ATTORNEY URGES 'CAREFUL WATER MANAGEMENT'

Chamber Banquet Grows in Stature Each Year

More than 380 persons gathered last Thursday for the annual Brownfield Chamber of Commerce banquet, fast becoming the largest social-civic event of the year. Seated in junior high school's sparkling new cafeteria, the guests heard Atty Gen. Will Wilson confirm their thinking that "Management of water is the key to growth of your Terry County."

Satterwhite and Mrs. Satterwhite were introduced as "Those two persons who keep our chamber going." In addition, the guests applauded these 1957 directors: Charlie Price, Dennis Q. Lilly, Earl Jones, Morgan Copeland, Sammy Jones, Cliff Jones, D. L. (Dip) Pemberton, George O'Neal, Coleman Williams, Myron Fenton, Lal Copeland and Bill Bridges.

MIKE BRUMBELOW and DOUG COX
MIKE BRUMBELOW IS SPEAKER

Fog over the state had delayed the arrival of Mr. and Mrs. Wilson by plane from Austin. They and their Brownfield hosts, Mr. and Mrs. Al Muldrow, were hard-pressed to "get there on time."

Retiring directors are B. F. Hutson, Marion Bowers, C. C. Primm and Joe Christian.

Principal objective of the annual event, in addition to listening to well-known speakers, is the introduction to the public of the chamber's new officers and directors.

Wilson explained to his audience that the apparent conflicting common laws regarding water in streams "probably will be resolved about the same as the oil laws, which prevent one owner from using his property so as to cause an adverse effect on adjoining property."

The audience met these officers: J. L. (Dusty) Kemper, president, and Curtis J. Sterling, vice-president. J. T. Hoy is the retiring president, Chamber Manager Joe

"I urge each of you," he continued, "to work for careful management and conservation of this area's underground water supply. The way it is handled will spell the fate of Brownfield and Terry County."

Annual Religious Census Scheduled Sunday Afternoon

Annual religious census for Brownfield will be taken at 2 p.m. Sunday.

Highlight of the chamber's 1956 operations and the proposed program for 1957 were detailed for the banquet guests by Sterling.

March, April Set as 'Musical Months'

Three BHS faculty members and four students returned this week from Dallas, where they took part in the Texas Music Educators convention.

Dinner music was provided by Pianist Jerry Gannaway. Other entertainment was presented by the Brownfield High School Octette, under the direction of Charles Gunn, son of Mr. and Mrs. Gene Gunn of 1015 Tahoka Road.

Teachers accompanying the quartet were Smith; A. V. Wall, choral director, and Jim Williams Jr., director of Junior High School Band.

Emcee Copeland acknowledged the cooperation of Joe Jackson, Furr's Brownfield manager for arranging the use of an airplane to bring the Wilsons here and to return them to Austin the following day; Ves Hicks and the FFA Chapter for table arrangement; Hoy's Flowers for decorations, and Mrs. Jack Mason for dinner arrangements.

Students were Norris Lewis, son of Mr. and Mrs. W. N. Lewis of 608 East Hill; Mary Jane Brownfield, daughter of Mr. and Mrs. Lee Brownfield of 508 South C. Dixon Latham, son of Mr. and Mrs. Weldon Latham and Betty Hargrove, daughter of Mr. and Mrs. J. S. Hargrove of 1117 Tahoka Road.

Out-of-town guests were registered from Lubbock, San Angelo, Lamesa, Littlefield, Hobbs, N. M., Carlsbad, N. M., Plains, Levelland, Snyder, Abilene, Tahoka, Big Spring and Seminole.

Smith, regional chairman for TMEA and state board member, said this morning that some 3,000 persons from throughout the state took part in the proceedings.

He also explained that two all-state bands, two all-state orchestras and an all-state chorus of 385 voices, were organized. Climax of the event was a concert Friday night in State Fair Park auditorium.

He stressed that a card should be used for each member of the family.

An invocation was said by the Rev. W. J. Spreen of First Christian, and the benediction was asked by the Rev. Ralph O'Dell of First Presbyterian.

The participating churches have See CENSUS Page 2

USAF ACADEMY APPOINTEE — Charles Inscore, 18-year-old Brownfield High School senior and son of Mr. and Mrs. C. H. Mabry of 907 South Second, was notified this week of his appointment to the U. S. Air Force Academy. His appointment was announced by George Mahon, U. S. congressman of the 19th District. Inscore is the second Terry County appointee to the academy in the past two weeks, Jerry Carmichael of Wellman being notified of same by Senator Lyndon Johnson. Rigorous testing still faces the senior when he undertakes entrance examinations March 12 in San Antonio, Houston or Wichita Falls. Inscore gained the coveted appointment — he's planning a USAF career — Oct. 22, when he scored highest on a Civil Service examination in Lubbock. There are nine alternates for his place. Inscore was born in Lubbock, and has been in school here since the sixth grade. He'll be graduated in May. He is ranked in the upper 12 percentile of his graduating class in the Iowa Educational Development Tests and in the 90th percentile in the nation. (Staff Photo)

BHS Coaches, Athletes Are Honored at Annual Banquet

By HAL ROCHE
NEWS Sports Editor

"After 30 years of coaching, you look back and realize that it isn't too important whether you win or lose. You are left with a sense of pride and satisfaction when you know that you did your best with what you had."

QUEEN BARBARA KNOX

So said Mike Brumelow, head coach at Texas Western College in El Paso. He spoke here Tuesday night to more than 200 persons attending the annual Athletic Banquet, sponsored by Brownfield High School pep squad.

Brumelow, a humorous and conscientious speaker, kept the students, coaches and guests chuckling throughout his address, which touched at times on his experiences as a coach and businessman.

Held in Brownfield Junior High School cafeteria, the guests dined on roast beef, whipped potatoes, English peas, pear salad and rolls.

The invocation was said by Ernest Hyman, with Dixon Latham giving the welcoming address to guests to BHS coaches and athletes.

Donna Sue Christopher and Latham provided special entertainment for the guests, and Janell Bragg, emceeing the event, introduced Head Coach Doug Cox.

The night's program was climaxed with the crowning of Barbara Knox, 17-year-old daughter of Mr. and Mrs. W. C. Knox. The ceremony was conducted by Jackie Meeks and Mike Browning.

The Texas Western coach concluded his talk: "I don't think that events just happen. I believe they are planned by a Supreme Being. The Lord has a plan for everything, and they work themselves out according to His plan."

Possible Wolfcamp Production Opened In Western Terry

J. C. Williamson, Midland independent, apparently has opened new Wolfcamp production in the depleted Coroco-Devonian area of West-central Terry County. Discovery prospect is his No. 1 Green. Test tool remained open for 2 hours 5 minutes to evaluate the Perma-Penn from 10,050-10,120 feet. Gas hit the top in eight minutes and oil followed after 1 hour 50 minutes. For the remainder of the test, oil flowed at the rate of 10 barrels an hour.

After tool closed, a full string of oil was recovered, with no water reported. Pressures were not reported. Drilling was resumed, with hole being made below 10,304 feet at latest report.

The indicated strike spots 2,310 feet from north and 1,980 feet from west line of Section 33, Block D-11, NEMRR Survey, 11 1/2 miles west of Brownfield on a 180-acre lease.

It is one-half mile north of a depleted Devonian discovery, 6 1/2 miles southeast of Prentice Field production and 4 1/2 miles northwest of a recent Devonian Discovery. Depth objective is 12,750 feet to evaluate Devonian.

BANQUET PRINCIPALS — Pictured above are men who held the spotlight during last Thursday's annual Chambers of Commerce Banquet. From left: Director Morgan Copeland, who emceed the event; Curtis J. Sterling, vice-president; J. L. (Dusty) Kemper, president; J. T. Hoy, retiring president; Will Wilson, Texas attorney general who delivered the main address, and Al Muldrow, who introduced the main speaker. (Staff Photo)

NEWS & VIEWS

We had the privilege of hearing the Rev. Ralph O'Dell, pastor of First Presbyterian Church, give the main address at the annual Tatum Chamber of Commerce banquet, Tuesday night, and can sincerely say the talk was most outstanding.

The Rev. Mr. O'Dell challenged the chamber members to take an active part in their town by giving of their time and their money, seating, "Your dollars spent for your city is money invested for your future, your children's future, and other people's children who are as precious as your very own." Those present were royally entertained with stories and jokes told by the speaker on people in his own profession and others.

At last... We will be printing our paper in Brownfield this next week! As you know, our mechanical department has been going to Lamesa every Monday, Tuesday and Wednesday afternoons and working into the night to get our paper printed since the explosion on Dec. 8. Almost without fail, four of five of our employees, would not get back to Brownfield until 5 or 6 o'clock in the morning. It has been pretty trying at times and yet we feel so thankful that we are still alive that we can't complain.

As for our advertising, editorial and bookkeeping departments, we hope to move into the new building this Saturday; however, we are not positive at this time.

We are quite proud of our new building and certainly we are anxious for everyone to see it. So, as soon as we can get settled, we will have an Open House so that every one can visit our plant.

Tonight is the last of the Tournament of Talent Show being sponsored by the Lions Club. We saw a preview of the show and if you want an evening of wholesome entertainment, drive out to the High School Auditorium tonight. There is some pretty good talent out in schools.

Fire Calls Few, And Damage Light for Year

Calls have been few and damage light since Jan. 1, Chief Leonard Issacs reported this morning for Brownfield Fire Department.

One room of furniture was destroyed last week by fire in the Johnson Community. Fire burned the tires from a tractor owned by Kenneth Purcell. A shortage in a neon sign did minor damage Tuesday to Guy's Drive-In on Seagraves Highway. Two or three car-fires have been reported since the first of the year within the city limits.

We want to express our sincere appreciation to "Cool" Arnold at Cobb's for accepting chairmanship of the Retail Committee for 1957. The first meeting is this coming Tuesday, 2:30

Mrs. Burton Hackney announces that the Junior High band parents club will have a cake mix sale in all local grocery stores beginning March 1, with proceeds going into the general band fund. Jim Williams is bandmaster.

78-FOOT TOWER TO CATCH ALL EYES

Construction Begun on First Presbyterian Sanctuary And Arcade; \$160,000 Contract Goes To Lubbock Building Firm

Contracts totaling \$160,000 were awarded Feb. 14 and construction of the First Presbyterian sanctuary was begun Wednesday.

esch, clerk of the session; Mrs. Sammy Jones, president of the board of deaconesses, and James Murdough, president of the board of deacons.

Arvid D. Hays of Lubbock has contracted to complete the work in 210 building days, the Rev. Ralph O'Dell, pastor, said this morning.

After the bids were explained to the church council—elders, deacons, deaconesses and trustees—the contract was awarded unanimously to Hays.

The Rev. Mr. O'Dell explained that seven contractors submitted bids last Thursday to Atkinson, Atcheson and Cartwright, Lubbock architectural firm.

Of functional Gothic in design, the new sanctuary will feature laminated arches in the interior, two-inch V-joint roofing which will be exposed on the interior, elevated chancel, all in natural stone.

The bids were opened and processed at the church by the building and finance committee, comprising Chairman Bruce Zorns, Al Muldrow, Lal Copeland, J. M. Teague, Clovis Kendrick.

Architectural theme is, "There is nothing as beautiful as the natural colors of wood and stone." When finished, there will be a covered arcade between the new

sanctuary and the east portico of the present sanctuary.

To catch all eyes will be the 78-foot tower, first floor of which will be the northex. Second floor will be the Bible room, third floor will house water cooler, fourth floor will house electronic amplification unit, including chimes.

A total of 527 persons will be seated comfortably in the new sanctuary, 400 in the nave, 80 in the balcony and 42 in the choir. Choristers will sit eight feet above the congregation.

Growing green plants will be in the interior of the sanctuary. A natural patio will be formed by the sanctuary, arcade, present sanctuary and educational wing.

Scheduled to make their bow tonight are finalists in the Negro and elementary divisions. Scheduled for their first appearance tonight are contestants in the high school, junior high school and out-of-town divisions.

Thursday night the 2-hour program comprised seven Negro, 16 elementary and six special numbers. Two appearances were made by the Bowman Brothers of Lubbock, two by the Sand Tones of Brownfield, and two by the Two Tones of Lubbock.

The schedule tonight: five junior high acts, nine high school acts and some six specials by the same groups.

In addition, a special appearance is slated by Doyle Parker and Yvonne Nettles, dance team. See LIONS Page 2

Census—

been assigned areas in the city. Groups of canvassers will be at work in each area Sunday afternoon.

"These persons who will be working Sunday afternoon," said the Rev. Mr. O'Dell, "will be doing so unselfishly for the good of the whole city and for all the churches. They deserve fine praise."

Participating churches are Assembly of God (Cameron S. Stanton pastor), Church of the Good Shepherd Episcopal (Rex Simms), Evangelical Methodist (William Mayo), First Baptist (Dr. Jones W. Weathers), and First Christian (W. J. Spreen), First Methodist (James Tidwell), First Nazarene (Howard Smith), First Presbyterian (O'Dell), Immanuel Baptist (Boyd Pearce), Northside Baptist (A. J. Franks), St. Anthony's Catholic (Paul Henry Laub) and Second Methodist (Ray Elmore).

Lions—

The duo won the top prizes last year. Tickets still may be bought today.

TERMED 'OF VITAL IMPORTANCE'

NCC To Conduct Meeting on Tuesday

Termed by many here as "of vital urgency," a meeting is scheduled at 7 p.m., Tuesday in Brownfield High School auditorium.

Invited are all Terry County cotton producers and ginners—and "any interested citizen."

The meeting is one of a series being held in the major cotton growing counties of West Texas, and is being presented by the National Cotton Council.

Refreshments will be served.

AT THE BACK OF TIME — Fog over the state delayed the plane arrival here last Friday of Atty. Gen. Will Wilson and his wife. In the picture above, the Wilsons are welcomed at Brownfield airport by a Chamber of Commerce delegation. From left: A. M. Muldrow, Pilot Bill Nelson of Lubbock, C-C Manager Joe Satterwhite, Mrs. Wilson, Mrs. Muldrow, Atty. Gen. Wilson and Brownfield Atty. Burton Hackney. The Muldrows were hosts to the Wilsons during their stay here, he to speak to the annual chamber banquet. Nelson and Satterwhite went to Austin and accompanied the Wilsons here. Arrival here was scant minutes before the banquet got under way. (Staff Photo)

POOL NEWS

Rev. Alton West preached here Sunday with 50 present for Sunday school.

Wilmeth Durean, who has been visiting in Lubbock, came home Friday when Mrs. Ervin Duncan and Mrs. Elvira Duncan went to Lubbock.

Visiting in the M. C. Wade home were Mr. and Mrs. Bobby Wade and family from Decatur, Tex., and Mrs. Alton West and family. Also Mrs. J. W. Wade and son Mr. and Mrs. Ernest M. Wade, Mrs. George E. Darnold family, and Bobby Stokes.

Visiting in the home of Mr. and Mrs. Howard were Mr. and Mrs. D. D. Jones and family, Mrs. D. S. Jones and family, Mr. and Mrs. J. W. Jones and family, and Mrs. Kato.

Mr. and Mrs. Neil Barber and family were in town. Mrs. Leroy Barber and family, visiting in the home of Mr. and Mrs. Ethel Young were Mr. and Mrs. Lawrence Barber and family.

Sunday visitors in the home of Mr. and Mrs. Charles Lamb were Mr. and Mrs. Bobby Lamb, Bobby, and Mr. and Mrs. Horace Johnson and family of Lubbock.

Mrs. Bradley Seaton and Brenda of Lubbock spent Friday in the home of Mr. and Mrs. Horace Down and Bobby.

Mr. and Mrs. Bernard Bishop and family of Snyder visited Friday with her parents, Mr. and Mrs. Roy Barber, and family.

Now come on Mister... Don't Try to 'Tip' God. That is only your tithe. Jesus put it very plain to those who fail to give back a tenth. He called them robbers and made it stick. What manner of man is he who will accept the Lord's proffer and (it all belongs to God) then fail to give back a tenth of his profit? Sir, "The tenth is Holy unto the Lord," Lev. 27:32. *Tithing is God's invitation to form a partnership with the only corporation that can't go broke.* If you are in the oil business; if you are a man of industry; if you are a financier, and not full partners with God... beware of the crash!!! You can't win when you cheat God. His collection plans are many and make no mistake, *He'll collect from you.* Go to church and 'turn in' your tithe, for "Those who withhold more than is right will come to poverty," Prov. 11:24.

May this message be an inspiration to many is the sincere desire of the interested business firms and individuals listed below.

AWARDS ARE ANNOUNCED

Americanism Essay Contest Slated by American Legion

Sponsored by Howard Hanson Post 289 of the American Legion, rules were released today for the group's annual Americanism Essay Contest in junior and senior high schools.

The event is being directed by members of the Post's Americanism committee, comprising Chairman Robert Hoey, Myrl Gary, Al M. Muldrow, Byron Rucker, B. F. Hutson and Jake Geron.

Essays will be judged in three divisions: BHS senior class, ninth, 10th and 11th grades and the seventh and eighth grades.

Top award will be \$150 cash to the winning senior essay. Prizes — all cash — also are scheduled for the first, second and third winning essays in the other two divisions. They are \$25, \$15 and \$10. Total \$250.

Hoey explained this morning that the essays should be written in ink on 8 1/2 x 11-inch white paper. He said further that lengths should be senior division, 1,300-1,500 words; ninth division, 1,000-1,200 words; and seventh division, 7-9 words.

"All essays," he said, "should be submitted to the local school judging committee by March 22. Essays from the schools will be submitted to the county judging committee by April 5."

Contestants will be free to write on any phase of Americanism, the chairman said.

Each entry will be judged on originality, convincing statements, sincerity, unity and coherence in theme structure, among other essay-writing principles.

Each school, explained Hoey, will submit, if it desires, three essays judged locally as best in the divisions. No contestant's name will be given on any entry. The local sponsor will give each entrant a number to accompany his essay.

"Final judging on the county-wide basis," said Hoey, "will be done by a committee appointed by the post commander, H. B. Virgil Crawford."

Gomez News

By ERA SEARS
NEWS Correspondent

Weekend guests in the home of Mr. and Mrs. George Ellis were Mr. and Mrs. G. D. LeBette of Altus, Okla., Mr. and Mrs. John Wright of Oklahoma City, and Mr. and Mrs. C. T. Peck and Sherry of Littlefield.

Mr. and Mrs. Johnny Berryhill and daughters, Kay and Ruth, who have farmed east of Gomez for the past several years, have sold out and moved last week to Big Spring where Mr. Berryhill will enter the Veterans Hospital and undergo surgery and medical treatment.

Mr. and Mrs. Gordon Carter are visiting with their son and wife, Mr. and Mrs. Bobby Carter, in Sweetwater.

Mr. and Mrs. C. W. Carr and children and their daughter, Mrs. Homer Sanders and son, of Sweetwater, are among the new residents of this community, having recently moved to the Fred Turner home west of Gomez.

Among those attending the district Baptist Brotherhood meeting held in the First Baptist Church at Lubbock Tuesday night were Rev. T. L. Nipp, Mr. and Mrs. H. N. Key, and Mr. and Mrs. Tyler Martin.

Attending the Brownfield Baptist Church at Wells Thursday night from Gomez were Pastor and Mrs. T. L. Nipp, Mrs. A. C. Huckabee, Mrs. George Ellis, and Hugh Kirby.

Mr. and Mrs. Grady Dickson returned Sunday afternoon from a two week vacation spent touring the southern states. They visited their parents, Mr. and Mrs. J. L. Dickson, at DePort and their daughter and family, Rev. and Mrs. Carroll Johnson, at Alexandria, La. From there they visited scenic places of interest in Louisiana, Arkansas, Missis-

TO PERFORM IN LUBBOCK — Four young Brownfield pianists have been chosen to perform Tuesday night in Lubbock, the occasion being a program of ensemble music in the Monterey High School auditorium. All students of Jerry Gannaway, Brownfield piano teacher, the quartet, shown above, comprises, from left, Emily Risinger, daughter of Mr. and Mrs. Thad Risinger of 910 East Lake, Susan Cope, daughter of Mr. and Mrs. Bill Cope of

907 East Oak, Patricia Turner, daughter of Mr. and Mrs. Fred Turner of 1305 East Tate, and Barbara Newsom (standing), daughter of Mr. and Mrs. J. L. Newsom of 916 East Tate. The Lubbock competition is sponsored by the South Plains Music Teachers Association. In the Tuesday performance, 18 pianists are to play simultaneously under the baton of a Lubbock conductor. There is no admission charge. (Staff Photo)

Monday night, three other churches are participating: Pool, Tokio, and Johnson.

Teachers for the various departments are: Rev. H. H. Gray of Idalou and pastor of the Johnson Baptist Church, the book of "John" to adults; the young people are studying "building a Life," with Rev. Alton West, pastor of

Pool Baptist Church, and Bobby Stokes of Pool are leading the discussion; Louis Waters and Ray Bearden of Tokio are teaching the Intermediates the book "A are studying "Living for Jesus," with Mrs. A. C. Huckabee; Mrs. Homer Britton and Mrs. G. R. Todd are in charge of the primary class, and Miss Barbara Britton and Mrs. Loris Brannon are teaching the beginners.

Paul Cobb of Tokio is superintendent of the school.

Mrs. Garvin Smyrl and children visited Sunday with her parents, Mr. and Mrs. C. W. Coor, at Welch.

Mr. and Mrs. A. V. Britton and son, Wesley, spent the weekend visiting friends at Eldorado, Okla. Barbara Britton visited with friends at Plainview.

Mr. and Mrs. T. J. Stover, former residents of Brownfield and now of Andrews, announce the birth of a son born Feb. 14 and weighing 8 lb., 10 oz.

Mrs. Earl Fox was hostess Thursday afternoon when the Gomez Johnson Home Demonstration Club met in her home.

Mrs. H. N. Key, president, conducted the business meeting. Member answered roll call with a favorite ironing tip. The favorite tip named was use of perma-starch.

Mrs. Tyler Martin gave the devotional. "Ironing a Shirt" was the program topic, with Mrs. Fox, clothing leader, giving a demonstration of the proper method of sprinkling and ironing a shirt in order to save time and do a more efficient job.

Lettuce and cake were served to the seven members attending. Mrs. P. D. Roberts was a new member.

The contents of the home of Mr. and Mrs. B. F. Foshee were severely damaged by fire and smoke Friday afternoon. Bonnard Stice, a neighbor, discovered the fire when he was passing the Foshee home and called the fire department. The family was away from home at the time and origin of the fire is not known.

SENATE, HOUSE COMMITTEEMEN ARE NAMED

Agriculture Department Ows Its Existence To Legislature

The Texas Department of Agriculture owes its existence, and operation to members of the Texas Legislature, past and present. The only major state agency created by statute, the department's every function has been dependent directly on the state's lawmakers from its earliest beginning.

This year with the meeting of the 55th Legislature, important agricultural legislation has been set before the lawmakers either for passage, amendment and passage, or rejection.

The men whose direct responsibility is the consideration of these measures, which include a proposed egg grading and standards law, strengthening of seed

controls and other regulatory measures, are the standing committees on agriculture in the House of Representatives and the Senate.

Agriculture committee members are in most instances legislators representing areas where agriculture is an important industry. They are directly concerned with helping the economy of their constituents and are vitally interested in and well-informed on Texas agriculture and its problems.

A cross-section of these legislators show representatives from every section of the state. We are fortunate in the 55th legislature to have the experienced and cautious as well as the young and aggressive on our agriculture committee.

Chairman of the Senate Committee is Sen. George Moffett of Chillicothe, senior members of the upper chamber whose record stands out as one of hard work and honesty.

Assisting him as vice-chairman is Sen. Culp Krueger of El Campo in the heart of Texas' vital rice belt. Other agriculture committee

members include Sens. Carlos Ashley of Llano, Nevelle H. Colson of Navasota, Frank Owen III of El Paso, Andy Rogers of Childress, Jarrard Secret of Temple, Presto Smith of Lubbock and Doyle Willis of Fort Worth.

Heading the companion House Agriculture Committee is young and enthusiastic Rep. Harold Parish of Taft, assisted by L. L. Armore of Sweetwater, vice-chairman. Additional members include Reps. Paul Brashear of Cisco, Ed J. Cloud of Rule, Carl C. Conley of Raymondville, W. T. Duncan of McKinney, Bill Hollowell of Grand Saline, L. L. Holstein of Pandora, J. C. Hooks of Livingston, John Hubner of Bay City, Moyle L. Kelly of Afton, Harold G. Kennedy of Marble Falls, Glenn H. Kothman of San Antonio, Truett Latimer of Abilene, George W. McCoppin of Tarkana, Granger W. Melhany of Wheeler, C. T. Matthews of Yoakum, Walter C. Schwartz of Brenham, Hershel, Sheriff of McDade, Sam E. Wohlford of Startford and Herman Yeak of Bremond.

Baylor County Soils Lab Has Good Year

Roy L. McClung, Baylor County agricultural agent and operator of the soil testing laboratory at Seymour, has reported to M. K. Thornton, extension agricultural chemist, that 854 soil samples were tested last year.

McClung reported the final figure was below expectations, but that the worst drought in the history of the area no doubt reduced the number of samples which under more favorable conditions would have been submitted.

Too, points out the county agent, the word is spreading about the benefits which can be derived from following the recommendations which go back to the farmer with his test results.

Many irrigation farmers have reported yield increases that ranged from 200 to 343 pounds of lint cotton an acre. They credit the use of recommended practices and fertilizers with being responsible for this increase, said McClung.

The Seymour Laboratory is operated as a branch of the state laboratory which is located at College Station. McClung told Thornton that he still predicts that farmers and ranchmen in his section of Texas will derive more benefit, through increased production, from the services of the Seymour lab than from any one thing yet done for them.

McClung is making a strong effort to get 15 to 20 agricultural producers in each county of the area to act as demonstrators by following the recommendations, on at least a part of their farm, made by the laboratory after soil tests have been made for them.

The lab operator is a strong believer in the statement made by Dr. Seaman A. Knapp, originator of the Extension Service, some 39 odd years ago: "What a man hears, he may doubt; what he sees, he may possibly doubt; but what he does himself, he cannot doubt."

verely damaged by fire and smoke Friday afternoon. Bonnard Stice, a neighbor, discovered the fire when he was passing the Foshee home and called the fire department. The family was away from home at the time and origin of the fire is not known.

B-B-R-R-R!—It's cold in Buffalo, N.Y., but it doesn't seem to bother scantily clad Patricia Fenilaw as she chats with skin diver, Red Hattle during the ice dive of the Buffalo Aqua Club. Unidentified spectator at right tries to rub some warmth into his hands.

Are you, too, losing **1 bale out of 7** needlessly?

If you are a typical cotton farmer, diseases are robbing you of one bale out of every seven! Yet it needn't be... for if you plant red-tinted, Panogenized seed (seed that is treated with Panogen liquid seed disinfectant), you stop diseases like seed decay, anthracnose, and rhizoctonia damping-off (sore-shin)... which cause serious losses.

Normally, you can expect that seed which has been treated with liquid PANOGEN will give you up to 15% more bales, but agricultural college tests show that during cold, rainy periods, Panogenized seed gives 5 to 10 times more plants than untreated seed... and may mean the difference between a good stand and having to re-plant.

Cost is only a few cents an acre to have your seed Panogenized at your local custom seed processor's.

Landscaping With Trees and Shrubs Is Local Garden Club Program Topic

The Brownfield Garden Club met Feb. 13 at 3 p. m. in the Seleta Jane Brownfield Clubhouse.

Mrs. Leonard Lang presided over the business meeting. Roll call was answered with members giving their favorite berry bearing shrub. Mrs. Ernest Latham was elected to serve as the club's delegate to the annual meeting of the Texas Garden Clubs, Inc., to be held in San Antonio May 8-9.

Mrs. Bob Spear was program chair, using slides to illustrate her talk. Mrs. Lang gave club members points to be observed when landscaping with trees and shrubs.

Mrs. J. R. Hissom discussed "Several Reasons for Day Elites," and Mrs. Joe W. Johnson explained the history and principles of "Mass Arrangements." Compositions were furnished by

Mesdames H. B. Thompson, L. M. Rogers, and J. C. Rhodes. Mrs. Thompson arranged a tea table suitable for a bridal shower, using a Valentine motif of red, pinks, and white. Mrs. Rogers decorated the mantle with a mass composition using stock snapdragons, and candytuft, flanked with bird figurines. Mrs. Rhodes illustrated the use of driftwood, dried flowers, and foliage to achieve a pleasing composition to be used when fresh flower material is not available.

Hostesses were Mrs. Drew Hobby and Mrs. Hardin Joyce.

Lice and Mange On Hogs Need Controls

Lice and mange on hogs are more troublesome during the late fall and winter months and early control is recommended. Dr. C. M. Patterson, extension veterinarian, says chief reasons for the increase can be traced to the weather.

Animals are concentrated in barns or shelters during the cold months and parasites can easily spread from animal to animal by direct contact. Too, the longer and heavier hair coat on the animals at this season gives protection to lice and mange mites.

Patterson cites another reason

FIRST PRESIDENT, FIRST SCIENTIFIC FARMER — Officers and sweetheart of Brownfield Chapter, Future Farmers of America, are pictured above with a portrait of George Washington, considered by many to be the first scientific farmer in the United States. From left, they are Avon Floyd, chapter treasurer;

Leon Willis, vice-president; Gene Mason, Student Council representative; Miss Dianne Adams, chapter sweetheart; Wesley Britton, sentinel; Clifford Tuttle, secretary; William Smyrl, president and Johnny O'Neal, second vice-president. (Bill Conlee Photo)

which is also influenced by the weather. Lice and mange increase when hogs have a low intake of vitamin A. The prolonged drought has reduced green grazing in most hog pastures to the vanishing point, and therefore, Patterson suggests that

hogs be watched carefully for vitamin A deficiency symptoms.

Hogs which are restless and rub themselves frequently should be checked for lice and mites. Mites usually are noted first around the eyes, nose and in or around the

ears. Lice are found more frequently on tender skin of the flank or on the innermost side of the leg.

If the parasites are found, Patterson recommends immediate treatment. He says a one-tenth (.1) per cent lindane or gamma BHC solution used as a spray or dip or a five (.5) per cent toxaphene spray or dip or a five-tenths (.5) per cent chlordane spray will give good results.

Recent tests, he adds, shows that lindane does the best job of getting rid of mange. When this insecticide is thoroughly applied to the animal with a light to moderate infestation, mites are often eliminated with a single treatment.

When hogs have heavily-crustated areas over a large part of their body, a second treatment may be needed in seven to ten days to completely clear up the infestation, points out the veterinarian.

For best results the entire body of the hog including the inside of ears must be wet with the spray. Hogs can be sprayed faster with a pressure sprayer but a satisfactory job can be done with a knapsack type.

Farmers Need To Know Their Soils

A farmer, as well as a politician "knows his voters" if he expects profitable response from management principles. No one can hope to stay in business very long if he mistreats or neglects the basis for his existence, whether it's votes or soil.

As the farm's most basic commodity, soil will "support" its tillers only when proper improvement, conditioning, and conservation measures are practiced. But, mere recognition of a soil's limitations as well as its potential is an often-overlooked yet essential factor in securing a farm's maximum production.

"How Does Your Soil Rate?", a bulletin written by Extension Soil and Water Conservation Specialist Jack H. Barton, and Assistant Agronomy Professor J. F. Mills is intended to give a better understanding of soil to the average reader. Written in clear, concise, non-technical language this bulletin offers an excellent description of the major soil characteristics and limitations.

Photographs aid in the bulletin's treatment and explanation of soil texture, permeability, condition, and slope. The effects and characteristics of depth, wetness, erosion and other production-influencing factors are also adequately covered.

Retha Brandon Enrolled At College in Belton

BELTON, Feb. 20 (Special) — Miss Retha Brandon of Brownfield has enrolled at Mary Hardin-Baylor College for the spring semester, the registrar's office has announced.

Miss Brandon is the daughter of Mrs. Edith McCullough of 1215 West Lake St. and is a freshman. The college celebrated its 112th anniversary Feb. 2.

WATCH FOR SCOTT'S FABULOUS FIRESTONE SALE

TWO SMART CHICKS—"Miss Georgia Chick," Mary Ruff, a junior at Brenau College, Gainesville, Ga., eyes a smart chick of a different feather at a poultrymen's convention in Atlanta. The biddy in the toy truck has sense enough to know that there's more percentage in riding the truck than crossing the road in front of it. By working a lever with her beak, she makes truck wheels revolve and at the same time trips a supply of feed for herself.

ALL THESE MUST GO!

- 1956 FORD, country sedan station wagon, radio, heater, and overdrive. Local one owner.
- 1955 Mercury, Monterrey, Station wagon, radio, heater, Mercomatic, five new white tires, local one owner car and low mileage.
- 1956 Ford, 4-door, custom, radio, heater and overdrive, 2-tone paint, good clean car and good tires.
- 1956 Ford, 4 door, 2-tone paint, custom, one owner, good car and extra nice.
- 1955 Ford, 4-door Fairlane, radio, heater, Ford-O-Matic, whitewall tires, 2-tone paint, nice one owner car.
- 1955 Ford, Fairlane, 2 door, radio, heater, Ford-O-Matic, 2-tone paint and big engine, one owner and low mileage.
- 1951 Ford, 2 door club coupe, radio, heater, V-8. This car is simply extra, extra nice.

Also, man other cars in the same models as above. Plus other older model cars in different makes.

Miss Vada Yvonne Richards Becomes Bride of Robert O. Cunningham Here

In a single ring ceremony read at 2 p. m. in the First Methodist Church Valentine Day, Miss Vada Yvonne Richards became the bride of Robert O. Cunningham of San Antonio. Parents of the couple are Mr. and Mrs. T. B. Richards of 301 East Ripley and Mr. and Mrs. Paul A. Feuerbacher of 606 East 46th Street in San Antonio.

The Rev. James E. Tidwell, pastor of the church, officiated before an archway of greenery flanked with baskets of stock. Newell Reed, pianist, offered traditional wedding music, after play-

MR. and MRS. ROBERT CUNNINGHAM

ing a prelude of pre-nuptial selections. The bride wore a gown of white Chantilly lace and nylon net over satin, fashioned with portrait neckline and waltz-length skirt. She wore a white satin shell hat and carried a bouquet of white gladiolus. For something old, she wore her grandmother's wedding band of plain yellow gold. She also wore a blue garter and a borrowed necklace.

Mrs. Ernest Richards of Brownfield was matron of honor. She wore a pale green nylon net dress over taffeta, fashioned with scoop neckline, and carried a bouquet of red roses. Best man was Othel Gray of Welch, cousin of the bride. At a reception held in the home of the bride's parents following the ceremony, the couple was assisted in receiving by Mrs. Edna Richards and Miss Vicki Fowler. The serving table was laid with a lace cloth and featured a center-

piece of red hearts and cupids against a white background. Guests attended from Ft. Huachuca, Ariz., Sierra Vista, Ariz., Welch, Lamesa, Sweetwater, and Brownfield.

When the couple left for a honeymoon to points of interest in Texas, the bride chose a red suit with white accessories. They will make their home in San Antonio, where the bridegroom is employed with Southwestern Bell Telephone Company.

Miss Nelda Bowlin To Wed Jerry Ellis

Mr. and Mrs. B. D. Bowlin of Route 2, Brownfield, announce the engagement and forthcoming marriage of their daughter, Nelda Joyce, to Jerry E. Ellis of Patrick Air Force Base, Fla., son of Mr. and Mrs. G. V. Ellis, 911 East Hill, Brownfield.

Double-ring vows will be exchanged at 7:30 p. m. March 16 in the Calvary Baptist Church here, with Rev. Jones W. Weathers, pastor of the First Baptist Church, officiating.

Miss Bowlin is a graduate of Wellman High School, and her fiancé is a graduate of Brownfield High School. She is employed with Magnolia Petroleum Company.

The couple will make their home at Cocoa, Fla., where Mr. Ellis is employed with the RCA Service Company, Inc.

Wednesday Club Met With Mrs. Richardson

Mrs. L. J. Richardson was hostess to members of her Wednesday afternoon bridge club Feb. 13. Mrs. Mac Ross was high player. Mrs. Curtis Sterling received the travelling prize, and Mrs. Sherwood Gill binged.

Spice cake with caramel nut sauce, and coffee were served to the above and to Mesdames Bill Day, J. C. Powell, Jr., Bill Cope, Carrol Collier, and Earl Jones.

Mrs. George Weiss Gives Book Review

Mrs. George Weiss reviewed the book "Steamboat Gothic" by Francis Parkinson Keyes for members of the Kappa Zeta chapter of Epiphany at the Melody Restaurant. Mrs. J. L. Kemper was hostess. Program chairman was Josh Sweeten.

During the business meeting, presided over by Mrs. J. E. Gillham, president, plans were discussed for the formation of a new ESA chapter in Meadow.

Those present were Evelyn Hopkins, Laura Mae Clark, Ann Dugger, Sue Whitson, Francis Gillham, Rita Holmesley, Helen Meyers, John Lou Callison, Fern Niles, Josh Sweeten, Reta Williams, Mickey Freeland, Merle Kemper, and a guest of Mrs. Gillham, Mrs. Velma Shults of Houston.

Shoppers Fair and Chili Supper Set by Church

A shoppers fair and chili supper will be sponsored by the Episcopal Church of the Good Shepherd Wednesday, Feb. 27, from 6 to 8 p. m. at the Party House, it has been announced.

Tickets will sell for \$1, and door prizes will be given. The public is cordially invited to attend.

MISS NELDA BOWLIN

Just Snooping...

By GEE GEE PRIVITT
NEWS Staff Reporter

Who cares what the weather is as long as it's Spring at SHELTON'S? And that it is, that it is.

Lily Diamond has designed the most striking of Spring ensembles in a rayon linen sheath with interesting bodice detail and a hint of sleeves under the most unusual of white embroidered black linen dusters... for the perfect size 16.

And Paul Sachs has dreamed up a go-everywhere frock in sand lipen piped round and round in beige straw trim... even on the neat bow at the neck and on the wondrous circle skirt. This is size 14 and one of the smartest new arrivals at SHELTON'S.

Perfectly wonderful to give you a wonderfully perfect fit on these new Spring dresses is the Peter Pan "little X" foundation... in panty and girde styles, with crisscrossing stretch panels to give you a slim waist, sleek hips, and smooth tummy. In nylon power net with dainty trim, it's just \$3.95 and will soon be available in both short and long styles.

Little girls take the spotlight again in pink and white nylon dotted swiss... a charming little coat, lined in soft nylon... with matching bonnet to complete her Easter outfit. Sizes six, nine, and 12 months. For the more sophisticated missy, deck her out in a navy linen (or pink) duster, piped in white, with chic length sleeves, swing back, and bonnet to match... sizes 1, 2, 3, and 4X. Mature is the word for the smart pink duster with three quarter length sleeves and interesting back detail, worn over a dainty pink and white dotted swiss fluff of a dress... sizes 1, 2, 3. Duster is also available in pink, white, blue in sizes 3 to 4X.

All kinds of glorious spring gloves for girls of all ages and sizes are waiting for you at SHELTON'S. Just unpacked are nylon stretch gloves, some in a lovely new lace style... as well as many nylons in all colors... both shorties and longers. And all perfectly tailored by Fownes. adv.

NAMED SWEETHEART — Jerré Sue Estes, 17 year old daughter of Mrs. Mary Lou Estes of 820 East Broadway, was named sweetheart of the annual Sweetheart banquet held at the First Presbyterian Church Feb. 14. Jerré Sue, a senior student at Brownfield High School, was crowned by Billy Hamilton. Other contestants were Donna Sue Christopher, Janet Bragg, and Janith Spears. Mont Muldrow was master of ceremonies, and Don O'Neal gave the principal address. About 90 young people attended the banquet, which was followed by a dance in Fellowship Hall. (Photo by Lowe's Studio)

Keesee-Brown Vows To Be Read April 11

Mr. and Mrs. J. C. Keesee of Meadow announce the engagement and approaching marriage of their daughter, Linda Eloise, to Earl James Brown, Jr., son of Mr. and Mrs. Earl J. Brown of 1106 East Cardwell. Vows will be exchanged April 11 in Meadow Baptist Church. Miss Keesee is a graduate of Meadow High School, and her fiancé is a graduate of Brownfield High School. Both attended Texas Tech. He also attended Abilene Christian College.

NEW 1957 GENERAL ELECTRIC FILTER-FLO WASHER

Two wash speeds, two spin speeds for "just right" washing of all types of fabrics

NO LINT, FUZZ ON CLOTHES Wash water is circulated and filtered to give you cleaner clothes. Lint is caught in the filter—not on your clothes. Sand and soap scum are automatically removed.	
TWO WASH SPEEDS, TWO SPIN SPEEDS Your choice of Normal or Slow wash action, Normal or Slow spin speed... or any combination you choose for all types of washable fabrics. You simply pre-set your selection.	
WATER SAVER FOR SMALL LOADS Save over 20 gallons of water when washing a small load. All you do is touch the fingertip selector when the desired water level is reached. Also, your choice of warm or cold water rinse.	
BIG CAPACITY Washes 10 pounds of regular family wash and up to 12 pounds of special heavy fabrics. Over 50% more clothes capacity than many other automatics.	
MATCHING DRYER with AUTOMATIC CONTROL Control automatically adjusts drying time and temperature to the individual load. New air system for fast drying at safe, low temperatures. Operates on 115 or 230 volts.	

NOW \$299.95
Regular \$369.95 AND YOUR OLD WASHER

NEW G-E Filter-Flo Washer Cleans and Recleans the Wash Water to Give You Cleaner Clothes

Removes lint, sand and soap scum. And, with the new convenience of two wash speeds and two spin speeds, you can pre-set the controls when you start the washer and let the washer do the work—whether you wash a regular family load or your delicate lingerie. The modern control panel, mounted on pedestals, has one simple dial that lets you choose washing times from 1 to 15 minutes and special short rinse and spin times. The fingertip selectors, so easy to use, let you choose washing speeds, water temperature and the amount of wash water. Truly a remarkable washer—you should see it today!

GEE GEE'S Chit Chat!

It seems that things always start popping about this time of year. . . maybe it's the hint of Spring that causes all the clubs to make plans for bazaars, style shows, etc. Any way, it's nice. I can always get enthused over moisture in this part of the country in view of the fact it's something we have little of.

Speaking of those "doings" up there in the first para, the Episcopal Church of the Good Shepherd is planning a Shoppers Fair and chili supper for the night of Wednesday, Feb. 27, from 6 to 8 p. m. at the Party House at the park. Claudia (Mrs. John) Clark called to give me the info on it, and they have some lovely door prizes . . . dresses, linens, and what have you. For one scrawny

dollar, you can have a delicious chili supper and a crack at taking home something of value. Plan to go, will you?

The annual style show at the country club has been slated, according to Marge (Mrs. Sherwood) Gill, chairman. Local merchants always do themselves proud in showing their finest clothing, so join down April 4 at 2 p. m. as a date and time to remember. Tickets are and dessert and a chance at a nice door prize.

Brownfield High school band boosters association is a going concern, according to Molly (Mrs. Grady) Goodpasture, but what they need is MORE members. Anyone interested in the welfare of this band (and bel-

WMU Has Program Marking 50th Year

In commemoration of the 50th year of the Women's Missionary Union, members of the W.Y.A. presented a program before all circles at the church Monday. About 30 women attended.

This week, circles will meet in homes for Bible study as follows: Blance Groves, Mrs. R. D. Shewmake, Jr., 802 East Cardwell, Monday at 3:30 p. m.; Janelle Doyle, Mrs. J. H. Kornegay, 511 North Bell, Monday at 4 p. m.; Lois Glass, Mrs. R. R. Marsh, 802 East Buckley, Monday at 9:30 a. m.; Lottie Moon, Mrs. W. M. Adams, 220 West Broadway, Monday at 3:30 p. m.; Lucille Reagan, Mrs. E. L. Redford, 310 North 5th, Monday at 4 p. m.; and Roberta Edwards, Mrs. Arlie Lowrimore, 904 East Cardwell, Tuesday, at 9:30 a. m.

Man Dies Here After Attending Brother's Funeral in Andrews

ANDREWS, Feb. 17 (Special).—Funeral services for Ross Crabtree, 42, who died early Saturday in his home of a heart attack, were held Sunday today in the Church of Christ, with W. S. Wiley, minister, officiating. Burial was in Seagraves Cemetery.

Crabtree was a pumper for Western Drilling Company of Lubbock, and had lived here for about a year. He formerly lived in Seagraves.

Survivors are his wife; two sons, Larry and Wesley, and one daughter, Donna, all of the home; parents, Mr. and Mrs. W. W. Crabtree of South Eighth in Brownfield; and two sisters, Mrs. A. G. Richardson of South Eighth in Brownfield and Mrs. C. D. McDaniel of Seagraves, and three brothers; E. J. Crabtree, Marvin Crabtree and Truman Crabtree, all of Beaumont.

'CONGRATULATIONS' — Two Brownfield High School seniors have been commended by the National Merit Scholarship Corporation for distinguished performance in its nationwide search for students of unusual ability. They are Linda Moore, daughter of Mr. and Mrs. Loyd Moore of 712 East Lake, and William Smyrl, son of Mr. and Mrs. Garvin Smyrl, of Route 4. The duo, pictured above extending

congratulations to each other, also has been named Texas runner-up in the 1957 Merit Scholarship competition. "The seniors honored today are among the top one or two per cent in ability in the state," explains John M. Stalnaker, NMSC president. "While they did not quite reach the finals," he said, "their unusual promise deserves recognition." (Staff Photo)

Baby Contest Is Slated By Group

Beta Theta Chapter of Epsilon Sigma Alpha met in the home of Mrs. Jimmy Billings at 1004 East Lons. at 7:30 p. m. Tuesday.

Pat Hipp read the minutes and roll call, and reported that the chapter had raised \$73 at the local theatre's for the local March of Dimes fund.

Plans were discussed for the annual baby contest sponsored by the club to be held March 7 at the Rialto Theatre. Votes for the contestants are a penny each and vote containers will be placed in local stores. A king and queen will be crowned, each receiving an inscribed silver loving cup and a \$25 bond. Mrs. Dale George is chairman of the contest.

Dip, cookies, and cold drinks were served to Mesdames Gordon Newsum, J. C. Jennings, Hipp, George, Jon Cowser, Billings, Steele Bayless, Billy Coats, Barney Vachal, Delwin Stultz, Erd Johnson and Miss Gladys Swain, and one new member, Mrs. Buck Howell.

Mrs. Bob Simmons and Mrs. Norma Lewis visited last weekend with Mrs. Lewis' mother, Mrs. Jess Harris, in Abilene.

Mr. and Mrs. Woody Frymire and girls spent the weekend in Oklahoma City visiting relatives of Mrs. Frymire.

love me, Fred Smith has a honey of a band here) is urged to attend the next meeting, which will be Monday, March 11. A special treat is in store . . . the Stage Band will perform.

The Retail Committee of the Brownfield Chamber of Commerce (headed by smiling Coot Arnold of Cobb's Department Store) will hold its first meetings of the year, Feb. 26 at the Hitchin' Post to settle such things as official closing dates on holidays, etc. for the local stores and to work on the knotty parking problem in downtown Brownfield. It's a real headache and there's been some little comment lately on the pros and cons of installing parking meters in Brownfield.

Had a call this week from Mrs. Bryan Brady, who lives on North Atkins wanting to know why that part of town didn't have any street lights. After checking around, city electrician Jim Cousineau informed me that the equipment has been ordered for some time but hasn't arrived as yet. Anyway, they are forthcoming and will be installed as soon as possible.

While in conversation with Jimmy, he told me that the city plans to install a new traffic signal at the intersection of Cardwell and the highway. He also answered by queries about signal lights at other strategic points on the highway by saying that (a.) those signals come under the jurisdiction and direction of the highway department and (b.) nothing will be done about them until the new highway is widened, etc. And there, my friends, is the latest poop on that.

MAN DIES HERE AFTER ATTENDING BROTHER'S RITES

E. J. Crabtree of Beaumont, visiting relatives here after attending his brother's funeral Sunday in Andrews, died early Monday morning of a heart attack in Treadaway - Daniell Hospital.

Crabtree was visiting his parents, Mr. and Mrs. W. W. Crabtree, and sister, Mrs. A. G. Richardson, all of South Eighth. They had attended the funeral of Ross Crabtree.

Brownfield Funeral Home ambulance took the body to Lubbock, where it was sent by train for burial in Beaumont. Brief services were held here in the funeral home chapel, with Doyle Kelsey of Tahoka officiating.

Crabtree, 51, also is survived by his widow; one daughter, Mrs. C. T. Atkins of Beaumont; four sons, R. Q. and Jack Crabtree of Beaumont, Lowell of Vidor and Bill of Snyder, and 12 grandchildren.

Lee Crabtree of 1204 Tahoka Road was a cousin of both men.

Gala Bridge Club Met

Mrs. Troy Noel entertained members of Gala bridge club in her home Feb. 12.

Apple pie and coffee were served to Mesdames Frank Ballard, Burton Hackney, Clovis Kendrick, O. L. Stice, Herbert Chesshir, R. N. Lowe, J. O. Rodgers, and Harry Cornelius.

Mrs. Chesshir scored high, and Mrs. Lowe was second high. Mrs. Hackney, Mrs. Chesshir, and Mrs. Lowe binged.

Members of Tokio WMU Have Banquet

A sweetheart banquet for the Women's Missionary Union of the Tokio Baptist Church and their husbands was held Monday night in the Fellowship Hall at the church.

Mrs. Alfred Bearden, W. M. U. president, served as mistress of ceremonies for the occasion.

Invocation was led by Paul Cobb. Theme of the program was "Thoughts of You" and "Melody of Love" was sung by Mrs. Bearden and Mrs. Champ Perkins.

Rev. Ernest Stewart, pastor of the O'Donnell Baptist Church, spoke on "The You You Should Be."

Members of the Girl's Auxiliary were hostesses and served the meal.

IN PICTURES — Pictured are local Girl Scout leaders, assistant leaders and committee mothers who attended a coffee Feb. 13 in the home of Mrs. Jack Shirley, chairman of the leaders club, to examine exhibits borrowed from Lubbock Girl Scouts. Left to right, Messdames Thurman King, Fred Smith, Wayland Parker, Homer Nelson, Jerry Kirschner, J. O. Rodgers, Burton Hackney, Troy Noel, Dip Pemberton, and Loyd Hahn. Included in the exhibit, which was shown here to promote interest in leaders courses, were copperwork, weaving, basketmaking, wood art, block printing and simple arts and crafts for children. In the lower picture are Mrs. Coet Arnold and Mrs. Bill Holder, leaders of local troops.

IN PICTURES—C. A. Arnold is shown in the upper panel accepting books from Mrs. Tommie Hicks and Mrs. Earl Jones. He's principal of Wheatley School. In lower panel, Jesse George accepts books from the duo, members of Alpha Omega Study Club. He's a Student in Brownfield High School. The books were given to the schools last week by the club. More than 250 titles were in the lot. They had belonged originally to Mrs. Jones' mother-in-law. Children's readers and encyclopedias were included in the list, in addition to many school books. Mrs. Hicks is president of Alpha Omega. (Staff Photos)

Pennington Owner Of The Food Mart

Pat Pennington, former employee of Kyle Grocery for the past seven and one-half years, is now owner of the Food Mart at 705 Lubbock Road.

Pennington bought the firm from Buddy Harvey, who has had an interest in the store since 1949. Two years ago, he bought the entire business from Fred Yandell.

Pennington has been in the grocery business since 1938. Billy Dumas, Drew Hobbs and Harold Salmon will remain employees of the firm.

Denver Kelly, Tyler Martin, and Rev. T. L. Nipp spent Thursday and Friday nights fishing near Fluvanna.

B.H.S. News

By DONNA CHRISTOPHER

Rain! The ole burg has been plumb wet this week. All the banquets are over and the junior play was abuge success.

GUYS 'N GALS: Mary Joe Christian — Mike Hamilton, Ruth Glenn — Lonnie Bartley, Gail Cottrell — Lee Dale Rowden, Linda Best — Herbie Jenkins, Juana Jay Barret — Duane Petty, Doratha May — Johnny Mack Jones, Ann McBurnett — Johnny O'Neal, Carole Johnson — Wesley Britton, Barbara Knox — Larry Meeks, Sharon Snedaker — James Turner, Kay Kessinger — Jerry Don Huckabee, Genie Christian — Dixon Latham, Janith Spears — Leon Willis, Anne Lee — Ellis Cox, Jerre Sue Estes — Ernest Hyman, Bobbie Nell Richardson — Mont Muldrow, Betty Hargrove — Bobby Casby, Rita Lou Goodpasture — Curtis Bryant, Dianna Adams — Jackie Meeks, Karen Foster — Joe Oswald, Lamaine Chenuit — Delbert Dyke, Janel Bragg — Don O'Neal, Barbara Germany — Gene Mason, Shirley Wilkinson — Jerry Don Brown, Joan Priest — Charles Gunn, Glenn Blake — Kenneth Cason, Theretha Smith — Jerry Morgan — Freda Newsum — Johnny Gaston, Prissy Trim — Jack Purcell, Jamie Criswell — E. V. Murphy, Mary Ruth Venable — Robert Butler, Bettie Ann Davis — Bobby E. Moore.

REVIEWS 'N PREVIEWS: Jerre Sue Estes was crowned first annual queen of the sixth annual Presbyterian Sweetheart Banquet Thursday, Feb. 14. The banquet was held in the fellowship hall of the church and afterwards there was a dance at the party house. Screening for the Lion's Club Tournament of Talent took place Monday night at the high school. The actual show will be Wednesday and Thursday in the high school auditorium.

Getting away from the more or less romantic theme of the two previous counselling films, the B. H. S. student body viewed a film entitled "Cheating" Tuesday morning. Also, rather than having a panel discussion after the film, two faculty members circulated with hand microphones among the audience for comments from various students.

Footnotes to the athletic banquet several lads and their lassies found their trusty automobiles well smeared with foamy shaving cream after the banquet. And how about that, sports fans. Finis.

Dale Wilson arrived Sunday night for a brief visit, leaving Wednesday. A former B.H.S. student, Dale is now a senior in El-dorado, Okla. She is engaged to Leslie Britton.

The B. H. S. juniors presented their class play "Brother Goose" Friday, Feb. 15. A comedy in three acts, the play was well-received by an enthusiastic audience. After the play, a small crowd gathered at the party house to congratulate the cast and to dance to records.

Mike Browning and Jackie Meeks officiated at the crowning of the 1957 athletic queen, Barbara Knox. Babs is a petite, vivacious senior, a member of the B.H.S. band, art editor of the "Cub's Den," and F. A. student council representative. The crowning was the climax of the annual athletic banquet, held this year in the junior high school cafeteria Tuesday night, Feb. 19.

INCOME TAX GUIDE
1956 Improved 23c
TAX CUT—The outlook for a really big tax cut is poor. Ike is for a tax cut for small business and most congressmen would favor a slash for the individual taxpayer. However, the heightened international peril which signals bigger defense spending will probably eat up any treasury surplus.

Coach Mike Brumbelow of Texas speaker.
Cleva (Harbin) Shankles and her infant daughter, Joyce Lee, arrived Saturday night for a week's visit in the old home town. A 1956 grad, Cleva is now a resident of El Paso.

The high school tennis team journeyed to Plains last Friday, only to lose all four matches. Weather permitting, the Plains group will play the B.H.S. netters Friday, Feb. 22.

An assembly carrying out the patriotic theme of the month of February was presented Monday afternoon by the speech class. They gave a mock radio performance of "The Man Without a Country."

Getting away from the more or less romantic theme of the two previous counselling films, the B. H. S. student body viewed a film entitled "Cheating" Tuesday morning. Also, rather than having a panel discussion after the film, two faculty members circulated with hand microphones among the audience for comments from various students.

Footnotes to the athletic banquet several lads and their lassies found their trusty automobiles well smeared with foamy shaving cream after the banquet. And how about that, sports fans. Finis.

ELECTION NOTICE
THE STATE OF TEXAS: COUNTY OF TERRY: CITY OF BROWNFIELD:
Notice is hereby given that an election will be held in the City Hall of the City of Brownfield, Texas, on the first Tuesday in April, A. D., 1957, the same being the 2nd day of April, A. D., 1957, for the purpose of:
Electing three (3) Aldermen:
Said election shall be held in compliance with the laws of the State of Texas governing City Elections.
None but qualified voters residing within the corporate limits of the City of Brownfield, Texas,

LEGAL NOTICE

shall be allowed to vote at said election.
Any candidate for said offices who desires to have his name placed upon the official ballot for said election shall file his written application with the City Secretary, at least 30 full days before the date of said election.
David Nicholson, is hereby appointed presiding officer of said election and he shall select the necessary Judges and Clerks to properly hold the same.
The Polls at said election shall be open from 8:00 A. M. until 7:00 P. M. on the day of said election.
This notice is given in compliance with a resolution passed and approved by the City Council of the City of Brownfield, Texas, at a regular meeting held in the City Hall of Brownfield, on the 8th day of February, A. D., 1957.
Arlie Lowmore
Mayor of the City of Brownfield, Texas.

ATTEST:
Alva J. Geron
City Secretary, City of Brownfield, Texas.

NOTICE TO BIDDERS
Sealed proposals addressed to E. D. Jones, City Manager, Brownfield, Texas, will be received at his office until 10:00 A. M. March 7, 1957, for furnishing one 1 1/2 tone, 154" w.b., dual-wheel truck equipped with the following equipment:
1.—Oil bath cleaner.
2.—Engine venter.
3.—6—750x20—8 ply tires.
4.—One heater.
5.—One spot light mounted on left side.
6.—Would like bids on both six and eight cylinder motors.
Delivery point of truck subject to another bid to be let on same date, for additional equipment. For further information about delivery point contact Mr. Jones.
The City reserves the right to reject any or all bids, to waive formalities and accept the bid which seems most advantageous to the City's interest.
City of Brownfield
E. D. Jones
City Manager. 7-2c

NOTICE TO BIDDERS
Notice is hereby given that the Honorable Commissioners' Court of Terry County, Texas, will receive bids until 10:00 o'clock A. M. March 11, 1957, at the usual meeting place in the Courtthouse at Brownfield, Texas, for the purchase of one 115 horsepower Diesel powered, Tandem Drive Motor Grader, equipped with 14 foot Moldboard, Hydraulic Steering booster, Steel Cab, Cab Heater. Four (4) 140x24 tires rear, and two (2) 1400x24 tires front, and rain trans, delivered F. O. B. Brownfield, Texas.
One used Model 118 Gallon Motor Grader will be offered in trade as part payment.
If a contract is made the Commissioners' Court intends to issue interest bearing time warrants in the maximum amount of \$9,000.00 all of which warrants shall mature not later than 1959, and are to bear interest at a rate not to exceed 3 per cent per annum. The Commissioner's Court reserves the right to reject any or all bids.
By order of the Commissioner's Court of Terry County, Texas.
Herbert Chesshir
County Judge Terry County, Texas. 8-2c

LEGAL NOTICE

NOTICE TO BIDDERS
Sealed proposals addressed to Mr. E. D. Jones, City Manager, Brownfield, Texas, will be received at his office until 10:00 A. M. March 7, 1957, for furnishing F. O. B. Brownfield, Texas, one Utility Truck Body to be mounted on truck furnished by City, including other incidental equipment as set forth in the specifications.
Unit prices shall be submitted on each item set out in specifications. The City reserves the right to reject any or all bids, to waive formalities and to accept the bids which seems most advantageous to the City's interest.
Information for bidders and specifications may be secured from Mr. E. D. Jones, City Manager, City Hall, Brownfield, Texas.

WHAT'S A TELEPHONE?

It's much more than the familiar instrument you talk into. Today, many modern services make it more convenient than ever.

- SECOND TELEPHONES IN COLOR**
Extension phones in key locations save steps, mean added privacy, protection. In your choice of 3 colors to go with the color scheme of any home.
- ELECTRONIC SECRETARY**
This device answers your phone, gives callers your message, lets them leave a message which you can hear when you return. Used by many business firms.
- OUTSIDE RINGING BELL**
Don't miss calls when you're working outside, too far away to hear the ring. An outside bell really sounds off, but can be cut off when not needed.
- LOUD SPEAKING PHONE**
Wonderful for business meetings... lets everyone hear or talk to outside party... operates without lifting receiver... leaves both hands free to write notes.

Other useful items: Special hard-of-hearing phones; convenient wall mounted telephones; illuminated dial phones; extension cut-off keys for added privacy. Ask our Business Office.

Down Wellman Way

Margaret Ingram

Martha Goza

Z. Z. Zigler says, "Let's have heads that think and hearts that beat."
 The basketball girls ended the season with a 78-73 victory over the New Home girls. Salma Welch scored 41 of the 78 points for the Wellman girls. The boys came out on the under side with a 33-6 loss to the New Home boys.
 Last Friday was election day for Student Council officers. Each candidate gave a speech telling

why he thought he should be elected. Speaking began at 12:30 and the election was at 1 p. m. Officers elected were Bill Adams—president; Buddy Hawkins—vice-president; Margaret Ingram—secretary and treasurer; Alton Carmichael—reporter. These officers will attend the State Student Council Convention at Galveston, the 28th and 30th (Pat Runnels, Barbara Bishop, and Dixie Bowlin), Mr. Sewell, and Rais Loe entertained between speeches and during the voting. Janelle Hulse was mistress of ceremony.
 The Student Council sponsored a

Mrs. J. M. Teague is Speaker For W.S.C.S.

The Women's Society of Christian Service met in regular session Monday at 9:30 a. m. at the church, with Mrs. J. C. Criswell presiding. Mrs. Glenn Harris gave the opening prayer. Mrs. Leo Holmes was in charge of the program. Mrs. J. M. Teague was guest speaker, speaking on "Community Climate and Youth."
 Mrs. Ernest Latham gave the devotional.

Grady Davis' Are Party Honorees

Mr and Mrs. Grady Davis were honored with a housewarming Sunday afternoon at their new home on the Old Lamesa Road.
 Assisting with hostess duties were Mesdames James Thurman, James Warren, Lee Bartlett, Norvel Hulse, Weldon Callaway, Dewey Drennan, Clois Sharp, and Hubert Henson.
 Guests attended from Levelland, Lubbock, Plains, Meadow, Carlsbad, N. M. and were registered by Mrs. Drennan. Hostesses alternated in showing guests through the house.
 The serving table was laid with a white cutwork cloth. A yellow floral arrangement accented the crystal appointments, from which were served green fruit punch, coffee, and miniature pinwheel cookies. Mrs. Sharp, Mrs. Warren, and Mrs. Henson presided at the serving table.
 Approximately 60 guests called during the hours of 3 to 5 p. m.

ANNOUNCING Change of Ownership

THE FOOD MART—705 LUBBOCK ROAD.

PAST OWNER... Buddy Harvey

NEW OWNER... Pat Pennington

... TO MY OLD CUSTOMERS

... TO OUR MANY FRIENDS

I want to express my most sincere appreciation to you for your patronage and want to ask that you continue to trade with Pat. I feel sure that he will continue to run a good store and give you good service.

First, I want to ask that all of The Food Mart's old customers give us a chance to please them as our customers. There will be very little difference in the service under the new management. We will continue with:

Again let me say Thank You, and I want to give you a most sincere wish for all the success in the world.

- ... Delivery Service; \$2.50 or more (Anytime during day)
- ... Wholesale meat prices for 25 lbs. or more
- ... Good quality groceries at fair prices
- ... Prompt and courteous service.

Sincerely yours, BUDDY HARVEY

We invite both old and new customers to come by to see us at THE FOOD MART

Sincerely, PAT PENNINGTON

PONTIAC WINS THE FLYING MILE AT DAYTONA!

A Standard Pontiac Stock Car Sweeps Its Class In the Two Most Important Events to You From The Standpoint of On-the-Highway Performance. Winning First, Second and Third Place in The NASCAR Flying Mile and Winning First and Second NASCAR Acceleration Tests Run From A Standing Start Over A Measured Mile!

"Watch Pontiac at Daytona" — and there's been plenty to watch! Pontiac was the most exciting car on the beach, as the last minute box-score above will show you. This impressive record was made by a NASCAR-Approved, strictly production model Chieftain, powered by Pontiac's Special High-Performance Strato-Streak V-8 with 317 H. P., 10 to 1 compression ratio... and featuring Pontiac's new tri-power carburetion system.

America's Number One road car — with all the ruggedness, safety and precision handling that makes it a favorite of the men who earn their living by driving. And you can own it at prices starting below 30 models of the low-price three! Why not make a date right now to catch up on the newest, most spectacular performance on the road today? Tomorrow would be a wonderful day for that thrill!

What does this mean to you as an ordinary, everyday driver? It means you can drive

What We Said It — And Daytona Proved It. Completely new from power to personality.

LUNCHEON PRINCIPALS — Two longtime employees of General Telephone Company of the Southwest were honored last Thursday. Occasion was an awards luncheon at which Mrs. Fay Smith of 506 East Main was presented a 25-year service pin, and I. E. Honeycutt of 608 East Lons was given a 20-year pin. From left in the picture above, principals at the event were E. H. Danner of San Angelo, the company's operating vice-president; Honeycutt, Western Division equipment supervisor for the company; Mrs. Smith, assistant chief operator, and J. L. (Dusty) Kemper, manager of the Western Division.

RETURNS FROM FLORIDA

Mrs. John Portwood has returned recently from an extended visit with her daughter, Mrs. Dale W. Cary, and family in Tampa, Fla. Lt. and Mrs. Cary are parents of a daughter, Erin Anne, born Feb. 7 in a Tampa hospital and weighing 9 lb., 2 oz. Paternal grandparents are Mr. and Mrs. Tracy Cary.

Band Boosters Had Meeting Feb. 11

Members of the Brownfield high school Band Boosters Association met Feb. 11 at 7:30 p.m. in the school band hall. The president, Mrs. Grady Goodpasture, called the meeting to order and the minutes of the previous meeting were read and approved. Fred Smith, band director, explained the purpose and functions of the band contest to be held in Brownfield on April 26-27. Mrs. Edson Wilder, program chairman, conducted a musical game for the group. Cake and coffee were served at the close of the meeting. The Stage band will perform at the next meeting, which will be the second Monday night in March. Any persons interested in the welfare of the band are urged to attend.

Retail Committee Sets 'Vital Tuesday Meeting'

Reorganization of the retail committee, Brownfield Chamber of Commerce, has been scheduled for 2:30 p.m., Tuesday. The group's current chairman, Coot Arnold, manager of Brownfield Cobb's, this morning urged "all businessmen to meet with us Tuesday. We'll undertake to clear up two pressing items concerning all of us: our holiday schedule for this year and the parking situation."

HOSPITAL NEWS

(Date patient was released from hospital in parenthesis)

Feb. 12: Mrs. Johnnie Ruth Lindsey (2-10) and Bette Brubaker, (2-14) medical.

Feb. 13: Mrs. Chester Hartis (2-14), Clint H. Howell, Mrs. Cordie Honeycutt (2-14), Mrs. W. J. Stokes (2-15), and Mrs. R. O. Bennett, medical; Harold and Juanice Newbill (2-14), T & A; Mrs. Rita Crunk, surgical.

Feb. 14: Mrs. C. W. Holly, Mrs. A. E. Proctor (2-17), Richard Lee Wharton (2-18), Barbara Dart (2-15), and Mrs. J. Upton, medical.

Feb. 15: Larry Barrier (2-16) and Mrs. Cordie Honeycutt, surgical; D. L. Blevins (2-16) and Gregorio Almania, accident; J. R. Baker, Orvis Mauldin (2-18) Mrs. Bobby Jones (2-16), and Thurman King (2-19), medical.

Feb. 16: Dean Hughlett and Mrs. Doyle Lee (2-18), surgical; Cliff Fitzgerald (2-18) and Teresa Jane Horne (2-19), medical.

Feb. 17: Ida Mae Monnett (2-18), medical; M. E. McWilliams, surgical.

Feb. 19: Carl Pritchard and Linda Wagner, medical; Carl Swening, T & A.

This would be an ideal time to pay tribute to the High School Pep squad, especially so, since they sponsored a most successful athletic banquet last Tuesday night.

I was most fortunate and grateful to receive an invitation to the affair and believe you me the boys and girls really did it up brown, to use a manner of speech. Thanks lads and lassies, I sincerely enjoyed the evening and look forward to next year.

The boys and girls who lead the cheers that spark the teams in high schools and colleges never receive adequate thanks and bouquets as do the athletes but they certainly are a most important part of any

team. Without them a sporting event would be lost for color and gaiety as well as a do or die spirit by every single member of the student body.

It is most unfortunate, indeed, that these members of the high school student body never reach a pinnacle of stardom but, in their own right, they should be among those most highly praised at the end of every season.

The fans and students alike take it for granted that when a game is scheduled, the Cheer Leaders will be on hand. They never stop to think that these leaders might appear on the scene not feeling too well - but they are always there. They are attired in the brief-

City Fathers Observe New Power Equipment

Mayor Arlie Lowmire, city secretary Jake Geron, city manager Eunice Jones, and city councilmen Troy Noel, Henry Chisholm, Sam Murphy, John Kendrick, and Virgil Travis left early Tuesday for Milwaukee, Wis.

While in Milwaukee, the group will observe the new engine, purchased recently to boost city light power, which is now on the test block at the Nordberg manufacturing company.

est of costumes, they lead the cheers with the loudest of yells, they encourage the team with devoted support and they give everyone a good show.

When the weather might be inclement these boys and girls do not look for an excuse to miss a game — they are there — on time — and give the very best that is in them in order to help the team on to victory.

I for one appreciate them as I know every fan and student does. So — to you — Dixon Latham, Janell Bragg, Mary Joe Christian, Ann Lee and Jerré Sue Estes — **HATS OFF FOR THE WONDERFUL JOB YOU HAVE DONE DURING THE SEASON JUST ENDED.** May your future be as bright as the beacon you have represented. Orchids to you all and God Bless You.

Brownfield Future Farmers Currently Are Observing National FFA Week

IN THE PICTURES — Brownfield Chapter, Future Farmers of America, is observing the current National FFA Week. In the four panels are pictured the chapter members. The group has taken numerous wins this past year in various district, area and state contests. Their advisors are Ves Hicks and Walter Meyer, vocational agriculture teachers at BHS.

Local Chapter Keeps Active Projects Going

By VES HICKS
FFA Advisor
Brownfield High School

Future Farmer chapters in the 48 states, Hawaii and Puerto Rico have been observing National FFA Week since last Monday.

This farm youth organization has as its first words of its creed: "I believe in the future of farming." Today, the Future Farmers of America comprises more than 370,000 members affiliated with 9,000 local chapters.

Since observance of the "week" a year ago, Brownfield Chapter has been active in meeting the goals of the Future Farmer organization: agriculture, leadership, cooperation and citizenship.

It was in February of last year that the chapter sponsored a donkey basketball game, with proceeds going to the Parent and Son Banquet fund.

In March, chapter members showed 40 lambs and 15 barrows in the South Plains Junior Livestock Show at Lubbock.

Last April the land judging team, comprising Charles Kersh, Tommie Lamar, R. Lee Petty and Gus Foshee, won the annual contest held by Terry Soil Conservation District.

With 40 other teams competing, our dairy-cattle judging team won first place in the annual Panhandle - Plains Dairy contest. Two weeks later, the team won the Texas Tech event, where 101 teams competed. Members were John Milburn, Lavoy Briscoe, Avon Floyd and Terry Parker.

Last April also found the dairy products team winning first in the Texas Tech contest for the fourth consecutive year. Members were Smyrl, Wesley Britton and Johnny O'Neal. Our poultry team placed fifth in the event. Team comprised Johnny Parker, Lonnie Bartley, Bobby Whitney and Ken Willis.

Highlights of that busy month of April were the Parent - Son Banquet and the Terry County Junior Livestock Show. Some 275 members and their parents were at the banquet. In the stock event, O'Neal, Briscoe, Jack Purcell and Floyd placed fat steers in the prime group. In the swine division, Bobby Keith had the champion Duroc barrow. Carl Gordon had the champion Hampshire barrow, and Parker, champion Berkshire barrow.

A month later, Floyd was elected district FFA president. Thus he headed chapters in schools of Yoakum, Lynn, Garza and Terry counties.

It was also in May that these judging teams, which had qualified in the Tech event, went to Texas A&M for the annual judging there: meats, dairy cattle, dairy products, livestock and poultry. These four comprised the meats judging team which placed fourth at A&M against 50 of the best teams in the state: Clifford Tuttle, Billy Walker, Mike Smith and Tommy Brooksey.

In June, Floyd and Smyrl entered their Supervised Farming Records in the Area II convention at Alpine, with the hopes of receiving the Lone Star Farmers degree, highest award presented on the state level.

At the same time, several chapter members toured Big Bend National Park and the Davis Mountains. The occasion was the annual summer encampment. It was at the Alpine convention that Smyrl won the Area II public speaking contest, and the privilege of appearing on the state level at Dallas.

The statewide FFA convention was held July 21-23 in the Statler-Hilton Hotel in Dallas. It was at this event that Smyrl and Floyd were awarded the Lone Star Farmer degrees. In addition, Smyrl was announced as winner of a Santa Fe Educational Award, to be presented later in Kansas City, Mo.

With the ringing of school bells in early September, Brownfield Chapter elected the following officers: Smyrl as president; Leon Willis, vice-president; Tuttle, secretary; Floyd, treasurer; Britton, reporter; Gene Mason, Student Council representative; Lesley Britton, sentinel, and O'Neal, second vice-president. In a special election, Miss Dianna Adams was named Chapter Sweetheart.

The national FFA convention was held in October at Kansas City, with Smyrl and Floyd attending as representatives of the Brownfield Chapter. Floyd received his Santa Fe award there. He also was the voting delegate.

In the same month, the third-year vocational agriculture class attended the annual State Fair at Dallas, and the local chapter played host to the annual District FFA banquet, with nine chapters represented. Larry Huckabee of Brownfield was elected district entertainer, and Miss Ida Pearl Mason of Wilson, district sweetheart.

The chapter entered four teams in the FFA leadership contest in November, with the Junior and senior farm skill teams winning first place on district level. Senior chapter conducting teams placed second in the district contest, team comprising Jimmy Sherrin, Buster Chambers, Hilbert Briscoe, Ronnie Bartley, Johnny Patterson and Leon Hinson.

SECTION THREE
The national FFA convention was held in October at Kansas City, with Smyrl and Floyd attending as representatives of the Brownfield Chapter. Floyd received his Santa Fe award there. He also was the voting delegate.

SAYS FARM MANAGEMENT SPECIALIST

Good Records Can Save Dollars at Tax Time

It is usually the small -expense items, especially those paid for in cash, which are overlooked at income tax reporting time, says Cecil Parker, extension farm management specialist.

In his work, Parker says he has observed that farmers could save additional tax dollars by learning which of these items are tax deductible and by keeping accurate records of all expenses and receipts regardless of their size.

Parker has further observed that farmers have little trouble keeping records of major transactions for most are paid by check and the cancelled check then becomes a part of the record. Don't overlook the small items, he advises, for they can amount to a lot of money over a period of a year.

They may include such items as interest payments, membership dues in farm organizations, subscriptions to farm magazines or small fees for services required in connection with the farm business, overnight business trips and losses on household goods and equipment used by hired help.

Be Our Guest...

TAKE A J-2 ROCKET TEST!

Here's a special invitation to something really new—J-2! It's Oldsmobile's brilliant new J-2 Rocket Engine*, most exciting engine development since the first Rocket was hunched!

For you'll find the J-2 Rocket more than just an engine, far more! It's like two engines in one... two Rockets in one! There's unprecedented new "two-stage" action—one stage for economy and one for extra power, served up just the way you like it!

And here's what sets the stages: New J-2 features not one, but three dual-downdraft carburetors—it's geared to operate on one carburetor alone or all three together!

In normal cruising, on one carburetor, you enjoy all of the Rocket's famous action-plus-economy!

And when the need for power arises, it's there at your fingertips. Just ease the throttle 3/4 down and two additional carburetors join in—transform the Rocket with the reassuring surge of 300 horsepower... get you back on the safe side of any situation! Here's control and command of performance such as you've never known... a new combination of savings and safety!

Best of all, we have a glamorous new Oldsmobile Super 88—one of the first to be equipped with the new J-2 Rocket—in our showroom now. Be our guest for your J-2 test, soon.

*277 h.p. Rocket T-400 Engine standard on all models. J-2 Rocket Engine, with 300 h.p., and special Rocket Engine, with up to 312 h.p., both optional at extra cost.

AMMO-PHOS FERTILIZERS

16-20-0 13-39-0 11-48-0
15-30-0 8-32-0
12-24-12

MATHIESON

- ECONOMY**—You save time and money in storing, handling and spreading high-analysis pelletized AMMO-PHOS because it contains up to 2 1/2 times more plant nutrients than most other fertilizers. Compare plant food values.
 - STORABILITY** — AMO-PHOS occupies only half as much of your valuable storage space. Pellets will not lump or cake if stored in a dry place. Buy ahead with confidence. AMMO-PHOS will be in excellent condition when you need it.
 - SOLUBILITY** — All guaranteed plant food in AMMO-PHOS are completely soluble in water. The method of compounding keeps the phosphorus available longer.
 - DRILLABILITY** — No sticking or bridging when you drill with AMO-PHOS. The pellets are dry and free-flowing — provide easier, more even distribution in the field without bothersome dust. Airplane application is simplified.
 - CHEMICAL UNIFORMITY** — There's no spotty feeding with AMMO-PHOS. Each pellet has a uniform content of the major plant foods... the same guaranteed analysis... because AMMO-PHOS is chemically compounded. Each plant receives the same proportions of plant foods, resulting in uniform high yields.
 - AVAILABILITY** — AMMO-PHOS gives you a quick-acting, non-leaching nitrogen... the most available phosphorus you can buy... and potash to fit your soil requirements. The pellets retard the rate of reversion of phosphorus by clay in the soil... give plants a quick, healthy start and feed through to a successful, big-yield maturity.
- PLUS ADEQUATE SULPHUR** — All grades of AMMO-PHOS contain adequate sulphur in addition to the major plant foods. This important plant food element is another bonus factor when you use Mathieson High Analysis Pelletized AMMO-PHOS.

Brownfield News Editorials

BY THE HARRIED PHILOSOPHER

'Tractor Bank' Is Proposed

(EDITOR'S NOTE: The Harried Philosopher on his one-acre grass farm on Route 13 will get nowhere with his idea this week, but we don't guess you can blame him for trying.)

Dear Editor: Here of late I have been giving considerable thought to the Soil Bank, since nearly every newspaper you pick up has an article or two on it, and where there are several aspects of the Bank that suit me, for example, I have no objection to leaving land un-plowed and I never have objected to opening a letter and finding a check in it, it seems to me the Soil Bank idea hasn't been carried far enough.

What I mean is, putting a few acres in the Bank may be fine, but like any modern bank it ought to offer more services. For example, I can't find any provision for putting my tractor in it.

Now as I understand the purpose of the Soil

Bank, it's designed to take land out of cultivation and reduce the surplus, and one of the worst culprits as far as producing a surplus is concerned is the tractor.

What the government needs, if it really wants to wipe out that surplus, is to establish a Tractor Bank. The way I see it, this would be a lot simpler than the Soil Bank. Wouldn't require any measure, any inspecting, any complicated paper work.

All you'd have to do is mail your tractor key to Washington, let them mail you a check back, and when the surplus is down to where the experts figured it was safe to return your key, let 'em drop it in the mail.

If your tractor doesn't have a key, have one installed. After all, a man ought to be willing to do his part to end the surplus, without relying on the government for everything.

Now I know that somebody is gonna say, what about the man with two tractors, or the shady character with two tractor keys? Well, naturally the banking business is not all smooth sailing, you're bound to find dead-beats in any enterprise, but on the whole, if the check was big enough to get you through the year, there wouldn't be many people who'd slip around and sort of bootleg a little plowing on the side and after dark. At least you wouldn't catch me doing it.

If you think this idea has any merit, I'd like to say I've got my key here in my hand ready to drop in the mail.

Yours faithfully,
Harried Philosopher

Already Late!

THE AMERICAN WAY

By George Peck

(EDITOR'S NOTE: George Peck is Chairman of the Board of the National Labor-Management Foundation and Executive Editor of its official publication, PARTNERS.)

On February 4, President Eisenhower presented ex-President Hoover with a citation honoring his service as Chairman of two Federal Government Reorganization Committees. This took place at Washington, D. C., at a Third National Reorganization Conference luncheon, which Mr. Hoover addressed, taking as his subject, "Inflation, Spending, Taxes and Some Reforms."

This gesture on the part of our present President to a former President met with the approval of the many millions of Americans who now realize the numerous and varied services that our greatest living American has rendered to America and to the world at large. This columnist joins the host of his fellow Americans in expressing gratitude to a great former President, a great American and world citizen.

Mr. Hoover had a harassing and sad four years in the White House. Through no fault of his, fate decreed that there should be a world-wide economic collapse while he was at the nation's helm. He was the target of underserved calumny and abuse by a vast segment of America's citizenry, even including many of his own political party. The quarter century that has elapsed since Mr. Hoover departed the Nation's capitol, has brought about a change of heart and attitude toward "The Chief."

It is good to know that Mr.

Austin Newsletter

By R. L. BOWERS JR.
State Representative
9th District

Activity in the House picked up this week, and there now have been a total of 449 bills introduced.

On Tuesday, the House and Senate met in joint session to hear addresses by Olympic track star Bobby Morrow and Dr. William Menninger, nationally famous psychiatrist.

Most of the debate in the House this week centered around House Joint Resolution No. 1, which is a proposed Constitutional amendment providing for annual sessions of the Legislature. The resolution passed the House and has been sent to the Senate.

The House also passed Senate Bill No. 18 this week, which is the Texas Commercial Feed Control Act. It now is scheduled for the governor's signature.

House Bill 173 has been passed and has gone to the Senate. This is the "Egg Bill" regulating the handling and sale of chicken eggs in Texas, and provides for grading, labeling, etc., etc.

There has been little activity concerning the various water bills this week; however, the news about the West Texas rains has been most welcome. I hope that everyone received his share of the rain, even though I know that we need more.

I hope to be able to tell you more next week about the Enabling Act creating the Texas Water Development Board.

Hoover can not look back to a sad experience without rancor—that he can even quip about it. During the course of his address, referring to Secretary of the Treasury Humphrey's recent remark that unless we change our ways, we will see "a depression that will curl your hair," he said: "Mine has already been curled once." This sally was greeted with a roar of laughter by the assembled luncheon guests.

The burden of our 83-year-old ex-President's talk was that governments (Federal, State and local) are contributing in large degree to the inflationary spiral. He decried the operations of the pressure groups who, through their registered lobbyists at Washington, are working day and night to get what they call "theirs." He urged his luncheon audience and the millions listening to him over a nation-wide radio hook-up, to examine themselves as to whether they belonged to any pressure group.

By Vern Sanford
Texas Press Association

AUSTIN, Tex. —Gov. Price Daniel's proposed reorganization of the Insurance Department provides a brand new "big issue" for the Legislature.

Daniel asked the lawmakers to give emergency status to a plan to abolish the present commission and substitute a set-up similar to the Highway Commission, but full-time. This would mean a three-man policy board appointed by the governor and an administrator of the entire operation by the board.

Present three-member Board of Insurance Commissioners in charge, with both policy-making and administrative functions, individually, each is an administrator of regulation for one segment of the industry — life, casualty and fire. Collectively, they act as over-all policy-makers.

It's an inefficient operation, says Daniel. He said now is the appropriate time to change it before new commissioners become wedded to the old way. He asked Atty. Gen. Will Wilson to draw up a bill.

Only Fire Commissioner Mark Wentz has a "definite seta" at present. Casualty Commissioner Morris Brownlee's term expired Feb. 10, but he is being kept on temporarily until a successor is named. Life Commissioner John Osorio was appointed late last year by Gov. Shivers, but has not been confirmed by the Senate.

Daniel said he made his decision "long before" the recent insolvency proceedings against ICT Insurance Co. of Dallas.

Industry groups, nevertheless, were taken by surprise. Most were unable to decide immediately whether to oppose, endorse or take a "hands off" attitude.

ALLRED RETURNED —Rene Allred is back on the job as attorney in the Insurance Department liquidation division.

Allred was fired as the division's chief attorney by the Insurance Commission in 1954. He protested at the time before legislative committees that he was responsible only to Travis County's district judges, who handle insurance liquidation.

His new appointment was made by Dist. Judge Charles O. Betts. Allred is a brother of Former Gov. James V. Allred.

WATER PROGRAM GOES FORWARD —Both House and Senate constitutional amendments committees have okayed the \$200,000,000 Water Development Fund.

Under the plan a state bond issue would raise money to assist local governments to finance water conservation construction —up to \$5,000,000 per project.

House committee made some changes which would require a special Legislative appropriation to pay principal, and interest when necessary. House Sponsor Leroy Saul of Kress protested that this would make the bonds a less attractive investment, resulting in a higher interest rate for the state.

LOCAL LEGISLATION FOUGHT Local vs. state control battles have assumed almost the proportions of the more usual state vs. federal government controversy.

At least a half-dozen bills now before the Texas Legislature are being opposed on the grounds that they represent unwarranted legislative interference in local matters.

House constitutional amendments committee voted down a proposal by Rep. John Crosthwait of Dallas to allow the Legislature to pass bills applying to specific counties. It would do away with local self-government, said opponents. Crosthwait said it would eliminate the present practice of passing laws applying only to counties with a certain population.

Several bills by which firemen and policemen seek better hours and pay are being labeled "legislative dictation" by the League of Municipalities.

Two bills to give the State Highway Department greater powers to condemn land for right-of-way met similar protests. "Too much power," said Sen. George Parkhouse of Dallas. "They'll take your courthouse and anything else they want." Senate Jurisprudence Committee approved them anyway.

OIL IMPORTS HIT —President Eisenhower was asked to take "immediate steps to curb foreign oil imports" in a resolution passed by the State Senate.

Resolution was proposed by Senators Dorsey Hardeman of San Angelo and William Fly of Victoria.

Railroad Commission Chairman Olin Culberson quickly congratulated the Senate. That's always been the fly in the buttermilk," said Culberson, "those excessive imports."

Look at this BUY FROM BUICK

Manufacturer's Suggested Price—for this 2-Door SPECIAL 6-Passenger Sedan

\$2595⁸³

(including Delivery and Handling Charges and Federal Excise Taxes) Transportation charges, state and local taxes, accessories and optional equipment, including Dynaflo transmission, radio, heater and white sidewall tires, additional. Prices may vary with individual dealer pricing policies.

ONLY a few dollars more than the price of a smaller car—for a big and brawny Buick! But that's just part of the news.

Do you know this spanking Buick is new from the rubber up?

That it has an all-new body—and a windshield with over 200 square inches of new visibility?

Do you know its roof line is inches lower — yet there's full headroom, legroom, footroom for all six passengers?

All this took some great engineering. But where the engineers went all out was in making this the dream car of the year to drive.

New engine—new Dynaflo* response—new steering—new ride—more than 150 other chassis changes that make this, in fact, the most completely new Buick in years—offered at a price level that makes it literally true: if you can afford any new car you can afford a Buick.

And what a buy you'll get for your money! See your Buick dealer, take the wheel—and find out.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick built today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

FIVE-YEAR LOSS: 2,000,000 BALES

Cotton Diseases Cut Annual Texas Yields by 10 Per Cent

Estimates place the loss to Texas cotton producers during the past five years from diseases at more than 2,000,000 bales. About 20 per cent of the total is charged to seedling diseases.

Angular leaf spot or bacterial blight, root rot, boll rots, fusarium wilt, verticillium wilt, root knot, nematodes and rust, says Dr. Harlan Smith, extension plant pathologist, are other diseases of great economic importance.

The loss during the last five years amounts to about ten per cent of the total yield but last year's loss was 11.5 per cent, the highest on record for the state.

The increase last year is attributed to the widespread appearance

of verticillium wilt in the High Plains and Pecos areas and (apparently) increases in cotton root rot in the Lower Rio Grande Valley and in the Pecos, Fort Stockton, Bakersfield areas of West Texas.

Too, rust was found in South Texas for the first time since 1943 and fusarium wilt in west Texas for the first time ever. Losses to root rot in the Central Blackland area last year were less than usual. This loss normally ranges from 10 to 25 per cent annually, says Smith.

In addition to the direct loss of stands and plants, cotton quality is often lowered because of disease damage. Angular leaf spot and boll rots each are often cited as the reason for lowered cotton grades.

Smith urges cotton growers to give more attention to practices which can be used in cutting these losses. These include seed treatment, planting disease resistant varieties, crop rotation and the use of chemicals.

Helpful Hints Now Available on Fight With Insect Pests

Entomologists of the Texas Agricultural Extension Service have prepared informational guides covering control measures for the worst offenders in the insect world.

The recently released series includes L-217, Stored Grain Insects; L-128, 1957 Texas Guide for Controlling Cotton Insects; L-219, Ways to Fight the Pink Bollworm and L-245, Texas Guide for Controlling Insects and Diseases on Fruits and Nuts.

The publications are available through the offices of local county extension agents or from the Agricultural Information Office, College Station, Texas. All have been prepared to save time for those needing information on con-

trol programs or practices for combatting the losses which insects cause each year.

The control measures are listed in chart form along with the recommended chemicals for dusting and spraying.

The entomologists point out the great need for careful handling of insecticides as well as using control measures before insect infestations become so heavy that control is made difficult and expensive.

The entomologists also point out that the recommendations given in the new publications are based on research and field findings which not only cover the insect-killing power of the chemical

FAMOUS Esso Extra GASOLINE

prevents the "knock you cannot hear!"

Engineers call it "trace knock," and only the trained ear can hear it.

But trace knock, like any knock, robs your engine of its power, forecasts engine damage.

If yours is a modern car in any price class—especially if it's a 1957 model—prevent trace knock with Humble's famous Esso Extra, the gasoline that gives you extra anti-knock performance.

And that's not all! Esso Extra delivers full power output from modern engines. It gives maximum mileage and extra protection against vapor lock. It gives extra quick starting and warm-up.

HUMBLE OIL & REFINING COMPANY

Fill up with Esso Extra gasoline under your neighbor's Humble sign—it's famous for performance.

HUMBLE

Grasses For The Soil Bank Conservation Reserve

Weeping lovegrass is well adapted to this area under dryland conditions. Good growth has been made under extremely low rainfall conditions.

INFORMATION ABOUT WEEPING LOVEGRASS:

1. Planting time . . . March and April
2. Planting Rate . . . Drilled or close spaced rows, 1 lb. per acre.
3. Covering Depth . . . 1/4 to 1/2 inch
4. Planting Method . . . Plant in drilled sorghum stubble established the previous year. Use drill, or Planet Jr. type planter.
5. Cultivation . . . Mow, shred, or spray to control tall weeds the first year.

Where blowing is a problem, the most important step in seeding grass is to have adequate stubble or cover to plant the grass seed in. Stubble will protect young grass seedlings, prevent blowing, crusting, and drying out of surface soil. The Soil Conservation Service will be glad to assist in the establishment of this practice.

Bynum (standing), Mrs. Jasper Moore, Mrs. Ruth Campbell, Mrs. Loyce Floyd and Mrs. O. E. Sullivan. The group worked in cooperation with other HD and civic clubs in the county.

Senator Preston Smith

There must be some behind-the-scenes activity going on in both legislative chambers these past few weeks concerning former Gov. Shiver's "last minute" appointments.

Just what started the general talk is not known, but unofficial sources indicate that opposition centered on the appointment of Austin Attorney John Osorio as a member of the Board of Insurance Commissioners. Osorio was not named to one of the term offices starting between Jan. 1 and the time Gov. Shivers went out of office, but to a vacancy that took effect Jan. 1.

Gov. Daniel said he thinks "an incoming governor should have at least some representation on the boards and commissions functioning in his administration."

The Senate nominations committee is holding hearings on all recess appointments made by Shivers.

There are several intricacies in the process of Senate confirmation of public officials. The Constitution requires all appointees of the governor, and various other appointees by other officials also must be confirmed.

When a recess appointment is made — at times the Legislature is not in session — the appointee can take office at once. But when an appointment is made during a session, the appointee cannot qualify until the Senate has confirmed him.

If the Senate rejects a recess appointee, he is automatically out of office when the vote is taken. If the Senate fails to act on the nomination at adjournment, he then goes out of office.

If a nomination made during a session is not acted on before adjournment, the appointment dies.

So, everything considered, there may be some name-changing on office doors here and there before we reach the halfway mark of the 35th Legislature.

Come in and take our **"V-8 COMFORT TEST"**

Trucks for every job, from the world's most complete truck line—1/2-ton pickups to 90,000 lb. models.

The real test for driver comfort is how you feel at the end of a full day at the wheel.

That's why we invite you to come in and take our Heavy-Duty V-8 "comfort test." We think it will convince you that the new INTERNATIONAL V-8's are not only the most terrific performers on the road today—but are also easiest on the driver.

Simply take a new INTERNATIONAL V-8 out on the road. Compare it with your present truck for driving comfort, cab roominess, visibility. Note how much less downshifting you have to do—how easy it is to handle on rough roads. When you bring the truck back, see if you don't get out of the cab a lot fresher and less tired than usual!

The proof of the comfort is in the driving. Come see us soon!

American—

group asking for Federal spending, if they valued their own safety and further peace of mind to "just resign from it — and do it loudly."

Mr. Hoover drew three loud cheers from this radio listener

in, when he got around to my pet abomination — the encroachment of Federal Government into the affairs belonging to private enterprise. Said he:

"The Federal Government is engaged in a multitude of business enterprises in competition with pri-

Records—

The specialist suggests that all cancelled checks, receipts and records be kept for at least five years and that checks be used whenever possible. Extra check fees are well worth the protection provided by the cancelled check.

Depreciation records should be kept on equipment, improvements and installations and machinery as well as on all purchased breeding animals. These items lose some of their value each year and the loss is deductible for income tax purposes only at the end of a year in which the depreciation occurs.

And finally, Parker suggests a visit with a good farm income tax consultant. Here advice and suggestions can be secured on all the items which should be included in the farm record system and also a listing of the small items which are deductible and most often overlooked.

private business. As a whole they pay microscopic taxes — either Federal, State or local; a few of them pay interest on government capital and still fewer amortize this capital. Any strict accounting would show, as a whole, that they are a burden on the taxpayer and that they deprive the government of taxes that would be paid on the enterprise. Some headway is being made on getting rid of them, but there is still a long way to go."

Earlier in his speech, "The Chief" had said: "Let me repeat what I have said many times over the years. The Federal Government should undertake and only undertake, competitive, business and public improvements which cannot be otherwise attained by the people or their local governments. There are less of them than some pressure groups would have you think."

The Bible Study course at the Challis Baptist Church was well attended last week with an average of 39 in attendance.

Bro. Taylor of the Union Church taught the study course using the book of Genesis as the main scripture and taught the creation in type of Christ. Mrs. Kenney had charge of the Sunbeams in their department.

The Women's Missionary Union met Monday at 2 p. m. at the Church. The president, Mrs. C. S. Carroll, led the business meeting, and Mrs. Henderson gave a chapter on Stewardship. There were 10 present.

Mr. and Mrs. W. J. Henderson visited their son and family, the C. J. Hendersons, near Gomez Wednesday.

Guests in the Lence Price home Sunday were Mr. and Mrs. Earl McCutcheon, Sharon Lee Kenney, and Jerry Henson.

Mrs. Della Wooley of Portales, N. M., is visiting her daughter and family, Mr. and Mrs. J. L. Langford, this week.

Mr. and Mrs. Loyal Henson and Kathy Ann visited friends, Mr. and Mrs. L. J. Tartar in Lubbock Sunday.

Those visiting in the home of Mr. and Mrs. Wayne Bagwell Sunday were Pastor and Mrs. Oscar Kenney and Mr. and Mrs. M. D. Stephens of Morton.

Mr. and Mrs. John Garner and Mr. and Mrs. J. C. Armstrong and boys of Ropes were visitors in the C. S. Carroll home Sunday.

Those visiting in the home of Mr. and Mrs. W. J. Henderson recently were Mrs. J. E. Evans of Brownfield, Dean Evans and son of Killeen, and Mrs. E. S. Henderson, Buster and Delbert, of Big Spring.

Tommy Newsom was a guest of Donnie Holleman and his parents, Mr. and Mrs. Floyd Holleman, last week.

AT SWEETHEART BANQUET

Tie Results in Two Kings and Queens

A tie between unions of Calvary Baptist Church resulted in the naming of two kings and two queens for the group's annual sweetheart banquet, held Feb. 15 in Colonial Heights Cafeteria. Conducted by the Training Union, the banquet was presided over by Gary Travis and Caroline Stowe, king and queen of Junior Union, and by Charles Mulkey and Juanita Mulkey, king and queen of Intermediate Union. The court comprised these dukes and duchesses: Danny Muston and Kathy Lewis Timmons and Ruthie Conlee of the Primary Department, Dwayne Galoway and Mary Edith Stowe of the Young People's Department, Alton McKee and Lela McKee of Adult I, and Oscar Decker and Dorothy Decker of Adult II.

Deferred Grazing Is Most Economical To Recovery of Ranges

Brush control and deferred grazing practices on a Young County pasture demonstration has cut in half the acreage requirement per cow, asserts G. O. Hoffman, extension range specialist. Calves sold from this pasture were 100 pounds heavier than brush pasture calves and marketed for \$16 more a head, he says. Hoffman terms deferred grazing the most economical method of range recovery and says an Andrews County demonstration made it pay off at the rate of \$24 a head by producing calves weighing 120 pounds above the county average. Aerial spraying of bottomland hardwoods more than doubled the carrying capacity of a 600-acre Freestone County pasture, relates Hoffman. He says the pasture improved in range condition and yielded beef production 17 pounds an acre above a neighboring brush pasture average. Flexible stocking cut out any need for supplemental feeding on a McMullen county pasture. It was stocked at 75 per cent of normal carrying capacity with mother cows, Hoffman explains. Then during good years calves were retained to eat the excess grass and marketed heavier. In dry years, calves were sold early to conserve grass for the mother cows. A Duval County stockman combined all range management practices and in a sense licked the drought, Hoffman declares. The stockman used brush control, deferred and rotation grazing, proper stocking, good fencing, water conservation and range reseeding. Hoffman says the resulting calf crop has averaged 78 per cent over the past nine years with weights at about 535 pounds. Beef production per acre has registered 23 pounds, adds the specialist. Use range practices which will give your pasture the fastest range recovery with the most economical livestock gains, advises Hoffman. Stock pastures on the basis of actual forage production, not on a long time stocking average and your range will recover even in a drought year, the specialist says. See your local county agent for help in determining the best-suited range practices for your area.

Highlights—

better pay are moving forward in both Houses of the Legislature. House members approved, Feb. 29, a proposed constitutional amendment providing for annual sessions of the Legislature and \$4,800 annual salaries for members. Original proposal was for 7,500 a year. No one appeared to oppose the Senate Education Committee's unanimous vote for a bill to give teachers a \$399 a year boost. **BUSY PANELS**—Other Legislative committee action brought: 1. Protests against Sen. George Moffett's proposal for a study on diverting lease and bonus income from school lands from the permanent to available school fund. "A foot in the door" would be fatal, said opponents. Resolution went to probable subcommittee grave. 2. An appeal from National Democratic Committeeman Byron Skelton for Rep. Tony Koriath's bill to require voters to register by party preference 30 days before each primary. Sent to subcommittee for one week. 3. Tentative plans by the House Committee on State Hospitals and Special Schools to visit the Alabama-Coushatta Indian Reservation near Livingston the latter part of this week. Administration of the reservation has been in a state of confusion, resulting in resignations, audits, law searching and a committee suggestion that they "give it back to the Indians." 4. Rejection by a Senate committee of a bill to strike the word, "knowingly," from law forbidding sale of liquor to minors. Proponents contended liquor sellers used it as a loophole. Opponents said it would make dealers liable for innocent mistakes. **SHORT SHORTS**—Sen. Abraham

Anti-Secrecy Legislation Introduced

Sen. Henry B. Gonzalez (left) of San Antonio and Rep. Don Kendall (right) of Fort Worth, discuss the "open meeting" bills they have introduced in the Legislature with the backing of the Texas Press-Association. SB 83 and HB 69 are identical. They call for all meetings of official bodies of the State, City, County or other political subdivision of the State to be open to the public. "It is time for the State of Texas to join the other states in the immediate passage of an anti-secrecy bill," said the sponsors, "and we urge the public to join us in supporting our campaign for a full and public airing of all public matters." Ka-en Jr. of Laredo has introduced a bill to set up a Texas Council on Migrant Labor to improve conditions for "Texas citizens who are migrant laborers." Federal government has control of braceros in interstate commerce. County officials serving 4-year terms would be required to resign their post to run for another one under a bill proposed by Rep. L. DeWitt Hale of Corpus Christi. Mrs. Arthur Simmons of Tulia visited last week from Thursday until Sunday with her sister, Mrs. Frank Ballard, and Mr. Ballard. Mrs. Simmons' husband came down Sunday and she returned home with him.

FOR THE 1957 PLANTINGS

Supplies of Corn Hybrids Plentiful

Corn planting time is just around the corner and that should mean, says Ben Spears, extension agronomist, giving consideration to the question of the best corn hybrid for your area. Corn yields in Texas last year on the average were down due to the drought but adapted hybrids made yields 25 to 30 per cent above open pollinated varieties. Since there is a difference in the adaptability of corn hybrids to the areas of the state in which corn is grown, Spears suggests that the local county agent be asked for recommendations on the hybrids best adapted to the area. As for the best planting date, Spears says that is a hard one to determine but soil temperature should be between 55 to 60 degrees F at seed depth at planting time. Planting should be at a rate to give a plant spacing of 18-24 inches on most uplands and 12 inches is recommended for deep fertile bottom land or irrigated soils. Spears points out that it is the number of ears and weight and not the size of ears that determine yield and profits from corn growing. Fertilizer is needed for top corn yields and Spears says the best bet on determining what kinds and how much, is a soil test. Nitrogen is the plant food most needed but phosphorous and potash are also important and fertilizer requirements vary with soils and areas of the state. Local county agents can supply information on the local situation. Spears says corn doesn't need a lot of cultivation. Plowing should be shallow and only to control weeds. Deep cultivating will cut the feeder roots and actually decrease yields.

on the 4-H Rifle Team. The elimination was held to select the four best marksmen of the group, all 13 years and older.

Our thanks to Don Price and Leo Hall of Terry County Lumber Company and to Bill Henderson of the National Guard Armory for their able supervision of the rifle range.

Out of a possible 100 points, results of the afternoon of shooting were:
Herbie Pickett of 400 North D, 64, James Bandy of Route 1, 63, R. Lee Spain of Route 1, Meadow, 61, and Herman Wheatley of Route 2, 52. The foregoing scores won the four team positions for the shooters. They will enter district competition in May at Lubbock. Should they win

WATCH FOR SCOTT'S FABULOUS FIRESTONE SALE

Feed Grain Prices Expected To Average Higher This Winter, Late Figures Show

Feed grain prices generally are expected to average slightly higher than last year for this winter and continue into spring, says Extension Economist John G. McHaney.

Prices of oats and sorghum grain are expected to continue higher relative to corn than in 1955-56, due to smaller production of these grains and an increase in the nation's corn production.

Prices of corn and other feed grains may be lower during late spring, compared with 1955-56 levels.

Crop prospects for 1957 along with Government disposal programs for surpluses will partially determine this, predicts McHaney.

Total feed concentrate stocks have increased despite a 6 per cent drop in feed grain acreage. McHaney says carryover stocks of concentrates will probably be boosted about 10 per cent by Oct. 1, 1957, even after supplying all domestic and export requirements.

Exports are expected to continue relatively high for 1956-1957, but below a year earlier because of reduced European demand and increased Canadian and Argentine supplies.

Ample supplies of feed grains is the rule for the nation, but many drought-stricken Texas farms are critically short, warns McHaney.

Last year's second largest corn crop in history was produced on the smallest number of acres in

Several M.Y.F. members with sponsors and Rev. and Mrs. M. W. Reynolds went to Draw Monday night to attend the sub-district meeting.

Mr. and Mrs. Winfred Tucker and children have returned from Snyder after spending several days with her parents.

Mrs. J. A. Miller spent the weekend in the home of Mrs. L. J. Carruth.

Mr. and Mrs. Lloyd W. Yowell and children of Johnson attended church at the Methodist church Sunday night.

Mr. and Mrs. J. H. Gober and Ray were in Lubbock Tuesday visiting her sister, Miss Mattie Hester of Brownfield, who was

over 60 years. Total corn supply for present marketing year are 7 per cent above last year.

Oat prices will get a boost from reduced carryover at the end of the current marketing year. With total supply down, imports are expected to climb above those of last year. Barley supply for the present marketing year, July 1, 1956 to June 30, 1957, is down 8 per cent from last year. A 12 per cent acreage drop was partially offset by a record 28.8 bushels per acre yields.

Continued heavy exports are in line for grain sorghum with a possible reduction in last year's record carryover. Smaller production and higher prices may cut down the quantity of sorghum grain fed to livestock this year.

Last year's production was down noticeably due to an average reduction and a drop in average yields.

Price supports for 1957 feed crops will probably be announced before harvest begins. Supports on 1956 crops will be available through Jan. 31, 1957 and will mature April 30, 1957, for oats and barley and March 31, 1957, for sorghum grain.

confined to the Methodist hospital.

Mr. and Mrs. Lewis Peeler were in Fort Worth over the week end to attend the wedding of their cousin. They stopped in Paradise on their way home to visit W. I. Walker's brother, George, who has been very ill for several weeks.

Cadillac

International Synonym for "Achievement"!

Mention the name "Cadillac" wherever you will—and in whatever part of the civilized world you might be—and you will find a common meeting-ground of understanding.

It is, in brief, a world-wide synonym for personal achievement!

And this is, we think, entirely logical. For over the years, the Cadillac car has played a vital role in the lives of so many of the leading citizens of every community where motor cars are seen.

Cadillac is, in fact, the almost predictable choice of those who choose without restriction.

This, of course, is not to say that a motorist need necessarily possess an abundance of this world's goods in order to enjoy the great and unduplicated satisfactions of Cadillac ownership.

Consider, for instance, the economy of buying a Cadillac. Several models are actually priced competitively with much smaller, lighter cars.

Consider the practical aspects of driving a Cadillac. The car is remarkably economical from a standpoint of both maintenance and operation.

And lastly, think of the wisdom of owning a Cadillac. Year after year, Cadillac returns a greater share of its owner's original investment than any other motor car in the land.

In other words, wisdom and practicality can lead you to the "car of cars" just as surely as prominence and prosperity.

We suggest that you come in soon—that you spend an hour at the wheel—and that you delay no longer in making the magic move to Cadillac. We'll be looking for you—soon.
