TRADE TRIPPERS ARE RECOVERING

Return From Last Day's Excursion Late Thursday—Put On Program And Concert At Roscoe

TOTAL ACTIVITIES LISTED

More Than 7,000 Persons Greeted Trippers at Various Stops—Half Ton Given Away

The annual Sweetwater Trade Trip came to an end at 5:30 Thursday afternoon when the trippers returned home after completing the third day of the excursion which, officials announced, was successful in every way, and accomplished among other things, the visiting of nineteen neighboring towns and cities; meeting, coming in contact with and being seen by crowds conservatively estimated to total 7,000 people; covering approximately 355 miles in this and adjoining counties; handing out circulars, literature, souvenirs, favors, fans, hats, feathers, balloons and other novelties estimated to amount to half a ton; advertising the American Legion Celebration July 3 and 4 and the Nolan County Fair, and spreading good will and friendship everywhere.

During the three days, approximately 300 Sweetwater people including the band toured the country side. Ten different speakers addressed huge crowds during the three days. County Judge A. S. Mauzey was master of ceremonies at almost every stop, won laurels as a speaker, and made more addresses than probably all other speakers combined. Judge Mauzey introduced other Sweetwater speakers in practically every town visited.

Others who made addresses during the trip included, George Sheppard who spoke at Dora; H. M. Rose, Hylton; Will Wade, Blackwell, Colorado, Roscoe; John McKissick, Maryneal; M. B. Howard, Gus Farrar and C. C. Mayfield who spoke during the second day of the trip, Sheriff Jack Yarbrough, Roscoe, and D. A. Clark at Lorraine and other towns.

Boogar Red, rodeo king, and Pete Jones, a member of the rodeo which is to be a feature of the celebration here July 3 and 4, were prominent in the activities of the trade trippers.

The Sweetwater band and the W. O. W. band received praise, both for the band members and their director, H. M. Rose, throughout the three-day tour.

Roscoe was the last town visited at the end of the trip Thursday. Rain interfered with the program scheduled for that town on the first day of the excursion. At Roscoe, Thursday, a snappy band concert pleased a large crowd and this was followed by a snake dance by Sweetwater boosters. Judge Mauzey made a brief address and introduced Jack Yarbrough, Nolan county sheriff and ex-water superintendent of Sweetwater, who made a splendid talk in which he invited Roscoe people to visit Sweetwater often and share with Sweetwater the lakes and parks on picnic occasions.

Will Wade was also a speaker at Roscoe, and extended an invitation to people of that town to attend the American Legion picnic and free barbecue here.

The motor caravan, nearly one mile in length, arrived in Sweetwater at about 5:30 Thursday afternoon and a sample of the program and activities staged in cities visited on the tour, was given here.

ASK REHEARING

Attorney For State Board of Education Prepares For Argument In Text Book Case

By United Press. AUSTIN, June 12.—Preparations of a motion for a rehearing which is to be filed in Supreme Court in the textbook cases, began today upon the arrival of W. G. Love of Houston, special counsel for the State Board of Education.

Love declined to discuss the action the board will take if the court overrules the rehearing motion, and adheres to its decision sustaining validity of the contracts.

Mrs. Jesse Jones and three sons left Thursday on their return home to Hattiesville, Miss., following a five weeks visit here with her parents, Mr. and Mrs. W. T. Hightower. They will visit her brother, Claire Hightower and wife for a few days at New Orleans as they are enroute.

Miss Ethel Harkins, daughter of Mr. and Mrs. H. P. Harkins has joined the other Sweetwater girls at Denton where she will attend the summer term at C. I. A. She taught at Lorraine the past year.

It's Just Jack

You're right, for this is none other than Jack Dempsey, pugilistic king, developing his lung power on a mammoth horn in a Paris hotel during the recent sojourn of the Dempseys there. Jack found it tough work to get a sound out of the thing, too, according to those in the know.

Mrs. O. L. Stamps and children left this afternoon on a six weeks' trip to New Orleans, Birmingham, Columbus, Ala., Nashville, Memphis and Mount Pleasant, Tenn. The latter is her mother's girlhood home. On their return trip they will visit relatives at points in North Texas.

Guest of Ship Tosses Cigarette in Gasoline Store—4 Missing, 20 Hurt—Ship Sinks

By United Press. ATLANTIC CITY, N. J., June 12.—One woman is dead, four persons are reported missing, and 20 are in hospitals here today as the result of a fire and explosion which caused the pleasure yacht Crystal to sink shortly before midnight 5 miles off Chelsea.

The tragedy occurred when 30 young men and women were enjoying a moonlight sail and dance aboard the vessel.

Panic broke out following the terrific blast which came after one of the guests had inadvertently tossed a cigarette in the forward hatch where the gasoline supply was stored.

McKissick To Europe

The congregation of the First Christian church is planning to send Dr. J. T. McKissick, pastor, to Europe on a vacation trip in August, as a mark of appreciation for his services to the church.

MASONS COMING

Masonic Grand Lodge Party Due To Arrive in Sweetwater About 5 o'Clock Saturday

The Masonic Grand Lodge party with the boys band from the Masonic Home and School, about 38 in all, will reach Sweetwater, Saturday afternoon about 5 o'clock; and it is expected that the boys band will at once give a street concert.

At night there will be a short session of the lodge after which the doors will be thrown open to the families of Masons and their friends for the program including short speeches from one or more of the highest Masons in the state. The Grand Master of Masons in Texas, Hon. Guinn Williams, congressman from the Decatur district, the Deputy Grand Master, Ed. R. Bryant of Midland, and a number of others are in the party and will take part in the program.

The tour is being conducted by Wilbur Keith, executive secretary of Masonic Service committee of the Grand Lodge of Texas; and the party has come this week from Amarillo by auto in easy stages, stopping at a number of places.

A large attendance of Masons and their families and friends from Sweetwater and nearby points is expected. Large crowds have met the party in the Panhandle Plains region.

By United Press. TROUP, Tex., June 12.—More than three hundred carloads of tomatoes have left this section of the county for market this season and additional shipments are scheduled.

Day and night shifts have been operated in the packing sheds for several days at Gresham. The acreage yield will run high for the season, growers indicate.

BEAT INJUNCTION

Santa Fe Builds Switch Line In Lubbock On Sunday To Forestall Restraining Court Action

Special to Reporter. LUBBOCK, June 12.—A last minute dash into prized industrial territory was successfully made by the Santa Fe here Sunday, culminating a two years struggle to touch industrial property here when four blocks of trackage was built south from the main line through an established wholesale district.

Three hundred workmen, several tons of equipment and material were assembled. The crews were busy with frenetic activity from 12:01 o'clock Sunday morning until 5 o'clock that afternoon featured the sensational drive into territory securing heavy freight business for the Santa Fe.

Two years ago when the Axtell company of Fort Worth, established a wholesale house here they were pledged the support of the local Chamber of Commerce to secure trackage to their property that at that time extending farther into the retail district than any other property occupied by a wholesale institution, and though the city council passed necessary ordinances granting the Santa Fe permission to build the trackage on the alley between Avenue G. and H. efforts of a few not favoring the building of the trackage were successful in holding up building plans and with first one obstacle and another encountered, two years passed without the trackage being built.

When it was learned that one property owner was about to file an injunction seeking to permanently restrain the railroad company from laying the trackage along the alley, officials of the company took advantage of their strategic position afforded by the illegality of taking court action on Sunday and with all preparations made actual work on the trackage was started as the last minute of Saturday passed.

HAS SMALLPOX

Family on Orange Street Quarantined In With Disease—Some Cases Infantile Paralysis

A case diagnosed as smallpox was discovered in Sweetwater late Thursday and promptly quarantined by Health Officer Dr. G. Burton Fain.

The patient is Mrs. Rosenbaum, residing on Orange street. How the disease was acquired is a mystery inasmuch as the patient had been suffering from pneumonia for the past three weeks. Both Dr. Rosebrough, attending physician and Dr. Fain however, diagnosed the case as smallpox late Thursday.

The house was promptly quarantined and the neighborhood warned. All those who had been exposed to the disease were urged to get vaccinated at once.

A disease that is causing much concern also is infantile paralysis, of which there are reported four cases on the south side, according to Dr. Fain.

Infantile paralysis is a disease of the spinal cord and occurs among children. It is often fatal or leaves the victim with one or more paralyzed limbs and is very much dreaded. Parvanees of small children are taking precautions and keeping their little ones at home as the disease is highly infectious through the respiratory organs (the lungs.) All known cases of the disease are being promptly quarantined. The disease however, may begin with a little fever and stomach trouble and not until the paralysis sets in a few days later is the case diagnosed as infantile paralysis.

HANY HURT IN BATTLE

Gun Fight Kills One, Injures 40—Authorities in Hospitals—Soldiers Are Enroute

By United Press. HALIFAX, N. S., June 12.—Following yesterday's battle in which one miner was killed and 40 persons, including 7 policemen, were injured, the little mining town of New Waterford, Cape Breton, was in the grip of mob rule today.

Early this morning, strike breakers broke into three stores of the British Empire Steel Corporation and stole practically everything the stores contained, and afterwards, threatened to apply the torch.

Townpeople spent a sleepless night fearing the street rioting might be renewed.

New Waterford waited anxiously today for several hundred troops now enroute from this city, believing that lawlessness will not be ended until the soldiers arrive. Meanwhile, local authorities, many of whom are in hospitals, are trying to cope with the situation with depleted forces.

Soldiers Arrive

By United Press. HALIFAX, N. S., June 12.—With the arrival of 50 members of the provincial police from Halifax, order had been at least temporarily restored today at New Waterford, Cape Breton, scene of the fatal riot by striking coal miners.

The power station at New Waterford which had been in the hands of strikers since Thursday, was reported to have been abandoned only after the strikers had wrecked its apparatus.

North Sydney reported that the watch house at the mine had been fired today, the second fire to be reported at the Besco Colliery property within the last 24 hours.

JAP PREACHES

Graduate Fort Worth Baptist Seminary at Lamar Street Baptist Church—Interest Growing

The revival at the Lamar Street Baptist church continues with more and more interest shown at every service.

Last night's sermon was on "Making a Choice," in which Rev. Newsome stated that every choice made to be a Christian required a sacrifice, much courage and faith.

The subject for Saturday night's discourse, will be "Taking the Mask Off the Greatest Secret Society on Earth." On Sunday night the subject will be "Heaven."

K. Toby, Japanese graduate of Fort Worth Baptist Seminary, preached Friday morning. Following the service at the church, the congregation repaired to the home of Felipe, the Mexican Baptist Missionary, and held a service there.

The public generally is invited to each and all of these services.

Miss Catherine Andrews has gone to San Angelo, her former home, to spend a week with her half brother, Joe Steele and family, while her sister Miss Sara Steele, is visiting their uncle and other relatives at Rowett.

CHINA
"Americans Fired Upon" does not make very encouraging reading in the headlines. It has occurred twice recently in connection with the recent uprising in China, where internecine strife is wreaking havoc. It may be that American intervention is the object of one or both parties to the factional fighting now going on. That would be a very expensive proceeding but the American flag and American citizens are entitled to respect in foreign nations even by lawless bandits. And the American government is expected to take such steps as may be necessary to see that this is done.

If Back Hurts Flush Kidneys

Eat less meat, also take glass of Salts before breakfast occasionally.

Too much meat may form uric acid, which excites the kidneys; they become overworked; get sluggish, ache and feel like jumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person, shortly. At first you feel a dull misery in the kidney region; you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad. Drink lots of water; also get from any pharmacist four ounces of Jad Salts, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with bicarbonate, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to help neutralize the acids in urine, so it no longer is a source of irritation, thus often ending bladder weakness. Jad Salts is inexpensive, can not injure, makes a delightful effervescent lithia water drink which everyone should take now and then to help keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in correcting kidney trouble while it is only trouble.

He Piloted Harding's Ship

*To Captain E. W. Holmes
with assurance of confidence
and esteem, and my happy recollection
of a most delightful voyage. Good wishes
from
General Harry Harding*

Captain Edgar W. Holmes, master of the United Fruit Co. steamer *Atonas*, owns one of the few samples of the handwriting of President Harding known to be in existence. Harding dictated nearly all his correspondence and addresses, but to Captain Holmes, whose ship carried him from New Orleans to Panama after his election, he sent a picture autographed with several lines of his own script.

RECIPES

Leg of Lamb

Wash and remove all stringy portions from a leg of lamb; put a bit of lard in your roaster and place on top of range, sear the meat on both sides; then place roaster in the oven with bottom barely covered with water, and roast slowly for about three hours, basting frequently. A few slices of onion or a bit of garlic over the top gives good flavor.

Glazed Onions

- 1 1/2 dozen small onions.
- 2 tablespoons sugar.
- 1 cup water.
- 2 tablespoons butter
- 1/2 teaspoon salt
- 1/8 teaspoon pepper.
- 1 tablespoon flour.

Select small onions of uniform size. Peel and parboil. Melt the butter in a frying pan and add the onions. Sprinkle with the sugar and seasonings and add the water. Simmer gently or bake in a slow oven (275 deg. F) for one hour. When tender add a paste made by blending one tablespoon flour and one tablespoon water. Cover and let stand for thirty minutes in a slow oven until glazed. Serve with meat as a vegetable garnish.

Glazed turnips or carrots may be prepared in the same way.

Green Corn Oysters

- 2 cups.
- 2 cups graded raw corn, or boiled corn cut from cob.
- 1/3 cup flour.
- 1/2 teaspoon salt.
- 1/8 teaspoon paprika.

Beat eggs, add corn, then flour

centials: first with eggs and cream and last this type of dessert may be adapted to any and every menu; be it simple and cheap or elaborate and expensive.

We may all have our preference for various creams, this usually being due to the foundation. Some like the standard or New York style—other, like the straight cream, the cream, while others like the addition of some relative to guarantee a smoothness against any grain due to incorrect preparation or peed in freezing.

Milk sherbet is a favorite. It is lighter than regular ice cream and for that reason gives an agreeable touch to the end of a hearty meal. Frozen fruits are always well liked and can be prepared at any time of the year, for canned fruit may be used when fresh is not available. Canned evaporated milk makes a very smooth ice cream too. Many recipes call for it, and it may be substituted also in the others where fresh milk is ordinarily used.

Although to the amateur housewife the number of frozen desserts seems endless, there are really only about six basic recipes for making them all, and she has out to become familiar with these in order to be past mistress of the art and be qualified to serve a new variety every one of the three hundred and sixty-five days of the year.

Water Ices

Water ices are the simplest, coolest and most refreshing of all frozen desserts. A water-ice is simply a mixture of fruit juices, water and sugar rose to a pulp. In recipes for water-ices, the water and sugar are first added into a syrup. In freezing water-ices, the best results are obtained when the process is carried on inter-

mittently, turning the freezer slowly for five minutes and then allowing to stand for five minutes—continuing this process until the mixture is stiff. It is then allowed to stand for two or three hours to ripen.

POOR CROPS ARE SHOWN IN REPORT

Survey of State Crops By Agriculture Departments Shows Poor Condition Over Texas

COTTON ACREAGE INCREASED

Acres Placed at 107 Per cent—Conditions in Contrast With West Texas—Little Grain

The current report issued by the State Department of Agriculture giving acreage, crop conditions, and other information concerning Texas agriculture as compiled in the office of George B. Terrell, shows that, to quote the Agricultural Commission "The agricultural condition is the worst I have ever known. In fact, there are some localities where they have no crops."

The cotton acreage this year was placed at 17,331,186. All grain acreage is low, with prospects of high feed prices.

The report is in marked contrast to Nolan county, surrounding counties of West Texas and the south plains, where an optimistic outlook is held and crop prospects were never brighter.

The Agricultural Commissioner's report follows:

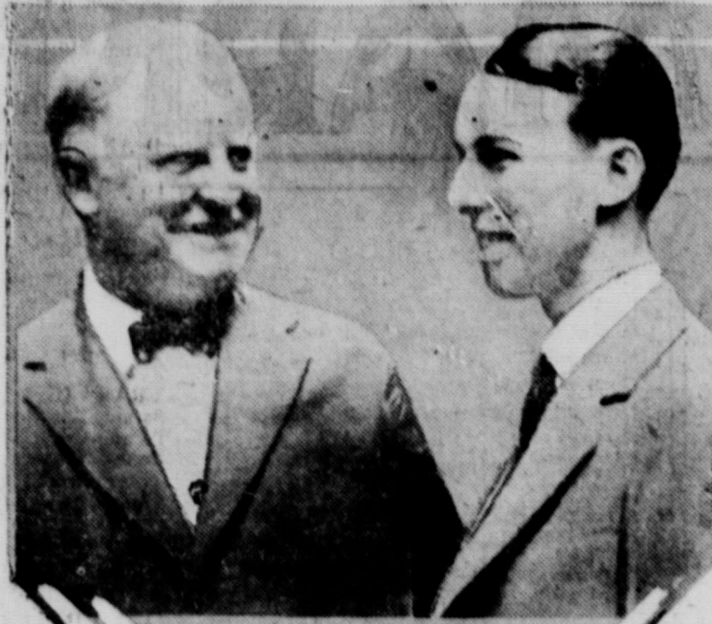

"Reports tabulated from our correspondents covering over 200 counties show condition of nearly all crops to be very poor. Acreage and condition follows:

Crop	Acreage	Condition
Cotton	107 per cent	67 per cent
Corn	74	61
Oats	75	43
Wheat	58	39
Hay	95	78
Tomatoes	10	89
Grain Sorghum	104	81
Sweet Potatoes	84	73
Ribbon Cane	74	64

"The report shows cotton acreage to be 107 per cent indicating 17,331,186 acres compared with 16,198,000 acres last year. The acreage of feed sorghum and rice have been increased, while other grain crops have been decreased. The cotton acreage is subject to slight change in our report of July 1, as some lands have not been planted and some cotton is dying because of lack of moisture.

Agricultural Conditions Poor
"Agricultural conditions are the worst I have ever known. The reports

One-Man Graduating Class

Melbourn C. Hosp was the only graduate at the Alken School for Boys, Kansas City. William Allen White, left, editor of Emporia, Kas., delivered the commencement address, urging Hosp to "hold back those changing too rapidly or speed up those who are holding back."

Wear Necklace Down the Back

If you draw a V from shoulder to waistline, and then scoop out the material inside the V you uncover quite an expanse of back. If this bothers you at all, follow the plan of Carmel Myers and wear one of the new back necklaces of diamonds and pearls—just like the pendant effects that were once worn down the front. It breaks up the dead white of the shoulders and offers some explanation for the cut of the frock. Really, it's a very smart thing to do these days.

"BROKEN OUT" FACES ARE NOT IN STYLE

The girls who can't wear clothes which are in style because they have eczema, rash, tetter, scrofula or a "breaking out" where it would show are more to be scolded than pitied, because there is no need for them to be unattractive in out-of-style dresses when they can get rid of these skin troubles so easily now.

Black and White Ointment, and Soap, are surprising thousands of girls who have had to deny themselves the attention which more attractive girls get, because they quickly remove all trace of these skin troubles.

They are economically priced, in liberal packages. The 50c size Ointment contains three times as much as the 25c size. All dealers have both the Ointment and the Soap.—Adv.

Cool Facts

West Texas Electric Co.

show conditions to vary from no percent in some localities to 100 per cent in others. In fact, there are some localities where they have no crops. The rainfall in the state has averaged only 2.21 inches during the months of April and May, and with no winter rains it is impossible to make a crop on such a small amount of rain. Large areas have practically no crops in sight while some small areas have good crops. The tract territory of Austin and San Antonio, covering a radius of 75 miles round each city, report very poor crops.

Corn, Wheat, Oats Almost Failure
"The corn crop cannot make an average yield, and the wheat and oats are beyond redemption and are the age of feed can be partly overcome by the larger acreage of grain. The shortest in many years. This short-circuiting if we have summer rains sufficient to mature the crops."

Cotton Crop Problematic
"No one need believe that because the cotton acreage has been increased that this means a large yield. It might be possible to make a good crop, but it is not probable. In fact the chances are ten to one against making a big crop. There were no winter rains and there is no subsoil moisture, and without ideal seasons through the summer it will be impossible to make a good crop."

MANY CARS

Irion County Has Only Four Families Without Autos

Special to Reporter.

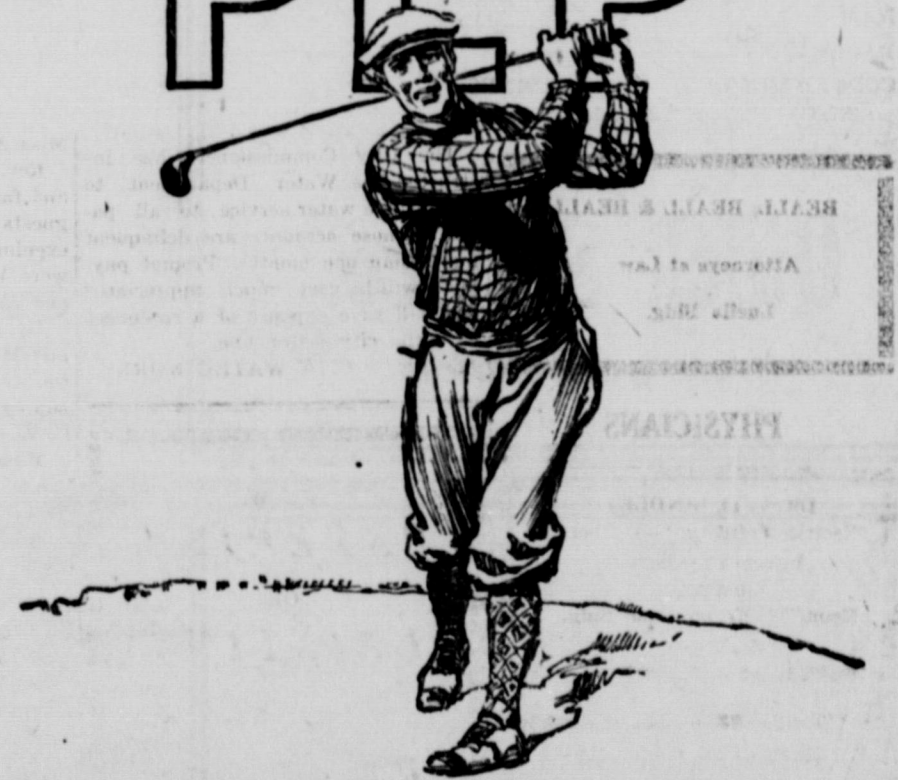

SHERWOOD, June 12—Undoubtedly Irion county has the automobile record of the world. There are but four families in the county that render property to the assessor who did not render an automobile as a part of their personal property. Some, of course, render two, three and four cars.

Some counties boast that they can put all their inhabitants in automobiles and drive them off in a single trip. Irion county could drive off the entire county's population in a single trip and leave 30 per cent of the motor cars and trucks in the county, at home.

QUEEN

Hurled from a buckboard careening along behind frightened horses, a girl is thrown into a brawling river, from racing horse, who throws his lariat which she is saved by the rider of a just in time. This is one of the thrilling scenes in "The Fighting Ranger," adventure picture now being shown in the Queen theater with Jack Daugherty and Eileen Sedgwick as co-stars. Others in the cast are William Welsh, Bud Osborne, Charles Avery, Al Wilson, Frank Lanning, Sam Polo, Slim Cole and Gladys Roy.

LYRIC

There is an element of romance in the fact that South Dakota was chosen as the location for "The Deadwood Coach," a Tom Mix production portraying life in the wildest west during the "eighties."

It was through the South Dakota Bad Lands that the original Deadwood Coach ran its perilous course over rocky roads and tortuous trails, attacked by hostile Indians and pursued by bandits eager to possess the

freight of gold it often carried. The Deadwood Trail started at Cheyenne and ran through Laramie to Deadwood, South Dakota. The first coach, built in 1863, was constructed of iron to be bullet proof. It was manned by eight guards besides the driver.

There were many times when it seemed as though the old coach was marked by fate for certain destruction, but it weathered all the storms, and is now on exhibition at the Smithsonian Institute, Washington.

A replica of it is used in the film which is being shown at the Lyric.

"The Deadwood Coach" is playing at the Lyric this week to capacity houses.

REVEALS CAUSE CHINA PLIGHT

Chinese Editor Tells United Press Why Chinese Are Raising Ruckus—High Prices

Chinese Labor Hit Paid and Beaten—Strikes in Japanese Mills Also Affect Situation

SAN FRANCISCO, Calif., June 12.—China needs three strong men to correct things that are behind chaotic conditions there, declared Dr. Ng Poon Chew, editor of the local Chinese language newspaper, Chung Sai Y at Po in an interview with the United Press. High cost of living, frightful labor conditions, and foreign aggression have brought on the present situation, he said.

"What China needs is a political organization, a military genius and a financier," Dr. Chew declared. "I have every faith that these will arise and save China. I am just as certain China can not be helped by intervention."

"The foreigners who have brought capitalism and commercialism are not popular. The Japanese and English are especially disliked. Any move from these quarters would only add to the confusion."

Dr. Chew said living costs have gone up twice as fast as wages in China since the World war. Rice, which was \$2.50 a sack, is now \$7 and many working families can not afford to eat it.

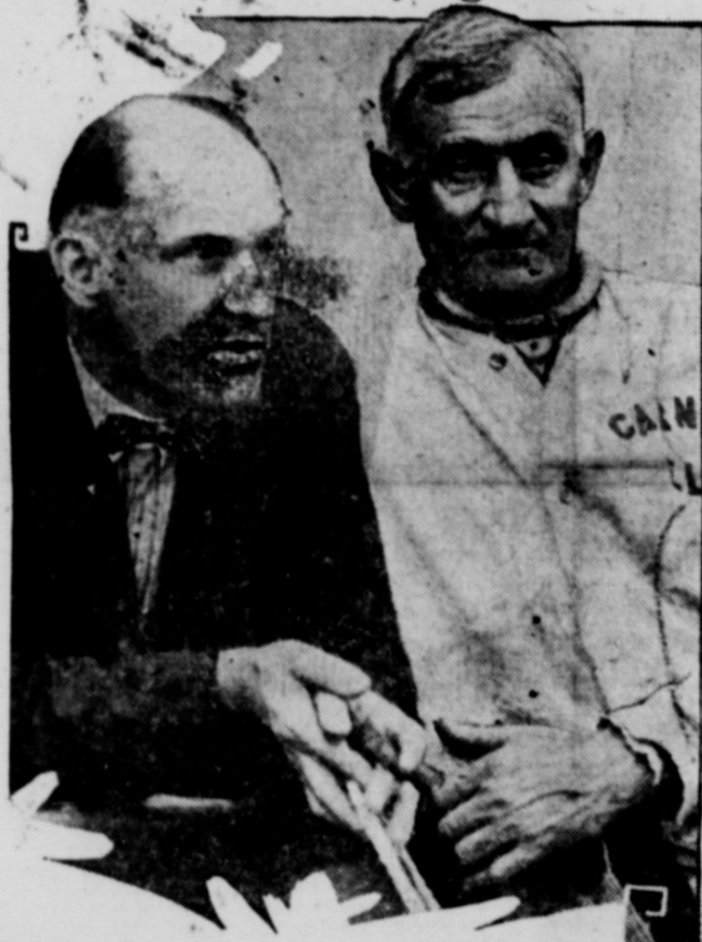

"These Chinese are not starving," said Dr. Chew, "but they are eating just enough to keep body and soul together."

"The present situation arose from the strike in the Japanese spinning mills in Shanghai and Chang Tso that followed repeated demands for better conditions."

"There was recently a strike in which the workers demanded that they no longer be beaten. Conditions of work are reported intolerable, with monthly wages of \$2.50 to \$5.00."

"What we want now is America's sympathetic moral support. The situation is critical only in that our integrity as a nation is threatened by fear of invasion."

He's Still Playing Ball

Mayhap you'll recall the gray-haired chap pictured on the right in the above photo. But in case you don't, permit us to introduce Honus Wagner, former Pittsburgh shortstop and one of the greatest players in baseball history. Wagner, despite his advanced years, is still capable of putting up a good game for the Carnegie Elks. He's depicted with his brother, William, of Mt. Vernon, O., who follows Honus on all his playing trips.

Presbyterian Church Services

There will be regular preaching service at the Presbyterian church Sunday morning at 11 o'clock and again at 8 o'clock p. m. Sunday school at 9:45 a. m. and Christian Endeavor at 7 o'clock p. m.

There will be special music at both the morning and evening services.

Christian Church Sunday Program

The First Church of Christ will hold their Bible school at 9:30 o'clock Sunday morning instead of 9:45. Preaching morning and evening by regular minister. Quite a number will motor to Abilene to hear Charles Reighn Seville preach at 3 p. m. The State Convention of the Christian churches will be in session for four days beginning Friday evening and lasting through Tuesday.

Those wishing to attend Sunday afternoon, and have no conveyance, will meet at the Christian church at 1 o'clock p. m., Sunday.

J. T. McKISSICK, Minister.

Church of Christ

Considerable interest is being manifested by the people of the U. S. Gypsum company in the revival services being conducted there under the auspices of the Church of Christ with Elder W. D. Black doing the preaching. The sermon last night was on "Jacob's

Dream" and tonight will be "Heartfelt Religion." Saturday night "What Must I Do To Be Saved?"

Regular services Sunday at the Church of Christ, corner Fourth and Elm.

CAR THEFT SERIOUS

Chrysler Executive Advocates More Stringent Precautions

"One out of every 42 motor cars delivered to the public is stolen within two years. How much longer will a motor-owning public tolerate such a condition?" asks Walter P. Chrysler, president and chairman of the Board of directors of the Chrysler Motor Corporation.

"The responsibility is not upon the police who are doing the very best they can. The difficulty is that motor cars are so marked that they can be sold as easily as stolen. There may never come a time when some way can be found to steal a motor car but surely some way can be found to make it more difficult if not very dangerous to buy a stolen car. On every car there should be some kind of a mark which is counterfeit proof, which cannot be removed and which is in plain sight and easy to read. With such a mark police officers could easily examine the car and determine whether it is a stolen car."

"Insurance companies have estimated that the average cost of reconditioning a stolen car is \$150. With thousands of cars stolen every year, think of the economic waste."

"The cost of this crime of stealing motor cars is met by the car owners themselves in the form of premium on insurance. Such premiums are high. With the proper devices—they will be found surely some day soon—insurance rates will be cut down and so will the number of stolen cars."

"The stealing of motor cars has reached a point where it must be checked. And it will be checked. American resourcefulness has had stiffer problems to contend with than this one. The motor car thief will be thwarted."
