

# Weather Tensions Fail To Put Damper on Cotton Review Here

Despite a heavy rain which postponed the cotton parade until Saturday morning, some 300 persons attended the first performance of Terry County's third annual Maid of Cotton Review.

Clearing sunny skies allowed the parade to run at 10 a.m. Saturday with about 25 slightly rain-spattered floats. The procession was aligned to move Friday when showers struck. Though tornado alerts were up, only one was sighted in the county. It was 5 miles northwest of here.

H. L. (Hub) King took the reins as emcee of the Review Friday night after a Lubbock downpour forced Jimmy Isaacs to miss the performance.

A total of 26 finalists were selected from seven divisions which appeared on stage Friday in the high school auditorium.

Finalists included 3-6: Lynn Tatum, Donna Bingham, Van and Jan Garner, Harriet Burleson and Debbie Browning.

6-10: Catherine King, Sally Sue Addison, Suzanne Calloway, Karen Smith and Jan Stice.

11-13: Linda Langford, Redelle Martin, Linda Henson and Nancy Sharp.

14-15: Vicki Norris and Gala Smith.

16-18: Sue Shewmake, Ann McBurnett, Mary Jo Christian, Claudia Tuttle and Nadine Faulkenberry.

19-25: Nita Stevens and Wanda Cornelius.

Matron: Mrs. Shafter Bailey, Mrs. George Weiss, Mrs. A. J. Bell and Mrs. Ada Perry.

Maid of Cotton contestants included Pat Joplin, Stella Sue Moore, Norma Patton, Nancy King and Delma Rinehart.

## Last Rites Set For Douglas Green

Funeral services will be held at 2:30 p.m. today at the First Methodist Church for Douglas Green, 26, with the Rev. James E. Tidwell, pastor, officiating. He will be assisted by the Rev. Alton Polk of Meadow.

Green, a resident of Brownfield since 1938, was killed Thursday in the crash of a crop dusting plane near Eagle Lake, where he had been working for about a month. He was a former post office employee.

Survivors include his wife; three sons, Cody, Dale and Chuck; his parents, Mr. and C. D. Green of 1210 Tahoka Road; two sisters, Mrs. Tommy Ashburn of Meadow and Miss Judy Green; and his grandmother, Mrs. Cora Bartlett of 708 East Lake.

Burial will be in Terry County Memorial Cemetery, under the direction of Brownfield Funeral Home.

## WARNS POLICE CHIEF

### Following Emergency Vehicles Is Unlawful

Chief of Police James Tippit this week issued a final warning to reckless drivers and persons who have made it a practice of following emergency vehicles.

Tippit said his department is going to step up its program of traffic enforcement if the individual driver does not begin to obey the laws.

"We are going to start filing charges against drivers who follow ambulances, fire trucks and other emergency vehicles if this practice is not stopped," said the chief. "The ambulance narrowly missed having a bad accident last week because about 25 cars followed it to the shooting scene northwest of town."

The chief pointed out that following an emergency vehicle is a violation of state and city laws. Conviction can carry a pretty stiff penalty, he added. Crowding traffic signals is another problem that will come in for its share of scrutiny by the police department, the chief noted. "There are too many people running yellow and red lights," stated Chief Tippit. "The yellow light is to clear the intersection only — anyone entering an intersection on yellow is inviting an accident and a ticket." Special attention will be given also to drivers who enter the intersection before the green light, he added.

Careless drivers, particularly near schools, also are on the agenda for curbing by the department. "Recently a small boy almost was hit by a car which was speeding by Colonial Heights School," said Tippit. "Drivers must remember that about 180 youngsters are practicing baseball at the schools even though the schools are closed. School zone speeds must be observed and caution used at all times."

## Two Forgery Suspects Are Held in Big Spring

Big Spring Sheriff's Department is holding two men on suspicion of passing at least two forged checks in Brownfield, written last week against J. B. Knight, 410 East Cardwell, according to Sheriff James Fulford.

Fulford said the checks averaged about \$47 each. He said a third check was refused by Lindsey Hardware.

Minor league managers include Frank Hatley, Cats; C. H. Taylor, Eagles; Clarence Denon, Buffs; Lonnie Drewry, Senators; John Givens, Sports, and Jimmy Billings, Oilers.

Managers of the major league are Bill McGowan, Braves; Burton Hackney, Indians; Britt Pounds, Yankees; Coot Arnold, Giants; Aubrey Lester, Cubs, and A. R. Isaacs, Red Sox.

Officials of the Little League are Arlie Lowrimore, major league president; Jim Foy, minor league president; Maxine McMillan, player agent; R. H. Casstevens, treasurer, and Mrs. Lewis Simmonds, secretary.

## Ministers Set Tour

Members of Brownfield Ministerial Association will make another attempt Monday to tour several Terry County farms. The event will be a phase here of Soil Stewardship Week, May 26-June 2.

The ministers were forced to cancel the tour, scheduled originally last Monday, because of bad weather.

To be guests of Terry Soil Conservation District supervisors on the tour and for lunch, they will see some of the up-to-date farming practices which are carried out here.

Assembly point is First Baptist Church. Time: 10 a.m. Said Dr. Jones Weathers, president of the association: "We believe this will be a wonderful opportunity for our group, and we urge all ministers to be with us Monday."

## Little League Slates Opener On Tuesday; Stadium Dedication

By CHARLIE MAPLE  
NEWS Staff Writer

A double-header and dedication of Little League Park will open the 1957 baseball season at 6 p.m. Tuesday, according to Mayor Arlie Lowrimore, league president.

County Judge Herbert Ches-shir will dedicate the recently completed stadium and throw out the first ball. The Rev. Jimmy Tidwell, pastor of First Methodist Church, will say an invocation.

Some 180 unformed Little League players and their parents are expected to be on hand for the ceremonies and the opening games. The Giants will tackle the Braves in the first tilt at 6:15 p.m., and the Red Sox will play the Indians in the finale an hour later.

League games will be played Tuesdays, Thursdays and Fridays throughout the season, the president stated. "A minor league game will be played beginning at 5:15 p.m., and two major league games will follow immediately afterward," said Lowrimore.

Minor league managers include Frank Hatley, Cats; C. H. Taylor, Eagles; Clarence Denon, Buffs; Lonnie Drewry, Senators; John Givens, Sports, and Jimmy Billings, Oilers.

Managers of the major league are Bill McGowan, Braves; Burton Hackney, Indians; Britt Pounds, Yankees; Coot Arnold, Giants; Aubrey Lester, Cubs, and A. R. Isaacs, Red Sox.

Officials of the Little League are Arlie Lowrimore, major league president; Jim Foy, minor league president; Maxine McMillan, player agent; R. H. Casstevens, treasurer, and Mrs. Lewis Simmonds, secretary.

**PARKVIEW METHODIST GROWS** — The Rev. Ray Elmore is shown above looking over the building which will house Parkview Methodist congregation when the moving is completed. The structure, a former church building at Ropes, is located at 602 South First, immediately west of the swimming pool. When completed, the congregation will move to it from the old Esquire Building, temporary quarters since the church was organized in July of last year. Even the name has been changed — it formerly was known as Second Methodist. J. C. Meeks of Tokio is Official Board chairman. Vice-chairman is B. A. Floyd of Route 2. Other board members are C. D. Parker of Route 2, Foy Gunter of Route 5, Charles E. Bartley of Route 1, J. N. Reed of Route 4, Mrs. Reed and Mrs. Meeks. The Rev. Mr. Elmore, secretary-treasurer of Brownfield Ministerial Association, said that his church would observe its first anniversary the first Sunday in July, probable date of the first services in the building. Meanwhile, he explained that members still would meet in the Esquire Building, immediately west of the future church site. Secretary-treasurer of Parkview is Miss Joyce C. Meeks, daughter of Mr. and Mrs. J. C. Meeks. (Staff Photo)

As the oldtimers used to say, "It's time to put the acala in the ground." Meaning of course, it's time to plant cotton. Even with the uncertain weather reports, farmers are playing the time element against Mother Nature, and with a little luck Terry County will look like the "garden spot of the world."

Those people who think the modern farmer has it made ought to wear his shoes the four months and then voice their opinions. Just one hard rain shower or sandstorm sure can upset the apple cart and cause a lot of extra work. It's pretty irritating when one shoving a lot of heavy equipment wer necessitates inter-changing a lot of heavy equipment for a two-or three-hour job. All Farm Bureau policyhol-

ders will find that their next premium notices will be higher than in the past on private automobiles. The rate increase is mandatory for all companies writing insurance in Texas, and was effective May 1. According to reports, Sheriff James Fulford and his staff have been busy disrupting the bootlegger business in our town. More power to you, fellows. You have my permission to catch them all: I never had much respect for a law enforcement which allowed the bootleggers to get so thick that they had to wear badges to keep from selling to each other. On the other hand, it's impossible to rid a town of "peddlers" so long as its citizens patronize them. I'll guarantee this: if the bootlegger had no consumers he'd go out of business—but quick.

Like a song I heard Harley Sadler sing, when he brought his tent show to Brownfield in 1930. "You can't make a bootlegger drink his own booze — don't try it — it can't be done." I'll bet their best clients are not the Slothful Sams or the Reckless Teenagr — but rather — you take it from here.

Seems like it must be the time of year for grand juries to investigate the affairs of elected officials. First Floyd County, and now Crosby. The commissioner in Floyd County had held office eight years and was indicted on three counts. Electing a man to public office doesn't make him a crook, as I've heard it said, but it does give him a wonderful chance to expose what he really was in the beginning.

**End of the Picnics**  
The end of school picnics for all grades in Meadow are over until next May. I got rather provoked with my 9-year-old (or was it with myself?) Anyway, she advises me a week ahead that the little girls in her room were wearing Bermuda shorts on their outing (to Lubbock). She had shorts and pedal pushers, but they wouldn't do. All the rest already had their Bermudas. Two days before the picnic, I suggested making them out of material I had on hand. Well, daughter says "she doesn't think they are wearing denim this year." So this "old hen", feeling compelled to keep up with the "Jones'es", spent 3 hours in town searching for Bermudas — finally buying a size larger than she wore.

The next morning, earlier than usual, daughter was dressed in picnic regalia — cute as a bug — of course. I reminded her of the extra trouble I went to just because some little girls set

picnic style trends. She promptly replied, "Well, Mama, after all, it was my idea." Discussing the woes of motherhood with Mrs. Doc Settle, secretary of Meadow School, who had had a few more years experience than I, she informed me that I was just starting. She had exactly the same situation with her daughter, Kay, who is a freshman. Kay got "new" bermudas. Spare the rod, and spoil the child, and life will get "teejus," won't it? This edition of The Farmer Wife is respectfully dedicated to the gentleman who told me Thursday night that he doesn't like to read a long column. Are you readin', Mr. C?

Ye old swimming holes will soon be open and there you'll be, a real mermaid in your Nettie Rosenstein swim suit from SHELTON'S. Sizes 10 through 16, from \$14.95 to \$29.95, these are almost too pretty to get wet. The one I like best is the black that has detail trim of metallic brocade. Really elegant, and comes in white, too. And a real honey is the satin jacquard print. All these suits are superbly tailored, with built in bras, and you'll love wearing them.

Just arrived is a shipment of no iron tubbale woven seersucker playsuits by Mitey Miss. They're ice cream plaids in blue, pink or lemon, for toddlers 2 to 4, 3 to 6x, and 7 to 14, in four styles; short shorts with solid cuff, pedal pusher with -D- ring trim, zipperfront shortall, and blouse with solid trim cuff. These are adorable and so practical: just throw them in the washer and let drip dry.

A flattering sheath designed by Minx Modes is fashioned of eyelet embroidered batiste lined with fine cotton broadcloth, in black, butternut brown or navy, and will be your standby during hot weath'r. Sizes 7 to 17, just \$24.95 . . . L'Aiglon has come up with two particular honeys for summer that not only are delightfully cool and airy but are smart enough to go anywhere. Slender pleats with smooth high midriff and tucked bodice of 100 percent dacron in gold, blue or pink, sizes 10 to 18, make this one of the most popular styles. The other is a strictly feminine dacron in gold, blue or pink, sizes 10 to 18, make this one of the most popular styles. The other is a strictly feminine dacron and cotton dress trimmed with Val lace, velvet ribbon and dainty tucks all over the high bodice, and full full skirt. In blue, yellow, lilac or pink, sizes 8 to 18, both of these are priced \$22.95.

You still have time to select a distinctive graduation gift from the many lovely things at SHELTON'S, with a free gift wrap.

**Highlights and Sidelights FROM YOUR State CAPITOL**

AUSTIN — In a final burst of energy, homesick Legislators broke the bottlenecks and started passing bills with machine-gun rapidity. After days of delay, the Senate swept through most of the major bills still pending, in two days. It set a record for action his session and cleared the way for winding up money matters this week.

Report by the joint conference committee on the general appropriations bill was laid out for study. Approval of this bill plus two others designed to raise funds for teacher pay raises will be the signal for a fast finish.

Most observers feel certain that enough money will be found to give teachers a \$400 across-the-board increase.

**Texas-Size Mess** — Relief

workers face multiplying problems as they wade into the multi-million dollar mess scattered over water-glutted Texas.

Preliminary estimates placed damage at \$85,000,000. This was before the Lower Brazos spread to a width of 13 miles in some places.

Federal Civil Defense Administration has an initial grant of \$1,000,000 to help restore community owned facilities. More is being sought. One of FCDA's more pressing problems is aiding rural residents decontaminate flooded wells and spray against insects that breed in standing water.

In all, some half-dozen state and federal agencies are working to salvage public buildings, roads, businesses and farms.

Farmers got a setback, how-

ever, when federal officials refused to let them switch flooded acreage for higher land in the soil bank program. It means some will have usable land they can't cultivate because it was previously allotted to the soil bank and other land, not in the soil bank, they can't plant either, because of flooding.

Even so, encouraging reports continue to come in from rural areas. First post drought sales show grass-fed cattle bringing higher prices. Small town bankers and businessmen report people are daring to spend again in anticipation of good crops.

**NAACP Program Limited** — NAACP can continue to operate in Texas, but with clipped wings. Unless a higher court reverses a Tyler district judge ruling, NAACP will henceforth be permanently barred from all but "educational and charitable activities."

Suit to outlaw the organization in Texas was begun last year by former Atty. Gen. John Ben Shepperd. It has been carried on by the present staff under Atty. Gen. Will Wilson.

### Miss Jeanie Criswell, Bride Elect Complimented At Shower Saturday

Miss Jeanie Criswell, bride-elect of E. V. Murphy, was complimented with a miscellaneous bridal shower given in the home of Mrs. Milton Addison, 1015 East Tate, Saturday from 3 to 5 p.m.

Hostesses with Mrs. Addison were Mes. Gene Gunn, Dennis Lilly, Herman Cottrell, Lowell Stephens, Truman DuBoe, Paul Cobb, Virgil Burnett, Jess McWhorter, Val Garner, Paul Blackstock, Kenneth Purcell, J. L. Newsom, Grady Dickson and Virgil Bynum.

Assisting with hospitalities were Misses Gail Cottrell, Donna Christopher, Theresha Stephens, and Carolyn Burnett and Mrs. Merlin Speed.

Mrs. Addison received guests and presented them to the hon-

oree and her mother, Mrs. J. C. Criswell, and Mrs. E. M. Murphy, mother of the prospective bridegroom.

The serving table was laid with a linen cloth and featured an arrangement of pink snapdragons flanked with pink tapers. Punch and ribbon sandwiches, with nuts and mints, were served to approximately 85 guests who called.

Sunday visitors in the Earl Bradley home at 209 East Buckley were their son, R. A. and family of Muleshoe.

Clint Walker of Tahoka was a business visitor in Brownfield this week.

### Plains Cooperative Creamery To Pay Stockholders Soon

Stockholders of the Plains Cooperative, Inc., of Plainview, Texas will shortly receive a final settlement on their stock according to an announcement by Frank Weil, president of the former dairy cooperative.

Stockholders are asked to complete the form shown below and mail it to the creamery in Plainview. Weil emphasized that many stockholders had moved away from their former addresses and that it would be necessary for all stockholders to fill out the attached form and furnish their current address to the creamery so that checks paying off their stock could be mailed to them.

Creamery officials announced that the stock currently being paid off should be included in income tax returns for 1957.

The creamery stock is being paid off at a rate of \$3.50 per \$10 share of common stock. It was emphasized that all paid in stock had previously been paid off in full.

## Capital for New Plants and More Equipment During '57 Likely To Exceed That of Last Year's Expenditure, Says Economist

By REYNOLDS KNIGHT  
Economic Analyst

NEW YORK (Special) — The amount which corporations plan to invest in new plants and equipment during 1957 is being estimated at between 6 and 12 per cent higher than those expenditures last year. On research, they'll spend about 20 per cent more.

So it looks as if industrialists are quite optimistic. Major capital improvements are usually deferred and research programs are cut when the outlook appears bumpy. If nothing occurs to disturb current plans and the Government continues to increase its rate of spending, there will be little to worry about at least thru June of 1958.

All that's needed now is more optimism on the part of the average consumer. Maybe the weather will help bring a gleam to the public's eyes.

**FACTORING FACTS** — Small manufacturers with good products and a desire to grow will be interested in a new public service bulletin designed to help them. It contains all the important facts about the form of financing known as old-time factoring. Despite its comprehensiveness, it is written in a non-technical style that makes for easy reading.

Authored by Morton Goodspeed, president of William Iselein & Co. Inc., the oldest and largest of the country's old-line factoring firms, the booklet is available through the National Small Businessmen's Association, 801 19th Street, N. W. Washington, D. C.

The bulletin tells who uses factoring, and why and points out that factoring is not for everybody. The "benefits of factoring," when and where it is properly used and the "unusual services" of the factor should be of interest to any small manufacturer who isn't factored but has a good product line and capacity to expand.

**THINGS TO COME** — The British are designing an atomic-powered flying tug to tow gliders across the Atlantic.

tic . . . Ready for market is an attachment for a regular truck so that it can be used as a spreader of sand, salt or calcium chloride . . . And for the accident-prone — And is now an invisible liquid substance to make bathtubs and shower stalls slip-proof — It's appropriately named "Skull-Saver."

**AID TO EDUCATION** — American industry's interest in furthering the education of our young people is expressed with various scholarships, grants-in-aid and other educational programs. General Motors, for example, offers 350 four-year scholarships annually to deserving students. Westinghouse provides more than two hundred \$3,000 grants each year.

Unique in the category of scholarships is one initiated by Schenley Industries, Inc. of Los Angeles two years ago. Set up as a two-phase program, the project involves, first, the selection of a previously unrecognized but worthy citizen as the community leader of the year. The selection is made by popular vote among the city's residents. Next, a four-year scholarship is named in honor of the person chosen as leading citizen and is awarded to a student chosen by a committee of educators.

Altogether, business and industry gave \$100,000,000 to higher education in 1956. This is an increase of 25 per cent over the amount contributed two years ago, and is \$60,000,000 more than provided in 1950.

**IN-PLANT TRAINING** — One of the biggest roadblocks to development of economically retarded countries is lack of trained personnel. To cope with this problem, the foreign minister of the Netherlands is urging that industrial concerns in well developed nations offer in-plant training to young business executives and engineers of countries in Asia, Latin America and Africa.

The minister suggested that shipping, railway and machine tool industries take the lead in offering training programs such as this. They, he said, stand to gain a great deal from the industrialization of underdeveloped regions.

Mrs. Earl Bradley and Ruedell of 209 East Buckley and Mrs. Glenn Barnett and Denise of Novice, who have been here visiting, went to Novice Monday for the funeral of Mrs. Barnett's sister in law. Mrs. Bradley and Ruedell returned home Thursday.

He cited as an example of emulation the pioneering of the Ford Foundation in inviting 200 of India's engineers to come to the United States for training and study.

**BITS O' BUSINESS** — The men's clothing industry operated at 91 per cent of capacity during the first quarter compared with 88 per cent during the same period in 1956 . . . On the other hand, operations of the country's steel producers were at 88.7 per cent of capacity the week of April 22 while a year ago they were operating at 97.4 per cent, although of a lower capacity . . . But car output through April 27 this year totaled 2,290,589 compared with 2,269,100 cars in the like period in 1956.

**YA' GANT HAVE IT** — Larry Meeks, 26, seems to be telling a potential tackler that he cannot have the ball as he skirted his left end for a short gain. The action took place during Tuesday night's intra-squad game, which the Reds won handily, 33-6. (Staff Photo)

**TRIO TO GRADUATE** — Three members of the same family Mr. and Mrs. W. H. Bryant of Canadian, and Mary Elizabeth Bryant of Brownfield, center, will receive degrees from Wayland Baptist College May 20. Bryant and Mary Elizabeth are the son and daughter of Mr. and Mrs. B. M. Bryant Sr., who recently moved to Brownfield from Canadian. The unusual occurrence is even more rare in that the trio is active in college affairs and maintains a high rating in its class. Miss Bryant plans to teach next session, and her brother and sister-in-law plan to enter Golden Gate Baptist Seminary, Berkeley, Calif.

Calif.

Mr. and Mrs. T. D. Roberts and children spent the weekend with their parents, Mr. and Mrs. L. C. Roberts at Afton and Mr. and Mrs. Carl Right of Spur.

Mr. and Mrs. H. D. Knight and children visited Sunday with his parents at Wilson.

Dwayne Scott left Tuesday of last week for the armed forces and is stationed at Fort Chaffee. His wife, the former Dixie Fox, and son, Mickey, will make their home with her parents, Mr. and Mrs. Aaron Fox, while he is away.

Mrs. Robert Hall and son, Wesley, of Odessa spent the weekend visiting here with her parents, Mr. and Mrs. Wes Key.

Mr. and Mrs. Lee Howell and sons, Carlos and Linwood, spent the weekend visiting her parents, Mr. and Mrs. J. T. Wood, at San Angelo.

A Mother's Day dinner was held Sunday in the home of Mr. and Mrs. Denver Kelly. Those attending were Mr. and Mrs. Royce Kelly and sons of Lubbock, Mrs. Robert Hall and son of Odessa, Mr. and Mrs. Jerry Anderson, Mr. and Mrs. Odie Kelly and Linda, Mr. and Mrs. Spencer Murphy, Mr. and Mrs. H. N. Key, and Miss Imogene Key.

Mr. and Mrs. Clancey Martin and children of McComey were weekend guests in the home of his parents, Mr. and Mrs. Tyler Martin.

"Colors for You" was the theme of the program when the Gomez Home Demonstration club met Thursday afternoon in the home of Mrs. Tyler Martin.

Mrs. H. N. Key was in charge of the program and conducted an open discussion on "Do you know your colors?" and "Do the colors you wear really do something for you?" In choosing the most becoming colors, members were told to consider skin, hair, eyes, size and personality. Different colors of material were matched to individuals before a mirror to illustrate the topic.

The devotional was given by Mrs. Martin, who took as her subject "And they came" from Malachi 3.

Mrs. Key conducted the business meeting. Roll call was answered with each member naming her favorite color.

"Broken Cisterns" was the program topic dealing with conditions in American homes of today that cause crime and the responsibility of parents to make homes Christian when the W. M. U. met at the church Monday afternoon.

Mrs. George Ellis was in charge of the program. Mrs. Homer Britton led the opening prayer. The devotional was given by Mrs. Wes Key. Mrs. K. Sears presided over the business meeting.

# If You Don't Support Your Church Weekly—Your Church Will Be Weakly Supported

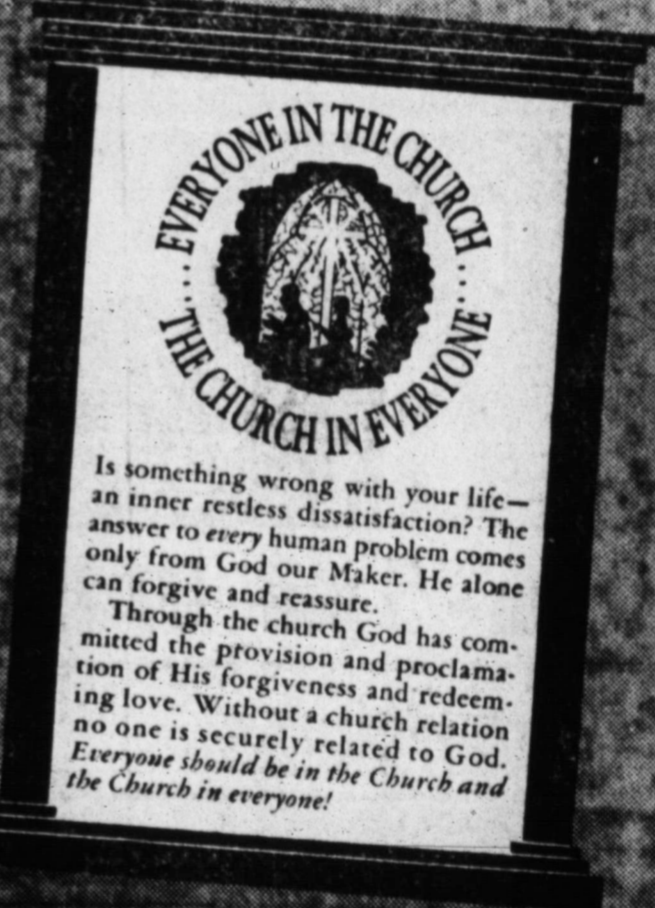

## A Hollow Shell

What a profound symbol of emptiness, a hollow shell from which the life kernel has been removed.

Its purpose for existence is gone; it is fit only to be cast on the rubbish heap.

Sometimes life is like that — an empty shell from which the life force has been removed. It has no meaning and no purpose; it seems to have no conceivable end but the grave. This is a picture of life without God, a shell from which the kernel of meaning has been removed.

God has made us for Himself and we are empty until filled with His presence. Only God can make human life meaningful. God's gift to lead us to this meaning is His Church. Go to Church Sunday and open your life to the One who will fill it with significance.

## Shoe Wardrobe Is Good Fashion, Common Sense

What is your At-Home wardrobe? Does it consist of a tattered housecoat, or last year's basic black that can't go out any more, "smartly" accessorized with your husband's old slippers or some run-down misshapen shoes that you won't even wear to market? Besides endangering your marital relationship, this unattractive outfit is on its way to making you a foot cripple.

Since this is Foot Health Week, if you stand a good part of the day at the washing machine or at the sink preparing meals, you'd do well to pay attention to the nation's 8000 foot doctors of the American Foot Health Foundation, who suggest a special pair of firm shoes with good foot support even in the quiet privacy of your own home.

Modern civilization has provided us with wonderful aids to our housekeeping, such as easy-to-care-for tile and concrete base floors, but it also has opened up new areas for occupational disease. Housemaid's knees may be on its way out, but ready and able to move right in is housewives' foot, with components of hard callous, corns and broken arches.

Our feet originally meant to walk on earth, grass or sand, our foot muscles blending easily with Mother Nature's soft intrinsic foundation. None of us would trade the convenience of our modern floors, but they do require us to learn to walk on them comfortably and healthfully.

Chiropodists and podiatrists, tell us we should have a complete shoe wardrobe — a pair of shoes for every activity in our day. We all have shoes for parties, of course, but of these have spike heels they are not appropriate for shopping, cooking, or cleaning house.

This is a matter of what is good sense as well as good taste. If you walk frequently on pavement, or on a tile or concrete base floor, soft and floppy shoes will really fix you, but bad.

WAYLAND SEALEY

### Wayland Sealey In Training at San Diego

Wayland Sealey, son of Mrs. Naomi Sealey of 319 West Hill, is in training at the naval base in San Diego, Calif., it has been announced.

A 1956 graduate of Brownfield High School, Sealey volunteered for naval electrical aviation May 6 and, along with Linton Barbee of Brownfield and several other volunteers from this area reported at San Diego immediately following his enlistment.

The ideal shoe wardrobe, according to the foot specialist, would consist of at least one pair of shoes for every phase of your daily program — different shoes for dress wear, for shopping or walking, for "At Home," and for casual or play wear.

### REMEMBER?

## 20 Years Ago Here

Rialto Theatre is celebrating its 13th anniversary this week. Earl Jones is starting off his 13th year with a third show house in the course of construction, which indicates his faith in Brownfield is well founded.

Miss Elray Lewis, daughter of Brownfield cotton merchant Clyde Lewis, will reign May 29 as Queen Cotton of the annual cotton carnival to be held by Phi Phi, national textile fraternity at Texas Tech.

Final settlement was made this week by Frank B. Potter, assistant U. S. attorney, for the property recently bought for a post-office site.

Charles J. Long announces the organization of a Fine Arts Dramatic Club in Brownfield. Plans are being made for construction of a clubhouse on Tahoka Highway.

L. Nicholson, who came to this city last fall from Pampa and purchased the J. E. Winston Insurance Agency, announced the removal of his office from the IOOF Building to rear of First National Bank.

One of the major business changes of Brownfield in recent months was completed Tuesday, when C. T. Edwards sold his implement business to J. K. Applewhite of Tahoka.

Boy Scout Troop 49 will assist in the city clean-up campaign which is scheduled for May 15-21. Patrol leaders are Billie Redford, Edgar Self, LeJeune Lincoln and Odell Sears.

Mr. A. W. Turner and Mrs. Everett Latham were visitors in Lubbock Monday.

In observance of National Music Week, Cen-Tex Harmony Club entertained with a tea May 5 in the Venetian Auditorium. Hostesses were Mmes. L. M. Wingerd, Joe J. McGowan, L. Nicholson, J. M. Teague, Roy Herod, W. B. Toone, John R. Turner and W. H. Dallas.

The lighting of the football field soon will be a reality. Brownfield Lions will sponsor softball games there this summer. League teams already have been organized by the Lions, Rotarians, Taylor's Men's Store and Roy Jenkins.

Clifton Babb, Brownfield student at Texas Tech, spent Sunday here with his parents, Mr. and Mrs. J. W. Babb.

## 'Atoms for Peace' Mobile Show To Be In Brownfield on May 27

An "Atoms for Peace" mobile Energy Commission traveling unit, one of four U. S. Atomic Energy Commission traveling exhibits, will be in Brown-

field May 27, according to W. J. Nichols, of the Jaycees.

The exhibit, sponsored by the Jaycees, is a self-contained walk-through unit housed in a bus-type vehicle. Entitled "Atoms for Peace," it is the latest in a series of traveling exhibits designed to bring the latest information on atomic energy to the public in a concise, easy to understand form.

Showings throughout the state are being sponsored by the Texas State Extension Department and Texas Junior Chamber of Commerce.

Exhibit visitors will be offered a comprehensive picture of the atom's uses in America's peace-time life. A series of panels, several operated by the spectator himself, explain research and development in the atomic-energy field.

Uses of radioisotopes — the so-called "tracer atoms" — will be described in the fields of medicine, agriculture and in-

### Calvary Baptist Circles In Study

The Darlene Sears, Helen Tisdale, Ruby Wheat and Doris Jackson circles of the Calvary Baptist Church met Monday for a mission study program. Mrs. Lela McKee, mission study chairman, was in charge of the program.

The calendar of prayer for the missionaries was read by Mrs. Alton Garner. "America" was sung by the group.

Mrs. Warren Stowe taught "Christian Citizenship," and Mrs. Byron Cabiness closed with a prayer.

Those present were Mmes. Ed Thompson, Garner, T. F. Shipman, Norris Phillips, Minnie Decker, Bill McKee, Lottie Evans, Cabiness, Oscar Decker, McKee and Stowe.

All circles of the church will meet at the church May 21 at 2:30 p.m. for a Royal Service program.

### Mrs. Wilder New Board President

Mrs. Ed Wilder has been named president, and Mrs. Claude Buchanan secretary treasurer for the coming year for the board of directors of Seleta Jane Brownfield club-house. Outgoing president is Mrs. Arlie Lowrimore.

Each of the local study clubs, Delphian Study Club, Maids and Matrons Study Club and Alpha Omega Study Club have three members sitting on the board. The Brownfield Junior Woman's Study Club will become a member this year.

When wishing to rent the clubhouse for functions, persons should contact Mrs. Buchanan for particulars.

Industry.

Samples of radioactive ore, simulated fuel elements, reactor control rods, radiation-detection devices and other materials will be in the exhibit.

"Every resident of Brownfield and Terry County is invited to visit the exhibit," Nichols said. "There is no admission charge."

### Boys Ranch in Plea For Building Funds For New Dining Hall

Boys' Ranch, near Amarillo, has issued a plea for aid in building of a new dining hall, seating 500 boys, which is under construction now, according to Cal Farley, founder of the ranch.

"The foundation is being poured now," said Farley, "but we will have to continue construction only as funds become available."

The ranch founder said the new structure it badly needed because the boys are having to eat in shifts in the small dining hall now in use.

Boys at the ranch are putting the finishing touches to a new dormitory constructed entirely by themselves.

More than three million persons visited the New York Coliseum during its first year of operation.

An estimated 300 million dollars' worth of goods is taken from stores every year by shoplifters.

### What To Do In a Tornado

People in open country can view the approach of a tornado and move at right angles to its path. If there is no time to escape, lie flat in the nearest depression, such as a ditch or ravine.

In towns or cities, seek shelter inside, preferably in a substantial building. Stay away from windows.

The southwest corner of the basement of a frame house is safer than in a brick or stone house. If there is no basement, lie down on the first floor under a table or bed (preferably in the southwest corner).

Urban schools: Stay inside, away from windows; remain near an inside wall on a lower floor. Avoid auditoriums and gymnasiums.

Rural schools of frame construction: Teachers should remove children to a ravine or ditch if storm shelter is not available.

The current United States consumer index is 18.9 per cent above the 1947-49 average; 3.7 per cent over a year ago, and 16.8 per cent above the pre-Korean level of June, 1950.

First year students are limited primarily to the use and care of hand tools. The use of power tools, electric and oxyacetylene welders and other advanced equipment is covered in the course for second year vocational agriculture students.

Only **NEW** Refrigeration Advance in Years

... and GAS refrigerators have it!

Gone are the spill, muss and fuss that go with the too familiar ice cube tray. Now, as if by magic, a GAS refrigerator serves generous-size "half moons" of ice, in a basket—all automatically! You always have a supply of ice—with no trays to fill or pry loose. As the basket is emptied, the Ice Server refills itself, and serves a fresh supply of loose, dry cubes.

As for other convenience features... a GAS refrigerator has them all! And when you consider the ten-year warranty (no other refrigerator has it) and amazing economy of operation... it's small wonder that the really Smart Moderns choose GAS for refrigeration.

3 OUTSTANDING GAS REFRIGERATOR ADVANTAGES

Set cycle freezing enables your gas refrigerator to operate silently, just as if you were doing all the work, with no buzz, hum, or rattle. And all yours with gas, there's no danger, ever, of food spoilage from power failure.

No moving parts in its freezing system guarantees longer life for your gas refrigerator. Because there is no motor to wear out, you are assured years of trouble-free, maintenance-free service.

Your gas refrigerator is the most dependable refrigerator known. Its exclusive 10-year warranty is compared with the 5-year warranty offered by other refrigerators, is your proof of performance.

Never any ice trays to fuss with when you use the modern, fully-automatic SERVEL with its magic icemaker, says lovely Julia Meade, hostess on Pioneer's TV series, "PLAYHOUSE 90." See your newspaper for time and station.

## B.H.S. News

By DONNA CHRISTOPHER

A spring shower failed to dampen the spirits of the juniors and seniors, faculty and guests who turned out for the junior-senior banquet and prom Friday night. The banquet was held at the Brownfield high school cafeteria which was decorated with wishing wells and crescent moons, with red roses adorning the tables.

Mike Browning, junior class president, acted as emcee, and following the invocation by Mr. O. B. Hale, he gave the welcome. Senior class president, William Smyrl gave the response. Sherry Don Spears provided the evening's entertainment with her vocal rendition of "Graduation Day," accompanied by Mr. A. V. Wall. Kay Kessinger read the senior class prophecy and Charles Gunn read the class will.

After the benediction by Mr. O. R. Douglas, the scene shifted to the high school gymnasium where the "Ad Libs," a

small band from Lubbock, provided dance music for the prom. Again the decorations carried out the "Moonlight and Roses" theme with a real water-spraying fountain being the star attraction.

Tables lined the walls and a picket fence and archway entwined with roses and a huggable yellow moon completed the decorations beneath the star-spangled "sky" of deep blue crepe paper.

## DOGS ON VACATION

By E. M. Gildow, D.V.M., Director, Friskies Research Kennels

The city-slicker dog who goes to the country on vacation gets himself into all sorts of scrapes. He's a wise fellow, used to such sights and sounds as big rumbling buses and walling fire engines. He's not going to let the buzz of a little bee bother him, nor will he turn tail at the sight of a snake or porcupine . . . and therein lies the trouble, and the reason why you should know what to do if he needs help.

Some dogs react so violently to the bite of a bee or hornet that they actually get sick to

**Dog of the Week:** BULL-MASTIFF

*Working dog: Average weight, 115 pounds; shoulder height, 25 to 27 inches; coat, short and dense, giving good weather protection; color, any shade of fawn or brindle.*

their stomachs. If your dog gets bitten, remove the stinger with tweezers and then apply a thick paste of baking soda and water. If the sting is between the pads, soak his foot in a medium-thick paste of soda and water.

If he gets riddled with porcupine quills, never yank them out. They should be worked out slowly so that they come out intact. This is a job for the veterinarian. These barbs have quills on the tip and shaft and so constantly work inward. Therefore, they should be removed as soon as possible. If a quill is left under the skin, an abscess is apt to form and that will entail a minor operation.

If your dog gets in the path of a poisonous snake and is bitten, quickly make a cross incision over the puncture wound and press the poison out as fast as you can. If the bite is on the leg, put a tourniquet above it until the treatment is finished. Actually, this is a job for the veterinarian, but since minutes count you should be prepared to cope with the situation.

**Feeding Tip:** City dogs vacationing in the country will use up a lot more energy playing around outdoors than they're accustomed to using on around-the-block strolls. It is recommended that you increase their dinner allotment. Once home in the city, you can put them back on their regular quota.

More to show, and eager to show it—the Bel Air Sport Coupe with Body by Fisher

*Full of vim,  
vigor and  
V8 action*

Got any tough hills around where you live . . . the kind that make a car gasp for second wind? Turns that make a car sway-heavy? Well, they won't be there when you ride by in a new Chevrolet!

It's not a matter of power alone, this nimble Chevrolet performance, although the power's there, all right, in options up to 245 h.p.\* It's also what goes along with the power . . . the solid way a Chevy is put together.

A Chevrolet sets its wheels four-square on the road and keeps them there. It rides with a beautiful balance, steers with a relaxed touch and responds to the gentlest hint on the wheel. Drop by your Chevrolet dealer's and see a Chevy in action for yourself. Don't be surprised if you hang on to the key for keeps.

\*Optional at extra cost. A 270-h.p. high-performance V8 engine is also available at extra cost.

## IT'S UP TO YOU

By Howard E. Kershner, L.H.D.

IF a citizen wishes to have a part in the ownership of constructive enterprise and purchases through his bank or broker the stock of a corporation, the government forces him to pay at least 70 per cent of the purchase price of the securities in cash. If a citizen wishes to buy a home he may do so by paying down as little as 5, 2, or sometimes 0 per cent of the purchase price.

No government credit is involved when the citizen buys the stock of the corporation, but when he buys a home with a government guaranteed mortgage—a contingent liability rests upon all of us to make possible the extension of the unsound credit.

In other words, government has assumed the right to control the individual in the expenditure of his own funds. He is discouraged and handicapped if he wishes to invest in industry but he is subsidized at the expense of all of us if he wishes to buy a home. Home ownership is desirable but so is ownership of a constructive business enterprise. Free government has no function in thus determining what the individual may do with his own money. Such control goes beyond tyranny into the realm of dictatorship.
