentioned, have been a vital part of the growth and development of the Friona area. It would be mind-boggling to start to think about all of the ministries performed by these local churches since their beginnings.

Suffice it to say that the community of Friona is the type of community that it is today due in a large part to our fine local churches.

We just wanted to take this opportunity to say "thank you" to each one for their on-going service. Many happy returns to those who are observing special anniversaries this year.

HOLLIS HORTON brought us the following piece, which reportedly appeared in the Tullahoma (Tennessee) *Guardian* about 1900. It apparently was a "tongue in cheek" article, in which case such writing has been going on for quite some time:

"Col. Wat. Batey, local capitalist, is organizing a stock company for the development of a 10,000 acre fig orchard in this section. The Colonel, when interviewed, stated that the new enterprise is the outgrowth of the trend among females toward fewer clothes and a return to the old Garden of Eden raiment.

"The new company will grow a high grade brand of fig leaves for the market, producing different shades by crossing with other forms of leaves. The figs from the orchard will be used as a by-product for the manufacture of cough medicine, the leaves being the main output.

"The company expects to be ready next spring to put its products on the market, and will advertise the business by putting on a big style show in this city, using living models to display the various patterns of fig leaves."

TEMPERATURES

Date	Hi-Low
Saturday, September 2	84-63
Sunday, September 3	84-64
Monday, September 4	90-64
Tuesday, September 5	92-62
Wednesday, September 6	90-63
Thursday, September 7	90-64
Friday, September 8	89-64
Moisture: .01 inch September 2; .01 inch September 8.	

Friona Independent School District's enrollment as of Tuesday, September 6 stood at 1,276, according to Superintendent of Schools Hal Ratcliff.

This was within two students of the enrollment on the same date in 1988, when the figure stood at 1,278, Ratcliff said. This is a difference of less than two-tenths of one per cent, and indicates a steady school enrollment in local schools.

Both the elementary and high school campuses showed gains over last fall's first-week enrollment. The elementary school was up by nine students, 667-658, and high school had a gain of two students, 343-341.

However, the enrollment in junior high was down by 13 students, 266-279.

Enrollment by grades was as follows, with the 1988 totals in parenthesis:

ELEMENTARY SCHOOL
E.C.U. 9 (7); pre-kindergarten 34 (34); special education, combined unit 6 (2); kindergarten 102 (100); first grade 100 (110); second grade 102 (110); third grade 110 (103); fourth grade 109 (97); fifth grade 95 (95). Totals: 667-658.

JUNIOR HIGH
Sixth grade 97 (91); seventh grade 89 (78); eighth grade 80 (85). Totals: 266 (279).

HIGH SCHOOL
Ninth grade 87 (92); tenth grade 90 (88); eleventh grade 82 (86); twelfth grade 84 (75). High school totals: 84 (75). Grand total: 1276 (1278).

Farm Bureau Meeting Is Set Tuesday

Parmer County Farm Bureau members will hold their annual meeting on Tuesday, September 12 at 7 p.m. at Friona State Bank.

Refreshments of cake and ice cream will be served.

Election of six directors, as well as new officers, will highlight the business session.

Resolutions will also be presented, and anyone with resolutions may present them at the appropriate time.

EARLY-DAY FRIONA...This is the way Friona looked around 1906-08 in a photograph taken from the Santa Fe property looking north. The old George G. Wright Land Office is in the left foreground with property fenced off. Other buildings on Main Street are recognizable. This is from a post card supplied by William Osborn of Austin. The card was mailed December 19, 1908 to Mamie Jones of Elida, Ohio. Message: My dearest niece. I arrived O.K. yesterday and will start back to K.C. this evening. Will see you in the future. Ed Jones.

FRIONA'S UNITED PENTECOSTAL CHURCH Pentecostal Church In Anniversary Fete

The United Pentecostal Church of Friona will celebrate its 50th anniversary in Friona with special services Friday, Saturday and Sunday, September 15-16-17.

"We are looking forward to having many former members and pastors with us in these services. Also, we would like to invite everyone who has ever visited the church to attend," said Rev. Lawrence Thompson, pastor.

On Friday, September 15, starting at 7:30 p.m., the Homecoming service will be held with a fellowship meeting combined.

"We are inviting and expecting all of our neighboring churches from Hereford to Portales, N.M., to the other side of Lubbock, at the service," Rev. Thompson said.

Rev. Jack Tedford of West Fork, Arkansas, will be the

speaker for Friday's service. Rev. Tedford is a former member and secretary/treasurer, of the local church.

On Saturday, September 16, starting at 7 p.m., will be a great time for all who love good gospel quartet singing. The Jubileans, a gospel quartet from Amarillo, will be among those providing a good time of inspiration.

Sunday morning starting at 10 a.m. will be a time of singing and worship. On Sunday evening, September 17, at 7 p.m., the theme of the service will be "Till He Comes."

Rev. David Carrington of Dumas will be the featured speaker. Rev. Carrington preached a revival at the local church in about 1961 or 1962, during which time the building materials for the

(Continued On Page 2)

Maize Days Winds Up Sat.

Friona's 1989 Maize Days celebration hits its zenith on Saturday (September 9) with a full day of activities.

From 6-8 a.m., the EMS Breakfast will be held at the Friona High School Cafeteria.

At 8 a.m., the Dixon Six-Miler foot race will be run from Anthony corner to Highway 60.

The photography show and Country Store, sponsored by Modern Study Club, will be held at the old Bi-Wize Drug location on Main Street.

The parade moves out at 10:30 a.m., moving from north to south on Main Street.

Also during the day, the Parmer County Fair will be held at the Boy Scout Hut next to the Community Center.

An art exhibit is sponsored by the Friona Artists Assn., and will be held in the Old Depot Building in the City Park.

The annual Maize Days Barbecue will be held at the Community Center, and will be catered by K-Bob's of Hereford. Tickets are \$5.50 for adults and \$4 for students 12 and under. Serving begins at 11:15 a.m.

The E&B Funtime Carnival rides will operate on the lot adjacent to the Community Center, and will be open from after the parade until late Saturday evening. Friona Evening Lions Club sponsors the carnival's appearance.

A street dance will cap off the day's activities. Sponsored by the Student Council, it will be held on Main Street from 9 p.m. until 1 a.m.

Chiefs Hosting River Road Friday

The Chieftain football team was hosting River Road Friday in their opening game of the 1989 season, and Coach Tommy Moss said his troops should be ready to play.

"We worked the boys real hard Monday and Tuesday, about as tough as any workouts we've ever had, and they responded real well.

"The kids asked us to work them hard this year, so they'd be in shape, and they're in good shape. They have run hard and worked hard this week," said Coach Moss.

Everyone was expected to be healthy for the game. Quarterback-safety Shannon Cochran, who missed last week's scrimmage and much of this week with an ankle injury, is expected to be near full-strength for the opener.

Friona leads the series against River Road, 7-5, and will be trying to avenge a disappointing 6-3 loss to the Wildcats last year at their

home field in a game in which the Chieftains led in every category except the score. River Road returned a punt for the winning touchdown on a reverse handoff.

Coach Moss has a personal 6-3 won-loss record against the Wildcats, who have provided an interesting opening game for the Chieftains for the past several years.

In last Thursday's scrimmage, the Chiefs met a tough Electra team, and found out why they were ranked 11th pre-season in the state.

Electra blitzed on defense, and took advantage of Friona's weaknesses to control the scrimmage.

"But we feel we accomplished what we wanted to. We learned we need to be ready every time we go to the field," Coach Moss said.

Letter To The Editor

The Friona Star
I would like to thank everyone who contributed in any way to make our recent Bazaar (Jamaica) a success on August the 13th.
The sponsors should be singled out especially for their generosity, without which we could not have been so successful.
Thanks, also, to all who attended and participated. I am really grateful to all the good people of Friona.
Sincerely,
Fr. Timothy F. Dran, S.A.
Pastor St. Teresa's Church, Friona

'Emotions'

What's A Pro?

By John Ingram Walker, M.D.
Recently a friend and I talked about the characteristics of a professional--what it takes "to be a pro." We had just read Michael Korda's book, *Success*, wherein he listed a composite profile of the successful professional:
*Born in the Midwest--40% of the country's top 500 executives were born there, although it accounts for less than 27% of the population.
*Works between 45 to 60 hours a week (median 54 hours).
*Is a child of an upper middle class business executive.
*Sticks with one company. (40% of top executives stuck with their original company).
*Belongs to the Episcopal Church. (20% of the nation's successful executives are Episcopalian, with Presbyterians, Congregationalists, Methodists and Jews just behind.)
*Is firstborn.
*Comes from a small, non-authoritarian family with mother's education roughly equivalent to father's.
*Is 45-59 years old.

We agreed these are interesting facts but they don't tell much--only what successful people look like on the outside. What we wanted to know are the qualities inside a person that signify a "pro."

In thinking of people with whom she had worked through the years

1979 CLASS MEETS...The 1979 graduating class from Friona High School had their 10-year reunion here last Saturday. Shown are (front row, l-r) Cris Wyly, Chris Barnett, Bobby Davis, Mike Hutson, Rick Taylor, Phil Veazey, Brit Eustace, Max White and Roger Coffey. Second row: Ky Graham, Larry White, Rachel Guerra Estrada, Vickie Smiley Field, M'Lynda London Jarecki, Jennie Bailey, Susan Noah Wise, Karen Edelman Stewart,

Priscilla Pruett and Laura Ellis Valentine. Back row: Park Weatherly, Debbie Meneffee Mefford, Gay Clark Chrisman, Jan Mason Knox, Tracy Horton, Julie Owen Bender, Renae Monroe Barnett, Varla Welch Wilcox, Cindy Chesher Read, Stephanie Schueler Tucker, Kim Frye Smiley, Les White, Deloris Wyly McNeeley and Justin McNeeley.

my friend said she had known many "real pros" who were at the bottom of the job hierarchy--housekeeper, mechanic, receptionist. She didn't see professionalism as always tied to financial success, though it is definitely tied to job security. A pro will always be able to find a job, always be in demand.
"Professionalism is an attitude of respecting your work and seeing it as an extension of yourself," she said. "It's a way of approaching your job as if it were your calling."
With her definition in mind, I came up with some distinguishing characteristics of a professional regardless of economic standing:
INTEGRITY. The pro follows the golden rule. Professionals always do their best and expect others to do their best. They are devoted to fairness and excellence.
COMPETENCE. Professionals read and study to stay current in their field. They look for trends, but maintain a calm, steady approach to change.
ACTIVITY. Professionals actively seek solutions to challenges. They take care of problems when they arise. They do first things first.
IS A GOOD LISTENER. Professionals take time to listen and to hear the requests and demands of customers and associates. They make an effort to concisely communicate how things will get accomplished and to write clear directives. The professional

gives appropriate, honest feedback--both approval and disapproval.
"CAN DO" ATTITUDE. Professions are confident and assured, believing that most challenges can be solved with the proper focus and game plan. They will tackle any job given them, but they know when to delegate or ask for help.
IS RESPONSIBLE. The professional can be counted on--to be there, to know and follow the rules, to accept responsibility for mistakes, to respect confidences, to do whatever it takes to get the job done, on time.
As my friend and I talked we agreed that it is our old friend, attitude, which distinguishes a professional from a non-professional. A professional attitude says to the observer: "I enjoy my work. I do my work well. I feel competent and proud of what I can do."
We can't all train for a profession--business, law, medicine, teaching--just as we can't all be born first children of Episcopalian businessmen in Cleveland, Ohio. But, we can all bring a professional attitude to our work. That's a valuable commodity in any marketplace.
Dr. Walker is Medical Director of Hill Country Hospital in San Antonio. For information about his books and seminars, contact Walker Communications at 512/629-7303.

Police Report

MONTH OF AUGUST, 1989
The Friona Police Department received 226 calls during the month of August, 1989.
Twenty-nine citations were issued. Fifteen arrests were made: five were held for extradition of America; one out-of-state warrant; one out-of-town warrant; one assault; two for public intoxication; two for trespass; one disorderly and criminal mischief; one hindering secure creditor; and one failure to appear.
Fifteen man nights were spent in jail.
Twenty-three offenses were reported: one sex offense; one child abuse; one runaway; one criminal trespass; one hindering secure creditor; one dog bite; four burglaries; two assaults; and six thefts.
Twenty-two vacation requests were made and 100 security checks.
There were two accidents investigated with no injuries.
All units of the Police Department drove a total of 6,403.2 miles, using 551.1 gallons of fuel.
Chief Niece and Captain Roberts attended a meeting of the board of directors for the Amarillo Police Academy.
Officers Steve Jones and John Taylor attended a Civil Process School in Tulia.

Pentecostal Church...

(Continued from Page 1) proclaimed Rev. Thompson.

construction of the present church was delivered.
"To God be the glory for all these past 50 years, and 'til He comes, may the glory be His," church.

The pastor issued a special invitation to anyone in the community who does not have a church home, to come and visit the church.

BAGS A BIGHORN...Philip Weatherly of Crested Butte, Colorado, poses with his bighorn sheep trophy that he shot August 27. He is the son of Lois Weatherly of Friona.

Weatherly Bags Trophy Bighorn

Former Friona resident Philip Weatherly shot a trophy bighorn sheep August 27 between Gunnison and Crested Butte, Colorado, about 12 miles from Weatherly's home.

The bighorn sheep hunting license is very hard to come by, as only seven hunters per year are issued a license. They enter their names in a drawing for the limited number of licenses.

Weatherly called his trophy a "once in a lifetime" opportunity.

It's A Girl For Couple

Rudy and Norma Mendoza became parents of a baby girl, Cassandra Lee, on September 1, at Northwest Texas Hospital in Amarillo.

The new arrival weighed five pounds. She is the first child for the couple.

Grandparents are Andy and Janie Cruz and Dan and Lupe Mendoza, all of Friona.

Great-grandparents are Hijino and Elena Guerra of Friona and Mrs. Dan Mendoza, Sr. of Friona.

Belen Perez Is Graduate Of Sec. School

On Thursday, August 31, Ms. Belen Perez of Friona graduated from the Executive Secretarial School of Texas with a certificate in word processing. Ms. Perez was joined by her family and friends at the graduation ceremony. Effective Tuesday, September 5, Ms. Perez is employed by State Farm Insurance in Dallas. She entered the Executive Secretarial School in August 1988. Ms. Jan Friedheim, chairman and founder of the school states, "We are all very proud of Belen and all that she has accomplished in one year. Belen will be missed on a daily basis at the school, however, we look forward to keeping in touch and learning of her successes in business." The Executive Secretarial School of Texas opened in 1969 in Dallas. Ms. Jan Rabb Friedheim founded the school in response to the need for qualified secretaries in the business community. The Executive Secretarial School is the largest and oldest private career school of its kind in the Southwest.

Prairie Acres Party Line

By CAROL COLE

Our residents are really excited about the upcoming Maize Days celebration. Ben Israel has grown a beard in preparation and he is really looking forward to the parade.

We hope and pray the weather holds out so our residents can attend. They always enjoy it so much. We would like to thank John Blackwell for being super in holding us a prime spot in front of his business. It makes loading and unloading for us so much easier.

Etoile and Odell came out last Sunday after church and gathered a bushel of crowder peas and I want to thank both of them for their Christian kindness. These are two real fine people who take such a wonderful interest in Prairie Acres and I want to say Etoile and Odell are two in two million!!! We've had so much produce this year and the quality has been super.

On Friday, September 15, we will host a retirement party for Mary

Johnston. We are, of course, sad to lose Mary as our director of nursing, but we also wish happiness for Mary and we know and understand the reasons for Mary's departure.

We will get to see Mary frequently, as her mother, Katie Massey, lives with us here at Prairie Acres. The party will be a "come and go" from 2-4 p.m.

We hope families and friends of Prairie Acres will come out and help us to welcome our new director of nursing, Joan Ahrhart. Joan is a delightful lady and we welcome her to our team.

Joan is the niece of Jinx Sneed and comes to us from New Jersey and we are really happy to have her with us. Joan has a ten year old daughter, Jenny, who is in the fifth grade. Joan and Jenny have purchased a home near the high school and we wish them happiness in their new home.

Cast all your care upon Him; for He careth for you... I Peter 5:7.

hooray for friona!

PUBLIC NOTICE BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION NOVEMBER 7, 1989

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 102 proposes a constitutional amendment that would increase the salary of members of the legislature to one-fourth of the Governor's salary and increase the salary of the Lieutenant Governor and the Speaker of the House of Representatives to one-half of the Governor's salary. The annual salary of members of the legislature, the Lieutenant Governor, and the Speaker of the House of Representatives is currently \$7,200. Under this provision, the annual salary of the Lieutenant Governor and the Speaker would be \$46,716, and the annual salary of members of the legislature would be \$23,358, based on the Governor's current annual salary of \$93,432. The increase for the Speaker and the members of the legislature would take effect when the legislature convenes for its regular session in January 1991. The increase for the Lieutenant Governor would take effect when the term of that office begins in 1991. The salary increase for the Lieutenant Governor would not make members of the legislature ineligible to run for the office of Lieutenant Governor.

The proposed amendment will appear on the ballot as follows:
"The constitutional amendment to limit the salary of the lieutenant governor and the speaker of the house of representatives to not more than one-half of the governor's salary and to limit the salary of a member of the legislature to not more than one-fourth of the governor's salary."

PROPOSITION NO. 2 ON THE BALLOT

Senate Joint Resolution 5 proposes a constitutional amendment that would authorize the Texas Water Development Board to issue an additional \$500 million of Texas water development bonds. The additional bonds are to be used as follows: \$250 million of the bonds are to be used for water supply loans and facilities acquisition; \$200 million of the bonds are to be used for water quality enhancement projects; and \$50 million of the bonds are to be used for flood control. The legislature may provide that \$100 million be used for subsidized loans and grants to economically distressed areas of the state for water and wastewater facilities.

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 51 proposes a constitutional amendment that would authorize the legislature to provide for the issuance of general obligation bonds to provide money to establish a Texas agricultural fund, a rural microenterprise development fund, a Texas product development fund, and a Texas small business incubator fund in the state treasury. The Texas agricultural fund would be used to provide financial assistance to develop, increase, improve, or expand the production, processing, marketing, or export of crops or products grown or produced in Texas by Texas agricultural businesses. The rural microenterprise development fund would be used to stimulate the creation and expansion of small businesses in rural areas. The Texas product development fund would be used to aid in the development and production of new or improved products in this state. The Texas small business incubator fund would be used to stimulate the development of small businesses in the State.

The principal amount of bonds outstanding at one time could not exceed \$25 million for the Texas agricultural fund and \$5 million for the rural microenterprise develop-

ment fund. The financial assistance offered by both funds could include loan guarantees, insurance, coinsurance, loans, and indirect loans or purchases or acceptances of assignments of loans or other obligations. To carry out the Texas product development fund, the legislature could authorize loans, loan guarantees, and equity investments, and the issuance of up to \$25 million of general obligation bonds for initial funding. To carry out the Texas small business incubator fund, the legislature could authorize loans and grants of money, and the issuance of up to \$20 million of general obligation bonds for initial funding.

Bonds authorized under this amendment would be paid out of the first money coming into the treasury in each fiscal year that is not otherwise appropriated by the constitution, less any amount in any interest and sinking account at the end of the preceding fiscal year that is pledged to payment of the bonds or interest.

The proposed amendment will appear on the ballot as follows:
"The constitutional amendment authorizing the legislature to provide for the recovery and further development of the state's economy, with goals of increasing job opportunities and other benefits for Texas residents, through state financing of the development and production of Texas products and businesses."

PROPOSITION NO. 4 ON THE BALLOT

House Joint Resolution 13 proposes a constitutional amendment that would authorize the legislature, by general law, to exempt from ad valorem taxes property owned by nonprofit veterans organizations that are chartered or incorporated by the United States Congress.

The proposed amendment will appear on the ballot as follows:
"The constitutional amendment to authorize the legislature to exempt property of nonprofit veterans organizations from ad valorem taxation."

PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 11 proposes a constitutional amendment that would provide an exemption from ad valorem taxation for goods, wares, merchandise, other tangible personal property (including aircraft), and ores (other than oil, gas, and petroleum products) if the property is acquired in or imported into the state and is destined to be forwarded out of the state, regardless of whether the intention to forward the property existed when the property was acquired or imported into the state, if it remains in Texas for 175 days or less for assembly, storage, manufacture, processing, or fabrication. The proposed amendment would authorize the governing body of a county, municipality, school district, or junior college district to prevent the exemption of this tangible personal property from taxation by taking official action before April 1, 1990. A county, municipality, school district, or junior college district could rescind a decision to tax the property, in which case the exemption would become effective in the year of the rescission and the property could not thereafter be taxed.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment promoting economic growth, job creation, and fair tax treatment for Texans who export goods to other states and nations by restoring and allowing, on a local option basis, an ad valorem tax exemption for certain personal property that is in Texas only temporarily for the purpose of assembling, storing, manufacturing, processing or fabricating."

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 4 proposes a constitutional amendment that

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 10 proposes a constitutional amendment that would change the format of the oath of office for officeholders in this state. All elected and appointed officers would be required to take an oath or affirmation swearing to faithfully execute the duties of office and to preserve, protect, and defend the constitution and laws of the State and the United States. In addition, each elected and appointed officer would be required to sign a sworn statement that he or she had not paid, offered, or promised anything of value for a vote or to secure appointment to an office, as applicable. The written, sworn statement would be filed with the secretary of state. The information in the statement is currently contained in the oaths of office taken by elected and appointed officials.

The proposed amendment will appear on the ballot as follows:
"The constitutional amendment to require that a member of the legislature, the secretary of state, and an elected or appointed officer, before assuming office, sign a written oath stating that the member, the secretary of state, or the officer did not engage in bribery to obtain the office."

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 24 proposes a constitutional amendment that would allow the legislature to authorize the issuance of up to \$400 million in general obligation bonds. The proceeds of the bonds could be used to acquire, construct, or equip new corrections institutions, mental health and mental retardation institutions, youth corrections institutions, and statewide law enforcement facilities and to repair and renovate existing facilities of those institutions. The bonds would constitute a general obligation of the state. The bonds and interest on the bonds would be paid from the first money coming into the treasury that is not otherwise appropriated by the constitution, less any amount in a sinking fund at the end of the preceding fiscal year that is pledged to payment of the bonds or interest.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of general obligation bonds for projects relating to facilities of corrections institutions, youth corrections institutions, and mental health and mental retardation institutions and for the expansion of statewide law enforcement facilities."

PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution 101 proposes a constitutional amendment that would authorize the legislature to pass laws to organize and combine state agencies that perform criminal justice functions. The legislature could combine into one or more agencies all agencies that have authority over the confinement and supervision of convicted criminals, that set standards for or distribute state funds to political subdivisions with authority over the confinement and supervision of convicted criminals, and that gather information about criminal justice administration. Agencies that could be combined would include the Texas Department of Corrections, the Board of Pardons and Paroles, and the Texas Adult Probation Commission. The amendment would also authorize the legislature to pass laws authorizing the appointment of members of more than one department of government to serve on the governing body.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to organize and combine various state agencies that perform criminal justice functions."

PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 4 proposes a constitutional amendment that would authorize the legislature to enact laws requiring or permitting judges to advise juries that a defendant convicted of a criminal offense can receive credit for good conduct that results in a shorter prison term and that eligibility for parole or mandatory supervision can also affect the length of time a convicted criminal serves in prison.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to require or permit courts to inform juries about the effect of good conduct time and eligibility for parole or mandatory supervision on the period of incarceration served by a defendant convicted of a criminal offense."

PROPOSITION NO. 11 ON THE BALLOT

House Joint Resolution 102 proposes a constitutional amendment that would increase the per diem of members of the Legislature. The amount of per diem allowed during a calendar year would be equal to the maximum amount allowed for federal income tax purposes as of January 1 of that same year as a deduction for living expenses incurred by a state legislator. The per diem of \$30 would increase to \$81, which is the current maximum living expense deduction.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to set the amount of per diem received by a member of the legislature at the amount allowed for federal income tax purposes as a deduction for living expenses incurred by a state legislator in connection with official business."

PROPOSITION NO. 12 ON THE BALLOT

Senate Joint Resolution 53 proposes a constitutional amendment that would authorize the legislature to provide for the use of the permanent school fund and the income from the permanent school fund to guarantee bonds issued by the state for the purpose of providing loans or purchasing the bonds of school districts to acquire, construct, renovate, or improve instructional facilities. If the permanent school fund were required to make payment as a result of its guarantee of bonds issued by the state, the fund would have to be reimbursed immediately from the state treasury. The amount of bonds guaranteed by the permanent school fund could not exceed \$750 million unless a higher amount was authorized by a two-thirds vote of both houses of the legislature. If a school district were to become delinquent on a loan, the amount of the delinquency would be offset against other aid to which the district was entitled.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for using the permanent school fund and its income to guarantee bonds issued by the state for the purpose of aiding school districts."

PROPOSITION NO. 13 ON THE BALLOT

House Joint Resolution 19 proposes a constitutional amendment that would provide a bill of rights for crime victims. This constitutional amendment would give crime victims the right to be treated with fairness and respect and to be reasonably protected from the defendant. On his request, the crime victim would have the right to notification of court proceedings, the right to be present at all public court proceedings unless a court determines that the victim's testimony would be affected by hearing other testimony, the right to confer with a representative of the prosecutor's office, the right to restitution, and the right to information about the conviction, sentence, imprisonment, and release of the defendant. The legislature would be authorized to enact laws to define the term "victim," to enforce the rights of crime victims, and to provide that certain public officers and agencies are not liable for a failure to protect a victim's rights.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment

PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 71 proposes a constitutional amendment that would require the district attorney in Fort Bend County to be elected and serve terms at the same times as criminal district attorneys in the state. Currently, criminal district attorneys are elected in gubernatorial election years and district attorneys are elected in presidential election years.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment requiring a district attorney serving in Fort Bend County to be elected and serve a term in the manner provided by general law for criminal district attorneys."

PROPOSITION NO. 15 ON THE BALLOT

House Joint Resolution 32 proposes a constitutional amendment that would authorize the legislature, by general law, to permit charitable raffles conducted by qualified nonprofit organizations. The amendment would require that the raffles be conducted, promoted, and administered only by members of the qualified nonprofit organizations and that the proceeds from the sale of raffle tickets must be spent for the charitable purposes of the organizations.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to permit and regulate raffles conducted by certain nonprofit organizations for charitable purposes."

PROPOSITION NO. 16 ON THE BALLOT

Senate Joint Resolution 34 proposes a constitutional amendment allowing the legislature to pass general laws authorizing the creation of hospital districts upon approval of a majority of the qualified voters of the district. The amendment would also permit the legislature to authorize the creation of hospital districts by general or special law in counties with populations of 75,000 or less and to authorize the commissioners courts of such counties to levy ad valorem taxes and issue general obligation bonds for the support and maintenance of such districts.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment granting to the people the right to decide whether to create and maintain hospital districts to protect the public well-being in a manner independent of the legislature."

PROPOSITION NO. 17 ON THE BALLOT

House Joint Resolution 33 proposes a constitutional amendment that would allow the legislature, by general law, to authorize the use of public money to provide local fire departments and other public fire-fighting organizations loans or other financial assistance to purchase fire-fighting equipment and to aid in complying with federal and state law. The legislature would also be allowed to authorize the use of public money for scholarships and grants to educate and train members of these organizations. Part of the money could be used for administrative costs of this program. The legislature would provide for the terms and conditions of all such scholarships, grants, loans, and other financial assistance.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the state to provide scholarships, grants, loans, and other financial assistance to local fire departments and other public fire-fighting organizations to purchase fire-fighting equipment, to aid in providing necessary equipment and facilities to comply with federal and state law, and to educate and train their members."

PROPOSITION NO. 18 ON THE BALLOT

Senate Joint Resolution 44 proposes a constitutional amendment that would repeal subsection (e) of Article III, Section 50-d of the constitution. Article III, Section 50-d currently allows the Texas Water Development Board to issue and sell Texas agricultural water conserva-

tion bonds in an amount not to exceed \$200 million, if two-thirds of the members of each house of the legislature approve. Under subsection (e), this authority will expire in November, 1989. Repeal of subsection (e) by passage of this amendment would continue in effect the authority to issue and sell the bonds.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to eliminate certain time limitations relating to the issuance of Texas agricultural water conservation bonds."

PROPOSITION NO. 19 ON THE BALLOT

Senate Joint Resolution 59 proposes a constitutional amendment that would allow local governments to invest their funds as authorized by the legislature. Currently, the constitutional prohibition against a grant of public money to an individual, association, or corporation or against becoming a stockholder in a corporation, association, or company prevents local governments from making some kinds of investments. This proposed amendment would allow local governments to make any investments authorized by the legislature.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize local governments to invest their funds as provided by law."

PROPOSITION NO. 20 ON THE BALLOT

Senate Joint Resolution 16 proposes a constitutional amendment which, if passed, would abolish the office of county surveyor in Cass, Ector, Garza, Smith, Bexar, Harris, and Webb Counties. A majority of the voters in an affected county must vote in favor of this proposed amendment before the office is abolished in that county. If the office of county surveyor is abolished in any of these counties, the powers, duties, and functions of the office are transferred to a county officer or employee designated by the commissioners court of the county in which the office is abolished.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to abolish the office of county surveyor in Cass, Ector, Garza, Smith, Bexar, Harris, and Webb Counties."

PROPOSITION NO. 21 ON THE BALLOT

Senate Joint Resolution 74 proposes a constitutional amendment that would authorize the legislature to enact laws authorizing the Texas Higher Education Coordinating Board or its successor to provide for, issue, and sell an additional \$75 million in general obligation bonds as college savings bonds. The form, terms, and denominations of the bonds would be prescribed by law. The interest rate and installments would be prescribed by the Texas Higher Education Coordinating Board or its successor. The maximum net effective interest rate would be set by law. Proceeds from the sale of the bonds would be credited to the Texas opportunity plan fund, which is used to make loans to students to attend institutions of higher education in Texas. The bonds and interest on the bonds would be payable from the first money coming into the treasury in each fiscal year that is not already appropriated by the constitution, less the amount remaining in the sinking fund at the close of the prior fiscal year.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the issuance of general obligation bonds as college savings bonds to provide educational loans to students and to encourage the public to save for a college education."

Estos son los informes explicativos sobre las enmiendas propuestas a la constitución que aparecerán en la boleta el día 7 de noviembre de 1989. Si usted no ha recibido una copia de los informes en español, podrá obtener una gratis por llamar al 1/800/252/8683 o por escribir al Secretario de Estado, P.O. Box 12060, Austin, Texas 78711.

Hospital Auxiliary Met Tues.

The first Hospital Auxiliary meeting of the 1989-90 year was held September 5 at 2 p.m. in the Sun Room of the hospital.

Ann Osborn, president, welcomed fourteen members. A short business meeting was held reporting income from rummage sales and television rentals and the disposition of the income.

Hospital administrator, Elda Hart, reported the immediate needs of the hospital were for a new I.V. pump, an otoscope and a word processor typewriter. It was voted to donate present funds toward these items.

Members adjourned to inspect a helicopter belonging to Rocky Mountain Air which is used to transport critically ill patients. The helicopter can carry up to three patients on the 35 minute trip to Lubbock.

The next meeting will be October 3 at 2 p.m. in the Sun Room. Visitors and prospective members are welcome.

Happy Birthday

WEEK OF SEPTEMBER 9-15

Friona residents having birthdays next week are:

September 9--Floyd Reeve, Sharon Gordon, Cayce Dunn, Winette Parr, Donna Morgan.

September 10--Kyle Potts, Glenn E. Reeve, Jr., Gigi Spring, Gary Williams, Mike Ellis, Katie Lou Eddins.

September 11--Shawn Osborn, Maria Mejia, Jeffery Coker.

September 12--Dee Ann Hutson, Hailey Rector, Wade Carson, Alesia Tucker.

September 13--Ty Van Potts, John Tate McFarland, Misty Drake, Mike Hanes.

September 14--Jerry Hinkle, Chad Hamilton.

September 15--Ramyrrl Randolph, Mamie Lou Welch, Lorri Garza, Nedra Cash, Jana Renner, Eddie Gauna, Paul Fant, Jeff Landrum, Troy Young, T.A. Kelley, Betty Wiseman, Michael Wilhelm, Jessica Lynn Alexander.

If you or someone in your family has a birthday coming up soon, call the Friona Star at 247-2211 by Thursday noon and report it.

Fire Calls

August 3--City of Friona trash truck; used FD 6 and 5; 12 firemen responded.

August 7--rescue at Friona Bi-Products; used FD 2 and 5; 12 firemen responded.

August 8--three miles south of Summerfield; mutual aid; 11 firemen responded.

Church Ceremony Unites Kimberly Pate, Charles Meil

Kimberly Anne Pate and Charles Bart Meil were united in marriage Saturday evening with the Rev. Donnie Dixon officiating. The ceremony was held at Cypress Creek Baptist Church in Austin.

The bride is the daughter of Mr. and Mrs. Hugh Pat Pate of Austin. Parents of the groom are Mr. and Mrs. E.C. Meil of Stinnett. He is the grandson of J.A. and Madge Loflin of Friona.

Maid of honor was Pamela Pate of San Marcos, sister of the bride. Bridal attendants were Jill Robinson of Quitman, sister of the

groom, Jeanette Lewis and Linda Garza, both of Houston.

Best man was Capt. Jeff Pendelton of Tacoma, Washington. Groomsmen were Mark Robinson of Quitman, brother-in-law of the groom, Mark Snider of Lubbock and Scott Ramsey of Dallas.

Guests were seated by Brent Loflin of Lubbock, cousin of the groom, Greg Porter and Jeff Buchanan, cousin of the bride, both of Dallas.

Ring bearer was Ben Robinson

of Quitman, nephew of the groom.

The bride received a degree in marketing from Stephen F. Austin University in Nacogdoches. She is a member of Zeta Tau Alpha sorority. She is employed as executive assistant of Stouffer Hotels of Austin.

The groom received a degree in finance from Texas Tech University in Lubbock. He is a member of Sigma Phi Epsilon fraternity. He is employed by G.M.A.C. as a supervisor in Austin.

Mrs. Charles Meil

Cub Scout Events Are Reported

Local and area Cub Scouts attended Longhorn District Day Camp hosted by Friona in June.

"Our camp was a huge success with a total of 65 boys attending from Friona, Bovina, Lazbuddie and Hereford. We are proud of our leaders, parents and local citizens who helped. We received many good comments on the camp and facilities in Friona," said a spokesman for the Scouts.

In August, the Cubs and leaders had a swim party to kick off a new year and plan for Maize Days. Cub Scouts will be selling ice cream again this year.

The Scouts will have a school night to register new boys in the Pack, ages 6-11. The date and time will be announced later. If you are interested and need more information, please call Rhonda Bentley at 247-2085.

The next generation FARMER

It has never been easy for young people to start farming on their own. Today, just as in the past, young people are turning to their Land Bank Association for financing.

Dependable long-term financing — generation after generation.

That's the Land Bank way.

An investment in Your Future

ATTEND CHURCH

ARMED FOR Self Protection

The cactus plant requires little for its growth and sustenance. It endures where soil is rugged and barren. It has a tough coat to protect it from blowing sand and other elements. The thistles protect it from being eaten.

We need to . . .
be strong in the Lord, and in the power of his might. Put on the whole armour of God . . .

Attend church and receive strength for each week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Town Talk

By Geneva Williams
Call 247-3249 With Your News Item

Hi Ya'll—I hope each of you had a good Labor Day weekend and a safe one, also. I took advantage of the time and flew to Dallas to visit with our sister, Frances Baze. Big D was plenty warm and so we stayed close to the air conditioning.

That is certainly a different climate than we are used to here and it makes me appreciate our cool comfortable nights. We visited our Aunt Mary who is in the nursing home there. She recognized us and we had a nice visit with her. She is our mother's youngest sister.

Summer is fast coming to a close and if you are like I am, I am tired of my garden and my lawn and I am about ready to lay it all aside.

Do you feel stuck?, de-selved?, angry?

How we experience these potential anger producers effects our emotional life & our relationship at least as much & perhaps more than any other emotion.

The cultural messages we receive about these feelings are plainly mixed, producing confusion, internal conflict, anxiety & interpersonal difficulties. Must I always be nice?, popular?, universally loved? Some answer yes, some no. Maybe you answered no & still have depression, high blood pressure & fears. Take some positive action - be the person you want to be.

Christian Counseling Service. Individual, Marriage & Family Counselings. Experienced

For appointment call 762-4210.

Sharon L. Stampe, M. S., Ed.
Counseling - Psychotherapy

This little ditty "In Praise Of Preservation" pretty well puts it in the right place.

At Summer's end I am a wreck, from canning foodstuffs by the peck.

But I revive with sticky pride, and bless the bottles, side by side.

Of apples, plums and succotash, and beans and peas as good as cash.

Now all I need is a recipe for canning and preserving me.

But all these canned "things" will sure taste good this winter when we will have forgotten about our good fresh gardens. I took a box of tomatoes with me to Dallas and Frances thought this was a real treat. They do taste pretty good.

John and Zora Gaede had company from Archer City, Texas and Silverton, Texas. Darlene Schreiber and Kevin spent a few days with John and Zora and Elvira Weaks from Silverton, with them, also. Elvira is a sister-in-law of Zora's and they had a good time together.

Glenda and James Nixon and Kayce and Nick of Round Rock, Texas and Vickie Harrison, Stephanie and Brandi from Raydon, Oklahoma spent the weekend with Selma Habbinga. Selma said that they had so much distance between them that they do not get to visit that much any more and she really did enjoy them. The Nixons went on to Portales, N.M. to visit with the Mack Nixon family, the father of James Nixon.

Friona gets mentioned in the Amarillo paper quite often and I hope all of you "picked up" on these items. The Crofford twins and the Scott twins had a nice story about attending a twins convention. And in the football news, Friona was covered and a nice picture and write up about the Friona Chieftains.

Then on Saturday, ex-Chieftain star Daniel Echols, now playing for SMU, was featured with a nice write up.

Friona Cemetery trivia—I just knew that I would have an answer real quick on this question, but I learned that I am not the only one who can't or don't remember these things. Clyde Fields called and said that Russell O'Brian would be able to give me the information we were seeking.

I called Russ and he just remembered that Waymon Wilkins, working with Adams Drilling, did this work and installed the sign, but he did not remember the date.

He said that Friona Cemetery Association paid \$100 for this work, so I called Waymon Wilkins and he could not remember when the work was done but did remember doing it.

I thought probably C.L. Vestal could give me more information on this but he was not able to add any more information so I will keep inquiring and maybe I can complete this story. If any of you remember any more about this, please call me.

Barbara (Mrs. Gary) Brown called to give us an update on Jeff. Jeff spent two weeks at St. Mary's Hospital in Lubbock in therapy. He was released Friday, August 25 and entered Texas Tech University August 28. He was able to be out of his braces and is making good progress. Barbara also tells us that their daughter, Julie, also enrolled in Texas Tech. Good luck to these young people.

Ione Deaton (Mrs. Les) called to let us know that her grandson, Tate Shelton, is attending Panhandle State University at Goodwell, Oklahoma. Tate is the son of Mr. and Mrs. Jerry Shelton and we wish Tate lots of success in his education.

Rene and Jinx Snead made a trip to Amarillo to see Rene's doctor and was given a good report. In our conversation with Jinx, I asked about June Floyd, knowing that Jinx stayed in close touch with June. Gerald told Jinx that June was making better progress and that she was walking a lot and feeling much better.

June's daughter, Geneva, has been visiting there and they hoped to spend this weekend in Friona but no definite plans are being made—one day at a time when you are climbing the ladder of health. We hope they can be a part of Maize Days and we can all say "Hello, June," and wish her well.

Doyce and Mary Joyce Barnett took advantage of the big rains last week and drove to Blunt and Pierre, South Dakota to visit with friends. They visited in the Max and Peggy Cruse home and with several others while there.

They saw Mack and Karen Wylly, Mr. and Mrs. Jimmy Cruse, Marvin and Dorothy Massey and June Cruse. Marvin Massey filled the pulpit Sunday at the church in Pierre and this was a treat for Doyce and Mary Joyce. They came back Wednesday and they had just gotten home when I called to get their report. They reported that

everyone was well and working and they had a good trip.

It was good to visit with Mildred May and to learn that she is back on the job. Mildred has been real sick but is back on the road to good health and we are glad for you Mildred.

Helen Romo and her family enjoyed the second annual reunion of the Lucien Lang family. Mrs. Alma Lang (Lucien) is Helen's mother and has visited in Friona. The group left Thursday and returned Monday from this visit to Atoka, Oklahoma.

Those in attendance were Loyd and Geneva Lang of Atoka, Oklahoma; Mildred Lang and Amy of Durant, Oklahoma; Gary and Kathy Lang Glasco of Skelleytown, Texas; Johnny and Lyndia Lang of Durant, Oklahoma; Dawn Lang of Atoka, Oklahoma; Meagan Phillips of Atoka, Oklahoma; Helen Lang Romo; Claude and Sheila McMurtrey, Sheryl and Clayton of Lockney.

Also, Darrell McMurtrey of San Diego, California; Don Romo of Clovis, N.M.; Tack and Alyce Lang of Colgate, Oklahoma; Eugene and Shirley Lang, Daniel,

Gena and Brent of Atoka, Oklahoma; Richard and Tanie Lang Eddings, Tason, Wesley and Amanda of Colgate, Oklahoma and Mrs. Alma Lang of Achille, Oklahoma.

Some of us remember the birth of twin boys to Shawn and Sharlene Parr Kimbrell of Happy on May 1, 1989. These boys were premature and could not leave the hospital for some time but we are glad to report that they are home and making progress.

Seth Arron weighed two pounds, two and one-half ounces and now weighs nine pounds, twelve ounces. He went home June 26, 1989. His brother, Steven Blaine, weighed one pound, seven ounces and now weighs four and one-half pounds. He went home August 14, 1989.

These babies were born at Northwest Texas Hospital and Shawn and Sharlene stayed at the Ronald McDonald House during their stay in Amarillo. Seth and Steven are the grandsons of Ira Bruce and Wynette Beaton Parr and the great-grandchildren of Grace and Bruce Parr and Winnie Beaton. We wish them continued growth and health and we will be expecting an update on these

children.

Enjoy Maize Days and visit with your friends and neighbors during this time. This is the best time to see people that we do not get a chance to see every day of the week. Friona has a lot going for us—let's be proud of it.

Club Holds First 1989-90 Meeting

Modern Study Club held its first meeting for the new club year on Tuesday evening, September 5 at 7:30 p.m. at the Women's Clubhouse.

Iona Cook, president, opened the meeting with prayer and welcomed the members.

A salad supper was prepared and served by the program

committee. The committee is composed of Beth Thompson, Thelma Coffey, Fay Reeve and Iona Cook.

The group sang a "medley of songs," led by Donna Mears, accompanied by Eva Miller.

Nineteen members answered roll call with "What Summer Brought."

Mrs. Cook presided over the business meeting. Members of the program committee passed out the new club yearbooks.

The meeting adjourned with the repeating of the club collect, led by Mrs. Cook.

FINANCIAL FOCUS

IKE STEVENS

BY IKE STEVENS
Edward D. Jones & Co.
(See Related Adv. Below)

Module XXIV: Tax-Exempt Bearer Bonds

(Editor's note: This is the second of two articles on tax-exempt bearer bonds.)

Tax-exempt bearer bonds have no name or registration on the bond certificate. If an issuer redeems a bond early, owners aren't notified until after they send in the next interest coupon. As a result, they lose six month's interest.

Since June 1983, all tax-exempt bonds have been issued in registered form. This eliminates the problem of early redemption without the owner's awareness. The name of the bondholder is registered with the trustee and with the paying agent, so interest payments and redemption notices are mailed promptly.

What about the thousands of bearer bonds still in circulation? Can bearer bondholders protect themselves against loss of interest or delayed return of principal?

When the early redemption of a bearer bond is discovered, most investors make their displeasure known by contacting either the bond's trustee or the broker from whom they bought the bonds. In reality, neither the broker nor the bank can correct the situation.

The bank maintains that, because the bonds aren't registered, no one can be notified, and because the bank is generally not under the jurisdiction of the Security and Exchange Commission or the National Association of Security Dealers, there's little the broker can do to exert pressure on the bank. Both are valid defenses, but neither go very far in solving your problem.

Many brokerage firms closely monitor bond issues that they have underwritten or in which they have

taken large positions. They do this through the professional trade magazine, *The Bond Buyer*. A subscription costs about \$1,000 a year. When one of their issues is called, the firm can notify their sales force, and affected bondholders are informed.

If your bearer-bond holdings are large enough or if early redemptions are a major problem, you might consider a subscription to *The Bond Buyer*.

For more bondholders, however, the cost and research time of the subscription is impractical. A simple alternative is to bring bearer bonds to your broker and have them converted to registered form. This is easy and inexpensive. With registered bonds, the trustee bank has a record of the names and addresses of all bondholders. All registered bond owners are notified of redemption.

If a bond cannot be registered, you may opt to have that bearer bond held in firm name by your broker. The burden of monitoring call notices is then shifted from you to your broker. In addition, your broker collects your interest and can either forward it to you or reinvest it for you. Many investors have discovered the convenience of a full-service brokerage firm and the many ways that dealing with one can eliminate their frustration.

Bearer bonds have offered safe, tax-exempt income for many years with very few problems. In most cases, they will continue to promptly pay interest and principal when due.

However, if you're among those bondholders who have sacrificed income because of early redemptions, you may consider these alternatives. Although there's no way to eliminate the problem, there are ways to beat it.
