WHOLE SHEBANG LUBBOCK-BOUND—The FFA youths pictured above will be in Lubbock Tuesday for showing of their swine at the 24th annual South Plains Junior Fat Stock Show. Swine judging will be held at 9 a.m., Tuesday. The entire event is scheduled for Monday, Tuesday and Wednesday. From left, the boys are Leon Hinson, Robert Wright, Bobby Brown, Charles Lee, Glenn Chesshir, Johnny Parker, Wayne Wheeler, Harold Salmon, Joe Milburn and George Messengill. They will be accompanied by Ves Hicks and Walter Meyer, vocational teachers and FFA advisors at the local high school. (Staff Photo)

WILL EXHIBIT SWINE FOR JUDGING TUESDAY

Brownfield Future Farmers Entered in Lubbock Stock Show

A total of 34 members of Brownfield Chapter, Future Farmers of America, will be taking part in the South Plains Junior Fat Stock Show. The event will be held Monday, Tuesday and Wednesday at the Panhandle-South Plains Fairgrounds in Lubbock. Only swine have been entered in the 24th annual show, and swine judging will take place at 9 a.m., Tuesday. Here are the names of boys, along with breed of swine they are entering: Duross — Charles Lee, Joe Milburn, Jacky Bench, George Messengill, Gary Moore, Ronney Ward, Bill Walker.

TCFB Membership Now Texas' Second Largest

With its 839, Terry County Farm Bureau has recorded the second largest number of 1957 members in Texas. L. M. Waters, Jr., membership chairman, said this morning that Harris County Farm Bureau exceeds TCFB by one. TCFB is in District 2 with 18 other counties. The district has the largest number of members of any of the other 12 in the state.

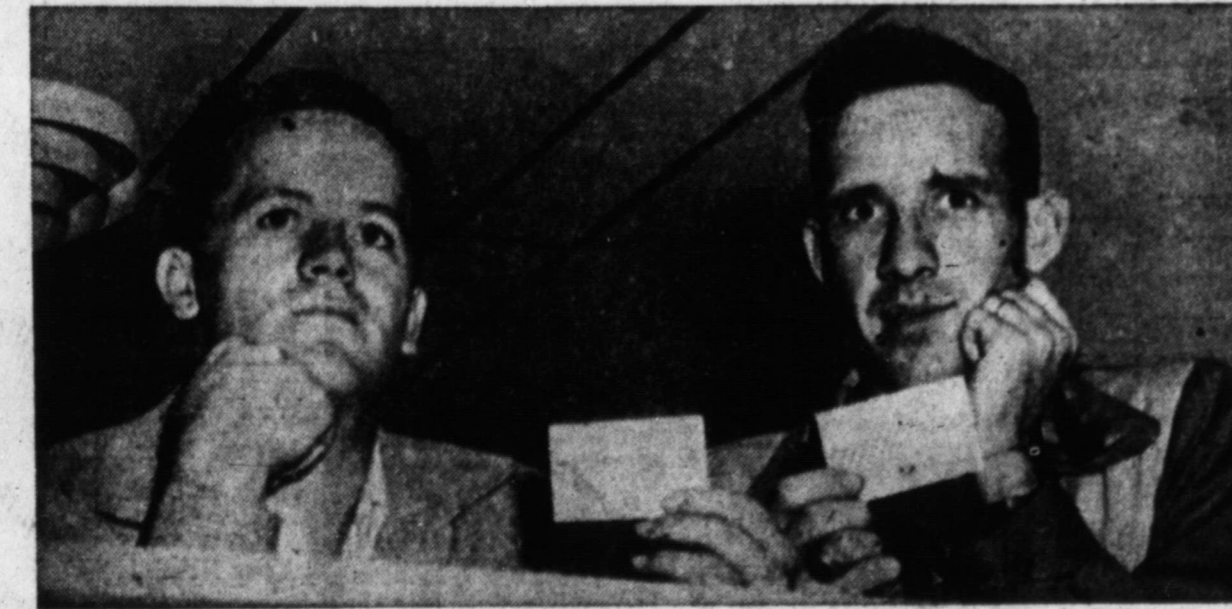

Poland Chinas—Leon Hinson, Eddie Perry, Spotted Poland Chinas—Glenn Chesshir, Charles Bullard, Deryl King, Johnny Parker. Hampshire—Dean Eubank Harold Salmon, Wayne Wheeler, Robert Wright, Wayne Devitt, Bobby Brown. Berkshires — Gus Foshoe, Herbie Pickett, Jack Qualls, Gary Moore, Donald Godwin, Ellis Cox, Tommy Mason, Larry Plymell, Kenneth Cason, Bobby Whitney, Guy Henson, Danny Lewis, Bill Scoggins.

The Brownfield youths will be competing against a record number of swine entries. The event climaxes long programs of feeding, handling and record-keeping by the FFA group. Auction sale of prize-winning animals will begin at 10 a.m., Wednesday, in the livestock judging arena. The boys will be accompanied by Ves Hicks and Walter Meyer, vocational agriculture teachers and FFA advisors at Brownfield High School.

Pancakes, Entertainment Are Scheduled By Brownfield Kiwanians Next Thursday

Annual pancake supper of Brownfield Kiwanians will be got under way at 6 p.m., next Thursday in the new cafeteria at Brownfield Junior High School. The 50-cent tickets to the event were selling rapidly this week, said Boyd Miller, club president. Here's a line-up of the entertainment which will be presented from 6:30 until 9:30, while the estimated 800 persons are fed: Concert by Brownfield High School stage band;

Ninettes, Brownfield women's singing group; the Sand Tones, popular local men's singing group; a series of musical skits by A. V. Wall at piano, and interim piano music by Sherry Don Spears. In addition to the three hours of entertainment, the Kiwanians will present a handsome door prize. Other menu items will be hot coffee, butter, milk and bacon, said Erwin Moore, general chairman for the annual supper.

PREPARE FOR BIG FEED — Brownfield Kiwanians were "pounding the pavements" this week to sell tickets — at a mere 50 cents each — to their annual pancake supper next Thursday night in Brownfield Junior High School's new cafeteria. In picture above, from left, Boyd Miller and Erwin Moore display the tickets. Miller is club president, and Moore, general chairman of the supper. Some three hours of entertainment will be presented during the supper, expected to last from 6 p.m. until 9:30 p.m. (Staff Photo)

Construction At \$325,000 Level In Brownfield

Construction permits issued by the city during the first two months of this year total \$325,750. The total comprises 28 permits, ranging from \$250 to the \$160,000 additions to First Presbyterian Church. Projected to the year-end, construction in the city possibly could total nearly \$2,000,000. Here's the picture: Westside Baptist, \$10,000 auditorium at North 12th and West Powell; J. C. Chambers, \$10,000 frame residence and carport at 1011 East Lons; Virgie Travis, \$7,095 three-car garage and den at present residence, 1004 East Tate. Brownfield NEWS, \$11,000 concrete tile building at 409 West Hill; Portwood Motor Company, \$16,000 concrete block building adjoining present quarters at 111 North Fourth; Jarrell Co., \$8,000 frame home at 1320 East Repto. Doll Cooper, \$2,000 frame at 1500 East Tate; Harry Newman, \$1,500 frame at 519 North First; R. B. Perry, 607 South Ninth, \$2,500 for moving in house; Village Grill, \$250 storage room at Buckley-First. Fred Nicholson, \$3,000 addition to present house at 601 East Broadway; Robert Knight \$1,000 addition to present home at 1217 East Cardwell; P. R. Cates, \$6,000 house at 916 G. St. and \$8,000 house at 13 East Lons. Shamburger Lumber Company, \$300 carport at 513 Park Lane; Paul Garcia, \$250 for moving house to 1323 North Seventh. First Presbyterian Church, \$160,000 additions to present building at 1002 East Broadway; R. J. Anderson, \$3,500 frame building at 607 Lubbock Road. The following houses were granted permits for Glenwood Homes, Inc. — \$10,850 at East Tate, \$5,500 at 1416 East Buckley, \$6,000 at 1414 East Buckley, \$7,000 at 1412 East Buckley, \$5,500 at 1410 East Buckley, and \$6,000, \$7,000, \$5,500 and \$6,000 for the remainder of East Buckley in the 1400 block.

Sale Of Seals To Begin

More than 5,000 letters containing the traditional Easter Seals will be mailed Monday in Terry County. The annual event in which everyone is asked to share in the aid to crippled children—and this year, adults—will last from March 15 to May 10. Responsible for its success here is the Terry County Society for Crippled Children and Adults, Inc. Seals which will be mailed this year are of two sizes and two color schemes. Actually, they'll not cost the recipient anything. They merely are a medium through which interested persons may contribute their aid. Containing 40 seals, envelopes may be used to return any donation — cash, check or money order — to Box 1149, Brownfield. Homer Barnes, society chairman, explained this morning: "Expenses of the society have mounted tremendously this year because, for the first time, adults are included in the aid program. "If you gave to your Community Chest this year, crippled children will benefit. However, should you wish to contribute more, buying these Easter Seals is the manner of doing it." Barnes expressed thanks to Delphinia Study Club and Den 2 of Cub Pack 74 for their assistance in "stuffing" the envelopes and preparing them for mailing. Here are other members of the Terry County Society, active the year round: Mrs. Lewis Simmonds, secretary-treasurer; Mrs. G. V. Ellis, publicity chairman, and Mrs. Weldon Callaway, Mrs. E. E. Preston, Mrs. K. D. Snedeker, Mrs. S. B. Collier, Mrs. David Nicholson, R. L. Fleming, County Judge Herbert Chesshir, County Atty. Morgan Copeland, Dr. J. R. Bailes, Furr Mgr. Joe Jackson and City Secy. Jake Geron. "Many crippled children live in Terry County," said Mrs. Ellis. "Last year we had enough funds to help some of them, but many still need your help. This is why we seek your Easter Seal gift now. "Crippled children in our county need the help your Easter Seal gift provides," she continued. "They need medical, surgical and hospital care . . . transportation to hospital and clinics . . . appliances such as wheel chairs, braces and crutches." Mrs. Ellis concluded: "Won't you give a thought to those persons whose lives are burdened with crutches, wheel chair and steel braces. We ask that you use the Easter Seal envelope to return your gift . . . as much as you can today."

Parking Conflab!

The perplexities of downtown parking in Brownfield will be approached from all angles at a 3:15 meeting Tuesday afternoon in City Hall. The seriousness of the current situation this week prompted the Chamber of Commerce retail committee to call the session. Here are at least three items — and they have become somewhat controversial — which will be discussed openly and freely: use of public parking lots, employer-employee parking and parking meters. No interested person or group has committed itself to any one solution yet. Apparent consensus is, however, that "We, in our growing pains, have come face to face with an unsatisfactory parking situation downtown. It has to be resolved quickly." Retail committeemen this morning strongly urged "a good attendance at the meeting of those persons whom any solution will affect the most."

San Angelo Salesman Dies of Heart Attack

Warren S. Sample, 41, a cafe fixtures salesman from San Angelo, was found dead Friday in a motel room here. The manager of the court discovered the body about 4:45 p.m. A doctor said Sample had been dead for about 20 hours. Gas was escaping from a bathroom heater. Justice of the Peace L. A. Rhyme today returned a verdict of death from natural causes. Report from an autopsy showed that Sample died of a heart attack, Judge Rhyme said.

CONTEST WINNERS — Marion Bea Perry, daughter of Mr. and Mrs. Gerald Perry of 605 South Ninth, and Johnny Schellinger, son of Mr. and Mrs. O. W. (Slim) Schellinger of 416 East Broadway, last Thursday were crowned queen and king of the baby contest sponsored by Beta Theta Chapter of Epsilon Sigma Alpha Sorority. The two were crowned in ceremonies in the Rialto Theatre by Mrs. Jimmy Billings, president of the chapter. The two also received engraved silver loving cups and \$25 savings bonds. (Staff Photo)

AT BCC BY DUSTY KEMPER

Hole-in-One Carded

"Once in a lifetime!" Such are the chances of making a hole-in-one described by golf pros. A hole-in-one was carded last Friday at Brownfield Country Club by J. L. (Dusty) Kemper. Kemper got his ace at No. 3, using a wedge off the short tee box. The distance: 115 yards. He carded 36 for the round. The rare event was witnessed by Kemper's playing companions: Harry Goble, Ray Warden and club pro: C. G. Griffin Jr. According to the best memory, his is the third ace racked up at the club. First was by Mayor Arlie Lowmire, second was that of Jack Mann, club pro who preceded Griffin. Kemper is Western Division manager for General Telephone.

FROM 9 A.M. UNTIL 4 P.M., WEDNESDAY

Planning Clinic To Be Held Here for the Benefit of Program Chairmen and Newly Elected Officers of Brownfield Groups

The following persons are urged to attend the program planning clinic to be held from 9 a.m. until 4 p.m., Wednesday in Brownfield High School auditorium: Newly elected officers and program chairmen of PTA's and study clubs, mental health groups, civic and service clubs and church groups. The one-day event will be sponsored by the Adult Education Council of Brownfield, and will be conducted by the dean of the Adult Education Department of Texas Tech. One of a dozen such clinics being held in the West Texas Brownfield session will bring together new leaders of community groups in Levelland, Seagraves, Tahoka, Plains and Brownfield. "A program planning clinic, like a health clinic, is designed to meet the specific problems and needs of the persons coming to it," says G. H. Peters, field representative of the AEP. He explained that newly elected officers and program chairmen always have certain problems: How do we plan ahead for the coming year? What subjects shall we deal with? How can we present the programs so that the members will be interested and will attend regularly?

The program planning clinic deals with both techniques of effective presentation and sources of material, said Peters. "Every group has its particular interests. Often the nature of the club determines the general areas of programming," Peters continued. "As in the building of a house, members of each family must determine how many rooms they need, the activities which are to be accommodated, the general style they desire, and how much they are able to pay for it." He concluded: "The architect and contractor then can go to work. Officers and program chairmen are elected to help draw up these plans and to carry them out for their groups." It is for these leaders that the March 20 clinic is designed. Dr. Per Stensland, dean of the Tech department, will preside at the clinic.

Explorer in Terry County Slated By Operator in Midland

James G. Brown and Associates of Midland have filed application to drill a 6,000-foot explorer in the extreme southwestern part of Terry County. Designated the No. 1 A.M. Brownfield, venture spots 600 feet from south and east lines of the northwest quarter of Section 52, Block DD, J. H. Gibson Survey. Drillsite is on a 160-acre lease about 4 miles northeast of the Seagraves Field and 10 miles west of the Wellman-Wildcamp and Devonian pool.

Brownfield Men Associated With New Bank at Plains; Is First in 32 Years

Application for a charter for Plains State Bank at Plains was approved last week by the State Banking Board in Austin. The bank will have a capital of \$75,000, surplus of \$50,000, and reserves of \$25,000. Officers are B. E. Loyd, president, who is now vice-president of Citizens State Bank at Roby, and Dave Levers, cashier, who is now assistant cashier of Citizens State Bank at Earth. In addition to Loyd, directors are A. B. Carpenter of Plains; farmer-stockman; Glenn Cleveland, Roy Fitzgerald, Russell B. Jones, M. W. Luna and R. N. (Rusty) McGinty, all of Plains and all ranchers; Robert K. Field, Bronco-rancher; W. B. (Red) Tudor and John J. Kendrick, president and executive vice-

Commissioners Give Go-Ahead This Week

A \$10,000 outdoor recreation center to be located in Brownfield was approved Monday by Terry County Commissioners Court. There will be no increase in county taxes to support the venture. Cornerstone for the entire undertaking will be the brand new Little League Baseball Park. When completed, it will include tennis, badminton and volleyball courts, shuffleboard area, dancing arena and facilities for out-door band concerts and other types of recreation. Heading the project will be County Judge Herb Chesshir; L. J. Richardson, County Park Board chairman, and Hal Roche, Little League Baseball commissioner in Terry. Idea for the recreation center first was discussed several weeks ago at a Little League meeting, when Roche suggested that construction of the Little League park be expanded to include the areas mentioned above—"for entertainment of our adults as well as our youth."

The center will be situated in the southeast corner of Terry County Park, and will serve as an outdoor addition to The Party House and swimming pool. Roche explained this morning that the center will well lighted and maintained in such manner as to be available at all times as an aid to youth activity. Judge Chesshir said Wednesday that a legal notice had been published for benefit of any construction firm wishing to submit a bid. Bids will be accepted by the court until 10 a.m., April 1. Target date for completion is April 25.

ANY FAVORITE STUDY COURSES?

Some Persons Recall Their History, English

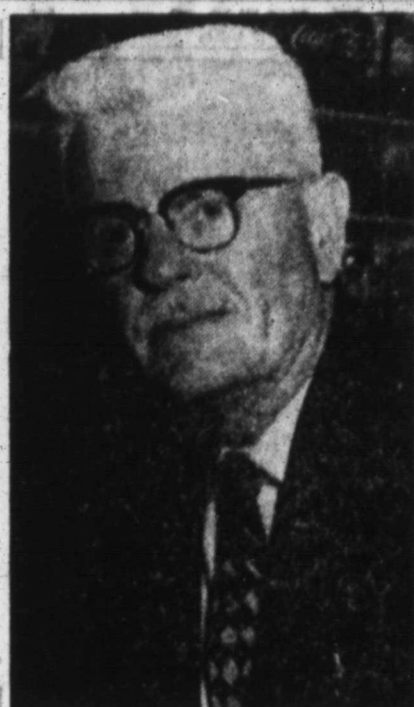

(EDITOR'S NOTE: Here are six answers to writer Don Noble's question, "From which two courses—either high school or college—do you feel that you have derived the most good?")

KENNETH WATKINS of 1011 Tahoka Road: "The benefit which I have derived from my favorite subject in school

has been one of pleasure and relaxation.

"The history of the United States, England and Texas fascinated me. Although I have veered from those particular histories, the subject is my greatest source of reading pleasure.

"As some men collect stamps, I have collected books on the major conflicts of the

KENNETH WATKINS

past, and through these books I have followed the fighting armies of the world.

"The events which lead to war and the brilliant strategy used to win—or the blundering tactics which lose a war, whichever the case may be—will never cease to be of interest to me."

MRS. TIM FAULKENBERRY of 1006 East Hester: "I'm sure that my courses in home economics have been the most helpful to me in my daily living as a homemaker. My husband quite often says that he

is thankful for my course in 'food.' Certainly, they helped a girl who didn't even know how to boil water. By the way, my husband is a good example

of a man with a wife who loves to cook!

"Then there were the fascinating courses in child psychology which I wouldn't have missed for anything. I think that by having had them, I have a better chance of understanding my children.

"However, my young boys haven't read any psychology books, and don't always act—or react—the way I think they should. Still, I believe we all will gain in years to come by my having had the course.

MRS. D. L. (DID) PEMBERTON of 1104 East Buckley: "In high school I was fortunate

MRS. GEORGE STEELE

rather difficult to say just which two courses did me the most good, because there are any number of courses essential in anything we do.

"One course I value in particular, however, is home economics. In it I learned to cook, sew and the other fundamentals which have helped me so much as a housewife and mother. English would be the other course. It has helped me in speech, reading, writing and understanding."

ELMER BROWNLEE of 707 East Tate: "I think I got most from high school math—learning to solve many things to weigh values. As we know, everything worthwhile has a value. And yet, there is really no definition of this word 'value.' It has a different meaning to each individual.

"We have scales to weigh pounds and ounces, but none to weigh value. None, that is, except our hearts and minds, and with these we can weigh according to our own satisfaction.

"The high school subject I valued second most is health. This, I suppose, is that I firmly believe in the saying—no matter how old it may be—that if you have a million dollars and no health, you have nothing. But if you have your health, you have everything."

'No Deadline,' Says Land Commissioner

AUSTIN — There is no deadline for participation in the Veterans' Land Program, Land Commissioner Earl Rudder said Friday.

"As long as a man is a Texas veteran and money is available to operate the program," Commissioner Rudder added, "he may participate. Of course, a veteran may use the program only one time."

Commissioner Rudder said that his statement was

MRS. D. L. PEMBERTON

of Mrs. George Steele of 1204 East Lons: "I can't say for sure whether it was the courses or the instructors, but I believe I derived the most good from my high school literature and public speaking courses.

"In literature, I first learned how to grasp the meaning and pleasure of the written word, which made my study of all subjects much easier.

"A full year of public speaking gave me enough confidence to express myself, right or wrong, rather than suffer in silence and resentment for what might have been."

MRS. HARRY GOBLE of 1116 East Buckley: "It is

HEAP BIG CHIEF — Harold Wilson, cubmaster, is surrounded by members of Pack 74, CSA, sponsored by the American Legion post, as they appeared in the 1957 Boy Scout Circus of the South Plains Council in Lubbock Saturday. About 30 members of the pack participated, along with some 70 other mem-

bers from Troops 85 and 74 and Cub Pack 43, all from Brownfield. Theme of the circus this year was "Customs of Other Lands," and this particular group was representing the American Indians. About 4000 Scouts in the South Plains Council made up the circus. (Staff Photo)

Marion Bea Perry, Johnny Schellinger Winners of Baby Contest On March 7

Marion Bea Perry, daughter of Mr. and Mrs. Gerald Perry, and Johnny Schellinger, son of Mr. and Mrs. O. W. (Slim) Schellinger, were winners of the annual baby contest sponsored by Beta Theta chapter of Epsilon Sigma Alpha sorority.

Runners up were Cindy Hallbauer, daughter of Mr. and Mrs. Alvin Hallbauer, and Quinn Skains, son of Mr. and Mrs. Thurman Skains.

The winners were crowned by Mrs. Jimmy Billings, club president, in a 9 o'clock ceremony on the stage of the Rialto Theatre March 7. B. F. Hutson, Jr., was master of ceremonies, and special music was offered by the Sand Tones, local vocal group. Winners also received engraved loving cups and \$25 savings bonds.

Mrs. Jon Cowser and Mrs. Jim Williams, members of the committee, presented gifts to the other 10 contestants. Also assisting with the contest were Mrs. Erd Johnson, Mrs. Gerald Hopkins, and Mrs. Dale George, Mrs. Jerry Kehoe and Mrs. Barney Vachal were in charge of decorations.

Proceeds from the contest are used by the club for philanthropic activities throughout the year.

Members of the chapter prompted by numerous enquiries that the Veterans' Land Board had received about a time limit.

pressed their thanks to the owners and personnel of the Jones Theatres, to B. F. Hutson, Jr., and the Sand Tones, as well as local merchants and parents of contestants for their cooperation in making the contest a success.

Pvt. Kenneth Spears Finishes Radio School

Army private Kenneth W. Spears, 23, son of Mrs. R. C. Spears of 605 N. Bell, recently was graduated from the radio operator's course at Fort Hood.

Spears, whose wife Patsy lives in Austin, entered the Army last September. While a civilian, he attended the University of Texas.

Miss Beverly Wartes Is Sorority Pledge

Among the 16 girls pledging Texas Tech's chapter of Phi Gamma Nu, honorary business sorority, this year is Beverly Wartes, daughter of Mr. and Mrs. T. A. Wartes of 1309 E. Buckley.

Miss Wartes is a junior secretarial administration major at Tech.

Mrs. Tom May and Mrs. R. L. Bowers, Sr. returned home last Thursday from Austin, where they visited Mrs. May's sister and Rep. Robert Bowers.

While in Austin, Mrs. Bowers her son were dinner guests in the home of Speaker of the House and Mrs. Waggoner Carr and Mrs. Bowers attended a brunch Tuesday given by Mrs. Price Daniel.

GOOD SOIL BANK GRASS — In the picture above is a field of Blue Panicum grass growing in Terry County. It is highly recommended as an excellent grass for the Soil Bank's Conservation Reserve. It has been proven well adapted to this area under dryland farming condition. Good growth has been recorded during extremely low rainfall. Recommendations: planting time, March and April; planting rate, two pounds per acre, drilled or close spaced; plating method, in drilled sorghum cover established the year before, using grass drill or Planet Jr. type of planter; cultivation, mow, shred or spray to control weeds first year. Much valuable information concerning this and other grasses may be got from personnel of the Brownfield office, U. S. Soil Conservation Service.

Willie Mae Anderson of Plains Named Texas Homemaker Winner

Texas' Betty Crocker Homemaker of Tomorrow is Willie Mae Addison of Plains High School, Plains, Texas. The blonde 17-year-old daughter of a retired rancher received the highest score in a written examination on homemaking knowledge and attitudes administered to 13,649 senior girls in 656 schools throughout Texas. Miss Addison will receive a \$1,500 scholarship from General Mills and becomes a candidate with 47 other state winners and the representative from the District of Columbia for the title of All-American Homemaker of Tomorrow. Each state winner and her school advisor will receive an expense-paid educational tour to Washington, D. C., colonial Williamsburg, Va., and New York City April 27-May 3. Score in the original test and personal observation on this tour will be the basis for selection of the All-American Homemaker of Tomorrow, to be announced May 2 at the Waldorf-Astoria Hotel in New York. Her scholarship will be increased to \$5,000. Mary Roberts of Moody High School, Moody, rated second in Texas and will receive a \$500 scholarship. Miss Addison, the state winner, has participated in a great many extra-curricular activities during her high school course. She has been editor of the school paper, was secretary of the Student Council for two years, secretary of the Pep Squad and of the Future Homemakers of America. She also sings in the chorus, is active in dramatics, and has been an officer of her class for three of her four years. In addition, she finds time to help her mother with the home responsibilities. "I do the cleaning," she says, "and most

Genell Cornett Will Represent Terry 4-H At Lubbock Meet
 An attractive lass from Terry County has been entered in the fifth annual Princess Contest which will be held in conjunction with the South Plains Junior Fat Stock Show, March 18-19-20 in Lubbock. She is Miss Genell Cornett, 17-year-old daughter of Mr. and Mrs. Earl Cornett of Route 5, who was entered in the event by Terry County 4-H Club. The young high school sophomore has brown hair and olive green eyes. Judging will be at 10 a. m. Saturday in Fair Park Coliseum. Five 4-H presidents will judge the FFA Princess contest, and five FFA chapter presidents will judge the 4-H Club Princess contest. Judging will be on the basis of beauty and appearance. The two winners will be outfitted in western clothes. They then will serve as official hostesses for the stock show.

IN LUBBOCK CIRCUS—The quintet of Brownfield Cubs pictured above appeared Saturday in the 1957 Boy Scout Circus at Lubbock. From left, they are Barry Parks, son of Mr. and Mrs. H. B. Parks of 1209 East Buckley; Mike Paddock, son of Mr. and Mrs. M. R. Paddock of 220 West Broadway; Joe Crawford, son of Mr. and Mrs. H. B. Virgil Crawford of 1216 East Reppito, and Frank Garcia, Jr., son of Mr. and Mrs. J. D. Whiteside of 307 West Broadway, and Jerome Powers, son of Mr. and Mrs. Bill Powers of 419 South Fourth.

More Meals From Meat:

LAMB SQUARE-CUT SHOULDER
Two Meals for a Family of Five

1. Cut through natural seam (line a-b-c) to separate outside shoulder (1) from inside shoulder (2).
2. Remove arm and blade bones from outside shoulder (1). Fashion into a roll, then tie.
3. Lift inside shoulder meat (2) from bones by cutting close to ribs and back bone (line d-e-f). Roll boneless meat and fasten with skewers. Slice between skewers to make Saratoga chops. Bones are excellent for making Scotch broth.

FIRST AT LUBBOCK — The quartet pictured above, all members of Brownfield Chapter, Future Farmers of America, last week brought home first-place trophy for judging in the first annual Southwestern Poultry Show, held in Lubbock's Fair Park Coliseum. From left, they are Lonnie and Ronnie Bartley, sons of Mr. and Mrs. C. E. Bartley, of 414 East Buckley; Gary Moore, son of Mr. and Mrs. H. N. Moore of 711 North Second, and Eddie Perry, son of Mr. and Mrs. Dick Perry of 606 South Tenth. They were coached and accompanied by Walter Meyer, vocational agriculture teacher at Brownfield High School. High-point individual in the contest was Moore, BHS sophomore. In this order, other FFA chapters placed after Brownfield: Wylie of Abilene, Tom S. Lubbock high school and Monterey High School. This group will compete in April at Texas Tech, trying for a trip to the state finals.

WITH APPROVAL OF COUNTY COMMITTEES

ACP Practices Will Be Allowed on Land Placed in Soil Bank

Land which has been placed in the Soil Bank, either the Acreage Reserve or Conservation Reserve, is still eligible for Federal cost-sharing in carrying out practices under the Agricultural Conservation Program (ACP), Tom Prater, extension farm management specialist, reminded Texas farmers this week.

But, he said, applications for cost-sharing for conservation practices must be filed with the county ASC committee before any practice is undertaken. Too, the county committee is the best source of information on practices which have been approved for ACP cost-sharing in the county for this year.

Approved practices vary by counties, therefore, checking with the county committee is very important.

Applications are now being received for the 1957 ACP at most county offices. All applications for approved practices that are received in time for inclusion under this year's program will receive equal consideration,

said Prater.

If ACP practices are carried out on land placed in the Soil Bank, the Soil Bank provisions of no grazing and no harvesting must, of course, be met. Some practices which are not eligible for assistance under the Conservation Reserve are eligible under ACP, and may be carried out on Conservation

Reserve land if approved by the county ASC committee. Assistance, however, cannot be given under both programs for the same practice on the same acres.

The safe bet, said Prater, is to contact the local ASC committee and find out what is available for helping conserve and build up your farm land.

Coastal Bermuda Good Forage Producer In Certain Areas If Properly Managed

Coastal Bermudagrass is a top-notch forage producer if properly managed in adapted areas, says Extension Pasture Specialist E. M. Trew. It now is producing good grazing in areas once considered worthless because of salt, he adds.

Trew says Coastal is a deeper-rooted and more drought tolerant grass than common Bermuda. It also produces more hay and grazing has larger, longer leaves and stems; usually becomes estab-

lished quicker; grows more upright; is more disease resistant; utilizes water more efficiently; and grows earlier in the spring and later in the fall.

Coastal, a sterile hybrid, must be started from sprigs or rhizomes and is best adapted east of the Texas 30-inch rainfall belt, Trew points out.

Under irrigation, he adds it can be grown westward up to the 3,000-foot elevation line. While producing well in medium fertility, Coastal possesses exceptional fertilizer-response ability. Don't expect too much on poor soils, however, Trew warns.

A small nursery will provide low cost fresh sprigs which can be used when labor and moisture permit larger plantings, says specialist.

Three to three and a half foot rows are recommended for Coastal, with spacing between sprigs varying from 12 to 36 inches. A 36-inch spacing will require about 2 bushels of sprigs an acre; 18-inch spacings call for 15 bushels; and 27 bushels an acre are needed for 12-inch spacings.

Heavier planting rate means faster cover and less weed

SHIRRED EGGS — NORWEGIAN STYLE

As a delightful surprise for your family or guests, here's a quick, delicious Norwegian sardine treat ideally suited for late snacks, and equally inviting for luncheon or supper.

Ingredients (1 serving):
 5 Norwegian Sardines
 2 Eggs
 1/2 oz. Butter
 Bread Crumbs
 Salt, Pepper to taste

Butter the ramekin lightly and sprinkle it with bread crumbs. Break the eggs in the ramekin, then add the sardines from Norway. Bake in a 350-degree F. oven for 30 minutes, or cook on top of the stove over a low fire. Garnish with fresh parsley, then serve in the ramekin. Your savory dish will win you the gratitude and admiration of family and guests.

Tourists To Europe Will Set Record

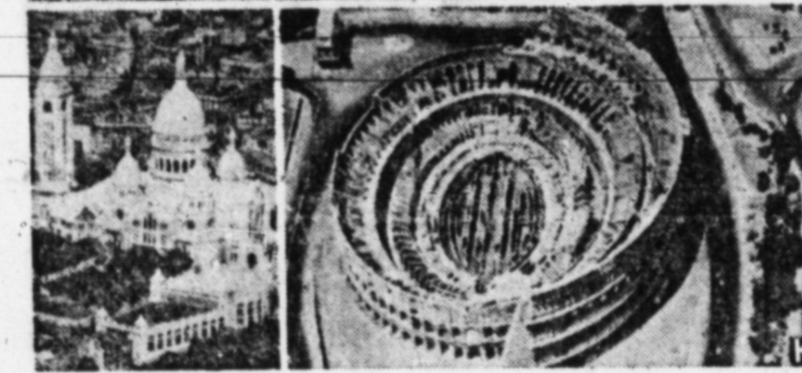

A record number of Americans, 700,000 strong, will pack their bags for Europe in 1957. Credit goes to new tours, lower fares, new steamships and non-stop DC-7C service across the Atlantic.

Whether these Americans spend 15 days in Ireland for \$485 or 44 days in 10 countries for \$1288 including transatlantic fare, they'll find travel conditions favorable and the welcome mat out.

On a clear day, air tourists will catch their first glimpse of Europe from the windows of their plane. How the classic landmarks look from the sky is shown in these photos, taken exclusively for Pan American World Airways, by Charles Rotkin, president of the American Society of Magazine Photographers.

IN CARE OF GARDEN SOILS

Root Knot Disease Can Be Controlled By Fumigation, Plant Expert Declares

Root knot disease can be controlled in garden soils by fumigation. Extension Plant Pathologist Dr. Harlan E. Smith says the fumigant should be applied from 10 days to 2 weeks before planting and soil moisture should be adequate for germinating seed. More moisture is required in sandy soils.

Before fumigating, remove

competition. Sprigs may be hand dropped in shallow furrows, packing soil around them with the foot, before covering two inches deep; and packing with a tractor wheel. Sprig planters may be used if desired.

Plant sprigs in a clean seedbed, Trew says, and control weeds until the grass has covered the ground. Don't plant in established sods of common Bermuda, Dallis or other grasses.

FURR'S CONTEST WINNERS — Because they were judged best in painting a booklet in a recent Furr's contest, the sextet pictured above won various prizes. From left, they are Jerry Kelly of Tahoka, who won a pen-pencil set; Lynne Smith of 1220 East Broadway, watch; Sheralyn Steen of Route 2, drawing set; Duane Steen of Route 2, watch; Jeff Pemberton of 1104 East Buckley, camera with flash attachment, and Daphne Pemberton of 1104 East

sent. Pine seedlings along the eastern coast and as far west as Texas are attacked when planted the first summer after cutting or after fires. Adult pales weevils are dark reddish brown beetles about 1/4 to 3/8 inch long. They feed on the tender bark of young seedlings, girdling and killing the plants. They develop from eggs laid in roots of dying trees or fresh pine stumps where the grubs feed on the inner bark of the stumps or the sapwood of the roots where the bark is thin.

Pales Weevils Can Be Controlled

Based on tests made by the U. S. Forest Service, benzene hexachloride and dieldrin have been found effective for protecting young pine seedlings against pales weevils.

Both insecticides can be used as sprays for treating the soil around the seedlings and dieldrin is also effective for dipping seedlings before they are planted.

Work conducted by the Forest Service at its Southeastern Forest Experiment Station in Asheville, N. C., indicates

that use of either benzene hexachloride (BHC) or dieldrin should make it possible to plant seedlings in pine areas where pales weevils are present.

Basketball is ended for 1957 for the boys, that is—the girls still have this weekend to complete. At home the season could well be classified as dismal from the point of view of performance and also dismal from the point of view of support to the Cubs. Pantheitic indeed! I let the Cubs down more than anyone and although it was unavoidable I am truly sorry boys. I can make you this assurance—it will not happen in the future. Elsewhere around the South Plains, particularly nearer home, the picture was different and much brighter. Ropesville, Seminole and last but not first, Meadow, all did themselves and their schools proud. Meadow was the king of the South Plains, as you know, advancing themselves all the way to the final game, for the State Championship, in Class "B" competition. The boys won two games in the State Tourney and were

Junior League Boys To Be Under New Banner This Season

Last year's junior league baseball teams will be playing under quite a different banner this season and at the same time will be affiliated with a national organization. The league will serve its probationary year as a Babe Ruth League affiliate. A letter from league headquarters in Trenton, New Jersey to the local league secretary, Bus Mason stated that Brownfield's entry fee had been accepted and that the information was being forwarded to the district headquarters office in this area. Brownfield would have to serve one year under a league probation which would be in keeping with the national organization's rulings in the acceptance of a new application. An investigation of the local league's structure will be made by district officials and should it measure up to a standard Brownfield would be eligible next year to participate in the National Babe Ruth League Tournament. The 13, 14 and 15 year olds would have to accustom themselves to playing on a larger diamond since Babe Ruth League play, under the national rulings, is done on a regulation size baseball diamond.

BABE RUTH LEAGUE OFFICIALS — Shown left to right are Bus Mason, Bob Hart and David Nicholson, who were elected officers of the newly formed Babe Ruth league at a meeting Tuesday. Mason was elected secretary, Hart president and Nicholson was chosen vice-president. (Staff Photo)

Down Wellman Way

Martha Goza
Margaret Ingram

Hi! Everyone! Things are really buzzin' "Down Wellman Way" this past week; banquets, track meets, class meetings, sophomore play, and other activities. The subject most talked about around W. H. S. is the junior-senior banquet, which will be April 12th. The decorations for the banquet should be in soon.

The F. F. A. boys attended "John Deere Day" Thursday. The boys really enjoyed themselves. They left at 11:00 a.m. Thursday morning and returned about 3:30-Thursday afternoon.

All of the students seem to have enjoyed the holiday we had Friday. Most of the students were away over the holiday week-end. Clara Bolen and her family went to Lake Thomas. Margaret Ingram went to Stanton. Kenneth Taylor and Bill Adams went to Lubbock to see the Grand Ole Opry show. La Rue Rex went to Levelland. Sonny Richardson went to Oklahoma. Peggy Burnett went to Lubbock. Evelyn Branch went to Plainview.

The F. H. A. girls are having a bake sale Saturday March 16. The girls will bake and sell cakes to raise money for summer camp. The girls will go to Ruidoso, New Mexico for summer camp. Some of the teachers who attended the teacher's meeting in Lubbock Friday were Mr. Goza, Mrs. Akers, Mr. Jones, Mr. Angell, Mr. and Mrs. Daugherty, Mrs. Lyons. The seniors have postponed their intermural basketball tournament. The tournament will be the 21st and 22nd of March. Each class must pay a fee of \$5.00 to enter. Although I haven't had the pleasure of meeting Bill Thomson I think he has represented his alma mater, Brownfield High, himself and his family, with honor and dignity, on the athletic field. He also stands high as a gentleman and scholar in his academic work. Bill is currently being groomed for varsity action at Stephen F. Austin College in Nacogdoches. Congratulations, Bill. We shall be watching your college career and feel confident that you will continue to distinguish yourself.

There is much local activity afoot, what with planning for the up-coming baseball season, and many people to be praised for the work they are doing with the youth of our area. The newest addition is the Babe Ruth league which will serve its probationary year prior to becoming eligible for National participation. The officials of the league have some well founded plans for the initial year and also plan to rejuvenate the Lions Club ball park, where the league

REV. DAN MORGAN

Rev. Dan Morgan, Building Expert, Will Speak Here

A minister who believes there is a relationship between a congregation's worship life and the architecture of its church building is designing for numerous Disciples of Christ congregations.

He is the Rev. H. Daniel Morgan, church building consultant for the Texas Board of Christian Churches, who will speak at the First Christian Church here Sunday at 7 p.m.

Since the minister-church designer was called to the board post in February, 1954, he has devoted all his time to helping congregations plan new buildings and remodel old ones. He left a pastorate at the First Christian Church in Gainesville to become the board's building consultant.

Morgan's interest in design dates from his study in the Washington University School of Fine Arts in St. Louis. He entered the Christian ministry using his artistic ability in planning church buildings. When he joined the board in 1954, he already has assisted 101 churches in some advisory capacity.

A native of Houston, Morgan is the "Timothy" of the Bethany Christian Church. He has held pastorates at Grand Prairie, Jacksboro, Lampasas, Luling, Brownwood and Gainesville.

Presbyterian Young People Hold Annual Ruidoso Retreat March 7-9

Thirty-three young people from the Westminster Fellowship Organization of the First Presbyterian Church left after school last Thursday in route to Ruidoso, N.M. for their annual planning conference and retreat. Both Senior Hi and Jr. Hi members were present. The caravan consisted of seven cars and a pickup truck. The following persons furnished cars: Al Muldrow, Ken Muldrow, Grady Goodpasture, Mrs. John Cloud, Mrs. Ed Wilder, Mr. and Mrs. Robert Clements, Rev. O'Dell and Claud Buchanan who furnished the pickup truck for the transportation of bed rolls and luggage. The adult advisors who accompanied the young people were Mr. and Mrs. O'Dell, Mr. and Mrs. Al Muldrow, Mrs. John Cloud, Mrs. Ed Wilder and Mr. Claud Buchanan.

The retreat is an annual occasion of the young people of the First Presbyterian Church. Friday morning the group was led by Mr. O'Dell in a planning session in which the major items of the next year's program was outlined for both groups. Many wonderful suggestions were made by the young people and by unanimous consent incorporated in the overall plan for the coming year. Some interesting features of our plans this year will be the sponsoring of a city wide Sunrise Easter Service at Coleman Park; a chartered bus encampment through the state of Colorado; the organization

of a youth canteen in the fellowship hall of the Presbyterian Church; a revitalized program of worship study and recreation in our youth programs at the church; and the promotion of our summer youth camp work in the state of Texas.

The girls stayed at the Idle Tour Tourist Lodge where all the meetings were held. Under the direction of Mrs. Muldrow and assisted by Mrs. O'Dell, Mrs. Cloud, and Mrs. Wilder meals were prepared at the Idle Hour for the entire group. Mr. Muldrow, Mr. Buchanan, and Mr. O'Dell stayed at the O'Dells Juniper Hill Lodge with the boys.

The group returned Saturday. The group following young people attended: Linda Brownfield, Joe Cloud, Britt Pounds, Mont Muldrow, Kathy O'Dell, Don O'Dell, Judy Pickett, Phil Bradford, Barbara Germany, Betty Bragg, Patti Wilder, Edie Wilder, Gretchen Sloan, Janel Bragg, Jerri Sue Estes, Juana Jay Barrett, Charles Kersh, Jackie Whitaker, Lad Brownfield, Ann Copeland, Don Copeland, Herbie Pickett, George Fugitt, Sheri Clements, Dennis Givens, Sharon Kennedy, Linda Bost, Don O'Neal, Curtis Bryant, Tommy Harris, Bobbie Nell Richardson, Ken Muldrow and Rita Goodpasture.

Man Alive!
What a Dream Car TO DRIVE!

KNOW what you're bossing when you put this Buick CENTURY through its paces?

A big and substantial automobile—sure.

A low and handsome traveler that has a brand-new body with full Buick roominess—correct.

But most of all, you're holding rein on action plus.

How come? Because we put most of our hard-cash millions into performance.

So here you toe-touch the 300 H.P. might of a brand-new engine.

You smooth along like skis on snow with the brand-new action of a Variable Pitch Dynaflo* that's literally instant in response.

You corner, steer, brake like never before.

One tryout in a new Buick will tell you for sure: *this is the dream car of the year to drive.*

Prices start at a level just a few dollars more than a smaller car—so man or woman—see your Buick dealer today!

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on ROADMASTER, SUPER and CENTURY—optional at modest extra cost on the SPECIAL.
†Safety-Minder standard on ROADMASTER, optional at extra cost on other Series.

Brand-NEW "Built-in Conscience" SAFETY-MINDER! It buzzes when you reach the miles-per-hour you preset for yourself. **You won't want to drive without it.**

Brand-NEW V8 ENGINE 300 H.P. Highest horsepower, torque and compression ever

Brand-NEW DYNAFLO PERFORMANCE—Instant Response—even without switching the pitch

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM.

Big Thrill's Buick

Futuramic 'Dream Cars,' \$2,000,000 in Exhibitions Scheduled For Up-Coming West Texas-National Auto Show in Lubbock

Futuramic "dream cars," nationally known entertainment and more than \$2,000,000 worth of automobile exhibits will be featured in this area's first auto show since the 1930s.

The West Texas-National Auto Show, to be held at Lubbock 20-24 in Municipal Coliseum, will benefit the Texas Tech Red Raider Club and its athletic scholarship fund.

A new 1957 Chevrolet will

head the list of free prizes to be given away at the five-day auto extravaganza. Other door prizes will be awarded nightly.

Auto dealers throughout the area are sponsoring the show as "cooperating dealers" who will be listed in advertising and publicity before and during the event, said J. Ray Dickey of Lubbock, general chairman.

The coliseum exhibit space

is all sold out, officials announced, and ticket sales have gained momentum.

"It looks like the West-Texas-National Auto Show is going to be one of the biggest events in the area," Dickey said.

Adding even more glamour to the event will be pretty Tech coeds who will act as hostesses to show people to various exhibits throughout the Coliseum.

Blue Barron Orchestra, Candy Candido, the singing Mascots and Tippy and Cobina, a monkey act. All talent is nationally known from road tours, television and radio.

Admission tickets are being sold by Red Raider Club members, auto dealers throughout the South Plains, and by filling stations. They are priced at \$1 for adults and 50 cents for children under 12.

Show times will be 5 to 11 p.m. on March 20-21-22, from 2 to 11 p.m. Saturday, March 23, and from 1:30 to 7 p.m. Sunday, March 24.

"We decided that Sunday afternoon would be a good time for the show," Dickey said, "but we wanted to be closed up before church starts Sunday night."

Recently, I've heard some comment from several corners about 11 and 12 year olds driving automobiles. As I understand it, most of them are always accompanied by an adult, but the most comment comes over the fact that these youngsters are allowed to drive an automobile and yet cannot drive motor scooters until they're 14. I think Charles Keese, who is the driver education instructor at the high school, struck the right note when he told members of the Junior Woman's Study Club Monday that parents are the biggest cause of reckless driving on the parts of their kids.

... he maintains that too many family cars are let out to youngsters without the proper instruction on how to operate one. The main thing, is to teach your child to drive right

... right from the start.

Speaking of 12-year olds a couple of friends of mine went to Lubbock to visit a niece recently. Her 12-year old son came in and announced that he was "double dating" that night with a friend. M a m a immediately hit the ceiling and one of the uncles said, "Well, what do you want him to do; turn out to be a bachelor?"

Well, Mary Ballard blew in from Big D last weekend and caused quite a sensation by appearing in one of the "local greasy spoons dressed to the hilt, hat, gloves and mink "strole" and all. St. Patrick's Day is near at hand, and the first day of Spring is just a week away. It won't be long, now!

Thursday morning the juniors and seniors each had brief class meetings. The senior girls met with Miss Morgan and Miss Hodel to discuss a more uniform attire for the graduation ceremonies, and the boys had a similar discussion in a meeting with Mr. Wilson. The juniors met to plan a fund-raising project which resulted in a proposed "hobo day". All the juniors will be available for odd jobs, beginning next Monday. The money raised will be used for the junior-senior banquet and prom in May.

Peggy Sue Adams Joins NTSC Literary Group

DENTON, March 13—Peggy Sue Adams, Brownfield, has been named a member of the Junior Mary Arden Club, freshman and sophomore women's literary organization, at North Texas State College.

Miss Adams, daughter of Mr. and Mrs. A. V. Adams of 401 E. Tate, Brownfield, is a freshman business administration major.

de-camped Wednesday to resume her city-slicker ways.

While here, Mary got on me good because I didn't have enough "salt" in my column, and it's a common complaint, particularly of people who know me so well. I don't know whether I just can't find anyone who will spar with me any longer or whether I'm getting too mellow in my old age to want to. And then's the facts, ma'am.

The rest of the month and on up into April will be busy for almost all of us. This month there'll be the choral contest that I'll be telling you all about next week (if I can run A. V. Wall down to get the facts).

... there are endless numbers of weddings ... and in April there's the district PTA conference here ... the band contest ... several club "doings" ... the annual fat stock show ... and there's Easter. Keep your nose in the NEWS and find out all about everything.

Mrs. K. B. Sadleir Book Reviewer For Delphian Study Club Group

Texas Day was observed when members and guests of Delphian Study Club met March 6 at 4 p.m. at Seleta Jane Brownfield clubhouse. Hostesses were Mrs. Tim Faulkenberry and Mrs. Crede Gore.

Mrs. K. B. Sadleir reviewed the book "Home to Texas" by Stanley Walker, who writes of his reasons for leaving a successful career as a newspaperman in New York to return home to Lampasas county, Texas. Mrs. W. T. Pickett was

program director.

A western theme was carried out with ceramic figurines of cowboys and Indians decorating the mantle and a cowboy hat filled with flowers centered the white-covered serving table.

Spiced tea and cookies were served to Mesdames Preston Hester, W. F. McCracken, V. L. Patterson, John Hansard, Elva Benton of Lubbock, R. T. McDonald, and A. V. Traffic Safety Theme of Study For Junior Women's Club Monday

Members of the Junior Women's Study Club met Monday in the home of Mrs. Bob Campbell for a "Traffic Safety" program. Mrs. Carl Elliott was program chairman. Guest speaker was Charles Keese, driver education instructor at Brownfield High School. He outlined the pro-

cedures used in the school driving course and stressed that far too few students take advantage of the opportunity to have trained guidance in learning to operate an automobile.

"Word of Honor", a film, was shown, pointing out the indifferent parent as a major cause of young people's careless driving. Keese pointed out that in too many cases, the family car is turned over to youngsters before they have either the proper training or the necessary license to drive.

Mrs. E. B. McBurnett, Jr., presided over the business session. Plans were made for Mrs. McBurnett and Mrs. Campbell to attend the Texas Federation of Women's Clubs meeting in Amarillo Thursday and Friday.

The next club meeting will be March 25 in the home of Mrs. Robert Lee Craig.

OF BENEFIT TO COTTON GROWERS HERE

Bill Seeks To Abolish Trend in Acreage And 5-Year History for Allotment Basis

WASHINGTON, March 14 (Special)—Rep. George Mahon of the 19th District announced from Washington this week that hearings were in progress before the House Committee on Agriculture on a bill which would vitally affect West Texas Cotton producers.

The bill, authored by Rep. Bob Poage of Waco in his capacity as vice-chairman of the House Committee on Agriculture, directly affects the old controversy on cotton allotments between West Texas and Central and East Texas.

Mahon said the bill would abolish in Texas, but not in other states, the provision of the existing law in regard to trends in cotton acreage, and that it would fix county cotton allotments in Texas on the basis of the past three years

rather than five years as is now the law.

West Texas lost heavily to East Texas on cotton acreage allotments for the 1956 crop year as a result of the actions of the State ASC Committee. Cotton allotments for 1957 are regarded as much more equitable. The pending bill would affect allotments for 1958 and future years.

The Poage bill among other provisions calls for a modification in the present law with respect to new grower allotments and farm consolidations.

Mahon said that he had sent copies of the bill to all county offices of the ASC and to all the farms organizations in West Texas requesting comment and asking that a representative of West Texas cotton producers who knows the prevailing views of West Texas growers on the pending bill come to Washington and join him in testifying before the House Agriculture Committee.

One of the major provisions of the new bill would require the Department of Agriculture to provide a special loan on light spot cotton. Mahon said that he did not regard this issue as controversial in West Texas as all Texas farmers insofar as he knew felt that recognition of light spot cotton by a proper loan was long overdue.

Mahon pointed out that the secretary of agriculture could provide this loan without

Insect Repellent Is Praised

The latest thing in all-purpose insect repellents is diethyl toluamide. Test repellents containing this chemical display twice as much resistance to normal "wear-off action" as do other types. It probably will be available in several commercial products this spring.

The new repellent can be applied safely to the skin or clothing and will protect successfully the wearer against mosquitoes, chiggers, ticks, fleas and biting flies, according to the USDA. It offers better protection against mosquitoes generally than any other single chemical or combination of chemicals.

Its high resistance to rubbing means longer-lasting protection for farmers and all outdoorsmen. The new repellent outperforms all others against the stable fly and is as good as any other for deer flies or sand flies.

It is the best repellent so far developed for ticks. In addition, a pleasant lotion "feel" makes it ideal for picnickers and backyard gardeners.

Clothing and other fabrics can be treated readily with diethyl toluamide by saturating them with emulsions or dry-cleaning preparations containing the chemical.

Cage Layer Clinic Scheduled March 27 On A&M Campus

The cage method of managing egg producing poultry flocks is continuing its rapid expansion in Texas. Ben Wormeli, extension poultry husbandman, says that the number of cages in use has increased from 272,000 in 1953 to 1,647,000 in 1956.

Because of the great amount of interest in the method and the numerous problems encountered by producers, Wormeli says the cage clinic is offered as a means of bringing to all concerned the latest available information on the subject.

The clinic will be held in the Memorial Student Center on the Texas A & M College campus on March 27. It is being sponsored by the School of Agriculture in cooperation with the Texas Agricultural Experiment Station and Extension Service.

The morning session will commence at 9 while the final number on the program is scheduled for 4 p.m. Speakers generally will come from the sponsoring groups but others scheduled include Harry Konen, feed consultant of Houston; W. J. Moore,

special legislation and that he had joined West Texans earlier this year in personally urging Secretary Ezra Taft Benson and the department to announce such a loan. Mahon expressed hope that this end would be achieved either by voluntary action on the part of the department or through legislation.

"USE THOSE COTTON BURRS" — Pictured above, second from left, is Dave Sherrill of Lubbock, irrigation specialist with the Texas Agriculture Extension Service, who spoke Monday to Brownfield Jaycees. Sherrill told his audience that "Cotton burrs should never be burned at the gin. They should be put on the land, because, anyway you want to view it, they are worth at least \$10 a ton." With Sherrill, from left, are B. F. Hutson, County Agent Jim Foy and Assf. County Agent Bob Etheredge. Linking part of his talk to National 4-H

Club Week, now in progress, the specialist said: "Youth is our biggest resource, and you have 600 boys and girls in 4-H work in Terry County." Sherrill also pointed out that "Our big problem on the South Plains is keeping the physical condition of our soil such that it will absorb and hold water—we don't have enough organic matter in it." The speaker also explained that every dollar of income to our farmers is spent seven times in agriculture towns. (Staff Photo)

Kazmeir-Sherrill Hatchery, Bryan; D. F. King, Head of the Department of Poultry Husbandry, Alabama Polytechnic Institute and Jim Marr, Ralston-Purina Company, St. Louis.

According to Wormeli, Professor King is a pioneer in the production of eggs in cages in the South and is co-author of a book, "Keeping Chickens in Cages."

Major subjects up for discussion include "Future Opportunities for Texas Egg Production; Maintaining Egg Quality; Pullet Replacement Management and Cage Layer

Management." Topics listed under Cage Layer Management include fly control, cage layer feeding, culling, cooling cage houses and financing cage egg production.

Such topics as pullet growing and feeding systems, cost, performance and frequency of pullet replacements and maintenance of the health of caged birds will be discussed under Pullet Replacement Management.

Wormeli says that persons interested in knowing more about cage layer operations have a special invitation to attend to attend the clinic.

test as the smartest one-dollar expense toward fertilizing pastures properly.

Pastures, like all other crops, require adequate plant food, says the specialist. Plant food in a ton of grass hay contains about 30 pounds nitrogen, 10 pounds phosphoric acid, and 30 pounds of potassium, while a ton of legume hay contains about 25 percent more N, P, and K, Trew says.

A soil test is the best means of determining fertilizer requirements, Trew says, and adds that it is not uncommon to double pasture and meadow yields with good fertilizer management. Properly fertilized pastures make it easier for stock to make economical

Mixed fertilizers should be applied on temporary pastures, Trew says, before or at planting time.

Last Rites Held For J. H. Travis

Funeral services were held Monday in the First Christian Church at Andrews for Jim H. Travis, 80, who died Saturday in an Andrews hospital after suffering a stroke. He had been ill for several months.

A native of Mount Home, Ark., Travis moved to Brownfield in 1937, where he lived for 10 years. He made his home in Seminole and Andrews in later years.

Survivors include his wife; three daughters, Mrs. Elizabeth Roberts of Andrews; Mrs. Janice Benton of Seminole; and Mrs. Margaret Wheatley of Memphis; and a son, Jim Travis, of Roseburg, Ore.

gains, maintain body weight, and avoid calving or breeding trouble, he says.

Trew warns against surface applications of nitrogen without adequate soil moisture and adds that dry fertilizer containing nitrogen burning when applied to plants wet from dew or rain.

With temporary pastures it's best to band phosphate and potash into soil either ahead of or at planting, but they may be applied during renovation, or cultivation in case of permanent pastures, Trew says.

The specialist says warm season grasses such as Bermuda or Dallgrass in permanent pastures may be fertilized either in early spring just before or at the time these summer plants begin growth or at fall and winter cultivation or renovation.

He says 30 to 60 pounds of actual nitrogen per acre may be applied each time plants are grazed down, provided sufficient moisture is available for added plant growth. Cool season grasses such as fescue should be fertilized in the early fall ahead of the growing season.

Mixed fertilizers should be applied on temporary pastures, Trew says, before or at planting time.

How come the new Ford rides so smooth and solid?

It's the new inner Ford that gives you a big-car ride at low Ford prices

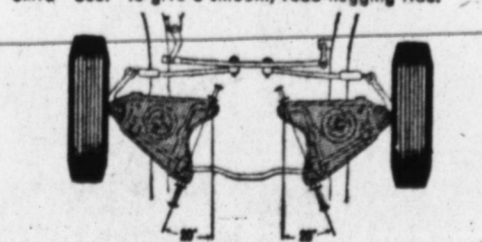

• Folks just naturally love Ford's lower, sleeker silhouette. And they love Ford's new Thunderbird V-8's and Mileage Maker Six. But the thing that's really got 'em buzzing is Ford's new ride. In the new kind of Ford, vital riding features team up to give you the smoothest going in the whole ride world. For example:

New automatic variable-rate rear springs
Going from a highway to a byway in a Ford, it's like going from satin to silk. New design allows Ford's rear springs to "soften" or "stiffen" depending on road conditions. You get a smooth ride all the way!

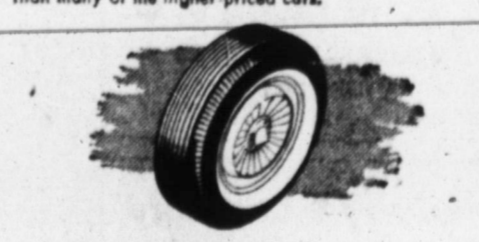

More weight and length
Head for the roughest road in the new kind of Ford. Notice how the biggest bumps lose their "thump"! One reason is that this biggest, longest, heaviest Ford has the extra "beef" to give a smooth, road-hugging ride.

New swept-back ball-joint front suspension
Ford's new, stronger front suspension is designed to soak up the shock of rough roads. The new swept-back design lets wheels "roll" with the bump and absorb it going away... for smoother, steadier sailing.

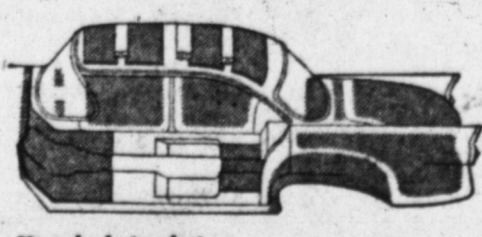

Better balance
One of Ford's nicest back-road habits is to make believe the rough spots aren't there. Precise weight distribution and precise balancing let Ford iron out bumps far better than many of the higher priced cars.

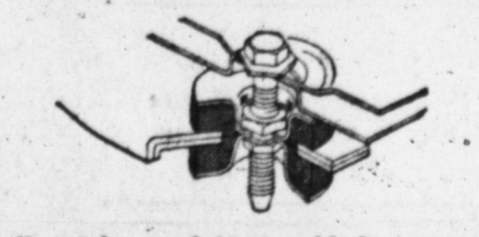

New lower-pressure tires
Even Ford's tires are new for a better ride! Although they require less air pressure, they hold about 17% more air for cushioning the car. This means a softer ride—without sacrifice of Ford's good handling characteristics.

More comfortable seating
There's no sag when you sit in a Ford... even on long trips. Comfort-contoured seats, rigidly anchored, have advanced springing for greater comfort and longer life.

More body insulation
Ford has more body insulation—protection against weather, dust, and noise—than any car in the low-price field. You ride through city traffic in library-like quiet.

No metal-to-metal chassis and body contact
Only Ford in its field uses 20 Cushion Quiet rubber body mounts... more than any other low-priced car. It all adds up to a smoother, quieter riding car.

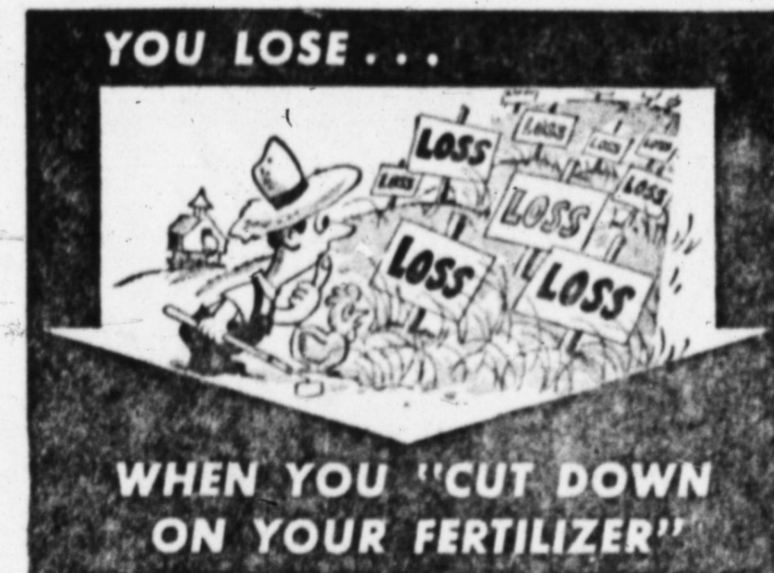

Try the new kind of ride in the new kind of

8.4 MILLION CAME INTO STATE LAST YEAR

Tourism Advancing in Texas

Texas last year played host to 8.4 million out-of-state visitors who spent a total of \$379 million while in the state, D. C. Greer, State Highway Engineer, announced today. A report on the Texas tourist industry for 1956, released today by the Texas Highway Department, shows that the average tourist stayed 5.9 days and spent \$7.71 per person.

For the first time, a survey of accommodations used by tourists has been included in the report. The majority, 62 per cent, favored motels, 9 per cent stayed in hotels, 5 per cent camped out, and 24 per cent used other accommodations including trailers and homes of friends and relatives.

A total of 3.1 million vehicles carrying an average of 2.7 persons each entered the state in 1956. California again led the list of out-of-state visitors by sending 1,223,000 to our state. Louisiana was second by sending 645,000 to our state.

From a study of other states, Texas ranks high as a tourist state, topping the popular state of Florida by more than 4 million visitors last year.

Figures used in preparing this annual report are obtained from survey cards distributed to tourists at the seven Highway Travel Information Bureaus located on major highways at the state's borders, Greer stated. Information from these cards is supplemented with data from other sources to compile the report, he said.

More than 170,000 out-of-state visitors, in addition to 65,794 Texas vehicles, stopped at the Texas Highway Department Information Bureaus last year and, through the use of descriptive material and their knowledge of the state and its attractions, Bureau personnel increased the mileage of each out-of-state vehicle by 13 per cent.

In addition to operating these Travel Information Bureaus, the Highway Department publishes and distributes the Official Highway Travel Map, road condition bulletins, and other descriptive materials in an effort to assist and stimulate travel in Texas, Greer said.

During 1956 the Information and Statistics Division of the Department answered 210,700 requests from the public for travel information. The division also maintains a large collection of 35 mm color slides on points of interest and travel data which are furnished free to civic groups and schools throughout the country.

Investigations are continuing into the ICT Insurance receivership and the case of former House member, James E. Cox, whose resignation was accepted this week.

Since last week, the scope of the special committee looking into the Cox situation has been extended to cover any and all matters which might come to the attention of the group during the present investigation.

This extension of investigatory power will speed up the work of the committee and allow regular business of the House to proceed at a normal rate.

It is now about the mid-way point in this 55th Legislature, and the work of the House is believed to be 10 to 12 days ahead of the past sessions.

The appropriation bill, HB No. 133, was approved by the committee March 13, and now all money bills can proceed through the legislative process without any technical delays.

All water conservation measures are proceeding favorably, and there should be some final action on these during the new two to four weeks.

Last Thursday, the House had the pleasure of hearing the Merton High School choir. Their singing was quite soothing to the ear,

THE AMERICAN WAY

SOURCE OF SPIRITUAL STRENGTH

By George Peck

(EDITOR'S NOTE: George Peck is Chairman of the Board of the National Labor-Management Foundation and Executive Editor of its official publication, PARTNERS.)

National Sunday School Week, sponsored by the Laymen's National Committee, is to be observed April 8-14. The theme for this year's observance is "SUNDAY SCHOOL—SOURCE OF SPIRITUAL STRENGTH." Mr. Coia G. Parker, Chairman of the Board of Directors, National Association of Manufacturers, is serving as National Chairman for this important annual event.

These are troublous times. In a world which seems to have gone mad, all mankind needs a Guiding Light to direct it back to peace and sanity. It becomes increasingly important that the youth of America be given a thorough spiritual undergirding and there is no more effective agency than the Sunday Schools of the nation for accomplishing this.

Our youngsters should be told and constantly reminded that America was cradled in religion—that our great Constitution stems from God's Holy Book, the Bible. Our Founding Fathers, the Bible. Our Founding Fathers were wise enough to realize that there is a Divine Providence that shapes humanity's ends and they humbly sought that Divine Guidance. Due to their faith in God, the freedoms for which they so valiantly fought, were established here in America.

Patrick Henry, during the dark days of the War of the Revolution, expressed his faith in ultimate victory when he said: "We shall not fight our battles alone. There is a just God who presides over the destiny of nations and who will raise up friends who will fight for us."

George Washington and his ragged, half-starved, half-frozen, inadequately equipped army, daily knelt in the mud and slush at Valley Forge to offer up prayers for victory. God having answered those prayers and victory having been won, the delegates to the Constitutional Convention found themselves at loggerheads as to how to proceed. The debate became bitter and acrimonious. When it appeared that no agreement could be reached, Benjamin Franklin arose to address the delegates. It was a magnificent speech. Here in

Highlights and Sidelights FROM YOUR State CAPITOL

This Week In Austin

By PRESTON SMITH

This Capitol Hill is caught up in a volcano of sensation that makes the 54th Legislature's scandals seem small by comparison.

Actually, however, progress is being made daily on important legislative programs, but the series of hearings and investigations going on here are overshadowing any notation of achievements right now.

Waggoner Carr, House Speaker, recognized the certain threat to the prestige of the House when Rep. James Cox of Conroe was charged with allegedly offering to accept a bribe to kill his own bill to outlaw naturopathy in Texas.

Carr, solemnly and seriously, made an epochal speech in which he said:

"When one individual in a group this large does commit a wrong, any effort to cover it up — to white-wash it — merely results in reflections being cast upon every member of the group. I assure you that the blameless will not be blamed for any breach while I am speaker if I can possibly help it... the overwhelming majority of the many men and women who have served in this House have maintained high standards of courage, honesty, integrity and conduct."

The speaker said: "We will take all necessary steps to keep our house in order: This we will do swiftly, fearlessly, always staying with the right and letting the chips fall where they may — always protecting the constitutional and legal rights of those accused — always remembering that a man is presumed to be innocent until proven guilty."

Thus, the most recent sensationalism surrounding the 55th Legislature was placed "out on the table" in plain view by the House speaker.

And his actions seemed to have reflected the new trend of thinking regarding scandals... a growing sentiment is detected in the House and Senate to face these things with the chips down.

Although more spectacular issues have grabbed the headlines, Legislature is now hitting its biggest responsibility of this or any session. That is adopting a state budget for the next two years.

House committee approval cleared the way for debate this week on the record-setting \$2,000,000,000 spending program. It represents an increase of nearly \$340,000,000 in spending from all state funds. It means more money in nearly every area of state service — raises to 90 per cent of state employees, more funds for education, hospitals, highway patrol, state buildings and operating state departments.

Despite all these, no new taxes are foreseen. Instead, Appropriations Chairman Max C. Smith, representative from San Marcos, predicted some \$45,000,000 will be left over for additional items, such as teacher pay raises.

Reason for this bright outlook is Comptroller Robert S. Calvert's estimate that current tax sources will yield \$100,000,000 more in revenue next biennium than previously.

Long Road — House committee to investigate bribery charges seemingly faces a drawn-out task.

It powers have been broadened to include any irregularities by House members in this or past sessions. But the picture the committee set out to clarify has become increasingly muddled.

Rep. James E. Cox of Conroe, under indictment on charges of consenting to accept a bribe, resigned his House seat. He said he plans to clear See HIGHLIGHTS Page 3

Cox, gave conflicting testimony about the group's past activities. Dr. Howard Harmon of San Antonio, current president, said the association raised from \$37,000 to \$55,000 during the 1955 session for legislative purposes. Dr. Robert Spears of Dallas, 1955 president, denied this.

Meanwhile, Dr. R. E. McMeans, Conroe chiropractor and friend of Cox, was attacked with acid. McMeans was credited with instigating the bill which would outlaw naturopaths. It was the bill on which the alleged bribery attempt pivoted.

Auto Insurance Rate — After hot debate and long testimony, Senate Insurance Committee sent the auto insurance "flexible rating" bill to subcommittee.

Sen. Jarrard Secrest's bill would allow companies to set rates competitively rather than having a uniform rates set by the Insurance Commission.

Proponents contended it would mean lower insurance for buyers. Opponents called it risky, suggested that companies making sufficient profit should return dividends rather than charging lower rates.

White Oyster Pushed — Agriculture Commissioner John White, campaigning for the U. S. Senate, has bumped into a side skirmish.

A farm group led by Austin Anson of Harlingen wants to abolish the elective agriculture post. Substitute would be a 21-member board appointed by the governor and a commissioner appointed by the board.

A bill was prepared and Rep. J. T. Ellis Jr. of Weslaco was asked to introduce it.

Automobiles — Constitutional amendment proposed in the House would increase motor vehicle license fees by one-third and abolish the property tax on cars.

Schools — Both houses adopted resolutions petitioning Congress not to enact federal aid to schools.

House also passed on second reading a bill that would allow the state to cut off funds from a school district whose officials refused to order an audit of the books.

Insurance — Senate passed bill by Sen. Wardlow Lane to retain control of insurance liquidation in the Insurance Commission rather than putting it under Travis County judges. Said Senator Lane, "My people don't vote on Travis County judges."

Mental Health — House passed enabling act for the constitutional amendment approved

Issuance of \$200,000,000 in state bonds would be authorized by the proposed constitutional amendment to help finance local water conservation projects. It is the keystone of an overall water program urged by Gov. Price Daniel for emergency action.

Under the financing plan, local districts could borrow from the state up to one-third the cost of projects or \$5,000,000, whichever is smaller. Lending would be supervised by a board to be appointed by the governor.

In The Mill — With the 120-day session past the half-way mark, the usual masses of "routine" bills were being shoved through the mill. Some

of the more significant concerned:

Beer — House committee amended a bill to prohibit beer sales on Sunday and after 10 p.m. weekdays to bar Sunday sales only. Senate passed bill allowing breweries in wet precincts to continue production if the precinct is voted dry.

Shoplifters — A proposed House bill would allow storekeepers to hold suspected shoplifters without risking false imprisonment penalties.

State Affairs — Sen. Charles Herring of Austin proposed a constitutional amendment giving governors a four-year term by voters to allow for waiving of lunacy trails.

 "In this situation of this assembly, groping as it were in the dark to find political truth, and scarce able to distinguish part is what great and wise when it is presented to us, how has it happened, sir, that we have not hitherto thought of humbly applying to the Father of Light to illuminate our understandings?"

"In the beginning of the contest with Great Britain when we were sensible of danger, we had daily prayer in this room for Divine Protection. Our prayers, sir, were heard and they were graciously answered. All of us who were engaged in the struggle must have observed frequent instances of a superintending Providence in our favor. And have we now forgotten that powerful Friend, or do we imagine that we no longer need His assistance? We have been assured, sir, in the Sacred Writings, that 'except the Lord build the house, they labor in vain that shall build it.' I firmly believe this. . . . I, therefore, beg to move that henceforth prayers imploring the assistance of Heaven and its blessing on our deliberations be held in this assembly every morning before we proceed to business."

Franklin's advice was heeded and history records that gradually doubts vanished and our marvellous Constitution was evolved. God again answered prayers.

America needs that same Divine Guidance today. God has not failed this nation in any of the dark hours of our history. He will not fail us in this one if we beseech His help. Southwestern Cotton Ginners Slate School

Texas cotton ginners operate plants designed and equipped to give cotton producers the best possible grades. Changes in production practices, especially mechanical harvesting, have brought on new problems for ginners. In order for gin operators to keep abreast of these changes, an annual operators school is held each year.

Joe Jones, extension cotton gin specialist, says the 1957 school will be held at Lubbock on March 21 and 22. The first day's session will be held in the Ballroom of the Student Union Building on the Texas Tech campus while the second day will be devoted to gin-operation studies.

Four clinics handled by factory representatives of five different cotton gin equipment manufacturers will take up the second day of the school. Jones says meeting places for the four schools will be announced later.

Highlighting the first day's program will be addresses by V. L. Stedronsky,

Our youth of today will be the leaders of tomorrow—they must be taught that America has a spiritual heritage to maintain. The Sunday Schools are equipped to teach that important lesson. National Sunday School Week—April 8-14 will be a splendid time for parents, who heretofore have been negligent of duty, to start their children to Sunday School—The Source of Spiritual Strength.

Southwestern Cotton Ginning Research Laboratory, State College, New Mexico; George Pfeiffenberger, Plains Cotton Growers, Inc.; Don L. Jones and Lavon Ray, Texas Agricultural Experiment Station, Lubbock;

Elmer Hudspeth, U. S. D. A. Conservation Experiment Station, Amarillo and J. M. Ward, Texas A & M College, College Station. Their discussion will center around the effect of harvesting, handling and ginning as factors affecting the quality of cotton.

The afternoon program for the first day will consist of a tour of the Texas Technological College's Fiber and Spinning Laboratory where demonstrations on the effects of fiber quality on the spinning process will be given. Raymond K. Flege and K. Lanse Turner, both of Lubbock, are in charge of this program.

The annual school is sponsored by the Texas Extension Service, the Texas Cotton Ginners' Association and the manufacturers of cotton gin machinery. Jones says the sponsors extend a special invitation to all cotton gin operators and their employees to attend the school.

Farmer-Cooperative Managers To Attend School at A & M

The fifth annual four-day school for managers of cooperative associations is scheduled for March 18-21. The meeting place is the Memorial Student Center on the campus of Texas A & M College.

The school is sponsored by the Texas Agricultural Extension Service, the Houston Bank for Cooperatives and the Texas Federation of Cooperatives. Assistance will be provided by the American Institute of Cooperation and the Farmer Cooperative Service of the USDA both of Washington, D. C.

According to the sponsors approximately 100 co-op managers and directors from every section of Texas are expected to attend the school. A new subject, management problems, has been added to the school list and the instructor will be Warren A. Ranney, director, Industry Relations for the Cooperative G. L. P. A Family That Prays Together, Stays Together

The Roots of MANY STORMS

These gnarled roots speak in tones of strength and stability. See how straight the tree stands despite the washing away of the ground from its base. The massive might of the roots has been made more magnificent by the victory won over each passing storm, for the well-rooted tree benefits by rain and wind where a weak tree is made even weaker or uprooted entirely. Life has much in common with the forest at this point. Storms of stress and strain further weaken a shallow life built on the sands of self interest, but a deep life rooted in the love of God comes through every trial better and stronger. If the storms of life are overwhelming you, drive your roots down deeper by giving yourself more fully to God and His service. Don't wait—go to Church Sunday.

**EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE**

Is something wrong with your life—an inner restlessness dissatisfaction? The answer to every human problem comes only from God our Maker. He alone can forgive and reassure. Through the church God has committed the provision and proclamation of His forgiveness and redeeming love. Without a church relation no one is securely related to God. Everyone should be in the Church and the Church in everyone!

1957 Hybrid Grain Contest Rules Set

Rules for the 1957 Texas hybrid corn and rain sorghum programs have been released by the Texas Certified Seed Producers Inc., report Extension Agronomists.

Farmers, 4-H club and FFA members are eligible to enroll in the program say the agronomists. Only commercial hybrid grain seed growers, their employees, and members of their families are barred from participation, they add.

Awards in both programs will be made through fifth place. Corn contestants must plant either of these hybrids: Texas 601 RS 610; Texas 611; Texas 620; RS 650; and Texas 660. A minimum of one acre is required for entry and some sections of the state will sponsor both an irrigated and a non-irrigated contest.

Agronomists favor the planting of certified seed. The term "certified" denotes seed free

Former BHS Football Star Is Groomed For Stephen F. Austin Varsity Eleven

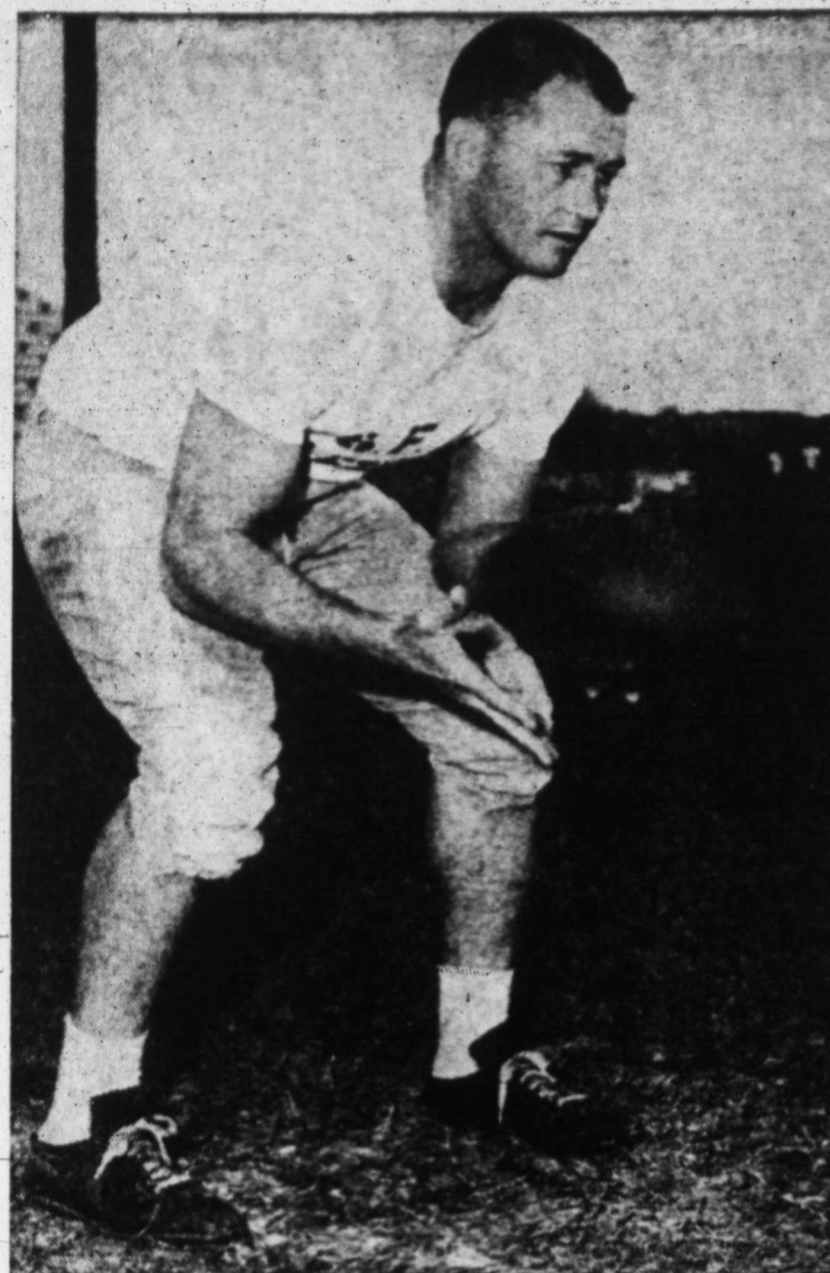

A former Brownfield High School football star, who added lustre to his record in junior college, figures prominently in future grid plans at Stephen F. from inert matter, weed seed, and other crop seed as well as ability to produce higher quality yields. Certified seed are easily spotted by the Blue Tag and State Seal on the bag.

Austin College in Nacogdoches. He is Bill Thomason, son of Mr. and Mrs. W. M. Thomason of 808 East Harris.

Thomason sparked the BHS offensive attack and then became an ace fullback at San Angelo Junior College before enrolling this spring at SFA. He will be among more than 50 candidates reporting April 1 for spring training at the Lone Star Conference college.

A 21-year-old sophomore who packs 180 pounds on a five-foot, 11-inch frame, Thomason was graduated in 1954 from high school. He starred for three seasons at San Angelo.

At SFA, Thomason is expected to help fill the gap left by the graduation of Captain Charles Simmons, a hard-running fullback. He will be coached by Harold Fischer, former University of Texas All-American.

WELCOME

TERRY 4-H Roundup

By BOB ETHEREDGE
Assistant County Agent

Wellman 4-H boys met March 4 and viewed slides and swine judging, with particular emphasis being placed on the different breeds of swine and good and bad points in selecting good barrows. Barry Sims completed his safety first-aid kit and displayed it for the club.

Union club had its meeting March 5, and beef cattle judging was discussed, and slides showing proper techniques were viewed and discussed. Three boys joined the group: Benny Little, Frankie Townsend and Melvin Jenkins.

Meadow boys also held their meeting March 5, and they also saw colored slides concerning cattle and swine.

The National 4-H Club week was participated in by all clubs in the county. Ethel Martin

and James Riley Davis made a short talk to the Lions Club, assisted by Mrs. James Thurman.

James Riley Davis of Route 5 and Benny Haney of Wellman will exhibit livestock in the South Plains Junior Livestock Show in Lubbock starting March 18.

Riley will show a Berkshire barrow and Bennie, his Hampshire barrow. Genell Cornett was entered in the Princess Contest, to be held at 10 a.m., Saturday in Fair Park Coliseum.

Here's wishing Genell good luck, and we are sure Terry County will be well represented by her. She attends Union High School, where she's a sophomore. She is the 17-year-old daughter of Mr. and Mrs. Earl Cornett of Route 5.
