

Harvest Festival Queen Entries Are Announced

Here they are, the three queen contestants for the 10th annual Harvest Festival.

From left in the left panel; Miss Janith Spears, 17, who lives with her sister and brother-in-law at 301 North Fifth;

Miss Sarita Serenil, 18-year-old daughter of Mr. and Mrs. J. E. Serenil of 410 North Tenth, and

Miss Kay Kessinger, 17, daughter of Mr. and Mrs. Gene Kessinger of 305 North B.

Janith is sponsored by Brownfield Little League; Sarita, by the Brownfield Chapter, League of United Latin American Citizens, and Kay, the Desk & Derrick Club of Brownfield, representing some 50 oil industry firms here.

One honor already has come Miss Kessinger's way: She was selected this week as Miss Oil Progress of 1956.

As in the past, the HF queen will be determined by the number of tickets sold in the name of each girl. The tickets are for the HF program of entertainment and prizes.

Money from the sale will be used by Brownfield Rotarians to further some of their club projects, one of which is the Rotary Schoolbus.

The two weeks, Oil Industry and Harvest Festival have been combined this year, a break from the past.

One of the two major highlights of the week will be the annual Oilman-Businessman Banquet, scheduled for 6:30 p.m., Oct. 11, at Veterans Hall.

Another attraction: many of the oil industry firms located in Brownfield have scheduled open house for the public on Oct. 16. General Chairman of the open house committee is W. B. Nance of Mid-Continent Supply. Hours: 3 p.m. until 7 p.m. It is expected by the oil people that the Secretary of State Tom Reavley will present the major address at the banquet on Oct. 11. Headquarters for most activity concerning the two weeks of progress is the Brownfield Chamber of Commerce.

VOLUME 19 26 PAGES BROWNFIELD, TERRY COUNTY, TEXAS, THURSDAY, SEPTEMBER 13, 1956 NUMBER 37

F. E. (BUDDY) JACKSON IS VICTIM

City Employee Is Electrocuted

F. E. (Buddy) JACKSON

An employee of the Brownfield Municipal Power and Light Department was killed instantly at 11:15 a.m., today, when he accidentally touched a high-voltage line which he was about to repair.

Dead is F. E. (Buddy) Jackson, 30, of 119 North 13th. Jackson was pronounced dead after 30 minutes of attempts to revive him by a doctor called to the scene and by firemen using the department's resuscitator.

The mishap occurred about a mile and a half on Tahoka Road. Jackson had just climb a light pole, fellow employees said, when he came into contact with the line, carrying approximately 2,400 volts. He was knocked some 30 feet from the site.

Jackson had been employed as a lineman by the city since 1947. Previous to that he had served two years in the U. S. Navy.

Known survivors are: wife, Verna; two sons, Russell Earl, 12, and Rodney Lynn, 8; one daughter, Patricia Louise, 10; parents, Mr. and Mrs. W. F. Jackson of 319 West Powell, and one sister, Miss Pete Jackson of the parents' address.

Funeral services had not been completed today at Brownfield Funeral Home.

AT NOON TODAY

Drops BCD Idea

Prospects for a Brownfield board of city development have been killed for the time being.

The action to drop temporarily any further talk of a BCD was taken at noon today by the advisory board and board of directors of Brownfield Chamber of Commerce.

Some 30 chamber members spent the lunch hour conferring with Walter G. Wright of San Angelo, president of General Telephone Company of the Southwest, and H. E. Hightower, General's public relations executive and state president of the Junior Chamber of Commerce.

Wright in no wise spoke against a BCD. He was here at the invitation of the Brownfield chamber merely to pass on information—he is on the executive committee of the BCD at San Angelo.

Among those present were members of the chamber's advisory board: Herb Ches-shir, Virgil Crawford, Al Muldrow and J. O. Gillham, all past presidents, and John Kendrick, Virgil Burnett and Arlie Lowrimore.

Board members who listened to Wright were President J. T. Hoy, Vice-President J. L. (Dusty) Kemper, Manager Joe Satterwhite, Marion Bowers, Joe Christian, Lal Copeland, Morgan Copeland, L. G. Smith, Myron Fenton, John Hansard, B. F. Hutson, Cliff Jones, Dennis Q. Lilly, C. C. Primm, George O'Neal and Curtis Sterling.

Wright's connection with the telephone industry has taken him to many parts of the world since 1929, the year he joined International Telephone and Telegraph Corporation.

WALTER G. WRIGHT

During the next few years, he was on assignment in England, Rumania and Spain. In 1937, he was ordered to work out of IT&T's South American headquarters, and at various times was appointed to serve as assistant chief engineer in Buenos Aires, Argentina, and regional engineer for Brazil, with offices Rio de Janeiro.

In 1953, Wright became president of General Telephone Company of the Southwest.

He is a member of the boards of directors of the Concho Valley Chapter of American Red Cross, the Tom Green County Tuberculosis Association, the San Angelo Community Theater, and the executive committee of the San Angelo Board of City Development and Chamber of Commerce.

Wright is married and has two daughters, Margaret (Wright) Kent of Oaklyn, N. J., and Mary F. Wright of San Angelo.

Arrests Crack Burglary Gang

With the arrest this week of three adults and three teenagers, Brownfield police and sheriff's office cleared burglaries of Brownfield Country Club, two local residences, service stations in Meadow, Ropesville and Wolforth, and a jewelry store in New Deal.

Charged with burglary were Hugh McClelland and David Cox of Lubbock and Stanley Moffit of Brownfield. Two teenage girls of the gang, both of Brownfield, were placed on probation after a hearing this week. A juvenile boy was returned to Lubbock police for action there.

The gang also is implicated in a number of Lubbock burglaries, Police Chief Nolan Lassiter explained this morning. Loot valued at some \$200 was taken from the country club. Other items also were taken from the residences of G. E. Lanny at 510 Cactus Lane and Don Power at 801 East Hester. All stolen items were recovered, except car keys.

Additional X-rays were being taken this morning to determine the full extent of injuries suffered by 3-year-old Jacqueline Lee Jones, struck Tuesday when she ran in front of a passing car near the home of her parents, Mr. and Mrs. Brvan Jones of 1413 East Cardwell.

Brownfield police investigating the mishap determined that the fault did not lie with the driver, but did issue a ticket to Thomas Monroe Curry of 519 North Second for operating a vehicle without a driver's license.

The young girl suffered a broken right arm and several bruises and scratches about the head. She is being treated at Treadaway-Daniell Hospital.

The Tuesday accident, plus four more this week, raised the year's total to 100 within the city limits. The death rate from traffic mishaps remains at zero. Injuries total four.

Brownfield police filed charges of driving while intoxicated this week against a Brownfield man. Charges of illegal possession of liquor were filed against John Thomas McDougal of Lamasa.

Legionnaires To Have Monthly Meet Tonight

Committee appointments for 1956-57 and plans for the coming year will be announced tonight during regular meeting of Brownfield Post 269, American Legion.

H. B. Virgil Crawford, who assumed his duties last month as post commander, said this morning that 11 major committees would be named tonight at Veterans Hall. The Time: 8 p.m.

AT HEALTH DEPARTMENT

Crippled Children's Clinic Set Monday

A crippled children's clinic will be held Monday at South Plains Health Department, East Main and D streets.

The first of its kind here in two years, the clinic was announced this morning by Dr. R. E. Johnson, SPHD director. Registration will be from 9 a.m. until 1 p.m., said the doctor, who added: "Any person under 21 years of age having a crippling condition is eligible to attend this clinic for examination."

Those having deformities of the bone, post-polio paralysis, club foot, osteomyelitis, cleft palate, harelip or any scarring from burns are invited to the clinic, explained Johnson.

Consultants to be here Monday are Dr. W. W. Schuessler of El Paso, plastic surgeon; and Drs. C. R. Sadler of Amarillo, E. T. Driscoll of Midland, and R. Q. Lewis of Lubbock, all orthopedic surgeons.

"The clinic," explained the director, "is sponsored by the Dawson, Lynn, Terry, Gaines and Yoakum County Medical Society, the South Plains Health Department, and the Crippled Children's Division of the Texas State Department of Health in cooperation with the Brownfield Crippled Children's Society."

There will be no charges for examination at the clinic.

District Field Day To Offer the 'Grand Tour'

It's only six days away—the third annual Field Day of Terry Soil Conservation District.

When the 9 a.m. jump-off hour arrives Sept. 20, some 200-300 farmers and businessmen are expected to board air-conditioned buses for an all-day tour of some really startling Terry farms, agricultural wise.

TSCD supervisors, U. S. Soil Conservation Service personnel and other farm observers this morning were busily putting final touches to the grand tour.

The event will begin at the J. B. Knight service lot, immediately in front of Furr's Supermarket. TNM&O buses will depart the lot at about 9 a.m., the drivers observing the following schedule:

Before lunch—Tom Pettigrew's farm, soybeans; Joe Dale Doaks, sorghum, cotton and legumes; Winfred Tucker, seabania; George Weiss, seabania, and Eulice Farrar, grain.

The noon lunch stop will be made at South Gin, Inc., south of Brownfield, where the management will treat the tour-ists to a barbecue feed, prepared and served by Underwood's of Lubbock.

Afternoon schedule—A. C. Pace farm, ensilage-cattle feeding project; Kenneth Purcell farm, cotton; J. O. Farrar, Chinese red peas, grain and cotton, and A. A. Sawyer farm, where the group will see the eradication of bindweed demonstrated.

Afternoon schedule—A. C. Pace farm, ensilage-cattle feeding project; Kenneth Purcell farm, cotton; J. O. Farrar, Chinese red peas, grain and cotton, and A. A. Sawyer farm, where the group will see the eradication of bindweed demonstrated.

The picture above offers NEWS readers a bit of a preview of what they'll see next Thursday, date of the third annual Field Day of Terry Soil Conservation District. The trio is in a field of seabania, one of the prettier crops to make its appearance in the county. The site is Winfred Tucker's farm in the Needmore Community. From left: Homer Causseaux and L. M. Waters Jr., TSCD supervisors, and Henry Williamson of the Brownfield office, U. S. Soil Conservation Service.

Area Producers To Feel Hearing Impact

A congressional hearing on all phases of the cotton program will be held Wednesday in Greenville, H. L. (Hub) King, state director of the Texas Farm Bureau, said this morning. Particular emphasis will be on the cotton classing offices and the failure of the U. S. Department of Agriculture to accept spotted cotton at trade discounts as Congress requested. The hearing was requested by leaders of the Texas Farm

COLORS ARE RAISED — The American flag is shown above being raised at Colonial Heights. The occasion: presentation of the colors and a 60-foot steel flag pole to the school by members of Brownfield Post 6794, Veterans of Foreign Wars. The colors were presented to the school last Friday and were accepted by Principal Bryan Jones, extreme left. Herschel McKay, commander, is shown saluting, left middle, along with H. B. Parks, post adjutant. The huge audience of young students, spectators and the Brownfield High School Band

heard the Rev. Bill Spreen of First Christian Church say an invocation. The flag presentation is one of many community services performed by the post, to "... imbue the younger generation with Americanism and patriotism," explained Commander McKay. The post extended thanks to the following firms for their assistance in the flag project: Pioneer Natural Gas Company, South Plains Ready-Mix Concrete, Winkles Trucking Company, DeWitt Welding Service, and O. E. Floyd of the city warehouse.

Junior High PTA Has First Meeting Sept. 20

The first meeting of the Junior High Parent Teachers Association will be September 20 at 4 p.m. in the Junior High School library.

Theme for this year's programs will be "We, the People, Spotlight Our Schools". Thursday's meeting will be the beginning of this series. There will also be a hospitality hour. All parents of sixth, seventh, and eighth graders are urged to attend. There will be a contest, judged on the number of parents present, for each home room.

THE NEW BROWNFIELD FLORAL — Located at 103 West Broadway, the all-new Brownfield Floral is shown above. Dewey Rogers, owner-manager, moved into his new location only last week. Old address was at 1103 Lubbock Road. Telephone number is still 2193. To show the public his new quarters, Rogers will hold an open house from 9 a.m. until 7 p.m., Saturday. Coffee and rolls will be served and the women will be presented corsages. Brownfield Floral began in the corner of the home of Mr. and Mrs. L. M. Rogers, Dewey's parents, at the Lubbock Road address on Oct. 3, 1943. In 1946, the first green house was built. In 1949, the plant was doubled. This year, Dewey occupies his new plant. (Staff Photo)

in Terry County Memorial Cemetery, under the direction of Brownfield Funeral Home. Mrs. Brownlee, who died after several years of illness, was a member of the Baptist church, and had lived in Terry since 1942. She is survived by her husband; two sons, John and Ervin Brownlee of Brownfield; two daughters, Mrs. Allie Mae Newman of Eldorado, Ark., and Mrs. Charles Dyke of Brownfield; two brothers, Charles Brown of Brownfield and R. L. Brown of Talco. Rev. Alton Polk and family are visiting in Mississippi, where he is holding a revival. Rev. Lee preached Sunday morning in the absence of Rev. Polk.

The "Rock", as Rocky Marciano is known to the world, will appear in Lubbock Tuesday night to referee the main event of a boxing card being sponsored by the George S. Berry Post of the American Legion.

The vets are attempting to raise money to promote a youth program in Lubbock. Had a talk with Marciano's

public relations representative today and the conversation went something like this . . . (Ed Note: We got lost somewhere in the middle of this.) Me: "Hello Mr. Lak-----" Laken: "Hello Mr. Roche I am glad to talk with you and know you can pass the word around about my boy being here you know Rocky has always fought against juvenile

Wildcats of Union in First Year of Football

Union High's Wildcats, playing football for the first time in the history of the school, showed their potential and fight when they held Gail to a 18-14 score last Friday. Played at Gail, the game

was non-conference for the two teams, both in District 2-B, six-man football. The Gail-men took the final score lead in the last two minutes of play, coming up from a 12-14 third-quarter tally to sack the game. Coach Kenneth Sams said his outstanding defense-men were Back Alfred Newsom and Center Willie Kay. Leaders of the offense were Newsom and Full-back Howard Hungerford. Sams said his team felt "rather god about leading the Gail boys all the way, until that final two minutes." Sams is assisted this year by John Gary. Other squad men

are Gene Hungerford, 100-pound sophomore; Jimmy Howell, 125, soph; Alton Foster, 140, soph; Jimmy Sargent, 135, junior; Jackie Dill, freshman; Danny Huddleston, 135, soph; Lloyd Hester, 160, junior; Kermit Shults, 130, junior; Rodney Herring, 130, soph, and David Cabe, 130, junior. No seniors are on this year's

GAME TIME: 8 P. M.

Cubs Will Host Loboes Friday

The Brownfield Cubs officially open the 1956 football season Friday night at Cubs Stadium when they play host to the Loboes from Levelland.

The Loboes, rated by many as strong contenders for state honors, will attempt to repeat the walloping they handed the Cubs last year. That score was 60-0, and the massacre took place on the home grounds of the Loboes, who displayed excellent football tactics as they romped at will over the hapless Cubs.

Jess Sudderth, who is a junior this year, was the cog in the Lobo attack that netted 264 yards rushing and piled up 16 first downs to the Cubs 10.

Cub Coach Doug Cox has been working the boys hard since practice opened on the 31st of October and he indicated that the team is in good condition for the Friday opener and should make a better showing than last year.

The merits of his statement were born out last Saturday when the Cubs traveled to Big Spring came out on the top end

Quarterback Club Meetings To Be Held Each Monday Night in Firemen's Hall

Brownfield Quarterback Club President L. J. Richardson said today that the first meeting of the club for 1956 will be held Monday night at 7:30 in the Fireman's Hall located on South Third Street.

Membership Chairman Clyde Bond Jr., said that membership dues could be paid at the meeting and indicated that he had in excess of 100 members thus far. Members of the Brownfield Fire Department will act as hosts for the meetings which will be held each Monday night throughout the season and will serve refreshments at each meeting.

Assisting Fire Chief Leonard Isaacs in preparations for Monday's meeting will be Firemen Robert Meeks and Jeff Lester.

Little League Commission Formed Here; Hal Roche Is Elected To Handle the Reins

The Brownfield Little League and Minor League, at a meeting Tuesday, voted to be governed by a Baseball Commission beginning next season.

Some 50 officers, managers and parents from the Little, Minor and Junior leagues, attended the meeting, held in the Boy Scout Clubhouse in Brownfield. Mrs. Lewis Simmonds, vice president last year, opened the meeting and presided until those present elected Hal Roche, as the Brownfield baseball commissioner.

Although representatives of the Junior League were present and discussed the commission operation, they decided to hold a meeting before making a decision as to becoming members. The league was not represented by a majority of its members.

The new commission will include, in addition to the commissioner, Bill McGowan, who was elected secretary of the Little League, and Ralph Mur-

Brownfield Public School Enrollment Figures on Increase

Enrollment in the Brownfield public schools, as of last Monday, had reached a total of 2,196 students, Supt. O. R. Douglas said this morning. This is an increase of 17-over fourth-day registration last year, the superintendent said, when 2,179 students were attending classes.

The final figure is expected to increase within the next few days, said Douglas. The schools in the system, grades taught, current number of students and each principal are:

High school, 9-12, 501, Bryon Rucker; Junior high, 6-8, 507, Joe Collum; West Ward, 4-5, 437, Kenneth Browning; Jessie G. Randal primary, 1-3, 384, Vernon Brewer, and Colonial Heights, 1-3, 367, Bryan Jones.

Charles Arnold, principal of Phyllis Wheatley Negro School, said that Monday's enrollment was 92, an increase of 19 over last year. Teachers in the system this year total 108.

"Talkin' turkey" is fine talkin' for folks who love to eat and gather 'round the table with the family and friends. Used to be folks only "talked turkey" at Thanksgiving and Christmas, but in these modern times it's a year 'round habit. Why don't you whomp up a great big turkey dinner right now? Roast 'em, fry 'em or bar-b-cue 'em... but be sure to gather 'round all the family and enjoy talkin' turkey the Piggly Wiggly way.

FRIENDS OF THE LIBRARY ORGANIZE — Among principals here last Thursday during organization of the Brownfield Chapter of Friends of the Library is the group shown above. From left: R. C. Janeway, head librarian at Texas Tech; Miss Olga Fitzgerald, Terry County librarian; Mrs. H. F. Godeke, chairman of the Lubbock chapter; Mrs. E. C. Davis, elected

temporary chairman Thursday, and Mrs. E. M. Platz, children's librarian at Lubbock Public Library. Mrs. Platz discussed the many services which could be made available to children through a public library and the orientation courses offered them at the Lubbock library. (Staff Photo)

FUTURE ACTIONS STUDIED

Friends of the Library Chapter Is Organized

A new group here is the of the Library, organized last Thursday at the initiation of

Maids & Matrons Study Club. The Brownfield chapter becomes one of hundreds throughout the nation, with but one goal in mind: "To cherish a unique American institution — the free public library."

Long-range objective of the group, said Mrs. E. C. Davis of 501 East Broadway, temporary chairman, ". . . is the building of a larger, more permanent and newer Terry County library."

Some 56 persons representing a major part of the many clubs in Brownfield took part in the meeting. They heard a major address by Mrs. H. F. Godeke, chairman of the Lubbock chapter.

Here are some results of the Thursday session:

The chapter was formed, temporary officers were elected, committees were named, and the long, hard road to build a new public library was entered upon.

Words of encouragement were offered the group by County Judge Herb Chesshir, Mayor Arlie Lowimore, Chamber of Commerce Manager Joe Satterwhite, School Supt. O. R. Douglas and R. C. Janeway, head librarian at Texas Tech.

Mrs. V. A. Bynum, Judge Herb Chesshir and Bryan Jones, principal of Colonial Heights school, were named to write the by-laws and to present them for approval at the chapter's next session.

A nominating committee also was elected: Mayor Lowimore, Leo Holmes and Mrs. Frank Wier. In addition, a membership committee was chosen: Mrs. Cornelia Peters, who'll represent the schools, and presidents of all Brownfield groups and clubs.

M&M has been responsible for the present Terry library, said Mrs. Davis, for many years. "We now feel," she explained, "that the time is approaching when we'll have a new library. Maids & Matrons cannot carry the burden alone."

Annual NEWS Football Contest Is Scheduled

The annual Brownfield News football contest will officially open with next week's schedule and, as in past years, the NEWS staff is geared to handle the many entries who will be vying for outstanding prizes.

The entry blanks for next week will be found in Monday's Trade Journal and must be brought by the NEWS offices, but in contests after that they will be deposited in the stores of the sponsors. Next week's entries must be in the NEWS' office no later than 5 p.m. Friday.

We need help, and lots of it. That is our main purpose in organizing this chapter."

TSCD Zone Supervisor Election Is Scheduled

The annual election of a supervisor for Zone 3 of Terry Soil Conservation District is scheduled from 9 a.m. until 5 p.m., Oct. 2, in the courthouse office of County Agent Jim Foy.

Zone 3 is the area south of Tahoka and east of Lamesa highways. Only landowners and their wives may vote Oct. 2, and only a landowner may be elected to the post, held presently by Hubert Bealrd.

The district comprises five zones. One supervisor is elected annually, serving his zone for five years.

Miss Ann Griggs, Mr. Bob Smith United In Marriage September 7

In a ceremony read at 6 p.m. September 7 in the Crescent Hill Church of Christ, Miss Ann Griggs, daughter of Mr. and Mrs. T. J. Griggs, 401 S. Third, Brownfield, became the bride of Bob Smith, son of Mrs. Florence Smith of Seagraves.

John McCoy, pastor of the church, read the double ring rites beneath an archway flanked by baskets of white gladiolus and sevenbranch candelabra holding aqua tapers.

A quartet, composed of Holland Boring, Glenn Sargent, Ginger Gunn, and Wanda Cornelius sang "Bless This House", "The Lord's Prayer", and traditional wedding music.

Escorted down the aisle by her father, the bride wore an original model gown of white imported lace and nylon tulle over net and satin. Designed with a high neckline framed with a queen's collar, the fitted bodice had a sheer yoke enhanced with appliques of lace, long sleeves terminating in points over the hands, and a point at center front waistline. From this stemmed a voluminous waltz length skirt made of alternating bands of escalloped lace and shirred tulle with wide ruffles of tulle outlining the bottom edge of the immensely full skirt of tulle net and satin, emphasized with crinolines. She wore a finger tip length veil of French imported illusion net gathered into a matching lace cap accented with seed pearls.

For something old she wore a strand of pearls belonging to her grandmother, Mrs. George Allen of Simpson, La. Something new was her gown, something borrowed was her veil, belonging to her sister, Mrs. Don Lewis, and something blue was a garter decorated with miniature engagement and wedding rings. For luck, her father placed an Indianhead penny in her shoe. She carried a bouquet of gardenias surrounded with feathered carnations, atop a white Bible.

Mrs. Don Lewis attended her sister as matron of honor. Miss Shelby Thompson was bridesmaid. The honor attendants wore identical gowns of light aqua polished cotton designed with fitted bodices, shirred short sleeves, and waltz length perfect-circle skirts with matching lace yokes in the skirts. They carried colonial bouquets of asters tied with aqua streamers.

Candlelighters Misses Nancy Sue King and Mary Ann Holmes wore gowns identical to the honor attendants, in a deeper shade of aqua. Denise Coats, niece of the groom, was flower girl, and wore a gown matching the other attendants.

Paul Smith of Fort Worth attended his brother as best man. Ushers were Bob Ellington of Seagraves and Wendell Eugene Allen, uncle of the bride from Abilene. Bob Griggs, brother of the bride, was ring bearer.

A reception was held in the home of the bride's parents.

MR. and MRS. BOB SMITH

The serving table was laid with a white cutwork cloth over light aqua. The cake was an open-book design, decorated with white and aqua confection, lettered "Ann and Bob", and marked with a miniature bridal couple. Guests attended from Seagraves, Fort Worth, Abilene, Lorraine, Monahans, Odessa, and Lubbock.

For a wedding trip to Big Bend National Park, the bride chose a navy blue faille sheath dress with white accessories and a gardenia corsage. The couple is at home in Seagraves, where Mr. Smith is employed with the Western Company.

Hood County Residents Plan Reunion Sept. 20

The former residents of Hood County are having their annual reunion at the Little House, located near the East Broadway entrance, at Mackenzie State Park in Lubbock Sunday, Sept. 23.

All former Hood Countians are urged to attend and to take a picnic lunch.

MRS. FRANKLIN MOORE

Miss Marie Elizabeth LaVaque, Mr. Franklin D. Moore Wed in Wisconsin

Miss Marie Elizabeth LaVaque, daughter of Mr. and Mrs. Theodore LaVaque, 227 Allard Avenue, Green Bay, Wis., became the bride of Franklin D. Moore, son of Mr. and Mrs. George Moore, 416 W. Main, Brownfield, Sept. 8. The ceremony was performed at 8 p.m. in the Annunciation Church at Green Bay, with the Rev. William H. Keirn officiating.

Traditional wedding music was sung by the Annunciation Church choir. Given in marriage by her father, the bride wore a white floor length gown of nylon net Chantilly lace over satin. Pearl-embroidered bowknots accentuated the front of the fitted bodice and the bouffant skirt revealed a wide lace panel down the front, with alternating tiers of lace encircling the skirt.

Miss Ann LaVaque attended her sister as maid of honor, and another sister, Judith LaVaque, was bridesmaid. The honor attendants wore gowns of waltz length autumn gold rustic silk, featuring wide ve-necklines with inset outlines of matching Venice lace, molded bodices, short sleeves and skirts of unpressed pleats made bouffant with taffeta and nylon net.

Joseph Muehback of Dixon, Ill., was best man. Ushers were Carl Stiller and Ted LaVaque, Jr., both of Green Bay.

A wedding breakfast was held at the Beaumont Hotel, followed with a reception at the Chocowood Golf course.

Following a trip through the western states, the couple is at home at Fort Lewis, Wash., where the bridegroom is stationed with the U. S. Army.

Mrs. Moore is a graduate of St. Joseph Academy and of Neeah-Menasha School of Nursing in Green Bay. She has been employed in the obstetrics department at St. Vincent's Hospital in Green Bay. Her husband attended Northwestern University before entering the Army.

Bell Executives Of PTA Convene

The executive committee of the Frances Bell Parent Teachers Association met in a call meeting in the home of Mrs. James Thurman Wednesday morning, Sept. 5.

Mrs. Grady Davis was elected treasurer for the remaining year. Reports on budget and membership were given.

The program theme for the year will be "Child and the Community", which touches on the activities of the child in the home, school, and community.

A booth will be set up at the first meeting on October 4, for those wishing to pay dues.

Those attending the meeting were Mesdames C. W. Denison, Roy Priest, Ed Rogers, Mike Barrett, Roy D. Harris, Phil Gaasch, Virgil Travis, Milton Addison, J. C. Powell, and Weldon Callaway.

AAUW To Have First Meeting of Year

The first meeting of the year will be held by members of the American Association of University Women at 7:30 p.m. tonight (Thursday) at the Seleta Jane Brownfield clubhouse, according to Mrs. Al Muldrow, president.

The AAUW meets each second Thursday of each month. Hostesses for tonight's meeting will be executive committee.

Double Ring Rites Unite Miss Carol Ann Garner, N. C. Cornett

A double ring wedding ceremony, performed Saturday, Sept. 8 at 10 a.m. in the H. G. Garner home, united Miss Carol Ann Garner, daughter of Mr. and Mrs. H. G. Garner, Route 5, and Nolan C. Cornett, son of Mr. and Mrs. J. A. Cornett, also of Route 5.

Rev. Bill Cornett, pastor of the Castle Avenue Baptist Church at Hobbs, N.M., and cousin of the bridegroom, read the service. An autumn motif was carried out in decorations.

The bride, given in marriage by her father, wore a beige wool flannel suit with brown and rust accessories and a white carnation corsage.

Immediately following the ceremony, a reception was held in the Garner home. The table was laid with a lace cloth over mint green, centered with the three-tiered wedding cake, topped with a miniature bridal couple. Yellow chrysanthemums and tapers completed the setting.

Meadow Class of '51 Has Reunion

The 1951 graduating class of Meadow High School held its first class reunion in the party house at Brownfield recently. Fourteen of the class of 25 were present.

Mrs. Carey Johnson was elected president for the group, and Mrs. Elvive Duncan was elected secretary.

Those present were Mesrs. and Meses. Carey Johnson of Brownfield, Gene Joplin of Seagraves, Clarence Osborne of Odessa, Bobby Green of Brownfield, Jerry Roberts of Ropes, W. A. Jobe of Lubbock, Myron Harris of Midland, Elvive Duncan, Eddie Bingham, and Mrs. Buddy Quisenberry, Bob Gibson, David Combs, and the class sponsors, Mr. and Mrs. Elmer Watson of Amherst.

Buffet Supper Is Held By Sorority

Kappa Zeta chapter of Epsilon Sigma Alpha entertained rushers, husbands, and dates with a buffet supper Monday, September 11, at 8 p.m. at the Brownfield country club.

Sorority colors of blue and yellow were carried out in the decorations of flowers, candles, and large styrofoam letters "ESA".

On the menu were Spanish noodles, tossed green salad, garlic butter bread, coffee, tea, and chocolate cake.

Following the meal, games of forty-two, canasta, and bridge were played.

Members and husbands attending were Mr. and Mrs. C. R. Williams, C. L. Sweeten, Walter Meyer, James Hopkins, Dusty Kemper, Bill Dugger, J. E. Gillham, and Misses John Lou Callison and Laura Clark.

Rushers and husbands present were Mr. and Mrs. Floyd Jordan, A. C. Mitchell, Ray Steele, Gene Homesley, Galon Young, B. H. Freeland, Jr., Clifford Niles, and Miss Sue Whitson and Harold Wood.

WCS Has First Lesson of Study

The First Methodist Church's Women's Society of Christian Service met at 1 p.m. Monday at the church for a covered dish luncheon, and the first lesson of the new study.

The tables were decorated by Mrs. Tim Faulkenberry with small pine trees, spices, rice, cattle, and shells, depicting Church in South East Asia, which is the new theme of study. Place mats suggested the countries to be studied, with their products, and the napkins denoted various people and their customs.

Mrs. Burton Hackney will conduct the study. Mrs. Jesse Smith gave the devotional, "We Would See People", followed by a hymn, "In Christ There is No East or West."

Guests were Mrs. Val Garner and the Rev. Jimmy Tidwell. The group was dismissed by the society's benediction.

Newly Adopted Study Discussion Program Initiated by Randal PTA

Fathers and mothers proved their interest in the newly adopted study-discussion program initiated at Jessie G. Randal Teachers Association meeting Monday night by a large number attending, according to Mrs. James Burnett, president.

The meeting opened with a parent-child relation quiz. Holland Boring gave the devotional, and Vernon Brewer introduced the faculty.

Dr. Bob Hoey introduced his co-chairman, Ken Browning, principal of Junior High School and Jim Ratcliff, Junior High counselor, as well as his sub-group leaders, Roy Priest, Mrs. Norene Hudspeth, Mrs. Ed Hill, Mrs. Roy Timmons, Paul Farrar, Mrs. Burnett, and Mrs. P. R. Cates.

Before showing a movie, "He Acts His Age", Dr. Hoey gave an introduction for the study-discussion program to be used this year. The Brownfield school system is the only school in the United States granted permission to follow this plan of study in the United States. The plan will also be followed by the Colonial Heights PTA. Purpose of the program is to help parents and teachers acquire the knowledge and attain the understanding which they need in guiding children to become mature, responsible citizens, able to function in and maintain a free democracy.

Refreshments of coffee, cold drinks, and cookies were served. Mrs. Hudspeth's room received the prize for having the lesson of the new study.

The tables were decorated by Mrs. Tim Faulkenberry with small pine trees, spices, rice, cattle, and shells, depicting Church in South East Asia, which is the new theme of study. Place mats suggested the countries to be studied, with their products, and the napkins denoted various people and their customs.

Mrs. Burton Hackney will conduct the study. Mrs. Jesse Smith gave the devotional, "We Would See People", followed by a hymn, "In Christ There is No East or West."

Guests were Mrs. Val Garner and the Rev. Jimmy Tidwell. The group was dismissed by the society's benediction.

Randal PTA meets each second Monday night from 7:30 to 9 p.m. A free nursery is provided for children of parents attending.

Delphian Club Met Last Week

Beginning their 1956-57 year, the Delphian Study Club met at the Seleta Jane Brownfield clubhouse at 4 p.m. September 4. Hostesses were Mrs. Paul Ward and Mrs. Crede Gore.

Mrs. Weldon Callaway gave the president's message and presented the yearbooks to members. Mrs. W. P. Norris conducted a parliamentary drill, and the meeting closed with members giving the club collect.

The serving table was laid with a lace cloth and featured an arrangement of yellow chrysanthemums flanked with yellow tapers. Frosted lime punch and cake squares were served to the following:

Mesdames Wayne Brown, Virgil Bynum, Callaway, Gore, Ralph Kerley, W. H. Moore, Norris, W. T. Pickett, E. C. Pool, K. D. Snedeker, George Steele, and Ward.

Housewarming For Aubrey Summerlins

Honoring Mr. and Mrs. Aubrey Summerlin, 408 North A, a housewarming party was given at their new home Monday night.

Hostesses were Mesdames Tres Key, Dick Perry, Leonard Lang, Holland Boring, Ed Mayfield, Herman Chesshir, Gene Gunn, Walter Darling, Marie Willingham, Nettie Carr, Jim Nelson, Annabel Barrow, and Melvin Coe.

Mrs. Perry greeted guests. Mrs. Gunn registered approximately 40 guests.

The table was laid with a pink cloth and featured an arrangement of garden flowers. Pink punch, coffee, and cookies were served by Mrs. Nelson. The hostesses presented the Summerlins a large decorative mirror.

Announcement Of January Marriage

Mrs. Irma Buck, Lubbock, announces the marriage of her daughter, Zenda, to Jimmy Benton, son of Mrs. Elva Benton, January 29, 1956, at the First Baptist Church, Clovis, N. M. The Rev. Walter A. Mitchell officiated.

The bride will be graduated from Taos High School, Taos, N.M., in 1957. The bridegroom, an employee of Davis and Humphries, was graduated from Brownfield High School in 1955, and attended Texas Tech in 1955 and 1956.

The couple is at home in Lubbock.

Brownfieldites Return From Trip

Rev. and Mrs. A. B. Scudday and Grandma Johnson, mother of Mrs. Scudday, returned Tuesday from an extended visit with relatives and friends.

While away, they visited a son and brother, H. N. Johnson and family in Stephenville; the Ross O'Donley family in Shreveport, La.; Mrs. Jim Cauthern, a sister-in-law, and family, a brother, F. Cauthern, and a number of friends, all in the vicinity of Fulton and Tupelo, Miss., the childhood home of Mrs. Johnson. She was honored with a birthday dinner on her 90th birthday Sept. 3.

In Kansas City, they visited the Wendel (Doc) Scudday family, Doc is the son of Rev. and Mrs. Scudday. In Amarillo they visited a son and brother, F. E. Johnson.

While on the trip, they visited the Nazarene Camp Meeting near Glenrose. Rev. Scudday preached in the Queensboro church of the Nazarene while in Shreveport, the Methodist Van Buren Church in Mississippi, the Lakeview Church of the Nazarene in Kansas City, and the Nazarene Rescue Mission on Skid Row (12th street) in Kansas City.

Alpha Omega Study Club Begins Year With General Business Meet

A general business meeting opened the 1956-57 season of the Alpha Omega Study Club Tuesday when members met at the Seleta Jane Brownfield clubhouse at 4 p.m. Mrs. V. L. Patterson was hostess.

Director was Mrs. Jake Geron. Mrs. Jack Cleveland presented yearbooks to members. Club Ethics was discussed by Mrs. A. J. Geron, and Mrs. Jack Hamilton discussed the constitution and by-laws.

New Scout Members Register At Meet

At the regular monthly pack meeting of Pack 74, Cub Scouts of America, Thursday, Sept. 6, at the Legion Hall, 12 new members registered for enrollment in the pack.

They were Eddie Thurman, Jerry King, Jon Whiteside, Ronnie Barton, Dana Haywood, David Hankins, James Cleveland, Roy Bode, Michael Gauntt, Gary Kelly, James Singleton, and Wayne King.

Awards made at this meeting were: Wolf award, John Blackburn and Joe Erwin; Gold & Silver Arrow Point, under Wolf, David Sherrard; Gold Arrow point under Wolf, Randall Jones; Bear Award, Jo Ned Barker; Silver Arrow point under Bear, Floyd Ford; Lion Award, Robert Kimbrough; Gold Arrow point under Lion, Richard Kimbrough.

Paul Ward, John Jennings, and David Nicholson received pins for service as committee men. Mrs. Paul Ward and Mrs. T. W. Hall received Webelos Mothers Pins.

The boys brought to the pack meet handicrafts made during the summer. The group enjoyed the game, Candle Race.

Royda Dumas, daughter of Mr. and Mrs. Dorman Dumas, has been home on a two week visit after attending summer school at Baylor University in Waco. Her parents took her to Dallas Sunday, where she will be a sophomore student at Baylor School of Nursing. Tom Weldon of Palestine brought Royda home from Waco and visited here a few days.

During the business meeting, Mrs. Curtis Sterling, finance chairman, announced plans for having a Harvest Coffee at 10 a.m. October 4 at the club house. A silver tea service will be given as a door prize, and tickets are on sale now.

Cold drinks and sandwiches were served to the following members: Mesdames Jack C. Bender, Marion Bowers, P. R. Cates, Jack Cleveland, William Cope, E. H. Farrar, A. J. Geron, Jake Gore, Jack Hamilton, Tommy Hicks, Earl Jones, Arlie Lowmire, V. L. Patterson, Frederick R. Smith, Curtis Sterling, Bill Thomason, and E. Y. Wilder.

Kappa Zeta chapter of Epsilon Sigma Alpha met for a pre-season business session in the home of Frances Gillham, Monday at 7:30 p.m.

Rushing parties were planned and committees appointed. Ways and Means was mapped out for the coming year, and a general program of welfare for the year was discussed.

Members present were Ann Dugger, Frances Hailey, John Lou Collison, Merle Kemper, Evelyn Hopkins, Zelline Morgensen, Josh Sweeten, Helen Meyer, Reta Williams, and the hostess.

Refreshments were served following the closing ritual.

Threat of Catholicism To Be Subject of Talk

A. C. Lambert will speak at 6:30 p.m., Sunday, at Crescent Hill Church of Christ. His subject will be "The Threat of Catholicism."

John McCoy, minister, issued an invitation this morning to the public. "We believe you will enjoy Lambert's address," said McCoy.

Terry County Teachers Group Sets Plan of Business for Coming Year

The executive committee of the Terry County unit of Texas State Teachers Association met Monday. Working committees were set up.

Mrs. Pete Crump was appointed to fill the vacancy of second vice president.

Mr. Durbin was named to head the program committee, and working with him will be Mrs. Henry Williamson, Meadow; Mrs. J. O. Burnett, Union; Delwin Webb, Brownfield; and Mrs. Sammie Miller, Wellman.

Membership committee will be headed by Mr. Gary, and serving with him will be O. R. Douglas, Mr. Carroll, and Mr. Bryant. Mrs. Crump will head the publicity committee, and working with her will be Mrs. Harley Starnes, Union; Mrs. Willie Mae Hines, Wellman; Mrs. Delwin Webb, Brownfield; and Lester Ericson, Meadow.

Ves Hicks is chairman of the legislative committee. His members will be Mr. Sims, Union; Homer E. Jones, Brownfield; Joe Burleson, Meadow; and Walter Meyer, Brownfield.

The first meeting will be held at Wellman at 7 p.m. October 8. Other meetings this year have been designated at Meadow, January 21, and at Brownfield April 29.

Footsaving Education
By Barney Doss

Will foot health be improved by talking about it?

In a way, yes. I would not say that mere talk has reduced the death rate caused by tuberculosis, but I do believe that the educational program of the Tuberculosis Association has saved many lives by uprooting the old custom of labeling tuberculars "Consumptives" and shutting them up to die.

Talk will not cure cancer either, but discussing early signs of the disease will lead to many early diagnoses and cures.

I believe that this decade will be known in health education history as the most productive in foot health thinking in three hundred years because modern young parents are studying the subject and discussing what they read. Bunions, hammer toes, corns, callouses, and even a large percentage of weak-foot are rooted in ignorance and ignorance cannot withstand the light of intelligent discussion.

CHALLIS NEWS

By MRS. W. J. HENDERSON
NEWS Correspondent

The Women's Missionary Society met at the church Monday at 9:30 a.m. for the week of prayer program and offering for State Mission.

The theme, "Building Altars in Texas", was in charge of Mrs. L. R. Bagwell. The devotional, taken from Genesis, 1st Kings, and Proverbs, was given by Mrs. W. J. Henderson and Mrs. Carroll.

Others taking parts were Mmes. E. N. Corley, Bertie Bagwell, John Garner, and M. L. Pate. Lunch was served at the church to 15 members and several visitors.

Dinner guests in the M. L. Pate home last Monday night were Mr. and Mrs. Charles

Edwards and son, Johnny, Mr. and Mrs. Melton Post and son, all of Ralls; and Mr. and Mrs. Bill Henderson and family and Mr. and Mrs. W. J. Henderson.

Those visiting in the T. C. Pettigrew home recently were his sister, Mrs. E. B. Morgan, and family of San Angelo.

Mr. and Mrs. W. J. Henderson visited Mr. and Mrs. Claude Buckner Sunday afternoon.

Mr. and Mrs. Loyal Henson and Kathy Ann visited in the Cecil Farar home Sunday evening.

Mr. and Mrs. M. L. Pate and boys were dinner guests with his parents, Mr. and Mrs. A. E. Pate, Sunday.

Mr. and Mrs. C. S. Carroll, Lynn and Vickie Jan, visited her parents, Mr. and Mrs. John Garner, Sunday.

Recent visitors in the E. N. Corley home were Mr. and Mrs. Ralph Corley of Odessa and Mr. and Mrs. Fred Igo and family of Sterling City.

Mrs. Cieta Carroll and Mrs. Floyd Joplin visited Mrs. Loyal Henson last week.

Linda K. Carroll spent Sunday with Carolyn Ann Corley.

Mr. and Mrs. John Garner and the C. S. Carrolls attended the circus in Lubbock Thursday night.

New Officers Of Gala Club Feted

Mrs. Frank Ballard was hostess when Gala bridge club held surprise installation ceremonies Tuesday night.

Mrs. Clovis Kendrick was installed as president and Mrs. Burton Hackney as treasurer by Mrs. Eddie Ballard and Mrs. Leonard Chesshir. They were presented corsages.

Outgoing president Mrs. O. L. Stice and treasurer Mrs. R. N. Lowe were presented gifts.

The table was laid with a lace cloth and featured an arrangement of purple dahlias flanked with ivory tapers. Mrs. Stice presided at the punch service. Ribbon sandwiches, relishes, nuts and mints were served.

Members present were Mesdames Harlan Glenn, J. O. Rodgers, Harry Cornelius, Kendrick, Chesshir, Herbert Chesshir, Stice, Coy Barnett, Lowe, Troy Noel, and Ballard. Mrs. Hackney scored high, and Mrs. Leonard Chesshir was second high. Mrs. Glenn and Mrs. Rodgers binged.

Sealed proposals addressed to the County Judge and Commissioners' Court of Terry County, Texas, will be received at the office of the County Judge, Court House, Brownfield, Texas, until 10:00 A. M. September 24, 1956, at which time they will be publicly opened and read aloud for the furnishing of all labor, material and equipment and performance of all work required for the Patching and Seal Coating of approximately 10 miles of County road: 18 feet wide.

Beginning at U. S. Highway No. 32 at Wellman, Texas; Thence south and east to the intersection of Farm to Market Road No. 403 or the Foster road.

Work to be done: Cleaning and patching all major holes in the present paving with premium, then sealing all of the existing paving.

Quantities:
Asphalt: 3 gallons per square yard, OA230 Asphalt.
Rock: 1 cubic yard to 150 square yards. Grade 7 Texas Highway Department specification.

Each proposal must be accompanied by a Cashiers Check, Certified Check or acceptable Bid Bond, for 5% of bid made payable unconditionally to the order of Terry County, Texas, as a guaranty that if awarded the contract the bidder will execute the contract and furnish the required bond.

Inspection: By County representative.

Payment: Cash on completion and acceptance by County representative.

Terry County reserves the right to reject any and all bids and to waive any formalities.

 OUR**

Grand Opening

**Saturday --
 September 15**

**A
 Carnation
 Corsage
 For The Ladies
 That Attend Our
 Grand Opening Saturday**

Of Our New Floral Shop - - 103 West Broadway

On October 3, 1943, Brownfield Floral opened for business in a small building at the corner of the porch of their home at 1103 Lubbock Road. In 1946, we built our greenhouse and shop next door to the north, and in 1949 doubled the size of the shop.

On Saturday, September 15, we want you to help us celebrate the grand opening of our new, modern building at 103 West Broadway, offering you the ultimate in floral designing.

We would like to thank all our customers for your splendid patronage through these years, and feel that this mark of progress is due to your continued support through the past 13 years.

General Business Meeting Opens Club Year For Jr. Women's Club

The Brownfield Junior Women's Study Club held their first meeting of the year Monday at 3:30 p.m. in the home of Mrs. Carl Elliott, 1012 E. Buckley.

Mrs. E. B. McBurnett, Jr., president, conducted the business meeting which included the following reports: Reading of the minutes, Mrs. Jerry Gannaway; treasurer's report given by Mrs. Harley Rodgers; Mrs. Bill Gorby, program chairman, gave a brief outline of the new yearbook; and Mrs. Robert Lee Craig, Jr., finance committee chairman, gave a report, as did Mrs. Carl Elliott, reporting for the project committee.

Plans were made to establish a Newcomer's Club meetings to be held once a month.

Cold drinks and cookies were served to Mesdames B. O. Campbell, Craig, Elliott, Gannaway, Gorby, Billy Hamilton, Jack Hamilton, Dub Holloman, Alvin King, Alton Martin, McBurnett, L. U. McPherson, Erwin Moore, Buddy Orr, Rodgers, and Mack Ross.

The next meeting of the club will be Monday, Sept. 24, at 3 p.m. at the Seleta Jane Brownfield clubhouse. Rev. Ralph O'Dell, pastor of the First Presbyterian Church, will speak on "Religions of the World".

Area Church Group To Attend Meeting

A group of about 20 persons from the Levelland congregation are planning to attend a three-day religious assembly in San Angelo, September 14-16, it was announced today by the Levelland congregation of Jehovah's witnesses.

This is the second of the semi-annual assemblies held by Jehovah's witnesses for this area in 1956, and is sponsored by the Watchtower Bible and Tract Society of Brooklyn, New York. The convention will be held in the Municipal Auditorium, at City Hall, in San Angelo, and will be for Bible instruction and concentrated gospel preaching in that area. Delegates from the Levelland

Out of Town Guests At Anniversary Are Named

Out of town guests who attended the Maids and Matrons Study Club Golden Anniversary September 4 were:

Mesdames M. E. Jacobson, Wichita, Kans.; Sallie Tilson, Denton; Ada C. Watkins, Abilene; R. B. Parish, Hobbs, N. M.; W. E. Ellis, Rising Star; Beulah Scudday, Sweetwater; J. W. Ellis, Temple; Gertrude Rasco, Memphis, Texas; C. E. Motley, Monahans; F. C. Simmes, O. L. Peterman, and T. R. Pridoux, all of Lubbock; and F. G. White, Oklahoma City.

GEE GEE'S Chit Chat!

After a very un-social summer (news-wise, that is), things have really picked up. Hope you'll enjoy reading about all the clubs' activities. And I want to thank all of you for bringing me your club yearbooks, as well as for giving the plans and what not. All the details of your meetings and clubs seem to have interesting programs set up for this year, and I think that the Jessie G. Randal and Colonial Heights PTAs have one of the most worthwhile of all. In fact, their newly adopted study discussion program is the only one of its kind in the United States and there are only two more of its type in the world: one in Canada and one in Europe.

Continuing with the new program, and Brownfield is certainly honored to be chosen to try out this new plan in the U. S. its purpose is to help parents and teachers acquire the knowledge and to attain the understanding which they need in guiding children to become mature, responsible citizens, able to function in and maintain a free democratic society.

Monday night's program was an introduction of the study-discussion program, "Parent-hood in a Free Nation". During the course of the year, the parents and teachers will study and discuss feelings of security and adequacy, understanding of self and others, self-discipline, responsibility, a n d freedom, constructive attitude toward change, democratic values and goals, and problem-solving attitudes and methods.

Because our teachers feel that this is such an important and instructive program, the meetings will be held at night, with a nursery provided for the children, so that both parents may attend these meetings. Whether or not your child is attending one of the first three grades, if you are interested in taking part in this revolutionary new program, you may certainly join either Randal or Colonial Heights PTA and participate. I'll be telling you more about this program during the year because I feel that it is definitely one of the best ways for parents to become better parents by understanding their children better.

Brownfield Floral has finally

vicinity attended a larger meeting of Jehovah's witnesses in Lubbock, July 26-29, where there was a peak attendance of more than 2,500. Delegates from the territory covered from Pecos to Abilene, and from Lubbock to San Angelo will be at this assembly.

It really happened department: The other day a man stuck his head in the door and asked if the doctor was in. Seems he thought he was in an appliance business place in town and had his sick TV set with him.

Guess we're all looking forward to Friday night and our big red Cub's first football game of the year. Know you are all planning to be on hand, not only for some first class football, but also to see Fred Smith's fine band perform. So we'll see you there, huh?

Last but not least, R. T. Wilson said this week that his D. E. students will again this year be selling cushions at the ball games... to add to your comfort and to their coffers.

Ground Observer Posts Set Up Here

The Ground Observer Corps is setting up observation posts in this area, it was announced this week. Post supervisor in Brownfield is A. J. Geron.

Meadow post supervisor is George Ashburn; Wellman, Wilson Roberts, and Tokio, Dallas Green.

Anyone interested in helping the observation post in their town may contact the above-named people.

The Ground Observer Corps is organized to help radar stations in spotting low-flying planes which can not be picked up on radar screens, and to pick up severe weather and report it to the Weather Bureau.

Volunteers are needed to help protect our country against enemy air attacks and

Wellman F. H. A. Group Plans Initiation of New Members

The Wellman F. H. A. chapter had a business meeting Wednesday afternoon, Sept. 5. At this meeting, members decided to go to the Lubbock Fair Monday, Sept. 24. While at the fair, the girls will attend "A Holiday on Ice".

The F. H. A. girls ordered Christmas cards Monday. Approximately 300 boxes were ordered, and each girl will sell ten boxes.

The freshmen informal initiation into the F. H. A. will be Friday, Sept. 14. Freshmen girls have to say the creed, the eight purposes, sing the F. H. A. song, and scrub the sidewalk with a toothbrush. The formal initiation will be held Wednesday Sept. 19.

Sammie Adair had her aunt

and uncle, Mr. and Mrs. Kenneth Bradshaw, from Hobbs, N. M., visited in her home over the weekend.

Pat Runnels' cousin, Leland Campsey, from Plains visited her over the weekend. He has just returned from Germany, where he was in the Army.

Mary Hohenberger's brother, Junior Hohenberger, from Honey Grove visited her over the weekend.

Martha Goza's brother, Charles, is leaving Saturday to attend Hardin Simmons University in Abilene. He is going to major in religious education.

CARROLL PARKER

LA RUE REX

Choir Registration Set at First Baptist

The graded choirs of First Baptist Church will observe registration day Tuesday, it was announced this morning by Ed Rogers, minister of music.

Registration will be for three of the choirs, said Rogers: Celestial, ages 5 to 6; Cherub, 7 to 8, and Carol, 9 to 12.

In conjunction with the registration, Rogers explained that there would be a meeting of the Mothers of choir members on first floor of the Educational Building.

Directors for the choirs this year are: Mrs. Wayne Hill, Carol; Mrs. R. D. Harris, Cherub, and Mrs. Ed Rogers, Celestial. Each group will have an enrollment limit, set by registration deadline.

"Each parent is urged to bring his boy or girl on Tuesday to assure them of a place in the choirs," Rogers cautioned. Rehearsals will be held at 4 p.m., each Tuesday.

Lee Brownfields Host To Couples Club Friday

Mr. and Mrs. Howard Hurd were high players when the Lee Brownfields entertained their couple's club Friday night.

Second high were Mr. and Mrs. V. L. Patterson. Mrs. Jack Hamilton and Mr. Hurd binged.

Devil's food cake and coffee were served to Mesdames and Mmes. Hurd, Patterson, Hamilton, Burton Hackney, and George Weiss, and Mrs. Lois Wingerd.

Christian Discipline Is Theme of Circle Study

The Mae Dallas Circle of the First Presbyterian Church met at the church Monday afternoon.

The meeting opened with a hymn, "Have Thine Own Way Lord". Mrs. Clovis Kendrick presented the program, "In the Home Practice Christian Discipline". Eph. 5:21, 6:9. The meeting closed with a prayer.

Mrs. Al Muldrow, hostess, served refreshments to Mesdames Caroline Ellington, Grace Buchanan, Udell Hamilton, Truman Pickett, J. S. Carter, John King, Jay Barrett, Kendrick, and Charles Kersh.

our local towns against tornadoes and other severe weather by keeping watch and reporting them in advance.

You can help by contacting the above named men or by writing Civil Defense, General Delivery, Lubbock, or calling 476 in Brownfield after 6 p.m. and volunteering for the Ground Observer Corps.

Den 1 Cub Scouts of Pack 74 Make Tour of Lubbock

The Cub Scouts of Den 1, Pack 74, accompanied by Mrs. Al Hallbauer and Mrs. J. R. Blackburn, made a recent tour of Lubbock. The group left Brownfield at 9:30 a.m.

On arriving in Lubbock, they went first to the Coca Cola Bottling company, where they were shown through the plant and learned how "cokes" were made. They were also served cold "cokes". Their next stop was the Bell Plant, where they saw the many steps in making ice cream and sampled some.

The KCBD-TV station was the last point of interest visited before lunch. Here they attended the popular "Serenaders" show and were introduced on the program. They made many pictures of themselves and the Serenaders, and left for Mackenzie State Park.

After romping, playing, and making pictures of the prairie dogs, they ate a picnic lunch at the park.

During the afternoon, they visited Baldrige Bakery and ate doughnuts.

Plans to visit the museum at Texas Tech had to be bypassed, as the museum was closed, pending the re-opening of school.

After shopping, the boys returned to Brownfield about 5 p.m., well stuffed, happy and hungry.

Cubs attending were Allan Hallbauer, John Blackburn, Robert McKee, Floyd Edwin Ford, Randall Jones, Danny Thurman, Archie Jennings, and Den Chief Harold Wilson.

... Down Wellman Way ...

Hello, everyone. School is well under way, and we guess it is about time to start studying hard if you haven't already started.

School got off to a good start

last week. We had class meetings Monday, with each group electing officers. The Juniors selected their rings for next year—and they hardly can wait until they come in.

All of the seniors and three of the juniors sold ads Thursday in Wellman, Brownfield and Seagraves. In all, the group sold \$795 worth. The seniors say "thanks" to everyone who purchased an ad.

The pep squad meets today to work on yells for Friday's game. They do not march, but plan to begin marching exercises this week.

The Wellman FHA girls are planning to go to Lubbock, Sept. 24, to attend the fair. School is going to be dismissed that day for all who wish to go. The students will get free tickets.

The juniors are sponsoring a one who wants his car washed, should bring it to the front of the old gym. The price will be \$1, and the event gets under way at 9 a.m. and stops at 5 p.m.

Our next football game will be at Wellman, with Patton Springs Friday night at 8 p.m. Come to the game and help support the boys. They're going to fight for us.

See you next week.

La Rue and Carroll

Mrs. Kendrick Hostess To Las Amigas Players

Mrs. Clovis Kendrick was hostess to Las Amigas bridge club September 5.

Frozen ice box pie and iced tea were served to mesdames like Bailey, Glen Akers, Lee Brownfield, Lal Copeland, Harry Cornelius, Rebecca Ballard, Burton Hackney, Tom Harris, Al Muldrow, Otis Larner, O. L. Stice, John Clark, Coy Barnett, Grady Goodpasture, Ed Wilder, and Dip Pemberton.

Mrs. Larner was high player, and Mrs. Pemberton was second high. Mrs. Wilder and Mrs. Ballard binged.

Lee Brownfields Host To Couples Club Friday

Mr. and Mrs. Howard Hurd were high players when the Lee Brownfields entertained their couple's club Friday night.

Second high were Mr. and Mrs. V. L. Patterson. Mrs. Jack Hamilton and Mr. Hurd binged.

Devil's food cake and coffee were served to Mesdames and Mmes. Hurd, Patterson, Hamilton, Burton Hackney, and George Weiss, and Mrs. Lois Wingerd.

Mrs. Wilder Hostess To Pleasure Bridge Club

Mrs. Edson Wilder was hostess to Pleasure bridge club Tuesday night.

Mrs. George Weiss scored high, and Mrs. Tom Harris was second high. Mrs. Mike Barrett binged.

Frozen lemon fluff and coffee were served to the above and to Mesdames J. T. Bowman, Lee Brownfield, Joe Henderson, Jack Hamilton, and Perry Bear.

Plan Now to Attend the TSCD Annual Field Tour September 20

Soil Bank Wheat Payments To Be Made In Cash or Grain, Explains State ASC

SECTION THREE
Brownfield News

And Terry County Herald... Terry County's Oldest Business Institution
Vol. 19 Brownfield News-Herald, Thursday, Sept. 13, 1956 No. 37

Irrigation Clinic Set at Lamesa

Terry farmers and business-
men will have an opportunity
next week to attend a sprink-
ler irrigation clinic, Sept. 18-19
in Lamesa.
The clinic is being sponsored
by Texas Agricultural Exten-
sion Service and Region 4
Sprinkler Irrigation Associa-
tion.
The association invites the
following to attend: county
agents, personnel of the U. S.
Soil Conservation Service, sup-
ervisors of Farmers Home Ad-

Compensation to farmers for
reducing their 1957-crop winter
wheat acreage below their
allotment, designating such
acreage for inclusion in the
Soil Bank's Acreage Reserve
program, will be in the form of
negotiable certificates. R. G.
Shrauner, Chairman of the
State Agricultural Stabilization
and Conservation Committee,
has announced.

The certificates are redeem-
able in cash through regular
banking channels, or they may
be redeemed in grain by the
producer to whom they are is-
sued.

Shrauner explained that the
amount of compensation for
wheat on the farm will be
determined by multiplying
the base unit rate per bushel
for the county by the smaller
of (1) the normal yield for
the farm or (2) the normal
yield for the land designated
in the agreement as the Acre-

age Reserve; this figure will
then be multiplied by the
number of acres determined
as the acreage for compensa-
tion. The base unit rate per
bushel varies by counties.

Except that the wheat acre-
age placed in the Acreage
Reserve for a farm may not
exceed the allotment, the max-
imum wheat acreage which
may be "reserved" is gener-
ally 50 per cent of the allotment
or 50 acres, whichever is
larger. The minimum wheat
acreage which may be placed
in the Acreage Reserve is 3
acres or the allotment, whic-
ever is smaller.

Land in the Acreage Reserve
must not be cropped or grazed
during the period of the Soil
Bank agreement. If any winter
wheat is grown on the farm
this fall, Acreage Reserve
agreements for the 1957 wheat
crop must be signed by Sept.
21, 1956.

★ ★ ★

THAT NEW LOOK — The pictures on this page represent some
of the sites to be inspected during the Sept. 20 field tour of
Terry Soil Conservation District. Please notice that King Cot-
ton is not shown, this being no slight to the king. Farmers
and businessmen taking the tour this year are to see the "new"
look in Terry County agriculture: new grasses, soybeans, hy-
brid grain, legumes, among other items. Upper left panel:
soybeans in Terry. The crop is on Tom Pettigrew's farm on
Lubbock Road. Upper right: Texas Hybrid Grain Sorghum
610 will come from this field of 7078 (smaller grain on left)
and kafir (taller grain on right). This is one of several hy-
brid breeding blocks in the county. Middle panel: 8-foot sorg-
hum alnum, the perennial grass which has stirred much in-
terest of late. It's on the Joe Dale Doak farm east of Mea-
dow. Doak, right, is assisted by Ed Kirk of Meadow to hold
up a bundle of the grain. Doak estimates that his 5-acre
block is yielding some 800 pounds of seed to the acre. Sell-
ing price of the seed at present is around \$3 a pound. In
the bottom panel: Henry Williamson of U. S. Soil Conserva-
tion Service stands in the midst of a 50-acre block of weep-
ing lovegrass on the George Weiss farm, northwest of Brown-
field. Planted three months ago, the weeping love is a peren-
nial, an excellent soil builder and, many times, a good cash
crop. These and other exciting farming operations are on tap
for the tour, Sept. 20. (Staff Photos)

Brownfield News Editorials

IN AMERICAN AIR TRANSPORTATION

Disasters Can't Erase Conquest

We have learned the hard way, as Americans usually learn, that air transport — in a fantastic expansion that has outstripped any other public service industry in our history — has also outgrown its administration, and in some cases its ground facilities. Since the winter of 1951-52 when the city of Elizabeth, N. J., adjacent to Newark airport, was the scene of three crashes involving 118 fatalities within two months, warnings of overcrowded skies have continued.

Efforts at improving air safety have been localized or makeshift. But the unthinkable, one-in-a-million crash that wiped out 128 lives over Grand Canyon on June 30th brought us face to face with the undeniable need for a reappraisal and complete overhauling of air traffic regulations and controls.

As never before, this is a time of travail for all those tens of thousands of people, aloft and on the ground, who have dedicated their lives to the air age, who feel themselves a part, not only of its triumphs, but of its tragedies as well. And it is a time when the rest of us must not lose our perspective while we demand a new control pattern and new safety regulations that measure up to the vastness of today's air commerce. Disasters fresh in our minds may dim the tremendous achievements of our flying people, but they can not erase the fabulous record of a conquest that most of us have witnessed in our own time. Progress has always been written in blood, yet through the ages more people have met accidental death in their homes than anywhere else.

However perplexing, the new problems of air safety must and will be solved. They can not be ignored. To those who do not know what to think, we recommend the viewpoint of Frazar B. Wilde, president of the Connecticut General Life Insurance Co., whose firm, in 1926, was the first to insure air-line passengers, and which last fall extended life insurance to the crews of scheduled air-liners on the same terms as any other occupational group.

"Our records show," says Mr. Wilde, "that, notwithstanding current misfortunes in commercial aviation, the operation of scheduled carriers by United States flag lines throughout the world sets a high standard of transportation safety."

That standard must, and will be preserved.

HIGHLIGHTS and SIDELIGHTS

By VERN SANFORD
Texas Press Association

AUSTIN, Tex. — Conservative and Liberal Democrats are battling each other. Republicans are active. But the Constitution Party of Texas now is in the spotlight.

At their Austin meeting the Constitution Party grabbed headlines by naming, as their nominees, prominent Democrats who have been active in recent campaigns. Their choice included W. Lee O'Daniel for Governor; J. Evetts Haley for Lt. Governor; Reuben Senterfitt for Attorney General; Warren G. Harding for State Treasurer, and Ross Carlton for the Court of Criminal Appeals.

Congressional candidates will be chosen later. Secretary of State Tom Reavley challenged the Constitution Party's right to nominate any candidate who had been defeated for the same office in the recent primaries.

Joseph M. Rummel of Houston is state chairman of the Constitution Party. Their presidential nominee is Democrat T. Coleman Andrews, former Internal Revenue Commissioner of Richmond, Va. Former Republican Congressman Thomas Werdel of California is their vice presidential choice.

Major plank in the party's platform is elimination of federal income taxes.

Artificial Rain—Possibility of moistening droughty Texas by artificial rainmaking may be debated in the next Legislature.

After hearing state and federal weather expert at an Austin meeting, the Texas Water Resources Committee voted to dig deeper into the subject. If findings are favorable, the committee indicated it would

The Hocus-Pocus That Produces Cheap Public (Political) Power

recommend legislation and appropriations for a long-range, statewide project.

Scientists were cautious in their claims before the committee. Much is yet to be learned about what makes rain, they said, and previous experiments have not yet been thoroughly evaluated. But they agreed prospects were promising enough to merit further research.

"Soaker" Wanted—Scattered showers have helped, but most Texas farmers still are scanning the skies for a "fall soaker." U. S. Dept. of Agriculture's latest crop report reflected increasingly critical conditions. Examples: cattle, "forced to market"; peanuts, "past redemption"; dryland cotton, "extremely short"; vegetable planting, "limited." Only irrigated cotton was reported "fruiting heavily."

GI Loan Payments Up—Delinquencies on veterans land loans have dropped 19 per cent since 1954, said Land Commr. Earl Rudder.

Payment failures ran 20 per cent of loans made under his predecessor, Bascom Giles, said Rudder. Under the new administration they have dropped to one per cent.

Some 13,000 requests from veterans for loans now are pending before the land board. Present funds will stretch over only about 1,000. More money will be available if voters approve a constitutional amendment for a new \$100,000,000 bond issue at the general election.

THE AMERICAN WAY

SENIOR STATESMAN STEALS SHOW
By George Peck

(EDITOR'S NOTE: George Peck is Chairman of the Board of the National Labor-Management Foundation and Executive Editor of its official publication, PARTNERS.)

The tumult and the shouting which attend the conventions of the two major political parties last month have died down. Now there is a lull before the storm of campaign oratory that will soon be coming our way via public platform, radio and television.

Looking back upon the convention shenanigans, both turned out to be rather dull affairs. The Democrats boasted of the great reforms (?) they had initiated during the reigns of Franklin and Harry, and pointed with pride to the fact that Ike apparently liked most of them so well that he continued on with them. The GOP pointed with pride to the fact that it not only had gone along with these reforms (?) but had greatly extended them (Social Security for instance).

The party platforms, with a few minor variations, could have been written by one individual. Both, for instance, take no clear-cut stand on the segregation issue — neither party had the guts to give the U. S. Supreme Court the verbal spanking it deserves for having deserted its proper function of umpire, to making rules, which our Constitution clearly states is the sole prerogative of the legislative branch, the Congress.

Each convention had a goat, by strange coincidence men bearing similar first names. Hurricane Harry Truman blew into Chicago from Mississippi, rather than from the Caribbean Sea, from where all self-respecting hurricanes are supposed to blow. The one great satisfaction that the Democrats, in fact most Americans, can feel as they review in retrospect the doings at Chicago, is that the Truman ego was given a thorough deflating. The Harryman, Averill, (multi-millionaire "do-gooder" who presently is messing things up for the Empire State as he disservices it as Governor) lost what little chance he had of copping the Democratic nomination, when Harry fronted for him. At long last, this nation really has something for which to thank Mr. Truman.

At San Francisco, Harold Stassen provided the laughs. The erst-while boy-governor of Minnesota received a severe jolt to his political ambitions. The GOP convention can be credited with one outstanding accomplishment if the failure of Harold's one-man crusade against Nixon, convinces him that he never can make the White House. The Democrats have taken exception to the Republicans referring to their party as "The Democrats" instead of "The Democratic." When this base calumny was drawn to President Eisenhower's attention at a recent press conference, he allowed that as far as he is concerned the opposition party can call itself anything that pleases it. No matter what the Dems call their party can't possibly make it smell any sweeter to them, or less offensive to the nostrils of the Republicans.

In this columnist's humble opinion, Wayne Morse was the outstanding performer at Chicago. Don't get me wrong—I still hope that McKay gives him such a trouncing out in Oregon on November 6 that he'll retire entirely from the political arena. However, Morse cited precedent within See AMERICAN WAY, Page 3

Carey (Childress County),
Douglassville (Cass County),
Houston Christian School, New
Hope (Wood County), Scranton
(Eastland County), Stron
(Shelby County) and Sacred
Heard (Cooke County).

These schools are ineligible
to receive state money for
vocational programs and super-
intendent pay. Their gradu-
ates must take entrance ex-
ams to enter college or another
school.

New Court Asked — Texas
lawyers have been asked to
help persuade the 55th Legisla-
ture to allot Travis County a
fourth district court.

Dist. Judge J. Harris Gard-
ner pointed out that he and the
other two judges face hopeless-
ly jammed dockets.

In addition to local cases
Travis courts get almost all
suits brought by and against
state agencies.

Short Snorts — William H.
Wood of Midland has been ap-
pointed by Gov. Allen Shivers
to the State Board of Phar-
macy. Wood succeeds Shine
Phillips of Big Spring.

Eight more Texas counties
have been designated drought
disaster areas by the U. S.
Dept. of Agriculture. They are
Cass, Delta, Fannin, Gregg,
Harrison, Marion, Smith and
Upshur. Furniture manu-
facturing is one of the fastest
growing industries in Texas.

ON LOCATION HERE — The extremely wide use of aluminum
irrigation pipe in Terry County is the reason for the "location"
shot above. The scene is on H. L. (Hub) King's farm north
of Brownfield, where Vogue Film Productions of Louisville, Ky.,
recently finished "shooting" an education film for Reynolds
Aluminum Company. From left, the principals are County
Agent Jim Foy, seated in a director's chair; King, who stands

behind camera truck discussing the situation with Dr. John F.
Schrunk, Texas A&M specialist and chairman of the educa-
tional committee, Sprinkler Irrigation Association, and Hal
Vinson, owner of Vogue Film. Two unidentified men are in
the trucks. Terry has more sprinkler irrigation systems (675
at last count) in operation than any other county in the United
States.

expanding 10 times as fast as
population. University of Texas
Bureau of Business Research
reported the state's furniture
output increased \$23,000,000 in
1939 to \$98,000,000 in 1955.

Texas will have 1954 new law-
yers after next Monday when
the Supreme Court will offici-
ally license those passing the
most recent bar exam. A
\$16,000,000 increase in Texas

farm income for 1957 has been
predicted by the Texas Agricul-
ture Stabilization Conservation
Committee. This unofficial es-
timate was based on the belief
that large numbers of farmers

will take advantage of the new
federal soil bank law.

the Republicans ranks of the
so-called "liberals" that he
espouses. He named among
others Theodore Roosevelt and
the late Senators Borah and
Norris, as champions of "lib-
el fare State." The massive
Senator from Oregon was of-
fensive facts. To his credit, and
I write this grudgingly, he at
least deserves a pat on the
back for his political honesty in
leading himself out of the Re-
publican ranks. It is too much
to expect that the "Conserva-
tives" within the Democratic
party are wildly ecstatic about
his "gain" in their ranks.

But it remained for an 82-
year old youngster to give the
greatest performance at the
convention Herbert Hoover, ex-
president of the U. S. A. Liter-
ally "stole the show" at San
Francisco. He was given the
most spontaneous and sincere
ovation accorded to any speak-
er at the Windy City or Frisco.
Here was a man not seeking
any office—the cheering was
for a man who over a long

Weather Cycles Not Found in Late Study

Predictions of rainfall can-
not be made on the basis of
weather cycles in "wet" and
"dry" years.
Research by a team of sci-
entists from the High and Rolling
Plains Agricultural Experiment
Station at Abilene, Texas, has
shown that weather cycles in
Texas do not exist.

The study, conducted by Dr.
R. L. Willett and Carl
H. Thomas of the High and
Rolling Plains Agricultural Ex-
periment Station, shows that
the period of years had served
the party well and all his fel-
low Americans, even better
"Chief" as his many friends
affectionately call him, re-
affirmed his faith in the
country's social and economic
future. He called on Americans
of all political persuasions to
to the support of those poli-
ticians who in turn support po-
licies and measures to promote
the welfare and safeguard
American, the greatest sanc-
tuary of freedom. In closing his
address, he paid tribute to both
political parties in these
words:

"From the day of its found-
ing, men and women of the
Republican party have led our
country to safety in the many
great crises of freedom. Men
and women of the Democratic
party, too, many times in that
long history have served free-
dom to the full."

Compare the dignified per-
formance of ex-President Ho-
over at San Francisco with that
of our only other living ex-
President, Harry Truman at
Chicago. Nuff said?

tion, who made the studies,
states that an optimist can
find traces of cycles at some
locations, but no statistical
evidence of cycles is re-
corded in the records.

"Average or normal rainfall
is about 20 inches," Dr. Wil-
dredth said. "The records indicate
that farmers and ranchers in
the High and Rolling Plains
had more than 42 to 60 per cent—
will be below average in rainfall than
years above average.

Prolonged droughts have oc-
curred on the High and Rolling
Plains at least two or three
times during the period of weather
records as are available. The
dramatic drought of the 1930's,
which led to the Dust Bowl
period, shows up in records at
most locations. Another bad
drought period occurred around
1917. At most locations the
recent drought began in 1951
and is the longest and most
severe on record. Records go
back to 1866 at Abilene.

In most cases, it is not the
year of low rainfall that is
disastrous, but the 2, 3 or 4
years in a row of low rain-
fall. During the Dust Bowl
period Amarillo had 8 con-
secutive years of below aver-
age rainfall.

The study and publications of
the results — "Farming and
Ranching Risk as Influenced
by Rainfall"—is the first of a
planned series to include
several other areas of Texas,
the Edwards Plateau, Trans-
Pecos and Rio Grande Plain.

Sesbania- This Is A Summer Legume

Pictured Above Are Homer Causseaux, L. M. Waters and Henry Williamson Inspecting
Some Sesbania. You Will See This Crop Growing On Winfred Tucker's Farm . . . Sept. 20.

the farming angle

By DON RYNUM

Terry Soil Conservation District added another item this week to its growing list of services for Terry farmers: A "newsletter" was mailed to each member and other interested persons.

Authorized by TSCD and prepared jointly with the Brownfield office, U. S. Soil Conservation Service, the September letter—it will be a monthly publication—offered these helpful hints:

"Winter legume planting time is here . . . most popular winter legumes . . . are Hairy Vetch and Austrian Winter Peas . . . planted from Aug. 15 to Nov. 1 . . . Seed should be inoculated.

. . . farmers may plant legumes in cotton before last watering . . . proven successful . . . TSCD has planter available . . . legumes should be fertilized for maximum growth . . . TSCD Field Day to be held Sept. 20 . . . practices to

LANIERPETTY

Lanier Petty Given Dunlap Scholarship

A total of 17 outstanding high school graduates who will enroll this fall at Texas Tech have received a total of \$2,550 in Dunlap Scholarships for the 1956-57 academic year.

Among the 17: Carl Lanier Petty, son of Mr. and Mrs. B. L. Petty of 506 North A.

The scholarship was presented to Petty because of his activities in basketball, science club, first aid club, junior business club. Carl was this year's salutatorian. He plans to study petroleum engineering.

The scholarships are sponsored by Dunlap Stores of Lubbock to assist promising students during their freshman year.

persons who registered Sept. 6 for a one-day seed clinic at Texas Tech.

Dr. T. C. Ryker of the Dupont Company research department, Wilmington, Del., discussed research in agricultural chemistry, with emphasis on seed treatment and product development.

Continued hot and dry weather

be seen (Sept. 20) include:

"Crossing plots to produce hybrid grain sorghums, grasses for grazing and seed production, sesbania (a summer legume new to this area), winter legumes, high yielding fields of cotton, cattle grazing sudan in preparation for winter feed lot operations, Atlas Sargo being grown for winter ensilage-cattle feeding program . . . Air conditioned buses to be furnished for field day participants.

Jerry Dumas and C. E. McClellan were among 32 seed producers, chemical dealers, farmers and other interested

MAN AND GIN — In the picture above: J. L. Newsom stands beside one of five new gin stands which he installed in the Newsom Gin in preparation for the season already begun.

er has caused cotton to wilt and shed additional small bolls in many fields. The crop has opened at a rapid rate in many of the fields, with harvest well under way. Little insect trouble was encountered this past week on rapidly maturing crops.

For the fourth time in 50 years of operations, the Feed Control Service reports that Texas manufacturers during the last fiscal year sold in excess of 4 millions tons of feed.

The Texas Agricultural Extension Service, in cooperation with extension service in other states, is compiling a list of areas and producers who have surplus hay which can be shipped agents can furnish more information on the program.

Reports from other parts of Texas indicate that the irrigated sesame crop this year has promise of being the best ever produced in the state.

Texans ate 16 per cent more beef this year than in 1955, according to the Texas Beef Council after a statewide survey of food chains totaling 767 retail stores.

In Chicago last week, prime steers hit a new high for the past 17 months at Union Stock

yards, as three loads sold for \$32 a hundred pounds.

They were top quality steers fed on grain in Midwest feed lots. A shrinking supply of this type of cattle has caused prices to move up over recent months, a stockyard spokesman explained.

How much are price supports costings? It's doubtful that anyone could answer the question. But last week, the government reported a net loss of more than \$974 million on its farm price support operation in the fiscal year ended June 30.

J. T. (Jake) Fulford, president of the Terry County Farm Bureau, and other TCFB members, will attend the statewide membership drive of Texas Farm Bureau. The session is scheduled Sept. 20 in Austin. TFB officials are hoping that at least 80,000 farm families will be enrolled this year.

Mr. and Mrs. Jim Nelson of Ocean Side, Calif., were recent visitors with her grandmother, Mrs. E. L. Bozarth, and with Mr. and Mrs. Kenneth Platner.

'57 Wheat Soil Bank Program Is Available

The Acreage Reserve program now available for participation by farmers for their 1957 winter wheat crop is the second of four such programs authorized for wheat and the other "basic" crops, according to Robert G. Shrauner, Chairman of the State Agricultural Stabilization and Conservation Committee.

Winter wheat growers who wish to take part in the 1957 program should call at the County ASC office and sign an agreement. Applications are expected to be available toward the end of August.

The Soil Bank legislation, enacted late this spring, authorizes such a program for basic crops over a 4-year period, that is, through 1959. Each Acreage Reserve agreement, however, covers the particular crop for only one year at a time. For 1957, the program is being made available early enough so that most farmers should be able to make their plans before planting.

Chairman Shrauner explains that the whole purpose of the Soil Bank's wheat Acreage Reserve is to help farmers reduce the acreage of wheat below acreage allotments, thereby, reducing excessive supplies of the crop. Land "reserved" under the Acreage Reserve may not be cropped or grazed for the period of the contract.

For this reduction in his wheat acreage, the farmer receives a payment to offset the income he would otherwise have received from the diverted acres.

The Chairman emphasized that placing wheat in the Acreage Reserve will not reduce future wheat acreage allotments. Farmers who wish to divert land from the production of tilled crops to a conservation use may also designate acreage for inclusion in the Conservation Reserve for periods

HARVESTING WEALTH — Sorghum alum on the Joe Dale Doak farm east of Meadow has caused much interest lately, sparked mainly by the big seed yield on Doak's 5 acres and the selling price — around \$3 a pound. In the picture above, Doak sits behind Ed Kirk as the duo cut the tall grass. Later they'll put it into

long shocks for drying. Still later, Doak will feed the bundles into a de-header on a combine to get his seed, some 800 pounds to the acre, he estimates. This site will be visited Sept. 20, during the annual Field Day Tour, sponsored by Terry Soil Conservation District. (Staff Photo)

Construction Is Aid To Preventing Wind Damage to Building

Winds of hurricane force every year hit some section of the state and usually leave behind many wrecked farm buildings.

While it is not practical to make farm buildings strong enough to resist the full force of tornadoes, W. S. Allen, A&M agricultural engineer, says the cost of making new or existing buildings strong enough to resist winds of hurricane force isn't great.

To safeguard buildings against winds, be sure the foundations are heavy and deep enough to resist overturning and lifting. The superstructure should be anchored securely to the foundation. All joints between framing members should be braced to resist horizontal pressure and suction.

and workmanship are essential, points out Allen. He also advises the use of preventives against decay and termites.

During stress from heavy winds, building failures tend to occur at the weakest points, which are likely to be at joints. Proper nailing of frame members is essential and can affect materially the way a structure stands up against the wind.

Steel straps, plates and similar connectors are suggested at key structural points. Anchor rods and anchor bolts to tie together footing, foundation and superstructure, and permanent or temporary tie rods to stiffen structures are among devices that can prevent wind damage. The use of knee braces to reinforce and strengthen frame buildings is suggested.

made by USDA show that an additional cost of only \$76 would make a 30 x 72 foot frame poultry house in Maryland strong enough to resist a 108-mile-an-hour wind. Winds above 75 miles an hour are generally classed as being of hurricane force, he explains.

If you fail to vote this fall, you'll have no "X" - cue to criticize, whichever administration takes office next year.

Texas Farmers Are Heavy Participants In Reserve Program

Continued hot and dry weathers retarded growth of cotton except in the more heavily irrigated fields. Heavy shedding occurred in many fields. The prevailing weather conditions were favorable for the activity of most cotton insects.

Bollworms were reported in sufficient infestations to warrant control in widely scattered fields. These infestations were generally found in late planted cotton or in those fields which had suffered earlier hail damage. In most cases worm populations were not heavy.

Lygus bugs were observed in medium to occasional heavy infestations in a few fields in Bailey, Hale Floyd and Lubbock counties. Low populations were present in many plantings of cotton.

Cabbage loopers were present in all fields. While leaf ragging was light in a majority of fields, other plantings suffered damage from heavy feeding by the loopers. A good number of fields were treated for control of the insect.

Leafworms were generally reported in light infestations throughout the area. No infestations have been reported as sufficient to require control.

Spider mites were found in an increasing number of cotton fields. The infestations were generally spotted, with only parts of planting requiring control.

Weather Retarding Area Cotton Growth

Under the acreage reserve program, farmers are paid for each acre of land retired from the production of basic crops up to a specified percentage of their allotments. The program is designed to aid soil improvement and reduce surplus production, points out Cherry.

Farmers of the nation have signed agreements covering approximately 10.7 million acres while the 63,672 agreements signed in Texas cover 1,970,235 acres.

Cherry says 14,708 wheat agreements covering 1,066,390 acres and with payments expected to reach \$6,193,574 had been signed in Texas. Texas farmers signed 49,322 agreements to put 865,654 acres of cotton allotments into the acreage reserve. If they comply with all program requirements, they can expect to receive \$17,020,420 in government payments.

Peanut producers of the state signed 3,195 agreements covering 33,905 acres for which they will receive \$396,415. Only 74 acreage reserve agreements were signed by rice growers in Texas on 4,286 acres on which they will receive \$219,487.

The economist said the largest number of acres put under acreage reserve agreements was in the Panhandle district and in the districts immediately to the south and east of the Panhandle. Extension District 8 in Central Texas and District 10, south-central, were other areas of heavy sign-up.

WE BUY COTTON

Texas Farmers Are Heavy Participants In Reserve Program

Continued hot and dry weathers retarded growth of cotton except in the more heavily irrigated fields. Heavy shedding occurred in many fields. The prevailing weather conditions were favorable for the activity of most cotton insects.

Bollworms were reported in sufficient infestations to warrant control in widely scattered fields. These infestations were generally found in late planted cotton or in those fields which had suffered earlier hail damage. In most cases worm populations were not heavy.

Lygus bugs were observed in medium to occasional heavy infestations in a few fields in Bailey, Hale Floyd and Lubbock counties. Low populations were present in many plantings of cotton.

Cabbage loopers were present in all fields. While leaf ragging was light in a majority of fields, other plantings suffered damage from heavy feeding by the loopers. A good number of fields were treated for control of the insect.

Leafworms were generally reported in light infestations throughout the area. No infestations have been reported as sufficient to require control.

Distinguished LEADER in Professional Service

W. GRAHAM SMITH
Trustee, Leaders' Round Table
National Quality Award

SOUTHWESTERN LIFE commends W. Graham Smith who in the past year has added materially to his record of distinguished service to his clients by earning:

1. Membership in the Leaders' Round Table of Texas, honor group of the Texas Association of Life Underwriters, limited to those who meet high standards in the volume and permanence of business produced.
2. The National Quality Award, granted by the National Association of Life Underwriters and the Life Insurance Agency Management Association to agents whose service to the public has been deemed superior.

Each year the achievements of Southwestern Life representatives add to the reputation of the Company's agency force, long distinguished for professional leadership and unexcelled by any standard of measurement.

"Teach Me To Pray"

"Lord, you made me in your own image," and I am glad. You have given me dominion over land, and sea, and sky... made me steward over it all. Help me to be worthy of Thy trust. Master, you have even urged me to shoot for the moon, and land my atom ship on the outer firmament of space. Dear Lord, this is too much unless you go with me all the way. I need Thy help. Sometimes I almost forget about my church—my pastor—my family and my friends. Oh God! cleanse me just now. Use ME to help Thy children make a new discovery in the realm of the spirit. Dear Master, raise me up and show me how to release the tremendous power of prayer... how to show Thy children the way to the New Life in God. Give us this secret, gracious Father, ere we die! Teach ME to pray. A-men."

TO MEET SOIL BANK REQUIREMENTS

Wheat Growers in Texas Faced With Decision

Wheat producers in Texas soon must make a decision on whether or not they will reduce their allotments further under the Soil Bank program.

Weather conditions, especially from the moisture standpoint, haven't been too favorable for the past several years for most Texas producers and this, according to John G. Mc-

Haney, A&M economist, could be a big factor in the final decision.

But regardless of the weather, wheat surpluses continue to build up, and stocks of wheat in the nation were estimated at 1,030,000,000 bushels on July 1. McHaney points out that wheat carryovers have increased in 1949 to more than a billion bushels on July 1, 1956 . . . an increase of 236 per cent.

The nation's first billion-bushel wheat crop was produced in 1915-16 and the next one one didn't come until 1944-45, but for the next nine years, except 1951-52, the annual harvest exceeded the one billion-bushel mark.

Since the 1953-54 season, pro-

duction has declined but continued to exceed 900 million bushels annually. Since 1951 harvested acreage has declined 23 per cent in the nation but production by only 4 per cent.

In Texas, during this same period, harvested acreage has dropped 25 per cent with a similar drop in production. Drouth has been the big factor here. Texas normally produces only 7 per cent of the nation's wheat crop and hence has only a slight effect upon the total production of the nation.

Production per acre in the nation has climbed steadily and, coupled with falling exports, surpluses have climbed. Foreign wheat production is on the increase and this has cut exports, say McHaney.

The decline in domestic per capita consumption has about offset the increase in population; therefore, total consumption has remained fairly stable.

There is hope, points out the economist, that surplus stocks by 1960 can be brought in line with domestic and export demands. He also predicts further improvements in production technology, the introduction of improved varieties and strains, continued increased yields and an expansion in the use of fertilizers, moisture conserving practices, along with new irrigation methods.

Diet changes from starchy to protein foods is expected to continue so long as incomes remain high, but McHaney believes wheat consumption is approaching a minimum consumption level. He also believes the 1956 Agricultural Act and other government programs will help reduce the present surplus.

for the entire farm.

Where the land is fairly steep and uniform, bench leveling may be desirable. If the soil is shallow, little top soil can be removed. Since leveling is both expensive and time consuming, Thurmond suggests doing a part of the farm each year. He says about three methods for doing the job are available.

Do it yourself but only after an engineered plan has been developed, employ a competent engineer to do the plan and a contractor to do the earth moving or employ a contractor to do the entire job. Written contracts are advisable.

Finally, Thurmond says, it will probably take a year or two to put the final touches on newly leveled land. There will be a tendency for the fields to settle and the cuts to swell.

Low spots can be filled with a float or drag after the first crop has been removed. Although initial costs are high, Thurmond reminds that benefits derived are long lasting.

**Land Levelling
Requires Much
Level Thinking**

The prolonged drouth has made Texas farmers water-conscious as never before. The number using irrigation to supplement declining rainfall has increased in every section of the state, reports Bob Thurmond, A&M irrigation specialist.

Along with the increase, says the specialist, have come many problems and a major one has been land leveling. Now is the time to make plans for doing this job. Thurmond says that before the job is undertaken these questions should be answered:

Is the farm suitable for surface irrigation?

What method or methods of irrigation should be used? How dependable is the water supply? How much can be spent on the farm for land leveling?

In getting the answers, the engineer says consideration must be given to the depth of the soil, roughness of the soil surface, type of soil and crops to be grown, source of water supply, cost of water, expected yield increases and availability of markets for the produce. If the answers to the questions are favorable for land leveling, other decisions must be made.

Land leveling to be successful must be done according to a well developed plan based on the needs of the farm. The plan must be done by a competent engineer and the contract, if the job is to be done by others, should include all necessary engineering.

In the humid areas land leveling should also provide for an adequate drainage system for the farm to take care of excessive rainfall. Leveling may be done on a piece basis but the plan should be

"Butane from here on out — with **AMALIE L. P. G.!**"

"Man, it seems as if these trucks are never down any more. When we drain that AMALIE L. P. G. still looks plenty good; and it sure won't thicken up on you, like that ordinary, common grade oil we used to use. You can't beat butane — if you've got AMALIE L. P. G. Oil!"
Butane or propane (Liquid Petroleum Gas) burns HOT. That's why ordinary oil oxides — the qualities that give it its viscosity, or flowing power, burn away. And it thickens up almost like gear-grease. AMALIE L. P. G. Oil is ENGINEERED to the job. HOLDS its viscosity. Keeps grit and dust "suspended," so they filter out. And its 100% pure Pennsylvania oil.
Give YOUR engines — and your bank account — a break.

Complaints Set Against Cotton Classing Office

WACO — Farm Bureau leaders in the area served by the Smith-Doxey government cotton classing office at Dallas are asking for a Congressional investigation of government classing.

Hovt Gaston of Waxahachie, a farm bureau director, said that he and other farm bureau officials in North Texas requested the investigation because of widespread complaints about the way the government is classing this year's cotton crop.

Gaston has conferred with Rep. E. C. Gathings (D-Ark.), chairman of the cotton subcommittee of the House Agriculture Committee. The farm bureau director said Gathings was agreeable to holding either one or a series of hearings on the matter.

Cotton farmers in the North Texas area served by the Dallas classing office complain that the government classers are placing grades on their cotton \$10 to \$20 a bale lower than private classers. Smith-Doxey officials say they are only following government standards.

A mass meeting attended by both Smith-Doxey officials and cotton farmers was held Aug. 29 in Dallas. Gaston said he has had numerous complaints that government classers have placed even lower grades on cotton sent to the classing office since that meeting. The Dallas meeting was called by Gaston and Edwin Sanderson of Paris, another farm Bureau director.

Gaston said that other cotton producing areas are voicing complaints at the way government classers are grading cotton this year. He said Rep. Gathings promised to contact Rep. W. R. Poage, Waco, vice-chairman of the Agriculture committee. Gaston said he hoped Poage would act immediately to call hearings on the issue.

MYSTERY FARM NO. 49 — We believe we can say, without impunity, that MF48, of last week, is the Doug Lowe farm, 3 miles north-east of Brownfield. Seven persons called to say the same thing. In the order of their timing, they were John Jennings of Jack Bailey Chevrolet, Mrs. Charles Hamilton of Route 1, Mrs. Harvie George of 605 Lanny Ave., Joe

Henson of Route 1, Mary Kate Ramseur of Tokio Community, Mrs. Dilton Tatum of Route 1, and Earl Blackwell of 509 Magnolia Drive. The only dissenting opinion was handed down by Tommy Frazier of 1102 South Second, who thinks it is the Henry Chisholm farm, west of Gomez.

On The Completion Of Our \$300,000 Building Program

DR. JONES W. WEATHERS

TO OUR MANY FRIENDS . . .

We want to extend a warm invitation to every person in our immediate vicinity to visit our Church, September 16. Our Open House — 3 to 5 p.m. Your presence will be appreciated and our pleasure will be greater by having you visit us on this special day.

And to our Church Members . . . We urge you to be present for all the services this day . . . May God's richest blessings be upon each of you who have had a part in our building program. Whether it be committee work, contributions, or just passing on a good word about your Church, we appreciate every effort that has been made to make this building and remodeling program a success. If you have not had the pleasure of seeing all of your Church since the program was completed . . . You have a treat in store for you.

Your Pastor,

Jones Weathers

Presented above is our beloved pastor, Dr. Jones Weathers. Dr. Weathers came to our church in December, 1951, from the Field Street Baptist Church of Cleburne, Texas. Dr. Weathers received his formal training at Wayland College and Baylor University. Dr. Weathers is serving on the Texas Baptist Executive Board, the District Nine Executive Board, as well as the Associational Executive Board. He is a member of the Board of Directors of the Plains Baptist Assembly and is serving on several special committees of the Texas Baptist convention. Dr. Weathers was honored in May of 1955 with the conferring of the Doctor of Divinity degree at the graduation exercises of Wayland College. Dr. Weathers is a staunch supporter of Wayland College and of our Baptist program in general. He is one of Texas Baptist's finest doctrinal and evangelistic preachers. He is in demand over the state as a speaker and evangelist. During his ministry here at First Baptist Church there have been 944 additions to the church. 236 of these came by baptism and 708 came by letter and statement. Gifts to all causes during his ministry have totaled over \$590,000. The highlight of these five years of his ministry here with the church thus far is the completion of the much needed and long dreamed of educational building. With the addition of the new educational building, the church is now ready to launch out on an extensive campaign to enlist many for the organizations of the church, under the capable leadership of Dr. Weathers.

History of First Baptist Church Reflects Continuous Growth

LUMBER FOR FIRST CHURCH . . .

The quartet of Brownfield men shown above is ready to begin the long haul to Brownfield from Big Spring. They're hauling lumber for construction of our first church. In the picture are the Rev. M. D. Williams, first pastor; J. W. Welch; Jim Burnett, and H. M. Duke, father of Mrs. Arch Fowler of 121 North C. Total cost of that first church: \$400.

AN EVENTFUL DAY . . .

Remember the days when Brownfield had a band and presented concerts on the courthouse square? That band, under the direction of John S. (Pappy John) Powell, beloved Terry pioneer, is shown above during ground-breaking ceremonies for the basement of First Baptist Church. The year is 1924. Pappy John is shown on the left, in the first row of persons standing. He holds his baton. Others readily identifiable are Cecil Smith, to right of bass drum, and Terry Redford, extreme right of third row.

The First Baptist Church of Brownfield came into existence April 1, 1906.

This month, members of the church are celebrating its 50th year with the dedication of a new educational building and the completion of a huge remodeling program.

On that April Sunday half a century ago, the congregation — small but eager — listened to a sermon by the Rev. M. D. Williams, their first pastor.

The founding group, pioneers in a new land and pioneers in the Baptist movement in Terry County, comprised Mr. and Mrs. W. M. Howard and their daughter, Ella; the Rev. Mr. Williams; Mr. and Mrs. A. S. Alexander (He was the church's first clerk.); Mrs. J. W. Welch; Mr. and Mrs. J. C. Green and Mrs. Green's mother, Mrs. Kinard; H. M. Williams, T. D. Williams and L. W. Williams.

It wasn't until four years later that the First Baptist Church was occupied, a white frame structure, which since has been sold and moved across the street to 311 West Hill, where it still stands.

Total cost of that first church: \$400. Terry pioneers will remember the successful effort made to haul lumber for its construction from Big Spring, a grueling distance 50 years ago by team and wagon.

Among those making the hauls were J. W. Welch, Jim Burnett, the Rev. Mr. Williams and H. M. Duke, father of Mrs. Arch Fowler. The four men are pictured elsewhere in this section. It was during the pastorate of the Rev. C. E. Ball that the main portion of the present church was built, in 1923 and 1924.

The following is part of a report of the church history written in 1953 by Mrs. L. J. Dunn:

The Rev. Avery Rogers came to serve as pastor in September 1937. We began raising funds for remodeling our basement. We also built the upper story, which includes our spacious auditorium, office, pastor's study and Sunday school rooms.

The Rev. Mr. Rogers resigned in October 1943, and the Rev. A. A. Brian was called as our pastor and served until January of 1950. During these years, we did more constructive work than at any other time.

We built the West Side Mission in 1945, known now as West Side Baptist Church. In March of 1946, we purchased the half-block of land joining our church property on the north.

On March 9, 1950, the Rev. Fred Stump came to us as pastor, serving until July 22, 1951. During his pastorate, we began a building fund for a new parsonage.

We retained the frame house on this land as our education director's home. In 1947, the South Side Mission was built and is now Calvary Baptist Church.

We also helped build the Mexican church for our Spanish citizens and in 1949 built the Mexican parsonage. It was in this year, also, that we added the east wing, or annex, to our present building. At the present time we are helping to maintain the Mexican Baptist Church, Westside Baptist, and Immanuel Baptist Church.

The Rev. Jones W. Weathers came to us as pastor on Dec. 1, 1951, and still is serving in that capacity. We have moved the education director's home to a lot on North Bell, a lot donated to the church by Mrs. Ame Flache.

Our pastor and his family now are living in a beautiful new parsonage at 1121 East Tate. The property of the First Baptist Church is valued at approximately \$482,152.79 and there is no indebtedness. We have more than 1,000 enrolled in Sunday School.

The following account of First Baptist history was written in October 1940, by W. T. Curtis, managing editor and secretary of the Texas Baptist Historical Society:

One of the most imposing structures in Brownfield is the First Baptist Church. This is an indication of the high ideals that are held by the Baptists there — and not only by them. The First Baptist Church of Brownfield will figure largely in the future history of Texas Baptists.

Celebrating the beginning of the fourth year of the pastorate of the Rev. W. Avery Rogers was under much more auspicious circumstances than when he began his work with the Brownfield church.

Three years ago, he preached his first sermon in the basement, over which a temporary roof has been constructed. This basement had been used in this manner for the past 16 years. One of Pastor Rogers' first unexpressed resolutions was to lead the church to complete the structure in the not distant future.

Rapid growth in every department of the church began, and in less than three years the big task of completing one of the most beautiful church buildings in the state was completed.

The pastor and the church are to be congratulated on the fine way in which they completed this stupendous task. During these three years, the church has received 345 new members, and 88 of them came in by baptism.

There are 34 more already approved for baptism, really making a total of 122 who have been converted into the church during these three years.

And that is not all of the results of the evangelistic work of Pastor Rogers, as many more have been converted under his preaching who have not yet presented themselves for membership.

Our prediction is that during the next five years the present membership of 997 will be increased to 2,000. Brother Rogers is the type of man that is not satisfied unless new members are coming in constantly.

The church has a strong Woman's Missionary Union, with 65 enrolled, and they are all active workers. They sponsor the auxiliary organizations, having a Girl's auxiliary with 22 members; Royal Ambassadors with 39 boys; Sunbeams with 40 boys and girls, making a total of 165 in the units. Mrs. W. W. Price is the efficient president.

Two Vacation Bible Schools have been held in the church. The recent school had 285 enrolled, with an average attendance of 164, with 44 conversions. Can any other school beat that record for conversions with a comparative attendance?

The Training Union had an enrollment of 92, with an average attendance of 31 three years ago. The enrollment now is 110, and the average attendance is 57. Nathan Evans is general director, and Mrs. Evans is general secretary of all the organizations.

A year ago, a Men's Brotherhood was organized, with an enrollment of 87 and the average attendance has been 33. With the increased activities in the minds of some, we may expect good reports from the men in the future.

The Sunday School enrollment three years ago was 569, with an average attendance of 223. The enrollment now is 632, with an average attendance of 333.

H. B. Virgil Crawford is superintendent. W. W. Price is associate; Virgil Burnett; secretary; T. G. Sexton, assistant secretary; D. P. Carter, adult superintendent; Homer Newman, Y. P. superintendent; Mrs. E. L. Baird, intermediate superintendent; Mrs. Claude Henderson, junior superintendent; Mrs. Virgil Crawford, primary superintendent; Mrs. K. W. Howell, beginners superintendent; Mrs. Avery Rogers, cradle roll superintendent, and Mrs. J. J. Andress, nursery superintendent.

While the church has been growing up in all departments, the finances have shown an increase from year to year.

The total expenditures during the past fiscal year has been \$55,137. This includes \$48,301 for the completion of the building, a part of which was borrowed.

The church property, including the pastor's home, is now valued at \$80,000 — it is now valued at \$484,000—and it is among the most attractive church properties in the state.

The contributions the past fiscal year have been \$5,335 for local work and \$1,502 for missions, making a total of \$6,837 for the budget of the church. The budget for the building fund is \$10,000.

Included in the budget is a subscription to the Baptist Standard for each of the 300 homes. This move indicates progress and bigger things for the future. Progress usually is measured by the information the members have received. A number of the members of the church are now tithees, and others are making plans to do so.

Most churches as large as the First Baptist of Brownfield have educational directors to assist the pastor, but this church has not had such a helper.

Pastor Rogers seems to have the capacity for doing two men's work, and it is marvelous the amount of work he has accomplished. Quiet chats with him while the writer was with his church reveal the fact that he has many excellent ideas for the growth and development of the church which he has not yet been able to undertake.

There is a fine spirit prevailing in the church. Its officers, deacons and all departmental leaders and teachers work harmoniously. Nathan Evans is church clerk, Mrs. L. R. Pounds, treasurer; Mrs. Nathan Evans, financial secretary;

Jasper Moore, Brotherhood president; and the following are deacons: W. W. Price, W. A. Tittle, R. E. Sims, C. E. Ross, J. S. Smith, John Jenkins, T. C. Hogue, K. W. Howell, G. M. Green, J. C. Green, W. A. Fulton, E. E. Evans, Elco Evans, J. L. Cruce, D. P. Carter, W. K. Banks, F. M. Burnett, George Nicholson Jr., J. P. Lewis and J. H. Webber.

It has been said that a wide-awake spiritual church can make a great preacher out of any pastor, and that is true. It is also true that churches usually do not go beyond the vision of the pastor in their progress.

Brownfield church has had good pastors all through the years, as indicated by the progress the church has made during its existence. According to the records, the church has been served by the following pastors, given here in the order of their pastorate:

M. D. Williams, J. Miller, Edgar Owen, J. H. Hill, J. W. Thomas, B. F. Dixon, W. J. Durham, J. B. Vinson, John Anderson, C. E. Ball, E. V. May, J. M. Hale, Forrest G. Rogers, Avery Rogers, A. A. Brian, Fred Stump and Jones W. Weathers.

Artist's Sketch of Church After Completion . . .

This is an artist's conception of the outside appearance of the First Baptist Church upon the completion of the Chapel which is to be erected just east of the auditorium in the near future. The money has already been appropriated for the building of the chapel. It is to seat some 250 people, and will be used for funerals, weddings, prayer meetings, as well as other smaller gatherings.

We are presenting here Ed Rogers, the present minister of music and education. Ed came to the church in August 1953 from the First Baptist Church of Carlsbad, where he had served as minister of education for a little more than four years. He received his formal training in the Hillsboro Public Schools, Baylor University and Southwestern Baptist Seminary. He has the master of religious education and bachelor of sacred music and educational degrees from the church. This past year the church had five graded choirs and a standard church music department. Serving with Ed in the educational program is Arlie Lowrimore, Sunday School superintendent, along with 19 department superintendents and more than 100 officers and teachers. Directing the graded choirs this past year were Mrs. Wayne Hill, Mrs. Rutus Franks, Mrs. Ed Rogers and Wayne Bresette, who recently enlisted in the Air Force.

Here we have pictured one of the two ordinances of the church, the ordinance of Baptism. It is being administered to Royda Dumas at a recent evening service by Dr. Weathers. This scene has been repeated 236 times during the ministry of Dr. Weathers in this church.

NURSERY II DEPARTMENT . . .

From left, the women are Mrs. Cornelia Peters, Mrs. L. G. Smith, Mrs. Ike Bailey and Mrs. L. J. Richardson, department teachers. Mrs. Milton Addison, superintendent, is not shown. From left, clockwise around the table, the children are Lynn Tatum, John Gaitner, Jamelia Moore, Diane Hamm, Lee Ann Dumas, Vicki Hansen, Brenda Campbell, Wynn Moore and Susan Jackson. The tots are at play with new toys and new table.

TOWER OF THE CHURCH . . .

From where the tower begins, just left of the tree, is where the new Educational Building was completed. The top floors were added to give adequate space for larger class rooms, general assembly rooms and enough space to have individual class rooms for the entire Sunday School. We feel that we have enough space to take care of more than 1,000 people in our Sunday School Department.

CHURCH BUILDING COMMITTEE . . .

Pictured above are the men who served as the Building Committee for the construction of the additional educational facilities. I. M. Bailey served as chairman of the committee and C. E. Ross, Arlie Lowrimore, Jake Geron also of the committee are pictured with him. Virgil Crawford, the other member of the committee, was not present for the picture. We, as a church, are grateful to these men for the fine work they did and for the many hours they spent in planning this building. There were special committees serving with these men. Mrs. W. P. Norris served as chairman of the Kitchen Committee, Mrs. A. W. Turner served as chairman of the office equipment committee.

SUNDAY MORNING WORSHIP SERVICE . . .

The above is a picture of the worship service on Sunday morning, September 2, 1956. Our church has enjoyed fine crowds at each worship service. The auditorium can seat some 800 people with an additional 100 in the two spacious cry rooms at the rear of the auditorium. The auditorium is due for redecorating which calls for new carpets and cushions for the pews in the very near future.

FELLOWSHIP HALL . . .

This newly created assembly room will serve two purposes, general assembly for the Adult II Department and since the completely new kitchen opens directly off this room at the opposite end on your right, it will be used for banquets, dinners, and socials. There is also a small stage at the opposite end to be used as the occasion might call.

FIRST BAPTIST CHURCH IN 1940 . . .

Another building committee was successful in 1940 after completing the above Auditorium at a cost of \$55,137.88. Virgil Crawford was Superintendent of Sunday School and Rev. W. Avery Rogers was Pastor. The population of Brownfield at that time was 4,000 and the average attendance in Sunday School was 333 as compared with 501 for the year of 1955-56. The building committee as appointed in November, 1937; W. W. Price, Chairman; K. W. Howell, W. A. Tittle, W. A. Fulton, R. W. Carter, J. L. Cruce, Ike Bailey, C. E. Ross, T. C. Hogue, and Tom Cobb.

MRS. MINNIE HARRIS

ONLY LIVING CHARTER MEMBERS OF FIRST CHURCH . . .

Mrs. Minnie Harris, left, 86 year old resident of Abilene, Texas, and her daughter, Mrs. L. McDaniel, are the only living Charter Members of the First Baptist Church. Mrs. Harris was the wife of Mr. J. W. Welch at the time when the Church was first started. They moved to Terry County in 1902, moved to Brownfield in 1905 when the County was organized, and Mr. Welch helped to haul the first lumber for the construction. Mrs. Harris is the mother of Mrs. Vern Ellis, Mrs. Roy Collier, and Mrs. Norma Lewis, all residents of Brownfield at this time.

PRESIDENT OF W.M.U. FOR YEAR 1956-57 . . .

Mrs. Myron Fenton, right, was elected to serve for the year, beginning October 1. Mrs. Fenton is now teaching a class of 8 year old boys in the Primary 3 Department.

MRS. MYRON FENTON

MRS. JACK AALDRUP, CHURCH SECRETARY

It was the hope of those who had a part in the planning of this six-page section to present to you things they felt would be of interest and at the same time show in pictures and words the many changes brought about through cooperation, coordination and planning of your own people.

It is our sincere wish that our community and our Baptist people will be more dedicated to their

Churches by having observed what it takes to build and maintain adequate Church facilities.

There will be several hundred extra copies of this section printed to be given away to those members who would like to have extra copies. We think there will be plenty, so you can plan on picking them up at the Church, Sunday, September 16.

PRIMARY 3, 8-YEAR-OLDS

- Mrs. O. B. Hale, Supt.
- Mrs. Bill Tilger, Asst. Supt.
- Mrs. Roy Harris, Song Leader
- Mrs. Wayne Hill, Pianists
- Miss Alda Mae Steen, Secretary
- Mrs. Christene Steen, Secretary
- Mrs. E. L. Jackson, Teacher
- Mrs. Mildred Martin, Teacher
- Mrs. Elza Brown, Teacher
- Mrs. Myron Fenton, Teacher
