## ALL READY FOR JUBILEE PICNIC

Committees From American Legion Announce All In Readiness for Celebration July 3-4

STARTS FRIDAY MORNING  
Not An Idle Moment From Opening Parade Until Celebration Dies In Blaze of Fireworks

Committees from the American Legion, sponsors of Sweetwater's greatest celebration, July 3 and 4, reported today that aside from a few last minute details, every event and attraction for the two-day jubilee Friday and Saturday is in readiness and that indications are a crowd of over 10,000 will be on hand for the opening of the big picnic.

Considerable interest is being shown locally in the opening parade scheduled for 9 o'clock Friday morning in which over 2,000 people are expected to participate. The parade will feature 300 boy Scouts, three bands, war veterans and a long line of decorated automobiles and merchants' advertising trucks and cars. Merchants over the city are arranging for cars and trucks in the parade as means of novelty advertising. Prizes of \$25 and \$10 are offered for the best decorated automobile and best advertising display respectively.

The parade will form on N. W. 3rd street at the corner of the square, march around the square and up Oak street to the City Lake Park where a band concert by the Colorado Gold Medal Band, Sam Goldman, conductor, will follow.

The Boy Scout Field Meet will get under way at 10 o'clock Friday morning. Nearly 300 uniformed Scouts from four counties will take part in the Scouts' annual rally and the affair will offer a splendid opportunity to thousands of picnic visitors to witness the maneuvers of trained Boy Scouts. A splendid program of contests, stressing athletics, woodcraft and first aid, will feature the Boy Scout meet, with prizes arranged for the winning Scouts.

At 11 o'clock Rev. W. M. Elliott, Colorado, president of the Buffalo Trail Council, Boy Scouts, will speak from the bandstand at the park.

At noon the largest free barbecue ever attempted in this section will be held. Approximately 40 hives will be barbecued and served with bread, pickles, coffee and other side dishes to every one at the celebration. A pit 150 feet long has been dug for the cooking process and a long carving table has been erected from which the food will be passed out. Plates and cups will be furnished.

At 1:30 p. m. Booger Red rodeo will start at the ball park. An unusual array of noted rodeo stars are in town for this event, and Booger Red promises an exhibition of bronco riding, wild steer and mule riding, roping and novelty stunts never equaled in this territory. A bucking Ford, numerous cowboy clowns and other events will add to the rodeo performances. A pre-showing of the rodeo will be given Thursday night at the park. Rodeo performances will be given Friday and Saturday at 1:30 and 6 p. m.

At 4 p. m. Friday, the first day, Hermligh and Roscoe baseball teams will cross bats at Scatter Park in the first celebration ball game. Roscoe and Sweetwater will play Saturday afternoon at 4 o'clock.

The water carnival will follow at 4:30 Friday at the City Lake. This event is free, and cash prizes will be awarded winning contestants in the water events.

At 5 p. m. Friday, one of the feature attractions of the entire celebration will get under way when a large number of noted race horses will make the rounds of the new race track at City Lake Park for the \$700 in prizes. Racers from throughout West Texas will be here. The races will also be staged at 5 o'clock Saturday, the second day of the picnic.

At 5:30 p. m. picnic crowds will have an opportunity to hear the Herrleugh band, also a winner at the Mineral Wells convention this year, in a concert at the park grandstand.

The Old Fiddlers contests will follow at the band stand at 6 o'clock Friday. Over a dozen old fiddlers from several nearby counties will appear in the contests for the cash prizes that are to be given.

At 8:30 Friday night, Harley Sadler's favorite play, "Smiles," a 4-act comedy drama, will be presented by local talent, under the auspices of the Oscar McDonald Post, American Legion, at the Armstrong building at the entrance to the fair grounds. This play will also be presented Saturday

## Band Plays For Last June Wedding At Buck & Henry's

A few hours before the Month for Brides gave way to the mid-summer month of July, the Sweetwater Band halted a rehearsal in the Manroe-Morris offices next to Buck and Henry's Filling Station and filed over to the well-known gasoline emporium where an ultra-modern wedding was in progress.

Justice of the Peace I. W. Brashear mounted the rostrum between two Texaco gasoline pumps where he launched another ship on the Sea of Matrimony. The principles in the ceremony were Troy Seago and Miss Eula Wade, a popular young couple of Roscoe.

The bride and groom faced the filling-station-alter from the front seat of their automobile while Judge Brashear said the words that made them one. Buck and Henry filled the radiator, supplied free air all-around got promises of the newly weds that they would use Federal tires the rest of their life and Mr. and Mrs. Seago sped away to the strains of an impromptu wedding march by the Sweetwater band.

Pond was fined \$75.

The jury deliberated nearly 18 hours before returning the verdict.

Pond's defense in the trial, which has resulted in his conviction, was that he had only attempted to protect the young woman, whom he said he had found spooning in an automobile with a young man.

He denied that he made assault with a pistol, as charged.

Miss Canday and her companion, Nauret, testified that Pond drew a pistol and threatened to strip Miss Canday of her clothing and force her to walk back to the city, and that Nauret was beaten.

## SANTA BARBARA LOSS IS GREAT

After Quakeless Night Insurance Underwriters Estimate Damage at Thirty Million Dollars

## RAISE RELIEF FUNDS

Entire United States Sends Contributions—Asks Twenty Million Dollar Loan

By United Press.  
SANTA BARBARA, July 1.—A very slight earth tremor shook Santa Barbara at 6:32 a. m. The tremor was not severe enough to bring any additional debris to the street. Light dust clouds at one or two points were the only visible results.

## Night Quiet

SANTA BARBARA, July 1.—The tremors that shook into ruined heaps of brick and mortar the Eighteenth Century Mission and modern edifices that were Santa Barbara's pride, apparently had ceased today.

The most recent tremor was that of 6:14 p. m. Tuesday, after which the weary citizens of this resort city by the sea were able to pass a night undisturbed.

A conservative appraisal by insurance underwriters placed the loss here at 30 million dollars. Only one million of this amount was protected by insurance.

Aid for the work of reconstruction came from all points in the United States. San Francisco, which suffered a similar fate, followed by a disastrous fire 19 years ago, sent \$50,000 for immediate aid.

Other California cities contributed Rich residents helped swell the quake fund to \$2,500,000 which the city manager had asked for in addition to a loan of 20 million dollars.

## Looting Reports False

SANTA BARBARA, July 1.—Reports that the famous Gualalupe Catholic church here had been looted Monday night and gold and silver vessels taken, were branded by Herbert Munn, city manager, chief of police Des Glandchamp, and Father Griggs, pastor of the church, as "deliberate fakes."

These reports were circulated by press associations other than the United Press.

"Not a thing was stolen from the church," the priest said. "A milkman gathered up some empty bottles and drove away. This caused some inspired newspaper men to write that he had driven off with the sacred vessels of the church."

Inaccurate and exaggerated account of looting—including the theft of the valuable vessels from the Gualalupe church, which turned out to be milk bottles taken away by the milkman, were carried by news agencies other than the United Press.

The looting has been denied by the priest of the church and Santa Barbara authorities including the chief of police to whom, according to the erroneous story, reports of the looting had been made.

Mrs. T. C. Payne of Stephenville has arrived to spend some time with her mother, Mrs. W. P. Coleman, who has been ill for some time at the home of her daughter, Mrs. J. L. Taff, and is suffering from a fall she received in her room the other day.

Miss Helen Neblett has come in from the Neblett ranch in Fisher county to remain the guest of her aunt, Mrs. J. B. Foster, until after the Legion picnic.

Miss Wilma Ruth Vickey of Abilene is guest of Misses Evelyn and Ruth Lohmann and will remain over the Fourth.

**CELEBRATION**

With everything in readiness for the great Legion Celebration here Friday and Saturday, there is no reason why the occasion should not go down in the record as one of the greatest events of its kind ever held in Sweetwater.

As the center and capitol of a great wide trade territory, much is expected of Sweetwater. Although named the Legion celebration, because that organization is sponsoring it, nevertheless it is Sweetwater's party and should be so regarded by every citizen of this city.

For it must be remembered that just as a man cannot live to himself alone, so a city cannot live to itself alone. It must assume the responsibilities of a city.

Accordingly every citizen must take a personal interest in this celebration. Just a check to help out on the financial aspects is not sufficient, although that is important.

Visitors here must be made to feel at home. Wise merchants know this; they cannot shirk. And it is up to them and to citizens generally, to make the guests of the city feel at home here so that next year another and greater celebration can be staged in Sweetwater.

**NOT TO RUN**

And along comes Whit Davidson, former lieutenant governor, with the statement that he will not be a candidate for governor at the primaries next summer. Further, the Honorable Whit states that the said primary will be a runoff between the Ferguson and a Klan candidate, as yet unselected, or at least unannounced.

In a crowded field of candidates, the foregoing is just exactly what will happen. Lynch Davidson, who ran third in the 1924 primary, is in the running this coming year. It is entirely likely that W. E. Pope of Corpus Christi will take another shy at

West Virginia Lady Says That She Was in a Serious Condition, But Is Stronger After Taking Cardui.

Huntington, W. Va.—"I was in a very weak and run-down condition—in fact, was in a serious condition," says Mrs. Fannie C. Bloss, of 1964 Madison Avenue, this city.

"In my left side the pain was very severe. It would start in my back and sides. Part of the time I was in bed and when up I didn't feel like doing anything or going anywhere.

"Life wasn't any pleasure. I was very pale. I was nervous and thin, and so tired all the time.

"My druggist told me that Cardui was a good tonic for women and I bought a couple of bottles. I took two bottles, then I noticed an improvement. I kept on and found it was helping me. I have taken nine bottles. I'm stronger now than I have been in a long time."

Cardui is made from mild-acting medicinal herbs with a gentle, tonic, strengthening effect upon certain female organs and upon the system in general.

That is if one runs, the other will not.

But there is no reason for believing that the turbid waters of Texas politics will clear any during the next few months.

**DIDN'T WANT PAVING**

Woman Frank With Paving Agent—Runs When Husband Goes to Apologize

DALLAS, July 1.—An agent for the Uvalde Paving Company thinks that he has perhaps the most uncertain and dangerous job he might have picked out.

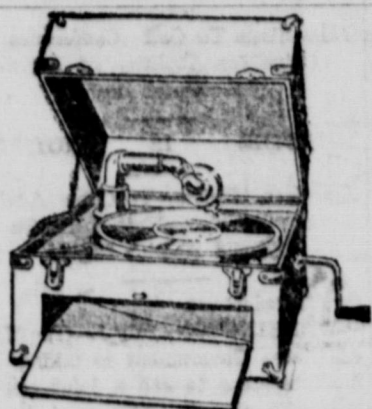

The other day he called at a residence in Oak Cliff to solicit the owner to sign up for street paving. It was the "lady of the house" that he talked to and she not only didn't want the paving, but she told him she would have her husband wish he had not asked her about it.

The next day an unpleasant looking giant walked into the company of-

fice and asked for the man. But the gent had seen him first, and the nearest exit was too far away. But he took it.

And then the big fellow told another man in the office that he came in to apologize for his wife's temper. "You just got five minutes of what I've had for twenty years", he said. "I'm sorry."

The electrical equipment necessary to illuminate these mammoth scenes was enormous. The glare of light produced being reflected in the sky for many miles around.

**Buy Tubes as Carefully as you buy Tires**

THERE are two ways a car owner can buy tubes. He can go out looking for price—and get it.

Or he can buy tubes that will give his casings a chance to deliver the mileage that is built into them. U. S. Royal and Grey Tubes are

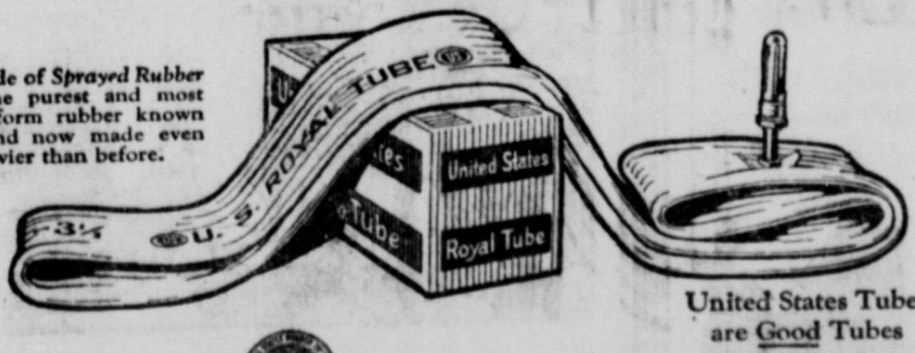

built to give mileage and get mileage.

They resist heat, hold their shape and retain their elasticity.

To get all the mileage out of a new casing or to make an old casing last—put a U. S. Royal or Grey Tube inside it.
