Candidates End Campaign Tour

around Seven Amendments muleshoe To Be Considered

with the journal staff

The winners of the Women's Country Club Golf Tournament have been announced. First place went to Mrs. Clyde Holt with a score of 210. Second place went to Mrs. Bill Jim St. Clair with a score of 226.

The Friends of the Library extends an invitation to library board of trustees and all interested persons to meet with the FOL executive committee on Thursday, November 5 at 10 a.m. at the Muleshoe Area Public Library.

Mr. and Mrs. Tom Arnn of Phoenix, Ariz. have been guests this week in the home of his nephew J.G. "Dolly" and Mrs. Arnn.

Father Robert O'Leary of the Immaculate Conception Church in Muleshoe returned Wednesday from a DCCW meeting in Pampa.

He was away from Muleshoe for two days during the meeting.

The Bailey County Hospital District Board will meet in regular session on Tuesday, November 3 at 7:30 p.m. in the director's room of West Plains Memorial Hospital.

Among items to be considered will be the election of a board member to fill a vacancy left when Don Harmon resigned; name committees for study of a site selection and study of a tax structure; minutes of the previous meeting; payment of bills; correspondence and old and new business.

New REA Loan Information

Congressman Bob Price has announced the approval of an REA loan for the West Texas Rural Telephone Cooperative Inc., Hereford, Texas, in the amount of \$380,000. The cooperative serves Deaf Smith, Bailey, Castro and Parmer Counties.

The purpose of the loan is to finance facilities to serve 176 new subscribers; construct a dial central office building in the new Summerfield Exchange and install direct distance dialing facilities in this exchange.

Texas voters will be offered seven constitutional amendments for their consideration on the ballot Tuesday, November 3, in the general election.

Five of the amendments have elicited very little comment, and two of the amendments have constantly been before the public eye. The highly controversial second amendment on the ballot is the "liquor by the drink" amendment and the third amendment on the list is the amendment on uniform methods of assessment of farm, ranch land and forest lands, according to production capability.

Voters will be asked to vote either "for" or "against" the following constitutional amendments:

Amendment One, The constitutional amendment relating to the removal, retirement, or censure of Justices, Judges, and Justices of the Peace under prescribed circumstances.

The second amendment reads: "Repeal of the prohibition against open saloons found in Section 20, Article XVI of the Constitution of the State of Texas."

The third amendment, "The constitutional amendment to authorize the Legislature to provide by law for the establishment of a uniform method of assessment of ranch, farm and forest lands, which shall be based upon the capability of such lands to support the raising of livestock and/or to produce farm and forest crops."

Amendment Four, "The constitutional amendment reconstituting the State Building Commission as a three-member appointive commission."

Amendment Five is "The constitutional amendment authorizing any county, on the vote of a majority of its qualified property taxing electors, to issue road bonds in an amount not to exceed one-fourth of the assessed valuation of the real property in the county."

The sixth amendment is "The constitutional amendment increasing the value of the homestead which is exempt from forced sale."

The final amendment for consideration on the ballot will be "The constitutional amendment authorizing the Legislature to provide for consolidating go-

vernmental offices and functions and allowing political subdivisions to contract for performance of governmental functions in any county."

Voters have been urged to give careful consideration to the seven amendments before making their final choice.

Annual Crane Hunt Attracts 250 Hunters

The area hunting season for game birds is fast getting underway at this time.

Approximately 250 hunters were in Muleshoe early Saturday morning to begin the annual Jaycee-sponsored sandhill crane hunt. Included in the visiting delegation were news representatives from WBAP in Dallas and NBC television cameramen.

At the end of the nine day hunt, an automatic 12 gauge shotgun will be presented the hunter who tags the largest crane.

Muleshoe Chamber of Commerce Manager Jerry Hutton said no part of the birds will

Smyer Slams Bula, 57-24

The Bula Bulldogs, who were hopeful of a win against Smyer, were sent home stinging from a 57-24 loss to the Smyer team Friday night.

Ron Risinger, Bula quarterback, scored from the two yard line, then passed to Craig McDaniel in the end zone for two points in the first quarter.

The Bulldogs were held scoreless in the second quarter and the halftime score was 22-8.

Ron Risinger again scored, from the 10, in the third, then ran the extra points.

In the fourth, Risinger passed to Mitch Autry in the end zone for a 15 yard TD and the PAT failed. Terry Sowder trapped the Smyer quarterback in the end zone for a safety to end scoring for Bula.

Next Friday night, the Bula Bulldogs will meet the Three Way Eagles on the home field.

OH, MOMMY, TAKE IT AWAY--Little Jennifer Johnson, daughter of Mr. and Mrs. Ronnie Johnnie, vocally expresses her displeasure with the jack-o-lanterns held by two of the youngsters ready to go trick or treating. Looking at the little miss with much concern are from left, Dwain Hutton, son of Mr. and Mrs. Jerry Hutton; Michelle Parkman, daughter of Mr. and Mrs. Freddie Parkman; Tracy Hutton, daughter of Mr. and Mrs. Jerry Hutton, and James Christian, son of Mr. and Mrs. Pat Christian.

Hornet Stingers Pulled By Mules

An all-star cast traveled to Tulia Friday night with the grand idea of performing so well they would overcome a devastating defeat last year. The all-star cast did, indeed, perform so well they came home with an undeniable hit show. The Muleshoe Mules

downed the Tulia Hornets by a score of 40-14.

It would be rather difficult to attempt to pick out any particular shining star as "outstanding" in their performance as they all made a hit with the crowd cheering them on.

Randy Field could be a close bet. He scored 20 of Muleshoe's 40 points, recovered two fumbles, gained 99 yards on the ground and 15 in the air on a surehanded catch of a pass from quarterback Mike Riley. Or, it could have been Don Wheat, who gained 150 yards on the ground and ran 60 yards to help set up a TD from the six. Or, it could have been Bobby Hayes, who slowly ground out 105 yards, scored one touchdown from the four yard line and helped set up several others for his teammates, along with providing some hardhitting, leather slapping tackles and blocks. Or how about quarterback Mike Riley, who scored one touchdown and ambled over for two extra points, as well as providing leadership for his team.

Jack Allison, senior end for the team, also made an outstanding play on a blocked punt in the Mule end zone when he humped on the ball, curled around it and held on for the touchdown. Or, how about Johnny Hayes, junior end for the Mules, who made his usual

pass interception late in the fourth quarter to end a possible threat of a touchdown by the opposing team.

Or you could name as stars Julian Vela, who did not see much action, but made seven yards in two carries, plus providing active secondary; or what about Tommy Taylor, who

Local Jaycees Attend Dallas State Meeting

The Muleshoe Jaycees joined over 650 Jaycees from across Texas in Irving last weekend for their combined State Board Meeting, and the Five Outstanding Young Texans (FOYT) Program. Attending from Muleshoe were Jaycee President and Mrs. Derrell Oliver and Jeff Smith, secretary. They brought back a wealth of ideas and inspiration to contribute to the Jaycees and the Muleshoe area, said Smith.

The Texas Jaycees evaluated their programming and organization to provide better community development and leadership training in each Jaycee community in Texas, continued the local Jaycee secretary.

He said the highlight of the weekend was the recognition of the 1970 Five Outstanding Young Texans; Robert V. Buck, owner of a San Antonio Architectural firm; James D. Dannenbaum, consulting Engineer and Civic Leader of Houston; Walter J. Humann, corporate executive of LTV Aerospace of Dallas; Morgan Maxfield, president of Morgan Optics and a Dallas realtor; and Garry A. Weber, chairman of the board of a Dallas brokerage firm and a member of the Dallas City Council.

also gained seven yards in three carries; Tony Jaramillo, who was right in there blocking; Larry Shafer, who made the way for his running teammates; Jon Cole, who was active and apt as a guard; 130-pound Gary Lackey, who didn't let his small size back him down; equally small Mark Long, who stayed right in there; Ricky Faver, who let go with his famous "Mammy Yokum Crunch" when needed; Edward Orozco, another small tackle who did not let his small stature deter his game; big Don Heathington and Rand Baker, who provided the running room for their team; Rickey Black, who tackled and tackled and tackled and Tommy Clements, serious and unsmiling, in there to do "his" job.

They were stars, all of them. Watching the teamwork was a reminder that one, or two or three team members do not make a team, it takes all of them.

Winless Tulia had blasted the Mules last year by a score of 68-0 and the Mules went to the Hornet's nest to even the score . . . they did.

By the end of the first quarter, the Mules led 14-0, with QB Mike Riley drawing first blood at 4:01 of the first from the one yard line. Bobby Hayes scored with 49 seconds left in the first from the four and Mike plunged over for two more points for good measure.

Sweeping around the end zone at 7:29 of the second was Randy Field for his first of three touchdowns for the evening to widen the score to 20-0.

The discontent Hornets, who got all stirred up, handed off to Johnny Dunn who skimmed downfield with 25 seconds on the clock before halftime for a

General Election Slated on Tuesday

With the November 3 general election just around the corner, state and local candidates are winding up their campaign tours to wait for the fruits of their efforts on Tuesday night. Election returns should begin shortly after the polls close at 7 p.m.

The Bailey County slate of candidates for election or reelection are unopposed and very little interest has been generated toward the local campaign.

A slightly different situation has taken place in the one national contest and several candidates vying for state positions.

For United States Senator, Democrat Lloyd Bentsen and Republican George Bush have squared off and extended much time and effort in their campaign for the Washington seat.

Jack Young, Bailey County Chairman for the Candidacy of Democratic Senatorial hopeful, Lloyd Bentsen, stated:

"TEXAS NEEDS BENTSEN! We need a Democratic senator able to give responsible opposition to the administration when it appears to be to the best interests of Texas, Bentsen will do this -- TEXAS NEEDS BENTSEN!"

"One of the best of several reasons why Texans NEED George Bush in the U.S. Senate is that his election will be a major step toward a more conservative (ie, Republican) Senate." Bush-for-Senate campaign chairman Mrs. Larry Hall stated.

"George Bush approaches the solutions to problems from within the framework of Texas

philosophy of government, without being bound to a statewide machine," she added. "He represents Texas with character and integrity - a conservative approach to national problems but a progressive one for Texas."

"It will be a close race between Bentsen and Bush, but we hope the polls who say Bush can win are right," she concluded.

Duck And Quail Seasons Ready To Begin Soon

Duck season opens in the county on Wednesday, November 4, and hunters are preparing for the season. The season will close on January 13, 1971.

A point system has been initiated this year, with hunters being allowed 100 points for a daily bag limit.

Ducks which will count 90 points each toward the daily limit of 100 points are the mallard (hen); black duck; wood duck; New Mexican duck; canvasback hooded merganser, and redhead.

Twenty point ducks are the mallard drake, pintail; ring-necked duck and mottled duck. All other ducks are 10 point ducks, except for black-bellied and fulvous tree ducks, who have no open season.

Quail season will open on Saturday, November 14, and the daily bag limit is 12, with

Showboat Jubilee Rehearsals Begin

Can you feature the usually dignified sheriff of Bailey County doing the can-can -- or, for that matter, local high school teacher Marion Teel in a soulful rendition of "Won't You Come Home, Bill Bailey?"

Or, how about the local undertaker in a scanty dance costume in a chorus line? Take for instance, the four couples who will do the stirring "When You and I Were Young, Maggie" -- they will be out in full force and full voice? For the occasion,

All this, plus much, much more will featured in the Businessmen Activities Committee production of "Showboat Jubilee" on Monday, November 9.

Producer Kerry Moore is already stoking up on ulcer medicine as he prepares to get into the annual show full swing. He is finding balky potential performers, too many who remember past performances, and the usual exuberance of a group of extroverts who whole-

heartedly enjoy being in the spotlight for the show.

Since the annual production went educational with last year's show, several local business and professional women will be featured in the line-up of "stars."

Highlight of the show could be the 200-pound bunny who will provide musical entertainment as she preens in her beauty.

It's all in fun -- and promises to be one of the more outstanding events for the fall of 1970. The BAC uses the proceeds from the annual show to help defray costs of the huge Christmas tree at the Mule Memorial site, the Fourth of July celebration and other events.

Local celebrities will be featured in this year's production, including the postmaster, hospital administrator, several teachers and administrators from the local schools, the district attorney, county judge,

General Election Polls, Time Listed

Bailey County polls will be open from 8 a.m. to 7 p.m. on Tuesday, November 3 during the general election. Several civic groups have offered free rides to the polls during those hours.

For rides to and from the polls, those who desire transportation may call Bush Supporters at 272-4749; Young Homemakers at 272-4974 in Muleshoe and 925-3425 in West Camp; or the Chamber of Commerce, 272-4248.

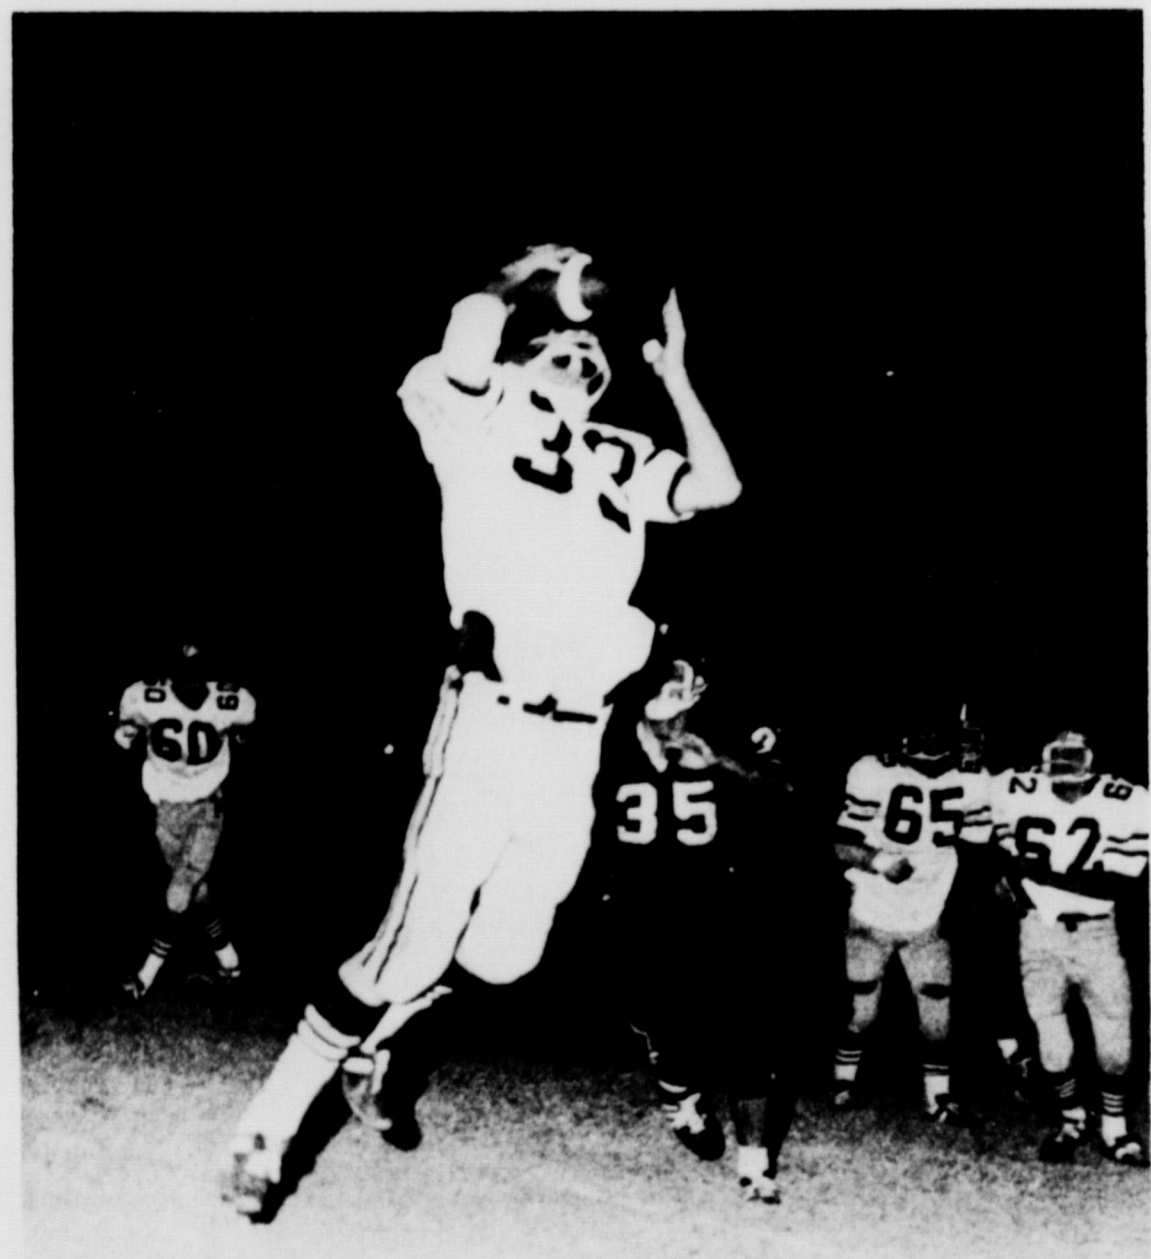

For the convenience of voters, the voting boxes, locations and election judges and assistants are listed below:

PRECINCT ONE
Box One - Courthouse - Ernest Kerr, judge and Mrs. H. O. Barbour, assistant.
Box One - A - City Hall - Jeff Peeler, judge and Mrs. W.R. Bowers, assistant.

PRECINCT TWO
Box Two - West Camp Church - D.O. Burelsmith, judge; Ernest Ramm, assistant.

PRECINCT FOUR
Box Five - Needmore Community Building - C.G. Lewis, judge; Mrs. Fred Beene, assistant.
Box Six - Bula School - Mrs. G.B. Salyer, judge; Mrs. John Blackman, assistant.

INTERCEPTION!--Randy Field, No. 33, makes one of the big plays he made during the evening at Tulia Friday, when he added 20 points to the 40 points on the scoreboard for Muleshoe. Coming in to put the stop on Randy is Tulia Hornet Malcolm Hefley. Moving in quickly to help their teammate are Jon Cole, No. 60; Ricky Faver, No. 65 and Gary Lackey, No. 62. The Mules defeated Tulia, 40-14.

VOTE DEMOCRAT

**Texas needs Democrat
Lloyd Bentsen**
A courageous Texan
with fresh ideas.

THE ECONOMY:

Today, it seems as if everything which should be going up is going down -- and everything which should be going down is going up. Inflation runs rampant while economic growth has been stymied and interest rates have soared to all-time highs. Last year, the rising cost of living trimmed six cents from every dollar earned -- while unemployment increased at an alarming rate. The cost of living goes up -- while the number of jobs goes down and the stock market hits the skids. I think our nation's leadership should rely less on high interest rates and tight money to control inflation and more on balanced budgets and the power and the influence of the Presidency to encourage voluntary wage-price guidelines. We need to rearrange our priorities to overcome the current economic crisis; in short, we need sound, responsible and responsive leadership. We need to send this message, through this U.S. Senate race, to the White House.

CRIME:

Let's face it: we are not going to achieve our goals in this country until we stop the current epidemic of crime. During the past few years, crime in America has increased 12%--while our population was growing only 1%. And, tragically, in Texas half of the major crimes are committed by youngsters 17 years of age and under. We need to improve law enforcement (and you realize its effect every time you spot a police car and ease up on your accelerator). Swift, sure apprehension and punishment remain the greatest deterrent

to crime. The federal government can help local agencies through grants-in-aid, which I would support, and other methods to improve their efficiency. I also favor appointing special federal judges and U.S. attorneys to clear the dockets that now are jammed with a backlog of criminal cases.

We must make the streets of America safe again. The right to such safety is basic.

EDUCATION:

I place a high priority on education, since I believe it provides the key to a better life for all of us. There are still too many American children who are deprived of a first-class education. There are too many adults who do not have the opportunity to be trained for better jobs. We must insure equal and improved education for all by strengthening and expanding the benefits of the Bilingual Education Act, Head-start and Adult Basic Education programs--and other programs designed to achieve equal opportunities in education. I favor strongly the preservation of neighborhood schools and freedom of choice, but these must never be used as a subterfuge to give any child a second class education regardless of racial origin or color of skin. I favor strongly bringing the quality of all schools up to the level of the best we have today.

AGRICULTURE:

One of the most complex problems facing us is that of the farmer and his place in the economy. He has been caught in a squeeze between rising costs of the products he uses and de-

clining prices for the products he sells. We must find lasting solutions to the farm problems. No one really likes subsidies but they cannot be summarily cut off without a wave of bankruptcies in our farming areas.

I was born and reared on a farm in the Valley, still own a farm and have strong personal knowledge of the farmer's problems. In Congress, I worked for beneficial farm legislation and would do so in the Senate. I think we should aim at freeing the farmer from government controls. But we must continue fair price supports until we can resolve the problems which have deprived many farmers of economic independence.

GUN CONTROL:

George Bush voted for the Gun Control Act of 1968. It requires dealers to keep detailed federal records on purchases of guns and ammunition. This is a foot in the door to gun registration.

Lloyd Bentsen opposes gun control legislation that uselessly penalizes law-abiding sportsmen but fails to curb criminals.

We must do everything possible to protect the public from the misuse of firearms. But Lloyd Bentsen feels the better way to do it is by stronger laws and tougher penalties for crimes committed with firearms and swift, sure prosecution of criminals.

Vote for the man who is free to work with our 20 Democratic Texas Congressmen in matters where the best interests of Texans are at stake.

Preston Smith

is doing a good job. Let's keep him working for Texas.

BE SURE TO

TUESDAY, NOVEMBER 3
BEN BARNES
PROVEN LEADER
FOR TEXAS!

PD.POL.ADV., by Bailey County Democratic Committee.

What Has He Done?
Better Jobs For More People

In a declining national economy, plagued by high unemployment, high prices and high interest rates, Texas has suffered less unemployment than other states, even while facing some of history's worst disasters--Hurricane Celia, tornadoes, floods.

Our State's 1969 annual unemployment average of 2.7% was second lowest among the "Big Ten" States, lower than any neighboring state and well under the national average of 3.5%.

Texas' annual per capita income exceeds that of any adjacent state.

Unemployment was kept low by sound planning. Texas attracted more new industries than any other state, and spent less per capita doing it. New industries created new jobs for all types of Texans.

More Texans were educated to take better jobs. Measured in numbers of vocational teacher-units approved for the school year starting in the fall of 1970, growth in technical and vocational education is at twice the rate of any other time in the history of occupational education.

Within that growth, there have been emphases on developing industrial skills, and upon occupational education for disadvantaged and handicapped persons.

Governor Smith supported the first state minimum wage law in Texas history, to help upgrade the total Texas employment picture.

For the future, a new working analysis of business and industry will furnish Texans with a forecast of needed products and skills, offering us an opportunity to embark on a new, dramatic plan to gain new business, industry, and more and better jobs for all Texans.

Crime and Violence

Despite the rise in crime, Texas has fortunately avoided major riots and confrontations during 1969-70, even though there have been some explosive situations. Early attention by appropriate state agencies has helped to prevent large-scale violence in areas of student unrest or racial agitation.

Governor Smith has moved vigorously to strengthen law enforcement throughout its entire scope, ranging from special education for arresting officers, through prosecution

Spending:

Just this year, when faced with budget requests that would boost state spending \$1.4 billion, he sent those requests right back. With a stiff order to finance only the most essential programs. So that your tax dollar is spent well and fairly.

Education:

He helped establish free kindergarten for educationally deprived youngsters. In all he saw 15 laws passed that made major improvements in our public school system. So that your children are guaranteed a superior education to ensure their future.

Crime:

Ben Barnes recognizes this as our toughest and fastest growing problem. He knows also that slow justice is no justice. That's why he's fought for laws to keep the repeat offenders, the professional criminals, off the streets. That's why he's urged procedural changes to unshackle the hands of law enforcers: the admission of oral confessions, the addition of more courts to speed up our trial system, and stronger laws against those who commit crimes while armed. So that you can walk the streets in pleasure instead of fear.

Agriculture:

Ben Barnes recognizes that Texas should be Number One in Agriculture in the United States. And he won't stop until it is.

and improvement of judicial processes, to the rehabilitation of offenders and the uses of probations and paroles. He has approved more than \$20 millions in state and federal grants to launch this war on crime in Texas.

A statewide law enforcement communications system is being developed because of its critical importance to effective crime fighting. It will enable officers, prosecutors, judges, and correctional people to get instant information on criminal histories, suspects and persons under investigation, stolen vehicles and property.

For faster, more efficient justice in the courts, more than \$400,000 in grants were approved by the Governor to conduct training seminars for felony court judges and prosecutors, for training Justices of the Peace in a penal code which dates back to 1856, and for improving the processes of investigation, complaint filing and processing.

Education for More People

In addition to Governor Smith's intense efforts in the field of vocational-technical training, other areas of Texas education have been vastly improved.

Texas annually spends nearly 25% more than the average state on education. We now apply almost half of all state expenditures for education.

The Teacher Pay Raise Bill was voted in the 1969 Legislature as urged by Governor Smith.

Enrollment in state colleges and universities has soared, with more young Texans taking advantage of a higher education than ever before.

A public kindergarten program was initiated to better prepare children for public school education.

Special education programs for exceptional or handicapped children have been revised and expanded, and a pre-school program for non-English-speaking children was created.

New universities were created at San Antonio, Dallas, Midland-Odessa, and Laredo. New medical schools were created in Houston and Lubbock, and a new dental school in San Antonio and new nursing schools in San Antonio and El Paso.

Drugs:

While others talked, Ben Barnes took action. He toured the state drug centers. He communicated with the youth. And called for a strong educational program to reverse the trend towards drugs. For tougher prosecution of those who peddle this insidious danger in public schools. And finally, he has called for effective and compassionate treatment for those youngsters who become addicted. So that your child is not denied the full development of both his mind and body.

Welfare:

He made health care a state priority. Guaranteeing to the poorest citizen the highest standard of care our health centers could provide. And he backed the bill for an increase in legislative sessions. So that the state is forced to stay abreast of its pressing health needs each year.

Ben Barnes knows there's still a lot to be done. More for better education. More to wipe out crime. More to combat pollution, spending, urban problems. More to meet special health needs for the handicapped, the aged, the poor.

And he's the man to do it. A man with a proven record. A young man who has the confidence of wise and experienced leaders. A qualified man who has demonstrated he has the skill to coordinate a complicated political body.

Ben Barnes' unique ability, his rare foresight, and uncommon awareness of the people's needs, has drawn high praise. Former President Lyndon Baines Johnson has attested firmly to his talents. As have others.

Ben Barnes is a proven leader. And he wants to win a better Texas. How about you?

FIRST BIRDS WEIGHED IN--These three Dimmitt hunters brought in the first sandhill cranes to be weighed at Calvert Grocery, the official weighing station Saturday morning. The hunters bagged three birds each, weighing from slightly over five pounds to just over seven pounds. They are, from left, Denton Lindle, G.L. DuBose and David Keith, all of Dimmitt. An estimated 300 hunters took part in the first day of the hunt.

Candidates...

Cont'd. From Page 1
Incumbent Bob Price, Republican U.S. Representative for the 18th Congressional District of the U.S. House of Representatives, is unopposed in the general election.
Incumbent Texas Governor Preston Smith has and is being given 'a run for his money' by Republican gubernatorial hopeful Paul Eggers.
Lee Pool, chairman in Bailey County for the candidacy of Texas Governor Preston Smith, seeking re-election to his second term says: "Preston Smith is the only governor we have ever had from our area. He is the only man who will do more for the South Plains than anyone else in our state government. A vote for such a man as Preston Smith, will assure the continued cooperation with Austin officials and our South Plains area, as he is fully acquainted with our problems here."

"There may not be another governor from this part of the state in many years, so a vote for Preston Smith is a vote for the South Plains."
Of Republican Paul Eggers, Clarence Mason, Bailey County Republican Chairman says, "The election of Paul Eggers for governor will give Texas a new outlook for the political leadership of the state."
"Present leadership has announced immediate needs for an additional \$400-\$600 million dollars of revenue for the coming year," Eggers stated, "I have found . . . people are just fed up with taxes . . . I think the tendency in government is to talk in terms of taxes -- how much additional tax money is going to be required. My policy is to talk in terms of how can we still give the services without added taxes."

"For common sense in the operation of our state government and a realistic look at government spending, Paul Eggers will give Texans a break," concluded Mason.

Republican Byron Fullerton has come out as a very strong candidate in his attempt to un-

seat Democrat Lieutenant Governor Ben Barnes.

Phil Garrett, County Chairman for Byron Fullerton, Republican candidate for Lieutenant Governor said, "Byron Fullerton gives a positive, straight, forward approach to problems facing Texas."

"He has said, 'If people on our university campus prove they are there for disruptive purposes, THROW THEM OUT'. On welfare - 'there's a limit as to how generous our state and federal government can be with our money. The Texas welfare ceiling was raised by a third just last year and already the budget had doubled itself. It must stop somewhere.' On respect for law - 'We must treat non-negotiable demands of militant radicals just as they are offered . . . absolutely NON-NEGOTIABLE!'"

"Byron Fullerton is a lively, hard-working attorney, civic leader and church worker who will attack problems with a direct, fresh, down-to-earth approach," concluded Garrett.

According to Harvey Bass, Democratic County Chairman, "Ben Barnes, our present lieutenant governor, is already a nationally recognized leader in Texas and will do more for Texas. A vote for Barnes is a vote for the future of Texas and for the betterment of our nation."

Other contested races on the state level include: Attorney General Crawford C. Martin opposed by Republican Edward M. Yturri; S.L. Abbott, Republican, opposing incumbent Comptroller of Public Accounts Robert S. Calvert; longtime state treasurer Jesse James opposed by Republican Robert F. Koennecke; Democrat Bob Armstrong and Republican Harry Trippet, in opposition as Commissioner of the General Land Office and Republican Daniel C. Heath attempting to unseat incumbent John C. White as Commissioner of Agriculture.

Candidates unopposed, all on the Democratic ticket, include District Judge Pat Boone Jr., of the 154th Judicial District; Charles L. Reynolds, associate Justice, Court of Civil Appeals,

District Seven; James H. Whiteside, member, State Board of Education; Bill Clayton, state representative, 72nd District; Jack Hightower, State Senator, 30th District; Truman Roberts, judge, Court of Criminal Appeals, Place One; John F. 'Jack' Onion Jr., presiding judge, Court of Criminal Appeals; James Denton, associate Justice, Supreme Court, Place Three; Ruel C. Walker, Associate Justice, Supreme Court, Place Two; Jack Pope, Associate Justice, Supreme Court, Place One and Ben Ramsey, Railroad Commissioner.

For Bailey County, Edith Wilt, incumbent county treasurer; Hazel Gilbreath, incumbent county clerk; Nelda Merritt, incumbent district clerk; Morris Nowlin, incumbent justice of the peace; Glen Williams, unopposed for county judge; Rudolph Moraw, who defeated incumbent County Commissioner for Precinct Four R. P. McCall in the May Democratic primary, unopposed and Loyd Stephens, County Commissioner, Precinct Two, unopposed.

46 yard touchdown run. A pass from quarterback Don Payne to Dewey Bryant added two points to leave a 20-8 half-time score.

Early in the third Randy Field fumbled the ball near the end zone, but retaliated three plays later with another TD. He had recovered a Hornet fumble the following play and three plays later slammed over from the six to avenge himself.

This was followed by Jack Allison's touchdown in the end zone. The Tulsa center sent back a bad snap and the punter fumbled the ball into the end zone to set up the TD for Muleshoe. Randy added two points for the team.

The score narrowed when Tulsa quarterback Don Payne sailed a beautiful pass right into the hands of Martin Atwood in the end zone for a 20 yard touchdown pass to add six points. The PAT failed.

Surprising agile Randy Field added the final TD for Muleshoe when he intercepted a pass

and scooted downfield for 40 yards into the end zone.

Another pass interception to end a Hornet threat early in the fourth was made by Bobby

Muleshoe Jaycees have sponsored the sandhill crane hunt for approximately the past seven years and each year have watched the popular event grow into a nationwide pastime.

Hunters converge on the Muleshoe area from many locations throughout the United States and widespread interest has been detected.

Hunt headquarters is the Dinner Bell Cafe on West American Blvd.

MR. AND MRS. F.L. SIMMONS

Mr., Mrs. F.L. Simmons Celebrate Anniversary

Mr. and Mrs. F.L. Simmons of Bula were honored with a Fiftieth Wedding Anniversary reception in the fellowship hall of the Bula Methodist Church, Sunday, Oct. 25, from 3:00 to 5:00 p.m.

Marjorie Oliver, daughter of Mr. and Mrs. E.P. Oliver of Elgin and Forrest L. Simmons, son of Mr. and Mrs. C.A. Simmons of Elgin were married Nov. 6, 1920 in the home of the Methodist minister at Elgin. They farmed near Elgin until 1930 when they moved to the Bula community. In 1933 he went into the grocery business and operated it until 1942 when he sold to his brother, A.B. Simmons. He was also postmaster from 1936 to 1942. They moved to California where both worked in the aircraft plants, moving back to Bula in 1946 and buying the grocery store back from his brother. Mrs. Simmons became acting postmaster in 1946 and postmaster in 1948. Simmons also operated a grocery business in Enochs for several years. In December of 1967 he retired.

Clark, Windham Attend State Fair

Danny Clark, son of Mr. and Mrs. Wayne Clark of Lazbuddie and a member of the Lazbuddie 4-H Club, was in Dallas for the State Fair recently. He won the Chester White Champion with his 200 pound barrow. He also had a barrow in the heavy weight class that placed second in his class. His Champion Chester White brought 48 cents per pound. Mike Windham, son of Mr. and Mrs. Scotty Windham, showed the Berkshire Champion. He also got 48 cents a pound for his barrow. The boys flew to the fair. Mike is also a member of the Lazbuddie 4-H Club.

Mrs. White Crowned TOPS Queen At Party

A hilarious Halloween masquerade party was the highlight of the Thursday night meeting of the Muleshoe Jenny TOPS, Chapter 34. Nineteen members weighed in at the Bailey County Electric meeting room at 7:30 p.m.

In a setting of pumpkins, bats, black cats, ghosts, skeletons and a spider web, Mabel Wolfe, Mrs. Herb Whalin and Mae Provence received prizes for being most concealed, funniest and most unusual. Also included in the decorations was a poor little, unhappy, green pumpkin.

Following the judging of the costumes the members weighed and then enjoyed witch brew (low-calorie punch) and assorted tidbits.

Following refreshments, Mabel Wolfe, leader, called the meeting to order with the reciting of the TOPS pledge. Mrs. Claude Don Holmes led the singing of the official TOPS song.

Selma Redwine, weight recorder, called the roll. Each member answered with the amount of weight lost or gained. Crowned queen for the week was Mrs. Roy White. She received a gift from the white elephant box. First runners-up were Mrs. J.M. Hefner and Mae Provence. Second runner-up was Mrs. Walter Sain. This was measurement night

MRS. ROY BAKER AND HEATHER

Heather D'Ann Baker Honored At Shower

The home of Mrs. R.D. Precure was the scene for a gift shower Tuesday night, October 27, honoring the baby daughter of Mr. and Mrs. Roy Baker, Heather D'Ann Baker. Heather D'Ann received many useful gifts.

Each member present wrote in her baby book what they would like her to be when she grows up.

The serving table was decorated with pink storks.

Refreshments of cranberry punch and white cake squares were served to Mrs. John Blackwell, Mrs. Richard Mayers, Mrs. Roy Baker, Mrs. John Harris, Mrs. Bud Barber and grandmothers Mrs. Lester Baker and Mrs. R.G. Bennett, Jr.

Hostesses for the shower were Mrs. R.D. Precure, Mrs. John Harris and Mrs. Bud Barber.

Engagement Announced Pink And Blue Shower Given Mrs. Wimberley

Rev. and Mrs. J. Waid Griffin, 3119 43rd, Lubbock, announce the engagement and approaching marriage of their daughter, Tischa Gail and Scotty Neal Oliver, son of Mr. and Mrs. Martin Oliver, Muleshoe. The couple will be married Saturday, November 7, at 5:00 p.m. in Bowman Chapel, First United Methodist Church, Lubbock, with a reception following in the church parlor.

A pink and blue shower honoring Mrs. Marshal Wimberley was given Monday, October 26, in the home of Mrs. Larry Bynum.

The serving table was laid with a white lace cloth. Hot spiced tea and coffee were served from a silver service. Cake,

nuts and mints were also served.

The honoree and her mother, Mrs. Earlene Ragland, were presented corsages made of baby rattles. She was assisted in opening her gifts by her mother. Mrs. Bud Brunns registered the gifts in the baby book.

Hostesses for the shower were Mrs. Larry Bynum, Mrs. W.B. Killingsworth, Mrs. Donnie McCall, Mrs. Lewis Shafer, Mrs. U.S. Cooper, Mrs. O.G. Killingsworth and Mrs. Bobby Bryant.

on Amendment 3.

PAID POLITICAL ADV. BY THE COMMITTEE FOR FAIR AND EQUAL TAXATION. LLOYD R. BELL, CHAIRMAN.

VOTE NO TO Amendment No. 3

If this amendment is approved by the voters and the legislature enacts enabling legislation to carry out the intent of the purpose set out in this amendment, the tax base for many school districts could be almost totally destroyed. Amendment No. 3 is truly a special interest amendment. Look over this amendment very carefully then vote NO to Amendment No. 3.

Lazbuddie 4-H News

The Lazbuddie 4-H Club met after school on October 26 in the school cafeteria.

They held a short business session. The meeting was adjourned and the members traveled to Muleshoe to Lizann's Hobby and Craft Shop where they were shown many things for boys and girls their age to do.

The one that seemed to draw the most interest were the critters that are made from fur and felt. These are sold in kits that include all the needed items.

The members are planning to spend some time on this project. This has been found to be quite a thing in the country and the children can derive much knowledge and pleasure from this type of pastime.

Those members going were: Danny Clark, Terri Clark, Karen Mimms, Susan Mimms, Michael Mimms, Quenton Mimms, Kent Winders, Mike Windham, David Lovelady and Ronald Powell. They were taken by the adult leader, Mrs. Wayne Clark.

Wigs are still important although they are more moderate in size than heretofore. One woman whose health demands a covered head finds the wearing of a wig on evening occasions very satisfactory.

MR. AND MRS. ROBERT G. JENNINGS

Borgmier, Jennings Vows Read in Missouri

In an August 21 ceremony at the United Methodist Church of Smithville, Missouri, Miss Kathryn Lynn Borgmier exchanged wedding vows with Robert G. Jennings. The bride is the daughter of Mr. and Mrs. Albert K. Borgmier of Smithville and the groom is the son of Mrs. D. Warner of Pittsburg, Missouri and the late G.O. Jennings, Mrs. Walter Sanders, organist, played a selection of the couple's favorite songs, Miss Sue Howard and Mrs. Steve Anderson lighted the tapers.

Carrying a cascade of pink tipped rosebuds, clematis and gyphosphila, the bride, given in marriage by her father, wore a full length gown of white taffeta. The fitted bodice, fashioned with a scooped neckline and bracelet length sleeves, accented the hooped skirt with hand clipped lace caught up with self material flowers. The finger tip veil was of illusion. Miss Diane Wright, maid of honor; Mrs. Rosemary Elgin, matron of honor; and Mrs. Carl Anderson attended the bride.

Flower girls were Gina Lynn Bockelman and LeAnn Heath. Mike Smith was best man. Groomsmen were Frank Newkirk and Robert Elgin. Serving as ushers were Pat Heath, Ray Heath, Steve Anderson and Gary McCaslin.

Presiding at the guest book was Miss Donna Reeves, Mrs. Mike Smith, Mrs. Larry Weppler and Mrs. Dan Matthews served at the reception.

Mr. and Mrs. Jennings are at home at 2426 Hardesty, in Kansas City, Missouri.

After refreshments were served at individual Halloween decorated tables, the members played Bunko, Halloween sur-

Former Resident To Appear In Publication

New Mexico Junior College instructor Joe Walker has been selected to appear in the 1970 edition of Outstanding Educators of America. Nominated by the Faculty Council earlier this year, they were chosen for the awards publication on the basis of professional and civic achievements.

Walker is a former teacher in the Muleshoe School System and is the son-in-law of Mr. and Mrs. Byron Gwyn of Muleshoe. His wife is the former Joyce Gwyn. They now live in Hobbs.

The Outstanding Educators of America is an annual pro-

gram to recognize and honor those men and women who distinguish themselves by exceptional service, achievements and leadership in education. Each year more than 5,000 educators are featured in this national volume.

Former Vice-President Humphrey, who wrote the introductory message for the 1970 edition, says of the men and women included, "The greatest strength of any nation is its human resources. These are the men and women who by their actions in the classroom today mold the source of history. Our hope - the nation's youth -

is in their hands. As we honor these teachers, we are reminded of their awesome duty. As they have our confidence, we must give them the tools to wage Jefferson's 'crusade against ignorance'. With men and women like these we know that our faith in education has not been misplaced."

Senate Hopeful Bush Asking Reforms

George Bush will conclude his campaign with a statewide telecast Monday evening. All supporters and undecided voters are urged to view this telecast on KLBK television, Lubbock TV, 7:30 until 8 p.m. Monday, November 2.

Moving full-swing into the last week of campaigning, Congressman George Bush blamed a "hostile Congress" for blocking important new legislation.

"I want to see the new federalism tried," the U.S. Senate hopeful said. "This means new answers to old problems. The new federalism means revenue sharing, block grants, reform of the welfare system."

"The Bush Bandwagon" this week reports that it is really rolling (some 118,500 miles now since January, with organizations in more than 225 counties).

Support is pouring in from every quarter. Bush has endorsements from the Corpus Christi Caller-Times, Victoria Advocate, Houston Post, Kerrville Record-News, Galveston News, Marshall News-Messenger, Kingsville Record-News and the Marble Falls Highlander with more expected to come.

"These are most encouraging and represent some key breakthroughs," Bush said. "I think these clearly reflect the changing approach of people to look at the man, his record and his accomplishments as a legislator, not solely at whatever party label he happens to carry."

The newsletter says that other evidence supports this: The Political Association of Spanish-Speaking Organizations (PASO) resolved to work against Bentsen, saying the state

Democratic Party has "consistently" shown its insensitivity to the needs and desires of the Chicano people of Texas.

Rep. Bush cited as an example legislation President Nixon sent to Congress last February to deal with air and water pollution. "Not one of the proposals has reached the President's desk," he said.

"All of them are blocked by a hostile Congress--under leadership supported by my opponent. In 1970, it's just not good enough to wring our hands and simply be against things. What counts is what a man is for."

Bush said he wants to see incentives tried, "instead of being eroded out of our tax system." He called for flexibility in the tax structure, to encourage more involvement by the private sector.

"While I strongly believe we should correct inequities in our system, I am opposed to more centralization rather than decentralization," he said. "I fully support tax reform. I am opposed, however, to reforms that discourage private investment and local fund raising by the cities and states, thus creating a greater dependency on Washington."

Bush said he thinks the best answer lies in a combination of voluntary action, tax incentives, and revenue sharing. "I am currently sponsoring legislation that would provide tax incentives for job training and rural industrial development," he said.

"Through these programs," Bush said, "we can encourage the states to become a viable and equal partner in the problem-solving process. We can create a climate whereby local people can address themselves to the most urgent local problems and not to those that appear essential to the federal level."

LIONS CLUB PRESENTS--At the far left, Darrell Turner of the Muleshoe Lions Club is presenting a transistor radio to Patty Pena of the Muleshoe Junior High School Student Council for top sales in the recent Lions Club Fish Fry. Smiling broadly with a check in his hand is Mike Bland, president of the Student Council. The Lions presented the SC with a check for more than \$50, representing their portion of the total ticket sales for the fish fry.

B TEAM

By Prisca Young

The B team added another victory to its list after playing Yucca last Thursday night. It started with Yucca kicking to Muleshoe and number 36 Joe Flores, receiving. In the first quarter Muleshoe fumbled and Yucca recovered.

In the second quarter Yucca fumbled and number 84, Max Buhrman, recovered for Muleshoe. With 19 seconds remaining in the second quarter Scottie Burton, 40, ran over for the first score of the game. The Mules tried hard but the extra points were stopped. Scottie Burton kicked to Yucca who got tackled in the end zone causing

ing a safety for the Mules. At half time the score was Muleshoe 8, Yucca 0.

The second half the Mules kicked to Yucca with 40, Scottie Burton, doing the honors.

In the third quarter Mike Hunt, number 12, went over for another Muleshoe touchdown. The extra points were stopped. Muleshoe then kicked to Yucca. Yucca put the ball in the air only to have it come down in the hands of Max Buhrman. Helping in that interception was Joe Flores.

In the fourth quarter Yucca made a touchdown. But the Mighty Mules stopped the extra

points. The game ended with the score Muleshoe 14, Yucca 6.

A TEAM

By Prisca Young

The A team also added a win to its record Thursday against Yucca. This game started with the Mules kicking to Yucca. Sammy Harris, 28, did the kicking. In the first quarter Muleshoe was put on the board by Mike Bland, 42, who went over for the first touchdown of the game. The extra points were stopped. Sammy Harris kicked to Yucca. Yucca passed and watched as it floated gently into Jimmy Wisian's hands for a Muleshoe interception.

In the second quarter Yucca made a touchdown but the Fighting Mules held the extra point's back. Yucca then kicked to Muleshoe where 37, Roy Lee Wilson, ran for a Muleshoe touchdown. Extra points were no good. Muleshoe then kicked to Yucca with Harris doing the kicking. Yucca again put it in the air only to have it intercepted by Roy Lee Wilson. The first half ended with the Mules ahead 12 to 6.

The second half started with Yucca kicking to Muleshoe. Sammy Harris received.

In the third quarter Roy Lee Wilson made a touchdown but it was called back for holding. Mules were then forced to punt. Then Yucca made another touchdown but the Mules held back the extra points. Yucca kicked and Sammy Harris received. The Mules chalked up another score when Sammy Harris made a touchdown. Sammy Harris then kicked to Yucca.

In the fourth quarter Yucca made a touchdown. The extra

points were no good. Roy Lee then ran for another Muleshoe touchdown. The Mules then ran over for the extra points. With two seconds remaining in the game Roy Lee ran over for another Muleshoe touchdown. And Sammy Harris added the crowning touch by making the extra points. The score ended Muleshoe 34, Yucca 18.

Sudan Scouts To Sponsor Scout Rally

Boy Scout Troop 635 of Sudan, sponsored by the Sudan Rotary Club, is having a Boy Scout Rally Tuesday November 3rd at the Community Center in Sudan at 7:30 p.m.

Boy Scouting is that part of the Scouting Movement especially designed for boys 11 years of age through high school. The purpose of the Scouting movement is to promote the ability of boys to do things for themselves and others, to train them in Scoutcraft, and to teach them Patriotism, Courage, Self-reliance, and Kindred Virtues.

Therefore, all boys 11 years of age through high school and their parents are invited to attend this Boy Scout Rally.

This coming Tuesday, November 3, is election day. In addition to electing officials who run our government, we have the opportunity to vote on seven very important amendments. We are extremely fortunate to live in a country where we can select the men who run our country, state and nation; yet many of us abuse this privilege and do not vote. Did you know of all the free countries of today, America has the lowest voter turn out?

Let us all consider the issues and cast our vote next Tuesday. Remember, your vote is important, as it may be the vote that will make the difference in a vital issue.

CEASE-FIRE PROPOSAL
President Nixon's recent report to the nation was a proposal for a standstill cease-fire in Vietnam, Cambodia and Laos, immediate release of all prisoners and a broadened peace conference to seek a settlement of conflict throughout all of Indochina.

THIS ADVERTISEMENT IS PAID FOR BY DEMOCRATS FOR BUSH

IT IS ADDRESSED TO ALL DEMOCRATS WHO WANT A CAN-DO SENATOR

George Bush is a man uniquely qualified to serve Texas in the United States Senate.

First elected to Congress in 1966, he was re-elected in 1968 without opposition—recognition of the effective job he has performed for the people in his district. He has served for four years on the Ways and Means Committee, most powerful committee in the House. George Bush is one of the most listened-to men in Washington—respected by the leaders in both parties. He is close to the people who are running things.

He is a man of today. As our Senator, his voice—the voice of Texas—will be heard where it counts most.

His opponent, on the other hand, could never achieve this kind of effectiveness. His position is totally out of step with reality. He has criticized his own party's leadership—and he has absolutely no

standing with the administration. In the Senate he would have virtually no voice.

George Bush has repeatedly voiced the Texas philosophy on the issues, telling what he is *for*. His opponent, on the other hand, tells us only what he is *against*, without offering positive solutions to the problems facing Texas and the nation.

We believe Lloyd Bentsen has consistently avoided the issues. That he has hidden behind the party label, saying only that Texas needs a Democratic Senator. In doing this, he has consistently taken the Democratic vote—our vote—for granted.

We reject this. Texas must have an effective Senator who will listen, who will respond, who will get action. We urge you to consider the man, not just the party label. We sincerely believe George Bush can do more. For Texas and the nation.

Demos United Says Candidate Bentsen

U.S. Senate Candidate Lloyd Bentsen, turning into the home-stretch of his campaign, believes the Democratic Party in Texas is more united than ever.

"You will never find all Democrats agreeing on anything," he said, "but I think they agree today on about as many things as they ever have. Practically all of them agree that we can't stand much more of the Republican high interest rates and tight money policies which have put nearly 2,000,000 Americans out of work without stopping inflation.

"The Republicans gambled the jobs and security of those people in a deliberate attempt to stop inflation," said Bentsen. "All you have to do is look at your grocery bill, or price a new car, to know that they have failed miserably.

"The vast majority of Texas Democrats are well aware of this -- and I think they are going to turn out on Nov. 3 to let the White House know that they want a change in the fiscal policies which have thrown us into a recession that has practically destroyed the housing industry.

"A Republican victory in this election would be a vote of confidence for those disastrous policies," he declared. "A de-

mocratic victory is the only way to turn those policies around.

"As an incumbent member of Congress, my opponent has embraced those Republican policies and must continue to go along with them," said Bentsen.

"There are a lot of things wrong in this country--but there are also a lot of things right in this country," he declared. "I don't think there really is anything seriously wrong that some economic stability and a little more moral discipline wouldn't cure.

"I cannot agree with the Republican philosophy that you have to make the patient sick as possible before you can start curing him. I certainly do not think the cure lies in turning all of our representation in the U.S. Senate over to two Republicans.

"Instead, I think most Texans realize that we can cure the ills in our society better by sending to Washington an independent-thinking Texan who understands Texas problems--a Democrat who is free to support the President when he thinks he is right but can oppose him when he thinks he is wrong. "I think the Republicans are going to be amazed on Nov. 3 at how united Texas Democrats are against the fiscal policies which have given us a recession and runaway inflation at the same time," he said.

Warm, Fresh Air

... direct from the manufacturer

Natural gas is the healthiest, most economical way to heat your house this winter. Gas is economical because it's the direct way to produce heat - you don't pay to convert heat to another energy source and then back to heat. And with gas you can afford to bring clean outside air into your home this winter instead of having to re-heat the same old stale air time after time.

So, if you're building or remodeling, be sure to specify gas heating. Gas is the "natural" fuel. It's like buying direct from the manufacturer. Call your heating contractor, plumber, or Pioneer Natural Gas.

Texas Politics: Tuesday Vote Your Choice

The voters of Texas have several choices this year, both in national and state elections.

One of the most unpredictable and basically important elections of any non-presidential year appears to be in for a photo finish on Tuesday, November 3.

At stake is the direction of Congress during the next two years of President Nixon's current term in the White House, plus thousands of State Capitol and Courthouse offices across the country -- ours included.

It has been said that Texans seem in no mood for politics this political year; that they, as most of the rest of the country, are more concerned and personally worried about such problems as youth, drugs, disrespect, violence, demonstrations, law and order.

Texans are concerned about economy too -- the simple economic problems of stretching a paycheck to feed and house a family -- or a nation.

Some feel that it is not surprising that many Texans find little interest in the campaigns for a Texas senator, governor, lieutenant-governor, et al.

POLITICS

Politics is in everything we do really. Wherever people are involved in organized activity; whether good, bad or neutral (on-the-fence), we have politics.

We believe that all citizens can help in the formulation of public policy; as voters we can do a part by voting our choice in electing representatives.

Some issues are not partisan, but sectional, and we should study how programs for our section would affect us as well as other areas. Each candidate should be measured for character and integrity, for experience and ability, and be one that we feel will promote acceptable programs and beneficial policies, for us and for the greatest number of his constituents.

A modern student of politics has pointed out that under our nation's two-party system, "A political party is an organization composed of different groups of people with diverse but compatible aims, who are willing to pool their political efforts in order to nominate and elect candidates who will remember their particular interest when formulating public policy." (Quite a mouthful, but worth chewing over.)

The genius of the two-party system is that both parties agree upon certain objectives, e.g. the "welfare of the people," but disagree upon the means of reaching these goals.

When an election brings a change of the party in control of the government -- be it state, local or national -- there is not a revolution in the USA. The party out of the power becomes "the loyal opposition" until it again is in the ascendancy.

Within the two major political parties, sharp differences exist on the specifics of various national and local issues. As voters Tuesday we should examine these political party principles carefully.

"One small step in the right direction" by Texas voters will be made when each voter sizes up both candidates -- when there are two -- and votes for the man and not a party label.

"This year, polls and primaries in such widely separated States as New York, TEXAS and California indicate that a more 'conservative' tide is running in the country," Newsweek magazine reports this week. We think the voters in this area of Texas are "running with the main stream," -- conservative.

It is to be hoped that the voters here in the Muleshoe area and Bailey County will not remain "undecided or not vote Tuesday.

The Journal urges YOU to express your choice of each candidate and of each constitutional amendment at the polls this Tuesday. VOTE!

"I'm running for governor because I disagree fundamentally with the policies of Mr. Smith.

"I strongly support the Nixon Administration revenue-sharing program. This would return to Texas millions of federally-collected dollars with no federal controls.

"Mr. Smith opposes this plan. "I favor creating a non-partisan Economy Commission, similar to those in other major states that have streamlined state government and saved millions of dollars, without reducing services.

"Mr. Smith has personally blocked this plan.

"I believe every effort must be made to control non-essential spending in order to avoid new tax burdens. I firmly support exemptions in the present sales tax.

"Mr. Smith says the sales tax should cover all consumer items, including groceries and medicine.

"We should end the practice of permitting 10 legislators--appointed to adjust differences between House and Senate spending bills--to force the addition of millions in non-essential spending not requested by the governor, budget board, or the other 171 members of the Legislature.

"Mr. Smith defends this practice."

"We have much to be proud of in Texas, but much needs to be done. We're standing at the crossroads. Either we recognize and meet the need for responsible, efficient state government, or Texas will drift along to become a minor extension of the federal government.

"There are no quick, easy solutions to such persistent problems as crime, pollution, increased educational needs and the financial squeeze caused by inflation.

"I do know we must meet these problems with a spirit of dedication and with an open invitation for more concerned citizens to become involved,

All letters to the Editor of reasonable length are welcome and will be published. Letters to the Editor must be signed, however, names will be withheld upon request.

"Too many important appointments made by Mr. Smith have been based solely on political allegiance to him. As governor, I will encourage more qualified, independent-thinking people in business, industry and education to join with the state government in a productive partnership. Young people have a lot at stake, and I intend to involve them. With a spirit of dedication and cooperation, we can move ahead.

"In my administration, we will wear only one label --Texans."

Accomplishments Listed By Smith

I would like to talk about a few things of which all Texans...whether they are Democrats, Republicans, or independents...can be proud.

We live in a remarkable State. While the national economy has been suffering greatly, we have made every effort and somehow succeeded in keeping Texas' economy healthier and more stable.

Our 1969 annual unemployment rate of 2.7% was well UNDER the national average of 3.5%.

Texas manufacturing employment grew by 52% during the last decade -- a good deal more than any of the other ten largest States.

Indeed, in each of the last three years, Texas' unemployment rate has been reduced and

FHA Housing Meet Slated Wednesday

The supply of modern housing in Bailey County may be expanded by a new cooperative effort with private industry was announced Friday by John C. Kennedy, county supervisor for the Farmers Home Administration, rural credit service of the U.S. Department of Agriculture.

"From now on, builders, developers and others in the home building and financing fields can work directly with prospective borrowers to 'package' applications for rural housing loans," Kennedy said.

"Participation in the packaging program," he added, "will be limited to those who can provide all the necessary information about the home, assure its delivery at a specified price, and can work directly with the applicant family."

He explained that the packager will assemble reliable information on the applicant and the home he wants to buy, build or improve. They will submit the data on forms supplied through the local Farmers Home Administration office at 115 East Avenue D in Muleshoe. When the information about the building and applicant is complete, the loan can be approved and

funds made available by FHA. Families residing in communities of 5,500 population or under are eligible to apply for FHA loans. They must be unable to obtain adequate credit from private sources. Approved borrowers receive direct financing through FHA.

The county supervisor said a briefing session for interested builders and developers will be held at 2 p.m. on Wednesday, November 4 at the Muleshoe State Bank community room.

"The first step for a prospective packager is to meet with the FHA county supervisor to obtain detailed information about eligibility requirements for a loan and the type and cost of homes the agency can appropriately finance," Kennedy said.

In general, he explained, the family must lack decent, safe and sanitary housing, must be unable to obtain credit from other sources and must have sufficient income to repay the loan, pay taxes and insurance, maintain the house and meet other living expenses. Family income, however, may not exceed limits established by FHA.

We have one of the finest, most convenient, AND LEAST EXPENSIVE, systems of junior colleges, senior colleges and universities in the nation.

One of the things of which we should be especially proud is the increased emphasis and attention our State has given to technical-vocational education.

We have increased programs and funding, and created the Texas State Technical Institute, with four campuses.

And we are just getting started.

We established an Advisory Council to coordinate and develop future programs in occupational education.

We are reducing poverty in Texas almost twice as fast as in the nation at large.

We are proud, too, that Texas has lower administrative costs in its public assistance

The county supervisor said loans may be made to farm owners, nonfarm tract owners, rural residents or nonrural residents with low to moderate incomes who work in a rural area. The home may be on a farm, in open country or in towns under 5,500 population that are rural in character and not adjacent to an urban area.

"Each packager should understand that final action cannot be taken on applications until all required information has been submitted to FHA, the applicant is interviewed by the county supervisor and any required supplementary information has been obtained," Kennedy pointed out.

A 36-page manual explaining the program is now available at the local office.

The Farmers Home Administration rural housing program totals \$1.5 billion in fiscal 1971, and will finance about 125,000 units. The total in 1972 is expected to reach 200,000 units.

The county supervisor noted that James V. Smith, administrator of the Farmers Home Administration "has expressed confidence that this new program will help smoothe the way for applicants and move us more rapidly toward the national goal of adequate housing for every family in rural America."

programs than 45 other States.

That means that the dollars we set aside for assistance get where they are needed, instead of disappearing under mountains of red tape.

Indeed, this State tries to provide a dollar value for every dollar paid in taxes.

This is why Texas spends five percent less for administration of all its programs and services than the national average.

Texas has, one of the largest highway systems in the nation -- a system which is also generally conceded to be one of the finest, also.

Army finds Vietnam veteran is fifteen years old.

I SAW A BABY

On November 3 Texans will be called upon to decide whether or not to change our constitution, which prevents the open saloon. On the surface, it seems that any attempt to license such an evil scourge would be overwhelmingly defeated -- but many, blinded by Satan's influence, will vote for the open saloon. A few years ago I came across an article in "Tomorrow," the magazine of the United Dry Forces of North Carolina. I want to share it with you. I think it will help us to think.

"I saw a baby - its tender white skin bruised and bloody; its golden curls matted with dirt and blood - one tiny jaw crushed to a pulp. A wee hand hanging limp - just a ball of flesh with broken bones protruding against a pair of pink rompers, soiled now with great splotches of muddy blood.

"White-robed hospital attendants picked up the little mangled form and gently placed it on a stretcher. It quivered and a low moan of anguish came from those baby lips once perfectly shaped and now bruised and disfigured.

"Again they lifted a form from the ground - a sort of huddled and shapeless bundle. It was the baby's mother, broken, mangled and crumpled, no sign of life there. The card on her bosom read 'morgue.'

"Many feet away lay the father, still alive and screaming with pain - face all cut by windshield glass, one eye completely out. Legs a shapeless mass, blood gushing from his mouth. He stopped screaming and called out in agony,

'My wife! My children!' Then fell back into merciful unconsciousness. In the crowd of people, held back by kindly hands, a small boy sobbed and shrieked, 'Daddy! Mamma! Mamma!'

"Two state policemen held a wobbly drunken wretch, reeking with the fumes, between them. 'Wha' happened?', he blubbered. 'I only had a coupla drinks.'

"Sirens screamed and the crowd made way for the ambulance which disappeared quickly on its way to the hospital and morgue. Policemen placed the four-year-old hysterical boy in a car and drove off with him still crying plaintively and calling for his parents. A wrecking crew with a large crane began preparation for the removal of two badly smashed automobiles. On the pavement lay bits of shattered glass, a broken whiskey bottle, and lottery tickets - here and there a pool of blood.

"A child was an orphan. Three graves would be dug. A drunken driver would receive a light fine. Liquor stores would continue to sell their hellish brew. Newspapers and radio stations would continue to publish ads urging people to drink more liquor and voters would continue to license the business that is staining our highways with innocent blood -- blood shed by fiendish, drunken drivers, intoxicated with legal liquor."

HERE'S WHERE HE STANDS

"Today this country faces a crisis-produced by the lack of responsible leadership in the 60's which in the name of individual rights encouraged an attitude of permissiveness. If this trend is going to be stopped as this administration is determined to do, the leadership in Congress has got to be changed. If the Democrats retain control of the Senate the leadership of Fulbright, McGovern, Muskie and Kennedy is continued.

"The chaos in this country is fact. It was created during the 60's when the Democrats controlled the White House and the Congress. President Nixon took office less than two years ago to straighten out the mess. But he can't do it alone. He needs Congressional leadership that cares about these problems to back him up. He needs the voters to give him that Congress."

ON AGRICULTURE AND RURAL DEVELOPMENT.

"History has proven that no country is strong unless its farm economy is healthy. During the voting on the 1970 Farm bill, I voted against the proposed \$20,000 limitation on farm subsidies. Without a drastic revision of our Agricultural legislation, I believe such limitations will cause more problems than they will solve. We also need to develop attractive opportunities for young people in rural areas. This is why, for the past two years, I have fought for passage of the Rural Job Development Act. It provides tax incentives for industries locating in rural areas.

I do not pretend to know all the answers to the problem of building a sound rural economy. But, I do know this—economic stability for rural America is vital to this nation."

NO LICENSE TO DESTROY

"Academic freedom and the right to dissent must be protected, but no one has the license to disrupt or destroy. The majority of students must not be denied their right to the education that they, their parents, and the taxpayers are paying for . . .

"As governor, I would not tolerate the closing of a state college or university under threat of violence. I would make certain our schools remain free to provide sound educational programs on a continuing basis . . ."

CRIME IS CLEARLY A MAJOR PROBLEM

"During the first half of 1969, a major crime was committed in Texas every 80 seconds. One in every 12 Texas families will become the victim of a serious crime in 1970 . . . Crime is clearly a growing problem we must try to bring under control.

"We should change parts of our state criminal laws that go beyond the U.S. Constitution in protecting accused lawbreakers . . . The rights of law-abiding citizens must be protected along with the rights of the accused."

OUR ENVIRONMENT IS THREATENED

"Through many years of rapid industrial development, we took for granted a seemingly endless supply of natural resources.

"Now our environment is threatened, and time is running out. We must bring together the energy and dedication of concerned citizens, working with industry and all levels of government, to bring pollution under control.

"From the factory owner to the family on a picnic, the preservation of an enjoyable environment is every citizen's responsibility."

WE CAN HOLD THE LINE ON TAXES

"I strongly disagree with Gov. Smith's general attitude and approach to state finance.

"This year he advocated wage and price controls for what he calls 'a bankrupt nation.' This is no time for political leaders to lose faith in America's free enterprise system.

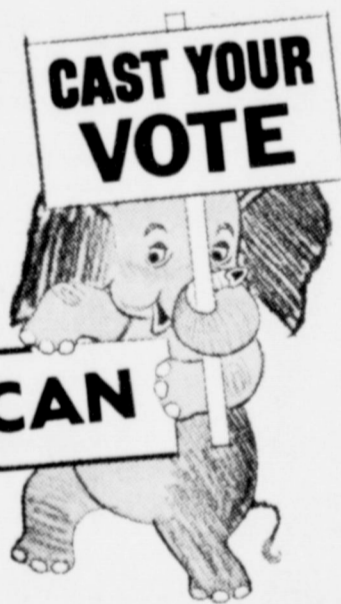

"He ignores sensible alternatives when he pushes for a tax on groceries and medicine.

"With economy measures and sound financial planning, I believe we can hold the line on taxes."

"The so-called 'political dissidents' must be made to understand that their attacks upon our judicial system will not be tolerated! If they have anything to say, or any complaint, or any cause, they must say it within the rules of the court . . . in other words, when any Judge calls "Order in the Court!" he has got to be able to make it stick!"

RUNAWAY WELFARE

"There has got to be a limit of some kind on welfare spending because there is a limit as to how generous our state and federal government can be with our money—yours and mine. The Texas welfare ceiling was raised by a third just last year and already the budget has doubled itself. It must stop somewhere!"

CAMPUS DISORDERS

"I stoutly reject any idea that campuses should become sanctuaries for lawbreakers, and my personal formula for dealing with them is to call the law and call it quick!"

... if people on campus prove by their own actions that they are there for disruptive purposes, THROW THEM OUT!"

History of Halloween

By Babs Haire

Halloween means hallowed or holy evening. It is the day before All Saints Day.

Many tales and customs have sprung up around Halloween. The custom of using jack-o-lanterns comes from an old Irish tale. There was a man named Jack who could not enter heaven because of his miserliness. Because Jack had played practical jokes on the Devil, he was not allowed to enter Hell, either. He was doomed to walk the earth, carrying his lantern until Judgment Day.

The Druids, an order of priests in ancient Gaul and Britain, believed that ghosts, spirits, and witches came out on Halloween to cause havoc. They thought that spirits returned in the form of cats. On Halloween night, children dress up as these creatures and traverse the neighborhood seeking treats.

The use of leaves, pumpkins, and cornstalks also come from the Druid festival of Summers End.

Many communities plan special events on Halloween. The Halloween Parade and Carnival serve to make Halloween in Muleshoe a "treat" for everyone.

Know Your Team, Back Our Mules

By Babs Haire

RICKY BLACK
Ricky Black, son of Mr. and Mrs. Ralph Black, is a Junior left tackle and defensive right tackle. He is a member of FFA and Art Club. His primary interests are football, livestock shows, and rodeos.

About the team, Ricky says, "We have improved a great deal, but I feel; and the rest of the team feels that we won't be satisfied until we are No. 1."

TOMMY CLEMENTS
"We are a very young ball club. We have come a long way from last year. I believe that we have the most dedicated players Muleshoe has seen in a long time. If this continues, then we will continue to win," says Tommy Clements, son of Mr. and Mrs. Fred Clements. Tommy, a junior, plays split end and defensive corner. His special interests include football, basketball, FTA, and track. Tommy is also a member of the area youth center.

RICKY LEE FAVER
Ricky Lee Faver, son of Mr. and Mrs. Creston Lee Faver, is a junior at MHS. Special interests and activities of Ricky include motorcycles, football, and one girl. When asked what he does outside of school, he said, "Recuperate."
Ricky plays the positions of offensive center and defensive (2) guard. When asked to comment on this year's football team, Ricky said, "Our team

Sophs Urge Class To Pay Dues

Reporter Rhonda Bland
The Sophomore class held its regular class meeting Oct. 27, with President David Harris presiding. He urged everyone to pay their class dues. Plans for the booths at the Halloween Carnival were discussed. Those to work in the booths were announced. A publicity committee was then organized. Everyone enjoyed drinking cokes while taking care of the business.

WE'RE COMING THROUGH--This is punishment! Really, now??? But, it was punishment meted out during Kangaroo Court at MHS Wednesday morning. Following TWIRP Week, court is held and dire punishment meted out to those who dared to violate TWIRP week rules. David Pitcock wheels Esther Beversdorf down the aisle in a wheelbarrow during court.

Kangaroo Court Held Wednesday

By Becky Sain

Kangaroo Court, a well-known event of the students of MHS, was held Wednesday, Oct. 28. The court was held for all students caught while violating the rules of "Twirp Week."

Court officials were officers and representatives of the student council. The session opened with a slam-bang seating of defense attorney, Joe Duke. Judge Jerry Putman entered the courtroom and explained the Kangaroo Court rules.

Several students were "caught" and sentenced to just punishment. The first case was four young beauties: Karen Mayhugh, Jeanene Freeman, Vanda Spurgeon, and Susan Wood. Their crime was flirting with two innocent boys, Mark Dillman and Jack Allison. The punishment was a tow sack race. The winners were privileged to escort their "friends" to their seats.

Marilyn Pool, Ricky Black, Judy Winn, and Mike Riley made their way to the stand. The girls had to shave their "sweeeties" faces while blindfolded.

Steve Black, "lover of MHS," while innocently rubbing the stomach of a "live" mule was unexpectedly drenched with a bucket of water.

Other students sentenced to punishment were Betty Chandler, Kathy Vaughn, Becky Miller, Renee Caldwell, and Richard Warren. They were seen in out-of-town cars. Ah-Ha!
Roxanne Street, Gerald Vaughn, Esther Beversdorf, and David Pitcock were caught doing a rain dance at 12:00 p.m. "out at the sandhills," without a license.

Student Council Holds Election On Constitution

Reporter Becky Sain

The Student Council met Monday, Oct. 26, to discuss activities for this week. Tuesday, class representatives held voting booths for their particular classes, where the students voted on a newly-drafted Constitution for MHS. Only those students who registered to vote at the beginning of school were allowed to vote.

Plans are underway for a Patriotic Assembly to be given November 11. Several clubs will be participating.

The council has decided to order basketball spirit pins. The price and wording on the pin will be given at a later date.

The spirit contest results for this past week are as follows:

- First place: Sophomores
 - Second place: Juniors
 - Third place: Seniors
 - Fourth place: Freshmen
- The Student Council members encourage each student to "Back the Mules" and attend all the ballgames.

DECA Group Tags Gambling Casino Project

By Brenda Tiller

Something new--that's what DECA decided to have at the Halloween Carnival this year. The DECA club sponsored a gambling casino! They sold paper money for 25 cents a package to use for gambling. There was a dice table and slot machines. The prizes won were donated by some of the local businesses in Muleshoe.

Girl Basketball Parents-Coaches Hold Meeting

By Babs Haire

At 7:30, Thursday, Oct. 22, 30 parents of girls basketball players met with Coach Mike Pollard in Room 14 at M.H.S. The meeting was called to acquaint the parents of Fresh-

man, B team, and Varsity girls with plans for this season's games. Coach Pollard answered policies and rules of conduct on the bus and at the games.

Seniors Discuss Future Plans For Education

By Becky Sain

The Senior class met Monday, Oct. 26, in the auditorium. The purpose of the meeting was to discuss college preparatory tests and college days.

The first SAT test will be given Nov. 7, 1970. ACT forms must be mailed by Nov. 9, and the test will be taken Dec. 12.

All Seniors who are planning to go to college should sign up for one of these tests. The students should see Mr. Gramling for details.

Each Senior will be allowed two college days. No more than ten students may take a college day on the same day. All Seniors are encouraged to utilize these college days to visit the colleges which they plan to attend.

FTA Students Help Register In Open House

By Sonnie Glaze

Some members of FTA had the opportunity to teach in Mary De Shazo School. They substituted for second grade, Tuesday; third grade, Wednesday; fourth grade, Thursday; and fifth grade, Friday. The members of FTA enjoyed this very much. This enabled them to "get the feel" of teaching. It also enabled the teachers to meet with the children's parents and talk with them.

Open House was Monday, Oct. 26. Parents of the students in Muleshoe had the opportunity to come meet the teachers and see what kind of building the students work in and the atmosphere in which they spend most of their time. Glenda James and Debbie Kemp registered guests. About two hundred people were registered.

OPEN HOUSE DRAWS PARENTS TO SEE--To see what their child, or children are doing, or not doing in school. Visitors here are checking with coach and teacher James Morgan. Pictured are Mrs. Bobby Free, Coach Morgan and Joe and Mrs. Smallwood. Many parents, students and interested people visited open house at MHS Monday night.
