CANDIDATE AND BROWNFIELD AUDIENCE ship. In the picture above, he greets old tim—More than 150 persons listened here Saturday as Ralph Yarborough stumped toward the was, of course, Allan Shivers. (Staff Photo) July 28 primary in his race for the governor.

News & Views
By JERRY STOLTZ

The fact that we left the Tax Collector-Assessors race out of the story about the drawing for places on the ballot last week was not intentional, merely a slip-up.
Don Cates drew the number one spot and Eddie Hill will be second.
That mistake idea is reminding of a good slogan we heard recently: "Don't do it today, put it off until tomorrow. You've made enough mistakes for today."

Due to Wednesday and July 4th falling on the same day, the monthly meeting of the Chamber of Commerce directors will be set back a week to fall on July 1 according to President J. T. Hoy.

Alton Chapman, former Rotary District Governor, from Floydada, will be guest speaker for Rotary installation tonight. Newell Reed, Morgan Copeland and Russell Winton are going in as president and vice-presidents.

Speaking of installations, Sawyer Graham will be installed as Worshipful Master of the Masonic Lodge Friday night. Homemade ice cream and cake for refreshments should entice a good crowd. The installation will be an open house for the public. J. O. Burnett and Leonard Ellington also assume top duties.

According to Changing Times you can get set for some real surprises in the 1957 cars. Bodies will be lower-slung and smaller wheels will give a smoother ride. More extravagant use of glass will mean thinner body posts. Car interiors will stress comfort and class and swivel seats will add luxury. Motors will be even more powerful with automatic transmissions standard equipment on even the lower-priced models. Gadgets will be common.

Mike Copeland, Richie Privitt, Bobbv Graig and Gary Travis did a good job with Virgil Crawford in a quiz show at Rotary Friday. The youngsters came up with some novel answers.

Whether or not a black cat crossing your path is bad luck depends partly on whether you are a man or a mouse.

Note to prospective jurors—don't sit on the front row. Friday morning they needed six for a jury to determine damages in an uncontested suit involving an automobile accident. County Attorney Morgan Copeland just swept the first six on the front row

Yarborough Brings Campaign To Terry

Malnutrition, as defined by Ralph Yarborough, currently in the throes of a third attempt to occupy the Governor's Mansion in Austin: "Is just a fancy term for starving to death on a Shivers old-age pension."
The Austin attorney, campaigning for election as hard as he did in 1952 and 1954, made his second recent major address here Saturday afternoon on the courthouse square.
Yarborough told his Brownfield audience that old-age pensions should be increased \$30 a month—and that he would do so if elected.
He hit mercilessly at "the Austin mess," saying that he "pledged the people of Texas the restoration of honor, integrity and dignity in their state government."
Some 150 persons gathered

Rites Held Saturday For Glenna Moore

Final services for Glenna Moore, 16-year-old daughter of Mrs. Jack Weber and R. D. Moore, both of Brownfield, were held here Saturday in Northside Baptist Church, with the Rev. A. J. Franks, pastor, officiating, assisted by the Rev. A. W. Stowe of Calvary Baptist.
Burial was in Terry County Memorial Cemetery, under the direction of Brownfield Funeral Home.
Pallbearers were Glen Reid, Kenneth Callaway, Howard McQueen, Edwin E. Akins, Theo Brinson and Keith Baker.
The Brownfield High school Junior was killed early last Friday when she fell from the back of a pick-up truck on a road between Lake Texhoma and Denison Dam. She was returned from a fishing trip on her vacation with the Elbert Akin family of Brownfield.
Survivors are her mother and father; three brother, Carl W. Moore and J. D. Moore.
See RITES, Page 2

Brownfield Students Attend Summer School

Thirty Brownfield students are included among the 279 high school band students from 39 communities attending the annual Texas Tech Summer Band School, which ends Friday.
The students have been divided into four bands, depending

BATON MAGIC AT TECH—A group of high school students watches as Benni Dunn, Texas Tech drum major, shows them how to flip a baton with ease during a session of Tech's annual summer band school. The fascinated students, left to right, are Ann Patterson, Brownfield; Sharon Patterson, Anson; Bonnie Ward, Lubbock; and Jo Beth Dumas, Brownfield. (Texas Tech Photo)

THE WARNING HAS BEEN ISSUED

Council Approves Traffic Control Plan Of 'Less Lenient' Enforcement

Watch that turning right on a red light!
You can get a ticket—but fast!—for double parking. Careful, no U-turns.
The preceding are a few of the traffic infractions which the Brownfield Police Department has strict orders to correct immediately.
A number of Brownfield motorists already have felt the stern but friendly gaze of cruising patrolmen carrying out the recent orders of the City Council and city manager.
The latest turn in traffic enforcement began this week after careful study by the council of excellent results reports in other cities as a result of "less lenient" enforcement.
Here are other instances which will result in tickets and fines: 17-minute parking in the 15-minute zone around the Post Office, parking at curbs marked with red paint, parking on the wrong side of the street in the downtown business district, parking on corners and blocking alleys.
"We began our strict enforcement this week," explains Chief of Police Nolan Lassiter, "and there is to be no let-up. This is the order of things to come in the way of traffic enforcement in Brownfield."
Things will really be tough during the traditional death-dealing holiday periods, such as the up-coming July 4. All leaves and days-off for Brown-

field police and most of those throughout the nation have been cancelled.

PROMOTED — Effective Sunday, Sgt. Aaron Zeigler of the Brownfield Police Department will be Captain Zeigler, and will be the night chief of police. The promotion was announced Wednesday by Chief of Police Nolan Lassiter. Zeigler, who lives with his family on Levelland Highway, will have been with the force 10 years this fall. (Staff Photo)

First Graders Are Required To Have Birth Certificates And Vaccinations

Brownfield school authorities Thursday reminded parents of children who will begin school in the Fall that vaccinations and birth certificates are prerequisites.
Brownfield public schools require that all beginning pupils present a valid birth certificate when enrolling.
A birth certificate may be obtained from the office of county clerk in the county in which the child was born, officials said. If it is not available there the parents may write to the Bureau of Vital Statistics in Austin, Texas; or to the state capital of your home state. At present there is a fee of fifty cents for this service. Officials warned that to wait until the last days before school to apply for the document might result in delay.
Vaccination requirements are that the child be successfully vaccinated for small pox and diphtheria. Vaccinations are given at the South Plains Health Unit on the second Wednesday of each month.
"Parents are urged to begin these vaccinations at once, since it is often necessary to give booster shots within a month's time," said Delwin Webb.

GROWTH AND HEAT COMBINED

Water Consumption Record

Any doubt as to the growth of Brownfield was erased this month as City water consumption records climbed to a new high for June, and very likely for all-time. Unseasonably hot weather, the population increase and scarce rainfall are the contributing factors according to City Manager Eunice Jones.
Seventeen of the first 24 days of the month were over 100 degree days, and a majority of the other days saw the thermometer crowding into the high 90's.
This was quite a contrast from even what was considered a hot May when the average maximum temperature was 74 and the minimum was 58. As a matter of fact it is doubtful if the June minimum will fall below the May maximum.
Hottest stretch this month was a seven-day spell from the 11th to 17th with 110 on the 15th, the peak. Temperatures averaged 105 during this period.
During July and August 1955 there were eight days in which municipal water consumption was three million gallons or more. Twelve days during June 1956 went over that three million mark.
However, despite the terrific demand for water, City Manager Jones says the local water situation is in good shape and he doesn't anticipate any shortage this summer. He is planning on a new overhead tank for the east part of town in the next few years and a new water main to that tank would help equalize pressure throughout the newer residential areas of town. But so far

All Candidates To Speak At July 16 Political Rally

A giant political rally has been scheduled for 8 p.m., July 16, in Lions Ball Park.
To be sponsored by the 10 home demonstration clubs in Terry county, the big pow wow is expected to attract the 21 candidates for county offices and the six area men going after the state positions.
In addition, letter-invitations have been sent by Terry County Home Demonstration Council to the five gubernatorial candidates.
The council's plans were announced this morning by Mrs. R. D. Shewmake, chairman of the education committee, who explained further that the July 16 meeting was announced in an effort to do away with the "pie suppers which we have had in the various communities in the past."
The refreshment stand will be opened.
Invitations have been mailed to the following sheriff-candidates: W. L. (Doc) Benton, Cliff Jones, J. B. (Mutt) Oliver, James Fulford, W. L. (Chick) Lee, Roy Fleming, Alfred Gore and H. R. (Horace) Fox; to the following candidates for commissioner of Precinct 1: G. M. (Mack) Thomason, V. B. (Vic) Herring, J. A. (Jap) Benthall, E. S. (Red) Tankersley and J. D. (Jot) Akers, and to following candidates for commissioner of Precinct 3: Mrs. B. R. Lay, H. B. (Doc) Settle, Bill Blackstock and Carl Hogue.
Others who may make their appearance at the July 16 rally will be R. L. Bowers, Jr., and J. O. Gillham, who seek the 98th representative post; Don Cates and Eddie Hill, candidates for tax assessor-collector; Carroll Cobb, Presto on Smith and Kilmer Corbin, all of Lubbock and all going after the senatorship of the 28th District; Mitchell Williams of Tahoka, who is staging a solo campaign for attorney of the 106th Judicial District; Morgan Copeland, who wants re-election as county attorney, and Roy Moreman, constable.
Should the five gubernatorial candidates show up here, the audience will hear J. Evetts Haley of Canyon, Ralph Yarborough of Austin, J. J. Holmes of Dallas and Price Daniel of Liberty.

IT ISN'T WORTH \$100

Pistol Packing Negroes Are Scarce

You've heard mother's say to children "well, just be cause Robert did it is no sign you can!"
Somewhat the same situation arose in Terry county court this week. You might say the story involved four negroes, one of whom (Rufus Finney) is listed as "whereabouts unknown".
On a Sunday afternoon in the Flats, testimony before a six-man jury revealed that the boys were involved in a game of chance that developed into an argument.
Nobody questioned the fact that Rufus pulled a gun, but he got talked out of using it. Since everyone knows he had it, and since he is already on probation he hasn't been back.
Now the case was actually "The State vs. Robert Finney" on charges of unlawfully carrying a pistol. It was a simple case: "either he did or didn't have a gun".
To further simplify things it was his word against one witness. It was so simple in fact that Robert acted as his own counsel. If found guilty he would have received a minimum \$100 fine or 30 days in jail, but look at the lawyer's fee he was saving!
The jury hung on a 4-2 vote and then went back into another session and finally emerged to acquit the defendant.

DEATH OF A CENTURY PLANT—After 14 years, the century plant shown above blossomed and flowered — which signaled its death. Mrs. E. L. Burris is shown beside the plant in the yard of her home in Brown Addition on Old Lamesa Highway. The plant is the age of her daughter, Sue. The plant proper—bottom tuft—is the 14-year-old part. The upright stem carrying the blooms is about nine weeks old. (Staff Photo)

News-Views—

(Continued from Page 1)

into the jury box. It was also interesting to note that although the jury panel included about eight men and three women, Robert Finnen didn't choose to put a woman on the jury for his trial.

With two new fine restaurants opening in town Brownfield can well claim to be the "eating capital of west Texas". There's few towns twice this size that can boast of more nice places to eat.

Tess and Norma Fuller will open the Melody Drive-in Restaurant next to the Deluxe Motor Inn soon. They'll be open from 6 a. m. to 11:30 daily.

Bruce DuBoise and Dewey Murphy will hold a formal opening of the new \$100,000 plus Plaza motel on the Plains highway on the 7th. They are already open with most of the units, but the restaurant won't be open until then.

Shorty Collier is expanding and will now manage the Gulf station at 606 Lubbock Road in addition to his first station on Lubbock Road and Buckley.

Thurman Deas, a newcomer from Quitman in the northeastern part of the state, has moved his family to 1401 E. Buckley. He'll manage and is a partner in the new A&D Standard station on the Lubbock Road. The ultra-modern station is going to be a beauty. He'll have a grand opening next week, starting business on Monday.

State Representative J. O. Gillham and former Secretary of State Al Muldrow really pulled the wires in Austin this week in behalf of the proposed \$95,000 National Guard armory for Brownfield, according to Chamber of Commerce Manager Joe Satterwhite.

Joe says "I just went along for the ride and to watch those Brownfield wild influence." You can safely say Joe was somewhat amazed.

B. D. Crawford, R. W. Hall and A. H. Shifflett of Brownfield and H. W. Brown of Tokio, all pumpers for Great Western Drilling Co., received five-year service lapel pins at Lubbock Tuesday night. The pins are set with rubies.

Miller Cox, who has done a fine job as County Home Demonstration Agent for the last 2 1/2 years, has resigned to take a similar job in Hale county the first of July.

Farmer Is Fined \$500 For Illegal Possession

Lloyd Dawson, Pleasant Valley community farmer, plead guilty to charges of illegal possession of beer and whiskey in a dry county and paid a \$500 fine in county court recently.

Justice of Peace Lonnie Rhyno estimated the amount of confiscated liquor to be about \$1,000 worth. This included 33 cases of beer and a large quantity of whiskey, gin and wine. Dawson did not reveal who owned the liquor.

Commissioner's Son Remains in Hospital

County Commissioner Bob Burnett returned Wednesday from Albuquerque, where his son, Buford, remains unconscious in Bataan Memorial Methodist Hospital.

The 26-year-old Buford was taken to the hospital May 9, after he was involved in a car mishap.

Burnett said doctors had described his son's condition as "very unusual." The young Burnett, although unconscious, appears to be slightly improved physically.

Doctors also told Burnett that his son was resting fairly well physically, although under heavy sedation. Buford, who is an automobile salesman in Farmington, took pneumonia about four weeks after the wreck, but has recovered from that.

The commissioner's wife and one of his daughters are staying in Albuquerque with Buford's wife, who also was injured in the mishap but who now is walking on crutches.

Students—

on age and experience. They are receiving group and individual training from 21 guest instructors and two advanced college students. BHS Band Director Fred Smith is one of the 21, and directs one of the bands.

The three-week course includes classes in baton twirling and marching in addition to musical instruction. The school is in charge of Dr. Dewey O. "Prof" Wiley, Tech bands director.

Students attending include: Priscilla Avery, Walter Bond, Phyllis Bourns, Philip Bradford, Mary Jane Brownfield, Betty Davis, Jo Beth Dumas, Brenda Faubion, Ronnie Fenton, Frankie Flores, Randy Hill, Arrilla Jones, Donnie Kaybon, Ronnie Kaybon, Sheriann Kuehler, Shirley Lawson, Jeff Lester, Toni Lowe, David McDonald, Jo Ann McReynolds, Neal Allen, Winston Odum, Ann Patterson, Gene Purteill, Sue Shewmake, Sue Steele, Thommy Stockton, Patty Thomas, Le Nora Turner, Carolyn Lynn Weathers.

Funeral services for Jack V. Cravey, 49, who died last Thursday in his home at 721 North A, were held Saturday in the Church of Christ at Spur. R. C. Copeland, minister, and John McCoy, minister of Brownfield Church of Christ, officiated, and burial was in Red Mud Cemetery.

Spur Services Held For Jack V. Cravey

Survivors are his wife, Myrtle; four sons, Bob, Winston, Wren and Albert, all of Brownfield; three sisters, Mrs. O. A. Smelser of Spur, Mrs. C. A. Norcross of Lubbock, and Mrs. O. B. Valentine of Brownfield, and four brothers, Lincoln Cravey of Springer, N. M., Ike Cravey of Silver City, N. M., and Dick and Bill, both of Post.

Cravey was employed as a body man at Tudor Sales Company.

SUMMER SESSION BHS NEWS

By DONNA CHRISTOPHER

Summer officially arrived June 21, and it rained that night! However, it's quite evident that summer is here, for sure, and everyone seems to be enjoying the warm days and outdoor living.

Our five cheerleaders, Dixon Latham, Janel Bragg, Anne Lee, Mary Joe Christian, and Jerre Sue Estes, have started for next fall's gridiron season. They will leave July 1, for a week's stay at Midwestern University, located at Wichita Falls. While there, they will study types of uniforms, types of yells, and tumbling. Also they will learn new yells, and work to develop good coordination.

Billy Mack Herod accompanied his parents to Amarillo, Saturday, June 23, to attend the double wedding of Althea and Ilene Jacobson, daughters of Dr. and Mrs. M. E. Jacobson, former residents of Brownfield. The ceremony took place in Polk Street Methodist Church.

Better Late Than—Betty Hargrove and Bobby Casey have been going steady since May 16. They helped celebrate Virgil Hughlett's birthday, June 18, along with Janel Bragg, Betty Bragg, and Eugene Hughlett. The six of them roasted weiners and ate homemade ice cream in the Hughlett's back yard.

Way back last June 8, the Calvary Baptist Church sponsored a party for about 30 people at the home of Elsie Evans. They feasted on homemade ice cream, brownies, and cokes. The highlight of the evening was a mock wedding between J. B. Jobe and Betty Cabbiness.

Data On Dates: Melba Willis—Lee Dale Rowden, Janel Bragg—Virgil Hughlett, Anne Lee—Elsie Cox, Jerre Sue Estes—Ernest Hyman, Barbara Knox—Richard Baggett, Jeanie Criswell—E. V. Murphy, Mary Joe Christian—Mike Hamilton, Nancy Sue King—Jack Harlan, Gail Cottrell—Jack Lucas, Wanda Cornelius—J. W. Richardson, Donna Jane Newsum—Richard Ridgeway, Sherry Don Spears—Jerry Don Huckabee.

Names in the News: Theda Moore is going steady with S. J. Bryan of Seagraves. Danny Powers came out on top in last week's Junior Invitational Golf Tournament. He beat Don Hix of Hobbs, N. M., to take the championship. Another ardent golfer, Don O'Neal, attended a Midland tournament and a San Angelo tournament.

Eddie Courtney has been squiring Nancy Gaston around in his new red and black Thunderbird. Sona Johnson has been visiting Gail and Sue Wells. They recently moved their new house. Gail has been going with Freddy Shipley.

Gretchen Sloan returned Sunday from a week long fishing trip in Colorado. She left again Monday for Ft. Worth.

The Muldrow home was the scene of a party Friday night, June 22. About 18 people enjoyed dancing and playing

REV. AND MRS. STANTON

First Assembly Of God Pastor Chosen

The First Assembly of God has a new pastor, the Rev. of Sumter, S. C.

Rev. Staton, a native of Dillon, S. C., was graduated from Central Bible Institute, Springfield, Mo., in 1948. He has held pastorates in Timmonsville, S. C. and Sumter, S. C., having pioneered the Assembly of God at Sumter. He also has done evangelistic work in New Mexico and Texas.

Mrs. Staton, a native of Clovis, N. M., assists her husband in a musical capacity, both vocal and instrumental. They have two children: David, 12, and Glenda, 6.

Brownfield Assembly of God is located at Fifth and Ripley streets. The new pastor has issued an invitation to the public to visit at the church.

Representative Geo. Mahon Announces As Candidate For Re-election to Congress

Rep. George Mahon has asked the Brownfield News to make an announcement of his candidacy for re-election to Congress from the 19th Texas District. His statement follows:

"I am sending this message from Washington where Congress is in session to announce my candidacy for re-election to Congress. I am grateful for the fact that I have no opponent. If I am honored with re-election, I shall continue to seek to be of every possible

service in matters big and small to the people of my District. My principal responsibility is to the people of West Texas. If I serve the District well, I feel that I have served the Nation well.

"We continue to be confronted with many problems, local, national and international. Of principal interest this session was the farm legislation which we passed. It is far from adequate, but it was the best we could get this year in view of a Presidential veto and other difficulties. I think we did a pretty good job with the military appropriations bill which I handle in the House and which has recently passed the Senate. In spite of new tactics and smiles from Moscow, I do not think there has yet been a fundamental change in the objective of the Communists and we must continue to keep our guard up despite the resultant burdensome costs.

"My object in making this announcement is to ask you for your vote and continued support. The people of our District have been wonderfully generous to me through the years. I am very grateful for the opportunities for service which you have given me. I hope you will not hesitate to call upon me at any time. The problems are at times difficult, and I may make mistakes, but I shall continue to do my best in an effort to do a good job for our people and to merit, insofar as possible, your good will. Thanks very, very much."

Ken and Mont Muldrow and Jerry Don Huckabee went water-skiing at Lake Thomas last Saturday. Jo Ann and Patsy Fulton moved back from Lovington, N. M., after school was out. They are both working at Primm Drug.

About eight people danced out on the cement slab at the Sheriff Posse House last Saturday night. Richard Ridgeway left Friday, June 22, for a six weeks R. O. T. C. training camp at Ft. Hood.

Jerry Dale, born June 21, at 6:05 a. m., weighing 8 lb., 1 oz., to Mr. and Mrs. James Edward Fulford.

Leon Roy, born June 22, at 9:55 p. m., weighing 9 lb., 3 oz., to Mr. and Mrs. Willie Orvil Snow.

Johnny Dean, born June 4 at 6:31 p. m., weighing 6 lb., 4 oz., to Mr. and Mrs. De Coy Duncan Marshall of Levelland.

David Wayne, born June 2 at 4:30 a. m., weighing 7 lb., 16 oz., to Mr. and Mrs. Kenneth Leon Cave, Route 5.

A boy, born June 26 at 2:56 p. m., weighing 6 lb., 6 1/2 oz., to Mr. and Mrs. Franklin Oliver Hogg of Welch.

Legion Wrestling At Cub Field Friday

Friday night wrestling at Cub Football Field will pit Tokyo Joe against Luis Martinez in the main event.

Lady Angel and Rosetta Ramos will tangle in the first bout on the American Legion sponsored card starting at 8 p. m.

Proceeds from American Legion wrestling are used to defray expenses of their youth program.

Recommendations For Children Who Took Polio Shots In '54

Although the Salk polio vaccine field trials were not conducted in Terry county in 1954, D. A. H. Daniell this week passed on recommendations to parents who might have been living elsewhere and given their children the 1954 series.

The recommendations received from Dr. Jonas Salk are for children who received the 1954 and have had no subsequent inoculations to take an entire new series, with the present dosage schedule.

Children who received the 1954 series and two inoculations in 1955 should have one inoculation now.

The reason for these recommendations is that the vaccine dosage schedule used in 1954 was not as effective as that adopted in 1955, said Dr. Daniell.

VISIT GRANDSON

Mr. and Mrs. Virgil Hester and their grandson, Gene, of Waco visited in the home of the Claude Hesters last week. Also visiting was Mrs. Dee Davis of Mineral Wells. Mrs. Davis is Mr. Claude Hester's sister.

SHOP IN BROWNFIELD MONDAY—DOLLAR DAY

Martin Dies Runs For Re-election As Congressman-at-Large From Texas

Congressman at Large Martin Dies has asked the Brownfield News to carry an announcement of his candidacy for re-election to Congress.

His statement follows: I am a candidate for re-election to the office of Congressman at Large, subject to the Democratic Primary on July 28. I am now serving my second term in this office.

In view of the fact that Congress will be in session until the latter part of July, I must rely upon my friends in Texas to look after my campaign for re-election while I stay on the job and discharge my duties as your Congressman.

I am a member of one of the busiest and most important committees in Congress, the Interstate and Foreign Commerce Committee which handles many matters of importance to Texas and the Nation, such as the recent Gas Bill.

In 1954 Congress enacted into law my bill to outlaw the Communist Party and its successors, and to define membership or participation in communist organizations in such an explicit way as to plug loopholes through which Communists formerly escaped prosecution and conviction. The enactment of this bill by such an overwhelming majority was the culminating act of vindication of the work of the Dies Com-

mittee, which I headed as chairman for seven years. My bill struck a fatal blow to the communist conspiracy in America.

In compliance with my Resolution No. 26, the Committee on Government Operations has completed and filed its first report which inventories all the property owned by the Government of the United States, and which shows a total investment of approximately 208 billions of dollars. I believe this will lead to a more uniform program of Federal reimbursements to states, counties and cities for their serious loss of tax revenue, and will bring about a more efficient and profitable use of federally-owned property with beneficial results to our tax payers.

These and other accomplishments were made possible by the loyal support of my friends, for which I am and always will be eternally grateful.

In my campaign for re-election, I will deeply appreciate your support so that on July 28 we can win an overwhelming victory for the principles of good government to which you and I subscribe.

Gratefully yours, Martin Dies

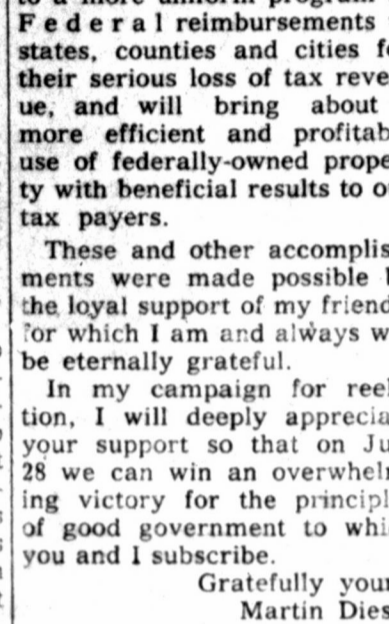

Rites—

DALLAS PRO-AM CONTESTANTS — Minnie Hazel Bowman and Gwen Henderson had one of those golfing "thrills of a lifetime" recently when they teed off in foursomes with a big time golf pro and two more amateurs at Dallas. On the left Mrs. Bowman played on a team captained by Dow Finstera, right, and including Grady Primm of Sulphur Springs.

Mrs. Henderson is shown with teammates Dave Swift of Dallas, left, and pro Jay Hebert. Her husband Joe was the fourth member of the foursome. The two Brownfield women will also compete in the Country Club Fourth of July Flag tournament Wednesday and the West Texas pro-am the following day.

Fourth Invitational Golf Tourney Starts Thursday

Qualifying for the fourth annual Brownfield Country Club Invitational golf tournament Thursday will find two or more golfers in a tie for medalist honors if this tournament follows the pattern of the three predecessors.

Judging from the increases of players on a year to year basis there should be in the neighborhood of 200 players on hand. In 1953, the year Gene McBride of Wichita Falls beat E. C. Nix of Hobbs 3-2 in the finals, there were 96 entries.

The next year, when Dave Lawson of Lubbock won his first title with a 2-up over Ray Warden in the finals, found 140 golfers on hand.

Last year 162 golfers registered and Lawson repeated as champion when he beat Dick Jennings of Lubbock 2-1. Lt. Marion died in a training flight crash in central Texas a few months ago, was medalist. He

champion, set of irons; runner-up championship, set of four woods; championship consolation winner, set of four woods; championship consolation runner-up, golf bag.

All other flights: winner, set of four woods; runner-up, set of three woods; consolation winner, a golf bag.

Entrance fee will be \$12.50 for the tournament which includes the contestants and wives for all functions. There will be a charge for additional plates. Leroy Brannon will be the official starter again this year.

Walker also anticipates perhaps the fastest field in the history of the tournament headed by Arlen Scott, recent winner of the West Texas Amateur, Hobbs Invitational and other tournaments.

For the Thursday pro-am Walker urged local players to get out early because they expect a late rush due to the \$500 in extra money made up for the pros to shoot at.

Other activity during the week includes a father-son handicap event Sunday.

Roy Jones, Dodgers catcher and a Little League all-star catcher with the Indians last year, played his last game with the Dodgers Saturday and is probably playing for some Houston Pony league team by now.

Miss Little League Nominations Must Be In By Saturday

Saturday is the final day for nominating your choice for Miss Little League of 1956. Officials have announced.

Contestants are Jean Kendrick, Patricia Ann Price, Jane Mackney, Teena Gillham, Carol Cates, Linda Franklin, Ruth Fulford, Judy Timmons, Linda Smith, Joyce Dial, Sandra Kay Bradley, Frances Dishman, Linda Lou Collins, Ann Webb, Jeanette Rae Boring, Janie Rodgers, Linda Bee Langford, Jeannie Oliver, Judy Lee Merz, Mary Jane Barrett, Beth Heshir, Nancy Bensons, Virginia Lee Cooper, Daphne Emberton, and Pamela Jane Shirley. Ten girls will be chosen from this group to compete in the finals.

The winner of the contest and her parents, or two adults, will receive a five-day, expense paid, vacation. Saturday, June 30, is the final day for nominations. At the end of the contest, the runner ups will also be presented gifts.

The ten local businesses who are sponsoring the contest are Fields, Green Hut Grill, First National Bank, Charlie Price's Western Auto Store, Bayless Jewelry, Collins, Farm and Home Appliance, McLain Oil Company, Newton Webb Implement and Sports Goods, and Piggly Wiggly Food market. Votes may be cast at any or all of these businesses.

Little League games are broadcast each Tuesday, Thursday, and Friday at 5:15 p.m. over KTFY radio station, and minor league games are aired at 5:15 p.m. each Wednesday over KTFY.

Tigers Are On Top Of Junior League

Two Tigers victories during the past week spread the Junior league out, leaving the Tigers on top with a 6-3 record. The Claud Buchanan sponsored team beat E. L. Boots' Dodger 9-4 Wednesday night in a protested game and Saturday the

member of the Cooperstown Hall of Fame. "I never could remember when I didn't use it. I guess it was there the first time I picked up a bat."

Had anyone ever tried to change him?

"No," Ott replied. "And it's a good thing they didn't because as a kid I'd probably have gone along with whoever tried. I sure wanted to be a big league ball player and I'd have tried anything that I thought might help get me there."

"It's a wonder they didn't try to change a few others, fellows like Babe Ruth, Al Simmons, Joe Di Maggio and even Stan Musial. They all had something unusual about their stance or swing. But, of course, we all had one thing in common. We all finish up the same—our swings. I mean, no matter how you get into your swing, you have to come around the same."

Lifting his front foot the way he did, Ott seemed a soft touch for a smart pitcher with good

squeezed past the Rotary Pirates 7-6.

The First National Bank Cardinals and the Dodgers split for the week. The Cards beat the Pirates 10-7 and lost to the Dodgers 2-1.

Standings	W	L	Pct.
Tigers	6	3	.667
Dodgers	5	4	.556
Cardinals	4	5	.444
Pirates	3	6	.333

control and especially with a change of pace.

"At first, I did have trouble with the change-up," admitted the man who now broadcasts Detroit Tiger games, home and away. "They'd catch me off balance and I couldn't put anything into my swing."

"But I worked at it," he went on. "I took extra batting practice in the morning, or in regular practice I'd asked the pitchers to mix an occasional change-up into their pitches and not tell me what was coming. If I got a change of pace in a game, I'd try hitting the ball into left field. Finally, after three or four years, I got so I could time them pretty well. Later on I actually hit quite a few of them out of the park, but it took a while to get the knack."

Double Wedding Ceremony Unites Amarillo Couples In Church Rites

In a double wedding performed Saturday, June 23, at Polk Street Methodist Church in Amarillo, Miss Althea Marie Jacobson became the bride of Melvin Gene Wright, and Miss Rosalind Eileen Jacobson became the bride of David Alvin Kent.

The brides, who have been residing at 1504 Travis, Amarillo, are the daughters of Dr. and Mrs. M. E. Jacobson of Wichita, Kansas, formerly of Amarillo and also former residents of Brownfield.

Dr. Eugene Slater, pastor, read the double ring services. Baskets of white gladiolus and daisies decorated the altar, which was banked with woodwardia fern and candelabra. The kneeling benches were backed by an arch garlanded with clusters of white flowers and greenery. Pews on the bridal aisles were marked with clusters of white flowers and satin bows.

Miss Mary Ruth McCulley, organist, played "Dreams" (McAnnis), "Clair de Lune" (Debussy), "I Love You Truly" (Bond), "Always" (Berlin), "Traumerel" (Schumann), "Jesus, Joy of Man's Desiring" (Bach), "O Perfect Love" (Barnby), "Through The Years" (Rheinberger), as a prelude. Miss Corinne Russell of Duncan, Okla., sang "Because", "O Promise Me", and "The Lord's Prayer". The traditional wedding marches were used.

Candles were lighted by R. C. Barclay of Lindsborg, Kan., and Freddie Nelson, cousins of the brides.

Matron of honor for Mrs. Wright was Mrs. Thomas Malone of Ogallala, Neb. Bridesmaids were Misses Shirley Ann Wheat of Big Spring, Sue Robertson of Bartlesville, Okla., and Kay Espy of Tulsa, Okla. They wore identical dresses of nylon chiffon in three shades of pink. Their headdresses were open pillboxes of draped tulle over faille with round illusion veils.

Claudell Wright was his brother's best man. Groomsmen were Harold Daniel, Wallace Smith, and Don Rodgers. Serving as ushers were Robert

Weisboro and Dean Carpenter. Given in marriage by her father, the bride was attired in a gown of silk tissue taffeta and Chantilly lace, designed with an inset yoke of lace forming a scoop neckline highlighted by sequin-embroidered lace flowers. The fitted bodice had cap sleeves, and the full skirt of taffeta over tulle had appliques of lace and dipped in back to a chapel sweep train. Her veil of illusion was attached to a tiara trimmed with pearls and rhinestones. She carried a cascade bouquet of lilies of the valley and stephanotis centered with a white orchid.

Mrs. Kent's maid of honor was Miss Gail Gifford. Bridesmaids were Misses Sharon Stubbs, Jackie Reeves, and Ginger Owens. Their identical dresses were of nylon chiffon in three shades of blue. All wore open pillbox headdresses of draped tulle over faille with round illusion veils.

Robert Frazer was best man, and groomsmen were Lt. (JG) Russel Drew of West Key, Fla., brother in law of the bridegroom, Wick Alexander of Waco, and Ronnie Smith Ushers were Jackie Cain and Spokoja Canova.

The bride was escorted to the altar by her brother, Jack Jacobson, and given in marriage by her father. She wore a gown of silk organza over nylon tulle and silk taffeta, designed with three-quarter length sleeves, boat neckline with an off-the-shoulder effect, and long torso waist. The full gathered skirt terminated in a chapel sweep train, and bands of lace at the neckline and on the sleeves were sprinkled with iridescent sequins and seed pearls. She carried a cascade bouquet of lilies-of-the-valley and stephanotis, centered with a white orchid.

Mrs. Jacobson, mother of the brides, wore a dress of mauve French lace and matching hat of French panne. Her corsage was a white orchid. Mrs. W. C. Wright wore a pastel pink lace gown with white accessories and a pink corsage. Mrs. Charles Kent wore a tucked pastel pink silk cotton gown with pink

MRS. MELVIN WRIGHT

MRS. DAVID KENT

accessories and pink corsage.

Following the ceremony, a reception was held in the Social Hall of the church. The two serving tables were laid with pink and blue net over matching taffeta, respectively, and centered with candelabra garlanded with blue and pink chrysanthemums.

Mr. and Mrs. Wright will spend the summer in South Dakota. For travelling, she chose a peacock blue and white floral sheath dress, topped with a blue duster. After September 1, the couple will resume their studies at Oklahoma A&M at Stillwater, Okla. Mrs. Wright will be graduated in January from the college, where she is a member of Kappa Kappa Gamma, Kappa Phi, Pi Zeta Kappa, Kappa Delta Pi, Phi Upsilon Omicron, and Mortar Board. Mr. Wright will graduate next spring from the college, where he is a member of Sigma Alpha Epsilon fraternity, and is president of "O" club Lettermans Association and the Senior Class.

Mr. and Mrs. Kent are on a wedding trip to Colorado. For traveling, she chose a powder blue silk shantung duster ensemble with navy and royal blue print. After July 15, the couple will be at home in the Modern Manor apartments in Lubbock.

Mrs. Kent has attended Texas Technological College for two years. She is a member of Kappa Kappa Gamma, social sorority; Phi Gamma Nu, and Junior Council. Mr. Kent, also a Texas Tech student, is a member of the Double T Association.

Out of town guests were from Perryton, Hereford, Key West, Fa., Canyon, Ada, Okla., Lindsborg, Kan., Miami, Okla.,

With vacation time here, everyone is having lots of company. I try to keep up with what's going on, but if I fail to call you by early Wednesday morning, will you please call me at 3858 and give me the names of your visitors or any other news you may have? I'll surely appreciate it.

You know, since I fell on my punkin' head, I have to sort of stay in out of the sun. Of course, sometimes I am forced to get out, and when I do, I wear "THE HAT". Now, I've had so many inquiries about "THE HAT" that I will explain that it belongs to my niece, Jill Walker, and it was made in California. It's true that it is slightly odd looking, but it's a terrific sunstroke eradicator. And I'm also telling you that you may as well get used to seeing me in it, because as long as the sun shines and as long as old Gee Gee has to get out in said sun, that's how long I'm going to wear that hat. So there.

You may be as surprised as I was to learn that Tess and Norma Fulfer will soon be opening their new Melody Drive In Restaurant.

Only about five weeks have elapsed since the ground was first broken for this new business.

Wichita, Kan., Woodward, Okla., Levelland, Nebraska, and Mr. and Mrs. Rol Herod and Billy Mack of Brownfield.

up for the convenience of his customers at the A & W Root Beer Stand . . . one of the most popular places in town.

For you other "weak eyes yokums" (and you notice I said other) who have to put on your glasses first thing when you get up of a morning, there's something new that you gals will particularly cotton to. I think. Went over to get my specs straightened up to ride a little higher on my nose Tuesday and Bob Hart was showing me this clever new innovation for spectacles. Now you can change the trim on the rims of your glasses as often as you change your mind. Every thing from miniature rosebuds to very dressy rhinestone with a very simple operation. The top pieces of the glasse have two tiny holes (unnoticeable except on close inspection) into which you slip the various trims you want to use.

Does anyone raise canaries any more? Mrs. Earl Bradley called me this week to find out if I knew of anyone who raises canaries. It seems that almost everyone has gone off the deep end over parakeets, but Bradley still likes her little yellow singing canary. If you have a canary hen . . . or know anyone who has one . . . please call me or Mrs. Bradley.

Happy Rosten is planning to go to Lubbock Saturday and Sunday for the Golden Harp singing. If you are going that way and would let Happy ride, or if you know of anyone who is and would, please contact him at Moore's Camp . . . or call me and I can get in touch with him for you.

The mass suicide of the overzealous American people will begin this week end, I guess, with the advent of the July 4th holiday. I don't know why people are so eager to end it all by jumping in their cars and beating it . . . for leather to

Mrs. J. L. Newsom Leads WSCS Study

The W. S. C. met Monday, June 25, at 9:30 a.m. at the Methodist Church for a general meeting.

The opening prayer was led by Mrs. B. L. Thompson. Mrs. J. C. Criswell presided at the business meeting.

Mrs. J. L. Newsom was program leader. "Quadrennial Goals" was the subject. Participating on the program were Mrs. Leo Holmes, Joe Johnson, Ida Bell Walker, Burton Hackney, Sherman Mitchell, G. S. Webber, and W. B. Downing.

The devotional was given by Mrs. J. H. Carpenter. The closing hymn was read by Mrs. Ernest Latham.

The group was dismissed with the society's benediction.

some place so they can spread their lunch on the ground and begin a fruitless battle with flies, ants, and other insects for the food . . . with utter disregard for their fellow motorists. At this writing, the safety council hasn't released their estimate as to how many will die violently during the holiday, but I'm sure the figures will be astronomical and that most of the statistics will actually become statistics. It's ironic to think of how much blood was spilled so that we freedom-loving Americans can celebrate the heritage of which we are so proud . . . by going out and killing ourselves and God knows how many others in our beautiful, fast new automobiles.

Which brings me to say that I hope you have a happy Fourth of July . . . and that you get back home to tell about it.

Mr. and Mrs. Harvey Gage visited with relatives in Sudan Sunday.

DOLLAR DAY MONDAY

Summertime Is Shopping Bargain Time

(Editor's note—Monday is Dollar Day in Brownfield) "Good old summertime" is not only the best period for outdoor recreation like swimming, boating, fishing and golf, but the wise housewife has learned that it is also the best time to pick up shopping bargains. Dip Pemberton, Retail Merchants Association manager, said today.

The reason for this, he said, is that many merchants are now beginning to receive their fall stock, and need space for the many new items they are receiving. Therefore, they are offering at bargain prices, not only summer stock, but also winter goods and merchandise.

"Now is the best time of the year," Pemberton said, "to buy the things that have been long desired, but which have been put on 'some time in the future' list."

Almost every store has an easy-payment plan that enables a shopper to buy and use now and pay for the merchandise either next month or over a period of

time by monthly payments, he said.

Pemberton offered the following suggested items and where they might be obtained for the shopper seeking summer bargains, urging also that the newspaper be watched for "sales" ads.

Department stores — The thrifty housewife does not wait until winter to buy her furs. Most stores have their fur sales during the hottest part of the year.

In sporting goods lines, there is not much demand for winter sports items like footballs, basketballs and other equipment, so summer is the time when the prices are at lowest he said.

If you are planning a July or August vacation, Pemberton said, it would be well to visit your neighborhood drug store and check the items you will need like bathing caps, sun lotions, and many personal items. And your local service station will give your car the best check as to tires, battery, oil filter, etc.

DEADLINE SET FOR NON-MEMBERS

City Officials Are Optimistic About Canadian River Prospects

Major Arlie Lowmire and City Secretary Jake Geron are optimistic about prospects for the Canadian River project after a meeting in Lubbock recently in which Authority directors asked non-member cities to make a decision by Aug. 13 on their plan to participate in the project.

The two attended the session in the absence of V. L. Patterson, Brownfield director on the Authority board.

By setting this deadline for participation, the Authority moved toward a final determination of the amount of water to be sold to non-member cities.

Figures on the total water non-member cities will require are necessary to complete final negotiations on contracts with industrial users in the Borger area.

"With industrial water — if Phillips and other industries go — it looks like it's going to be on its way," said Geron.

The Authority now has con-

tracts with member cities for 41.7 million gallons of the 128.2 millions gallons per day that will be the capacity of the pipeline in its preliminary stages and before the addition of more pumping stations which will step up the capacity.

As member cities have received 65 per cent of the water for their own use, only 35 per cent will be available for industries and non-member cities.

Non-member cities face the possibility of reduction in their demands or even elimination from the project because of the demand by Phillips Petroleum Co. and other Borger industries for approximately 33.8 million gallons per day for their needs.

The Authority has been conducting conferences with 13 non-member cities on the project for the past several months. In addition, Reese Air Force Base has asked for inclusion in the project on the basis of a million gallons of

REVIEW BEAUTIES — The quintet of young women pictured above will be among those counted Wednesday in the bathing beauty review at Brownfield Country Club. From left, they are Kimberley May, 4, daughter of Mr. and Mrs. Murphy May; Janice Sterling, 3, daughter of Mr. and Mrs. Curtis Sterling; Carole Geasch, 5, daughter of Mr. and Mrs. Phil Geasch, and Suzanne Sterling, 6, sister of Janice. (Staff Photo)

PRESENTS CLEAN-UP AWARD — The Negro section of Brownfield was judged winner of the plaque during the recent "Clean-Up, Paint-Up and Fix-Up" campaign. In the picture above, Mayor Arlie Lowmire presents the award to Mrs. Carrie (Sister) Smith, pastor of Hester Memorial Methodist Church, who headed the drive in the Negro section. (Staff Photo)

Arch Fowler Funeral Will Be Held Friday

Funeral services will be held at 3 p.m. Friday for Arch T. Fowler, 66, retired peace officer and farmer who died early Tuesday morning. Fowler, who once served as a Texas Ranger and who was born in the Indian Territory of Oklahoma in 1890, had been ill for sometime.

He came to Terry county in 1910 and on January 2, 1915 he married Doll Duke. His wife and two sons survive him. His home was at 121 North C and his son Terrel lives at Calgary, Alberta Canada and A. T. at Luleshoe. Two brothers and our sisters also survive, W. I. of Levelland and Clarence of San Angelo. The sisters are Mrs. Ida Bailey of Pasadena Calif., Mrs. J. D. Thomas and Mrs. J. B. Martin of New Orleans and Mrs. Ruth Beakly of Fortinglen. He has three grandchildren.

Services in the First Baptist church will be conducted by Rev. Jones Weathers. Fowler was a member of the First Baptist church and of the A.F. & M. Lodge.

Burial will be in Terry County Memorial cemetery.

GOMEZ NEWS

Week end visitors in the home of Mr. and Mrs. Alfred Little were Mr. and Mrs. F. M. Smith of Wingate, Alvin Smith of Eunice, N. M., Mr. and Mrs. Travis Smith and girls, Joyln and Janelle, of Shreveport, La., Mrs. B. Carol and Corolyn Sue of Sweetwater, Mr. and Mrs. Truman Turner of Eunice, N. M., and Billie Little and Jill Anderson of Sweetwater. They all attended the reunion of Mrs. F. M. Smith's family at the Recreation Hall at Lamesa. There were 104 present. The Smiths are former residents of Gomez.

Miss Hine McMillan of O'Donnell is visiting here in the home of her niece and family,

water per day.

Phillips Petroleum has been awarded additional defense contracts and plans to enlarge synthetic rubber production in the Borger area which requires extensive use of water.

Other non-member cities which will be requested to present the resolutions on the water contract elections include Tula, Happy, Kress, Hale Center, Abernathy, Ralls, Lorenzo, Crosbyton, Idalou, Post and Midland.

Donna Sue Nelson Named to High Post

DONNA SUE NELSON

Miss Donna Sue Nelson of Brownfield Assembly 246, Order of the Rainbow for Girls, recently was installed as Grand Representative from Texas to Illinois.

The daughter of Mr. and Mrs. J. W. Nelson of 602 South D, Miss Nelson was named to the post during the recent Houston sessions of the Grand Assembly of Texas.

In Houston with her were Mrs. Ione Turner, Mother Advisor, and Miss Viola Grace and Miss Juana Jay Barrett.

Miss Nelson, a Brownfield High School junior, is the past Junior Worthy Advisor of the Brownfield assembly, and is active in youth work at First Baptist Church.

She is planning to attend the Supreme Assembly in San Antonio during July, at which time members from throughout the world will be meeting. Those attending from Brownfield will be furnished mementoes by the Chamber of Commerce for distribution at the San Antonio session.

Fourth Of July Plans At Country Club Include Fireworks And Beauty Review

A bathing beauty review and a gigantic fireworks display are highlights of the July 4 celebration being planned at the Brownfield Country Club for Wednesday, it has been announced by Mrs. Roy Wingerd and Mrs. Jerry Kirschner.

The celebration will begin at 8 p.m., with home made ice cream and cake to be served before activities begin. The bathing beauty review and contest will be open to members

two years of age through five years. Last year's queen, Kimberly May, will crown this year's queen.

Also to be featured on the program will be the swimming team coached by Mrs. Ben Monnet. Fireworks display will begin at 9:30 p.m. In charge of fireworks this year will be Fred Simth, Phi Geasch, and John L. Cruce.

All country club members are urged to make plans to attend.

Marine Squadron Sets New Record In Hawaii

(KANEHOE BAY, Hawaii (FHTNC) —Stiff training and a study of operational readiness during May brought Kaneohe based Marine Attack Squadron 212 a new all-time all-service record of 4,276.2 hours aloft in one month.

The single seat, propeller driven, Douglas AD-4 Skyraiders, which are part of Marine Aircraft Group 13, utilized more than 65,000 man-hours of labor and flew 1,485 flights to set the new record.

Contributing to the record-breaking feat was Cpl. Fred L. Willingham of 1210 E. Cardwell, Brownfield, Tex.

The major mission of the squadron is to provide close air support for Marines of the 1st Marine Brigade in the form of dive bombing and strafing. To gain added proficiency during May, the 50 pilots of VMA-212 dropped 7,711 pieces of ordnance weighing more than 315 tons on bombing targets in the islands.

The squadron is commanded by Maj. John J. Rollins of Oroville, Calif.

and enthusiastic young Texan, achieved this dubious reputation while preaching in Baton Rouge, Louisiana at the Istrouma Baptist Church. He was in the middle of his sermon when an excited church member rushed to the pulpit and whispered in his ear that the adjacent Sunday School building was aflame, threatening the huge auditorium packed with people. As the horrified audience filed out of the sanctuary, some of them, pausing to watch, noticed the bulletin board on the front of the church announcing the subject of Buckner's sermon. It was "The Fire of God!"

Buckner's entire life and ministry have been marked by unusual experience and ac-

complishments. He served three years in the wartime Marine Corps, hopping islands in the Pacific from Guam to Japan and was a member of the famed Second Marine Division Rifle Team. At Baylor University, where he graduated in 1949, Buckner was a football athlete; and a member of the internationally known English society, Sigma Tau Delta.

Buckner began his ministry by conducting youth revivals, but soon graduated to city-wide crusade preaching. His powers of persuasion from the pulpit have a strong effect on his audiences, and as many as 1,000 people in a single revival have come down the aisles to make professions of faith. He has been called one of the most

gifted evangelists of our generation.

Young Fanning has preached in Crusades to crowds of 11,000 in Dallas, 7,500 in Ft. Worth, 6,000 in Birmingham, 5,000 in Knoxville. Many single churches where he has led revivals have reported record-breaking attendance.

Buckner has added to his training by visiting the Holy Land, Greece and the Middle East.

Dick Baker, who was converted under Buckner Fanning's preaching, will lead the revival singing.

Publicity committee members include Carl Elliott, chairman, Mac Ross and Jim Bayless.

Services will be held at 10 a.m. and 8 p.m. daily.

PINNED BY CANDLELIGHT—These eight new members of Beta Theta Chapter of ESA received their pledge pins during impressive ceremonies Tuesday evening. From left the members, were not present for the picture. Herring, Nancy Stults, Mary Hanson, Peggy Cowstar, Sarah Calloway and Betty Kehoe. Ann Johnson and Jody Davidson, also new members, were not present for the picture. (Photo by Lowe's)

Candlelight Pledge Pin Ceremony Is Held By Beta Theta Chapter Of ESA

A candlelight pledge pin ceremony held by Beta Theta chapter of Epsilon Alpha Sigma sorority at 7:30 p.m. June 26 in Nick's Cafe added eight new members to the chapter roster. Mrs. Jimmy Billings was hostess.

Mrs. Billings, chapter president, was installing officer, assisted by Mrs. Alfred Gore.

Pledges who received pins were Mmes. Jerry Kehoe, Delwin Stultz, R. T. Wilson, Bob Callaway, Gordon Newsom, Jon Cowstar, and George Hanson, and Miss Von Herring. Pledges unable to attend were Mrs. Erd Johnson and Mrs. Carl Davidson.

The table was laid with a white cloth and was decorated with yellow carnations and yellow tapers.

At a business meeting, reports were given by standing committee chairmen. The theme of next year's educational program was announced to be "Self Expression". The announcement was also made that the district meeting to be

Safe... Dependable... Economical Naturally... It's Gas

Documented proof, compiled by The National Fire Protection Association, shows Natural Gas as the safest fuel. The safe and dependable operations are just two of many reasons why homeowners prefer automatic Gas water heaters. One other good reason for this preference is the economy of operation. Be sure that your next water heater is safe, dependable and economical to operate... naturally, it's Gas.

MINIMUM RECOMMENDATIONS FOR HOUSEHOLD HOT WATER REQUIREMENTS		
Number Bathrooms	Number Bedrooms	Storage Capacity Gallons
1	1 or 2	30
1	3 or 4	40
2	3 or 4	40
3	4 or 5	50
3 or 4	4 or 5	50
3 or 4	4 or 5	75

NOTE: Use next larger size with automatic clothes washer or automatic dishwasher.

To help you choose both wisely and well... study the chart above. Call your plumber or Gas appliance dealer and let him solve your hot water problems with an automatic Gas water heater... sized to the needs of your family.

Illustrated at right is a Day & Night automatic Gas water heater. This water heater is approved by the American Gas Association testing laboratories.

MRS. CECIL MARLEY

Miss Ann Gilliam Becomes Bride of Alvin Paul In Home Ceremony Sunday

Miss Ann Gilliam, daughter of Mr. and Mrs. A. K. Gilliam of Route 1, Tokio, became the bride of Alvin Paul, son of Mr. and Mrs. R. A. Paul, 1111 S. Second, in a ceremony read in the home of the bride's parents Sunday, June 24, at 3 p.m.

Rev. Howard Smith, pastor of the Church of the Nazarene, read the double ring rites before an altar flanked with tapering candelabra, baskets of pink gladiolus, and vases of ivy. Mrs. Jack Gilliam of Lubbock, sister in law of the bride, was candle lighter. Wedding music was furnished by Mrs. R. A. Ham of Tahoka.

Given in marriage by her father, the bride wore a navy blue street length dress, with navy blue hat and shoes, and pink gloves. She carried a white Bible topped with a pink detachable carnation corsage tied with streamers. For something old, she wore a pin belonging to her grandmother. Something new and blue was her dress, and she wore a necklace borrowed from the maid of honor.

Miss Juneva Carouth was maid of honor. She wore a light blue street dress trimmed in white with matching accessories and white gloves. Her corsage was of pink carnations.

Lee More Cybert was best man. At a reception, the two tiered wedding cake was served with punch.

For a wedding trip to Ruidoso, N. M., the bride chose a pink glazed cotton dress and a pink carnation corsage.

The couple is at home at 514 E. Hill Street. The bridegroom is employed with the Coca Cola Bottling company.

Mrs. Alvin Paul

W. M. S. Studies Great Commission

"The Great Commission" (Matthew 28:18-20) was the subject for study and discussion when the Women's Missionary Society of the First Baptist Church met in circles this week for Bible study.

Circles had the following in attendance: Bagby, 5 members and one visitor; Blanche Groves, 8 present; Janelle Doyle, 6 members and one visitor; Lois Glass, 7 present; Lottie Moon, 5 present; Lucille Reagan, 8 present; and Roberta Edwards, 5 present.

The W. M. S. will meet at the church Monday at 4 p.m. for a monthly business meeting.

HEY!—Have You Tried a New Herald Classified Ad—They Get Results. — Phone 2188

Mrs. Sawyer Hostess To Ideal Bridge Club

Mrs. A. A. Sawyer was hostess when Ideal bridge club met in her home June 20.

A salad plate and iced tea were served to Mesdames Joe McGowan, A. M. Muldrow, C. L. Hafer, Roy Herod, Otis Lerner, Roy Wingerd, Wilson Collins, and Ed Wilder.

Mrs. Hafer scored high. Mrs. Herod was second high, and Mrs. Lerner was low.

Fete Mrs. Brownfield At Backyard Barbecue

Complimenting Mrs. Lee Brownfield on her birthday June 24, Mr. and Mrs. Jack Hamilton entertained with a barbecue dinner in their backyard.

Guests included Mesdms. and Mmes. Brownfield, Tom Harris, Ed Wilder, and the host and hostess.

Rev. & Mrs. Henderson Attend Methodist Rally

Rev. and Mrs. Vernon Henderson are attending the South Central Jurisdictional Conference of the Methodist Church to be held in New Orleans June 28 through July 2.

Business at the conference will include the election of a new bishop and the naming of various persons to boards and agencies of the church.

States represented in the jurisdiction are Arkansas, Kansas, Louisiana, Missouri, Nebraska, New Mexico, Oklahoma, and Texas.

Mrs. Glen McWhorter and three children of Throckmorton and Mrs. Frank Shackelford and three children of Putnam are visiting their sister Mrs. Howard Hurd, and family this week. Also recent visitors with the Hurd and with Mrs. Lessie Ross have been Capt. and Mrs. Gene Ross and baby of North Carolina.

Miss Black Wed To Cecil Marley

Miss Lela Black, daughter of Mr. and Mrs. V. T. Black Route 3, Brownfield, became the bride of Cecil Marley, son of Mrs. Z. A. Marley, 1219 W. Powell, in a ceremony read at 8 p.m. June 29 in the Calvary Baptist Church.

Rev. Warren Stowe, minister of the church, officiated at the double ring rites. The bride wore a tan linen sheath dress with white accessories. She carried a white pearlized Bible topped with white carnations.

Mrs. Leroy Little was her sister's maid of honor. She wore a white and orchid dress of embroidered cotton satin. Her corsage was of white carnations.

Leroy Little was best man. The bride is a graduate of Brownfield High School and is employed with the General Telephone company. The bridegroom attended Brownfield schools and is employed with the City of Brownfield.

After Sunday, the couple will be at home at 307 N. 11th Street.

HOSPITAL NEWS

June 21: Jack Addison, Troy Noel, Jr., Mrs. Lee Sims, and Mrs. Joe Trot, all medical.

June 22: Arch Fowler, Joe Hopper, Kenneth Crawford, and Mrs. Kenneth Crawford, all medical.

June 23: Fletcher Golden, med., Mrs. R. J. Knittle, surg., Linda Fowler, med., Jim Johnson, med., Thelma Montgomery, med., Henry Riley, med.

June 24: Mrs. Minnie Rex, med-surg.

June 25: Adrian Rornegay and John C. Clark, Jr., both medical.

June 26: J. W. Redwine, med., Mrs. M. G. Percy, surg.

June 27: Linda Pendergrass, T & A.

PERSONALS

Mr. and Mrs. Bruce Edwards and sons, Bruce F., Randy, and Richard Lee, of Sugar Land are visiting this week with her parents, Mr. and Mrs. Virgil Bynum.

Visiting with their grandmother, Mrs. Ora Dodge, are her grandsons, Robert Clifton Gunn of Arlington, Calif., and Bernard Lee Gunn of Odessa. The boys are also visiting their great-grandmother, Mrs. Vest.

Visitors in the home of Mrs. J. C. Bonner for a long Thursday-to-Monday week end were her son-in-law and daughter, Mr. and Mrs. O. E. Van Meter and daughters, Marilyn and Diane, of Dallas.

Visiting in the home of her sister, Mrs. Grady Goodpasture, and family, are Mrs. Oscar Duncan and son Roger of Weatherford, Okla.

Mrs. T. P. Brown, fifth grade teacher in the Brownfield schools, just returned from Stillwater, Okla., where she attended a Reading Workshop on the Oklahoma A&M College campus.

Mr. and Mrs. Denver Danjar and two children from Fort Worth will arrive Sunday for a visit with Mrs. Danjar's parents, Mr. and Mrs. C. G. Griffith.

Night Club Met With Mrs. Joe Henderson

Mrs. Joe Henderson entertained members of her Tuesday Night Bridge club June 26.

High player was Mrs. Ed Wilder. Mrs. Tom Harris was low, and Mrs. Wilder also bin-goed.

A fruit salad plate and punch were served to Mesdames Jack Jamilton, Harris, Wilder, Bob Duke, Joe Henson, George Weiss, and Lee Brownfield.

Youth Group Returns From Rally and Meet

A group of members of the Evangelical Methodist Church returned Monday from a Youth Rally and Camp Meeting held at Center, Texas, June 17-24.

Those attending were the pastor, Rev. J. C. Waters and family, and Mrs. Evelyn Collins and Betty, Wayne and Rebecca Collins, Roy and Ray Butler, and Charles Gowen.

C. Lytles Observe 54th Anniversary

In a surprise move, friends and neighbors helped celebrate the 54th wedding anniversary last Friday night of Mr. and Mrs. C. Lytle of 804 North Second.

Married on June 22, 1902, near Bonham, Mr. and Mrs. Lytle have three children, Mrs. E. N. Murphey of 1007 North Second, Virgil C. Lytle of Berryville, Ark., and Mrs. Fennie Newsom of Ruidoso, N. M. The Lytles also have four grandchildren and two great grandchildren.

Mr. and Mrs. Lytle spent most of the 54 years in Cottle county, moving to Brownfield in 1948. More than 50 persons took refreshments of ice cream, punch and cake.

Jerry Tune, son of Mr. and Mrs. Lonnie Tune, returned home recently from an extended vacation in Colorado.

Soil Bank Operations To Get Under Way in County

The probable impact of the new "soil bank" on Terry county farmers will be discussed in full during a meeting at 8 p. m. today in the Party House.

Following is the latest outline of the 1956 Acreage Reserve program, component of the soil bank, as released by the government to Looe Miller, manager here of ASC.

The phrase "acreage reserve" means the tract of land on a farm which is designated in an acreage reserve agreement as being withdrawn from the production of a particular commodity.

The AR program shall apply to the 1956 crops of cotton, wheat, peanuts and rice. The maximum acreage which may be placed in reserve shall not exceed 50 per cent of the cotton allotment, or 10 acres, whichever is larger.

The minimum acreage for a commodity placed in the reserve shall be the larger of 10 per cent of the cotton allotment, or two acres.

The outline emphasizes that producers shall not be eligible for participation in the program with respect to allotments for new farms.

ACREAGE RESERVE AGREEMENT

A Soil Bank Acreage Reserve Agreement, CCS Form 800, must be entered into by the operator. In addition, if the operator is not the owner and is not a cash tenant, standing-tenant or fixed-rent tenant, the agreement must be entered into by all of the owners on whose land the acreage reserve is located or who have an interest in the commodity with respect to which the acreage is being reduced.

Where only the operator is required to enter into the agreement, it must be completed and filed by him with the county committee not later than July 20. If the owner, (or owners) is required to sign the agreement, but is not available for the signing of the agreement on or before July 20, the operator must sign the agreement and deliver a signed copy to the county committee not later than July 20, and must obtain the signature of the owner and furnish the executed agreement to the county committee not later than July 31.

REDUCTION OF ACREAGE

To be eligible for participation in the acreage reserve program, the producer must reduce his acreage of the commodity below his allotment in one or more of the following ways:

Reduction of the acreage may be by underplanting the allotment, if the underplanting was due to adverse weather or was in anticipation of taking part in the soil bank program. The operator must furnish prior to the execution of the agreement a certified statement setting forth the reason for such underplanting.

Reduction of the acreage may be by destruction of the crop due to natural causes or by plowing the crop under or otherwise physically incorporating it into the soil, or clipping, mowing, or cutting it to prevent maturing.

DESIGNATION, USE OF ACREAGE

The tract or tracts constituting the acreage reserve for each commodity must be specifically designated in the agreement. If any part of the 1956 crop was destroyed by natural causes, or is plowed under or otherwise incorporated into the soil, or clipped, mowed or cut to prevent maturing, such acreage shall be included as a part of the tract.

No crop shall have been harvested from the reserve in 1956 or shall be harvested from the acreage reserve prior to Jan. 1, 1957, and the acreage reserve shall not have been grazed in 1956 and shall be grazed prior to Jan. 1, 1957. The operator must furnish, prior to the execution of the agreement, a certified statement that no crop has been harvested from the reserve in 1956 and that the acreage reserve has not been grazed in 1956.

No crop shall be planted on the reserve after the agreement is signed and prior to Jan. 1, 1957, except that (1) crops approved by the county committee for protective cover may be planted on the reserve and (2) crops may be planted on the acreage

See SOIL BANK, Page 3

the farming angle

By DON RYNUM
Farm Editor

A meeting expected to attract one of the largest crowds of Terry farmers in recent years will get under way at 8 p. m., today in the new Party House.

The 1956 Soil Bank Program—it is this item which will be of towering interest to those attending and it will be discussed in detail by Looe Miller, manager here of Agricultural Stabilization and Conservation; Mrs. Marge Milburn, chief secretary in Miller's office; H. L. (Hub) King, director of the Texas Farm Bureau's District 2, and Jim Foy, county agent. These persons have gathered information at Lubbock meetings and will pass it on to Terry farmers.

Tonight's session will be sponsored by Terry County Farm Bureau, whose president, J. T. (Jake) Fulford, urges anyone interested to attend, not a farm bureau meeting, it is designed for all farmers in Terry county. It is important, and we urge you to attend. Refreshments will be served.

It may be quite a white before there is push-button farming, but steps leading to it were described last week at the 49th annual session of the American Society of Agricultural Engineers at Roanoke, Va.

Mechanical gadgets described included completely automatic equipment for grinding and mixing feed and delivering it to a bulk bin in the poultry house, where it is doled into a mechanical feeder; locating watering and feeding devices on the roosts so that a large percentage of droppings can be removed mechanically; a mechanical egg handling system; an upright silo which feeds out its contents from the bottom and requires not much more than a day's work in 15 weeks to operate; electrostatic separation for cleaning seed, and mechanical cotton strippers which operate at an average efficiency of 95 per cent.

Light to heavy rains which fell throughout the county last week helped reduce infestations of insects. However, the insects continue to build up from in-the-field hatching or migration, according to the weekly cotton insect report.

In Washington last week, the USDA announced that its price support loans to growers on the 1955 cotton crop will be extended from the present maturity date of July 31 to Dec. 31.

The action will give borrowers an additional five months in which to redeem the cotton by paying off loans. At the maturity date, any cotton still remaining under loans will be taken over by the department's Commodity Credit Corporation, by cancelling the notes.

Despite a late start, the USLA has hopes of getting between 8.5 million and 15 million acres in the acreage reserve of the soil bank this year.

ATTENTION! MR. FARMER & MR. BUSINESSMAN Defend Yourself! JOIN YOUR Plains Cotton Growers

For this year only, the reductions may be accomplished by natural destruction, or by plowing under, mowing or cutting before a deadline established by USDA. A department official said that there should be from 1.5 million to 3 million acres of cotton included in the reserve. He added that most soil bank payments this year will average less than \$50 an acre. The lowest rate—\$4 an acre—was set for winter wheat planted in 1955 for harvesting this year which the farmer certifies was underplanted because of adverse weather.

An estimate of last week that 65,000 cotton acres in Terry had been planted on irrigated land and that 40,000 had been planted dryland left some 45,000 of the county's 150,000-acre allotment still unplanted.

Since then, the general rainfall throughout the county has enabled farmers to finish planting some or all of the dryland cotton acreage.

"Right now," explained one acute observer, "the cotton situation on the South Plains looks as good as it ever has and prospects for an exceptional crop are evident."

IRRIGATION EXPERT SAYS

Crucial Watering for Cotton Now At Hand

By LEE H. WILLIAMSON
Soil Conservation Service

The time is approaching to give cotton its first watering since it was planted. This watering is extremely important for several reasons. It must be applied in such a way as not to damage the young plant. It must be applied as fast as possible in order to get over as much acreage as possible before plants go into stress for water. The proper amount should be applied to bring the soil up to field capacity throughout the water extraction zone.

To bring the soil up to field capacity without wasting water, the irrigator must be able to determine with accuracy the amount of water that is in the soil. This determination can be made by the ball method in which the moisture content of the soil is estimated by forming a small ball of earth and noting how it breaks when tossed into the air and caught in the hand. With a little practice the irrigator will be able to determine the soil moisture quite accurately.

There are also several instruments on the market that can be used to determine when and how much to irrigate. These instruments can be bought at reasonable cost, and with care they will last several years. Record books are supplied with most such instruments that can be used to keep a record over a period of years of the soil moisture at different periods after irrigation. Such records will be valuable in predicting the irrigation water requirements of a crop for the year in advance.

Besides being able to determine the moisture content of soil, the irrigator must know the water holding capacity of the soil. By subtracting the moisture in the soil from the capacity of the soil to hold water he will determine how much water needs to be applied to bring soil up to field capacity. Soil Conservation Service technicians, assisting the Terry Soil Conservation District always are glad to help farmers determine when and how much to irrigate and show them how to make soil moisture estimates in order that they will know how much water to apply at any time and thus prevent waste and reduce operating costs.

mine the moisture content of soil, the irrigator must know the water holding capacity of the soil. By subtracting the moisture in the soil from the capacity of the soil to hold water he will determine how much water needs to be applied to bring soil up to field capacity. Soil Conservation Service technicians, assisting the Terry Soil Conservation District always are glad to help farmers determine when and how much to irrigate and show them how to make soil moisture estimates in order that they will know how much water to apply at any time and thus prevent waste and reduce operating costs.

Texas Bankers Will Aid 4-H Foundation

Four-H Club work throughout the nation will benefit from a special fund now being raised by Texas bankers. Those long-time friends and supporters of 4-H under the leadership of Art P. Bralley, vice president of Amarillo's American National Bank have joined in a national fund raising effort in behalf of the National 4-H Club Foundation.

Bralley is state chairman and J. W. Tapp, Chairman of the Board of the Bank of America is the national chairman for the program.

The state chairman has told Texas bankers that the National 4-H Club Foundation is a non-profit, educational organization which not only helps improve and expand 4-H club work in the United States but also provides an opportunity for our young people to promote world understanding and

New Office Hours Set For General Telephone

The Brownfield business office of General Telephone Company will be closed on Saturdays, effective, July 7.

Paul Farrar, district manager, said the office would be open from 8 a. m. until 5 p. m. Monday through Friday. Customers wishing to make payments after business hours may use the handy depository at the office. Payments by mail may be made in the usual manner.

Currently, Bralley said, the Foundation is supported the International Farm Youth Exchange program which exchanges rural youth between the U. S. and other countries; is engaged in establishing and operating the National 4-H Club Center; conducting a citizenship improvement study in which Texas is participating as a pilot state and sponsoring a workshop program in human relations. Bralley said 10 Texas leaders have attended one of the workshop sessions.

The Amarillo banker said that many banks are supporting 4-H club work on the local level but urged all banks to give consideration to the support of the National 4-H Club Foundation.

Brownfield News Editorials

MAYBE IT'LL KNOCK THEM OFF

Senate Has Been Riding For A Fall

Since everyone else in the United States seems to have their ring at expressing their opinion of Defense Secretary Charles E. Wilson's "phony" remarks, we want to stick in our two cents worth.

We've sat here a couple of thousand miles from Washington for a long time and wondered why the Senate cloaked itself in such an extreme air of dignity. That Lords and Peers stuff is for the British, or perhaps just for the birds and not for the British either.

DON'T HESITATE

They Must Be Warned

News that two more children were suffocated last month in discarded refrigerators came as American industry moves ahead to end by ingenuity the danger that has snuffed out 115 young lives in the last ten years.

From General Electric for instance, comes the last word in refrigerator safety. Mechanical catches have been eliminated on all models and are replaced with magnets that hold the doors shut. And while they preserve an airtight seal, these new doors can be opened from the inside with a slight push — such as even a very small child can exert.

It will be some time, however, before these new, strangling refrigerators will appear among the nearly three million annual discards that have menaced adventurous youngsters on vacant lots in back yards, dumps, and on porches of vacant houses. Thus, it is hoped the publicity given these new safety features will emphasize the duty of hopping doors, hinges, and latches from abandoned boxes before leaving them where children can get at them. Even where there are state laws on the subject safety is still a matter for individual concern and action.

Actually, a refrigerator need not be abandoned to be a hazard. This year two children six and eight, perished in the kitchen of their own home in Fort Meyers, Fla. According to newspaper reports, they were left to play by themselves because of their mother's stress. In order to get into the refrigerator they removed the door, then climbed in and slammed the door on the world — forever. No doubt there have been other similar cases.

While the ultimate and complete solution is beginning now to come from the industry production lines, parents, teachers and adults in general must remain alert to warn little people who love to play hide-and-seek of this horrible danger and to keep a sharp lookout for these discarded death traps.

THE AMERICAN WAY

By George Peck

(EDITOR'S NOTE: George Peck is Chairman of the Board of the National Labor-Management Foundation and Executive Editor of its official publication, PARTNERS.)

SENATOR BENDER STRIKES OUT

By George Peck

Recently in his weekly column, "This Week in Washington," which is carried in newspapers throughout his state of Ohio, U. S. Senator George H. Bender (Republican), said the following: "We have witnessed attacks upon the Supreme Court frequently in American history. All of us remember vividly a famous speech in which a President of the United States proposed the increase of Supreme Court Justices to fifteen as a method of compelling obedience to his will. Our national reaction to this proposal, irrespective of political affiliation, was prompt and decisive. Republicans, Democrats and Independents sensed, almost intuitively, that this effort to compel the Supreme Court to knuckle under to the Executive Branch of our government was at sharp variance with the fundamental traditions of our country."

The South is disturbed over the Court's stand on segregation. There have been other occasions when sectional problems have been irritated by the Court's views. But we have not resorted to the technique of wrecking the Court because we disliked its decisions any more than we would eliminate umpiring from baseball because we objected to crucial rulings. Over the decades, the Supreme Court has been a stabilizing element. It should be sustained even when we dislike its decisions. Only in this way can we safeguard the Constitution.

So that no one may allege that I am being unfair to the Ohio Senator by lifting something out of context, the above is the complete quote of what he said regarding the Supreme Court.

It is most fortunate that Senator Bender drew an analogy between the Supreme Court and Baseball — not for him, however. That analogy proves just the opposite to what the Ohio legislator was attempting to deduce from it.

As this columnist understands it, and his understanding seems to be shared by a great number of folks, the U. S. Supreme Court is an umpire. The Constitution so ordains, but that same Constitution stipulates that it must umpire according to the rule book — that rule book being the Constitution itself. Nowhere in the Constitution is the Supreme Court authorized to make rules or to amend rules — those functions it delegates solely to the legislative branch (the Congress).

In recent years, our national umpire, the U. S. Supreme Court, has usurped this prerogative of Congress — it has contented itself with simply "calling the decisions," it has thrown away the Constitutional Rule Book and has been making its own rules.

The baseball umpire has a book of rules drawn up by the baseball owners and he must "call his decisions" according to those rules. Can you imagine what would happen if a baseball umpire threw away the rule book and made his own rules? For instance, suppose for the welfare of baseball, he decided that two strikes were enough for any batter and called the batter out after two strikes instead of three. Or suppose, "his umps" feels that three balls entitle the batter to a walk instead of four and sends the batter down to first. Or suppose he figures that it is unfair to the outfielders to call "home run" when

WHEN YOU RETIRE

Trip Around World Is Crown Jewel of Travels

By ROBERT PETERSON
When The Fred Orth of Scarsdale, N. Y. called to say, "We're going around the world," we were as pleased as a person with a fresh pair of caryats. We had chided them several times for keeping their noses too close to their haberdashery store. They were in their late sixties, and in three decades of hard work had never taken a breather from business for more than a few days at a time.

"We're letting our son take over at the store," said Mr. Orth enthusiastically. "We leave next week for San Francisco. From there we take off for Hawaii, Tokyo, Hong Kong, and several dozen other places I never thought I'd see in my lifetime."

He said they were going by air, tourist class, and that their tickets cost \$1,300 each. In addition they were taking several hundred dollars along for meals, hotels, and side trips. While they paid cash for their tickets, he pointed out that airlines nowadays are glad to sell round-the-world flight tickets for only ten percent down. Then, when you return with visions of Tibetan temples and Burmese buddhas etched in your brain, they give you twenty months to pay the balance.

He said it costs even less to go by passenger-freighter. Here the price for a 100 day cruise encircling the globe — including your meals on board and use of the ship as your hotel in ports of call — is only \$1200. He said they would have gone by freighter except Mrs. Orth, who had never been on a ship, was sure she would get seasick.

Until Man can visit the moon, a trip around the world remains the most spectacular bit of travel available to him. It is the crown jewel of all the trips and vacations one may take in a lifetime. Yet for all its magnificence relatively few retired persons have taken it. Why? There are three main reasons. Many people with moderate means have the notion it costs five or ten thousand dollars so they don't even consider it. Others could readily afford it but are so settled in a stay-at-home rut that they just never get around to buying a ticket. The saddest group consists of those who would love to go but whose retirement budget is so restricted that they simply cannot afford it.

If you'd like to take this crown jewel of Travels, here's all you have to do. Ten years before you retire start dropping \$10 a month into a piggy bank earmarked for retirement travels. When you retire you'll have enough money to finance a round-the-world junket by passenger-freighter.

Such a trip may sound grandiose and impractical, but look at it this way. It will cost less than a new car — yet it may prove to be a much better investment in the long run. A new car isn't very exciting.

Letter To the Editor

Dear Editor:
The Texas papers are out of date by the time they get to Washington, and I have a chance to see them. I have just seen your issue of May 31 and "Let's Have a Wedding—We'll Have to Fight Side by Side." This is one of the finest editorials I have read in a long time, and I wanted to congratulate you. It is very good.
Best Wishes.
Sincerely,
George Mahan

Highlights and Sidelights FROM YOUR State CAPITOL

By VERN SANFORD
Texas Press Association
AUSTIN, Tex.—A court battle seems imminent to decide if counties must put the state rights referendum questions on the Democratic primary ballots.

Two "liberal stronghold" counties—Harris and Bexar — have said they will not. County committees denounced the referendum as "appealing to Ku Kluxism for a campaign of hate."

Attorney General John Ben Shepperd ruled to Jefferson County officials that putting the matters on the ballot was mandatory, and that penalties were provided by law for failure or refusal.

State Executive Committee members certified placement after receiving a petition signed by 152,000 voters — more than required by law. Voter opinion is sought on three questions — school integration, intermarriage of Negroes and

whites, and interposition. Hope For Tourist Lodges—New hope for early action on the building of tourist lodges in state parks was presented at the State Park Board meeting.

During the last session legislators approved \$25 million in bonds for construction of resort hotels in at least six state parks. In past weeks interested groups over the state have become impatient to know why the bonds haven't been sold and the building program launched. Delegations from three towns came to Austin to ask.

Board Chairman Andrew M. Howsley told them the Chicago bonding firm which has the contract has so far failed to sell one bond or find a responsible company to operate the property.
Former State Sen. Howard Carney, one of a group from Atlanta, announced that the

Soil Bank—

(Continued from Page 1)

reserve for harvest during 1957 or later in areas where such crops normally would be planted in the fall of 1956 for such later harvest.

In the event that, at the time the agreement is executed, there is growing on the acreage reserve any crop, other than an approved cover crop, such crop must be plowed under or otherwise physically incorporated into the soil, or clipped, mowed, or cut to prevent maturing, the specified dates for taking such action to be furnished by the state committee.

The producer shall, without reimbursement under the agreement, control the spread on the reserve of noxious weeds designated by the state committee, using methods approved by the county committee.

COMPLIANCE WITH ALLOTMENTS

No person shall be eligible for compensation under the program with respect to any farm on which the 1956 cotton acreage exceeds the allotment for the commodity.

The amount of compensation for cotton shall be determined by multiplying the rate of compensation per acre by the smallest of (1) the number of acres in the reserve, (2) the acreage by which the commodity is reduced below the allotment, or (3) the number of acres which the producer agrees to place in the reserve.

The rate of compensation per acre for the cotton shall be determined by multiplying the base unit rate—15 cents a pound for cotton—by the applicable yield factor; provided, however, that the minimum rate of compensation for reduction of acreage by destruction due to natural causes or by plowing the crop under or otherwise physically incorporating it into the soil, or by clipping, mowing or cutting it to prevent maturing, shall be \$6 an acre.

DETERMINING THE YIELD

The basis for determining the yield for underplanting the cotton allotment shall be the normal yield for the tract of land designated as the acreage reserve.

The basis for determining yield in the case of destruction due to natural causes or for plowing the crop under or otherwise physically incorporating it into the soil, or clipping, mowing, or

cutting it to prevent maturing shall be the normal yield for the farm, unless the crop is subnormal, in which case the basis for determining the yield shall be the appraised yield for the field on which the destruction or adjustment of acreage takes place.

In appraising the yield for a crop destroyed due to natural causes before an agreement has been executed, the county committee shall estimate the yield on the basis of the actual condition of the crop after the damage or destruction took place.

In the case of total destruction, the yield will be zero. In appraising the yield for a crop destroyed due to natural causes after an agreement covering the crop has been executed, and in appraising the yield for a crop plowed under, etc., the county committee shall estimate the yield on the basis of the actual condition of the crop before such destruction or adjustment of the acreage took place.

The number of acres in the reserve and the acreage by which the commodity is reduced below the allotment shall be determined in the same manner as acreage is determined in connection with allotment and marketing quota programs.

MANNER, TIME OF COMPENSATION

Compensation will be made to each producer entitled thereto through the issuance to such producer of negotiable certificates, redeemable by Commodity Credit Corporation. Such certificates will be redeemable in cash upon presentation by the producer to whom issued for any holder in due course at the Federal Reserve Bank or branch bank designated thereon. Such presentation should be made through regular banking channels.

Certificates shall be issued to the producer or producers entitled thereto upon determination by the county committee that the acreage reduction requirements of the program have been met.

DIVISION OF COMPENSATION

The producers entering into the agreement shall specify the basis on which the landlords, tenants and sharecroppers are to share in the compensation. The basis for sharing such compensation must be approved by the county committee and will form a part of the agreement.

The basis for sharing the compensation shall not be approved by the county committee unless the committee determines that the tenants and sharecroppers will receive a fair and equitable share of the such compensation.

In considering whether the tenants and sharecroppers will share in the compensation on a fair and equitable basis, the county committee shall give consideration to the respective contributions which would have been made by the landlord, tenant and sharecropper in the production of the crop which would have been produced on the acreage diverted from production under the agreement and the basis on which they would have shared in such crops or proceeds thereof.

ADDITIONAL PROVISIONS

No agreement shall be entered into with a producer if it shall appear that the landlord or operator has not afforded his tenants and sharecroppers an opportunity to participate under the agreement in proportion to the number of acres in the respective producer units farmed by such tenants or sharecroppers; or that the landlord or operator has, as a result of participation in

the Soil Bank Program, reduced the number of tenants and sharecroppers on the farm, or the size of their producer units; or that there exists between the operator or landlord and any tenants or sharecropper any lease, contract, agreement or understanding, unfairly exacted or required by the operator or landlord and entered into in contemplation of the signing of any agreement hereunder, the effect or purpose of which is:

To cause the tenant or sharecropper to pay over to the landlord or operator any compensation to be paid him under the agreement; or to change the status of any tenant or sharecropper in order to deprive him of any part of the compensation or any other right or privilege of his under the agreement; or to reduce the size of the tenant's or sharecropper's producer unit in contemplation of the signing of the agreement; or to increase the rent to be paid by the tenant or to decrease the share of the crop or its proceeds to be received by the the sharecropper.

1,000 Years Is a Long Time

CONTOUR FARMING CONSERVES SOIL AND WATER

Nature takes from 300 to 1,000 years to build one inch of topsoil.

Land misuse and abuse already have ruined more than 100 million acres of formerly good cropland for further food production. Another 100 million acres have been seriously damaged. Topsoil is still being destroyed faster than it is being repaired or created.

We're living only six inches from a desert today. Our original topsoil averaged nine inches. Erosion has taken a third of this already. We have only six inches left. At the present rate of soil erosion, this will be gone within another 50 years.

Remember, everything we eat and most of the things we wear and use come from the topsoil. You can help save our remaining productive soil by using soil and water conservation practices. Contact the supervisors of the Soil Conservation District today. They'll help you.

WE STILL HAVE PLENTY OF SORGHUM PLANTING SEED

OZARK-MAHONING EMPLOYEES—Construction is well under way at Ozark-Mahoning company's plant site 14 miles east of Brownfield. Employees took time this week for the picture above. From left in front, they are Bruce Anderson, Perry Stokes, L. T. Brinson, Bob Cummings, Walter Selcer, Elton Young and Jim Hogan. From left and standing: Drew Hobdy, Bryce Wagoner, Tommy Shipman, Milfred Ratliff, Ed Lofton, R. R. Marsh and Bill Coghill. Coghill is of the company's Tulsa offices, and Marsh is plant superintendent here. (Staff Photo)

Mr. and Mrs. J. O. Burnett and daughters returned Sunday from a five-day visit with relatives in East Texas. Virginia Denson, who is now a student at Texas Tech, visited with her parents, Mr. and Mrs. Carence Denson.

MEADOW NEWS

Mrs. Allen Watkins and son David of Richards visited in the home of Allen's parents, Mr. and Mrs. M. R. Watkins, over the week end and attended the Methodist Church Sunday.

Little Miss Harriet Burleson was a dinner guest in the J. H. Gober home Sunday.

Mrs. Ralph Barrett has returned home from Chicago where she spent two weeks in the home of her daughter and family, the Richard Schwanks.

Supt. Carroll and family and Patsy Reynolds spent the week end in Dallas attending a family reunion of the Carrolls.

Virgil Hester and grandson Gene of Waco and C. B. Hester of Brownfield visited in the home of their sister and family, the J. H. Gobers, last Monday.

Mr. and Mrs. Bob Wilson and Mr. and Mrs. Roy Gober spent the week end in Carlsbad, N. M. and went through the cavern.

Mr. and Mrs. H. V. West and Mr. and Mrs. Willie Blair and son spent Sunday in Lamesa visiting Mr. and Mrs. West's daughter and family, the Gene Truett, and attended the First Baptist Church there.

Mr. and Mrs. G. D. McElroy and son, John Harris, of Albuquerque, N. M. spent the week end with Mr. and Mrs. Guy Walker and Mr. and Mrs. Tom Harris.

Mrs. Mahota Winston, her parents, Mr. and Mrs. Jim Whisenant, and Mrs. Effie Cooper are in Dublin this week attending a reunion.

Mrs. E. L. Moore and Mrs. H. L. McKay visited relatives in Haskell Sunday.

Mr. and Mrs. L. P. Carroll and Mevin and Mr. and Mrs. B. S. Carroll and family were in Dallas over the week end for a family reunion.

Mr. and Mrs. Herman Fore of Balmorra visited in the home of his parents, Mr. and Mrs. A. W. Fore, Sunday. Mrs. Robert Gober visited her nephew and family, the Charles Wards, in Lubbock Saturday.

Visitors in the home of Mr. and Mrs. Edd Peek Sunday were Mrs. Wayne Burgeson and daughter Mitzi, Mr. and Mrs. Cecil Peek and daughter Ann Beth, Mr. and Mrs. Garland Peek and daughter Melody of Lubbock, and Darlene Olson and Peggy Harvick of Stamford.

Herman Combs is confined to Treadaway-Daniell hospital after suffering a heart attack. Mr. and Mrs. Jerry Lee Roberts of Ropes, former residents of Meadow, are the parents of a son.

Mrs. R. W. Holder, Haebert, and Mrs. Will Hinson were shopping in Brownfield Saturday.

Mr. and Mrs. Aubry Fore and family of Seagraves visited his parents, the A. W. Fores, Saturday afternoon.

Mrs. A. L. Curtis and Sonny visited her father, A. L. Moore, in Westbrook last week.

Donna Kay Foster of Bakersfield, Calif., is visiting in the home of her grandparents, Mr. and Mrs. C. E. Hicks.

Mrs. L. J. Carruth and daughters, Mrs. Estelle Work and Miss Fonella Carruth, spent Sunday in Hermleigh visiting Mrs. Carruth's brother and family, Mr. and Mrs. Joe Henry.

Mr. and Mrs. Edd Ashburn and Mr. and Mrs. Tommy L. Ashburn spent the week end in Abilene and Stamford visiting relatives.

The W. M. S. met at the church Monday afternoon in a Royal Service program. Mrs. Edd Ashburn was leader.

Mrs. Mattie Perry of Brownfield visited her parents, Mr. and Mrs. Will Hinson, Sunday. Mrs. Bob Wright and children spent the week end in Lubbock visiting her parents, Mr. and Mrs. Fred Hinson and Patsy.

Mr. and Mrs. Garrett of Lubbock visited their daughter and family, the Wayne Cadenheads, last Wednesday.

The Builders and the Wesley Sunday School classes had a party and chicken fry at the church last Wednesday night. There were about 50 present. Home made ice cream and cake were served.

Mr. and Mrs. Lee Smith spent the week end in Coleman visiting relatives and attending to business.

Mrs. Wayne Harris and daughter, Maryland, of Rails spent Thursday night in the home of her mother, Mrs. Bob Castleberry.

Greenhouse Cooling Developments Seen

One of the most serious problems faced by growers of greenhouse crops in Texas and other areas of the South and Southwest is that of extending the production period for greenhouse crops to a full 12 months each year.

Experiments started at Texas A&M College in 1949 by A. F. DeWerth, head, Department of Floriculture and Landscape Architecture and Assistant Professor R. C. Jaska of the Department of Agriculture Engineering, show that the wet-pad type of greenhouse cooling is practical, economical and efficient and makes year-round production possible.

The use of this cooling system extended the production periods and improved the quality and yield of chrysanthemums, geraniums, snapdragons, Kalanchoes, begonias, hydrangeas, lilies, poinsettias, azaleas, gloxinias and foliage plants. Calceolarias, cinerarias, stock, primroses, carnations and tuberous rooted begonias were produced successfully, were timed accurately and brought a high market return.

COWPEAS SEEDS

As a cash crop or for soil building. Many popular varieties in stock. Also 100% certified seedling. **SOYBEANS** Blue Penn. Green - Sebasona - Guar. SEE YOUR FAVORITE DEALER OR

Highlights —

(Continued From Page 2)

Fred Harvey Co., a big nationwide firm, had expressed interest in building in Atlanta State Park, Eisenhower State Park at Lake Texoma and Inks Lake State Park.

Carney predicted construction could begin by September with completion one year later.

State May Buy Road Rights—Relief is in sight for Texas cities and counties which have been unable to finance right-of-way for desired new highways.

For nearly 3 years the State Highway Commission has authorized use of state funds for highway construction only if the cities and counties purchased right-of-way. In popular areas cost on needed land frequently ran into millions. During the past year Dallas and Harris counties failed in financing attempts.

Now the commission has announced the state will start

paying for right-of-way under the new federal highway aid bill. Final congressional approval will launch a multi-million-dollar interstate road building program for which the federal government will pay 90 per cent of the costs.

Commission Chairman E. H. Thornton Jr. predicted, however, that state right-of-way buying would not begin for some time. First funds will be used for projects where road rights have already been secured by local agencies.

Gov. Seeks Drouth Aid—Free livestock feeds for Texas farmers hardest hit by drouth is being sought by Gov. Allan Shivers.

Shivers has submitted a contract to the U. S. Dept. of Agriculture to secure surplus federal grain. It would be distributed by the State Welfare Department.

Farmers receiving the free commercial sale of livestock, poultry or products.

Ten counties have been certified by the state as eligible for such aid. They are Karnes, Jim Wells, Goliad, Frio, Live Oak, McMullen, Atascosa, Gonzales and Bee.

Shivers also announced he had negotiated for reduced freight rates for ranches in 80 drouth-stricken counties to ship cattle to outside pasturage.

Final Turnpike Contract—Last contract needed to complete construction of the Dallas-Fort Worth toll road was awarded last week by the Texas Turnpike Authority.

It was for \$1,175,804 in paving.

Unless a steel shortage develops, completion of the \$58 million road is expected on schedule by July 1957. It will be Texas' first toll road.

Present plans are to charge passenger car 50 cents, trucks \$1.25 for the 30-mile drive.

More Salk Shots—The U. S. Public Health Service released 229,599 shots of Salk polio vaccine for use in Texas.

Texas Health Commissioner Henry A. Holle advocated removal of the voluntary age restrictions on use of the vaccine. At present, vaccine is available only to children under 20 and to expectant mothers.

Meantime the State Health Department sent a four-man team of experts into the Brownsville-Matamoros area to study the threat of yellow fever. The department said the inexorable advances of jungle yellow fever from Panama toward Mexico and the Gulf Coast of the United States is causing quails of uneasiness.

Improvement In Order—State Auditor C. H. Cavness suggested in an audit report on the Insurance Commission that this big state agency improve its personnel methods. He said he found the commission's rental contract for space in an office building owned by an insurance company "not out of order."

Short Snorts—Texas Law Enforcement Foundation's \$40,000 "Travelab" will begin touring Texas next fall. A 55-foot "rolling classroom" on newest detection methods it is designed to further the foundation's program of enlisting citizen support for good law enforcement.

Despite reduced purchaser nominations, the Railroad Commission increased the allowable Texas crude oil production for July by 70,973 barrels over June, after four successive monthly cuts. Authorized July flow is 3,322, 043 barrels daily. State Agricultural Commissioner John C. White reported the Lower Rio Grande Valley may equal its last-year cotton production of 392,000 bales, but reported disastrous drouth conditions, in

Schedule of Next Week Events Made

The schedule of events at the First Presbyterian for the week beginning July 1 has been given, as follows:

Sunday, July 1: 9:30 to 10:10 a.m., Church School; 10:15 to 11 a.m. Worship, the sermon by Rev. Ralph O'Dell continuing a series on the Apostle's Creed; 11:00 a.m., meeting of the Session.

WHY WOULD ANYBODY SAY "NO" TO YOU?

NOW'S the TIME for

PRESTON SMITH

Terry County friends of Preston Smith know that if there was ever a time when West Texas needs men "first for West Texas" NOW'S THE TIME!

That's the reason they ask your vote and support for Preston Smith as State Senator from this district. Preston is first for West Texas.

A good State Senator knows the people and the country he represents. Who could know West Texas and this county better than Preston Smith? He was raised on a Gaines County farm, worked his way through Lamesa High School and Texas Tech.

Preston's whole life in West Texas has furnished years of experience needed NOW in the State Senate.

Vote For PRESTON SMITH
A Democrat Who Has Always Voted Democratic
(Pd. Pol. Adv.)

From where I sit... by Joe Marsh

Junior Gets "Pinned" Down

Junior Baker and friends are all set for their circus. Look for their advertisements on neighborhood trees. The kids have had problems in staging the event. The biggest was the admission fee. Junior wanted to charge five cents. Mrs. Baker thought it would be much nicer if they charged five pins. So Junior held a meeting with his Directors—then told his mother they'd taken her advice. The ads now read: Giant Circus in Baker's Backyard. ADMISSION FIVE PINS PLUS FIVE CENTS TAX.

From where I sit, that's a cute example of a mighty impartial point—if you want things to turn out your way, then you had better let the other fellow have his choice, too. For instance, if your taste should happen to run to, say, iced tea, then you owe it to yourself to see that those who prefer beer, buttermilk or what-have-you get to enjoy their favorite beverages, too. After all, turn about's fair play.

Joe Marsh

BALDRIDGE'S "MILK BONUS" BREAD

MORE milk nourishment!

Miss Chrie Fent To Marry Mr. Todd

Mr. and Mrs. I. V. Fent of Olton announce the engagement and approaching marriage of their daughter, Chrie to Bill Todd of Brownfield, son of Mr. and Mrs. J. C. Todd.

Mrs. Mike Barrett, Rose Alene and Mary Jane are visiting Mrs. Barrett's parents in Fort Stockton this week.

Vows will be exchanged July 27 at St. Paul's Lutheran Church in Plainview.

MISS CHRIE FENT

MISS MILDRED HALE

Wellman Future Homemakers Report On Club's Vacation in Ruidoso, N. M.

The Wellman Future Homemakers have returned from a week's outing at Ruidoso, N. M. The girls had a bake sale and made money other ways. This money was used for the outing.

Those who went were: Barbara Fails, Sue Sanders, Margaret Ingram, Sammie Adair, Clara Bolen, Tommy Loe, Danny Loe, Cynthia Smith, Martha Goza, Foxie Oliver, Vera Trigg, Barbara Bishop, and Peggy Dean. Chapter mothers who went were Mrs. Adair, Mrs. Ingram, Mrs. Loe, and the sponsor, Miss Hines. Mrs. J. D. Roberts, Mrs. Hines, mother of our sponsor, and Mr. and Mrs. Parker also went. Mr. Parker drove the bus.

We all had lots of fun. There were many things to do there. We went to many places of interest, including the Indian Reservation.

We also did lots of hiking, horseback riding, skating, played miniature golf, shopped, and waded in the creek.

Mrs. Clarence Worley, sister of Miss Hines, helped make our stay more enjoyable by entertaining us with a Weiner roast and a hot dog supper in her beautiful log cabin home. We enjoyed it very much.

Everyone had a wonderful time in this trip. We want to make it possible. We want to thank Mr. and Mrs. Parker for taking us. We had a wonderful time. —Reporter

Cynthia Smith is recuperating from strep throat. She was hospitalized in Ruidoso, N. M., but is now home.

La Rue Rex's mother is in the Brownfield hospital recovering from surgery.

Sue Sanders and her family are moving to Muleshoe July 1. We will miss them.

One of our chapter mothers, Mrs. Hulse, is recovering from an illness. We wish her a speedy recovery.

Tommy and Danny Loe have their aunt from Spur visiting them. They have been busy dressing chickens and making plum jelly.

Martha Goza and her family are vacationing in California. They are to return within the next few days.

Peggy Dean and her mother are on a vacation in Arkansas. They will be gone two weeks.

Norma Marley and her family are a vacation. They went to Sallisaw, Okla. to see Ira Brackett and family. Mr. Brackett is a former school teacher at Wellman.

Margaret Ingram and her family will spend the week end in San Angelo.

Mr. and Mrs. Orville B. Hale of 1212 E. Hill announce the engagement of their daughter, Mildred, to the Rev. Roline Chaney, son of Mr. and Mrs. Louis J. Chaney of Hico.

Miss Hale is a graduate of Texas Tech and was an elementary teacher in the Lubbock public schools last year. The Rev. Mr. Chaney is a graduate of Baylor University and is now a student at Southwestern Baptist Theological Seminary in Fort Worth.

The wedding will take place Aug. 21 in the First Baptist Church at Goldthwaite.

HERE'S PROOF
dieldrin treatment kills thrips and fleahoppers... pays off in higher cotton yields

Photograph shows results of test performed at Texas A. & M. (1954). In this test, the dieldrin-treated plants produced almost three times (2.84 times) as many blooms in a three-week period after treatment as did the untreated plants injured by thrips and fleahoppers. Photo courtesy of Texas A. & M.

Results of this test prove without a doubt that treatment with dieldrin really pays. Dieldrin controls thrips, fleahoppers and other sucking insects. Cotton gets a good early start... you get better quality cotton and earlier harvest... less chance of heavy loss due to early frost.

Dieldrin provides long-lasting protection. Days after application dieldrin still has lethal effect. Two to three applications at the recommended dosage—1/10 lb. of actual dieldrin per acre—does the job. Dieldrin dusts are smooth-textured, free-flowing. In a spray, dieldrin forms top creaming emulsions... eliminates nozzle clogging.

Profit from this conclusive test. Use dieldrin early this year. Your insecticide dealer has dieldrin formulations and information on latest methods of application best suited for your use. Don't delay—get dieldrin now!

**Most modern truck V8's
 ...and the pounds prove it!**

Pound for pound, the most powerful truck V8's today are Chevrolets. That's one way you can tell they're the most modern V8's going!

Chevrolet's modern short-stroke V8 truck engines do more work for their weight than any other V8 in any truck today! That means they carry around fewer pounds for power they develop. (They weigh up to 200 pounds less than other comparable engines!) It means, too, that less of the maximum truck G.V.W. consists of engine weight—and more is devoted to payload. Stop by and let us give you the facts on Chevrolet's compact, super-efficient truck V8's.

**Weigh the facts...
 and you'll choose today's most modern trucks**

Wasted weight is engineered out of Chevrolet truck V8's! The ultra short-stroke of Chevrolet's truck V8's makes possible a rugged yet compact cylinder block. Modern design cuts down engine weight and increases engine efficiency.

More power per pound means more power for your payload! Since less power is used in moving engine weight, a bigger proportion is available for moving your payloads. You get hour-saving performance on the job. And modern V8 power saves dollars, too!

There's a modern V8 for every Chevrolet Task-Force truck! There's a powerful, deep-breathing V8—either standard, or optional at extra cost—in every Chevrolet truck model. Horsepower ranges as high as 195 for fast, efficient high-tonnage hauling.

Chevrolet Task-Force Trucks
Anything less is an old-fashioned truck!
