Familiar Trade Mark on Pair of Rubber Heels Helps Police 'To Get Their Man'

A familiar trade mark on a pair of rubber heels led Brownfield police straight to the living quarters Tuesday of a man suspected of burglarizing Mason Oil Company at 1406 Lubbock Road only that morning.

Charged with the burglary are Billy Ellis and Rex Harvey, both 23. Ellis listed his address with police as White Rock Apartments, and Harvey, Modern Courts.

Sgts. Jack Seales and James Tippitt, investigating at the scene of the burglary, found a pair of Cat's Paw heel marks in soft dirt.

Tracks Are Followed

Not willing to pass up any lead, the duo, joined by Capt. Aaron Zeigler and Patrolman Williams, followed the tracks across the field at Cub Stadium.

The investigating officers temporarily were lost when the tracks doubled back and across Lubbock Highway. However, after much painstaking search, the trail was picked up, leading them to the room of Ellis at White Rock Apts.

Heels Are Matched

Asking no questions, Police merely checked the rubber heels on Ellis' shoes. They matched. Later at police headquarters Ellis implicated Harvey. The two had been in an all-night poker game.

A search of Harvey's quarters turned up some of the stolen money. A total of \$108.49 of \$110 reported stolen was recovered.

Ellis and Harvey still are in Terry County jail.

In other police activity this week, 35-year-old Negro was arrested following a tip from

Seminole authorities. Brownfield officers met the Seminole bus and took off Eddie Jordan of Wichita Falls, wanted by New Mexico investigators for questioning in a grand larceny case.

It cost Brownfield taxpayers \$32 last Monday to have replaced street light bulbs which had been shot out with BB guns in a 24-hour period.

Chief of Police Nolan Laster said this morning that the city had to replace 100 of the 80-cent bulbs this week.

Said the chief: "We're asking the cooperation of responsible citizens in reporting any incident to us. Everything will be kept in strictest confidence. These broken bulbs represent a stupid loss of the taxpayer's money."

Traffic accidents to date within the city limits: 121. Injuries from accidents: 6. Deaths from traffic mishaps: zero.

Gomez Rites Held For Scott Infant

Services were held Nov. 5 in Gomez Baptist Church for Ricky Aaron Scott, infant son of Mr. and Mrs. Dwayne Scott of Lamesa.

The Rev. W. H. Fox of Amarillo officiated, assisted by the Rev. T. L. Nipp, pastor of the Gomez church. Burial was in Terry County Memorial Cemetery, under the direction of Brownfield Funeral Home.

The 2-month-old boy died Nov. 4 in a Big Spring hospital after a brief illness.

His survivors, in addition to parents, are one brother, Mickey, 2 years old; paternal grandparents, Mr. and Mrs. A. J. Scott of Arlington; maternal grandparents, Mr. and Mrs. J. A. Fox of Gomez; great grandparents, Mr. and Mrs. N. A. Newberry of Mineral Wells, and Mrs. Lula Smith of Brownfield and E. P. Smith Sr., of Los Angeles, and great grandmother, Mrs. A. J. Crawford of Millsap.

THEIR HEELS THEIR DOWNFALL — In the pictures above are Billy Ellis, left, and Rex Harvey, charged by Brownfield police with the Tuesday burglary of Mason Oil Company at 1406 Lubbock Road. The duo's downfall came about because of heel markings which led officers to their living quarters. (BPD Photos)

19th Christmas Seal Sale Is Under Way

The 19th annual sale of Christmas seals in Terry County will get under way this week.

More than 2,000 letters containing the seals will be mailed within the county, said M. J. Craig Jr., president of Terry County TB Association.

The event this year also marks the 50th year in which the seals have been sold in the United States.

Independent of Chest Craig explained that the annual sale is independent of the

Alex Karl Services Held Here Thursday

Graveside services were held last Friday for Alex Karl, longtime Brownfield resident who died Thursday in a Lubbock convalescent home.

Karl, 73, was a native of Bulgaria. He long owned and operated a cafe on South First street.

The Rev. A. J. Franks, pastor of Northside Baptist Church, officiated, and burial was in Brownfield Cemetery.

Chest Drive Moving

The 12 men comprising the Advanced Gifts Division of Terry County Community Chest campaign for 1957 have been "on the move" here since Monday.

Chairman Dennis Q. Lilly met this afternoon with his division personnel to receive their first reports.

Men responsible for the division's part in the annual drive are Lal Copeland, R. J. Purcell, Ike Bailey, John Kendrick, W. N. (Doc) Lewis, R. V. Moreman, Troy Noel, J. E. (Buddy) Gilham, Arlie Lowmore, J. O. Gilham and C. E. Ross.

In a joint statement earlier this week, the 12 said:

"We urge that all businessmen and women, along with all other citizens of Terry County, think and live with the Community Chest idea for the next four weeks and help the campaign to reach its \$17,743 goal."

Here's the latest thinking on Thanksgiving Day: Brownfield, Wellman, Union and Meadow schools will observe Nov. 29 as a holiday. In addition, both banks, most of the retail stores and numerous other firms will observe the same day.

It was voted several weeks ago by Brownfield Chamber of Commerce retail committee, representing most of the firms in the downtown business district, that Nov. 29 would be observed as Thanksgiving.

The lone amendment to the Texas Constitution voted on Tuesday was approved in Terry County. Final tally: 138 for, 22 against. The amendment will qualify nearly 15,000 permanently disabled citizens for state aid.

Another caravan will be going to Andrews Friday night. Assembly point will be Brownfield High School, from where the group will leave promptly at 6 p.m. If you're at the school before 6, streamers will be put on your car.

From all indications, nearly everyone in Brownfield will observe Nov. 29 as Thanksgiving Day. Schools, banks, city and county offices and most retailers will be closed. Mayor Arlie Lowmore and Chamber Manager Joe Satterwhite believe that the C-C retail committee is doing everyone a favor by setting these dates well in advance. However, there still has been some confusion as to just which day would be recognized.

With the cooperation of Donna Sue Christopher, William Smyrl and Jack Purcell, Dr. Bob Hoey presented an enlightening forum Wednesday noon for Brownfield Lions.

For example, the Lions learned that if a student plans to enter college as an engineer, Dr. Hoey sees that he takes (in high school) all the math, chemistry and physics offered.

Because of Hoey's work—he's guidance counselor in the Brownfield public schools—you will find that most of graduates not jumping from one department to another after they enter college because they did not have the necessary background. See NEWS-VIEWS, Page 8

Mrs. G. O. Walker Rites Held Sunday

Mr. and Mrs. Joe Satterwhite returned Sunday from Lubbock, where they attended funeral services for his sister, Mrs. G. O. Walker.

Mrs. Walker, who moved to Lubbock from Amarillo 25 years ago, died Saturday in Methodist Hospital after a 6-month illness.

Rites were held in First Christian Church, with the Rev. Dudley Strain, pastor, officiating. Burial was in City of Lubbock Cemetery.

Other survivors are her husband; three sisters, Mrs. D. O. Starnes of Tomball, Mrs. E. W. Taylor of Fort Davis, and Mrs. J. E. Altman of Galena Park; two brothers, P. E. Satterwhite of Victoria and Elwood Satterwhite of Claremore, Okla., and several nieces and nephews.

Satterwhite is manager of Brownfield Chamber of Commerce.

Better Freight Service Likely

The possibility of increased and improved American Railway Express service on the Lubbock-Brownfield run was discussed here favorably last week.

Brownfield Chamber of Commerce officials were told by American executives that the company was considering seriously the proposed service.

C-C Manager Joe Satterwhite said this morning that an embargo currently allows the express company to ship only certain items from Lubbock here and at certain hours of the day.

"We are trying to get more prompt service on registered items and perishables," said Satterwhite. Now, freight comes from Lubbock on the Santa Fe Trailways, the road's truck line. It gets here at no particular time."

Railway Express men who talked over the problem here were J. W. Akin, the company's divisional supervisor; and L. W. Coggins, agent at Lubbock. Satterwhite said: "We feel that the tremendous growth of our city justifies a Class 1 express service—the kind which Lubbock citizens now enjoy."

Harvest Nears 78,000 Bales; Climb Steady

Bale-wise, the 1956 cotton harvest in Terry continues to climb. Tally as of Wednesday afternoon was 77,116.

Neighboring Yoakum's six gins have handled a total of 76,532 bales in the same period.

Figures were determined by Aubrey Jones of Texas Employment Commission.

Jones also "revised" his estimate of the final count for both counties: 82,000 in Terry and 22,000 in Yoakum.

Brownfield Woman Given High Position

A Brownfield woman has been appointed to the executive board of Texas Home Demonstration Association.

Mrs. O. D. Kennedy of 709 East Lake was notified by letter Tuesday of her appointment. The letter was signed by the state association president, Mrs. R. C. Woods of Fort Lavaca.

Kennedy's board appointment is automatic because she was made chairman of the citizenship committee. Her first board meeting will be in Temple, Nov. 26-27.

Husbands also talked of the chamber's leadership in industrial development in West Texas, its work in state and national affairs, its strong promotion of agriculture and livestock programs.

Muldrow introduced the speaker and Satterwhite said an invocation. Members voted not to meet on Nov. 30.

President Newell Reed introduced the following out-of-town Rotarians: L. L. Cox, Robert Walker; Sam Newberry, Burnett Roberts and Gene McDonald, all of Levelland; Henry Wieser of Lovington, N.M.; R. C. Kennedy and B. H. Graham of Pauls Valley, Okla.; Johnny Reasonover of Tahoka.

Miss Stella Moore Will Be in 'Maid' Finals in Lubbock

Miss Stella Moore, Terry's entry in the annual South Plains Maid of Cotton contest, will be on the Lubbock Municipal Auditorium stage Tuesday night with 34 other hopefuls.

In addition, the 19-year-old Terry representative will appear at 4:30 p.m., Sunday, on the Jack Creel show, KDUB-TV, Channel 13.

Sponsors of Miss Moore said this morning that they were urging a "good representation from Terry to be in Lubbock when the finals get under way at 7 p.m., Tuesday." As always, the event is opened free of charge to the public.

Miss Moore has been in Lubbock most of this week undergoing schooling in make-up, poise and dress.

EXES WILL REMEMBER THIS — Brownfield High School exes and students taking part in last Friday's annual homecoming probably long will remember the warm scene above. The occasion: coronation of Miss Dianna Adams, homecoming queen. Crown bearer is Lela Ann Cox, daughter of Head Coach Doug Cox. With her is Bobby E. Moore, Student Council president who placed the crown on the queen's head. On the right is Miss Adams' escort, Jerry Don Hucklebee, junior class president. In background is Miss Claudia Tuttle, senior class representative who was court princess, and William Smyrl, president of the exes. (Staff Photo)

Homecoming fans saw the Cubs take their first conference victory, 38-12, over Monahans last Friday. The Quarterback Club hosted a party for students and exes, and the coaches and their wives after the game. The Party House was full and running over as guests enjoyed snacks, served buffet-style, and dancing to records. The club members plan a similar party after our last home game with Kermit.

We made a faux pas! It seems the Juniors postponed their carnival until a later date because of all the homecoming confusion. Therefore, there was no party last Saturday.

Bible Comment:

Prejudice Is a Vicious Foe of Christianity

CHRISTIANITY is inherently opposed to every form of narrowness and bigotry. The two forms of prejudice that seem to be deepest and most persistent in the world are racial prejudice and religious prejudice.

Both are involved in the story of the conversion of Cornelius.

Cornelius, an officer in a Roman regiment, was a Gentile and a representative of the power that held Palestine in subjection. Nevertheless, he was a devout man, and he saw in a vision a messenger who told him that he should send for Simon Peter.

But Peter also needed a vision before he was prepared to receive Cornelius' messengers and to respond to his call.

While praying on top of the house, Peter fell into a trance. He saw a vision of a great sheet being let down by the four corners, in which were all manner of beasts and fowl. There came a voice, saying to him, "Rise, Peter, kill and eat," but Peter replied, "Not I, Lord; for I have never eaten anything that is common or unclean." Then came the real message of the vision: "What God hath cleansed, that call not thou common."

The coincidence was too marked even for Peter, with his strong prejudices, to miss the divine teaching and rebuke. He went to Cornelius, and he found there such evidence of the work of grace that he was ready to baptize Cornelius.

Could anything be plainer for Peter's day or for ours in the application of all this to these two prejudices that still afflict mankind? Too often these very prejudices have been bolstered, instead of rebuked, by profession of Christianity.

The real Christian lives by love and kindness and good will, by a recognition that God is no respecter of persons. Let us oppose evil as evil, wherever and in whom it is found.

Let us recognize men for the goodness that is in them, no matter what their race or color, and no matter how much their outward creed may differ from our own. This is the spirit of Christianity.

present were Mrs. Elvice Duncan and Mrs. E. J. Duncan. Mr. and Mrs. Aubrey Johnson and family of Seguin visited Mr. and Mrs. M. C. Wade Sunday night.

A bridal shower, honoring Marcia Dunn, bride-elect of Walter Brinson, was given Monday in the home of Mrs. Thurman Solsberry. The honoree's chosen colors of blue and white were carried out in decorations.

The centerpiece consisted of a bowl of water on which a blue-and-white boat filled with rice floated. Blue ribbon surrounding the bowl read "The Sea of Matrimony", with streamers reading, "Sailing Date—Nov. 22" and "Passenger List—Walter and Marcia".

The hostess gift was an electric toaster. Hostesses were Mesdames Elvice Duncan, Leroy Barrier, Martha Howard, Junior Biggs, Lavera Forbus, J. W. Young, Otis Aldridge, Charles Smith, W. Claude Merritt, J. C. Seaton, Solsberry, and Miss Wilmoth Duncan.

Pool Home Demonstration Club met last week with Mrs. Thurman Solsberry. Mrs. J. M. Trussell presided in the absence of the president. Club reports were discussed as the program.

Others present were Mesdames Dan Day, Don Day, and Fred Terry.

The next meeting will be Nov. 21 in the home of Mrs. J. W. Watson.

Laying Flocks Need At Least 13 Hours Of Good Light Every Day, Says Expert

Laying flocks need at least 13 hours of good light every day if high egg production is to be maintained. Ben Wormeli, extension poultry husbandman, says research has shown that the effect of light which enters through the hen's eye and is carried to the pituitary gland stimulates the production of the hormones which activate the egg producing process and keeps the rate of lay high.

Since the light rays to be effective must hit the eyes of the birds, Wormeli says it is important that lights be placed so the entire house is well lighted, especially over

the feeders and waterers.

He suggests that clear 60-watt bulbs set six feet above the floor and 14 feet apart be used. A clean 12 inch shallow reflector used with each bulb will help give better light distribution. The use of an automatic timing switch is also suggested for these can be easily set to take care of the changing daylight hours.

Too, Wormeli points out, that lights are needed on cloudy days. A light intensity of at least one foot candle power at the hen's eye level is recommended as the minimum requirement for lay-

ing hens.

Wormeli says that some poultrymen use both morning and evening light periods to maintain the 13 hours length day. If the hens are on the floor, he says, a 15 minute period of dimmed lights is recommended as a signal for the hens to go to the roosts.

With pullets starting their lay in late summer or early fall, it is best to wait until production slackens slightly before starting the use of lights to lengthen the day. Turn on the lights, he says, as soon as there is a slight slack in production. Waiting too long may cause a slight molt and a heavy drop in egg output.

The use of artificial lights to keep the hens on the job for 13 hours a day is a necessary

management practice for keeping egg production high throughout the year, and profits up, says Wormeli.

Al Muldrow, Clovis Kendrick, Burton Hackney, all of Brownfield, and Everett Latham of

Lubbock fished this week at Possum Kingdom.

Mr. and Mrs. B. H. Graham and children of Pauls Valley, Okla., spent the weekend with her, sister, Mrs. Al Muldrow, and family.

ONE thing about orchestra leaders and errant husbands: both have to face the music.

Definition of a farmer: man out-standing in his field.

Sled manufacturers are beginning to whistle "There's No Business Like Snow Business." Theirs

is one line where downhill trends mean an increase in sales.

A sawhorse is a seahorse you've already seen.

Bowties and neckties both have loose ends: the difference is in the dangle angle.

**THE MIGHTY CHRYSLER
FOR 1957**

Announcing the most glamorous car in a generation!

You never looked or felt as good in anything before!

Other cars have changed models . . . this one changes motoring. Look at its rich, racy lines . . . at the long, low silhouette . . . at the dramatic up-sweep of the rear fenders that plume back from the waist like the wake of a hydroplane. It's a streak of a car with the elegance of the boulevard and the spirit of the speedway.

Get into this car, drive it into traffic or out on the open highway and you enter a new domain of travel. In the 1957 Chrysler, with its new Torsion-Aire Ride, motion has a new "feel". And wait till you toe the throttle. A new Pushbutton TorqueFlite Transmission teams with a mighty airplane-type V-8 engine, developing up to 325 horsepower, to give you a new high-velocity getaway, matchless passing power when you need it.

Come in this week and visit our showrooms. See and drive the most completely new car of the year!

Torsion-Aire Ride
pours the road under you!

Try Chrysler's new Torsion-Aire Ride and you'll think some of the laws of gravity, motion and inertia have been suspended in your favor. No more rock and roll. No more pitch when you stop. Chrysler's new torque rod suspension and lower center of gravity give you a brand new ground-skimming "feel" of the road. The wheels ride the contours . . . but you don't. The road just pours under you.

It was interesting to learn from Dr. Hoey that 38 per cent of the girls in last year's graduation class were married. Based on this figure, an important subject for the girls would be FHA.

—N-V—
We also were interested to learn that Latin now is offered in our high school. The student has to take two years of it to get credit for one year. This is true of all the other foreign languages.

—N-V—
Dr. Hoey also informed the Lions that Donna Sue and William, both seniors, took tests a few weeks ago and that their grades were in the

top two per cent of all students in the United States. I think the Lions were quite proud of these three students for being so academically outstanding and yet to have the time for all their other activities.

After learning that she is active in five or six campus clubs, one Lion asked Donna Sue what kind of grades she made. She had four A's and one A-plus on her last report card!

Big, wide, bulky cars like this are typical of American design. But, to get room inside, they are too big outside for today's traffic, too wasteful of gasoline.

Small, light cars like this are typical of European design. They are economical and easy to handle in traffic, but they don't have the room most American families want.

United Nations Is Circle Study

Faith Circle of the First Methodist Church met at 9:30 a.m. Monday for Bible study at the church.

Mrs. G. S. Weber gave the program on "United Nations". The program opened with a hymn, "O Master Let Me Walk With Thee", and Mrs. D. S. Sampson read the scriptures from Luke and Mark. Mrs. Cleo Williams gave the opening prayer. A skit, "Educational Purpose Fulfilled", was given by Mrs. Weber, Mrs. T. C. Hogue, Mrs. Ida Bell Walker, Mrs. Sherman Mitchell, and Mrs. B. L. Thompson.

Following a business meeting, two members of another circle, Mrs. J. H. Carpenter and Mrs. J. B. Worsham, served coffee and cake to the above members present and to Mesdames Terrell Isbell, Ben Hill, Florrie Earl, Andrew Loyd, and W. B. Downing.

MRS. BOBBY F. ABERNATHY

Miss La Moine Lindsey Is Married To Bobby F. Abernathy Nov

In a ceremony read before an archway of white gladiolus and greenery, flanked with baskets of white gladiolus and white tapers in branched wrought iron candelabra, Miss La Moine Lindsey became the bride of Bobby F. Abernathy Nov. 10 at 7 p.m. in the First Presbyterian Church. The Rev. Curtis Jackson of Lubbock officiated at the double ring rites. Parents of the couple are Mr. and Mrs. N. A. Lindsey of Brownfield and Mr. and Mrs. G. R. Abernathy of Athens.

Mrs. Pat Ramsour, organist, played a prelude of wedding selections and the traditional wedding marches. She also accompanied Walter T. Davis of Dallas, brother-in-law of the bride, as he sang "Because of You" and "The Lord's Prayer".

Candlelighters were Misses Paulette Murry of Brownfield and Henriette Moore of Plainview. They wore matching blue taffeta frocks fashioned with full skirts and fitted bodices featuring cowl necklines tied with large bows in the back, and wristlets of white carnations.

by her father, wore a gown of white chiffon taffeta, French calais, and net. The fitted bodice was designed with a queen's collar and long fitted sleeves terminating in points over the

Mrs. Joe Collum Speaks To Delphian Study Club on Special Education

The Delphia Study Club met Wednesday, Nov. 7, at 4 p.m. at the Seleta Jane Brownfield clubhouse. The hostesses, Mesdames W. P. Norris and Alvin Hallbauer, greeted guests and members, and served orange-iced doughnuts and coffee from the dining table. A floral centerpiece of gold chrysanthemums was used on a white cloth, with bright green napkins for contrast.

Mrs. K. D. Snedeker presided over the business meeting in the absence of the president. Acknowledgement was made of the personal gifts bought for women at the mental hospital at Wichita Falls.

Following the business meeting, Mrs. Snedeker introduced the program chairman, Mrs. Will C. Brown. The subject for the day was "Mental Health,

and Mrs. Brown introduced the speaker, Mrs. Joe Collum. Mrs. Collum is on the faculty at West Ward school, and with her enthusiasm and earnest endeavor, is making a great deal of progress with her special educational class.

Mrs. Collum gave an outline of the purposes and aims of the special classes our schools provide, and the progress that has been made thus far. Following her speech, several members had questions to ask concerning this program.

Members present were Mesdames Norris, Hallbauer, Snedeker, Brown, Tim Faulkenberry, George Steele, Paul M. Ward, E. E. Preston, Claud Buchanan, Crede Gore, K. B. Sadler, D. A. Lowe, and W. T. Pickett. Guests attending were Mesdames Andy Bonner,

Junior High Parents Urged To Contribute

Monday is the final day for parents of Junior High School students to send their contributions to the school for the "stay at home and send a dollar" fund raising project of the school PTA.

Mrs. Phil Gaasch, chairman, said that notices were sent out this week and that parents are requested to send their money to school with their children no later than Monday.

Calvary Circles In Bible Study

The Doris Jackson, Ruby Wheat, Helen Tisdale, and Darlene Sears circles of the Calvary Baptist Church met at the church Monday for a business meeting and Bible study.

A song, "The Light of the World", was sung by the group and Mrs. J. B. Marsh read the calendar of prayer for the missionaries and led the prayer.

Mrs. A. W. Stowe read from the gospel of Luke 14:23 before speaking on "Ringing Door Bells, the Art of Visiting".

Chairmen gave reports, and the meeting was closed with a prayer by Mrs. Lynn Smith.

Those present were Mesdames Geneva Graves, Tommy Shipman, Alton Garner, Stowe, Lovella Todd, Earl George, H. C. Daugherty, L. T. Redding, Mary Howell, Bryon Cabbiness, Norris Phillips, Smith, Bill Lindsey, Ed Morton, Ralph Murry, and Oscar Decker.

AAUW Group Hears Lubbock Women

"How Do I Rate as a Citizen?" was the subject of study when the American Association of University Women, Brownfield chapter, met at 7:30 p.m. Nov. 8 at Seleta Jane Brownfield clubhouse.

Mrs. Pat Moore, a Lubbock attorney; and Mrs. May Hale and Mrs. Roberta Davis, members of the Lubbock League of Women Voters, conducted a panel discussion of the subject. Program chairmen were Mrs. Will Fitzgerald, Mrs. T. C. Williams, and Mrs. E. D. Franks.

Hostesses for the meeting were Mrs. R. N. McClain, Mrs. Percy Spencer, and Mrs. Joe Collum. The serving table was decorated with yellow and ruby chrysanthemums and a copper coffee service. Individual cake squares were served with the coffee to approximately 15 members.

Rainbow Girls At Friendship Night

Several members of the Brownfield assembly of Rainbow Girls attended a friendship night and salad supper given by Assembly No. 164 at Slaton Monday night.

Initiation was held by the Slaton chapter and guests filled vacancies. From Brownfield, Gail Cottrell filled the Charity station, and Valdean Garner filled chaplain's station.

Rainbows who attended were Juana Jay Barret, Gail Cottrell, Valdean Garner, Jeanie Criswell, Sharon McCarter, Carolyn Rankin, Beverly Norris, and Donna Sue Nelson, who is Grand Representative from Illinois to Texas.

Adults attending were Mr. and Mrs. Claud Buchanan, Mrs. Jay Barret, Mrs. Inez Lucas, and Mrs. Ione Turner, who is Mother Advisor for the Brownfield Assembly.

MISS MARCIA DUNN
Miss Dunn Will Marry Nov. 22

Mr. and Mrs. H. H. Dunn of Route 1, Meadow, announce the engagement and forthcoming marriage of their daughter, Marcia, to Walter Brinson, son of Mr. and Mrs. L. T. Brinson, of 1016 North Fourth, Brownfield.

Double ring vows will be read by Rev. Alton West, pastor of the Pool Union Church, at 3 p.m. Nov. 22 in the home of the bride-elect's parents.

Miss Linda Hendricks of Meadow will be maid of honor, and Theo Brinson of Brownfield will attend his brother as best man.

The couple will live in Brownfield, where Miss Dunn is employed with the First National Bank and her fiancé is employed with Merritt's Grocery.

Maids & Matrons On Italian Tour

Members of Maids and Matrons Study Club went to Lubbock Tuesday for the Italian tour, which is sponsored by the Texas Tech Museum. The group lunched at the new "Spur" restaurant before making the tour.

Members attending were Mesdames W. A. Bell, A. W. Butler, John C. Clark, E. C. Davis, Leo Holmes, Otis Lerner, J. L. Randal, A. A. Sawyer, Percy Spencer, J. M. Telford, W. R. Tilson, Frank Wier, R. L. Bowers, F. M. Ellington, Joe McGowan, W. B. Downing, Tom May, J. B. Knight, and Jess Smith. Mrs. Rebecca Ballard joined the group for lunch, as did Mrs. E. M. Platz of Lubbock.

Thursday Players Met With Mrs. Phil Gaasch

Mrs. Phil Gaasch was hostess to her Thursday afternoon bridge club Nov. 8, with a luncheon.

Mrs. James Murchough scored high and Mrs. Sam Teague was low player. Mrs. Ed Wilder binged.

A spaghetti meal was served to the above and to Mesdames Tommy Hicks, Loyd Hahn, Grady Goodpasture, J. C. Powell, and Dip Pemberton.

hands. Her waltz length skirt of tucked chiffon taffeta featured a diamond-like band of calais and was worn over hoops and bouffant lace to emphasize its fullness.

The bride's fingertip length veil of imported silk illusion was caught to a jeweled satin and lace tiara forming a point over the forehead. She carried a cascade bouquet of white roses, centered with a white orchid, and showered with maline and white satin streamers. For something old, she carried a lace handkerchief belonging to her mother, something new was her wedding ensemble, something borrowed was a strand of pearls belonging to Mrs. Keyes, and something blue was a garter, a gift from Mrs. Kenneth Purtell.

Dale George of Brownfield, brother-in-law of the bride, was best man, and Doug Tankersley of Brownfield was groomsman. Ushers were Ralph Dillidine of Brownfield and Joe Hood of Lubbock.

Reception in Parlor

At a reception which was held in the church parlor, the couple were assisted in receiving by their parents and their attendants.

The table was laid with a white linen cloth and featured a three-tiered wedding cake topped with a miniature bridal couple. Encircling the cake were white roses, and white tapers in crystal holders tied with white ribbons flanked the arrangements.

Included in the houseparty were Mesdames Jimmy Billings, Kenneth Purtell, Eulice Farrar, Dale George, Walter Davis, Dean Murphy, and Curtis Sterling. Mrs. Billings registered guests from Dallas, Post, Lubbock, Plainview, and Hale Center, in a white satin and lace bride's book, detailed with blue satin rosebuds.

For a wedding trip to Las Vegas, Nev., the bride chose a black and white tweed suit trimmed in black velvet, black accessories, and a white orchid corsage. The couple will be at home after Dec. 2 at 2020 5th Street, Lubbock.

The bride is a graduate of Brownfield High School and for the past four years, has been employed with Anderson Studio in Dallas. The bridegroom is a graduate of Athens High School and received his B. S. degree in petroleum engineering from the University of Texas. He is now employed with Standolind Oil and Gas company in Lubbock.

First Baptist W.M.U. Will Meet Jointly

All circles of the First Baptist Church Women's Missionary Union will meet at the church at 4 p.m. Monday, Nov. 9, for a Royal Service program. Members are urged to attend.

Ground Observer Post To Be Organized Here

A ground observer post will be organized in Brownfield Thursday (tonight) at 7 p.m. in The Party House.

Sgt. Ray Haddaway, liaison with the regular Air Force, will be here to organize the post. All persons, age 15 years and up, are urged to participate in this movement.

Wellman PTA To Have Pancake Supper Tonight

Wellman High School PTA will hold a pancake supper at 7 p.m. Thursday, (tonight) at the school.

The public is invited to attend. All the pancakes and bacon you can eat will be served for 50 cents.

Plains Services Are Held for J. H. Jost

PLAINS (Special) — Services were held here Sunday for J. H. Jost, 68-year-old resident who died Saturday as the result of a car-truck collision.

Rites were in Plains Baptist Church, with the Rev. C. J. Coffman, pastor, officiating. Burial was in Plains Cemetery, with Brownfield Funeral Home directing.

Jost, who had lived here for 22 years, apparently suffered a fatal heart attack after his car was in collision with a cattle truck.

Survivors are his wife; one niece, Mrs. S. L. Laxson of Carlsbad, N.M., and two nephews, Arthur Dechamp of Los Angeles, and William Dechamp of West Lynn, Mass.

He was a building contractor, and was driving to the site of the Plains water tower where his crew was engaged in repair work when he died.

Pallbearers were Johnny R. Robinson, G. W. Cleveland Jr., Henry Williams, John Anderson, George Rose and Harold Watson.

Honorary pallbearers were E. Emory Longbrake, Walter McClellan, Buford Kirby, Judge Beane, S. L. Tingle and Amos Smith.

... Down Wellman Way ...

Hi! Hooray! Hooray! The Blacks won the Powder Bowl football game Friday by a score of 9-6. They had excellent cheerleaders and majorettes for the Blacks and Golds. The Blacks cheerleaders were Donnie Pinson and Ldean Hughlett and their majorettes were Buddy Hawkins and James Duncan. The Golds cheerleaders were Bill Adams and Kenneth Taylor. Their majorettes were Carroll Parker and Alton Car-

Michael. Martha Goza, a Black player, made two touchdowns, but they were called back because of holding. Two points were made by Diana Graham and she also scored a touchdown; Bertha Smith made the extra point. Sabra Welcher made the Gold's touchdown.

You Junior High parents only have until Monday to return the "stay at home and send a dollar" notices, plus your dollars, to the school for the PTA project. As I told you last week, this is the finance committee's way of raising money for the organization painlessly. So be sure to get those dollars in no later than Monday.

Mae (Mrs. Earl) Jones called Wednesday morning to tell me that the Terry County Tuberculosis association will be sending out their Christmas seals this week. As you may or may not know, the funds raised last year fell far short of what was spent, making it necessary for our chapter to call upon state aid to care for our tuberculosis patients' care. When you receive your seals through the mail this week, please send your donation back promptly, and don't fail to use those seals on all your correspondence. In case you should not receive the seals, contact Mae or M. J. Craig, Jr., who is president, or Bobby Jones, who is treasurer of the association.

Perhaps you read in last Saturday's issue of our area daily paper an AP release concerning the refugees from Soviet-oppressed Hungary who have been flowing into Austria for the past week or so. In this release, our president ordered admittance of 5000 of these refugees to the United States. President Eisenhower has appealed to all Americans who "are willing to grant assurances of employment, housing or financial assistance to write or wire immediately to Mr. Pierce J. Gerity, deputy administrator of the Refugee Relief Act, Washington, D. C."

The 5000 will come to the U. S. under the Refugee Relief Act, which expires Dec. 31, but authorities have made it plain that security and job requirements would be waived when necessary in order to make sure that all who want and need visas for entry into the U. S. will get them before the act expires. If you are interested in doing your part for the Hungarian refugees, please use the address given above for getting more information concerning them.

Sure sorry to hear that

Mrs. Gillham Is Hostess to ESA

Kappa Zeta Chapter of Epsilon Alpha held a business meeting in the Melody Restaurant Dining Room, Monday, Nov. 12, at 7:30 p.m. with Frances Gillham as hostess.

The chapter is supporting three welfare projects this year. Texas State Welfare Program is purchasing self-help devices for patients left crippled by polio. The district project is aid to the mentally retarded children's school for this area, which is located in Lubbock. However, the majority of the earnings of the chapter will be spent locally to aid a needy family in Brownfield. The family was selected, a widow with six children. Members voted to bring food and clothing to the next meeting. A turkey will be purchased by the chapter for Thanksgiving. Toys, clothing and food along with other necessities during Christmas will be given to the family.

Evelyn Hopkins, treasurer and Ways and Means chairman, announced that to earn money to support these welfare programs, the Kappa Zeta Chapter is giving away an Admiral T. V. set which is on display at Griggs and Goble Furniture, where the drawing for the door prize will be held on Dec. 22. Tickets are now on sale for \$1.00.

Jewel Pin ceremony was set for December 14 at the Brownfield Country Club, with Merle Kemper, vice-president and rush chairman, in charge.

Announcement was made that Fern Niles had been appointed Texas Assistant Home Board Member, by the state ESA President, marjorie Irby of Fort Worth, Texas.

Plans were made for the District 9 workshop to be held in Brownfield on January 27, with the Kappa Zeta Chapter as hostess.

Attend Funeral Rites For Knox City Man

Mr. and Mrs. Cecil George and Mrs. J. H. Howell, all of Brownfield, attended funeral services Tuesday at Knox City for Robert Benjamin Howell, 43, Knox City rancher and business man who died Monday of hemophilia.

Survivors include his wife, three young daughters, his mother, and three sisters. Mrs. J. H. Howell is a niece by marriage of the deceased.

Lann Skains Honored On Birthday Today

Lann Skains was honored on his first birthday with a party given by his mother, Mrs. Thurman Skains, today.

A pink and white striped cloth was used on the serving table, and muffins, birthday cake, and strawberry ice cream were served. The birthday cake was made in the shape of the numeral one. Serving as a background, a clothesline was hung with diapers, lettered "Happy Birthday" and children's bibs, which were given as favors.

Guests included Sharla Kay Knorr, Dusty Holleman, Paul Neal, Randy Rogers, Rodney Watson, Quinn Skains, and the honoree.

Mrs. Hudspeth Is Randal PTA Leader

Mrs. Norene Hudspeth was sub-group leader when Randal PTA met Nov. 12 at the school for a study discussion on "Understanding of Self and Others."

In discussing the subject, Mrs. Hudspeth said, "Children are products not only of genes and chromosomes of their parents, but also of environment. Parents' behaviour gives to the child his most lasting impressions; therefore, if we can understand ourselves, we can understand our children's behaviour."

A personality study skit was presented by Mrs. W. B. Nance, as the mother of a teen age daughter; Jimmy Sue Shewmake, the daughter; Mrs. H. E. Sherrin as a neighbor; Dixon Latham, brother of the daughter; Forrest Kuykendall, a friend of the daughter; Miss Lutie Morgan, the girl's aunt; Miss Marie Garcey her teacher; and Mrs. E. B. McCarley, a neighbor.

Following the skit, the members divided into three buzz groups to discuss the skit, and later reported on their discussions.

Refreshments were served to 44 members present.

Richard Ridgeway Is Winner Of Scholarship

Richard Ridgeway, senior agronomy major at Texas Tech, has been named co-winner of one of the 23 scholarships announced at a pig roast Tuesday night on the college campus.

Richard was winner of the Fribourg Scholarship for \$500.

Roundtable Is Slated Tuesday

Issues facing West Texas today such as the water shortage and the "flight" of top soil, tentatively are scheduled for full analysis when the Adult Education Council holds its first roundtable talks on Tuesday.

The council, which has been organized in cooperation with the Adult Education Department of Texas Tech, currently is urging all interested citizens to take part in the discussions.

Scene will be in Brownfield High School library. Time: 7:30 p.m.

To emphasize the importance of the Tuesday session, the council has sent out numerous questionnaires to a representative cross-section of the county. In this way, it hopes to determine which problems seem to be of greatest interest.

HI!
FROM
JR, HI

By LATRICE TEAGUE and GAYLE SMITH

The Junior High band was very honored and happy to be able to march with the high school at the homecoming game. We think they all did a fine job.

Junior high was dismissed from seventh and eighth period classes Friday to see two plays given by first and fifth period speech classes, under the direction of Mrs. Wilson. The first play was "The Mystery of the Locket Room", which was a real thriller, and the second one was a comedy called "One Happy Family". Both the plays and the casts were good. We're looking forward to some more.

The P. E. girls are outside now playing baseball and volleyball because the boys need the gym to practice basketball. We are expecting many good games and victories this year.

Toni Lowe seems to have been having quite a bit of bad luck lately. First, a car door slammed on her fingers, and Tuesday she tripped and hit her head on a brick wall and had to have ten stitches taken in it. We sure hope you get well and back to school soon, Toni.

We'll see you next week.

Big Bingo Party Scheduled Friday Night

A second big bingo party has been scheduled for 8 p.m. Friday, in Veterans Hall.

Sponsors are members of Brownfield Post 6794, Veterans of Foreign Wars.

"Free refreshments of coffee, doughnuts and soft drinks will be served," said Herschel McKay, post commander.

"We urge you especially to bring the children. We also urge you to support the Cubs. However, if you don't go to Andrews for the game, why not join us for a lot of fun," said the commander.

Handsome prizes have been set aside for winners in the 10 games and in the special games, said McKay.

Colonial Heights PTA Met Thursday

"Understanding of Self and Others" was the topic of study when Colonial Heights PTA met Nov. 8 at 7:30 p.m. in the school cafeteria.

Mrs. Curtis Sterling, president, conducted the business meeting, at which reports were made and approved. The group also approved a recommendation that the PTA have the Christmas party as planned. Approval was also given to continue having the regular meetings at the scheduled times and dates.

Mrs. Rucker's room won the room count, with Miss Crouch's and Mrs. Geron's rooms placing second and third, respectively.

Principal Bryan Jones was sub-group leader for the topic of study. The program consisted

Terry Man Treated After Car Mishap

A Route 4 man suffered minor injuries Saturday night when his car was in collision with a cotton trailer about 2 miles west of Brownfield.

He was Wayne Scott, 20, who was treated and released from Treadaway-Daniell Hospital.

The car in which Scott was riding alone struck a loaded cotton trailer owned by Mose Garcia, also of Brownfield. Investigating highway patrolman said that trailer was left parked partly on the pavement when its owner went into town to have a flat tire repaired.

Wellman Future Homemakers Meet To Choose Club Sweetheart For Year

The Wellman Future Homemakers met November 7, at 3:00 p.m. in the homemaking department. Janelle Hulise presided over the business meeting. Plans were made for the election of an F. H. A. sweetheart. A committee of three girls was appointed to present a list of qualifications for sweetheart at the next meeting.

The chapter mothers, Mrs. Ingram, Mrs. Loe, Mrs. Hulise, Mrs. Hill, and Mrs. Adair had

their pictures made for the annual also Wednesday afternoon. Mrs. Adair, Mrs. Hill, and Mrs. Hulise stayed for the business meeting.

Martha Goza's father is sick in bed with a slight case of bronchial pneumonia. We all wish him a speedy recovery. Martha's brother, Charles, was home over the weekend.

Ann Baker is back in school after a week's illness. Clara Bolen has also been out of school for a week.

What puts the Mark of Tomorrow in the new kind of FORD?

Here's what puts the Mark of Tomorrow in the new kind of Ford!

It's the sculptured look. You'll see it the moment you let your eyes wander over this fine car. In a '57 Ford you belong . . . anywhere. It's the long, lean lines. There's a greyhound grace to the new Ford. No useless "fat," no showy "padding." Ford is as trim as a jet fighter. It's the hardtop styling. Fairlane sedans have the hardtop look of Victrolas! Superthin center pillars are smartly concealed to give hardtop beauty when doors are closed.

It's the freedom of choice. Colors? Fabrics? Accessories? Far more! Ford gives you a choice of two new, bigger sizes . . . longer, lower, roomier!

It's the ride that stays gentle. With a new frame that rides sweeter and lower, new springs, new suspension all around, even the roughest roads can't ruffle the poise of the new Ford.

It's the Thunderbird power. Ford celebrates its Silver Anniversary of V-8 leadership with the biggest selection of V-8's in Ford history.* In addition to all this Thunderbird GO, there's a new and more powerful Mileage Maker Six.

Just looking at this Fairlane Club Sedan is a special kind of fun!

It's the record-breaking performance. On the Salt Flats at Bonneville, Utah, a '57 Ford traveled 50,000 miles in less than 20 days . . . an average speed of 108.16 mph, including all pit stops! Another Ford averaged over 107 mph. Altogether, 458 national and international performance records were smashed as Ford rewrote the record book.

It's the big dollar value that lasts and lasts. Styled for tomorrow, a new Ford keeps its value longer. And wonder of wonders, all this extra strength, extra beauty, extra length is yours at low Ford prices!

*Included is a special 270-hp Thunderbird 312 Super V-8 engine available at extra cost. Also, an extra-high-performance Thunderbird 312 Super V-8 delivering up to 285 hp.

Freeze Plays Havoc With Farm Machinery Unless Winterized

A hard freeze can play havoc with auxiliary motors, tractor engines and sprayers unless they have been properly winterized, says W. L. Ulich, extension agricultural engineer. Auxiliary motors should be cleaned; the crankcase drained and refilled with new oil and the motor run for a few minutes to coat all surfaces with oil. The radiator should be drained and flushed with a reliable radiator cleaner and then flushed again with clear water. Remove the spark plugs. Give them a good cleaning and adjust and oil before replacing them, says Ulich. The upper cylinder walls should be lubricated while the plugs are out. Drain the fuel tank and allow to air dry. Cover the end of the exhaust and breather pipes to prevent moisture from entering the motor. Clean and charge the battery and store it where it will not freeze.

To winterize spray equipment, the engineer advises flushing the entire system. All drain plugs should be removed and the pump operated for a remove and place all valve while the pump is running to release any trapped water and remove and place all valve balls in oil. Drain the oil from the pump and flush with kerosene; refill the pump with new oil. Grease and turn shafts to distribute the grease on shafts and bearings and hang hose so all water drains out. Give all machinery a good cleaning; pack bearings to seal out moisture; remove belts and canvases and store in a dry, rodent-proof container and apply a rust inhibitor to all polished surfaces such as plow moldboards and sieves. While this job is being done, Ulich suggests a close inspection of all machinery for broken, bent or worn parts. Repairs or replacements can be made during the winter. Winterizing farm machinery and equipment can save valuable time and money in addition to adding years to the serviceable life of the equipment, says Ulich. Too, the present cost-price squeeze is such that farmers just cannot afford losses which can be prevented.

Saturday Services Are Held for Bosque Baby

Services were held Saturday for Oscar Bosque, 5-month-old son of Mr. and Mrs. Jessie Bosque of Route 5, who was dead on arrival Friday at Methodist Hospital in Lubbock. Rites were held in St. Anne's Catholic Church, and burial was in Brownfield Cemetery, under the direction of Brownfield Funeral Home. Hospital officials said death was due to natural causes.

Habeas Corpus literally means, "you may have the body."

The following persons were to return today from Houston, where they represented Terry County Farm Bureau at the 23rd annual state convention of Texas Farm Bureau:

Mr. and Mrs. J. T. Fulford, Mr. and Mrs. Robert E. Smith, Mr. and Mrs. James A. Foy, Mr. and Mrs. Hubert Henson, Mr. and Mrs. Clois Sharp, Mr. and Mrs. Winfred Tucker, Alton Loe, Jack Mason and Kellon Miller.

"A man must have a certain amount of intelligent ignorance to get anywhere."—Charles F. Kettering on his 70th birthday.

His football predictions may be offbeat, but H. L. (Hub) King correctly predicted that Miss Joann Vaughn of Tullia would be judged this year's Texas Farm Bureau queen.

She was. The Tullia beauty was elected Monday night at Houston, where some 1,600 persons attended TFB's annual state convention, which was ended Wednesday night.

King had told an audience Sept. 13 in Lubbock that Miss Vaughn, elected on that occasion as queen of District 2, would win the state title.

Queen of the Texas Farm Bureau last year also represented District 2. She was Miss Myrna Thompson of Dimmitt. Named alternately Monday night was Miss Ida Pearl Mason of Wilson, who only last week was named sweetheart here of Brownfield District, Future Farmers of America.

A book agent came to sell

one of the combination farmer-merchant-bankers of southeast Arkansas a set of books on scientific agriculture. The old man thumbed through them.

"Nope, I don't want to buy them."

"You ought to buy them, sir. If you had these books you could farm twice as good as you do now."

"Heck, son," he replied, "I don't farm half as good as I know how now."

Regulations and acreage allowances for 1957 are expected to be announced soon. South Plains growers are hopeful of a slight increase in acreage over the 1956 cotton plantings. Unofficial reports say the Texas acreage reserve has been knocked down from the announced 6 and 3/4 per cent to approximately 6 per cent.

Information out of Washington reports that a county breakdown of the 1957 Texas cotton acreage allotments is in the hands of U. S. Agriculture Department officials.

"Beauty as we feel it is something indescribable; what it is or what it means can never be said."—George Santayana.

Increased cotton production, mainly in West Texas, has hiked the latest crop forecast for the state about 140,000 bales. USDA announced early last week that the new crop estimate is 3,600,000 bales.

The latest tally compares with production in Texas last year of 4,039,000 bales. The 10-year average is about 3,510,000 bales.

While the state crop estimate jumped, the national outlook dropped. It fell about 115,000 bales, down to 13,153,000. The fall-off represents about a 1 per cent decrease.

Farm-City Week Is Nov. 16-22; Urban Rural Unity Goal

"When we all get together" seems to be a new theme among both rural and urban people from the foothills of the Rockies to sea coasts of New England.

This search for unity of purpose and understanding between the two economic factions began last year with the declaration of Farm-City Week.

Purpose of the week is to bring about a better understanding between urban and rural people, while at the same time, stimulating year-round programs fostering closer cooperation between farm and city folks.

Kiwanis International made the kick-off last year when they introduced the program with great success. Some 400 national and regional organizations

will join other cotton producers in the nation in a referendum whether to accept marketing quotas for the 1957 crop. Regardless of whether quotas are approved, 1957 acreage allotments will remain in effect as a condition of eligibility for price support.

"Nearly every man in the city wants a farm until he gets it."—H. D. Thoreau.

participated through their various local branches, while more than 250,000 people were actually involved in carrying on the activities.

This year the Extension Subcommittee of the National Committee on Boys and Girls 4-H Club work encouraged the cooperation of the state and local 4-H club organizations in the program. Many plans have already been made by Texas 4-H'ers to aid the work.

Tours of farm and city in both urban, rural and mixed groups promise to help in the understanding of each group. Cooperative exchanges of young people and adults in which farm folks spend a day in the city, and city folks, a day in the country, have been planned.

Civic meetings, social events, demonstrations, church services, school programs, exhibits, newspaper columns, radio and TV will all play active roles in the emphasis of Farm-City Week.

Everyone is getting into the act, as different groups in most of the 48 states plan their activities. The Farm-City Interdependence theme will prevail at all programs, as rural and

urban people shake hands in a week of understanding.

New Task-Force 57 Chevrolet Trucks!

They "flattened" Yukon mountains
with the most modern truck V8's of all!

Rated G.V.W. of these payload-carrying heavyweights goes all the way up to 32,000 pounds!

New V8-powered '57 Chevrolet trucks, heavily loaded, made one of the world's toughest roads look easy! In a straight-through test run, they rolled over the famous ALCAN Highway to Alaska—in less than 45 hours (normally a 72-hour run). Here's proof-in-action of power that'll handle your toughest jobs—and keep coming back for more!

Whatever your job, there's an Alcan-proved Chevrolet Task-Force truck ready right now to save you time and money!

Six new Task-Force huskies made the run. And six ultra-modern Chevy engines proved their power and performance—with gas mileage up to 18.17 miles per gallon! Two of the engines were not stopped once, and they hummed along at peak efficiency the entire 1,520 miles!

Chevy's big V8's—including the new 283-cu.-in. Super Taskmaster—turned in top performance jobs. They hauled typical loads up and down towering grades and through washouts that sucked wheels into hub-deep mud. They roared on through miles of heavy dust that narrowed visibility to a few hundred feet. And in spite of the varying altitudes and temperatures, not a single truck was forced to drop out or turn back! Stop by and see them soon!

ed. This means that the governor could call for an election in December—or he could designate a January or February date.

Whatever course Daniel pursues, Shivers undoubtedly will have a chance to appoint a temporary replacement. First, because Shivers is not likely to call for a December election. Second, if Daniel submits a new resignation before Jan. 3, effective immediately, Shivers automatically can name a successor on Jan. 3. And third, if Daniel sticks to the Jan. 15 date, Shivers will have from 12:01 a.m. on the 15th until Daniel is inaugurated at 12 noon, to name a successor.

Drought Authority Given — Gov. Shivers has been authorized to designate Texas farmers eligible for reduced railroad rates.

Secy. of Agri. Ezra Benson asked the governors of seven drought stricken states to indicate persons qualifying for this aid.

Railroads have offered free return transportation for cattle shipped from dry areas to western grazing areas. Designated persons also can receive a 50 per cent reduction in rates on hay shipped from western states to drought regions.

Farm Income Up — Improved methods have kept Texas' overall farm income up, despite drought setbacks.

Cash income for January through September totaled \$1,108,000,000, an increase of \$13,000,000 from last year, reports the University of Texas Bureau of Business Research.

Average for the dry years of 1951-55 was six per cent above 1947-49.

Irrigation, conservation and improved crop varieties are credited for the increase. Some

T. SGT. EUGENE ROSS

Local Marine With Pistol-Rifle Team

CAMP LEJEUNE, N. C. — Marine T. Sgt. Eugene F. Ross received a letter of appreciation from his commanding officer Oct. 22 for being a member of the military police small bore pistol and rifle team which placed third in base competition here.

He is the son of Mrs. Lessie Ross of 1208 East Buckley, Brownfield, Tex., and the husband of the former Miss Adele C. Belcher of Chicago.

Ross, who serves as marksmanship instructor for military policemen, reported to Camp Lejeune in July, after serving with the 3rd Marine Division in Japan.

He attended Seymour High School, before entering the service in November 1945.

\$84,000,000 did not include a Texas Highway Department contract letting. This means the November figure, with two months of road contracts, likely will be large.

Bond Election Upheld — State Supreme Court has upheld and clarified a new law for unlimited issuance of bonds by school districts.

Validity of some \$75,000,000 in school bonds was affected by a test case from Hamilton County.

Voting in bond election is limited by the Constitution to property-tax payers. An act for school bond elections passed by the last legislature further restricted voting to those who had rendered on the county tax roll.

High court ruling removed this restriction, but upheld constitutionality of the rest of the law.

Short Snorts — Nov. 29 has been proclaimed as Texas' Thanksgiving Day by Gov. Shivers. This is in accordance with legislative action setting the last Thursday in November as the state's official holiday.

Federally, Nov. 22 will be observed. Construction of a \$30,000,000 federal dam and reservoir at San Angelo has been approved conditionally by the State Water Board. Law requires recommendation by the governor also before the project can be undertaken by the Department of Interior.

U. S. Dept. of Agriculture has upped its estimate of Texas 1956 cotton crop to 3,600,000 bales, a 140,000-bale increase over last month's production. But the new total is still under last year's crop of 4,039,000 bales.

Dollar value of Texas farm and ranch land increased one per cent during the past year, compared to a three per cent gain for the nation. Average acre value of Texas rural land was estimated by USDA at \$63.13.

Agricultural Research in Texas Summarized in New Pamphlet

Results of systematic agricultural research in Texas during the past 68 years are summarized in a pamphlet issued by the Texas Agricultural Experiment Station entitled "Agricultural Research in Texas Since 1888".

Representatives of the then existing Texas agricultural organizations helped select the first seven experimental projects undertaken shortly after the Station was created in 1888.

From these original seven studies, investigations underway have expanded by 1956 into about 375 formal research projects and a number of short-time exploratory tests, all grouped into 25 research programs.

Research results are summarized in three main sections. The first shows accomplishments under the seven original projects; the second covers the period from 1888 to 1924; and the third and longest section gives the main contributions to agricultural knowledge by the Station during the 1950's.

Scientific research, the pamphlet points out, "has led again and again to larger yields of higher quality crops from the same acreages, to more efficient meat animals, to the control of insects and of plant and animal diseases and parasites, and to great

reductions in labor and time costs of farm and ranch operation and of the manufacturing and distributing processes which use agricultural products."

Major fields in which research is planned during the near future are enumerated in the concluding section.

dollar has been welcomed with induced by hearts bleeding for the poor peoples of the world—they are made in the hope of making a profit. So far that hope is being realized — last year they earned a record \$2.8 billion, almost 15 percent on their direct foreign investments. This compares with 12.6 percent on their investments in this country.

Now, of course, there has been some slight grumbling in some of these countries where American industries have built plants, the usual charge of Yankee imperialism, but for the most part the American erials and supplies is purchased within these countries, thus helping to further increase employment and payrolls.

Then, also, in addition to creating employment, American investments provide vital foreign exchange to these dollar-hungry nations. Many of them sell in the U. S., the goods produced with these funds. In 1955, for instance, nearly 25 percent of this nation's \$11.5 billion in imports was for things produced in foreign plants built by American capital.

Of course, there are hazards connected with investments abroad which do not pertain to investments here at home. Chief of these are: threat of expropriation, unstable governments, currency problems, export-import restrictions and shortage of skilled labor. Stanley C. Allen, president of National Cash Register, feels that these are hurdles that can be jumped as he observes: "Doing business overseas is largely a matter of learning to live with complexities and to roll with the punches. . . . The rewards—if you succeed—are worth the effort, many times over."

To repeat, in summing up: Investments of American dollars for profit in foreign countries is of enduring help to those nations and makes friends of them. Give-away of American tax-money to foreign countries, it has been demonstrated, gives only temporary relief and does

From where I sit... by Joe Marsh

There'll Always Be An "Expert"

Drove out to see how they're getting along with the new super-highway (that's going to pass through town.

While I was there a fussy little guy—a spectator, like me—came up to the foreman on the job and started making all sorts of suggestions: "Shouldn't it go a little farther left there?... Why don't you bank the curves more?... Those ditches are awful close... and so, on and on.

The foreman took it as long as he could, then asked politely, "How does she look for length?"

From where I sit, free advice is called "frep" because it's usually not worth much. That little fellow was typical of the kind of "expert" who can't resist getting in digs—about how you work, what you wear, why you happen to prefer a glass of beer with your supper. People like that don't mean to be troublemakers... but the road to real intolerance is paved with their good intentions.

LITTLE BETTER THAN NONE

Hints on Winter Pasture Management

Recent rains in many areas of the state have been sufficient to germinate and start growth of dry planted winter pastures. Too, says E. M. Trew, extension pasture specialist, plantings can still be made but late plantings mean less grazing. However, he adds, a little grazing is much better than none.

Management practices followed will determine to a large degree the amount of grazing which winter pastures will provide, points out Trew. Small grains and annual clovers should not be grazed until the plants have developed root systems sufficient to keep them from being pulled up by grazing animals.

Upright type plants such as Alamo oats and Goliad barley should be 8 inches high before being grazed. The prostrate types such as Mustangs should be from 4-6 inches high before they are grazed.

First year plantings of brome, orchard, fescue or perennial rye unless irrigated or on very fertile soil should not be grazed. The first season's growth of these perennials may be taken as hay in order to give the plants an opportunity to become established.

When winter pastures are ready for grazing, Trew says to graze the plants down fast and evenly then move the stock to another pasture . . . rotate the grazing for maximum forage production. Stock on winter pastures should continue to get dry hay. The dry feed will help control bloat.

Fertilizing is a very important part of management. After grazing down the plants, Trew recommends a top dressing of 30 to 40 pounds of nitrogen an acre if moisture conditions are good. This practice usually pays big dividends in increased growth and Trew reports that some stockmen topdress their pastures twice.

Ability To Gain Or To Lose Weight Is Said To Be Known

Federal-State research over the years has shown that the ability of some animals to put on or maintain body weight on less feed than is required by other animals of their breed is an inheritable quality.

These findings, say L. A. Maddox, Jr., extension animal husbandman, point to possibilities for increasing profit in livestock production by breeding animals that use feed more efficiently than present day commercial types.

In beef cattle, for instance, research by the U. S. Department of Agriculture at Beltsville, Maryland, and Miles City, Montana, has established the fact that rate of gain is a highly inheritable trait. In lines selected especially for ability to produce meat efficiently, steers put on 2½ pounds a day on the same feed that give a gain of only 2 pounds in standard commercial strains.

And these animals reach market finish with standard weight and carcass quality. Some unusual animals in test lots gain as much as 3 pounds a day, and research workers are sure that they can get these gains in the type and kind of beef cattle that breeders and markets prefer.

USDA Announces '57 State Cotton Acreage Allotment

The U. S. Department of Agriculture has announced the 1957 state acreage allotments for upland cotton; the national allotment for extra long staple cotton, Dec. 11 is the date for a referendum on marketing quotas for the 1957 cotton crop. The total allotments available for distribution in the states were set by the USDA at 17,583,463 acres. The total allotment for Texas was set at 7,547,503, acres which includes

10,974 acres as Texas' share of the national reserve. The Agricultural Act of 1956 provides that a national acreage reserve of 100,000 acres be apportioned among States on the basis of the estimated needs of each State for additional acreage to establish minimum farm allotments under the act. The marketing quota for the 1957 crop upland cotton was announced on August 31 as 11-

014,493 bales of 500 pounds gross weight. The marketing quota for extra long staple cotton, just announced, is 76,566 bales, and the national acreage allotment was set at 89,357 acres for the 1957 crop.

At least two-thirds of cotton producers voting in the Dec. 11 referendum must favor the marketing quotas if they are to be effective on the 1957 crops. Whether quotas are approved or disapproved 1957 cotton acreage allotments will remain in effect as a condition of eligibility for price support.

The USDA announcement said that the state acreage allotments would be apportioned among counties and the county allotments among farms according to provisions of the law and regulations issued by the Secretary of Agriculture. Individual farm acreage allotments will be mailed to operators of cotton farms prior to the referendum.

A Deer, Duck, Turkey, Dove or Quail Isn't Worth A Human Life

There isn't a deer, duck, turkey, dove or quail in Texas worth the price of a permanent injury or death to a hunter,

fertilizer, either 8-8-8 or 5-10-5, in water and sprinkle the solution over the layer of leaves.

Keep adding these alternate layer somewhat saucer shaped desired height. Leave the top layer somewhat saucer shaped as an aid for holding water on the leaves. Cover the pile with a shallow layer of soil.

Decomposition of the leaves will be speeded up if the material is turned and water added at regular intervals. In area where the soils are acid, Thornton suggests adding a cup of lime to the fertilizer.

says E. H. Cooper, extension wildlife conservation specialist. He adds, "There is little excuse for hunting accidents if a few simple rules or safety are observed."

First, he says, know your gun—its capability and proper operating procedure. Keep the weapon unloaded until the actual hunt gets underway in the field. If hunting with others, know where the other hunters will be and when, and keep guns away from children.

Never cross a fence or climb a tree with a loaded gun. Doing so can cost a limb, loss of an eye or even a life. And remember, says the specialist, alcohol and

gun powder do not mix. The same applies to alcohol and gasoline.

Once the hunt is underway, be sure of the target. Never pull a trigger until all doubt about the target is removed. Livestock and fellow hunters are always out of season.

The wise hunter is familiar with hunting regulations and obeys them. He also respects the rights and properties of the landowner and doesn't enter upon the property of another without permission.

Finally, says Cooper, see that fellow hunters respect and obey the same rules which you follow. Cooperation with and consideration for the other fellow will make the annual trek to

County Extension Agents To Chaperon Congress Delegates

Mrs. Mildred Martin, DeWitt county home demonstration agent and W. H. Lehmburg, Jones county agricultural agent, have been named as chaperons for the Texas 4-H delegation to National 4-H Club Congress to be held in Chicago in late November. Both direct outstanding county 4-H programs.

Each year two county extension workers are selected on the basis of the number of past state 4-H winners and how these winners helped to promote 4-H work in their counties. To be eligible, the agent must also have a delegate making the Club Congress trip.

The 1956 trip winner from DeWitt county is Leonette Bolech and from Jones county A. H. Roberts. This year another DeWitt county 4-H worker, Mrs. A. W. Schaffner, adult leader of the Buchel Club, was named one of four state winners in the Alumni Recognition Awards Program.

Her club was one of 15 in Texas to receive a cash award in the Recreation and Rural See COUNTY Page 8

Fall Leaves Can Be Boost To Gardens

If properly handled, the leaves which are now falling and cluttering yards and gardens can give a boost to next year's flower or vegetable garden, says M. K. Thornton, extension agricultural chemist.

It may be easier to burn them but the extra time required to put them in a compost pile will return big dividends, explains the specialist. Use the compost next year to increase the organic matter in the soil or for mulching flowers, shrubs or vegetables, he says.

Organic matter increase the soil's ability to hold water and plant nutrients and makes the soil easier to work. Mulches are valuable for controlling soil temperature and conserving moisture.

Making a compost pile is an easy operation. Scrap lumber or a few feet of net wire and four posts will take care of of the enclosure, say Thornton. Then start with a six inch layer of leaves . . . and for the four foot square enclosure . . . dissolve a cup of commercial

MRS. GUY NOWLIN
Joe Collum Winner in Football Contest

Joe Collum of 1203 East Lons barely edged Mrs. Guy Nowlin in last week's NEWS football contest, after a check showed his predicted score to be one point closer to the actual score than that of Mrs. Nowlin.

Collum had picked the Cubs to win by a 28-13 score, while Mrs. Nowlin had predicted a 27-13 score.

Low for the week went to Leo Hall of 517 Magnolia.

R. J. Clements still leads in the total predictions for the year with 133 points to his credit. Close behind with 132 points is Ed. J. Mayfield. In the 131 point column is Teena Gillham and Don O'Neal. Johnny Rodgers, Rose Mayfield, J. E. Gillham, Jim Dudley and Bill Cope have 130 points for the season. Ted Hardy has garnered 129 points in the race for the expense-paid trip to the Cotton Bowl game in Dallas on New Year's Day.

Blacks Win In Girls Grid Tilt

The Wellman High School girls drew a large crowd to their first Powder Puff football game played last Thursday at Wellman for the benefit of the Student Council.

The two teams, Black and Gold, ran through the pace with handkerchiefs tucked into the back of their jeans. When a handkerchief was pulled from its mooring the girl was considered tackled. All in all, the school officials as well as the girls were pleased with the afternoon event and a school spokesman said the game probably will become an annual affair.

The Blacks won the game by a score of 9-6, with Diana Graham and Bertha Smith accounting for the Black's points. Sabra Welcher scored the only touchdown for the Gold puffs.

The game was played to raise funds for the Wellman High School Student Council.

Andrews Game Caravan Is Set

The Brownfield Quarterback club Monday night announced plans to organize an automobile caravan to go to Andrews Friday night for the Brownfield-Andrews football game. The caravan will be the first since Police Chief "Lefty" Lassiter led some 70 or more cars to Seminole.

The distance to Andrews is approximately 70 miles and the general consensus of QBC is that the trip could be made quicker by using a police escort. In addition to the time factor is the fact that it is much safer to travel with an official escort leading the way.

Streamers for Cars
Club President L. J. Richardson said the caravan would form on the south side of the high school at 5:45 p.m., and be ready to pull out promptly at 6 p.m. The club will furnish streamers for all cars in the caravan, according to Richardson. He urged that parents and residents planning to make the trip join the caravan.

Richardson concluded his talk to members by asking for as many as possible to make the trip.

Coach Farr is Nowell gave club members a scouting report of the Andrews team after Coach Doug Cox explained that all team members were in good condition for Friday night's encounter.

The meeting was adjourned after a film of the Monahans-Brownfield game was shown.

QBC Members Will Attend Pep Rally

Quarterback Club President L. J. Richardson announced at Monday night's meeting that all members were invited to meet on the north side of the high school gymnasium at 8:30 a.m., Friday to attend the pep rally in a group.

Club members have been attending sessions in large numbers but Richardson urged a 100 per cent attendance at the Friday session because of the importance of the Andrews game.

Richardson said, "Let's turnout and demonstrate to the teams that we are behind them and feel certain they can win against Andrews."

Cubs Maul Monahans, 38-12, for Shot at Conference Title

Brownfield News-Herald, Thursday, Nov. 15, 1956 PAGE SEVEN

The Brownfield Cubs, with a 1-1 conference record, are currently in the key spot to become undisputed champions of the district title. The not-too-easy task facing the Cubs is the defeat of Andrews Friday night and then the conquering of a strong Kermit team next week. Should this happen, the Cubs are in.

The Cox boys were handed this opportunity when Kermit and Pecos played a 21-21 tie last week. Since Andrews is the only team in the conference that has neither lost or tied a game, the Cubs must win in order to claim the championship. The Cubs last district title came in 1952.

While Kermit and Pecos were playing a tie ball game last week, the Cubs were soundly trouncing Monahans, 38-12. The Cubs, having things much their own way against Monahans, jumped off to a 6-0 lead at the end of the first period and were never headed as they continued to score in every period, picking up 12 points in the second, 7 in the third and 13 in the final stanza. Monahans managed to score in the second and fourth periods, but failed both times to convert.

The Brownfield scoring punch was well mixed as Jackie Meeks, Mike Browning, Larry Meeks, Ernest Hyman, Ellis Cox and Robert Wright all scored touchdowns. Larry Meeks took a pass from Mike Hamilton to score his touchdown and line-man Hyman fell on a blocked punt in the end zone for his score.

Two Cub touchdowns were called back because of a rules infraction. In the final period Meeks stepped off 81 yards for a marker but had the play called back. Wright moved into the end zone from the 29 but his also was nullified by a penalty. The Cubs picked up 521 yards by land and air while Monahans managed 459 yards. The Cubs passed 9 times, completing 6, while Monahans had only 3 completions in 12 attempts. Penalty-wise, the Cubs were called 10 times for 60 yards while Monahans was penalized 70 yards for 8 infractions.

IN THE PICTURES—In the left panel, Mike Browning gains part of the yardage which enabled a powerful Cub eleven to gnash the Monahans Loboes, 38-12, in a conference tilt here Friday night. Coming up strong in the right of the picture is Lineman Ernest Hyman to give Browning an assist. Hyman was chosen a "Star of the Week" Monday by the Avalanche-Journal of Lubbock. He played an exceptional game last Friday, scoring one touchdown. In right panel: Monahans ball carrier is pictured immediately before he was taken down by center Ken Muldrow. Browning is in the left background of the picture and Lewis Chambliss, in the right background. The Cubs will be in Andrews Friday night for a crucial conference game. (Staff Photo)

Neither rain, nor snow, nor avalanche deter the postman on his way." Someone, somewhere, at sometime uttered words to that effect and true they are, too. Verification? He stopped here the other day and left a parchment containing this:

Jesse McMillan of Brownfield, a Texas A&M graduate, was promoted from captain to major.

Now, Jesse is public safety officer of the 413th Military Government Company of the U. S. Army Reserve, headquartered in Lubbock.

I would presume that Jesse was an athlete in his school days since the envelope bore the address, Sports Desk, and when the boss isn't looking, that's where I sit.

Note to Major McMillan—Congratulations—And to the 413 MR. Govt. Co.: Thank you for the info and if you have other men in your company from "The Most Congenial City in the World", let us know about them.

I read in the papers where Andrews has wrapped up the District 2-AAA title but now where could I find the gentleman's name who penned the article. He probably forgot that a season is never over until all games have been played.

He probably forgot that when two High School teams meet they play some mighty rugged football, despite the so-called ratings posted by the so-called experts.

I'll bet a small cup-a-joe that writer doesn't have enough fingers and toes to count the number of times that has been proven to be a fact. And, in the final analysis, Andrews still has some football to play.

As a matter of fact, Andrews still has quite a lot of football to play. Glance at Friday night's playbill. It reads like this: appearing in Andrews tonight, for the first time this year—the Brownfield Cubs-headed by an all-star cast including, Mauling Mike Hamilton, Mighty Mike Browning, Elusive Ellis Cox, Jarring Jackie Meeks, Gunpower Gerald Jenkins, Lethal Larry Meeks, Jolting Johnny Raybon, Bullet Bobby Moore, and Ricochet Robert Wright to mention a few.

Grass Judging Contests Making Experts

Grass judging contests, over the past few years, have increased in popularity and usefulness, says A. H. Walker, extension range specialist.

Youth and adults now participate in such contests, but primarily most training efforts by county agents and teachers of vocational agriculture are directed toward youth. Soil Conservation Service personnel often give assistance in training grass judging teams while local soil conservation districts act as team sponsors.

Walker outlines the purpose of such contests as training youth to recognize plants and their characteristics. One must know plants before it is possible to properly manage them, he says.

Knowing the plants which can contribute the best and cheapest grazing for livestock for the different seasons of the year is a part of each contest, adds Walker.

For example, in the recently held contest at the State Fair, the 108 team members judged 40 specimens of grasses, legumes, forbs and woody plants. They had less than one minute to identify each specimen; to tell whether it was an annual or perennial; whether it grew in warm or cool seasons; was it a native or introduced plant and what was its grazing value.

As a result of these contests which are now held annually at all of the state's major livestock shows, Walker says boys and girls as well as adults know and appreciate range plants and how to manage them.

The net results, over the past 8 or 9 years, have caused Walker to label the program as one of major importance in spreading known information on proper range management practices.

In addition to the two county extension agents, other chaperons will include State 4-H Leader Floyd Lynch, and Assistant State Leaders Curtis Trent and Miss Peggy Wilsford.

Lynch will go to Chicago ahead of the delegation to attend a meeting of People to People Partnership Committee. It is one of 40 committees set up by President Eisenhower to study ways and means for developing better understanding between the peoples of the world.

The committee on which Lynch holds membership will devote its time primarily to 4-H developments and how they might be used in connection with the overall program.

The Texas delegation will en-train from Dallas on Nov. 23 for Chicago and will return Dec. 1
