## BOOST BANKHEAD WITH MOTORCADE

Judge De Armond of Midland in Sweetwater With Novel Suggestion For Advertising Highway

FOR NEW MEXICO MEETING  
Cars Will Start at Memphis With Others Joining All Along the Route—Traffic Heavy

One of the leading features incident to the eighth annual convention of the Bankhead National Highway Association to be held in Albuquerque, New Mexico in conjunction with the United States Good Roads Association and United States Good Roads Show May 26-31, according to Judge J. M. De Armond of Midland, State director of the Bankhead National Highway Association, who is a visitor to Sweetwater at this time in the interest of the affairs of the association, is the plans now being made to start a motorcade at Memphis, Tenn., and traverse the Bankhead from that city to Albuquerque, N. M., gathering momentum as it travels westward. The motorcade, says Judge De Armond, will replace the old time cavalcades which were at one time so popular at conventions in the past.

Chambers of Commerce, Automobile Clubs and civic clubs interested in this great national highway will have decorated cars with the banners of the cities represented. The plan was started last year by Col. J. A. Rountree, director general of the Bankhead National Highway when with a few cars at points in the Mississippi Valley it was swelled to some 200 cars at Greenville, S. C., at which place the convention was held last year.

In addition to the part from Memphis which is expected to have a hundred cars by the time it reaches El Paso, and which will gain rapidly in numbers as it nears Albuquerque, there will be a like party started from cities in California and Arizona on the Bankhead Highway. With this highway ready for easy travel in every direction, it is an excellent chance to get tourists going both ways to plan their summer trips at the time of the convention and make the journey there with other enthusiasts. In addition to being a feature of enjoyment to the members of the party, Judge De Armond says an excellent opportunity will be afforded to enterprising cities and towns to get a bit of good advertising and publicity.

Hubert Toler has agreed to put a Chrysler in the motorcade from Sweetwater.

## MCADOO SCORES TEXAS GOVERNOR

In First Real Bid For Texas Delegation Democratic Candidate Challenges Pat Neff

WANTS INSTRUCTED DELEGATE

Says Only Way Lone Star State Can Elect Democratic President is to Send Instructed Delegation

By The United Press.  
FORT WORTH, Texas, April 11.—William Gibbs McAduo made his first real bid for Texas delegates to the Democratic national convention today by challenging the position of Governor Pat Neff, who stands for an uninstructed delegation.

"The course Governor Neff offers for Texas would contribute a victory of the reactionary and wet element in the Democratic convention," McAduo declared on his arrival here from Oklahoma.

"If Texas wants to nominate and have the assurance of electing a Democrat as President of the United States, it can be accomplished only by sending instructed delegates to New York, thereby throwing the whole force and power of her influence back of the progressive element," McAduo said.

McAduo referred to the 1912 convention when Texas delegates, instructed for Woodrow Wilson, held the balance of power. "If Texas had sent uninstructed delegates to the 1912 convention the nomination of Woodrow Wilson might never have occurred," he said.

The Texas Governor announced recently he was opposed to instructed delegation because of "chaotic conditions in party politics."

McAduo was scheduled to deliver his campaign speech here this afternoon. Tonight he will appear in Dallas.

The Brownwood Gun Club is anxious to match some West Texas Clubs during one of the three days and it is thought that the match will soon be made.

The Winchester Company will have twenty of the world's best professional trap-shooters in Brownwood during the convention to participate in events of this class open to professionals, according to Lee Watson Jr., who has recently received the information.

Ad Toepperwein, world famous .22 rifle shot, will be among those sent here by the Winchester Company, and will demonstrate some fancy shooting with a .22 rifle. He will be accompanied by Mrs. Toepperwein, the announcement said.

The widely known Houston Gun Club will be in Brownwood for the shooting event, it has been announced, coming from that coast city with its representative delegation.

## ENDEAVOR MEET

Plans For Entertainment Christian Endeavor Society at Abilene April 18-19-20

ABILENE, Texas, April 11.—Plans for the entertainment of Abilene District Christian Endeavor Convention here on April 18, 19, 20, are fast assuming shape. The program for the three days has been practically completed and all indications point to one of the biggest Endeavor conventions ever held in this part of the State.

The district embraces sixteen counties, with over thirty organizations, and the convention committee is planning for over one hundred out of town delegates.

Many interesting features are being planned for the visitors in the way of music, addresses, banquet and auto trips.

Austin D. Bryan, associate field secretary of Christian Endeavor, will be here for the entire convention, and will deliver several talks on various phases of the work. Mr. Bryan has the reputation of being a live wire in young people's work, and has been well received in convention all over the State.

Dr. J. W. Hunt, president of McMurry College, is to deliver an address on Saturday evening, which will be of particular interest to all young people.

Rev. Fred S. Rogers will address the convention on Sunday afternoon and Dr. E. B. Surface will talk to the young people at the evening hour. Additional speakers will be Judge C. E. Coombes, Dr. T. S. Knox, Dr. W. O. Dallas and possibly others.

An elaborate banquet is being arranged for all registered delegates by the ladies of the Central Presbyterian and First Christian Churches on Saturday evening at six o'clock.

All delegates will be given full entertainment during the convention, the homes of the members of the two churches being opened to them.

The convention committee is offering a free trip to the delegate whose Endeavor Society first registers 100 per cent of its members. A handsome banner will be given to the out of town society registering the largest number.

Music of a varied nature will be furnished throughout the convention. Solos, both vocal and instrumental, will be rendered by the best talent in Abilene. The Lamar Orchestra will play on Friday evening, and on Saturday evening the A. C. C. quartette will sing.

Special to The Reporter.

COLORADO, Texas, April 11.—"The club women of Texas are fast gaining recognition as leaders of affairs of State, education and society, and the day is now dawning when every State in this Republic will rebound with the loftiest ideals the nation has ever known," Dr. P. C. Coleman, President of the Colorado Chamber of Commerce, declared here this morning in an address welcoming the Sixth District Convention of the Federated Woman's Club to Colorado.

"This federation means as much to this government in perfecting true ideals of Americanism as any agency created since time began. To you is extended the opportunity of dictating the policies of this nation. One great assurance we have is that there will be no more wars," Dr. Coleman concluded.

Other speakers to welcome the convention to Colorado were County Judge J. C. Hall, Mayor R. H. Looney, Col. C. M. Adams, president of the Lions Club, and Mrs. J. G. Merrill, president of the Mitchell County Federation.

The response was delivered by Mrs. E. S. Nobles, of San Angelo, a past president of the District Federation. Mrs. Henry Redmond, of Corpus Christi, president of the State Federation, delivered an inspiring address in which she urged Texas club women to do their parts in every duty, from that about the hearthstone to participation in affairs of national importance.

A telegram from Miss Minnie Cunningham of Comanche, a past president who was detained at home on account of illness, was read, in which greetings were extended.

Three West Texas towns are known to be augmenting their forces for the convention next year. These are Alpine, El Paso and Rising Star.

Reports of delegates, which were being heard when the convention adjourned at luncheon at noon, graphically portrayed success of club work throughout the district during the past year.

**IVORY BUTTONS**

Along the rivers in the southern part of the United States are men and women screening the bottoms for pearl shells which they sell to button manufacturers to make buttons of, but not all buttons that are worn in the world are made from pearl shells.

Many of the people of the world are fastening their clothes with buttons of vegetable ivory, derived from "ivory nuts" which are the seeds of the species of palm that grows wild over vast regions in the tropical latitudes of South America.

The tree bears pods the size of a man's head, each of which contains from six to nine egg-shaped nuts of the bigness of small potatoes. When the pods are ripe, the nuts drop out and are gathered and stored.

Ecuador and Colombia export immense quantities of these nuts, which are brought by the natives down the rivers to the coast in canoes. When dried their interior substance closely resembles ivory, being white, fine grained and extremely hard. It takes a high polish and may be dyed in any color.

Ivory nuts are mostly utilized for making buttons, but they are also used in the manufacture of poker chips, umbrella handles, drawer knobs and a great variety of fancy articles.

The claim that husbands are not considerate of their wives has again been exploded. Nearly every man in Dodge City, Kas., according to the Globe, has had his wife's garden hoe sharpened this week.

Texas leads all states in the production of spinach, but the Howard, Kas., Courant gives the State credit for not boasting of it—she merely admits it.

**AMUSEMENTS**

Probably every picture-goer has experienced this feeling, that—"here's a great picture and it's working up to something—something big and tremendous and powerful; some smashing climax that will lift me off my seat,"—then had his illusions shattered when the climax fell short of his hopes.

So it's refreshing beyond words to see a film that carries you along with rollicking action, suggestive at all times that this is good, but there's better coming, teasing you, holding you, promising you that all the entertainment features are merely love taps, that soon you're to be knocked dizzy with the real thing—and then makes good.

"Sporting Youth" at the R and R Palace Theater, does just this. Somebody deserves a great deal of credit. It was made as a Universal-Jewel production by Harry A. Pollard with Reginald Denny in the starring role. Added to this the story was written by Byron Morgan, whose tales of the roaring road, published in the Saturday Evening Post, are still the subject of enthusiastic conversation.

Medals have been offered by R. L. Shaffer & Co., jewelers, one each to the best boy and girl speller, singer and composition writer and one will be given the valedictorian. Competent judges will decide the winners and Prof. Mauzey will do the awarding. 61 tide

Camp Funston Near Kansas City Only a Memory

By International News. KANSAS CITY, Mo., April 11.—Camp Funston, Kansas, on the wartime erection of which the Government is seeking to recover \$3,000,000 from the George A. Fuller Construction Company in Federal court, for alleged overcharges, is about to pass into eternal oblivion. The camp was built on the east plus plan.

FORT WORTH, Texas, April 11.—Chapters of the Knights of the Ku Klux Klan here have organized an amateur baseball team and the team has been admitted to the Fort Worth Amateur Association.

In the same league is a team organized by the Knights of Columbus. The schedule for the season calls for several games between the two teams. The Ku Klux players first were found by the spotlight when they contracted for their practice field. The field on one side is bounded by a cemetery for Jewish people, and on the other side is a Catholic hospital.

The Ku Klux team will not be different from any other in the league, according to Manager Steve Ellis. The uniforms of the players will bear a flaming cross on a white background, while the letter "K" will adorn the cap.

"The only player to wear a mask on the field will be the catcher," Ellis announced.

**CONFINED TO BED**  
Birmingham Lady Took Cardui for Relief of Change of Life Troubles and Says It Helped Her "So Much."

Birmingham, Ala.—"I first took Cardui for that tired, worn-out feeling that comes from being dreadfully run-down," says Mrs. Catherine E. Smith, of 2106 Stout Street. "Twenty-five years ago, I was suffering from womanly weakness. I read of Cardui in an almanac, and thought I would try it. I got a bottle and it helped me from the first. After that, during the whole of my married life, I took Cardui when I needed it. "About four years ago, change of life came on me. I grew weaker and weaker, and was confined to my bed, where I lay on my back for days. I was told that only a severe operation could do me any good, and this depressed me very much, for I dreaded such an ordeal. "I remembered how Cardui had helped me for female trouble in the past and I had read of how it had helped other women during change of life, so one night I told my husband to go to the drug store and get me a bottle. I began taking it at once. From the first dose I could feel myself getting stronger. I continued to take Cardui until I was entirely through this very trying period of a woman's life."
