## BETTER MAILING FEATURES MEET

Importance of Public Co-operation Emphasized at Meeting Rural Carriers in Sweetwater

### PROGRAM CHANGES MADE

Rain and Muddy Roads Hold Down Attendance—Ablene Selected as Next Place of Meeting

Co-operation in Better Mailing Week, higher efficiency in Postal service and the selection of Abilene as the next city in which to meet featured the meeting here Saturday of the Rural Letter Carriers' association and District Postmasters' convention. Rain and muddy roads held down the attendance and necessitated numerous changes in the program arranged.

After the visitors had been entertained at luncheon by the Sweetwater club, the meeting was turned over to Earl Slater of Clyde, vice-president of the association. Miss Ruby Hemby, accompanied by Miss Edith Moody, charmed the gathering with two vocal numbers. Later Lynn Hatcher and Parks Nettlet with Miss Mody drew liberal applause with a violin, banjo and piano trio.

The visitors were officially welcomed in a felicitous address by Mayor John J. Ford and by Postmaster M. B. Howard, John W. Robbins, postmaster of Clyde, responded, thanking Sweetwater for the courtesies extended.

Position of the Rural Carrier Service in the Postal Service was touched upon by O. J. Adcox of Merkel in an address, with a round table discussion on "How Carriers May Assist in Better Mailing Week," led by Carriers Powell of Abilene and Underwood of Gorman.

Addresses on Better Mailing Week, through better addressing of mail, use of return address and other points in connection with increased efficiency of the service, were also stressed in addresses.

George H. Sparenberg of Postmaster of Austin, and John Dodson, president of the Texas R. L. C. A. from Dallas, were feature speakers.

Ablene was selected as the next place of meeting.

A. A. Blanton, brother of R. T. Blanton, proprietor of the Sweetwater Candy Kitchen, arrived in the city last night from Fort Worth. Mr. Blanton has been connected with the I. & G. N. offices at Fort Worth, but has severed that connection and will go on the road, selling candies for the local Candy Kitchen.

### Schedules Disrupted

Stage line schedules between Sweetwater and other cities were sadly disrupted as a result of the rain Saturday. All cars made the trip except the Snyder car, but they were late. The Abilene bus required four hours to make the 42 miles, ordinarily negotiated in 1 hour 45 minutes.

## TO THE PEOPLE OF SWEETWATER AND NOLAN COUNTY:

On the eve of the launching of the drive for Nolan County's quota of the \$5,000,000 American Legion Endowment Fund, I wish to remind you that this Endowment Fund for disabled men and orphans of veterans is a joint undertaking of the American Legion and the American people. It must be realized that combined understanding and combined effort are required to raise this fund now and to carry forward America's whole duty to the disabled and to the dependents of veterans for all time.

The American Legion comes to you at this time to remind you that fifteen Americans are dying daily from wounds and diseases incurred on the battlefields in the camps. Their names are added to the casualty list as surely as if they had fallen on Flanders Field. The hand of death has not been swift and merciful to them. It has not been merciful to their families. It has descended so slowly that when it falls, the rest of us have long since forgotten. The American Legion reminds you of 30,000 veterans suffering in hospitals. It reminds you of their widows. It reminds you of 15,000 fatherless children by the Great War. It reminds you that great numbers of these fatherless children are without homes, food, clothing and with no chance for education.

The Legion is inviting the rest of America to join in the subscription of this Endowment Fund because the cure of the disabled and the care of the orphans of the War is an American Trust and Privilege. In laying before the people of our country this opportunity to share in our responsibility, we of the Legion feel that we have neither need nor occasion to beg for help. It appears perfectly plain to us that the average American citizen who understands the situation clearly will be only too glad to help set up this permanent Endowment, happy for the chance to know his or her gift will be working through the years to send men out of the hospitals cured and sound and well to resume their places as happy, responsible, competent American citizens. We think that every American citizen will be glad to know that his gift is securing for American children whose fathers fell defending our flag the chance for home and care and education and character-building that these same children might have otherwise had.

The American Legion confidently expects every American citizen every where to gladly give to this Endowment Fund for the aid of those who gave most to America. Oscar McDonald Post of Nolan County, looks expectantly to this community at this hour. This thing well done will be a Victory for the nation. May every AMERICAN do his part!

Sincerely yours,  
ROY C. SCUDDAY,  
Post Commander, American Legion.

## DENY NEW TRIAL FOR MRS COLLIER

Application Wife Former Mayor Wichita Falls Denied by Judge Bruce Bryant at Haskell

BOND FIXED AT \$10,000

Attorneys For Defendant Serve Notice of Appeal—Mr. and Mrs. Collier Back to Wichita Falls

By United Press. HASKELL, May 30.—The demand of Mrs. Frank Collier for a new trial following her conviction and sentence of 10 years in the penitentiary for complicity in the murder of her 17-year-old son-in-law, Elzie Robertson, was denied here in District court by Judge Bruce Bryant, late today.

Counsel for Mrs. Collier served notice of appeal.

Bond was fixed at \$10,000 which was promptly made and Mrs. Collier was set at liberty.

Mr. and Mrs. Collier left here tonight for their home in Wichita Falls.

### FIRE AT OVALO

Business District Damaged Over \$75,000 in Saturday Blaze

By United Press. ABILENE, May 30.—Damage estimated at more than \$75,000 resulted today when fire of undetermined origin destroyed a part of the principal business section of Ovalo, 25 miles south of here.

## HEAVY RAINFALL OVER WIDE AREA

Nearly Two Inches Registered in Sweetwater With Heavy Precipitation Nearby Sections

### BUMPER CROPS ARE EXPECTED

Very Little Additional Moisture Will Be Required To Insure Heavy Production—Mud Deep

A total of 1.90 inches of rain, according to the Sweetwater Vulcanizing Co. rain gauge, was the net result of the downpour which began here shortly after midnight and continued well up into the morning, Saturday.

According to reports reaching Sweetwater the rain was very general throughout the entire section. The same average which was reported here was also reported by Big Spring, Colorado, Roscoe, as well as Merkel, Abilene, Baird and points east on the T-P.

The Orient recorded heavy rains on its line both ways from Sweetwater. Various events scheduled in Sweetwater for Saturday suffered as a result of the rain. Among them were the convention of Rural Carriers and Postmasters, whose attendance was materially reduced and the calling off altogether of the picnic of the Gypsum plant employees.

Various roads leading out of Sweetwater were practically impassable as a result of the rain and many cars were reported stuck in the mud in various localities.

Reports from the lake indicated that the watershed received as much rain as fell in Sweetwater with all draws leading to the city reservoir running.

Farmers in most instances had completed planting and over a large portion of the acreage the cotton was up. The rain will insure a splendid stand but very little more moisture will be required to insure a bumper crop. In fact, some cotton would mature without additional rain, it was pointed out. Such was the case two years ago, when a crop was matured without any rain after June 1.

### Concho on Rise

SAN ANGELO, May 30.—The North Concho river is the highest since 1906 with a rise of between 25 and 30 feet.

Water is running around the Murphy bridge and Santa Fe park and tourist camp are under water.

Heavy rains amounting to between 4 and 5 inches have fallen here the past week.

### Received Three Inches

INADALE, May 30.—Three inches of rain fell here in 10 hours last night, thoroughly soaking the ground. The rain fell steadily and slowly throughout the latter part of the night and early morning, and practically all the water went into the ground.

The rain will be a great aid to farm lands in this section where rain was badly needed.

## NEW SPEEDWAY RECORD IS SET

Peter Deadalo Wins 500-Mile Indianapolis Auto Race at Rate of 101.13 Miles An Hour

150,000 WITNESS RACE

Stands Packed With Eager Enthusiasts—500 Miles Covered in 4 Hours, 56 Minutes

INDIANAPOLIS, Ind., May 30.—Breaking all previous records for the mammoth bowl Peter Deadalo drove his Duesenberg Special to victory here today in the 13th Annual 500 Mile Automobile Sweepstake classic.

Deadalo's time for the 500 miles was 4 hours, 56 minutes, 39.4 seconds, an average of 101.13 miles an hour.

The previous record for the track was 98.2 miles per hour.

More than 150,000 wildly enthusiastic motor fans packed the stands with a riot of color to witness the race.

Deadalo carried off a prize of \$20,000 in cash by the terrific pace he set.

Benny Hill and Dave Lewis who took turns piloting the second best car, will divide \$10,000 second money according to the number of laps each drove.

W. D. Morton and Phil Shafer who divided honors in driving the third car, will share \$5,000 the same way.

Marion Kendrick visited his parents, Mr. and Mrs. A. S. Kendrick here over the week-end. He is in the employ of the State Highway Department and was recently transferred from Temple to Belton.

## FRANCE OFFERS TO SEND RELIEF

If Agreeable to Normay, French Captain and Polar Ship Will Be Dispatched to North

NO WORD FROM AMUNDSEN

World Still Without Advice—McMillan Party Preparing to Take Trip to North Pole

By United Press.

PARIS, May 30.—France took the first step today toward sending relief to Raold Amundsen and Lincoln Ellsworth, the Arctic explorer. The Minister of the Marines authorized Captain Charcot to take the polar ship Pourquois Pas north to search for the missing explorers if Normay is willing.

Dr. Charcot, a veteran explorer, believes Amundsen is safe.

The Pourquois Pas is now at Brest.

### Dirigible For McMillan

By United Press.

PORTLAND, Me., May 30.—Plans have been made by the government to have a navy dirigible reach Etah, North Greenland, within two days in event an accident befalls the McMillan Arctic expedition. Lieut Donald McMillan described arrangements in a farewell reception here today. The explorer declared his belief that the Amundsen expedition was "hopelessly lost."

"Amundsen may make it if he is within 100 miles of land, otherwise not," McMillan said.

The reason for this McMillan said, was the treacherous waters and ice conditions prevailing in the polar country.

### Storm Conditions Prevail

By United Press.

OSLA, Norway, May 30.—Stormy weather and fog north of King's Bay, Spitzbergen, caused increased alarm for the safety of the Amundsen Arctic fliers today.

## NEW CHAMPIONS

Paul Berlenbach Takes Light-Heavy Title in New York—"Strangler" Lewis Wins Wrestling

By United Press.

YANKEE STADIUM, May 30.—Paul Berlenbach, who started out as Olympic champion wrestler, tonight became light-heavyweight champion of the world when he was given the judges decision over Mike McTigue after 15 rounds of fighting before 45,000 spectators.

McTigue was the sensational favorite of the house and the verdict of the judges was received by vociferous "rasberries."

### "Strangler" Lewis Wins

By United Press.

MICHIGAN CITY, May 30.—Ed "Strangler" Lewis won the disputed heavyweight wrestling championship here from Wayne "Big" Munn of Kansas City in a terrifically contested bout, taking two falls out of three. The deadly headlock served Lewis when he took the last two falls with it. Munn took the first fall by his own "rotech" hold in 24 minutes, 55 seconds.

## FACULTY NAMED AT BOARD MEET

School Board Ratifies Appointments Teachers To Replace Those Who Resigned at Term End

### ALL VACANCIES FILLED

New Athletic Coach and New Manual Training Teacher Among Those Appointed by Board

Faculties for all Sweetwater schools for the coming year were completed at a meeting of the school board late Friday when vacancies were filled, while the assignments of the various teachers to their respective grades and departments were announced by Superintendent B. H. McLain, Saturday.

Mr. McLain declared that prospects for the coming school year were very good, and the school board is especially elated over the splendid lineup of teachers for the schools during the 1925-26 session.

### Vacancies Filled

All teachers who were in the schools during the term just closed were re-elected by the school board some time ago, but a number had made previous plans and left here for other schools. All vacancies thus created have been satisfactorily filled, Superintendent McLain stated.

Those who will not return to Sweetwater next year are Joe Gibson, Mr. Freeman, Miss Daniel, Miss Bolin, Mr. Smallwood and Mrs. Glass of the High school faculty, and Miss Rimmer, Miss Murchison, Miss Poffenbaugh and Miss Beck of the ward schools.

Joe Gibson, who was athletic coach and mathematics instructor at the High school will be at Abilene next year where he will hold the same position in the Abilene High school. Mr. Freeman of the High school will teach in Fort Worth, while Misses Rimmer and Bolin go to Wichita Falls. Mrs. Pittman will return to her former home at Clyde to teach.

### New Athletic Coach

Carl M. Andersen will take Gibson's place this coming school year, as athletic coach and mathematics instructor. Mr. Andersen was a three letter man in athletics at San Houston State Teachers college of which he is a graduate. As a student in the college, he was three years intercollegiate debater, president of the Student association, president of the Y. M. C. A., manager of the college baseball team and manager of the print shop, working his way through school as a printer. Andersen, who, by the way, is six feet tall and weighs 190 pounds, will have charge of all boys athletics in the school here, including the coaching of the football team. He has taught for the past three years at Seymour.

### Three Debators

Miss Helen Hardy is a new addition to the history department elected by the school board at its meeting Friday.

## FREE COLLECTION OF TRASH IN CITY

City Extends Territory of Rubbish Wagon and Will Gather Trash in Residential District

### PLAN CLEANER CITY

Purpose of Extension to Remove Rubbish From All Sections of City—Citizens Can Aid

Free collection of garbage, tin cans and other rubbish, which has been in effect in the business section of the city for some time past, has been extended to the residence section also, beginning Monday.

The city commission has let the contract for the hauling of rubbish from the entire city of Jeff Shattuck, who will use a truck for the purpose.

While the business section will be covered every day, it will not be possible to cover the entire residence section every day. A section will be taken each day and an attempt will be made to cover the entire city at least once each week, Mayor John J. Ford declared.

The purpose of the extension of the trash collection is of course for a cleaner and more sanitary city. Cooperation of citizens is asked along this line by having all cans, and other rubbish, in bags or boxes in accessible places. Garbage must be in airtight containers, according to the city ordinance.

Several weeks will probably be required before the accumulation of rubbish is cleared away, it is thought, so that regular trips in the residence section cannot be arranged at first. Later however, a more definite schedule can be arranged so that citizens can arrange to have their rubbish in shape for carting away.

## President

William J. Hansen, fire chief of Manistee, Mich., may be selected as president of the National Firemen's association, now in session at Chicago.

W. S. Cooper, secretary of the Colorado Chamber of Commerce and editor of the Colorado Record was in Sweetwater, Saturday. He reported 1.65 inches of rain in Colorado before he left early Saturday.

## ORDER PAVING ON FOURTH STREET

City Commission Approves Petition Submitted by Property Owners and Advertise For Bids

### PAVE NINE BLOCKS

Project Extends From Ragland Street To Santa Fe Tracks—Favor Paving Elm Street

North Fourth street is the next street for which a paving contract will be let and is the fifth paving project in Sweetwater's extensive program following the action of the city commission this week in approving a petition from property owners on the street and ordering advertising for bids to start immediately.

The petition was signed by approximately 75 per cent of the property owners along the portion of the street to be paved, city officials stated. Although two petitions for paving on Elm and Crane streets were filed previously, quick action was obtained on ordering Fourth street paved due to slight delays in action on the other petitions.

Fourth street will be paved from Ragland street east to the Santa Fe tracks west, a distance of nine blocks. Bids will be received and a contract let for the work after the advertising for bids is completed.

The North Highway No. 70 question is holding up paving on Elm street for which a well signed petition was submitted some time ago from property owners. According to Mayor John J. Ford, the commission is awaiting the decision of the State Highway department on the route of Highway No. 70 as it enters the city from the north. It is believed the street may enter upon Elm street or a nearby street, and it is probable that paving will not be ordered until the matter is settled.

Mayor Ford intimated, however, that the commission favored paving Elm street, especially because it is the street leading to the City Lake Park and Tourist camp.

Besides the Crane, Elm and Fourth streets petitions filed with the commission, there is some talk of petitions from property owners along Bowie on the south side and Walnut street on the west side.

## NAME BARBEE

City San Angelo Being Sued By Man Arrested Who Alleges Beatings Received by Officer

SAN ANGELO, May 30.—This city is being sued for \$12,500 by Wm. F. Young and for \$15,000 by M. A. Streetman, who accused Willis Barbee, Police Chief with beating them up in connection with their arrests.

Barbee denies the charges, stating that it is part of a campaign to intimidate him.

According to statements by officers, Young was ordered arrested on a charge of disturbing the peace. Officers went to get him and he is alleged to have fired through the door. In his suit, Young alleges that Barbee brutally assaulted him, beat him up several times, and left him lying unconscious like a dog on the floor of the cell, after he was locked up.

Streetman, in his suit, alleges that Barbee kicked him where he sits down.

## HEROES HONORED MEMORIAL DAY

Nation Pays Tribute to War Dead—President Leads Germany At Arlington Cemetery

### SERVICES HERE SUNDAY

Rayburn to Speak at 5 o'Clock at at Christian Church—Graves Decorated Saturday

By United Press.

WASHINGTON, May 30.—Led by President Calvin Coolidge, the nation in solemn ceremony today honored its war dead. People came from homes in cities and hamlets and farms to lay fragrant flowers on soldiers' graves as a token of devotion to the memory of those who died for their country. Bugles sounded "taps" and orators recalled fearless and stirring deeds of men and women who gave their lives for the United States of America as the time honored Memorial Day customs were observed in the nation.

President Coolidge at the Arlington amphitheater, in the center of the National military burying grounds, led the ritual of commemoration. His speech, and ceremonies of members of patriotic societies, which were scheduled to start at 1:30, eastern time, were broadcast over the nation, as were the simple rites accompanying.

A few thin gray veterans of the Grand Army of the Republic, ladies of the G. A. R. Daughters of Veterans and other women's organizations paraded at noon from the Arlington mansion, home of General Robert E. Lee, to the tomb of the Unknown Soldier, where, after a brief ceremony, garlands were placed on the cenotaph which symbolize the burial places of all America's nameless martyrs of the World war.

### Honor Calvin, Jr.

By United Press. PLYMOUTH, Vt., May 30.—Boy and Girl Scouts of Windsor and Rutland, Vt., paid tribute today to the memory of Scout Calvin Coolidge, Jr., late son of the President.

The Scouts, 115 in all, called at the home of Col. John C. Coolidge, father of the President, and asked him to accompany them to the cemetery. Then they formed in two lines through which Colonel Coolidge, in an automobile, drove to the grave.

### Honor Heroes Here

Members of the American Legion Auxiliary here went in a body to the City Cemetery at 5 o'clock Saturday afternoon when Memorial Day was observed by placing wreaths of flowers on the graves of Sweetwater's war dead.

Twelve graves of men who died in the service of their country were decorated with flowers.

Sunday afternoon at 5 o'clock, James Rayburn will make a Memorial Day address at the First Christian church where special services will be held under the auspices of the Oscar McDonald Post, American Legion. Ex-service men will meet at the court house at 4:30 o'clock and march to the church. A special program of music has been arranged.

### France Remembers Americans

By United Press. PARIS, May 30.—France bowed her head today with America in reverence to the memory of the sons of the U. S. A. who are sleeping their last sleep beneath French soil.

On the field where American soldiers, a few brief years ago fought—and died—side by side with Frenchmen, there flew today from the graves of the American soldiers, little flags, the Stars and Stripes and the Tricolor, 29,619 of each.

## GET NEW WELL

Big Lake Oil Fields Extended 15 Miles South by Well Started by Texas Oil World

Special to the Reporter.

BIG LAKE, May 30.—The World Syndicate Co., organized by the Texas Oil World in a subscription campaign wherein a three-year subscription and a share in the oil company were given for \$10, have got oil in their Crockett county well 14 miles due south from Best at a depth of 2,625 feet.

The oil was struck 300 feet higher than expected and water had not been cased off. The hole is standing 2,000 feet in water and 300 feet in oil.

The new well is the first to be brought in in the Big Lake field off University land. It is on the ranch of L. P. Powell and 13 miles due south from Big Lake No. 12, farthest south of the present producing wells.

R. M. Chitwood delivered graduation speeches at Dora and at Rotan the past week.

**POSTAL EMPLOYEES**

Sweetwater was permitted to be host to the Rural Carriers and Postmasters of West Texas Saturday. Unfortunately, the weather conditions were such that all too few were permitted to learn of the hospitality that had been prepared. However, here's hoping for better luck another time. Better mailing and increased efficiency were topics of discussion at the meeting. In view of the carelessness of folks who fail, sometimes, to write correct addresses, who fail to put their own return address on mailed matter, who fail to wrap and tie parcels securely, and the thousand and one other errors commonly made by all of us, the public generally has very little to say about efficiency of postal employees. It is much higher than the average.

**SANITARY**

Residents of this city will approve of the action of the City Commission in ordering paving on Fourth street, as a continuation of this city's very worthwhile efforts along this line and also of the extension of rubbish collection from the business district to include the residence section of town.

The dumping of all sorts of trash, garbage, and rubbish into the alleys where it is permitted to accumulate is all too common in this city. At very little additional expense, it has been arranged to have regular collection of rubbish from the residence sections. There will be now no excuse for anyone allowing dangerous fire hazards as well as unhealthy conditions to continue around their premises.

The recently appointed garbage collector, however, will not gather up the rubbish from one's premises. One must attend to that in person, with the rubbish placed in boxes or cans for ease of handling.

For one thing, this city is suffering from a plague of flies. This is directly traceable to premises that are not connected with sewer and to those where garbage accumulates. Flies breed in filth. Remove the filth and they cannot breed.

**TOO MUCH PROGRESS**

A New York promoter is going to organize a company to operate a line of passenger boats in Hudson river from New York to Albany, whose speed will be equal to that of the limited train that runs along the river shore. At the same time there are prophets who declare that the day is near when the skies will be filled with fast flying airplanes, purchased and operated at a price within every man's purse. With all this craze for speed, and the added hazard it holds for humanity, why should any of the economic and debating societies be troubled with such unpointed problems as that of the increase of population beyond the earth's capacity to sustain. Gravitation and head-on collisions will adjust the balance.

**WHY NOT STOP IT?**

Too many motor accidents which figure in the Monday morning casualty reports carry the familiar explanation: "The automobile in which the party was riding turned over after striking another machine, according to deputies." It is the driving of motor cars at speeds that will cause them to turn over "after striking another machine," that is doing as much as anything to make the Sabbath afternoon recreation an occasion of certain tragedy. Safety committees and automobile clubs never fail to caution motorists against reckless driving, and there is the further restraint of hurried trips to the hospitals or the jails, but neither seems to make the least impression on the number of accidents or cases of careless driving. It would seem that concerns which have their money invested in the motor and related industry would begin

**Sweetwater High School Graduates**

Forty-eight Sweetwater High School Seniors were graduated from the school here this month at the close of one of the most successful school years in the history of the city. The photograph shows the class as they appeared on the morning of the Baccalaureate sermon at the First Methodist Church. Rev. B. B. Hendrix, pastor of the First Presbyterian Church preached the Baccalaureate sermon and Dr. Paul W. Horn, president of the Texas Technological College, Lubbock, delivered the Commencement address.

to deal in earnest with this problem of unsafe driving, instead of leaving its results altogether to volunteer organization or to hazard. The country cannot and will not go on tolerating present conditions without demanding a regulation that is likely to hamper the present freedom of the millions who use the highways in a sane and cautious way, yet who every hour are under the menace of injuries likely to be inflicted by a few licensed maniacs or fools.

**A SOCIAL NOTE**

This one comes all the way from London and while somewhat ambiguous, it seems to get there or thereabouts:

LONDON.—By order of the court chamberlain no knees will be seen at Buckingham palace this year. At last year's courts some of the debutantes appeared for presentation with diaphanous gowns revealing more than the court officials thought seemly and necessary.

Revealing what? Besides what part or how much of a lady's anatomy does a court chamberlain think is seemly and necessary?

**KINDERGARTENS**

This state is among the few fortunate ones which have laws providing for the establishment of kindergartens upon petition of parents.

Notwithstanding this law less than five per cent of our children are having the privilege of kindergarten training, according to the latest figures issued by the United States Bureau of Education.

Petitions should be circulated at once to get kindergartens opened in September. Blank petitions and material may be obtained by writing the Texas Field Secretary of the National Kindergarten association, Miss Grace Montague, 2233 Sixth Avenue, Fort Worth, Texas.

Why think the war changed the Germans? It didn't change anybody else.

*Delicate Women  
Not Fashionable  
As In Other Days*

By United Press.  
NEW YORK, May 30.—Traditional feminine ailments are as out of date as the Gainsborough hat among progressive women and the pseudo-invalid has been relegated to the scrap heap. That sums up the reason given by a physician for the constant improvement in mortality among women and the longer span of life they now enjoy. It has become as fashionable to be perfectly healthy as it was formerly considered a mark of refinement to be "delicate."

"Women no longer accentuate their little illnesses and indispositions as they did when a pale face and the eighteen-inch waist were considered evidence of high breeding," said Dr. Chester T. Brown, associate medical director of the Prudential Insurance company. "As a sex they have a broader outlook on life and are ambitious to be as useful as possible. They find so much more in life to interest them that they almost unconsciously will for the health to enjoy it."

"In my opinion no general change in women's habits reflects so much credit upon them and so justifies the so-called higher education of women. This new habit of thought regarding health has made them so much more vital, positive and effective in exerting even the old uplifting influences that have always formed their halo."

"The general participation of girls and women in athletics has also had a great influence, not only upon women's physical health, but upon their mental attitude. It has done more to keep women young than anything I know in the history of the race."

Today's Services at Christian Church Revival Expected to Set New Attendance Record

The interest continues to grow in the Vawter meeting at the First Christian church. Plans were made all week to make today the biggest day in the Sunday school and all services. Dr. Vawter announced that he would speak in the morning on the subject, "Why We Commune Every Sunday," and in the evening there will be a great evangelistic service beginning with a concert by the Vawter party at 7:30. Mrs. Vawter will sing "The Holy City." There will be special numbers on all the instruments. The sermon subject will be "Sweetest Name In Seraph's Sing." A pic-

The war has been over for seven long years. But some of the boys are still paying, in wasted lives, in disease, in death. And wives and babies are likewise paying the penalty for the husband and father's patriotism.

The Legion is asking for so little but it means so much to those as yet unreached by government aid, etc.

Sweetwater went over the top during the war. Let's do our share now.

Spanish department. Miss Woodson speaks Spanish fluently, and has been an instructor in that language for nine years. She is the daughter of a college professor.

Miss Oneta McAdams, graduate Sam Houston Teachers college, and a teacher at Huntsville for four years, was elected to the English department. She has specialized in English, public school music and dramatics.

Musician on Faculty

Charles Kodytek was elected to the manual training department, which course will be added at the High school this fall. He has specialized in both shop work and mechanical drawing, and has an excellent record in both departments. In addition, Mr. Kodytek is something of an athlete and musician. He will have charge of athletics for the seventh and eighth grades, and is backed by three years experience in advanced gymnastic work. He is especially interested in

band and orchestra work, and has appeared in numerous radio programs in various Texas broadcasting stations. Miss Minnie Fowler of Sweetwater, and well known throughout this section, was elected to the history department. She was formerly county superintendent of this county and is capable as a High school instructor.

coming. He came as a Saviour the first time and the second time he is coming as Judge.

"The prevalence of the war spirit is another indication of the coming of Christ in the near future. The Holy Book says 'There shall be wars and rumors of wars.' This is a Christian nation yet we are the foremost in planning the next war. The U. S. has thousands of chemists employed in getting prepared for future combats. The church was organized to perpetuate peace on the earth and yet the church has sanctioned the war spirit," Nefsome said.

"Not only have political changes been made but social changes have been made also. The spirit of pleasure is running rampant. Our people are willing to sell their souls for a little worldly pleasure. The spirit of lawlessness is closely akin to the spirit of pleasure. It is the worst curse that ever came to our land. Christians must pray for the speedy coming of our Lord or else we are doomed to destruction."

LYNN TO TRIAL

Arizona Editor He Tried For Libel Monday—Was Formerly Editor of Sweetwater Journal

By United Press.  
YUMA, Arizona, May 30.—The trial of George W. Lynn, editor of the Yuma Herald, accused of criminal libel by E. F. Sanguinetti, millionaire rancher, begins in Superior Court here Monday.

Considerable excitement prevails throughout the Yuma Valley as time for the trial draws near. Lynn sympathizers, including hundreds of farmers, plan to attend court en masse, while henchmen for the plaintiff have asked that armed deputies guard the court room.

Was Editor Here  
George W. Lynn, who has started considerable excitement with his newspaper in the Yuma Valley of Arizona by attacking through his columns a millionaire rancher, was at one time a newspaper editor in Sweetwater.

He was editor and part owner of the old Sweetwater Daily Journal during 1916 and his partner in the newspaper business here was J. S. Hopkins.

Judge R. C. Crane has in his collection, a copy of the Journal for January 19, 1925, which was edited by Lynn. The man who will go to trial at Yuma Monday featured a story about prohibition, a "streamer" stating that the temperature was 30 degrees above zero, and a story stating that Sheriff Jack Yarbrough had returned from El Paso with a prisoner.

Mrs. N. S. Box of Crockett arrived Friday night to visit at the home of her son J. T. Box.

Lamar Baptist Revival Draws Crowds—Newsome Preaches on Second Coming of Christ

The Revival meeting at Lamar Street Baptist church is making good headway with splendid crowds greeting the speaker on Friday evening when the subject of the sermon was one widely discussed by evangelists. Rev. Newsome brought a very timely message on the "Second Coming of Christ."

The time, according to Rev. Newsome's way of thinking, is drawing near for the prophecy to be fulfilled. He says, "The Jews missed the first coming of Christ because they were expecting the second to be his first

Beall-Dragoo Wedding

A wedding of unusual interest took place last Saturday evening at Cleburne, when Miss Wanda Dragoo of Eastland became the bride of Claude Beall of this city.

Both of the young people are well known here, Miss Dragoo having made her home here for several years and Mr. Beall being one of Sweetwater's native sons.

Miss Dragoo has been teaching piano at the Texas Woman's college at Fort Worth since her graduation there a year ago. She with her sister, Miss Wilda Dragoo, a gifted violinist, have won quite a bit of honor as musicians and have made several concert tours in the north. Both sisters were favorites with a large circle of friends

here and at Eastland.

Mr. Beall received his degree Saturday at Baylor Dental college at Dallas, where he has completed a four-year course, but will not complete all of his examinations until June 8, when he expects to visit his father, Judge W. W. Beall here with his bride. The couple will go to San Angelo to make their home after June 15, where Claude will hang out his shingle, reading "Dr. Claude Beall, Dentist."

Bridge Luncheon

Mrs. Charles Mirtley gave pleasure to a number of her friends, with a beautiful Bridge luncheon at the home of her mother, Mrs. J. H. Snell, on Oak street.

Lovely pastel colors were the chosen motif and sweet peas of all colors

carried out the scheme most beautifully. They were in vases and dainty receptacles on the dining table and placed about the reception rooms, where the guests gathered following the three-course luncheon, which was served at 1 o'clock.

Mrs. George Gray won the high score prize and Mrs. Ed. Mays and Mrs. George Willis the second and third prize. In cutting for the other prizes the lucky ones were: Mrs. F. M. Poffenbach, Mrs. Guy Harris, Mrs. R. S. Maline, Mrs. George Gray.

Other guests were Mrs. Robert Calvert, Mrs. George Stiles, Mrs. Will Corbett, Mrs. Ray Hickman, Mrs. J. C. Babb, Mrs. W. H. Whaley, Mrs. R. M. Simmons, Mrs. Tom Hughes, Mrs. Jim Dulaney, Mrs. A. J. ## USE MORE TRUCKS

### Sales of Ford One-Ton Sizes Shows Increase

Use of the one-ton truck in delivery and hauling system appears to be greater this year than ever before and buying, which reflects a healthy business condition generally, is likewise increasing.

This condition in the commercial car field is indicated by sales of Ford

trucks which during the first four months of the present year, have established a new record.

The presence shown all along for the one-ton truck is growing. Retail sales reports of the Ford Motor company for January, February, March and April this year show that 71,352 Ford trucks were delivered to customers in the United States during these four months, as compared with 65,111 for the same period a year ago, an increase of 6,241.

### HORNSBY IS MANAGER

#### Leading National League Bateman To Boss Cardinals

By United Press.  
PITTSBURGH, May 30.—Rogers Hornsby, leading batsman of the National league and sterling infielder, today was appointed manager of the St. Louis Cardinals, it was announced by Branch Rickey, whom he succeeds. Hornsby will take charge of the team Monday, it was stated.

### PICNIC CALLED OFF

#### Gypsum Plant Employees Rained Out of Entertainment at City Lake

The picnic of the employees of the United States Gypsum Co., scheduled for Saturday, was rained out. City Lake park was too damp for comfort.

The refreshments ordered for the occasion will be served to the men at the plant Monday at noon, according to present plans.

It is probable that the picnic will be held at a later date, probably Labor Day.

### Mob Victim Unknown

#### By United Press.

LITTLE ROCK, May 30.—The identity of the negro laborer who was shot to death by a mob at Louisa, Union county, yesterday afternoon, following an attack on a white woman, had not been established at noon today, according to authorities.

P. G. Dabney made a trip to San Angelo this week where he sold 150 muttons getting \$5.00 per head for them.

A steady advance in the price of tires is reported by local tire dealers, who have been notified that another five to ten per cent advance in the wholesale price is to become effective June 1.

The increase is caused by the advance in the price of crude rubber, it is reported. Crude rubber is now selling for around 40c a pound as compared with a recent price of 27c a pound, or an advance of 13c.

The June 1 advance will average from 5 to 10 per cent. Another price hike is expected in the near future.

### Sparenberg Here

George H. Sparenberg, postmaster of Austin and former postmaster of Big Springs, left for that city after addressing the Rural Carriers and Postmasters convention here Saturday. Pay checks for all rural carriers of the entire state, come through the Austin office and Mr. Sparenberg annually signs \$5,000,000 worth of rural carriers pay checks.

John Pruitt visited with his parents Mr. and Mrs. J. T. Pruitt, between

trains Friday while en route to Los Angeles, Calif., as a member of the Moslah Temple band from Fort Worth.

Harry Collins has returned from a trip to Galveston, Houston and Louisiana.

G. B. Morgan, of the First Mortgage Investment Co., of Dallas, was in Sweetwater on business Saturday.

The Public Library board will hold their regular monthly meeting Tuesday afternoon at the court house at 4 o'clock. A full attendance is desired.

**Village Smithy To Work Night Shift; Has No Chestnut Tree**

With huge auto factories working day and night turning out thousands of cars; and filling stations and gasoline pumps springing up on every corner, and with all the country seemingly gasolined, oiled, and motorized, the younger generation, many of them, think of the village blacksmith shop as an institution that passed away with the horse and buggy, and the only recollection many have of the existence of the village smithy and his shop is what they read back yonder in the third reader about some smithy who stood under a spreading chestnut tree and entertained children going home from school.

Down on Second street here, crowded in between two filling stations, with a garage and two more filling stations across the street, Sweetwater may find its village smithy, but he won't have time to talk to you. Men who know say its the busiest place in Sweetwater today.

The facts are, there is a blacksmith shop in town that has been operating until past midnight, is behind in all work, has hired all available men, and is now putting on a night shift and will run 24 hours out of every day. Farmers from miles around are flocking to town with the shop their desti-

nation. Farm work is running at full tilt, so the weary farmer must have his plow points and go-devil blades sharpened at night. The cultivator, harrow and plows must be repaired after work hours.

The shop of O. M. Purcell, the busiest man in town, is a good second for any automobile factory or the busiest filling station.

While workmen in shirt sleeves prod coal in the forges and stuck in a glow point to heat, Purcell juggled a red-hot go-devil blade and yelled above the roar of a big steam hammer and the clang of anvils:

"Yeah, we got more work'n know what to do with. Worked 'till 12 o'clock at night all week. Wired for more men, gonna put on a night crew; benefit farmers."

Sparks and smoke shot ceilingward as Purcell gave a twist to the fan handles. He grabbed up a sledge hammer and pounded away at a red hot piece of steel on the anvil. Between blows he again shouted above the clangs and bangs of the shop:

"If folks don't believe a blacksmith shop's busy this time of the year, they can come in and see. With two crews and working day and night we still can't hardly catch up," and he

waved a hard-muscled arm toward implements and tools, plow points and go-devil blades, that were scattered over the shop awaiting their turn at the forge and anvil.

No, the village smithy in Sweetwater hasn't the time to stand under a spreading chestnut tree, and even if such a tree had grown in front of his shop, it would long ago have been cut down to make room for the farmers' wagons that are flocking to town loaded with work for the blacksmith shop.

**Sanitarium Notes**

Jack Boozer was operated on Saturday at the Sweetwater Sanitarium and was resting nicely Saturday afternoon.

Mrs. Frank Gehee, who underwent an operation Friday, was resting nicely Saturday.

Sherley Knox, who was seriously injured when kicked in the head by a mule at his home near Longworth several days ago, is doing well Saturday.

Leroy Knox of Longworth, is rest-

ing well at the Sanitarium following an illness of several days.

**Women  
Who Have Found Driving  
a Tiring, Joyless Task—**  
now are turning to the car which makes driving a delightful, thrilling, healthful pastime.

Hundreds of women who find driving ordinary cars an unpleasant task, have turned or are turning to the Chrysler Six.

Hundreds of others who had actually given up driving because they found it too difficult, too nerve straining, have discovered that driving a Chrysler Six is a delightful pastime.

Hundreds of young women and girls—those whose pride is smartness, beauty, and alertness—are preferring the Chrysler to all other cars. In the most exclusive private schools, in the Junior League, in the smartest social groups, one Chrysler sells another—a growing preference that makes the youthful and red-blooded everywhere, aspire to Chrysler ownership.

Because of its ease of control—which women everywhere assure us is entirely unequalled—women have, in a special

sense, made the Chrysler Six *their* car.

Never, say women who have driven it, has there been a car so easy to handle as the Chrysler Six.

It is extraordinarily convenient to manipulate into the average city parking space.

Of course, the unique delight which comes to a Chrysler Six owner every time she or he takes the wheel, is due not to a few features—but to every feature of this remarkably engineered car.

Every woman who loves driving but finds it a task should be delighted to learn the vast difference of driving the Chrysler Six. We are eager to send a car to your door for a demonstration, yourself at the wheel if you wish to experience the newest thrill in motoring.

Riding ease and roadability based on gross tonnage, extreme wheel base, and generous springs, are costly and inconvenient luxuries.

The Chrysler Six is comparatively light in weight for economy and easy handling. It combines roominess with compact-

ness to afford easy parking. It rides as solidly as a two-ton car; it takes the bumps as easily as the ordinary Leviathans of the road.

And wherever the Chrysler goes all women admire its grace and beauty, and envy the delighted possessor of so smart a vehicle.

### Zoo Population Decreases; New Arrival Is Dead

Unhonored, unnamed, and unnamed, the latest addition to the Sweetwater Zoo passed away late this week at the building where Sweetwater fire fighters make their headquarters, and is now a member of the Zoo beyond which Taby, the mate of Toby the bob cat, the squirrel, and Gonzales, have already joined; the Zoo where all meals are T-bones and not scraps, and small boys prodding with mesquite limbs are unknown.

The badger's sad demise was only

## Magic Carpet Sailing Here With Doug, Thief of Bagdad

a matter of hours, officials of the Sweetwater Municipal Zoo department stated, and all efforts to save him were to no avail. Somebody's pack of hounds would howl triumphant tonight if the fate of the badger was known, for it was from the results of his fatal mixup with his mortal enemies that his Zoo career began, and so suddenly ended.

The population of the struggling organization again totals only three, the cat and coon, the grim shadow of death having hovered down and swooped up Taby, the bob cat; the squirrel, whose fur coat is now probably labeled Silver Fox on some lady's fur cloak, and the alligator, Gonzales, whose warty hide is probably being carried by a handle and contains the proverbial tooth brush and extra shirt.

Douglas Fairbanks will be seen in the amazing picture, taken from the Arabian Nights, "The Thief of Bagdad,"—a picture that is said to be away and beyond anything yet seen on the silver screen, at the Palace, Monday and Tuesday. This lovely story of romance and adventure abound, according to all accounts, in happenings of astounding and unbelievable magic. Nothing like it has ever been attempted, nothing like it has ever been seen, nothing like it has ever been accomplished. The story is a beautiful story, born of a perfect Arabian Arab, was made into an extraordinary reality by Douglas Fairbanks. It breathes the spirit of imaginary worlds, where the unusual is usual, where the impossible is possible. In brief, the following are the chief incidents of the tale: In Bagdad, Magic City of the East, dwells Ahmed the Thief. He is an audacious rascal, living by his wits. He steals a Magic Rope with which he can climb into the air. He gains entrance to the Palace of the Caliph. While looting a chest of jewels, he is intrigued by the sound of sweet music. He follows it to the bed chamber of the Princess who lies sleeping. He kneels beside her couch. Her slumber becomes restless; her hand touches his. With a cry of alarm she awakes and throws aside the silk coverlid which falls over the crouching Thief. He is hidden from the guards who rush in. The Mongol Slave Girl spies him, but he threatens her into silence with his dagger—and escapes.

**Finer Performance—Lower Costs Make Contented Owners**

It's a great delight to own a four, like the new good Maxwell, that delivers 58 miles an hour, 5 to 25 miles in 8 seconds and gasoline economy of 25 miles to the gallon.

There are still other reasons for the genuine contentment that distinguishes all good Maxwell owners. Their car rides with greater comfort and ease than any other four. Operating and maintenance charges are amazingly low—an advantage Maxwell owners have because of the built-in quality of a car that is completely manufactured within its own great plants.

Good judgment suggests that you get the Maxwell facts before you buy your next car. Owners will tell you of its economy, but a single demonstration will show you how it performs and rides.

CARS-TRUCKS-TRACTORS

A Mongol Prince, a Persian Prince and an Indian Prince, are suitors of the Princess. In state, they arrive to ask her hand. There comes also a strange "Prince Ahmed"—the Thief in disguise. The Princess remembers the prediction of a sooth-saying slave that "Whoever first touches the rose tree in the courtyard, him shall you wed." She watches with anxiety, which turns to joy, when she sees "Prince Ahmed" touch the rose tree.

After the Ring of Choice is placed on Ahmed's finger, his duplicity is discovered, but love has chastened him and he refuses to flee. By the Caliph's order, he is brutally flogged and thrown into the street. His only consolation is the Princess's avowal to love and the ring which she bade him keep.

The Caliph now demands that his daughter choose from among the three remaining Princes. To gain time, the Princess declares she will wed the one who, at the end of the seventh moon, shall return with the rarest treasure. The Mongol Prince departs with the other Princes, but leaves behind his Counselor with orders to raise a secret army and hold it in readiness to overthrow the Caliph. The Thief sets out on his journey, which takes him through the Valley of Monsters, to the Crystal Realm beneath the sea, and up the Flight of a Thousand stairs; he rides the Flying Horse up to and through the clouds, and braves the Cavern of Fire. He is beset by temptation and attacked by enormous beasts, but he wears the armor of Righteous Intent and comes through victorious, bringing with him the Magic Chest of Nazir. This chest contains his birthright—True Manhood and Power over Man!

Meanwhile the suitors for the hand of the Princess obtain their treasures. The Indian Prince has a Magic Crystal; the Mongol Prince, a Golden Apple that will cure all ills; and the Persian Prince, the Magic Carpet on which he can fly through the air. At the end of the sixth moon, the three Princes foregather and compare treasures. In Bagdad, the Princess has been poisoned by order of the Mongol Prince. The Indian Prince, through his Magic Crystal sees that the Princess lies dying. On the Persian Prince's Magic Carpet, they fly to her aid—and with the Golden Apple of the Mongol Prince they cure her.

The Chinese Army rises and in a surprise attack, capture the city.

This news reaches the Thief, who rushes to Bagdad. He now makes use of his Magic Chest of Nazir, creating from nowhere an imposing army that retakes the city and restores the Caliph. Wearing his Cloak of Invisibility, he is able to reach the Princess. On the Magic Carpet, they sail together over the house-tops headed for the Land of Love—and we see them gliding gracefully toward the star-studded sky, in which the twinkling becomes of night spell out the words: "Happiness Must Be Earned!"

**Teeth, eyes, skin, hair, nails and—**

women are now recognizing a "sixth" personal responsibility

No well groomed woman would think of neglecting her teeth, eyes, skin, hair and nails. Yet, she often neglects her feet, thereby robbing herself of a graceful poise, bringing wrinkles to her face, and making it almost impossible for her to enjoy things as she should.

Active, vigorous, comfortable feet are the right of every woman. They are indispensable if she wishes to get the most out of life. And the woman of today is securing them by wearing the Arch Preserver Shoe. This shoe doesn't let the foot arches sag and become strained. It doesn't pinch the nerves, bones and blood-vessels of the forepart of the feet. Yet it is smart in appearance.

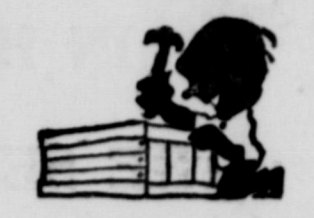

It's the shoe you will wear when you get acquainted with it.

*Your R and R Palace Announces Monday and Tuesday*

# Douglas Fairbanks

IN HIS GREATEST FILM  
THE SENSATION OF THE AGE

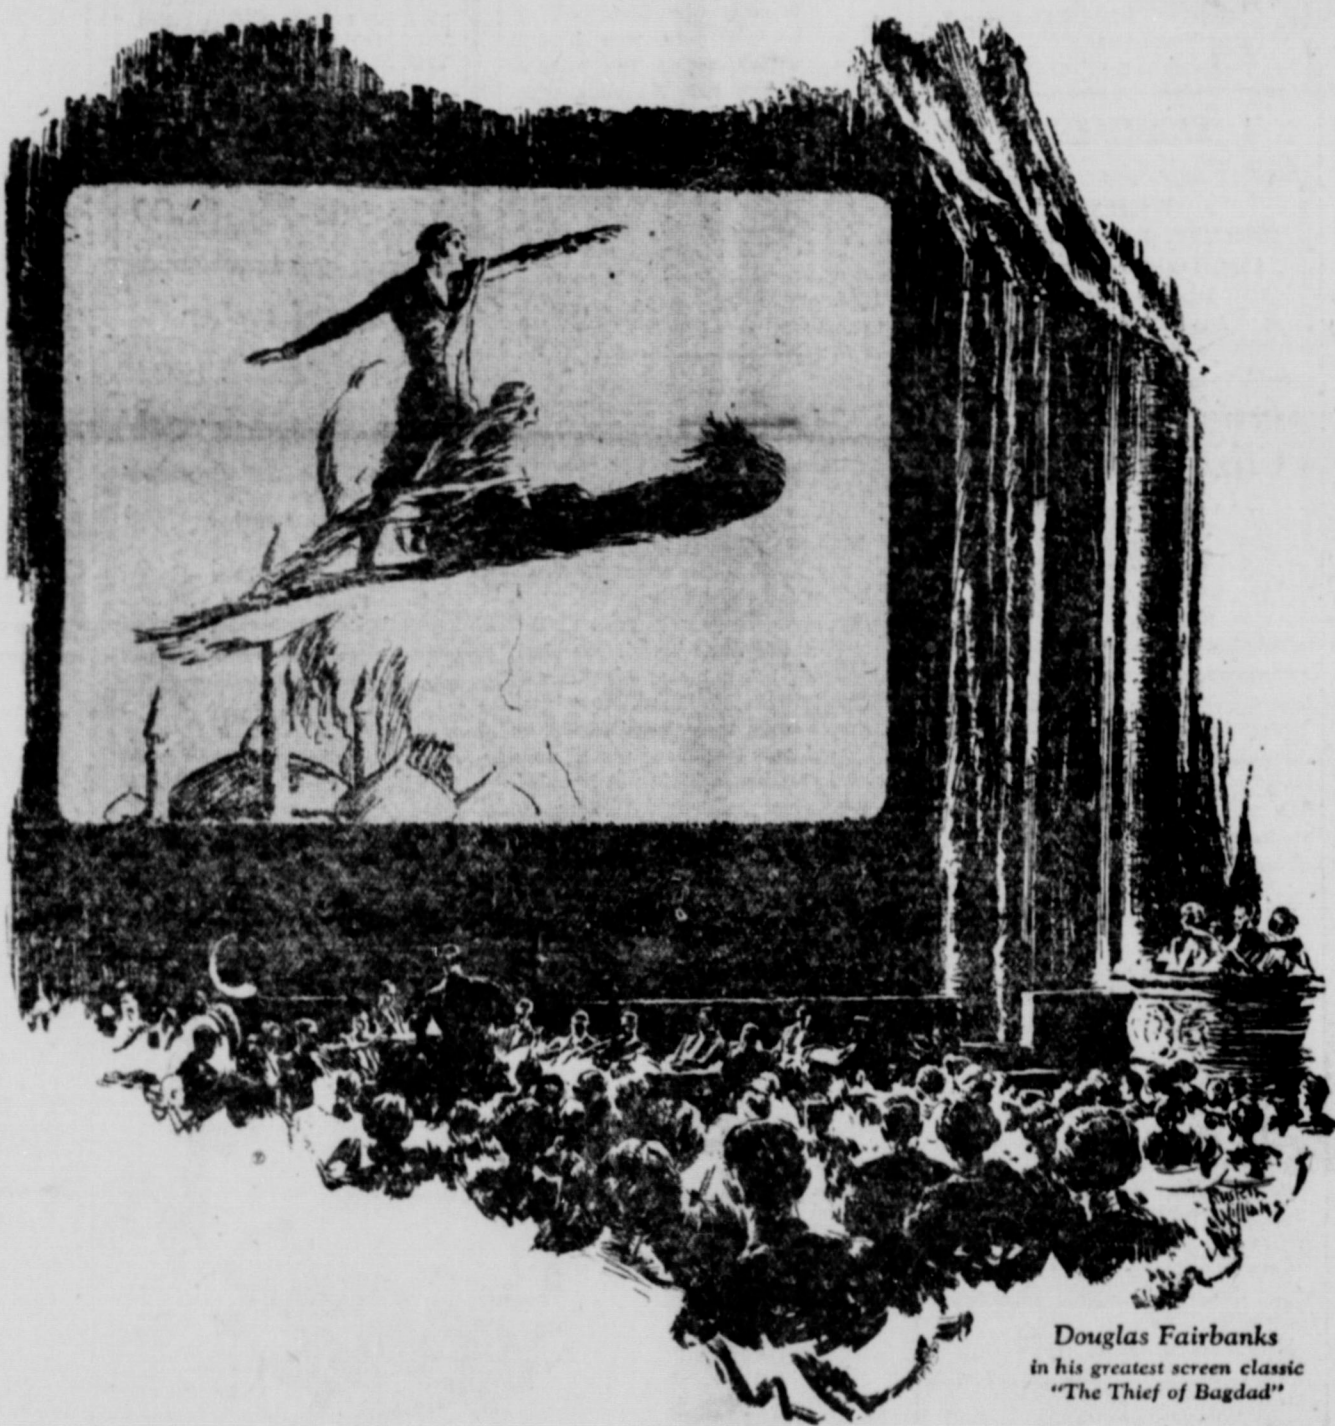

# The Thief Of Bagdad

*Have you ever seen a Magic Rug soar above the city bearing a Thief and a Princess?*

*Have you ever seen a White Horse with wings fly through the clouds?*

*Have you ever seen Magic ropes, live dragons and bats as big as elephants?*

*Have you ever seen an "Invisible" cloak?*

Douglas Fairbanks  
in his greatest screen classic  
"The Thief of Bagdad"

*It takes you back to Bagdad of the days of the good Caliph Haroun Al Raschid, Agib, Ali B a b a, Cassini, Schairbar, Houssains, Ahmed and others whose names bring thoughts of Arabian Nights when the Salt of Life was Love and the Wine of Life—Adventure.*

*This beautiful story of romance and adventure abounds in happenings of astounding and unbelievable magic.*

## The Arabian Nights

In the days of long ago, a Sultan discovered that his wife was unfaithful. He beheaded her. To prevent a recurrence of this, he married a fresh wife every day—and the next morning he beheaded her. Until he married one who told him, every night, a fresh tale from the "Thousand and One Nights."  
If you have read Arabian Nights, nothing will keep you away from the "Thief of Bagdad." If you have missed these charming tales, then here is your opportunity to see them acted out by the greatest of them all—Douglas Fairbanks. To see them in more gorgeous settings than your imagination could ever picture them.  
Everywhere the "Thief of Bagdad" has been shown, great crowds have been attracted. The lure of Douglas Fairbanks, coupled with the lure of the "Thousand and One Nights" has proved irresistible. By no means fail to see this great film. If you do, you will miss one of the very greatest it has been our privilege to show and you will regret it forever after.  
Expect great things and you will not be disappointed. The charm of the "Thief" will linger in your memory for many, many days. You will wonder how the "Magic Carpet" can sail as it does above the house tops of the Oriental city. You will wonder how the "Flying Horse" flies. You will be amazed at the gorgeousness of the scenery and the stupendous scale upon which the whole film is planned and carried out. And when you see it, you will agree with those who have already had this privilege, that it is the greatest thing that has yet been done.
