Shepherd Freed Murder Charges

Defendant In Sensational Germ Murder
Trial Is Found Not Guilty Of Murder Of
Wealthy Ward By Chicago Jury.

SECOND CASE IS DISMISSED

Will Not Be Tried On Charges That He Kill-
ed Mother Of Billy McClintock — Dr.
Faiman Also Gets Liberty.

United Press.

CHICAGO, June 27.—Fresh victory came to William D. Shepherd today when State Attorney Robert E. Crowe announced that no action would be taken on charges that Shepherd murdered Billy McClintock's mother 16 years ago.

Shepherd was still flushed from the excitement of last night when the jury found him not guilty of murder of his wealthy ward.

Crowe also announced that he would not prosecute Dr. C. C. Faiman, dapper young "University" president who testified that he gave Shepherd 3 tubes of typhoid germs for the purpose of murdering young McClintock.

Shepherd Mumbles Prayer

By United Press.

CHICAGO, June 27.—William Darling Shepherd was acquitted by a jury late Friday on charges that he murdered Billy McClintock. The verdict was returned at 10:16 p. m. after the jury had deliberated five hours and 41 minutes.

The middle-aged defendant, who has maintained his innocence ever since charges were first lodged against him, dropped his leonine head to his shoulders and mumbled a prayer when the clerk read the words:

"We, the jury, find the defendant, William Darling Shepherd, not guilty."

Despite warnings from the bailiffs, the 250 spectators, who had waited patiently in the suffocating court room for many hours, let out shouts.

Mingled with the "hurrahs" of Shepherd's friends and supporters were the moans and groans of many who held firm to their belief that Shepherd was guilty.

"Shepherd may sign his own bond and go home tonight," State's Attorney Robert E. Crowe announced amidst the uproar, indicating that no further charges against Shepherd will be prosecuted.

The coroner's jury had recommended that Shepherd be held for the murder of Billy's mother, Mrs. Emma Nelson McClintock, but no indictments have been returned on that charge.

Pandemonium reigned in the court room for many minutes after the verdict was read. Flashlights from scores of cameras boomed and spread their heavy blue smoke like a pall over the scene.

Shepherd smiling broadly, walked firmly to the jury box and gripped each of the 12 jurors by the hand.

"I want to thank you gentlemen for saving an innocent man from the clutches of his enemies," he mumbled through teeth that chattered with nervousness.

Then Shepherd walked to Judge Thomas J. Lynch, who has presided over the case.

"I want to thank you honor for your fair manner in which you have conducted this trial," he said.

History of Case

By United Press.

CHICAGO, June 27.—Here is the story of the ill-fated McClintock million, and the story of William D. Shepherd, now freed of the charge of murdering the heir to the McClintock line.

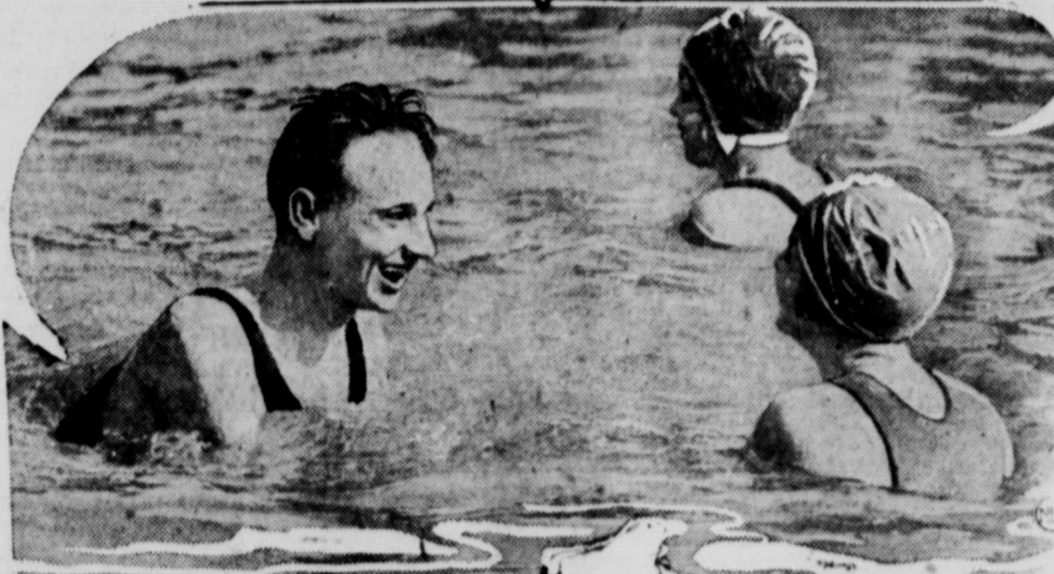

William McClintock, the father of William Nelson McClintock, came to Chicago in 1902 with a fortune, inherited from his widow. Here he met and married Miss Emma Nelson, then of Topeka, Kan.

William Nelson McClintock was born April 3, 1903. When he was two years old, his father died in a freak automobile accident.

Scarcely had the flowers on his grave withered, when William Darling Shepherd appeared on the scene. He speedily became an integral part of the McClintock household. His wife, Julia Shepherd, had been a school mate of Mrs. McClintock, and the mourning widow was glad to have a companion, even at the cost of her privacy. William was an accident ele-

Scopes, Awaiting Trial, Is Keeping Cool

John T. Scopes is going on trial in Dayton, Tenn., on July 10 for teaching evolution, but means to be worrying greatly about it. Here he's shown taking a dip in the old swimming pool near Dayton. And he doesn't have to swim alone, either, you'll note.

ENGINEER DENIES MURDERING WIFE

Winnie Anderson Repudiates Confession That He Slashed Wife's Throat Last March

ON TRIAL IN PALESTINE

Former Locomotive Driver For I-G-N Claims Was In Longview On Business Fatal Day

By United Press.

PALESTINE, June 27.—Winnie Anderson, 44, former International Great Northern engineer denied on the witness stand here today that he had any connection with the death of his wife last March.

Mrs. Anderson was found at her home with her throat slashed. On the witness stand from early today until court adjourned over the weekend, Anderson repudiated an alleged confession introduced as evidence by the state.

Anderson testified that he was in Longview on business at the time of the murder and that he knew nothing regarding his wife's death until he was taken into custody as he returned to his home that night.

Anderson admitted that he made a confession and signed a document but stated that he did so because he thought his life was in danger. The former engineer held to this denial in spite of heated questioning by the state's counsel.

AGED FATHER OF COOLIDGE IS ILL

Confined To His Home Under Care Of Physician—Had Sleepless Night But Is Better.

IS OVER 80 YEARS OLD

Col. Coolidge Has Passed 80th Milestone—Grandson Is Staying With Patient At Home.

By United Press.

PLYMOUTH, Vt., June 27.—Suffering from an abdominal ailment, John Coolidge, father of President Coolidge, is confined to his home here under the care of a physician.

His grandson, John W. Coolidge, is with him and made the announcement.

Although Colonel Coolidge was unable to sleep last night he has no fever and is reported to be resting more comfortably tonight.

Col. Coolidge, who is 80 years old, complained of a pain in his abdomen last night, his grandson said. Unable to sleep, he sat beside his stove all night, but appeared better tonight.

SENTENCE DAVIES

Man Who Confessed To Hiring Gangsters To Kill Wife Pleads Guilty—Gets 1 to 10 Years

By United Press.

CONCORDIA, Kan., June 27.—Charles B. Davies, retired merchant, charged with assault with intent to kill in connection with an attack on his wife by Kansas City gangsters last October, today pleaded guilty in district court here and was sentenced to 1 to 10 years in prison.

Davies was arrested following his confession that he hired Kansas City gangsters to kill his wife.

Mrs. Davies was beaten and robbed in her home on October 14, 1924. Seven of the gangsters are under arrest charged with the assault.

Clear Mystery Of Stage Holdup After 3 Years

By the United Press.

WALENSBURG, Colo., June 27.—The 3 year mystery surrounding the Ojo-Laveta stage coach robbery of \$5,000 was cleared up here yesterday when 4 men confessed to the crime.

The hold-up occurred on the road from Laveta to Ojo, two mountain towns in western Colorado.

According to the confessions of the men, all of whom are Mexicans, the driver of the stage coach agreed to submit to the robbery for a share in the loot.

Authorities had worked on the case three years before they obtained confessions from the suspects yesterday.

CONSUL REPORTS SITUATION TENSE

Anti-Foreign Sentiment At Canton Running High, According To Advice to State Department

EXPECT NEW OUTBREAK

Chinese Reported Missing In City Near Shameen, Foreign Colony—Have Artillery and Plane.

By the United Press.

WASHINGTON, D. C., June 27.—Anti-foreign sentiment at Canton continues high and the situation is "extremely tense," American consul Jenkins at Canton reported to the state department today.

"The new outbreak may occur any time," Jenkins said in his report. "The British authorities claim the Chinese have massed in the city behind Shameen, the foreign colony."

As the Chinese forces have some artillery and an airplane, the situation could become grave, the consul reported.

Cables Censored

By the United Press.

LONDON, June 27.—A strict censorship at Hong Kong is being enforced by the Cable Company announced here today, adding that no code messages aside from the standard codes were being accepted.

TEXAS MAY GET AIRMAIL SERVICE

Plan Airplane Route From New York To Fort Worth and Dallas Via Chicago and Kansas City.

INSPECTS LANDING FIELD

San Antonio Officer Looks Over Facilities In Fort Worth For Government Use.

By the United Press.

FORT WORTH, June 27.—Airplane mail service to Fort Worth and Dallas may be started within the next few weeks from Kansas City according to advices here today from Washington.

Major H. S. Burwell of San Antonio inspected the local landing field, which will be ready to receive flyers in a few days.

The proposed routing for airplanes would be from New York to Chicago, thence to Kansas City and on south.

The actual flying time between New York and Fort Worth would be around 24 hours.

Mr. and Mrs. R. P. Brandon were among the crowd of shoppers here from Dora Saturday.

COURT PASSES ON DIVORCE ISSUES

Supreme Court Holds Texas Courts Cannot Halt Marriage Of Divorced Party For Any Period

DISCHARGE INJUNCTION

Man Who Violated Injunction Of Court By Marrying Within Year After Divorce Is Freed

By the United Press.

AUSTIN, June 27.—Texas courts trying divorce cases are not authorized to prohibit parties involved from marrying again for any period, the supreme court held today in an opinion by Chief Justice Cullen ordering the discharge of Henry Castro, who had been held in contempt of the 94th district court for violation of an injunction restraining him from remarrying within a year from the date of granting to him a divorce from his wife, Marie Castro.

The supreme court, in the order discharging Castro, held that the statute did not make a second marriage void, merely voidable, and that no state authorized an injunction to the order.

"It is equally clear that there is no principle of equality jurisprudence which would authorize the court in trying divorce cases, to prohibit remarrying for any period of time," the court said.

I C C SETS DATE IN RAIL HEARING

Application Ft. Worth and Denver and Santa Fe For New Panhandle Lines Set July 20.

PLAINVIEW IS NAMED

C. E. Gilmore of Texas Rail Commission Notified Saturday of Time and Place of Hearing.

By the United Press.

AUSTIN, June 27.—Hearings on the applications of two railroads to construct branch lines in the Panhandle of Texas will be held in Plainview July 20 according to the Interstate Commerce Commission.

A telegram was received today by Chairman C. E. Gilmore, chairman of the State Railway Commission, telling of the date for the hearing.

The Fort Worth and Denver wishes to build branches from Carey to Dimmitt and from Silverton to Lubbock.

The Santa Fe desires to build from Lieder to Silverton and from Plainview to Dimmitt.

The applications have been before the Interstate Commerce Commission for several weeks.

CONTRACTS VALID

Supreme Court Overrules Motion For Rehearing In Text Book Case—Grand Jury Starts Probe

By United Press.

AUSTIN, June 27.—The supreme court today overruled a motion for rehearing in the text book cases making final its decision holding that contracts awarded by the State Text Book Commission last December, valued at \$1,500,000, are valid.

The Travis county grand jury is reported to have under investigation the text book contracts.

It is known that attorney general Dan Moody and one member of the commission have been before the grand jury.

Montana Rocked By Earth Tremors

Entire State Jarred By Series of Quakes Saturday Night—No Estimate of Damage Available At Late Hour.

RAILROAD TRAFFIC IS BLOCKED

Chicago, Milwaukee & St. Paul Line Cut Between Harlowtown and Lombard—Northern Pacific Trains Held—No Casualties Reported.

By the United Press.

BUTTE, MONTANA, June 27.—Earth tremors shook Montana end to end tonight with enough force to rock buildings and send inmates pouring into the streets.

Every city in the state felt the shocks. The first tremor was recorded at 6:23 P. M. Mountain time, the second 7:07 P. M.

No fatalities were reported in the first dispatches. Property damage could not be estimated.

The telephone office at Three Forks was demolished while a landslide of unknown proportions has blocked rail traffic at Lombard.

WOMEN COMPETE IN CLUB CONTEST

Baking and Clothing Contest Held In Sweetwater Saturday At Hotel Wright—Prizes Won.

DINNER SERVED AT NOON

Biscuits From Baking Contest Served Diners—Winners To Be Sent To A. & M. College Course.

By the United Press.

Saturday witnessed one of the most interesting "three in one" affairs held in Sweetwater in many a long day, when the women of the Home Demonstration clubs of the Nolan County Federation served a big chicken dinner, at the Wright Hotel and held a biscuit baking and a clothing contest all in the same day. All three proved very successful.

A total of \$67 was received at the door for dinner fees, though quite a bit of expense was incurred. Piping hot biscuits were served from the impromptu kitchen, from the baking contest. Ten of the best biscuit makers of the county took part in the contest including Mrs. Sie Dennis and Mrs. J. W. Wallace of the Dora club; Mrs. J. E. Derrick, Mrs. C. S. Ramzel, and Mrs. G. W. Cochran of Decker club; Mrs. Mark Dawson, and Mrs. S. H. Stanfield, Blackland club; Mrs. J. M. Holder, Nolan club; Mrs. E. H. Radd, member at large, Maryneal; Mrs. S. A. Jamison, Mesquite club.

Miss Irma Sealy, Mitchell county demonstration worker and Miss Laura Belle Roten, new Scurry county home demonstrator, acted as judges and pronounced, Mrs. G. W. Cochran, Decker, first Mrs. Sie Dennis, Dora, second and Mrs. J. E. Derrick, of Decker third in the contest.

In the clothing contest, Miss Helen Swift of College Station assisted in the judging. The following were announced prize winners: First in Class 1, school dress, Alta Mae Adams, Champion club; Class 2, afternoon dress, Minnie Mitchell, first; Lerah Hutchins, Hylon, second.

These four prize winners will be given a free trip to College Station where they will attend the short course. The dinner Saturday was given for the purpose of raising funds to send them.

Mrs. J. D. Dulaney was general chairman and had splendid co-operation from every federated club not only for the city, but of all the county clubs who assisted in furnishing the dinner. A few of the clubs in the county were not represented.

The ladies and public generally are so well pleased with their efforts today that they have already decided to make this an annual affair for the purpose of meeting the transportation expenses of the demonstration club prize winners.

Mrs. H. R. Bondins and the committees in charge of the dinner wish to express their deep appreciation to Rufus Wright for the use of the hotel banquet room and other valuable assistance rendered; The West Electric company for the use of electric stoves and every business firm in the city for the use of equipment and the donations of materials used in the baking demonstration and the Press of the city for helpful publicity.

In the forenoon, the girls clubs gave demonstrations at the Court house in properly laying the table and another in rendering first aid.

J. A. McCurdy led the singing and

Railroads Blocked

By the United Press.

MILES CITY, MONT., June 27.—Earth slides in the Big Belt region of Montana were reported tonight to have blocked the electrified line of the Chicago, Milwaukee and St. Paul railway.

The St. Paul's wires were out between Harlowtown and Lombard. Other slides occurred at widely separated points.

Severe Shocks

By the United Press.

NEW YORK, June 27.—An unusually severe earthquake shock 1850 miles distant from New York in a westerly direction was recorded at 9:27 P. M. on the seismograph of Fordham University here.

The shock recorded on the Fordham instruments were so great that the recording pins were knocked from their position. It was said to be one of the severest shocks ever registered here.

Report Four Shocks

By the United Press.

BILLINGS, MONT., June 27.—Four earthquake shocks rocked Montana between Billings and Helena tonight. Extensive damage resulted according to meager reports here.

Northern Pacific trains are being held up but none were wrecked so far as could be learned.

The earth rumblings were recorded as occurring between 6:30 and 9:40 with four severe shocks at 6:45, 7:10, 8:40 and 9:30 p. m. according to reports from the Northern Pacific office. Northern Pacific train 4 was held at Helena.

Probe Court Martial

By the United Press.

WASHINGTON, D. C., June 27.—Secretary of the Navy Wilbur today ordered an official inquiry into the recent court martial of two navy nurses charged with bringing liquor into this country from Cuba, to determine if the government counsel presented all the evidence.

CO-OPERATION

Perhaps the most abused word in the English language, next to "service" is "co-operation." It is something everybody asks for and few are willing to give. And yet it is the most important thing of all in any community effort. It means the submergence of one's individual wishes to the will of the majority.

Opinions are dear to most of us. Regardless of whether they are right or wrong, they are ours and our bump of conceit is such that rather than admit we are wrong some of us like to pack up our playthings and go back home. Unfortunately that course of action, so easy to carry out in days of childhood becomes a bit difficult in adult days, if not impossible. Selfishness and lack of knowledge of the other man's problem are at the bottom of things in most cases.

But big men are above petty things of this nature. They are big in spirit as well as in material things and can view the problem as a whole not just their own little corner of it.

No city can be bigger than the men who compose it. Just so long as men forget the main object in view and jaw and wrangle around over little petty items, so long will they remain little, trifling and no account.

Uplifters could do good work in jail and some people can think of other reasons why they should be there.

The war with the Riff doesn't affect the output of genuine Morocco from Philadelphia and London.

Smothered fried chicken—and Mrs. Tucker's...

That's all the recipe you need if you want perfect fried chicken that is just browned to a turn.

With Mrs. Tucker's Shortening you can get marvelous results, not only in frying foods, but with pastries, pie crusts or hot breads. That is because Mrs. Tucker's is a pure, wholesome, vegetable shortening. It is made exclusively of choice cottonseed-oil.

This fine shortening will give your baking and cooking all the richness of butter and none of the heavy greasiness of lard. It goes further than other shortenings too.

You'll find the container for Mrs. Tucker's a decided advantage. Air-tight and sanitary, it assures you shortening that is always sweet and fresh. It is exceedingly easy to open. When empty, it is always useful as a household bucket or dinner pail. Interstate Cotton Oil Refining Company, Sherman, Texas.

SHEPHERD

The jury in the case of William D. Shepherd has brought in a verdict of acquittal. Thus ends one of the most widely discussed murder trials since the Loeb trials in the same city, both of which incidentally were tried in Chicago.

That there was ample motive for Shepherd to have committed this crime is evident. There was a whole million dollars at stake. But the evidence against him was all circumstantial. So much so that the "reasonable doubt" influenced the jury to the extent that rather than send him to the electric chair, they acquitted him. Only the two routes were open to them.

And as the trial progressed, it was shown that there were others also interested in the million dollars Billy McClintock inherited from his father. That a civil suit will be in order to break the McClintock will seems rather certain.

This country has not heard the last of the McClintock fortune. The father of Billy McClintock married it, but survived only a short period thereafter. Then a few years later Billy's mother died, too. Billy himself lived but a short time after attaining his majority and inheriting it. Is there then an evil fate hanging over the possession of these dollars? Money brings to the surface all the evil that is in man. And this accumulation of money may well be dissipated by the fierce struggle for its possession.

And as the trial progressed, it was shown that there were others also interested in the million dollars Billy McClintock inherited from his father. That a civil suit will be in order to break the McClintock will seems rather certain.

KAZMEIER HERE

Noted Poultry Expert Discuss Profit in Poultry Business in Address Here Saturday.

A great field is open to farmers everywhere in the comparatively new industry, the poultry business, and there are money-making opportunities in that field if the business is carried on in the right manner, declared F. W. Kazmeier, widely known poultry expert and head of that department for 8 years at A & M college in an address to poultrymen here Saturday evening.

Kazmeier's subject, "Profit in the Poultry Business," was discussed in a very thorough manner before a fair sized audience at the court house auditorium. He was introduced by county agent W. C. Calvert.

The poultry business is a business that "cannot and will not be overdone in the next generation," the speaker said in pointing out the broad

Promoted

Capt. Richard H. Leigh, U. S. Navy, has to buy some new uniforms. Why? President Coolidge has just advanced him to the rank of rear admiral.

field of that industry.

The secret of the success in the industry was told by Kazmeier when he related how he helped one community in Texas put the business over in a profitable way. He advised that poultry raiser do away with hatching and incubating chickens, and buy young pullets 3 to 10 weeks old. This does away with the great mortality rate of young chicks that takes the profit from the business, he said.

He recommended a simple chicken farm arrangement, scientifically handled and managed and operated on a business scale.

A large, well managed farm with 2,000 hens can and do clear \$2,000 a year, Kazmeier said.

Shortly after Billy's twenty-first birthday he became ill of typhoid fever, soon after he had made a will leaving his vast estate to Shepherd.

While Billy lay dying, he expressed a wish to marry Miss Pope, and on December 3, 1924, she got a license for their wedding, but it was never used.

On December 4, Billy died and the McClintock dynasty was broken. From then on the McClintock drama was played in court rooms, at inquests and murder trials.

December 21.—While the Shepherds were visiting in New Mexico the coroner ordered that Billy's body be taken from its grave. Chief Justice Olson, who had been a friend of the McClintocks, demanded the autopsy and from then on, he became the leading actor in the drama.

March 2.—Judge Olson, before a coroner's jury, flatly charged Shepherd with murdering the youth.

March 12.—Charles C. Falman, a junk doctor, and president of the National Institute of Sciences, told State's Attorney Robert E. Crowe, that Shepherd had stolen tubes of serum from his laboratory.

March 13.—Shepherd who declared he was the victim of a plot to break Billy's will, was taken into custody.

March 16.—Falman charged his jury, saying he was a "scientific" murderer. He said he had seen the body of the youth and that he was to be put to death for the crime.

March 17.—Shepherd and Falman were indicted.

May 13.—The jury found that it was not until June 11 that the boy was cremated.

June 16.—Shepherd was acquitted and returned to his home.

PIONEER HOME BUILDERS

Sweetwater Serves You Better

And So Does SWEETWATER VULCANIZING CO.

"SERVICE CORNER" IN SWEETWATER

AT

"Service Corner"

The motor has replaced the horse in transportation circles and is making great inroads on short haul railroad passenger travel. In recognition of this fact Nolan County is spending a million and a half dollars improving its highway system including the Bankhead Highway, the main thoroughfares east and west across Texas, as well as the north and south highways.

And Sweetwater, realizing its responsibility to the vast and ever increasing motor traffic that surges to and through it from surrounding trade territory as well as the tourist travel, has made a big investment in filling stations, where motorists can be assured of first class service when they want it.

As you drive into Sweetwater over the Bankhead Highway from the east and come to the intersection of Second and Locust Streets on the Courthouse Square SERVICE CORNER is to your left, and in as much as you really get SERVICE there it is one of the most popular corners in Sweetwater and is the mecca of motoring public both local and visiting.

A modern brick and concrete building houses the many services which this station is prepared to render to the motorist, and a force of six people are on the job all the time to render Service; for in service to others there is the greatest satisfaction, and SERVICE is first and foremost with these folks. Ice water, cold drinks and rest room are provided. Primarily "SERVICE CORNER" is a vulcanizing shop and its correct name SWEETWATER VULCANIZING CO., but so many varied services are rendered here that the name of "SERVICE CORNER" has been adopted.

The best vulcanizing equipment that money will buy operated by an expert vulcanizer and his assistants is at your service here. Texaco gasoline, oils and greases are always on hand to supply power and lubrication, and Mobiloils in various grades are always ready for the motorist who wants the quickest service. Of course free air and water are always at the command of the public, as is road information, weather reports, and any other information that it is possible to give. A most complete stock of standard accessories and parts is also carried with many other items necessary to the comfort and convenience of the public.

The force which is always on its toes to render SERVICE, and is always glad of the opportunity is comprised of E. Joe Demmer, Proprietor; Miss Bernice Reavis, Cashier and Bookkeeper; Roy Simmons, vulcanizer; H. C. Hooper, service man; and James McKissick, Service man.

With an investment in stock and equipment of \$7,000.00 and a payroll of over \$800.00 per month "Service Corner" is indeed a credit to the city of its location, in Sweetwater.

This is one of a series of pages devoted to the upbuilding of SWEETWATER and made possible through the co-operation of the following Progressive Business Men. Watch for the next one.

BUYING COTTON

Good Demand For Staple In Europe Reports J. H. Doscher On Return Trip From Abroad

"Europe is buying lots of cotton these days and will buy more," declared J. H. Doscher who returned with Mrs. Doscher this week after an absence of several months, most of which was spent in Europe by Mr. Doscher.

While abroad Mr. Doscher visited England, France, Germany, Italy, Switzerland and Spain.

A firm price for cotton is the prospect this fall in the opinion of most buyers.

Mrs. Garland Christopher and little daughter of Dallas have joined Mr. Christopher here to again make Sweetwater their home. They are guests of Mr. and Mrs. Gus Bethany, until they are located.

CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh—Relief comes so quickly.

Announcement!

MRS. M. K. STEVENSON

who is attending the joint summer session of the School of Expression Boston, Mass., and Texas Christian University, Department of Public Speaking being conducted at Fort Worth, announces that she will open a

Studio In EXPRESSION

IN SWEETWATER THIS COMING FALL

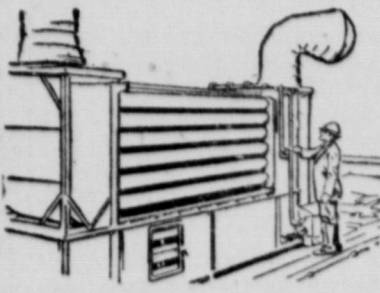

The course offered will include a thorough training of body, mind and voice. Work also will be given in Public Speaking and Dramatic Art.

What the World Is Doing

As Seen by Popular Mechanics Magazine.

Washing Air for Homes

A home which is kept perfectly ventilated at all times with all windows closed, while the circulating air is washed clear of dust and germs and kept moistened or dried to a predetermined relation in the house. The conduits have an inlet to each room through a small register placed in one corner of the ceiling, while in the opposite corner an outlet register is located, with a conduit leading to the exhaust funnel. The ventilation is so gentle as to be almost imperceptible.

How to ROT the Future

Whether or not the householder "believes in signs," he would do well to pay heed to the following maxims, which are the result of long experience and study on the part of Mr. John J. Gidday, chief of the fire department of Hoboken, N. J.:

A crack in your chimney is a sure sign that you are going to move.

To see a paperhanger hang paper over a hole indicates an impending loss.

It is worse luck to look in a dark closet with a lighted match than to see the new moon over your left shoulder.

When the wind means it is extremely bad luck to burn trash near your house.

If you smell gas or gasoline and look for it with a lighted match, it is probable that you are about to start on a long journey.

If you have a pile of rubbish in your cellar, it indicates that a crowd of people are coming to your house.

A quart of gasoline will cause an automobile to move three miles. A similar amount in household cleaning may cause three auto fire trucks and an ambulance to run a similar distance.

A child who plays with matches will gain experience—if he lives.

What Dollars Cost to Make

According to Charles S. Dewey, assistant secretary of the treasury, it costs one and seven-tenths cents to print a dollar bill and it has a very short life. But a silver dollar can be minted for one cent and it lasts indefinitely. This is said to be one of the reasons for the government's desire to put the metal coins into circulation. It is estimated that 40,000,000 silver dollars, replacing that many paper bills, would save the government \$1,000,000 a year.

Tuberculosis Soon to Vanish

Twenty-five years from now, tuberculosis will be as uncommon in the British dominions as leprosy is today, according to Dr. C. W. Saleeby, of the London medical institute. He also predicts that infant mortality will be reduced to almost nothing and that successful ways will be discovered to combat cancer. Largely through preventive methods, the death rate from tuberculosis has steadily decreased in the United States. In 1910, the fatalities from this affliction of the lungs were nearly 140 for each 100,000 population and in 1922, less than one hundred.

Driving Coaster by Hand

A simple attachment on a coaster, as shown in the drawing, can easily be made by any boy from material that can readily be obtained anywhere. A heavy flat-iron clamp made in two parts to fit over adjacent spokes on the right rear wheel is screwed together and a hole is drilled through it to receive the end of a connecting rod, which is made of 1/2-in. round iron and bent at the end to run free of the wheel hub. A washer and pin are provided on each side of the clamp to hold the connecting rod in place, and a

wooden handle, such as a length of broomstick, is pivoted to the side of the cart and to the other end of the connecting rod as shown. The upper part of the handle should be of sufficient length to permit the driver to slide his hand up or down until he finds a point where the propelling action is smoothest.

What We Should Do For Prisoners, Mrs. L. D. Terry.
Hymn: "Blest Be The Tie That Binds."
The program committee for Aug. 31 is Mrs. McMaura, Mrs. Dan Ripley, and Mrs. R. C. Crane.

Dark Hair at 50/ by applying sage tea

Millions of women have for 60 years kept their dark hair dark. Keep the color and luster of girlhood. Years ago they did it by brewing sage tea at home and blending it with sulphur. The way was messy and hard. But countless women in our grand-mother's time kept looking like girls in that way.

All the years since have revealed nothing better. Nobody knows, or ever will know, a better way to darken gray hair.

But now that old preparation comes ready-prepared from a modern laboratory. It comes combined with factors which improve it. Now your druggist supplies you Wyeth's Sage and Sulphur, the old treatment brought up to date.

It costs but a trifle. It is easy to use. It is not messy or sticky or greasy. Results come overnight. The gray hair is gone in the morning. Then, with one or two more applications, comes back all of girlhood's charm and gloss.

Nobody knows that you use it—the results are so even, so natural. Yet the results deduct years and years from your age.

Countless women used sage and sulphur before you were born. The users have multiplied since. Now millions use it in this modern form.

If your hair is gray and streaked, bring back its color and beauty. The way is simple and easy, and it pays. Just ask your druggist now for a bottle of

WYETH'S Sage and Sulphur

New Chrysler Four Makes Appearance In Automobile Row Here

Chrysler today announces a new four-cylinder line, in response to a public demand for another car bearing this name which has become recognized as one of the most distinguished in the motor car industry.

The new Chrysler Four, offered in touring car, club coupe, coach and four-door body sedan styles is built for the benefit of the thousands who desire in a four cylinder car the same comparative superiorities embodied in the Chrysler Six.

The new car is the product of the same engineers and manufacturing executives who, in the Chrysler Six revolutionized motor car design and construction. Motor car authorities

who have seen the new model consider it to be equally as notable an achievement in its field as its famed companion. It is built to the same close manufacturing limits and of the same high quality of materials.

"The new Chrysler Four is the outgrowth of research, design and test which first resulted in the conception of the Chrysler Six," is the comment of Walter P. Chrysler, head of this organization who has become one of the dominant personalities in the automotive field, on his newest achievement. "Adaptation of the results achieved in the Six to our four-cylinder model has been going on since the appearance of the Six."

According to the S. A. E. formula, the horsepower of the new four is 21.03. It actually delivers 35.5. Uniform fuel distribution to all cylinders, complete combustion, perfect valve action, highly efficient operating temperature, ample capacity of cooling system and generous water-jacketing of cylinder walls and valve ports are factors that make this noticeable general efficiency possible.

"You can drive this car all day under heavy load or at top speed and the engine will not overheat or lose power," Mr. Chrysler continues. Engine lubrication is by positive, full-force feed, sending a continuous flow of oil under pressure to all the

main bearings and, through drilled passages in the crankshaft, to all connecting rod bearings. A cushion of oil at these points is called well worth the extra cost by engineers, rather than having the metal-to-metal contact and rapid wear common to splash oiling.

Cars Registered.

The following 13 automobiles were registered with the county clerk during the past week, up to Saturday morning:

- Wimberly Co. to J. H. Hunter, Roscoe, Ford.
- Dabney Motor Co. to Dayton Foy, city, Ford.
- C. C. Justice to P. T. Woodward, Roscoe, Ford.
- Dabney Motor Co. to Hillsdale Gravel Co., city, Ford.
- Sweetwater Overland Co. to C. L. Freeman, city, Willys Knight.
- Sweetwater Overland Co. to L. A. Lister, city, Overland.
- Western Motor Co. to W. A. Stephenson, city, Buick.
- Sweetwater Overland Co. to J. P. Aycock, city, Overland.
- Dabney Motor Co. to J. B. McCandless, city, Ford.
- Dabney Motor Co. to Dan F. Johnson, city, Ford.
- Roscoe Motor Co. to R. B. Stone, city, Ford.
- Dabney Motor Co. to Mrs. C. J. Werns, Roscoe, Ford.
- Western Motor Co. to William Miller, city, Ford.

DUNLOP SHORTAGE

Increased Demand For Tires Results Dunlop Factory Speed Production

Despite their enormous factory and plant facilities, the Dunlop Tire and Rubber Co. have found it a hard matter to meet a 400 per cent increase in its monthly production schedule, according to communication from the factory to The Sweetwater Motor Co., local Dunlop distributors.

"When orders poured in from everywhere we naturally increased our working force," the communication said. "Raw materials only presented a minor angle of the increased production problem."

"The highest and most important hurdle we had to take was the maintenance of quality. Just making more tires will never give a well organized factory force any sleepless nights."

"Increasing production and still maintaining quality hasn't been any easy thing to do. But steadily, daily we have forged ahead, always secure in the knowledge that each day's output, the quantity progress was 100 per cent in step with the Dunlop quality standards."

The report stated that Dunlop sales are more than 300 per cent greater now than at this time last year.

Mrs. M. D. Charles and Mrs. Dora Brady are taking an auto trip on the plains.

WELCOME Insurance Agents

While we have never seen such a greeting in a business institution, the day is surely past when insurance agents are barred from the sanctums of commerce.

The broad-gauged, far sighted, business man of 1925 knows that insurance renders business a very essential service, and that the alert insurance expert may save his business a great deal of money.

We study insurance that we may secure for our clients the greatest protection at the lowest cost.

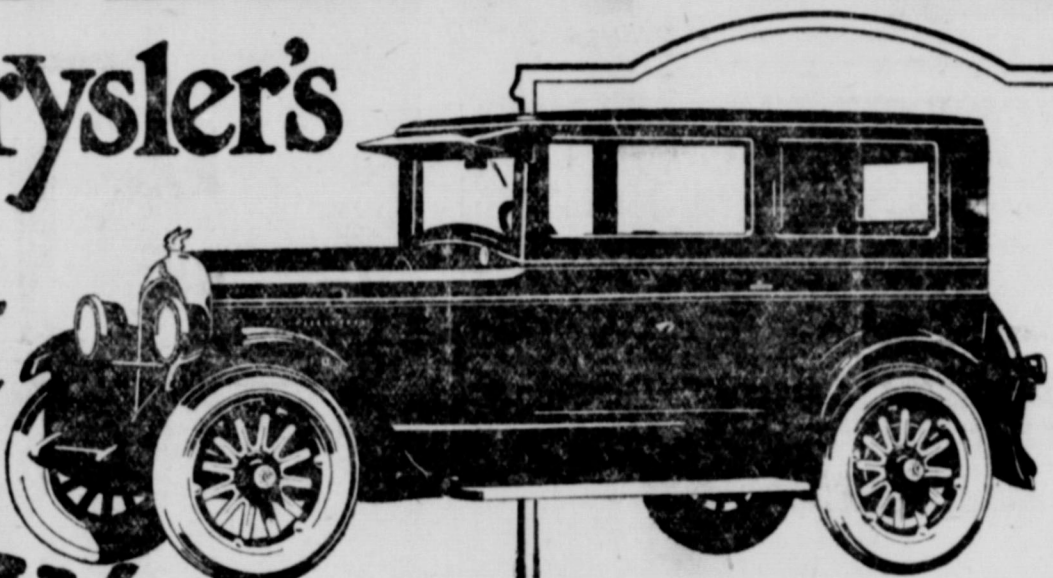

KENDRICK-THOMPSON AGENCY

INSURANCE Every Known Kind

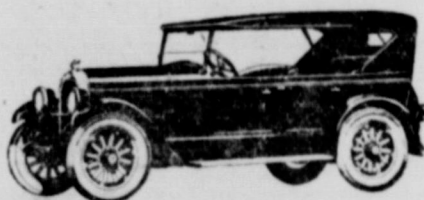

The New CHRYSLER FOUR

Walter P. Chrysler's Latest Achievement

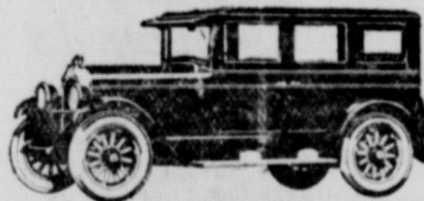

Now Ready!

Coach \$1045 F. O. B. Detroit, tax extra. Four-wheel hydraulic brakes optional. Body by Fisher.

Touring Car \$895 F. O. B. Detroit, tax extra. Four-wheel hydraulic brakes optional.

Sedan \$1095 F. O. B. Detroit, tax extra. Four-wheel hydraulic brakes optional. Body by Fisher.

Club Coupe \$995 F. O. B. Detroit, tax extra. Four-wheel hydraulic brakes optional. Body by Fisher.

Walter P. Chrysler's full conception of what a four-cylinder car should be has now become a reality.

Mr. Chrysler announces the new Chrysler Four, companion car to the Chrysler Six. It is here, ready for your inspection.

Whether you are a car owner or not, by all means see this new Chrysler creation. Ride in it. Get to know the latest Chrysler achievement which the master car builder identifies with his own name.

It will amaze you, for it is our firm conviction that the new Chrysler Four represents a better and finer combination of power, speed, fuel mileage and charm of appearance than any other four in the world today.

For four years Chrysler-created products have steadily advanced to the very fore-front of the four and six-cylinder fields.

Chrysler engineering, Chrysler manufacturing quality and Chrysler value eclipsed all previous production records for cars that might be considered comparable.

Every step of that irresistible advance was part of the process in preparation for the production of the new Chrysler Four

\$895
Touring Car
F.O.B. Detroit, Tax Extra

answering the insistent public demand for another Chrysler.

The basis for the beauty of the new Chrysler Four is the dynamic symmetry which Chrysler engineers were first to translate into beautiful motor car design in the Chrysler Six.

The wonderful riding qualities of the new Chrysler Four cannot be described. You must experience them to know what an advance has been made in the four-cylinder field. It is enough to say that a ride will amaze and delight you.

And when you ride you'll notice the absolute quietness of the four-cylinder engine, you'll find no rumble or tremors in the body of the car.

Here is a car you can truly drive all day without fatigue. It is hardly ever necessary to shift gears, except for starting from a dead stop. When shifting is necessary it is made clean and noiselessly by the matched transmission gears and easy clutch action.

There has never been the like of the new Chrysler Four at anywhere near its price. Be prepared for a great revelation.

Far ahead in power, speed, fuel mileage, beauty; in safety, ease and complete and perfect roadability. First car of its price with the option of hydraulic four-wheel brakes at slight extra cost.

Delivers 38.5 horse-power—83 per cent more power certainty and performance than its official rating.

Positive full force-feed lubrication, giving far more efficient lubrication with no increase in oil consumption.

Unusually sturdy, rugged frame.

Engine completely isolated from chassis with floating platform spring in front. Rubber bushings and pads in rear—no metal to metal contact.

Steering mechanism designed especially for balloon tires.

When Better Automobiles Are Built, Buick Will Build Them

No. 21

Question: Why is Buick so generally accepted as the Standard of Comparison?

Answer: Because for more than 21 years Buick consistently has nearest approached the ideal of a dependable motor car. Everyone commends your judgment when you buy a Buick.

Western Motor Company

IMPROVE HIGHWAYS

Asphalt Topping On Roads Leading Into Big Spring

BIG SPRING, June 27.—The H. K. McCollum company are completing the highway improvement work on the highway north of Big Spring and as soon as this is completed will move their asphalt heating plant and other equipment to Coahoma to work both ways out that point State highway No. 1.

The asphalt topping they have placed on the state highways for a distance of five miles in four directions from Big Spring looks mighty good, and has improved these highways wonderfully. The maintenance cost from now on should be very light for several years at least.

Mr. and Mrs. J. A. Simpson and family of San Angelo, are expected to arrive in the city today to spend a few days with his parents. Mr. and Mrs. J. K. Simpson. Mrs. Pete Simpson, who has spent the week in San Angelo, is expected to return home with them.

B. Y. P. U. Organize

The young people of the Lamar St. Baptist church met Friday evening at a social meeting at the home of Mr. and Mrs. W. M. Mullins and organized a Baptist Young Peoples Union.

Officers elected were as follows: President Miss Bernice Reavis; vice president, Miss Ara George; recording secretary, Miss Dot Mullins; corresponding secretary, Miss Ella Hampton; treasurer, Preston Neal; librarian, L. L. Glass; pianist Miss Etta Smith; chorister, Miss Dill Mullins. Group Captains, Miss Elsie George and Emmitt Whitaker.

They will meet every Sunday evening at 7 o'clock, just previous to the regular evening service. Miss Elsie George has charge of this evening's program.

Refreshments were served by Mrs. Mullins.

Church of Christ

Bible school meets fifteen minutes earlier — 9:30 sharp—followed by preaching by the regular minister. Services at Lantrip chapel on the lower Abilene road at 3:30 p. m. The night services begin at 8:15. Visitors and strangers in our city cordially invited. The Men's Bible class meets at 9:45 a. m.—J. T. McKissick, Minister.

Mrs. Jack Arrington and little son of Big Spring, arrived Friday night to be with her mother, Mrs. Jasper Waygoner, who is seriously ill with heart trouble.

MULES RUN AWAY

Distribute Portions En Route—Stopped On South Side Square

Considerable excitement was caused among the Saturday afternoon crowds in Sweetwater when a team of mules belonging to Mr. Scott on the Wither place decided to investigate this "New Freedom."

The mules were parked on Pecan street. They left hurriedly, distributing portions of the wagon attached to them at various points en route. They swung into West Second street and stopped in front of the Sweetwater Drygoods store when the wagon tongue became entangled in a flivver. Fortunately no one was injured.

SELLING NI-LATE

Representative In Town Pleased With Advertising Results

Omer Lee, Western Representative from the Waco office handling Ni-Late insecticide is in Sweetwater this week doing special work in connection with sales.

The company manufacturing Ni-Late placed the largest advertising schedule in the Reporter of any concern handling insecticides and are very well pleased with the results attained through Reporter advertising, Mr. Omer declares.

Ni-Late is a liquid which is guaranteed effective against all forms of insects, flies, mosquitoes, etc. and harmless to drapery and non-poisonous.

He's Coach Now

Presenting a star of other days, the great "Chief" Bender, who on many occasions hurled the Athletics to victory and helped bring quite a few world series titles to the Macks. He's now wearing a White Sox uniform, having recently been appointed coach by Manager Eddie Collins.

BUILDING NEARS COMPLETION

New Home of Chevrolet Dealer To Be Occupied By July 15

The new home of the C. S. Boyles Motor Co., on N. W. 2nd street, is rapidly nearing completion, and it is expected that workmen will complete construction by the latter part of this week. Approximately another week will be required to complete inside finishing, it is stated.

The C. S. Boyles Motor Co., Chevrolet distributors for this territory, will probably move into the new quarters by July 15.

The building is of brick, tile and reinforced concrete. It has a drive in filling station, spacious storage room, display room and shop department.

Mrs. C. R. Simmons and daughter, Miss May returned home Friday night from Abilene, where they have spent the week with Mr. and Mrs. C. W. Clark.

MURDOCK

FASHIONED after the eastern cottage type, this house is very homelike and convenient. The living room is ample size with fireplace and opens into the dining alcove, where triple windows with a ledge provide for the ferns and cheery flowering plants. The kitchen is unusually well lighted and ventilated from three sides. Two extra rooms can be finished off upstairs. Altogether satisfactory in every respect.

Save Money!

25 Per Cent Reduction

PREST-O-LITE

AUTO BATTERIES

Battery production costs are no lower. The savings to you are effected entirely through this simplified selling plan. There is no reduction in quality, nor any change in the guarantee and service that stand behind every Prest-O-Lite Battery.

Today, because of this saving, you can buy one of our most popular batteries for

\$15.50

This is a reduction of 25 percent, as it is the identical standard Prest-O-Lite Battery that, under the old plan, sold for \$20.50. Other types can be purchased at similar reductions.

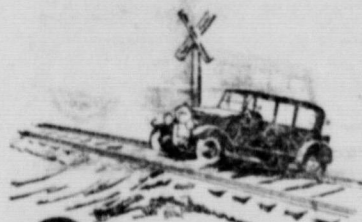

No motorist need now take a chance on a battery of unknown quality and service simply because of its low price. For the remarkable savings on Prest-O-Lite Batteries have put standard quality and national service within the reach of everyone.

THIS ensemble outfit, worn by Marion Davies, is of pearl gray flat crepe trimmed at the bottom of the coat and the dress with pleated petals made of the silk. The lines are straight and youthful, and the only ornamentation allowed is at the hemline.

INSTALL OFFICERS

Masons Install New Officers At Ceremonial Friday Night

The Sweetwater lodge of Masons, with appropriate ceremonial, installed recently elected officers at a meeting in Masonic hall Friday evening, with Judge A. S. Mausey as master of ceremonies.

Officers installed were J. W. Butler, W. M.; B. Robertson, secretary; Frank Morgan and J. S. Schooler, deacons; Homer Bradford and Milton Pate, Wardens; I. R. Wallace and J. L. Stephens, Stewards; R. B. Ross, Tiler, and Dr. J. T. McKissick, chaplain.

A number of people from the city are attending the Children's Day program and "dinner on the ground" program at White Church in the Busby community today.

Mr. and Mrs. Busby on Cypress St. are the parents of a new eight pound son, who arrived Thursday night.

CREATION

Joyce Kilmer said, "Poems are made by fools like me, but only God can make a tree."

Who is there who would not hesitate to attempt an improvement upon the handiwork of Nature? Is the lily more beautiful by reason of paint applied by man? Who is wise enough to take the shapeless piece of earth, the water, the sunshine, and mold them into a marvel of beauty and purity, exhaling the wondrous perfume of the rose? There are the works of God

Is the building of man a less delicate task? Do we know more of the really vital facts of human life than the tree, the lily, and the rose?

We only know that man is a product of the same immutable laws that operate throughout the universe. We know that the material of the body moves and functions in response to a Supreme Intelligence, and that when this Intelligence withdraws, the physical body is wrapped in the stately majesty of death. Also we have learned that this Intelligence operates through the nervous system, sending out its messages from the brain to every organ in the body. The nerves are the connecting links through which these messages travel.

Under our treatment we do not strive to alter the body with which nature has endowed us. We add nothing to or take aught from it. We give no medicines in the vain endeavor to supply something which, in our egotism, we might suppose had been forgotten by the Creator. Nor do we cut out organs which we foolishly consider needless. We keep the nerves free from interference that Nature, in her own wise way may build and maintain the perfect health which is the birthright of us all.

AMUSEMENTS

Palace
"So Big" is an adaptation from Edna Farber's novel of the same title. The picture is showing at the Palace Theater Monday and Tuesday. The screen vampire as a rule, earns her salary by trying to steal the sweetheart or husband of the heroine. But she graduates into a new school of vamping in Coleen Moore's new First National picture, "So Big." She tries to steal a young man away from his mother's ambitions by rolling a mean eye.

Rosemary Theby, who has been vamping for a living since the days of the old Mack Sennett comedies, is again the vampire of "So Big," with Ben Lyon as her intended victim.

Lyric

When certain of the interior scenes for "The Man Who Played God," the latest George Arliss photoplay, a United Artist Corporation release which is coming Monday to the Lyric theater, were being photographed the interior of a church was called for in the script. Accordingly officials of Distinctive Productions, Inc., producers of the picture, went scouting.

The result was that those who view this new George Arliss starring vehicle will view something seldom—the actual interior of a famous church instead of a studio set. Permission was obtained from Dr. Cuthbert, assistant rector of St. Ann's protestant Episcopal church, one of the oldest edifices of its kind in Brooklyn, N. Y., and himself a great admirer of Mr. Arliss' art both on the screen and on the stage, to photograph the church scenes inside of St. Ann's.

Another Big Egg

Another contender for the big egg championship of this section was brought into the Reporter office Saturday afternoon by O. E. Williams of the Bushby community. The egg, or rather two of them, were laid by a White Wyandotte hen in Mr. Williams' flock. The eggs measured six inches around and were four inches long.

Presbyterian Church

Preaching services at the Presbyterian church today at 11 and 8 o'clock Sunday school 9:45 a. m. Christian Endeavor at 7 p. m. Mrs. C. S. Boyles, Jr., will sing at the morning services. Special music also at the evening hour

Descendants of History Characters

Descendants of prominent characters of early American history met in Lawrence, Kan., for the first time in more than a century when John Maxon, center, great grand-nephew of Meriwether Lewis, who commanded the Lewis and Clark expedition, met Bernice (left) and Esther Burnette, great grandchildren of Sacajawea, famous Indian guide. The sisters are grandchildren of Baptiste, the baby born to Sacajawea on the expedition, and whom she carried on her back from Fort Mandan to the Pacific ocean.

Local Team In Action

A new baseball team, recently organized in Sweetwater, has started off by winning a couple of games during the past week and has an active line up of games scheduled for this week. Wednesday, the Swatters beat Roscoe 2-1 at Roscoe and defeated Dora 11-13 here Friday. The local nine will meet Sylvester at Swatter Park at 4 o'clock this afternoon. Tohoka will play here Thursday afternoon at 4 o'clock.

Operated On

Clarence Bramlett is recovering at the Sweetwater sanitarium from an operation for ruptured appendix.

Miss Ruth Hargrove of Colorado is weekend guest of her aunt, Miss Mamye Lou Parr and mother.

Little Lady Jane Anderson is at Merkel, visiting her grandparents, Mr. and Mrs. Tombs.

Return From Trip.

Mr. and Mrs. M. L. Williams have returned from a trip that included Chicago, Detroit, Buffalo, Niagara Falls and other points of interest in the north and east. Mr. Williams is member of the firm of Williams and Miller Gin Co. who have a large number of gins in this section of the country.

Mr. and Mrs. R. M. McNeill and baby son, Robert, of Odessa, are here visiting her sister, Mrs. J. O. Aikens and family on Walnut street.

Mrs. Mary Owens of Dallas has arrived to spend several weeks here with her niece, Mrs. L. A. Eberle and family on Mulberry street.

Mrs. J. G. Gardner and niece, Mrs. Buddie Creech of Breckenridge, came in Saturday to spend the week-end visiting at the home of Mrs. Gardner's sister, Mrs. Ben Jones, mother of Mrs. Creech.

He Held the World

Spellbound at his feet while from his sensitive finger-tips came harmonies that brought the plaudits of the multitude. Monarchs fawned upon him. He won a beautiful girl's wondrous soul. A universe was his. And then—Silence! Despair! Hopelessness! The world forgot. The girl shrank from him. Fate told of affliction greater than his own. Then began the game of playing God. Came peace, joy, a new love, a new, more kindly world.

The Story of a Woman Who Saw Only the BIG Things In Life

"How Big is my baby?" Selina would demand.

"How Big is my man?"

Then little Dirk would stretch his arms wide and squeal, "So-o-o Big!"

When he grew to be one of the most correct young men in fashionable society, he returned to his apartment one night from visiting his mother, and questioned himself:

"How Big?"

His answer is this story of a most remarkable woman.
