PAT BULLOCK

Now a member of the State Senate and a candidate for re-election to a SECOND full term:

In 1941, Pat Bullock (Then a member of the House of Representatives) Coauthored and helped pass the Bill which increased the tax on OIL, GAS and SULPHUR. This was to pay Old Age Assistance, aid to dependent children, aid to the needy blind and to finance teacher retirement.

Since the passage of this bill Senator Bullock has successfully opposed all tax bills of every kind. He is especially opposed to a SALES TAX.

With a cash surplus of Ninety Million dollars anticipated in the General Revenue Fund for the next session of Legislature PAT BULLOCK is opposed to any new taxes.

HARLEY SADLER

Now a member of the House of Representatives and a candidate for the

At the last session of the Legislature Harley Sadler introduced House Bill No. 634 which levied the following

- 1. The Sadler Bill levied a SALES TAX on all soft drinks whether served at the fountain or in bottles.
- 2. The Sadler Bill levied a SALES TAX on TIMBER, LIME, SAND, SHELL, GRAVEL and LIME-STONE, or building stone. (This would have increased the cost of building home which are so badly needed.)
- 3. The Sadler tax Bill would have levied a SALES TAX on Gypsum from which WALL BOARD and other building materials are made.
- 4. At the previous session of the Legislature Harley Sadler introduced House Bill No. 174 which levied a SALES TAX on Gasoline used in Farm Tractors. (This would amount to the same thing as taxing a bushel of oats or other horse and mule feed.)

These original Bills are on file in the Secretary of State's Office in Austin just as they were introduced by Mr. Sadler. A copy of these Bills by Harley Sadler certified by the Secretary of State, has been mailed to each County Judge in the 24th Senatorial District. We suggest that you examine these Bills to verify the truth of the above statements.

The issue between these two candidates is clear. Senator Bullock opposes additional taxes. Mrs. Sadler tried to tax the necessities of life.

This ad paid for by tax payers of the 24th Senatorial District who are opposed to further burdening the people with new taxes so long as there is a vast surplus in the State Treasury with which to meet the needs of our state.

Vote For Judge Hickman

We, the undersigned lawyers of Callahan County, hereby heartily endorse Judge J. E. Hickman for nomination to the first elective term of Chief Justiceship of the Supreme Court of Texas. Judge Hickman is now serving as Chief Justice, having been appointed following the death in January of this year of Chief Justice Alexander.

Never before has there been a Chief Justice from this section of Texas and we should take great pride in giving him an almost unanimous vote July 24 as we can justly claim him for our own in this section of Texas.

He was first Associate Justice and then Chief Justice of the 11th Court of Civil Appeals at Eastland, Texas, and our county was one of the counties constituting the 11th Court of Civil Appeals Dis-

All who are acquainted with him know him to be an outstanding judge, a good citizen, and a fine christian gentleman. These combined should make him an ideal public servant.

Respectfully submitted.

TAXATION

I do not favor an increase in State Advalorem Taxes for State purposes. At this time I see no need for additional tax revenue, due to our surplus in the Treasury, however, if such should become necessary, I will favor a Natural Resource Severance Tax. I am unalterably opposed to a General Sales Tax, which would be a tax of regression against the small income wage earner and farmer.

A representative is a person who will carry out the wishes of the people who have elected him as their representative, irregardless of his own individual interests.
