

Prentice Plant Slates Opening on Monday

Official opening of Prentice Gasoline Plant, located 26 miles northwest of Brownfield, will be Thursday. Appearing for a noon address will be a member of the three-man Texas Railroad Commission, Ernest O. Thompson of Amarillo. A tour of the facilities will be made by visitors from 10 a. m. until 12 noon. Formal ceremonies will be held from 12 until 12:30 p. m., after which Sundown Lions will serve barbecue. Prentice is situated 20 miles west of Brownfield and 6 miles north of Plains Hwy. 380. The jointly owned plant, constructed by Delta Engineering Corporation of Houston, was designed to process casinghead gas from the Prentice (6,000 feet), the Prentice (6,700 feet) and the Prentice (8,000 feet) pays of the Prentice multi-pay field of Yoakum and Terry counties and from pay in the adjoining Cobb and San Andres-Owby fields. Co-owners of the facilities own 98 per cent of production in the Prentice fields. A total of 14 of the 20 producing operators own 79 per cent of the plant. The remaining 21 per cent is owned by 36 non-operating owners of working interests in the fields. Prentice's initial raw gas intake capacity is 13 million cubic feet a day, from which 60,000 gallons of mixed liquid petroleum gas products are extracted. The liquid product is pumped into Phillip Petroleum Company's Mex-Tex system, approximately 14 miles west of the plant. Residue gas is delivered to Permian Basin Pipeline Company for resale. Honolui Oil Corporation, as owner of 26 per cent of the production, has been selected to operate the plant. Honolulu officials explained Saturday that they had invited to the Thursday event area, county and Brownfield officials, representatives of the plant owners and royalty interests, and persons associated with construction of the facilities. Business groups and others interested in visiting the plant at a later date should contact the plant superintendent, Fred Fuller.

Bailey To Be Given Honor by VFW At Annual Convention

"Best quartermaster of the year in Texas" will be the title given this weekend to L. D. Bailey of Brownfield, who holds that position with Hand Bros. Post 6784, VFW. Bailey will receive the honor in San Anegio, where he is taking part in the 37th annual encampment of Texas Department of Veterans of Foreign Wars. Seven other Brownfield men were expected to attend the sessions, which featured Friday the Honorable William H. Francis Jr., assistant secretary of defense. With Bailey are William Brown, Virgil Crawford, H. B. Parks, Jack Aldrup, Dr. A. H. Daniell, R. B. Looney and Bobby L. Phelps.

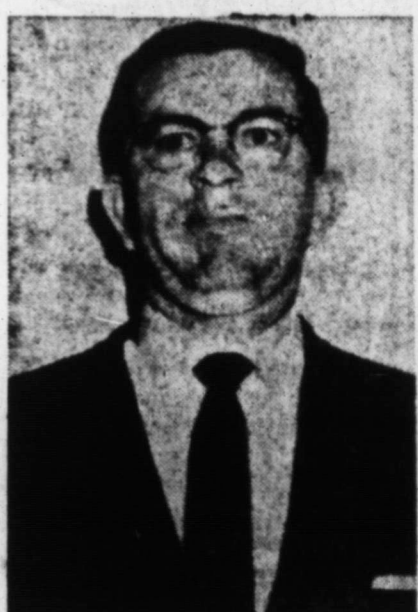

Masons of Brownfield Lodge 903 will install their 1957-58 officers in public ceremonies at 7:30 p. m. Monday. An invitation to the public was issued Saturday by Sawyer Graham, out-going Worship Master, who also said that home-made ice cream and cake would be served. The Masons will see the following brethren installed: J. O. Burnett, as Worshipful Master; Leonard Ellington, as Senior Warden; Otis Reeves, as Junior Warden; Jim Miller, Secretary; and B. F. Hutson, Senior Deacon; J. L. (Dusty) Kemper, Junior Deacon; A. R. Nicholson, Senior Steward; Billy Hamilton, Junior Steward; L. G. Smith, Chaplain and John Badgwell, Tiler.

BROWNFIELD'S POLICE FORCE — There are several new faces among members of Brownfield Police Department. Getting together for a group picture at one hour of the day means loss of sleep for someone on the force — the PD workday is 24 hours long. From left standing: Patrolman R. L. Bartley, Patrolman Robert Thompson, Dispatcher L. N. Bartley, Dispatcher Lynn Wright, Chief Dispatcher Larry Beauchamp, and Patrolmen Jack Whittier and F. D. McClintock. From left seated: Sgt. Jack Seales, Police Chief James Tippit, Capt. Aaron Zeigler and Sgt. Zano Williams. Chief Tippit and Sgt. Seales left Saturday for Texas A&M, where they will take part in a week-long municipal supervisors school. Among courses they'll undertake: municipal government; control of waste, manpower, machines, and material; employee motivation and public relations. There are six other courses on their agenda. The picture above is to appear in the July magazine of the National Peace Officers Association, Inc.

'BE PREPARED' — A storm cellar is a storm cellar — but how many of them are dug by 90-year-old men? Such a cellar is that in whose entrance stands John Hargrove at his home at 612 North Fifth. It's a brand new excavation, completed in two-hour sprints only this week by Hargrove, who observed his 90th birthday Jan. 26. Said Hargrove: "Comes the next tornado threat, my wife and I will be prepared." Likely as not, Hargrove would interrupt his digging and walk the eight blocks to Kyle's Grocery, pulling behind him his little red wagon (with the legend "90" on the side). Later in the day, neighbors likely would see the amiable nonagenarian tending his garden of peas, okra, tomatoes, watermelon, cantaloupe, beets and radishes. He was guest of honor last Sunday for a Father's Day dinner at The Party House. Hosts were his children and many friends. Sons and daughters living here are Mrs. Lucy Sexton and Mrs. May Harris, both Treadaway-Daniell Hospital nurses, and Hershel, Ben and Paul Hargrove. (Staff Photo)

Ex-Resident Again Making Home Here

Dale Brown, former Brownfield resident, has returned with his family to make this their future home. Dale, with his wife, Ava, and their three children, Laura Kay, 10, David Lynn, 7 and Ava Dell, going on 3, have purchased the former Sam Teague residence at 102 East Buckley. For the past 10 years Brown has been living at Seagraves, where he established an enviable reputation in the field of selling. First, he was office manager for McAdoo Chevrolet Company, followed by some years as office manager for Adami-Day Motors. Since December 1955, Brown has successfully represented the Great Southern Life Insurance Company as its agent for Seagraves and the surrounding area. While at Seagraves he was active in First Baptist Church, serving as president of his Sunday school class. He was active in the local chapter of the See No. 1 Page 5

Terry County Radio 'Hams' Engaged In Worldwide Exercise

At 4 p. m. today, Brownfield radio "hams" will switch off their shortwave sets and hit the hay for some hay for some much needed sleep. Since 4 p. m. Saturday, about 12 members of Terry County Amateur Radio Club have been engaged in a worldwide "field day."

Their goal: To contact as many other operators throughout the world as possible in the 24-hour stint. Visitors are being welcomed now at the Scout Building adjacent to Veterans Hall on Seagraves Hwy., site of the exercise. Sponsored by American Radio Relay League, the event is designed to test the world communications system under emergency conditions. The Terry County Club is operating in shifts under emergency conditions.

Juvenile Officers At Association Meet

County Judge Herb Chesshir Police Chief James Tippit and Bill Vick of General Telephone returned this week from Gatesville, where they attended the June 15 meeting of the Texas State Juvenile Officers Association. The trio heard an address by Dr. G. D. Newman, president of Howard-Payne College at Brownfield, and by State Rep. John R. Lee of Kermit. Work for the one-day session was divided into three institutions. See No. 2 Page 5

Brownfield Masons To Install 1957-58 Officers on Monday

Masons of Brownfield Lodge 903 will install their 1957-58 officers in public ceremonies at 7:30 p. m. Monday. An invitation to the public was issued Saturday by Sawyer Graham, out-going Worship Master, who also said that home-made ice cream and cake would be served. The Masons will see the following brethren installed: J. O. Burnett, as Worshipful Master; Leonard Ellington, as Senior Warden; Otis Reeves, as Junior Warden; Jim Miller, Secretary; and B. F. Hutson, Senior Deacon; J. L. (Dusty) Kemper, Junior Deacon; A. R. Nicholson, Senior Steward; Billy Hamilton, Junior Steward; L. G. Smith, Chaplain and John Badgwell, Tiler.

Cooperation Between City and County Law Enforcement Groups Commended

A total of seven true bills were returned by a Terry County grand jury this week. In addition, the jurors had written into district records the following: "During the course of this grand jury's investigations, it was apparent that the law enforcement agencies of the county and the city are acting in cooperation and we believe that this is good and that these departments should be commended on this cooperation." Thus did the grand jury commend Brownfield Police Department and Terry County Sheriff's Office. True bills: Willie Hayes Foster, charged with removal of mortgaged property; Loyd Gordon Cochran, charged with driving while intoxicated, second offense; Griff Mitchell Rayburn, charges with driving while intoxicated, second offense; and Kathy J. Bartusch, charged with passing a forged instrument in writing; T. E. Kennimer, and F. M. McGettes, both charged with passing a forged instrument in writing. Jurors were Lee Brownfield, Neil Barrier, N. R. Butcher. See No. 3 Page 5

BELIEVES IN DIVERSIFICATION

Progressive Herbert Hicks Turns Every Trick To Succeed on Farm

Automatic watering troughs are scattered throughout the hog pens and in a modern corrugated steel farrowing barn. The barn, which has space for 11 sows and their litters, is equipped with thermostatically-controlled heaters for each litter. "Litters are kept in the barn about one week and then I put them on alfalfa pasture until I get ready to fatten them for market," said Hicks. "I plan to market them when they reach an average of 225 to 250 pounds." Querried if he had any trouble with mean hogs, Hicks said, "I had trouble only one time and I got rid of that sow as soon as I weaned her litter." Hicks noted another instance of trouble he had with his pork crop. "This spring we had the herd on a vetch field surrounded by an electric fence. We took the fence down to move them and they won't budge across the line. Finally we got all of them across but one old sow, so we carried her across and put her down. We no sooner had put her on the ground 'til she scooted right back into the field." If raising hogs doesn't provide enough work for Hicks, he has 112 acres of cotton to tend in addition to feed and oats. He baled his oat crop this year. "If I can't sell the oats I'll have to branch out some

Vacation Bible School Holds Commencement

Commencement exercises for Meadow Baptist Vacation Bible School will be held at 8 p. m. today. The school, under the direction of Mrs. Robert Beasley, had an average daily attendance of 100 throughout the week. Mrs. Beasley and her staff of 21 helpers has invited everyone to attend the event tonight.

Brownfield Troops Get Top Rating

By WALTER MEYER
Brownfield Guardsman
NORTH FORT HOOD — Brownfield's Howitzer Company of the 112th Armored Cavalry Regiment arrived here June 16 with a record strength of 82 enlisted men and officers. The unit has yet another week in the 14-day summer training program required of Texas National Guardsmen. The 112th Regiment counted 1,856 men present at initial roll call. Growth of the 112th has been as phenomenal as that of the Brownfield unit. As a comparison, the howitzer company took 20 men in 1951 to the summer training at Camp Polk, La. At that time, men on its rosters. During the first week here, Howitzer Company took to the field in its light tanks to practice direct and indirect firing. According to Regular Army inspectors present at Jack Mountain Range near South Fort Hood on June 19, the company's performance was superior to that of any other howitzer unit in the regiment. The Brownfield group's records, barracks and mess hall have been consistently given the best ratings possible. Lt. Victor Herring, commanding, said that the cooperation and morale of the Brownfield troops have been high and that every one of the 82 men present has been trying to make "Howitzer Company

Cotton Insects Are Making Appearance In Terry, Elsewhere

(EDITOR'S NOTE: Information in the following cotton insect situation release for June 26 is compiled by county agents, vo-ag teachers, USDA and A&M College.) Heavy rains, hail and high winds have reduced or destroyed stands of cotton on a considerable acreage, particularly in Swisher, Bailey, Hale, Floyd, Lamb, Castro and Lubbock counties. Disease has reduced stands, particularly in the earlier plantings. Many of these fields recently have been replanted. The heavy rains have checked infestations of thrips and aphids. Light infestations of thrips were reported in Bailey, Cochran, Floyd, Hockley, Lamb, Lubbock, Lynn, Parmer and Terry counties, with medium to heavy infestations in Gaines and Hale counties. A light infestation of aphids was reported in Cochran, Crosby, Lubbock and Lynn counties. Fleahoppers were light in Cochran and Yoakum counties and medium in Gaines County. The best is the regiment. During the second week of training, which will be started Monday morning, the Brownfield troops will move into the field for more firing. Next Thursday, all guardsmen will take the basic combat training test. Departure date from Fort Hood to Brownfield will be about noon next Saturday.

STACK IT TIGHT — This small portion of Herbert Hicks' baled oat stack reveals another of his several varied crops. He explained he will sell the oat hay or use it to feed out some steers this fall. Hicks, bottom foreground, supervises the stacking by his hired hands who stay on the farm the year around. (Staff Photo)

HOG HEAVEN — Herbert Hicks looks over animals now. Hicks said he started raising some of the pork crop he began raising this year. The herd has grown from 50 hogs in January and February to an estimated 130 hogs in June. Hicks said he started raising porkers to offset the dropping cotton allotment each year. (Staff Photo)

Miss Janie Ruth Hodel Is Wed To Don Noble

First Presbyterian Church was the scene at 6 p.m. Saturday of Miss Janie Ruth Hodel's marriage to Donald Noble.

She is the daughter of Mr. and Mrs. Jacob Hodel of Gatesville, and he is the son of Mr. and Mrs. Robert L. Noble of 801 Tahoka Road.

Officiating clergyman at the double-ring ceremony was the Rev. Boyd Pearce, pastor of Emmanuel Baptist Church.

The bride was given in marriage by her father.

Noble's best man was Ross Moss Jr., of Waxahachie. Ushers were Richard E. Curry of Dallas, James E. Thompson of Lincoln, Neb., and William M. Noble (brother) of Brownfield. His attendant was another brother, Robert L. Noble Jr., of Brownfield.

Matron of Honor
The bride's matron of honor was her sister, Mrs. A. L. Dunn of Austin, and her bridesmaid, Mrs. Hubert Carpenter of Brownfield.

Flower girl was Miss Cynthia Ann Dunn of Austin, the bride's niece. Ring bearer was Clifton Toliver, son of Mr. and Mrs. Coke Toliver of Brownfield.

Presiding at the guest book was Mrs. William Todd of Brownfield.

The couple said their vows before an arch entwined with greenery and topped with wedding bells, flanked with greenery, baskets of white gladioli and candelabra holding white tapers.

Music was furnished by Mrs. Richard E. Curry of Dallas at the organ, and soloist A. V. Wall of Brownfield, who sang "How Do I Love Thee" "You'll Never Walk Alone" and the "Lord's Prayer."

Full-Length Dress
Miss Hodel wore a full-length dress of white brocade satin, with peplum in back, bouffant skirt swept into a train, scoop neckline outlined in pearl appliques and fashioned in a flower design, set on a tulle back-

MRS. DONALD NOBLE

ground, fitted bodice with elbow-length shirred tulle gloves ending in a point on the hands.

He fingertip veil was of French silk imported illusion lace, capulet bordered with pleated tulle and covered with iridescent sequins. She carried a bouquet of pink rosebuds and white carnations. She also carried out the tradition of something old, something new, something borrowed, some-

thing blue and a penny in her shoe.

Gowns Are Identical
Miss Hodel's matron of honor wore a full-length gown with bateau neckline, bodice of pale orchid satin bouffant, and skirt composed of layers of nylon tulle over orchid satin, pleated panel in back fastened to cummerbund; matching headband of tulle sprinkled with sequins, with short veil in front. Her

Mrs. J. P. Bolding Dies Here Sunday

Mrs. J. P. Bolding, 81, died Sunday in Treadaway-Daniell Hospital after a lingering illness. Formerly a Snyder resident, Mrs. Bolding had lived several years with her daughter, Mrs. Lois Gibson of 611 North Second.

Survivors include three sons, Nolan and Clyde Bolding of Dunn and Luther of Stamford; three daughters, Mrs. Jack Byrd of Dunn, Mrs. Walter Wood of Cartze, Colo., and Mrs. Gibson, and one brother, of Steventville.

Burial will be at Dunn.

bouquet was of white carnations.

Gowns and accessories were identical in style to the matron's of honor and in varying shades of orchid. The bride's mother wore a full-length dress of sky blue lace over taffeta, with matching hat and black accessories, with white carnation corsage.

For a wedding trip to Ruidoso, the bride chose a light blue linen suit, with navy accessories and a white carnation corsage.

Will Teach In Alvin
The bride is a graduate of Howard-Payne College in Brownwood, where she received a bachelor of arts degree in education. She later took her master's degree at George Peabody College for Teachers and Vanderbilt University in Memphis, Tenn.

Noble is a graduate of the University of Texas, receiving his bachelor of arts degree there. He is attending Texas Tech this summer. Both Mr. and Mrs. Noble will teach in the Alvin public schools next year, he in the high school English and journalism department, and she in the junior high English department.

After June 25, the couple will be at home at 2419 13th St., in Lubbock.

Guests were registered Saturday night from Austin, Gatesville, Tulia, Amarillo, Tahoka, O'Donnell and Lubbock.

Shaving was originally a protective measure since long beards were easy for opponents in combat to seize.

Paul Douglas, U. S. Senator from Illinois:

Brownfield Golfers Advance To Second Round in Tourney

Ted Hardy, Jerry Kirschner and Harold Crites advanced to the second round in the 29th annual West Texas Golf Tournament at Lubbock Country Club as Jon Cowsar was upset by a recent graduate of Brownwood High School in the opening round of play Friday.

Cowsar, playing in the championship flight, went down by two strokes to young Phil Lobsten, who was graduated from high school only last month.

Crites defeated Odell Herman of Lubbock, 5-4 and Kirschner beat Dick Baile of Midland, 2-1, in third flight play.

Hardy advanced to the second round with a bye.

Quotas Approved By Farmers; Measuring Of Cotton Is Begun

Some 26 Terry County farmers joined the nation in overwhelmingly voting in favor of marketing on the 1958 wheat crop.

The tally was 26-0 here and 138,490 to 26,866 across the United States with 35 of 36 wheat-producing states reporting.

Twelve employees of the Agricultural Stabilization and Conservation office began measuring Terry County cotton crops this week, according to Loe Miller, ASC manager.

Using measuring wheels instead of chains, the group expects to complete their work by late July. "Since cotton allotments average only 116.8 acres per farm, measures should be able to cover four or five farms per day," said Miller.

Miller said the process could be speeded up with a minimum of error if farmers will take time to help measurers go over their farm. "With the farmers' help, we can cut out a lot of unnecessary re-measuring," he said.

"The popularity of the magazines shows that there is a demand for this kind of material. There are people who derive a vicarious thrill from preying on the private lives of the famous people."

IN EXPANDING U.S. ECONOMY

Truck Fleet Nears Astronomical Size

DETROIT — The truck fleet required by America's expanding economy is reaching astronomical proportions.

At latest count, there are more than 10,750,000 trucks rolling on the streets and highways of the nation—nearly half of the world total—performing every conceivable type of transportation service. U. S. truck registrations have doubled since 1945.

It takes seven million men and women to keep the huge fleet rolling night and day, or about one out of every 10 workers in the nation, including more than 6 million truck drivers.

Trucks haul practically everything American use — untold billions of tons annually — including approximately 240 billion ton miles between cities in 1956.

They were the source of special tax revenues totaling \$2,140,000,000 last year.

These are facts about trucks in America from the newly published 1957 edition of MOTOR TRUCK FACTS, a biennial statistical handbook of the Automobile Manufacturers Association. The 56-page booklet is tightly packed with information in charts and tables covering such aspects of truck transportation as production, registrations, use, employment, taxation, mileage, and vehicle age.

Among other truck facts in the new book:

The U. S. produced 1,107,796 trucks and 4,206 motor buses in 1956, or 45% of total world output. The wholesale value of American trucks and buses

Mrs. G. W. Henson Has Buffet Lunch in Home

Mrs. G. W. Henson entertained her family on Father's Day with a lunch served buffet style in her home at 306 East Buckley.

Present were Mr. and Mrs. Edward Smith of Stanton, Mrs. R. E. Thompson of Hereford, G. W. Henson Jr., Joe Henson, Hubert Henson, Loyd Yowell, all of Brownfield, and J. W. Smith of Meadow, Misses Jessie McClellan of Brownfield and Miss Ann Pinkard of Lubbock.

Snakes have as many as 300 pairs of ribs. The average weight of the

built and sold during the year exceeded \$2 billion.

Last year, U.S. trucks traveled a total of 115 billion miles, a figure that closely parallels economic activity and prosperity in the nation. Truck miles traveled have doubled and gross national product has increased approximately 40% since 1946.

The truck accident rate in the U.S. has declined 71% since 1934. In 1933 and 1934 the rate was 5.7 accidents per 100,000 vehicle miles traveled. In 1955 and 1956 a rate of 1.63 per 100,000 miles was achieved.

More than 28 per cent of the nation's trucks are on farms.

Eleven per cent of trucks in use are prewar models.

Mexico, Venezuela and Brazil are the largest export markets for U.S. trucks. One out of every five trucks produced was exported last year.

California led the states in truck registrations last year with 940,000. Texas ranked second with 818,000.

Mrs. Myrtle Foster Services Conducted

Mrs. Myrtle Laura Foster, 62, a Terry County resident since 1914, died at Treadaway-Daniell Hospital June 11 after a short illness.

Services were held in Calvary Baptist Church and burial was in Terry County Memorial Cemetery, under the direction of Brownfield Funeral Home.

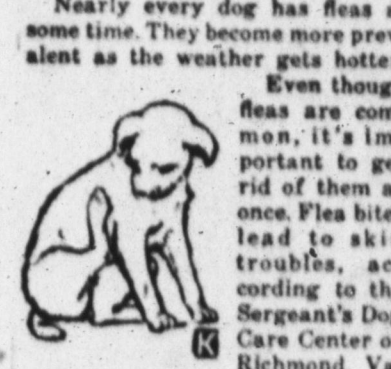

Mrs. Foster, who was a member of First Methodist Church, was a native of Comanche County before moving to a farm here. She was married to R. W. Foster in 1917.

Survivors include her husband of 1302 South Fifth; one daughter, Eva Lee Bingham of 1207 South Fifth; one son, Charles of 902 South Fifth; three sisters, Mrs. J. C. Byrd of 1204 South Fifth, Mrs. J. N. Long of 807 East Main and Mrs. Paul Smith of Wichita Falls; four brothers, W. R. Green of Comanche, E. H. Green of Needmore Community, A. B. Green of 1206 South Fourth and O. M. Green of 620 West Buckley, and three grandchildren.

Clothing manufacturers from 21 states have a hand in outfitting recruits at the world's largest Naval Training Center Great Lakes, Illinois.

Noah was 600 years old when the Ark was completed.

YOU and your DOG
FLEAS
 Nearly every dog has fleas at some time. They become more prevalent as the weather gets hotter. Even though fleas are common, it's important to get rid of them at once. Flea bites lead to skin troubles, according to the Sergeant's Dog Care Center of Richmond, Va. Worms are carried by fleas. To get rid of fleas, dust the dog's coat liberally with a quick-acting scratch powder available at drug or pet stores. Get one that kills fleas, lice, and ticks and at the same time checks itching fungus and doggy odor. Use the powder regularly to keep the fleas off the dog. It's also a good idea to dust the powder around the dog's living quarters to dispose of any flea eggs that fall off the animal. Keeping the dog clean helps to keep fleas away. Bathe him regularly with an anti flea cake soap or shampoo or one of the waterless cleaners.

Not a single accident to passengers on Pullman cars has been reported since 1951. The 65 million passengers have traveled 40 billion miles.

Fifty thousand recruits are trained yearly at the world's largest Naval Training Center, Great Lakes, Ill. The task of training the bluejacks rests on the shoulders of 800 career officers and enlisted men.

New Bills Make Driver's Licenses More Dear To Texas Youths; Law Given Teeth

Two bills recently signed into law by Gov. Price Daniel will make driver's licenses more dear to Texas youth who now drive or preparing to drive, according to N. W. Jackson, assistant chief of the Texas drivers License division.

Senate Bill 53, which became effective May 20, states that no person under 16 years of age may receive an operators' license unless he can prove sufficient emergency to the department to justify a license.

Other circumstances under which the department of public safety may issue a license are that refusal will work undue hardship on the family; that it should be granted because of sickness or ill health in the family; that it is detrimental to the general welfare of the applicant or his family, or that the applicant has completed and passed an approved driver training course.

The law specifically states that a driver's license shall not be issued to any youth under 14.

Jackson said the new law voids the former method of minor's authorizations approved by county judges.

A second bill, which tightens the reins on juvenile driving, makes it a misdemeanor for any male driver, 14-17 years of age, to drive without a license or to drive while under the influence of intoxicating liquor. The bill also assesses the same charge for any female driver between 14 and 18 years of age.

Any minor driver guilty of the misdemeanor will be tried in courts having jurisdiction over the charge and fines may be levied up to \$100 for the offense. Under the law, juvenile courts may not try such cases.

However Jackson pointed out that juvenile violators cannot be jailed in lieu of the fine but the court may suspend and take possession of the youth's driver's license until the fine is paid.

County Reaches 43 Per Cent of Quota In Saving Bond Sale

J. O. Gillham, chairman of the Terry County Savings Bonds Committee, reports that savings bonds sales here were \$2,584 during the month of May. Sales during the first five months of 1957 were \$71,346 or 43% of our year's goal.

Sales in Texas were \$13,840,433 during May which was an increase of \$260,000 over the month of April. The State of Texas has now reached 37.6% of its 1957 goal.

"I feel that if every citizen of Terry County will buy an extra bond during the remainder of 1957 our county will reach its goal. There is no safer investment than U.S. Savings Bonds since both the principal and interest are fully guaranteed by our government. Savings Bonds now earn 3 1/4% interest compounded semi-annually when held to maturity, and they now mature in eight years and eleven months." Chairman Gillham concluded.

July 26 Final Date Of Play For Major And Minor Leagues

July 26 is final day of play for both the Minor and Major leagues. Schedule to that date is as follows:

MINOR — June 25, Buffs, Eagles, June 27, Oilers, Senators, June 28, Cats, Sports, July 2, Senators, Cats, July 4, Oilers, Buffs, July 5, Sports, Eagles, July 9, Senators, Sports, July 11, Eagles, Oilers, July 12, Buffs, Cats, July 16, Cats, Oilers, July 18, Sports, Buffs, July 19, Senators, Eagles, July 23, Oilers, Sports, July 25, Buffs, Senators, July 26, Eagles, Cats.

MAJOR — June 25, Giants, Braves and Red Sox, Indians, June 27, Yankees, Cubs and Indians, Giants, June 28, Braves, Yankees and Cubs, Red Sox, July 2, Giants, Red Sox and Braves, Cubs, July 4, Indians, Yankees and Red Sox, Braves, July 5, Cubs, Indians and Yankees, Giants, July 9, Cubs, Cubs and Red Sox, Yankees, July 11, Braves, Indians and

INDIANS — The Little League Indians were leading the league when this picture was taken. Team members are, from left front row: Tommy Williams, Bob Denison, Don Davis, Doug Crabtree, Butch Bailey and Bob Casstevens. Second row from left: Buzz Steele, J. W. Harrell, Buch Parker, Gerald Chedester, Archie Jennings, James Nichols and Eddie Thomas. Third row from left: Rex Black, John Jennings and Monk Parker, coaches, and Burton Hackney, manager. SUMMERFIELD TELLS CONGRESS

PO Cutbacks Assured If Funds Not Granted

Hearings have been completed by a House Appropriations subcommittee on the \$150,000,000 supplemental budget request of the Post Office Department for the 1957-58 fiscal year.

In answer to questions by subcommittee members, Postmaster General Summerfield said he would order the following service cutbacks if he did not receive the money he needs: Elimination of all Saturday deliveries except special delivery; the closing of first and second-class post offices on Saturday; the closing of some 2,000 fourth-class post offices and substitution of rural free delivery service; the termination of the sale of money orders in first and second-class post offices; the curtailment of rural star routes.

In addition, Summerfield said, no new services would be added during the year like new routes, new buildings, etc. Nothing was said by postal officials about embargoes on third or any other class of mail or about possible deferred handling of any class of mail.

Chairman Gary (D., Va.) said he thought the subcommittee would give the Post Office "some" of the money it is seeking but would not say how much he favored. Republican members of the subcommittee generally agreed that they felt

Summerfield had made a good case and that he should be given all or almost of the money he requests.

Envelope Sizes Given
In order to expedite mail handling and to make machine operation more feasible, the Post Office Department has designed a minimum size for envelopes. Envelopes the size of which is less than 2 3/4 by 4 inches will be unavailable effective July 1, 1957.

There is no maximum limit, but the Department states that envelopes larger than 9 by 12 inches are not recommended.

For faster and more efficient handling of mail, the Department urges the use of envelopes of standard sizes whenever possible.

Postal Rates Moving
No more has been made as yet to take up the postal rate bill in the House. Passage of the bill by the House, which is conceded as likely, will probably occur around the end of the month.

Chairman Johnston (D., S. C.) of the Senate Post Office Committee has not indicated what his course of action will be when the bill reaches his committee.

Johnston had indicated earlier that he would insist upon the adoption of a postal policy in April and May but no suggested legislation has been

SENIOR GIRL'S SOFTBALL TEAM — Competing in the senior high school division of the county girl's softball league are, from left front row: Shirley Wilkerson, Betty Ann Davis, Barbara Knox, Grace Grissom, Rita Goodpasture and Nancy Bailey. From left back row: Florence Parker (coach), Pat Thomas, LeNora Turner, Sherry Don Spears, Doris Ratliff and Patti Wilder. (Staff Photo)

'All-Time Teams' Is Being Compiled

Texas Tech's Sports News Office is compiling "all-time" Tech teams for each of the three preceding decades in basketball and football. Lettermen of the 1920s, 1930s, and 1940s have been mailed ballots and asked to pick a team for the decade in which they played. Because the mailing list is incomplete, any letterman from the mentioned years who has not received a ballot is to contact the Sports News Office at Tech.

Mr. and Mrs. Harold Klein and Joyce of 1214 East Lons have returned from a visit in Pennsylvania and New York.

forthcoming.

Controlled circulation publishers are preparing to attempt again on the Senate side to get their publications included as second-class matter. A previous attempt was defeated in the House Post Office Committee.

Steam Is Lessening
The steam behind tax relief efforts during 1957 is lessening. Budget cuts are not likely to be as great as originally planned or hoped.

Testimony before a joint Senate-House Economic Committee has been urging application of money derived from budget cuts to the reduction of the debt rather than dissipating it through tax reductions.

Tax relief is, however, still considered a certainly next year—an election year. Over 900 bills proposing tax reductions have been introduced so far in the House where such legislation must originate.

The Administration and influential members of Congress seem to favor an across-the-board cut instead of complicated suggestions that would bring greater relief to a particular group.

The Fountain of Youth Is Topic of WMU Meet

"The Fountain of Youth" a study of the problems of today's youth, was the main topic of a meeting of First Baptist Church's WMU circles held Wednesday at the church.

Mrs. A. W. Turner opened the program with a devotional conducted a discussion on the evening "Christ's Call to Youth." Mrs. C. L. Green conducted a discussion on the meeting topic.

Mission study will be conducted Wednesday in the following homes: Lois Glass Circle—Mrs. Jarrel Cox, 1318 East Repto; Anne Petit—Mrs. Sid Lowery, 1206 East Buckley; Roberta Edwards—Mrs. L. L. Banta, Route 3; Janelle Doyle—Mrs. R. M. Moorhead, 906 East Tate; Blanche Groves—Mrs. Drew Hobby, 616 South

Brownfield Youths Attend Band School

Five Brownfield junior and senior high school students are among some 258 area students attending a three-week band school at Texas Tech this summer.

Attending the school are Phillip Bradford, son of Mr. and Mrs. Phillip E. Bradford of 602 Park Lane; Brenda Grissom, daughter of Mrs. Maxine Grissom of 406 East Buckley; Sandra Turner, daughter of

Jon Fuller, Ellis Cox, Larry Meeks, John Eldon Jones and George Montgomery spent the weekend in Ruidoso, N.M.

First and Lottie Moon—Mrs. H. K. Kendall, 219 North H. K. Kendall, 219 North Fourth.

Mrs. J. B. Huckabee Jr. of 905 East Broadway; Karla Harding and Phyllis Bourns.

Prof. D. O. Wiley, Tech Band director, is in charge of the school which has students representing 31 Texas cities and towns.

Instructors include Dr. A. A. Harding, director-emeritus of the University of Illinois band, and Mark H. Hindsley, present Illinois band director and president of American Bandmaster's Assn.

Dr. Harding, regarded as the dean of American bandmasters, is one of the foremost authorities on Sousa. Hindsley has gained a reputation as an arranger of classical music for concert bands, particularly in the field of contemporary music literature.

Grades Drop Frisbie From Tech Football

Another letterman, halfback Duke Frisbie, has been lost to Texas Tech's Red Raiders through low grades. Although Tech's fastest back, the former Memphis, Tex. star had not figured greatly in the Raider's 1957 plans due to a

shoulder injury. As a sophomore last fall Frisbie turned in the season's longest run, a 72-yard scoring dash in a 13-13 tie with Oklahoma A&M. Fullback Doug Duncan of Wellington is the only other scholastic casualty among the lettermen. Loss of Duncan and

Jehovah Witnesses To Take Part July 3 In Houston Session

The Levelland congregation of Jehovah's Witnesses is making preliminary plans to attend a five-day convention to be held at the Sam Houston Coliseum in Houston, July 3-7, it was announced last night.

J. Ferguson, presiding minister of the group, said, "The convention is sponsored by the Watchtower Bible Society for Jehovah's Witnesses and is one of 15 to be held this summer." Approximately 15,000 are expected to attend the Houston gathering.

The purpose of the meeting is to provide additional Bible instruction for the Witnesses. There will be morning, afternoon and evening sessions devoted to Bible talks, discussions and practical demonstrations for this purpose.

Ferguson further stated, "At least three members of the board of directors of the Watchtower Society will speak in Houston, including Nathan H. Knorr, president of the world wide organization. The highlight of the convention will be the public address of Knorr on Sunday afternoon at 3 o'clock on July 7.

Joe Don Auburg, son of Mrs. Ruth Auburg of 402 North Sixth, is home from college for a two-week vacation. He attends school at Sapa, Calif.

Frisbie coupled with a disabling back injury to guard Floyd Hood of Wellington, has left the Raiders with nine returning lettermen from 1956. Lifting his 20-pound, six-months-old son tore loose two of Hood's vertebrae.

Frisbie was the only returning letterman halfback from 1956. However, the Raiders return Bobby Kyzar of Melvin, who lettered in '55.

IT'S THE LAW
in Texas
A public service feature of the State Bar of Texas

When you are ready to build, you will find that the law helps in many ways to make your home enjoyable and secure.

Have you decided on the type house you want and the amount you want to spend? If so, then let's go into details!

1. YOUR LOT: Junior's school or your church may be nearby, but find out—

(a) Whether they are planning to run a highway through the area or nearby, or make any improvements for which you can be assessed.

(b) What "covenants" or restrictions run with the land?

To protect residents, the plats or basic deeds of some neighborhoods call on you to build a certain size or type of house. Do you want to and can you afford to?

(c) Easements. Either you or your neighbors may need to run pipes, or string wires over each other's land or to share a driveway. Have the abstract checked carefully to disclose any easements.

2. ZONING ORDINANCES: For your protection the local government frequently zones some areas, for example, for single houses only, for multiple dwellings, for retail stores, for manufacturing, etc.

Unless the local governing body changes its zoning ordinance, no filling station, for instance, can go up next to you in a residential area. Neither could you turn your home into a store. In any case, you should find out what your neighborhood zoning rules are.

3. BUILDING CODES: Be certain that the plans and construction will meet the requirements of the local building code as to size, location and structure. Municipal ordinances usually impose strict standards for the building, the plumbing

and the electrical wiring. In many cases only licensed building tradesmen are permitted to make the installations.

4. FINANCING: Financing tradesmen are permitted to See No. 1 Page 3

N-NOW, HOLD ON, MISS CALLAHAN! THAT'S JUST IT... I'M NOT GIZMO!

Y-YOU'RE NOT? T-THEN WHO...?

I-I'M JOHNNY HAZARD... A-ER-GUEST OF MR. GIZMO! I TRIED TO TELL YOU WHEN YOU ARRIVED, BUT...

OH, THAT'S JUST WONDERFUL! I-I MEAN... I'M NOT A FAILURE! WHERE IS GEORGE?

HE'S GONE FOR A WHILE... ER-PROSPECTING!

YES, KISMET, GIZMO WILL BE GONE FOR A WHILE! HE'S OUT... PROSPECTING!

THAT'S ALL RIGHT, MR. HAZARD, I'LL WAIT! TIME IS NOT IMPORTANT! I'VE WAITED SO LONG FOR HAPPINESS!

MEANWHILE IN MID-AIR...

IT'S ONLY RIGHT... SINCE KISMET IS GIZMO'S PROBLEM... THAT HE SOLVE IT! I'LL GET THE GENERAL'S PERMISSION TO SEE HIM IN THE GUARDHOUSE!

A SHORT TIME LATER...

MISS HAWKES! IS... IS SOMETHING WRONG?

I-I'M AFRAID WE'VE FAILED YOU MISERABLY, MR. GIZMO! YOUR GIRL FRIEND JUST ARRIVED! WE WEREN'T ABLE TO HEAD HER OFF IN TIME!

WHILE AT THE 'FRISCO AIRPORT...

S-SHE'S HERE? OH, THAT POOR KID...!

KISMET'S UP AT THE HOUSE NOW WITH JOHNNY! SHE STILL DOESN'T KNOW ABOUT YOU! AND WE DON'T KNOW HOW TO BREAK IT TO HER...

I-VE GOT TO SEE HER! TELL HER WHAT A RAT I'VE BEEN... AND... AND WHY WE MUST FORGET EACH OTHER! IT'S THE ONLY WAY...

I'LL SEE WHAT I CAN ARRANGE WITH THE GENERAL! BUT GET THIS THROUGH YOUR HEAD, GIZMO... ONE MISTAKE DOESN'T MAKE YOU A CRIMINAL FOR LIFE!

I' THINK THERE'S ENOUGH THERE TO MAKE IT WORTH OUR CROSSING THE PACIFIC, SENIEM?

LOOK, BUNKO, KISMET TOLD US SHE WAS GOING TO MARRY A WEALTHY URANIUM PROSPECTOR, DIDN'T SHE? AND WITH WHAT STYAMIE'S GOT ON L'L KISMET... IT'LL BE A SOFT TOUCH!

By Mort Walker

GOMEBODY GOOFED ON THE... CAPTAIN! THIS IS NO TIME FOR SMILING!

SORRY, SIR.

THIS IS SERIOUS BUSINESS! HOW CAN YOU SIT THERE ON THE VERGE OF LAUGHING?

I DON'T KNOW, SIR.

I JUST CAN'T SEEM TO GET SERIOUS HERE.

OH, BOY! LET ME SAMPLE THAT PUDDING!

WAIT TELL DINNER.

JUST GIVE ME A TASTE! ALL I WANT IS ONE MOUTHFUL!

OH, ALL RIGHT! BEETLE, GET SARGE SOMETHING TO EAT WITH!

BUT THESE AREN'T MY MONIES!

WE HAVE A FEW MINUTES BEFORE THE MOVIE STARTS LET'S DO SOME SHOOTING!

OKAY

DING

DING

YOU WON A PRIZE, BEETLE! BOY, ARE YOU LUCKY!

ALGER HISS CASE PREDOMINANT EXAMPLE

Let No One Suppose That Activities of Reds Masquerading As Loyal Citizens Not A Serious Menace, Declares Writer

By JOHN T. FLYNN
(EDITOR'S NOTE: John T. Flynn is a noted author, lecturer and radio commentator.)

There is one aspect of the charges which pop up at intervals against eminent gentlemen in high posts who may be suspected of being Red to which I would like to call attention. The latest of these disturbing incidents has to do with a high ranking diplomat who, until his death recently, was ambassador to Egypt of the Canadian government—the late Mr. Herbert Norman.

About two months ago Ambassador Norman leaped from the roof of a building in Cairo, thus tragically ending his life. The tragic aspect of this suicide is rendered more deeply disturbing because of some of the facts about his life which have come to light.

The Senate Sub-Committee on Internal Security has been conducting over an extended period, an investigation into subversive activities and elements

in this country. The investigation is under the direction of Judge Robert Morris, a highly respected former judge in New York who, at great sacrifice, resigned his post to direct this inquiry.

Late in March — and quite incidentally — Judge Morris' committee turned up evidence connecting Ambassador Norman with certain communist activities. The committee was not hunting for evidence against him. It was looking into the activities of an American consular official who had close ties with Mr. Norman.

Mr. Lester Pearson, the Canadian Foreign Minister, immediately filed an angry protest with the American government. He was full of wrath and supported his angry protest with threats.

His protests reached President Eisenhower. Mr. Eisenhower, of course who is an easy target for this sort of thing, intervened with expressions of sorrow and apology. And, as one might surmise, all those

elements that denounced Congressmen Dies and Velde, Senators McCarran and McCarthy and others who fought the Reds, came promptly to the rescue before they could know anything of importance about this case, apologizing to Mr. Pearson for the "indiscretions of Judge Morris and the Senate committee."

All this recalls the case of Alger Hiss, who was indicted, tried by jury and convicted and sent to the penitentiary on a charge of perjury for denying his communist connections.

Until that case was thoroughly aired in court before two juries, a large group of eminent dopes, including college presidents, editors and columnists, continued to proclaim his martyrdom and to denounce those "wicked" senators who exposed him.

Now Foreign Minister Pearson denounces the "detractors of Ambassador Norman" Mr. Pearson was, however, forced to face a severe grilling in the Canadian Parliament.

And he finally conceded that Norman perhaps had certain Red associations and connections some years ago. A member of Parliament demanded of Pearson that he answer plainly this question: Are the charges against Norman true or they without basis in fact? Pearson refused to answer this question.

Now the facts are that Norman had been accused of communist connections as far back as 1951.

At that time the Senate Internal Security Committee was taking testimony from a university professor whose facts, given under oath, have never been refuted.

The professor testified that he knew Norman as a member of a communist study group in Columbia University. The witness said that all this was so well known that he was surprised he should be questioned about it.

Indeed, the history of Norman's communist affiliations and activities takes up nearly 27 pages of testimony and reports about him over a period of years. One of the disturbing elements in these tragedies — and there have been many — See No. 2 Page 3

No. 1— the lender. Unless you pay cash, you will use credit to pay for your house, most likely a deed of trust or a land contract protects both you and

Pioneer Researcher Sees Possibility Of Preventing Deadly Tornadoes in 'Future'

WASHINGTON, D. C., June 22 — A pioneer researcher into the means of modifying weather by cloud seeding and other scientific techniques believes it may become possible to change atmospheric conditions which

produce tornadoes so that the death-dealing storms do not develop.

Under a land contract the lender holds title to your house until you pay for it. If you fall behind, the holder can take the house back. With a deed of trust, the lender has a lien which he can foreclose if you default. You may get some of your money back on the principal; but you may also have to make up any loss the lender makes in re-selling the house.

Senator Ralph Yarborough of Texas said Vincent J. Schaefer, director of research for the Minital Foundation, Inc., of Schenectady, N.Y., told a special senate sub-committee on weather modification of the tornado-avoiding possibility. Sen. Yarborough is a member of the subcommittee.

Well worked-out contracts can help make your dream house come true. A construction contract or a so-called "earnest-money" agreement or receipt is no job for an amateur. Too many legal details are involved. Your lawyer is trained by education and experience to protect your best interests in contracting and closing real estate deals.

The Texas Democrat reported Schaefer told the subcommittee fundamental research into tornado-spawning conditions now is being carried out by the U. S. Weather Bureau's severe local storm warning center at Kansas City.

You know what you want. You should be careful to get what you want through careful planning and a properly and executed contract.

Schaefer, Sen. Yarborough said, carried out the historic 1946 experiment into seeding clouds with dry ice over eastern New York and western Massachusetts—the first such U. S. test.

(This column, prepared by the State Bar of Texas, is written to inform-not to advise. No person should ever without the aid of an attorney or interpret any law ney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Sen. Yarborough said he wished to emphasize that breaking up of severe storm-producing conditions is still a "a good many tomorrows away" and not yet an absolute probability. Still, he said, Schaefer's testimony before the group offers much hope.

The pertinent Schaefer testimony cited by Sen. Yarborough:

"I would rather hope that our efforts, and that of those who follow us in this field, will be directed more toward attempts to moderate or even prevent disastrous weather such as severe hail and thunderstorms, persistent droughts or excessive rains, death-dealing tornadoes and hurricanes and similar phenomena, some of result from the organized build-up of excessive amounts of latent energy which, when triggered off, cause such things as torrential rain, damaging hail, severe wind or forest fires induced by lightning.

"... I find myself increasingly optimistic over the future of our attempts to exercise some degree of control over localized weather phenomena."

BUILDING FOR FUTURE
Building for the future, Texas Tech's 54 varsity football candidates next September will include 27 sophomores, 29 juniors, and only 7 seniors. Four of the seniors are probable starters.

It's an I for an I when two egotists get together.

A Family That Prays Together, Stays Together

WHERE'S THE SHEPHERD

Where would the sheep be without the shepherd? Lost, lonely, helpless, going farther astray, perhaps prey for the wolves. There is only one sight as pitiful as the lost sheep, and that is the person who has lost God. He is adrift in the sea of life with no compass, no rudder, and no guiding star.

Like the shepherd, our Maker wishes to guide us to the rich pastures of life and safely to the fold of eternity. If we are lost, it is because we will not know ourselves as His sheep and acknowledge Him to the shepherd. For lo, He stands now at the door of your heart knocking and waiting, wanting very much to claim His sheep. If you will hear His voice, go where He calls His flock, to the Church, that He may be your Shepherd too.

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

Is something wrong with your life—
an inner restless dissatisfaction? The
answer to every human problem comes
only from God our Maker. He alone
can forgive and reassure.

Through the church God has com-
mitted the provision and proclama-
tion of His forgiveness and redem-
ing love. Without a church relation
no one is securely related to God.
Everyone should be in the Church and
the Church in everyone!

Summer Session BHS News By Patti Wilder

Missing from Brownfield is a good group of boys who are serving "Uncle Sam". They are attending National Guard camp for two weeks at North Fort Hood.

Wednesday night, June 19, the Methodist youth had a swimming party, after which they enjoyed picnic lunches. Those at the party were: Ronnie Lonnie and Thomas Bartley, Leenell Chesshir, Ann Copeland, Yvonne Parker, Pat Dillon, Nancy Bear, Sue Anderson, Ayers Williamson, Chuck Anderson, Jack Purtell-Priscilla Trimm, Mary Jane Brownfield-Bob Upton, Gene Purtell-Theretha Smith.

Those of you who think boys are the only athletes have a lot to learn. A girls baseball team, coached by Mrs. Wayland "Monk" Parker, has been organized recently. This new, unnamed, team will have games against Wellman, Union, Meadow and possibly other near-by towns. The girls on the team are: Doris Ratliff, Patti Thomas, Nancy Bailey, Sherry Don Spears, Shirley Wilkinson, Rita Lou Goodpasture, Grace Grissom, Bettie Ann Davis, Le Nora Turner, Barbara Knox, and Patti Wilder.

Thursday night, June 13, there was a Father-Daughter Banquet for Rainbow girls and dads at the Masonic Hall. About 20 were present for the occasion. Donna Sue Nelson gave a reading for the program.

Nancy Bear is driving to Lubbock early (8:30) every morning to Texas Tech, where she is taking English composition and engineer drawing. Nancy is getting a "head-start" for college. Sunday night a group of boys returned from Ruidoso. Their visit was short, but far from dull. The fellows in the party were: George McDonald, Jon

Fulfer, Ellis Cox, Larry Meeks, Robert Travis, and John Eldon Jones.

Visiting here from Dallas are Sue and Chuck Anderson. Sue, a senior, and Chuck, a sophomore, are visiting their father, Mr. R. E. Anderson at 408 Avenue A. They will be here most of the summer. We're glad to have Sue and Chuck back with us again.

Barbara Chesshir is enrolled at Jesse Lee's Beauty School for a six-month course. She is driving to Lubbock daily.

SUMMER EMPLOYMENT
Have you noticed so many ambitious ones earning money about town? Here are some of the busy fellows:

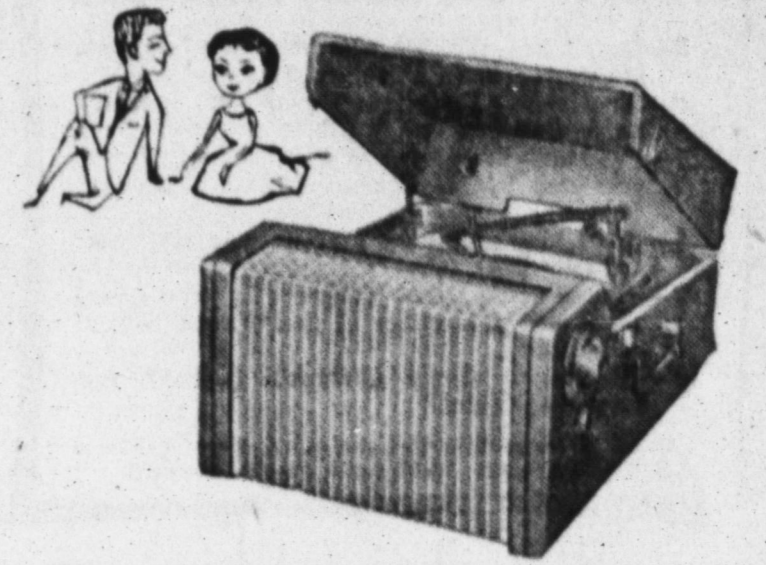

George Fugitt-Jack Hamilton Tire and Service; Kenneth Cary-Tim's Service Station; Johnny Gaston-Terry County Lumber Company; Larry Meeks, Robert Travis, Ellis Cox-Shamberger Lumber Company; Lee Allen Jones and Robert Wright-swimming pool; George McDonald-Frank Daniel Electric and Furniture; Jimmy Toland-painter; Hoyt Lovelace-Bum Gibbins;

Tom Chisholm, John Eldon Jones, Cecil Pendley-Chisholm's Ditching Service; Bob Upton-Brownfield State Bank; Bobby Casey-Bob Thompson Plumbing and Electric; Don Burda and Eddie McKay-First National Bank; Jack Purtell-Steele Electric Company; Jackie Meeks, Gerald Jenkins, Gene Mason, Joe Oswald, Bill Thomas, Ronnie Summers, Loman Jones-highway construction.

GUYS AND GALS

No. 2—

is the fact that these seeds of treason are planted and nurtured in our universities.

Is Disturbing Feature
Another disturbing feature in these investigations of subversives is the manner in which the White House—whether under Roosevelt, Truman or

Eisenhower — inevitably turns up with a kind word for the accused. Let no one suppose that the activities of Reds, masquerading as loyal citizens, are not a serious menace. The record of their subversive accomplishments is terrifying.

We need recall but one — Alger Hiss, now again in the news, who sat at President Roosevelt's elbow as a top ad-

Schedule Given In Summer Program

Schedules for the Terry County girl's summer recreation program were announced this week.

Softball practice will be held at 8:30 a.m. daily on the Colonial Heights diamond. Swimming for intermediates will follow at 10:30 a.m. daily in the swimming pool. Ping Pong is scheduled for

4:30 p.m. Tuesday through Friday in the Junior High School gymnasium. Tennis competition will be offered at 5 p.m. daily on the high school courts and volleyball practice will be held at 5:30 p.m. daily at Coleman Park.

Biggest Sellers...because they're Biggest Savers!

That's one of Chevy's new 8000 Series tandems at left, model 8403. That pickup, model 3604, has an extra-long box (98"), is rated up to 6900 lbs. G.V.W.

From light-duty pickups to heavyweight tandems, Chevrolet trucks know how to cut schedule time and operating costs. They've got gas-saving, high-compression power and they're loaded with the latest engineering advances!

Take Chevrolet light-duty models—like that pickup in the picture. It's powered by the latest version of the most popular truck 6 ever made—an engine famous for its operating economy, and with a knack for staying out of the repair shop, too. Chevy V8's—with the shortest stroke design in the industry—are optional at extra cost in light-duty models.

Also listed with the lightweights, you'll find new, sure-footed 4-wheel drive models—the time-saving answer to back country hauls and off-the-road work. These new Task-Force models range up through the 7400-lb. G.V.W. class.

Up in the middleweight ranks, Chevy has new high-capacity Forward Control models designed to make short work of

long delivery schedules. They're the biggest models of their kind in the industry with G.V.W. ratings up to 18,000 pounds!

Conventional middleweight truck models, now with heavy-duty options available, range up through 21,000 lbs. G.V.W.!

Task-Force heavyweights ride the high-tonnage hauls with short-stroke V8's standard in every model. In new tandem models, there's a work-saving 3-speed power divider that lets you select the most efficient ratio for a wider range of operating conditions.

Your Chevrolet dealer will fill in the details and specify the model and equipment best suited to your job. See him soon.

New from Chevrolet

Tandem options now available for 8000 Series heavyweights!

- Features two 15,000-lb. capacity rear axles!
- Reinforced frames; high-performance V8 power!
- Boosts 8000 Series G.V.W. to 28,000 lbs.!
- Boosts G.C.W. rating to 45,000 lbs.!
