The Brownfield News

And Terry County Herald ... Terry County's Oldest Business Institution

VOLUME XIX

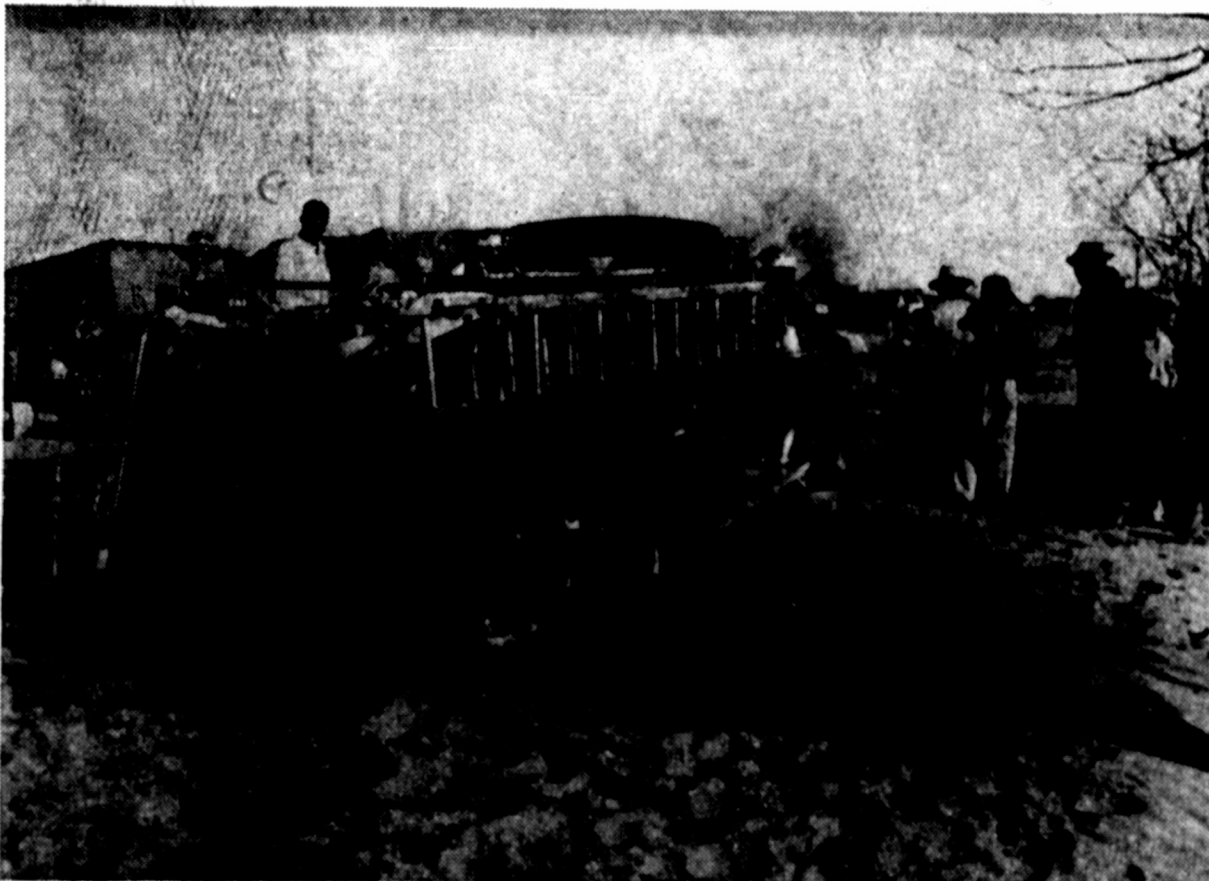

BROWNFIELD NEWS-HERALD, TERRY COUNTY, TEXAS, THURSDAY, MARCH 15, 1956

10 CENTS

NUMBER 11

BURNING . . .

STUCK . . .

BURNED . . .

EXPLANATION—Perhaps a word of explanation should be added to these pictures. The small house about two blocks north of the city limits and Flats was practically destroyed before the fire department had a chance to get there, which was just as well. For much to the chagrin of the volunteer firemen they had to call a wrecker to pull the big pumper out of the sand which had covered the street a block away from the fire.

Air Force Band to Perform Saturday

In "Operation Melody" the famed United States Air Force Band accompanied by the Singing Sergeants will present matinee and evening concerts at the High School gymnasium Saturday.

Sponsored by the Kiwanis Club, the Air Force group is making its first appearance in the South Plains area. Tickets for the two concerts are on sale in the Chamber of Commerce office at \$1.20 for general admission and \$1.80 reserved for the 8 o'clock performance.

S. E. TERRY WILDCAT
Anderson-Pritchard Oil Corporation No. 1 Sims, section 20, block C-32, psi survey, 15 miles southwest of Brownfield in Terry County, was drilling below 5,615 feet in lime and shale Monday. Ninety-minute drillstem test at 5,130 to 5,182 feet recovered 184 feet of muddy, salty sulphur water and 1,686 feet of salty sulphur water.

The matinee will start at 2:30. Conducted by Col. George S. Howard, the 12-year-old organization has achieved a position unique in musical circles. The band can resolve itself into a 100-piece marching band, a 90-piece symphony orchestra, an 85-piece symphonic band, a 25-voice glee club (The Singing Sergeants), five dance bands, including the "Airmen of Note," and many other instrumental and chamber groups.

The band performs any given type of music from opera to "bebop," from symphony to "swing." Its members were picked in auditions from more than 1,400 musicians, selected from a wide variety of musical organizations, ranging from the Philadelphia Orchestra to the Honolulu Symphony, and from the Tommy Dorsey dance band to the Arthur Pryor concert band. Collectively, they are for-

mer members of 20 different symphony orchestras and 16 "name" dance bands.

One of the world's most widely traveled groups, the United States Air Force Band has made five concert tours of Europe and has toured in the United States, Canada, Iceland, and North Africa.

Official chorus of the band is the "Singing Sergeants," a glee club of 25 voices which will appear on the programs along with a number of soloists.

Jaycees To Sponsor Rodeo For Teenagers

Brownfield Jaycees Monday voted to sponsor a Teenage Rodeo and John Hansard was appointed chairman. Further details will be announced soon by Hansard.

New officers will be installed at the annual Installation Banquet March 29, according to President Alvin Davis. L. G. Smith will be the new president, Rudy Winchester, first vice-president, Burnon Haws second vice-president and Frank Grotton, treasurer.

The Jaycees also received a Year Book of the 1952 Olympic Games from the U. S. Olympic Associa-

Eight Candidates Are In Race For Two Brownfield School Board Trusteeships

April 7, school board election day, promises to be one of the most active in recent Terry county history as all elections will have races between present school board members and other candidates.

Brownfield tops them all at this time with the announcement from Raymond Simms that eight candidates filed prior to the Wednesday deadline.

The ballot will list James Martin, T. A. Hicks, Crawford Taylor, Monroe Rowden, H. B. Thompson, L. V. Alexander, Howard Hurd and Noah Lemley. Alexander and Thompson are the incumbent trustees.

Vote On \$250,000 Bond Issue April 21

April 21 was set as voting day for a \$250,000 road bond issue in Commissioner's Court Monday.

The bonds, which will be retired without a tax increase according to Judge Herb Chesahir, will be designated to purchase right-of-way for U. S. Highway 62 from Brownfield south to the Gaines county line. However, the court at this time plans only to buy right-of-way to Wellman for a four lane divided highway. Right-of-way from Wellman south will be purchased as soon as the State Highway Department designates the highway route, if the bond issue carries.

The Court also named election officials for all 13 of the county polling places.

Mayor Primm Drops Out Of City Election Race

The field of candidates for mayor was reduced to two this week with Mayor C. C. Primm's announcement that he has decided not to be a candidate for re-election.

With this announcement the ballot for the April 3 City election will include Arlie Lowmire and F. A. Loudermilk as candidates for mayor. For aldermen, present council members Henry Chisholm and Johnny Kendrick will be opposed for re-election by Henry Cargill, J. E. Turney and E. M. "Buck" Ballard.

Absentee ballots may be cast at the City Hall now, according to City Secretary Jake Geron.

Cancer Society Meeting Scheduled Here Friday

The Terry County Cancer Society will meet Friday at 4 p.m. in the courthouse.

Miss Nancy James, field director from Midland, will speak to the group.

Previously appointed nominating and by-laws committees have met and will present names of suggested officers at Friday's meeting.

County Judge Herbert Chesahir will preside at the meeting. All interested persons in the county are urged to attend this meeting and help press plans to make the Terry County Cancer Society a permanent organization.

At the other Terry county schools Union will hold their election in the usual write-in manner according to County Superintendent Elmer Brownlee.

Wellman will have a contest between the three present members, Carl Golden, D. B. Oliver and Elmo Adair and three new candidates W. H. Carmichael, R. L. Womack and N. R. Marley.

Meadow has five candidates including incumbents D. R. Smith, Jr., and Carl Pendergrass plus Cloyce Sharp, Robert Liles and Ben Hinson.

Filing deadline for Meadow and Wellman will be March 28, ten days prior to the April 7 election.

By JERRY STOLTZ

Sir Basil Henriques, prominent British authority on juvenile delinquency, recently sailed for home after a lecture tour in this country. The day before sailing he told an interviewer in New York that lack of discipline in the home is one of the principal reasons for the "alarming" juvenile crime rate in America.

"The modern mother in America," Sir Basil declared, "reads a few books on psychology which she does not understand. Then she takes care never to require the child to do anything he doesn't want to do, for fear of giving him insecure feelings and a complex. The result is the child grows up unprepared for life, which consists in large part of doing what we don't want to do."

"The Britisher is wrong on one count . . . the average American mother never read a psychology book. He was absolutely right in final statement and thank goodness he didn't have anything to say about the fathers. Or maybe he did . . . and they couldn't print it!"

Mrs. Billy Graham said recently that the Book of Proverbs is a better guide to child training than all the modern books on child psychology put together.

The writer of Proverbs said "Train up a child in the way he should go; and when he is old, he will not depart from it."

Canadian River Project Is Approved by 435-19 Vote

Brownfield residents elected Tuesday by an electrifying vote of approval to shoulder their share of the \$74.8 million Canadian River Dam project.

The vote here: 435 for, 19 against.

By the vote, Brownfield joins the following South Plains cities in supporting the vast, sprawling project, designed to resolve the water problem for decades to come: Borger, Lubbock, Tahoka, O'Donnell, Lamesa and Levelland.

Of the eight cities holding elections Tuesday to determine whether they would sign contracts to purchase Canadian water, only Plainview turned it down by a vote of 330 for, 537 against.

After the votes were tallied here Tuesday night, Jake Geron, city

secretary said: "It's an all-out vote of confidence in the project. Everybody's interested in getting water here."

"Today's turn-out was considerably above average where there is no more controversy than there was over this."

Said V. L. Patterson, Brownfield's director on the board of the Canadian River Municipal-Water Authority, the body which will

Brownfield will sign the contract to purchase water.

"Brownfield residents are not looking only to next year — or the next year — when they think in terms of our water needs. The vote revealed that they are looking far into the future, decades hence, when their children and their children's children will be enjoying the fruits of this project."

RICHARD RIDGWAY

GLEN CARY

Two Brownfield Students At Texas Tech Recognized For Outstanding Leadership

Two Brownfield students will be among the thirty Texas Tech students recognized for outstanding leadership and service in a "Tech Salutes" section of the 1956 Ventura, student yearbook.

The selection, made by a faculty-student committee, include 22 seniors and eight juniors from West, Central and Southeast Texas and New Mexico and Arizona. Brownfield and Midland both have two students listed, and Lubbock has seven. Others are single.

Glen Cary and Richard Ridgway were named from Brownfield. Cary is a business administration senior; Student Association president; and has served as president of Phi Delta Theta, the Junior class and of the Saddle Tramps. He has been active in numerous other campus organizations and was listed in Who's Who in American Colleges and Universities 1954.

Ridgway an Agronomy senior, is an honor student and a member of the Crops Judging Team. He has also served as an officer in numerous organizations including president of Phi Eta Sigma.

Other Terry County students at Tech in the news this week were W. D. Warren of Meadow who has pledged Sigma Nu fraternity; Vernon Brewer, Jr., Dennis Knight and Kelly Mack Sears who all pledged Phi Delta Theta; Tom Chisholm pledged Sigma Nu, and Jimmy Walker, Sigma Alpha Epsilon.

Hold Boy Scout Banquet At Jessie G. Tonight

The annual Quannah Parker District Boy Scout banquet will be held at Jesse G. Randall cafeteria his evening for adult leaders and parents of scouts.

Dr. G. E. Giesecke, academic vice-president at Texas Tech, will be the speaker for the 7:30 event. Al Muldrow will be master of ceremonies.

This will be the first time the banquet has been held here, and also the first since the district headquarters have been moved to Brownfield. J. C. Powell will be installed as district chairman at the meeting.

Bonner To Receive Safety Certificate

R. D. Bonner of Brownfield will receive a safety certificate for completion of the Tule Water Associated Oil Co. comprehensive course on "accident control for supervisors" in Midland tonight.

J. A. Gavin, safety supervisor of the central division of the company, will make presentations to 28 supervisors.

'Cotton Markets' Set For TV Presentation

More than 800 letters have been mailed to members of the Terry County Farm Bureau urging them to see "Cotton Futures Market."

"Cotton Futures Market" will be a presentation on KDUR-TV, Channel 13, at 6 p.m. Sunday.

"The National Cotton Council will present the program," explained J. T. (Jake) Fulford, TCFB president, "in the interest of the marketing problems pertaining to cotton Terry's economic mainstay."

Open House at New School

Brownfield School Board members accepted the new Colonial Heights elementary school building Tuesday afternoon for the public to see the new building.

Supt. O. R. Douglas explained that although all the furniture won't be in the rooms, this will still be an excellent opportunity for patrons to inspect the building. The building includes 17 classrooms, a music room, cafeteria and suite of offices. It was built at a cost of \$289,845.

Plans are to move East Ward students into the new building during the Easter holidays. Present furniture in East Ward will be moved for the eight classrooms to be occupied for the remainder of this school year.

Work will start soon on remodeling and converting the East Ward building to a cafeteria for the Junior High-West Ward campus. The bid is to be let on March 29.

Douglas said an irrigation well will be drilled on the Colonial Heights grounds and the playground will be sodded as soon as school is out. They also plan to deepbreak.

COMPLETED—School Board President C. G. Griffith points with pride at the plaque in the entrance foyer of the new Colonial Heights Elementary school in the 1100 Block on East Reppito. The school board, accompanied by the building contractor, W. B. Abbott, Jr., left, and Atmar Atkinson of Atcheson and Atkinson Architects, right, inspected and accepted the new building Tuesday.

Kicking Off

Athletic Director and head football coach Garland Matthews has been rewarded for his work at Pecos with a new three-year contract and salary increase. His teams have won 14 and lost 6 over the last two seasons. Pecos is the largest school in District 6-AA.

The two new golf rule changes could cause some interesting moments. Those of you who have watched some of the oldtime "needlers" in action are well aware of this. For instance, say you and I are playing... it is my shot and I ask you to hold the pin. If my shot hits either you or the pin I lost the hole in match play, and two strokes in medal play. The fact that you didn't get out of the way or pull the pin doesn't matter. I still lose.

It is obvious therefore that most players will choose to shoot at the pin I lose the hole in match the opponent as well as the player could have the flagstick removed.

But the other rule change could cause even more chance for thought. The rule now reads that in match play the ball nearer the hole may be lifted only if the player of the stroke thinks it might interfere with his play.

The owner of the ball no longer has any say in that part of the matter. But he can choose to play out rather than lift. In other words, say I'm getting ready to putt, and I ask that you mark your ball. You can't mark it unless I ask you to. Then you decide to putt. Instead of marking and that's your privilege. There's some interesting angles to consider there.

Coach Doug Cox now has April 11, Wednesday, in mind as opening day for spring practice. That

will end them up on May 1. With baseball season in the air prospective Little and Pony Leaguers will do well to note headlines in this week's Sporting News reading "Carloads of Cash Are Going Begging for Capable Catchers."

The story that follows, by one of the Sporting News ace correspondents points out how much value is placed on top-rated catchers these days, what with Yogi Berra of the Yankees having signed up for \$50,000 for the season and Roy Campanella of the Dodgers for \$42,500.

Contract signings in the major leagues seldom are of nationwide interest. However, the signing of Berra and Campanella was something of an exception. For one thing, both men are catchers and that's important. Catching is one position that boys have been shyling away from because of the rigors and responsibilities of the job. But the fat salaries paid to Berra and Campanella are a lure to ball players in our schools and colleges and sandlots.

Few clubs these days are satisfied with their receiving setups. And few are in a position to help themselves. Topflight catchers coming up from the minors are few and certainly very far between. The scarcity of backstop material is one of the reasons why the Yogi and Campy pay has soared so high. Bill Dickey, who previously had the honor of being the highest paid catcher, received \$35,000 at his peak with the Yankees. Mickey Cochrane got \$45,000 from the Tigers, but he also was

Primm Drug Wins Trip to State Meet

Joey Johnston connected on a free throw with two seconds left to give Primm Drug of Brownfield a 52-51 victory over Mayes Gas-house Gang of Rails in the championship finals of the District 2

TAAF at Rails Saturday night. The game was tied five times before the former Centenary U star clinched a berth in the state tournament at Houston with his charity toss. The state meet will be held March 16-17.

Rails led 13-7 after the first period and 28-26 at halftime, but fell back 40-37 at the three-quarter mark. Johnston scored 21 and Roberts 11 for Primm; Don Leach had 18 and Jim Eddins and Don Aycock 12 each for the losers.

In a third-place game, Petersburg's Lions tripped the Plainview Independents 65-48 with Sammy Malone and Ted Watts scoring 15 each and Delbert Holoway 11 for Petersburg and Dub Bryant 15 and Burton Craig 14 for Plainview.

CHAMPIONSHIP FINALS
PRIMM DRUG 7 19 14 12—52
MAYES GANG 13 15 9 14—51

ARNOLD PATTON

Elect Arnold Patton "Fish" Favorite At SAC

Arnold Patton, son of Mr. and Mrs. W. E. Patton of Meadow was elected one of the favorites of the freshman class of San Angelo College recently.

Patton also made the Pam "B" basketball team and played some on the "A" team. He is one of the tallest Rams—6'7"—and goes by the name of Arnold (Goose) Patton—"big man from Meadow," as he has been dubbed by sports writers.

The San Angelo Rams tied for first place in the Pioneer conference with Shreiner Institute and Tarleton College, all of whom had 5-1 records.

Last week end Patton's team played in a NCAA tournament in Amarillo, from which they emerged in third place.

Cub Golfers Enter Pecos Event Sat.

Brownfield High school golfers fresh from a triangular meet victory last week, compete in the Pecos Invitational this week according to Coach Ike Peace. Peace will take the same four-man team that scored a 23 stroke win over Lamesa and 43 strokes over Leveland at Brownfield Country Club Thursday.

Peace's team includes Don O'Neal, Danny Powers, Mike Hamilton and Preston Glenn. However they didn't shoot their team positions here Thursday as Powers tied for medalist honors with Ben Alexander of Lamesa with a 77. Glenn had a 79. O'Neal 81 and Hamilton 85.

All of the competition scheduled for the Cubs this spring will be medal play, Peace said. After Pecos they will go to Odessa on the 25th and 26th. They will skip the Easter weekend and then go to Monahan for the District meet on April 6-7. The Top two teams there will be eligible for the Regional on April 20-21. On April 14 they will play in the Amarillo Invitational.

manager while making himself available for catching duties.

Campanella and Berra have good records behind them. Campy last year hit 318 with 32 homers and 107 runs driven in. Only one other National League catcher hit .300 or better. He was Smokey Burgess with a mark of .301 in the American League, not one of the top dozen regular catchers came up with a .300 average. Berra hit only .272. However, he drove in 108 runs and accounted for 27 homers. He caught 145 games, more than any other catcher in the league. Berra feels that the doubleheaders he was forced to work were particularly hard on him. He blames his low average in part on these doubleheaders. Casey Stengel says he plans to rest Berra in 25 or more games this season.

Baseball men believe that the development of good men in certain positions runs in cycles. They believe that catching and first base are suffering now, but that another upward turn seems about to commence.

Stengel, however, isn't so optimistic. "Our scouts comb the country for catchers and first basemen," he said. "They come back with reports that make you think they are kidding. If the kid catchers can run, they can't hit, and if they can hit fair-like, they can't get out of their own way."

Stengel went on to say that the kids just don't want to take up catching. "The job has responsibilities," he said. "It's rugged. You squat and pull the tendons of your legs. You get hit in the head in the body. You bust fingers. But," he added, "if I was a well-built, ambitious youngster today, I would go for catching. The financial opportunities in that position are the best in baseball."

Berra and Campanella can support Stengel in that.

ROMAN LADDER EXPERTS—The ninth-grade girls shown above on the Roman ladder are students of Mrs. Shorty Forbus, physical education teacher in Junior High School. The group—and the ladder—went to Midland March 9, to demonstrate their skill before teachers attending the annual meeting of District 4, Texas State Teachers Association. Mrs. Forbus spoke at the meeting, describing how she uses the trampoline, bars, bicycle, tumbling, juggling and rope routines to develop grace and poise in her students.

"Hi! From Junior High"

Members of the Student Council were busy Monday and Tuesday, March 5th and 6th with operation "cleanup." With rags, cleaning fluid and plenty of elbow grease the members helped clean up the nooks and corners of junior high. The occasion for all the work was that the parents visited the school on Tuesday night during Public Education Week.

Last Friday there was teachers meeting at Midland. Some of the P. E. boys and girls went and performed with tumbling stunts. It was reported that the program was a big success.

The County Champion Spelling Bee was held at Junior High last week with students from Union, Wellman, and Brownfield. The winner of the bee was Brenda Grissom, a seventh grader, from Brownfield Junior High. Next stop will be Lubbock on March 17th.

The intermural basketball teams have been playing this week. The sixth grade teams are: Red Skins, Indians, Red Devils, and The Longhorns. The seventh grade teams are: Confederates, The Black Knights, and Golden Eagles. The eighth grade teams are: Big Bears, Atoms, and The Molecules.

The speech classes have just finished single and double pantomimes and are now started on speeches.

The eighth grade English classes are working on notebooks to illustrate the poem Evangeline.

We end with this reminder: Whatever you have, speed less.

Meeks Win Points At Seminole Track Meet

Brownfield's Cubs placed in a tie for ninth with two points at Seminole by virtue of Jackie Meeks scoring a third in the broad jump, Saturday.

Still minus Johnnie Raybon who won't likely run until the district track meet, the Cubs finished poorly in the relays. In fact Coach Charlie Jones is doubtful if he will enter the relay events at Monahan this weekend. However he does plan on entering five or six of the Cubs in individual events.

Meeks jumped 20'6" at Seminole. Crane scored first in the meet with 30 1/2 points.

Steve Ridzik, who is coming up with the Giants next season, lost his only three decisions pitching for Cincinnati in 1955.

To Sell or Buy—Classify—Phone 2188—Classified Ad Department.

From where I sit... by Joe Marsh

Information "On The Line"

I was reading the other day how a person can get all sorts of things just by dialing a number on his telephone.

In New York you can get the time, the weather, or a prayer. In Philadelphia it's the stock reports. In Boston a voice tells bird watchers what's to be watched in the park.

Over in Europe, they go farther. Vienna offers a five-minute fairy tale for kids. In Switzerland you can get the news in any of three languages. And a couple of places have "talking menus" for desperate housewives.

From where I sit, it doesn't matter if ideas are put out by telephone, through editorials, or in person—as long as we can take them or leave them. I happen to like a glass of beer with my supper. You may prefer coffee, tea or branch water. Well, there's no harm in "listening" to another's opinions... but if he should try to force them on you, it's always an American's privilege to simply "hang up."

Award Brownfield Health Certificate

Romer E. Barnes, Sanitarian for Terry County and City of Brownfield, has been notified by Mr. J. F. Lakey, Director, Bureau of Food and Drug, State Health Department, that the survey of the Brownfield Milkshed on May 6, 1955, has entitled Brownfield to be placed on the list of Honor Roll Cities for compliance with the United States Public Health Service Milk Code. Mr. Barnes was

awarded an Honor Roll Certificate to be placed in his office in the Health Unit. Dairies who are meeting the Grade "A" requirements of the U. S. Public Health Service Milk Code and Local Requirements are: Foremost Dairies, Bell Ice Cream and Milk Company, The Borden Company. Tennessee milk is incorporated with Foremost Dairies. The City of Seminole, under the Health Jurisdiction of the South Plains Health Unit, was also awarded this Certificate.

March Draft Quota Of Seven Report For Induction Into Army Tuesday

Seven men will report for induction into the army from Local Board 116 Monday morning. The seven who will leave on the 10:10 a.m. bus are Billy Jack Spurgeon of Levelland, Warren D. Roberts of Denver City, J. F. Martin of Wickett and Carlton Alexander of Tokio, all 22 years old. Three volunteers are Carl G. Fulbright of Denver City and James Pierce and William Gilbert of Levelland. For the first time in a couple of years, Local Board 116 will not

have a quota for April, according to Mrs. Grace Merritt. However a stiff May draft call appears imminent with the Department of Defense announcement Tuesday that 12,000 Army draftees will be called as replacements in May. This is double the number called for in each of the first four months of the year. A total of 3,470 Texans entered the armed forces in February, and 3,928 were separated during the same time.

This was revealed Tuesday in a report made by state Selective Service headquarters to the national Selective Service headquarters in Washington. Of the 3,470 individuals entering the uniformed services from Texas in February, only 314 were drafted, the remainder entering by enlistment or other voluntary means. "Actually, about 29 per cent of the 314 men who were drafted were enlistees," Colonel Morris S.

Schwartz, state director of Selective Service said. He explained that a provision of the Selective Service regulations allows men from the age of 17 to 26 to volunteer for induction through draft boards. Seventeen-year-olds must have their parents or guardians' written consent. State Selective Service sent 420 men to armed forces examining stations during February. A total of 299 was found acceptable for service, the remaining 121 being

Rev. W. J. Spreen Gives Sunday Sermon Themes

William J. Spreen, minister of the First Christian Church, announces that his church will begin the observance of Easter this Sunday with Visitation Day, beginning at 2:30 p.m. Rev. Spreen will take his sermon topic Sunday, March 15, "The Magnificat of Superior Lives." His Sunday evening topic will be "The Great Truths of Our Faith." Special sunrise Easter services are being planned, also, Rev. Spreen said.

Four doctors and one dentist were commissioned in the armed forces from Texas after Selective Service induction orders were issued. Fireside delight for small fry: a hot toasted marshmallow and a square of milk chocolate sandwiched between two graham crackers.

School Boards Re-Elect Teachers For 1956-57 Terms

Three Terry county school boards have announced re-election of teachers or school administrators at their last meeting.

At Wellman Principals Eldridge Ancell and H. E. Stevens and Coach Rip Sewell were re-elected, and the remainder of the faculty will come up at the next meeting.

Meadow school board re-elected the entire faculty, with the exception of those who had not previously resigned. Re-elected were High School Principal Al Durbin, Alma Wells, English; Mrs. Lucille Shinn, social studies; Lane Ericson, Vocational Ag; Bill Preston, science and basketball coach.

In the elementary school J. Hollis Lloyd, principal and 8th grade; Mrs. J. M. Burleson, seventh; Elmer Watson, sixth; Mrs. Kathryn Brown, fifth; Joe Burleson, fourth; Mrs. Myrtle Nowlin, third; Mrs. Veta Carroll, second, Mrs. Patty Wilson and Mrs. Cottie Woods, first.

The complete list for Brownfield, which includes several who actually have another year or more on present contracts, such as school principals, is as follows:

Delwin Webb—Curriculum Coordinator; Robert Hoey—Counselor; William Conlee, Visiting Teacher;

High School — Bryon Rucker, Principal; Arnold Gene Baldwin, Social Studies, Science, Coach; Ray Bishop, Social Studies, Wayne Brette, Chorus; Wayne Burkhalter, Science; Ella May Carr, Grammar, Journalism; Doug Cox, Head Football Coach; Barbara Davis, Home Economics (Foods); Lavern Fent, Girl's Physical Education; Wanda Franke, Home Economics (Sewing); Ronald D. Garrett, Science; Orville B. Hale, Math; Ves Hicks Jr., Vocational Agriculture; Janie Hodel, Grammar; Charles Keesee, Assistant Coach; Darlene Kissinger, Commercial Subjects; Walter Meyer, Vocational Agriculture; Mrs. J. D. Miller, Commercial Subjects; Mattie Morgan, Algebra; Farris Nowell, Boy's Physical Education; Basketball Coach; Herman W. Peace, Social Studies; Cornelia Peters — Librarian; Doris Peters, Assistant Coach; Frederick R. Smith, Band; James Thompson, Grammar, Social Studies; Barbara Webb, Spanish, Speech; R. T. Wilson, Distributive Education; Harold Wood, Grammar.

Junior High—Joe Collum, Principal; James Anderson, 6th English; Eunice Black, 7th Science; Dora Bruce, 6th Math; Marie Cornett, 7th English; Hazel Crouch, 8th Math; Vivian Forbes, Girl's Physical Education; Earl Foster, 8th Social Science; Coy Jones, 8th Science; Martha Jones, Homemaking; Janie Lewis, 6th Science; Stephen Miller, 7th Math; Cler Mitchell, 8th Social Science; Wila Mitchell, 7th English; Mary

Brownfield Golfers Win Second At Pro-Am

July 5th was set as the Brownfield pro-am date on the West Texas schedule and two local golfers were on a winning team at Lubbock Wednesday.

Harry Gobie and Prentice Walter's team scored 120 points, and took a hole-in-one by the winning team to beat them out on first place.

Other Brownfield players and he score their teams had included, J. O. Burnett, Ted Hardy 110; lawyer Graham 107; Jerry Kirschner 113 and Jack Mann 90.

ng of the Cobbs store front.

James Burney, last of the four jail breakers to be captured, has been picked up in Houston and taken from there to Huntsville to start serving a three-year burglary sentence. He was also indicted for escaping, and will be tried on that charge after completing his present term.

County Court was set Tuesday with nine cases, but eight were either dismissed or continued. One, a worthless check charge against H. O. Stone, was scheduled for Thursday morning.

Some changes are due around town in the near future with Montgomery Ward opening a mail order store on west Main and possibly a new shoe store also coming to town in the location J. C. Jones is giving up.

Russell Winton also expects work to start soon on a facelift-

Ruth Nelson, Librarian; Clifford Nile, Shop, Coach; LuDean Perkins, 6th English; James Ratcliff, 7th Social Science; Betty Thompson, 7th Social Science; Beulah Walker, 6th English; Kathleen Weiss, 8th English; James Williams, Band; Rita Wilson, 8th English.

East Ward—Kenneth Browning, principal and fifth grade. Fifth grade teachers, Golda Blackstock, Nelda Bragg, Beatrice Brown, Maxine Glenn, Juanelle Stevenson and Gertrude Willderson, Music, Hazel Lackey and Exceptional class, Pauline Collum.

West Ward—Bryan Jones, principal. Fourth grade, Ruby Arnold, Carolyn Baldwin, Alice Har-

Brownie Troop Inspects Phone Facilities Here

The Girl Scout Leaders Club met Wednesday morning for a brief business session, after which coffee and doughnuts were served to the following:
Mrs. Bob Duke, Mrs. Murphy May, Mrs. Ann Johnson, Mrs. Shirwood Gill, Mrs. Jerry Kirschner, Mrs. Jess McWhorter, Mrs. Jack Shirely and Mrs. Lal Copeland.

Brownie Troop 17 discussed communications Tuesday in the Little House. After some study, the troop were conducted on an inspection tour of the telephone offices here.

Mr. and Mrs. Woodie Frymier attended funeral services for his sister, Mrs. Vesta Azzole, of Oklahoma City, last week.

WILL ENTER LUBBOCK SHOW—The vocational agriculture students pictured above, all attending Brownfield High School where they are members of the Future Farmers of America, will enter their lambs in the 23rd annual South Plains Junior Fat Stock. The event will be held Monday, Tuesday and Wednesday in Lubbock. From left, they are Jon Fulfer, Bob Whitney, Bill Walker and Mike Smith. While competing in the showing, they will be advised by Ves Hicks and Walter Meyer, VA instructors in the school. (Staff Photo)

CHAMPIONS OF THE SEAS IN THE 1850'S WERE AMERICAN SHIPS BUILT BY EDWARD COLLIER. THEY ESTABLISHED SPEED RECORDS ACROSS THE ATLANTIC, BEATING OUT THE CRACK BRITISH LINERS.

PRESIDENTIAL FISHHOWER
TALKS ABOUT U.S. SAVING GEORGETOWN

"THE SAVING BOND PROGRAM GIVES EVERY INDIVIDUAL AND EVERY FAMILY A CHANCE AT THE OPPORTUNITIES AND THE HAPPINESS THAT GO WITH FINANCIAL INDEPENDENCE. IT ENABLES EVERY CITIZEN TO SAVE ON A SAFE AND SYSTEMATIC BASIS AND THEREBY TO CONTRIBUTE TO THE ECONOMIC STABILITY OF HIS COMMUNITY AND THE NATION."

Monahans Coach Quits With Blast At Critical Fans

Head Coach Joe England of Monahans high school resigned Wednesday and criticized a "horde" of fans he said interfered in the athletic program.

He said they had persuaded athletes to play at less than their best and caused the Lobo Booster Club to disband in order to show disapproval of him.

Further, England said, he and his wife had received many anonymous telephone calls of a disturbing nature.

since 1953. His football team tied for first place that year, won the crown in 1954 and was in the second division of District 6-AA in 1955. Monahans also won an annual district sportsmanship award the first two years.

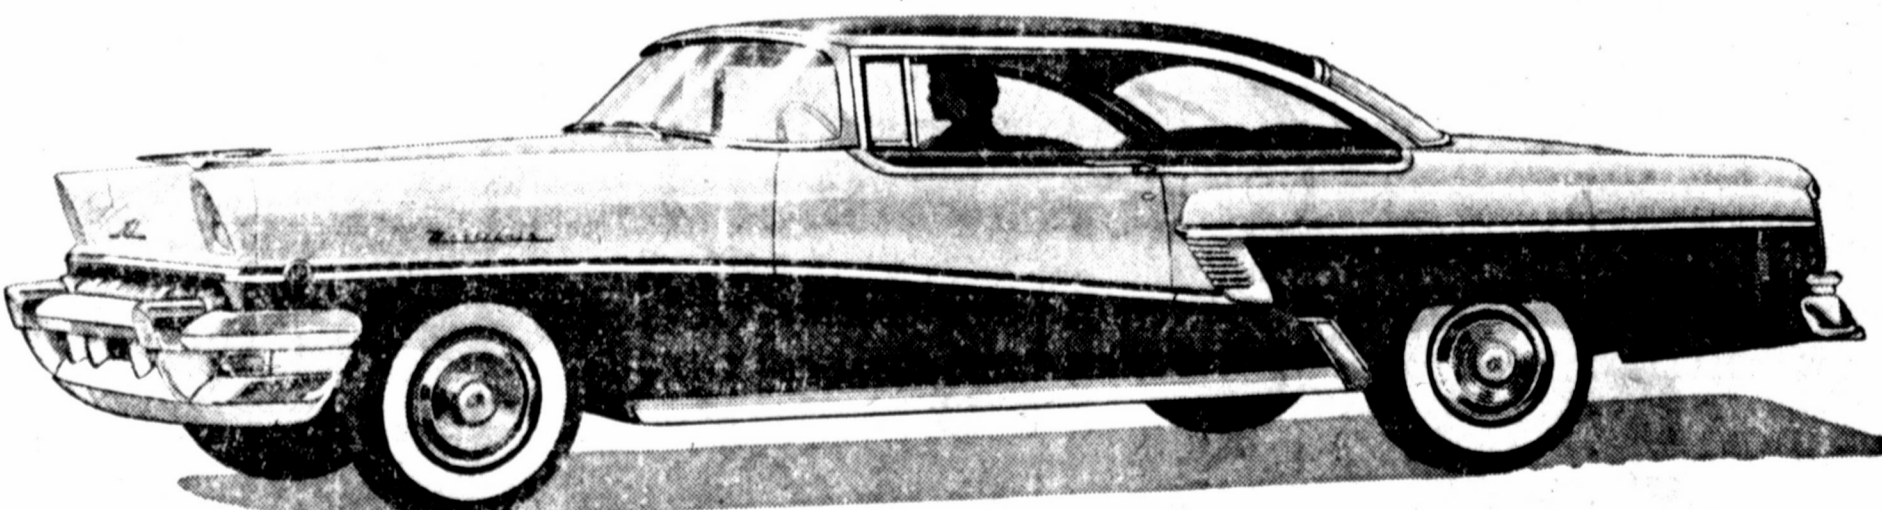

School Supt. Wesley Martin said nothing had been done about filing the \$6,500 per year post but will be wide open and the board is taking applications."

Charlotte Ann Reid, daughter of Mr. and Mrs. Glenn Reid of 711 Park Lane, was honored with a birthday dinner March 7. She was 2 years old. Attending were Mr. and Mrs. R. L. Anderson and son, Buddy.

MENU OF THE WEEK

AS SUGGESTED BY JENNIE V. WYNNE

UPSIDE DOWN HAM LOAF
CREAMED POTATOES HARVARD BEETS
BISCUITS GREEN SALAD BEVERAGE
PEACH PRALINE PIE

UPSIDE-DOWN HAM LOAF:
Butter 2 eggs
3 tbsps. light brown sugar 1½ cups soft bread crumbs
½-inch rings unpeeled apples 2 tbsps. prepared mustard
1½ lbs. ends/trimmings of bottled ham 1 tbsp. of grated onion

Melt a little butter and 3 tablespoons light brown sugar in heavy iron skillet and completely cover bottom with half-inch rings of unpeeled apples. Cook until fruit is slightly browned. Grind ham and mix with eggs, bread crumbs, mustard, and onion. Spread this mixture evenly on top of fruit and pat down. Bake in moderate oven about 40 minutes. Pour off surplus fat and turn loaf onto a heated platter. Garnish with parsley or watercress.

PEACH PRALINE PIE:
One 9-inch baked pie shell 1 tbsp. grated lemon rind
4 cups sl. peaches (2-29 oz. c.) 2 tbsps. almond juice
2 tablespoons cornstarch ½ teaspoon almond extract

Topping:
½ cup butter or margarine ½ cup coarse broken walnuts
½ cup brown sugar 1 cup corn flakes

Drain the peaches thoroughly. Measure out 1½ cups of peach syrup. Combine the syrup and cornstarch in a pan, and cook over low heat until clear and thickened, stirring constantly. Add peaches, rind, juice and extract. Cook slowly for 10 minutes, stirring occasionally. Cool slightly, pour into baked pie shell. Chill. Sprinkle with praline topping. To make the topping, melt butter or margarine and brown sugar in saucepan. Bring to boil and cook about 1½ minutes. Remove from heat, add walnuts and corn flakes. Toss lightly with fork. Cool, and top peach pie with the topping.

FURR'S

Legion Program on March 23 To Observe 38th Anniversary

Members of Howard-Henson Post 269 will meet the night of March 23 to observe the 37th birthday of the American Legion—born March 15, 1919, in Paris, France.

It was 1 year, 8 months and 1 day later that the charter authorizing the Brownfield Legion post was granted—Nov. 16, 1920.

Honored guests at the birthday event will be those members still living of the original 15 Terry county veterans of World War I comprising the Legion roster on Nov. 16, 1920.

Charter members were J. C. Bohannon, W. A. (Judge) Bynum, the brothers Andrew and Morgan Copeland, Glenn Harris, H. Larkin

J. R. Lemmon, Clarence Lewis, J. D. (Jim) Miller, Elmer Roberts, Riley Spivey, Fletcher Stewart, Mon Telford, Otho Welch and Homer Winston.

Of the 15, three are dead: Homer Winston and Andrew and Morgan Copeland. Telford, Miller and Lewis—these three charter members hold 35-year continuous service cards.

"Our observance March 23 will be a family-night affair," explained A. H. Daniell, post commander. "We invite the wives and children of our Legionnaires to be with us then."

Other officers of the post are L. L. Lincoln, first vice-commander; H. B. Virgil Crawford, second vice-commander; Jerry Keough, third vice-commander, and Billy Bond, sergeant at arms. Members of the building committee are Wayne McKinney, Digger Martin and Jack Browder.

Among other guests to be here March 23 will be the past commander of District 19, Hilton Lambert of Snyder, and the present commander, Warren Limer of Semhol.

The following day, several Legionnaires will go to Snyder, where they will attend the annual district convention, March 24-25.

TO COMPETE AT LUBBOCK—All vocational agriculture students and members of the Brownfield Chapter, Future Farmers of America, the high school boys shown above will be in Lubbock Monday, Tuesday and Wednesday. They will enter their pigs in the 23rd annual South

Plains Junior Fat Stock Show. From left, they are Ernest Lee Hearn of 203 North Fourth, Wayne Devitt of Route 2, Carl Gordon of Tahoka Road and Doyle Frazier of 1102 South Second. Their advisors will be Ves Hicks and Walter Meyer, VA instructors here.

trict convention, March 24-25. "A banquet with all the trimmings—including a gigantic birthday cake with 37 candles—will be held in conjunction with

the observance," said Commander Daniell. In a regular meeting March 8 the following veterans were initiated into the Legion: Floyd Rich,

Billy Bond, Bob Hoey, W. B. Nance, A. B. Cornett, Glen Gorbey, Jack Phillips, Harold Pharr, James H. Jenkins, Billy Hamilton and George Edwin Rogers.

AROUND UNION HIGH

EARLENE JOYCE

Don't get all up in the air. It's only the two reporters from from "Around Union High."

One of our former class mates Donna Strickland, visited school last week and spent the week-end up here. A party was given in her honor Saturday night. Those attending were—Carol Ann Garner, Donna Strickland, Nell Cornett, Joyce Foster and Earlene Cornett.

Last Thursday night the Union Parents Club gave the basketball boys and girls a steak supper in the school cafeteria. After supper games were played and everyone reported a good time. Those attending were: Eddie Powell, Claud Montgomery, Kermitt Shultz, Preston Drake, Mary Alice Drake, Anita Hancock, Donald Hancock, Jimmy Sargent, David Taber, Charles Luker, Willie Kay, Alfred Newsome, Alton Foster, Gene Hungerford, Jack Bishop, Howard Hungerford, Janice Newsome, Nell Cornett, Carol Ann Garner, Priscilla Cornett, Coach and Mrs. Sams, Joice and Earlene.

The Volleyball girls and boys went to Wellman Tuesday. The girls won two games. The boys won two out of three.

The Seniors called the Talent Show off which was scheduled for tonight. They decided there were too many events happening in the surrounding area.

Wanda Hunter is now wearing an engagement ring from James Ervin.

Daters that were seen around the country are: Carol Ann Garner, Nolan Cornett, Peggy Herring, Robert Wilks, Doris Howell-Claud Chambers, Janice Newsome-Kenneth Hancock, Wanda Hunter, James Ervin, Priscilla Cornett, Wayne Metcalf, Joice Foster-Billy Harlan.

FORMER RESIDENT DIES

Funeral services were held Friday for A. C. Whisenant, 89, retired building contractor, in the Tatum Church of Christ, Whisenant, who lived in Brownfield from 1915 to 1930 died after a short illness. Burial was at Tatum.

TEACHER TRAINEES HERE—In the picture above are two Texas Tech seniors who began a six-week teacher training course this week in the agriculture department of Brownfield High School. From left, they are Wayne Swink of Asperment and Bill York of Snyder. Both are majoring in agricultural education. The two men will be working with Ves Hicks and Walter Meyer, vocational agriculture teachers in the school. (Staff Photo)

EGGS-ACTLY....

What She Wants For Easter Is At Cobb's!

We have the finest array of dresses, suits and coats to choose from for the Easter holiday for the little "Miss" on to "granny." We hope you will drop by and see them for yourself today.

Smart fashion "in the bag" this Easter... fashion focuses attention on the handbag this spring—and small wonder! They're gayer... smarter... completely captivating in rich straws, gleaming calf and colorful leathers.

\$2.98 to \$14.98 (plus tax)

Pert little "straw bags" for this little miss in whites and pastels.

\$2.98

Little Miss Shoes by "Weatherbird"... fashioned for beauty, comfort and style... with or without straps in perky patents, cool pastels or whites.

\$4.98 to \$6.50

Our "Small Fry Dresses" put a girl at her very best on Easter Sunday. Famous brands by "Suzy Brooks"... "Fluffy Ruffle"... or "Cinema"... You'll love these lovely little dresses designed to make her the prettiest on Easter Sunday. Sizes 3 to 6x.

\$5.98 to \$10.98

Girls Easter Hats... gay little hats to highlight her Easter outfit. New straws in cleverly styled silhouettes in spring's newest colors and trimmings.

\$2.98

Gage Hats... no, we can't write sonnets, but we've lots of Easter bonnets. Our receipt for a glorious Easter holiday is a smart "Gage" hat from Cobbs. Season styled for glamour.

\$7.98 to \$14.98

Complete her accessories with a beautiful pair of nylon gloves from Cobbs. Sheer and sport styles.

\$1.98

Mr. and Mrs. A. H. Herring Have Open House On 50th Wedding Anniversary

Observing their 50th wedding anniversary, Mr. and Mrs. A. H. Herring held open house March 7. Miss Dot Rose and Arthur H. Herring were married March 7, 1906 in the Presbyterian Church in Peoria, Texas. They moved to Dawson county in 1906, and came to Terry County in 1911.

Mr. and Mrs. Herring have three sons, Victor B., John Carroll, and Olan, all of Terry County.

The house was decorated with yellow flowers and gold candles. The serving table was laid with ar-

Arnold Patton, a student at San Angelo Junior College, visited his parents, Mr. and Mrs. W. E. Patton, in Meadow over the week end.

corn lace cloth over white damask. The centerpiece of yellow roses was flanked with gold candles in holders. Punch and wedding cake were served by granddaughters of the couple, Ardesh, Joyce, and Yvonne Herring. The guest register was presided over by granddaughters Sherry and Peggy Herring, and Lavita Herring Booth.

Approximately 150 people called bringing many beautiful gifts. Several house guests from Dallas and Hillsboro were present, and friends and relatives from Spur, Lubbock, Hamlin, Tokio, Levelland, Ackerley, and Brownfield called during the evening.

Among guests who attended were five persons who were present at the wedding in 1906.

50 GOLDEN YEARS—On March 7, 1906—the day was Wednesday—Miss Dot Rose was wed to Arthur H. Herring in the Presbyterian Church at Peoria, near Hillsboro. On Wednesday a week ago, Mr. and Mrs. Herring cele-

brated their Golden Wedding Anniversary, assisted by approximately 150 relatives and friends. Among those attending the reception in the Herring farm home, about 12 miles south of Brownfield.

COPELAND HARDWARE

MISS ERA BLACK

Miss Era Black To Wed Leroy Little

Mr. and Mrs. V. T. Black announce the engagement and approaching marriage of their daughter, Era, to Leroy Little, son of Mr. and Mrs. A. F. Little, all of Brownfield.

A definite date has not been set for the semi-formal wedding, which will be performed in the Calvary Baptist Church, with the Rev. A. W. Stowe officiating at the double ring rites.

Miss Black is a mid-term graduate of Brownfield High School and is employed with the General Telephone company of the South-west. The prospective bridegroom attended Brownfield Schools and is employed with the City of Brownfield.

The couple plan to live here following their marriage.

Mrs. Young Speaks For Ladies Of Church of Christ

Mrs. M. Norvel Young, wife of the minister of the Broadway Church of Christ in Lubbock, spoke to more than 100 women at the Crescent Hill Church of Christ Tuesday at 10 a.m. Mrs. Young took as her subject, "Women's Work in the Church."

Women from Lubbock, Plains, Meadow, Seagraves, and Brownfield heard Mrs. Young's address. Mrs. Leonard Lang welcomed the audience and Mrs. R. L. Bowers introduced Mrs. Young. Mrs. Olin Miller led the prayer, and Mrs. Ross Black returned thanks at the 12 o'clock luncheon which followed the address.

Mrs. J. T. Bowman registered guests. Also assisting in hospitalities were Mesdames Earl Brown, Sam Teague, Bill Settle, Will Brown, Ned Self, T. H. McIlroy, Ross Black, Tommy Hicks, Alvin King, V. L. Patterson, John McCoy, Gene Gunn, Ches Gore, J. E. Eakin, Harley Starnes, and Leon Lepard.

Methodist Choir To Give Cantata

"He That Liveth" an Easter choir cantata, will be presented Palm Sunday evening, March 25, at 7:30 p.m. by the choir of the First Methodist Church.

Solos and special parts will be done by Joe Collum, Myrl Gary, Bill Gorby, Mrs. Hardin, B. F. Hutson, Jr., Mrs. John Luckie, Mary Kate Ramsour, and Mrs. James Thurman.

Others members singing in the cantata will be Meses. John Badgwell, Leonard Chesahir, M. J. Craig, Jr., Carmen Davis, Harvey Gage, Bill Gorby, U. L. McPherson, Wayland Parker, Mel Pope, Russell Sadler, and Bob Sampson; and Burton Hackney, Don Frederick, and Russell Sadler.

The cantata is under the direction of Mrs. Newell Reed, and Newell Reed is organist. Mrs. Reed and the choir extend an invitation to the public to attend.

BETTY JO LUKER

Betty Jo Luker To Wed In New Mexico

Mr. and Mrs. Walter Luker of Dora, N. M., have announced the engagement and approaching marriage of their daughter, Betty Jo, to Burton Dickerman, son of Mr. and Mrs. H. P. Dickerman of Fort Sumner, N. M.

Miss Luker is the niece of Mr. and Mrs. Gay Price, Mr. and Mrs. Robert Luker, and Mr. and Mrs. Raleigh Luker, all of Brownfield. Her parents lived near Union until 1944, when they moved near Dora.

An invitation is extended to all friends and relatives to attend the wedding Sunday, April 8, at 3 p.m. in the First Baptist Church of Dora.

The bride-elect is a graduate of Dora High School and completed a course in a business school in Albuquerque, N. M. For a year, she was on the staff at the First National Bank at Portales, and for the past five years, she has been employed with the Lea County Abstract company in Lovington.

While in school, she was active in all sports and 4H Club and for two years was a Junior Leader.

Mr. and Mrs. Harold Klein are in Dallas this week on business.

Robersons Feted With Surprise Housewarming

Dr. and Mrs. W. A. Roberson were given a surprise housewarming party Wednesday, March 7.

Members of the choir of the First Christian Church feted the Robersons following their practice. A gift of antique china was presented.

Approximately 20 persons were served brownies and coffee. The Robersons have a new home at 1306 E. Buckley.

Local Ladies Attend Episcopal Meeting

Two delegates and one alternate from the Episcopal Church of the Good Shepherd attended the North West Texas Regional Convocation held in Midland March 9-11.

Delegates were Mrs. W. A. Johnson and Mrs. J. W. Eastham, who is president of the women's auxiliary of the church, and Mrs. Cleo Barnett was the alternate who attended the meeting.

TCHD Council Has Monthly Meeting

The Terry County Home Demonstration Council met in regular session Tuesday, March 13, in the courthouse. The meeting was opened by group singing of familiar songs, led by Mildred Cox.

The business meeting was called to order by council chairman, Mrs. O. D. Kennedy, followed by roll call of members.

Guests, Joe Satterwhite, manager of the Brownfield Chamber of Commerce, and Don Bynum, Brownfield News Farm Editor were introduced. Mr. Satterwhite spoke on the Chamber of Commerce and its need for more farm interest. Plans were discussed concerning "Cotton Week," May 14-19.

Regular council reports and standing committee reports from the 10 clubs in the county were given.

After a very interesting program, the meeting was adjourned.

Miscellaneous Shower Compliments Mrs. Ken Anderson, Recent Bride

Mrs. Ken Anderson, the former Pat Steen, was honored with a miscellaneous bridal shower given in the home of Mrs. Buddy Gillham March 7 from 6 to 8 p.m.

Hostesses with Mrs. Gillham were Mesdames J. L. Kemper, Bill Dugger, James Hopkins, Ray Hailley, and Wayne Hughes.

A spring motif was carried out in decorations, with jonquils in milk glass bowls placed in various points in the house. The serving table was laid with a yellow linen cloth and featured an arrangement

of yellow jonquils in a milk glass container. Mrs. Hopkins served decorated cake squares, lime punch, mints and nuts. Mrs. Gillham registered guests.

Approximately 15 persons attended.

Mr. and Mrs. Anderson were married February 25 in a ceremony read in Roswell, N. M. She is employed with the General Telephone company and Mr. Anderson is engaged in construction work. They are making their home at 1206 A. E. Main in Brownfield.

Good Friday Services Are Scheduled Here

Rev. Rex C. Sims, rector of the Episcopal Church of the Good Shepherd, will hold communion services from 1 to 3 p.m. on Good Friday, March 30, it has been announced.

Every Thursday between now and Easter, Rev. Sims will hold communion services at 9:30 a.m. It also has been announced.

Mr. and Mrs. Hubert Sanders of Woodville, Okla., were guests of Mr. and Mrs. W. E. Patton of Meadow Monday night. Also visiting the Pattons were Wayne Saunders and Dal Wilson.

Mrs. Ches Gore is visiting her sister this week in Hot Springs, N. M.

Announcing Change of Ownership OF ROSS MOTOR COMPANY

YOUR PONTIAC AND G. M. C. TRUCK DEALER

K. N. McBRIDE

C. E. ROSS

LET'S GET ACQUAINTED . . .

I am very happy to be back in Brownfield and Terry County. I have bought out C. E. Ross Motor Company, moving here from Ballinger. I lived in Brownfield in 1941 and 1942, when I purchased the Oldsmobile-GMC agency from Mr. Ross.

Having been in the automobile business for 27 years, I feel that I am qualified to serve you well as your Pontiac dealer. I am looking forward to getting re-acquainted with my old friends here and to making new friends.

I cordially invite all of you to drop by to see me — and the new GMC trucks and Pontiac automobiles.

K. N. McBRIDE

THANK YOU . . .

In announcing the sale of my car and truck agency to Mr. McBride, I feel that you will continue to receive the same cooperation and service that I have tried to offer you in the 22 years that I have been in business in Brownfield.

I have known Mr. McBride for several years, and I think he will strive to serve you in every way.

Since I opened my first business 22 years ago, I have met and dealt with many of you. I wish to express my sincere thanks for your patronage, friendship, and cooperation through the years.

By Christopher & Ingram

The sophomore and junior basketball girls have returned from Austin where they attended the State Basketball Tournament. The coaches and their wives, Mr. and Mrs. Rip Sewell and Mr. and Mrs. James Daugherty, escorted the following girls: Diana Graham, Sabra Weicher, Foxie Oliver, Glen-

da Christopher, LaRue Rex, and Danny Loe.

The girls and coaches left Friday morning and arrived at Austin at one-fifteen Friday afternoon. They stayed at the Lone Star Motel.

We heard that two girls were acting their age when they had to

get up at 12:00 A. M. and go swing and slide at the little kid's playground at Austin. The girls toured the capital building and other places.

The girls tell us that there were hundreds of boys there and quite a variety too. The girls had a very nice time. They want to thank the school board for making their trip possible.

A party was given Friday night in the home of Gary Smith for the freshman class and a few others. Those who attended were Tajuana Hulse, Tommy Loe, Pat Runnels, Barbara Bishop, Dixie Bowlin, Betty Brubaker, Elsie Welcher, Claude Chambers, Bob Womack, Spec Sanders, Kenneth Taylor, L. Dean Hughlett, Larry Cabe, Milton Dickens, Spencer Morley, and Gary Smith. They played games and danced. Refreshments of cookies and punch were served.

During Visitation week a science fair was presented. The project made by each science and biology student were judged Thursday night after P. T. A. meeting. The first prize of \$3.00 was won by

prize of \$2.00 was won by Joe Golden.

Our homemaking teacher, Miss Hines, has been out of school this week on account of an abscess on her leg. We hope that she will be able to be back with us soon. Mrs. Alton Loe is substituting for Miss Hines.

A Southern School Assembly will be presented to the student body on March 20th at 12:30 p. m.

Last week Mr. and Mrs. Kenneth Wall visited school. They did teach here but moved away. We were very happy to have them visit with us.

The Sophomore class published and sold their papers Tuesday afternoon. It was very good this week: Lots of gossip and news was in it. The money made from the sale of papers will be used for their own use.

While going through my notebook the other day I found this poem. I'm sure every student will agree with the philosophy.

I think that I shall never see An F as lovely as a B.

BROWNFIELD TEACHERS—Three teachers in the Brownfield school system shown above are, from left, Mrs. R. T. Wilson, James Glenn Anderson and Miss Terry Lou Moorhead. Mrs. Wilson and Anderson both teach language arts in Junior High School. Miss Moorhead teaches fourth grade.

A B, whose rounded form is pressed Upon the records of the blessed, An F comes easily and yet It isn't easy to forget!

F's are made by fools like me But who on earth can make a B? Herald Classified Ad—They Get Results. — Phone 2188.

Faith Circle Has Meeting Monday

Faith Circle of the First Methodist Church met at 3 p.m. Monday in the Weber room for Bible Study. Mrs. W. B. Downing led the program, "Adventures in Discipleship". Following the opening hymn "Oh, Jesus I have Promised", Mrs. B. L. Thompson read the scriptures from Habakak and John. The program was closed with a prayer in union.

Participating in the program were Mesdames Terrell Isbell Sherman Mitchell, and G. S. Weber.

Mrs. Weber conducted the business meeting, during which reports were given.

Others present were Mesdames George Hunt, Ida Bell Walker Fanny Maupin, Minnie Williams Eric Proctor, and J. C. Criswell and Miss Maudie Bailey.

Mrs. Watkins Hostess To Las Amigas Players

Mrs. Kenneth Watkins was hostess when Las Amigas Bridge Club met in her home March 7.

Pineapple refrigerator cake and coffee were served to Mesdames Frank Ballard, Lal Copeland, Wilson Collins, Burton Hackney, J. T. Hoy, O. L. Stice, Troy Noel, Al Muldrow, and four guests, Mesdames Earl Layman, Roy Herod, C. L. Hafer, and Leonard Cheshir.

Mrs. Muldrow scored high and Mrs. Hoy was second high. Mrs. Layman and Mrs. Herod bingoed.

Mrs. D. R. Smith, Jr., and Ruby, and Mrs. W. E. Patton of Meadow visited in Lorraine, Rising Star, Comanche, and Dublin over the week end. Mrs. Smith visited her sisters in Lorraine and Ranger and an aunt in Rising Star, and Mrs. Patton visited her parents in Comanche and her brother in Dublin.

Women's Auxiliary Has Monthly Meet

A corporate communion was held at the Episcopal Church of the Good Shepherd at 9:30 a.m. March 8, following which the regular meeting of the women's auxiliary of the church was called to order by the president, Mrs. J. W. Eastham.

Minutes were read and approved. No business meeting was held. The program was turned over to the leader, Mrs. U. D. Gorton, who read the fifth chapter, "Proclamation of God's Justice and Mercy" from the book, "The Holy Scriptures" by Robert C. Denton.

FOOT SAVING EDUCATION

by Barney Doss

What is the purpose of the round heel of Jumping Jack Shoes?

It is easier to explain the advantage of the round heel of the human foot. Few people realize foot is round. Nature is very sticky about the subject. She goes all out for variety for the fronts of feet — they are as different as faces — and sometimes prettier — but human heels are all alike, all round.

Walking has been defined as a process of falling forward. The first duty of the foot is to match the weight of the falling body. For this purpose the round heel is as important to the foot as the round wheel is to the automobile and the soft cushion of the heel is as important in absorbing shock as the air-cushioned tire. Can you visualize the effect of equipping a car with square wheels and hard tires?

The roundness of the heel allows the foot to contact the ground with a smooth rolling motion. A flat heel would cause the forefoot to slap. Since twenty four of the twenty six bones of each foot are located forward of the ankle, slapping the forefoot is a flattening action similar to dropping a beanbag. The NATURAL action of the foot is a grasping, rising action and Nature is usually right.

COLLINS' Dry Goods

ESA, One of Brownfield's Busiest Organizations

One of the busiest organizations in Brownfield is the Beta Theta chapter of Epsilon Sigma Alpha, local sorority. The fact that the Brownfield ESAs accomplish so much, despite the fact that they are all working girls, is ascribed to mutual interest and accord in everything they undertake.

As working girls, they know they only have a certain amount of time to contribute to club projects. Carefully thoughtout plans, complete cooperation, and total accord toward a set goal has made ESA in Brownfield, as well as all over the nation, a respected name.

Every year, the local chapter collects money for the March of Dimes at the Brownfield theatres. In addition, they, as a rule, contribute from \$100 to \$250 to the Terry County polo fund, to the district polo fund in Plainview and the state polo fund in Austin.

At least two needy families receive milk each month, thanks to members of the ESA, and this year the chapter clothed and provided toys for two needy families. No small job, that.

At the state convention in San Antonio last year, the Beta Theta chapter received first place in Scrapbook, second place in Rushing, and 2nd place in Ways and Means (finance).

Alma Cade—Lower left is Alma Cade, February cover girl for The Jonquil, national LSA organ. Mrs. Cade is shown in her coronation gown and crown when she was crowned Harvest Festival Queen of 1955.

Upper left, hostess Kay Billings is shown registering Mayor C. C. Primm during Oil Progress Week in Brownfield. Members of Epsilon Sigma Alpha were

hostesses for the Oil observance. Above, ESA members—Front row, left to right, Alma Cade and Lillian Haynes; second row, Frances Gillham, Ann Dugger, Gwen Short, Marguerite Chanslor, Winnie Kay Billings, Mary Ballard, Merle Kemper, Wanda Swain, and Margaret Browder. (Photos by Lowe's Studio)

For the past year, the state ESA organ, Tessa, has been published here by Alma Cade, editor, and Ruby Nell Hopkins, co-editor. Since Mrs. Cade has moved to Odessa, Kay Billings has been appointed to fill the unexpired term of editor. This year, quite a few members plan to attend the state convention in Fort Worth and the international convention in Albuquerque.

Some of the other philanthropic projects of the Brownfield ESA is to furnish crutches for Terry County crippled who cannot afford to buy their own; this year they contributed \$100 to a widowed mother for medical attention for her child; and just recently they sent \$10 to the California Flood Relief fund.

The Beta Theta chapter is often called on to serve as a hospitality committee. For instance, they acted as hostesses for the Oil Show held in Brownfield last year. The city often calls on the ESA for assistance with various projects, and last year the club won first place in the city-wide clean up campaign. They also serve as official greeters, calling on new people who move to Brownfield.

And last year, the ESA waged one of the fiercest campaigns in their history when they helped put over the Brownfield Rotary Club's annual Harvest Festival and were rewarded by having their candidate, Alma Cade, crowned Queen of the Festival. All in all, the ESA sold over 4000 tickets, netting themselves \$400 from sale of

tickets and \$600 as first prize winners. Not only does ESA often have queen candidates for this annual affair, but a year has never passed that they have not entered a float in the Festival parade.

Mrs. Cade's picture in coronation gown and crown appeared on the cover of The Jonquil, the national ESA magazine, as the ESA Valentine and saluting her as Harvest Festival Queen. Mrs. Cade is the third member of the local chapter to make the cover of the Jonquil. Frances Gillham was cover girl and was lauded upon publication of her book, "With God's Help" and was cited for accomplishments in ESA; and Glenna Winston Curtis made the Jonquil cover the year that she was crowned Harvest Festival Queen.

Beta Theta chapter also has to its credit the organization of an ESA chapter in Plains two years ago. The Plains chapter, Iota Pi, has already purchased a clock for the football field there and has bought and contributed several hospital beds for use in Plains.

The members of ESA here in Brownfield also contribute to the youth program, donating each year to both Boy and Girl Scout funds, and have bought educational films for use of students in West Ward school.

A feature article, telling of the work done by ESA during the Harvest Festival, appears in the February Jonquil bylined by Frances Gillham. Her closing paragraph in the article pretty well sums up the reason that ESA is an outstanding service club. It reads: "Working in close harmony on the festival proved something great to the sisters of Beta Theta. No matter how small the chapter, it can still accomplish anything if it is done with love and affection. I believe our chapter is closer now than it has ever been."

See ESA GROUP, Page 5

TAKES OFF LIKE YOU'RE WEARING SPURS

Come try it — and you're in **BUICK'S THRILL-A-MINUTE CLUB**

THE THRILLS begin in the first sixty seconds — and from then on they come in clusters. Right off, you feel the stepped-up getaway in Buick's new Variable Pitch Dynaflo* — a blazing new take-off even before you switch the pitch. Because now — right in the topmost inch of pedal travel — right where you do most of your driving — right in the fuel-saving economy range — you're moving with a solid new "take-hold" getaway that's brisk and blessedly smooth. Then you double the thrill.

For when you want to pass — or climb — or get out of a tight spot fast — you floor the pedal and switch the pitch. That brings you an absolutely smooth burst of full-power go-ahead on the split second — and it's the nearest thing to soaring flight yet. It's a double-barreled package of excitement — and it's teamed with the most powerful V8 engine in Buick history — a 322-cubic-inch engine with no less than 9.5 to 1 compression in every CENTURY, SUPER and ROADMASTER. All that would seem like thrill enough — but you'll find you've hardly scratched the surface. You'll find yourself glowing all over from the sweet and level buoyancy of Buick's great new ride. You'll feel a serene satisfaction from the way this trim beauty handles and corners and tracks to the road with the truest sense of direction yet.

And certainly you'll have to feel the good feeling that's yours just from bossing this big and brawny and beautifully sculptured automobile that's like a thing alive, and impeccably obedient. We'd like you to know and feel all this firsthand — just by trying out a new Buick. That's all you do to join Buick's Thrill-A-Minute Club. Why not become a member in good sitting today? And when you do, we have some big-kill news on prices, too.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century — optional at modest extra cost on the Special.

and \$600 as first prize. Not only does ESA crown candidates for this year, but a year has passed that they have not floated in the Festival parade's picture in coronation crown appeared on the magazine, as the ESA Val-Queen. Mrs. Cade is the member of the local chapter of the Janquill. Gillham was cover girl lauded upon publication book, "With God's Help," cited for accomplishments and Glenna Winston Curie the Janquill cover the at she was crowned Harvest Queen.

Theta chapter also has to fit the organization of an chapter in Plains two years the Plains chapter. Iota Pi, ready purchased a clock for football field there and has contributed several beds for use in Plains. members of ESA here in field also contribute to the program, donating each both Boy and Girl Scout and have bought educational or use of students in West school.

ature article, telling of the one by ESA during the Harvest festival, appears in the Feb-Jonquill by lined by Frances. Her closing paragraph article pretty well sums up reason that ESA is an out- service club. It reads: "Working in close harmony on festival proved something to the sisters of Beta Theta. After how small the chap- can still accomplish any- if it is done with love and on. I believe our chapter is now than it has ever been. **ESA GROUP, Page 5**

MRS. NATHAN CHESSHIR AND DR. DOYLE JACKSON

ESA Group—

(Continued From Page 4)
We feel a deep respect for our officers and committees, and sincere love for every member. Forget all petty grievances, replace them with hard work and love and you'll see how much it pays off. There is no room for chips on shoulders loaded down with work."
The first ESA chapter was organized in Brownfield in the fall of 1946, with Sue Jones, Elsie Gore Minnie Hazel Bowman, Glory Kendrick, Margaret Goza, Mary Ballard, and Elva Gillham charter members. Mrs. Kendrick was the chapter's first president.
The chapter now has 19 active members, having lost seven members this year: Alma Cade to Odessa; Margaret Browder, Anita Cooper, and Norma Spain to Lubbock; Gwen Short to Plains; Marguerite Chansior to Sweetwater;

and Josh Sweeten to Levelland. Present officers and membership include Lillian Haynes, president; Trucene George, 1st vice president; Jo Jennings, treasurer; Frances Gillham, reporter; Kay Billings, parliamentarian; Merle Kemper, recording secretary; Dorothy Gore, corresponding secretary; Ann Dugger, historian; Gladys Swain, Jonquill girl; Frances Halley, Welfare chairman; and Ruby Nell Hopkins, educational director; and members, Wanda Swain, Evelyn Hopkins, Pat Anderson, Gretta Hipp, Stella Lindsey, Bonnie Vachal, Darlene Kissinger, and Helen Meyer.
Mrs. Anderson also serves as recording secretary for District IX. Mrs. Gillham is social director for the district, and until she moved to Odessa, Mrs. Cade was president of the district. Mrs. Browder is now district president.
Local ESA members also hold state offices. Mrs. Cade, who was editor for the Tesan has been re-

Mothers Club Will Have Party Friday

The Meadow Mothers Club will have a "42" party in the school cafeteria, beginning at 7:30 p.m. Friday, March 16. Mrs. Hattie Fulford is in charge of arrangements. Admission is 50 cents, and children under 12 will be admitted free. Special entertainment for children will be held in the school gym, with Mrs. L. G. Carroll in charge. Along with games of "42" bridge will also be played. Mrs. Fulford announced. The public is cordially invited to attend. Proceeds will go toward school projects.
placed by Mrs. Billings. Mrs. Hopkins is co-editor, and Mrs. Gillham is head of the state home board.

Dr. Doyle Jackson Speaks to Delphian Members, Guests on "Ways of Texans"

"Ways of Texans" was the course of study when the Delphian Study Club held their regular meeting at the Seleta Jane Brownfield clubhouse March 7. Mrs. Nathan Chesshir was program chairman.

McBurnett—

(Continued from Page 1)
away, recording secretary; Mrs. Alton Martin, corresponding secretary; and Mrs. Harley Rodgers, treasurer.
After the business meeting, Mrs. Elliott introduced the program, "Woman Faces Health Problems." Mrs. Dub Holloway spoke on, "What is scientific research doing towards the conquest of cancer?" and Mrs. Rodgers closed the program with, "What should one know about cancer?" Literature on cancer was given each member.
Cherry cream pie and soft drinks were served to the following members: Mmes. Bob Campbell, Robert Craig, J. E. Eakin, Jerry Gannaway, Jack Hamilton, D. E. Howitt, Dub Holloway, Alvin King, Robert Knight, Alton Martin, E. B. McBurnett, Jr., L. V. McPherson, Buddy Orr, Harley Rodgers, Mack Ross, and Harley Starnes.
Hostesses were Mrs. J. O. Burnett, Jr. and Mrs. Doug Lowe.

Guest speaker, Dr. Doyle D. Jackson, professor in the Education department of Texas Technological College, was introduced by Dr. Robert Hoey. Dr. Jackson described a true Texan as "being a hospitable person who does all he promises to do except in politics then he does what he think best at the time."

The serving table was laid with a pink damask cloth, centered with an arrangement of Spring flowers. Parts with cream filling and coffee were served to guests. Mmes. Hubert Thompson, Don Bynum, Ken Sadler, Bill Spreen, and E. C. Davis; Dr. and Mrs. Hoey; the speaker, Dr. Jackson; and members, Mmes. W. C. Burrow, Virgil Bynum, Weldon Callaway, Ches- air, Tim Faulkenberry, Alvin Hailbauer, J. L. Newson, W. P. Norris, W. T. Pickett, Paul Ward, George Steele, and Claude Buchanan.
Fairmount Park at Collinsville and Cahokia Downs in East St. Louis, both in Illinois, will have night thoroughbred racing next summer.

Turner H. D. Club Has Demonstration

The Turner Home Demonstration Club met with Mrs. Jim Johnston March 7.

Mrs. Howard Mauk, president, called the meeting to order. Mrs. Forehand, secretary, read the minutes, and Mrs. H. T. Sudderth gave the council report.
Mrs. Howard gave a demonstration on lighting for the living room.
Roll call was answered by members with "the number of lights in my living room."
Members attending were Mmes. Carlton Alexander, T. D. Baker, B. Forehand, Jim Johnston, Carl Lowrey, Howard Mauk, J. W. Redwine, Allen Rollins, I. L. Smith, Jesse Snodgrass, Homer Sudderth; and a visitor, Mrs. Bob Simeron.
The next meeting will be March 21 with Mrs. Carl.

Mr. and Mrs. Leonard Lang and Mr. and Mrs. Ches Gore have returned home after a visit in South Texas. While gone, they visited former Brownfieldites Mr. and Mrs. George Alexander near Harlingen, and Norwood Heath and Mr. and Mrs. Floyd Davidson, all of Fairfuries.

Fenton's QUALITY SHOES

Here's the Big Difference That Makes It Possible

EVOLUTIONARY "SINGLE UNIT" CONSTRUCTION, POWERED BY AMERICAN MOTORS. MAKE RAMBLER, HUDSON, NASH AND METROPOLITAN THE STRONGEST, SAFEST, BEST ALL-AROUND CARS ON THE ROAD.

PRIMITIVE CARRIAGES WERE BUILT WITH FLAT WOODEN BEAMS FRAMES AND WHEELS WERE MOUNTED BELOW. A FLOOR OR BOX WAS PUT ON TOP. THE SLUGGY, WAGON AND "HORSELESS CARRIAGE" USED SIMILAR FLAT FRAMES AND ATTACHED BODIES.

EVEN TODAY, MOST CARS HAVE SEPARATE FLAT FRAMES WITH SEPARATE BODIES BOLTED TO THEM.

ONLY AMERICAN MOTORS BUILDS CARS ON THE "SINGLE UNIT" PRINCIPLE. BODY AND FRAME ARE WELDED INTO A TOUGH, SUPER-STRIKING "SINGLE UNIT" RESULT: PERFORMANCE AT LESS COST... GREATER COMFORT... MORE INSIDE ROOM... EASIER PARKING... SUPERIOR HANDLING AND CORNERING... ELIMINATION OF BODY SQUEAKS AND Rattles... DOUBLE SAFETY... TOP RESALE VALUE.

Why a total of \$25,000 Personal Automobile Accident Insurance is given at No Extra Cost!

We back our confidence that American Motors cars are stronger, safer, more modern than others by giving each buyer of a new Rambler, Nash, Hudson or Metropolitan a total of \$25,000 Personal Automobile Accident Insurance at no extra cost—divided equally between husband and wife.

This insurance provides for the payment of \$12,500 to beneficiary or estate of either you or your spouse (if a member of your household at time of purchase) thus providing the total of \$25,000. If either or both should be fatally injured while driving or riding (either separately or together) in your new private passenger American Motors car anywhere in the world. Both are insured for the entire first year of ownership.

Covers fatality resulting within 100 days after date of accident. Applies to privately-owned cars purchased in the continental United States and Alaska where state insurance regulations permit.

Don't buy any new car until you get the facts about the priceless protection only American Motors cars can give you! See your Nash dealer! See your Hudson dealer!

Tune in Disneyland on ABC-TV. See TV listings for Time and Channel.

AMERICAN MOTORS MEANS MORE FOR AMERICANS

Bennett Cerf Interviews George Romney

Noted publisher, columnist and television personality gets inside story of revolutionary advance in car construction from the President of American Motors.

CERF: Mr. Romney, why do you offer a total of \$25,000 insurance with your new cars?
ROMNEY: It backs our claim that "single unit" construction makes the strongest, safest, most modern cars.
CERF: Is there really that much difference between the way you and other manufacturers make cars?
ROMNEY: All the difference between yesterday's railway coach and today's streamliner. Other cars still use a principle old as the oxcart: A flat frame bolted under a separate body. In our cars, frame and body are welded as a "single unit". It's the biggest stride since the all-steel body.
CERF: And this makes a safer car?
ROMNEY: Twice as safe. Instead of a flat frame underfoot, our frame is a steel, box-girder enclosure as big as the car. It gives you "wrap-around" protection in front, rear, sides and top.
CERF: That sounds like real protection.
ROMNEY: That's not all. Flat frames others use are stiff, so they transmit collision force throughout the car. Our big steel box-girders up front absorb most of the punishment instead of passengers.
CERF: What about performance?
ROMNEY: That's real plus. "Single unit" construction gives a better power-weight ratio. It's stronger and safer, but eliminates useless weight and bulk. Our cars have set many racing records.
CERF: And economy?
ROMNEY: They're tops. Rambler holds the gas mileage record in Mobilgas Economy Runs. Again, because our "hard-muscled" single unit avoids dead weight.
CERF: I like room and comfort.

ROMNEY: Nash and Hudson have more room inside than any high-priced car. Rambler equals medium-priced big cars. As for ride, the greater strength of our "single unit" lets us use larger springs, and superior front suspension.
CERF: Isn't resale value important?
ROMNEY: You bet. Rambler has top resale value in the low price field. In addition to other advantages, welded single unit cars last longer, make better used cars.
CERF: If all you say is true, why don't the Big Three make cars your way?
ROMNEY: You see, mere "bigness" can be a handicap in advanced automobile engineering. One of the biggest of the "Big 3" was years behind others in adopting the all-steel body. The bigger you are, the more factories you have—the more it costs to change.
CERF: I can understand that.
ROMNEY: Beginning in 1940, we spent over \$50,000,000 to develop the "single unit" car. Today, it will cost the biggest companies billions to re-tool for our method.
CERF: Do you think they will follow you?
ROMNEY: No doubt about it. Our major competitors will probably make the change gradually—piece-meal—or one model at a time. Frankly, we will be happy to see our "single unit" construction adopted, because it will mean better, safer cars on American highways.
CERF: Well, I'm about ready for another car. I'm going down to look at American Motors cars.
ROMNEY: All I ask anyone to do is see and drive our modern "single unit" cars at a Nash or Hudson dealer's. The rest is up to you.

Classified Advertising rates: 5 cents per word first insertion; 4 cents per word each time thereafter—minimum charge of \$1.00 per insertion. Classified Ad deadline is Wednesday noon, after that time they will be run in "Too Late To Classify" column, if requested, and if brought in before 10 o'clock, Thursday.

Me and my big fat tater trap nearly got into trouble last week. Came within an ace of not getting a birthday present, but my sister (the one just slightly older than I) relented on the grounds that she wouldn't fit her anyhow. Could be that the snow job I gave her about getting tired of people referring to her as my "younger" sister did the trick. Reminds me of the old saw I read somewhere about 'never trust a woman who will tell her real age. If she'll tell her age, chances are, she'll tell anything'.

I'm sure many of you know the story, but I was glad to learn the other day how the Maids and Matrons Study Club got its name Mrs. A. R. Smith cleared it up for me by telling me that when the club was organized, she was the

maid member, as it was before her marriage that she joined the club. Thought I'd pass it along to you, in case you have wondered how they arrived at the name.

Speaking of clubs, I surely do want to clear up something for you members of the ESA (Epsilon Sigma Alpha). I have been trying to get a feature done on ESA club projects for two or three weeks now, and something is always coming up to keep me from it. However, I hope to be able to make it this week, but if I don't please bear with me. It's forthcoming, because it is certainly an interesting bunch of data I've collected for the story. Don't you gals whip Frances Gillham over it—she gave me the facts, ma'am.

Janelle Lewis was elected pledge chairman for Kappa Kappa Gamma sorority at Tech last week. Congratulations, Janelle. Also have to brag on my nephew, Jimmy Walker, who was honor pledge of Sigma Alpha Epsilon, also at Tech, this year.

Hope all you local cruises have been by Mrs. J. L. Cruce's home at 208 E. Cardwell to see her lovely purple tulips bloom in her yard. And when I say yard, I mean just that. The bulbs were planted at random in the grass, and certainly make an attractive scene. This is an excellent way to plant bulbs, since by the time your grass is high enough to cut, the bulbs have already bloomed and settled down to making little bulbets underground.

Although it's some 14 months away, Boy Scout Troop 85 is already hard at work to raise funds so that the 32 members can attend the Scout Jamboree at Valley Forge in 1957. Quite an expensive deal to pay these fellows' way, but they're determined that they'll do it. The boys will work on various jobs and the money will be pooled. If you have any good money-making schemes, I'm sure their scoutmaster, R. T. Wilson, will be glad to hear from you.

The Meadow Mothers Club plans a big community party at the school cafeteria in Meadow March 16 (Friday). There will be '42' and bridge for the grown ups, and the children will have special entertainment of their own in the school gym.

Thought the Joe Chisholm family showed up quite well, both physically and mentally, on TV Sunday afternoon the afternoon Family Bible Quiz. Joe, the mizziz, Margy, and Johnny formed the panel to answer questions, and they did very well. Only a little more than two weeks until Easter. The various churches in Brownfield are planning special programs, etc. If you are planning something special for Easter, please call me at 2188. I've tried to line up the secretaries at the different churches, and they as always, are very cooperative. Now if they can just wrest this information from their respective pastors, maybe I'll be able to pass the word along to you.

Want a nice little kitten? They aren't pedigreed, but they're cute little things, and will make wonderful pets for your child and the whole family. Just call Marge at 2111—she's loaded. Has almost any kind you'd want, and they're for free, too.

Two important events on the agenda this week end: the Brownfield high school senior play is Friday night, March 16, and of course, the USAF band will be in concert here Saturday, March 17. Jane Shirley is a St. Patrick's Day girl. I think this will be her fourth or fifth 29th birthday. Gayle Davis, Tobe Helms, John T. Cary, and Pete Curtis also were born on Shamrock day. Many happy returns, kids.

Don't forget to call in your news to me, please.

Pool Personals

Rev. M. J. Morrison of Lubbock preached here Sunday in the absence of Rev. Harley Holloway. There were 39 present for the morning services.

Rev. and Mrs. Harley Holloway are at the bedside of her grandmother, who is seriously ill.

Mr. and Mrs. T. P. Coker and Mrs. Mary of Lubbock spent the week end with Mrs. Ethel Young and family.

Rev. and Mrs. M. J. Morrison are at the bedside of her grandmother, who is seriously ill.

Mr. and Mrs. E. J. Duncanson and Debra, Mary Coker of Lubbock, and Edwin Young ate dinner with the E. J. Duncanson family, on Sunday.

The Pool Home Demonstrator club met with Mrs. E. J. Duncanson Wednesday, March 7. There were 6 members, 2 visitors, and one new member present. Mrs. Otis Aldridge gave the program "Cotton Talks." Next meeting will be with Mrs. Thurman Solsberry, March 21.

Mr. and Mrs. Neil Barrier and Kathy spent the week end in Odessa visiting her sister and family Mr. and Mrs. James Gunn.

Mr. and Mrs. Otis Aldridge spent the week end at Breckenridge.

Mr. and Mrs. M. C. Wade visited in Levelland Sunday. Mrs. Lee Wade prepared a birthday dinner for her husband and his brother Mr. C. Wade. Twenty seven attended the dinner. Those present were: Mr. and Mrs. Billy Wade of Sweetwater; Mr. and Mrs. Bobby Wade and baby, Mrs. Jessie Blackerly and baby, Mr. and Mrs. Bill Smart and children; Rhonda and Billy Winkles, and the hosts.

Mrs. Major Howard and J. T. spent the week end with her daughter and family. Mr. and Mrs. David Dunn of Seagraves.

Alene Brown spent the week end with Priscilla Trim in Brownfield. Last Wednesday night Alene spent the night with Mrs. Gene Joplin at the home of Mrs. Joplin's mother, Mrs. Major Howard.

The Pool W. M. U. met Monday at the church with five members and two new members present. Mrs. M. C. Wade, president, was in charge. Mrs. Major Howard gave the Royal Mission program. Next Monday there will be five ladies from New Home here to give the Mission Book of the month. Everyone is invited.

Mrs. Hamilton Hostess to CWF

The Christian Women's Fellowship of the First Christian Church met at the church Monday night at 7:30. Mrs. Jack Hamilton was hostess.

Mrs. W. A. Roberson, president, was in charge of the meeting. Mrs. J. P. Venable was program chairman.

The worship service, "Easter—Its Importance to the Church," was given by Mrs. Bill Dugger.

Cookies and spiced tea were served to Mesdames L. C. Webster, Truett Flache, Jewel Moore, W. J. Spreen, R. N. McClain, John Jennings, Joe Satterwhite, Dugger, Roberson, Venable, and Hamilton.

Challis Personals

The Women's Missionary Society of the Challis Baptist Church met for an all day mission study program Monday March 12, at 10 a.m. in observance of Home Mission Week.

A covered dish luncheon was served at the noon hour to eleven members and several visitors.

The meeting opened with a song and prayer led by the program chairman, Mrs. Loyal Henson.

Mrs. M. L. Pate, president, was in charge of a short business meeting. Those taking parts in the program were Misses C. S. Carroll, J. Garner, L. P. Price, E. N. Corley, Henderson, Bertie Mae Bagwell, and M. L. Pate.

After the program, Mrs. John Garner led the group in a Bible study. We were happy to have Mrs. Ruby Whitaker back with us after being ill for sometime.

Those visiting Mr. and Mrs. E. N. Corley Sunday were Mr. and Mrs. Carl Corley and family of Seminole and Mr. and Mrs. Ralph Corley and children of Odessa.

Visiting in the W. J. Henderson home Monday night were Mr. and Mrs. C. J. Henderson and family of Gomez.

Visiting in the home of Mr. and Mrs. W. J. Henderson on Sunday were Mrs. Charles Edwards, Mr. and Mrs. D. Post and Keith, and Mr. and Mrs. Leroy Parrish, all from Ralls; T/Sgt. and Mrs. E. S. Henderson and sons, Buster and Delbert, of Big Spring; Mr. and Mrs. M. L. Pate, Sonny, Ronnie and Bryce; and Mr. and Mrs. Bill Henderson, Rodney, Jeffrey, and Jamie, from Brownfield.

Mr. and Mrs. C. S. Carroll were dinner guests with her parents Mr. and Mrs. John Garner, Sunday.

Mr. and Mrs. Wylie Johnson of Killeen are visiting her mother Mrs. Lence Price, this week. Mr. Johnson is recovering from a serious illness.

Mrs. Viola Brown of Spade is visiting her sister in law, Mrs. A. E. Pate, this week.

Visiting Mrs. T. C. Pettigrew this week is her mother, Mrs. Verner Patterson, from Slaton.

Miss Jo Bagwell, daughter of Mr. and Mrs. L. R. Bagwell, underwent surgery at the local hospital Monday. At last report, she was resting satisfactorily.

The Meadow-Challis Home Demonstration Club members met Tuesday, March 6, in the home of Mrs. W. J. Moss. The meeting was called to order by the president, Mrs. Sam Gossett. Mrs. Wanda Doak led the group in some songs.

MAIDS & MATRONS HONOREES — Four of the oldest living members of Maids and Matrons Club are shown above wearing corsages presented to them Tuesday during an M&M meeting. From left, they are Mrs. J. C. Criswell, Mrs. W. A. Bell, Mrs. A. R. Smith and Mrs. J. L. Randal. With the exception of Mrs. Bell, all are charter members of the club, organized Sept. 8, 1906, in the A. M. Brownfield home. A fourth charter member still living but not shown is Mrs. W. G. Hardin, visiting in Lufkin. Mrs. Bell entered the club two years after it was formed. Mrs. Smith is called the club's "first maid." (Staff Photo)

and Mrs. E. N. Corley read the devotional.

Roll call was answered with each member giving a good grooming tip. Mrs. Loyal Henson had charge of the program, "Cotton Talks", with six members giving readings on cotton as the number one fabric for everyday and dress wear. Those taking parts on the program were Misses Jean Richardson, T. C. Pettigrew, Wanda Doak, W. J. Henderson, Sam Gossett, and W. J. Moss.

After the program, the group assembled in the kitchen and baked cup cakes for the John Deere day, and Mrs. Wanda Doak was honored with a surprise kitchen shower.

Refreshments of cheesecake, cookies, coffee, and cold drinks were served to 12 members. The next club meeting will be in the home of Mrs. Loyal Henson March 20.

Larry Pettigrew was honored on his fourth birthday Friday with a party in the home of his mother, Mrs. T. C. Pettigrew.

After games were played and gifts opened, cake, ice cream, and cold drinks were served to approximately 25 guests.

Brownie Troop 4 Held Regular Meeting Mon.

Brownie Troop 4 met Monday in the Girl Scout Little House.

The president called the meeting to order. The secretary called the roll, and the treasurer collected dues.

Following the Brownie pledge, promise, and song, the members finished up their puppets. Sixteen members attended.

Son of Brownfield Couple To Marry

The engagement of Miss Verna Rose Merida of Bloomington, Ind., has been announced by her parents, Mr. and Mrs. Aurand Merida, also of Bloomington.

Miss Merida will marry Phillip Brinson, son of Mr. and Mrs. Charles E. Brinson, Marston Trailer Park, March 22 at Dolan, Indiana.

The bride-elect is a graduate of Bloomington High School and attended the University of Indiana. The prospective bridegroom attended East Texas Baptist College

Church of God Starts Revival

The Brownfield Church of God announces the beginning of a revival at their church Saturday, March 17, at 7:30 p.m.

Rev. W. L. Hopper of Port Worth is to be the evangelist for the two week revival. Rev. Hopper is also a noted song writer for the Stamps Music Company.

There will be special singing each night, and services will begin promptly at 7:30 p.m. nightly.

Rev. O. Stegall, pastor of the Church of God, issues a special invitation to everyone to attend the services.

and graduate from Hardin Simmons University.

Mr. Brinson is a member of the Air Force and is now attending a special language school at Indiana University. The couple will live in Indiana following their marriage.

Southwestern Life Reports Record Year During 1955 And Four-State Expansion

Brownfield News-Herald, Thursday, March 15, 1956, PAGE SEVEN

New high marks for 1955 were reported today by Southwestern Life Insurance Company as the Company's 53rd annual financial statement was released for publication.

President James Ralph Wood said the field organization's production of new business totaled \$178,419,027, an increase of \$19,094,431 over the 1954 total and a record achievement in agency force sales for the seventh consecutive year.

In addition, the Company underwrote \$32,862,952 of group insurance for United States government employees, increasing the total of new paid-for business to \$211,281,979.

Policy benefits paid to policyowners and beneficiaries totaled \$21,645,780, a new record and more than \$3,200,000 above the payments in 1954. Since 1903, when it was organized, the Company's policy benefit payments amount to more than \$220,000,000.

Surplus funds for the protection of policyowners, including capital surplus and contingency funds, amount to \$41,611,905, equivalent to 12.71 per cent of total liabilities.

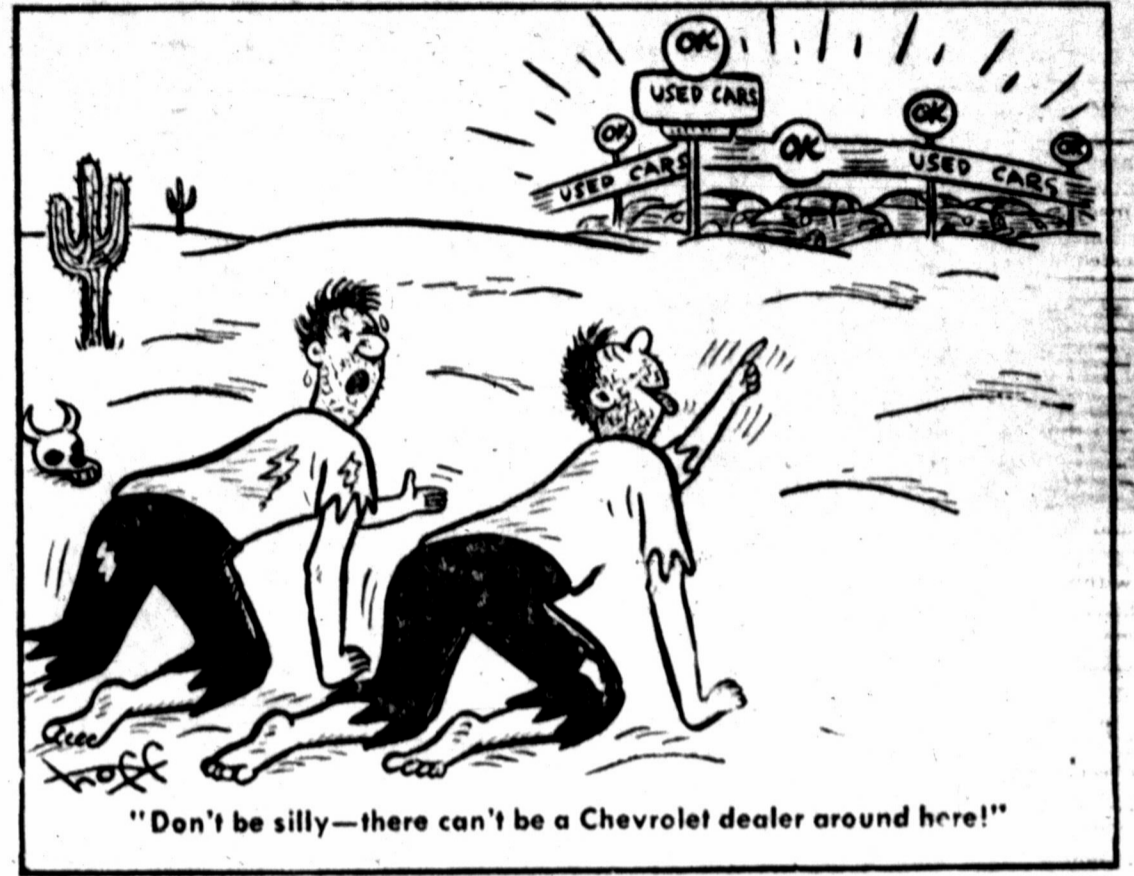

Funds were newly invested in 1955 at a rate of nearly \$5,000,000 a month. Of the \$59,847,038 invested during the year, 78 per cent was placed in loans on real estate. The statement shows a total outstanding investment of \$171,953,708 in

such loans, which account for 46 per cent of the Company's total assets.

After serving only the State of Texas for 52 years, the Company expanded its operational area in 1955 to include the states of Arkansas, Louisiana, New Mexico and Oklahoma.

Southwestern Life is represented here by W. Graham Smith.

Texas Tourist Trade Ranks Second To Cotton Crop For Cash Value In 1955

AUSTIN, TEXAS March 11.—A check on the 1955 Texas Tourist Industry" was released today in Austin by the Texas Highway Department. The survey shows that 9.9 million out-of-state tourists visited Texas last year, an increase of 1.2 million persons over 1954.

In cash value the tourist industry ranks next to the state's annual cotton crop, with cotton listed at \$700 million and tourists at \$412 million for the year just past.

"Texas has been slow to realize the potential value of the tourist industry as a source of cash income," D. C. Greer, State Highway Engineer stated, "but the steady rise of out-of-state visitors since the end of the war indicates that people in other states are becoming increasingly aware of the state's many attractions as a vacation spot."

Annual tourist expenditures in 1950 were set by the Department at \$276 million. By 1955 this figure had increased by \$136 million. During the same period the number of tourists had increased from 8 million to 9.9 million.

Mr. Average Tourist of 1955 spent 5.5 days touring the state and spent \$7.53 daily for food, lodging, and other expenses. "We believe this daily expenditure for a vacation is substantially less than is necessary in some of the other 'big' vacation states, thus allowing our out-of-state visitors to stay with us longer and see more of Texas," Greer said.

WMS Completes Study of Indians

Circles of the Women's Missionary Society of the First Baptist Church met in the homes this week to complete a mission study of the American Indian, taken from the mission book, "The Tribes Go Up."

Circles had the following in attendance: Ann Pettit, 6 present; Bagby, 4 present; Blanche Groves, 10 present; Janelle Doyle, 6 present; Lois Glass, 4 present; Lottie Moon, 5 present; Lucile Reagan, 9 present; and Roberta Edwards, 4 present.

The seven Highway Department Travel Information Bureaus located at the state line were able to increase the itinerary of out-of-state visitors by assisting in planning and routing trips to include points of interest throughout Texas, Greer said.

In addition to this direct counseling of travelers, the bureaus and the Austin office during 1955 answered a total of 356,506 requests for information on Texas from potential visitors.

"In spite of the limitations imposed on us," Greer stated, "we in the Highway Department are doing everything possible to bring Texas to the attention of vacationers from other states. We believe that we have only begun to tap this source of direct cash income and in years to come we expect to see tourism move ever higher on the scale of top Texas industries."

The Department also takes advantage of every opportunity to furnish out-of-state newspapers and magazines with photographs and stories on Texas, Greer concluded.

Schools For Tomorrow Is Round Table Subject

Citizens' groups in 12 West Texas communities will hold round tables this week on "Schools for Tomorrow," Wendell Williams of Texas Tech has announced.

Delegates from the community round tables will attend a regional conference on that subject March 21 at Tech, according to Williams, a Tech Adult Education Program executive.

Participants in the regional meeting then will report to their community groups.

The discussions of school problems are sponsored by the West Texas Council on Adult Education and the Tech Adult Education Program.

Communities at which citizens' round tables are scheduled this week include Crosbyton, Sidney, Plainview, Amarillo, Lamesa, Borger, Hereford, Brownfield, Big Spring, Sweetwater, Spur, and Lubbock.

OBSERVE CHARTER ANNIVERSARY—Shown above are several members of Boy Scout Troop 43 immediately prior to celebrating their first annual charter banquet Tuesday night in First Presbyterian Church, which sponsors the troop. CONY

ter

the farming angle

By
DON BYNUM
Farm Editor

Democrats failed last Thursday in the U. S. Senate to push through a bill restoring high, rigid supports on cotton.

The Senate roll call vote to restore the 90 per cent of parity payments was 54 to 41 against. Other "basics" which would have been supported at the same level were corn, peanuts and rice.

"An open soil is one that you can shove your fist down into without skinning your knuckles." —Anonymous.

Many Terry farmers heard with pleasure Saturday that the Senate had adopted the Daniel provision of the farm price support bill. If adopted by the House of Representatives and signed by the

President, the provision, sponsored by Price Daniel (D-Tex.), would mean returns of up to \$10 an acre.

The Daniel proposal was designed to strengthen price supports on feed grains: barley, oats, rye and sorghums. Starting next year, these would be supported at 95 per cent of the price support for corn.

Corn this year is being supported at between 80 and 87 per cent of parity.

"When the soil is gone, man must go, and the process does not take long." —Anonymous.

A visitor this week to the Terry County Farm Bureau office was Oliver S. Grote of Mason county—where he operated his own Aberdeen-Angus cattle ranch.

Grote recently was named field representative of the Texas Farm Bureau. His territory comprises

ALMANAC AND ALL

Here's the Dirt Farmer

(Editor's note: The following article, written by Boston B. Blackwood, appeared in the November, 1940, edition of THE FARMER-STOCKMAN).

A dirt farmer is a man who starts out with nothing, loses on everything he grows and comes out even at the end of the year. Nobody knows how he does it. He doesn't know himself.

Anyone looking over his farm would think the smartest man in the world would starve trying to tend it. That would be right. The smartest man in the world would starve, but not a dirt farmer.

His wife won't let him starve. She has one basic menu: She cooks whatever she has. In the good years, she serves half a dozen vegetables at each meal. In the lean years, she jumps from poke salad to black-eyed peas.

A real-dirt farmer can shape up an axe handle from a persimmon sprout and put it in with a dull pocket knife. He has a serviceable set of harness fashioned from baling wire, feed sacks and a few scraps of leather.

He grows corn for the squirrels and provides cover for quail so the city sportsmen may have something to shoot at in due season. He tries to understand that it makes sense when he is told he must produce more than ever before because farming is a vital war industry and then is denied new tools and has his boy inducted into the army because it isn't.

He is the world's greatest optimist. He believes that the fact he has come this far is proof that he can continue to the end. He buries last year's disappointments with the spring breaking and lives for the future.

His faith is not in himself alone. Jokesters say he consults his almanac before he plants his crops and has his teeth pulled in the dark of the moon so they won't sprout, and perhaps he does something.

If any man aspires to the title of dirt farmer, let him measure himself by this standard: He must have worn out two pairs of overalls growing cotton enough for one; he must regularly do half a day's work before the sun comes up and another half-day's work after the sun goes down; he must

Is A Cash Crop
Sebania is native to the Uni-

DRYLAND SESBANIA—Cecil Brashear, Idalou farmer, is shown above standing in the midst of Sesbania, a summer legume. Several Terry farmers have indicated they would plant the crop this spring. From 200 to 300 pounds of seed may be expected per acre, under normal conditions.

BY SEVERAL FARMERS

Sesbania To Be Tested in Terry

A crop new to this area will be tried this year by several Terry county farmers. The crop: Sesbania.

Sesbania is a summer legume with a tap root which will penetrate the hardpan. It was grown east of Lubbock last year by Cecil Brashear, who farms near Idalou.

The legume also was grown on the J. S. Bridwell farm near Crosbyton. Both of these plantings showed that the Sesbania can take a dry summer and still make a crop.

Are 3 Feet Tall
The legumes attained an average height of 3 feet and had good nodulation on their roots. A yield of 200 to 300 pounds of seed is average, with much higher yields possible in favorable seasons.

No information is available at present as to what effect Sesbania has on the soil for following crops. Increased moisture penetration has resulted on fields where the legume had been planted.

Planting seed costs about \$10 a hundred pounds. The Agriculture Conservation Program in Terry county includes Sesbania in the list of eligible summer legumes. A cost-share payment for the price of the seed is made to those who comply.

Sebania is native to the United States, and has been grown a two-foot high stubble which will for many years in areas of the be effective in the prevention of soil erosion.

over cowpeas or guar, one being that it is harvested so as to leave the legume can be used as a soil builder. See SESBANIA, Page 3

TSCD RECOMMENDS:

Sweet Clover for Summer Grazing

Here's a late tip from the Terry Soil Conservation District: Sweet clover overseeded on rye and wheat pastures will provide good grazing this summer for all types of livestock.

Sweet clover provides not only good pasture but also excellent hay—second only to alfalfa in feeding values.

Two to three cuttings may be expected the first summer, depending on moisture conditions.

The clover is an excellent soil-building crop which can be worked to good advantage with our crop rotations.

To get maximum benefits as a soil builder, biennial clover such as Madrid Sweet Clover should be allowed to grow two years before plowing under. A seed crop may be taken the second summer, if desired.

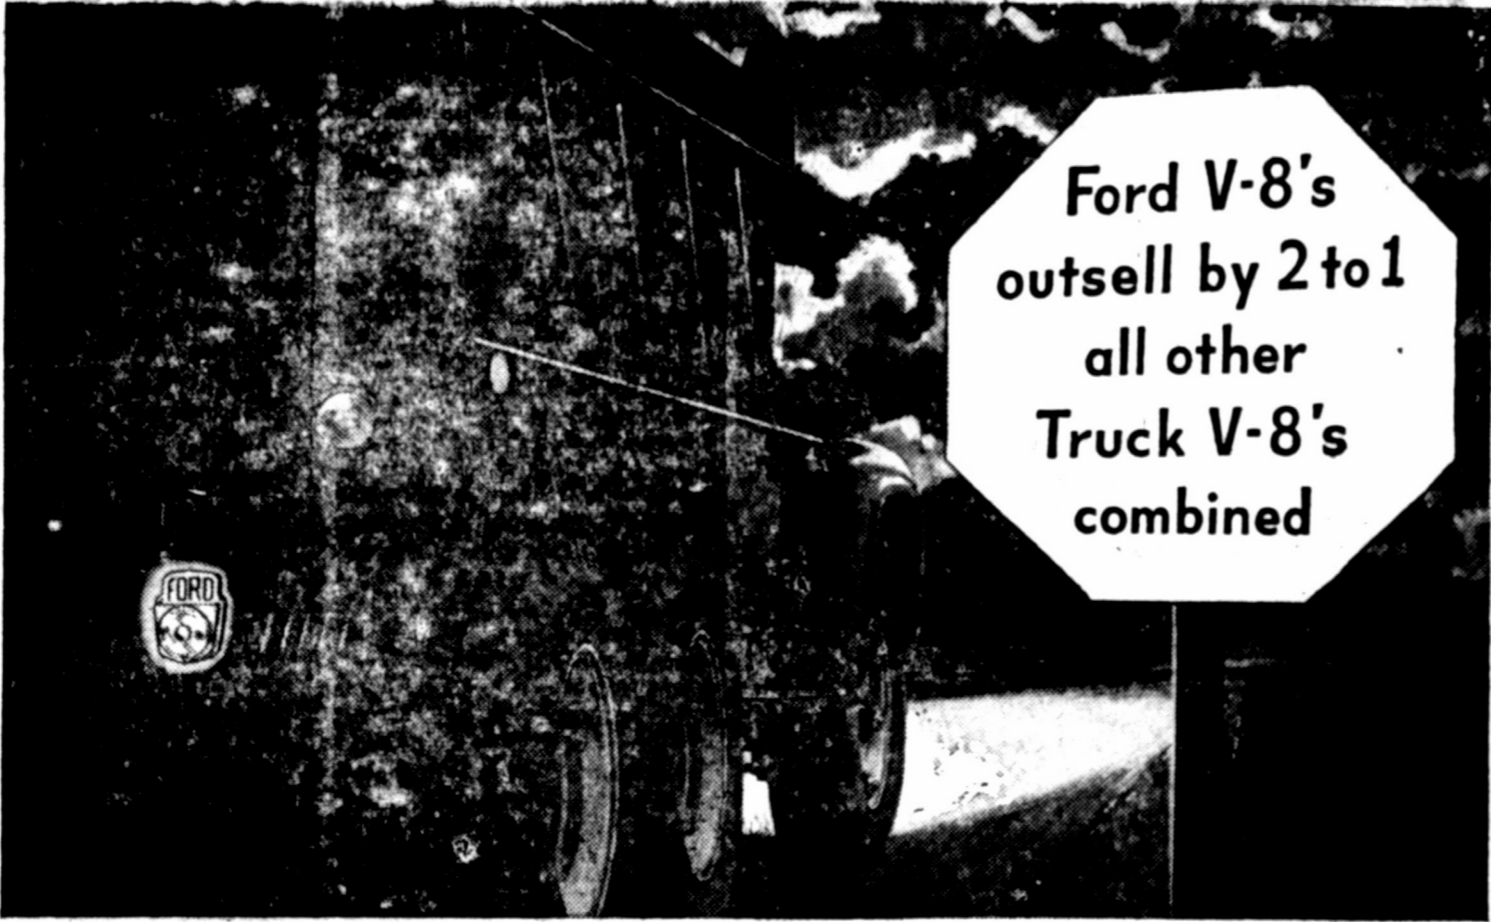

Rates for overseeding should be 5 to 25 pounds an acre. The seed should be inoculated prior to planting. A suggested time for seeding is prior to irrigation application—which will suffice to cover by splash and germinate the clover.

Fertilizer application of 100 pounds of 13-39-0, or its equivalent, is desired for increased production.

For further information, technicians of the Brownfield office, U. S. Soil Conservation Service, may be consulted in the basement of the Post Office.

JOHN DEERE DAY WINNERS—The quartet shown above was among some 487 Terry persons who took part last Thursday in the annual John Deere Day sponsored by Kersh Implement Company. From left, they are Leon Abbott of Wellman, winner of the John Deere Tractor-cycle; Mrs. Pearl Curtis, of Meadow, winner of the \$10 gift certificate at Collins Dry Goods Store; Loyce Floyd, farming west of Brownfield, winner of the box of John Deere oil filters, and George E. Kissinger, Route 4 of Brownfield, winner of three lister sears valued at \$7.50 each. Representatives of the 10 home demonstration clubs in the county, working through the Terry County HD Council, served lunch to approximately 485 guests. Featured throughout the day were full-length colored films dealing with the company's products and with modern farming methods throughout the nation. (Staff Photo)

Ford V-8's
outsell by 2 to 1
all other
Truck V-8's
combined

Economical performance is the big reason why Ford's the V-8 leader!

It takes a FORD to squeeze maximum power out of today's gasoline

Prefer a SIX?

Ford is the only manufacturer who gives you a Short Stroke Six in the light-duty field. It's the most modern, most efficient Six because it gives you more horsepower per cubic inch than any other Six. You get integral valve guides, free-turn valves and a deep-skirt crankcase for longer, smoother engine operation.

Shown above is the biggest Pickup box in the 1/2-ton field—a new 8-ft. box, available on the Ford Pickup at low extra cost.

Only Ford gives you modern Short Stroke power—V-8 or Six—in every truck! Short Stroke design means up to 53% more power with no increase in engine size

Just one kind of engine can give you all the mileage built into today's gas. And that's a modern Short Stroke engine—the new kind of truck power pioneered by Ford.

Short Stroke engines develop power that used to be possible only with much bigger engines. And Short Stroke engines do it on less gas! The shorter stroke means less piston travel, which means less

friction to waste power and gas, and less wear, too. You also get more usable power to work for you at the rear wheels!

New Ford Trucks save you money when you buy! Ford is America's lowest-priced line of V-8 trucks.* And right now your Ford Dealer is offering attractive terms for spring. Call him and find out what a sweet deal you can get!

*Based on a comparison of suggested list prices.

FORD TRUCKS

Ford Trucks Last Longer! Certified by independent insurance actuaries for the sixth consecutive year! Studies of over 10,000,000 current license registrations show that Ford Trucks last up to 5.9% longer than any of the other 4 leading truck makes!

HERE'S WHY . . . I USE AMMO-PHOS

FIRST . . . Ammo-Phos fertilizer is my first choice for more profit per acre. I tried other kinds, but compared to Ammo-Phos they all fell short at harvest time. That's why Ammo-Phos fertilizers are worth more to West Texas farmers.

LAST . . . Ammo-Phos is the last thing I could do without in my farming operation. For years Ammo-Phos has furnished plant food to nourish my crops, like so many West Texas farmers, I depend on Ammo-Phos. Believe me, it won't let you down.

ALWAYS . . . Always buy Ammo-Phos. That's my advice to you. It's pelletized and free flowing—high analysis and easy to handle—water soluble and more available. Yes, first, last, and always Ammo-Phos is the best fertilizer for your crops. Why don't you try Ammo-Phos fertilizer this year?

Brownfield News Editorials

CLEAR THE CONFUSION

States' Rights and Interposition

What is this "interposition" thing we've been reading about recently? And how do we stand on the subject? It seems to us here at the NEWS-HERALD office that those are questions good Texas citizens should be asking themselves.

To help understand the exact meaning, "interposition" is the theory under which a state interposes or places its sovereignty between the federal government and its citizens.

In theory it is like this: The federal government has only those powers which were granted to it by the states. The powers not granted and not prohibited to the states by the Constitution are reserved to the states or the people.

Under the theory of interposition, should the federal government attempt to enforce a law of Supreme Court interpretation (like segregation) which a state believes exceeds the authority granted the federal government by the states, the state interposes and declares the law or interpretation invalid within that state.

BETTER BE READY

Schools—The Awful Truth

Ten years from now 23% more children will be entering elementary schools than today, 55% more in high schools and 40% more in colleges. We will need some 600,000 more classrooms to accommodate them — a jump of about 60%, according to the Kiplinger Letter.

We'll also need 200,000 more teachers every year for ten years to cover school growth and to replace those who quit or retire.

The main problem, of course, is money, which in the end means more taxes. The total cost of schools, public and private, now is eight to ten billion dollars a year. In the next ten years this may double and most it must come from taxes.

What kind of taxes will support the schools? Mostly property taxes for already nearly 45% of the property taxes collected in states go to the schools. There will be higher local taxes, higher property assessments, and fewer exemptions.

amended. Congress may propose amendments by a two-thirds vote of both houses. Or, Congress may, on application of the legislatures of two thirds of the states, call a convention for proposing amendments. In either case, the proposed amendments must be ratified by three fourths of the states within seven years to become part of the Constitution.

So, under the interposition theory, it would be up to Congress or the state legislatures to submit a constitutional amendment expressly granting the federal government the power it has attempted to exercise. Legal opinion of the interpositionists holds that while the amendment is in the process of ratification, the federal government cannot exercise the power—in other words, interposition serves somewhat as a temporary restraining order.

It boils down to a state defying an order of the Supreme Court, no matter how you try to twist it.

Now don't assume that we aren't in favor of strong state government. We favor self-government to the fullest extent possible. But we don't believe a lot of things we have today would have been possible without federal aid.

A Louisville newspaper recently put our thoughts into words better than we can ourselves, saying "the hard facts to be faced by calm and sober people—facts not advanced by political demagogues or agitators, are:

"The South will not be allowed to withdraw from the union; it will not be allowed to establish defiance of the Supreme Court as the law of the land; it will not be allowed to bend the will of the union to denial of the civil rights or full citizenship of a tenth of our population any more than it was allowed to continue to enslave that minority."

It seems to us that there are a lot more important things to be considering than interposition. How about the Hoover Commission report, unification of the Armed Forces and some of those other matters that could save the taxpayers billions of dollars. Why not concentrate on that type of thing and make our present government more efficient rather than trying to make it more complex.

No Rest for the Weary—Taxpayer

THE AMERICAN WAY

INCREASING BY DECREASING?

By George Peck

EDITOR'S NOTE: George Peck is Chairman of the Board of the National Labor-Management Foundation and Executive Editor of its official publication, PARTNERS.

In an attempt, apparently, to give the lie to the accusation that the Administration at Washington is pro-big business, its bureaucrats are going overboard in their zeal to demonstrate that such is not the case. Most zealous of all it would appear is Stanley N. Barnes, former California Judge, who presently serves as Assistant U. S. Attorney General in charge of the Anti-Trust Division.

Mr. Barnes has teed off on a number of large companies and has succeeded in getting them to sign "consent decrees." A "consent decree" can be likened to an "out-of-court decision" in an ordinary suit between two private litigants. It is quite a "gimmick." It works as follows: A company is charged with a violation of the Anti-Trust laws. Then the government tells the accused in substance,

"Now, if you will be a nice boy, sign a consent decree and pay a relatively small fine, we'll drop the suit and you'll not only save a heap of money but an awful lot of your executive's time languishing in court in defense of the suit."

At the same time the company on the carpet is assured that the consent decree cannot be cited as a precedent in privately instituted anti-trust litigation. But the accused is threatened that if it refuses to sign a consent decree, lets the matter go to court and loses, then a precedent will have been established which can be cited against it in privately instituted anti-trust litigation.

To a business executive this looks like a "heads-the-government-wins, tails-I-lose" proposition and so he takes what looks to be in time and money, the cheapest way out. Some companies that so far have signed consent decrees are:

The American Telephone & Telegraph Co., which agreed to dispose of its \$16 million a year sound equipment business and relinquish its 8,600 patents without royalties. By thus being a "good boy," the

THIS WEEK

-In Washington With Clinton Davidson

You can get a hot argument in Washington this week as the drop of an amendment. Especially if it is an amendment to the farm bill. We've poked our nose around Washington for a good many years and we've never seen so many people in dead earnest about the development of a program that would ease the price-cost squeeze on farmers.

Congressmen have honest differences of opinion on the kind of a program needed, but all of them we know want a program that is fair both to farmers and consumers. They say it is a difference of opinion that makes for horse races, and we suppose it is the same in politics.

With everybody for a good farm program you'd think there would be no trouble at all in passing a farm bill. But it doesn't work out that way. It is hard to get three congressmen who will agree, and impossible to get the three farm organizations together.

Take price supports for instance. Two years ago Congress passed and the President signed a flexible price support law. But all Secretary Benson did was to turn it downward. That, he said, was the way to help farmers. Some congressmen, mostly Democrats, said that wasn't fair and what they wanted was for him to fix them up once in a while. Mr. Benson said no, that it was high supports that caused surpluses and the way to get rid of them was to have low supports.

Finally the House, last year, passed a bill to make Mr. Benson support some crops at 90% of parity. The Senators said wait while we go talk with farmers about it. And so they did.

Then the 18 Senators on the Agriculture Committee came back to Washington and, in February, voted 8 to 7 to make it unlawful for Mr. Benson to offer farmers less than 90% of parity for their corn, cotton, wheat, rice and peanuts.

Mr. Benson said that was wrong, and Mr. Eisenhower said he didn't think it was right. Mr. Benson said he had \$800,000,000 worth of surplus farm products now that he didn't know what to do with, and that high supports would just make the situation worse. Everybody agrees that farmers have been hit pretty hard the past few years; that the cost-price squeeze is really tough. Farmers have taken a 36% income cut while labor got a 40% wage increase, and the stock market boomed to an all-time high.

Mr. Eisenhower suggested to Congress that it wasn't low farm prices but low farm income that was the trouble with farming. Don't, chimed in Mr. Benson, forget my surpluses.

The thing to do, said Mr. Eisenhower, is to pay farmers to take their land out of production, temporarily. We can pay them, he suggested, with Mr. Benson's surpluses, and call it a Soil Fertility Bank. That and about a billion dollars cash would raise farm income, lower production, decrease surpluses, and store up soil fertility for future use.

how absurd bureaucracy can really become when it puts it mind to it. Of course, the grave danger in this "consent decree" business is that while the companies know that their capitulation to government cannot be used against them in future suits, the general public simply concludes, on the principal of where there is smoke, there is fire, that the companies have been guilty as charged; and that the Anti-Trust Division deserves a salvo of applause for having brought the culprits to the bar of justice for punishment.

And now Judge Barnes is threatening to swim in even deeper waters. In a speech on February 8, he stated that the Anti-Trust Division might proceed against the Big Three of the Automobile Industry—General Motors, Ford and Chrysler. He pointed out that these three companies produce approximately 95.5 per cent of the autos, leaving only 4.5 per cent of the remaining two automobile producers — Studebaker-Packard and American Motors.

So what? Under the present set-up the U. S. A. has produced automobiles in quantities and at prices that have made it possible for so many millions of Americans to own cars. The automobile industry, American style, is the "talk" of the world. Nowhere in the world is there such keen competition between automobile manufacturers. Does Mr. Barnes intend to force people to buy the kind of car that the government dictates, rather than as now, the kind of their choice? Does Mr. Barnes figure to arrange a certain percentage that each automobile manufacturer may produce to suit his and his fellow bureaucrats' ideas of just what percentage of the automobile business each should produce?

Those seem to be the only measures that government can take to reduce the percentage production of the "Big Three" and segment the production of the "Little Two." And that would be eliminating competition entirely, which very competition the Anti-Trust Division maintains it is trying to increase. Will anyone please explain how anything can be increased by decreasing it?

LOOKING AHEAD

Can Communism Be Stopped?

In a Western city recently the Federal Bureau of Investigation trapped and took into custody another "Public Enemy," a gangster notorious for his record of crime. The FBI had tracked him down relentlessly, with the fullest backing of the American people. The gangster was a "lone wolf"; he always worked alone. He was a "Public Enemy" because of his criminal record and the fact that every day he remained at large he was a threat to the life and property of at least a few individual citizens.

In the eyes of the American people this gunman was an outlaw. His deeds might not have affected more than a half-dozen lives in his lifetime. But the only common-sense way to handle an outlaw threatening the safety of even a half-dozen people is to take him out of circulation. . . . outlaw him. The American people agree on this. They understand the nature of a hardened criminal.

Incredible Attitude Yet there is a great criminal conspiracy at work in America, dedicated irrevocably to the destruction of everything we all hold dear, and we are permitting its thousands of highly trained agents all the freedom they need to carry out their missions. In addition, we are according the leaders of this world-wide conspiracy courtesies, social pleasantries and even gestures of public respect. On the basis of irrefutable facts our present relationship with this monstrous organization of gangsters is incredible; it doesn't make sense.

Communism is not likely to be stopped until the decent, free people of the world recognize its true nature and its uncompromising objectives and get to work immediately outlawing it, and firmly resisting its advance. The cunning leaders of international Communism know that the people of the world would do just that "if they realized the full truth of Communism's nature and its aims. So they have conducted a world-wide propaganda campaign to confuse the minds of people and capitalize on normal human apathy.

Too Unpleasant The normal human aversion to thinking about unpleasant things helps the Communists. Even when the truth about Communism begins to come through to people it is normal for them to banish the whole thing from their thoughts. In last week's column, the facts presented showed that if World Communism continues the rate of growth of the last 10 years, it will have the whole world at its mercy within another 10 years. Yet many people will shut their eyes to this fact. It's too unpleasant to accept.

In the March 5 issue of TIME Magazine are these facts about the nature of Communism: "Foreign specialists, carefully sifting reports from refugees and other sources, estimate that at least 20 million Chinese have been (slaughtered, murdered) deprived of existence. This does not include 23 million believed to be held in forced labor camps. These are figures that stagger the imagination. In no previous war, revolution or human holocaust, either in the days of Tamerlane or in the time of Hitler, have so many people been destroyed in so short a period."

The magazine continues: "Because it is hard for the mind to

visualize so vast a slaughter in human terms, the Communists have been able to reap an advantage from the very size of their funeral pyre: many Westerners (Note: that's us) finding the monstrous incredible, cannot see the blood on the hand of pretended friendship proffered by Chinese Communist Leader Mao Tse-tung." Although the TIME article shows photographs of citizens being machine-gunned to death by the Communist political police, many Americans will be disbelieving, many will turn their head and shut out this horrible truth.

Since the end of World War II, the free world has given up 693 million people and six million square miles of territory in 23 countries. And yet the agents of this colossal force, here to undermine America's strength and prepare it for destruction, are allowed to work freely; and we give its leaders and thus indirectly its evil nature, the prestige of acceptance. When will the citizens of America wake up? Will it be in time to save all mankind from enslavement under the heel of these international gangsters?

Some people have just conscience enough to make them miserable—it is too strong to let them walk the wrong way in peace.

The best shelter in an H-bomb attack is a good record.

His Seven-League Marketing Boots

Every fifth ton of America's \$15 billion export trade comes from its farmlands. One farm income dollar in eight comes from overseas sales. The prosperity of our farmers is directly dependent on the strength of the American Merchant Marine and the assured access its ships provide to foreign markets.

NEW POWER PERFORMANCE

800-6A POWER UNIT

This rugged heavy-duty MM power unit at 1200 rpm, develops 148 hp. on LP gas and 134 hp. on natural gas. Smooth 6-cylinder high-turbulence power and counter-balanced crankshaft reduce torsional vibration for longer engine life. Newly designed heat exchanger base pan keeps oil at proper operating temperature, greatly increases engine life and reduces maintenance. Pan attaches direct to an SAE standard fly-wheel housing, provides rigid mounting of power take-off for heavy belt drives, etc. Double-disc clutch and power take-off are of heavy-duty design.

Come in and get all the facts about long-life MM power units... Nine models to fit your needs.

the last century as regards the use of grassland, forests, wildlife and water resources, is the most violent and the most destructive of any written in the long history of civilization."—Fairfield Osborn.

The three-day, annual Gaines County Livestock Show ended Saturday in Seagraves with an animal sale following completion of judging in four divisions.

Judge of the beef cattle division for the three-day event was Walter Meyer, vocational agriculture instructor and FFA advisor of Brownfield High School.

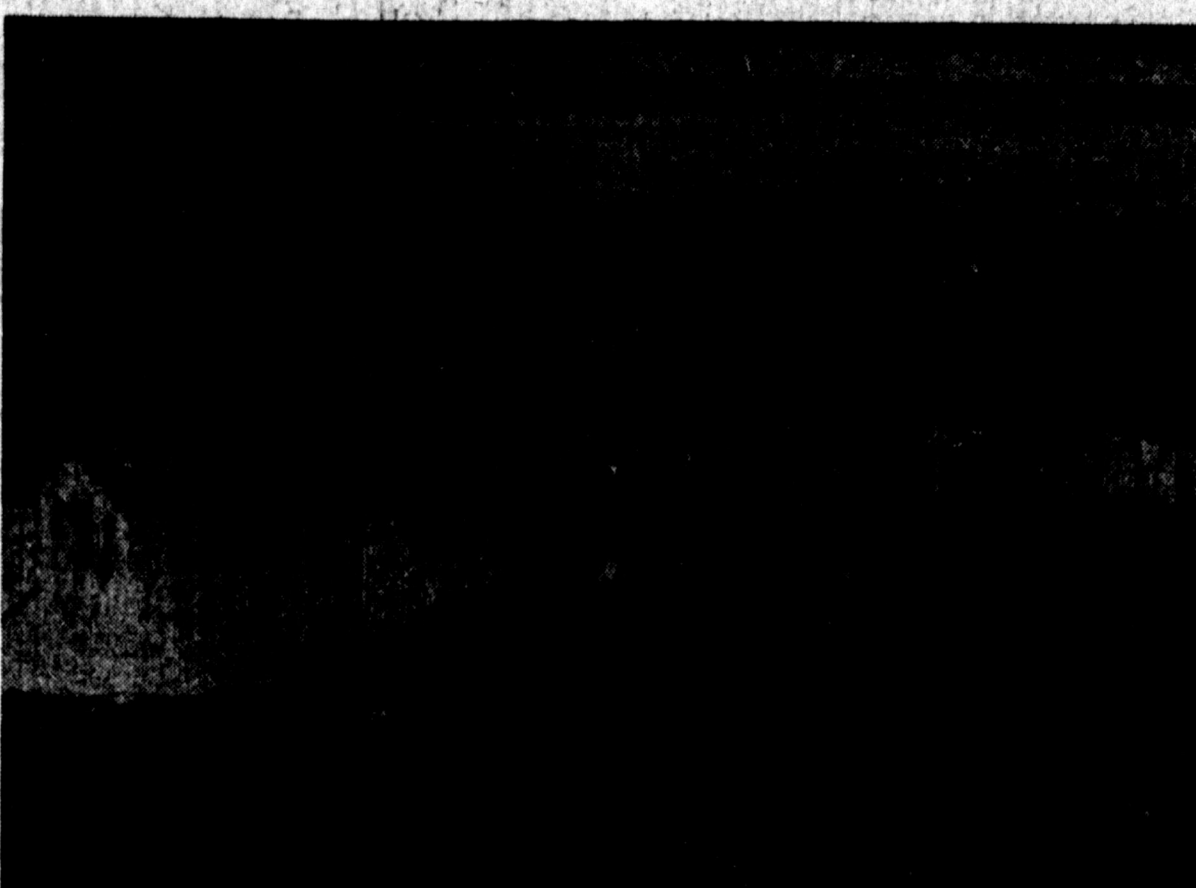

Meyer also will be a co-superintendent in the Fat Lamb Division of the annual South Plains Junior Fatstock Show, to be held Monday, Tuesday and Wednesday in Lubbock.

"CONSERVATION OF THE LAND... A step in the process of keeping the community resourceful, productive and a desirable place in which to live."—Anonymous.

Terry County Farm Bureau, First National Bank, Brownfield State Bank and Lewis Peeler's Farm Store at Meadow—these institutions are depositories for persons desiring to pay their membership fee in the Plains Cotton Growers.

The fee: Minimum of \$10 for both farmers and businessmen. Any payment above the \$10 by farmers will be based on the 10-cents-a-bale-unit—their 1955 cotton crop being the base. Businessmen will pay from \$10 to \$100, depending on the size and type of their businesses.

In review, members of the Terry organization striving to assure the county its rightful place within the POG framework are: Kenneth Partell, president; Virgie Travis, vice-president; Jess McWhorter, secretary-treasurer, and Dennis Q. Lilly, J. E. Smith, Eulice H. Par-rar and Lowell Stephens, directors. On payment of the fee, mem-

MYSTERY FARM NO. 36—MF29 of last week apparently was a stickler—no one identified it. Like all the others, however, it is located in Terry county. The MF shown above is an-

bership cards will be issued to each individual by POG from its Lubbock offices.

Elsewhere in this section of the paper is an article comprising excerpts from a publicity sheet issued by the Old Cotton Belt Association of Texas. In it, West Texas growers are classed as "cotton enemies." The OCBAT is pledged to get more of our acres POG is pledged equally to prevent it.

The young man asked, "Would you marry a man just for money?" Demanded his girl friend:

"Are you gathering statistics or proposing?" Says Earnest Joiner, long-time flery editor of the Ralls Banner: "We've had numerous farmers and businessmen tell us that, be-

cause of the high cost of feed, the egg business is unprofitable. We have just discovered that New Jersey leads the nation in the production of eggs.

"Feed from Texas is shipped to New Jersey and the resultant eggs shipped from New Jersey to Texas—as a nice profit. Texas ranks 5th in egg consumption among the states, but only 36th in egg production.

"Eighty-four per cent of the eggs sold in Texas cities comes from out of state. In Texas, we have the biggest demand for eggs, but defer to 11' ole New Jersey to fill the demand—with Texas-raised feed and two-way shipping charges!

"Looks like Texans are going to dig up a new excuse for not cashing in on egg production."

"They love their land because it is their own and scorn to give it to other reason why." — Eltz-Greene Halleck.

The board of directors of the newly organized Lamesa Cotton Growers met last Thursday to set the following dues for participation in Plains Cotton Growers:

Based on their 1955 crop, farmers in Dawson are being asked 20 cents a bale — 10 cents for the county group and 10 cents for POG. Ginners are asked to give one cent a bale for the local dues and one cent a bale for the POG. Merchants will contribute voluntarily.

A&M Short Course Attended by Three

Three Brownfield men returned last week from College Station, where they attended the fifth annual Texas Agricultural Aviation Conference.

Attending from here were W. P. (Buddy) Norris, owner of Norris Dusting Service; Roy D. (Pete) Harris, owner of Harris Flying Service, and Kelton Miller, long-time crop dusting pilot.

The men were among some 340 others of their profession who took advantage of the three-day event, which included a short course on pest control.

The annual conference is sponsored by the Texas A&M College System, Texas Aeronautics Commission, Texas Aerial Applicators Association and Texas Flying Farmers and Ranchers Association.

Norris listed the following subjects which were presented to those in attendance: Principles of Insect Control, Problems in Insect Control With Airplanes, Small Grain Insect Control, Weed and Brush Control, Fertilizing and Equipment and Distribution Problems.

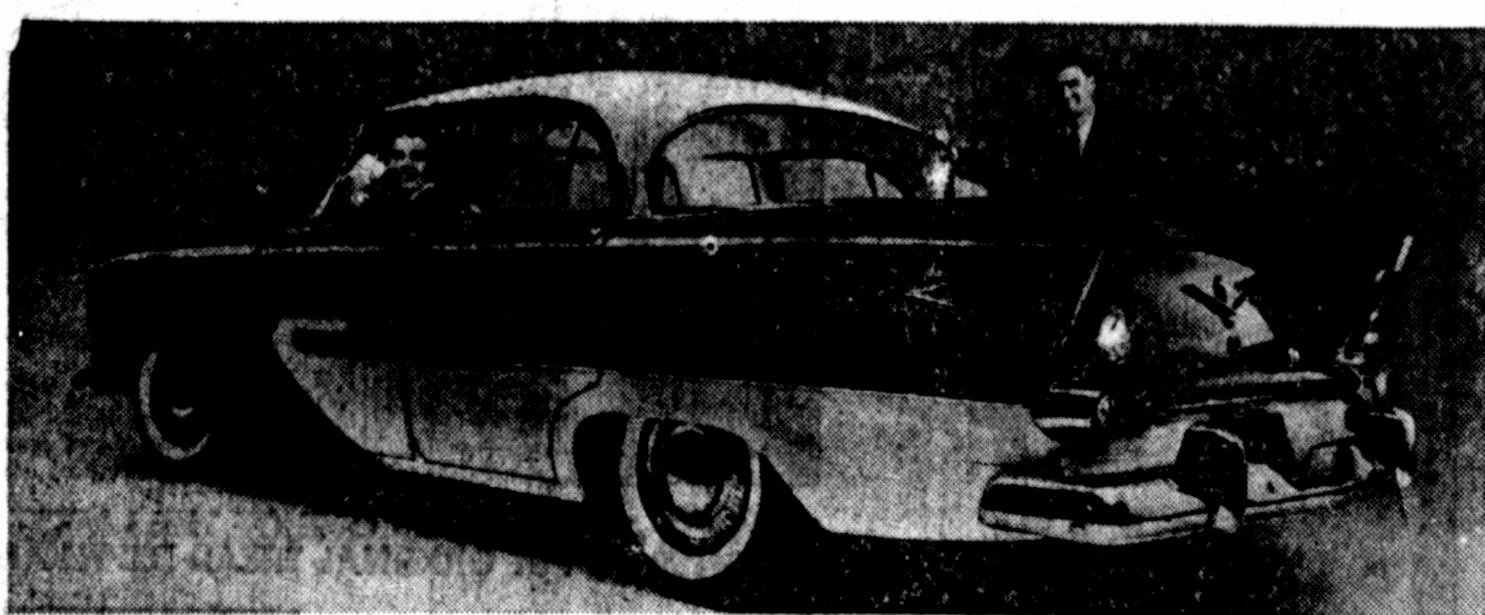

If you want your wife to pay attention to what you're saying, tell it to another woman in a low voice.

If you own one of these cars...

it'll pay you to trade now for a new 1956 PLYMOUTH

Perhaps you haven't bought a new model of your present make of car because you've been disappointed at how little that car has changed this year. Fact is, the only really NEW low-price car this year is PLYMOUTH, and it'll pay you to buy a new 1956 Plymouth NOW. Your present car is at the peak of its trade-in value today, and right now you'll get a money-saving High Volume Deal at your Plymouth dealer's. See him today—you'll be glad you did.

ONLY PLYMOUTH'S NEW THIS YEAR. In a year of otherwise "warmed-over" car styling, Plymouth brings you tomorrow's styling today in its all-new Aerodynamic Design. Plus the biggest size of any low-price car.

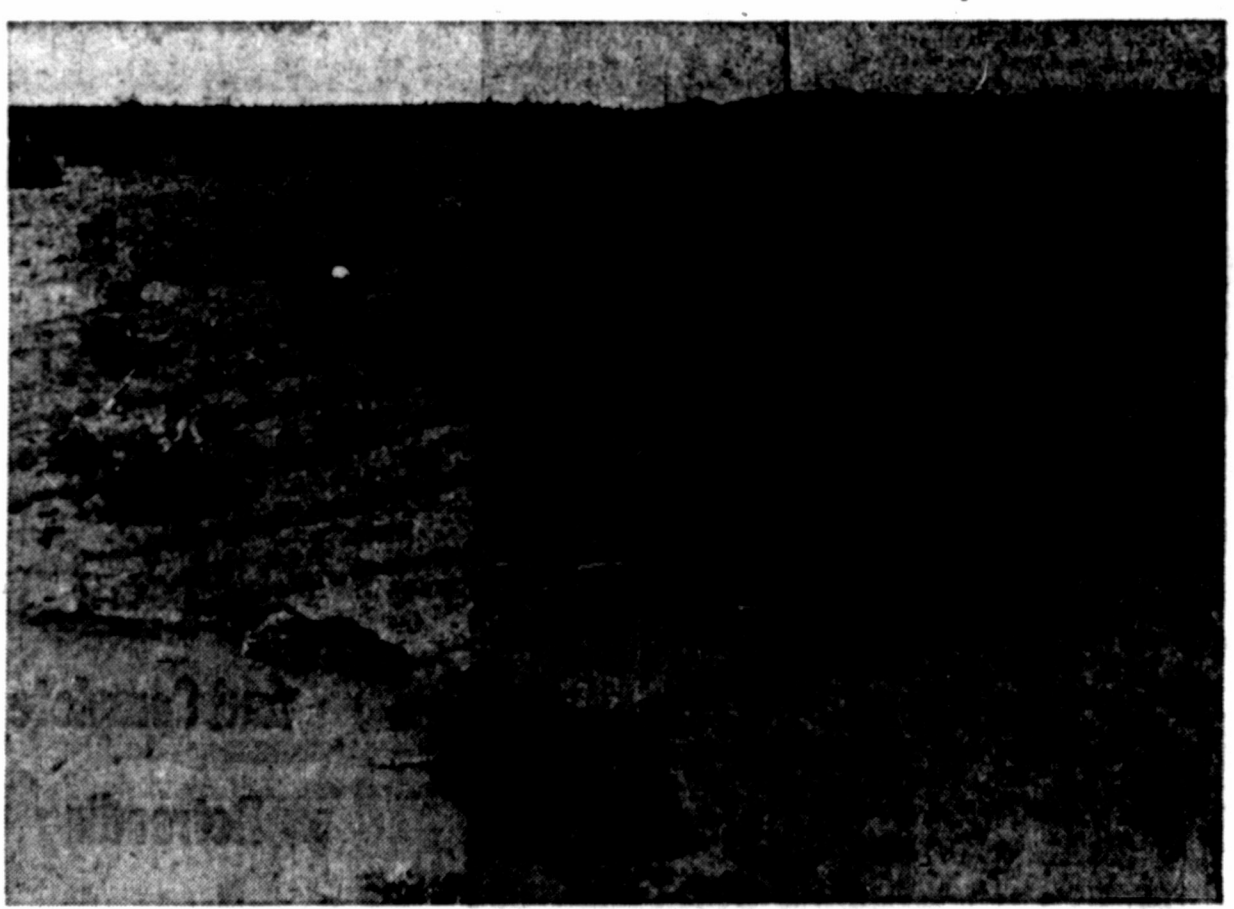

NEW PUSH-BUTTON DRIVING—Plymouth's alone in the low-price three! A positive mechanical control, Push-Button Drive is the safest and easiest ever designed! Optional on all 29 new Plymouth models. Try it!

PLYMOUTH GIVES YOU MORE VALUE for your dollar with features such as electric windshield wipers, Safety-Rim wheels, twin-cylinder front brakes that the other low-price cars don't have. See the NEW Plymouth today!

PLYMOUTH costs less From the day you buy it... through all the years you own it... you'll spend less on a Plymouth. That's one reason more Plymouths are used as taxis than all other cars combined.

Cotton Association Observes 'Victory'

(Editor's note: The following comprises excerpts from printed applications for membership in the Old Cotton Belt Association of Texas, predominant in East Texas.)

VICTORY — When Agriculture Secretary Benson ordered the Texas Agricultural Stabilization and Conservation Committee to list county-by-county acreage allotments, the Old Cotton Belt Association of Texas won its biggest victory.

The State ASC committee had been threatened by a \$10 million injunction suit by West Texas cotton growers. They objected to a cotton acreage allotment formula that would help small farmers. And most small farmers live in Central and East Texas.

But the Old Cotton Belt Association of Texas had won a year-long fight.

BATTLE—The Cotton "Battle" began last January. Acreage allotments were drastic enough. But some West Texas counties were even gaining acres while family-size farms in Central and East Texas were being stifled.

The Old Cotton Belt association of Texas has waged its battle at every level from the Agriculture Department in Washington down. By working with the State ASC committee and by providing it with the basis of a legal formula to help restore acres to the traditional growing regions, the Old Cotton Belt of Texas has one purpose: To get back—and keep — cotton acres where they belong: in Central and East Texas, where for nearly 100 years

it has been the basic cash crop, the livelihood of a great agricultural empire.

NEXT—We have won the battle. But a single battle doesn't win the war. We've got to keep on fighting. As long as there are acreage allotments, this battle must be a continuing one.

TIL NOW—The Old Cotton Belt Association has members in 47 counties in Central and East Texas.

YOU!—What can you do? You can help by joining an organization dedicated to helping this economy.

THEY!—What will your "cotton enemies" do? They will organize, too. Millions of dollars are at stake. These new growers plant cotton on thousands of acres, have invested other millions in new equipment. And all because farmers in Central and East Texas have not protested against a policy which let this happen.

These "cotton enemies" will stop at nothing to achieve their purpose. But where they have only dollars invested — and to lose — we have our families and our way of life. The can use irrigated lands for other purposes. But cotton is the only crop that in the long run will suit our purposes — as a basic cashcrop.

UPCOMING—The Old Cotton Belt Association of Texas is battling in Washington . . . to get corrections in some of the Bureau of Agricultural Economics figures for the crop years 1951 and 1952 . . . also asking that 1953 be knocked out as an acreage-counting year for history purposes.

Home Hints

By MILDRED COX Terry County HD Agent

New uses for the old-time food favorites are many and frequent these days . . . potatoes are now in for some "new looks." Potato flakes, granules, tidbits, and even potato chip bars are being developed.

Potato flakes are a new form of dehydrated potatoes. Mixed with hot milk or water, the flakes whip quickly into fluffy, mashed potatoes. The flavor is similar to baked potatoes.

A new process for drying potatoes to granules — dehydrated mashed potatoes — is being developed. The process is aimed at giving this product better storage qualities.

Offered Fat-Free
Potato tidbits will be offered as a fat-free, puffed morsel that can be flavored. A golden brown color and crunchy texture make the tidbits ideal for out-of-hand eating, as a breakfast food and soups, stuffing and casseroles. Cheese, garlic, onion, sugar, monosodium glutamate and salt are some of the flavorings that can be used in potato tidbits.

Potato chip bars are made from crushed potato chips. A high-melting hydrogenated vegetable oil is used in the frying process to bind the chips into a compact bar. These are high in calorie value and taste appeal.

Drinking Enough Milk?
It's hard to get enough calcium or riboflavin into your daily diet without using a good deal of milk. From infancy all the way through the teens, it takes large amounts of calcium to keep up with the growing body's needs. If you are a calorie watcher, use skim milk or non-fat dried milk solids. These provide all the nutrients in whole milk except fat

county agents, FFA advisors, and vocational agriculture teachers throughout West Texas and Eastern New Mexico.

Hundreds Are Attracted
The show annually attracts hundreds of 4-H club and FFA chapter boys from approximately 29 counties. The 1955 event exhibited 1,200 hogs, lambs, and steers.

General Superintendent of the youth stock show will be D. M. Sherrill, Lubbock county agent and L. M. Hargrave will be assistant superintendent.

Officials in the various animal divisions are:
Fat Steer Division — superintendent, Bill Griffin of Tahoka; assistant superintendent, C. L. Montgomery of Big Spring. Dean W. L. Stangel of Texas Tech will be judge.

Fat Barrow Division — superintendent, Ollie Limer of Plainview assistant superintendent, Bill Gregory of Spur, Lee Roy Colgan of Lamesa and Paul E. Gross of Seminole. Stanley Anderson of Texas Tech will judge.

2188—Classified Ad Department

10 IN COUNTY HD Clubs in Terry Affiliated With Others Over World

(Editor's note: The following article was written by Mrs. O. D. Kennedy of 709 East Lake, chairman of the Terry County Home Demonstration Council.)

In spite of the fact that Terry county has sponsored Home Demonstration work for many years, there are some who are either non-informed or misinformed as to just what comprises the work.

Someone has said, "You can tell an HD woman as far as you can see her."

Now we take that to be a compliment, for we like to feel that we are doing enough to improve home and community living that we do stand out.

An HD club is by no means a group of outdated women.

Membership Is 40,000
The Texas Home Demonstration is an organization composed chief

ly of rural women, with a membership of more than 40,000. Its objective is to serve as a cooperative agency for the statewide activities of the HD clubs by being a medium to express the desires and interests of the women. It cooperates with other groups of similar interests.

Texas is divided into 12 districts corresponding with the 12 Extension Service districts of Texas A&M College System. Each has a vice-president, and each county has a THDA chairman.

Directors Are Listed
THDA's board of directors comprises a president, vice-president, secretary, treasurer, 12 district vice-presidents, six committee chairmen, editor of the Messenger and the immediate past president.

The members of the association suggest the programs of work. Recommendations are classified as follows: education, recreation, health and safety, 4-H, citizenship and civil defense. (So if someone says that HD women only ran a few peas and gossip, then that someone is misinformed.)

The association contributes \$100 annually to each of the 12 districts to help 4-H work. It also gives three \$500 scholarships each year to outstanding 4-H girls in the state.

Tech Scholarship Given
One 4-H girl in District 2, which includes Terry, is given a scholarship to Texas Tech each year.

Our motto for this year is "God and Home, The Source of Freedom." It is the little things which make the big things in life — little things like love, home, family, community life, citizenship responsibility and others that fashion a pattern of living.

There are no dues to be paid — so you have everything to gain and nothing to lose. One of the

things we try to do is to learn better economy. We get the best for the least output of money.

Nearly all of us are wives of Farm Bureau members, and certainly the Farm Bureau is our closest ally. We believe the farmers need the benefits derived from such an organization.

However, to join the Farm Bureau, one pays a \$10 membership fee. That is fine with us, but the women can get as much, and perhaps more from HD club membership — and there positively is no fee.

THDA is a member of the Na-

tional Home Demonstration Council, which will meet in Texas for its 1956 convention. The national council is a member of the Associated Country Women of the World.

You can see we are working with women throughout the world to make this a better world in which to live.

Any time you find that truth stands in your way you may be very sure that you are headed in the wrong direction.

SERVICE NOW is Better than SORRY LATER

The choice is up to you . . . take time for preventive maintenance now or take a chance on "getting by" in the field later on.

The most economical choice, in the long run, is to bring your John Deere Tractor and Equipment in for a checkover now . . . while we both have plenty of time. Our skilled mechanics will go right to work; they'll do only the work that's necessary . . . do it quickly, efficiently, and economically.

Your tractor and equipment will be ready for work—come what may. Renewed power . . . performance . . . and economy will more than repay you. Why wait? Let's make a service date . . . this week.

Church Of Christ Junior College Board of Trustees Hold Meeting

LUBBOCK (March 10)—Immediate steps for solidifying plans and determining the site of a proposed junior college for the South Plains area were pushed at a meeting Saturday of the school's board of trustees.

The private institution is sponsored by the Church of Christ.

J. C. Rigney, Lubbock businessman and board member, said he had found "considerable interest" here on the proposed school.

And O. T. (Skipper) Shipp, also a trustee, added friends of the proposed school are eager to see it located here for two primary reasons.

"First," Shipp said, "we believe Lubbock is developing into a metropolitan center with the kind of citizens a college needs for its setting."

"Secondly," he added, "as Texas Tech is developing into a large college we believe this junior college would complement the work of Tech, and the presence of Tech

would be a distinct advantage of the proposed school.

"We envision Lubbock as a cultural and educational center which will offer many advantages to a first class private college such as we are interested in establishing here," he said.

Dr. J. B. McCorkle, board chairman, expressed appreciation for cooperation already promised on behalf of Lubbock businessmen.

During the session, a resolution

Tip to Farmers

Long-Lasting Chick House A Better Buy

A farmer can save money on a brooder house by taking the long view. Expense should be figured on the basis of the cost per year for the life of the unit, not simply a lump sum. A well-built brooder house costing \$200 that gives 15 to 20 years of service is more economical than a cheaply constructed house that gives 5 years of service at an initial cost of \$100.

Sound economy calls for a structure that adequately protects the poultry investment it houses. Proper insulation is a "must" for the close temperature control young chicks need, as well as for minimum fuel bills.

If a rounded arch roof is planned, bend sheathing material over laminated wood arches and cover it with heavy fire-resistant mineral-surfaced asphalt roll roofing. The same material serves equally well in maintenance of existing

Linda Brownfield Birthday Honoree

Linda Brownfield was honored on her twelfth birthday February 29 with a dinner given by her parents, Mr. and Mrs. Lee Brownfield.

Although Linda is twelve years old, this is only the third birthday party she has had, as she is a Leap Year Child.

A fried chicken dinner was served to the following: the honoree, Kathy O'Dell, Dorinda King, Kerry Nowell, Pam Shirley, Joy Luckey, Ann Copeland, Becky Burnett, Ann Moore, Claudia Ches-shir, Sandra Turner, Charlotte Goble, Virginia Lee Cooper, Judy Pickett, and Sharon McWhorter.

The table was decorated with a pink 'doll' cake, and pink combination place cards-mint cups were decorated with miniature ballerinas.

Games were played by the group following dinner.

of the Chamber of Commerce was read advising the board it would welcome the proposed college and believed that a comprehensive drive with citizens as a whole participating would be the best way to raise funds needed for starting the school.

Advantages Offered
M. Norvell Young, Church of Christ minister, pointed out distinct advantages the college would provide for the area.

Scoring cultural and financial dividends, Young said, "The new junior college would mean an initial investment of approximately

Farm Records Are 'Key To Success,' Asserts Specialist

Farm records have been referred to by a farm management specialist as their "eyes and ears of the farm business."

Records reflect how the business is doing and may prevent costly management or expansion mistakes, says specialist C. H. Bates of Texas A&M.

On the average farm the investment per worker totals about \$15,000. Investments in land, machinery, livestock and other essentials needed for agricultural production makes the present day farmer a capitalist of considerable means.

Investment Often Larger
His investments are often larger than those of many urban businessmen. Our highly competitive commercial farming, explains

\$1 1/2 million in its plant and equipment.

He reported that surveys made by the State Department of Education revealed that a junior college of 500 students would bring at least \$650,000 annually into the city.

Study Made
A 1954 study made by the three Abilene colleges show that more than \$5 million is released there by students, faculty, employees and school budgets annually.

Paul Sherrod moved during the meeting that a committee — including a number of men outside the board—be appointed to obtain information concerning possible sites for the proposed college.

Plans were made by board members for two meetings with committees next week.

Bates, makes record keeping mandatory as a protection for our investments.

Records also make the job of completing the yearly income tax report much simpler and can save money — expense items which are not recorded often are overlooked or forgotten at tax paying time. For every \$5 item missed, the average taxpayer paid \$1.25 in taxes he didn't owe, said Bates. Even the cost of a good farm record book is deductible as a legitimate operating expense.

Key To Success
Farm families, says the specialist,

who have improved the efficiency of their farming operations have found records to be the key to their success. They have taken the guess-work out of their business.

Many types of record books are available, but Bates called attention to the revised Texas Farm Record Book which now is available for a small change.

This book is designed to aid farmers not only in keeping a complete record of the farm but also for making tax and social security reporting easier.

Brooder house needs durable, watertight roof to protect sensitive chicks and to keep maintenance cost on the structure low.

houses. Roll roofing looks best and gives greatest protection from rain and wind if it is applied by the "blind," or concealed, nailing method.

If the house has a gable roof, asphalt shingles will give long-term protection with minimum maintenance. For color uniformity that enhances the appearance of the entire farmstead, shingles often are chosen in a color to match the color of the roofs on other farm buildings.

The moisture that collects from evaporation and droppings is best disposed of by ventilation. Ventilation can be systematically controlled through damper-controlled louver openings in front and rear walls. Stock wood utility sash is recommended for windows.

A portable brooder house can double as a range house. For safe moving, it should be built on two 4-by-8 skids, under 2-by-4 joists spaced 24 inches on center. The braces should be screwed to each joist.

Twirp Week—where the woman is requested to pay—was observed at B. H. S. this week. This is the time when the girls switched places with the boys, by asking for the dates, furnishing the money and transportation, walking them to class and carrying their books, and buying their cokes. The highlight of the week was for the girl to get a date for the senior play and then tag her date with a tag which read, "I'm a Twirp for 'Papa Was a Preacher'", the senior play.

Some of the various opinions expressed by the students concerning twirp week were: Keith Baker, "It's O. K. for the boys"; Barbara Chesshar, "It's all right for the younger generation"; Judy Land, "It's the most wonderful thing that ever happened"; Ann Shropshire, "It would be all right if we didn't have play practice every night"; Kay Kissinger, "It's O. K. if there were more boys to ask"; Betty Bragg, "I like it"; Dixon Latham, "It would be all right if they (the girls) would get with it. Look—no tag!"; Lloyd Martin, "It would be all right if I could get a date"; James Brinson, "It would be all right if a good girl would ask me"; Theda Moore, "It would be all right if all the cute boys were in high school"; Rita Goodpasture, "It's good and it's bad (for the girls)"; Freda Newsom, "Too expensive"; Patsy Hulise, "It's expensive and it makes a girl feel funny."

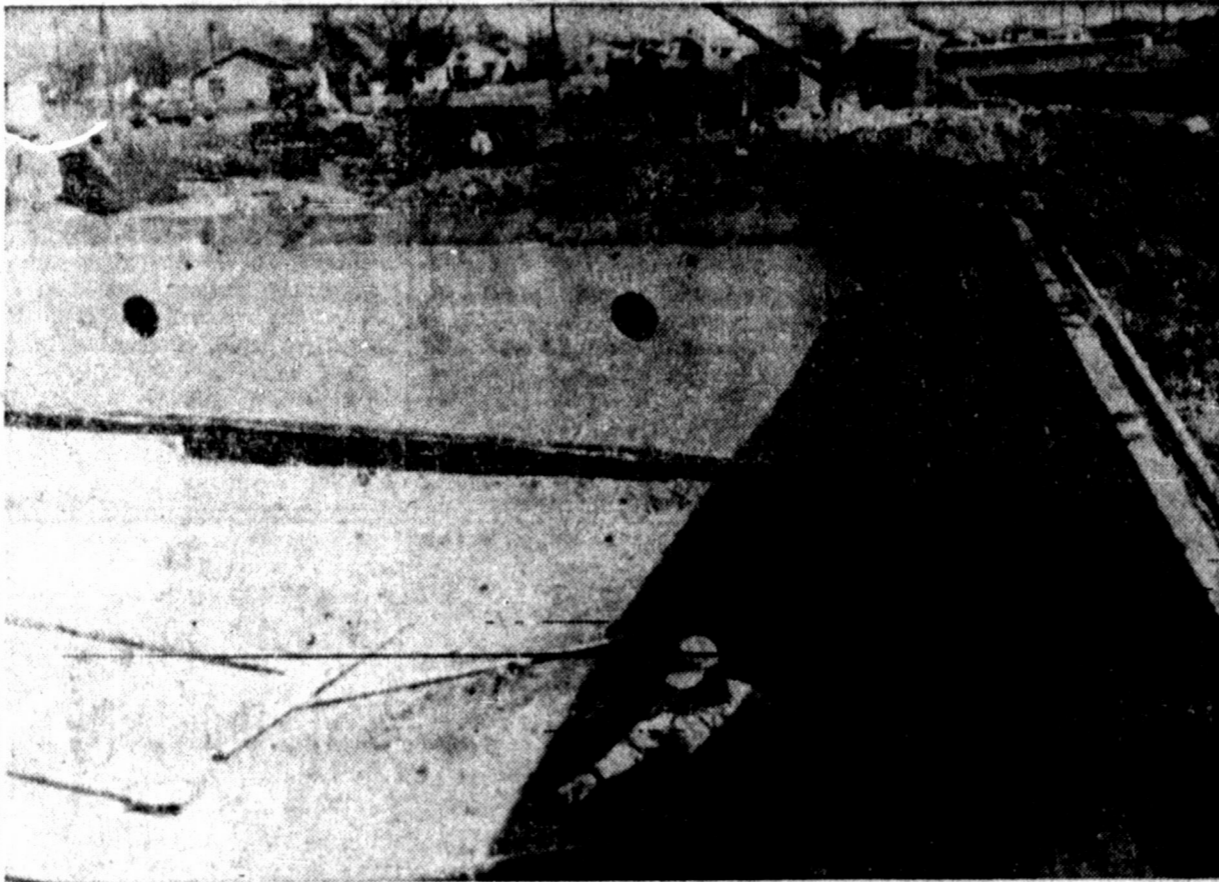

Are All Cold Remedies Alike?

Not for example, 666 is the wide-activity medicine, which combines 4 of the most effective, widely prescribed drugs known, to relieve all cold miseries sooner. 666 is more potent and gives positive, dramatic, rapid relief from miseries of all kinds of colds. That's why 666 is unsurpassed in effectiveness. Try it.

PARK CONSTRUCTION ROLLS ALONG—Work on the new swimming pool is nearing the final stages now that the entire pool has been poured and progress has been rapid on other parts of the park during the past week. The roof is going on the party house and the bath-

house is faking shape with the brick layers all working on it now. Work has also started on the underground water system, and landscaping will start as soon as the water can be turned on.

family, along with Bob Smith, went to Lorraine to visit her grandmother.

The Westminster Fellowship class of the Presbyterian Church spent the week end in Ruidoso, bowling, playing pool, hiking, and riding horses (until Sheri Clements fell off a horse and broke her arm).

They plan to make this an annual affair. The girls, Janel Bragg, Juana Jay Barrett, Jerre Sue Estes, Betty Bragg, Patti Wilder, Sharon Snedeker, Sheri Clements, and Gretchen Sloan, stayed at the Idle Hour Courts, and the boys, Doug O'Dell, George Fugitt, Ken and Mont Muldrow, Dick McReynolds, Curtis Bryant, Charles Kersh, Herbie Pickett, Don Copeland, and Joe Cloud, stayed in Mr. O'Dell's cabin. The boys chopped down two trees to furnish wood for the fireplace.

By Friday night, some of the

kids had run out of things to do, so Doris Rathiff broke the monotony and had the following kids up at her house to dance and raid the icebox: Johnny Raybon, Jackie Meeks, Le Nora Turner, Bobbie Nell Richardson, Patsy Hulise, Gerald Jenkins, Lloyd Martin, Lee Allen Jones, Jimmy Jenkins, and Mary Ruth Venable.

Something new has been added to the annual this year: the wildest, liveliest, neatest, and most courteous boy and girl of each class. The elections were last week, but the winners will remain a secret until the annual comes out.

Wednesday morning in assembly we were honored with a play, "Hired for Keeps", given by Mrs. Kissinger's home room. This was a comedy about the dumb secretary who was replaced by a very efficient one. The characters were: Carol Mayfield as the dumb Miss Meigs; Lynn McNally as Jimmy Simms, the office boy; Pasty Land

as Mabel, an office clerk; Sue Dell Jones as the new secretary, Miss Wendell; and Joe Oswald as the boss, Mr. Blair.

Mrs. Kissinger, the typing and shorthand teacher, has named the interscholastic league contestants as follows: Typing I, Janel Bragg, Donna Sue Christopher, Carole Johnson, and Jo Beth Dumas; Shorthand, Glenda Jones and Shelby Thompson.

Thursday night, Theda Moore-S.

J. Bryan, James Bruce-Francis Green, Jo Beth Dumas-Buddy, all attended the Seagraves rodeo and dance. Theda said they "had a lot of fun."

Gretta Howell and Paula Turper started their vacation from school early by going to Lubbock Tuesday and staying over Wednesday. Some Brownfield kids went to a Levelland dance Friday night. There were a lot of cute Marines there; just ask some of the girls that went.

Monday was the deadline for cheer leader candidates to turn their names in. Here are your cheer leader candidates—take your pick for next year: Jacque Aldrup, Jerre Sue Estes, Janel Bragg, Mary Jo Christian, Ruth Glenn, Reudell Bradley, Ann Lee, Wendell Newman, Dixon Latham, Carolyn Burnett and Janith Spears.

The first track meet of the season was at Seminole Saturday. Jackie Meeks won third place in the broad jump.

This week we delved into the corners of B. H. S. and found, as usual, Carl Moore-Peggy Adams, Charles Gunn-Joan Priest, Leslie Britton-Dale Wilson, Bobby Moore-Theresa Stephens, Ernest Hyman-Jerre Sue Estes, Lee Dale Rowden-Melba Willis, Glenn Chesshir-Delma Fox, and Janel Bragg-Virgil Hughlett.

Seen waiting after the track game for Gerald Jenkins was Bobbie Nell Richardson, as was Le Nora Turner for Jackie Meeks.

Then how about the cute chicks and guys: Chris Addison—who is so fond of Patti Thomas? Le Neil McNally who goes with Tommy Street? Ann Lee who is being squired by Ellis Cox? Keith Baker who plays the field with cuties Kay Kissinger and Aileen Brown? Lee More Cypert who loves all the gals? Melba Reid with her ring from J. T. Shannon? and Barbara Knox who is being

rushed by Richard Baggett?

Then there's Betty Ann Davis and Roger Pently. Aren't they a cute couple? Shirley Wilkenson and Ella Mae Lowe seem to go for Gary Willingham and Roy Rucker. Doris Rathiff has gone back to her college boy, Phil Addison, and Sid Szydiowski is escorting several girls around. Barbara Kay Hodges and Dennis Beadles are still goo-goo eyed over one

another. We'll see you Twirps at the senior play Friday night at 8.

Mr. and Mrs. Jack Bailey and Mr. and Mrs. M. G. Tarpley left last Friday for an extended trip through the south and a visit with the Tarpley's daughter, Mrs. Cliff Card, and family in Daytona Beach, Fla.

Southwestern Life reports

greater SIZE

Insurance in Force December 31, 1955 . . . \$1,340,519,627
An increase of \$128,918,969 in 1955. Southwestern Life's insurance in force has increased by a greater amount during the past eight years than it did during the preceding 45 years of the Company's history.

greater STRENGTH

Assets, December 31, 1955 . . . \$368,052,237
These assets, listed in the accompanying statement of condition, guarantee the security of the policy values belonging to the hundreds of thousands of Southwestern Life policyowners. At the end of 1955, these resources exceeded all present obligations to policyowners and all other liabilities by \$41,611,905.

greater SERVICE

Policy Benefits Paid in 1955 . . . \$21,845,700
An increase of \$3,200,000 over the amount paid in 1954, and a grand total of more than \$220,000,000 paid since the Company was organized in 1903. Again in 1955, Southwestern Life distributed more than 10 per cent of all the life insurance benefits paid by all companies to policyowners and beneficiaries in its home state.

New Paid for Business in 1955 . . . \$211,201,979
Southwestern's agency organization produced \$178,419,027 of new business, a record achievement in agency force sales for the seventh consecutive year. In addition, the Company underwrote \$32,862,952 of group insurance on U. S. Government employees, and now has more than \$100,000,000 of such insurance in force.

Funds Newly Invested in 1955 . . . \$58,847,838
These funds, usefully employed in carefully selected and well diversified investments, contribute to the economic development of the Southwest by financing a great variety of individual, business and public undertakings.
