"MY TURN"

By Carol Ellis

YOU'LL BE GLAD to know that the old traditional fairy tale dream of a "happy ending for all" is alive and well and living in the hearts of our American youth.

The editors of "Seventeen" magazine were recently successful in getting a number of teen-agers across the country to take the stereo headphones out of their ears long enough to answer some survey questions about what they expect in their future lives. The biggest majority of them, boys and girls alike, expected to fall in love, get married and raise a family.

The family unit is still the single most important item in our society and I was happy to see that the dream has not faded in spite of the fact that it has taken quite a beating in the past few decades.

Just getting from childhood to adulthood is no simple task in today's world. In a single day's time, 2,269 illegitimate children are born, 2,753 teenagers get pregnant, five teenagers commit suicide, 609 teenagers get a venereal disease, 988 children are abused, 110 babies die before their first birthday, 49,322 children are in public juvenile-correctional facilities, 2,989 kids see their parents get divorced, and 3,288 children run away from home.

Fifty-one per cent of our population is currently involved in a divorce and by 1990 there will be more people living in second marriages than those who are living in first marriages. It is difficult, but still possible, to raise our children in an atmosphere of love in spite of awkward family situations created by divorce. It requires a great deal more dedication on the part of the parents.

The following "Child's Ten Commandments For Parents," author unknown, came to us from friend Geneva Williams:

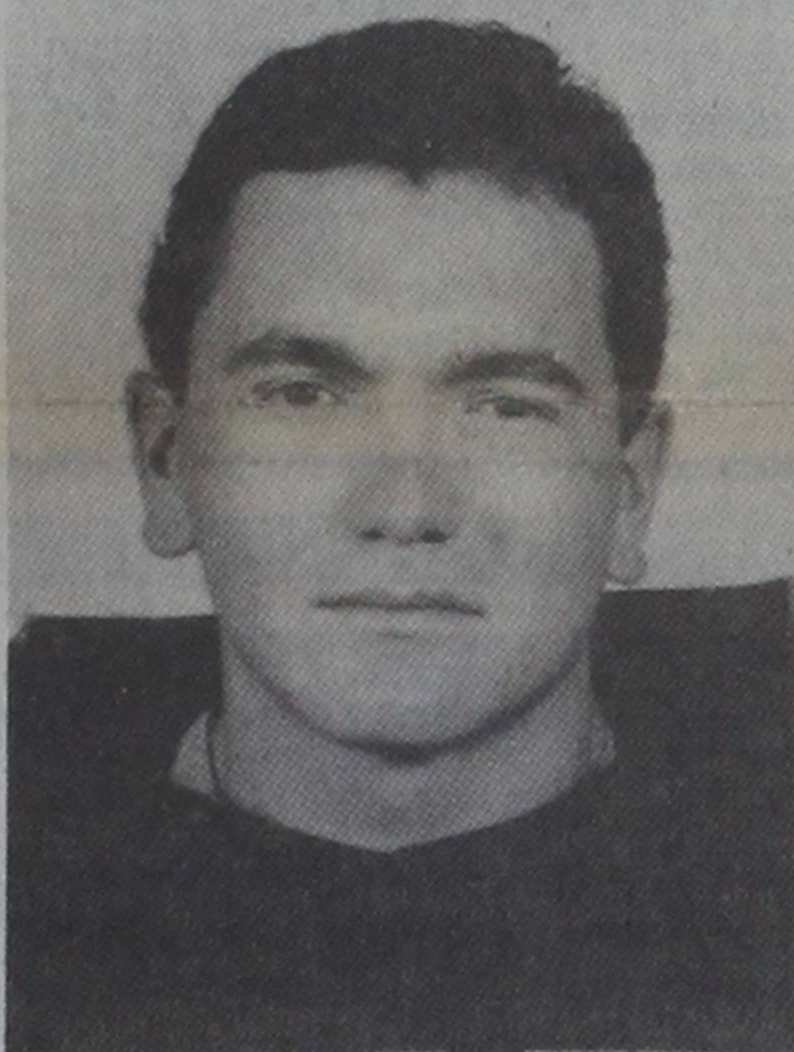

1. My hands are small; please don't expect perfection whenever I make a bed, draw a picture or throw a ball. My legs are short; please slow down so that I can keep up with you.
2. My eyes have not seen the world as yours have; please let me explore safely. Don't restrict me unnecessarily.
3. I'm only little for a short time...please take the time to explain things to me about this wonderful world, and do so willingly.
4. My feelings are tender; please be sensitive to my needs; don't nag me all day long. Treat me as you would like to be treated.
5. I am a special gift from God; please treasure me, holding me accountable for my actions, giving me guidelines to live by, and disciplining me in a loving manner.
6. I need your encouragement to grow. Please go easy on the criticism. Remember you can criticize the things I do without criticizing me.
7. Give me the freedom to make decisions concerning myself. Permit me to fail, so that I can learn from my mistakes. Then someday I'll be prepared to make the kind of decision life requires of me.
8. Please don't do things over for me. Somehow that makes me feel that my efforts didn't quite measure up to your expectations. I know it's hard, but try not to compare me with my brother or my sister.
9. Please don't be afraid to leave for a weekend together. Kids need vacations from parents, just as parents need vacations from their kids. Besides, it's a great way to show us kids that your marriage is very special.
10. Please take me to Sunday School and church regularly, setting a good example for me to follow. I enjoy learning more about God.

In this manner we may be able to prepare today's child for a future where he or she can "live happily ever after."

DON'T LOOK NOW--but it's only 87 days until Christmas!!!

FOOTBALL WINNER...Nathan Brockman, left, was this week's winner in the Friona Star Football Contest. Brockman is being presented his check by Bill McCoy, manager of West Plains Feed Yard, one of the sponsors of the contest.

SAM MONTOYA

TONY MALOUF

MONTOYA, MALOUF

City Has Tie-Ins With Raider Team

Friona fans attending the Texas Tech Red Raiders' games this fall will want to check their programs and on the field for a pair of guys with local connections.

One is Sam Montoya, who is a sophomore kicking specialist. Montoya is wearing uniform number 15, and is majoring in wildlife management at Texas Tech.

While at Friona High School, Montoya rewrote the school record book for number of field goals and length. He is also one of the all-time scoring leaders in football at FHS. He is the son of Mr. and Mrs. Phil Montoya of Friona.

The other man doesn't wear a uniform. He is Tony Malouf, the son of Mr. and Mrs. Hanna Malouf. This is his second year as graduate assistant coach on the Red Raider staff. Malouf is coaching the defensive ends on the outstanding Raider defensive team.

Malouf, a graduate of Hereford High School, attended the University of Texas on a football scholarship after being recruited by longtime UT Coach Darrell Royal. He is a frequent Friona visitor, and is very excited about the young Texas Tech team.

Center Has New Location

The Parmer County Counseling Center will be in a new location as of Monday, October 2.

The center will be located at 715 Main, which is the former Pat Walker's location. For the past several years, the Counseling Center has been at 506 Cleveland.

The telephone number is 247-3522.

Schoolboy Wins In Grid Predicting

Students swept all three of the top places in the third week of the Friona Star Football Contest.

Nathan Brockman, who is a junior student in Friona High School, was first place winner after correctly picking 16 of the 20 contest games.

Brockman and Boone Hand, also an FHS student, both picked 16 games right, but Brockman edged Hand for the top spot on the basis of the tie-breaker score.

Brockman picked Canyon to down Friona, 27-14, missing the actual score by 20 points. Hand had picked the Chieftains to win, 21-14, and missed by 28 points. Brockman received the \$10 cash first prize and Hand received \$7.50 for second place.

Third place went to Laura Goen, another student, who had a score of 15. Miss Goen missed by 19 points on her tie-breaker prediction to take third place and \$5 in the contest.

Three other contestants correctly picked 15 games, but missed a cash prize in the tie-breaker system. They were Jackie Morgan, Patricia Carr and Alan Monroe.

Eight other contestants had scores of 14, just a point away from being in contention for a cash prize. They were Wayne Amstutz, Dennis Field, Joy Morton, Tommy Moss, E.G. Phipps, Mike Raymond, Joe Tongate and Mark Zachary.

One of the contest games, Lazbuddie vs Silverton, ended in a tie, so was counted "wrong" on all of the entries, since it is technically possible to pick a tie.

Brockman's misses in addition to the tie, were Hereford-Estacado;

Minnesota-Pittsburgh and New England-Seattle.

Hand missed Littlefield-Post, Hereford-Estacado and Minnesota-Pittsburgh plus the tie game; Miss Goen's misses were Littlefield-Post, Hereford-Estacado, UCLA-Michigan and New England-Seattle plus the tie game.

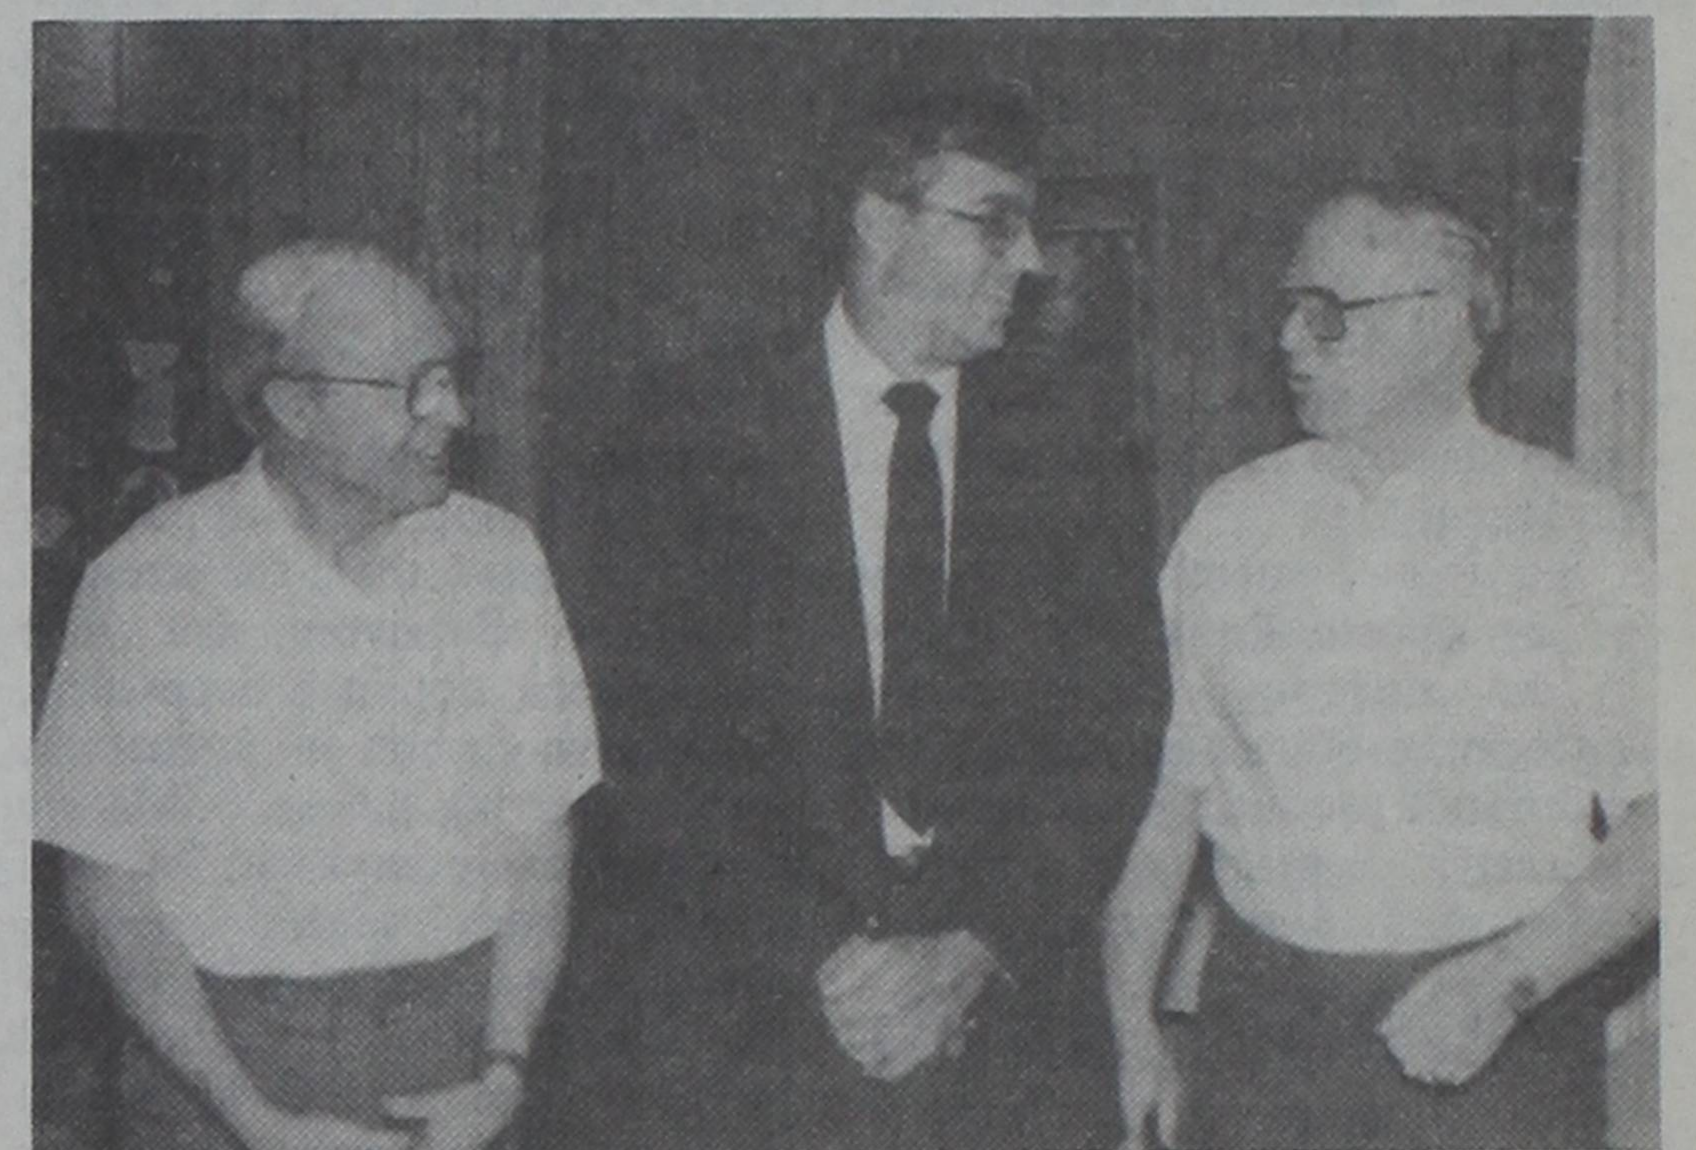

Her score of 15 moved Mrs. Carr into the lead in the overall standings in the contest with a score of 43.

Bill Carter, Jackie Morgan and

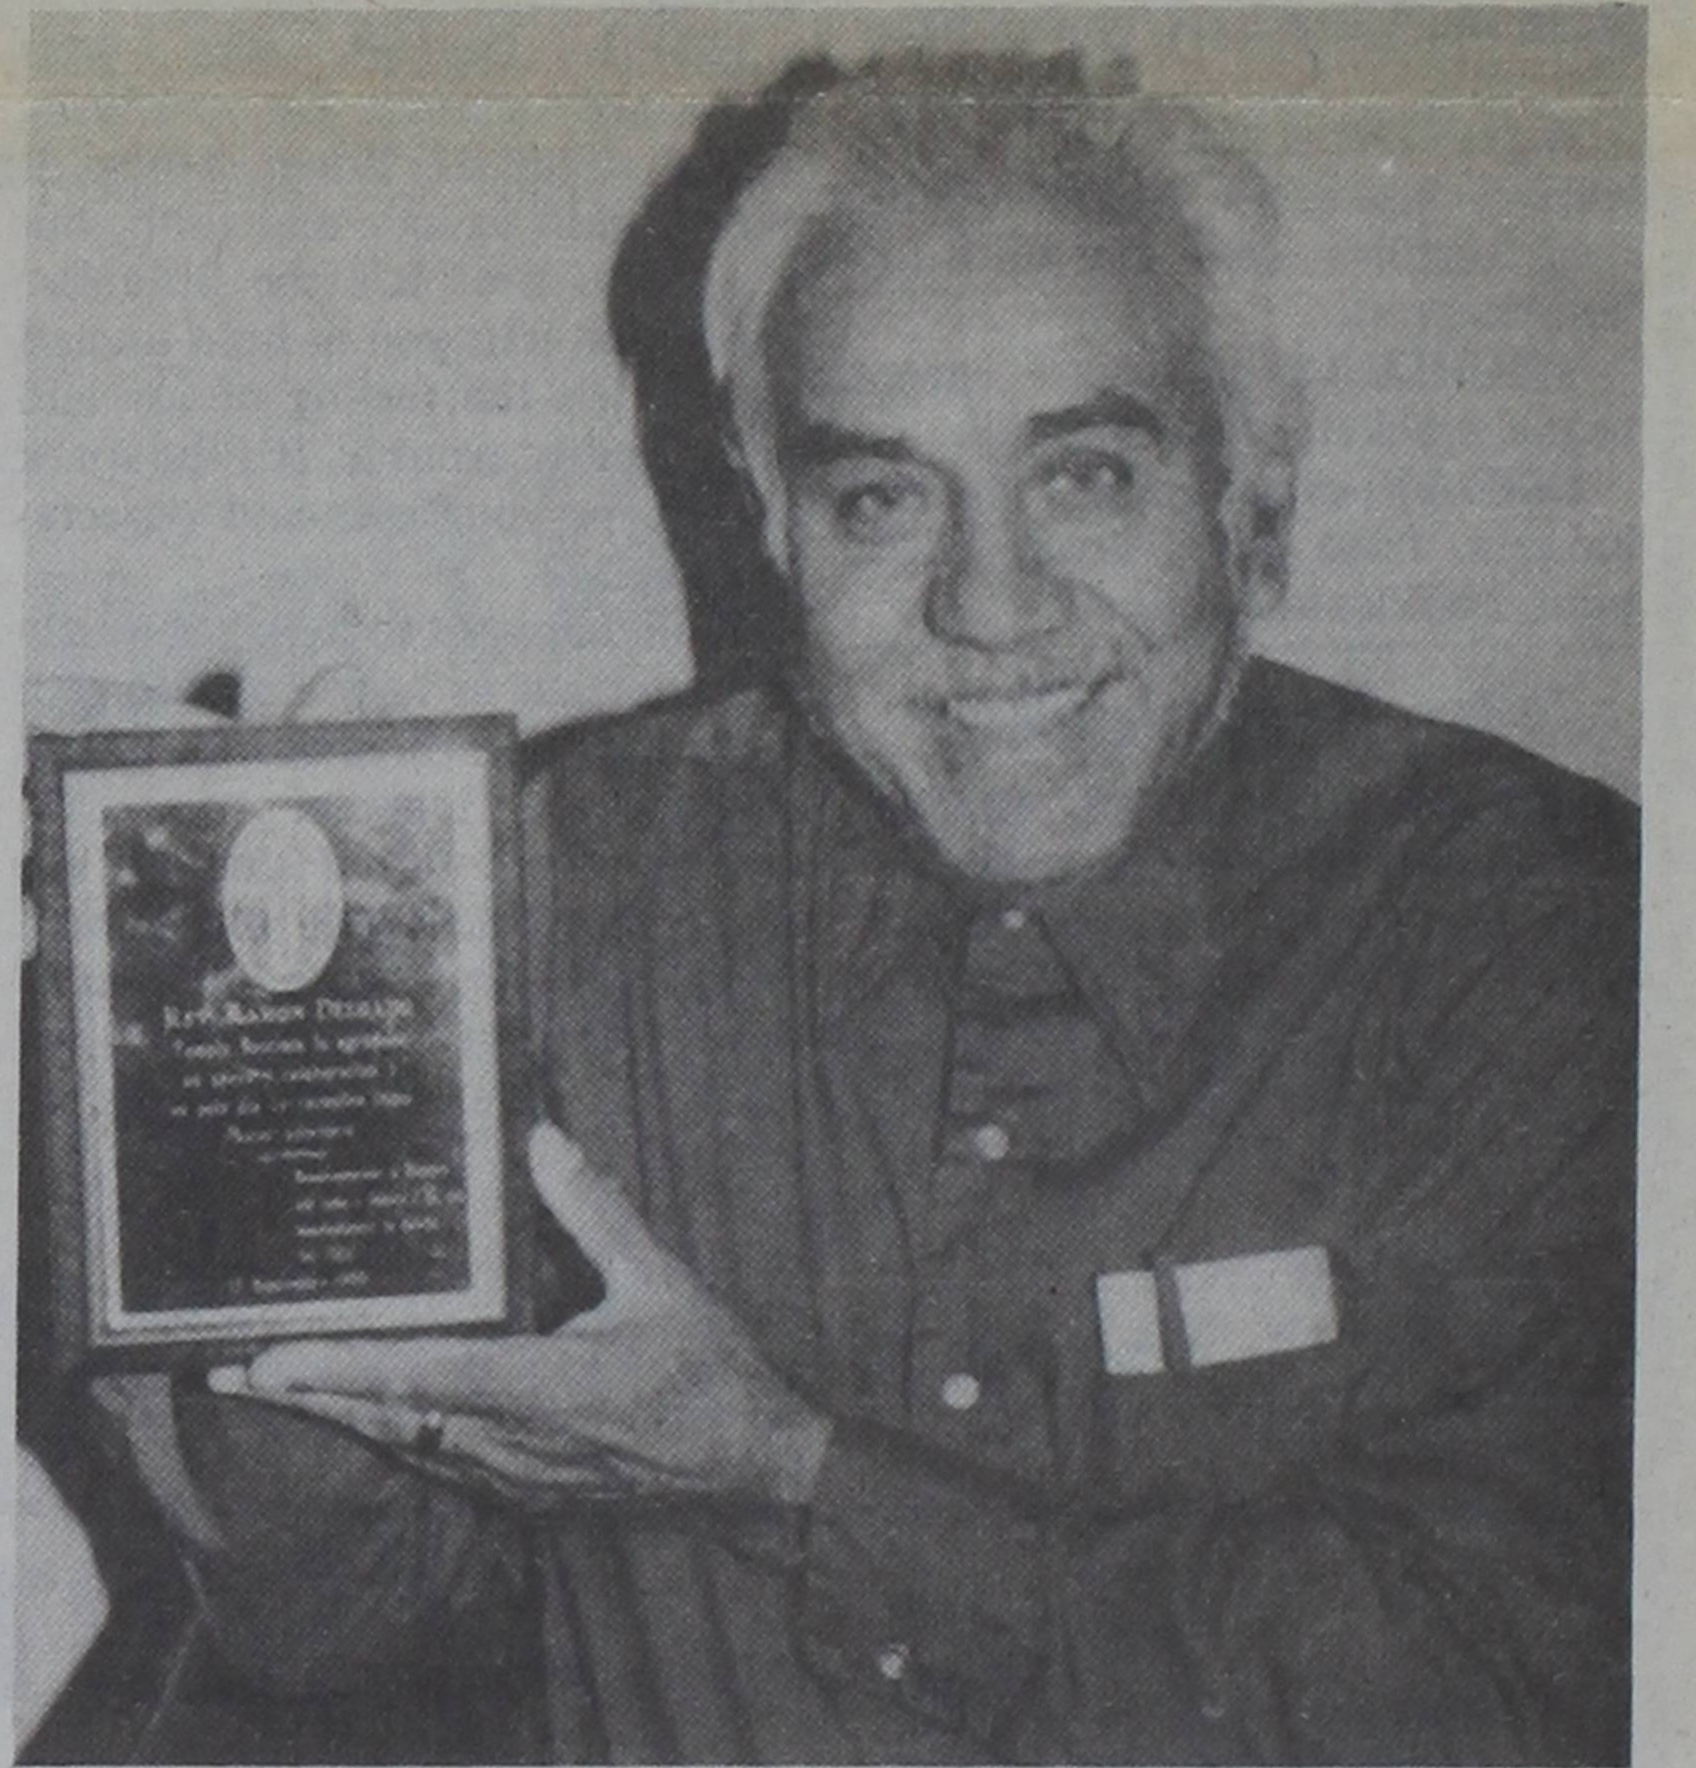

Tommy Moss are second with scores of 42. Charlie Morgan is next with a score of 41. Next come John Aguirre and James Warren at 40.

Scores of all the leading contestants may be found elsewhere in this issue.

Contestants are competing for the grand prize of \$100, to be awarded at the conclusion of the 13-week contest period, in addition to the weekly prizes totalling \$22.50.

LIONS VISITOR...Steve Gamble, center, vice president Academic Affairs at WTSU, reported to the Friona Evening Lions on the progress of WTSU's merger with Texas A&M. Gamble is flanked by Lions Leonard Coffey, left, and Andy Hurst.

DELGADO HONORED...Raymond Delgado was honored by Templo Bautista Church for serving as the church's assistant pastor for over 12 years. Delgado has also been with the Friona School system for the past 14 years. He is holding a plaque the church presented him on September 17 of this year.

Attendance Emphasized By School

The first four weeks of October have been designated by the Texas Education Agency as the official pupil attendance reporting period and will be the basis for state funding for the 1989-90 school year.

Last year Friona received \$85,000 in additional state funds because of increased ADA during the attendance period. "We would like to encourage parents to make doctor and dental appointments after 11 a.m. if possible during the month of October," said Superintendent Hal Ratcliff. "Our district goal for 1989 is 98% attendance. Last year our attendance rate was 97%."

Attendance incentives will be in place on all four campuses for perfect attendance during the October reporting period.

Residents Enjoying Weather

Residents of the Friona area have been enjoying the crisp mornings, followed by pleasant daytime temperatures during the past week, a sure evidence of the first full week of the fall season.

The mercury dropped to a season low of 38 degrees on the morning of Sunday, September 24.

However, the temperature recovered nicely every day, and made it to the 80-degree mark on two occasions.

No moisture was recorded during the past week, and the month of September is ending with a total rainfall of 1.80 inches, bringing the year's total to 12.99 inches.

TEMPERATURES

Date	hi-Low

No precipitation. Total for September: 1.80 inches.	

STREET PAVED...North Springfield Avenue was paved this week. This is the street on which the new homes are under construction by Reata Land Company. The first four homes in the project are well underway, and are nearing completion. Good weather in recent days has aided the progress on the new project.

'Emotions'

Survival Secrets

By John Ingram Walker, M.D.
Not since the Depression have Texans faced such hard times. The oil boom has busted; banks and savings and loans continue to fail almost daily; the construction business rests on weak foundations; insurance companies are going out of business. People are losing jobs. Prerequisites are being reduced for those who are working.

Survivors, people who bravely overcome tough times, learn to confront circumstances in ways that give deeper meaning to their lives. Survivors courageously endure by demonstrating what Ernest Hemingway called, "grade under pressure." A July 1989 article in *Reader's Digest* entitled "The Secrets of Survivors" summarized some of the characteristics of survivors:

A HAPPINESS HABIT. Survivors find life, even during difficult times, enjoyable. They learn to live one day at a time, looking for the best in each day. They are satisfied with small victories and little joys.

When we are suffering, we may find the idea of giving thanks difficult. But we must cultivate a thankful attitude. Bitterness, resentment and scorn present us from acting positively. When we give thanks in every experience we become stimulated to seek and find a way to survive. We look for small blessings and advantages and find them.

Survivors remember the words of the Apostle Paul, "We rejoice in our suffering, knowing that suffering produces endurance and endurance produces character and character produces hope." (Romans 5: 3-4). Every time we

suffer we have the opportunity to, and change, and grow.

FLEXIBILITY. Survivors bend but don't break. They don't resist change or seek escape. They go with the flow. When difficulties arise, new opportunities present themselves. What may look like disaster often turns out to be the best thing that has ever happened to us if we're flexible enough to look for the gain in the strain.

PERSISTENCE. Survivors use persistence to overcome obstacles. When blocked, they work harder to accomplish their goals. Actress Patricia Neal, rendered aphasic by a massive cerebral vascular accident, worked diligently to regain her speech and was rewarded for her efforts with the Academy Award for Best Supporting Actress in the movie, "Hud."

Persistence takes immense courage, endurance and a tremendous belief in the mission, especially when catastrophe strikes. It's not easy to get back up every time you get knocked down, but winners are winners simply because they refuse to stay down. Survivors have a stubborn streak. They keep their hands on the plow until the entire field is cultivated.

ALTRUISM. Survivors reach out to others. Vietnam concentration camp survivors learned to support each other—teaching each other Bible verses, communicating by means of tapped out Morse Code. Their hope and support for each other gave them the strength to endure. Survivors seek help from others, not in a dependent, clinging way, but in a mature, problem-solving way. Mature people actively seek advice and counsel from several people, carefully weigh the opinions of others and then make the final decision alone. Those who reach out to others have longer, healthier and happier lives.

PRESENT-DAY LIVING. Survivors let go of the past. They know that self-pity and holding on to grudges are a waste of energy. They turn anger into productive activity.

HOPE. Perhaps the most important attitude in enduring tough times is hope. Hope is closely akin to love and faith, but it's more, too. It's the little fire inside that tells you to hold on and go on. It's the feeling of joy and peace amidst trouble. It's the spark that keeps your eyes and expectations ablaze.

What happens to us is not nearly as important as how we choose to respond. Life-threatening health challenges, financial disasters, mental or emotional traumas are events horrible from the human perspective. But those who make the choice to get on with their lives let these events be springboards for a new life.

Friona Flashbacks

...from the files of The Friona Star

60 YEARS AGO--SEPT. 6, 1929

The building of the Texas Utilities Company high line into Friona was completed Tuesday afternoon and connected with the system of wires that has been giving electric service to the city for more than a year.

Homer Williams and N.B. Norton, whose homes are south of town, were in Friona last Saturday, interviewing the farmers and businessmen as to the probability of organizing a permanent fair association for Parmer County.

55 YEARS AGO--SEPT. 7, 1934

The dust storm which struck Friona about six o'clock Sunday afternoon was one of the worst in effect as well as probably the worst in appearance that has ever visited this locality. For an hour or more previous to the striking of the storm, there had been a dark bank of cloud covering the western horizon, then with apparently increased momentum, it moved rapidly toward town. For awhile, houses only the width of the street away, were invisible, one from the other.

50 YEARS AGO--SEPT. 8, 1939

Work is in full swing on the "old" basement of the Methodist Church. A courageous group of donors are working with hammers, saws and squares. The basement is expected to be in use two weeks from Sunday.

45 YEARS AGO--SEPT. 1, 1944

An Italian navy lieutenant who escaped from the Hereford Prisoner of War Camp on August 4, had made his way more than 300 miles toward the Mexican border before his capture Saturday by the border patrol.

The local AAA Committee cannot issue priorities for the purchase of lumber for any construction within the city limits, it was emphasized this week by the committee chairman, who says that several city residents have come to the local office requesting lumber priorities.

35 YEARS AGO--SEPT. 10, 1954

Twelve hundred pounds of beef are being prepared for the free barbecue Tuesday evening by the Chamber of Commerce of Friona.

Incomplete totals tabulated from the recent Emergency Polio Benefit Drive in the county shows over \$600.00 donated to the cause, Director Raymond Euler announced yesterday.

30 YEARS AGO--SEPT. 10, 1959

Two infants in Friona are confined in Parmer County Community Hospital with encephalitis, or more commonly known as sleeping sickness. The two youngsters, both baby boys, are Tim

Nichols, seven-week-old son of Mr. and Mrs. Bill Nichols of Friona and James Potter, four-week-old son of Mr. and Mrs. Frank Potter of Friona. Young Potter is still in "serious condition" according to reports from the hospital Tuesday and the Nichols baby is "still in danger but improving."

Saturday, September 26 has been set as the date for the \$330,000 bond election for the City of Friona by members of the council at their regular meeting Monday night. The council plans to use the money--if the bond election passes--over a period of years and not all at once.

25 YEARS AGO--SEPT. 10, 1964

Kay Burleson, the 1961 Maize Queen, is still winning honors in beauty contests. She won her latest honor by being named the representative of Lubbock radio station KFYO in the finals of the "Miss Colt 45" contest to be held in Houston this weekend.

The White Auto Store of Friona is staging its Grand Opening Friday and Saturday, having recently completed its remodeling job and completely restocked.

20 YEARS AGO--SEPT. 11, 1969

The sale of Lillard Insurance Agency to Ethridge-Spring Agency was announced jointly this week by Ralph Miller and C.L. Lillard for their agency, and Dan Ethridge of the purchasing company.

15 YEARS AGO--SEPT. 8, 1974

Friona High School secretary, Virginia Jennings, retired Friday as secretary to the superintendent. Mrs. Jennings has been with the school for 23 years after serving under four Friona High School superintendents.

A cold Canadian air mass brought the lowest temperatures of the season--and the lowest on record for the first week in September, to the Friona area the past week. The cold air invaded the area on Monday, and kept temperatures below the 60 degree mark all day. The low Monday evening dropped to 43 degrees, which was the lowest temperature ever recorded by September 3 since records have been tabulated by the City of Friona.

10 YEARS AGO--SEPT. 2, 1979

Longtime Friona resident, Beulah Whaley, observed her 90th birthday on Friday, August 31.

Enrollment in the Friona schools as of Thursday stood at 1282, according to Superintendent of Schools Tom Jarboe, and this was within eight students of the same date a year earlier.

5 YEARS AGO--SEPT. 9, 1984

Funeral services for Glenn E. Reeve, Sr., 70, were held Saturday, September 8 in the Union Congregational Church.

The FHS Cheerleaders for 1984 are Milli Dixon, Teresa Wilcox, Stacie Dodson, Sonia Lafuente, Sarita Ellis and Glenda Ellis.

Remember When...

Oldtimers can recall when all of the cotton harvest was performed by individual "boll pullers." It has been 27 years in October since the above photo was taken near Friona, and one can scarcely see the individual cotton harvester these days, with their long sacks. Friona State Bank is happy to have brought you this glimpse from the local past. When in need of banking services, see the folks at Friona State Bank.

Changes Noted By PCS Group

The Friona Star was informed in an interview with Celia Serrano and Judge Roberts that Panhandle Community Services still has many programs available to help the people of the Deaf Smith, Castro and Parmer County areas.

Celia Serrano stated that even though the health portion of PCS is being closed out effective September 29, 1989, the clients of those programs will be placed with another home health agency by the Texas Department of Human Services. We are sure that all of the clients will still receive the much

needed help.

Celia Serrano also stated that even though Panhandle Community Services has had to remove themselves from Home Health Services, Johnny Raymond, executive director and the board of directors of Panhandle Community Services assures everyone that the other programs will remain available to the citizens of Deaf Smith, Castro and Parmer Counties.

Programs that are still available are the Section 8 Housing Program, which helps those who meet the HUD guidelines for eligibility with a portion of their rent.

Temporary Emergency Food Assistance Program issues commodities to those who are eligible.

Job Training Program Act (JTPA) helps persons get the training on the job or in school to help them get better jobs.

Non-Traditional Employment for Women Self-Sufficiency (N.E.W.-S) is a program to help single mothers find employment or training in non-traditional jobs.

Rural Transportation is a program that transports people to medical services, grocery shopping, to the beauty shop or wherever they might need transportation. Celia Serrano stated that the Panhandle Transit will make trips to medical services in Amarillo Tuesdays, Wednesdays and Thursdays, as well as local trips. We will need 24 hour notice so that trips can be scheduled. The number to call is 364-5631, Monday-Friday.

We also have the Weatherization Program to help those who are eligible for weatherization of their homes.

We will help fill out any forms people have a problem with. We will also try to refer people to the proper sources to help with any other problems such as SS, SSI, AFDC, etc.

Information or application on these year round programs plus seasonal programs to help with utilities can be obtained by visiting our office located at 603 E. Park Avenue, or by calling Celia Serrano at 364-5631.

CLASS REUNION...The FHS class of 1959 held their 30th year reunion at the Barcelona Courts in Lubbock Labor Day weekend with visiting and a slide show courtesy of Bomar Stacy, with a collection of Senior Day pictures. Girlstown Hosting Open House

Girlstown, U.S.A. will host an Open House from 1:30-4 p.m. October 14 at the Whiteface campus.

The Open House will serve as an update for the board of directors and supporters of Girlstown. During the board's quarterly meeting, they will discuss future improvements, both in buildings and in programs for the girls.

Brasher, Goyette, Rapier, AIA Architects of Lubbock has been contracted to develop a master plan for the Whiteface campus to facilitate future developments.

Girlstown, U.S.A. is celebrating its 40th anniversary this year. It was founded in March of 1949 by Amelia Anthony. Girlstown merged with Cal Farley's Boys Ranch in 1987. Since that time, all five cottages have been remodeled along with other improvements. The Whiteface campus can now accommodate up to 75 girls.

The Open House is open to the public. For more information, contact the Public Information Office at (806) 372-2341 or write to Cal Farley's Boys Ranch and Girlstown, U.S.A., P.O. Box 1890, Amarillo, Texas 79174.

ARTIS FALLWELL

Fallwell Rites Set Saturday

Funeral services for Artis Lee Fallwell, 62, are scheduled Saturday, September 30 at Friona's First Baptist Church.

Rev. Charles Broadhurst, assisted by Rev. Don Kimbrough, will officiate. Burial will be in Friona Cemetery, under the direction of Ellis-Blackwell Funeral Home.

Fallwell passed away Thursday, September 28 at his home, 905 Prospect.

He was born December 19, 1926, in Friona and had been a life-long resident of Parmer County.

He was a real estate owner, and was a member of First Baptist Church. Fallwell was a veteran of World War II, serving with the U.S. Army. He also was a member of the Friona Masonic Lodge, and was a 32nd degree Mason.

He married Margie Mars August 16, 1945 at Clovis.

Survivors include his wife Margie of the home; two daughters, Rhonda Field of Friona; Connie Parker of Friona; one son, Mike Fallwell of Dexter, N.M., one brother, Buck Fallwell of Grantville, Pennsylvania, ten grandchildren and one great-grandchild.

He was preceded in death by a brother, Ardean Fallwell in 1982.

Pallbearers will be Mike Cortese, George Parker, Jodie Lytle, Clyde Woodard, Leland Gustin and Carl Bruegel.

Weight Loss Pill 'Baffles' Scientists

WASHINGTON - Scientists are baffled by a new weight loss formula that causes people to lose weight even though they don't change the way they normally eat.

Studies published in respected scientific journals such as The British Journal of Nutrition say that cyamopsis tetragonolobus, an ingredient often used to thicken ice cream, can cause permanent weight loss without dieting or exercise. Although several explanations for the weight loss are suggested, the most likely according to scientists, is that the ingredient seems to "trap" high calorie fat particles, decreasing their absorption in the intestines.

Scientists at National dietary Research, an organization committed to the research and development of nutritional solutions to world-wide health problems, have successfully isolated and incorporated cyamopsis tetragonolobus into an improved formula that greatly enhances the potential for weight loss over the ingredient alone. Called Food Source One, the revolutionary new formula provides a three-way scientifically designed process to help prevent caloric absorption.

The mechanism by which Food Source One works to decrease body weight is a complicated process called nutri-bonding. When chewed and swallowed immediately before meals, high calorie fats are replaced with lower calorie nutrients, thereby providing optimum nutrition and a minimum number of fat calories as explained in an instruction sheet that accompanies the tablets. The instruction sheet should be followed for optimum results.

Food Source One is unlike any other product on the market and is available immediately because it is not a drug and only contains natural ingredients already known to be safe. Physicians and pharmacists are praising Food Source One as a natural, drug free alternative for the treatment of obesity.

Collier Rites Are Held Wed.

Funeral services for James (Pug) Collier, 72, were conducted at Friona's First Baptist Church Wednesday, September 27.

Rev. Charles Broadhurst, pastor, and Rev. Keith Wiseman of St. Paul's Methodist Church, Amarillo, officiated. Burial was in Friona Cemetery, under the direction of Ellis-Blackwell Funeral Home.

Collier passed away Monday, September 25 at High Plains Baptist Hospital in Amarillo.

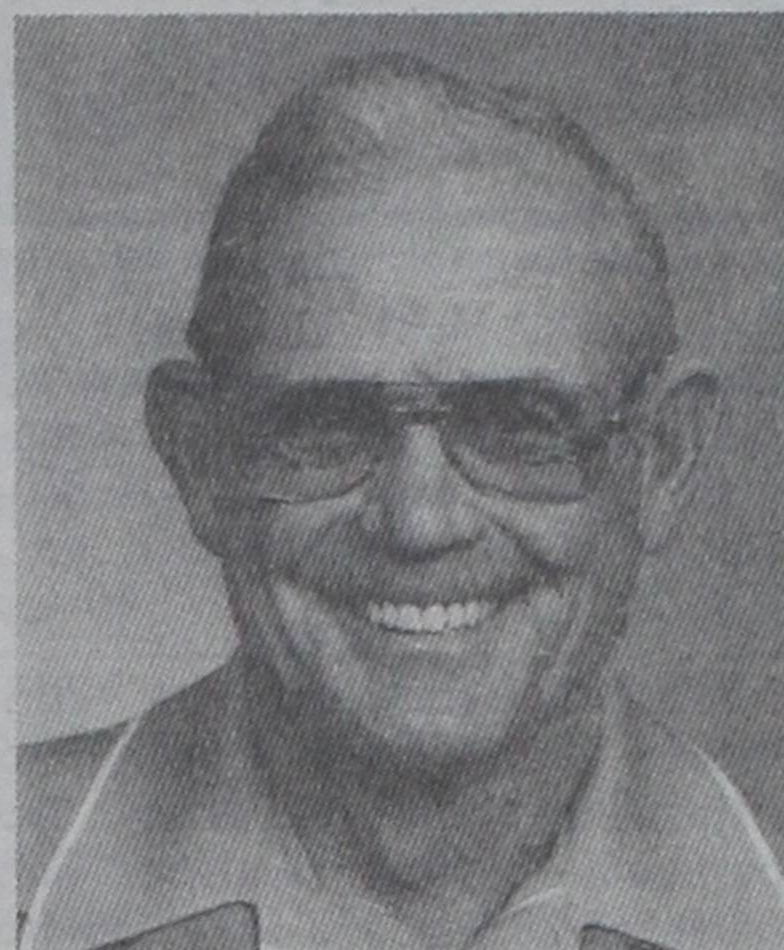

He was born July 14, 1917 in Wellington. He moved to Friona in 1928, and was a farmer here until 1976, when he moved to Amarillo.

Collier married Nettie Mai Bailey August 17, 1940 at Kemp, Texas. She preceded him in death on March 29, 1976. He married Ruby Jacobs January 7, 1977 in Amarillo.

For a number of years Collier and his first wife Nettie served as "sponsors" for the Friona Squaws' basketball teams, and travelled with them to all games, at home and away.

He was a member of the First Baptist Church of Friona.

Survivors include his wife Ruby of the home; one daughter, Brenda

JAMES (PUG) COLLIER

Jesko of Lazbuddie; one step-daughter, Bonnie Dawson of Amarillo; one step-son, Randy Jacobs of Orlando, Florida; two sisters, Mrs. Charles Cason of Wellington and Nelda Jo Tedford of Fayetteville, Arkansas; two brothers, Robert (Preach) Collier of Burnet and G.A. (Bud) Collier of Amarillo.

Six grandchildren and one great-grandchild also survive. Besides his first wife, Collier was preceded in death by a granddaughter, Laura Jesko, on June 22, 1979.

Pallbearers were John Mars, Mickey Harrelson, Nick Collier, Darrell Collier, Wayne Jesko and Phil Brockman.

Sausage Dinner Set Sun.

LEORA HASTINGS

Rites Are Held For Pioneer Resident

Funeral services were held in Bovina Friday, September 22 for Leora Hastings, 95, a Bovina resident since 1909.

Services were held at the First United Methodist Church of Bovina, with Rev. Jeff Taylor officiating. Burial was in the Bovina Cemetery, under the direction of Ellis-Blackwell Funeral Home.

Mrs. Hastings died Tuesday, September 19, at Prairie Acres Nursing Home, following a lengthy illness.

She was born September 2, 1894 in Somerset County near Johnsbury, Pennsylvania. At the age of 15, she arrived in Parmer County with her parents, the J.A. Tidenbergs, who bought 80 acres

of land four miles north of Bovina. Mrs. Hastings recalled that her father bought his land for \$10 per acre, and broke out the pasture land for cultivation using a walking sod plow and two mules.

Leora Tidenberg married Frank Hastings May 20, 1915 in Amarillo. They came back through Bovina by train, enroute on their honeymoon trip to the San Francisco Exposition.

Hastings had been a partner in the Bovina Mercantile store. They sold their interest in the store in 1921. They invested in cattle and land near Bovina.

Mr. and Mrs. Hastings celebrated their 50th and 60th wedding anniversaries prior to Frank's death on April 15, 1978. She had been a member of the First United Methodist Church of Bovina since 1916, was a member of the Women's Society of Christian Service and of the Order of the Eastern Star, earning her 50-year certificate.

Survivors include two daughters, Alethea Wilson of Bovina and Anna Hastings of Plainview; four grandchildren, Ann Kingsley of Fairfield, Iowa, Kregg Wilson of Bovina, Candy Dyer of Farwell and April Gober of Farwell; two sisters, Mary (Tillie) Porth of Canon City, Colorado and Ella Tidenberg of Colorado Springs, Colorado. Seven great-grandchildren also survive.

Pallbearers were J.T. Hammonds, Gene Ezell, Earl Stevenson, Earl Whitten, Leon Grissom and Durwood Bell.

The family suggests memorial contributions be made to their favorite charity.

Black Club Meets Here

The Black Study Club met Thursday, September 21 at the Community Room of Friona State Bank. Members answered the roll call with "what they did during the summer break."

Mildred Welch, president, called the meeting to order. The yearbook committee called a meeting to work on the yearbooks.

The guest speaker was the new doctor at Parmer County Community Hospital, Dr. Tracey Toten. Everyone enjoyed the informative program, and since many of the members had not met her, it was a special treat.

The next meeting will be in the home of Martha Hamilton on October 12.

Mildred Welch served refreshments to the guests: Blanche Boyle, Celia Loflin, Eula Bradshaw, Betty Phipps, Tera McGlothlin, Julia Wonen and Dr. Toten.

Members present were Ann Kelley, Hannah Lookingbill, Lucille Rockey, Ruby Stone, Carrie Tatum, Lois Weatherly and Mildred Welch.

K. Renner Is Recognized By NMSP

Cliff Stephens, Friona High School principal, announced this week that Krista Renner has been named a Commended Student in the 1990 National Merit Scholarship Program. A Letter of Commendation from the school and National Merit Scholarship Corporation, which conducts the competition, will be presented to this outstanding senior.

About 35,000 Commended Students nationwide are being honored for their outstanding performance on the 1988 PSAT/NMSQT, which ranks them in the top five per cent of more than one million students who entered the 1990 Merit Program by taking the qualifying test.

Commended Students scored slightly below the level required to continue in the 1990 competition for Merit Scholarships, but they have shown exceptional academic promise.

An official of the Merit Program stated that "to be designated a Commended Student in this extremely competitive program is an attainment deserving of public recognition and is a credit to these young people and their schools. Commended Students were included in a Merit Program service through which they could be referred to two colleges or universities of their choice.

"We hope that the referral service and the recognition they are now receiving will enhance the higher education opportunities of Commended Students and increase their motivation to use their abilities to the fullest. The continued educational and personal development of academically talented students will benefit the entire nation."

An investment in Your Future
ATTEND CHURCH

"an apple a day..."

... a famous and well known quotation, and a good rule to follow. Any doctor will agree that eating some fruit every day is beneficial to health. Eating fruit is an aid to health and also gives us great pleasure, for instance how about one of mother's delicious apple pies, or what joy comes from biting into a nice juicy apple, or orange. Spiritually, attending church is of great benefit to us. The soul needs the nourishment provided by a good sermon or the encouragement of fellow worshippers. Not only do we need the things that the church offers, but there are many pleasures to be derived there.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Module XI: Planning For The Future--Preparing A Will

The necessity of writing a will is a subject that offers a wide diversity of opinion. Some say wills are not necessary, while others would never consider leaving their estate to be divided by the courts.

Regardless of your opinion, mortality is something each of us faces, and for the benefit of those who survive us, it's important to have our affairs in the best order possible.

If you feel a will is beneficial, begin by selecting an attorney who specializes in estate planning. Seemingly insignificant details can spell the difference between your assets going to the IRS or to your heirs.

Although an attorney will guide you in the best distribution of your estate, who gets what is a decision only you should make. Make this decision and write it down before visiting your lawyer. It's his or her job to properly guide and record your wishes, not to make them for you.

When preparing a will, several key items should be considered.

Choose an executor carefully. This is the person or persons you designate to carry out your wishes and to distribute your assets. The executor can be a family member or trusted friend. Your attorney can assist you by making sure your choice meets any possible state restrictions regarding executors.

Next, decide how your assets are to be divided. Some states have strict distribution laws that your attorney will explain. He or she should also explain any possible

options. When planning your distributions, it's a good idea to think in terms of percentages rather than strict dollar amounts.

Preparing your will is an excellent opportunity to check the ownership registration of your securities and other property. Is it individual or joint ownership? Here, a knowledgeable estate attorney can be of particular benefit not only in defining proper distribution of assets but also in establishing trusts that could save precious dollars in taxes.

While ownership of assets is being checked, don't forget to check the beneficiaries on your retirement plans and insurance policies. Many people are surprised to find former spouses still the beneficiaries of valuable assets. Remember, all your assets are part of planning your will.

In the case of young children or dependent parents, some provisions, both financial and physical, should be made. A guardian should be appointed and funds set aside for that purpose.

Finally, review your will whenever tax laws change and after any major event occurs in your life, such as the birth, death or marriage of a family member. Your will should be reviewed at least every five years and kept in a safe place where your family will have access to it at your death.

Preparing a will is not top on anyone's fun-things-to-do list, but it is important if you want your loved ones to benefit the most from what you've worked to accumulate. Promise yourself to at least consider a will as part of your financial planning.

Chiefs Stumble At Canyon Homecoming

The Friona Chieftains' bad luck continued in their third game of the season at Canyon last Friday, as the Eagles scored three second-half touchdowns and claimed a 21-0 win over the Chiefs.

The Chieftains had battled the Eagles to a scoreless tie at halftime in the game, which was Canyon's Homecoming contest.

But Friona, in spite of trying several new backfield combinations, never could sustain an offensive drive. The Chiefs had only four first downs for the game, and never had two first downs in a row in the contest.

The Chieftains stopped Canyon's first drive when Bennie Trevino recovered an Eagle fumble at the Friona 30.

Brian Brogden gained four yards, Jeff Stowers four and Andre Duran five, as the Chieftains made an early first

down out to their own 43-yard-line.

But their next three plays found the Chiefs with no net yardage, and the team had to punt.

Canyon again drove to the Friona 15, but on fourth down a pass fell complete and the Chieftains took over.

Friona again had to punt, with Canyon taking over on their own 49. Two plays later, the Eagles again fumbled, and the Chiefs claimed the ball at their own 36.

On third and 16, Friona got a break when a face mask penalty gave them new life at their own 45. A few minutes later, they again benefitted with a penalty that moved the ball across midfield to the 44.

But on third down, Brogden's pass bounced off a wide-open Stowers' chest at about the Canyon 20. That turned out to be Friona's best scoring chance of the game.

Duran punted the Eagles into a hole, as his kick was downed at the Canyon three-yard-line with 3:11 left in the half.

Canyon appeared to have scored on a pass play, but the Eagles, who drew numerous flags in the contest, were flagged for illegal motion. That allowed the Chiefs to hold and Friona took over on their own 41 with 1:29 left on the clock.

On Canyon's second play from scrimmage in the second half the Eagles broke the scoring ice, although the play wasn't exactly your picture-perfect scoring play.

The Eagle quarterback's pitchout squirted along the turf for what seemed an eternity. The "pitch man" finally picked the ball up and found the north sidelines wide open. He raced 65 yards untouched for the score.

That gave the Eagles the lead at 7-0 with 7:37 left in the third quarter.

Friona's next two series ended

with an interception and a punt, and Canyon put together a 43-yard drive that was a little more believable than their first scoring effort.

The touchdown came on a 43-yard pass with 58 seconds left in the quarter, and the Eagles led 14-0 following the kick.

Friona again sputtered on offense, and Canyon took over on their own 29 after a Duran punt.

It appeared that the Chiefs had stopped this drive when Friona separated the ball-carrier from the ball at the 20 and Shannon Cochran recovered. But, keeping the game on their "bad luck" trend, the officials managed not to see the fumble, and Canyon kept control.

The Eagles scored two plays later for their final margin of 21-0.

Curtis Brady had a fumble recovery for the Chieftains which stalled one Canyon drive.

Steven Dickson and Bennie Trevino had some good defensive plays for the Chiefs.

Prairie Acres Party Line

By CAROL COLE

Our residents have been looking forward to the pep rally this week. They enjoyed last week's rally and Frank Turner has had a "count-down" going since last Saturday anticipating this week's rally.

Mr. Holley pulled corn from the garden this past week and we now have popcorn to go along with our weekly movie! I've said it before and I'll say it again, the Hollies are real special people. They have both devoted so much time and energy to Prairie Acres and residents and staff would like them to know how very much we appreciate them.

We've had fresh produce, beautiful flowers and our tree project, even in its early stage, is so enjoyable.

We want to thank Maybelle Hartwell, Mabel DeLong and Cecilia Schueler for their donations to our home.

Our sympathy to the family of Leora Hastings. Mrs. Hastings had been a resident of Prairie Acres since 1982 and she will certainly be missed.

Mary Johnston extends her thanks to each and every one for the flowers, gifts and best wishes she received at her retirement reception. Mary combines the two v's (visitation and volunteer work) and we appreciate Mary.

I will not leave you comfortless: I will come to you. (John 14:18)

Club Holds Regular Meeting

Friona Woman's Club met at the Woman's Clubhouse September 27 for their regular meeting. Geneva Williams, president, called the meeting to order.

Roll call was answered by Eula Bradshaw, secretary, and the members answered by naming a state official who was interesting. Sick members and friends were noted and cards signed to club members.

Correspondence was read and noted. Lillian McLellan, treasurer, gave a report. A donation was sent to Vernon State Hospital, which is an annual project for the club, says Mrs. Williams.

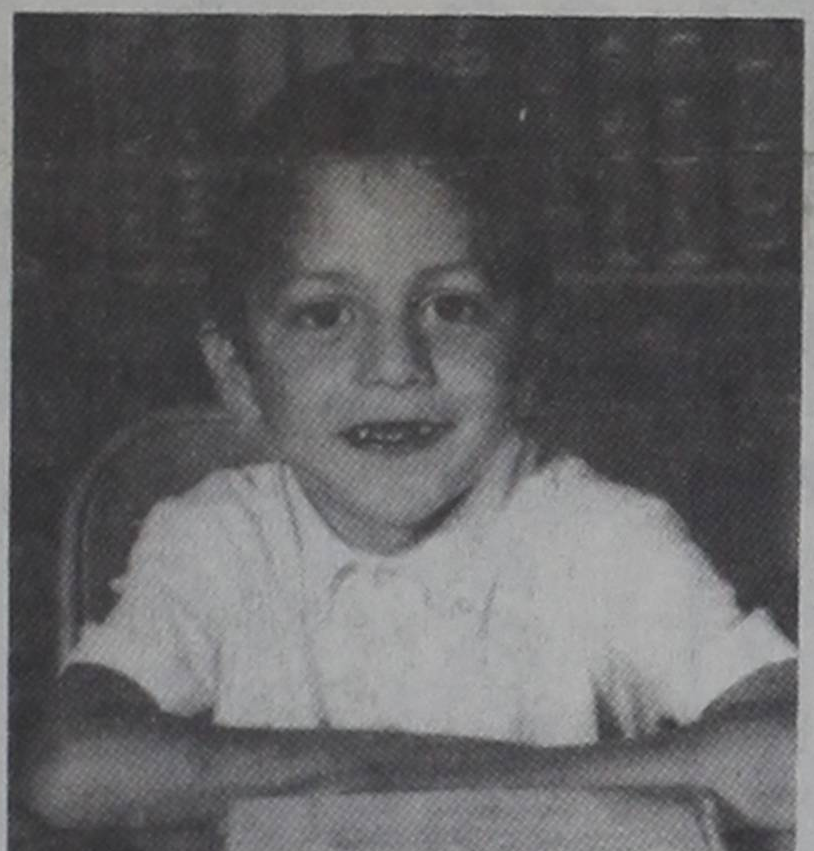

The program was on "Americanism" and Julie Howard, citizen of Girls State, and Darran Procter, the Boys State citizen, spoke to the club telling their experiences at these meetings. Both expressed their appreciation for these programs as well as the opportunity to speak to the club.

The Pledge of Allegiance was led by Darran Procter.

The meeting was closed by members repeating the club collect.

Lillian McLellan, hostess, served the following members: Juanita Reed, Mabel DeLong, Eula Bradshaw, Geneva Williams, Katy Osborn, Lora Mae McFarland, Martha Russell, Etoile Holley and Fern White.

The Caprock District fall board meeting will be held October 7 at the First Christian Church in Post. Plans were discussed about attending this meeting.

FIFTH BIRTHDAY...Benny Joe Lopez observed his fifth birthday September 30 with a party in the home of his grandparents, Mr. and Mrs. Raymond Delgado of Friona. Birthday cake, ice cream and punch were served to several children. Benny Joe is the son of Mr. and Mrs. Benny Lopez of Friona.

Jr. Teams Stumble To Canyon

The seventh and eighth grade Braves dropped games to Canyon here last Thursday, although both were fairly close games.

The eighth graders dropped their game, 22-14.

David Gonzales had a touchdown on a reception from Steven Ortiz, and Ortiz scored once, gaining 60 yards in ten tries.

Paco Reyes had 13 rushes for 70 yards, including a two-point conversion. Gonzales also had a 65-yard kickoff return.

On defense, Reyes had 12 tackles, Ortiz seven and Blair Burney had an interception.

Named as players of the week were Gonzales on offense, Reyes on defense and Burney as "Hustler of the Week."

The seventh grade team dropped their game, 28-14. Roy Hendley had five rushes for 70 yards and a touchdown, and Seth Houston had a TD on a pass, one two-point conversion and 15 yards rushing.

Gerard Lafuente gained 15 yards and Juan Rivera had 24 yards on 12 tries.

On defense, Houston had 10 tackles, Kit Preston nine and Gerard Lafuente five. Hendley was named player of the week on offense; Houston on defense and Dale Perez was named "Hustler of the Week."

Heart Assn. Meeting Held Here

The Parmer County division of the American Heart Assn., Texas Affiliate, held their first meeting for the new fiscal year Monday, September 25 at Cora's Kitchen in Friona.

Leland Hart, president, welcomed 12 members of the group for a Board of Orientation.

After a report on the past year's endeavors, goals reached and the current status of the board, volunteers and assistants, special commendations were given to the caring people of the area who gave so willingly and generously in support of the American Heart Association.

In Parmer County there were 36 cardio-vascular deaths in 1987, which represented 42.3 per cent of the deaths in the county.

"We are the only health organization dedicated solely to the prevention of premature death and disability from heart disease, stroke and related disorders," said Etoile Holley, a spokesperson for the local chapter.

"We are all volunteers. We serve without compensation. We have limited resources. We need your financial support and your volunteer time," the spokesman added.

All persons who contribute time and/or money are accepted as voting members of the organization.

"We're working to find a cure for this number one killer: heart disease. We will do our best, for we believe in what we are doing--we're fighting for your life!" Mrs. Holley concluded.

The next meeting of the group will be on Monday, October 16 (third Monday), at 7 p.m. at Cora's Kitchen. All interested parties are urged to attend.

Town Talk

By Geneva Williams
Call 247-3249 With Your News Item

Elthie Hand called Town Talk with some interesting facts. She tells me that her husband, Johnny Hand, has ridden in every Maize Days parade since it started, that his grandson Dustee Gee rode with him when he was only five-weeks-old and has ridden every year since then and that their great-grandson, Karson Charles Nance, rode with Johnny this year and he will be one-year-old October 1, 1989.

This was the oldest and youngest riders in the parade which is some kind of record. Karson is the son of Dr. and Mrs. Jerry Nance, Ft. Worth, and the grandson of Johnnie and Kirby Williams, also of Ft. Worth. Can anyone beat this record?

A group from First Baptist Church enjoyed the Ice Capades last Saturday afternoon. Those making the trip were Betty and David Smith, Juanita Reed, Geneva Williams, Ruby Barnett, Lois Miller, Nola Fay Vestal, Lillian Williams, Jessie Douglas, Maybian Rhodes, Geary Brogden, Roy and Eva Miller, Effie Hicks, Lillian Tullis, Laverne Burrow, Vera Beil, Gerry Taylor, Martha Clements, Ilene Osborn and Nellie Ray. I hope I did not miss anyone. After the show, we "had to go by" the ice cream place--Braum's--and we all enjoyed our favorite ice cream.

Geraldine Phipps Ferguson (Kenneth) of Burleson visited her father, Charlie Phipps, her sister, Jane and Dale Houlette and family, and with Sis and Bud Ferguson and Geneva Williams.

The Phipps sisters have enjoyed a good time together. Geraldine met her sisters in Amarillo and they drove to Branson, Missouri for the arts and crafts shows and other points of interest.

Five sisters--Mildred Williams, Muleshoe; Jane Houlette, Friona; June Collier, Amarillo; Mary Bandy, Panhandle and Geraldine Ferguson, Burleson have enjoyed being together. Don't you know those conversations got a little wild?

Geraldine just happened to have pictures of her granddaughter, Nicole, and her newest grandchild, Jessie Lee. She reports that all is well and moving rapidly in that area. She returned to Burleson, Monday.

One day last week, someone called me inquiring about a David Smith that served in the Armed Forces in Korea and wanting to know where he lived and if I could

give him a phone number or any information.

This could only be our David Ray Smith so I gave this person his phone number and street address and hoped that they made the connection. The man was Frank Rice from Phoenix, Arizona.

He had been here before but had forgotten how to find David. I understand they had lunch together and a nice visit before Frank left on his motorcycle for Arizona.

Sunday morning about time for me to dress for Sunday School and church, a van drove onto my driveway and when I realized who my visitors were, I was almost in shock. Elaine Manderscheid Massey and her daughter, Delene Massey Varner and her son, Kirk Varner and his girl friend, Debbie, were on their way to Amarillo where Elaine would spend this week with her youngest daughter, Marcella Massey McEarchern.

Elaine has been on an extended vacation. She spent three weeks with her son, Eddie Massey and family in Massachusetts before going to Hobbs, N.M. for quite a visit with Delene and family and Amarillo before she returns to her home at Satanta, Kansas.

She has had a good time visiting her children, grandchildren and great-grandchildren. When they left they told me that they should have been in Amarillo by 8 a.m. and they had not been gone long when Marcella called to check up on them and she and I cannot get off the phone when we get to visiting. It was nice to see them and to learn the latest happenings in their lives.

J.P. and Jonell Simms enjoyed their son, James from Plainview and his daughters, Jennifer and Kimber, over the weekend. They always enjoy having the family together.

Fern White has a new great-granddaughter, Brittany Lee, daughter of Terri and Lee Roy Oliver of Amarillo, born September 14, 1989. Terri is the daughter of June and John R. Cannon of Amarillo and June is Fern's daughter.

Fern is blessed with a lot of grandchildren and great-grandchildren. She enjoys them all.

Then just last week, Fern went with her son, Edward and Doris White to Bartlesville, Oklahoma to attend the funeral for one of her

nephews. Edward and Doris went on to Wichita, Kansas to visit their daughter, Sammy. They had a good and safe trip.

Prairie Acres is in need of volunteers to help with craft work. This will be simple craft work and you can set the hours that suit your schedule. A meeting will be held Monday, October 2 at 10 a.m. on this program. If you have a few hours and are interested in crafts, please be present.

We received this item from Doris (H.A.) Poindexter, from South Dakota and we would like to share it with our readers. Thanks, Doris, for your contribution and your kind words:

ISN'T IT FUNNY?
(From a San Antonio newspaper)
Funny how a \$10 bill looks so big when you take it to worship, but so small when you take it to the supermarket;

Funny how reading the church bulletin is such a chore but reading a 30 page newspaper every day is a habit you have grown to enjoy;

Funny how long an hour is spent in worship, but how short it is when golfing, fishing or attending a ball game;

Funny how we applaud when the ball game goes into overtime, but we complain if the worship hour is over the regular time;

Funny how laborious it is to read a chapter in the Bible, but how easy it is to read a 300-page novel;

Funny how people scramble to get a front seat at a ball game, but scramble to get a back seat at church;

Funny that parents are so concerned about school lessons but so completely unconcerned about Bible lessons;

Funny how everyone wants to go to Heaven provided he/she doesn't have to believe or to think, or to stay or to do anything;

Funny how much difficulty some have learning the simple Gospel well enough to tell others, but how simple it is for the same

people to understand and explain a much more difficult subject; All of this would be FUNNY, if it were not so true.

Kenneth Smith E-2 of the Navy, stationed at Oceana, Virginia, is home on a short furlough. He returns to his group on October 4 and on October 12, will ship out for Mediterranean duty--Spain, France, Italy, Turkey, Algiers, Egypt, Israel and other points that the Navy has scheduled for his group.

Kenneth is Plane Captain for F-14 squadron and says he is enjoying his work. He has been in for about 18 months and enlisted for three years. Plans after that are uncertain as of this time. Kenneth says he is enjoying being at home in Friona with his parents, Betty and David Smith.

Eula Mae White Holder of Azle, Texas is a surgical patient in Ft. Worth. She has complications of her left elbow caused from arthritis and some corrective surgery was required, but she seems to be recovering well. Her sisters, June Cannon and Irene Roberts of Amarillo, along with Irene's husband and sons, visited Eula Mae. Mae is the daughter of Fern White and sister of Edward White of Friona.

Local Poet Attends D. C. Convention

By GENEVA WILLIAMS
As many of us remember recently, Joyce Barker Coffman told us that she had been awarded a prize for her poem, "Inspiration," to be presented at the World of Poetry Convention in Washington, D.C.

This was a dream come true for Joyce and she drove to Alva, Oklahoma where she met her daughter, Sharon Gallon. They drove to Wichita, Kansas for a flight to Washington, D.C., and the World of adventure for them.

Sharon has been to Washington, D.C. and knows how to manage the traffic and the sights to see but this was a FIRST for Joyce and she reports that she was in for a "lifetime experience."

Sharon was advised of the Golden Poet Award in March, 1989 and that it would be presented on September 3, 1989 at the World of Poetry Convention in Washington, D.C. She began to make plans for this event in her life.

They had a good flight and plans worked perfectly. They had reservations at the Hilton Towers Hotel which would be the headquarters for the convention. They arrived August 29 and the convention was September 3, so they had a few days for sightseeing and tours, etc., but their main purpose was for the convention.

There were some 4,000 poets in attendance. All fifty states were represented and twenty foreign countries plus the Dominican Republic. Golden Poets were those poets who had their first entry published of which there were some 2,000. Silver Poets were poets who had submitted more than one entry, of which there were about 1,000.

There were 12 finalists, one of which was the grand prize winner of \$15,000 and this was won by a school teacher from Brownfield, Texas.

The winning poem was "Whispering West Texas Winds." She was crowned with a golden crown on which was centered a pen and tablet and a velvet cape.

The other eleven winners split

\$20,000 between them and they were called the "Court of Poets."

The award that Joyce was presented was a lucite duplicate of the Washington Monument engraved with World of Poetry-Globe Golden Poet Award-Joyce B. Coffman in gold letters.

Joyce reports that when she recited her poem, "Inspiration," it was well received by the group she was in (about 75 people) and she was pleased.

When Joyce and Sharon arrived at the convention, they were met by their personal escort for this convention. He was Kenneth Kelliam from Pompano Beach, Florida. This made the convention more convenient for Joyce and Sharon and they appreciated Kenneth's kind and courteous attention to them.

The programs at the convention were especially of high quality entertainment. Some of the entertainers were R. Gaylord, Oran Gray, Glen Campbell, Mickey Rooney and Donald O'Conner.

Bob Hope was the highlight of entertainment at the banquet and it was topped off by a visit from George Burns on a big screen in the banquet room, where Bob and George saluted the Poets of the World.

Eddie Lou Cole, poet, editor-in-chief, 89 years of age, presented some of her poetry. She lives in Burbank, California.

Places of interest that Joyce and Sharon enjoyed included the Washington Monument, the Capitol, White House tour, Lincoln Memorial, Vietnam Memorial, Smithsonian Institute, Library of Congress, Jefferson Memorial, Kennedy Center, Potomoc Park, Arlington Cemetery, Tomb of the Unknown Soldiers and the Changing of the Guards, Space Museum, Mt. Vernon, Monticello, Old Alexandria and other places of interest too numerous to mention.

Joyce enjoyed a trolley tour and a Gray Line bus tour and a 30-mile dinner cruise aboard the Spirit of Washington.

One thing that Joyce could not get used to nor understand was the masses of street or "bag" people, but as she commented, you just accept them and wade on through the mass of people.

Joyce said that her visit to the nation's capitol will provide memories for the rest of her life, but she hopes that she will get to make this trip again and she will continue to write her poetry and enter it in competition. She enjoys writing and we enjoy her sharing this with us.

JOYCE COFFMAN

Collecting Emphasized By P.O.

October has been designated as National Stamp Collecting Month by Postmaster General Anthony Frank. He says that the month-long celebration will focus on the prehistoric animals block of four U.S. postage stamps which will be issued on October 1.

"Stamp collecting is fun and continues to be a hobby enjoyed worldwide," says Postmaster Larry Rogers. "We recognize the almost 19 million organized stamp collectors who already appreciate this hobby. And we encourage people of all ages to join the celebration by taking a close look at these miniature time machines that transport the collector to different places and times. Stamp collecting is your opportunity to 'begin an adventure of giant proportions!'"

Many local post offices, stamp clubs and civic organizations all across the nation will be participating in exciting, interesting and fun-filled activities that emphasize the enjoyment of collecting stamps.

It's A Girl For Couple

Barry and Sandy Boyette of Pioneer, Louisiana, became parents of a daughter on Wednesday, August 23.

The new arrival, Alexi Kae, weighed eight pounds, seven ounces and was twenty-one inches long. She has an older brother, Baron, twenty months old.

Grandparents are Jim and Gayle Greeson of Sublette, Kansas, Doug and Charlotte Roberts of Houston and Mike Boyette of Lufkin, Texas.

Great-grandparents include Mr. and Mrs. J.E. Knight of Friona. Jim and Gayle Greeson are both graduates of Friona High School.
