CLEAN UP DRIVE IS PLAN OF B C D

Board, in Session Monday Night Plans
Campaign Against Unsanitary
Premises in City
TO FIGHT DISEASE
Will Take Steps to Halt Typhoid Epidemic—Highway Routes Are
Discussed by Board

Sanitary problems and the highways in the county were the main topics of discussion at the regular meeting of the Board of City Development Monday night.

The health situation and measures for improving the sanitary condition of the city was freely discussed when the seriousness of a typhoid epidemic in the city was brought to the attention of the board. Several cases of that disease have been reported in Sweetwater, and the Board, in cooperation with health authorities and the city commission, will get into action immediately in efforts to improve sanitary conditions. It was brought out at the meeting that conditions prevailing in certain sections of the city tend to create unsanitary conditions and disease, and that more sickness is inevitable unless these conditions are righted.

The first step toward a general cleanup over the city, and the opening of a drive to enforce residents to maintain clean and sanitary premises will be taken this afternoon when a meeting is scheduled at the B. C. D. office. At this meeting, plans will be made for the clean up campaign. It is to be attended by the members of the board, city commission and health authorities.

Highway conditions were briefly discussed at the Monday night meeting. The board announced a route to the south part of the county that is being generally used now to avoid the construction work on the highway south. The board recommended the road as follows: Take the Lake Trammell road from Sweetwater until the small church building about 5 miles south from town. Turn south just beyond the church and cross the divide. Follow the lane between the Polk Harris and the ARX ranches which will lead back into the main highway.

CHOOSSES DEATH

Rum Runner, Hands Tied Behind Back
Leaps from Booze Ship into
Waters of Golden Gate

By United Press.
SAN FRANCISCO, Aug. 11.—Choosing death to capture at the hands of Federal authorities, an unidentified rum runner, hands tied behind his back, leaped into the waters of the Golden Gate this morning from the deck of a booze boat.

The spectacular dive was made from the launch, Gussie M, captured with 300 cases of liquor aboard.

The Gussie M had been towed thru the gate by a coast guard cutter.

A strong ebb tide was running and the crew was unable to recover the body which did not appear upon the surface.

Flies Terminated

SULPHUR, Okla., Aug. 11.—J. L. Moore of Sulphur, doesn't swat 'em—he "suctions 'em."

After their day of nefarious activity it is the habit of Oklahoma house flies to congregate on the ceiling.

Mr. Moore then gets out his wife's vacuum cleaner and sweeps it along an inch or so under the flies.

Suction does the rest.

Human Fingers Sent

SAN FRANCISCO, Aug. 11.—A human finger, preserved in alcohol, has been received at the post office here.

Almost everything else imaginable has come through the mails and landed in the dead letter office, but this was the first time on record of any part of the human body being mailed here.

The finger has been sent from Jacksonville, Florida, to an address here which could not be located.

Makes Surveys

AUSTIN, Aug. 11.—That extensive surveys of the Trinity river are being made by the United States Geological engineers, and experts of the State Reclamation Department, has been made known by B. F. Williams, State Reclamation Engineer.

Even villagers no longer go down to see the train come in except on Sundays.

HANK SIGNS CONTRACT

Colored Families Had Moved into
Apartment House in Restricted
District—Move Rapidly

By United Press.
KANSAS CITY, Aug. 11.—Police answered two riot calls here last night as the result of an indignation meeting of 300 neighbors who forced two negro families to move from an apartment house in a restricted district.

Crowds gathered around the Garland apartments where the negroes had moved during the afternoon. When police arrived, the negroes started moving out.

Handbills were distributed in the crowd, warning landlords and agents that negro tenements in the neighborhood would not be tolerated.

Speeders Pay \$200 to City In Ten Days

Automobile drivers who have exceeded the speed limit in Sweetwater since the first of the month have been worth \$200 to the city in actual cash. At least, that amount has been paid in fines by speeders since the drive opened August 1 to cut down speeding and other violations of city traffic regulations.

In the first ten days of this month a total of 16 persons have been brought before Judge Yantis in Corporation Court on charges of speeding. Fines of \$12.70 were paid in each instance.

The latest crop of speeders harvested by local officers was that of last night when three were arrested and given fines in Corporation Court.

IN CONCERT

Sweetwater W. O. W. Band Gives
Concert at Galveston—Sweetwater
Woodmen Named Officers

Special to Reporter.
GALVESTON, Aug. 11.—The 101st regiment band, W. O. W. of Sweetwater gave a concert at Menard Park Monday night where the annual encampment of Texas Woodmen opened Monday. The band has been named official band for the encampment. A program with speeches by Senator Earl B. Mayfield, Senator Morris Sheppard and Mayor J. E. Pearce was given.

Colonel J. M. Simms, in command of the Sweetwater delegation, has been placed on General McDill's staff as camp inspector.

Major L. M. Hubbard, Sweetwater, was placed as Major of the First Platoon, First Regiment.

Captain H. M. Rose, Sweetwater, in charge of the official W. O. W. band, has been named official band leader of the encampment.

Take to American Cocktails

TOKYO, Aug. 11.—Sake, the traditional Japanese light wine which consumes much of the nation's rice crop is giving away to American cocktails.

The Japanese seem to take to cocktails with the same facility they have taken to American college boy caps and bar rooms don't have to depend on foreign customers for a flourishing trade. The Manhattan is a favorite preliminary beverage with the subjects of the Mikado, because, as the Japanese naively explain, the big red cherry in the beverage looks so appetizing.

July Month of Marriages

DALLAS, Aug. 11.—June hasn't anything on July as a nuptial month, the county clerk's books here shows.

There were 402 couples who "took out the papers" last month and settled down.

COOLIDGE FAVORS NEW BOND ISSUE

President Considers Government Bond Issue for Purpose Supply New Federal Buildings

RENT IS HIGH

Government Paying from 20 to 25 Million Dollars Annually on Rented and Leased Structures

My United Press.
SWAMPSCOTT, Mass., Aug. 11.—President Coolidge is seriously considering a government bond issue for the purpose of constructing much needed Federal buildings in Washington and all parts of the country. The government is now spending between 20 million and 25 million dollars annually for rented and leased buildings. Government statisticians have calculated this amount would pay the interest on a bond issue of nearly half a billion dollars with which the government could be furnished with adequately modern housing facilities.

The rent now paid by the government is considered high in many instances, the president believes. In some cases a building on which the government is paying a thousand dollars a year rent could be duplicated by a loan on which the government would pay not more than 50 thousand dollars interest.

The other 50 thousand dollars, it was pointed out, could be devoted to retiring the principal.

INCREASE STOCK

Texas Cotton Growers Finance Corporation Double Capital Stock—Pay Farmers More

By United Press.
AUSTIN, Aug. 11.—The Texas Cotton Growers' Finance Corporation, a subsidiary of the Texas Farm Bureau Cotton Association, amended its charter today, increasing its capital stock from \$100,000 to \$200,000 so as to advance cotton farmers \$85 per bale.

C. K. Bullard of Dalas, who filed the amendment, said banks are advancing only \$70 a bale.

Protest was filed with the railroad commission by Bullard against the petition of the railroads to advance domestic cotton rates in Texas 3 1/2 cents per hundred pounds.

WILL INTRODUCE BILL

Senator to Fight for Auto and Gasoline Tax Next Session

By United Press.
AUSTIN, Aug. 11.—All expenses of construction and maintenance of state designated highways will be borne by funds obtained through taxes on motor vehicles and gasoline under a bill which Senator R. A. Bowers of Burleson county, announced here that he would introduce at the next session of the legislature.

Senator Bowers said he would favor increasing the tax on gasoline from 1 cent to 3 cents per gallon.

TO BUILD PLANTS

Dallas to Be Largest Electrical Power Producing City in Southwest—Big Investment

By United Press.
DALLAS, Aug. 11.—Additional appropriations for construction of new power plants by the Dallas Power and Light Company, will make Dallas the largest electrical power producing city in Texas if not the entire southwest.

A new large unit construction of which will be about January 1st, and which will be completed about two years later, will cost \$2,250,000. Two other smaller units will cost \$500,000 when completed, an investment of \$2,750 to be added.

When completed, the power plants of the Dallas company will generate 52,500 kilowatts, and will supply electric power to a city of 315 persons.

Get Rent Money

AUSTIN, Aug. 11.—\$66,000 annually, to augment the University of Texas' available fund, is being received in rentals of property bordering the campus. The property was the gift of the late George W. Brackenridge, largest benefactor of the University, who donated the land several years ago.

IT'S THE LIMIT

The cops at Coney Island have a hard job. They must see that bathing suits are the regulation length and bathing beauties that grace the beach there undergo rigid inspection by the officers, who walk the beach with tape measures in hand. In the picture, Miss Marie Vannetti is being informed by Patrolman Grady O'Toole that her suit goes a couple of inches past the stopping place. Miss Claire Clemmons, right, is within the law.

NO CHARGES YET IN TRIPLE KILLING

Event in Murder of Three Near Austin Not Sufficient for Indictments, Officers Say

TWO NEGROES RELEASED

Furnish Alibis—White Suspects Taken to Morgue to View Dead Bodies at Midnight

By United Press.
AUSTIN, Aug. 11.—Evidence uncovered within the past 48 hours in connection with the slaying of 3 persons at Delvalle Sunday is not sufficient to warrant the filing of charges, the sheriff's department admitted today.

Two negroes who have been questioned furnished alibis and were released during the morning. Two white men, neighbors of the Engler family and two Mexicans will be subjected to further questioning.

In an attempt to force a confession, officers took the white suspects to the morgue at midnight Monday and had them view the bodies of the slain family.

Engler, his wife, and an adopted daughter were found dead in their home Sunday.

A special session of the grand jury will be called when tangible clues are unearthed, officers said.

Returns Hotel Towel

UNIONTOWN, Pa., Aug. 11.—Hotel managers become hardened to the necessity of charging a certain number of stolen towels to profit and loss but one hotel man here has had a towel returned to him from Birmingham, Ala., with the following explanatory letter:

"Proprietor:
"I am returning to you a towel which I found in a hotel down here in Birmingham. Since I thought it did not belong in a hotel down here any more than to me I carried it away with me as a souvenir, but I feel that I should not have it in my possession so I am returning it to its rightful owners."
"Jesus is coming to earth again and it behooves each and every one to live as close to God as possible, as His coming is not far distant."
"A worker for the Lord."
The manager, taken by surprise, returned the towel with his compliments.

MAY AUCTION CHURCH

Washington's Church of Presidents Can't Pay Paving Assessment

ASHBURY PARK, N. J., Aug. 11.—St. James Chapel here, known as the "church of the presidents" may be sold on the auction block because its sixty communicants are unable to raise \$600 to pay the city for street paving.

The church where Woodrow Wilson, William McKinley, James Garfield, and U. S. Grant worshipped when visiting or living in this vicinity, has only \$150 in the treasury and was unable to pay the \$600 paving assessment when the city presented the bill.

SELECTING SPECIAL JURY

Grand Jury Selection Starts With Opening of Special Term of District Court

By United Press.
DENTON, Tex., Aug. 11.—Indictment of W. A. Martin for the slaying of deputy sheriff R. B. Parsons here last week was forecast for Wednesday or Thursday as the selection of a special grand jury got under way here today.

Selection of a special grand jury started with the opening of a special term of district court.

Martin will probably not be given an examining trial, but summarily indicted, it was indicated.

Whether the trial will be held at this term of court has not been definitely decided, it was stated.

Auto Thief Has New System; Sells Car; Steals Again

DALLAS, Aug. 11.—An automobile thief with a new system has been arrested here, and charged with the theft of eight automobiles, one of them twice.

This odd case was explained by the prisoner himself. He declared that he stole an automobile and drove it to Kansas where he sold it to a man. Less than an hour after the transaction, he stole it again and drove it off, that time to El Paso. He found another buyer there and sold it the second time. He said that the second buyer found immediate use for the car and drove it off to Mexico, and frustrated his plan of stealing it a third time and moving to another state.

OUTLOOK GOOD

New S. P. Railroad Official Announces Crop Prospects Along Line Favorable—Business Steady

By United Press.
NEW YORK, Aug. 11.—With the exception of the cotton crop in Texas, conditions of the summer and fall crops along the Southern Pacific railroad is good. H. W. de Forest announced today in his first public statement since becoming chairman of the Southern Pacific executive committee.

"The business outlook for the remainder of 1925 is favorable," the statement said.

"The livestock industry is in better condition than it has been in for several years."

Girls Like Boys' Books

KANSAS CITY, Aug. 11.—Kansas City girls read more boys' books than girls in the vacation reading club main they do of their own.

According to the librarian here the tained by the library call for more boys' books than those written especially for girls. The girls seem to prefer the boys' type of reading material telling how to build things, how to camp, etc.

Bank Account Slumps

AUSTIN, Aug. 11.—State Highway Department disbursements during July accounted for the heavy let-down in the State's bank account, the State Treasurer says.

Receipts for the month were \$2,519,225.94, and disbursements were \$4,584,246.90. The net balance after all that was \$9,945,588.44, which isn't to be sneezed at.

Tomatoes Pay

NACOGDOCHES, Aug. 11.—A local farmer has reported a new high record for income on tomato production per acre. He had two and one half acres planted in the vegetable and his net profit, after deductions for all expense was nearly \$700.00, nearly 300 per acre.

MANY INJURED IN FIGHT WITH KLAN

Bitter Clash in Massachusetts Town Results 5 Anti-Klansmen Shot—Many Clubbed

ARREST 75 KLANSMEN

Released on Bond—State Police Called Out—Seize Guns and Ammunition—In Meeting

FRAMINGTON, Mass., Aug. 11.—After the bitterest clash in months, five anti-Klansmen today were suffering from gunshot wounds, at least a dozen others were nursing stone and club bruises, and 75 alleged Klansmen out of an original 80, were detained under arrest.

None of the injured are believed fatally wounded.

The riot occurred at Sudbury shortly before midnight while a Klan meeting was in progress on a farm on the outskirts of town.

The arrests followed reports of the State Police barracks and at Concord that local Sudbury police were unable to handle the situation in which desultory shooting of fire arms figured with free use of clubs and stones.

Following the use of firearms, the bulk of the anti dispersed while State and local police rushed to the farm.

Several rifles, shot guns, considerable ammunition and about a score of wooden clubs and pipe slugs were seized.

Plead Not Guilty

By United Press.
FRAMINGTON, Mass., Aug. 11.—Sixteen alleged members of the Ku Klux Klan, charged with assault with dangerous weapons in connection with the riot with anti-Klansmen at south Sudbury early today in which 5 persons received gunshot wounds, today plead not guilty to the charges when arraigned before district Judge Edward W. Blodgett, and were released in bail of \$200 each for the hearing next Tuesday.

DIES IN CHAIR

Alleged Murderer Electrocuted—Had Been Granted a Stay 23 Times—Goes to Chair Calm

By United Press.
STATE PENITENTIARY, Lincoln, Neb., Aug. 11.—Walter Ray Simmons was electrocuted at 7:05 a. m. today for the murder of Frank Pahl, garage owner.

He had been reprieved 23 times, but failed on his 24 attempt to escape the penalty.

Simmons walked calmly from the death cell to the execution chamber. He displayed not the slightest nervousness during the entire proceedings.

He was pronounced dead at 7:10 a. m.

Simmons was formerly a Montana prohibition agent.

Auto Speed Governed

LONDON, Aug. 11.—Impatient motorists who cannot wait for the first 500 miles of their new car to be run before "letting her out" are being restrained by a new slowing speed device just marketed here.

A special washer is inserted in the inlet pipe of the new cars as they are delivered into the hands of buyers, so that the engine cannot develop more power than is required for the speed of 25 miles an hour. This washer can only be removed by a special key.

If the new purchased doubts his ability to resist the temptation to speed, he leaves the key with the manufacturers until the car has been run 500 miles. If he is exceptionally strong minded he asks for the key at the time of purchase. If the manufacturers size him up as a man of strong will, he delivers the key with the sale.

KID ARRESTED

Soda Pop Stand Also Handled Drinks With Kick

By United Press.
DALLAS, Aug. 11.—The reports to an officer that a "kid's" soda pop stand in South Dallas was staying open at night and doing a land office business, prompted an investigation the other day.

When the officer went around to look the place over, the "kid" was a grown man, and the ice box yielded several bottles of beer and corn liquor, besides.

The "kid" was arrested.

LOUIS PHILIPPE'S REQUEST

There is a pathos in the humble request of Louis Philippe, duke of Orleans and pretender to the throne of France, that he be allowed to finish his life in his own country after 40 years of exile.

The government of France may have some reason for declining his plea. If such a reason exists, it is one of those state secrets to which the citizen is never introduced.

From here, it looks as if the only decent answer which could be given to such a request would be in the affirmative. The republic of France is sound and secure, even as the republic theory of government has achieved a powerful ascendancy over the monarchy.

An old man, defeated of his royalty and representing a system which is as much defunct as his own majesty, is asking the privilege of living the last years of his life on his native soil. Magnanimity is a proper gesture on the part of an established victor.

There would be no point in rubbing it in.

MR BURKETT AND ROADS

West Texas is glad to have Mr. Joe Burkett come out and tell us why we ought to have more good roads. Every one interested in good roads will welcome the member of the Highway Commission that has this section of the state under his direction.

West Texas needs more hard-surfaced roads. With a limited number of miles of railroads, with many automobiles and with a fast developing country, hard-surfaced roads are a necessity.

However, West Texas feels that it is entitled to more than the usual consideration from the State of Texas in the matter of aid for road building. West Texas has been parceled out to the rest of Texas to develop other sections. Years ago the land of West Texas was given by Texas to build railroads in East Texas.

If West Texas had its own land to give away for its own development there would have been no long drawn out receiverships of the Texas and Pacific and the Orient and other lines in this section. But by the time these roads were built, West Texas had been given away as bonus for East Texas railroads.

What was left of West Texas was then donated to the counties of this State as school lands and to the University of Texas as a permanent endowment. East Texas counties have done nothing to aid in the development of West Texas. West Texas has fought its own battles, without the benefit of subsidies—without the aid of a once generous and rich state. West Texas, treated as an orphan child by every Legislature, by every state official, has been left to get along the best it could.

Hardships have been its bread and meat. But it has survived upon this diet and like the strong man schooled in the university of hard knocks, has risen above its obstacles and has made unreamed progress. The spirit of its citizenship—men who knew no giving up—has kept the country alive when everything about was parched and burnt beyond recognition.

And now West Texas asks justice. It asks that the State help itself in making more valuable the lands that it owns in this section and which bear no taxes, pays nothing into the coffers of local government, yet enjoy all the benefits.

The road from the Iron County line to Fort Stockton, it is estimated, will be built fully 40 per cent on land owned by the various state institutions and the counties of this state. Fully 25 per cent of the property in the counties from Tom Green to Fort Stockton is owned by the state. Bond issues voted by these counties will receive no taxes from these lands, the land itself will be greatly enhanced in value by reason of the road.

Members of the Highway Commission have acted as though they thought the state was doing something big for West Texas when they promised to match us dollar for dollar. Any county in the state can get dollar for dollar for its highways. Counties that receive back from the State as much as \$50,000 a year in aid more than they pay to the State of Texas in taxes can get dollar for dollar on their highways.

Surely the men who make up such an important commission as the State

Highway Commission of a great state like Texas are broad-minded enough to recognize justice and to not be guilty of further injustice.

Tom Green county does not ask any consideration from the Highway Commission, though it did build a \$200,000 mile highway through the Washington county school land and is going to vote bonds to build a similar road through the Llano county school land, both of which are in this country. But Iron, Reagan, Upton and Pecos Counties—great undeveloped sections of this state, largely owned now by non-taxable holders and given away to get railroads to build up East and North and South Texas, do deserve fair treatment at the hands of the Highway Commission.—San Angelo Standard.

Pineapples to Reduce

LONDON, Aug. 11.—"Eat pineapples and grow thin."

The unprecedented scarcity of pineapples in London markets this year is declared by importers here to be due to the diversion of shipments to Germany where the "grow thing" is on in full swing.

It is believed that the fruit has excellent anti-obesity properties. English doctors however are warning their patients not to try the pineapple route without first seeking medical advice as under some conditions the fruit may prove harmful.

SPORT CHATTER

NEW YORK, Aug. 11.—"They say there's a lot of big dough in the boxing game today," Abe Attell, former world's featherweight champion, said recently. "There's so much dough in the business today that no one knows how much, because they don't go after it."

"Kilbane who won the title from me, got in on a part of the big money and they say he's got \$250,000. That's just a drop to what a champion ought to get. If I had the featherweight championship now and didn't have any more class in the division than there is now, I'd make a million dollars a year—yes sir! One million dollars I'd make in one year."

"There is no bank intended or meant when I used to fight more in one month than these new champions do in a year. Look at my record and you'll see that I'm right. I liked to fight because I never got hurt and I wasn't afraid of any man even in the two classes above me."

"If I had the title now I'd fight at least three times a month and I'd get good purses. I'd go out after promoters and wouldn't ask them to come to me: There are plenty of fights around now for a champion that don't mean more to him than a workout in the gym, but they don't take them."

"I got \$700 once for fighting Charlie White. That was a good sized purse in those days and getting in a few days and a \$600 some place else a few days later all counted up."

"Yes, sir! A fighting champion could make one million dollars a year now and he wouldn't be working any too hard."

"Fighters are funny birds," Tex Rickard said recently along the same line.

"The money that was paid to the fighters for the Dempsey-Carpentier and the Dempsey-Firpo fight got even the preliminary boys to figuring that they were worth a thousand where they drew a hundred before," he said. "They wouldn't fight inside then, saying that the dough was all in the open air. Now since this open-air season has turned into a flivver, they are all saying—'Wait and we'll go in the New Garden.'"

Several days ago I was talking to the managers of two thirteenth-rate fighters that I wanted to use in a preliminary. If they were paid for what they were worth I would have been crazy to give them \$500, but I suggested \$2500 each and I thought their managers were going to sock me.

There are savory treats in store for you

You'll discover a new savor and delicacy in your most favored dishes if you prepare them with Mrs. Tucker's Shortening. Pastries and cakes turn out light and delicious; fried meats and vegetables are browned evenly and never greasy; pie crusts just melt in your mouth! And cooking is easier too!

That is because Mrs. Tucker's is a pure vegetable shortening—and is always fresh. It is made exclusively of choice cottonseed-oil. It imparts a wonderful buttery richness to all cooking and baking—and none of the heavy greasiness of lard. It goes further than other shortenings too.

Mrs. Tucker's comes to you in a wonderful new container that assures you a shortening that is fresh and sweet. This air-tight pail is very easy to open, however! And once empty, you'll find it invaluable for household use as a bucket or dinner pail. Interstate Cotton Oil Refining Company, Sherman, Texas.

"They couldn't get in as headliners unless they chartered the building."

Attell's theories about the money that is around for the hustler are borne out by Tiger Flowers, the negro middleweight from Atlanta. Flowers was in the great big money for a while until he was tapped on the whiskers once or twice and now he has to do his stuff in what the boys call "the sticks."

"I cook electrically because every bit of the rich, wholesome portions are saved. Everything that makes for more healthful, better cooked foods is embodied in electric cookery. It is the cleanest, safest and most satisfactory way to prepare foods."
Thousands of women the world over have found these facts to be true and you will too, if you cook on a Hotpoint-Hughes Electric Range.
Miss Bernice Lowen.
With the type of Electric Range shown above, the Hotpoint-Hughes Model RS67, you need only place the prepared food in the oven, set the Temperature Control for the degree of heat desired and the Time Control when cooking is to "start" and when "finish." The range will cook the food without any further attention.
These and many other refinements exclusive in the Hotpoint-Hughes Ranges will economize on your time, strength and money.

YELLOW CAB

Getting to your destination is one consideration when you hire a taxicab. Of greater importance is HOW you get there.

The "HOW" of YELLOW CAB service accounts in large part for its popularity in this city. People appreciate not only the courtesy and dependability of our service, but also the comfort, cleanliness and safety of the YELLOW CAB vehicle.

A YELLOW CAB is a real taxicab. They are built especially for the service they render. Years of experience are embodied in every feature that adds to your comfort or affords you a greater measure of safety.

Comfort, cleanliness and safety are built into every part of the YELLOW CAB. That is why YELLOW CABS ride so easy and are always clean and in perfect mechanical condition.

The best kind of cab service can be delivered only by the right kind of equipment operated on a tried and proven system. There is no substitute for experience in rendering cab service.

Use YELLOW CAB service—there is a difference you will appreciate.

Citation By Publication To the Sheriff or any Constable of Nolan County—Greeting:

You are hereby commanded to summon C. H. Hamblen, W. E. Burk, W. B. Sanders and W. A. Dupree, by making publication of this citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Nolan County, to be holden at the Court House thereof, in Sweetwater, Texas, on the 5th day of October, A. D. 1925, then and there to answer a petition filed in said Court on the 10th day of August, A. D. 1925, in a suit numbered on the docket of said Court No. 2235, wherein State National Bank of Santa Anna, Texas, is Plaintiff, and The Physicians and Surgeons Hospital Association, a private corporation, C. H. Hamblen, W. E. Burk, W. B. Sanders and W. A. Dupree are Defendants and said petition alleging

That heretofore, to-wit: On the 21st day of July, 1925, Plaintiff was the owner of and in possession of the following described land and premises, situated in Coleman County, Texas, owning, holding and claiming the same in fee simple from and under the sovereignty of the soil, to-wit:

All that certain lots, tracts, and parcels of land lying and being situated in the town of Sweetwater, Nolan County, Texas, and being the following lots and blocks of land situated in and being a part of the Braiford ad-

dition to the town of Sweetwater, according to the map of said Addition of record in Volume Y, pages 442 and 443, Deed Records of Nolan County, Texas; said lots being a part of the T. & P. Ry. C. Survey No. 49, Block 22, which said lots are as follows: to-wit:

- Lots 1 and 2 in Block No. 5; Lots 1, 2, 3, 4, 5, 6, 7, 10, 11 and 12 in Block No. 7; Lots 1, 2, 3, 4, 7, 8, 9, 10, 11 and 12 in Block No. 8; Lot 12 in Block 11; Lot 3 in Block 17; Lots 1, 2, 3 and 4 in Block 18; Lots 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11 and 12 in Block 19; Lots 9, 10, 11 and 12 in Block 20; Lots 4, 5 and 6 in Block 21; Lots 7 and 8 in Block 23; Lots 8, 9, 10, 11 and 12 in Block 25; Lots 2, 3, 4, 5, 6, 7, 8, 9, 10 and 11 in Block 26; and 12 in Block 27; Lots 1, 2, 3, 4, 7, 8, and 9 Block 29; Lots 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11 and 12 in Block 31; Lots 1, 2, 3, 4, 5, 6, 10, 11 and 12 in Block 34; Lots 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11 and 12 in Block 35; All of Block 37; All of Block 38; All of Block 39; All of Block 40; All of Block 41; Lots 10, 11, 12, 13, 14, 15, 16, 17 and 18 in Block 42;

and lots 1, 2, 3, 4, and 5 in Block 44. That thereafter on July 22, 1925, and while that Plaintiff was in possession of said land and premises, owning, holding and claiming the same as aforesaid, the Defendant unlawfully entered in and upon said premises and unlawfully disposed and ejected Plaintiff therefrom and unlawfully withheld from Plaintiff possession of said land and premises, to Plaintiff's damage in the sum of TEN THOUSAND DOLLARS.

WHEREFORE, premises considered, Plaintiff prays the Court that the Defendants be cited to appear and answer this petition and that upon hearing hereof it have judgment for the title and possession of said land and premises, and that Plaintiff have its writ of possession and restitution for the same. Plaintiff prays further for such other and further relief, general and special, as it may have at law and equity.

Herein Fail Not, but have you before said Court, at its aforesaid next regular term, this writ with your re-

turn thereon, showing how you have executed the same.

Given under my Hand and Seal of said Court, at office in Sweetwater, Texas, this, the 10th day of August, A. D. 1925.

Fifteen-Cent Haircut

KIRKSVILLE, Mo., Aug. 11.—The cheapest thing a man can do here is to get his hair cut.

A member of the barber's union was expelled recently and began operating a shop, charging twenty-five cents for a hair cut and twenty cents for a shave. Then the war started.

The union barbers have gone him one better and cut their prices to fifteen cents. Meanwhile Kirksville citizens bask in the realization that it is indeed "an ill wind that blows nobody good."

AMUSEMENTS

LYRIC

It is seldom that one's home town gives one his opportunity, but such is the case of Robert Agnew, who plays in the new Metro picture, "Broken Barriers," which is at the Lyric Theatre today. Mr. Agnew left his birthplace in Kentucky to spend his boyhood in San Antonio. A motion picture company was producing pictures there in a small way. Mr. Agnew played several small parts and, when the work was finished, toured the country in vaudeville. Arriving in New York, he took advantage of the opportunities which presented themselves and soon was on his way to film fame. He has appeared in support of Norma Talmadge, Pola Negri, Gloria Swanson and in many all-star productions.

PALACE

To those captious, cinematic critics who are always decrying the lack of "intelligence" in pictures, the Metro-Goldwyn-Mayer Company might well say "See 'Wife of the Centaur'". This picturization of Cyril Hume's sensational novel opened Monday at the Palace Theatre, and proved itself to be one of the best offerings of the season.

The story—instead of a familiar plot—is based upon a serious theory;

the theory that every man is a "centaur," that he is half beast and half man, a battlefield in which the war of conflicting emotions is always being waged.

Hume's story has been transposed to the screen faithfully by King Vidor and told with all that director's skill. Gilbert, in his new era of screen work, gives a finely drawn performance as Jeffery. Eleanor Boardman, as the wife, is ideally cast, and Aileen Pringle as the "other woman" has all the charm and attraction which makes her so popular.

Settlers in New Florida Find Giant Bass in Everglade Canals. Okeechobee Is Fishermen's Paradise

The huge black bass shown in the photographs were caught by Mrs. Essie Evans, and Mrs. L. E. Miller at Bonner's Beach, Lake Okeechobee, Florida. The great lake which ranks next to Lake Michigan as the largest body of water totally within the United States, fairly swarms with these fine food fish, and is also the center of the largest cat fish industry in the United States.

Dr. Hugh M. Smith of the Bureau of Fisheries is quoted in a report of the Smithsonian Institution, as saying these large mouthed black bass, the variety scientifically known as Micropterus salmoides, reaches its maximum weight in Florida where specimens weighing as much as twenty or twenty-five pounds have been taken. Some of the fish in the photographs weigh 12 to 18 pounds and make an ordinary four or even seven pound black bass of Northern waters look like a minnow by comparison.

Lake Okeechobee which is in the center of Southern Florida is the objective point of the reclamation of the famed Everglades. The lake is connected with the ocean by six great canals which lower its waters and prevent them from flowing into the Everglades. The canals and larger drainage ditches also afford splendid fishing. Fishing for bass in the New River Canal back of Ft. Lauderdale a few weeks ago, Commodore A. H. Brook stood in his boat and made twenty-four casts into the mouth of a small drainage stream that flowed into the canal. He caught a large bass at every cast. The writer came down from the North and promptly headed 35 miles up the Canal with the Commodore in his launch.

that a bass will be attracted to the plug but will not have far to strike. The cast is made toward the rock-lined shore, as the bass love to hide in behind the coral rock dug from the bottom of the canals. The town of Okeechobee, about two miles from the Northern end of Lake Okeechobee, is the leading town of a great frontier region in which settlers are swarming to take up some of the four million acres of rich, black lands that are being opened up in the Everglades.
