GET JEWELRY IN BURGLARIES HERE

Two Sweetwater Residences Ran-
sacked Saturday Night—Watches,
Beads, Money Stolen

THIEF SEEN AT HOUSE

Strange Man Lurks About Premises
Several Nights—Believe Fire at
Victim's House Incendiary

The wave of occasional petty
thefts in and around Sweetwater
during the past few weeks, broke
into more serious burglaries over
the week-end when two residences
were ransacked and money,
watches and jewelry valued at
over \$200 were taken. Both rob-
beries occurred before mid-night
Saturday and indications are that
the same burglar or burglars
worked both deals.

The home of N. P. Tuttle, 311 Bowie
street, was entered late Saturday
night while occupants of the house
were out, with the exception of persons
occupying an apartment, and
jewelry valued at approximately \$100
was stolen. The burglar obtained two
strings of pearls, a white gold wrist
watch, and a jewelry box, it was re-
ported. The jewelry was obtained
from a dresser in the bedroom and
from the dining room.

The Tuttle said Monday that a
strange man had been lurking about
the premises for a number of days. A
lady occupying an apartment there
reported seeing some one near the house
on the night of the burglary.

On Friday night, a fire broke out
in a barn at the Tuttle residence and
occupants of the house stated that the
fire appeared to have been started by
kerosene with indications that the
blaze was of incendiary origin.

The home of Mrs. E. Holmes, 603
E. N. Fourth street, was ransacked
the same night and jewelry stolen
there included a string of solid gold
beads, jet beads, four watches, 8 one
dollar gold pieces and other money.

Occupants of the house returned home
shortly before 10 o'clock to find the
screen door, which had been locked,
pried open. The house had been thor-
oughly ransacked, all drawers in ta-
bles and dressers were open, the fur-
niture was in confusion, and even bed
covering and carpets had been turned
back.

Officers were promptly notified in
each instance but so far they are
working without clues as to the two
burglaries.

LEAGUE MEET

Representatives From Epworth Leagues
In Adjoining Counties At-
tend Rally Here Sunday

By way of preparing for the com-
ing State meeting of the Epworth
league at Amarillo, June 22-26, rep-
resentatives from four neighboring
leagues met the local organization
here Sunday afternoon.

The "pep squad" under the leader-
ship of Miss Jessie Steel of Colorado
lead in activities of the rally here and
was credited with arousing great in-
terest over the coming convention.

Roby, Hermleigh, Colorado and Lo-
raine sent wide awake representations
who also expect to go to Amarillo.
Quite a number have signified their
intention of going from Sweetwater,
according to Mrs. E. V. Glass, director
of the local work.

Mrs. Lila Cox Embry, district sec-
retary, presided over the meeting and
is very much enthused over the pros-
pects of the State meeting. Rev. John
Newsome, Baptist revivalist, gave the
young people a fine address, among
a number of short talks.

A social hour between the afternoon
and evening meeting was enjoyed dur-
ing which the young people became
acquainted, over their cups of tea and
sandwiches, served by the hostesses.
The visitors remained over for the
evening meeting of the league which
continued until 8 p. m.

Another belated Shriner came in
over the week-end in the person of
Roy W. Thompson, who visited various
points in the West after attending the
Los Angeles convention.

By United Press.
CHICAGO, June 15.—More than
300 foreign-born gunmen and moon-
shine operators are in police cells to-
day in the most extensive series of
raids ever made in Chicago.

The raids were ordered following
the killing of two policemen and the
wounding of another in a street fight
Saturday.

Mayor Dever, State Attorney R. E.
Crowe and other high officials an-
nounced their determination to rid the
city of gangsters who have killed
four policemen in the past week.

Orders to shoot to kill were given
to police.

WIFE "STRANGLER" TO DEATH

Killed By Use of Dental Gas—Body
Loaded on Wheelbarrow and
Thrown Into Cistern

By United Press.
LOS ANGELES, Calif., June 15.—
The State will demand the death pen-
alty for Dr. Thomas Young, confessed
slayer of Mrs. Grace Grogan Young,
millionaire club woman. The district
attorney laid plans today to obtain a
speedy trial of the wealthy dentist,
block the defense plea of insanity and
send him to the gallows for the "scien-
tific murder" of his beautiful wife.

Mrs. Young, according to the dra-
matic confession of her husband, was
strangled to death with cyanide, a
dental gas, after a quarrel with her
husband on the night of February 21.

The body was taken in a wheel bar-
row and dumped into a concrete cis-
tern.

Until late Saturday night, when Dr.
Young broke down and confessed, he
had clung to the story that his wife
left him after a quarrel and had gone
to Europe, presumably to obtain a di-
vorce.

NO MORE CASES

Only Three Cases Infantile Paralysis
Under Quarantine—Attendance
Slumps at Sunday Schools

No more cases of infantile paralysis
have been reported to city health au-
thorities over the week-end. There
are only three cases under quarantine
at the present time, according to Dr.
G. Burton Fain, City Health physician
who believes the situation is in hand
at this time. Other cases are in pro-
cess of convalescing.

Parents are advised, however, not
to take any chances but to get in
touch with their family physician at
once in the event of appearance of ill-
ness.

There was a noticeable absence of
children at Sunday schools of the city
Sunday which was in line with the
advice of physicians for children to
avoid all children's gatherings.

Miss Genoa Cole returned several
days from the Baptist Seminary at
Dallas where she has spent the past
three years preparing to do foreign

CANTONESE MOB SLAYS HUNDREDS

Account For Victims of Mob Lust
In Stricken City

By United Press.

HONG KONG, China, June 15.
—Over 700 helpless Yunnanese
soldiers, unarmed and deserted by
their leaders, were slaughtered by
Cantonese mobs, according to esti-
mates reaching here today.

Many were beaten and stoned to
death after the victorious Cantonese
swept into the city and
drove the Yunnanese forces into
retreat.

For 24 hours the bloodlust vented
itself against the foreign captors of
the city and shocking atrocities were
perpetrated.

Crucifixion, drowning, beating and
stoning accounted for many victims.
In one street alone 100 bodies of the
mob victims were found while over
the entire city it is estimated that
more than 700 Yunnanese were ruth-
lessly hunted down and slain. No
quarter was given.

Five Jay-Walkers

By United Press.
BUTLER, Pa., June 15.—"Jay-
walking" in some cities is regarded
as being more or less of a joke. Cit-
izens of such places even refer to
themselves, with humorous intent,
when they cross the street at some
other point than the regular crossing
at street intersections, as "jay-walk-
ers."

But jay-walking in this city is a se-
rious matter. To cross busy Main
street, for instance, in any but a dig-
nified and even soldierly manner, in-
volves the possibility of arrest and
fine of from \$2 to \$20.

DRIVE FOR FUNDS STARTS TUESDAY

Merchants To Contribute to Fund For
Staging Celebration Barbecue
Here July 3

LEGION ANNOUNCES PLANS

Will Barbecue 8,000 Pounds Beef—
Serve 1,800 Leaves Bread—
Money For Picnic Fund

Committees from the American Leg-
ion will open a drive Tuesday for
raising funds to pay for the barbecue
dinner that is to be served free here
on July 3, the first day of the annual
Fourth of July celebration, to all
Sweetwater visitors who will be
guests of Sweetwater business men at
the largest barbecue staged in the
county in many years.

Contributions by local merchants
will take care of the expenses of feed-
ing the 10,000 people expected here on
the first day of the celebration. It has
not been estimated as to what the to-
tal cost of the barbecue will be, but
Legionaires are confident that busi-
ness men here will contribute more
than enough for the big feed.

Legion officials announced Monday
the plans for the barbecue, giving
some idea of the large scale on which
the free dinner is to be served.

Forty beehives will be barbecued over
a barbecue pot 100 yards in length.
Barbecued meat totaling 8,000 pounds
will be ready for the dinner and will
be sufficient for feeding 16,000 per-
sons.

Approximately 1,800 Pullman leaves
will be served with the barbecued
meat.

A 45-gallon barrel of pickles has
been contributed to the Legion for the
big feed by Walker-Smith Wholesale
Grocery Co., while the Tubb Wholesale
Grocery has given 200 pounds of cof-
fee.

The serving of the dinner will be in
charge of an ex-army mess sergeant,
assisted by a small army of cooks and
scores of uniformed Boy Scouts.

The local American Legion Post,
which is sponsoring the Sweetwater
celebration, stated Monday that every
merchant and citizen would be given
a chance to contribute to the barbecue
fund. In turn, it was pointed out, all
businesses will be benefited by having
several thousand people in the city
during the two days.

Legion officials pointed out that the
picnic was not a money making affair
for the Legion. Any financial returns
obtained from the staging of the cele-
bration will go back into the picnic
fund, to be used again next year, and
from year to year, in staging the an-
nual celebration which will be en-
larged and bettered every year.

Last year's picnic netted approxi-
mately \$900 for the picnic fund, and
that amount is being used again this
year to help defray expenses of the
celebration.

TEXAS RANGERS GUARD BORDERS

Practically Entire Force Texas Ran-

cursions Over Border

By United Press.
AUSTIN, June 15.—Practically the
entire force of the Texas State Ran-
gers has been stationed along the
boundary line between the United
States and Mexico, it was learned here
today.

The Rangers were stationed at the
boundary to prevent any possible in-
cursion by Mexican bandits, it was
said.

The history of numerous disagree-
ments between the United States and
Mexico show that Mexican bandits im-
mediately become active in harassing
ranch owners along the border, it is
reported and it has been the policy
of Governor Miriam Ferguson, since
taking office, to keep practically the
entire Ranger force stationed along
the boundary.

DEFENSE WINS A POINT IN TRIAL

Witness Unable to Say Was Defend-
ant Gerns—Stops Examination

By United Press.

CRIMINAL COURT ROOM, CHI-
CAGO, June 15.—William D. Shep-
herd, on trial for the alleged murder of
Billy McClintock, won an important
victory in court today when his attor-
neys almost completely tore down the
testimony of Dr. Amante Rongetti,
one of the State's best witnesses.

Under a severe cross examination by
William Scott Stewart, Shepherd's
chief counsel, Dr. Rongetti admitted
that he was not sure it was Shepherd
who asked him concerning typhoid
germs and a course in bacteriology.
The judge ruled with the State and re-
fused to allow the defense to cross-
examine Rongetti regarding his past
record.

The defense was allowed, however,
to attempt to show that Rongetti was
unqualified to know whether or not
Shepherd was exceptionally well in-
formed regarding typhoid germs. It
was a severe blow to the State as the
same point will be raised after Dr. C.
C. Falkman, who confessed selling
germs to Shepherd, is called as the
State's star witness.

SAN FRANCISCO, June 15.—
One fireman was killed, others over-
come by smoke and damage esti-
mated at one million dollars was
done in fires here early today.

Lieut. J. L. Herthy of the fire
department rescue squad, died in the
basement of the blazing Berge
Bros. Confectionery store, while
trying to rescue two other fire-
men.

Several men equipped with gas
masks bore Herthy from the water
filled basement but he died after being
taken to a hospital. The men he at-
tempted to save were rescued alive.
The major property damage came
in fires which swept four large pack-
ing houses.

GREAT RAILROAD BUILDER IS DEAD

Julius Kruttschnitt, Recently Retired
Chairman Executive Committee
of S. P. Dies

RAILROADER 48 YEARS

Became Assistant General Manager
Southern Pacific Line East of
El Paso in 1885

By United Press.

NEW YORK, June 15.—Julius
Kruttschnitt, retired chairman of the
Executive Board of the Southern Pa-
cific Railway and one of the outstand-
ing figures in the railway world, died
suddenly at 3 a. m. today. He un-
derwent a minor operation at the
Presbyterian hospital here last week
and was recovering satisfactorily
when heart complications developed
last night and death followed.

Mr. Kruttschnitt was chairman of
the Executive committee of the South-
ern Pacific since 1912 and had been
connected with railroading for 48
years, 30 years of which were spent
in the operating department of the S.
P.

Had he lived he would have been
71 on his birthday, next month.

Kruttschnitt was born in New Or-
leans, July 30, 1854. He graduated
as a civil engineer from Washington
and Lee University in 1878. His first
railroad experience was with Morgan's
Louisiana and Texas line from 1878
to 1885, occupying various capacities
from construction engineer to chief
engineer and superintendent.

He went with the Southern Pacific
in 1885 as assistant general manager
of their line east of El Paso, rising
steadily through the ranks of that sys-
tem until he became chairman of the
Executive Board in 1912.

Kruttschnitt was also a director and
member of the executive committee of
the Western Union Telegraph com-
pany, the Erie Railroad, the U. S.
Mortgage and Trust Co., of New York
and of the Association of Railway Ex-
ecutives.

title "First Under the King."

LESS FLAPPERS

Unless Stork Watches Step, Will Be
No Flappers Next Generation—
Boys Exceed Girls

NEW YORK, June 15.—Unless the
stork watches its step there is likely
to be a shortage in the next genera-
tion.

The legendary bird is now ushering
into the world approximately fifteen
percent more boys than girl babies,
figures gathered by the United Press
showed today.

Not so long ago reports show, girl
babies predominated, but during the
past few months the male of the spe-
cies has taken the lead and is now
running well ahead of the weaker sex.

Eleven of 14 cities reported increas-
es in boy births. Only two reported
an excess of female births. In the
other city—Kansas City—births by
sex were equally divided.

Figures deal with the last fifty
births recorded in the various cities:

In Cleveland 27 boys and 23 girls;
Detroit, 26 and 24; Indianapolis 26
and 24; Denver 35 and 15; Omaha 22
and 28; Chicago 26 and 24; Dallas 26
and 24; Kansas City 25 and 25; Mil-
waukee 31 and 19; Cincinnati 30 and
20; Lincoln, Neb., 28 and 22; Los
Angeles 27 and 23; New York 27 and
23.

Of the total of 700 births reported
from the 14 cities, 375 were boys and
325 girls.

Mr. and Mrs. William Morton and
little daughter, Matha Anne, will
leave Tuesday morning for Glenrose
and other points on a vacation trip.

\$90,000 FOR \$16

Tom Nolan is Crockett county clerk at Ozona. A while ago he invested \$16 in oil interests. Now he has sold out for \$90,000. There are several morals that can be drawn from this transaction.

One of them is that truth is always stranger than fiction. No novelist who hoped to have his story sound plausible would ever dare use any such startling event in his plot. It probably could have happened nowhere else except in West Texas, which has not been altogether a stranger to such happenings in the past.

It is most sincerely to be hoped, however, that the lessons learned by investors in connection with the forcible retirement of Cook, Cox, et al from the oil promotion game will prevent any repetition of activities along the line that made Fort Worth famous three years ago. The fiction writers in the employ of the fake oil promoters in days gone by would have hopped gleefully on the Nolan incident and used it as a most forceful lever to part suckers from their savings.

Texas nor the U. S. wants no more lard oil stock promotion schemes. It should be remembered that there is always ample money for legitimate oil development work and that those who seek it along the highways and byways are not interested in oil except as a lubricant to highpowered, ill-gotten motor cars and would not know how to locate or drill a well if they were.

One reason why people go to resorts is to break themselves to knickers among strangers.

You can always tell a native at a summer resort. He's the one that hasn't noticed any mosquitoes.

Correct this sentence: "We found 14 chickens in our garden," said she, "but John didn't swear."

DID YOU KNOW

Did you know that between 150 and 200 gallons of cream are shipped from Sweetwater each week and as much if not more, from Roscoe during the same period of time?

The said cream goes to Amarillo, Fort Worth and Dallas where it becomes one of the constituents of butter that is shipped back to Sweetwater and sold at a much enhanced price.

This paper has from time to time advocated the establishment of dairying in this section, to supplement cotton and poultry which it will do without in any way interfering with the income from these items and prove a valuable supplement thereto.

Dairying is the foundation of the prosperity of some of the wealthiest agricultural sections of the United States and with the ample market that already exists there is no reason why it should not be firmly established here.

Knowledge and experience, the same as in poultry raising, are required. Purebred stock is better than the scrub and through the milk test, "boarder" cattle should be weeded out as non-productive hens are now weeded out by the progressive poultryman. Nor is there any reason why a creamery could not be established in this town, to save the extra margin that now goes to other cities and express companies.

A little attention along this line by the commercial organizations and business interests of Sweetwater would prove a valuable item on the program for the development of this section. There is a return from cream every week instead of once a year.

A BIG ORGANIZATION

From Abilene Reporter: You noticed where the West Texas Chamber of Commerce budget for this fiscal year has been placed at \$104,000. Plans for a great year were laid at the Wichita Falls conference, at which the officials of the organization were re-elected for another year.

Here is an organization almost without an equal in the United States. As a regional body, it is unique. Starting in a small way only about six years ago, it has grown to amazing size and its influence and activities reach every corner of this great domain. And, if we are to judge by each succeeding year's work, it has hardly begun.

A budget of \$104,000 is not extra big for an organization of that kind. It is hardly five times as big as the budget of the Abilene chamber of commerce, for instance, and doubtless there are local chambers of commerce in Texas with even larger budgets than the W. T. C. C. enjoys.

But the work it carries on is of immense importance to the future of West Texas. There is no sort of doubt but that the organization has played an important role in the five-year development of this section, and it will continue to hold the leadership in the upbuilding of this vast region.

Warning: You are more easily overcome by temptation if you get out of breath while chasing it.

Americanism: Resenting the other lawyer's sass; rejoicing when your lawyer sees the other side.

DIAGNOSIS SICKNESS BY LONG DISTANCE TELEPHONE

Dr. J. R. Greer, Chicago, who received a New York patient's heart action by teleo-photographic process and immediately radioed his diagnosis to the American Medical Association convention in Atlantic City. This is believed to be a most important forward step in medical work. Our photo shows Dr. Greer radioing his reply, "leaky heart valve" with the teleo-photographic chart below.

HIGH FEED

From all present indications feed is going to be higher than the proverbial "cat's back" this coming season.

One reason is the shortage of the wheat crop. Authentic authority says that the United States will produce less wheat this year than any year since 1917. High wheat prices mean the substitution of a certain amount of other grain for wheat and an upward tendency all along the line.

There are certain sections of Texas where crop prospects are nil. They in turn will have to buy feed, which means another strengthening tendency for the feed market.

There never was a year when it was more imperative for West Texas growers to raise a big crop of feed. It will be vitally so if cotton prices should be low, as they may, and it will be very profitable if cotton prices be high. For a man can always raise his feed cheaper and more profitably than he can buy it. And in days of high feed prices, this fact has added emphasis.

A wonderful land! Feet that were on the first rung of the ladder ten years ago are now on the desk.

A far-flung empire would be all right if it didn't require flinging the tax money so far.

Movie people like patrons who see a show several times if they don't do it at one sitting.

Another aid to longevity is utter lack of curiosity concerning how fast she will go.

More fights than usual are booked for June. This refers to pugilism, not matrimony.

It is hard to be a leader in America. You can't tell which way the darned crowd is going.

A NEW CRY AGAINST GOLF

J. Harry Trego, executive manager of the National Association of Credit Men, has taken a slap at the ancient and honorable game of golf. He says too many American business men spend too much time playing it.

It is a rather tough proposition to be an American business man and suit everybody. The doctors stand on the one side, lamenting because he spends too much time in the office. The foes of golf, stand on the other, worrying because he doesn't spend enough time there. Somebody hawls out the business man for being wrapped up in his work to the exclusion of all other interests, alleging that his work, hobby, recreation and principal interest in life is dollar-chasing. Somebody else belittles that he doesn't attend to business at all and the country is going to the demitition bows because he sneaks out for an afternoon of golf now and then.

The only solution that will ever be found lies in going out and playing golf when you feel like it, providing your work is in such shape that you can get away.

The country is safe while most of its suffering is caused by the defeat of the home team.

Test For Oil

By United Press. COLEMAN, Texas, June 15.—Oil drilling activity near Coleman has been revived since the recent rain. Because of the shortage of water in recent months, no tests had been made. Two test wells are to be drilled in the near future about thirteen miles north-east, to the shallow sand, which is about 1,000 feet. Other drilling contracts are to be signed shortly for 3,500-foot test.

W. B. Simpson of Roswell, N. M., and Cecil Simpson of Los Angeles were week-end guests of their parents Mr. and Mrs. J. K. Simpson. Cecil was returning from Detroit, Mich., where he attended a Chevrolet convention.

Ship Tomatoes

By United Press. TYLER, Texas, June 15.—All previous records have been broken this season for the return from the tomato crop in this section, according to the figures on volume handled by the railroads serving the tomato belt. A check shows that over 1,000 cars have already been moved to market, and at the price being paid, the growers have received approximately \$2,780,000 so far from the crop.

Mr. and Mrs. J. Carter have a seven pound daughter, who arrived Friday night.

CAN'T BEAT "TIZ" WHEN FEET HURT

Just take your shoes off and then put those weary, shoe-crinkled, aching, burning, corn-pestered, blunion-tortured feet of yours in a "Tiz" bath. Your toes will wriggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "Tiz" bath.

When your feet feel like lumps of lead—all tired out—just try "Tiz." It's grand—it's glorious. Your feet will dance with joy; also you will find all pain gone from corns, callouses and bunions.

There's nothing like "Tiz." It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture. A few cents buy a box of "Tiz" at any drug or department store—don't wait. Ah! how glad your feet get; how comfortable your shoes feel. Test "Tiz" free. Send this coupon.

HARDSURFACE ROADS
Lubbock County to Improve Road From Lubbock to Slaton

LUBBOCK, June 15.—Preliminary work on the Lubbock county hard-surfaced program has been begun with B. K. Garrett, who has been located here for the past year with the district department of the State Highway commission, in charge. V. V. Strahan, formerly of Big Spring and Lamesa, has been added to the force of engineers.

According to a statement issued by Mr. Garrett the first road to be hard-surfaced will be Highway No. 7, between Lubbock and Slaton. The road will be topped from the city limits of Lubbock to the city limits of Slaton. Following the completion of the Slaton road the engineers will take the highways to Dalou, Shallowater and Wolfarth, in the order named.

Plans and specifications as they are now, call for the road to be sixteen feet wide and topped with eight inches of Caliche, which is natural rock, wet and rolled. An eight inch caliche surface, laid in the right manner will assure a serviceable and a permanent road.

Japanese Bishop to U. S.
By United Press.
NEW YORK, June 15.—Rt. Rev. Joseph S. Motoko, Bishop of Tokyo and the first Bishop of the independent Episcopal church of Japan, will visit the United States next October to attend the Forty-eighth Triennial General convention of the Episcopal church in the United States at New Orleans. It will be the first occasion when a bishop of any Christian church in the Orient has been present at the Episcopal General convention in this country.

Mrs. Jim Butler and daughter, Leona Ruth, will leave Tuesday morning for Dallas, to visit Mr. Butler's sister, Mrs. A. S. Broadfoot. They will also visit relatives at Honey Grove and Sulphur Springs before returning home. Mr. Butler will join them the latter part of the week.

Mrs. J. T. McKissick returned Sunday afternoon from a visit since Friday at Abilene with Mr. and Mrs. Arthur Haley. Dr. McKissick went over Sunday afternoon to attend the State Convention of the Christian church and returned with Mrs. McKissick. He went back to Abilene this morning with Dr. Reynolds, who preached at the Christian church, Sunday evening.

TO SHATTER RECORDS
Attempts Will Be Made to Break Dirt Track Records at Detroit Races

By United Press.
DETROIT, Mich., June 15.—Attempts will be made to shatter dirt track automobile racing records at the meet here July 4 and 5.

The fact that some of these marks have held since 1912 is due mainly to the change of style of long distance racing since the speedways came into use and dirt track races as long as 150 miles have been few and far between in recent years. Now there is a revival and Detroit, becoming the hub of dirt track racing will have four major sanctioned races meet this year, one for 25 miles, one for 100 miles and two for 150 miles. The 25-mile event for the Great Lakes dirt track championship has been sanctioned by I. M. C. A. for July 4.

Negotiations are under way to secure Barney Oldfield, the master dirt track driver of history, to serve as starter at Detroit July 4-5 and also to have Oldfield as an honored guest at the Shauckin Grotto fourth annual Awakening, the big yearly pageant of the Masonic branch held June 27 to July 1.

Cap Ha: 7 Steps
By United Press.
KANSAS CITY, June 15.—Sgt. Joseph Cigich, this city's police prodigy of station No. 4, can say "Stop, thief!" in seven ways.

More than that—he can properly address the transgressor so as to eliminate the proverbial shaking of the head any accompanying gesticulations of one who "no understands." He is a linguist, and his tongue twisters are not merely Mother Goose rhymes.

Sergeant Cigich converses in seven languages: English, Croatian, Serbian, Polish, Slovak, Bulgarian and Russian.

Forty years old, a Croatian by birth he came to Kansas City twenty-four years ago and has taken complete citizenship papers.

Mr. and Mrs. Sam Parker; Mr. and Mrs. Ney Sheridan, Dr. and Mrs. C. D. Lindley and Mrs. R. A. Bagland were among the visitors at the Christian Church Convention at Abilene, Sunday.

Ira Armstrong, his daughter, Miss Josephine, and son, Marvin, of Lubbock, were here a short time Sunday while enroute to Merkle to visit his mother, Mrs. M. E. Armstrong, who is critically ill. The Armstrongs formerly lived here.

Mr. R. A. Faver and children left Sunday to return to their home at Wichita Falls. She has been visiting her sister, Mrs. Robert Withers and parents, Mr. and Mrs. L. C. Vinson.

The family received news today from Judge W. W. Beall, who has been in California for several days, stating that he would be at Long Beach today and was feeling very much improved in health.

NEW YORK, June 15.—Thousands of flowers and plants of southeastern areas of the United States have just added to the collections of the New York Botanical Garden in Bronx Park. These specimens were gathered by Dr. John K. Small, head curator of the Garden's museum, in a 7,000-mile exploration. They included about 5,000 dried plants mostly of the flowering varieties, and hundreds of living plants, representing such groups as the spider lily, the iris, and the orchid, as well as many other little known types from various critical groups now being studied by the Garden's botanists.

Kitty Kiernan

By NEA Service.
LONDON, June 15.—Kitty Kiernan, daughter of a Longford inn keeper, is engaged for the fourth time.

Each of her previous fiancés was slain in the warfare that racked her native country, Ireland, for so many years.

First she was betrothed to Michael Kelleher, a member of the Royal Irish constabulary. He was shot to death in her father's inn.

Then she was engaged to Harry Boland. He, too, was killed. The man became the sweetheart of Michael Collins, famous Free State leader. A short time before the wedding date Collins was slain.

Now she is engaged to General Felix Cronin. And Ireland is at peace once more.

Miss Kiernan has been employed by the Free State government.

Complaints charging gaming were filed by County Attorney R. D. Cox Monday morning against two negroes, Willie Edwards and Robert Fuller, who are alleged to have been caught in a poker game by officers.

PALE, NERVOUS

West Virginia Lady Says That She Was in a Serious Condition, But Is Stronger After Taking Cardui.

Huntington, W. Va.—"I was in a very weak and run-down condition—in fact, was in a serious condition," says Mrs. Fannie C. Bloss, of 1964 Madison Avenue, this city.

"In my left side the pain was very severe. It would start in my back and sides. Part of the time I was in bed and when up I didn't feel like doing anything or going anywhere.

"Life wasn't any pleasure. I was very pale. I was nervous and thin, and so tired all the time.

"My druggist told me that Cardui was a good tonic for women and I bought a couple of bottles. I took two bottles, then I noticed an improvement. I kept on and found it was helping me. I have taken nine bottles. I'm stronger now than I have been in a long time."

Cardui is made from mild-acting medicinal herbs with a gentle, tonic, strengthening effect upon certain female organs and upon the system in general.

STORE WOOL

Contract Wool Brought 50c But Today's Price Lower

BALLINGER, June 15.—Runnels county wool growers as a whole are very fortunate this year in selling their wool on contracts for around 50 cents per pound. Practically all the big producers in the county sold their wool on contract and only a few small clips are for sale now. Some of these small clips have been sold, the price ranging as low as 20 cents and up to 30 cents per pound.

There are more than 1,000,000 pounds of wool still remaining in warehouses at Mertzon, being held for a better price than is offered on today's market. Sheepmen at many other points are storing nearly all their wool to be held for a better market.

Miss Doris Daniel left today for Boulder, Colo., where she will spend the summer doing special work at the University of Colorado.

FINE FAILURES

Amarilloans Who Fail In Clean-up Campaign Taken To Court

AMARILLO, June 15.—Five per cent of Amarillo's citizenship faces a visit to the police judge.

"About 95 per cent have participated in the clean-up campaign of the past two weeks," was the report of J. M. Stidger, head of the city's garbage department in making his report to City Manager Jeff D. Bartlett.

"I find just about 5 per cent have wholly neglected the appeal to make Amarillo a clean city," he reported.

"We'll start filing complaints Monday," was the reply of Mr. Bartlett. "There won't be any exceptions! The fine is \$10 and a like amount daily until the weeds are cut or the rubbish removed."

The Bowie Street Prayer Circle will meet Wednesday afternoon at the home of Mrs. W. E. Henderson, with Mrs. J. S. Smith leading the Bible study.
