SALTY PUPS WIN FROM BALLINGER

Beat Lion Tamers 28-7 in Slow Game Before Big Armistice Day Crowd—Squabbles Frequent.

SCORE EVERY QUARTER

Sweetwater Eleven Makes Touchdown and Kick Goal Each Period—Ballinger Score on Fumble.

In a slow and lifeless game, marked only at times by brilliant plays and two sensational forward passes that spelled touchdowns, the Sweetwater Salty Pups outplayed, out fought and beat the Ballinger Lion Tamers 28-7 before a huge Armistice Day crowd at Swatter Park Tuesday afternoon. The game which started off with swiftness and spirit, was marred by frequent and lengthy squabbles between referee and coaches and finally narrowed down to an almost still affair in which it seemed that both teams were playing for time instead of showing the fight and pep expected in the Armistice Day battle.

Ballinger's only score resulted in a freak turn of fate when in the first three minutes of play a fumbled snap from center was covered by a Lion Tamer lineman who galloped 30 yards through a clear field for a touchdown and McCarver drop-kicked goal for the extra point.

The Salty Pups scored in each of the four quarters, in the first quarter by carrying the ball across by straight line plunges and end runs, in the second and third quarters by passes across the goal line, and in the last quarter by recovering a punt fumbled by the Ballinger receiver.

The Lion Tamers, who would have had a time of same lion was half as ferocious as the Salty Pups, kicked off to open the game, and Sheppard and Boyles carried the ball for 25 yards of gains through line plunges. On the third down, the ball was fumbled from the snap from center, and a Ballinger lineman scooped up the ball and went 30 yards for their only touchdown, kicking goal for the extra point.

On the kick-off that followed, the Lion Tamers kicker sent the ball only a few feet, and a Sweetwater man scooped it up and ran to the goal line while the others looked on. A short squabble resulted in the ball being brought back and the kick-off was made over again, the play not counting for the Pups. The Lion Tamers kicked off again, and the combination of Sheppard, Herring and Boyles carried the ball to the yard line where it was fumbled when a touchdown looked certain, Ballinger covering the ball. Ballinger punted and Sheppard received on the 20-yard line. Herring went around the end for 8 yards, followed by an 8-yard gain by Boyles who made first down. Boyles then carried the ball to the 5-yard line, Herring taking it to the 1-foot line, and Sheppard taking it across for the Pups' first count. Sheppard kicked goal. Sweetwater kicked off, and Ballinger punted on the Pups' 12-yard line after being penalized 15-yards on the kick-off. The ball went to Ballinger on a penalty for the Pups, and the Lion Tamers punted. Score Ballinger 7, Sweetwater 7.

Shortly after the opening of the second quarter, the Salty Pups completed a forward pass for 30 yards, Sheppard to Mitchell, across the goal line, and Snepard kicked goal. Ballinger kicked off and Sheppard punted after Sweetwater failed to gain. The ball see-sawed back and forth across the gridiron for the remainder of the period, with neither side making decisive gains, and losing downs by failures to complete passes. Score, Sweetwater 14, Ballinger 7.

Ballinger failed to make downs, shortly after the opening of the third quarter, and Sweetwater marched down to the 20-yard line through end runs, and line plunges. A pass of 20 yards across the goal line was completed, Sheppard to Webb, and Sheppard again kicked goal. Ballinger kicked off and immediately covered the ball. A 10-minute squabble between referee and coaches on "whose ball is it" resulted, and a rule book was worn thread bare as the argument grew. The ball was finally awarded the Pups. They fumbled the ball, however, and the Lion Tamers covered it on the 55-yard line. Score, Sweetwater 21, Ballinger 7.

Bootleggers Work Tricks Of Trade On Their Victims

Purchasers of various brands of bootleg whisky fell victims to the tricks of the trade on Armistice Day, according to reports from surrounding counties received here. Apparently the peddlers were out prepared for the over eager Armistice Day celebrators.

One man it is reported, sampled a certain corn product, not syrup, and decided to pay \$60 for a five gallon keg. He was given the privilege of taking a drink from the keg when he made the purchase, and not until he became thirsty some time later did he discover that very little whiskey had been placed in a tube in the keg, and that he had purchased practically \$60 worth of water.

Another thirsty soul bought what he thought was a pint of "good prescription" whisky from a retail liquor dealer, and started on his way rejoicing. He also later discovered that a cork had been pushed down in the neck of the bottle, and a small drink of whisky poured into the bottle. Beneath the cork, the bottle was filled with a very high proof variety of first class "gyp" water, it is reported. Even the water was unfit to drink.

Russian Foreign Minister Says Relations With U. S. More Important Than With England.

By The United Press. MOSCOW, Russia, Nov. 12.—Foreign Minister Tchitcherin today renewed his attack on the foreign policy of Secretary of State Hughes and declared in favor of establishing relations with the United States because "America's cellars are filled with gold."

Restoration of relations with the United States will increase Russia's opportunities more than relations with England, the Minister said, who declared that the personnel of the Baldwin cabinet "evokes the supposition that the British policy is again arch imperialistic and interventionist."

The Delphian Chapter will hold a special called meeting at 3 o'clock Thursday afternoon at the court house.

PASSENGER DIES INSTANTLY

Turns Gas Off When Pilot Attempts Landing—Flyer, Injured, Reported in Serious Condition.

Special to the Reporter.

CISCO, Tex., Nov. 12.—Attempting stunts on the wings of the airplane in which he was a passenger, Taylor Storer, about 70, died after the plane crashed to earth here yesterday before an Armistice Day crowd, and W. N. Wilson, Ranger, professional flyer and pilot of the plane, was seriously injured.

According to Wilson statement, Storer went up with him for a ride after Wilson arrived here to take up passengers. When the plane had been in the air several minutes, Storer climbed onto the wings of the machine Wilson said, and began to try some of the stunts he had probably seen aerial acrobats perform.

Wilson saw that he could not get the man back into the seat, and attempted to volplane to earth. When he was about 100 feet from the ground Storer turned off the gas and caused the pilot to lose control of the machine. The plane went into a nose dive and crashed into a plowed field.

Storer was instantly killed. Wilson is badly injured and nearly prostrated as the result of his nerve racking experience. Storer, who had been in the furniture repair business here for several months, is reported to have gone into a store yesterday just before he started for the flying field, and told the wife of the proprietor goodbye, stating that he was going up in an airplane.

BUDDIES ENJOY LEGION BANQUET

Ex-Service and Legion Auxiliary Feast at Close of Armistice Day Celebration.

MCLEAN MAKES ADDRESS

Pays Tribute to Heroes—Mrs. Warren Speaks of Auxiliary—Scudday is Toastmaster.

Good time, good food and good speakers featured the closing event of Sweetwater's extensive Armistice Day celebration Tuesday when over half a hundred members of the American Legion and other ex-service men with their families gathered at the Robertson Cafe for the banquet prepared in their honor, and soldiers and sailors alike again rubbed elbows with war time buddies over the long festive board. The old army rations of corned beef, hash and carrots was lacking, however, for the boys who lived on those while fighting the Huns fared better at the banquet where a splendid turkey dinner with the usual side dishes was served.

The Robertson Cafe was in gala dress for the final number on the Armistice Day program. Autumn leaves in varied shades of gold and brown carried out the beautiful color scheme, offset with ferns and flowers. An American Legion emblem on a large scale, draped with the Stars and Stripes graced one end of the dining hall, while smaller flags and bunting were used with good effect.

Roy Scudday, member on the Oscar McDonald Post, Nolan County American Legion, was the toastmaster of the occasion. Mr. Scudday introduced B. H. McLain, Superintendent of Sweetwater Schools, who made the address of the evening.

Mr. McLain, in a glowing speech ringing with sincerity, paid a glorious tribute to the American soldiers whose everlasting honor and glory were established just six years ago on that day. The highest tribute that could be paid any man was delivered by the speaker when he praised the lives and memory of those whose blood flowed red on France's battlefields. They were all heroes, the speaker declared, those that were living and those that were dead. A man could be a hero by the life he lived, Mr. McLain said, and he praised the work, principles and ideals of the American Legion.

Mrs. Benton Warren, of the Legion Auxiliary, told of the work of that organization in conjunction with the American Legion. The Legion Auxiliary has an appropriation with which the graves of America's dead in France are decorated on Armistice Day each year, she said. She expressed thanks to the Legion, on behalf of the Auxiliary, for the splendid Armistice Day banquet.

Roy Scudday announced the next meeting of the local American Legion Post which will be held December 2 at the Robertson Cafe. The meeting will be a smoker for all ex-service men, and will be part of a drive for memberships. Officers will be elected at that meeting, Mr. Scudday announced, and he named a nominating committee for the occasion.

A box of cigars was passed among the ex-service men, the gift of Lawrence Davis of the Davis Drug Store. The hundred odd guests present included families of ex-service men, guests, and members of the Legion Auxiliary.

TEXAS TECH

Thousands of West Texans assembled at Lubbock Tuesday, Armistice Day, for the laying of the corner stone of the administration building of the Texas Technological College, an institution for the promotion of education dedicated to the continued prosperity and progress of a great and bountiful land.

It is fitting that the day on which the glory of America was paid tribute to throughout the nation was also the day on which the grandeur of West Texas was symbolized in the Tech dedication ceremonies. It was for the cause of democracy, equality of opportunity, and freedom that American war heroes fell on Flanders Fields and it is in the promulgation of the same cause that Texas Tech has crystallized from a beautiful dream into a substantial and far-reaching reality.

Texas, a great state, realizes the value of education and improvement of its citizens. For nearly eight years Texas Tech held the upmost position in the minds of West Texas men who had the good of their state at heart. Their reward will be the gain of future generations.

Sweetwater, for a time strong in the race for the Tech location and willing to make the race on fair and equal terms, has done everything to boost the college, and will continue to do so. Our city sent a delegation to the dedication exercises, and one of our citizens, Representative R. M. Chitwood, father of the Tech bill, delivered a splendid address and introduced Governor Pat M. Neff to the Tech Day crowd.

New Levy Building at Colorado

Occupying a space 75 by 240 feet and built at a cost of \$29,000 the new Levy Building at Colorado replaces the old opera house building which was destroyed by fire last December. The new building is owned by Levi Brothers of Sweetwater. It is subdivided into five stores, all of which were leased before construction of the building was started. The building is modern in every detail, with concrete floor, metal ceiling and plate glass show windows. The five stores are occupied by Jones-Russell and Finch Co. hardware, furniture and undertakers, utilizing two of the stores; J. A. Holt and Co., Dry Goods; S. Berman and Son, Variety store, and H. B. Broadus and Son, Grocery.

it is for West Texas and Texas citizens in general, regardless of where it is located. Copies of the Tech Special Editions of the Sweetwater Reporter were placed in the corner stone.

Armistice Day was a doubly proud day in West Texas. We are all proud of the land in which we live, and join in extending our best wishes, backed by our best efforts, for the success of Texas Tech.

HOME BREWERS

Manufacturers of beverages made in the home for home consumption are generally conceded a victory in the decision in the United States Court in the trial of Representative John P. Hill, on trial for alleged violations of the Volstead Act. Hill, member of Congress from Maryland, made a test case of section 29 of the Volstead Act when he gave a "cider party" for his friends, and was subsequently arrested.

According to the interpretation of the law by the judge of the U. S. Court, home made beverages must be "intoxicating in fact" before they constitute a law violation. He stated that in his opinion, Congress intended that persons manufacturing cider and wine for use in their homes should be in a class by themselves.

There is no argument on that point. Home brewers are in a class by themselves when it comes to sidestepping the law and leaving the "one half of one per cent" clause far in the back ground. Some of Representative Hill's

"cider" tested 11 per cent alcohol. What would home brew, wine, and cider be without a "kick?" If home brewers are conceded a victory on the basis of the court's decision, they may properly celebrate by opening a bottle of beverage, not "intoxicating in fact," if they can find one, and remaining within the law.

INVITATIONS DECLINED

Former Premier Ramsey MacDonald of England has declined several invitations to visit America on a lecture tour. He announces that he will be kept too busy after the holidays reorganizing his labor party and help-

ing it to qualify as chief of the opposition in parliament. Mr. MacDonald will find a warm welcome from Americans whenever he wants to come over here with his message. All that he has had to say in his own nation or elsewhere has been a gracious plea for peace and brotherhood, and as nearly a new sermon on the mount as the world hears from any of its orators and deliverers. From the American platform such opinions would have been in delightful contrast with the defiant growls of the Tiger, the reminiscent confidence of the ancient Margot, or the sword-waving and vengeful preachings of Lloyd George.

CHRYSLER

Where Chrysler Sales
Are Coming From

There has been much discussion, of course, concerning the unprecedented sales of the Chrysler. No car of quality has ever made such a success in the same space of time. Naturally there has been a great deal of speculation as to where these sales came from. That question can be quickly answered. The Chrysler has made a market which is all its own. Its outstanding qualities are universal in their appeal. Everyone delights in the Chrysler combination of dashing appearance and dashing performance. Everyone recognizes at once how unnecessarily high and unwieldy other cars seem when you look up at them from the comfortable seats of a Chrysler. The Chrysler has invaded the highest priced division in every city in the country. Why not? The contrast in conserva-

tion of space, weight and height, the delightful ease of handling and parking, the cradling comfort both of riding and driving—these things are too pronounced to be overlooked by one who has driven more cumbersome cars. So the Chrysler invades the division of highest price—and makes equally striking appeal to the division below it and the next and the next. There isn't an unnecessary ounce or inch in the Chrysler—nothing but a thoroughbred utility throughout which has revised public conception of what constitutes sound motor car investment. The Chrysler market is a market made up of people who instantly discard the past when the present offers them something better. And that means, of course—all America.

ELECTRICITY

The modern magician. Unseen, it cooks your food, washes your clothes, lights your home, curls your hair and sweeps your floor, quicker, safer and much better than the old method.

After being proven far superior in the above uses, electricity has entered another field—namely—

WATER HEATING

and after years of careful study and tests, the Sepco Automatic Water Heater has been perfected.

The Sepco provides instantaneous hot water day and night—You don't have to go turn a switch and wait for it to heat—just go and TURN the FAUCET and DRAW THE HOT WATER. Isn't that superior to the old method of water heating? Then Electricity has triumphed again.

AMUSEMENTS
Lyric.

Who is responsible for the divorce cases that crowd the courts and the columns of the daily papers? Who is to blame for the love of the limelight that possesses young girls of today? Whose fault is it that the young generation feeds on sensationalism and demands continual novelty—in dress, dances, and diversions?

We ourselves are to blame—in the answer of Director Will Nigh's latest screen production, "Notoriety," which is scheduled to open at the Lyric Theater today.

Young folks of today are over-anxious to attract attention, and are too eager to applaud anyone else that manages to catch the public eye. They worship the divorcee who succeeds in breaking out in print. They pass homage to any fanatic of a new-fangled idea. To quote one of the stirring titles in the film: "The public demands the latest sensation over the breakfast table."

In "Notoriety" the central figure is a tenement girl, who drudges along in her daily duties, unnoticed and unknown. She sees others attaining notoriety in newspapers and magazines, and envies their popularity. The fever for admiration overcomes her, and one day she throws her modesty to the winds and deliberately gets mixed up in a society scandal. The result however, is not so pleasant as she expected, as the picture so truthfully shows.

Mr. and Mrs. Ney Sheridan and little daughter Evangeline, accompanied by his brother Jake Sheridan of Grapeland spent Armistice Day at Abilene. Where they were guests of Mr. and Mrs. J. E. Stowe and saw Abilene High win the foot ball game over Breckenridge High School Team.

Mr. and Mrs. William Wight and daughter, Miss Mary Wight left Wednesday on a trip to Midland to visit friends for a few days.

SHATTERED NERVES

Lady Says She Was In a Desperate Condition, But "Now In Splendid Health" After Taking Cardui.

Dale, Ind.—"About three years ago," says Mrs. Flora Roberts, of this place, "I had the 'flu', which left me in a desperate condition. I had a bad cough. I went down in weight to little over one hundred pounds. I took different medicines—did everything, but nothing seemed to do me any good. I hurt so badly in the chest at times I would have to go to the door to get my breath. "I would have the headache and . . . was so weak I felt like I would just have to sink down and stay there. "My nerves were shattered. I looked for something awful to happen—I would tremble and shake at a noise. "My mother said, 'Do-try' Cardui, and my husband insisted till I began its use. I used two bottles of Cardui and noted a big improvement in my condition. I kept up the Cardui and weigh 180 pounds. I am now in splendid health—sure am a firm believer in Cardui, for I'm satisfied it did the work. "After a weakening illness a tonic is needed to help regain lost strength. Many thousands of women have found Cardui exactly what they needed for this purpose. It may be just what you need. Try it. All druggists". NC-155

A Pointer on Tobacco—
The slower a tobacco burns, the cooler it smokes. Also the longer it lasts. This slow burning is due to the "cut". Granger is "rough cut" to smoke slow and cool—cut for pipes, not cigarettes. And Wellman's famous old secret method produces richer fragrance and taste.

PUPS

(Continued from page one)

In the last quarter, the Lion Tamers opened a spirited attack and quickly made two first downs through a 15-yard pass and line plunges. Another pass of 10 yards was completed by the Tamers, but they were thrown for a loss of 8 yards when they were slow in getting away to another pass. The Lion Tamers' only chance for scoring was lost when a pass from the 20-yard line failed, and the ball went to the Salty Pups. The locals were penalized 15 yards on offense in their opening play, which put them only five yards from their own goal, so Sheppard punted to Ballinger on the 30-yard line. Ballinger completed another pass for a 5-yard gain, and then punted, putting the ball back nearly to the goal line again. Sheppard again punted to the 30-yard line and the Lion Tamer who received was downed in his tracks. Ballinger completed a pass for 20 yards to the 8-yard line. A pass across the goal line was dropped by an excited Ballinger end, and the ball went to the Pups on the 20-yard line. The Pups made slight gain, and Sheppard punted. The Lion Tamers fumbled upon receiving and Sweetwater covered the

ball on the 50-yard line. Passes failed, and Sheppard again punted. The Ballinger crew fumbled the punt again, and the ball was scooped up by Mitchell who went across the goal line on a 25-yard run for the final count. Sheppard kicked goal. Ballinger kicked off, the ball going across the goal line, and was placed on the 20-yard line from where the Pups punted. Ballinger failed to gain, and the ball went to the Pups on the 70-yard line as the whistle blew. Score, Sweetwater 28, Ballinger 7.

The lineup follows:

Sweetwater—Ends, Webb and Mitchell; tackles, Schuhmann, Gibson and Heath; Guards, Hall and Beall; center, Gordon; quarterback, Sheppard (Capt.); halves, Boyles, Herring and Roy; fullback, Watson.

Ballinger—Ends, Tucker and Clark; tackles, Street (Capt.), Stokes and Uckert; guards, Foreman, Macune and Smechle; center, Rayburn; quarterback, McCarver; halves, Langford, Reese and Woodson; fullback, Author. Officials—Daniels, referee; Mitchell umpire.
