State Denounces Collier Defense

Bernard Martin, State Prosecutor, Scores Attack on Reputation Mrs. Robertson And Mary Frances Collier Robertson.

DAUGHTER DID NOT TESTIFY

Uncorroborated Testimony of Collier to Show That Mary Frances Seduced Prior to Marriage--Case to Jury Tonight.

By United Press.

WICHITA FALLS, March 25.—Bitter denunciation of the defense for attacking the reputation of Mrs. Hattie Robertson and Mary Frances Collier Robertson featured the argument of Bernard Martin, state prosecutor, to the jury who will decide the fate of Frank Collier, former mayor, for the slaying of his son-in-law, Elzie Robertson. Martin opened the argument for the state. He is to be followed by three other counsel, alternating for defense and state.

The argument is expected to close this afternoon and the case will then be turned over to the jury to consider the fate of Frank Collier.

Martin based his attack on the defense for its failure to call Mary Frances, daughter of Frank Collier, to the witness stand.

"It was Collier," Martin told the jury, "who testified that his wife had told him that Mary Frances had been seduced by Elzie before their marriage."

The prosecution questioned the failure of the defense to allow the girl to testify concerning the allegations concerning her chastity.

LAND, NOT PEOPLE

NEW YORK, March 24. The time is not far distant when it will be necessary for the United States to substitute a policy of trying to find land for people instead of its traditional policy of finding people for land and handing out large pieces of the public domain, says an article in the American Bankers Association Journal. Hundreds Armed Men Seek Fugitive Mexican Killer

Pro Officer Has Pint--Is Mistaken For a Bootlegger

DALLAS, Texas, March 25.—Circumstantial evidence isn't always conclusive, even in the case of a cop, says Knox Duncan, Federal prohibition officer.

When he started to the office of the United States Commissioner, Clinton S. Bailey, to file a complaint in connection with a liquor case, Duncan was armed with the evidence. A pint in his hip pocket was in plain view.

A man in an office building mistook him for a bootlegger and calmly offered him \$2 for the pint. Duncan was so taken by surprise that he didn't make a reply.

Another man saw the same pint and said: "Making your rounds?" Duncan finally decided what it was all about and returned: "Say, you fellows are making a mistake. I'm a Federal prohibition agent."

The man who propositioned to buy it acknowledged the mistake and bought smokes for the accused good-naturedly.

Officers and Men From Score Counties On Trail of Morales, Slayer of Sheriff Satterwhite and Deputy Reeves.

BELIEVED NEAR LAKE ABILENE

Last Report Indicates Clue in That Section--Search Continued Throughout Night--Local Men Take Part in Hunt.

Early this afternoon, no trace of the fugitive Mexican had been found by the posse of armed men, estimated to number 1,000 men, who are industriously searching for the slayer of the Howard county sheriff and Taylor county deputy.

At 11 o'clock the Mexican was thought to be near Lake Abilene. Officers from many surrounding counties are taking charge of the manhunt while the canyons covered with cedar brush are being industriously combed by the searchers.

Bloodhounds imported from Concho county were used throughout the night until four o'clock this morning when they lost the trail in the dry canyons.

Additional bloodhounds from Lubbock arrived on the scene fresh this morning but so dry is the soil that trailing is difficult.

Night policeman W. W. Hudson,

who with Jack Yarbrough, Buck Johnson and other officers of Nolan County left Tuesday afternoon for the scene of the search, returned to Sweetwater Wednesday after being a member of the party which trailed the fugitive all night. Hudson said:

"We picked up the trail about nine o'clock last night. Sheriff O'Bar of Taylor County, Jack Yarbrough of Nolan, Terry of Mitchell, and several others were in the party. We followed the fleeing Mexican about 15 miles straight south. Whenever we would get close he would take to the rocks and the dogs would lose the trail."

Officer Hudson estimates the crowd in the neighborhood of 1,000 men. Just as he was returning to Sweetwater, he heard of something stirring near View with a request for the dogs to be taken there. The Mexican had not been seen by any of the searching party until he left, Mr. Hudson stated. It is believed that he is still in the canyons somewhere in the south end of Taylor or Nolan counties.

Man Is Wounded

With more than two hundred carloads of heavily armed men from Nolan, Runnels, Coke, Taylor and adjoining counties participating, the greatest man hunt in recent years is in progress in rough broken hilly country where the four counties adjoin, as the slayer of Sheriff Satterwhite of Howard County, Deputy Sheriff George Reeves of Taylor County, Juan Hernandez of Big Spring was being sought today.

The list of casualties has been increased by the wounding of Harry Riley, of Taylor County. He will recover it is thought. Since the wounding of Riley, one of the searchers, near Newby, no one has seen Morales, the hunted Mexican.

The man hunt continued throughout the night with bloodhounds from Paint Rock in Concho County on the trail early. This morning two more bloodhounds passed through Sweetwater from Lubbock and were put on the trail at once.

During the night the scene shifted from Taylor County to the southeastern portion of Nolan as the bloodhounds sniffed the path of the fleeing Mexican. For a time activities centered around Dora, Nolan County. Followed a report of suspicious circumstances near Lake Abilene, in the hills south of Abilene, and a large group of men left for the Smith ranch near View, Taylor County. Every rural home in the entire area has been warned by telephone.

To Bury Reeves.

The funeral services for George Reeves will be held at Merkel at 5 o'clock today.

B. C. D.

Your Board of City Development has closed its term of office and has rendered its accounting to you for the past two years. At the start, it adopted a program of civic betterment. Most of these projects have been accomplished or are in process thereof, as outlined in this newspaper Tuesday. Marked by unselfish service in the public's interest, capably officered and enjoying the enthusiastic co-operation of the city administration and the citizenship of the city, the results wanted have been secured.

The work of the Board has been along lines of betterment for the whole city—to make it more prosperous, enhance property values, and to make it a better place in which to live. That is a program in which everyone can most heartily join. And too, it shows clearly the superiority of the B. C. D. plan over that of the Chamber of Commerce. In the B. C. D. plan, all property owners contribute to the support of the work for the whole city. Inasmuch as every property owner benefits, this is as it should be. The size of the contribution is measured by the size of the individual's holdings. And instead of the burden falling on a few public spirited citizens, it falls upon all alike. And the secret of success in work of this kind is to elect men that you know are progressive and of the right type, whose records in various public movements are before you—and then give them your fullest support and co-

West Virginia Lady Says That She Was in a Serious Condition, But Is Stronger After Taking Cardui.

Huntington, W. Va.—"I was in a very weak and run-down condition—in fact, was in a serious condition," says Mrs. Fannie C. Bloss, of 1364 Madison Avenue, this city.

"In my left side the pain was very severe. It would start in my back and sides. Part of the time I was in bed and when up I didn't feel like doing anything or going anywhere.

"Life wasn't any pleasure. I was very pale. I was nervous and thin, and so tired all the time.

"My druggist told me that Cardui was a good tonic for women and I bought a couple of bottles. I took two bottles, then I noticed an improvement. I kept on and found it was helping me. I have taken nine bottles. I'm stronger now than I have been in a long time."

Cardui is made from mild acting medicinal herbs with a gentle, tonic, strengthening effect upon certain female organs and upon the system.

MEN VS. WOMEN

Hot Fight Being Waged in Amarillo Trustee Election

AMARILLO, March 25.—"Hard headed business men". That is the issue in the forthcoming school board election here. Unless the city elects three more hard headed specimens to help the three hard heads—as they term themselves—now in office, they will take their doll rags and go home and let the women have all the jobs. This is their threat.

"See if we care" says the women and the campaign is on. More interest has been aroused in the April 4 election than any city election in the city's history, it is said. The ladies have nominated their own ticket and are campaigning in real "heman" fashion. "A \$400,000 budget is too big for women to undertake" is the battle cry of the irate males. "An insult to womanhood, one that demands vindication at the polls" says the women.

A lovely plate luncheon was passed as a concluding pleasure.

GARDEN HELPS

Clothespins have never been mentioned as garden accessories, but here is where they are listed as a very handy and convenient article in the garden. They are not to hang up plants but to peg them down. For sprawling running and trailing plants, the clothespin is an excellent guide and director. Branches may be pegged down neatly and unobtrusively by sticking a clothespin over the branch to be regulated and forcing the prongs into the soil. If the clothespin is too noticeable the knob may be sawed off.

PIMPLES QUICKLY CLEARED UP

So-called skin diseases are caused by poisons from the perspiration becoming congested in the tiny pores and glands of the skin because they can't get out. Unhealthy skin holds them back and you know what must happen when you continue to let this condition exist. For this reason "skin lotions," etc., can't possibly help you any. You need what is known as Black and White Ointment, which heals the sores, builds up the tissue of the skin, makes it active, so it naturally expels all the acid poisons which the system must throw off through the pores. Then, pimples, blotches, "breaking out," eczema, etc., quickly disappear.

Black and White Ointment is economically priced in generous packages. The 50c size contains three times as much as the 25c size. All dealers have Black and White Soap, too, so you can keep your face, neck, hands and arms lovely and clear. (adv)

Go Back ten years in a night - darken gray hair

There is a way to keep hair dark and glossy like a girl's. To end all the streaks of gray. And to thus deduct from 10 to 20 years from one's apparent age.

The way is quick and simple. Apply sage tea and sulphur. Brew it at home, if you wish, as countless women did in the old times. But there is a better way. Now the application comes ready-prepared in a modern laboratory. It is not messy. Some added factors in it make the hair more beautiful. Your druggist supplies this modern preparation under the name of Wyeth's Sage and Sulphur Compound. It costs but little, and you will find it vastly better than a compound made at home. Apply it at night as directed. In the morning the gray is gone. Apply it once or twice more, until the hair returns to the darkness, the luster, the softness of youth.

You will be delighted—will learn that gray hair is unnecessary. That dark hair can always be kept like a girl's. And the restoration is so even, so natural that nobody can suspect it. The old ways are the best ways. Prove it for your own sake. Just ask your druggist—and at once—for a bottle of

WYETH'S Sage and Sulphur
