## Voters Also Okay Four Paving Projects; Fort Worth Talks With CAA Scheduled

Chamber of Commerce officials said this morning that a Brownfield delegation, including an engineer, would go to Fort Worth in the near future to determine the status of City-County Airport. The Fort Worth trip is a result of the election Dec. 19, when Terry County taxpayers approved two \$100,000 bond issues, one for modernizing the airport 4 miles east of Brownfield and the other for paving some 16 miles of county roads.

C-C Manager Joe Satterwhite explained this morning that "Haste on our part will save us possibly two or three months in seeing the new airport come into being."

The City of Brownfield has yet to deed the current airport property over to Terry County. Issuance of the \$100,000 in air-

port bonds was approved by 336 voters, mixed by 224. Road bond issue: 383 for, 174 against. A total of 560 voters went to the 13 polls in the county.

Here's how the voting went at the various boxes concerning the airport bonds:  
Box 1, county clerk's office, 26 for, 20 against; Box 2, Jessie G. Randal, 36 for, 22 against; Box 3, county judge's office, 8 for, 4 against.

Box 4, county superintendent's office, 8 for, 12 against; Box 5, Union Gin, 7 for, 16 against; Box 6, Meadow, 9 for, 35 against; Box 7, Johnson Gin, 3 for, 8 against; Box 8, North Tokio, 8 for, 5 against; Box 9, Pool School, 1 for, 28 against;

Box 10, Wellman High School, 20 for, 10 against; Box 11, South Tokio 2 for, 12 against; Box 12, The Party House, 154 for, 45 against; Box 13, county tax office, 23 for, 4 against; Absentee, 2 for, 2 against.

Taxpayers voted as follows for the road bond issuance:  
Box 1, 50 for, 17 against; Box 2, 57 for, 21 against; Box 3, 9 for, 2 against; Box 4, 11 for, 9 against; Box 5, 14 for, 9 against; Box 6, 17 for, 28 against; Box 7, 5 for, 6 against;

Box 8, 12 for, 1 against; Box 9, 10 for, 15 against; Box 10, 38 for, 7 against; Box 11, 5 for, 9 against; Box 12, 150 for, 46 against; Box 13, 23 for, 4 against; Absentee, 2 for, 2 against.

## News and Views

We hope and feel that most Terry County people had a wonderful Christmas, and we now want to wish each one a happy and prosperous New Year.

Speaking of Christmas, we naturally think of gifts! Joe and Gwen Henderson were the happy recipients of a \$3,000 gift they were not expecting, when their name was drawn as one of the winners of a new 1957 Ford given away by Piggy Wiggy Stores.

The following people were winners of turkeys at Bayless Jewelry: Mrs. Maude Romans Virginia Biggs, Jessy Nosell, R. C. Zant, Bobby Hutchens, Mrs. G. C. Shultz, Estelle Brown, Rose Mayfield, Johnny Baker, Mrs. M. D. Tredor, Ben Glover, Mrs. Sam Houtchens, A. A. Bradshaw, A. J. Hartman, Elmer Phillips, Bessie Singletery, F. B. Skaggs, R. B. Haywood, G. Hacker, Mrs. E. Bagwell, E. L. Jackson, H. T. Todd, L. R. Bagwell, Carole Johnson, L. W. Ware.

We are happy to announce to our readers that our present plans are to rebuild in our old location next to Piggy Wiggy. The old building is being torn down now, and we hope to start construction beginning next Monday. Incidentally, if you are in need of some scrap lumber, see Billie Moore at the old location.

We were sorry to disappoint our readers by not getting the paper out Thursday night, but due to having only one day (Wednesday) and having to print in Lamesa, it was impossible to get out at our regular time. We hope to be back to a normal operation in due time.

Secretary of Agriculture Benson now has allocated \$750,000,000 in payments to farmers to retire land from production of cotton, corn, wheat, tobacco, and rice. Of this amount, Texas will get \$81,000,000, which is the second largest.

New secretary at the Chamber of Commerce is Mrs. Virgil (June) Burnett, who replaces Mrs. Marie Brown. C-C Manager Joe Satterwhite said this morning that June would assume her new duties Jan. 1.

Recent advances at the hospital and its plans for the future were pointed out to Bowers by Dr. Sam Hoerster, left, who said the continuing support of the

people and the Legislature was needed. Bowers indicated his interest in the hospital program, whose budget will be acted on during the next session of the Legislature, by spending the entire morning studying the hospital and its operation.

## Area Junior College Is Discussed At Meeting

Six Brownfield men were among 163 persons who gathered last Friday in Levelland to hear proposals for locating a school in the South Plains Junior College Area.

The junior college, to be supported in part by state funds, is the proposal of the Hockley County Development Foundation. The organization tentatively suggests that:

1. The junior college be situated in Levelland.
2. It be supported by state funds, tuition fees and taxes from Hockley, Cochran, Lamb, Bailey, Yoakum and Terry counties, and
3. Free bus transportation be provided for an estimated 600 students who probably would be enrolled within five to eight years.

The Friday meeting was called by the Levelland Chamber of Commerce to hear the report of Dr. C. C. Colvert of Austin, consultant for the Junior College Education Program at the University of Texas.

Colvert only recently completed a survey concerning the economic possibilities of such a college in the area. His conclusion: A junior college can be located here, with much chance of success.

The doctor's survey was paid for by the development foundation. Most ambitious plan for the college calls for the three 11 c.m.s. enumerated above. Should four of

## Services Are Held In Pennsylvania for Brownfield Resident

Mr. and Mrs. Harold Klein and family of 1214 East Lons returned Wednesday from Altoona, Pa., where they attended funeral services for his father, Albert Klein of 115 North B.

Klein, 65, died Saturday in St. Mary's Hospital at Lubbock, following a three-day illness. Burial was Tuesday.

Other survivors are his widow, Lillian, one daughter, Mrs. Lazar Friedman of Sippersook, Pa., one brother, David Klein of Altoona, Pa., and two sisters, Anna and Lillian of Detroit.

Klein was born Jan. 18, 1891, at Beaver Falls, Pa., a son of Charles and Cecelia Klein and married the former Miss Lillian Klevan of Altoona in 1913.

Since 1953, he had been associated with his son Harold in the operation of Klein's Shoes.

While in Altoona, he was associated with the Simon Company for a number of years, then was engaged in the shoe business for himself. He later moved to Grove City, Pa., where he continued in the shoe business prior to coming to Brownfield.

Klein was a former member and president of the Altoona Chapter, American Business Club, and was a member of Agudath Achim Congregation.

Local residents at the Levelland meeting, held in the San Andres Hotel, were O. R. Douglas, superintendent of Brownfield schools; Derwin Webb, curriculum coordinator in the schools; Joe Satterwhite, Cham-

**NEW PRESIDENT**—The 1957 president of Brownfield Chamber of Commerce, J. L. (Dusty) Kemper, is pictured above. He'll assume his duties immediately after the chamber's annual banquet, scheduled Feb. 15. The attorney general of Texas will be the event's principal speaker. Kemper was elected president last week at the same time that Curtis J. Sterling was named first vice-president. Kemper is division manager of General Telephone Company of the Southwest. Sterling is publisher-manager of the Brownfield News-Herald.

## FIGURES SHOW TELEPHONE GROWTH

### Long-Distance Facilities Are Increased

Work is under way adding four long-distance switchboard positions at the telephone office here. Paul Farrar, district manager for General Telephone Company of the Southwest, said that the four new positions would bring the total to 14. "This number," he explained this morning, "will be sufficient

to handle Brownfield long-distance requirements until 1959." The project is costing an estimated \$14,000, said Farrar. There are now 2,937 telephones in Brownfield, a gain of 184 since the first of the year. The foregoing compares with a total of 1,856 telephones here in 1950, 485 telephones in 1940, and 227 telephones in 1930.

An increase in activity is promised by the sphere. Already, officials of all leagues are planning for a bigger and better year. There is every indication that more space will be provided by the completion of the new ball park before the season begins.

There also is every possibility of tournament play here. It could go as high as regional, and that would be good. Good for the youth, and better for the town.

Let's move now into high school football for next year. Such is ahead, provided there are no coaching changes. This corner is inclined to believe there won't be any. You saw good and

Here's what the crystal ball says: "Brownfield will be stronger because of reserve strength, while the other teams in the conference—with the exception of Kermit—will remain about the same."

The crystal ball also says that "The Cubs will build to beat Kermit, because therein lies the key to a conference crown."

And, there you have it. A look in 1956 into a crystal ball that has a funny way of reversing its predictions of coming events. Who know. Before the end of '57, Brownfield might be known the world over.

That would be progress. Happy New Year!

# GEE GEE'S Chat!

Before very long, all the stores will begin their annual end of the year clearance sales. Very few of them, however, start sales until after Christmas. Mary Dee almost started a big one for Fenton's Shoe Store, when she advertised "1000 pairs of mens shoes." Actually, Fenton's only had 100 pair of these shoes, but I'm sure they didn't last long. Incidentally, in this week's issue, you'll find that Fenton's really and truly are having a one-cent sale you won't want to miss.

Of all the Christmas presents people all over everywhere get, is the one Wag and Britt at the Green Hut Grill gave all of us, their customers. During the holidays, the interior was completely re-painted and it looks, very nice, kids.

Poor old Joe and Gwen Henderson got a nice Christmas present...they won one of the Ford's that Piggly Wiggly gave away in an area contest Saturday.

And the G. V. Ellis family at 911 E. Hill were the happy recipients of the AMANA freezer given away Saturday at Kyle Grocery.

I have in my possession a beautiful rhinestone dangly earring that was lost at the country club Saturday night. If it belongs to any of you readers, drop by the house and I'll Indian rattle you, two throws out of three, for your half of the pair.

Forgot to mention up there at

the top that the Brownfield Farm Center is now in the throes of a big sale. All of you know how wonderful these end of the year sales are, so hope you'll take advantage of them when they come your way.

Did you know that Arlene Clements has a new nickname? That Mary Ballard is taking reducing exercises...that two local high school girls engaged in a regular fist-slinging, hair-pulling, name calling brawl up on Broadway one day recently?...that a certain woman in this town is so busy tending to other people's business that she's unaware of what a mess here is in???

Roy Collier was in this week to take a congratulatory ad. Seems that the Brownfield Funeral Home didn't have to make a single accident call over the holidays and Roy felt that the people of Terry County and Brownfield should be congratulated. We do too!

The old year is breathing its last and the time has come to make those new year's resolutions. Well, I'm not making any this year. I've always tried to live by the Golden Rule, and I think that's just about the best new year's resolution anyone can make. And, incidentally, the Golden Rule states: "Do unto others as you would have them do unto you!" not as many folks believe: "Do unto others before they can do it to you."

A pot of black eyed peas is now in order. I don't know where it originated, this eating black eyed peas on January

## 4-H CLUB

By BOB ETHEREDGE  
Assistant County Agent

Terry County 4-H Club, meeting Dec. 27 in the 705 East Lake home of Mrs. O. D. Keunedy, did a bit of rehearsing and went Christmas caroling.

Mrs. Kennedy, chairman of Terry County Home Demonstration Council, came to our rescue by taking us into her home after a mix-up in registering for The Party House.

Adult leaders present were Mrs. A. T. Pickett, Roy Martin and A. F. Sedgwick. A good time was had by all present.

West Ward 4th grade boys club held it's meeting on Dec. 17, electing the following officers:

Berry Park as president; Bobby Denton, vice president, and Terrell Gibbins, secretary.

West Ward fifth grade boys 4-H club also met and elected Danny Thurman as their president for the coming year. Stanley Farrar as vice president, Richard Kimbrough as secretary.

The group also named Don Criswell and Larry Willis as delegates to the 4-H Council. Plans for participation in the up-coming juuging contests were discussed.

Happy New Year, to one and all!

## Just Snooping...

By GEE GEE PRIVITT  
NEWS staff reporter

Ida Mae and the girls at SHELTON'S hope that you had a merry Christmas and that you got everything your little heart desired... and it was probably just what you wanted, if it came from SHELTON'S.

Christmas and that you got everything your little heart desired... and it was probably just what you wanted, if it came from SHELTON'S.

However, if, by chance, the size was wrong, the color was not right, or if your gift needs altering, be sure to go down as soon as possible and make your exchanges or have your fitting. This way you'll be sure to get what you want, how you want it, when you want it.

In fact, with new Spring merchandise arriving several times a day, it's just possible that you'll want to exchange one of your gifts for, say, a new Spring hat or dress or suit. A new batch of soufille straw hats took my eye Wednesday, in many luscious colors, shapes, and sizes. One navy blue one is a honey...and there's one simply smothered in cabbage roses that range in color from red to the palest of pink.

The new Tobak outfit that appealed to me was a rayon and silk sand-colored suit with straight skirt and sleeveless jacket worn over a vivid pure silk long sleeved blouse. It's also made up in pure white. And there are so many cute Feena Paiges and Bobbie Brooks that words fail me, but the ones made up in the finest of polka dots are delightful, and a T. P. black cotton iced with filmy lace at neckline and hipline is out of this world.

And there's the new all-weather Re-Shine swish coat in a dull gold lined in rusty taffeta that can be worn from now on.

For the new year, Ida Mae and her staff wish you the happiest and most prosperous.

Christmas guests in the home of Mr. and Mrs. Bob Clements were his mother, Mrs. J. J. Clements, and sister, Mrs. Gregory Keys; and Mrs. Bob Clements' nephew, Dan Donald, all of Lubbock.

Mr. and Mrs. Roy Herod and Billy Mack spent Christmas Day in Snyder with relatives.

#### Cubs Drop Friday Contest to Levelland

Four Lobos scored in double figures Friday night in Levelland to help whip the Brownfield Cubs, 66-51, and Levelland won its seventh basketball game of the season.

Huey Bartlett, Burl Railey and Jimmy Johnson led the Lobos with 14 points each. Jesse Sudderth got 12 and Mack Hick, 8.

However, Brownfield had the game's high scorer in Kenneth Cary, who sank 19 points. Mike Hamilton got 11 and Jackie Meeks, 8.

The Lobos score 16 points in each of the first three quarters. The output broke them into a slim 16-13 lead at the end of the first, stretched that to 32-33 at halftime and widened the gap to 42-32 to open the fourth period.

It was Levelland's seventh win in 13 games and Brownfield's sixth loss against only one win.

In the B-team contest, Levelland defeated the Cubs, 41-37. Eddie Curry paced the Lobos with 12 points. Larry Meeks and Jerry Doff Hurkahee each got seven for Brownfield.

#### Bond Sales Report Given By Chairman

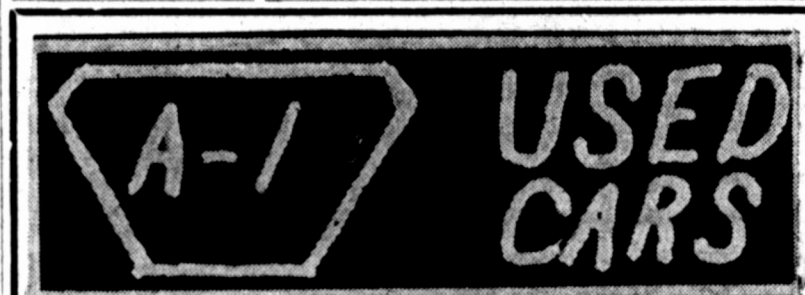

J. O. Gilham, chairman of the U. S. Savings Bonds Committee for Terry, said this morning that county citizens had purchased a total of \$140,290 in Series F and H bonds through November.

The county's goal for 1956 is \$300,000. Bonds purchased to date represent 46.8 per cent of the goal, said Gilham, who is president of Brownfield State Bank & Trust Company.

He also had some timely advice for the local folks who received money for Christmas. "This is a wonderful way to spend that Christmas cash to make it worth much more. Buy U. S. savings bonds and watch them grow."

Mrs. John Portwood and Bud spent the holidays in Florida with their daughter and sister, Mrs. Dale Cary, and family.

Mr. and Mrs. Dale George and Abernathy of Lubbock spent Mr. and Mrs. Lindsey, all o. Christmas in Dallas with Mr. and Brownfield, and Mr. and Mrs. Bob Mrs. Walt Davis.

# Announcing...

We wish heartily to congratulate you, the people of Brownfield and Terry County, for a perfect holiday record for safe driving. With the State and National accident and death rate so high, it is indeed a pleasure to be able to say that the Brownfield Funeral Home did not have to make a single accident call during the holidays. We sincerely hope that you will hold this record indefinitely!

Just like this boy,  
we wish you joy  
in the year,  
ahead!

Roy Collier  
and  
Staff

We are taking this means of announcing to our many friends and the general public that our New Funeral Home is now finished to the extent of service. We also wish to announce that we are adding to our staff Carrol W. Collier, (our son), and family as of January first.

Our Chapel and Our Service are now at your request.

## TO RELIEVE HUNGARIAN REFUGEES

### Agencies Desperate for Money

Well over 10,000 Hungarian refugees have crossed the border into Austria. Tens of thousands more — hungry and homeless — remain in strife-torn Hungary.

Austria itself, still recovering from World War II and post-war occupation, is doing all and more than it can to support the newcomers, but it can carry only a small part of the load. Most other countries are doing all that can be expected of them. Yet, on both sides of the Austro-Hungarian border, there is still not enough food, shelter, fuel or medicine. Hundreds of thousands must be fed through the cold winter...

The American Red Cross, with its vast experience in disaster work and its well-oiled machinery for relief, is at the scene of the crisis. CARE, too, is in the refugee camps with food and other necessities — using an administrative set-up and a procedure long since tested in crisis areas of Europe and Asia. The overseas aid organizations of America's three major religious faiths—Protestant, Catholic and Jewish—have also been carrying on effectively in

this disaster relief work from the beginning.

These groups are the encouraging voice and the helping hand of the people of America. They are non-governmental; they do not receive tax monies. They exist and operate entirely by mandate of the American people. They cannot function without our voluntary support. What does this mean to us—ingeneral and perhaps in the specific context of the Christmas season of giving and receiving?

It means, we think, that we Americans once again must dig down deep into our pockets. We must rise to a need greater than the personal exchange of Christmas gifts and greetings. We must give and give again — this time to Christmas gifts and greetings. We must give and give again — this time to Hungarian Emergency Relief — through the organizations set up to carry our aid to the hungry and the needy.

The Red Cross needs \$5,000,000 for its Hungarian relief work. CARE needs \$2,000,000. The religious groups need millions of dollars more. Every penny collected by the Red Cross, CARE and the religious agencies in this campaign will go directly to Hungarian relief.

This is your chance to demonstrate America's voluntary way to the world. This is your chance to bring a little Christmas cheer to the unhappy Hungarians in the refugee camps in Austria and elsewhere, and into the disaster-stricken land of Hungary itself. This is your chance to unite personally with the freedom-loving peoples of the world in the great gesture of giving — the great gift of Christmas.

Send your pennies, your dimes and your dollars to the Red Cross, Washington, D. C. or CARE, New York — or give through your local church or synagogue. Share your Christmas with the Hungarians — and share it today.

## Highlights and Sidelights FROM

AUSTIN, Tex.— First appointment of incoming Gov. Price Daniel is that of a new secretary of state. Chosen for the job was Zolie Steakley, 48-year-old Austin and Sweetwater attorney.

Steakley will succeed Tom Reavely in the \$15,000 a year post. Term of office runs concurrently with the governor's. Duties are many. Included are granting of corporate charters, approving securities issues, handling election records.

Steakley, who served as assistant attorney general under Gerold Mann and Grover Sellers, has been in private practice in Austin for the past 10 years. He said he will sever all connections with his law firm before taking office.

Scores of other pending appointments promise to spice Texas news through the holidays and into the new year. In some cases, the issue is, not only who will be appointed, but who will do the appointing. After he is inaugurated, Daniel will have some 200 posts to fill. Incoming Atty. Gen. Will Wilson can appoint 43 assistants.

But some 70 vacancies in state agencies, college boards and judicial posts will occur before Gov. Shivers leaves office Jan. 15. He can make those appointments or leave them to his successor. Custom varies. In a few past instances, sharp controversy has arisen between outgoing and incoming executives as to who should make these "twilight appointments."

Other appointments already announced include:

TO THE INSURANCE COMMISSION, John Osorio, 35-year-old Austin attorney and executive secretary to the governor, by Gov. Shivers.

Osorio will replace Byron Saunders who leaves Jan. 1 to take a Dallas insurance job. Osorio's new job pays \$15,000 a year; term runs until February 1959. If he inherits

## THE AMERICAN WAY

By George Peck

(EDITOR'S NOTE: George Peck is Chairman of the Board of the National Labor-Management Foundation and Executive Editor of its official publication, PARTNERS.)

The PP boys are at it again. PP stands for public power—you know, the fellows who insist on all of the taxpayers paying a part of their electric light bills. This time they are carrying on their blocking tactics on the Snake River between Idaho and Oregon—sort of a repeat performance of the Hells Canyon skulduggery that delayed for so long a time the start of building dams there. You'll remember that the job was finally awarded to the Idaho Power Company. But the PP boys don't know

when they're licked. Too bad their intelligence doesn't match their misdirected perseverance. On September 7, 1955, the Pacific Northwest Power Company applied to the Federal Power Commission for a license to build two major dams and power plants on the Snake River between Idaho and Oregon. The total cost of the project estimated at \$213 million was to be assumed entirely by private capital advanced by the four local electric utilities which organized Pacific Northwest Power Company: Washington Water Power, Pacific Power and Light, Montana Power and Portland General Electric.

As with Idaho Power in the earlier case, Pacific Northwest Power was eager to start construction promptly—by March, 1956—in order to meet the threat of a critical power shortage by 1960. And like Idaho Power, PNP ran into long months of delay instituted by an organization known as the National Hells Canyon Association.

The result is that hearings on the license application are still in progress before the Federal Power Commission, more than eight months after PNP had hoped to break ground for electric installations that the Pacific Northwest needs so desperately.

Now you may be asking, just what is this National Hells Canyon Association—just whom does it represent, that it has the temerity to keep power expansion out of the Northwest indefinitely?

Well, as nearly as I can discover, it is financed in large degree by labor unions—they have supplied more than half the money to finance National Hells Canyon Association—it has all the earmarks of being just another front for labor unions to use some of the money, (that in large part they forcefully mulet from their members) to inject the Federal Government further into the power business—where it has no business to be, morally, legally or constitutionally.

According to S. Dean Arnold, City Attorney of Clarksburg, Washington, 17 persons attended a "national" meeting of NHCA held last March, just 22 turned out for its "Tri-State Convention" (Idaho, Oregon and Washington) on April

20. A 3-state "potluck" dinner and planning meeting in February drew a throng (?) of 36.

The National Hells Canyon Association has been aptly described as: "The little organization with the big title, the bigger noise, and the king-sized expense account."

Harking back to Mr. Arnold. In testifying before the Federal Power Commission, he offered that body some personal conclusions regarding the NHCA. Said he:

"I have taken particular note of the lack of strength of the intervenors who have made it necessary for the Commission to go to the trouble and expense of holding these hearings and there-by delaying needed power development in this area. The (National Hells Canyon) Association's intervention, however meritorious from a constitutional standpoint, is a trespass upon the time of the Federal Power Commission and an unwarranted delay to the utility companies, which, except for intervention, would now have under construction two much-needed dams and power facilities in this area."

Well said, Mr. Arnold! I can almost hear the applause of the taxpayers of the 45 States (including

even Tennessee, the home of the famous "yardstick" TVA) that won't get any of this electricity to be developed for Idaho, Oregon and Washington. They have no burning desire to pay a part of the electric bills of the citizens of those three Pacific States. And the level-headed, fair-minded citizens of those self-same three States, don't want any such bounty from the other forty-five.

US Trust and Guaranty, (5) making the State Hospital Board responsible for the criminally insane.

FIRST RIGHT-OF-WAY A new era in highway building was launched with the first purchase of right-of-way with state funds.

Since passage of the federal highway aid bill, the State Highway Department has inaugurated a policy of buying land for interstate highways. Previously, the department paid only for construction.

First tract bought will be used in making an expressway of U. S. 67 between Dallas and Texarkana. State Highway Engineer D. C. Greer emphasized that the new policy applies only to the interstate system.

### Highlights-

TRACYS - Veterans Land Board is advertising for bids on some 58 tracts of land over the state.

Tracts, forfeited by their veteran purchasers, are now available to other veterans. Bids will be accepted until Feb. 5, 1957, the date when the board will open them.

Further information can be obtained by writing the Veterans Land Board in Austin.

HANDS OFF, SAYS GOP - Texas' top Republican has called on his fellow party members to stay out of Democratic Party affairs.

H. J. Jack Porter, national committeeman, urged this policy when the party's leaders came to Austin for electoral balloting and an executive committee meeting.

Porter said Republicans have tipped the balance in the Democrats' liberal-conservative battles. But from now on, he says, the GOP would concentrate on its own candidates.

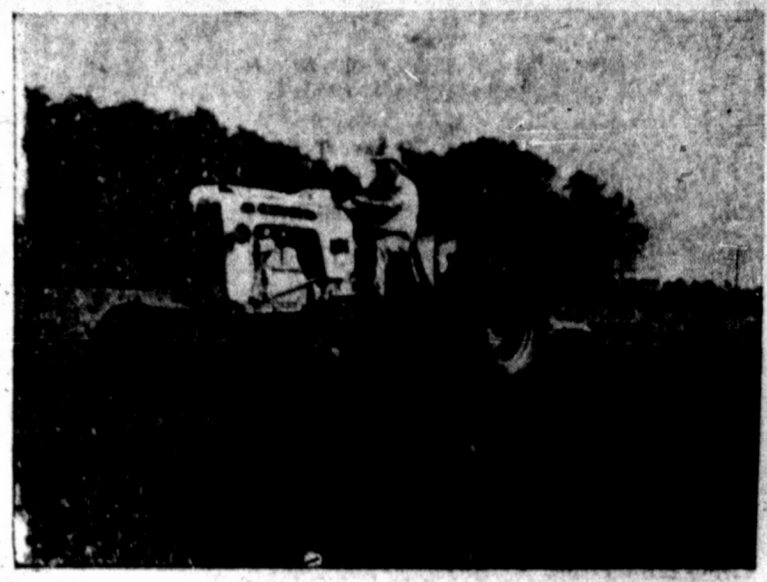

SHORTS - For the second time in recent weeks a Capitol reporter was asked to leave an official meeting. Kenneth Towery, Pulitzer Prize-winning former Cuero Record editor, now an Austin American - Statesman reporter, was barred from a joint meeting of the Legislative Budget Board and State Hospital Board.

80 members could "discuss matters frankly." Judgments obtained by the state in Veterans Land Board suits now total \$3,680,885. Latest court action added \$680,678 to funds recovered from improper sales under the land program.

Ground has been broken for the new State Courts Building. First shovel of dirt was overturned by Gov. Shivers, Atty. Gen. John Ben Shepperd, Supreme Court Justice John E. Hickman and other officials. Development of a body, drought-resistant pine promises to bolster Texas lumber industry, says the Texas Forest Service.

Active year forest project showed the pines would mature with 25 per cent less rainfall than normally required.

Mr. and Mrs. C. E. (Bill) Williams spent Christmas day with their families in Slaton.

## You Can't KEEP Them!

### Happy New Year!!!

And what will you do with it...365 days with all their clean glorious possibilities??? As the leaves begin to fall from your calendar you must realize you are writing off each one with indelible ink—no erasing!

This New Year is a Divine gift; twelve precious months, 365 glorious days to be gobbled up as you like. As the clock nears the hour, as the church bells toll, and as you make new resolutions—may you resolve to travel nearer to God all the way. As you tear off each old day may you have the consolation of a day well lived for Him

Happy New Year!!!

**YOU IN THE CHURCH THE CHURCH IN YOU**  
Character is a byproduct of the church. It is here that young and old alike are trained with tenet-lessons that build and advance for a better citizenship and a nobler character. In the church the ministerial and teaching religious character. Students really desire the affairs of state in these perilous times. Then we with our children should go to the church of our fathers on Sunday. "You in the Church and the Church in you" form a combination that great is regular CHURCH, GOD and a daily BIBLE READER.

# NOTICE . . .

As of Monday, December 31, we will discontinue our Home Delivery Service.

We regret to have to make this announcement as we have many loyal customers whom we know will be inconvenienced as the result of this change of policy.

It is our sincere hope that you will be sympathetic with our problem. The cost of keeping one man available for delivery each morning and afternoon and the cost of maintaining a pickup makes it prohibitive for us to continue this service without placing a special delivery fee with each delivery.

We want you to continue as our customers and certainly we will do everything in our power to give you the most for your grocery dollars spent in our store.

**PARDON** this tooting of our own horn but we are proud to have been a part of this community... a service to the farmers of this area these many years. We are pleased, too, with the growth of our business from its *acorn beginning*. For this growth, we humbly thank you, our friends and neighbors, for we realize no business can succeed without customer-confidence in services and products offered.

To follow the custom, we should look back over the years, talk about the "good old days" and bask in the light of our accomplishments. However, for us, the future holds the greater challenge. We're glad we're in the farm implement business and are associated with an industry that offers the finest way of life for any man... agriculture.

With pride, we have offered a quality line of farm equipment... John Deere. We have the trained personnel, modern shop facilities, and a well-stocked parts department ready to deliver the kind of service farmers have every right to expect... service that will enable you to farm easier, more profitably.

We look to the future with this aim—that we may continue to be your *working partners* through the many years ahead!

**Sub-Soil Moisture Is Important to Next Year's Crop**

OUR SOILS WILL HOLD APPROXIMATELY 2 INCHES OF MOISTURE PER 1 FOOT OF SOIL

In October and November of 1955 this area received from 6 to 11 inches of rain. It was this moisture that contributed a great deal to our excellent crops this year.

IN 1956 WE RECEIVED VERY LITTLE FALL MOISTURE THE SUB-SOIL MOISTURE NOW IS VERY LOW

According to rainfall records, we can expect very little moisture in this area before April or May.

Irrigation farmers should plan now to replace needed subsoil moisture prior to planting. This means that a farmer with soil 4 feet deep should apply at least 8 inches of moisture.

Most soils in the Terry Soil Conservation District are from 4 to 6 feet deep. This means that farmers should apply from 8 to 12 inches of water on their land prior to planting.

THE TERRY SOIL CONSERVATION SERVICE WILL ASSIST FARMERS IN DETERMINING SOIL DEPTHS AND AMOUNTS OF WATER TO APPLY

The farmer should start watering enough to cover all his land with a heavy application of water, then if necessary during the summer he can cut back his watering in accordance with the plant needs and the amount of water that can be pumped.
