VOLUME 20 TEN CENTS BROWNFIELD, TERRY COUNTY, TEXAS, SUNDAY, SEPTEMBER 8, 1957 NUMBER 55

SHE HAS 20 DAYS IN WHICH TO FILE APPEAL

County Gets 'Win' In Harrison Case

Judge Louis B. Reed ruled Friday in favor of Terry Commissioners Court in their temporary injunction suit against Mrs. Anna Bell Lay Harrison, former commissioner of Precinct 3.

The injunction, granted after three days of testimony last week, bars Mrs. Harrison from the court and from interfering with the commissioners or the court in performance of their duties. It also bars her from interfering with the appointed commissioner of Precinct 3, Eulice Farrar, in the supervision of precinct road repair and maintenance.

Under the ruling, handed down by the 106th District Court judge, Mrs. Harrison has approximately three weeks to present new evidence to show cause why the temporary injunction should not be made permanent, according to Burton Hackney, attorney representing Commissioners Court.

"Also she has the right to take the case to the 7th Court of Civil Appeals, in Amarillo, for a hearing," said Hackney. "She may appeal on the temporary ruling or later if she loses hearing for the permanent injunction."

Upon receipt of the court's ruling, the district clerk will issue a writ of temporary injunction to Mrs. Harrison. After receiving the writ, the defendant will have until the Monday after 20 days have elapsed to produce new evidence in her case.

Hackney said Friday the case could drag on for months if Mrs. Harrison decides to fight the ruling through the courts. He said, in the event she loses in the Court of Civil Appeals, she can file a civil suit against Farrar in a jury hearing.

If the deposed commissioner should win this suit, the commissioners could file quo warranto proceedings against Mrs. Harrison—a jury trial concerning the right of the defendant to hold office, he added.

Members of the Four County Agricultural Committee will meet at 7 a.m., Tuesday in Joe's Restaurant at Seminole. Oscar Smith, Gaines farmer, will discuss "Cotton Harvesting." Some 75 members are expected to attend the session.

FOR 2 TO 3 HOURS

Power Shut-Down Set

Sixty minutes after midnight tonight, all electric power in Brownfield will be discontinued.

Purpose: To enable workmen "to tie switchgears into the new diesel engine at the city power plant."

Said City Mgr. Eunice Jones: "If the skies are clear tonight, we'll turn off the power at 1 a.m., Monday. We expect to turn it on again in two or three hours."

FIRST BALE—The question of who ginned the first bale of 1957 Terry cotton was resolved Thursday when the final "times" were announced. At 7:20 p.m., Wednesday, the bale pictured above rolled from the press at Terry County Gin, situated 3 miles from Brownfield on Tahoka Highway. At 8:25 p.m., same day, Travis Gin at 801 North Fourth rolled out its first bale. Honors were conceded, however, to Sam George Sr. and Sam George Jr., pictured above with Hound, "Who helped as much as anybody to grow this cotton—he kept the coyotes chased away." The Georges farm

southeast of Brownfield. The cotton is dryland, unfertilized Paymaster 54-B, and was picked from 15-20 acres. The bale weighed 460 pounds of lint cotton, and there were 660 pounds of seed. It was 107-day old cotton, planted May 20. Gordon Newsom, Terry County Gin owner, said that he ginned the bale free of charge and presented the Georges a \$100 check, besides. The bale produced at Travis Gin belonged to A. J. Wyatt, who farms 8 miles northeast of Brownfield. It weighed 480 pounds, coming from 1,800 pounds of seed cotton and producing 800 pounds of seed. VFW Will Give Flags

"History of the American Flag" is title of a pamphlet which will be given this week to more than 1,000 Terry County school children.

The pamphlet will be in a kit to be distributed by Hand Bros. Post 6794, Veterans of Foreign Wars.

The event will start at 9:15 a.m., Monday at Jessie G. Randal where Principal Vernon Brewer will meet the VFW delegation, headed by Lejeune Lincoln, chairman of the post's Americanism committee.

The first three grades in the Brownfield, Wellman, Union and Meadow schools will receive the kits, which also will contain a miniature American flag and a pencil inscribed "Compliments of VFW Post 6794, Brownfield, Texas."

The project was described by Jack Aaldrup, post commander, as "one of our community-service events." The idea originated with the Brownfield post.

FLOATS ARE SOUGHT

All firms interested in entering floats or other exhibits in the parade for Harvest festival are urged to contact Sam Privity, 3515, or Clarence Griffith at 2747.

Harvest Festival is slated for Oct. 17 this year.

Brownfield Man Is Killed In Three-Way Traffic Accident

Andrews County officers still are investigating the three-vehicle smash-up that claimed the life of a Brownfield man and three other persons about 3 miles south of Andrews on Highway 51.

Officers said Johnnie D. Myers, 24, of 217 West Hill, apparently died instantly in the mishap involving a car, pickup and winch truck about 7:20 a.m. Wednesday.

Three oil field workers, Sav-

more localities. Since many of ino Mendez Maldonado and R. W. Burney, both of Odessa, and Alexander Cartwright of Hobbs, N.M., also were killed in the collision. Myers, Maldonado and Burney were killed instantly and Cartwright died several hours later.

John H. Wise, 21, and W. P. Abernathy, 57, both of Andrews, received slight injuries in the accident.

Highway patrolmen said the car driven by Wise apparently struck the rear of the oil field crew's truck which hurtled across the road in the path of Myers' pickup heading in the opposite direction.

THEY'LL LEAD THE CHEERS—The quintet pictured above will spark the cheers when Brownfield High School Cubs take the field this season. From left: Leenell Chesshir, Ruth Glenn, Jesse George, Bobby Nell Richardson and Mary Joe Christian.

The cheerleaders will debut Sept. 13 at Levelland, opening game for the Cubs this season. Tickets to the game are on sale until Friday noon at the courthouse office of Raymond Simms, school tax assessor-collector. (NEWSfoto)

Scholastics On Increase

A total of 2,404 scholastics had been enrolled in Brownfield public schools by Wednesday, up some nine per cent over the same period last year, when second-day enrollment numbered 2,209.

The 1957-58 school year began last Tuesday in Colonial Heights, Jessie G. Randal, West Ward, Junior High and High School.

Of the 195 more pupils in Brownfield schools this year, only 5 are in the high school, where the enrollment now is 505.

The new pupils showed up at the other schools as follows: Junior high, 501 last year, 540 this; West Ward, 418 last year, 434 this; Randal, 349 last year, 369 this; Colonial, 360 last year, 453 this, and Wheatley, 81 last, 95 this.

"Our first grades consistently See No. 4 page 4

FRIDAY NIGHT ON TAHOKA ROAD Six Escape Death In Fiery Collision

Six persons narrowly escaped death when an automobile and pickup collided 3 miles east of here Friday night and burst into flames.

Occupants of both vehicles escaped just before gasoline from a ruptured tank exploded and gutted them with fire.

The automobile driven by McNeely was en route to a football game at Plains at the time of the mishap. Other occupants of the car were the driver's parents, Mr. and Mrs. Bill McNeely of Tahoka; Miss Jan Thomas, 15, of Grassland, and Dewayne McNeely, 16, also of Tahoka.

The elder McNeely and son, Dewayne, were treat at Treadaway-Daniell Hospital and re-

Cotton Control On Increase in County

(EDITOR'S NOTE: The following cotton insect situation report for Sept. 5 was prepared by vo-ag teachers, county agents, Texas A&M and USDA officials.)

Cotton insect control operations increased to a marked degree during the past week. While insect infestations have continued heavier in the southern and western part of the area, populations have been sufficient to require control in many fields in most localities. Although leafworms continued to pose the major problem, bollworm activity increased in many fields.

Leafworms were reported in medium to heavy infestations in most localities. Where insecticidal applications were delayed, heavy ragging of leaves often occurred. Since the insect is still very active, fields not recently treated should be checked frequently for the appearance of damaging infestations.

Bollworm infestations have increased in many fields in See No. 1 page 4

LOCAL BUSINESS . . .

Shopping Money Can Be Saved at Home

(EDITOR'S NOTE: Starting this week the advertising manager of the Brownfield NEWS, Weldon Callaway, has a column, "Local Business," in the paper. This will be a continuous column and will be of particular interest to advertisers.)

By WELDON CALLAWAY

No one can be blamed for stretching a dollar as far as it will go. However, it is difficult to understand the person who spends two dollars to stretch one.

Every community has a sizable number of penny-conscious shoppers who will travel from 20 to 50 miles in search of a bargain. Such buying usually is unwise and wasteful. The cost of the trip likely is run higher than any fancied savings. Also, a careful check of local stores would often reveal that a better price could be obtained here at home.

We can not question the loyalty or good intentions of local citizens who rush off to larger cities to make major purchases. They believe that they are practicing sound economics. And they may have some reason for their actions.

For, quite often our local people know more about the goods available in the metropolitan stores than they do about the goods here at home because of the extensive advertising originating in the larger trade centers.

Retail advertising from larger cities is constantly coming into every community in the form of catalogs, circulars and in regional newspapers. When local merchants do not counter the out-of-town advertising, it is natural for some shoppers to believe that the goods and services they seek can not be obtained locally.

Despite the aggressiveness of distant competition, the local merchant has a distinct advertising advantage—the local newspaper. No advertising medium used by non-local retailers covers our trade area so thoroughly and at such low cost as your local newspaper.

Thus, before the local retailer becomes too critical of out-of-town shopping, he should ask himself if he has given his pot-

Funeral Rites Held For Thomas Cargill

Funeral services for Thomas M. Cargill, 80, of 319 North 13th, were held Thursday in Brownfield Funeral Home Chapel with Rev. S. R. Respass, minister of Westside Baptist Church, officiating.

Cargill, a retired farmer and fruit stand operator, had lived in this area since 1923. He was killed about 6:40 p.m. Tuesday when the car in which he was riding was involved in a two-car collision at the intersection of Plains Highway and Cutoff 137.

Mr. and Mrs. J. H. Parrish of Tokio, occupants of the other car, were injured in the mishap. Burial was in Terry County Memorial Cemetery with Cargill's grandsons as pallbearers.

Survivors include his wife one son, H. M. Cargill of 117 North A; four daughters, Mrs. W. F. Snitker of 313 West Lake, Mrs. H. R. Thames of Lubbock, Mrs. H. C. Myers of Kilgore and Mrs. E. R. Kelly Quemado; 15 grandchildren and 18 great-grandchildren.

'STRIKE THREE, AND YOU'RE OUT!'

Talking Raven Favors Baseball

By GEE GEE PRIVITT NEWS Staff Writer

Quoth the raven, "Come on, let's lay ball."

Blackie, a raven of undetermined age, provides plenty of entertainment for the William A. Richardson family of 1307 North A. Given to the Richardson's oldest son, Sammy, about four years ago, Blackie first started talking about six months after he became a member of the Richardson household.

Twelve-year old Sammy is the only member of the family who can pick up the bird and pet it, although it will talk to and with Mr. and Mrs. Richardson to five-year old Larry and 4-year-old Gregory.

Right now, Blackie's vocabulary consists mainly of baseball terms, since that's a favorite sport of the Richardson boys. Along with "Come on, let's lay ball", Blackie calls "Ball one . . . strike two . . . and ball six", which the Richardson's can't figure out in baseball lingo. He also calls, "Foul ball, you'll have to go back" and "Strike three, you're out!"

Mrs. Richardson says she often thinks Sammy is in the room with her, because Blackie uses the same tone inflection of phrases that are associated with members of the family.

For instance, when he says, "Hello, Blackie", his voice sounds exactly like Sammy's. When he tells the children, "Get out of that water", Mrs. Richardson thinks she's hearing herself, because it is a phrase she frequently admonishes the younger boys with.

Contrary to belief that the bird's tongue has to be split before it can talk, Blackie's

he has something wrong with his wings.

Lives In Garage

Blackie lives in the garage and does most of his talking when alone. Mrs. Richardson says, although he expounds at great length when the family is gathered in the kitchen and he can hear their

See No. 3 page 4

HELLO, BLACK BLACK—says Blackie, a talking raven of undetermined age belonging to Sammy Richardson of 1307 North A. The bird provides plenty of entertainment around the Richardson household by quoting words and phrases he hears members of the family say. Although a tame bird, Blackie won't let anyone but Sammy handle him. He talks to the family and neighborhood children, but sidles away if he thinks they're entertaining the idea of picking him up. Miners Enter Second Week of Practice; 'Looks Like Football Team,' Says Coach

Texas Western College's Border Conference champions ended a week of football drills Saturday, and have "begun to look like a football team again," according to head coach Ben Collins.

Collins, starting his first year as head man after his promotion from backfield coach said the 1957 team "may be stronger than the team that won 9 of 10 games last year."

"That doesn't mean we'll have as many games—but with the additional year of maturity for our returning players we should be stronger."

The Miners have on hand 16 lettermen from 1957 season, plus one letterman returning from the service — end Rene Rosas of El Paso, who played from 1956 through 1952 before entering the service.

However, some of the lettermen are going to have a difficult time in keeping newcomers or squadmen from pushing ahead of them.

None of the freshmen appear ready for action with the first two units, but at guard, transfer Bill Hannon, 185-pounder from Midland has been "pushing everybody around," Collins said.

Another guard, 215-pound Bill Lewis of Carlsbad, N.M. has played well, especially on defense. Lewis, a squadman for two years, has shifted from

Kenny Foundation Training Career Men in Research

Minneapolis, Minn. — Development of career men in the field of research is one of the primary targets of the Sister Elizabeth Kenny foundation, according to Dr. E. J. Hueneke, its national medical director.

The foundation has set up a special fund of \$500,000 as the opening gun in a long-range program designed to encourage promising young medical men to embark upon such careers, he explained.

"The foundation believes that medical programs in the field of neuromuscular diseases will be greatly accelerated by the development of such scientists," Dr. Hueneke said.

Work of these young scientists is expected to bear rich fruit that can be translated into treatment techniques at institutes of the Kenny foundation and other rehabilitation centers, he declared.

The young scientists are chosen by a committee headed by Dr. Theodore Rasmussen of McGill University, director of the Montreal Neurological Institute, Montreal, Canada.

parently will continue their battle for the No. 1 spot—as they did last season—but halfbacks Bevers, and Don Maynard of Colorado City, appear ahead of all others, as does fullback Charlie Ward of Odessa, Maynard and Laraba are all-conference players.

At left end, Captain Dick Forrest (Bob's twin) seems better than ever, and Jack Gotthard of Colorado City seems "in" at the other flank.

Dan Boyd of Abilene and Robert Bobo of Lubbock are in front at tackles, and at center, Vernon Mitchell of Kilgore is in the No. 1 spot despite the challenge of Pool Webb of El Paso.

DON'T PRESS YOUR LUCK!

It takes 8 months to get polio-protected. Don't wait until it's too late. Start your shots NOW! Protect the whole family!

MAKING THOSE FINAL PLANS—More than \$1,500 in playground equipment is expected to arrive this week for the Kiddie Park Corporation, a project of the Brownfield Kiwanis Club. Kiwanians in picture above are making final plans to install the equipment in the park, a part of Terry County Park. From left: Leonard Ellington, Harley Stone, Paul Arnold, Earl Elrod and Bill Nichols. Arnold is a German citizen visit-

ing here. The Kiwanians began their campaign here several weeks ago, to raise money for the project. Pres. Stone said Friday that they had succeeded, admirably. Goal was some \$1,650, of which more than \$1,600 was gained. Nichols said the club perhaps would open the park in about three weeks. The playground material came from Recreation Equipment Corporation of Anderson, Ind. (NEWSfoto)

16 Golfers Tee Off Today in Finals Of Brownfield Country Club Men's Tourney

Some 16 golfers will tee off today in the finals of Brownfield Country Club men's tournament to climax a week of play that has pared the field from an original total of 28, according to C. G. Griffin, club pro. Don O'Neal highlighted quarterfinal play as he dropped an eagle two into the cup from 60 yards out to nose Jack Shirley by a stroke. Shirley was only 8 feet from the pin when O'Neal made the sparkling play. In another close match Ray Warden, tourney medalist, eased by Harry Goble, 2 and 1, after Goble had led by two holes at the turn. Today's finals will pit O'Neal against the winner of the Warden-Paul Woods match set for yesterday in championship flight. Jack Shirley will meet

the winner of the Goble-Harold Crites match for consolation. In first flight Jeff Chesshir will tangle with Jon Cowser and consolation will match winners of semi-finalists B. F. Hutson, Curtis Sterling and J. O. Burnett, George O'Neal. Second flight finalists are Sawyer Graham and Othel Reeves. Consolation will be winners of O. C. Elliott, Bob Hoey and Crawford Taylor, Jack Bailey. Third flight will match John Cadenhead and Ronnie Parker. Johnny McGuire or Bill Hensley will meet Joe Ramsdell for consolation honors. The tournament will be capped with a buffet dinner at BBC at 6 p.m. today. Texas Tech's first football captain (1925), fullback Winfield Nicklaus, is now principal of Palo Duro High School in Amarillo.

GEE GEE'S ☆☆☆ Chit Chat

Now that the new school year is one week old, I'd like to remind you once more that there are lots of little fellows going to school for the first time and that they might not always remember to look both ways before crossing streets. Be careful around the schools, and at the hours when school has just let out or is just about to begin, please watch for them. Saw Mrs. Henry Williamson from Plains the other day at the laundry and she was admiring an apron I had on. We had quite a nice confab (during which she congratulated the NEWS on its excellent farm

Project In Southeastern Terry Finaled

Neville G. Penrose's No. 1 Seaboard-Coor has been finalized as a north extension to the North Welch-San Andres field of southeastern Terry County. Producing from casing perforations at 4,879-907 feet, well made 61.13 barrels oil per day on pump plus 33 per cent water. Production came after fracture with 13,500 gallons. Top of the San Andres was called at 4,879 feet, with hole bottomed at 4,973 feet and cased to 4,972 feet with five and one-half inch. Ground level elevation surveyed 3,136 feet. Oil gravity tested 37 degrees and gas-oil ratio was nil. Wellsite spots 1,980 feet from north and west lines of Section 5, Block C-39, PSL survey; five miles northwest of Welch townsite. No. 1 Black Anderson-Prichard No. 1 Black, indicated Devonian opener eight miles southwest of Gomez, located top of cement at 11,770 feet, an electric logs, and perforated from 12,838-40 feet. Packer was set at 12,786 feet and operator was running tubing at last report. Miss Marilyn Willis of San Antonio has returned home after spending several days with her parents, Mr. and Mrs. Leo Willis of Route 1, Brownfield. Miss Doris Jean Massingill of Midland is spending this week visiting her parents, Mr. and Mrs. Henry Henry Massingill of Route 1, and her grandmother, Mrs. W. T. Smith of 521 North Second. CAFETERIA—A total of five cafeterias are being operated this year by Brownfield Independent School District. Scene above is in the high school lunchroom. Others are in Jessie G. Randal, Colonial Heights and Junior High (which also serves students from West Ward). The menu for the upcoming week in all cafeterias appears in today's NEWS, and will be a regular Sunday feature. Cost of meals at the various schools are: Jessie G. and Colonial Heights, 25 cents; West Ward, 30 cents; and Junior and Senior High schools, 35 cents. The meals are prepared with the assistance of the

government Commodities Program, which assistance last year amounted to \$23,500. Elementary students also may buy one-half pint of milk each morning for 2 cents. A total of 30 employees work in the cafeterias, all under the direction of Mrs. Carlifine Mason, who recently completed her seventh lunch-room workshop at Texas Tech. The weekly menus are prepared by Mrs. Mason, Martha Jones and Glenda Webb of the high school home economics department and Rueleene Freeze of the junior high home economics department. (BHSfoto)

Two-Inch Downpour Halts Football Game Between Union Wildcats and Borden High

A two-inch downpour minutes before start of the second half halted a non-conference battle between Union and Borden with the latter school leading, 14-0 Friday night.

Some 250 fans were on hand at Union to see Wylie Kay-Wildcat back, sprint 50 yards through the Borden team only to stumble on the four yard line in the last seconds of the first

FROM "THE ROBE"—The trio above had the principal roles last Wednesday in a play within a play at First Baptist Church. From left: Wendell Newman, as Emperor Caligula; Ronnie Good, as Marcellus, and Donna Sue Nelson, as Diana, all characters from Lloyd C. Douglas' "The Robe." The play was presented by the church's drama department. (NEWSfoto)

This Weeks School Menu

(EDITOR'S NOTE: Following is the menu for all Brownfield school cafeterias the week of Sept. 9-13.)

- MONDAY**
Macaroni and cheese, spiced pickle beets, coleslaw, Little Jack Horner cobbler, milk, bread.
- TUESDAY**
Barbecue on bun, potato chips, lima beans, lettuce-tomato salad, orange ambrosia, milk.
- WEDNESDAY**
Pinto beans, potato salad, buttered carrots, banana Jello, cornbread, milk.
- THURSDAY**
Tuna salad, green beans, French fried potatoes, carrot sticks, white cake-chocolate icing, milk, bread.
- FRIDAY**
Roast beef, brown gravy, creamed potatoes, buttered English peas, fall fruit bowl, milk, bread.
- (All meals subject to change upon receipt of perishable commodities.)
- Refreshments of coffee, punch and date-nut cake were served.

quarter.

Four plunges into the line net only two yards and Borden took over on their own two. The visitors attempted three plays before they were forced to punt out to their 37.

Borden opened scoring on the first series of plays after the opening kickoff. They marched 80 yards in 12 plays with Raymond Walton tallying the touchdown from five yards out. Walton added the extra point on a run.

Newsom made five yards and Kay added six yards to set up the 50-yard dash on the third play after the ensuing kickoff. Borden stiffened in the shadow of the goal and punted to their 37.

On the first play Newsom flipped a lateral to Kay, who fumbled, and Borden recovered on the line of scrimmage. Fourteen plays later James Massingill took a three-yard pass in the end zone for Borden's second tally. Wilson Walker ran the extra point to finish scoring just before the half.

Strong wind and heavy rains—an estimated two inches fell in a 20 minute period—forced coaches to cancel the game just before the second half started. Coach Kenneth Sams of Union said the game will not count as a win nor a loss to either team because it was not a conference tilt.

Union's next game will be a conference battle with Spade at Union at 8 p.m. Sept. 20. "We've got a lot of work to do on our blocking and ball-handling during the next week," said Sams. "Jimmy Howell was about the only one that shined defensively Friday night."

Citizen originally meant one vested with the freedom and privileges of the city.

No. 1—

the worms have been found under dry blooms which failed to shed from the bolls, or inside small bolls, control will be more difficult than where only plant terminal infestations occur. Such infestations cannot be controlled with one application of insecticides. Treatments should be made at five-day intervals until control is secured.

Cabbage looper populations have increased in many fields, while disease has held the worms in check in other plantings. Where a good bollworm control program is being used, the loopers should not pose any serious problem.

Aphid infestations increased on cotton in many fields. Populations were generally heaviest where earlier applications of insecticide mixtures had been used. Presence of heavy populations, cupped leaves, and excessive honeydew indicate a need for control.

No. 3—

voices. Week before last, Sammy was away on vacation, and Blackie spent hours sitting on the back porch, giggling like Sammy.

It gave me sort of an eerie feeling," Mrs. Richardson said, "knowing Sammy was hundreds of miles away and yet being able to hear him giggle."

Pancakes are Blackie's favorite food. He eats "the same things we eat," Mrs. Richardson said, "but won't touch grain of any kind. My husband brought him a head of maize one day this week, but Blackie wouldn't touch it."

Uses The Sprinkler
His favorite sports are hiding things from the family, marbles especially. One day Mrs. Richardson saw Blackie playing with a penny in the yard. Later that day she expressed the wish that she had the penny. In a few minutes, Blackie had dug up the penny where he'd hidden it in the dirt and laid it down in front of Sammy.

He isn't too fond of television and is "scared to death of the dusting planes that fly over." In fact, Blackie has ripped loose the screen on the front door, trying to escape the low-flying planes.

Blackie also loves to get under the sprinkler in the yard and take a shower bath. Sammy explained, while Blackie was under the sprinkler and ruffling his feathers, that the difference in crows and ravens is that crows have black skin underneath the shiny black feathers, while ravens have snow white skin.

The Richardsons moved here from Midland in February, and Blackie has taken right to the neighborhood. He likes to talk to the children in the neighborhood, but doesn't want them too close to him. As Mrs. Richardson summed it up, "He's definitely Sammy's bird."

Cotton Destroyed In Hailstorm Tuesday

Several Terry County farmers surveyed crops Wednesday which were devastated by a Tuesday afternoon hailstorm.

Between six and seven sections of crops, about one-third of it ready for harvest, were destroyed, according to County Agent Jim Foy.

He explained that the cotton "probably would have made a bale or better to the acre."

On that basis, unofficial estimates placed the total damage at close to a quarter million dollars.

The disastrous hail struck at mid-afternoon as showers spotted other sections of the South Plains. Foy said that Billy Wynn and Howard Hurd were among the farmers affected.

FRIDAY NIGHT
Additional crops were lost Friday night when a vicious wind, rain and hailstorm swept over most of the county.

The hail beat down cotton in a swath about 4 miles wide and 12 to 15 miles long in the northwest part of Terry.

The damage was from spotted to severe—in some cases, 100 per cent.

Some farmers who were reported to have lost heavily were Winfred Tucker, James Watson, Vernon Aldridge, J. W. Lassiter, George Weiss, L. M. Waters Jr., and Val Garner.

Age of Automobile Brings New Disease

A new deadly disease has the American people in its grip and no miracle drug is in sight to stop its frightful toll of human lives.

Headless horsepower is the chronic disease of the Age of the Automobile.

Its symptoms are many and various. The heavy foot on the accelerator; the eye fixed on the climbing speedometer; the hand on the horn; the mind idling while the car is in high.

In its 23rd annual highway safety publication, "Headless Horsepower," The Travelers Insurance Companies of Hartford, Conn., point to the fact that 40,000 Americans were killed and 2,368,000 injured in 1956 on U. S. highways. That's an increase of six per cent in fatalities and nearly 10 per cent in injuries over 1955's toll.

"The disease of heedless

horsepower is highly contagious, the booklet states. It can be spread by an irresponsible word, an inflated claim, a careless example.

And everyone who is in a position to influence drivers should learn that horsepower, in the hands of the heedless, is the fundamental cause of our ever-mounting toll of disaster.

have made many attempts to feature safety equipment in the new cars. Probably many lives have been spared by safety glass, seat belts, padded instrument panels, all-steel bodies, etc.

But these safety devices can be nullified by any combination of speed plus carelessness, thoughtlessness or lack of judgement by the driver behind the wheel.

However, it is the driver, not the manufacturer, the ad-

EATING MORE BEEF

In 1952 the people of the United States were eating beef at the rate of 61½ pounds per capita. In 1953, beef replaced pork as the nation's most abundant meat.

In the interim, beef production reached new all-time highs and the people of the nation ate beef in record-breaking amounts. Today, each American is consuming an average of 23 pounds more beef a year than in 1952.

vertiser or the salesman who must bear the greatest weight of blame. For it is the driver who can control the horsepower and use it safely for his greater ease and convenience.

It is the driver who is lectured to, legislated at, prayed for, preached to . . . in every medium of public expressions known to man. And it is the driver who nods sagely, promises readily, and forgets everything but his sense of overwhelming power when he steps on the gas.

Casualty lists on U.S. highways have mounted steadily until in 1956 all records of heedless haste and needless waste were shamefully broken. The facts of human suffering and death speak for themselves.

Human error is by far the biggest single cause of accidents. Figures compiled by The Travelers show that in 96.4 per cent of the fatal crashes last year, the automobile was in apparently good condition. Clear, dry weather prevailed in more than 85 per cent of these instances.

**Summer Session
BHS News
By Patti Wilder**

School started Tuesday with HOWDY DAY. Everyone met in the gym where introductions of teachers and student officers were made. Entertainment by various students was clinaxed by a Coke-party—a nice way to start off the school year. No one is as happy as the freshman class that the first day of school and initiation are over.

Coach Cox report that there are 46 boys coming out for football. Our first game will be Friday the 13th, which will be Levellands' unlucky day. Let's all back the CUBS!

The staff that will edit the school paper, Cub's Den, has been chosen by the journalism class for the coming year. They are: Editor: Mary Ruth Venable; Asst. Editor: Sue Shewmake; Art Editors: Bettie Ann Davis and Bobbie Nell Richardson; Society: Le Nora Turner and Patti Wilder; Clubs: Patsy Hulse and Donna Sue Nelson; Feature Writers: Mary Jane Brownfield and Carolyn Weathers; Sports Writer: Doris Ratliff.

Proper Handling Is Important To High Quality of All Eggs

Egg quality declines rapidly unless the eggs are handled properly from the time they are laid until consumers use them. Thousands of dollars are lost annually by poultrymen and egg handlers because of this loss in quality.

But this loss can be greatly reduced if the eggs are cooled and handled properly, says F. Beanblossom, extension poultry marketing specialist.

He points out that heat is one of the greatest causes of loss in egg quality. Research indicates that 50 to 55 degrees F. is a good temperature in which to hold eggs on the farm

BRIDE ELECT HONORED—Miss Rose Ann Mulkey, bride elect of Jack Bishop, was honored with a miscellaneous bridal shower in the home of Mrs. Ted Hardy, 415 East Buckley, August 30. The honoree's chosen colors of pink and white were used in decorations. Pictured here, left to right, are Miss Mulkey, Mrs. Hardy, Mrs. John Bishop, mother of the prospective bridegroom, and Mrs. C. S. Mulkey, mother of the honoree.

The latest steady-dating couples are: Doris Ratliff-Phil Addison; Grace Grissom-James Franks; Janey Bragg-Bobby Moore; Yvette Karr-Jimmy Sargent.

when they are marketed at least two or three times weekly.

Any temperature above 70 degrees causes a rapid deterioration of quality—the higher the temperature, the quicker the deterioration.

The specialist advises gathering the eggs at least three times daily, and cooling rapidly to remove animal heat. The egg temperature is about 105 degrees F. when laid. If the temperature in the hen house is around 100 degrees, it is obvious that little cooling will occur unless the eggs are removed.

Beanblossom says that age, or the length of time eggs have been laid, is another factor affecting egg quality. This loss of quality is reduced greatly if the eggs are kept at 50 to 55 degrees F.

The eggs will maintain quality even longer at 30 to 31 degrees, but this low temperature is not recommended for short holding because of the cost and the greater tendency toward sweating.

Humidity is another factor in maintaining favorable egg conditions, continues the specialist. Eggs are more likely to hold their maximum quality at a relative humidity of 70 to 80 per cent, but a low humidity will not cause undue quality loss unless eggs are to be stored for several weeks.

Clarence Williams Assistant Professor At Wayland College

Plainview (Special) — Clarence E. Williams, Littlefield, has been appointed assistant professor of education at Wayland Baptist College, according to President A. Hope Owen. Williams will teach, supervise student teachers and be in charge of the Teacher Placement Bureau.

Williams, who has taught science in junior high school in Littlefield since 1951, is a candidate for the doctor of education degree at Texas Technological College and currently is working on his dissertation for this degree. His major is administrative education and his minor, biology.

At Southwestern State College he received the B. S. with a major in biology and a minor in education. At Phillips University, Enid, where he received the master of education in 1952, he majored in education.

From 1948 to 1951 he was elementary school principal at Mooreland, Okla.

At Littlefield, Williams has been an active member of the Board of Deacons of First Baptist Church and also active in other church organizations. He has also worked with the Parent Teacher Association.

Williams will find kindred souls in Plainview with his hobby, that of flying. Plainview is known for having more private planes based here than at any town of comparable size and probably many with much larger population.

Mrs. Williams, who has been employed to teach English in Plainview High School, according to a recent announcement from Dr. Charles F. Mathews, superintendent.

They are the parents of three children but only their daughter, Carol, is living at home. Their sons are Clarence Earl Williams Jr., and Paul Williams.

Red Raiders May 'Engineer' Victories

LUBBOCK — More than a cliché is involved when someone writes about Texas Tech's Red Raiders trying to "engineer a victory" this fall.

Engineering is the most popular subject among the Red Raiders, but just barely. There will be 17 Raiders enrolled in the School of Engineering as compared with 16 each in Business Administration and Arts and Sciences and 6 in Agriculture.

In all, some 27 majors in the four schools named are listed by candidates. With six players signed, most popular individual major is business administration. Among the engineering students, four each will be enrolled in electrical and general engineering.

According to majors, here is the way Tech's probable starting lineup will read: left end — Gerald Seaman of Fort Worth, mechanical engineering; left tackle — Jim Henderson of Lubbock, education; left guard — Charlie Moore of Lubbock, finance; center — Jack Henry of Floydada, pre-med; right guard — Lynn Elliott of Houston, electrical engineering; right tackle — Bill Woodin of Roaring Springs, accounting; right end — Pat Hartsfield of Lubbock, secondary education; quarterback Floyd Dellinger of La Vega, finance; left half — Milton Vaughn of Littlefield, mechanical engineering; right half — Jimmy Knox of Graham, business administration; fullback — Charlie Dixon of McCombs, retailing.

On the squad will be six majoring in business administration, four each in electrical engineering, general engineering, arts and sciences (undecided), and physical education; three each in finance, accounting, mechanical engineering; two each in geology, secondary

THIS IS THE EDELSEL, Ford Motor Company's newest entry in the medium price car field, available in 18 models in four series—Ranger, Pacer, Corsair and Citation. The entire line will go on display in all Edsel dealerships Sept. 4th. Shown is the Pacer four-door hardtop. From its vertical grille, dual headlights and wraparound turn indicators through the single chrome side spear and concave sculptured "teardrop" side scallop, the Edsel gives an impression of motion even when parked. In addition to its dramatic styling, the Edsel offers a wide range of exclusive engineering features including "Teletouch" push button automatic transmission controls located in the steering wheel hub.

education, petroleum engineering, dairy industry, general agriculture; one each in pre-dental, pre-medical, pre-law, retailing, personnel management, marketing, industrial management, civil engineering, architectural engineering, industrial engineering, chemical engineering, agronomy, and agricultural education.

HER JOY IS BIG

...and his heart is full!

This young woman has recovered from a serious but common emotional disturbance. She knows the joy of coming home again! A better **UNDERSTANDING**—by you and other citizens—of the problem of mental health can do so much to aid so many more of these troubled people. For only as your help grows can their hope of recovery increase.

Today—sixteen million or more Americans are suffering from emotional disturbance or mental illness. Some may be your friends, some your neighbors, others even members of your family. For emotional and mental illness can touch anyone—no matter what age, sex or social level. It is, in fact, the Number One Health Problem facing our nation today.

A better *understanding* of mental health is the most precious gift you can give to those who need it. When confronted by the problem of emotional or mental illness, there is no reason why you shouldn't discuss it, face it as you would any physical illness. Find out how to deal with it, how it can be treated. And above all, work with your local mental health association.

FREE BOOKLET: If you know someone who needs help or who would like a better understanding of mental health, send for a copy of "HOW TO DEAL WITH YOUR TENSIONS."

NO, IT ISN'T LEGAL — There has not been a change in the rules that will allow teams to field five men in the backfield, but Coach Doug Cox probably wishes there were. Ken Willis and Joe Oswald are battling for the quarterback slot left vacant last year. Likely starting backfield men are, from left, Larry Meeks, right halfback; Robert (Rabbit) Wright, fullback; Willis or Oswald, quarterback, and Mike Browning, left halfback. John Fuller is the center. (NEWSfoto)

OVERENTHUSIASM BAD FACTOR

Well-Trained Players Least Likely To Suffer Sports Accidents, Says Writer

Ideas change. For example, within the lifetime of many Texans, it is easy to recall a time when the mention of September brought to mind the end of another growing season, or possibly the chores connected with fall round-ups.

But September more likely is to remind this generation that a new school year will be underway, or that it's the opening month of football season.

Yes, school and sports receive an equal share of attention by many people. Some think this is bad for society, while others think it is all right. Which view is correct is not the question here—just the fact that sports have become an integral part of our daily thinking.

Connected with this sports-minded outlook is the idea that accidents in sporting events are just naturally part of the game. Also, that occasionally injuries will be incurred by even the highest skilled athletes.

J. O. Musick, general manager of the Texas Safety Association, Austin, says that, "Accidents do not have to be accepted as a part of the sports program — not if the player has been trained to react spontaneously, so as to minimize the dangers of personal bodily harm."

During the 1955-56 school year (the latest available figures), 18,538 youngsters suffered accidents while participating in sports activities. Naturally some were far more serious than others.

Admittedly, there are certain hazards inherent to particular sports. That is, a football player isn't likely to receive a concussion from a carelessly thrown bat. Nor, is a baseball player in much danger of suffering a broken shoulder from being tackled.

The kind of accidents that are not inherent to any sport, and should be the concern of all — coaches, players and spectators alike—are the ones that result from over-enthusiasm.

Frequently personal excitement will send an individual player into the activities of a game with little or no ideas of self restraint. This is because he hasn't been trained to follow unconsciously, sensible rules of safety. His actions will not only place him in a hazardous position, but others as well.

Many professional men who are connected with the sports world have apprehensive views when it comes to restricting games through precautionary rules and teachings that are planned for accident prevention. These opinions have become imbued in their thinking by the belief that to restrict a player's actions would eliminate enjoyment of the participants and the spectators.

Contrary to such thinking, an awareness of safety does not preclude enjoyment of the sport. Instead, the game's value is enhanced only through a maximum of safety consciousness.

The right way to enjoy a sport, after all, is the safe way. Even under pressure of the game, clean, hard (and safe) play is the underlying purpose for its being.

It is believed that all too often our coaches, and others connected with the sports program in our schools, lose sight of developing sound safety thinking among their players.

To win is one objective—to build ALL the good qualities of sportsmanship is another. Developing an awareness of personal safety should be a necessary part of sports training.

Cubs To Be Guests Of Brownfield Lions Next Wednesday

Brownfield Lions will host some 23 members of the BHS varsity football team at their noon luncheon meeting Wednesday in The Party House, according to Sid Lowery, president.

Coach Doug Cox will introduce the group and give club members a resume of prospects for the upcoming season during the meeting.

Lowery also reported that approximately 15 area Lions Club presidents and secretaries will be here at 2:30 p.m. today for a zone meeting which will hold in the Melody Restaurant.

"They will be here to discuss plans for the clubs in this area," said the president.

The judge can make decisions, reach judgements, and issue orders, but somebody has to carry them out. On this state level, our sheriffs do this job, but for the United States courts the U.S. marshal does the work—and busy men he and his deputies are.

The U.S. marshal is a kind of federal sheriff named by the Attorney General for four years. He takes orders from the administrative office of the U.S. courts and the judge of the court he serves.

The marshal, like the sheriff, has his deputies. They make arrests on federal warrants, serve papers in lawsuits in the federal courts, subpoena witnesses, summon jury men, and seize property on federal court writs.

The marshal also manages the money set aside for federal courts, paying federal judges, witness and jury fees, and the board and room of federal prisoners held in local jails.

Unlike the county, the federal government has only a few local jails. So the marshal keeps prisoners awaiting trial or commitment in county and city jails at federal expense.

For prisoners held a few hours while waiting to appear for trial or to make bond, the marshal usually has a small lockup in his office.

The marshal takes prisoners sentenced for "a year and a day" to a federal penitentiary, but those with a shorter term stay in local jails.

There is often excitement in the marshal's work, but mostly he follows through for the courts.

In the old days when much of the west was territories instead of states, he often had the job of local law enforcement now taken over by the police and the county sheriff.

(This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

TIPS FROM SPORTS AFIELD MAGAZINE
FISHING AND HUNTING AUTHORITY

Science is certainly making all family camping simpler and much more pleasurable. Just look around at the new super-light, super-efficient stoves, tents, beds, etc.

Kennedy, a famous name in tackle boxes, now has a popular-price line, called the "155", you should see at your dealer's. . . . Of 15,000 mosquito repellent ingredients tested by the U. S. Dept. of Agriculture, the one in OHT is said to be most effective. Great for repelling flies, gnats and chiggers, too. . . . A new device on Oliver Outboard Motors, called the Tilt-a-Matic, enables you to adjust the motor from inside the boat with a mere twist of the wrist. . . . Bushnell Scope Loan Plan enables you to test the Scope Chief on a 30-day free trial basis. Close to 100% taken on loan stay sold.

If you're about to change the spark plugs on your car, give a thought to Champion. They're said to give more road horsepower, quicker starts, less engine wear, and lower cost-per-mile. . . . Multi-Choke is about to introduce a revolutionary new shotgun choke called DYNAMAGIC. Offers seven distinct settings from full to skeet, with a simple twist of a sleeve. It's installed in minutes. . . . Johnson Motors has a fascinating new fact-packed, family boating guide you're going to enjoy. Your dealer probably has one for your right now. Features boats, motors, rules of the road.

You'll be glad to know that itchy, old-fashioned winter underwear is going to be dead as a doornail. Union Carbide Corp. has a new blend of DYNEL and cotton that's soft, warm, light—and itches! . . . Harrington & Richardson introduces the first shotgun ever made for juniors, the Topper, Jr. Has a short stock and 26-inch barrel, and comes in 410 gauge. . . . Four young men are putting an Old Town canoe to a rugged test. They're taking it on a 4500 mile Denver to Old Town, Maine waterway journey.

Ted Williams, the baseball, fishing and hunting star, has put his stamp of approval on Swift & Anderson's new "Ted Williams Autograph" 7x35 "Sports Star" binocular. . . . So-Lo Max Rubber Company now offers fishermen a new lightweight wader that allows squatting, kneeling, and even climbing without binding. . . . and for those whoopers you'll catch (we have our fingers crossed!) there's nothing like the Townsend Fish Skinner. You'll need one to prepare for cooking, freezing or just filleting. . . . If you're like many sportsmen who like to make their own ammunition, try the new C-H Die Co. Re-loading Press. You get wonderful results, increased accuracy and reduced costs.

You get 19 swivels and connectors for salt water, or 29 for fresh water, in Art Wire & Stamping Company's Luxon Assortment. Most all sizes for quick changes of rig during an average day's fishing. . . . Experienced hunters, who know "Peters Packs the Power," are getting set for Fall by stocking up on Peters "High Velocity" ammunition. See your dealer now—you'll be glad you did. . . . Another engineering advance from Tee-See Trailer Company. Now you can get effortless loading and launching with their new Loadmatic Electric Winch.

Chippewa Shoe's new "Trail-maker" boot has two new features: a full lace-toe provides positive support plus insuring comfort, and the unique "Ripple Sole" for slip-proof traction. . . . With a new Nimrod Trailers you can have big-travel living and camp out anywhere. Sleeps four off the ground and can be set up in 4 minutes. . . . Res-Q-Pak, by the Muter Company, is a pocket-size life preserver you'll want to carry. Inflates instantly to support a 250-lb. man in water for hours.

There's a big package on your newsstands tomorrow in the September issue of Sports Afield. Don't miss "Moose With The Whiskey—Jack Jinx."

For further information on all products and services reviewed in this column, consult your local sporting goods dealer, the classified telephone directory or write Sports Afield, Dept. N, 959 Eighth Avenue, New York 19, N.Y.

HE IS FRANK MONROE

Dallas Educator Named State School Chairman of Savings Bond Committee

Frank Monroe, well-known Dallas educator, has been named state school chairman of the Texas Savings Bonds Committee, Nathan Adams and Ed Gossett, state co-chairman have announced.

Monroe will head up school savings activities in Texas and aid the United States Treasury in extending the School Stamp program to Lone Star schools.

Superintendent of the Highland Park Schools in Dallas, Monroe has an outstanding School Stamp program in his own school system.

In his new role as a Treasury volunteer, he plans to assist other school systems throughout the State in the installation of the School Stamp program. During the school year 1956-57 over 247,000 Texas school children actively participated in this thrift program.

Monroe will work closely with the State Savings Bonds office and with Co-Chairman Ed Gossett. He will actively encourage schools to conduct a weekly Stamp program for their students.

The new chairman has had a well-rounded background as an educator, having been a teacher, principal and superintendent of various schools

throughout Texas. He is a graduate of West Texas State College, received his M. A. degree at Colorado State College and did graduate work at a teachers He is a member of the Texas State Teachers Association, Texas Association of School Administrators and the American Association of School Administrators. He is a past president of West Texas State Teachers District Association and the Texas Association of School Administrators. He has also been active in many civic and professional organizations.

"Texas is very fortunate in having a man of Mr. Monroe's stature in the Savings Bonds Program," Adams said. "We know the School Savings program will benefit greatly from his direction."

a Dog's Life

TRAINING AND PERSONALITY

by Bob Bartos
Prominent Dog Authority

Every dog has a very distinct personality, and many dog personalities are surprisingly similar to those of people you know.

There's the clown. He's the life of any party you give. He's out for attention and usually gets it.

Dog of the Week: OTTERHOUND

Hound dog. Average weight: 65 pounds; height at shoulder: 25 in. coat: double, harsh, crisp, oily outer-coat, dense and woolly undercoat; color: sandy, grizzle, black-and-tan, blue-and-white, blue mottled.

There's the shy guy who slinks behind a chair the minute a friend drops in and doesn't come out until the house is quiet again. Then there's the lazy-bones. Eating and sleeping are the most important things in his life. The suspicious one who distrusts every unfamiliar movement.

Each of these characters needs a different type of handling when being taught the fundamentals of obedience.

The shy, timid soul must be handled gently and his confidence won through exaggerated encouragement and praise. But don't baby him.

The best way to overcome laziness in a dog is to keep him hungry. A hungry dog learns fast when he is rewarded with a small portion of food.

The clown thinks everything is a game. Be firm and offer very little praise. Teach him when he can show off and when he's to stick to business.

One of the hardest to teach is the dog with a suspicious nature. Patience, kindness and much petting and praising will help teach him to trust you.

Feeding Tip: Since fish is high in nutrients, it's an excellent food for your dog. Fresh fish has the hazard of sharp bones and can be a disease carrier. But your dog will get all the nutrient benefits of fresh fish without the hazards if you feed him a quality dog food, such as Friskies, which contains fish meal in adequate amounts.

Telephone 3172 Office Hours 9 A.M. to 5 P.M.

IN APPRECIATION—In picture above, Mrs. Marjorie Merritt, weather Post of New York City accepts plaque from John W. Thomas of Ralls, member of the South Plains Council, executive board, Boy Scouts of America. The presentation was made in appreciation for gift of the C. W. Post Memorial Scout Camp near Post, Tex. She is the widow of C. W. Post, breakfast cereal magnate. The occasion was during the Council delegation's recent trip to the Fourth National Jamboree at Valley Forge, Pa.

The Farm Bureau queen contest seemed to have been success and our congratulations to all those who worked so hard to see that it was done. It is always nice for the girls who win out in these contests, but I can't help feeling just a bit disheartened because they all can't win. However, as I previously have stated, the experience is valuable to any girl who enters and when they reach my age, they at least can reminisce about how wonderful it was to have been in the spotlight "just for a night."

I have never attended any contest that I did not hear complaints or contradictions concerning the judges choice. Usually, the judges are from out of town and are not generally known to the audience. Being from "out of town" does not always qualify one as a judge. Sometime ago, I attended a similar contest and was curious as to why an acquaintance from Lubbock was seated in the audience. Upon inquiry, he informed me that he was one of the judges. To say the least, he certainly was not a professional judge.

As I recall, he was raised on a farm and later went into

the insurance business. True, he has become very well known in church and business circles, but in my opinion, this still doesn't qualify him as an expert to say finally who should or should not be given top honors in the contest he was judging.

On another occasion, a prominent farmer in a nearby community and his wife were two of the judges. When the finals were announced, again, I heard numerous comments concerning the judges' choice. None objected to who they chose but all would have been pleased to know just WHY their choice was made.

Few realize, unless they have had personal experience with the promotion of one of these contests, just how much time, effort and money are spent by the contestants and their parents—too much—not to have the very best in judging ability. Let it be understood, that I am not directing these remarks toward any judge or any particular contest. I just happen to feel that just because Mr. Joe Blow is Mr. Joe Blow and is an easy target when called upon to do a job (with no pay) is no indication that his opinions

Mrs. Dannie Ray Burch Shower Honoree

A miscellaneous shower honoring Mrs. Dannie Ray Burch, the former Dixie Tankersley, was held Thursday in Seleta Jane Brownfield clubhouse.

In the receiving lines were Miss Delma Rinehart, Mrs. Burch, Mrs. E. S. Tankersley (honoree's mother) and Mrs. E. L. Burch (honoree's mother-in-law).

Guests were registered by Mrs. Richard E. James.

Refreshments of pineapple punch and white iced cakes were served from a table covered with a white Madeira cloth over blue, carrying out the colors in Mrs. Burch's recent marriage.

Out-of-town guests were registered from El Paso, Levelland, Plainview and Denver City.

Hostesses were Mrs. Bobby Shankles, Mrs. Richard E. James, Mrs. Glen Howard, Mrs. Ronnie Graham, Mrs. Daisy Rinehart, Miss Connie Kuehler, Miss Delma Rinehart and Miss Ruedell Bradley.

Mr. and Mrs. Burch left immediately after the shower for Odessa, where they are making their home.

Brownfield Student To Practice Choral Singing At Wayland

Plainview (Special) — Miss Verna King, Brownfield, arrives tomorrow at Wayland Baptist College with other members of the International Choir for 40 hours of intensive practice before registration day, Sept. 16.

The extra week of practice will be utilized in preparation for the choral group's performance at the Wayland Convocation, Sept. 18, and the Baptist General Convention of Texas, Nov. 7.

The choir will rehearse from seven to eight hours a day during the week before registration begins, according to W. E. Steward, choir director.

Miss King, daughter of Mr. L. H. King, will sing for her second year in the alto section.

are any better than the next man's when it comes to judging P O I S E, PERSONALITY and APPEARANCE.

I don't know the details concerning beauty judging, but there's more to professionally judging a cake or a jar of pickles for a blue ribbon than meets the eye. A group of Terry County Home Demonstration women went to Seminole last week to learn to judge baking. You may be sure that the articles winning ribbons at the South Plains fair any year were judged by trained and paid people who knew what they were doing—which is exactly as it should be.

While on the subject of contests, did you watch the Miss America contest on television last night? I am glad that they are televising it for the public.

I received a most unusual letter this week from an anonymous reader. Thank you, thank you, for the many complimentary things you had to say about this column and its writer. I am afraid you have over-estimated my abilities but it is good to have folks say such lovely things and especially since you took the time to write and tell me. The next time I see you, I shall thank you in person. How do I know who you are? Handwriting analysis, of course. (She did not want an analysis.)

Congratulations to Mr. George and Mr. Wyatt the Terry County farmers who ginned the first bales in this county last week. Mr. Wyatt is our adjoining neighbor and since our cotton was planted about the same time in May, we too should be pulling soon.

Did you know that all of the local gins (I think) gin the first bale brought to their gin free and some of them pay 50 cents per pound for it after it is ginned? The farmer who is not fortunate enough to gin the first bale can still win out by being the first to gin a each gin. A 500-pound bale of cotton at 50 cents per pound would bring \$250. With all 18 gins in Terry county paying this dividend, it certainly would be worthwhile to get into the race for some early cotton.

A certain fellow in the newspaper business told me the other day that he never pulled any cotton in his life. He did not indicate that he would like any experience. The Farmer's Wife was never a champion but I want to go on record as saying that I have pulled several pounds of cotton—never learned to like it because I wasn't getting paid. Dads didn't pay their kids for what they did in those days, but I am glad that I have first hand knowledge of what it is all about. How else can one sympathize with those who of necessity still have to "drag a sack"? Golly! it is hot to be pulling cotton.

Insect Toll Climbs; Taking More Yearly

The spotted alfalfa aphid will be right at the top of the list of destructive insect pests in New Mexico in 1957, says John J. Durkin, extension entomologist at New Mexico A&M College.

Since its discovery in 1954, this minute insect has sucked over \$10 million from the pockets of alfalfa growers in that state. Farmers probably will pay close to \$3 million in 1957 to feed and combat this most prolific and damaging of all alfalfa pests.

Grasshoppers, an ancient pest of man, will plague ranchers and farmers on approximately 2.75 million acres of range and crop land, Durkin figures.

If the hoppers aren't controlled they can cost farmers and stockmen \$4.5 million by eating valuable grass and drouth depleted ranges as well as forage and vegetable crops or irrigated lands.

Ernest Randal Rites Held in Albuquerque

A former Brownfield resident, Ernest Randal, 54, died last Sunday in Fitzsimons Army Hospital at Denver, and funeral services were held Thursday in Albuquerque, his home town.

He was a veteran of both World Wars and recently retired as a U.S. Navy ensign. Survivors are his wife; two sisters, Mrs. Clara Eckert, Brownfield school teacher, and Mrs. Frank Finamore of New Orleans; one brother, Gibson of El Paso, and an aunt, Mrs. J. L. Randal of 502 East Main. He also is survived by a cousin, Mrs. Gaster Spencer, also of 502 East Main.

Randal moved to Terry County when he was eight years old, coming here with his parents, the late Mr. and Mrs. Horace Randal.

Miscellaneous Bridal Shower Is Courtesy To Miss Rose Ann Mulkey

As a courtesy to Miss Rose Ann Mulkey, bride-elect of Jack Bishop, a miscellaneous bridal shower was given in the home of Mrs. Ted Hardy, 415 East Buckley, from 5 to 7 p.m. August 30.

Hostesses with Mrs. Hardy were Mesdames O. E. Floyd, Ronny Johnson, Alton Garner, Ben Moore, Virgil Travis, Norris Phillips, Carl McIntyre, Oscar Decker, Odus Walsler, W. R. Stewart and Cecil George.

Mrs. Hardy received guests and presented them to the honoree and her mother, Mrs. C. S. Mulkey, and to the mother of the prospective bridegroom, Mrs. John Bishop.

The honoree's chosen colors of white and pink were used in decorations. The serving table was laid with a white lace

cloth and featured an arrangement of white and pink asters flanked with white tapers. Pineapple sherbet punch and pink cake squares were served by Mrs. George.

Mrs. Stewart registered approximately 25 guests who called during the afternoon.

MRS. DONALD ALDRIDGE

Miss Hull Is Bride

Double ring rites united Miss Sandra Constance Hull of El Paso and Donald Dewayne Aldridge of Route 1, Meadow at 4 p.m. August 25 in Asbury Methodist Church in El Paso.

The bride is the daughter of Mrs. Emma Johnson Hull of Cheyenne, Wyo., and Hollis C. Hull of Washington, D. C. The bridegroom's parents are Mr. and Mrs. Otis Aldridge of Lovington, N.M.

The Rev. Ralph Seiler, pastor of the church, read the ceremony before an altar decked with white chrysanthemums and flanked with baskets of white gladiolus and candelabra.

J. R. Guthrie, organist, offered traditional wedding music and accompanied Richard Bulkman as he sang "Because" and "The Lord's Prayer."

Father Escorts Bride

The bride, given in marriage by her father, wore a white taffeta gown with patterned embroidery of white silk, fashioned with fitted bodice with high neckline and long sleeves ending in points over the heads. An embroidered silk panel formed a bib effect on the front bodice and continued to a point in front of the full, wide skirt. A cascade of embroidered ruffles down the back of the skirt formed a chapel length train.

A waist length veil of silk illusion net fell from a stand-up calot of silk sprinkled with stephanotis atop a white Eastern Star Bible.

Attendants Gowned Alike

Matron of honor was Mrs. Mary Jo Heget, and Mrs. Bill Baze was bride's matron. Miss Judie Heidel and Miss Bobby Hamilton of Hobbs, N.M., cousin of the bridegroom, were flower girl.

All wore gowns of seafam

green dance-tone taffeta, made with portrait necklines with cuffs of emerald green taffeta which went into a bow at the center back of the neckline and ended in streamers fastened at the hems of the ballerina length skirts. The matron of honor carried a bouquet of bronze chrysanthemums and the brides-matron carried yellow chrysanthemums.

Groomsmen Named

Billy Yeatts of Brownfield was best man. Leroy Barrier, uncle of the bridegroom from Meadow, and Delvin Hull of Cheyenne, brother of the bride, ushered. Brady Barrier of Meadow, cousin of the bridegroom, was ring bearer.

Reception Honors Couple

A reception in honor of the couple was held at Patio Vorte following the ceremony. Guests were received by the couple and their parents.

White chrysanthemums and an arrangement of fern and yellow rosebuds surrounded the wedding cake. Mrs. Aubrey Bryant of Hobbs, aunt of the bridegroom, was assisted at the punch bowl by Mrs. Arnold Waters of Meadow, another aunt of the bridegroom. Mrs. Charles Saberten of El Paso served cake and was assisted by Mrs. Leroy Barrier of Meadow, aunt of the bridegroom, and Mrs. David McCoy of El Paso. Mrs. Billy Yeatts of Brownfield presided at the guest register.

Trip to New Mexico

For a wedding trip to New Mexico and Arizona, the bride chose a wisteria blue suit of cotton and silk shantung with grey and white accessories and an orchid corsage.

The couple is at home at Route 1, Lovington, where they are engaged in farming.

Out of Town Guests

Attending the wedding from Brownfield were Mr. and Mrs. Yeatts; from Meadow, Mr. and Mrs. Leroy Barrier, Mr. and Mrs. Arnold Waters, Vernon Altridge, Billy Reese and Arnold Patton. Guests also attended from Lovington, Cheyenne, Granville, Mich., Washington, D. C. and Santa Anna, Calif.

Garden Club Will Have First Meet

A Lubbock gardener, Mrs. G. H. Knight, will speak on Color when the first meeting of the year is held by Brownfield Garden Club at 3 p.m. Wednesday at Seleta Jane Brownfield clubhouse.

Floral arrangements showing Rhythm, use of a single color, will be presented by Mmes. Fred Turner, Robert Baumgardner and Tim Faulkenberry. Mrs. H. B. Thompson will explain details of the flower show scheduled for this fall. Mrs. Joe Jackson will be program chairman.

Mrs. Virgil Travis and Mrs. Bob Spear are hostesses for the meeting.

Donnie Warden Is Birthday Honoree

Donnie Ray Warden was honored on his sixth birthday Wednesday with a party given by his mother, Mrs. Ray Warden, 804 East Reppto, from 3:30 to 4:30 p.m.

Guests included Glen and Jeff Grote, Monie and Charlotte McKenzie, Donna and Mike Burnett, Bubba, Mike and Janie Johnson, Cindy Knox, Larry Williams and Barbara, Glenda and Jean Wiseman; and the honoree's grandmother, Mrs. R. L. McKenzie Sr. Birthday cake and punch were served after games were played. Favors were hats, balloons and noise-makers.

WMU of Baptist Church To Have Prayer Week

The ladies of the women's Missionary Union of the First Baptist Church will meet at the church on Monday at 9:30 a.m. through Sept. 13 for the "Week of Prayer" program on Home Missions.

All ladies are invited to attend the meetings.

Chamois cloths are prepared from sheep skin or goat skin.

IN LAS VEGAS—Since returned home, Mr. Ford Motor Company. Green, general manager of Portwood Motor Company here, won the two-week sojourn in Nevada in a Lincoln contest for salesmen. (NEWSfoto)

Delphian Study Club Begins New Year With "Increase Our Faith" Theme

The Delphian Study Club met at the Seleta Jane Brownfield clubhouse Wednesday at 2 p.m. to begin their new club year.

A resume of the new year books was given by Mrs. W. T. Pickett. The course of study

for the year is "Increase Our Faith," which is a study of world religions. A parliamentary drill was conducted by Mrs. George Steele.

The president, Mrs. W. P.

Norris, gave a brief description of the 13 departments of the Texas Federation. She also presented corsages to the two new members, Mrs. Preston Hester and Mrs. Eldon Corenius.

Hostesses Mrs. Pickett and Mrs. Wayne Brown served frosted punch and pinwheel cookies from a table laid with a white cutwork cloth and centered with an arrangement of lilies.

Those present were Mesdames Claude Buchanan, Welda Callaway, Cornelius, Tim Faulkenberry, John Hansard, Hester, Buck Howell, Norris, K. B. Sadler and Steele.

The next meeting will be held September 27 at 2 p.m. at the clubhouse.

QUESTION MUST BE SETTLED SOON

Peace in Europe Hinges on Problem of German Reunification

The number one issue in Europe and the key problem affecting the future peace in central Europe is the question of German unification. Eventually this question will have to be settled, one way or the other.

The Communists still hold eighteen million Germans in bondage in East Germany and refuse to allow them to vote in all-German free elections. Luckily, West Germany contains some fifty million Germans — many more than are in East Germany.

And while that is fortunate, enabling the democratic Germany to be in a position to vote a majority in any free election, in favor of a really independent country and government, it is also the reason the Communists are so afraid of free elections in all Germany.

Chancellor Konrad Adenauer, eighty years old, has staked his government on the policy that a strong West Germany, demanding the return of East Germany, or at least free elections, backed up by the western Democracies, will eventually force the Communists to agree to elections.

The Communists have refused so far to come to any such terms. And there is a division in West Germany. The Social Democrats claim that the only hope for unification is in breaking West Germany's alliances with the West and negotiating with the Russians.

Adenauer's political future and the fate of the West German government hang in the balance in the approaching German election. The entire western world has a high stake in the September voting in West Germany — now the strongest power in central Europe.

If the Social Democrats win, Bonn may break its alliance with the West and try to bring about unification by negotiating with Moscow.

This could be a fatal blow to the strength of the western alliance and NATO.

Herbert Hoover, former President:

"Even in a partially free economy, unless we curb inflation on its way up, old man economic law will return with a full equipment of hair curlers."

Dr. John H. Fischer, Maryland educator:

"No book, no record player, no television screen can understand a child. Tubes and transistors are not satisfactory substitutes for teachers."

Nikita S. Khrushchev, Soviet Communist party boss:

"Our foreign policy does not depend on any one individual."

Rev. Alvin Kershaw, Episcopal clergyman, who won \$64,000 last year as a jazz expert:

"Rock 'n roll is a true American art form — far closer to the evangelical meeting than to the burlesque house."

Comedians Dan Rowan and Dick Martin, new comedy team:

"You don't have to use smutty material to get laughs."

Dr. Helen B. Taussig, winner of Feltrinellow award for her work with "Blue Babies" just back from 3-months tour abroad:

"India's most pressing problems today are food, communication and health."

Both Essential to Our Economy

By VERN SANFORD
Texas Press Association

AUSTIN—Students are trooping back to school for another year of readin', writin' and 'rithmetic.

But the knottiest school problems are not in the math books. For parents the problem is the high-cost-of-practically-everything. Tuition at state col-

leges has doubled. Even the parents of first graders are wincing as they add up the "outfitting" bills. Cost of blue jeans, plus crayons, plus lunch money, takes an ever growing bite out of most family budgets. Many mothers will go back to work this fall to help balance the income-outgo equation.

On a bigger scale Texas school agencies and administrators have the problem of the "old woman who lived in the shoe." They have so many children they don't know what to do. Their problem of trying to balance school facilities against school needs is complicated by the fact that one side of the question—needs—keeps on growing.

Some 1,885,640 children are expected to enroll this month. That is 70,000 more than last fall. To keep the education mills grinding, Texans will spend an estimated \$526,000,000 this year. It's twice as much as was spent eight years ago. Local districts are pouring some \$40,000,000 into new buildings this year.

It's now or never for Texans to solve their water problems in an orderly manner.

This, in effect, is the attitude of Gov. Price Daniel as he sets the wheels in motion for a "big push" this fall.

First attack will be by a 100-person statewide water planning committee appointed by the governor. It is to meet in Austin beginning Sept. 9 to develop planning and leadership for a master plan for water conservation and flood control over the state. Committee members include civic leaders and See No. 1 Page 3

No. persons in quainted w from all p They'll a and devel proposed c ment that \$100,000,000 er project: Second r or's plan i tive sessio additional the session governor Two piec tion are pr Daniel: (1) water plan up a maste

At yc ar N. of A. Sc

No. 1—

persons interested in and acquainted with water problems from all parts of the state.

They'll also be asked to help and develop support for the proposed constitutional amendment that would provide a \$100,000,000 bond issue for water projects.

Second phase of the governor's plan is the special legislative session to pass needed additional laws. Target date for the session still is October, the governor has indicated.

Two pieces of water legislation are proposed by Governor Daniel: (1) Creation of a state water planning division to draw up a master plan and (2) a law

enabling the state to purchase water storage space in federal reservoirs (a measure which failed last session).

Planning division probably would cost from \$500,000 to \$1,000,000 says Daniel. This can be obtained, he says, from special funds appropriated, but not used, for other purposes.

If Texas doesn't face the responsibility for its water planning itself, declared the governor, the federal government will take over with a "take it or leave it" plan.

GREENHILL APPOINTED—Joe R. Greenhill of Austin will become an associate justice of the State Supreme Court on Sept. 30.

Greenhill was appointed by the governor to replace Judge Few Brewster, who is resign-

ing because of ill health. A former Houstonian, Greenhill, 43, will be the youngest judge on the high court.

He is a former assistant attorney general to Daniel and was the governor's campaign manager in '56. Daniel termed him "one of Texas' ablest lawyers."

COTTON CROP SLOW—Ginning of Texas' cotton crop is lagging behind 1956, but a larger yield than last year is still expected.

By Mid-August only 365,504 bales had been ginned, reports the U.S. Dept. of Agriculture. Last year at this time almost twice as much had been ginned.

But crops in many areas are late due to prolonged rains. USDA still predicts the '57 crop in Texas will be 3,775,000 bales

compared to 3,615,000 last year.

MORE ERRORS FOUND—All the excitement over moving the State Insurance Department out of the International Life Insurance Co. building in Austin was for naught.

Atty. Gen. Will Wilson has ruled invalid that part of the reorganization bill which ordered a new building.

Wilson says the bill was improperly drawn.

MOST ARE SOUND—Most Texas insurance companies are strong. So said Judge Penn Jackson in his first public speech since becoming chairman of the Board of Insurance Commissioners.

But, he added, "a smaller number are losing ground and may or may not be able to survive."

NEW COURTS—A new district court in Austin and one in Dallas now are open for business.

Judge Mace B. Thurman, formerly of Travis County's County Court-at-Law, was named to the new bench in Austin.

Judge Claude Williams, Dallas attorney, was appointed to the new court there.

SHORT SNORTS

Texas ranked seventh in the nation last year on per capita income, reports the Bureau of the Census. Texas per capita income, \$1,686. National average, \$1,940.

Dr. N. Jay Rogers of Beaumont and Dr. Ira E. Woods of Grapevine have been re-appointed by the Governor for six-year terms on the State Board of Optometry.

Another motor vehicle inspection period has arrived. You have until next April 15 to get your new sticker, however. But early inspections are urged by the Department of Public Safety.

Texas draft calls continue to shrink. October quota is 338. It compares with 387 for September and 547 for August. Inductees will be taken from age 22 and over, except for delinquents and volunteers.

Texas has 308 new nurses. They passed the recent statewide examination for vocational nurse licenses. Two schools have been newly accredited to teach vocational nursing—Marcom Hospital of Vocational Nursing at Ladonia and Permian General Hospital of Vocational Nursing at Andrews.

Jobs as examiners with the State Board of Insurance now are open. They are additional posts created by the last legislature. Requirement include a college degree with both courses and experience in insurance accounting.

When carriages first came into use during the 16th century, they were scorned by men as suitable only for women and children.

It is generally believed there has never been a time, including the present, when the world was entirely free of cannibalism.

Three Millionth Girl Scout

Surprised to find out she is the three millionth Girl Scout in the United States, 12-year-old Janice Brewer of St. Louis, Mo., holds the form indicating she has been officially registered as a member of Girl Scouts of the U.S.A. Nation-wide Girl Scout membership has tripled since 1944 but many girls, like Janice, must wait to become Girl Scouts because there is a shortage of adult troop leaders.

Napoleon, seeking a way to nourish his armies, offered a prize which led to the development of food canning.

Cherokees formed the largest and most important Indian tribe east of the Alleghenies.

3 Millionth Girl Scout Registered

Girl Scout membership in the United States has reached the three million mark. Mrs. Roy F. Layton, national president of the Girl Scouts of the U.S.A., announced today Tuesday. The three millionth Girl Scout is Janice Brewer, Troop 782, St. Louis, Mo.

In a letter welcoming Janice into the Girl Scout movement in the United States, Mrs. Layton said, "It is a great pleasure to be able to tell you that you are the 3 millionth member of the Girl Scout of the U.S.A. Yours was the 3 millionth registration to be counted and processed here at national Girl Scout headquarters."

Janice, who is 12 years old, has waited several months to join a Girl Scout troop because in St. Louis, as in many other cities and towns, there is a shortage of volunteer troop leaders. Mrs. Layton pointed out. Janice is in the seventh grade at Our Lady of Guadalupe school in St. Louis.

Girl Scout membership has tripled since 1944 when there were 1 million Girl Scouts in the United States. The current total of 3 million members includes both girls and adults in every state, in U.S. territories and in 46 foreign countries where Girl Scout troops for the daughters of American military and civilian personnel overseas have been organized.

Chamber music refers to that particularly designed for performance in a room or small hall with only a few musicians.

CRMWA Sets Meeting At Lubbock on Monday

The board of directors of Canadian River Municipal Water Authority will meet at 11 a.m. Monday in the Chamber of Commerce building in Lubbock.

Approval and seating of directors from Amarillo, Pampa and Plainview — who recently re-joined the authority — will highlight the business session.

Master chess players have engaged successfully in as many as 14 games simultaneously.

WILL GUIDE PTA.—Meadow Parent-Teachers Association installed its 1957-58 officers in Thursday night ceremonies in the school cafeteria. They are pictured above. From left: Mrs. Jack McCrary, treasurer; Mrs. Joe Bureson, secretary; Mrs. R. W. Horton, vice president; Mrs. Bill Copeland, president, and Mrs. J. W. Smith, immediate past president and install-

ing officer. The group voted to go ahead with the building of a fence on the north and west side of the grade school playground and to buy some additional recreational equipment. Refreshments were served to more than 120 mothers, fathers and teachers in a "get acquainted" hour. (NEWSfoto)

SHOWING TODAY AT REGAL

Star Shivers While Doing Big Turkish Bath Scene in 'Love in the Afternoon'

The "hottest" spot in Paris was cold. So cold, Gary Cooper would have been hot under the collar—if he had been wearing a collar.
 The "hottest" spot was a Turkish bath set constructed for Billy Wilder's "Love in the Afternoon," and Allied Artists production now at the Regal theatre. Despite the bath, temperature on the set was a scant 56 degrees Fahrenheit, which is pretty cool considering that Cooper's entire outfit was one bath towel. For him, the comical scene was not funny.
 Thermometer readings in the French capital had nose dived. While technicians on the film went about their work clad in sweaters, scarves and jackets, Cooper, in his towel, sat on a cold marble set and shivered.
 "This was the first time a man ever had to step 'out' of a Turkish bath to get warm," he muttered. "After each shot I hurried into a coat and blanket.

Total 68,000 Acres in Seed Program High Plains Crops

More than 68,000 acres of crops on the High Plains are under the state's Seed Certification Program, reports Agriculture Commissioner John White.

White said field inspections of various seed crops now are being made by State Agriculture Department inspectors out of the Lubbock district office.

Heading the list of crops are hybrid sorghums. Applications have been made for certification of 21,916 acres of hybrid sorghums, announced White. This compares with only about 7,000 acres last year.

Commissioner White reported a considerable increase in crop acreages under the certification program, pointing out that seed is very much in demand. High Plains growers are producing top quality seed due to the efficient farming methods and the excellent climatic conditions, White said.

Lydia Chambliss Feted On Birthday

Mr. and Mrs. Clyde Chambliss of 1016 Tahoka Road honored their daughter, Lydia, on her first birthday with a party Thursday night from 7 to 8:30 o'clock.

Guests included Messrs. and Meses. Bill Rowe, Jolene and Donnie, Sam Chambliss and Sammy, Mesdames Billy Chambliss, Pam and Monte, J. A. Chambliss, Johnny and Rhonda, J. R. Patton and Donald, Ed Winkles; and Alfred Newsom, L. C. Ward, Sherry Don Spears, Dennis and Eddie Chambliss and Dwayne Johnson.

Birthday cake and ice cream were served. Favors were plastic dolls and animals, and balloons.

and King's Jewelry. Models are as follows: Mesdames Herbert Leaverton, N. B. Womble, Roger Kuykendall, Warlick Carr, Jack Kastman, A. L. Lott Jr., Fred Underwood, Robert L. Layne, C. C. Mansell and George Livermore.

Proceeds from the show will be placed in the Community Trust Fund of the Junior League to support their community welfare and cultural projects.

Jessie G. Randal PTA To Have First Meeting

The Jessie G. Randal Parent Teachers Association will hold its first meeting Monday at 7:30 p.m. in the school cafeteria.

Faculty members will be introduced and the year's program will be previewed. All parents are urged to attend.
 American Explorer Kit Carson was in charge of an expedition that drove 6,500 sheep from New Mexico to California in 1853.

"Le Cirque" To Be Theme of Annual Fall Fashion Show At Lubbock

"Le Cirque" will be the theme of the annual Fall Fashion Show to be presented by the Junior League of Lubbock on Thursday, September 19th at 10:00 a.m. at the Lubbock Municipal Auditorium.

The circus theme will be carried throughout the decorations, complete with hostesses dressed in the typical circus attire of clowns, aerialists and other entertainers. A unique ramp arrangement assures front row visibility for everyone.

Tickets, priced at \$3.00 each, may be purchased at the Auditorium Box Office from 9:30 a.m. until 5:00 p.m., September 16 through 18, or will be held by calling PO 2-4616 on those dates. Tickets will be on sale at the door or may be ordered by writing Mrs. Ernest Griffith, 3214-28th Street.

Mrs. Jack Boren is style show chairman with Mrs. H. D. Phillips Jr., as her assistant. Her committee includes Mrs. Sam Strong, decorations; Mrs. Robert T. Pirtle, models; Mrs. Turner Kimmel, music; Mrs. H. Ernest Griffith, tickets; Mrs. L. D. Whitely, script; Mrs. George Miller, ramps; Miss Sara Davis, program; Mrs. Charles Gallagher Jr., display carts; Mrs. Charles Cathey, seating; Mrs. Nelson Terry, refreshments; Mrs. E. W. Williams Jr., hostesses; Mrs. Granville E. Waters, finances; Mrs. Winston Robertson, publicity.

Music for the show will be provided by Bernie Howell, and Mrs. J. R. Moxley will be commentator. Participating stores are Hemphill-Wells, Dunlap's and Margaret's. Merchandise will be displayed by Myrtle Floyd's

A Family That Prays Together, Stays Together

It's all over now...

That boy is blowing taps on vacation time; school days are at hand. It's all over now. He will look back dreamily and happily at the good times of the summer as he toils away at his studies, but he can't roll back the clock to do it over again.

Life just flows in one direction and all we really have is the present moment. What we do with our lives is what we do with them right now. We can neither live in yesterday or tomorrow. The Bible says the only way to an abundant life is to trust in God and live by that trust. The Church exists to help us find an abundant life, an enriched life by trusting in God and living Today!

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

Is something wrong with your life— an inner restless dissatisfaction? The answer to every human problem comes only from God our Maker. He alone can forgive and reassure. Through the church God has committed the provision and proclamation of His forgiveness and redeeming love. Without a church relation no one is securely related to God. *Everyone should be in the Church and the Church in everyone!*

These religious messages are made possible by the above individuals and business firms with the hope of creating a more sincere interest in our churches and a more church-minded community.

Injury-Riddled Cubs Enter Final Practices

Brownfield's Cubs tomorrow enter their final week of pre-season drills hampered by injuries to key players and "a shortage of time," reports Coach Doug Cox.

Robert (Rabbit) Wright, reserve letterman fullback, donned pads and participated in full-scale scrimmage for the first time Thursday after suffering a split upper lip prior to practice sessions.

He was running well, gaining four to 20 yards per try, despite a plastic mask covering his face to protect the injured lip.

However, Cox said this good news was offset as Gus Foshee, probable starting right tackle, sustained a split upper lip in tackling practice the same day. It took seven stitches to close the wound.

Larry Meeks, starting right halfback, also is out temporarily with a pulled back muscle sustained in practice earlier this week.

Three "B" team members round out the injury list with a variety of bad muscle bruises. They are tackle Elbert Landess, end Ronnie Goode and back Leon Clark.

On the brighter side, the head mentor reported, "The timing is getting better each day but we still have a long way to go in a very short time."

Cox said the line still has a lot of rough spots to iron out before the Cubs meet Levelland

GUS FOSHEE

Friday night. "The boys have a lot of spirit and hustle but blocking and tackling still leaves much to be desired," said Cox.

The Cubs meet the Levelland Lobos at Levelland 8 p.m. Friday to open the 1957 season.

Mrs. Alfred McBeth and her daughters, Jan and Sherri Auburg, of California, accompanied by Mrs. McBeth's mother, Mrs. H. Kenley of Post, returned to their home in California Friday after visiting here with Jan and Sherri's grandparents, Mr. and Mrs. J. T. Auburg of 514 North 5th.

IN SPWGA PLAY

Vivian Parks Trophy Taken by Brownfield

Brownfield Women's Golf Assn. added 10 points to their score Wednesday to claim the Vivian Parks Trophy as the South Plains Women's Golf Assn. held its final tournament of the year at Plainview.

The tourney, which marked the end of the year of monthly competitive meets, gave Brownfield their fourth championship in the trophy race in five years. Last year's loss to Lubbock Country Club cut their winning skein after three straight wins.

Brownfield tallied 1,667 points to outdistance three other teams for the trophy. Lubbock Country Club finished second with 1,700; Lubbock Hillcrest Country Club third with 1,801; and Plainview last with 1,843.

Year-End Meet Set

Next action on the SPWGA slate is the year-end tournament, which will begin at Plainview Country Club Wednesday and end Friday. Qualifying for the affair ends today.

In Wednesday's tourney, Isabella Walter of Levelland won low net honors of the field with a 69. Billie Soash of Lubbock Country Club was medalist with an 81.

Mrs. Soash's 81 won her low gross in the championship flight. Francis Cochran, also of Lubbock Country Club, took low net honors in the top flight with a 70.

Three Tie

In first flight, Ada Crowell of Plainview and Peggy Elliott of Brownfield and Faneta Graham of Brownfield tied for low net, all with 73's. Merle Groves LCC, won low gross with an 88. Lera Ohnemus LCC, and Nell Lockett, Hillcrest, deadlocked for low net honors in the second flight with a 71. Verone Glynn, Plainview, won low gross with a 93.

Plainview's Ann Carter scored a 72 to take low net in the third flight. Low gross went to Walter with a 98.

Wins Nine Hole Flight

In nine hole competition, Alice Bolinger, Hillcrest, won low net with 39 and Jean McCary, Littlefield, shot a 50 for low gross.

Ada Crowell of Plainview was elected president of the association at a business meeting today. Peggy Elliott of Brownfield, was elected vice president. Other officers for the

new year will be Clara Lemons, of Plainview, secretary; Wanda Rosebrough of LCC, treasurer; Isabella Walter of Levelland, parliamentarian; and Anna Craig of LCC, publicity chairman.

Members of Brownfield's championship team are Dorothy Kirschner, Mary Jo Hardy, Gwenn Henderson,

Faneta Graham, Evelyn Cruce, Peggy Elliot, Wanda Knox, Marion May, Dorothy Goble, Minnie Hazle Bowman, Mae Jones, Jane Shirley and Merle Kemper.

Nine-hole competitors were Sue Pounds, Joan Harding and Velma Parker.

To Classify—Phone 2188

Hunting Season Is Extended in Three

An extended season on trophy bucks will be held in the Willow Creek ranch area of the Gila National Forest in southern New Mexico this fall.

The Willow Creek ranch area is one of three areas in New Mexico which will hold an extra 27 days of hunting. The season opens Oct. 14.

An over abundance of mule deer and Sonoran fantail deer

in the area led to the setting up of the extended season.

Hunters in the Willow Creek ranch area, some 90 miles north of Silver City, may take one deer of either sex.

The regular season will run Nov. 9 through Nov. 18 giving hunters in the Willow Creek area a chance to hunt from Oct. 14 through Nov. 18.

Marked With Elegance ...
In Color ... Fabric
and Lovely,
Style News!

My what a grand and glorious feeling you'll have

New HOOVER Convertible

the cleaner with the
Automatic Shift

Finest, most versatile cleaner ever made. Cleans faster and better because the exclusive Hoover power-driven agitator does the work. You don't have to bear down on the handle and scrub back and forth over your rugs. The Convertible rolls easily on wide, quiet wheels ... you just guide it.

For all other cleaning just insert the Converter ... INSTANTLY YOU HAVE 50% MORE POWER FOR THE CLEANING TOOLS. Extra power when cleaning bare floors, draperies, furniture—makes it quick and easy. You'll like the double-stretch hose, telescoping wand, dirt finder light and many other features.

Be sure to try the Hoover Convertible—it's all new—exciting! JUST 10⁹⁵ DOWN

LOW
For carpets—it beats as it sweeps as it cleans. Powerful ... thorough ... fastest cleaning ever.

SHIFT
Insert the Converter and automatically the cleaner shifts into ...

HIGH
Gives 50% more suction with tools. More cleaning power than ever before.

GRINDING IT UP—Some 135 acres of corn went under the blade this week as two ensilage cutters Friday completed cutting an estimated 1,000 tons of feed to go into a ground silo owned by A. C. Pace and Bruce Zorns. The ensilage, grown by Willis Jones and Orb Stice 3 miles southwest of here, will be used by Pace and Zorns for winter cattle feed. (NEWSfoto)

ANOTHER TRUCKLOAD—A. C. Pace watches as a truckload of ensilage is dumped into his ground silo 5 miles southwest of Brownfield. The silo which is 300 feet long, 20 feet wide and 18 feet deep, holds some 1,000 tons of feed for about 200-500 head of cattle. Pace and Bruce Zorns plan to feed out this winter. (NEWSfoto)

Evening Classes Set For Fall Session By Lubbock Christian

Evening classes in a variety of subjects will be offered this fall by Lubbock Christian College, according to Herman Wilson, registrar.
 Pre-registration for evening school is set for 7 p.m. September, 17 on the college campus.
 Courses which may be offered for the fall semester include arts and crafts, business administration, business mathematics, general psychology, marriage and the home, mental health, music fundamentals, church history, Bible (Revelation), effective speaking in the church, religious journalism, and introduction to literature.
 Adults who wish to enroll for credit must meet the college requirements for enrollment. However, any mature and serious-minded adult may audit courses for personal benefit, without enrolling for credit.
 Tuition charges will be made, but there are no other fees. Classes will meet on the college campus, 5601 W. 19th Street, Lubbock.
 Most classes will meet at 7 p.m. on Tuesday and Thursday evenings, but many courses will meet for one evening only.
