IS LARGEST ANNUAL EVENT IN COUNTY

Farm Bureau Convention Draws 1100

"Argentine cotton blended with British synthetics and spun in Japan—that combination is hurting U. S. cotton producers".

So said John Gregg, National Cotton Council representative who spoke Friday night to some 1,100 persons attending Terry County Farm Bureau's annual convention.

The session got under way at 6 p.m., with the members and guests dining on barbecued beef. Time for feeding the group, cafeteria style, was about 90 minutes.

Before the event was ended, the membership had elected six new directors and named delegates to the annual convention of Texas Farm Bureau, scheduled Nov. 11-12-13-14 in Houston.

The Rev. Howard Smith of Brownfield Church of the Nazarene said an invocation, and music was provided by Jimmy Mackey and Bill Bailey of Brownfield and C. A. Short and Don Allen of Lubbock.

Gregg was optimistic, however, about cotton's future. He explained that "If U. S. cotton holds its present share of the market, we'll have a 15.3 million bale market by 1960, and a 17.2 million bale market by 1965."

News Views

You can see the new Oldsmobiles, Buicks, Studebakers, and Pontiacs on display Friday and the new Mercury's on Monday. As you will notice, Oldsmobile is coming out with a station wagon and Mr. McBride will have the Serenaders here in person for those who see the new Pontiacs from 2 p.m. until 3:30 p.m.

The service you get at the Farm Bureau office Nov. 11-12-13-14 probably will be pretty slow since most of the office staff plan to attend the state convention in Houston. There also will be about 14 local members and some 7 or 8 wives make the trip.

There will be a bingo party at Veterans Hall beginning at 8:00 p.m. Friday night for those who do not attend the football game, and if you would like to play after the game, come on out. Prizes will be given the winners.

Your Community Chest has Monday set as the starting date with \$17,743 as the goal for this year. Earl Jones was elected president, and B. F. Hutson and Marion Bowers will be co-chairmen of the fund campaign. These three fellows have a tremendous job and will need our assistance to complete this job in three weeks. Each employee is asked to give one day's pay.

Now that the national election is over, don't you think Mr. Stevenson's suggestion that we accept defeat with a smile and remind ourselves that we are Americans first, is good?

You now will find Leonard Lang in an office by himself just south of Cliff's Western Wear, in the same office with Dr. Martin or in the old Glen Akers office space.

Friday night is homecoming for the Brownfield Cubs, when they play host to Monahans. Needless to say, we will miss the services of our graduating seniors, and want them to know how proud we are of the spirit, sportsmanship, and leadership they have given to their team. Good luck Friday night and for the remaining games with Andrews and Kermit.

Brownfield Police Chief Nolan Lassiter and Mrs. Lassiter are in Waco, where he is attending a meeting of Federal Bureau of Investigation officers. The session is being held in the Roosevelt Hotel.

New directors are J. O. (Jimmy) Farrar of Precinct 1, D. C. Flowers and Bob Smith of Precinct 2, Winfred Tucker of Precinct 3, and Alton Loe and R. D. Jones Jr., of Precinct 4. Houston delegates will be Jerry Jones, Alfred Tittle, Bob Smith, Jack Mason, W. F. Collins, Buck Albert and J. T. (Jake) Fulford, TCFB president. Several directors indicated they also would attend.

New line-up of TCFB directors comprises Fulford, Flowers, Smith, Jones, Tucker, Loe, Carl Hogue, Leon Foote, L. M. Waters Jr., G. I. Sims, Raleigh Luker and Farrar.

Oops!

The 1957 Cadillac will NOT be displayed Friday at Harding Motor Company.

Because of a mix-up in release dates, this week's NEWS carries a story on Page 1, Section 3, that Harding WILL show the Cadillac Friday. It is erroneous.

Instead, Harding will have on the floor the striking new 1957 Oldsmobile.

MILLION IN SIGHT THIS YEAR

Construction Dollars Mounting

September-October building permits have helped swell Brownfield construction dollars to near the one million mark.

As of Oct. 31, the total was \$917,455. City officials said this morning that "undoubtedly, we'll reach that million mark."

The foregoing figure was attained when September's \$92,725 and October's \$122,500 were added to the \$702,230 reached by the end of August.

Biggest assist came in September, when General Telephone received permit for its new \$40,000 office building at 614 West Tate.

Other September items:

H. D. Starnes, \$7,000 frame residence at 812 Tahoka Road; R. N. Kayal, \$4,000 addition to the Fair Store; Cecil Chambers, \$10,000 frame house at 1011 East Hester; Henry Mertz, \$800 addition to residence at 401 North Fifth; and

W. R. Stewart, \$1,000 remodeling of residence at 60 North Second; John Franks \$675 addition to residence at 1416 East Cardwell; J. T. Hall \$2,500 addition to house at 131 East Main; and

Homer Nelson, \$7,000 remodeling of Nelson's Pharmacy at 211 South Sixth; Ed Mayfield \$750 addition to present resi-

dence at 1208 East Lons; Mrs. C. Hamilton, \$6,000 frame residence at 208 East Broadway, and Glenwood Homes, Inc., \$13,000 brick and masonry residence at 1404 East Tate.

October construction picture was pretty well filled in by 10 permits issued to Glenwood Homes, Inc., for a \$10,850 frame residence at 1503 East Buckley, \$6,000 unit at 1504 East Buckley, \$5,500 at 1505 East Buckley, and

A \$5,500 frame residence at 1506 East Buckley, \$6,000 at 1504, \$7,000 at 1502, \$5,500 at 1422, \$6,000 at 1420, and \$7,000 at 1418, all on East Buckley, and \$5,500 at 1422 East Cardwell.

Other October permits went to C. L. Causey for \$250 frame storage house at 420 Seagraves Road; Clarence Lewis, \$20,000 masonry residence at 1301 East Broadway; Shamrock Oil and Gas Corp., \$20,000 service station at 409-11 South First; Dea Parker, \$4,500 concrete block building at 211 South Atkins; and

P. R. Cates, \$10,000 residence at 1302 East Reppito; Harold Klein, \$2,500 addition to residence at 1214 East Lons, and R. D. DeBusk, \$400 storage room at 1021 North Second.

68,011 Bales Produced To Date in the County

The 1956 cotton harvest in Terry County—it stood at 68,011 bales as of Wednesday afternoon.

The total, determined by Aubrey Jones of Texas Employment Commission, is a jump of 9,967 over one week ago.

Jones also said he "felt compelled to raise his estimate of the county's yield from 75,000 to 77,000 bales. Ginnings for the same period totaled 19,000 bales in Yoakum County.

field Rotarians. Both of Abilene, they are Fred H. Husbands, executive vice president and general manager of WTCC, and Ralph E. Duncan, who heads the chamber's community services and member relations departments.

Occasion will be Rotary Club's weekly luncheon at First Presbyterian Church. Al M. Muldrow of Brownfield, WTCC director, is directing the appearance of the two men.

Husbands, Duncan, Muldrow and Brownfield C-C Manager Joe Satterwhite will meet at mid-morning Friday with other WTCC members for a business session.

In addition to a full turn-out of Rotarians, the club is preparing for several out-of-town guests, Muldrow explained.

Husbands has been with WTCC, world's largest regional chamber, since October 1950.

Previously, he was Waco C-C manager. A graduate of Texas University, he is on the executive committee of the Council of State Chambers of Commerce, one of three committee chairmen of the International Good Neighbor Council.

Husbands also has served on the Board of Advisers of the U. S. Chamber of Commerce Southwestern Institute, of which he is a graduate.

A veteran of more than 20 years in professional chamber work, Duncan was Haskell C-C manager for 15 years. He also

CORONATION CEREMONIES FRIDAY

Dianna Adams Will Rule at Homecoming

Dianna Adams, a junior student, will reign Friday over the 1956-57 homecoming of Brownfield High School.

The daughter of Mrs. Mary Lou Adams of 1206 East Hill, Dianna will be the center of interest in coronation ceremonies at 10:30 a.m., Friday, when BHS observes its annual Veterans Day.

The president of the Student Council, Bobby E. Moore, will present the crown to the queen. Crown bearer will be Lela Ann Cox.

Claudia Tuttle, senior class candidate for queen, will serve as princess. Duchesses will be Sophomore Brenda Frazer and Freshman Jerry Ann Trout.

Following coronation, the queen, her court and student body will hold a pep rally on the southeast corner of the courthouse square.

The Cubs meet the Lobos from Monahans at 8 p.m., Friday. In pre-game ceremonies, Miss Adams and her court will be presented to the spectators.

Final tally of votes cast in the county Tuesday gave 2,050 to Stevenson-Kefauver, 1,546 to Eisenhower-Nixon and to 4 Andrews-Werdel.

The Demo nominee for President was given a comfortable majority of votes at all but two of 13 boxes in the county.

Approximately 3,600 county electors turned out Tuesday for the voting. In November 1952, some 3,316 went to the polls in Terry.

Terry electors also joined with others throughout the state in overwhelming approval of the eight amendments to the State Constitution.

Among others items, the amendments give the state's veterans more money with which to buy land, teachers more money toward retirement, and county commissioners more leeway in allocating funds.

A total of 260 Terry voters used their write-in privileges to endorse the old warhorse, W. Lee O'Daniel, for governor. He was too far behind Price Daniel, however, to swing the day: Daniel 2,847, and Republican gubernatorial nominee William R. Bryant 219.

Nominees for the county offices had a "walk away." The vote was this: Morgan Copeland, attorney 3,106; Don Cates, tax collector 3,151; James Fulford, sheriff 3,152; E. S. Tankersley, commissioner Precinct 1, 1,381; Mrs. B. R. Lay, commissioner Precinct 3, 121; Roy Moreman, constable 3,143.

Without opposition, Mitchell Williams of Tahoka garnered 3,120 votes for attorney of 106th Judicial District; Robert Bowers Jr., 3,147 for 98th District representative; Preston Smith, 3,156 for 28th District senator.

Modern Airport For Brownfield, County Nears Reality Stage

Officials of the Civil Aeronautics Administration told Brownfield representatives Friday in Fort Worth: "We're ready when you are."

Thus did CAA put another OK on plans for a modern airport 4 miles east of Brownfield, the project to be financed 50 per cent by the government.

In Fort Worth were C-C Manager Joe Satterwhite, Earl Jones of Jones-Copeland Insurance Agency, and Pete Harris of Harris Flying Service.

Terry County commissioners are studying a petition for a \$100,000 bond election, which may be called around Dec. 1. The bond-sale approval is prerequisite to securing a like sum from the federal government.

Karl Services Are Scheduled Friday

Funeral services for Alex Karl, longtime Brownfield resident who died this morning in a Lubbock hospital, will be held here at 10 a.m. Friday.

Complete details of the services had not been completed today at Brownfield Funeral Home. The Rev. A. J. Franks will officiate.

Karl owned and operated a cafe for many years on South First, where he had a singular reputation for his hamburgers.

WE'RE FEEDING MILLIONS FOR A PENNY!

A Penny represents the amount of profit the average food store makes on your food dollar. After paying for merchandise, salaries, rent, utilities, equipment, and other expenses, just one penny is left over as your grocer's return on his investment. This is possible because of the large-volume, fast-turnover method of self-service grocery merchandising which Piggly Wiggly originated 40 years ago when it introduced self-service, cash-and-carry grocery stores. By "Feeding Millions for a Penny," the grocery industry makes its contribution to the strength of a greater America—and better eating for you and your family.

BHS likes Ike, too, it seems. While our elders trekked to the polls Tuesday, numerous votes were taken in the various classes. In most cases, Eisenhower won over Stevenson. In one class, however, Elvis Presley won by a landslide.

Homecoming preparations are in full swing and the spirit is mounting steadily. Tonight a big pep rally will be held and the exes of '26, '36, and '46 will be honored. Friday morning comes the crowning of the

queen and the downtown pep rally.

Entertainment will be featured by several organizations following the crowning of the queen in assembly. The Cubs play host to the Monahans Lobos for the all-important game Friday night. The Junior High Band will combine efforts with the Senior High Band for half-time ceremonies.

White Granex Onion Gets Favorable Nod

White Granex, a first generation hybrid onion, was developed through the cooperative onion breeding program of the Texas Agricultural Experiment Station and the Horticultural Crops Research Branch of the U. S. Department of Agriculture.

Limited quantities of seed of the new hybrid should be available to farmers through commercial seed stores this fall. No seed are available

Boudoir Coat Is Frothy but Practical

BY EDNA MILES

THE boudoir coat and cape have made a fashion comeback this fall, along with other Edwardian fashions.

Originally, the boudoir coat was a luxury that only a woman with a personal maid could afford. It was designed chiefly to make her look pretty over the breakfast table or while she sipped her coffee and opened the morning's mail. It was fragile—and looked it—and its upkeep, along with other frothy and impractical bits of lingerie, took a good deal of her maid's time each week.

The new boudoir coats are pretty. And frothy. But they're also practical and their upkeep is a matter of minutes. While there are many variations of the boudoir coat (including the cape), most are made in double layers of nylon tricot and further prettied up with lace or embroidery or eyelet embroidery. Sometimes two colors are used (pale pink over beige), but all boudoir coats are matched to their own nightgowns.

These are very feminine little bedroom coats, meant as contrast to tailored loungewear. They can, of course, appear in all modesty at the breakfast table, giving the wearer a fresh and pretty look.

from either of the developers.

White Granex is similar to Granex in shape and general appearance, except it is white. The bulbs are thick, flat and intermediate in shape. The tendency to bolting and doubling is about the same as for Eclipse and Granex. It matures about 7 to 10 days later than Granex.

The seed parent of the new hybrid, L-308, is highly resistant to pink root but the pollen parent, B-1410, is highly sus-

ceptible. The resistance of White Granex is intermediate.

In two-year yield tests at five different South Texas locations, Weslaco, Laredo, Winter Haven, Crystal City and College Station, White Granex produced an average of 11 bags less per acre of U. S. No. 1 onions than Granex, but 105 bags more than Eclipse.

The developers list these advantages for White Granex. It is a good yielder; has medium resistance to pink root and stores well.

the farming angle

By DON BYNUM

Terry county will be represented during the judging of the South Plains Maid of Cotton contest, Nov. 19-20, in Lubbock. Our entry is Miss Stella Moore, 19-year-old daughter of Mr. and Mrs. Jim Moore of Route 4.

Stella is 5 feet 8 inches tall, Brownfield High School graduate, secretary to the county judge, and has raven-black hair and eyes. She's a beauty.

How many bales will Terry farmers produce this year? Observers here and there appear to have revised their estimates upward, despite the damaging rain and hail of a few weeks ago.

Latest estimate comes from the Lubbock Cotton Exchange, where officials say we'll produce 82,000 bales. Other estimates heard around Brownfield and in the county: 78,000; 72,000; 75,000; 80,000; 85,000.

The importance of the individual in Farm Bureau was stressed last Friday by J. T. (Jake) Fulford, speaking to some 1,000 persons attending the annual convention of Terry County Farm Bureau.

Said Fulford, TCFB president: "Each of you is farm bureau, and farm bureau can succeed only to the extent that each of you wants it to succeed."

Other speakers at the session were John Gregg of Lubbock, National Cotton Council's representative, and H. L. (Hub) King, director of District 2, Texas Farm Bureau.

Wage finding effective Nov. 1 Terry County cotton pulling \$1.50 per hundredweight irrigat-

ed and dryland."—Telegram from Ed McDonald, regional director of employment security, Texas Employment Commission.

Farmer and ranchers in the 233 drought-stricken counties of Texas will save several million dollars as the result of drastic freight rate reductions put into effect by the railroads on shipments of cattle and on carloads of hay.

The rate reduction was announced last week, and it is the third time in four years Texas railroads have slashed rates for such a purpose.

George Bernard Shaw Story No. 8080:

He was eating his usual meatless dinner when the restaurant's orchestra struck up a noisy piece. When, after the briefest of intermissions, it launched into an even noisier one, Shaw summoned the head waiter.

"Does the orchestra play anything on request?" he asked.

"Oh yes, sir," replied the headwaiter.

"Excellent," snapped Shaw. "Kindly ask them to play chess."

Agricultural Commissioner John C. White charged Friday that the federal drought relief program is costing Texas farmers more than they are getting out of it.

He warned that soaring hay and feed prices may force an immediate session of the Texas Emergency Drought Committee and said:

"Texas farmers are paying dearly for their drought program. It has backfired into a gouge of their pocketbook."

IMMANUEL BAPTIST PROGRESSES — Members of Immanuel Baptist Church gathered last Friday for open house at their new parsonage at 1202 North Atkins. Their host was their relatively new (for a second time) pastor, the Rev. Boyd Pearce, pictured in the left panel with his wife, Sydney, and 9-month-old daughter, Sheri. Ere their stint before camera was ended, the family posed in front of the parsonage, and the Rev. Mr. Pearce in front of his church at the intersection of North B and East Stewart streets. Only this month, Immanuel Baptist entered into a \$10,000 improvement program. The members will add an educational wing to the church. The

Rev. Mr. Pearce is the son of Mr. and Mrs. Wade Pearce of 1309 East Broadway. He began his second pastorate with the church last August. Previous to that time, he served for 2½ years beginning in 1953. He is a Brownfield High School graduate, and is a 1952 graduate of Baylor University at Waco. Said the Rev. Mr. Pearce: "We have had good growth here at Immanuel Baptist. There were 40 new members registered during the last two months. Immanuel (150-member congregation) is the youngest of four Baptist churches in Brownfield. The others are First Baptist, Westside Baptist and Calvary Baptist." (Staff Photos)

Floranna Sweetclover in South Texas Is Giving Good Grazing; Out-Grows Hubam

Floranna sweetclover, in the area south of an east-west line from College Station to Eagle Pass, will give two to four weeks grazing and will mature that much earlier than Hubam, says E. M. Trew, extension pasture specialist. North of this line, he says, Floranna is no earlier than Hubam.

With irrigation in South Texas, the new sweetclover is more desirable than Hubam as a soil improving crop, since more growth is produced by the time it has to be plowed down ahead of the crop to follow. However, Trew explains, there is little difference in the two sweet-

Plentiful Foods List Given for Thanksgiving

A bountiful Thanksgiving feast can easily be prepared from the U. S. Department of Agriculture's November plentiful foods list.

Supplies of turkeys, pork and potatoes are so large that USDA is urging the food trades to give extra emphasis to them.

Other meats, in addition to the Thanksgiving turkey, include beef, broilers and fryers as well as lamb and frozen haddock and ocean perch fillets.

Also on the plentiful list are eggs, milk and other dairy products, rice and peanut butter.

Fruits and vegetables include such holiday favorites as cranberries, pears, dates, potatoes, cauliflower, cabbage and pinto beans.

The plentiful foods list is based on a USDA survey of actual supplies available in the major trade areas of the state.

PONTIAC CHIEFTAIN FOUR-DOOR SEDAN—The 1957 Chieftain four-door sedan is a favorite of owners who want the convenience of four doors in an economy priced car. Tastefully upholstered in bright combinations of nylon and durable vinyl fabrics, the big, roomy car makes an ideal family car. Star Flight styling of the exterior is available in 68 color combinations. A new standard of performance results from its big new V-8 engine

McBride Pontiac To Show Glamorous 1957 Models on Friday

McBride Motor Company will show its 1957 Pontiac Friday at 1013 Lubbock Road.

Pontiac introduces its 1957 models with three series, the Star Chief on a 124-inch wheelbase, the Super Chief and Chieftain on 122-inch wheelbase, in 16 new body styles.

Bill Knudsen, GM vice-president and general manager of Pontiac Motor Division, says the accent is on two-toning, luxurious interiors, spectacular performance.

"The 1957 Pontiacs are the most exciting new cars we have ever offered", Knudsen said. "From the massive gleaming front to the smart, streamlined fins of the rear fenders, the 1957 Pontiacs are a triumph of

modern design and safety engineering. The body design is new. The overall length has been increased 1.2 inches; however, the lower silhouette and the dramatic styling creates a much longer and fleetier appearance."

The wide, low front end of the 1957 Pontiac is highlighted and protected by heavy wrap-around bumpers with integrated bomb-type bumper guards. Large oval parking lamps are set into the lower part of the bumpers. A semi-circular chrome grille and a full width air scoop direct air flow to the car radiator.

Hooded head lamps surmounted by sleek-fender orna-

ments are prominent in the front-end styling. Greater vision is achieved by lowering the hood 1.6 inches and increasing the windshield area 75.4 square inches in the Catalinas, convertibles and custom station wagons and by 69 square inches in sedans and other station wagons.

The flair of the rear fender fin houses an integrated tail and back-up lamp and a safety reflector. The rear projection of the oval tail lamp is protected by a projection in the rear bumper which also serves as an exhaust port on cars equipped with dual exhausts.

A missile outline trim of stainless steel sweeps the entire length of the car on each side.

Harding Motor Company To Stage Display Friday of the Fashionable 1957 Cadillacs

The 1957 Cadillac will go on display Friday at Harding Motor Company, 321 West Broadway.

From bumper to bumper, from top to bottom, the 1957 Cadillac is completely new. Yet, in appearance it is unmistakably Cadillac.

In announcing the new Cadillac, Don E. Ahrens, General Manager of the Cadillac Motor Car Division and Vice President of General Motors, said, "The 1957 car represents the most complete model change in Cadillac history."

These changes are found on eight of the ten models. The two Eldorados, the Biarritz and the Seville, are distinctively different, featuring a rear quarter panel and rear end styling that puts the "dream car" into reality as a

The Star Flight styling of the 1957 Pontiac is further accentuated by a windsplit molding in the rear fender. On the Star Chief models this torpedoshaped windsplit is sheathed in stainless steel. The same material, brushed to a satin finish, is used on the vane wheel disc. A full range of exciting modern colors is available on the 16 body styles.

The eye catching appeal of the 1957 Pontiac is not limited to exterior styling for the new cars offer the most luxurious color-keyed interiors in Pontiac history. Star Chief series

limited production car. "An engineering development in the form of a revolutionary new frame has allowed us to achieve our new low silhouette", Ahrens explained. "With this frame the body is secured to outrigger mounting brackets rather than the side rails of former years. Not only does this permit lowering of the car but torsional rigidity is increased."

A restyled chrome-capped adaptation of the Cadillac tail fin makes its appearance on all models this year on the rear quarter panel. An Eldorado feature finding its way into production is the twin rear lamps—one houses the back-up light while the other contains the stop light, tail light and turn light—located directly above the vertically shaped exhaust ports. These ports include four horizontal louvers and frame the ends of the massive rear bumper.

Like the rest of the car, the front end styling is all new. Unquestionably, the cellular grille effect, gull-wing bumpers and bumper guards are reminiscent of recent Cadillac styling, but they have been redone to tie in with low, sweeping design of the 1957 models.

Completing the revolutionary styling, a three-sectioned built-in rear bumper is utilized. All three sections fit in tight to the body contour. The center section houses the license plate frame. And the outer sections curve around, extending to the rear wheel openings.

Additionally, it features a long rear deck and stylized stainless steel shield on the lower rear quarter panel which extends forward from the rear bumper past the wheel well into the rear door. Back-up lights are flush mounted in the rear deck.

A third four-door hardtop in the 1957 Cadillac line is the 62 Sedan. Additionally, it is three inches lower than the 1954 counterpart.

See CADILLAC Page 5

SEDAN DE VILLE—The completely new styling of the 1957 Cadillac is readily apparent in this Sedan de Ville, the four-door hardtop introduced last year. The overall car is lower, the hood and rear deck are below the fender line and a restyled Cadillac tail fin, somewhat remindful of the Eldorado fin, has been adapted. A new instrument panel, deep post steering column and wide selection of luxurious trims are featured in interior styling.

MERCURY—"dream car" design for today Mercury has a unique styling theme highlighted by graceful, sculptured side projectiles topping low rear fenders and terminating in massive V-angle tail-lights.

Proud Mercury Line To Be Seen Monday at Brownfield Motor

Sam Teague, owner of Brownfield Motor Company, said this morning that he would display his 1957 Mercurys Monday.

Introducing "dream car" design, the 1957 Mercurys are distinguished by an unusually low silhouette, a completely new and larger body, choice of 255 hp. Safety-Surge V-8 or 290 hp. Turnpike Cruiser engine and a unique new floating ride which pioneers air-cushion rear suspension on many models.

"These new Mercurys introduce a new concept of motoring with bold, new styling and many mechanical advances destined to influence the shape of cars for years to come," said F. C. Reith, Ford Motor Company vice president and Mercury general manager.

"Designed to provide unequalled driving ease, comfort, safety and performance for motorists on America's turnpikes and freeways as well as

on rutty, rural roads or city streets, they represent one of the most extensive model changes in the history of the automotive industry.

"We are confident they will present Mercury's greatest challenge for public favor."

Mercury's long flowing lines are highlighted by graceful, sculptured side projectiles topping low rear fenders and terminating in massive V-angle tail-lights which make Mercury unique.

IF THE BLOCKADES ARE REMOVED

Private Companies Can Supply Power

The willingness and ability of the taxpaying, independent electric power companies to meet any conceivable need and demand was one of the themes stressed in a recent speech by a leading utility executive, W. H. Sammis of Ohio Edison.

He took, as one outstanding example, a system which has been built by a group of these power companies to supplant an Atomic Energy Commission plant. The contract, signed in 1952, called for the largest single block of power in industrial history. The cost of the system came to about \$385,000,000.

The system was completed in less than three and a half years — a brief period for so big an undertaking. And the cost of the power to the AEC is slightly less than the original 1952 estimate — even though material and supply prices generally have increased since then.

Is this simply an isolated example? Not by a long shot! The executive said that "This willingness and ability are further exemplified by the joint proposals of five New York power companies for the redevelopment of the Niagara River, by the efforts of four power companies in the Pacific Northwest to develop hydro-electric projects on the Middle Snake River in Idaho and Oregon, and

By the application of the Alabama Power Company for a license to complete the development of the Coosa River in Alabama, and by the plans of the Idaho Power Company licensed last year by the Federal Power Commission to develop the Snake River — to mention but a few of the important projects."

It is true that some of these and other projects are not in being. The reason — the sole reason — for that is found in the activities of the "blockaders" — public power partisans who are determined that the country shall either have socialized government power monopolies or no power at all. Once the blockades are broken, taxpaying private enterprise will give every region all the power it can use at low, publicly-regulated rates.

The Farm Bureau has been serving agriculture on a national basis since 1919 when the American Farm Bureau Federation was formally organized. The first county Farm Bureau was organized in 1911 in Broome County, New York. The Terry County Farm Bureau was organized in 1938.

THE AMERICAN WAY

"SOLDIERITIS"

By George Peck

EDITOR'S NOTE: George Peck is Chairman of the Board of the National Labor-Management Foundation and Executive Editor of its official publication, PARTNERS.

As this is being written we are about to go to the polls to register our decision as to the individual who is to reside in the White House for the next four years and the individuals who are to represent us in Congress. By the time it appears in print, the elections will be history and once again the nation can settle down to carrying on its affairs without the shouting and tumult that inevitably accompany our great American quadrennial hippodrome.

So, what to write about at this in-between period? Perhaps just a few more words about the Hoover Commission recommendations and the failure of our lawmakers to do the "necessary" to put most of them to work, would be in order. In this connection, "The Outlook," published at Toronto, Canada, printed in its October issue, some very appropriate comment, which it found in "The

George Peck

Recorder" of London, England. This bit of humor in rhyme aptly depicts how mother England suffers from a similar malady to that which afflicts America and which the adoption of the Hoover Commission recommendations would go far toward effecting a cure. I quote this gem from England via Canada:

"One Civil Servant, with nothing much to do,
Wrote a Memorandum, and then there were two.
Two Civil Servants, over cups of tea,
Formed a Working Party, and then there were three.
Three Civil Servants, drafting forms galore:
Someone whispered 'Planning' and then there were four.
Four Civil Servants found they

AUSTIN — Good news from Gov. Allan Shivers.

Texas' Governor reports that the State will begin the new biennium with a \$50,000,000 surplus. He also advised the Texas Research League, to whom he made the announcement, that under the same general budget now in use, a tax bill might be avoided by the upcoming legislature.

Four future needs were listed by the retiring governor for the Legislature's consideration.

1. Full-time paid parole supervisors.
2. Authority to back up responsibilities placed on the governor.

couldn't thrive Without Co-ordination, and then there were five.

Five Civil Servants settled down to fix The size of their establishment, and then there were six.

Six Civil Servants in a bureaucratic heaven Needed technical advice, and then there were seven.

Seven Civil Servants set out to demarcate The sphere of their activities, and then there were eight.

Eight Civil Servants attempted to assign A joint responsibility, and then there were nine.

Nine Civil Servants—very busy men, Just whispered: 'Cut them the percent. You'll find they've grown to ten.'

Sad to relate, over-staffing is not a "crime" that is confined entirely to our public servants — it also prevalent in private industry and business — made necessary by "feather bedding" and soldiering on the job of all too many employees. To the Chamber of Commerce, of Boulder, Colorado, I'm indebted for sending me a copy of an announcement that was posted on the Bulletin Board of a manufacturing concern in that city. Any employer reading this column will cheer the effort of this Boulder concern to correct a disease with which a large number of employees suffers in this day of high wages and low performance. This announcement read as follows:

"NOTICE TO ALL EMPLOYEES
Due to increased competition and a keen desire to re-See AMERICAN WAY Page 3

3. Abolition of earmarked special funds.
4. A building for housing state archives.

Austin's biggest spotlight will, of course, be turned on the Capitol building come January. Arrival of a new Legislature will quicken the tempo of the city. Large turnovers in the summer primaries mean a horde of newcomers to both houses.

Crusade for Archives — Legislators likely will hear many pleas for a "permanent and proper home" for Texas archives.

Group after group has joined the crusade to protect the state's historical documents. Their theme: a remote Quonset hut is no fitting place to house the original Texas Declaration of Independence and William B. Travis' famous "victory or death" letter from the Alamo.

Besides being unhandy and unsuitable, say the crusaders, the hut is unsafe. It's the same building where Highway records burned two years ago. It's leaky, and some water already has seeped in and damaged some documents.

Texas State Historical Foundation is taking the lead in rallying its 1,400 members and other tradition-minded groups to seek legislative action.

Water Money Sought—Texas Water Resources Committee is working against time to have a statewide water conservation program ready for the next Legislature.

Already approved by the committee is a proposed \$10,000,000 appropriation to buy storage space in federal reservoirs.

Three other proposals are being re-written and will be

taken up at a December meeting. They are (1) an anti-pollution bill to deal with contamination of underground water supplies, (2) a constitutional amendment to set up a \$100,000,000 bond fund to finance local conservation projects and (3) an enabling bill to finance the bond revenue.

Also still being considered is a three-cent property tax with proceeds marked for water conservation. Some observers have suggested that several plans operating all at once will be needed to finance the kind of water program Texas needs. Texas League of Municipalities is backing a \$300,000,000 program.

Sam Houston Shrine—Another request of the Legislature, this one from Huntsville, will be laid before both houses in Austin, come January. Asked for will be \$82,000 to add three new wings to the Sam Houston Memoria Museum, plus a \$3,000 appropriation increase for maintenance.

Gas Pricing Formula—Atty. Gen. John Ben Shepperd has filed a "friend of the court" brief in the case of Panhandle Eastern Pipeline Co. vs The City of Detroit. He wants the U. S. Supreme Court to review a decision by the court of appeals for the District of Columbia.

Shepperd's complaint is that the appeals court decision compels the PFC to use a gas pricing formula that penalizes small producers. "The Federal Government should not have the power to fix Texas natural gas prices," Shepperd contended, "but if they assert that power, then the PFC should determine local prices on a

Christmas Is White Hope — Despite a steady four-months sales decline, Texas merchants still think Christmas will cure the year's average.

Opinion surveys by the University of Texas Bureau of Business Research show that "typical merchants are confident that holiday business will surpass 1955 and that satisfactory volume can be expected well into 1957."

Latest figures pointed the other way. September sales

were down 12 percent from a year ago, and the year as a whole was 6 per cent under 1955. Slipping significantly from last year were: Automobiles, 28 per cent; Food Stores, 18 per cent; Furniture, 13 per cent; Building Materials, 13 per cent.

Bureau explanation in a nutshell: People bought so heavily in '55, they're having to use '56 income to pay off the installments.

Farmers At Work — Wide spread rains, though generally light, put farmers to work day and night. It was a chance to get winter crops in before the soil dried out again. But it was not soon enough, say agricultural experts, to prevent a hard winter for livestock owners.

"It's pretty late in the year for enough winter grazing to be produced... herds will require heavy supplemental feeding," said a spokesman for the Texas Agricultural Extension Service.

"But with additional moisture, farmers and ranchers can begin their 'come back' next spring and summer."

Short Snorts—Frank A. Driskill is the new administrative assistant to Land Commr. Earl Rudder. Driskill, a Crockett businessman, succeeds Douglas Weitzel who went to Longview as an investigator in the district attorney's office.

Six major air-sampling stations will operate in Texas after the first of the year, reports the State Department of Health Sites will be Dallas, Houston, Corpus Christi, San Antonio, El Paso and Point O'Conner or the Gulf Coast. Air will be tested for sources and types of contamination.

State assistance for Austin city finances was suggested by a Travis County grand jury last week. It noted that the city furnishes police and fire protection and other governmental services to state institutions and buildings—all except from city taxes.

Texas contributions of \$5,000 have been sent to Europe to help feed refugees in Hungary, according to John Gillies, Texas Director of the Christian Rural Overseas Program.

Request has gone to Washington for approval of 1957 Texas cotton acreage allotments, the Texas Agricultural Stabilization and Conservation Committee has announced. Figures were not released. West Texas cotton farmers say they will be unable to repay their obligations and make a normal income unless their acreage quotas are increased.

Lawrence E. Ledbetter, superintendent of the Capitol building and grounds, has retired after 38 years of state service. He was among 17 long-time employees of the Board of Con-

ture experts, to prevent a hard winter for livestock owners.

DREAM — The racy lines of Buick's dream car styling for 1957 lend themselves to the grace and beauty of the new Century. Long recognized as one of the outstanding performers on the highway, the nimble Century has been given new agility in the form of a 300-horsepower V8 engine with 10-to-1 compression ratio. Bigger panoramic windshields, three-piece rear windows, new front and rear design and completely new chassis are featured on the new shoulder-high Century.

main in business, we find it necessary to institute a new policy—Effective Immediately.

"We are asking that somewhere between starting and quitting time and without infringing too much on the time usually devoted to lunch periods, story telling, ticket selling, vacation planning, and the rehashing of yesterday's TV programs, that each employee endeavor to find some time that can be set aside and known as the 'WORK BREAK.'

"To some this may seem a radical innovation, but we honestly believe the idea has great possibilities. It can conceivably be an aid to steady employment and it might also be a means of assuring regular pay-checks.

"While the adoption of the Work Break Plan is not compulsory, it is hoped that each

employee will find enough time to give the plan a fair trial. It is also hoped that those employees not in favor of adopting the Work Break idea, will have fully completed their vacation plans.

"(Signed) 'THE MANGEMENT' Cute, isn't it? Especially that last sentence!

In all fairness, let it be proclaimed that there are still millions of employees of industry and business who have so far resisted the attack of virus "Soldieritis." May their powers of resistance hold out against the all too-prevalent policy of getting the most for doing the least! Perhaps our Labor Unions may one day (I hope soon) get back to the policy of "A Fair Day's Pay for a Fair Day's Work" — a policy bequeathed to them by the pioneer leaders of the American Union Labor movement. Or is that too much to hope?

P. S. Webster's Dictionary defines the verb "to soldier" as follows: "To make a pretense of working, while doing only enough to escape punishment or discharge; to malingering."

employee will find enough time to give the plan a fair trial. It is also hoped that those employees not in favor of adopting the Work Break idea, will have fully completed their vacation plans.

Sleek, Beautiful 1957 Buicks To Go On Display Friday

Tudor Sales Company will display its 1957 Buicks Friday. Ride and handling have been improved on the 1957 Buick with the introduction of a new ball-joint front end suspension and a new anti-dive device which reduces dive on fast stops by approximately 60 per cent.

Buick's new hardtop estate wagon is available in both the Special and Century series. Conventional four-door styling, with the center pillar, also is offered on one model of the estate wagon in the Special series.

A vacuum booster pump improves windshield wiper operation on all 1957 Buicks, eliminating their tendency to slow down when the car is accelerated.

Three-piece back windows are featured on all Buick Special and Century models in 1957 and are standard on the Roadmaster. The one-piece back window is standard on the Super and is offered as an option on the Roadmaster at no extra cost.

In the last three years Buick has boosted the cubic displacement of the V-8 engine in its Special series by 100 cubic inches—from 264 to 364 cubic inches.

The low silhouette of the 1957 Buicks was obtained by spreading the sidersails of the frame and nesting the body between them. The driveshaft was lowered, to reduce the tunnel height inside the car, by the addition to a second universal joint near the rear axle. Some 1957 Buick models are as much as three and three-eighths inches lower than last year. The gasoline tank filler cap

on all 1957 Buicks is located in the center of the car and is reached through an opening in the top of the rear bumper.

A safety speed reminder that buzzes constantly when a predetermined speed is reached is standard on all Roadmasters and optional on all other 1957 Buicks. A flip of a knob on the dash sets the speed reminder for any speed desired. The new 1957 Buicks come in 48 interior trim combinations.

Carrizo Springs Rites Held For Mrs. Johnson

Funeral services were held Saturday at Carrizo Springs for Mrs. C. J. Johnson, mother of Mrs. M. G. Tarpley of 716 East Broadway.

Mrs. Johnson died Nov. 1 in a Carrizo Springs hospital. Mrs. Tarpley returned to Brownfield early this week.

Who says dream cars never come true?

Dynamite from Detroit

Coming! America's first production dream car... it will influence the shape of cars for years to come.

The old Detroit rule was to introduce new features gradually, to make little changes each year. Sometimes a new grille, an engine improvement, or new colors and trim.

We broke that rule. In fact, we broke all the rules. This is dynamite!

For you are not the only one who has dreamed of a totally modern car, a car that has everything you find at automobile shows, in illustrations, and in custom-built experimental cars.

Detroit has had that dream, too. And that's why the 1957 Mercury is the car that has honestly excited the most car-jaded, the most sophisticated of Detroit's automotive experts.

When you see the new 1957 Mercury, you'll see America's first full-production dream car—a car that

will influence the shape of cars for years to come.

You'll see a dream car you can own and drive—a car that has far more than startling years-ahead beauty.

THE BIG M for '57 boasts dream-car features never before found outside a designer's dreambook: a Keyboard Control that makes ordinary push-button driving old-fashioned; an exclusive Floating Ride with a revolutionary new cushioning action you have to feel to believe. There are Mercury "firsts" everywhere you look. A Power-Booster Engine Fan in the Montclair series that saves horsepower other cars waste. And many more Mercury exclusives.

You'll see THE BIG M—the new Mercury for 1957—soon. You'll see it. You'll drive it. The first dream car that can be yours. The dynamite is on its way from Detroit to your dealer's—now!

Perfection at 5

An angel's food cake may be a work of perfection. An athlete may have a perfect golf swing. But, generally speaking, our lives are quite imperfect. *About the most perfect thing one could ever find is a little girl just turned five.* "Be ye perfect as your Father in heaven is perfect." That's a big order. No man has perfectly kept God's commandments...we all break them in thought and word and deed. Yet, the order stands—"perfection!" "Be perfect!" Then, make perfection the constant aim of your life. Be dissatisfied with your accomplishments and unrelentingly and everlastingly strive toward the highest and the best which is found only in Jesus. "Be ye perfect!" Traveling the perfect way one needs all the help he can muster. We suggest regular church attendance as your greatest aid.

YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are afforded with instruction and training. In the church the members and the church share in a common heritage and a common mission. The church is the only place where our children should go to the church of our fathers. This is the church that has been the source of our faith and our hope. It is the church that has been the source of our strength and our courage. It is the church that has been the source of our life and our joy.

Cadillac—

(Continued From Page 1)

Another desirable feature is the air conditioning outlets which are installed on the forward edge of the instrument panel ledge. This is the first time Cadillac has had the air conditioning outlets so situated. The air conditioning system itself is front mounted for the first time.

Another 1957 Cadillac first will be a front seat arm rest, available in all models but the 62 Coupe and Sedan. This arm rest, in addition to providing driver comfort, makes it possible to move both front seats forward at the same time in two-door models permitting passengers to enter or depart simultaneously from both sides. The driver's power window control buttons have been moved to a very convenient and natural location at the extreme left corner of the instrument panel cover. Windshield wiper and washer controls are located in the panel area.

With this multitude of new

physical features included in the 1957 Cadillac, a complete redecorating job was called for. And it happened. New fabrics, trims, leathers, floor coverings, and headliners are combined into the finest of interiors.

The gull-wing bumper and bumper guards are lighter in appearance and are situated so that the tie-bar separates the hood from the more massive underslung grille.

A completely new styling innovation in 1957 models is the use of rubber tips on the bumper guards—just one more Cadillac safety feature. Matching fog and parking lights are located in the outer ends of the bottom bumper section. Built into the center section is a stylized license frame.

Behind this front end is a 300 horsepower engine, the most powerful and the highest performance engine ever offered by Cadillac as standard equipment. This V-type overhead valve engine has a 1 to 1 compression ratio, a four-inch bore and a displacement of 365 cubic inches.

SERGEANT COMMENDED — Pictured above is M. Sgt. Morris E. Rowden, son of Mr. and Mrs. J. C. Rowden of Brownfield, as he received the Commendation Ribbon during a recent review at Tinker Air Force Base, Okla. Pinning the award is Col. Leslie E. Martin, reviewing officer. Sgt. Rowden is performing duty in the Directorate of Personnel of the 1800th AACS Wing at Tinker. A graduate of Brownfield High School, the sergeant and his family live in Midwest City, Okla.

models are upholstered in the finest hand-buffed leather in "dream car" colors of Silver Beige, Kenya Ivory, Cordova Red Lime fire Green, Seacrest Green and Fontaine Blue. These top grain leathers can also be had in combination with "encore" patterned nylon fabrics.

Super Chief series models feature upholstery of colorful combination in "horizons" patterned nylon faced fabric and grained vinyl coated fabrics. Rich-piled carpeting is standard equipment for the Star Chief and Super Chief series, except in convertibles and station wagons. The economy priced Chieftain series models offer a new height of luxury with interiors of "contemporary tweed" patterns of nylon faced cloth and vinyl. Sixty-six interior trim combinations are offered in the 1957 line.

New Instrument Panel
Pontiac's completely new instrument panel or 1957 offers the ultimate in safety, convenience, and modern styling. The lower section of the panel on Star Chief models features full-width chromed trim panels. The glove compartment door

and dual ash trays are housed in the lower panel. The instrument cluster, with two circular dials and a luminescent "Safety Line" speedometer, are positioned at an easily readable level. New finger-tip heater and defroster controls, radio controls and clock are located near the center of the instrument panel. The radio speaker is positioned below the center of the instrument panel for better sound reproduction and distribution. Another influence of "dream car" styling in the 1957 Pontiac is the deep swallowtail steering wheel, which adds the final touch of modern, safety design to the passenger compartment.

American car buyers, who over the past few years have grown increasingly interested in "what's under the hood" of their new cars, will find that Pontiac engineers have developed the 1957 car to a new level of efficiency and smooth, durable performance.

The Strato-Streak V-8 engine, with displacement increased to 347.04 cubic inches, has higher horsepower, 10:1 compression ratio, larger manifold, completely machined and contoured combustion chambers, larger, more efficient valves and newly designed carburetors. The

Speakers Are Announced For TFB Sessions

Speakers for the Texas Farm Bureau's 1956 convention have been announced by the state farm organization. The 23rd annual meeting will be held Nov. 11-14 at the Rice Hotel in Houston.

Speakers will include Dr. Clifton L. Ganus, dean of the School of American Studies, Harding College, Searcy, Ark.; Hassil E. Schenck, president of the Indiana Farm Bureau Federation; Robert D. Harrison, congressman from Nebraska

and member of the House Agricultural Committee; and Arthur H. Motley, publisher of Parade magazine.

Genus will conduct vesper services on Sunday, Nov. 11, following registration earlier that afternoon. Schenck and Harrison will address the Tuesday afternoon session of the convention, and Motley will be banquet speaker Tuesday night.

Highlighting the convention Monday night, Nov. 12, will be the finals of the Texas Farm Bureau queen contest with 13 district nominees competing for the crown. The winner will go to the national convention of the American Farm Bureau Federation in Miami Beach, Fla., in December.

Voting on resolutions will take place on Wednesday, the final day of the convention. Adopted resolutions dealing with state matters will become the official Texas Farm Bureau policy for 1957.

Approved resolutions pertaining to national issues will be recommendations to the American Farm Bureau Federation for consideration at its convention.

Mr. and Mrs. J. W. Andrews of Cookeville are visiting this week in the home of Mr. and Mrs. F. B. Skaggs and family of Route 2.

Homecoming Day To Be Marked By Cubs-Monahans Game, Coronation Ceremonies

The top attraction in this week's homecoming schedule is the football game Friday night. The Cubs will play host to the Monahans Loboes and must win that game if they are to stay in the running for conference honors.

The Cubs have three games remaining on the 1956 schedule and all three are conference games. Andrews and Kermit will be the Cub opponents after Friday night's game and the Cubs must win both these games in order to share honors in the conference.

The Conference standings to date show Andrews leading with two wins and no defeats. Here are the complete standings:

DISTRICT 2-AAA	W	L	T
Andrews	2	0	0
Kermit	1	1	0
Pecos	1	1	0
BROWNFIELD	0	1	0
Monahans	0	1	0

The major attractions for this week's homecoming include the coronation ceremonies which will be held in the high school auditorium at 11 a.m. Friday.

The public is invited. A gigantic pep rally will be held immediately following the coronation, on the southeast corner of the courthouse square.

Classes of 1926, 1936 and 1945 will hold their reunions at 6 p.m. Thursday night in rooms 105, 106 and 108 at the high school. Also on Thursday night a pre-homecoming pep rally will be held at 6:45 p.m. on the east side of the high school.

The queen and her court will be presented in pre-game activity at Cub Stadium, getting underway at 7:30 p.m.

Unwhipped Pearsall And Hondo Matched

Only one game matches undefeated and untied teams this week end in Texas high school football. Pearsall and Hondo will battle to keep their unblemished records intact, and the winner in this Class A struggle will emerge a strong contender for state honors.

In AAAA play, defending champion Abilene meets Odessa in a game that will see an old feud renewed. Amarillo Palo Duro meets Borger and Wichita Falls plays Denison in other AAAA action.

In Class AAA play, undefeated, but tied, Littlefield has the week off but conference play shows Brownfield going against Monahans, while Pecos will be at Kermit.

Class AA will see defending champion Stamford meeting once defeated Seymour. DeKalb meets New Boston and West Columbia takes on Wharton.

Clyde Bond Jr. Is Weekly Card Winner

Clyde (Junior) Bond stood atop the contest ladder last week as he chose 19 correct winners of a possible 22. For the first time in several weeks Bond was the only winner who held the top spot alone.

However, the second place winner last week had to be determined by the nearest correct score of the Andrews-Pecos game. Both John M. Hill of 901 Tahoka Road and J. B. Huckabee of 905 East Broadway tied with 18 correct answers. Hill's entry blank carried the nearest to the actual score of the game and he was awarded second place and Huckabee was given third prize.

There are three weeks remaining in the contest which is sponsored each year by several merchants of Brownfield and by the NEWS.

For the first seven weeks of the contest, the standings are: R. J. Clements lead with 118 points.

116 points — Teena Gillham, Don O'Neal and Rose Mayfield.

115 points — Bill Cope, J. E. Gillham and Ed Mayfield.

114 points — Thelma Crites, Jim Dudley, Ted Hardy and Johnny Rodgers.

113 points — Guy Nowlin, Charles Mayfield and John Jennings.

112 points — Mrs. Jack Bailey, J. O. Rodgers, Mrs. James Evans and Jack Bailey.

Finish Training At School in San Diego

Five Brownfield men were graduated Oct. 17 from Naval Training Station, San Diego.

The nine weeks of "boot camp" included drill and instruction in seamanship, gunnery, life saving, sea survival, boat handling and the use of small arms.

The graduate were Danny L. Summers, son of Mr. and Mrs. H. S. Summer of 414 West Story; B. D. Parks, son of Mr. and Mrs. H. B. Parks of 1209 East Buckley; and Lonnie D. Goodpasture, son of Mr. and Mrs. Dolphus D. Goodpasture of 1310 Tahoka Road; Carrol D. Goldston, son of Mr. and Mrs. R. H. Goldston of 419 North First, and Charles D. Collins, son of Mr. and Mrs. Archie E. Collins of 702 West Harris.

A few weeks ago a note was carried here about a lad named Ray Shaw from Perkinson. Miss Ray is a basketball player on the Sellars High school team, from that town, and one of outstanding ability, according to his uncle. The uncle, Alton Polk, is pastor of First Baptist Church in Meadow and an energetic booster of his nephew as well as the whole team.

MYSTERY FARM NO. 57—Five persons are just as sure as they can be that MF56 is the Charles R. Barret farm, located on Route 4, north of the Gomez Community. First to telephone (2183) the NEWS to say as much was Mrs. Barret, herself. Her time was 6:10 p.m., Thursday. Others telephoning in this order were Jay Barret of the Johnson Community, Mrs. A. R. Isaacs of 1304 East Lons, W. D. May of Route 4 and Mrs. Lewis Waters of Route 2. Mrs. Barret, you have won yourself two tickets to any one of the Jones theaters. from Perkinson and for the past few weeks has been working to have that team appear in this area.

His efforts seem to have borne some fruit provided the Interscholastic League of Texas puts its stamp of approval on the following plan.

Alton and Bill Preston, Ropesville coach, got together and after a long discussion, Preston issued an invitation to the Perkinson team to appear in the Ropesville Holiday tournament. That is where the Texas Interscholastic League comes in. They must approve the invitation in order for both teams to maintain eligibility in their regular season play.

The lad, Ray Shaw, is an 18-year-old senior and one whom, according to Polk, most of the major Colleges in Mississippi and Louisiana are trying to entice to play basketball for them. Rays heart's desire is to journey to the Plains of Texas and play basketball here. Consequently, Polk wants the coaches in this area to have a look at this nephew.

Ray is 6-feet 1½-inches tall and at that height is the shortest man on the Sellars

high team. He is adept at playing all positions and his coach, Roland Ladner, thinks the lad has the ability to become an outstanding basketball player, provided he is playing ball where he is happy.

That, briefly, is the situation at the moment and word is being awaited from TIL before further action is taken.

This week, you know, is homecoming for the Cubs and their opposition is Monahans. Beginning tonight (Thursday), activity aplenty has been arranged for the old grads who will be coming back to take

part in the week-end festivities.

Coach Doug Cox has been putting the Cubs through some stiff paces during the last two weeks since he is well aware that there is still a chance for his charges to be around the top rung of the Conference ladder.

Andrews has made that possible by defeating both Kermit and Pecos. The Cubs will face that same Andrews team next week. Cox is playing one game at a time and is gearing to defeat Monahans this week. The Cubs must beat Monahans, Andrews and Kermit. A large order to be filled but one the boys are capable of filling.

Mercury
(Continued From Page 1)
mistakeable on any road. The new Mercury's "dream car" styling is based on the XM-Turnpike Cruiser — an experimental model — which was introduced last January and has won nation-wide approval on its coast-to-coast tour this year. The 1957 Mercury is 5 inches longer than the previous model, 3 inches wider and 4 inches lower. Headroom has

been increased 2 inches and there is also more hip room and leg room. Wheelbase is up 3 inches from 119 to 122 inches and the front tread is one and a half inches wider. The new Mercury styling starts with the thin, crisp roof with its distinctive front and rear overhang. Slim but rugged pillars support the roof front and rear. With sharply reduced car height, the roof has become an integral part of the car design. First to recognize this important transition, Mercury has imposed a clean-cut channel in the center of the roof which continues in the rear deck with the channel extending past the rear window into the package tray. The projectile side theme on rear fenders accents the feeling of motion induced by the car's low silhouette and the projectiles as well as the distinctive V-angle taillights are rimmed in chrome.

SERVICE NOW is Better than SORRY LATER

The choice is up to you... take time for preventive maintenance now or take a chance on "getting by" in the field later on.

The most economical choice, in the long run, is to bring your John Deere Tractor and Equipment in for a checkover now... while we both have plenty of time. Our skilled mechanics will go right to work; they'll do only the work that's necessary... do it quickly, efficiently, and economically.

Your tractor and equipment will be ready for work—come what may. Renewed power... performance... and economy will more than repay you. Why wait? Let's make a service date... this week.

Brownfield HOMECOMING

Fall and football, sooner or later, spell Homecoming, in schools, all over America, and this is the week here in Brownfield. Starting with the Thursday Pep-Rally and other activities, the program will roll along through the Queen's Coronation and right up to the climax — the Brownfield-Monahans football game. If you can't participate in other parts of the program we urge you to get out and back the Cubs. Your support will mean something to them as they fight for Dear Old BHS.

Homecoming Queen

HOMECOMING QUEEN — Lovely Diana Adams, daughter of Mrs. Mary Lou Adams, 1208 East Hill, will reign over all homecoming activity this weekend since she was elected, by the student body, as the 1956 homecoming queen.

LAST HOMECOMING GAME — Pictured above are the twelve Seniors on the Cub Varsity squad who will be playing in their final Homecoming game tonight. From left to right, in first row: Charles Gunn, Lewis Chambliss, Ken Muldrow and Ernest Hymen. Second row: Leon Willis, Mike Hamilton, Bobby Moore and Lee Dale Rowden. Third row: Gerald Jenkins, Chris Addison, Jackie Meeks and Johnny Raybon.

HOMECOMING SCHEDULE

THURSDAY, NOV. 8th

6:00 P. M.—Classes of 1926, 1936 and 1946 hold reunions in Rooms 105, 106 and 108 at high school

6:45 P. M.—Pre-homecoming pep rally to be staged on east side of high school.

FRIDAY, NOV. 9th

11:00 A. M.—Coronation ceremonies at high school auditorium, public is invited. A pep rally of gigantic proportions will be held on the southeast corner of the courthouse square, immediately following the coronation.

7:30 P. M.—Queen and court will be presented to the public in a pre-game program at Cubs stadium.

Lubbock Woman Speaks To Maids, Matrons On Children's Reading

Maids and Matrons study club held a regular meeting Tuesday, Nov. 6 and recognized national Book Week, Nov. 25-Dec. 1. The theme was carried out in table appointments and decorations.

The serving table was laid with a white taffeta cloth edged with gold braid. A styro-foam book with yellow ribbon and yellow button mums centered the table. White tapers flanked the arrangement. Coffee was poured by Mrs. Percy Spencer from a silver service. Small open face and ribbon sandwiches, nuts and olives competed the refreshments.

Special decorations for the occasion were furnished by Mrs. E. M. Platz of Lubbock, guest speaker. They consisted

of a paper mache shoe with many wooden children, each reading a book. Quite a few children's books were displayed throughout the room.

Speaks on Book

In her speech on "Children's Books, Their Importance in the Development of Our Young People", Mrs. Platz said that we are told by educators that 83% of everything we learn comes through the process of reading. "The furor created by the now famous book, 'Why Johnny Can't Read' has underscored this necessity for learning to read. We assume then, that children must read," Mrs. Platz said.

"We want our children to grow up with learning, in addition to acquiring practical techniques with which they compete to earn a living," she continued. "We want them to be educated, cultivated men and women.

"But we have more than mere utilitarian reasons for wanting our children to read. We think of reading as one of the great pleasures of life, and we are eager that they shall not miss this enjoyment. Those of us who found in books one of our most abiding satisfactions during our own childhood, want to open to other boys and girls this profound experience. We want them to know the same kind of joy that Paul Haz-

ard was talking about when he wrote "Give us books, say the children. Give us wings. You who are powerful and strong, help us to escape into the far away. Build us azure palaces in the midst of enchanted gardens. Show us fairies strolling about in the moonlight. We are willing to learn everything we are taught in school, but please

let us keep our dreams." In continuing, Mrs. Platz stated that she sincerely hoped no parent had missed reading to their children and found that books are not only a pleasure, but also mental and spiritual food.

Serve Spiritual Needs

"Books serve these very spiritual needs," Mrs. Platz. "They unlock a world of thought and emotions that cannot be reached in any other way. Books bring to the child the thought and feeling of men who lived long ago or at the ends of the earth. He comes to understand people and the forces that move them. The child immersed in a book is living with the people in it; he sits with them, so to speak. They may be people like himself and his family and neighbors, or they may be a strange sort such as he is unlikely ever to meet face to face. He finds that he may revisit them at will and find them his friends unchanged."

Mrs. Platz told the group that books offer so many things, sense and sensibilities: the carefully planted seeds of knowledge and the proper stimulation for the growth of these seeds; a strong feeling of

for the fun of it adds something to a child's reading for life."

Mrs. Platz stated in closing that through books, a child communes with the great minds of all ages. Literature is 'Art,' she said, "a thing of truth and beauty. To be deprived of these would be deprivation indeed. These are the reasons Why Johnny Should Read. It is up to you and the public in general to see that Johnny must be given the chance through available books."

Hostesses for the meeting were Mrs. R. E. Johnson and Mrs. Leo Holmes. Guests, other than regular and associate members of the club, were Mesdames J. H. Bounds, O. R. Williams, J. C. Resler, Phil Gaasch, and Wayland Parker.

Education Council Schedules Roundtable Nov. 20

GOMEZ NEWS

By ERA SEARS
NEWS Correspondent

Sunday visitors in the A. V. Britton home were Mr. and Mrs. Bill Miller and children of Lubbock, Jerry Britton and Mr. and Mrs. Ralph Bethune of Lubbock, and Mrs. Clara Britton of Brownfield.

Mrs. Anna Bell Lay visited her mother, who is in the hospital at Lorain.

Mr. and Mrs. Bobby Lynn Carter of Big Lake and Mr. and Mrs. Oscar Carter and children of Hereford visited in the Gordon Carter home over the week end.

Mr. and Mrs. Bill Rowe and children of Denver City and Mr. and Mrs. Roy Gunter and children of Union visited in the Homer Britton home Sunday.

Mr. and Mrs. J. W. Christesson and Joe visited their daughter and family, Mr. and Mrs. Bob Blocker at Amarillo.

Mr. and Mrs. Henry Layne of Snyder visited Sunday in the home of her brother, Mr. and Mrs. Garvin Smyrl.

Mr. and Mrs. Tyler Martin were host and hostess for a Halloween social for the adult, young people, and intermediate training union of the Gomez Baptist Church.

A barbecue supper was served in the back yard. The menu consisted of barbecued wieners, red beans, chili, toasted marshmallows.

Mrs. A. V. Britton and Mrs. Marvin Vest directed Halloween games for the young people, and the adults sat around a bonfire and told "ghost" stories.

Approximately 30 attended.

Edith Herron of Seminole, formerly of Brownfield, visited Mr. and Mrs. Bob Simmons Tuesday night.

Roundtable discussions of several West Texas problems have been scheduled Nov. 20 by the Adult Education Council of Brownfield.

The Nov. 20 session was determined when council members met last Thursday for luncheon in Melody Restaurant.

The group also elected Mrs. Virgil Burnett secretary-treasurer.

In other luncheon activity, Dr. Robert Hoey, guidance counselor in Brownfield public schools, reported on the adult education program during the 1955-56 school year, outlining the current programs still active.

From the report of Kenneth Browning on a recent regional meeting at Texas Tech, the Brownfield group determined to call the Nov. 20 roundtable.

To come under full discus-

sion will be such problems peculiar to West Texas as water, oil, top soil, agriculture, industries, community life, ethnic group problems

Terry 4-H Group Holds Meeting

"What is 4-H Work?" was the theme of the program when the Terry County 4-H club met Monday.

Projects that the girls will be participating in this year will be beautification of home grounds, canning, clothing, dairy foods, food preparation, frozen foods, gardening, home improvement, poultry, recreation, and safety.

Projects the boys will participate in will be the same as the above, plus swine, beef, and dairy calves, crops, and tractors.

and building programs.

Councilmen present were President Mr. J. M. Teague, and Jim Thompson, Hoey, O. R. Douglas, Coleman Williams, Mrs. P. C. Cates, Mrs. W. A. Kimbrough and Mrs. Phil Gaasch.

Guests were Delwin Webb, curriculum coordinator in the schools; Browning, principal of the West Ward School; Curtis Sterling, publisher of the NEWS; William Conlee, visiting teacher for the schools; the Rev. James Tidwell of Brownfield Ministerial Alliance; Dr. Tim Faulkenberry, president of City PTA, and Clarence Griffith, president of the school board.

Mrs. Baumgardner Hostess At Coffee

The Come Double Sunday School Class of the First Methodist Church was entertained with a coffee in the Robert W. Baumgardner home last Wednesday morning.

Coffee and doughnuts were served to the following members: Mesdames Bob Payne, James Thurman, Tim Faulkenberry, W. T. Briscoe, R. F. Parker, Dave Jarratt, Leo Wenzel, and Faye Wilson; and guests Mesdames J. Fred Bucy, Sr., Monk Parker, and Foy

Visitors in the C. A. Huckabee home this week included Mr. and Mrs. C. H. Merritt and daughter, Yvonne, and Mr. and Mrs. George Merritt and son, Lloyd, all of Dallas; and Mr. and Mrs. Walter Edney and daughter, Regina of Lubbock.

Mrs. Bob Payne will be hostess for the next coffee on Dec. 6th in her home.

Beta Theta Has Pledge Ceremony

Beta Theta chapter of Epsilon Sigma Alpha met Nov. 6 in the home of Bonnie Vachal at 7:30 p.m.

Kay Billings, president, opened the meeting with a pledge pin ceremony for Jewel Coats, Patsy Hamilton, Dixie Wil-

liams, and Shirley Holbrooks. Not present was another pledge, Ardeth Herring.

The ritual table was centered with yellow chrysanthemums, flanked with tall yellow tapers and an open Bible.

Following the ceremony, a business meeting was held. At this time, plans were discussed for the Christmas and New Years parties.

... Down Wellman Way ...

Hi!

The basketball girls played Sundown Tuesday evening at 6:30 in the Wellman High School gymnasium. The B team girls played first and won by a score of 51-32. The A team girls didn't have that luck. They were defeated by a score of 53-45. The girls went to Sundown Tuesday where the A and B teams competed with Sundown.

The girls A and B basketball teams from Ropes will play our girls in the Wildcat gymnasium at 6:30 p.m., today. Everyone is invited.

Since Friday is an open date for football at Wellman, the girls of Wellman High School arranged a Powder Bowl football game at 2 o'clock between two groups of girls. Mr. Jim Lawlis, assistant coach, is training the Blacks. Mr. Rip Sewell, head coach, is coaching the Greys. Work-ups are being held during and after school.

This flag football game should be interesting. Twenty-seven girls are on the two squads. I'm for the Blacks. Course you know why I'm on that team. Imagine me as "Center." Just call me "Miss Bulldog Turner" of 1956.

During the football game between the Blacks and Greys, there will be a rooting section composed of all boys. Chief cheer leaders are Bill Adams, Kenneth Taylor, Donnie Pinson and Ldean Hughlett. This pep squad will be different any way!

Our beloved custodian, Pop Keeling passed a way last Thursday after a short illness. Webb Funeral Home at Seagraves had charge of the arrangements. He was buried at

LOSE UGLY FAT IN TEN DAYS OR MONEY BACK

If you are overweight, here is the first really thrilling news to come along in years. A new & convenient way to get rid of extra pounds easier than ever, so you can be as slim and trim as you want. This new product called DIATRON curbs both hunger & appetite. No drugs, no diet, no exercise. Absolutely harmless. When you take DIATRON, you still enjoy your meals, still eat the foods you like but you simply don't have the urge for extra portions and automatically your weight must come down, because, as your own doctor will tell you, when you eat less, your weight less. Excess weight endangers your heart, kidneys. So no matter what you have tried before, get DIATRON and prove to yourself what it can do. DIATRON is sold on this GUARANTEE: You must lose weight with the first package you use or the package costs you nothing. Just return the package to your druggist and get your money back. DIATRON costs \$3.00 and is sold with this strict money back guarantee by: **Francis Drug Store-Brownfield**

Matador at three o'clock on Sunday afternoon. Pop was a dear friend of ours. We will miss his cheerful smile and those many little things he did for us. Dear Pop, we loved you so.

The members of the Wellman school board announced Wednesday that the Wellman School will celebrate Thanksgiving on Nov. 29. A holiday of two days will be observed, Nov. 29 and 30.

The Juniors and Seniors have been practicing their plays during school hours. They are progressing nicely.

See you at the Powder Bowl football game Friday at 2 p.m. La Rue and Carroll

Hi! From Jr. Hi

By LATRICE TEAGUE and GAYLE SMITH

Hi! We hope everyone had a good time Halloween night. There were two junior high parties given. Barbara Kirschner gave the party for the 8th graders. We went trick or treating, played games, danced, and some went to the midnight show.

Pat Hamilton and Jeff Pemberton had a costume party for the 7th graders. There were many good costumes, such as Eddie Wilder, who was dressed as Elvis Presley, and Tommy Harris, who came as an old man. Although all of them were very realistic, Beth Chesshir took the prize as the best dressed. She was dressed as a dancing girl of Egypt and she really looked the part. Both parties were a success and everyone had fun.

Our cafeteria was opened Monday. It is a beautiful building, and Junior High is proud of it.

The band and pep squad went to Levelland Thursday. It was a good and exciting game, although we were defeated by one touchdown. At the half of the B team game, the band marched. They did a series of precision movements, after which they formed C-U-B-S for Brownfield and LO-B-O for Levelland. Keep up the good work for BJHS.

We want to extend our deepest sympathy to Joe Christenson and his parents on the death of his brother, Johnny Johnny was in the 6th grade, and well liked by everybody. So long until next week.

LOOKING FOR A FARM

640 acre place well improved with 485 acres in cultivation, the balance in grass. This section has minerals and the price has not been raised a penny since a drilling well for a deep test has begun. Out of state ownership has decided to sell at the low price of \$70.00 per acre.

160 irrigated acres with good home and sprinkler system. Being offered with some minerals at \$225 per acre. This is rich land and the well is very good.

320 acres grass land with good well and mill, 320 acres adjoining leased goes with the place. In East Yoakum County at \$25.00 acre.

We can only mention a few places but see us!

If you have a farm to offer at reasonable price why not list it now?

CHAT!

Well, we can now listen to our favorite radio and TV programs without having to contend with the politicians. And I have no further comment on the election. Period.

Ona (Mrs. Ches) Gore called me early this week to ask me to help push the American Legion auxiliary's sales of poppies this Friday and Saturday, which I am most happy to do. In these grave times in the world, this Sunday will give us extra reason to pause and ponder. Be sure to support the sale of these poppies Friday and Saturday. Incidentally, you will no doubt be interested to know that these particular poppies that you and I will buy this week end are not only made by veterans, but by Texas veterans. And while we're on subject, it's renewal time for membership in the auxiliary, so hand your check to one of the ladies this weekend.

It's big doings around here tomorrow (Friday), what with being homecoming at Brownfield High School. Elsewhere in the NEWS is a schedule of things to come, so all you exercise to check it carefully.

Also tomorrow night, from 8 to 11, members of Jessie G. Randall PTA are staging a chili supper, and everyone is cordially invited to attend. A complete chili supper is just 50¢ for kids up to 14 and \$1.00 for the rest of us. Why not go by and eat chili before going to Cub Stadium for the game?

Along the PTA line, Frances Bell PTA is again this year staging their "stay at home and send a dollar" campaign to swell their funds without that inevitable handful of members having to do all the work on a bazaar, chili supper, etc. Notices will go out next week, and I hope all you Bell parents will cooperate fully with this project. I think this is a terrific idea and one that should catch on well with other organizations.

Friends of Peggy Bradley Barnett (Mrs. Glenn) and her

family will be glad to know that they have been safely evacuated from Arabia to Naples, Italy and will stay there until "that mess" takes a turn for the better . . . or worse. Peggy's mother, Mrs. Earl Bradley, called me this week and said that she has had many inquiries about the Barnetts, so I thought I'd pass along the news to you.

Members of the country club are reminded that there will be a special game night at the club Saturday night and everyone is urged to attend. That means you'll have to rush home from the Tech-TCU tilt, so be sure to drive carefully so that you can finish off the evening with flourish.

It's about time for that man again . . . Santa Claus, that is. Only a few short weeks, but if you haven't started your shopping yet (nope, I haven't . . . I'm a Christmas eve shopper, myself), it's not the merchants' faults. They are bulging at the seams with gifts and from now until Christmas, I plan to try to give you the inside dope on what our merchants have to offer.

Item: small hand vacuum cleaners that look like a flashlight (they're powered with batteries) and have real little bags to catch the lint, because you see, they're automatic clothes cleaners. These are available at Knight Hardware and Cobb's. Quite inexpensive and a wonderful gift for almost anyone on your list.

Item: Out-of-this-world can-can petticoats in a variety of color, sizes, and prices and styled to delight the hearts of any red-blooded American teenage girl. At Shelton's.

When you're downtown shopping, be sure to go by Scott's Firestone and see the enchanting display they've built around their electric train. You'd better not take the son unless you plan to kill about an hour, it's that fascinating.

And I'll see you and you at Cub Stadium tomorrow night.

Average life of a milk bottle is 34 deliveries.

RECEIVE CUB AWARDS — Pictured above are members of Cub Pack 74 who received American Legion bravery awards at a Pack banquet held last Thursday at the Legion Hall and a group of Cubs who received Bobcat awards in October. Pack 74 Cubs Are Presented Bravery Awards

A barbecue dinner honoring members of Cub Pack 74 and their families was held last Thursday in Veterans Hall. A fall theme was carried out in table decorations.

The invocation was asked by H. B. Virgil Crawford, commander of the American Legion. Presentation of the colors was made by members of Dens 3 and 4, followed by a poem read by Danny Thurman of Den 1, and a dance number by Mrs. Dee Parker's students.

Crawford made the address, pointing out that many people do not realize that the American Legion carries out worthwhile projects outside of the organization.

Pack 74 is sponsored by the Brownfield Post 269, and Crawford said that the Legion is happy to sponsor this group and that "Pack 74 is among the best, if not the best, packs in the district".

Ronnie Howe and Joe Ned Barker were given American Legion awards for bravery. Ronnie is credited with putting out a blazing costume worn by Judy Timmons on Oct. 31, 1955. Joe Ned was cited for getting help to save a woman from drowning on May 26, 1956.

Other awards made were:

Wolf: Robert McKee and Terry Borough; Bear: Danny Thurman, Allen Hallbauer and Randall Jones; Lion: Danny Thurman. Bobcat: Larry Beaver, Rip Walser, Randy Seales, Marvin Morris, and Eli and Sammy Hernandez.

Arrow points were awarded Randall Jones; Wolf, gold, as followed: Bear, silver, Floyd

Ford; Bear, silver and gold. Joe Ned Barker; Bear, gold. Johnny Blackburn, Joe Ervin, and Terry Borough; first year service awards, Grady Cox and Larry Pickett; and second year service award, Floyd Ford. Also included in the program were: mother's balloon stunt by Webelos Den; a Big Howl to the boys who rode the float

ESA Chapter Has Game Party Monday

Mrs. Laura Mae Clark and Miss John Lou Callison were hostesses at a game party for members and husbands of Kappa Zeta chapter, Epsilon Sigma Alpha, Monday at 7:30 p.m. in the Seleta Jane Brownfield clubhouse.

Cake and coffee were served to Messrs. and Mmes. Roy Williams, Ray Steele, J. E. Gilliam, J. L. Kemper, Lowell Sweeten, Jack Freeland, Clifford Miles, and Gene Holmesley, and Miss Sue Whitson and the hostesses.

Games of bridge, canasta, and "42" were played during the evening.

Dr. James Finley Will Attend Lubbock Session

Dr. James E. Finley of Brownfield has registered in advance for the fall clinical meeting of South Plains District Dental Society.

To be held Nov. 8-9-10 in Lubbock, the session will comprise 18 hours of lectures and clinical demonstrations to help keep area dentists informed on the latest and best developments in dentistry.

(Harvest Festival); a skit, Get Out the Vote, by Den 5; and a puppet skit, Hound Dawg, by Den 2.

Approximately 200 persons attend.

THE NEW Pontiac is Completely New from Power to Personality!

Fresh from 100,000 miles of testing, the '57 Pontiac is on display tomorrow!

Even a brief once-over of Pontiac's sleek new lines tells you that you're in at the start of a styling revolution. And that glistening sheath conceals a carload of engineering "firsts"—all polished to watch-work perfection in the toughest test ever given a new car.

This '57 Pontiac pounded the road through 100,000 miles of tests . . . through it all Pontiac engineers refined and perfected every feature of this great car.

They made Pontiac's big, new power plant even more efficient than its predecessor, the engine that set over fifty new world records and led all eights in miles per gallon! They perfected the new suspension system, new controls and new Strato-Flight Hydra-Matic* to give you the smoothest riding, easiest handling—and safest—new car ever to hit the road!

See and drive this new '57 Pontiac. Sample in a single mile all that's been proved by 100,000 miles of testing.

*An extra-cost option.

AND THE FIRST CAR AT ANY PRICE WITH . . .

STAR FLIGHT BODY DESIGN—a Pontiac Exclusive—longer and lower than ever before—the year's most distinctive new automotive styling.

NEW INTERIOR STYLING—WITH THE "OFF-THE-SHOULDER" LOOK—a fashion "first" for '57—perfectly color-matched with the exterior.

NEW STRATO-STREAK V-8—270 h.p. in Star Chief and Super Chief, 252 h.p. in the Chieftain—with smoother Strato-Flight Hydra-Matic.

CLOUD-SOFT, LEVEL-LINE RIDE—the ride sensation of the year—a new suspension system based on a big 124- or 122-inch wheelbase.

THREE POPULAR-PRICED SERIES—Star Chief • Super Chief • Chieftain.

Traffic Safety Is Theme of Program For Alpha Omega Study Club Oct. 30

Traffic Safety was the theme of study when the Alpha Omega Study Club met at Seleta Jane Brownfield clubhouse at 4 p.m. Oct. 30.

Guest speaker was James Tippet, a member of the Brownfield city police force, who spoke on traffic safety. D. K. Waldrip, also a member of the force, showed a traffic film entitled, "The Case of Officer Hollibrand". Mrs. Ed Wilder was program director.

Following the program, Mrs. C. R. Lackey conducted a parliamentary drill, and a new member, Mrs. Perry Bear, was initiated into the club by Mrs. Wilder.

The hosts, Mrs. Marion Bowers, served pumpkin pie and coffee to the following members: Mesdames Jack Cleveland, William Cope, Doug Cox, A. J. Geron, Grady Goodpasture, Jake Gore, Jack Hamilton, Tommy Hicks, Earl Jones, V. L. Patterson, Fred Smith, and Lackey, Wilder and Bear.

Special Project Planned By PTA

"Stay at home and send a dollar" is the project sponsored by the finance committee of Frances Bell PTA again this year. Members have used this plan in the past to boost their funds, and have decided that they will again use the plan this year, according to Mrs. Phil Gaasch, chairman.

Notices will be sent out next week, Mrs. Gaasch said, with the project covering a three-

WELCOME, MISTER — The welcome mat was out Saturday at Ed Hill's new Texaco Service Station, 802 Lubbock Road. The occasion was grand opening. Taking part in the observance was Girl Scout Troop 20. In the picture above, Scouts Loree Key, left, and Janice Hill and Sandra Turner welcome a customer, J. L. Aubrey of 913 South Eighth. Other Scouts taking part in the day were Kerry Nowell, Darlene Lowrey, Ann Neal, Linda Brownfield, Peggy Andrews, Shaeron McWhorter, Kathy O'Dell, Judy Pickett, Susan Bear, Charlotte Goble, Becky Burnett and Carol Christopher. Leaders are Mrs. Nolan Lassiter and Mrs. Perry Bear. (Staff Photo)

day period, Nov. 13-15. Parents of children are asked to send a dollar or more to school with their children upon receipt of the notice.

Lubbock Woman To Address Gardeners

The Brownfield Garden Club will have a guest speaker from Lubbock at their luncheon meeting Wednesday, Nov. 14, at 1 p.m. in the Seleta Jane Brownfield clubhouse.

Mrs. Joe Arrington will lecture as she demonstrates the making of holiday candles, just as she did at the district fall board meeting of the Texas Garden Clubs. Mrs. Arrington was elected to serve as the new director of the Central Zone, of which Brownfield is a member. She is also a flower judge.

Hostesses for the luncheon meeting are Mesdames J. R. Hissom, Alton Webb, Robert Baumgardner, J. H. Carpenter, L. M. Lang, Joe Jackson, Fred Turner, A. J. Bell, C. W. Avery,

and J. C. Rhodes. Roll call for this meeting will be answered by "What I Plan to Make for the Bazaar", by the members.

Jackie Moore Graduate From Navy Schooling

Jackie D. Moore, son of Mr. and Mrs. J. Ben Moore of Route 1, was graduated Saturday from recruit schooling at the Naval Training Center, San Diego, Calif.

The nine weeks of "boot camp" include drill and instruction in seamanship, gunnery, life saving, sea survival boat handling and the use of small arms.

Parent, Teachers Problems Studied

The Frances Bell PTA met for a regular meeting in the Junior High auditorium, Thursday, Nov. 1, at 4 p.m.

Members voted to buy hot lunches for needy children, as one of their projects.

The program consisted of a parent-teacher conference, in which Miss Terry Moorhead and Mrs. O. R. Williams showed the proper way for a parent to confer with a child's teacher. This was followed by a parent-principal interview between Junior High principal Kenneth Browning and Mrs. Roy Priest, bringing out many questions that arise between the parent and the school. The new cafeteria, which was opened Monday, was discussed.

Mrs. Jane Carpenter's room won the prize for having the most parents present.

DISCHARGED — Hiram T. Carr Jr., sonarman third class of the U. S. Navy, son of Mrs. H. T. Carr of Brownfield, has been honorably discharged from the service at Norfolk, Va. (Navy Photo)

Newest Buick Yet

You know all that talk you've been hearing about the 1957 new car models being really new?

Well, in the case of the 1957 Buicks it's true—gospel true.

We mean these 1957 Buicks are new in the precise and literal sense. We mean new from the ground up, and from gleaming grille to sassy taillights.

We mean new lowness, new styling, new bodies, new windshields, new controls, new safety-padded instrument panels, new safety steering wheels, new seating, new fabrics, new colors.

We mean new front end, new rear end, new frame, new braking, new steering, new handling, new riding, new roadability—a whole new chassis of greater solidity and safety.

We mean V8 engines new from the crankshaft up—engines that deliver an all-time high in horsepower and

compression from their 364-cubic-inch displacement.

And we mean, most of all, an advanced new Variable Pitch Dynaflo®—so instant in the starting range—so utterly smooth and so totally full-range in "Drive"—that your need for "Low" is practically eliminated.

So come take in these low-silhouette, these boldly beautiful, these instantly obedient Buicks for 1957.

Then you'll see why you can't blame us for being so fired up about it all—and how catching this excitement can be.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.
