True to his reputation Rayburn preaches the plain Gospel. He speaks on the vital truths of the Bible. Mr. Rayburn asks that influence be exert. ed to bring people to church, but de-sires no "personal workers." As yet he has not made a call for converts.

Rev. Dr. Holmes, state representative of the Christian Church, opened the Tuesday night services by prayer. after which, having read the scripture lesson, Rayburn read two te'egrams received in the last few days. One was from Fort Dodge, Iowa, and the other from Albubuerque, N. M., stating that the Christian people there were praying for the success of the revival here, and that their Easter Sunday was the greatest ever experienced. The third from Fort Dodge, stated that Sunday the men of that city offered up prayer for success

Before the sermon, Rev. Hestir read a letter from a lady official in the Methodist Church at Albuquerque The letter, addressed to "Christian Women of Sweetwater" stated in the strongest language the value of attending regularly and lending one's aid in Rayburn's services.

Rayburn chose his text from Acts 21:13 "I apr Ready," preaching upon "Preparedness." He first impressed the fact that Paul said that he was ready, and was, and that Peter said that he was ready, and was not, as he had cursed the Lord by morning.

"The great need of the church is sound doctrine," says Rayburn. "Doctrine means a teaching. Paul urged Titus to become of sound doctrine and sound doctrine always convinces one of sound reason. Many are like a child who is carried away by the sleightof-hand performer, they are subject to the religious slight of hand performer, and unstable doctrine.

Paso and north to Amarillo. In a recent letter from the Dalfas Chamber of Commerce to the local Board of City Development, C. L. Norsworthy, general chairman of the Good Will Tour, expressed genuine regret that the tourists could not errange to arrive in Sweetwater until after the close of local business houses. and especially urged that on this occasion Sweetwater merchants arrange, if possible, to remain open from 7 o'clock until 7:30 p. m., in order that onor of West Texas cities will take a members of the party could call on prominent part the second evening of local merchants in their places of

We particularly request that you go to no extra trouble in placing wiring for the pictures as our train carries the interest you have shown in our contemplated visit and look forward with pleasurable anticipation to meeting your good merchants."

Members of the Dallas Good Will Tour, long since acknowledged one of the greatest excursions of its kind in the southwest, will leave Dallas Wednesday, April 30, going west as far as El Paso, making intermediate stops at all stations along the line; they will arrive in Sweetwater Wednesday, April 30 and spend the Two cars of one of the trains and Sailor's Memorial Hall, which night here, leaving Thursday morning at 6:30, headed further west, spending the following Saturday night and Sun-

The Dallas Good Will Tour is not unlike the recent Trade Trip staged by an optimistic band of local business men and boosters; the identical principles are involved and the same spirit is manifested. The main difference is that the Dallas tourers cover vastly more territory, are possibly somewhat better equipped and preach the business gospel from a wholesaler's viewpoint. In the main, the same results are desired and it behooves Sweetwater-every man, woman and child-to meet and greet the Dallas visitors with the same friendly spirit of good fellowship that was so freely bestowed upon Sweetwater boosters on the recent Trade Trip.
