NEW WELL STIRS MITCHELL FIELD

Foster No. One of Magnolia Petroleum Company Causes Great Excitement—Pay for Leases

OIL COMPANIES INTERESTED

All Major Companies Represented—Pays \$10,000 for Sixty-Fourth Royalty in Section

Special to Reporter.

COLORADO, Aug. 22.—Foster No. 1, of the Magnolia Petroleum Co. in Section 17, Block 29, township one, south T & P ry. co. survey wildcat drilled in late Tuesday has opened a new field in Mitchell County the potentialities of which local oil men dare not to attempt to estimate. The well topped the pay at 2870 feet and after drilling only two feet into the sand threw a stream of oil above the crown block. Under a control head the well has continued to make flows at intervals of every hour and thirty minutes, making 200 barrels every 24 hours.

Never before since the discovery well was drilled in five years ago has excitement run so high at Colorado. The well has disclosed a new field and the oil is of considerably better grade than the Westbrook crude. Heads of a dozen of the major oil companies and a half hundred other prominent figures in the fraternity, especially the producing end, are in Colorado. Development on the largest scale ever thought of in this county is soon to open in the territory between producing wells at Westbrook and the Magnolia well, a distance of 9 miles.

Leases and royalties in the vicinity of the well are soaring high. A. B. Blanks, local business man, sold one sixty-fourth royalty in a section near the well yesterday for \$10,000 cash. A local farmer, owning two sections south of the well, is refusing a consideration of \$50 an acre for his royalty equity. Hundreds of thousands of dollars are changing hands in lease and royalty turnovers. D. H. Snyder, prominent Mitchell county cattleman and a director of the Texas and South west Cattleman's Association, took a check last night for \$20,000 as his price for one thirty-second of the royalty in the two sections of land on his ranch more than a mile west of the well.

County Judge Chas. C. Thompson will start a large crew Monday constructing a good graded highway from Colorado to vicinity of the well. Colorado will meet every condition to handle the big increase in business expected to come because of operations in the new field. W. S. Cooper, secretary of the Chamber of Commerce, declared this afternoon.

FEWER PRISONERS

Steady Decline in Population State Prisons

AUSTIN, Aug. 22.—A steady decline in the population of the state prisons is shown in a report received today at the governor's office from the prison commission.

The total now is 2,540, with a decrease of 55 for the first three weeks of August.

Pardons and escapes are given as the reason for the decrease.

ARREST DEMPSEY

Brother of Heavy Weight Champion Accused of Beating Up His Wife and Child

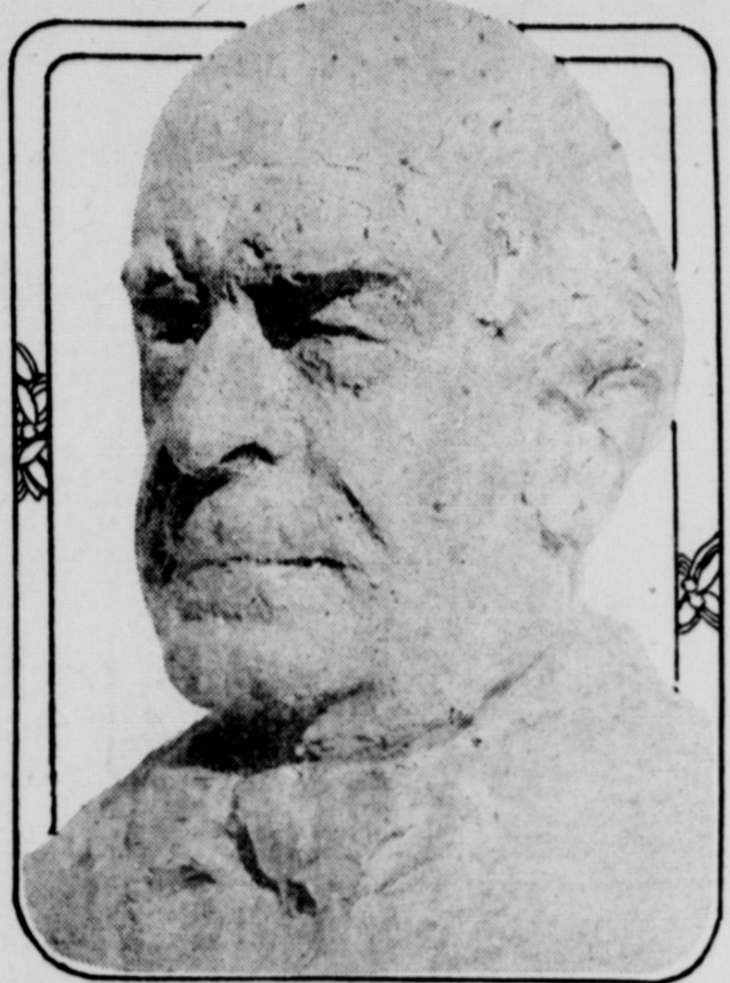

LOS ANGELES, Aug. 22.—Jno Dempsey, brother of the heavy weight champion, will probably go before a lunacy commission following his arrest on complaint of his wife, who charged he was an addict of dope and liquor and had mistreated her and their child beyond endurance.

Neighbors summoned the police following a drunken row in the Dempsey home, where Dempsey beat up his wife and threw their baby on the floor.

SUSPENDED BOYS THREATEN RUCUS AT NOLAN FAIR

Students Ditched from San Marcos College Go to Austin With War Paint On

Suspension Follows Investigation of Funds Raised By Students for Activities

AUSTIN, Texas, Aug. 22.—Three suspended students of the Southwest Texas Teachers College, San Marcos, accompanied by two attorneys and nine members of the student body, were in Austin today with their war paint on. They declared that if Dr. C. E. Evans, president of the college does not rescind his suspension orders they will go before the board of regents, now in session here, and demand that they be reinstated.

The three suspended students are H. N. Kaderl and W. J. Briesmeiser, four year men who were refused their degree at the graduating exercises of the college because of suspension and Walter R. Glick, a second year student.

The trouble at the college grew of the appointment of a committee of private funds which had been raised to defray various students activities. Dr. Evans regarded the act as insubordination and ordered suspension of the leaders.

SHOWERS FALL

Several Sections in State Visited by Jupiter Pluvius Over Week End

DALLAS, August 22.—Rains ranging from a sprinkle to heavy showers marked the passing of the week in Central and South Texas points. West Texas was generally dry.

Dallas recorded one eighth of an inch and a drop in temperature. Houston also received relief from the heat by a heavy shower. El Paso reported a shower.

Waco received a heavy precipitation. Lubbock and Amarillo reported clear hot weather. Mexia reported a shower while Wichita Falls received two, totaling one half inch.

The weather forecast for the week end over the state indicates unsettled weather with local showers.

GOODMAN GUILTY IS JURY VERDICT

Tulsa Man Found Guilty of Manslaughter in Connection With Killing of Night Watchman

SENTENCED TO 5 YEARS

File Notice of Appeal—Companion of Goodman, Also Indicted, To Trial August 31

By United Press.

DALLAS, Aug. 22.—William J. Goodman of Tulsa, Oklahoma, was sentenced today upon conviction of manslaughter, in connection with the death of Charles Swinney, Dallas night watchman, June 20.

The case went to the jury at 5 p. m. yesterday. Counsel for Goodman filed notice of appeal. Swinney was shot to death following an altercation with the two men who approached a building he was guarding early in the morning.

In a statement to officers, Goodman and Joe Brown also under indictment in connection with the killing, declared Swinney took the offensive, firing the first shot in the gun battle that ended in his death. Goodman and Brown indicated they were seeking repair for a broken down car, in accounting for their presence in the neighborhood.

Brown will stand trial August 31, in connection with the killing.

Lost Pay Check Provides Mexican With Bed in Jail

Coincidence is a funny thing, but she will happen. Take for instance a son of Monteruma who lays claim to a perfectly good American name, the same name as it happens of a local boy, and tries to cash a check made out to said local young man.

Jackson Moore, ticket taker at the Lyric, got his weekly pay check Saturday evening, and during the rush of business lost it. He notified everyone from the porter up of his loss, and the search was on. The porter proved to be the dark horse in the game for while he was in Elys Confectionery, a Mex and his friend drove up and prepared to cash the check by endorsing it with Moore's name. The porter gave Mr. Ely a tip on the lost check with the result that he took the Mexican claiming to be Jackson Moore, and his friend to Henry Rogers for identification.

That's where Ch' of Hendrick comes in, for he was on the job, and as a result "Jackson Moore" and his coffee colored friend are languishing in the bastille trying to figure out before court time just what there is in a name, anyhow.

Tom Green Farmer Alleged to Have Set Home on Fire

Special to Reporter.

SAN ANGELO, Aug. 22.—J. O. C. Blair, Grape Creek farmer, is in jail here following information that he had set fire to his own home, which burned down Thursday.

It is alleged that prior to the fire, the household furniture was moved to another house owned by Mrs. Blair.

Didn't Know His Mother

Five years ago little Johnny Skermetta was taken away from home by his father. He didn't recognize or remember anything about his mother when he found her recently in Oakland, Calif. "Don't you remember me, Johnny," she pleaded. "My name's Mike now. I've changed it," he replied.

FIGHTING EDITOR IS UNDER ARREST BANK BANDIT IS BULLET RIDDLED

Carl MaGee of New Mexico Charged With Murder in Connection With Killing in Las Vegas

CILMAX TO CAREER

Episode Follows MaGee's Fight Against Machine Politics and Activity in Tea Pot Dome Case

By United Press.

EAST LAS VEGAS, N. M., Aug. 22.—Carl C. MaGee, editor of the New Mexico State Tribune, a Scripps Howard newspaper, was placed under formal arrest shortly before noon today on warrants charging him with murder in connection with the death of John B. Lassiter here last night.

Lassiter was killed by a stray bullet from MaGee's pistol during a fight between the editor and former district judge, David J. Leahy. The latter was wounded in the arm. MaGee is still confined to his rooms in a hotel here.

The tragic episode at Las Vegas marks a climax to the aggressive battle MaGee waged against machine politics in New Mexico, a battle that made him a national figure when he first revealed the story of "the little black bag" with the \$100,000 loan of Edward Dohney to Albert B. Fall in the Teapot Dome case.

The enmity with Judge Leahy is of long standing. Twice in the latter's court, MaGee has been sentenced to prison for libel and contempt of court. In both cases he was staunchly supported by the community and was pardoned by Governor Hinkle.

MOSER TALKS ON MARKETING PLAN

Farm Bureau Cotton Association Official Says Co-Operative Marketing Is Business

SPEAKS TO CROWD

Many Hear Address Saturday—Shows Savings in New Method of Selling Cotton

Cooperative marketing of cotton is simply a modern, business like method by which farmers are enabled to get more money for their cotton, according to C. C. Moser, official of the Farm Bureau Cotton Association of Texas and one of the leading authorities in the south on cooperative marketing, in an address to a large crowd of Nolan county farmers and a few business men at the court house here Saturday afternoon.

In defining the association at the outset of his address, Moser declared that heretofore, farmers sold cotton by the method that was certain to net them the lowest price possible.

"No scheme could be devised," Moser declared, "to bring farmers any less money for their product than the common street sale or 'auction' as he termed it.

The speaker declared that the cooperative marketing plan was the greatest boon to the agricultural industry in history.

"If you ask 10 men that you might meet on the road, how agriculture could be helped the most, nine of the ten would immediately tell you 'by the farmer getting more money for what he raises,'" Moser declared.

In his thorough discussion of his subject, the speaker covered every phase of cooperative marketing relative to sale of cotton, and through out his speech, he frequently referred to the plan as simply a business. The selling of cotton he said, was identical the same as selling any other product, whether grown, raised, hand made or manufactured. The law of supply and demand governs cotton as it does all other products he stated, in pointing out the method in which cotton sold through the association placed on the market according to demand.

The price is fixed by the quality of the product, Moser said, at the point of consumption, and by the demand for quantity. When the supply is greater than the demand, prices break, he declared.

"The law of supply and demand doesn't have to work against the farmer when he markets his cotton the cooperative way," Moser pointed out. "In the United States, the farmer has found that he can work in cooperation with supply and demand. The farmer has been violating every known business law. He has disregarded every law of business when he slumps his cotton on the market in any haphazard way."

The reduction in cost of distribution was thoroughly discussed by Moser who revealed the savings made in cooperative marketing, and the wastes in selling cotton by other means.

Moser pointed out that there were more than 100 different cooperative marketing associations in the United States and over one million farmers selling their products through these groups of them, Moser said, the cotton association is the largest.

VISION

With Nolan County roads in the

shape they are in now, many miles under construction and the State Highway Department treating Nolan County like a step child in the matter of maintenance—in spite of these things Sweetwater is jammed with cars, especially on Saturdays. What will be the situation when good roads permit folks to get to this town without tearing up their cars? Can't you vision Sweetwater a city twice or three times its present size? Its coming, sooner than you think. And the business structure of this town must increase accordingly to meet the demands that will be made upon it. This does not mean more business, but it does mean better business, larger capital, larger stock, and a more efficient organization. One must do these things or a competitor will.

OIL

A new oil field comes in near the Mitchell Howard County line, nine miles from production in Mitchell County, and better than anything this county has hitherto shown in the way of oil production. The bell on the cash register in West Texas continues pealing a hymn to progress and prosperity.

EXHIBIT

If the heads of maize, stalks of cotton and corn on exhibition in the lobby of the City National Bank are any criterion, Nolan County is going to have exhibits of farm products at the Fair which will be exceptionally noteworthy. Any county that can raise plenty of feed and cotton don't need any oil, nor any subsidy from the government. While no census of the population is available, it is reported as being fairly satisfactory. The next is the hog, Hereford and Holstein population, with special emphasis on the Holstein or Jersey with reference to dairying. When Nolan County begins producing enough milk, cream and butter for its own use as well as shipping out a large surplus, then will Nolan County banks be forced to enlarge their money coffers to hold all the cash that will come.

FAIR

Only a few short weeks remain until the dates arrive upon which the Nolan County Fair will be held. The work is hardly even begun. There will be a powerful lot of gravel scratching required between now and Oct. 28 in this year of our Lord, 1925. Brother, have you bought your share of Fair stock yet?

French Liner Harvester Wirelesses Not in Need of Assistance Following Collision

NEW ORLEANS, Aug. 22.—Many passengers were forced to jump overboard into the waters of Lake Pontchartrain late today when the ferry boat Southland, plying between New Orleans and Manville was destroyed by fire.

Five persons were injured, none seriously.

The 75 passengers on board were transferred to another ferry, which with 15 automobiles, was completely destroyed.

STEAMER RAMMED

NEW YORK, Aug. 22.—The French steamer Harvester was rammed by another vessel off Pt. Judas near Newport, R. I. tonight according to radio messages received here.

After first wirelessing that she was sinking by the stern, the Harvester reported that all damage was above the water line and that she was not in need of assistance.

DROUTH DISTRICT IS OPTIMISTIC

State Treasurer Hatcher Says Bankers and People in Stricken Areas Optimistic of Future

MAY PLACE DEPOSITS
Upon Return from Tour Drouth Section, Hatcher Says State Funds May Be Placed Banks There

AUSTIN, Aug. 22.—Both bankers and the people as a whole in the drouth stricken areas of the state are optimistic about the future, state treasurer Gregory Hatcher said upon his return to Austin from a week's trip through portions of the drouth area, today.

In many counties Hatcher said there would be raised 1-4 to 1-2 the normal crop of cotton, but in some counties no over 1-10 the overage crop would be made.

While the banks in these counties have considerable money on hand, it will be impossible to meet the demand that will be made.

For that reason he said he would carry out his plan of depositing state funds in the banks in the drouth section when he obtained the security required, and obtained the consent of the depository board.

It is only within the last few years that folks have begun to appreciate the benefits and advantages of INVESTING their savings.

But there are still thousands of men and women who are standing by, passively accepting less than their rightful share of life's pleasures and prosperity because they are not getting the money *their savings could earn* if they were *invested*.

For instance: if you invest only \$1000.00 in Southwestern Power & Light Company PREFERRED STOCK you would be entitled to receive \$70.00 during each year to be paid to you in four equal payments by the Southwestern Power & Light Company. These payments are called "dividends." The dates when dividends are paid are March 1, June 1, September 1, and December 1.

Proof of the Pudding

From feeding experiments conducted in this country to determine the relative value of Cottonseed Meal as compared with other concentrates, the following conclusions were drawn:

- No. 1: One pound of Cottonseed Meal is equal to two pounds of Corn and Cob Meal or corn.
- No. 2: One pound of Cottonseed Meal is equal to one and one-half pounds of Wheat Bran.
- No. 3: One pound of Cottonseed Meal is equal to one and seventy-one one hundredths pounds of Cotton Seed.

If feeders will use these values they should have no trouble in selecting feeds which will give the greatest returns for the least money.

Sweetwater Serves You Better

And So Does Sweetwater Cotton Oil Co.

A WEST TEXAS INSTITUTION that gives employment to more than one hundred persons and spends annually in Sweetwater for salaries, wages, taxes and incidental expenses more than \$150,000.00.

HOME OF SWEETCO FEEDS

The plant of the Sweetwater Cotton Oil Co. is located so as to best serve cotton growers of this section, in providing a market for their seed and giving prompt service on the famous Sweetco Brand of Stock Feed.

Not so very many years ago cotton seed were considered worthless and thrown away. Then came the oil mill, which crushes the oil from the seed and returns hulls and meal for stock feed, which is a much better feed than cotton seed. Farmers can actually get two for one from their cotton seed. Meal and hulls, when properly mixed, will go as far, pound for pound, as a stock feed, as cotton seed. And the money from a ton of cotton seed will buy nearly twice as much meal and hulls.

A ton of cotton seed contains about 900 pounds of meal, 600 pounds of hulls, 295 pounds of oil, 125 pounds of lint cotton and around 100 pounds of dirt and trash. There is too much oil in the

seed to make good stock feed. Lint and trash have no food value whatsoever.

Stock and poultry growers who feed Sweetco feed from the Sweetwater Cotton Oil Co. know they are getting the best value for their money, because there is no high freight rate to be paid on it as is the case on shipped in feeds. Cotton seed hulls have more nutritive value than common hay. Cotton seed meal is the most concentrated and richest food known. It is six times more nutritious than corn and four times more than bran.

The steadily increasing demand for Sweetco feeds from stock feeders over this section shows that more and more of them are realizing better results from it in increased milk and butter production in cows and in flesh, fat and general condition of all animals as well as poultry.

This is one of a series of pages devoted to the upbuilding of SWEETWATER and made possible through the co-operation of the following Progressive Business Men. Watch for the next one.

Held in Plot

Will K Reeme, rabid prohibitionist, arrested in Kansas City, confessed he is the author of a threatening letter received recently by Andrew W. Mellon, secretary of the Treasury. The letter laments in enforcing the prohibition amendment. Reeme says God ordered him to kill Mellon.

To San Antonio

Mr. and Mrs. C. S. Boyles Jr., will leave Sunday for San Antonio for a week's vacation trip.

Picture Hat

The large hat has struggled hard for recognition and is gradually achieving it only for afternoon wear, however. This model is of black satin with a satin ribbon about the crown which falls far over the brim and gives a very artistic finish.

AMUSEMENTS
AT THE PALACE
The Atlantic City Seven in a program of music, singing and comedy will be an added attraction at the R & R Palace Theatre Monday and Tuesday, coming in addition to the feature film "Chickie."
The musicians are direct from Atlantic City and have proved very popular in their few Texas engagements.
Hobart Bosworth, who plays in "Chickie," has come to be known as one of the greatest outdoor men of the screen. He has long been noted for his vivid portrayals of strong men of the out of doors.
Now he has come indoors to play in First National's latest screen success, "Chickie". And Bosworth rises to great heights in this picture, giving one of the greatest portrayals of emotional roles in one of the biggest scenes in this sensational picture.

A Spirit of "50-50"

Increasing numbers of people are showing a cheerful willingness to co-operate with telephone service. When they understand the problems they want to meet the telephone company half way.

It is not sympathy that inspires this "50-50" spirit—nor charity. Such people realize that their own personal interests and welfare are best served by such spirit.

We are always trying to better our service; meantime impressing the users of our service with the importance of their co-operation in insuring its continuous improvement.

This industry daily invites understanding and friendship by providing ample reasons for both.

SOUTHWESTERN BELL TELEPHONE COMPANY

That is a question that many would like answered, yet Matt Moore, with the help of Dorothy Devore, presents just that ambiguous condition in "The Lyric Theatre Monday and Tuesday. Dorothy Devore is his wife, in the eyes of the world, but he's a bachelor in spite of his fast growing desire not of an apparition Dorothy Devore in the role of a police hunted girl, is discovered by the bashful bachelor, Simon Haldane, right in the privacy of his home. From then on the fun is to be. With the startling suddenness fast and furious.

You may not be so interested in a home as "She" is. You are downtown—your mind is on your business. The time you spend at home is largely during the period of darkness.

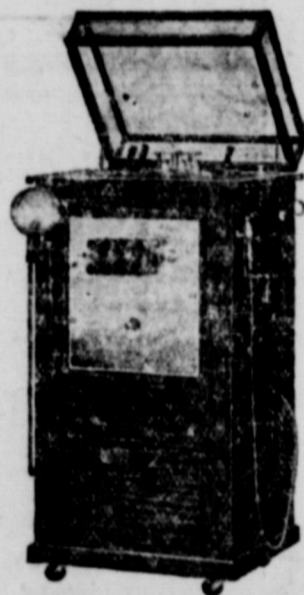

You don't mind the leaks in the roof of the rented house you live in—nor the cracks in the wall paper. You don't see them often—they don't bother you so much.

Of course you do mind moving—you do mind the little extra work it brings on you. But there's only one way of keeping from moving sooner or later in a growing town and that is to OWN YOUR OWN HOME.

SOME OBSERVATIONS

The new electrical apparatus is more than meeting our highest expectations and if you are perplexed as to where to go to regain your HEALTH, take an hour off and come down and look us over. We shall be pleased to show you through the Sanitorium and thoroughly explain the various uses for this, the most modern, the largest and most complete electrical apparatus ever installed in West Texas.

While here we invite you to talk to the many happy ones being restored to HEALTH and we shall leave the verdict in their hands, for we retain only such cases as we can help.

The SENIOR DIATHERMY CABINET will lower high blood pressure the first treatment.

It relieves rheumatic aching joints with the same ease it does abdominal pains, neuralgia, pleurisy, etc.

THE MORSE WAVE GENERATOR soon relieves constipation, abdominal ptosis, stasis, relieves adhesions, etc.

The HANOVA QUARTZ LIGHT is almost freakish in the wonderful results it gives. It quickly builds up a healthy blood stream by adding hemoglobin to the red corpuscles. It cannot be too highly recommended for undeveloped children and if your child needs building up preparatory to starting to school, come down and talk the matter over with us. This wonderful light which produces its effects, not through heat, but from the effect of the ultra-violet color, is being used daily on thousands of cases throughout the United States with positive success. It is held to be specific in the treatment of acne, eczema, falling hair, low blood pressure, and in fact is highly advisable in any run down condition.

OUR SUCCESS MERITS YOUR INVESTIGATION AND YOUR INVESTIGATION WILL MEAN YOUR PATRONAGE AND APPROBATION.

Filling Stations Get Many Requests

The genial gasoline man at the cross roads filling station is another product of the motor industry. His influence and knowledge extends further than his contemporary, the keeper of the general merchandise store in the village.

This one time farmer, now a purveyor of oil and gas, is interested in the whole world. He has all road information on the tip of his tongue, knows all detours, short cuts and by-paths, prophesies rain or a long dry spell as glibly and willingly as he pours water in your radiator or furnishes you free air. But he is most picturesque and useful as he mingles in the every day life of the countryside.

His phone rings and Mrs. Lewis asks him to please tell Bill when he passes on his way from the field to stop at Mary Dale's and borrow a loaf of bread for supper. She tells him that her "starter" scalded and spoiled a whole batch of bread. And a little later as Bill goes by with six big horses, hot and sweaty from a long day's work, the message is delivered.

A man from the city has driven out to see the country banker. The banker has gone to a neighboring town on business, and no one knows when he will return. The city man drives out to the cross-roads information bureau and is politely told of the habits of the country banker.

"He ain't no hand to stay out late, generally goes by about 5 o'clock so think he'll be along right soon now. But he got his arm broke a couple of weeks ago, and his wife has to drive him around, and she's likely got a bit of shoppin' to do and he may be late today. You know how these women are when they get in stores."

The school teacher drives up in her new Ford and he jokes her about using so much gasoline.

A dusty, much traveled little sedan pulls wearily under the shelter of the friendly station, and is ministered to both fore and aft. A fretful baby and a tired mother receive, all unasked, two cups of cool water from an observant station keeper.

In the evening when the whole countryside and part of the city is riding around to catch a cooling breeze, he hears that old Mrs. Simmons has been sent to the City Hospital for an operation; that the busy stork has left a pair of twins at Mike Coon's home; that the price of cattle is looking up; and young Jim Stout is driving a new coupe.

The rushing world goes by his corner and he holds out a cheery greeting and pleasant smile to the passers by.

MANY BUICK ORDERS

More Than 1,000,000 People View New Models on August 1.

More than 15,000 orders were taken for the new Buick models in all parts of the country on the first day the new line was publicly shown, according to estimates made by the Buick Motor Co. This means that in a single day the company sold as many cars as are included in the annual output of many good sized plants.

H. H. Bassett, president and general manager of the company, said this week that according to telegraphic reports received at the factory 1,018,322 persons visited Buick showrooms on August 1, in various parts of the country to see the new models. This is the greatest number of people who have ever attended a Buick opening, and so far as is known, it is believed to be a record for the entire industry.

A particular gratifying feature was the tremendous number of repeat orders that were received from former Buick owners. The percentage of these orders was higher than ever before in the history of the company and are an evidence of the public estimate of Buick standards.

Total figures for orders received have not yet been compiled but are at present being reported by dealers from all sections.

DODGE BROTHERS COMMERCIAL CAR

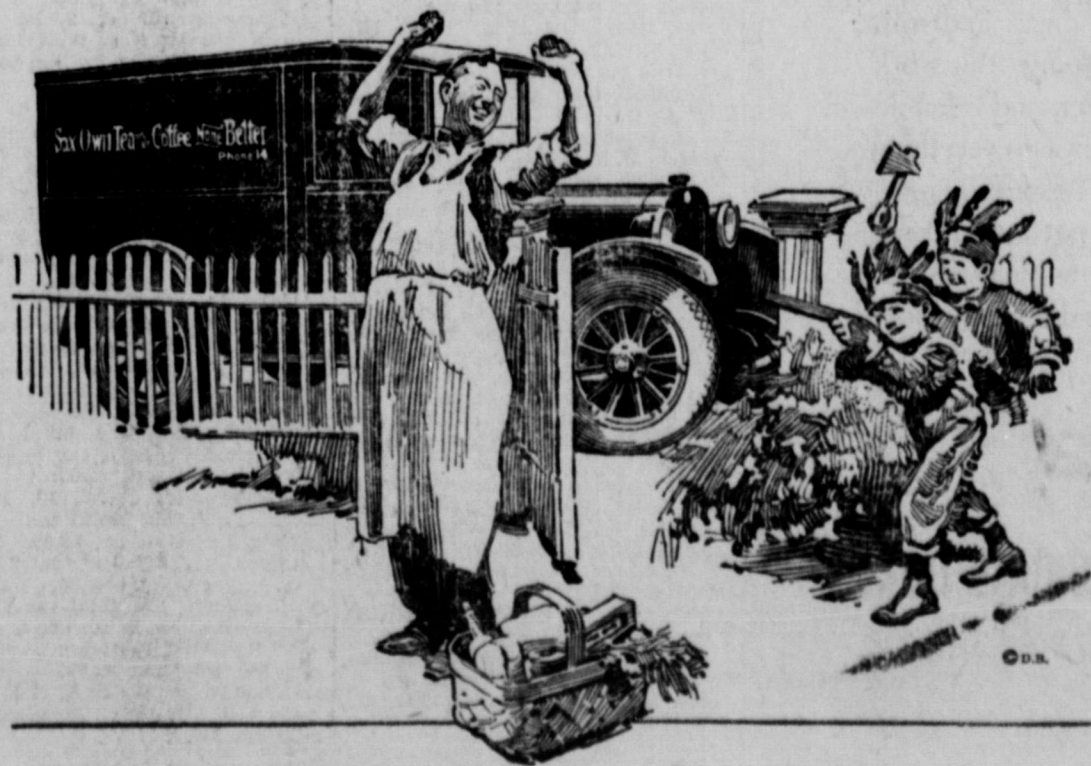

With the following improvements in the Panel Commercial Car, Dodge Brothers have gone beyond current practice both in point of smart appearance and greater comfort for the driver:

A closed cab is now provided, steel throughout, with a full-length and extra wide steel door. The windows, operating in noiseless runways, are raised and lowered as in passenger cars.

The seat is deeply cushioned and equipped with a spring back, hinged to fold forward, assuring exceptional riding comfort. The tire carrier is under the rear, freeing the full area of the side panels for display advertising.

Attractive and practical in design, this sturdy car offers the additional advantage of complete, year-round protection from rain and cold.

Chrysler Head Takes Optimistic View of Reductions

NEW YORK.—The first constructive statement on the automobile industry since the current price reductions became general was voiced by Walter P. Chrysler, president of the Chrysler Motor Corporation, in an optimistic analysis of the present situation.

In a statement given to the Detroit bureau of the Wall Street Journal the manufacturer declared that the price reductions should be looked on as constructive.

"The same number of cars that cost the public \$2,000,000,000 at the old prices will cost about \$1,750,000,000 at the new prices," said Chrysler, "and these lower costs mean in turn that about \$250,000,000 less credit will be required to handle the finances. This virtually means an addition of \$150,000,000 to the fund available for financing motor cars and should be reflected in sales during the remainder of the year."

Sales Increase

Automobile sales in Nolan county during the past week took a slant upward as compared with weekly sales of the past three months, records at the county tax collector's office show.

Up to Saturday afternoon a total of 18 cars had been registered from various parts of the county. This is an increase over other weeks during the summer when the sales have averaged from 10 to 12 each week.

The registrations follow:
Roscoe Motor Co. to S. Stevenson, Maryneal, Ford.

IT TAKES More Than Just Gas To Run That Car THOROUGH GREASING

Nearly all new cars are Alemite equipped so that all points on the chassis can be reached by the powerful Alemite grease gun. Manufacturers know that a large per cent of all car trouble is due to lack of greasing. Let us grease your car for you, and it will run smoother, ride easier, and, if kept up regularly, will dodge repair bills for you. Grease shot into all bearings under 2500 pounds pressure.

AUTHORIZED ALEMITE SERVICE We are the authorized Alemite dealers for this section and have all equipment and accessories, so that you can arrange to grease your car yourself if you wish or bring it in for a thoroughly good job by us.

SWEETWATER MOTOR CO. At Your Service

When Miranda Didn't Come

It almost wrecked the plans that day Miranda phoned and said she couldn't come to do the washing. But our Prim-Prest service saved the day, and ever since then it has been doing the work with unvarying satisfaction and reliability. With Prim-Prest service everything is washed sweetly clean, beautifully ironed and folded ready to put away. Telephone today and our route man will call for and deliver your bundle with clock-like regularity.

Library Board Sale

The Board of the Sweetwater Public Library expects to hold another Rummage Sale this fall to help finance the Library. The time and place has not been decided upon yet and a later announcement will be made in regard to the sale.

All the ladies of the city are asked to save all old clothes. Last year the Board cleared over \$100 on the sale, and not only benefited the Library, but those who bought the clothes at such reasonable prices.

TEACHES BEAUTY

Dorothy Perkins Coming to Sweetwater this Week

Dorothy Perkins, the originator of the "College Line" of beauty requisites, will demonstrate the value of her goods by teaching Sweetwater women the art of being more beautiful. Her special beauty booth has been provided by the Davis Drug Co., and during her demonstrations she will also give free instruction in scientific methods of caring for the skin and proper arrangement of the hair.

She is the only beauty culturist in the South to be admitted to the colleges of the state and she has responded to invitation to demonstrate her care and line in C. I. A., Baylor, Rice and the University of Texas.

BACK TO SCHOOL WITH NEW CLOTHES

Seldom have we seen a more interesting array of clothes for the girl in her teens than this season. The semi-sport style, with woolen materials, shown in ultra smart modes will be worn exclusively. Checks and diagonal stripes will be seen in many of the patterns. We cordially invite you to see the new fashions.

NEW DRESSES
The Miss going away to college will do well to see our large displays of new Dresses now being shown. Fashion right, of the correct materials and colors that will be worn this fall. And the prices you will find are delightfully moderate.

NEW MILLINERY
Hundreds of new Autumn hats are arriving daily. Select your supply for fall now and be ready. All in the new shapes so popular this season, the new colors of browns, purples, wine red, tans, etc. A very wonderful showing at \$2.85, \$4.50, \$6.85 and \$8.50.

Mrs. C. S. Boyles and Patsy Boyles are spending the week end in Coleman guests of relatives and friends.

The Ladies of SWEETWATER

Who desire to learn the art of being MORE BEAUTIFUL will be delighted to know that we will have with us Dorothy Perkins (the College Beauty Specialist) in person all next week. Dorothy Perkins has the distinction of being the only woman in the south who has been permitted to enter the leading Schools and Colleges and teach the scientific art of Beauty and Youth.

Dorothy Perkins will give scientific facials featuring Dorothy Perkins Toilet Requisites, "THE COLLEGE LINE."

Every lady invited; we will have an improvised beauty booth in our store. Don't forget to ask for a booklet.

"THE CAREFUL DRUGGISTS"

SWEETWATER, TEXAS

MONDAY and TUESDAY Presents

Out of a blinding storm and into his bachelor quarters in a quaint little narrow street—and into his quiet life—she stumbled—this beautiful girl of mystery!

From that time on things of which he had never dared to dream began to happen.

No more interesting tale of love and adventure has been written in years.
