PROCEEDS TO MARCH OF DIMES

VFW Bingo Party Slated Jan. 25

Members of Brownfield Post 6794, Veterans of Foreign Wars, made final plans this week for their bingo party, scheduled for 8 p. m., Jan. 25, in Veterans Hall.

All proceeds from the event will be handed over to March of Dimes officials here.

The VFW members had counted 17 Brownfield firms this morning which had contributed money and other items for presentation to the individual winners. Those firms are: Brownfield State Bank, \$100;

Bailey's Conoco Station, set of car floor mats, First National Bank, \$25; Nelson's Pharmacy, \$15; Klein's \$25.50 foot locker; Godin's Drug, \$18; Western Auto Store, \$3.50 sewing machine.

Ray's Cleaners, \$15 in dry cleaning; Deluxe Cleaners, \$15 in dry cleaning; Farm & Home Appliance, \$19.95 table lamp; Bob's Shoes, pair of men's shoes; Franklin's, a woman's dress; Benson Battery Company, one car battery; Elliott Shamrock Station Nos. 1 and 2, two gallons of antifreeze; Mason Oil Company, \$19 in merchandise; Decker's Service Station \$19 in merchandise; Brownfield Floral, \$30 in roses.

News-Views—

(Continued From Page 1)

publication put out by this office and the Terry Soil Conservation District known as Program and Plan for Terry Soil Conservation District. Those primarily responsible for this very informative publication are to be commended very highly.

The TSCD Board of Supervisors are: L. M. Waters Jr., chairman; R. J. Purcell, Secretary; Homer Causseaux, member; Bruce Zorns, member; and Hubert Beard, member. We know this board along with our local SCS office personnel under the able direction of Henry Williamson were the prime promoters. In this booklet you will find a rainfall chart for the past 25 years, the kind of soils in Terry County, the size of our farms, history of Terry County, history of Cotton yields in county suggestions for taking better care of our soils, and many, many other very worthwhile items. Call by the SCS office for your free copy.

Young Girl Reported in Fair Condition in Galveston Hospital

Five-year-old San Juanita Cisneros, flown last Friday to Galveston for treatment of burns, was reported in fair condition this morning.

The young Latin American was the object of widespread attention last week when a "mercy flight" was arranged to take her to Galveston's John Sealy Hospital, where doctors have begun grafting of skin to assure healing of the child's burns.

The daughter of Mr. and Mrs. Theodore Cisneros, San Juanita suffered third degree burns over three-fourths of her body Dec. 16, when her dress caught fire.

The flight was described today by Brownfield officials as "more of a precautionary measure than an emergency." The young girl had been under treatment by Dr. A. H. Daniell at Treadaway-Daniell Hospital since the accident.

She was taken by plane instead of by car to Galveston in an attempt to avoid any further complications, "particularly pneumonia."

Her admission to the hospital was arranged by County Judge Herb Chesshir and Mrs. Viola Simmonds, chief nurse at South Plains Health Unit.

These organizations and individuals had a hand in arranging the plane trip: State Health Department, Lubbock Chamber of Commerce, and Ab Holt and Preston Johnson, both of Lubbock.

Pilot of the plane was Jack Miller.

Betrothal Revealed By Girl's Parents

Mr. and Mrs. T. B. Richards of 301 East Ripley announce the engagement and approaching marriage of their daughter, Vada Yvonne, to Robert O. Cunningham of San Antonio, son of Mr. and Mrs. Paul A. Feuerbacher of 605 East 46th Street in Austin.

Single ring yaws will be exchanged in the First Methodist Church here at 2 p. m. Feb. 14. Rev. James E. Tidwell, pastor of the church will officiate.

Miss Vicki Fowler of Sierra Vista, Ariz., will attend as maid of honor.

Miss Richards attended High School at Tombstone, Ariz., and her fiancé is a graduate of Austin High School and attended The University of Texas.

They will make their home in San Antonio, where he is associated with Southwestern Bell Telephone.

Mr. and Mrs. Andrew Cooper returned home recently from a visit with relatives in Utah, Calif. Also while in California they visited Mr. and Mrs. Mon Telford, who are visiting their son, Mon, Jr., and family.

An occasional massage with dry, domestic salt before shampooing stimulates the scalp and is a good dandruff remover.

PLEASED AS PUNCH—Veteran fishers though they are, Mr. and Mrs. M. V. Walker were pleased as Punch last week when they struggled mightily to pull their 32-pound catfish from the restless waters of the Llano River. The couple is shown above displaying part of their catch in the front yard of their home at

1305 East Reppto. The fish are part of a 70-pound catch, which also included white bass, black bass and crappie. Site of the catch was about 10 miles southwest of Buchanan Dam, in Llano County, where the Walkers lived at Ott's Cabins and fished for about a week. The cat was taken from a trotline.

4-H CLUB
Notes

By BOB ETHEREDGE
Assistant County Agent

Meadow 4-H Clubs boys elected officers for 1957 at their meeting in the school on Jan. 8. Keith Tyler was elected president, immediately taking over the chairmanship, and the following were elected:
R. Lee Spain, vice-president; Gene Finley, secretary, and Woody Carol and Virgil Gillian, council delegates. Etymology and safety projects were discussed. Approximately 25 boys attended.

Willman 4-H boys have elected Johnnie Moorhead as their secretary-treasurer, and Jesse Dean Hartman as their delegate to the Terry County 4-H Council. A total of 22 boys took part in the election.

Mickey Cabe was named secretary Jan. 8 of the Union 4-H Club. Terry County 4-H Council met last Saturday in The Party House and made plans for National 4-H Week in March. Clubs and members represented were:

Meadow—Jeanie Solsbery, Cara Duncan, Barbara Benson, Virgil Gillian, R. Lee Spain and Keith Tyler. Union—Janice Newsom, Jackie Dill, Pete Green. Wellman—Yvonne Adams, Edreann DuBose, Jesse Dean Hartman and Fred Sedgwick. West Ward—Barry Parks, Danny Thurman, Richard Kimbrough, Larry Willis, Don Criswell, Janie Rodgers. Junior High—Ebel Martin, High School—Hilbert Briscoe and Herbie Pickett.

Let's all attend the annual Awards Program Monday night in The Party House. Everyone is invited, you know.

Mike Sherwin Has Party on Birthday

Mike Sherwin celebrated his eighth birthday Jan. 15 with a party in his home at 602 E. Cactus. Individual cup cakes with the name of each guest written on it, and ice cream were served to Sherwin and Jerry Timmons, Mary, Linda, and Nancy Holmes, Jan Calvin, Beth McCarley, Tommy Decker, W. B. Nance, Roddy Neill, Jerry Horne, Charlotte Jordan, and Mike Sherwin. Also Mrs. Norene Hudspeth, Mrs. E. B. McCarley, Mrs. Bennett Jordan, and Mrs. Sherwin.

AT COURT OF HONOR — Boy Scout Troop 85 presented Star Awards recently to four of its members, pictured above. From left: Harold Wilson, Ronnie Fenton, Curtis Morton and Allen Neal. Sponsored by Brownfield Lions Club, the troop presented the award during its last Court of Honor, held in the Community Scout Building. The quartet accepted the Star Awards from John Jennings. Wilson, in turn, presented the Second Class and Tenderfoot awards. The court was held in connection with the troop's Christmas open house. R. T. Wilson, a Lion, is Scoutmaster.

TO OPEN TAAF LEAGUE PLAY

Primm Druggers Anesthetize Brown Brothers Oil Company Basketballers

The Primm Druggers, members of the TAAF Independent Basketball League, met and soundly trounced the Brown Brothers Oil Company from Post, 84-28, in the season opener Monday night. The game was played in the Wellman High School gym.

There was never a doubt, from the opening whistle, as to the outcome of the game as Joey Johnson, Ostel Burros, Rip Sewell, C. W. Dukes and Elroy Payne combined talents to net 56 of the 84 points. Johnson led the pack by dropping 14 points through the nets.

The Druggers jumped off to a 14-3 first period lead and after that point in the game they scored

at will with Coach Isaacs using every man on the team.

Larry Waldrip, Don Tatum and Mack Terry each scored 6 points for Brown Brothers accounting for 18 of the teams 28 points.

Coach Isaacs expressed his satisfaction with the team's performance and stated that his boys could easily win the State Championship provided they continue to play the brand of basketball they played in the opening game.

The Druggers go to Seagraves Monday night to meet the Hearne Independents. Game time is set for 8 p. m.

Watch For The Grand Opening Of The News In Its New Quarters

Terry County Singing Convention Scheduled
The Terry County Singing Convention will be held at 2 p. m. Sunday, in Northside Baptist Church. Special singers from Lubbock. "The Happy Rhythm Quartet," will be presented at the session. The public cordially is invited to attend.

Results Of Grain Sorghum Fertilizer Test For 1955 At Lubbock Experiment Station

This is the fourth year of grain sorghum yields of over 4,000 pounds. The test as conducted below was irrigated April 23, July 15, August 3, and August 23.

TABLE 1. Inches of rainfall and irrigations, Lubbock, 1955

Moisture	April	May	June	July	August	September	Total
Rainfall	.40	2.13	1.10	3.97	.85	2.38	10.91
Irrigation	.8			4.00	4.00	4.00	20.00
Total							30.91

No single element produced a statistically significant yield higher than the plots with no fertilizer (Table 2). The highest yield, 5,290 pounds of grain per acre, was produced with a combination of 80 pounds of nitrogen and 40 pounds of phosphoric acid per acre. Yields from other treatments ranged down to 3371 pounds of grain per acre. The yield of the check plot was 2,973 pounds of grain per acre.

TABLE 2. Results of grain sorghum fertilizer test, Lubbock, 1955

Fertilizer	Pounds of Grain Per Acre
80-40-0	5290
80-80-40	5075
40-80-0	4988
80-80-0	4677
80-40-40	4563
40-80-40	4367
40-40-40	4242
40-40-0	4236
80-0-40	4192
0-40-0	3982
0-80-0	3866
40-0-40	3703
80-0-0	3615
0-0-40	3605
0-80-40	3436
0-40-40	3414
40-0-0	3371
0-0-0	2973

The difference in yield between any two treatments must be 936 pounds to give odds of 19 to 1 that such difference is real and not due to chance.

The above information was mailed to Goodpasture Grain by Gerald W. Thomas, Research Coordinator of the Agriculture Experiment Station at Lubbock. This work was done under the supervision of R. D. Lewis, Don Jones, and Harvey Walker.

PECOS DRUBS BROWNFIELD

Cubs Journey To Kermit On Friday; Tournament Is Here

The Brownfield Cubs basketball team will be on the road this weekend when they travel to Kermit, but there will be action aplenty at home when the seventh, eighth and ninth grades will play host to Tahoka, Levelland and Denver City in a four-team tournament.

JUNIOR HIGH GYM
The tournament here will get under way at 4 p. m. Friday when the Denver City seventh graders meet the seventh graders from Tahoka in the Junior High School gym. The second game that afternoon will pit the Levelland seventh against host Brownfield. Incidentally, all seventh and eighth grade action will take place in the junior high gym.

HIGH SCHOOL GYM
The ninth grade tourney, which gets underway Friday night at 7 will be played in the high school gym and Tahoka meets Levelland in the first game. The second game will pit Denver City against Brownfield. Second round and final play in all tournaments will be held Saturday morning and Saturday night. Play for the seventh and eighth grades begins at 9 a. m. Saturday while the ninth grade second round will start at 10 a. m.

The Cubs, in their last outing, were handily drubbed by the Pecos eagles, 66-50. Leslie Britton led the Cubs, in that attack, by dumping 15 points through the net. Pecos' big Bubba Ephraim, controlling rebound play most of the night, dropped in 23 points to take scoring honors for the game.

This is another conference game for the Cubs and still another will be played next Friday, Jan. 22, when the Cubs return home to meet Andrews.

Brownfield FFA To Compete in El Paso Livestock Showing

Eleven members of Brownfield Chapter, Future Farmers of America, have listed entries in the junior division of the 28th annual Southwestern Livestock Show, scheduled Feb. 4-10 in El Paso.

The event will be held in conjunction with the World's Championship Rodeo, Feb. 6-10, and the first annual International Range Bull Sale, Feb. 7, at the El Paso County Coliseum Fair Grounds.

The following Brownfield youths will show swine: Glen Chesshir, Gus Foshee, George Fugitt, Jon Fuller, Donald Godwin, Leon Hinson, Johnny Parker, Herbie Pickett, Jack Qualls and Bill Walker. Mike Smith has entered an Angus steer.

Walter Meyer, vocational agriculture teacher at Brownfield High School and chapter adviser, will accompany the FFA boys, who will be competing for auction sales proceeds of approximately \$500.00 and numerous premiums and ribbons. The auction is scheduled in the Coliseum ring at 10 a. m. Feb. 7. Judging will be held the preceding day at the same time, said Meyer.

Mrs. E. Latham To Head Garden Club

Officers for 1957 were elected Jan. 9 by members of Brownfield Garden Club, meeting in the Beta room, Brownfield clubhouse.

Mrs. Ernest Latham was elected president; Mrs. Lee Fulton, first vice-president; Mrs. H. B. Thompson, second vice-president; Mrs. Fred Turner, recording secretary; Mrs. Bob Spear, corresponding secretary; and Mrs. James King, treasurer.

The new president discussed the features of the arrangements, discussing a project made by Mrs. Ed Blackstock and composed of dried seed pods and other materials in a dried mesquite wood container and accented by two small ceramic stinkies.

Roll call was answered by the members with "The Flower I Have the Most Success in Drying."

DRUGGERS AND BOSSES — Pictured above are members of the independent TAAF basketball team, the Primm Druggers. From left, they are Don Powers, Gerald Jordan, Kenneth Sams, Elroy Payne, Bill Preston, Joey Johnston, C. W. Dukes, Ostell Burrus, Jack Devoll, John Gary, Rip Sewell and Paul Savage. Not shown are Charles Keese, Jake Garon and Glen Stroupe. Center is Manager-Coach A. R. (Ike) Isaacs of Brownfield. At left is C. C. Primm, owner of Primm Drug and longtime sponsor of the team. (Staff Photo)

Jim Reed Will Lead Phillips Oilers At Tech Gym Saturday

Brownfield's Jim Reed, son-in-law of Brownfield School Board President C. G. Griffith, will return to the scene of his triumphs Saturday night when he leads the Phillips Oilers against the Red Raiders of Texas Tech.

Reed, named to the Helms Foundation All-American team during his college career, holds eight of Texas Tech's all-time high records. Among these records are:

RECORDS STILL STAND
Single game—most points 41 against Furman; most field goals—18 against Furman; field goal percentage—67 against Furman.

One season—points 558 in 1954-55; field goals, 208 in 1954-55; rebounds, 407 in 1954-55; average points per game, 22.3 in 1954-55.

Career—1,679 points in four seasons.

For two years Jim was the Border Conference scoring champion. He made the all-conference team three years and was voted the most valuable player in the conference twice. Jim was a starter on the Tech team all four seasons during his college career.

Royal Service Is Held by the Circles At Calvary Baptist

All of the circles of the Calvary Baptist Church W. M. U. met at the church Monday for a Royal Service program.

A song, "Jesus Saves," was sung by the group. The calendar of prayer for the missionaries was read and prayer was led by Mrs. Elmer Perkins.

The program was "Missions in the Mississippi Basin." Mrs. J. B. Marsh gave "Our Foreign Neighbors"; "Friends of the Fields," Mrs. Warren Stowe; "The Negro Advances," Mrs. Perkins; "In Old New Orleans," Mrs. Mary Howell; "Sellers Home and Adoption Center," Mrs. L. T. Redding; "A Refuge for the Weak," Mrs. Oscar Decker; and "With the French in the Bayous," Mrs. Ed Norton. The meeting was closed with a prayer by Mrs. Howell.

J.B. KNIGHT CO.
FARM MACHINERY

By MRS. O. D. KENNEDY
HD COUNCIL REPORTER

Terry County Home Demonstration Council got off to a good start on the new year's work, when an all-day meeting was held Jan. 4 in the Party House.

Mrs. Loyce Floyd, 1957 council chairman, presided during the program and business session, attended by a large number of women from the eight clubs.

The plan of work for this year was explained and each of the eight committee chairmen received instruction and assistance in making the recommendation for 1957.

There are eight standing committees: citizenship, civil defense, health and safety, 4-H, finance, education, recreation, exhibit and publicity.

These topics of study, along with the programs set up by the Extension Service through the home demonstration agent, made HD work the largest "off-campus" educational organization in the world.

There are 44,900 HD members in Texas, and 3.5 million in the United States.

The following women are the council's new leaders: chairman, Mrs. Floyd; vice-chairman, Mrs. Tom Pettigrew; secretary, Mrs. Shafter Bailey, and treasurer, Mrs. M. Ancil Henson.

Here are the committee chairmen for this year: education, Mrs. J. L. Procter; exhibit, Mrs. Kelly Sears; citizenship, Mrs. Elvise Duncan; civil defense, Mrs. Joe Dale Doak; finance, Mrs. Pettigrew; 4-H, Mrs. Rufus Dill; recreation, Mrs. Doyle Johnson, and publicity and publications, Mrs. O. D. Kennedy.

Don Settles Reported Improved in Hospital

The condition of 12-year-old Don Alvin Settles was described as "improved" today following surgery Wednesday night in Treadaway-Daniell Hospital.

Settles, son of Mrs. J. M. Briggs, suffered a compound fracture of the right leg when a truck trailer fell from its dolly as he played beneath it.

The mishap occurred at a service station on Lubbock Highway.

tions are approved by the eight clubs, they will be made public and the HD women hope they may have the interest and cooperation of all the county as well as the residents of Brownfield.

Mrs. Floyd recently was chosen "Clubwoman of the Year." She is a capable leader, because she loves her work and the opportunity it has given her to develop her talents.

Senator Preston Smith

With the formal opening of the 55th Texas Legislature Jan. 8, Austin once again became the center of important activity necessary to operate the largest state in the Union.

For the next 120 days, the 150 members of the House of Representatives and 31 senators will be active considering new bills, levying taxes and appropriating funds.

The 55th will be an experienced Legislature by usual standards. In the House, 94 representatives were re-elected, and in the Senate there are only 8 new faces, this term, counting mjne.

Highlight of the opening ceremonies was the introduction of House Speaker Waggoner Carr of Lubbock. Amid the applause of hundreds gathered in the House galleries, Carr was handed the gavel that designated him Speaker of the House.

Carr had been in Austin a month making preparations for the session. He clearly outlined the need for early consideration of appropriation of funds. And, naturally, taxes will rank high on the list of "first things" to be handled by the House.

During the next 60 days, the Legislature will act on bills and resolutions. Starting with the second 30 days, at hours when the House and Senate are not in session, committees to which bills have been referred for study will hold public hearings.

It is during that second 30 days of the Legislature that you, as a private citizen, have

COUNCIL'S 1957 OFFICERS — Terry County Home Demonstration Council officers for 1957 are pictured above at the organization's first meeting for this year. From left: Mrs. Loyce Floyd, chairman; Mrs. Shafter Bailey, secretary; Mrs. Tom Pettigrew, vice-chairman, and Mrs. M. Ancil Henson, treasurer. (Staff Photo)

Rites Held Friday For R. S. Timmons

Funeral services for R. S. Timmons, 50, Brownfield resident who died in his home Monday after several months illness, were held last Friday in First Presbyterian Church, with the Rev. Ralph O. Dell, pastor, officiating.

Burial was in Terry County Memorial Cemetery, under direction of Brownfield Funeral Home. He had been a Terry County resident since last September, moving here from Nebraska.

Survivors include his widow, three sons, Jack Timmons of Lincoln, Neb., Keith Timmons of Tucson, Ariz., and Gail Timmons of Lake Charles, La.; one daughter, Mrs. Lois Blankenship of El Paso; one sister, Mrs. Nora Rish of Creighton, Neb.; and three grandsons.

your strongest voice in state government... for it is during this time that you can appear before the committees to voice your approval or objection to any legislation pending.

All in all, the opening of the 55th Legislature ran according to schedule, with dignity, color and excitement. Even after serving three terms in the House, the opening days of a New Legislature never fail to impress me with the responsibilities and pride that go with serving in public office.

It's good to be back. And while I'm here, this non-political column will report regularly on what's going on in the massive chambers and halls of your State Capitol.

RESULT OF WORK BEGUN IN 1921

Sorghum Hybrids Available for '57

Seven grain sorghum hybrids, developed cooperatively by the Texas Agricultural Experiment Station and the U. S. Department of Agriculture, will be available to farmers for planting in 1957.

These hybrids are the result of research work which began in 1921 and are the first practical hybrids to be released from these studies.

The seven hybrids, RS 590, Texas 401, RS 610, Texas 611,

Texas 420, RS 650 and Texas 440, are the best of several hundred produced and tested during the past 20 years at the Lubbock and Chillicothe stations.

Tests were conducted last year throughout Texas and all have thus been grown under limited field demonstrations. The plant breeders for the Texas station say still better hybrids with improved adaptation to various growing conditions can be expected in the near future.

Farmers are advised to plant one or more of the hybrids adapted to their areas and to make comparisons with standard varieties. Further, it is suggested, that only certified hybrid seed be planted as insurance that seed planted are cor-

rectly labeled.

Planting seed of these seven hybrids are white, but the grain produced will be red. In general, the higher the hybrid number, the later is its maturity, but none is as late as Plainsman. Yields 20 to 40 per cent greater than varieties of the same maturity under most conditions can be expected.

The plants show superior seedling vigor, rapid growth and uniform height and maturity. Since the hybrids have larger heads and are often slightly taller than the varieties, occasionally more lodging may occur in the hybrids. Cultural practices for the sorghum hybrids are the same as recommended for sorghum varieties.

Carroll Infant Rites Are Held on Jan. 9

Final services for Vicki Jan Carroll, 1 year and 10 months old, daughter of Mr. and Mrs. C. S. Carroll of Route 1, Brownfield, were held here Jan. 9 in Calvary Baptist Church.

The Rev. Ed Kettler of Roswell officiated, assisted by the Rev. Oscar Kensey of Challis. Burial was in Terry County Memorial Cemetery, under direction of Brownfield Funeral Home.

The young girl died early Wednesday in Treadaway-Daniell Hospital. She had been ill most of her life. Other survivors are one sister, Linda Kay; one brother, Spurgon; paternal grandparents, Mr. and Mrs. L. P. Carroll of Meadow, and maternal grandmother, Mrs. John Garner of Route 1.

AMMO-PHOS

did the job

for

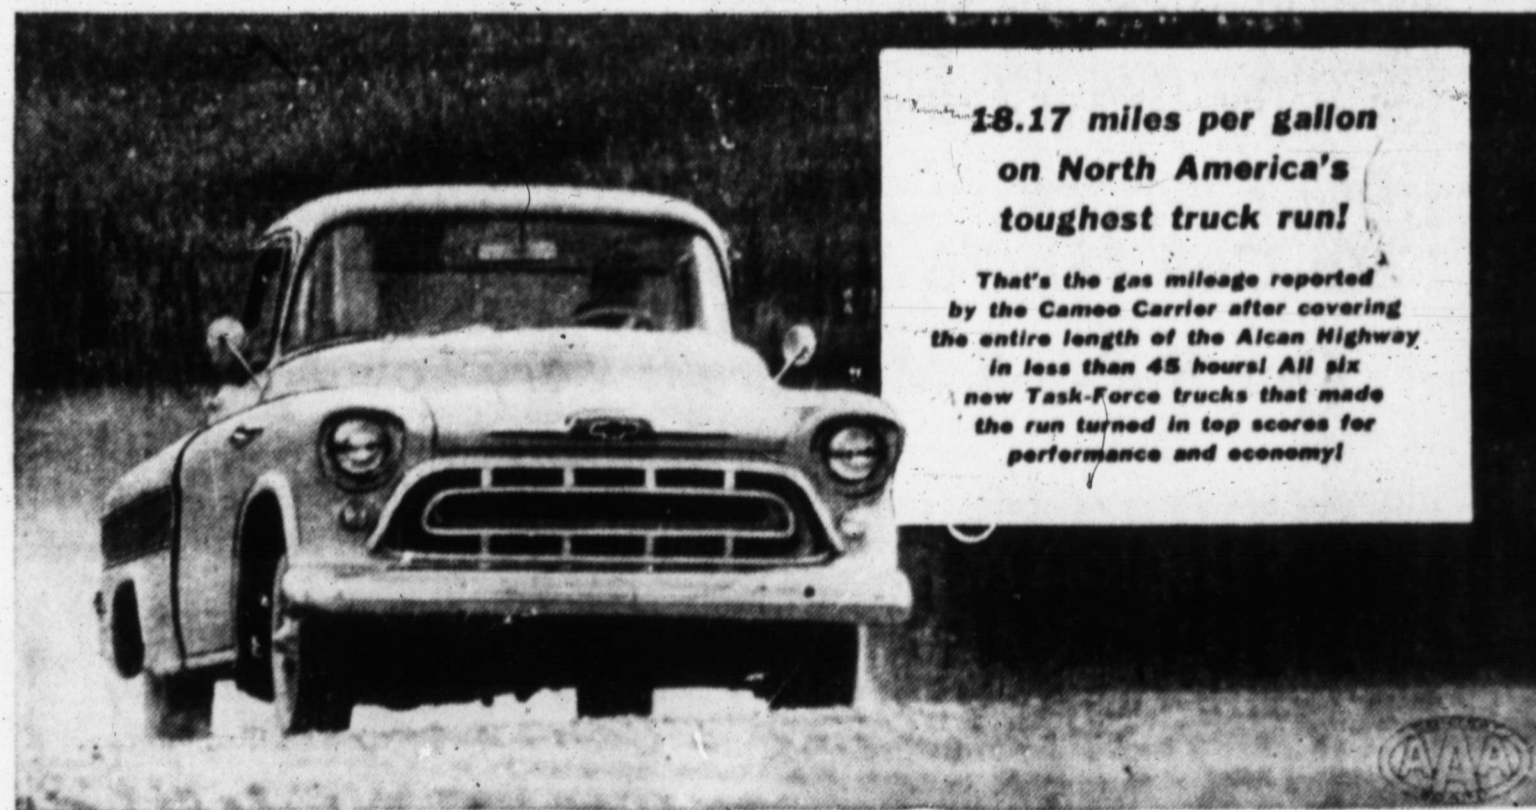

Mr. Bill Carter in 1956 And Will Do It Again In 1957

Pictured above is Mathieson's 11-48-0 stacked in the field and to be applied with spreaders in front of a breaking plow. Mr. Carter lives 7 miles west of Brownfield and is applying the same fertilizer he used in 1956; however, he is using quite a lot more per acre. He plans to apply additional nitrogen during the growing season.

This farmer is applying 250 pounds of fertilizer per acre of 11-48-0 and in these 250 pounds he is applying 28 pounds of nitrogen and 120 pounds of phosphate.

18.17 miles per gallon on North America's toughest truck run!

That's the gas mileage reported by the Cameo Carrier after covering the entire length of the Alcan Highway in less than 45 hours! All six new Task-Force trucks that made the run turned in top scores for performance and economy!

Supervised and certified by the AAA.

New Task-Force 57 Chevrolet Trucks

Six heavily loaded Chevy trucks ran all the way up the rugged Alcan Highway in less than 45 hours! That's cutting more than a full day off the normal running time! They ran right around the clock, stopping only to refuel.

But the important fact about this run was that it proved new Chevy trucks through and through. The Alcan Highway is a supreme test of every truck component. Engines had to

prove their power up high-climbing grades and through washouts. Frames and suspensions flexed their muscles over axle-deep ruts and miles of pounding gravel. "And not a single truck turned back or dropped out due to mechanical failure," states the official AAA report of the test. Every model proved its over-all economy by its ironclad ability to stay on the job! Stop by; we'll talk about it.

Choose your model from among Chevrolet's famous economy-proved Alcan Champs! Short-stroke V8's are standard in all heavyweight truck models and in many of the middleweights. They're loaded with modern features and built to take it!

Proved on the Alcan Highway Champs of every weight class!

Turner Home Demonstration Club Has First Meeting of New Year

The Turner Home Demonstration Club held the first meeting of the new year Jan. 2 in the home of Mrs. Troy Farquhar.

Mrs. Jones, president, called the meeting to order, and Mrs. Barfield Forehand read the minutes.

The following committee chairmen were named for the new year clothing demonstrator, Mrs. Allen Rollins, leader; Mrs. Troy Farquhar, and Mrs. Homer Sudderth; homestead improvement demonstrator, Mrs. Carl Lowrey, leader; Mrs. O. A. Pippen, and Mrs. Reg Martin; expansion education, Mrs. Hugh Snodgrass and Mrs. Lowrey; Citizenship, Mrs. Sudderth and Mrs. Farquhar; civil defense, Mrs. Earl Bryson and Mrs. Weldon

Spencer; recreation, Mrs. Rollins and Mrs. Pippen; finance, Mrs. Jesse Snodgrass and Mrs. Martin; yearbook, Mrs. Dee Sink and Mrs. L. L. Smith; and 4-H, Mrs. Jesse Snodgrass and Mrs. Bryson.

During the meeting, members voted to donate ten dollars to the March of Dimes.

The next meeting will be Jan. 16 in the home of Mrs. Lowrey. Gifts will be exchanged and secret pals revealed.

Mr. and Mrs. Fred Turner of 1305 East Tate spent the weekend in Sweetwater visiting their parents, Mr. and Mrs. J. W. Turner, and Mr. and Mrs. J. C. McFaney, and their families.

Rev. Henderson To Direct Money Drive

ABILENE (Special) - A \$500,000 dormitory building campaign for McMurry College is underway in the Northwest Texas Methodist Conference, with the first planning session for the Brownfield District scheduled for 6:30 p. m. Friday in Levelland's Wesley Methodist Church.

Co-chairmen who will direct the campaign in the district are the Rev. Vernon Henderson of Brownfield (604 East Tate), district superintendent, and E. W. Boedecker, Levelland layman.

The Rev. Mr. Henderson will preside at the Friday session.

Mr. and Mrs. A. M. Muldrow of 221 S. Club and Mr. and Mrs. Burton Hackney of 803 E. Broadway left Sunday for Austin to attend the inaugural festivities.

REV. VERNON HENDERSON

ers of Dallas and Will Smith of Beaumont.

Decision will not be definite until after the 1956 elections.

CITIZEN SHIVERS - Gov. Alan Shivers steps out of the Capitol into multiple private business activities.

He will continue to live in Austin where he will serve as chairman of the board of Western Pipe Lines, Inc. He also will oversee his farm and ranch property at Woodville and the Shary estate in the Valley.

His family moves from the mansion to a large rented home while remodeling of their next home, the 103-year-old Pease Mansion, is completed.

In his farewell address to the Legislature, Governor Shivers urged an unemotional approach to segregation problems. He gave his backing to a primary in the special senatorial election.

His departure closes a spectacular public career begun 22 years ago as a state senator from an East Texas district.

SHORT SNORTS - Dan Moody Jr., son of the former governor, now is parliamentarian of the Texas Senate. John Davenport, for-

Poultry Producers Warned in the Use of Some Insecticide

Recently made field observations have shown that the use of some insecticides directly on the skin of poultry is causing severe skin burning and discoloration, reports Kermit Schlämb, extension poultry marketing specialist.

He says this discoloration may take the form of large reddened areas and in some cases the skin takes on a "greased paper" look. Such discoloration, from the standpoint of market value, frequently more harmful than the damage caused by the external parasite that the grower is attempting to control, explains the specialist. It also is pointed out that the solvent or emulsifier used in the formula may be responsible for the damage.

It also has been noted if sufficient quantities of some of the stronger insecticides get directly on the skin of the bird, the insecticide may impart an off-flavor to the meat.

Schlämb says the extension entomologists do not recommend spraying any chlorinated hydrocarbon directly on poultry.

public printing, Charlie Heitman Jr. of Nacogdoches; representation before legislature, Reagan R. Huffman of Marshall; rules, R. H. Cory of Victoria; school districts, Alonzo Jamison of Denton.

NEW ERA - Secretaries will be heard, but not seen, this session. This and a number of other innovations are being tried out by the 55th Legislators.

Formerly the lawmakers secretaries, usually including many University coeds, were on and off the floor all during sessions. House members' secretaries had no desks of their own.

Now the house secretaries have basement offices. Their employers have new private telephones to call their secretaries, other lawmakers' desks and outside.

But banished secretaries can console themselves with pay raises—up from \$9 to \$10 a day in the House, from \$12 to \$14 in the Senate. Both are paid seven days a week.

Even so, many observers deplored the passing of the secretarial "beauty parade."

Housemembers also voted to permit radio and television broadcasting of their sessions.

FOUR SEEK SPEAKERSHIP - Campaigning for Speaker of the House in 1959 already has begun. Candidates are Repp, Joe Burkett Jr. of Kerrville, Ben A. Glusling of Kingsville, Barefoot Sand-

Attention:

Irrigation Well Owners

Allow Us To Make A Suggestion!

WE WOULD LIKE TO SUGGEST THAT YOU HAVE YOUR IRRIGATION WELLS TESTED EACH YEAR FOR INORGANIC SALTS . . . HERE'S WHY!

(THIS PLAN OF ACTION IS ENDORSED BY YOUR COUNTY AGENT)

1. As the water table lowers, there will be a danger of more salts being pumped. This is simply for your own information.
2. Since there has been considerable drilling by oil companies and water well drillers, there is a danger of seepage from other formations into your irrigation strata. This very thing has happened in Hockley County and since the irrigation farmer did not have a record of the purity of his water, he had no recourse.
3. This should be done every six months and not less than once a year.

(COPY OF BLANK FOR ANALYSIS OF WATER)

STATE CHEMIST

APPLICATION FOR ANALYSIS OF WATER

A sample of water to be used for irrigation or for livestock will be analyzed for inorganic salts for a fee of \$3.00, provided the sample is sent in accordance with the instructions given below. The fee covers only part of the cost of analysis. We do not examine the water for bacteria or for possible medicinal uses.

Directions for sampling: Rinse a CLEAN QUART bottle or fruit jar with the water three times and then fill it. Be sure to place your name and address on the outside of the package. Ship prepaid to the State Chemist, College Station, Texas. Mail this form and your check for \$3.00, made payable to the State Chemist, to the same address, or attach letter to package containing water sample.

1. Name and Post Office address of the person to whom the analysis is to be sent.
2. Distance and direction of the source of water from the nearest town.
Miles from _____ in _____ county.
3. This water is from a well _____ stream _____ pond or lake
4. If a well, give depth and capacity
5. For what purpose is the water to be used
6. State fully any trouble or difficulty which you have had from using the water
7. Does the soil to be irrigated contain free limestone or gypsum
Does it have a tight subsoil _____
Is the top soil heavy _____ leamy _____ sandy _____
8. Give all other possible information that relates to the water or the soil on which the water is to be used for irrigation.

(Mail information to:)

Got 5 minutes for fun?

That's all the time it takes to fall in love with Ford's spunkier V-8 power, its smooth as velvet ride, its easier-than-ever-handling

Love at first sight! That's the case with thousands of folks all over America. And why not? Those Ford Custom models are over 16 distinguished feet long. Those Fairlane models over 17 elegant feet long. And those lower, longer, sleeker lines! No wonder Ford's years-ahead styling sweeps you right off your feet.

But if you aren't sold on looks alone, remember Ford's beauty is more than skin-deep. And a 5-minute Action Test will prove it. Inside you'll find oceans of space to stretch out in. Breath-taking color schemes. Luxurious upholstery. And thanks to new "Inner Ford"

advances, you'll discover the smoothest riding, easiest handling low-priced car ever.

And of course, you'll find new, snappier power to go with Ford's out-of-this-world ride. It's the same exact brand of get-up-and-go that powered the '57 Ford to 458 national and international power-endurance records at Bonneville Salt Flats, Utah. And there's more of this skedaddle right through Ford's entire V-8 and Six lines. What's more, with a whole host of engineering advances, you can expect traditional Ford economy at its finest.

You bet! 5 minutes in the new kind of Ford and you'll want to drive it home. Why not visit your Ford Dealer's today. You have nothing to lose but your heart.

Action Test
the new kind of

Leaders Entertain GS Troop at Party

Mr. and Mrs. Jerry Kirschner and Mr. and Mrs. Jack Saurier were hosts and hostesses at the party house Saturday night for a dance and games party for members of the senior Girl Scout Troop 1. Mrs. Shirley and Mrs. Kirschner are troop leaders. The refreshment table was laid

with a white linen cloth and centered with yellow Crysanthemums. Punch and cookies were served to approximately 35. A bubble gum blowing contest was won by the girls' side.

Mr. and Mrs. Ben Lee of South 10th Street visited with their daughter, Mrs. W. E. Buchanan, in Hale Center Sunday, and with their new granddaughter, Charlotte, who was born Jan. 5. Mrs. Buchanan was Francis Lee's daughter. She attended high school here.

IN THE PICTURES—The telephone's the thing in the pictures here. In upper panel Paul Farrar, regional manager for General Telephone of the Southwest, goes about his writing as he talks over the telephone to his secretary, Miss Mildred Flowers, pictured left. Miss Flowers must use her hands with the older fashioned model. The secret of Farrar's "no hands" phone is a small microphone built into the instrument, picking up the human voice from 5-15 feet away. About the size of a dime, a speaker transmits the voice coming over the wire. Farrar says that several Brownfield firms and businessmen now have the "no hands" telephone ordered — they are not stock, here. The new device can be used "on mike" or as a standard instrument. They are manufactured by Automatic Electric, General subsidiary. (Staff Photo)

Nabam 19 Fails To Reduce Incidence Of Cotton Root Rot

During the past two or three years, unconfirmed reports have circulated in the Lower Rio Grande Valley that cotton root rot has been controlled and yields of cotton substantially increased by the use of a fungicide, Nabam-19 in irrigation water. In a recent field trial at the Weslaco Substation No. 15, Nabam-19 applied in irrigation water failed to reduce the incidence of cotton root rot or materially increase cotton yields when 2, 3 and 4 gallons an acre were used in each of four irrigations. Vapam, another fungicide, applied at 100 pounds an acre prior to planting was also ineffective as a cotton root rot control measure.

Root rot spots of wilting and dead plants occurred as frequently in treated test plots as in untreated plots and spread equally from one plot to another, regardless of treatment. Three other field trials receiving a single application of 4 gallons of Nabam-19 an acre and one which received 2 gallons an acre in 2 applications did not reduce root rot loss.

PHARMACY NELSON'S

Miscellaneous Bridal Shower Is Courtesy To Mrs. Jessie Norrell

As a courtesy to Mrs. Jessie Norrell, the former Miss Jo Beth Dumas, a miscellaneous bridal shower was held in the home of Mrs. Fred Turner Jan. 8 from 4 to 6 p. m.

Hostesses with Mrs. Turner were Mesdames A. R. Tyler, D. L. Patton, R. D. Shewmake, Carl Johnson, Arlie Lowrimore, Gladys Moorhead, Loyd Moore, E. L. Jackson, Dorman Dumas, Harlan Mason, R. M. Moorhead, Truman Pickett, and Luther Heath.

Mrs. Johnson received guests and presented them to Mrs. Turner, the honoree, and her mother, Mrs. Dorman Dumas.

The table was laid with a lace

cloth and featured an arrangement of pink carnations flanked with pink tapers in double branched candelabra. A styrofoam heart flanked with miniature bridal bouquets decorated the buffet, and a miniature bridal bouquet was placed on the registry.

Spiced tea and cookies were served by Miss Jerry Katherine Dumas, sister of the honoree. Miss Linda Moore registered guests. Assisting with hospitalities were Misses Connie Carruth, Gretta Howell, and Betty Hahn. Miss Jo Bess Boston played piano selections during the afternoon.

Approximately 50 guests called.

Bob Sampson Foreman At Bailey Chevrolet

Bob Sampson, shop foreman at Jack Bailey Chevrolet for the past two years, was named new manager this week of the company's body shop. Sampson's new position was announced by General Manager Bob Clements. Sampson is married and has two sons, Mike 5, and Tim 2. He and his family live at 902 East Repetto.

New 800-6A power unit develops 148 hp on LP gas and 134 hp on natural gas at 1200 rpm.

Here's another dependable MM power unit designed to furnish low-cost, trouble-free performance. Smooth, 6-cylinder high-turbulence power and counter-balanced crankshaft reduce torsional vibration for longer engine life. Newly designed heat exchanger base pan keeps oil at proper operating temperature, greatly increases engine life and lengthens period between oil and filter cartridge changes. Pan acts as a cooler as well. Sight oil glass provided in base pan can be converted to oil-flow control valve for adding oil directly to crankcase from a barrel of oil, thereby keeping oil at a constant level. Pan attaches directly to an SAE standard flywheel housing and provides a rigid mounting of the power take-off for heavy belt drives, etc. Double-disc clutch and power take-off are of heavy-duty design.

MM heavy-duty power units are noted for their long life. Nine models to choose from. Stop in soon. Let's talk over your power needs.

GEE GEE'S Chit Chat!

It's rather something when a celebrity appears in West Texas and especially Brownfield. It's even more of an occasion when a celebrity comes to Brownfield just to look up an old friend. Such was the case last Friday. Crawford Taylor was playing in a golf foursome at the Brownfield Country Club, and was pleasantly surprised to find waiting for him on No. 6 green, Dave Rubinoff, eminent and famous violinist, who appeared in Brownfield recently in concert.

It seems that Crawford was emcee for the concert and he and Rubinoff became friends. Friday, Rubinoff and his accompanist, Homer Phillips, and manager, Ralph Pearson, were en route from California to Pecos for a concert and Rubinoff wanted to see Crawford again. He went to the trouble of inquiring for Crawford, found he was golfing, and drove all the way out to the

Saturday 9:00 A. M.—7:00 P. M.

Shelton's

Local Man Will Attend Assembly

West Texas citizens will gather Jan. 22-23 at Texas Tech to recommend action for regional development.

Community leaders will report results of local round-tables on eight possibilities for regional improvements: water, mineral resources, agriculture, economic diversification, community revitalization, intergroup relations, housing and use of government and educational agencies. Sponsoring the assembly are the West Texas Council on Adult Education and the Texas Tech Adult Education program.

Among the communities and leaders who already have held round-tables on regional development are Brownfield, Kennel, Browning.

Faith Circle Has Meeting Monday

Faith Circle of the First Methodist Church met at 9:30 a. m. Monday in the Webber room at the church.

The meeting opened with a hymn, "Help Somebody Today," followed by a prayer by Mrs. Cleo Williams. Mrs. Era Proctor led the study on "Islands In My Community."

Mrs. G. S. Webber gave the devotional, the 68th Psalm. The group then read a playlet.

During the business meeting, the members voted to continue having circle meetings at the regular time and place. Mrs. Webber announced that the next study will be on "Paul's Letters to the Church."

Members present were Mesdames Williams, Proctor, Webber, W. B. Downing, Ida Bell Walker, Florrie Early, and Ben Hill. Bibles 1-24 Leaders Entertain

club and waited so that he could see him.

Very nice to see J. O. Gilham back at his desk at the Brownfield State Bank & Trust company and to know that P. R. Cates is improving. The two men were injured in an automobile accident a couple of weeks ago near Las Cruces, N. M. and were lucky to have escaped without more serious injuries. Anyway, we're glad to have them back on the reservation again.

While I'm thinking of it, want to remind you that Shelton's has new store hours, effective as of now: They'll be open from 9 a. m. to 5:30 p. m. week days, except from 9 a. m. to 7 p. m. on Saturdays.

Now that everyone is scurrying around, trying to get all the dope together for the income taxes, you might be interested to know that Mary Ballard now is working in the Internal Revenue office in Dallas. Wonder if she's worked there long enough to give us some pointers?

We'd like to welcome to Brownfield the C. G. Griffins and son, Teddy, who have moved here from Floydada. Griffin will take over the place vacated by Jack Mann at Brownfield Country Club, and we hope the Griffins will like Brownfield. The Manns went west, to Pomona, Calif.

MANAGERS ENTERTAINED — The managers and employees of the Fenton Shoe Stores in Brownfield, Lamesa, Littlefield, Snyder and Kermit were dinner guests last Tuesday night of owner Myron Fenton. The event was held in the Hitch-N-Post. In

the picture above, from left, Fenton's guests were Shirley Avery; bookkeeper; Mary Rogers of Brownfield; Lucille Herndon of Lamesa; George Rich, formerly of Brownfield and now manager of the Fenton store at Kermit; Glenn Rainwater of Snyder,

der, Mrs. Mark K. Foley of Littlefield, and Fenton. With the exception of Miss Avery, all are managers. (Staff Photo)

WOMEN'S NEWS

CHALLIS NEWS

By MAE HENDERSON
NEWS Correspondent

Mrs. Wayne Bagwell was honored with a pink and blue shower in her home last week. The gifts were displayed in the living room, and refreshments were served to approximately 21 guests.

Pastor and Mrs. Kensey and Sharon of Seminole were guests in the E. N. Corley home Sunday.

The Women's Missionary Union met at the church Monday at 3:30 p. m. with the president, Mrs. Clea Carroll, presiding over the short-business meeting.

Mrs. Tom Pettigrew led the Bible study from Jeremiah 39:52. One new member, Mrs. Slater, and 11 old members attended.

Our sympathy goes to the Carroll in the loss of their baby daughter, Vicki Jan, who died in her home early Wednesday morning, and to the Rhiehart and L. u. c. a's families in the deaths of their loved ones.

Mr. and Mrs. T. C. Pettigrew and boys attended a golden anniversary of a friend in Station Sunday.

Mr. and Mrs. Wavne Bagwell and daughter visited in the C. S. Carroll home Sunday evening.

Dinner guests in the home of Mr. and Mrs. Edd Whitaker Sunday were Mr. and Mrs. John Avery from Brownfield, Mr. and Mrs. Preacher Brooks of Ralls, and Mr. and Mrs. C. S. Carroll.

Janice Sue Bagwell spent Saturday night with her grandparents, Mr. and Mrs. L. R. Bagwell.

Cub Scouts Hear Astronomy Talk

Den 2 of Cub Scouts, Pack 74, met in the home of Terrell Isbell Wednesday at 7 p. m.

Charles Isbell, who has astronomy as a hobby, discussed with the Cubs the planets and stars.

Following the discussion, members were able to view the moon through the telescope. They also saw Orion, Mars, and many of the other planets and stars.

Those present were John Jennings, den chief; Dickie Toon, Larry Simmons; Joe Ned Barker, Archie Jennings, Joe Bob Lee, and Perry Bryant, Jr. Cubs; and Mrs. Lewis Simmons, den mother.

Just Snooping

By GEE GEE PRIVITT
NEWS Staff Reporter

The spotlight this week is on the small fry, with all sorts of cuties designed just for the wee ones.

In blue denim for the little girls, SHELTON'S has just received a shipment of Dan River Dantuff dresses with button front, vash tie, and smart red and white "stars and bars" trim, complete with smaller collar tied at the neck. In matching color and material a practical and pretty "T" suit for the little girls' play hours. These are really wonderful... they're pretty, practical, and so inexpensive.

For the smaller crew, both boys and girls, SHELTON'S has so many different outfits in so many colors and styles that you'll have a hard time choosing. The new Speedon dress's pantie set for 9 to 18 months comes in dainty rosebud print in yellow and blue or pink. Panties are elasticized for water repellency, and the dress has puff sleeves and Peter Pan collar. And for boy or girl, it's the all stretch nylon Speedon sweater in solid blue or yellow with white trim. One size fits all. These are real time-savers for Moms.

Speedon name for the babies come in solid white, pink, blue, yellow, or mint, or in dainty rosebud prints. All have drawstring bottom hems, and are available with mitten handkerchiefs or without. These gowns launder beautifully, as do the entire line of Speedon small fry garments. You'll find a complete line of infants' shirts and caps, training nappies, sheets, and new adorable "Guillies"... wrappers made of finest combed cotton quilted on Dacron filling that is warm without being bulky. In blue with white, low lining and pink rosebuds with pink lining.

Mrs. Mae and her staff at SHELTON'S announce new winter store hours effective immediately: week days they'll be open from 9 a. m. to 5:30 p. m., and from 9 a. m. to 7 p. m. Saturdays. Go in and shop around, and put your youngsters on the "best dressed" list with SPEEDON. Adv.

It's a suit spring for 1957 and because there's such great variety in design, you may have your suit almost any way you like. The two versions here show the suit with easy lines. Beige and white shadow-checked silk and wool suit by Harry Freehler (left) has slightly shaped jacket worn with trouser-pleated skirt. From George Carmel comes (right) a beige silk and wool suit with double-breasted short box jacket. Collar is low, wide and flat.

Keys To Happiness Is AO Club Study

"Keys to Happiness" was the program topic when Alpha Omega Study Club met at Seleta Jane Brownfield clubhouse at 4 p. m. Jan. 8. Mrs. Curtis Sterling was hostess.

In carrying out the theme of study, Mrs. Fred Smith discussed "Three Steps to Personal Peace," and Mrs. Earl Jones discussed "Stop and Meditate." Mrs. Jake Gore was program director.

Mrs. Arlie Loarimore conducted the business meeting in the absence of the president, Mrs. Tommie Hicks. Mrs. Jack Cleveland welcomed Mrs. Ben Christopher into the club as a new member. Coffee and cake were served to Mesdames Marion Bowers, Cleveland, William Cope, Doug Cox, Grady Goodpasture, Gore, Jones, C. R. Lackey, Lowmire, Smith, Sterling, E. Y. Willey, and Christopher.

Gala Bridge Club Meets With Mrs. Orb Stice

Gala bridge club met in the home of Mrs. Orb Stice Jan. 8 at 7:30 p. m.

A salad plate and coffee were served to Mesdames Eddie Ballard, John Clark, Harry Cornelius, Burton Hackney, Clovis Kendrick, B. N. Lowe, J. O. Rodgers, Harlan Glenn, Coy Barnett, Herbert

Mrs. Burton G. Hackney Hostess To Las Amigans

Las Amigas bridge club met Jan. 9 in the home of Mrs. Burton Hackney.

A salad plate and coffee were served to Mesdames A. M. Muldrow, Tom Harris, Kenneth Watkins, Lal Copeland, Grady Goodpasture, J. T. Hays, Orb Stice, and Harry Cornelius.

Mrs. Stice scored high. Mrs. Copeland was second high and bingoed, and Mrs. Hoy also bingoed.

Chess, Troy Noel, and Earl Layman.

Mrs. Glen was high player and Mrs. Layman was second high. Mrs. Lowe won consolation, and Mrs. Rodgers and Mrs. Noel bingoed.

WCSG Group Begins Study on "Youth"

The Women's Society of Christian Service of the First Methodist Church met at 9:30 a. m. Jan. 7 in the church parlor for the first lesson of a new study, "Youth in A Responsible Society." Mrs. Glenn Harris is director of the study.

Mrs. J. C. Criswell opened the meeting with the reading of a poem, "Happiness," followed by a prayer, Mrs. J. H. Carpenter gave the devotional, with a prayer by Mrs. James Tidwell.

Mrs. Harris spoke on "Religious Bases of Concern for Young People," followed by a film strip, "Make Way For Youth."

Stop dreaming... PRICE IT!

The Chieftain costs less than a lot of the "low-priced" cars yet delivers MORE POWER—MORE WHEELBASE—MORE ROOM!

Think this big, brawny beauty would fetch a fancy figure? Not the Chieftain. It's made to order for wishful thinkers—priced right down there with the strictly budget jobs! Surprised? You'll be even more so when you look over the long list of premium features in this brilliant newcomer. Under that glamorous garb, for example, is a big, rock-rugged X-member frame, riding solidly atop a whopping 122-inch wheelbase! Cushioning each wheel is Level-Line Ride, Pontiac's new dimension in suspension, bringing you the smoothest, safest ride you've ever known. And up front is the deep-chested new 347 cu. in., 10 to 1 compression ratio Strato-Streak V-8 engine—as sweet a performer as ever came down the pike! So, come on, stop dreaming! Come in and have a look at this big and beautiful automobile's eye-rubbing price! Size it up! We're willing to wager your next step will be into a Pontiac Chieftain!

Thursday Night Club Met With S. Grahams

Mr. and Mrs. Sawyer Graham were host and hostess to their Thursday night bridge club Jan. 10.

Cocoanut pie and coffee were served to Messrs. and Mmes. Earl Jones, J. O. Burnett, Jr., J. L. Kemper, Joe Christian, and Crawford Taylor.

Mr. and Mrs. Burnett were high couple and Mr. and Mrs. Christian were low. Mrs. Burnett and Mr. Taylor binged.

Barstow Rites For Mrs. Dolly Willman

Final services for Mrs. Dolly Willman, 73, a Meadow resident for about one year, were held last Thursday in the Church of Christ at Barstow, and burial was in Barstow Cemetery, under direction of Brownfield Funeral Home.

Mrs. Willman died Jan. 8 in the Meadow home of a daughter, Mrs. Gladys Beavers. A former resident of Bristow, Mrs. Willman is survived by another daughter, Mrs. Loraine Crowover of Meadow, and one son, C. V. Willman of Peecos.

No Gain in Total of Fertilizer Tonnage Sold in First Half

Total fertilizer tonnage sold during the spring of 1956 was about the same as during that period in 1954 and 1955. Tonnage of mixed goods sold in the first six months of 1956 was 5 percent less than a year ago, according to J. F. Fudge, state chemist, but sales of materials were about 5 percent higher.

Highly significant decreases occurred in sales of all grades with-out nitrogen, Fudge said, indicating increased availability of nitrogen materials. Grades of high-analysis 1-2-1 ratio accounted for two-thirds of the mixed goods tonnage and 1-1-1 grades composed one-eighth of the total.

Fudge said the trend toward higher analysis fertilizers is still on the up-grade. Sales of the 5-10-5 grade were over 20,000 tons lower than those of 1952 while high analysis sales have climbed 24,000 tons in a five year period.

Amount of nitrogen sold was up 6,000 tons from the same period last year and is over twice as high as in 1952. Sale of normal and concentrated super-phosphates was about the same as in 1955, but showed a slump of two thirds from 1952 sales. Significant increases were noted in tonnages of anhydrous ammonia, urea, and ammonium phosphates.

East Texas used slightly over one-half of the nitrogen, available phosphoric acid, and potash in mixed goods. East Texas also accounted for 50 percent of the 1-2-1 goods and 55 percent of the 1-1-1 goods sold. West Texas used two-thirds of the total tonnage of anhydrous ammonium sulfate and 16-20-0, and two thirds of the

"LOOK, MA, NO HANDS!"—A picture of glee is 10-month-old Patty Lischora as she proudly balances on her mother's outstretched hand. Her "daring" is inherited. Her mother, Marion, thrills spectators at Ojus, Fla., by diving on horseback into a pool of water from a 40-foot tower.

Drouth-Assistance Legislation Will Be Introduced by Mahon, Other Solons

WASHINGTON, Jan. 17 (SpI).—Rep. George Mahon of the 19th District has joined with several other Texas congressmen and senators in introducing legislation in the new session of Congress designed to bring early assistance to the drouth-stricken areas of Texas and the Southwest.

The proposal as worked out and presented was termed a "two-fold approach to the drouth problem."

The bill was described on

rock phosphates.

Average composition of all mixed goods sold in the state was approximately a 7-14-7 grade and the average percentage of nitrogen in all fertilizers increased from 8.52 in 1951 to 16.74 this year. The complete report is available from the Agricultural Information Office, College Station. Ask for Progress Report 1890.

Mahon and Poage pointed out that the prime purpose of the bill would require the Department of Agriculture to make payments to land owners who will agree to defer the use of their depleted pasture lands for periods of not less than 12 months. The program would become effective immediately and would continue over a period of three years after the drouth is broken.

The congressmen explained that the present crisis "well could become a permanent condition unless steps were taken to give the par-

Beef Cattle, Cash Crop Make Good Combination in East Texas

Blackland Prairie and Grand Prairie farms, primarily cotton and corn growing areas of the state, may be profitably supplemented with a carefully planned beef cattle enterprise, says A. C. Magee, Professor, Dept. of Agricultural Economics and Sociology, Texas A & M College.

Control of excess water in reducing soil losses through erosion in central Texas can best be accomplished by establishing permanent pastures and putting close-seeded grains, legumes and grasses in the cropping system, according to Magee.

This offers a well-balanced land use program and a cattle operating plan designed to supplement each other. It increased earnings on central Texas test farms by \$200 to \$1200.

Sound planning is the key to coordinating such a venture, warns Magee and an adequate stock water supply is a must as are ample feed reserves. Silage fed in the observations produced economical gains, but farmers with lowest costs used grazing most of the year obtained from permanent pastures, sudangrass, oats or stalk fields.

Blackland pastures furnished 40 percent more grazing days per acre than Grand Prairie pastures.

An acre of sudangrass usually furnished 3 to 4 times the number of grazing days as an acre of permanent grasses.

Magee said it took almost as much time to feed and care for 12 cows as it did for 24 and that one bull was needed whether the herd consisted of 10 cows or 30.

Supplemental feeding was done during the winter when crop work was slack with Blackland farmers averaging about 35 minutes per day looking after their beef enterprise for the entire year. With larger herds, Grand Prairie farmers averaged about 50 minutes a day.

Generally, steer herds were operated more flexibly in the central Texas tests than cows and gave most profitable returns when kept for a long grazing period.

Calves on feed usually were marketed when they would grade Good or Low Choice. Demand for this quality beef prevailed at markets where most farm cattle were sold. Fall calves were old enough to

utilize considerable grazing during lush spring season and brought relatively high butcher calf prices. Price trends were important factors in buying and selling.

If you have become aware of the appearance of tiny wrinkles, take particular care not to let your skin become dry. Use a good night cream faithfully. The application of adhesive plaster across the wrinkle, gently pulling the skin smooth first, sometimes helps.

SAFE DRIVERS SAVE \$...if

a bill now before the Legislature is passed. That bill is a flexible rating law for casualty (including automobile insurance).

Many economically-operated insurance companies are in a position to charge rates substantially lower than those of companies with more expensive types of operation.

Thus, it will mean that the insurance buyer can shop around and get the best buy for his insurance dollar—something he cannot now do.

More importantly, it will mean that the careful drivers will no longer have to subsidize the careless driver.
