OVERRULE MOVE FOR NEW TRIAL

District Judge Overrules Motion For Trials, Hickox and Starr Cases.

PERPETUATE INJUNCTIONS

Final Disposition of Pipe Line Case—Several Estates Settled—Divorces Granted.

District Judge Leslie, late Friday overruled the motion for a new trial filed by attorneys for T. E. Hickox, convicted of murder and sentenced to 35 years in the penitentiary following his trial in the last term of district court here. The motion was taken up by Judge Leslie Friday while he was here winding up final court matters. Notice of appeal was given. Hickox is being held in the Nolan County jail to await the outcome of the notice of appeal.

A motion for a new trial for Otto Starr, convicted of burglary in connection with the robbery of Carlisle store at Blackwell and sentenced to 5 years in the penitentiary was also overruled. Notice of appeal was given.

The injunction restraining the city from piping water to parties outside the city limits was perpetuated following hearing on the matter this week. Although the injunction is now perpetual, the city has the right to sell water outside the city limits providing the purchasing parties connect to city mains at the city limits.

Several old and pending estate suits were cleared up Friday by Judge Leslie. The old Trammell estate was released and receivers were disposed of. The McClintock estate was settled and the receivers likewise discharged. The case of Julia A. Copeland estate passed final settlement and the receivers were discharged.

Two divorces were granted this week one in the case of Harry Cress vs. Gladys Cress, and one in the case of Fred Price against Leona Price.

FIRE IN GARAGE

Auto Badly Damaged in Fire Saturday Afternoon on East Side

Fire of undetermined origin partially destroyed a garage building and an automobile at the rear of the Wade Apartments in east Sweetwater shortly before 7 o'clock Saturday evening. Two trucks from the fire station answered the alarm, and again the quick and efficient work of the fire department prevented a bad fire. The walls and part of the roof of the garage were partially burned, and a Ford coupe that was in the building was considerably damaged before it was removed.

The extent of the damage and amount of insurance was not learned.

BASEBALL RESULTS

Texas League: Dallas 4, Fort Worth 4, (game called in 9th, darkness); Shreveport 12, Wichita Falls, 14; Waco 9, Houston 6; Beaumont 5, San Antonio 2.

American League: Boston 3, New York 6; Cleveland 5, Detroit 3; Chicago 14, St. Louis 5; Washington 0, Philadelphia 3.

National League: St. Louis 20, Chicago 5; Pittsburg 2, Cincinnati 12; Philadelphia 14, Boston 13; New York 7, Brooklyn 1.

DENVER POLICE IN VICE ROUNDUP

Charges Against 14 Members of Force Filed Saturday—Believe Six More Implicated.

RAIDS BY AMERICAN LEGION

Around 250 Alleged Dope Peddlers and Bootleggers Arrested by Deputized Force of Citizens

By United Press. DENVER, Colo., April 18.—Evidence gathered to strengthen charges of giving "protection" to bootleggers and gamblers filed to day against 14 Denver policemen is believed to have unearthed facts which will result in suspension of at least 6 more of the department. Charges against these 6 men will be filed Monday, it was rumored.

Raids made during the last few days personally directed by Denver's "riding mayor," Benjamin F. Stapleton, and conducted by members of the American Legion and deputized citizens, resulted in arrest of 250 alleged peddlers of illicit liquor and narcotics, owners of gambling houses and keepers of disorderly houses.

Suspension of the entire "vice and bootleg squad" of Denver police followed immediately.

State Witness

Dr. Charles Krusemark of Chicago who treated Mrs. McClintock mother of William McClintock whose death is being probed has told authorities that no mercury medicines were given to Mrs. McClintock during her fatal illness. An autopsy on the body shows traces of bichloride of mercury. The autopsy was part of an investigation being made by the state in its case against William Shepherd accused of young McClintock's death.

Thermometer In Race for Record Of Heat In April

Mercury in Sweetwater thermometers threatened to push the glass tops out Saturday as the thin red line crawled up from 64 degrees Saturday morning to an even 100 degrees at 2 p. m. A new heat record for this time of the year was established, according to old timers who sat in the shade and fanned while the mercury played tag with the century mark. Saturday was hot from the time the sun came up Saturday until it set, the thermometer never registered below 64 degrees which was the early morning temperature.

Both Thursday and Friday was also hot days, the mercury going to within a few degrees of the 100 mark during the hottest hours of each day. Weather forecasts for Sunday indicated that slightly cooler weather would prevail in West Texas.

GETS 25 YEARS

Riding Master Sentenced in Shooting Common Law Wife

WHEATON, April 18.—A verdict of murder in first degree with a penalty of 25 years in prison was returned here today by a jury in the case of George Munding, riding master, who shot and killed his common law wife, Julia Ann Douglass.

In the absence of Clarence Darrow, chief attorney for the defense, attorney filed the customary motion for a new trial.

THREE MEN DEAD

St. Louis Street Corner Scene of Battle—Two Unidentified Men and Patrolman Killed

EAST ST. LOUIS, April 18.—Two unidentified men and a patrolman were killed in a shooting affray at the entrance of the First National Bank here shortly before noon today. The shooting occurred at the busiest intersection of the city.

According to witnesses, the two men stole into the bank lobby and an altercation started there. In the middle of the argument one of them spoke up "Let's settle this thing for good."

They ran into the street and started shooting. Patrolman W. H. Mahler ran to the bank and there was a three cornered shooting affray in the street. All three men were hit, the unidentified men dying instantly. Mahler died in a hospital a few minutes after the shooting.

GOES TO WACO

Mr. and Mrs. Berry Bowen Leave for Central Texas City—Floyd Bowen Coming From Lubbock.

Mr. and Mrs. Berry Bowen have gone to Waco where the Bowen syndicate recently purchased one of the leading drug stores of that city. Mr. Bowen has also purchased a fine home in Waco.

Mr. and Mrs. Floyd Bowen will occupy the Berry Bowen residence on East North Second street as soon as arrangements can be made to care for the Bowen drug store interests in Lubbock, where Floyd has been actively engaged for the past two years. J. W. Halsey will be associated with Bowen in the management of the Sweetwater store.

PLAN FOR AUTOS TO CONVENTION

Big Motor Caravan to Be Used by Sweetwater Delegation West Texas C of C Convention

WILL TAKE BOYS' BAND

Both Band and Saxophone Orchestra Feature of Sweetwater's Presence At Mineral Wells.

The Sweetwater Boys' Band and the Saxophone Orchestra, and a big delegation will make the trip to Mineral Wells next month to put Sweetwater before the eyes of West Texas at the annual Chamber of Commerce convention, according to a motion carried at a meeting of members of various convention committees late Friday.

According to the present standing of preliminary plans for attending the convention, Sweetwater will go to Mineral Wells in an automobile train and will camp in one of the splendid parks provided for that purpose by the convention city. The band will be taken by auto by various Sweetwater citizens who will attend the convention. Arrangements were made at the Friday meeting to start at once in preparing for the convention. Ribbon arm bands and hat bands will be made and printed, and advertising stunts and schemes are to be worked out.

Just what this city will do toward staging a fight for the 1926 or 1927 convention has not been decided, it was stated, but it is generally understood in the majority of West Texas cities that Sweetwater is in the race strong.

The various committees are now at work on their respective duties, and another meeting will be held next week, the matter will also be taken up at next Thursday's luncheon of the Sweetwater club.

FIND DEAD BODY IN SHIP CHANNEL

Liberty, Texas Youth Found Dead in Canal Near Houston—Head Cut, Fractured Skull.

DEATH IS MYSTERY

Officials Investigate Strange Circumstances Surrounding Finding of Body, Believed Not Drowned

By United Press. HOUSTON, April 18.—Authorities admitted there was an element of mystery surrounding the death of Carl Layle, 22, of Liberty, Texas. Layle's body was found today floating in the ship channel at Clinton, a suburb of Houston.

Atwo and a half inch gash was found on Layle's head, and authorities said his skull had been fractured, indicating he met death by violence and not by drowning. Another discovery bearing out contentions that Layle met foul play was that there was no water in his lungs. Accounts of the tragedy conflict.

Layle was said to have fallen off from a dredge boat shortly before noon Wednesday, apparently the crew did not call for assistance in searching for the body. It could not be learned whether or not his relatives had been notified.

Some members of the crew with which Layle worked were quoted as saying they did not know he drowned until they saw the body floating on the surface of the water.

The death was pronounced accidental at a coroner's inquest. Information obtained since then, however, prompted the district attorneys' office to start an investigation.

Won District Meet

Special to Reporter. SAN ANGELO, April 18.—San Angelo won the District Interscholastic Field meet here today, nosing out Winters to a close score 42 to 40.

WHEELER TRIAL

Witness Testifies Against Senator Wheeler in Great Falls Trial—Oil Titles Questioned.

By United Press. FEDERAL COURT GREAT FALLS, Mont., April 18.—Senator Burton K. Wheeler knew that titles of some of the oil permits held by Gordon Campbell, Montana oil operator, and his associates, were questionable, and promised to "straighten out" oil permits before the Department of the Interior, Harry Clyde Glasser, testified in Federal Court here today.

In Murder Belt

Mrs. Cecil Long, 39, above killed Mrs. Ora Pierce, 22, her rival for the love of George Greenher, 24. The killing took place at Platte, Mont. She has been sentenced to from 20 to 45 years for the murder. Four women in nine years have been accused of murder in the district which has a population of 1,000.

Final Week Of Drive

The circulation drive for the Weekly and Daily Reporter will come to a final close Saturday April 25. After the close and all of the votes have been counted, the three new Chevrolet cars and all of the thirty valuable prizes will be awarded to the most successful workers who have secured the highest votes.

Offer for New Subscribers Extended. The offer of last week for 300.00 extra vote for one year new weekly or Daily Reporter is extended for this week. Votes will be issued for payment of subscriptions right up to the close. Second paid and renewals will count for a big vote.

There will be no other offer of votes for the closing of the campaign. Greatest Opportunity Ever Offered. The opportunity was never greater for every worker in the drive to win a good prize. The plan to secure the "Most Votes" in this drive has been a popular and fairly easy one. The Free Voting Coupon that was clipped from the papers has played the greatest part of the highest vote.

The Votes Offered. Securing payment of subscriptions has been taken advantage of by most of the workers, but at no time has any one individual worker turned in but comparatively few subscriptions. Those who secured more subscriptions one week would be out-stripped by some one the next week. Week in and week out the workers have kept pace with one another with subscriptions and Free Voting Coupons until it has come to the last week of the drive.

It is the closest that was perhaps there are a large number who could win the best prize with a few paid subscriptions this last week.

The vote handings of the workers have been published for the last time. The votes to be secured this week and the reserve vote held by workers with the Prize Ballot Votes will be counted by Judges after the closing of the Drive and the awards made to the most successful ones who have the most votes.

This is the week that everyone has been waiting for, the last week of the big drive. Many friends have promised payment of subscriptions the last week. Cash in on them all—Get the most votes and win.

Will Not Prosecute

By United Press. OKLAHOMA CITY, Okla., April 18.—No prosecution of alleged lobbyists for public utilities companies during the State Legislature will be made, county attorney J. K. Wright announced late today following a conference with other officials.

ANGELO SWELTERS

Special to Reporter. SAN ANGELO, April 18.—San Angelo officially recorded a temperature of 107 degrees today—the hottest April day in the 25 year period of the government weather bureau here.

CABLE OF DEATH HIGH HAMMOCK

Son of Rev. and Mrs. R. M. Hamcock Meets Death In Jungles of Brazil While On Survey Trip

WAS RAISED IN CITY

Rev. Hamcock Was Presbyterian Minister In Sweetwater Years Ago Had Recently Returned—

Word was received by cable early Saturday of the death at Paramaribo, South America of Hugh Hamcock son of Rev. and Mrs. R. M. Hamcock who live south of Sweetwater.

Details concerning the cause of death were not contained in the cablegram. Mr. Hamcock had only recently gone to South America to work.

Garner Hamcock of Fort Defiance, N. M. arrived Saturday to be with his parents and Mrs. P. C. Coleman, Mrs. J. A. Buchanan and daughters Ruth and Katie came over from Colorado Saturday to be with Rev. and Mrs. Hamcock.

Rev. Hamcock was pastor of the Presbyterian Church here over a decade ago. After serving other pastorate, he had recently retired from the ministry and had purchased a farm south of town.

Hugh Hamcock was raised in this city later he became a civil engineer and was on a surveying expedition in Brazil when death interrupted on April 10.

The last letter from him written to his mother was received here about April first. He was at the time of writing starting on this trip. Although no particulars of his death the disposition of the body has yet been learned, the family conjecture that he must have been some distance off the beaten path, because of the delay of the cablegram.

REPRESS REVOLT IN BULGAR CITY

Government Ruthlessly Hunting Communists But Change in Premiers Declared Inevitable.

BLAME RUSSIAN SOVIETS

Series Killings and Bomb Outrage in Cathedral Directed From Moscow Claim It Is Denied

By United Press. SOFIA, Bulgaria, April 18.—Vigorously repressing all signs of revolt throughout Bulgaria, the Sofia Government nevertheless will fall as the result of the weeks outrages and will be replaced by a ministry favoring tolerance.

King Boris is said to have determined upon the change when the "Sobrance" and Bulgarian Parliament meets Tuesday.

The Sofia police today while hunting Communists from house to house, claimed to have found a document proving that the abortive revolt was directed from Moscow. The Soviet government through the Embassy at Rome vigorously and indignantly denied complicity.

The bombing of the cathedral which resulted in the death of 160 persons and injuries to 200 more was arranged as a demonstration against Premier Zankoff of Bulgaria.

Many were killed today in fighting between agents of the government and their quarry but reports from Sofia of a general revolution lack confirmation.

A British commission is due to arrive in Sofia tonight to investigate the situation.

LONG RADIO TEST

Will Attempt to Reach Half Around World Sunday—Request Amateur Stations to Be Silent

By United Press. CHICAGO, April 18.—Attempts to reach half way around the world by radio, the longest distance ever tried in day time, will be made here tomorrow. The tests will be made with low wave, high frequency transmitter to be used on the MacMillan arctic expedition which leaves next month.

This was announced today by E. S. McDonald, president of the Zenith Radio Corporation. He urged all amateurs equipped with 20 to 40 watt transmitters to stay off the air.

The tests will be made at 2 a. m., 10 a. m. and 2 p. m.

Remember Him?

Not so many years ago Joe Wood was rated one of the best pitchers in the major leagues. His smoke ball was his big asset then. Well here he is as he looks today as coach of the Yale University diamond as a manager. And Joe, by the way, anticipates a good season for his college team.

Mexican Claims \$12.70 Too Much For Hugging Girl

Overruling a love-sick hombre's protest that "12.70 was too much for hugging a girl," Judge A. B. Yantis fined a Mexican youth, the first person arrested by Chief of Police Gordon Headrick since he took office last week, that amount and the Mexican was set free.

The youth was arrested as he sat with his girl, a pretty senorita of about 16 years, in his lap under a bridge in northwest Sweetwater. The pair were discovered by residents living in that neighborhood and a woman phoned Chief Headrick who immediately took the couple in custody.

The Mexican boy was placed in the city jail, being that establishment's first inhabitant under the regime of the new Chief, while the girl was taken home.

When the prisoner faced Judge Yantis in Corporation Court late Saturday, he vigorously protested paying a fine. In broken English and with wild gesticulations of either hand, he maintained that "White man, he loves girl. Too much pay for hugging one, however, and the dozen odd cart wheels were added to the city's treasury.

A second arrest by Chief Headrick late Friday was of a young man alleged to have been intoxicated, and a fine of \$12.70 was also paid.

ON TO STAMFORD

Nearly Half Hundred Legionnaires In Motor Caravan To Stamford District Convention

Nearly half a hundred Legionnaires and members of the Legion Auxiliary were planning Saturday to attend the convention of the 17th District American Legion at Stamford. The automobile train of Nolan county ex-service men and their wives was scheduled to leave Sweetwater at 7 o'clock this morning for the overland trip.

It was stated that, in all possibility local Legionnaires will ask the support of the 17th District in their fight for the State convention in 1927.

An unusually good program has been arranged by the Stamford post, it was reported, including speeches by several famous Legionnaires. The Sweetwater Saxophone Band is to be taken on the trip and will give concerts at the union services at Stamford Sunday morning and again in the afternoon.

RAMS RUM SHIP

Fast Cunard Liner Sinks Rum Runner In Dense Fog—Liquor and Three Men Picked Up

By United Press. NEW YORK, April 18.—The Cunard liner, Maurelania, toward bound, picked off one of a rum fleet's vessels in a dense fog today.

The world's fastest trans-Atlantic liner was nosing into Ambrose channel when it struck the rum runner which went down immediately. Three men and a few cases of whiskey came to the surface. The former admitted they had been on a little liquor smuggling expedition when the giant prow of the Maurelania loomed out of the fog too suddenly for them to escape.

SWEETWATER IS SECOND IN MEET

Ablene Wins First With 40 Points—Locals Get 30 Points At Interscholastic District Meet

TOLER WINS HONORS

Is Second High Point Man With 19 Points—Willis Wins Mile Run—Girl Debators Lose.

Sweetwater athletes composing the high school track team ran rings around teams of other schools in the 17th District and came out second only to Ablene high school in the annual District interscholastic League Meet at Ablene Saturday. Sweetwater ran up a total of 30 points as compared with the 40 points that Ablene, the winning school, scored.

Further honors came to the Sweetwater high school when Merlin Toler, star track man, and all-around athlete, came out of the meet as second high point man with a total of 19 points, falling just one below Stevens of Ablene who was high point man with a total of 20 points to his credit.

Stevens' sensational day's work included the running of the 100 yard dash in 10 seconds, just barely nosing out Toler of Sweetwater, and flying through the air for a distance of 23 feet 8 inches in the ground jump, which was claimed to have shattered high school records. Toler captured two first places and three seconds, going 5 feet and 10 inches in the high jump, and making 11 feet in the pole vault. He was second in the 440, broad jump, and 100 yard dash.

Marshall Willis, another outstanding track star and sensational long distance runner of the Salty Pup aggregation, pranced away from the whole outfit in the mile run, coming in winner in 4 minutes, 50 seconds.

Young Sheridan, a promising young Sweetwater athlete and generally noted for his baseball playing qualities, never saw nor hurled a javelin until a week ago, according to a story going the rounds in high school athletic circles. Yet he heaved the spear in a mighty throw at Ablene, copped off second place and added a few more points to the Salty Pup's score.

The only other winning done by Sweetwater Students at the meet was when young George M. Thompson, star declaimer of the East Ward School, won fourth place in the boys' declamation contests over representatives from many other schools. Thompson had already won first place at the East Ward some time ago and was heretofore champion of the county following his winning of first place at the County Interscholastic meet here a short time ago.

Ruth Davis and Fay McDonald, representing Sweetwater high school in the girls' debating contests, won over Ablene in the first preliminary, but lost out to Anson later. Anson finally captured first place in that event in the finals. The debate was held Friday, and the local team won over Ablene through the affirmative side of the question, "Resolved: that the United States should grant independence to the Philippines at the end of a period of five years." Taking the negative side of the question in their second debate, which was with Anson.

(Continued on Page Eight)

SONS DEATH IS CAUSE OF FEUD

T. J. Hicks, 60, Living Near Rusk, Is Very Dead From Shotgun Wounds—Result Battle

MARION PAYNE IS ON BOND

Hicks Exonerated In Killing of Son of Payne Two Years Ago—Met In Road, Shooting Followed

By United Press. RUSK, April 18.—A feud of two years standing reached its climax tonight when Marion Payne, 59, shot and seriously injured T. J. Hicks, 60 who died later. Hicks was taken to a hospital here where he died, while Payne was charged with assault with intent to murder. This was changed to a charge of murder.

Bad blood has existed between the two men since Hicks was exonerated in connection with the slaying of Payne's son Opie Payne two years ago. The two men met in the road near here. Neither spoke. Hicks received the discharge from the shotgun in the face at close range. Officers said Hicks had a revolver in his pocket.

Mrs. J. L. Stephenson is still confined to her room by illness.

STICKERS

The merit of a postage stamp, they say, consists in sticking to its job until it gets where it is going.

Somewhere sometime, however, conceived the idea of having advertising matter printed on stickers—said stickers to be placed on automobiles. Such an event was so advertised in Sweetwater the past week and several industrious boys liberally labeled all the cars parked in the square and adjacent streets. Judging from comments, said owners did not appreciate the treatment meted out to the family conveyances. In fact one owner successfully sought police protection with the result that two boys spent a much longer period scrubbing off labels from one car than required to stick it on. No matter how meritorious a proposition may be that is thus advertised it is exceedingly doubtful if patronage will be secured from folks who are forced to spend numerous hours removing such stickers. There are legitimate methods of advertising but this can hardly be said to be one of them.

A KENTUCKY ANTI-CLIMAX

Kentucky's cave region is not doing itself a service in proceeding spectacularly with efforts to reclaim the body of Floyd Collins from its tomb in the cave that he discovered. In doing this there is spoiled as glorious a sepulcher as any Kentucky adventurer ever had. No grave in a burying ground on a hillside will have half the interest for travelers that would be the portion of Sand Cave if the remains of its ill-fated discoverer had been permitted to remain where they are. There was something tragic in the way the elder Collins resigned himself to the misfortune that claimed the life of his son; the youth would be permitted to sleep there forever; no attempt to recover his body would ever be countenanced; the cavern that

cost his life would be his monument. In the remembrance of these things, the digging operations now going on are in the nature of an anti-climax to a situation lately abounding in heroism and drama.

CAR LOADINGS AND BUSINESS

"There has been recently much talk of a 'slump' in general business and sharp declines in prices on the grain and stock markets" says the Railway Age. "but car loadings are a good index of general business activity and they do not show the effects of any general decline of production or commerce."

"In January the number of tons of freight carried one mile was almost 10 per cent greater than in the same month of last year. In February the business handled was less than last year, partly because the month was one day shorter. In March loadings were larger than in March, 1924."

"In the first thirteen weeks of the year coal shipments were 119,006 carloads less than last year, but shipments of other commodities were 297,781 carloads more. In the week ending March 28 coal shipments were 13,791 carloads larger. Since there are now probably 25 million tons less coal in storage than there were a year ago, it does not seem probable that coal shipments will long continue to be as small as they are now."

"Shipments of merchandise and less than carload freight thus far this year have been larger than ever before and in the week ended March 28 amounted to 282,575 carloads, which was a new high record."

CONCILIATION AND CULTURE

It is an old story that neither by smiles nor frowns, neither by grand conceits, nor merry allusion, has the reveller been driven from his wine. Men persevere in treading the path which fancy has chosen or habit has worn smooth, and the monitory sermon if heard, is soon forgotten. And as a controller of opinion or reformer of habit, law even is no more potent than presents nor frowns, neither by grand pointed in their refusal to abolish custom and appetite by law, it is not surprising that the kingdom of jazz does not fall at the first blast of the uplifters' trumpet. For as long as this nation has been experimenting, and with indifferent results with its eighteenth amendment there are those who have sought to rule out jazz from a place in the American musical household. This controversy is running as violently as ever, and with no near prospect of agreement. Writers, stu-

dents, musical composers and learned critics are unable to reach a decision for the relief of their own minds and the minds of others also.

A Baltimore orchestra leader is the latest to join the middle of the roaders who believe that it is best to leave the determination of this dispute to the millions of American citizens who have to listen to music. Referring to many excellent articles in the Etude by such music masters as John Philip Sousa, Leopold Stokowski, Fred Stone Paul Whiteman and Vincent Lopez, all of whom are brominated and tolerant exponents of jazz, the Baltimore conductor approves their sentiment. Then he reveals some of his own experience with a public that is by no means clear in its own mind what sort of music it wants to hear.

"Assuredly, nerve-wracking brainless songs such as 'Red Hot Mama' says "are not to be considered by persons, excepting the crude, demoralized ignorant classes who think that Wagner (if they ever heard of him) is the man who owns the canned pork and beans factory." Many of the recent song hits were composed with no thought whatever of jazz, as the term is used by musicians. In all probability the composer meant to launch a melody that would appeal to the heart, containing lyrics that would appeal to the mind. Instead, his music contained too much rhythm and it

appealed to the feet. Then, to cater to dance mongers, the dance orchestra conductors give the song those syncopated beats and bangs, and it dies after a short lived popularity, proclaimed by jazz 'hounds' as a 'swell one of a cracker jack' our equivalent to a masterpiece. I have had contemptuous stares and supercilious glances cast at me because when asked to play I complied and rendered to the best of my ability Chopin Etude. I have received the same stares and glances for rendering an intermezzo from Mascagni's "Cavalleria Rusticana" when my listeners top notch repertoire song happened to be "It Ain't Gonna Rain No Mo'." But woe be to the performer who plays 'Barney Google' when the listener wishes to hear Rachmaninoff's Prelude in C minor of the like. When in Rome, I do as the Romans do, and if the Romans want jazz—let them have it."

This seems to be the sagacious way of solving this problem in the interest of harmony. Let the people rule. If they want jazz, let them have it, until a perverted appetite is sated and may find cure and refreshment only in culture. Such a conciliatory plan has at least the merit of not savoring of autocracy.

Ah, well perhaps Uncle Sam will recognize Russia when all the good concessions are nailed down.

Thrift means a higher standard of living without added expense, the dignity of serving oneself, and domestic independence.

A Governor's Wife Who Does All Her Own Housework

You remember the story—quite a sensation in the daily papers.

She entertains, she pays her calls, she presides at club meetings—and does every bit of the cooking, cleaning and laundry work in a twenty-one room house.

Marvelous of course, but most of us marvel not so much how she does it, but why she does it. A Governor's wife—the First Lady of the State! Why does she ever do such menial labor?

She doesn't. Housework isn't menial labor in this day and age. Electricity comprises a staff of servants, thoroughly trained and highly specialized. Electricity cleans the rugs, washes the dishes, irons the clothes, cooks the meals.

The housewife is House Manager. She has but to direct the work of the force at her command.

Building Permits

Two more building permits were issued late this week by city secretary Mrs. Mattie Trammell. J. J. Robbins was granted the permit for the construction of a dwelling on Elm st. to cost approximately \$3,500.

Henderson and May are the contractors. A permit was issued to C. L. Corbin for the erection of a dwelling on Bradford street, to cost approximately \$1,200.

ELECTION NOTICE

Notice is hereby given, that on the 4th day of May, 1925, there will be held at the City Hall in the city of Sweetwater, Texas, an election of Ward Commissioner No. 1 in and for said City of Sweetwater, the names of L. E. Musgrove and Roy Bardwell, only to appear on the tickets used at such election.

Priscilla Club Met

Mrs. O. Stephenson was hostess Thursday afternoon at an enjoyable meeting of the Priscilla Club, at her home in Orient Heights.

Mrs. J. T. Hughes presided over a short business session during which plans for the club picnic were discussed but no date set. A report of the Public Library was heard from one of Priscilla members who compose the Library board. The club voted an endorsement and appreciation of the work done by Mrs. L. C. Vinson as librarian. The remainder of the afternoon was devoted to fancy work and pleasant conversation.

Mrs. H. C. Scott and daughter Miss Ava Lee, were special guests. Members present included were, Mrs. Luther Watson, Mrs. S. Z. Williams, Mrs. F. B. Perry, Mrs. Chenault, Mrs. C. W. Breeding, Mrs. J. T. Hughes, Mrs. A. W. Canfil, who accompanied Mrs. Stephenson to Davis Drug Store parlor where refreshments were served.

Mrs. Chenault will be next hostess April 30.

Dell Cox Entertains

Dell Cox was host to a party of friends Friday evening, entertaining with Forty Two and Finch games. After a series of games Mrs. Cox served plates of ice cream and cake.

Au Revoir But Not Goodbye

Although I am changing my personal location from Sweetwater to a larger field at Waco, I want my friends here to know that there will be no change in the policy or service which has been the feature of Bowen's Drug Store for the past thirteen years,—that I will still retain the deepest interest and confidence in Sweetwater, and last but not least, I want to express my sincere gratitude for the pleasant relationship and the mutual confidence that has been so marked between this store and its patrons.

For the present Mr. J. W. Halsey, who has been with this store for the past two years, will be in charge, and I bespeak for him the courtesy and consideration which has been shown me. As soon as arrangements can be completed, Mr. Floyd Bowen will assume the management of the store with Mr. Halsey as his assistant. In the future as in the past you can always depend upon Bowen's Drug Store for the utmost in service, the highest quality merchandise and greatest dependability in prescription work. There will be no deviation from this policy.

It will of course be impossible for me to see personally the many warm personal friends who have favored me with their confidence and patronage during my stay in Sweetwater, so please consider this a personal word of appreciation and good luck. I expect to return to Sweetwater at frequent intervals and will keep in close touch with the situation here.

Very Sincerely,
BERRY BOWEN

HERRICK

The Aristocrat of Refrigerators

During the past three years I have sold over eighty HERRICK REFRIGERATORS in Sweetwater, Texas, and have yet to receive my first complaint about them in any shape, form or fashion.

There is one HERRICK in use today in Sweetwater that has been in use for over TWENTY-FIVE YEARS, and is still giving satisfactory service.

There are Reasons for HERRICK SATISFACTION

Solid kiln dried oak is used throughout every HERRICK Refrigerator. The doors fit tightly and the lever locks are adjustable so as to keep indefinitely the original airtight fit of the doors.

In addition to this sturdy construction, every HERRICK is specially treated to protect it against wear and tear of climatic changes, including excessive heat or dampness.

Every feature of the HERRICK Dry Air System Refrigerator has a definite purpose and all combine to give the best service, the greatest economy, the longest usage, the utmost satisfaction and the biggest value. Each feature is important and many have been installed at great expense—hidden features that you get only in a HERRICK and without extra cost to you. Here are some of them:

- No. 1—Constant Circulation of Cold, Dry Air
The air in a HERRICK is kept constantly in circulation. It is always cold, purifies itself at each circuit, and remains absolutely dry.
- No. 2—Double the usual insulation
HERRICK 5-point insulation, genuine mineral wool is hard packed to fill thickness in all walls and doors insuring maximum insulation.
- No. 3—No Dead Air Space
Straw or dead air space are never found in HERRICKS.
- No. 4—Rust-Proof Cleanable HERRICK Trap Protects Ice
Patented rust-proof, never-leak trap protects ice from warm air while allowing escape of water from ice chamber.
- No. 5—All Storage Space Accessible
Every square inch of space in the HERRICK can be reached easily and instantly for cleaning as well as for storing foods.
- No. 6—Handsomely Shaped and Finished
Every HERRICK is handsomely finished, paneled and shaped—no veneered or pressed panels. Fine grade of coach varnish used.
- No. 7—Choice of Three Best Linings
We use no metal—only these three best materials: White odorless spruce—always white and sanitary; Extra High Grade White Enamel brilliant, glossy, durable and beautiful White Opal Glass.

ICE WATER WITHOUT ICE WASTE
A constant supply of ice water, ready the instant desired, is made possible by the HERRICK Sanitary Water Cooler. City water, spring water—any kind—may be kept cold and clean by the use of Herrick coils.

With these there is no need of chipping the ice and letting it melt in the water pitcher or tank. Keep the ice intact, cooling both food and water.

The coils are set under the ice for connection directly to city water pipe, or a two-gallon glass tank may be used for well, soft or mineral water.

INSPIRING YOUTH

Premier Mussolini of Italy recently took a diplomatic and sensible way of reproving the adulation of a group of citizens who came forward with a proposal to build a monument to his valor and greatness. He told them to come back in 1950. A Chicago citizens' committee has other plans for 1950. It is based upon a wholesome wish to inspire the youth of that city to cultivate qualities that will build citizenship. The committee has set out to inquire: "Who will be our best citizens in 1950?" The best boy in the city is to be scientifically sought out and labeled as possessing the potential qualities that will make him the best citizen in 1950. Boys from 14 to 18 years of age will be scrutinized in the contest and one of them will be awarded the honor of future worth and greatness upon a composite standard to be devised by the city's present leading men.

"It would take a great prophet to answer the question of who will be the best citizen of 1950," one of the committee says, "But it is possible to determine our conception of the qualities required and to set them forth as a standard. Great care will be taken that the recognition according to the winning boy will serve as an inspiration to him toward better things and not to serve in any way to spoil him. It is time however that while attention is being called to physical and mental achievements, the greatest recognition should be given to those virtues which make for the best citizenship. Chicago's greatest riches are in its youth—our boys and girls far outweigh material or cultural advantages."

An interested nation will approve his Chicago movement to turn the thoughts of its brilliant youth to the future instead of present pleasure. If the reform had been instituted two years ago Chicago might have been saved its sordid experience with the effect of misdirection of effort by two of its talented native sons. They wanted thrills and wound up in a prison.

Building Permits

Two more building permits were issued late this week by city secretary Mrs. Mattie Trammell. J. J. Robbins was granted the permit for the construction of a dwelling on Elm st. to cost approximately \$3,500.

Henderson and May are the contractors. A permit was issued to C. L. Corbin for the erection of a dwelling on Bradford street, to cost approximately \$1,200.

Camps from Colorado, Lorraine, Roscoe, Merkle, Abilene, Roby, Blackwell, Snyder, Hermleigh and Nolan, have been invited.

A splendid program will be given, including the Sweetwater W. O. W. orchestra and the 101st Regimental W. O. W. Band.

All W. O. W. members and Woodmen Circle members and families are invited.

Have You Tried That
Country Style Cured Ham

It hasn't been on the market so very long and its rapidly increasing sales indicate better than anything we could say how popular it is proving. There is a reason of course. One is that fine flavor. Its just what we claim it--genuine country style cured ham. Makes that good old fashioned gravy, too. Fine for hot weather meals, when the appetite is apt to be just a little uncertain.

Phone 654 NOT BECAUSE BUT BECAUSE **B** EST BIGGEST EST Phone 655

Patterned after the New England type, every detail in this cozy home is colonial. The wide siding, the large brick chimney, the quaint dormers and inviting terrace and entrance all go to make this home attractive. The large living room, which really is living and dining rooms combined, is large and spacious; an artistic fireplace occupies one end of this room. A breakfast nook is provided just off the kitchen. The rear porch or basement is accessible from the kitchen entry. A small broom closet is also placed in the entry. One bedroom and a bath with handy linen case is built in on the first floor. The kitchen has numerous built-in features, among which is an ironing board. The sink and cupboards occupy the outer wall space, where there is plenty of light and ventilation. The second floor is arranged for two good bedrooms; a sewing room or dressing room; good closet space and storage. There is a full basement, with furnace, fuel, laundry and storage space--an ideal arrangement for a modern home on a 50-foot lot.

RIOT QUELLED

Government Troops Round Up Rebels And Restore Order After Fight In Streets Lisbon

By United Press.
LISBON, Portugal, April 18.—An incipient revolution was quelled by

troops loyal to the government today. Fighting took place in the streets of Lisbon. Grenades were thrown and passerbys killed. Government troops rounded up the rebels and established order.

Mrs. Rufus Wright and Mrs. Sie Edwards were visitors at Abilene Saturday.

MURDER CHARGE

Ousted Head of Indiana Klan Indicted For Murder Connection Death Miss Madge Oberholtzer

By United Press.
INDIANAPOLIS, April 18.—David C Stephenson, ousted Grand Dragon of the Indiana Ku Klux Klan, today was indicted by the Marion county grand jury on first degree murder charge in connection with the death of Miss Madge Oberholtzer, an Indianapolis girl. Earl Klenck and Earl Gentry, alleged conspirators in the kidnapping of Miss Oberholtzer, from her father's home here were also charged with first degree murder.

The murder indictment was based on charges that Stephenson and the other two men refused Miss Oberholtzer medical attention after she had taken poison.

URGES ECONOMY

President Coolidge Renews Advocacy Of Economy for Individual, Business and Oothers Over Radio

By United Press.
WASHINGTON, April 18.—President Coolidge renewed his emphatic advocacy of economy for the individual, for business and for the govern-

ment in a radio address here today to open the Woman's World Fair at Chicago. Mr. Coolidge made no reference in his speech to criticisms recently reaching the White House from some business circles that that constant emphasis on economy should be continued.

"It is particularly urgent that the government's business be placed on a basis of rigid economy," Mr. Coolidge asserted.

PROTESTS SALE

Governor General Wood Cables Objections to Sale of Liners to Dollar Steamship Line.

By United Press.
WASHINGTON, April 18.—Governor General Leonard Wood of the Philippines has cabled strong protests to the War Department against sale of the five President type liners now operated by the Pacific Mail Steamship Co., to the Dollar Line as proposed by the shipping board, it was learned today.

Wood said all chamber of commerce and many leading firms in the Philippines opposed the sale on the grounds it would create a monopoly in shipping between the Islands and the United States, and added his personal opinion that the creation of the monopoly would be most unfortunate to the interests of the Islands.

BOY ABDUCTED

Grandmother San Antonio Lad Swears Warrant for Aggravated Assault—Mother Ill

By United Press.
SAN ANTONIO, April 18.—Declaring that she knew the identity of the man who kidnapped Roscoe Henry Canaday, Jr., 5 year old, Mrs. J. B. Caldwell, the boy's grandmother filed a complaint in the county attorney's office charging the man with aggravated assault on her.

Mrs. Caldwell was severely beaten in an attempt to frustrate the abduction.

Mrs. Canaday, the boy's mother, is still prostrated and is under the care of a physician. Roscoe's parents are separated. The boy's father, R. H. Canaday, Sr. is senior vice president of the Canaday Trust Corporation of New York.

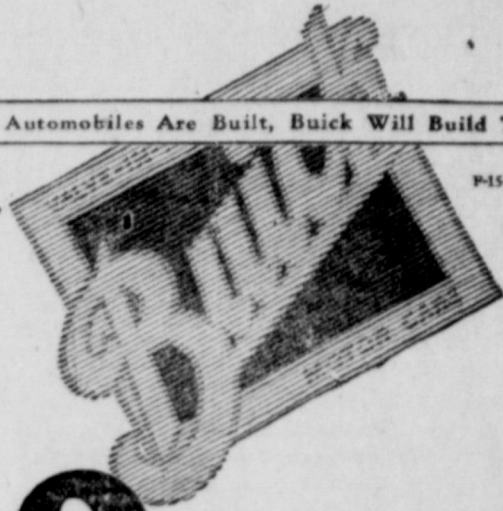

DISMISS CHARGES

Men Indicted For Mail Robbery Released by Acquittal

By United Press.
LITTLE ROCK, April 18.—Vernon Heath, contractor, indicted with Tom Poe and Wallace Davis in connection with concealment of bonds stolen in the Roundout, Ill. mail robbery was dismissed late today.

When Better Automobiles Are Built, Buick Will Build Them

No. 1

Question: Why are more women driving Buicks than any other make of six-cylinder car?

Answer: One reason is the striking appearance of this famous motor car. Then comes Buick dependability. A woman knows when she starts out with her Buick that she will "get there and back." Other reasons are—the comfort in driving a Buick—the velvet clutch action, easy steering; then the power and quietness of Buick's Valve-in-Head engine and the safety of Buick mechanical four-wheel brakes.

RESERVE BANKER RESIGNS

D. A. McKinney of Federal Reserve Bank to Head Dallas Bank

By United Press.
DALLAS, April 18.—D. A. McKinney, governor of the 11th district of the Federal Reserve Bank will resign his position in May to become head of the American Exchange National Bank of Dallas, it was announced here today.

At the same time it was learned that Val J. Grand, deputy governor, recently resigned, would leave May 1, to become vice president of the Citizens National Bank of Los Angeles.

LIKES REPORTER

Mrs. Stevens Compliments Reporter For News Service.

Mrs. Stevens writes in from Blackwell. I have just received my copy of the Daily Reporter of the 15th in which Collins News was printed. I surely do enjoy your newspaper and my friends here tell me they do, as they get the news from all over the country out of the Sweetwater Reporter. And it especially makes us glad to see the news from the rural communities.

We are proud of the Sweetwater Reporter for reprinting the items concerning our rural schools. Mrs. J. K. Stevens, Blackwell, Tex.

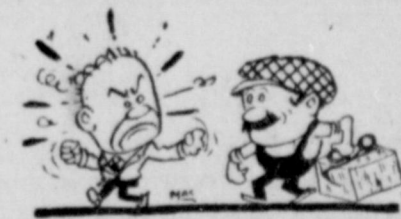

WORLD-WIDE GOOD WILL

The world-wide good will which Dodge Brothers Motor Car has earned for itself during the past ten years, is emphatically the most valuable asset that Dodge Brothers Inc. possess.

The public may rest assured that nothing will ever be done to jeopardize in the slightest degree this enviable and priceless reputation.

The policies and practice which have shaped the destinies of Dodge Brothers in the past, are in full force today, and will continue in full force so long as a motor car bearing Dodge Brothers name shall be manufactured.

"AT YOUR SERVICE"

SWEETWATER SECOND
(Continued From Page One)

the Sweetwater team lost. Incident by the affirmative won in the finals. The negative sides winning only 4 times out of 20 odd debates. Supt. McLain was requested to bring some of the arguments used by the Sweetwater girls to Simmons College, whose intercollegiate debating team was so im-

pressed with the argument of Sweetwater debaters that use of it was requested. McLain stated upon his return here Saturday night he would comply with that request.

D. A. Clark and Hubert Toler sailed part way through the top of the car in which they were riding to Abilene Saturday when a bad bump in the road was encountered. Bruised

heads and a broken top bow were the only material damages. They visited the District Interscholastic Meet.

ORGANIZE NEW TROOP

George Massey is Scoutmaster of Boy Scout Troop No. 2.

Boy Scout troop No. 2 was organized Friday night at the First Baptist church with George Massey as Scoutmaster. Regular meetings are to be held each Friday night.

The troop was not completely filled and all boys wanting to join this troop should see Scoutmaster Massey.

Mrs. C. A. Freeman and son, Chas. Alvin, who have been visiting her father, C. S. Boyles, and other relatives, will return Sunday to her home in Coleman.

PALACE

Songs that were familiar fifty years ago were the order of the day recently on Norma Talmadge's set at the United Studios, where the Joseph M. Schenck star made "Secrets", a First National picture and a drama of ermine days.

Bill Bailey, Arthur Van Den Bogard and Paul Finstein, the musicians at the set ransacked Los Angeles libraries of old English and American songs for Norma's photoplay.

Old songs by the score came floating from Stage Six from 9 a. m. to 6 p. m. The hymns which good churchgoers used to sing a half century ago were resurrected as well as the Harrigan and Hart and Emmet yodels and lullabies.

Sitting outside the canvas gate which gives entrance to Norma's stage, sits an aged watchman. Visitors saw him wiping the tears from his eyes after the orchestra had finished a melody of the old times.

And women folk who see "Secrets" when it is finished are due for a quite little cry, too, for "Secrets" will far excel Norma's "Smiling Through" in emotional appeal. At the Palace Monday and Tuesday.

Rev. D. B. Dodg, pastor of the First Methodist Church at Stamford and formerly pastor of the First Method-

ist church at Sweetwater, passed thru this city Saturday enroute to Snyder where he will hold a two-weeks revival meeting.

TEN YEARS DEFENDABLE

Allen Comments on Motor Car Dependability

"For ten years—dependable. These words express the successful attainment of an ideal conceived in the minds of the founders before the first car bearing Dodge Brothers name was placed in hands of a purchaser late in 1914," says H. B. Allen of The Allen Motor Co., local dealer in commenting on Dodge Brothers latest achievement.

"Having decided to produce a car bearing their name, Dodge Brothers kept 'Dependability' constantly in their minds while they were designing the units selecting the materials, prescribing the heat treatments and determining the machining and assembling processes and inspections.

"The four-cylinder, L-head type of engine was selected because it has always been known, over great periods of service, to be the most dependable and free from need of repairs.

"That their judgment a decade ago was sound is evidenced clearly by the fact that over 75 per cent of all passenger cars today are powered by four cylinder engines and that last year Dodge Brothers sales showed an increase of over 25 per cent against a loss of 11 per cent by the automobile industry as a whole.

"Dependability of the chassis is the result of a well balanced design—of which Dodge Brothers Motor Car is an outstanding example. All units and component parts are designed and manufactured to work together in smooth co-ordination—none overdeveloped at the expense of others.

"When one million Dodge Brothers Motor Cars had been produced it was found that over 90 per cent were still in active service. This fact affords ample evidence of generous public approval of the sound policy of building a car of enduring dependability."

IMPROVED SERVICE

On Your
AUTO STARTER AND GENERATOR WORK

We are installing new and very expensive equipment, including a motor driven lathe, to better care for your automobile electrical work. This enables us to turn out a superior grade of workmanship that cannot be improved upon in any city in this section. Four Points to Consider Before Buying Any Car

The Club Sedan

In your own interest, four considerations should govern you in the selection of your next car.

Performance in actual tests, riding and driving qualities, economy of operation and maintenance and manufacturing background.

We welcome a complete examination of the new good Maxwell on all these points. We are eager to demonstrate new and finer four-cylinder results and will gladly show you at any time how silently it performs, how alert it is, sweeping you from 5 to 25 miles in 8 seconds. If you wish we will carry you along at 58 miles an hour. At the same time you are making these tests you will not fail to note how easily it rides and drives.

For economy we direct you to thousands of contented owners who report 25 miles to the gallon of gasoline and amazingly low upkeep costs.

As for soundness of construction, dependability and long life, bear in mind that the new good Maxwell is not only the product of one of the strongest organizations in the industry, but that it is completely built within its own great plants. In no other way could you be assured of Maxwell quality at the new good Maxwell price.

Remember, we are eagerly awaiting the opportunity to prove these Maxwell facts.

Touring Car, Roadster, Club Coupe, Club Sedan, Standard Four-Door Sedan— attractively priced from \$885 to \$1095. All prices f. o. b. Detroit, tax extra.

We are pleased to extend the convenience of time-payments. Ask about Maxwell's attractive plan. Maxwell dealers and superior Maxwell service everywhere.

AH! Another Cup Please! It's Texas Cafe Coffee!

You really can't drink enough of Texas Cafe Coffee. That rich tang is found only in a Coffee of such excellent quality as is especially blended for use on dining cars, and it is only 5c per cup.

Our coffee is a medium by which you may judge the foods served at this cafe. We buy only the best that can be found, prepare it as carefully as only an experienced chef can, and serve it to you at the lowest possible price consistent with quality.

We will be very glad to have you dine with us today in our clean, cool dining room. Prompt, courteous service.

TEXAS HOTEL CAFE

HYLTON NEWS
Mrs. Will Robertson and son Bynum of Winters were in Hylton Saturday.

Mrs. Robertson attended a called meeting of the Eastern Star Lodge. Two new members, Miss Ruth Derrick and

Miss Bertha McClure of Decker were initiated. Refreshments were served to members of the Lodge and their families.

John Storey has gone to San Angelo where he will enter the business college.

Mrs. Oswald Everett of Decker and Miss Nita Richards of Bronte were in Hylton Saturday.

Mr. and Mrs. Will Huffines of Winters were in Hylton Thursday visiting Mrs. Huffines's brother, Jim Robertson.

Mr. and Mrs. Jim Robertson went to Big Spring Sunday to carry Mrs. Robertson's aunt, Mrs. Laura Bynum who has been visiting them.

Clyde Storey and Miss Velma Kinsey; John Storey and Miss Pearl McGinley and Rolfe Kinsey and Miss

Olle Sony motored to Blackwell Sunday afternoon.

Mrs. Collie Chastain returned home Monday from Temple where she has been the past month with her sister Mrs. Heck who is in the sanitarium there.

Miss Alice Cochran spent the week end in Winters with Miss Laura Robertson.

Mrs. J. A. Pratt, Mrs. Comstock Manzey and Mrs. E. McTorey of Decker attended a meeting of the Eastern Star Lodge here Saturday afternoon.

Mr. and Mrs. Millard Hunter spent the week end in Glen Cove with Mrs. Hunter's aunt, Mrs. Rendie Duncan.

Lillie Blanton Rawcane has been in bed the past week with measles. A number of children have quit school on account of the measles.

The children of the Sunday school enjoyed an egg hunt Sunday given by their Sunday school teacher, W. J. Griffin and family, Jim Kinsey and family, W. M. Kimble and family, Joel Kinsey and family, Charlie Haggerton and Miss Gladys Smith all spent the day on Oak creek Sunday. They report a good time and that they caught lots of fish.

Mrs. Nora Mosley and her mother, Mrs. Smith, have moved to Wingate where Mrs. Mosley has accepted a position with Prewitt-Eason and Co.

PLASTERCO NEWS

Special to Reporter.
Plasterco is now an independent school district. Out of 40 votes, not a vote was cast against the incorporation.

The Gyp Millers played the McCaully High School last Friday. The score was 4 to 4 at the close of the 12th inning when the game was called.

Rev. Leon Henderson of Clarendon has just closed a very successful meeting here. Several convicts were made, while four joined the church.

W. S. Calhoun the foreman of the plant here is able to walk. Mr. Calhoun was hurt by a piece of falling timber a few days ago.

The following students won first place in the county meet: Edith Johnson, declamation, Senior girls Doris Johnson, Junior Girls' declamation Elsie Riddle, extemporaneous speaking; Granville Clark, 220 yard low hurdle, time 33. Clark also won second in the 100 yard dash.

OPEN MIND COLUMN

Editor Reporter.

The request from some "Sweetwater Girls" addressed to Mayor Ford for the importation of some boys to Sweetwater, is rather peculiar, and the parties making it are trying to make merry with our Mayor, or, reveal a lack of information about the kind of boys Sweetwater now has. The Boy Scouts and the DeMolay organizations are composed of fine, manly young fellows; industrious, intelligent and of good breeding. There are other boys not members of either organization that are just as worthy.

Outside of the corporate limits of the city there are the boys agricultural clubs of the county, composed of boys in the rural schools. These boys are industrious, intelligent, and of good breeding. That this is true of those active club boys has been proven at our club meetings in Sweetwater for many years. To determine whether Nolan county boys are worthy of our

confidence and esteem; whether they have that stability of character and continuity of purpose, that when reaching manhood, and acting upon their own responsibilities, they can and will achieve success in what ever vocation they may choose, may be determined by a brief study of the lives and successes of those who have reached their majority and are now meeting the responsibilities of young manhood.

In reply to the question "What have these former club boys done to warrant the above statement?" It is only necessary to state briefly what they have done and are now doing. First we will mention Merit Mauzey and Ray Ramzel, stockholders in the Sweetwater Hatchery. As poultry breeders, their future is very promising.

A. H. McElmurray of White Flat is a farm owner, school trustee, and active in Sunday school and church work.

Melvin Greg of the Barnett community is a successful breeder of Poland-China hogs.

Will H. Scott, is county superintendent for Nolan county.

Billie Whitesides of Blackwell spent two years at Simmons, two years in S. M. U. and is now a successful farmer and stockman.

Jimmie Hopper of Blackland community is an efficient rural school teacher and is rapidly climbing the ladder of success.

Harry Hantche of Champion was in the aviation service during the war and when heard from last was doing electrical engineering in New Mexico.

Homer and Streetman Hendrix of Nolan and owners of an 800 acre stock farm.

Robert and Edgar Carson are two prosperous young farmers located on the South Plains.

Leland Derrick is principal of the High school at Sherwood.

Many others might be mentioned who are making good in their respective vocations.

Of those club boys now attending school might be mentioned Wayne Long of Roscoe, attending A. & M. College of Texas; Cecil Long of Roscoe attending the Medical School at Galveston; Wheeler Seale of Roscoe attending Baylor Medical at Dallas; John Lewis of Blackwell is attending the North Texas A. & M. College at Arlington; Crutcher Scott of Bitter Creek is attending a business college in Fort Worth.

One of the many good things that might be said of those boys active in the club work of the county, is that there has never been one of them charged with a misdemeanor or felony.

W. C. Calvert, County Agent.

WHY NOT?

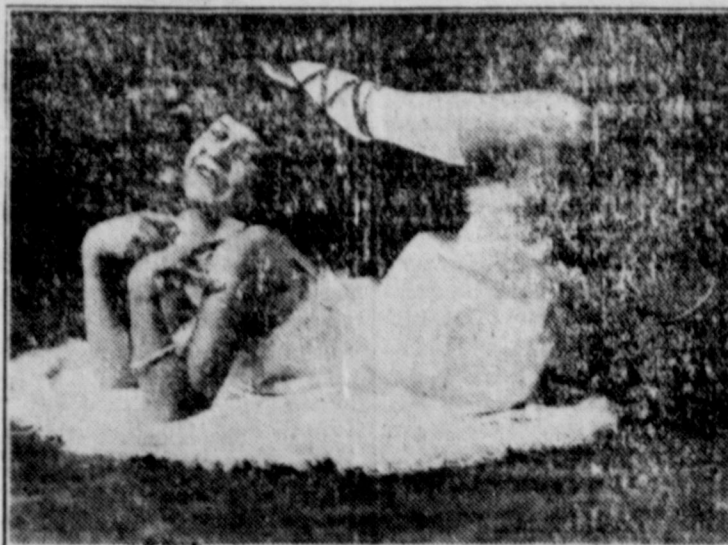

How are you going to spend your time in the long afternoons this summer?

The majority of people have nothing to do after five-thirty of six o'clock so why not everyone put their shoulder to the wheel and aid in organizing a few city league baseball teams. Let the churches, fraternal orders, various business houses, etc. form a nine so we will have plenty of interest and some place to go. We could play five or six innings every afternoon.

We have a park, players and spectators, so somebody start, organize and challenge someone and if they are not organized, they soon will be. It will work, for many cities have tried it.

What Woman Can Lift
A ROCK WEIGHING 1000 LBS?

For a woman to lift a rock weighing half a ton would be out of the question. She wouldn't want to do it, and no one would expect her to.

Yet the energy consumed in doing the family washing—amounts to as much as lifting a thousand pound rock.

And there's no reason for her doing this when we offer laundry service at such a low price. Everything is washed and ironed; some articles require some touching up at home. Call us today.

TELL THEM YOU SAW IT IN THE SWEETWATER REPORTER!

Wives of today—
do you agree with this?

My husband—
in his relations
with other women
may be always
be right—but my
husband.
right or wrong.

This was the code of one wife—a wife who knew her husband—his past—his present. It's the basis of a drama so strong in theme that only an artist such as Norma Talmadge could portray it.

SPRING CLEARANCE

During the Next Two Weeks
Including Every HAT and
SILK DRESS

You have seen some HASEN SPECIALS before, but you have never before seen one like this. The price of every item included in this sale is marked in plain figures on red tags.

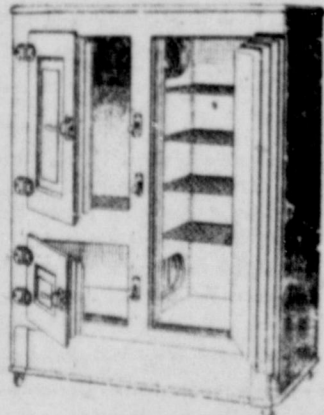

We are placing in this special offering all of the season's newest showings in Millinery. Hats for bobbed heads and hats for heads not bobbed, at the prices are amazingly low, because we do not wish to carry over into Summer, any of our Spring stock.

Dresses galore in only the best shades and materials of the season. Here are Dresses in Silk, Crepe and Flat Crepe, by far the most popular material. Some of them are in solid colors with contrasting trim, others in printed or figured materials. All are lovely numbers and individual models.

Be sure to come in before the size range becomes too badly broken better select your hat and frock before they are gone.

The Leonard
Cleanable

The High Quality of the Leonard Refrigerator and its many superiorities make it the favorite everywhere. Come in and let us show you. Prices reasonable.
