JOURNAL NAMES STORES OF 1915

Old Sweetwater Newspaper Gives Number of Each Business in City Ten Years Ago

NEW LIST SHOWS GROWTH

City Made Great Progress Since Journal Was Published—Gives War News—Hopkins Editor

An old copy of the Sweetwater Journal, published nearly exactly 10 years ago, on May 1, 1915, gives a "booster" story on the front page in which the advantages of Sweetwater are recounted. The exact number of business of each nature is given.

The city, ten years ago, according to the Journal, boasted some of the following businesses:

Six dry goods stores; 1 exclusive shoe store; 2 confectionaries; 4 furniture houses; 3 jewelers; 1 exclusive men's furnishings; 3 printing offices; 6 hotels; 6 groceries; 5 drug stores; 3 markets; 4 garages; 5 tailors; 4 banking institutions; 3 cafes; 1 department store; 2 automobile agencies; 6 barber shops; 3 theaters; 3 real estate men; 2 electric companies.

The heading of the article was "What Sweetwater Now Has" and the list included "1 institute of massage, 6 blacksmiths, 9 lodges, 3 music teachers, 1 Chamber of Commerce with 267 members, 39 miles pike roads, 1 Optometrist, 1 horseshoer, paved streets, 5 miles sidewalks, Santa Fe roundhouse, 1 livery stable, 1 one-half million dollar dam, 1 electric fire truck, 1 fire station, 13 attorneys and 8 preachers."

Had War News
The paper which was edited by J. C. Hopkins, is now among a collection of relics owned by Judge R. C. Crane. The Journal on May 1, 1915, was just making its debut in Sweetwater and the copy referred to was volume 1, number 1. It was printed seven columns and announces the fact from the front page that a linotype machine is being installed. The lead story on the front page was headed "War News From the Front" and contained a number of London dispatches concerning a sea battle between British and German vessels.

City Has Growth
A comparison between business establishments in 1915 and the present growth during the past ten years. In many instances, there are two for one of each business now when compared with 1915.

A partial list of the ordinary businesses here as follows, show the growth, in some instances, and decline in other businesses, in the past ten years:

Two music stores; 4 furniture stores; 5 meat markets; 7 hotels; 8 department stores; 8 cotton companies; 5 ladies' ready-to-wear and millinery stores; 10 groceries; 8 suburban groceries; 9 drug stores; 5 confectionaries; 8 garages; 14 filling stations; 5 lumber companies; 3 electric companies; 2 hardware stores; 8 automobile agencies; 5 tailor shops; 3 exclusive men's stores; 1 sanatorium; 1 sanitarium; 1 exclusive paper and paint shop; 3 jewelers; 3 printing establishments; 2 newspapers; 3 picture shows; 2 commercial telegraph offices; 2 saddle shops; 1 candy factory; 1 hatchery; 3 undertakers; 2 variety stores and 8 barber shops.

Merchants Advertise
The Journal on May 1, 1915 carried advertisements of W. L. Jolly Co.; Household Furniture Co.; The Cash Store offering summer suits at \$6.50 to \$10.00; The City Tailor Shop; Wright's Furniture Store; Roy Campbell Transfer Co. and the Grogan Wells and Boone Institute of Massage. The Sweetwater Theater "under new management" announces matinee and night; A Bird's a Bird, Keystone comedy in 1 part and The Death Dice, a Reliance Drama in 2 parts.

GUilty OF CONSPIRACY

Alleged to Have Removed 50 Barrels Liquor From Warehouse—Said Harding's Order

By United Press.
NEW YORK, May 4.—The Federal Circuit Court of Appeals today upheld the conviction of Gaston B. Means, former Justice Department agent, found guilty last July for conspiracy to violate the Volstead act.

He was convicted of assisting removal of 50 barrels of liquor from the Sam Houston Distillery warehouse, at Brownsville, Pa.

Means was sentenced to two years imprisonment, and fined \$10,000. The case was appealed.

Means claimed he was working on a special mission for President Harding, investigating bootlegging, when he was arrested.

Record So Strong Throws Needle Off Seismograph—Distance and Direction Not Known

By United Press.
NEW YORK, May 4.—The Fordham University seismograph recorded an earthquake of unusual severity about 7,700 miles from here yesterday afternoon.

The record indicated that the quake was in the south Pacific.

Throws Off Needle

By United Press.
OTTAWA, Ont., May 4.—Two earthquake shocks so strong as to throw the recording needle off the seismograph were recorded here yesterday at the government observatory.

The record was of such severity that the distance and direction could not be determined.

Was Predicted

By United Press.
NEW YORK, May 4.—Professor Fafaelle Blandini of Italy, last week predicted a series of earthquakes to start about May 4—the heavy shocks to be in the south Pacific. Other shocks were predicted for May 9.

Felt in Italy

SAENZA, Italy, May 4.—The Seismographs in the observatory of Prof. Blandini, famous Italian earthquake prophet, recorded today an extremely violent three-hour earthquake about 10,000 kilometers away.

This tends to substantiate predictions of Prof. Blandini given to the United Press, Friday, that shocks would occur in the Pacific ocean and probably in South America, May 4.

A Wet World

This was a wet "world" until police noticed its peculiar equator. Examination revealed that the northern hemisphere was detachable and that within the globe was an oasis—a liquor cache. Theoretically, police say, this cache may be within the Volstead law as all intoxicants in the decanter were below the equator.

ARMADA IS READY FOR RUM BATTLE

More Than 60 Craft, Including Three Revenue Cutters, To Attack Rum Ships

WILL SHOOT TO KILL

Boats Are Swift and Are Armed With Machine Guns—Greatest Armada Ever Mobilized

By United Press.

CLIFTON, N. Y., May 4.—Armed, manned and equipped for war, more than 60 craft were in readiness at the Coast Guard base here for a "war of extermination" against rum row, with orders to "shoot to kill."

This fleet, which includes three revenue cutters, is expected to sail tomorrow to attack a whiskey armada stretched over a long line of the coast. It consists of units from the coast guard of the entire Atlantic seaboard.

James Dudley, brother of the late mayor, was offered the post today but declined. Efforts will be made to fill the office today.

HOUSTON IS BAD DURING WEEK END

Holdup, Stabbing Affray and Auto Accident Kills One, Puts Seven in Hospitals

INTERURBAN HITS CAR

Six Months Old Boy Killed—Street Car Conductor Has Narrow Escape From Hijacker

By United Press.

HOUSTON, May 4.—Casualties over the week-end resulting from a holdup, a stabbing affray and an interurban accident were one dead and seven in hospitals.

Alton Michon, 6 months old, was killed when a Beaumont-Port Arthur interurban crashed into an auto. Three other members of the Michon family were injured.

The metal number plate on the cap of J. W. Lindley, street car conductor, saved his life early today when he was fired upon three times by a hijacker who attempted to hold up the car. A wounded man was held by police in connection with the holdup.

Frank Creasy, an invalid, was stabbed severely during a quarrel. Reccoe Webb, 29, was held by police in connection with the stabbing.

Bandit Was Hungry

By United Press.
HOUSTON, May 4.—Following a bloody trail from the scene of the street car hold-up here this morning, police found Jack Henderson, 17.

Though wounded in both arms and in a daze from the force of the bullet against his metal cap, Conductor Lindley, of the street car, wrested the gun from the bandit and fired three remaining shots into the darkness.

Police said Henderson confessed to the holdup, giving as a reason for his turning to banditry, that he was hungry and could get food in no other way.

OIL MAN FOUND DEAD IN DALLAS

Body of Harold Walker Found in Work Yards by Men Early Monday—Was Thrown Over Fence

APPEALED FOR PROTECTION

By United Press.
DALLAS, May 4.—Alcoholism was the cause of the death of Harold Walker, according to a coroner's verdict returned after the body was found here today.

Prior to the verdict, officers had discounted the foul play theory as no marks of violence were found on the body.

Walker appeared in a dazed condition at police headquarters last night and appealed for protection, declaring that his life was threatened.

The body was found by workmen today in the yards of the Dallas Power & Light Co. Police said the dead man was clutching a packet of morphine in his hand.

By United Press.
DALLAS, May 4.—Authorities here today were investigating circumstances surrounding the death of Harold Walker, Dallas oil man, found by workmen here today.

The body had apparently been dragged some distance, according to marks on the clothing, and thrown over a board wall. A ladder was seen near by.

Walker was seen alive last night. He had been dead several hours.

BOOSTERS ARRIVE MINERAL WELLS

Sweetwater Delegation of Over 200 Hits Convention City Sunday Afternoon—Good Headquarters

CHITWOOD SPEAKS SUNDAY

Fills Pulpit Baptist Church, Address Broadcast—Band Boys Ready—Sweetwater in Limelight

By Staff Correspondent.

MINERAL WELLS, May 4.—The best located headquarters here welcomed over 200 Sweetwater boosters Sunday afternoon. All the cars in the long automobile caravan from Sweetwater made the trip safely from four to seven hours.

Recreation activities were in full swing here Sunday. Amarillo is working hard for the next convention, and the consensus of opinion is that Amarillo will win it for 1926. Sweetwater can have it in 1927, if the city wants it.

The convention was called to order at 8 o'clock Monday by Pres. Walsh. Today is Shrine Day, and many Sweetwater Shriners are prominent in the attendance.

John McCurdy will preside at a dinner and conference of Commercial Executives and Unit Directors at 6 o'clock this evening.

Jess Robertson was trying to lease a restaurant Sunday to help feed the crowds.

It was estimated that there is a third more than at any other convention. Sweetwater has the entire Lamar Flats at its disposal, and the best bunch of boys in West Texas are bused from Sweetwater.

Over 5,000 Present

MINERAL WELLS, May 4.—Thousands of delegates and visitors from all parts of West Texas were here today for the opening session of the annual convention of the West Texas Chamber of Commerce. More than 5,000 visitors were here early today and many more were expected to arrive during the day.

Problems affecting the "Empire of West Texas" will be discussed during the three days of the convention.

Scores of bands were on hand to try for musical honors, while bus delegates lined up support for the next convention. Amarillo was bidder for next year's convention in the panhandle, while Wichita Falls and Abilene were also in the running for the next convention as the session opened.

Sweetwater boosters, who make up this city's delegation to the West Texas Chamber of Commerce convention, opening in Mineral Wells today, left Sweetwater Sunday afternoon at 1 o'clock, over 200 strong, for the overland journey to the convention city where all West Texas is gathering for three days of fun, frolic, boosting and business.

Accompanying the delegation was the Sweetwater Boys Band, a 35-piece organization which won laurels at the Brownwood convention a year ago, the Sweetwater Saxophone band, and a comedy band. The latter was composed of members of the old Sweetwater band. Signs, stickers, posters, hat and arm bands added a touch of color to the lively procession which pulled out of here Sunday afternoon.

The band boys, who have outgrown uniforms worn at Brownwood last year were dressed in a similar garb consisting of dark trousers, white shirts and red ties. The boys will lead Sweetwater's delegation in the colorful parade of delegations, a parade which will be from two to four miles in length. The Saxophone band, of 10 pieces, will give a number of programs and the comedy band expects to add a lively note to the proceedings with a series of original burlesque concerts.

An entire house, two story, 18 rooms has been chartered for the three days and will be occupied by band boys and other Sweetwater people. The band boys were rushing about Sweetwater Saturday and Sunday morning, gathering up coats and blankets for the three days of "camping in" in Mineral Wells. One of Mineral Wells' four tourist parks, designated as Park No. 1, has been reserved for Sweetwater and other delegations from Stephenville, Comanche, Spur and Coleman.

Several members of the Sweetwater delegation, constituting the advance guard, went down Saturday and Sunday morning. These included Rufus Wright, a vice-president of the chamber, John McCurdy, secretary of the Board of City Development and Hon. R. M. Chitwood. The latter addressed a large crowd at the First Baptist church at Mineral Wells, Sunday and his speech was broadcasted by WBAP station, Fort Worth. Many Sweetwater radio fans heard the address Sunday morning.

Press reports Monday morning indicated that the race for the next convention has narrowed between three towns, Amarillo, Abilene and San Antonio, the two former two being slightly in the lead. Sweetwater was prominently mentioned in Mineral Wells dispatches as being very much in the limelight, and having a smooth road toward winning the 1927 convention.

A SOFT-SPOKEN BEGINNING

Gen. L. C. Andrews, newly appointed supervisor of prohibition enforcement, denies reports that he will bring "hard-boiled" methods to the work of his division. He will rely instead upon "commendation of good work by subordinates, the installation of a spirit of leadership, and pride of accomplishment." He believes that these measures will cause a new morale to spread like wildfire through the organization. The country will be glad to note what the general does with such a policy, which begins with all the ostent and melody of a modern political platform. But the bootleggers, knowing his repute for direct action, probably expected another line of attack from the general. They wasted fast and opulent when Commissioner Hayes bombarded them with words, and when for good measure he even wrote a few books. Changes are that before the year's service is done, Gen. Andrews will be less the orator and more the soldier in forwarding the work of his department.

The churches didn't begin to grow weaker until the sermons began to grow weaker.

HINDENBURG'S FIRST MESSAGE

No other nation, not even France, can object to the advice President-elect Paul Von Hindenburg has for Germans. It is simply, "Go To Work!" Joined with this counsel are good words for the church, the home, and the kitchen, institutions that are not to be neglected by the people. This message carries no hint of menace to the Dawes plan. It need not disturb the tranquility of any chancellery in Europe. It gives no neighbor nation a pretended excuse for "arming against Germany," or making its burden

gets heavier for taxpayers to bear. A nation that goes to work and remains at its tasks, producing wealth and comfort for its people, has taken the one best step toward outlawing war, a condition of which diplomats and uplifters forever dream but do very little toward promoting.

Times change little. "Let the buyer beware" was a slogan long before prohibition.

The death rattle was known to the ancients, but it was in a throat instead of a flivver.

Women have it easier. It takes pulling to dress a man, but gravity does it for a woman.

ANOTHER MITCHELL VICTORY. Brig. Gen. Wm. Mitchell has taken his farewell of the air service. He submits with good grace to being reduced in rank for his opinion that superior officers of the army and navy underestimate the importance of aviation in national defense. His parting message expresses the belief that public opinion will correct the error of their view and compel congress to make a decent appropriation for enlargement of the air fleet. Even as Gen. Mitchell was speaking, word was coming from Honolulu of the theoretic victory won by air defense over a combined hostile marine and aerial force that made a gesture toward capturing Boholano Drama in 2 parts. This mythical battle proved every claim which had been urged by the independent general upon superior officers, who were as deaf as graven images to all his warning. But the country has heard his call. Already a sentiment is maturing that for the future will make it a little more difficult for an opinionated general staff to squander hundreds of millions upon equipment that is obsolete before it is put into service, while starving a much less expensive arm of defense which in repeated trials has established its usefulness.

Such popularity must be deserved

THE magic carpet of the Thief of Bagdad! The greater magic of Douglas Fairbanks, whose very name packs theatres to the doors! Mr. Fairbanks has won success in many roles, Chesterfield in but

one. Yet both have achieved their immense popularity by the simple process of deserving it. Downright better taste—that's the "magic" of Chesterfield! What else could account for such popularity?

WHITE POINT NEWS

The farmers are very busy in this part of the community planting cotton and beed.

Mr. and Mrs. Claud Faulkinberry are the proud parents of a boy. Mrs. Vernon Harris spent Thursday afternoon with Mrs. Galloway. Mr. T. H. Randolph and family of Hawley, visited relatives here Sunday. Wind Sunday afternoon did considerable damage to out houses in the northwest part of the community. Mrs. W. E. Rogers visited his son, B. A. and family Tuesday.

White Pond lost one of her scholars Wednesday night when Miss Elsie Green became the bride of Mr. Austin Poe, of Neinda. We join their many friends in wishing them a successful journey through life.

White Pond lost a ball game to McCulley last Friday afternoon but did not lose hope as they are to meet again Friday. William Rogers and family, Mrs. Frank Dremman and little daughter, have just returned from a visit to

Brownfield and other parts of the plains. This country was visited by a cold rain and sleet Monday.

MARRIAGE LICENSES

The following marriage licenses were issued by the county clerk during the latter part of last week: C. E. Porterfield, city, and Miss Edna Earl Schwartz, Mills. Henry Carter and Miss Ellen Pointer, Roscoe. W. F. Robbins, city, and Miss Katherine Edwards, city. F. H. Strong, Colorado, and Mrs. Alma Walling.

BARNETT WAVES

(By Special Correspondent.) W. M. Richey made a business trip to Sweetwater, Wednesday. A. M. Reed and wife returned Sunday from Royston where they had been called to the bedside of a relative. Mr. and Mrs. L. C. Gregg were welcomed visitors of school Friday

BILIOUSNESS

Retired Minister Tells How He Keeps in Good Form With the Assistance of Black-Draught.

West Graham, Va.—The Rev. Lewis Evans, a well-known retired minister, now past 80, living here, has a high opinion of Black-Draught, which he says he has taken when needed, for 25 years. "For years I had been suffering with my liver," he says. "Sometimes the pain would be very intense and my back would hurt all the time. Black-Draught was the first thing I found that would give me any relief. "My liver has always been sluggish. Sometimes it gives me a lot of trouble. I have suffered a lot with it—pains in my side and back, and had headache, caused from extreme biliousness. "After I found Black-Draught, I would begin to take it as soon as I felt a spell coming on and it relieved the cause at once. I can recommend it to anybody suffering from liver trouble. A dose or two now and then keeps me in good form."

Made from selected medicinal roots and herbs, and containing no dangerous mineral drugs, Black-Draught is nature's own remedy for a tired, lazy liver. NC-166

Flogged by Turk Police, He Wins a Decoration

Christopher C. Thurber, of Philadelphia, who was flogged by the Turkish police because he aided Greek and Armenian refugees, has been awarded the Near East Relief distinguished service medal. His citation says "He repeatedly risked his life for the help less and persecuted." He contracted typhus while working among the refugees.

All the World's Studio To This Photographer

Ernest B. Schoedsack, of Los Angeles, is called "young-man-going-somewhere" by his friends. He spent two years in Armenia as an official moving picture photographer of the Near East Relief, and his services there won him the society's medal of merit. He was instrumental in the saving of many lives at Smyrna.

Boy Talks for First Time in Eleven Years

SCIENCE has restored the speech of a 15-year-old boy after 11 years of silence. His first sentence since his auditory nerves became paralyzed by a blow on the head in infancy was, "Father and mother, I can talk." Eleven years ago Ray Pawlowski, Milwaukee, then four years of age, was struck on the head with a hammer. The shock caused the brain to reverse the natural co-ordination between the nerve centers and the muscles of the throat. Whenever the boy tried to speak, his mouth, instead of opening, rigidly clenched. A short time ago Ray was placed under the care of Prof. William Duffy of Marquette University, who taught the boy co-ordination of mind and body. Now the lad talks in monotone. His next lessons will be in the modulation and distinctness.

AUXILIARY TO B. C. D. MEET

Discuss Plans for Park Beautification With Mayor Ford.

A well attended meeting of the Ladies' Auxiliary to the City Board of Development, was held at the court house Saturday afternoon, with Mrs. George Parker, the president, in the chair. The ladies were glad to have Mayor

Ford meet with them and they especially appreciated his talk, in which he outlined his plans for City Park beautification and other civic work about the city. He stated that he would be pleased to have suggestions from the ladies along civic improvement lines at all times. All accumulated business was disposed of, the Auxiliary adjourned to meet on the first Saturday in June.

C. H. M'CRON presented the first correct solution and was awarded the five gallons of gas free.

Your Electric Lamp!

Romance! Have you ever thought of its connection with the lamp which illuminates your home, office or factory?

Here are some of the things that go into its making—materials and minerals assembled from all parts of the world:

- Potash from Germany, Feldspar from Sweden, Manganese from the Caucasus, Cork and Pyrites from Spain, Shellac from India, Tin from the Malay States, Tungsten from Japan, Sodium Carbonate from British East Africa, Gum Arabic from the Sudan, Bismuth from Australia, Cryolite from Greenland, Cobalt and Nickel from Ontario, Molybdenum from Quebec, Nitre from Chile.

And back home again, the lamp draws lead from Missouri, calcium, lime, soda and arsenic from various parts of the United States, marble dust from Vermont, alcohol from Indiana, resin from Georgia, cotton from Texas, wool from Montana, mica from North Carolina, copper from Utah, Montana, Wisconsin and New Mexico.

There are things that we have missed, but we have given enough to show that your commonplace electric lamp is more than an object—it is a romantic story of science and invention.
