WHY I AM A CHRISTIAN

Antioch." (Acts 11:26) The many names applied to religious

people today were unknown to the early disciples of Christ.

The name Christian honored Christ. Let no man say there

is nothing in a name. Words have meanings, therefore words

salvation. I learned from the Bible that to have my sins for-

given, to become a Christian, I must have faith in Christ.

(John 3:16) I also learned that unless this faith led me to

obey my Lord that it was useless. (James 2:19-26) Therefore

when I learned that I must also repent and be baptized for

the remission of sins (Acts 2:38, Mark 16:15-16), I was glad

to do so. I understood that God offered salvation and that

brings more contentment and happiness. It is the only

thing that can give man a felling of real security. God asks

me to sive un only the things that are sinful. I have observ-

ed that people who stay out of trouble are those who abide

by Christian principles. I see within the Christian life the

kind of teaching that will make better husbands, wives, par-

ents, children, neighbors. In short, it makes better people.

By being a Christian I can live a clean life, as the Bible

never asks me to do anything that is wrong or indecent. But

above all I am a Christian because only Christianity gives

man hope of life beyond the grave. Life would indeed be

dismal without such hope. Contrary to the thinking of many

people, Christianity as taught in the Bible makes people

New Dodge Custom Royal Lancer in dramatic three-tone styling.

So head for your Dodge Dealer ... and take your pick!

The moment the new Dodge hit dealers' showrooms, the "rush" was on. New car buyers had struck gold ... and they knew it! Actual sales figures throughout the country show that sales have doubled over last year as America goes for "The Big One!" And why not? In the new Dodge you'll find "solid gold" luxury and value-for only a few dollars a month

more than you'd pay for one of the "low price three." In its class, it actually costs less than cars up to 9 inches shorter. And its flair-fashioned styling is stealing the "Oh's" from cars costing a thousand dollars more. The rush is on . . . with 17 magnificent new Dodge models to choose from. So head for your Dodge dealer's ... and take your pick!
