And Terry County Herald . . . Terry County's Oldest Business Institution

VOLUME 20 TEN CENTS BROWNFIELD, TERRY COUNTY, TEXAS, THURSDAY, OCTOBER 24, 1957 NUMBER 68

**YES7** — Of course, it's a turnip, possibly the largest that young Donna Powers ever saw. She's the 4-year-old daughter — she was 4 today — of Mr. and Mrs. Wallace Powers of 1420 East Cardwell, and the huge specimen belongs to her father. Powers, a Magnolia Petroleum Corporation employee, got the turnip from a farmer near some Magnolia leases south of Brownfield. Its weight is 3 and 3/4 pounds, measuring 21 1/2 inches in circumference. Donna's look of concern? She was fighting bravely to ward off the flu when the cameraman asked her to pose. (NEWSfoto)

## Farm Bureau Group Approves Eleven Of Twelve Resolutions

Approximately 30 members of Terry County Farm Bureau Tuesday night approved 11 of 12 resolutions to be recommended for consideration at the Texas FB meeting Nov. 18-20 in Dallas.

Approvals were made at a policy development meeting held in 106th District Courtroom, with J. T. Fulford, president, presiding.

Resolutions obtaining approval included:

1. That TCFB oppose House Joint Resolution No. 1, pertaining to annual sessions of the Texas Legislature.
  2. That TCFB oppose the proposed increase in truck load limits.
  3. That TCFB reaffirm our state (Texas Farm Bureau) standing on electric cooperatives, in that they should not be forced to discontinue service to those members who may be living in an area annexed to a city.
  4. That the fringe area of a telephone monopoly should be made so that greater service is available to everyone.
  5. That TCFB oppose the recommendations of a 21-man board for the appointment of the Texas agriculture commissioner.
  6. That TCFB oppose any withdrawals from the Permanent School Fund.
  7. That TCFB favor a consumer sales tax to be used primarily for our Texas school system.
  8. That the "earning power, or "limitations," of an individual between 65 and 72 be raised to a higher level.
  9. That the "right to work" law in Texas should not be restricted in any way.
  10. That second and third class mail labeled "box holder" or of like nature be required to carry first class postage.
  11. That the hybrid grain certified seed dealer be required to test-grow his seed in Old Mexico before full certification is given.
- A resolution to support the state water program was killed by the group.

## VFW Finals Meet Plans

The Senior vice commander of the Veterans of Foreign Wars in Texas, Doyle Willis of Fort Worth, will be featured speaker during the fall encampment of VFW here, Saturday and Sunday.

Delegates and members of the auxiliaries from Cochran, Hockley, Lubbock, Crosby, Dickens, King, Stonewall, Kent, Garza, Lynn, Terry, Yoakum, Gaines, Dawson and Borden counties will take part in the two-day event.

DOYLE WILLIS

will be Charles Kersh, three-year trustee of Hand Bros. Post 6794, Brownfield.

District Comdr. N. T. Cronois of Lubbock will preside during the Sunday business session, following a barbecue luncheon. Registration will be Saturday, and a hospitality hour and dance will be held Saturday night.

The auxiliaries will meet Sunday morning and afternoon, with Mrs. H. B. Parks of the Brownfield auxiliary presiding.

Jack Aaldrup, commander of the Brownfield post, urged all members to attend the regular meeting tonight: "This will be our last chance to wrap up plans for Saturday and Sunday."

## Friends of Library Seek New Members

What is the Terry County Friends of the Library? "It is a group organized to meet local needs, and to promote a free public library — without a tax," said Mrs. Frank Wier, chairman of the Friends.

The group this week renewed its membership campaign, seeking at least 400 new members. Cost will be \$1 annually, said L. G. Smith, vice president of the Friends. The new drive for members will end Nov. 19. Money derived from membership will remain in Terry County, and will be used to promote a free public library.

## Joe O'Briant Visits '58 De Soto Preview

Joe O'Briant, owner of Sun-set Motor Company, De Soto dealership, at 311 South First Street, has returned from Fort Worth, where he previewed De Soto's 1958 line at the annual mass dealer announcement.

"It's going to be the greatest line-up in De Soto's history," said O'Briant. "There will be four series — Fireflite, Fire-

## EXTREMELY HIGH HONOR

## Kendrick Elevated To Masonic 33rd Degree

The Honorary 33rd Degree of the Scottish Rite of Freemasonry, highest honor by action of the Supreme Council of the 33rd Degree, was awarded Tuesday to Brownfield businessman Clovis Kendrick of 620 East Tate.

A Knight Commander of the Court of Honor, Kendrick was elevated Tuesday along with three other members of the El Paso Consistory: H. T. Eberidge Jr., and Lynn L. Reeves both of El Paso, and Roy W. Thompson of Sweetwater.

At the same time, five Lubbock men and one each from Plainview, Snyder and Bovina — all of the 32nd Degree — were designated KCCHs.

C. E. Maedgen Sr., board chairman of Lubbock National Bank; Neil H. Wright Sr., in the life insurance business; Charles C. Sherrod, who farms near Idalou and is present potentate of Khiva Shrine Temple; Dr. H. H. Bidwell, dentist, and Chas. A. Guy, editor of The Avalanche-Journal.

Wright was designated by the Dallas Consistory, of which he is a member. The other four belong to the El Paso Consistory, which designated them.

The area KCCH designates, all of the El Paso Consistory, are Ray F. Lowe of Plainview, Ralph D. Parrott of Snyder and William E. Williams of Bovina. Born in 1910 in Plains, where his late father was in the banking business, Kendrick was initiated July 13, 1938 in Brownfield Lodge 903, passed Aug. 17, 1938, and raised Sept. 15 of the same year.

He was Junior Warden of the Brownfield lodge in 1950, and its Worshipful Master in 1951-52. Previously, he had served as the lodge's treasurer in 1945-50.

Kendrick was exalted a Royal Arch Mason on Sept. 29, 1938, and was greeted a Select Mason on Oct. 14, same year.

He is a past High Priest, Brownfield Chapter 309, Royal Arch Masons. He is a past

CLOVIS K. KENDRICK  
33rd Degree Mason . . .

Thrice Illustrious Master of Brownfield Council 245, Royal and Select Masters, and is a member of Khiva Shrine Temple of Amarillo.

Kendrick has been in El Paso since Monday, attending

the 104th reunion of Scottish Rite Masons.

The new 33rd Degree Mason is the second to be so honored in the history of the Brownfield lodge, the first being the late Tom May.

## HE TELLS JOINT CIVIC CLUB SESSION HERE

## Cong. Mahon Sees Little Hope for Tax Cut in Near Future; 'Inter-Service Rivalry Helped Put Russia Ahead in Space'

"Though we all want a tax cut, I see little hope for one in the near future," said George Mahon, congressman for 19th, District at a joint meeting of Brownfield Jaycees, Lions and Rotarians in The Party House at noon Monday.

"Everyone is striving to accomplish a tax cut—for political reasons and otherwise," said Mahon. "However, I don't think we should take the chance of an unbalanced bud-

get." The congressman outlined some of the problems encountered during the "Battle of the Budget" in the last session of Congress. "We finally reduced the President's proposed budget by about \$5-billion," he said, "most of which will not be evident for several months to come. However, it was reduced."

Mahon pointed out that the budget has climbed from \$40

billion in 1940 to \$60 billion in 1952 and to a proposed \$71.8 billion this year. "The budget battle became a non-partisan tug-of-war between the executive and legislative branches," he added.

Touching on probable reasons for the U.S. falling behind Russia in the missile and satellite programs, Mahon said he attributes the major cause to an intense inter-service rivalry.

"Future wars and peace-time activities probably will hinge on who controls the missiles," said Mahon. "Whoever is in control of missiles will be in the driver's seat and other services will be secondary. At present the Air Force is in that seat and the other services are trying to pry them out. Therefore there is no swapping of information nor coordination."

In a short question-and-answer session, the congressman touched on subjects ranging from the Little Rock and Turkish situations to inflation and Supreme Court rulings on FBI files.

Mahon said he thought Gov. Faubus of Arkansas had made "a big mistake" in calling out the National Guard, but that President Eisenhower "made an even greater mistake" in calling federal troops.

Touching on the Middle East crisis, Mahon said he believes the United States will go all-out in support of Turkey if Russia should make any move there. "If we do not do this, NATO and other pacts would be of little value," he said.

Bob Payne, Jaycee president, presided over the luncheon meeting, attended by about 80 civic club members.

## National Recognition Is Given Meadow Farmer

By CHARLIE MAPLE  
NEWS Staff Writer

A 19-year-old Meadow youth who makes up for his lack of age with hard work, this week was named to receive the American Farmer degree for more than five years of work in Future Farmers of America.

Charles Ray Smith, who farms 11 miles northwest of here, was named as one of 30 Texas youths to receive the honor on the eve of the National Convention held in Kansas City, Mo.

Smith, who won the Lone Star Farmer degree in 1955, was elected for his outstanding record in FFA during the last five and one-half years. He has been a member of FFA about six years.

Minimum requirements for American Farmer degree include the Lone Star degree; five and one-half years in FFA; a complete set of records during the required period, and the candidate must make \$1,000 profit per year from projects with improvement indicated.

The young Terry farmer, who began on his own less than two years ago, tallied \$10,000 profit on projects dur-

ing the five and one-half year period.

Smith also was selected as one of 17 Texas youths to receive the Santa Fe Railway award, an expense-paid trip to the Kansas City conclave. However, he was unable to attend because he is in the midst of cotton harvest.

Smith rents 320 acres of land from his father, D. R. Smith Jr. The farm, which has one well, grows 120 acres of cotton and 200 acres of maize. "I hope to rent another one-half section by next year," he said.

Though he has not completed harvest this year, Smith said his dryland maize has averaged 1,200 pounds per acre and 2,200 on irrigated land. Dryland cotton averaged about one-third bale on the first picking and irrigated cotton is hitting about one-half bale.

Smith said he felt pretty good about his results because he

## Jim Foy Winner In Football Contest

Winner of the Football Contest for Oct. 19 was James A. Foy of 702 East Oak, who named 11 correct winners out of a possible 15. He also called the score, Tech 13, Baylor 21.

Correct score: Tech 13, Baylor 15.

Low man on the totem pole of contestants was James A. Cloe of Route 1. He guessed 7 correct winners.

High woman "picker" was Penny Collum, daughter of Mr. and Mrs. Joe Collum of 1203 East Lons. She picked 11 winners and guessed Tech 13, Baylor 14.

Low woman picker was Mrs. Charles E. Bartley of Route 1, with 6 correct.

## Kingdom Beyond Castle Is WSCS Study Topic

The W.S.C.S. met in the parlor of First Methodist Church Monday afternoon to complete their study, "The Kingdom Beyond Castle."

The "Week of Prayer and Self-Denial" program will be at the Fellowship Hall of the church at 10 p.m., Monday. Those attending are asked to bring a sack lunch.

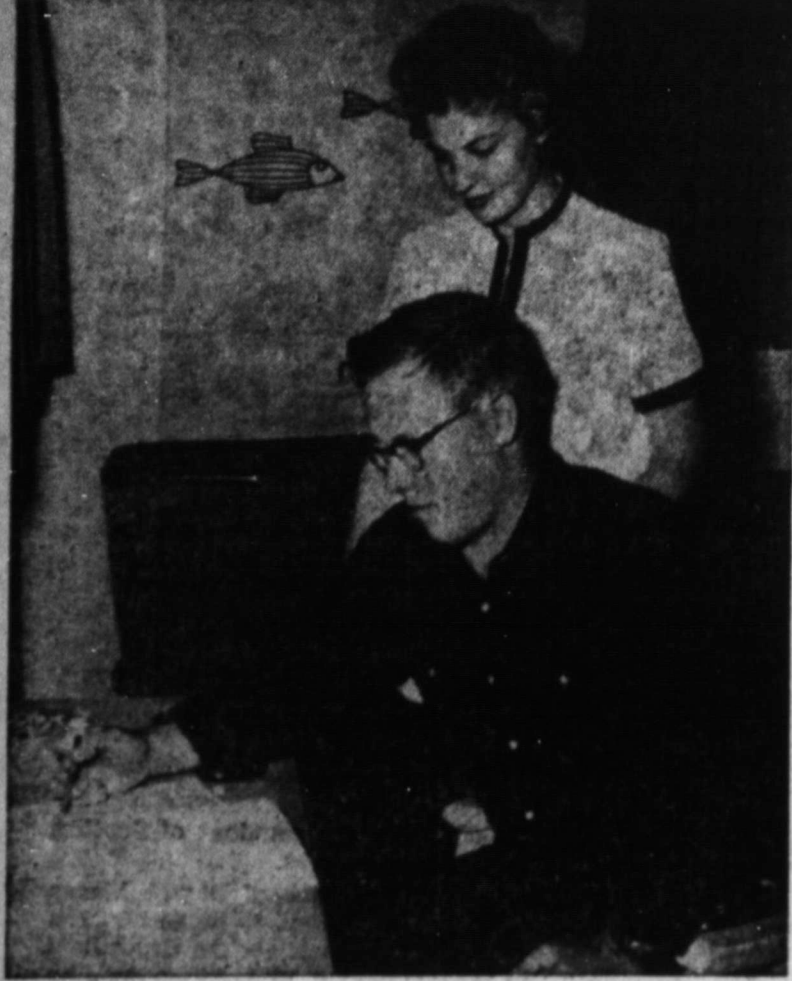

**IN THE PICTURES** — The women pictured above have done much to prepare for the fourth annual Flower Show of Brownfield Garden Club. The event will be held from 3 p.m., until 5 p.m., today in The Party House. From left in the left panel: Mrs. H. B. Thompson, Mrs. Mitchell Flache, Mrs. Virgie Travis, Mrs. J. C. Rhodes, Mrs. Joe Johnson. From left in right panel: Mrs. Ernest Latham, Mrs. Joe Jackson, Mrs. J. R. Hissom, Mrs. James King, Mrs. Lee Fulton. Not pictured is Mrs. Eulice Farrar, publicity chairman for the event. Theme of the show will be: "Artistry Thru Autumn Flowers in the Home."

**FARMING TEAM** — Mrs. Charles Ray Smith looks over her husband's shoulder as he prepares his farming records. He was named to receive the American Farmer degree this week for almost six years of FFA work.

still is in good shape throughout the county so long as there are no strong winds. "However, if it does not stop raining, some of the grain could sprout in the head," he added.

SCS officials said the weekend rainfall boosted the year's total well over Terry's 18-inch average. The total through Tuesday stood at 22.85 inches.

Farmers were not the only ones affected by weekend moisture.

School officials, beleaguered by a rising toll of illness, watched absenteeism climb even more as buses were forced to remain off muddy roads throughout the county.

J. L. Carroll, superintendent of Meadow schools, cancelled classes Monday when 142 of 338 students failed to report for class — most because of illness. "We hope to start again Thursday (today) if at all possible," said Carroll.

Wellman schools resumed classes Wednesday after closing at noon Friday with more than 25 per cent of the student body out with illness. "By giving the students a few days to stay home and receive medication, we hope to stave off the worst of the illness," said N. H. Fields, high school principal. However, a check Wednesday revealed the absentee toll still was high at the school.

Brownfield schools continued to operate this week despite a slight climb in absences. "We are running about 18 per cent absentees," said Delwin Webb, curriculum coordinator. "But, barring a full scale epidemic, it isn't likely that we will have to close schools ere."

Webb said he attributed about four per cent of the absences to muddy roads keeping students from school. "This means that we are about four or five per cent over the normal winter absentee rate," he added.

No report was available from Union schools.

dome and the lower-priced Firesweep, which was introduced last year, plus the Adventurer series.

The line will consist of 18 body styles, including four convertibles, the largest number ever offered by De Soto—and all featuring a completely new engine, among the other great improvements."

**DEGREE WINNER** — Charles Ray Smith, who farms 11 miles northwest of here, examines some of his cotton harvested before this week's rains set in. He was named to receive the American Farmer degree last week. (NEWSfoto)

**No. 1**

had to plant most of his crop two to three times and then had a bad mid-summer.

The degree winner, despite prospects for a good crop, faces the problems of many young farmers — obtaining necessary equipment without going too far in debt. "I'm just adding a little at a time without placing myself in too much financial strain," said Smith.

The 1956 Meadow High School graduate is married to the former Wanda Terry, daughter of Mr. and Mrs. W. Terry, who live 17 miles north-west of here.

INSTALLATION — Members of First Christian Church saw their new minister, the Rev. Marion W. Nilsson, installed during services Sunday afternoon. From left, those with roles in the event: Truett Place, Chairman of the First Christian board; the Rev. Mr. Nilsson, and the Rev. J. E. McDonald Jr., of Lubbock associate secretary (West Texas) of the Texas Board of Christian Churches. Mutual obligations of the First Christian congregation and the new pastor were discussed by the Rev. Mr. McDonald. The Rev. Mr. Nilsson was welcomed by the Rev. James E. Tidwell of First Methodist, speaking for Brownfield Ministerial Association, and benediction was said by the Rev. Ralph O'Dell of First Presbyterian. Other speakers were the Rev. Clifford Parker, president of District 2, and by Elder Herbert Ches-shir. Some 35 out-of-town friends and guests joined the congregation in the services, after which a reception was held in the fellowship room. (NEWSfoto)

### Summary of West Texas Oil Fields Published in Austin

Conditions in 112 West Texas oil and gas fields are summarized in a reference book just published by the University of Texas bureau of economic geology. Compiled over a six-year period by 104 geologists, "Occurrence of Oil and Gas in West Texas" was a cooperative project of the bureau and the West Texas Geological Society. Frank A. Herald, bureau geologist, supervised and edited the book.

Information, including location and structural maps and hole bore cross sections, covers discovery and exploration data up to May 1, 1957. Outstanding West Texas oil discoveries such as the Scurry and Yates fields are described in the volume, said Dr. John T. Lonsdale, bureau director. The new volume is the second in a series. The first, covering Northeast Texas, was published in 1951.

## BEHIND AMERICAN BUSINESS SCENES

### Housing Industry Still in Slump But Looking to 1958 As Boom Year; Seasonal Construction Upturn Predicted For Spring

By REYNOLDS KNIGHT Economic Analyst  
NEW YORK — The housing industry just about has given up the thought of going over the 1,000,000 new homes mark for 1957 but building materials manufacturers are looking ahead optimistically to 1958, with a seasonal construction upturn predicted for spring. They believe by spring an easier credit situation, plus a backlog of pent-up demand should put some zip into the home building industry, the weakest segment of the construction market. Other construction activity, including highways and related public works, schools, utility building and modernization activity of all kinds is expected to continue at high levels. It is the fix-up market which has taken some of the sting out of the housing slump, as far as the building material manufacturers are concerned. According to the Dept. of Commerce, while dollar volume of new home building ac-

tivity was down 12 per cent from last year during the first eight months of 1957, spending for additions and alternations during the period came to \$2.4 billion, eight per cent more than last year. QUALITY PRODUCTS SOLID — Manufacturers of quality materials such as ceramic tile continue to benefit by the increasing demand for homes that will need little refurbishing in a lifetime. The nation's ceramic tile industry has taken stock at the end of the first three quarters of 1957 and reports itself elated by three significant statistics: (1) ceramic tile now is being used on bathroom walls three times as much as any other waterproof material; (2) in the fast-growing kitchen counter-top business, ceramic tile is receiving 10 per cent more of the pie this year than last, and (3) ceramic tile now is used in 87 per cent of homes costing \$20,000 or more. The ceramic tile manufacturers are also cashing in on the sizeable school building programs expected to total \$15 billion between now and 1960.

THINGS TO COME — Now you can use power from the sun to light your cigaret. A solar lighter, a small aluminum disc with a coiled wire hold-in it in a few seconds when exposed to the sun's rays. . . . Conversation piece for the mathematically inclined is a novel tie clip which has a miniature, workable slide rule. . . . A do-it-yourself body conditioning unit takes up little space and is recommended for "Spot" reducing. BUYERS PROTECTED — Now a used car buyer almost anywhere in the country can be completely protected for a full year against cost of repair or replacement of major mechanical parts, under a plan announced by Universal C.I.T. Credit Corporation, the nation's largest independent automobile finance company. The program will be administered by The Car Warranty Corporation, a new subsidiary of C.I.T. Financial Corpora-

### Gen. Robert G. Gard Assumes Command Of Texas Military

AUSTIN (Spl) — Major General Robert G. Gard has assumed command of the US Army Military District of Texas with headquarters in Austin. As District Chief, General Gard commands over 88,000 Army reservists as well as all active Army personnel assigned to the district headquarters and 17 unit advisor offices throughout the state. He also is responsible for the administration, training, and supply of all Army Reserve units in Texas.

General Gard recently returned from Korea where he was Chief of the Joint Military Assistance Advisory Group. Prior to this assignment, he served as senior member of the United Nations Command component of the Military Armistice Commission in Korea. Entering the United States Military Academy at West Point from Texas, General Gard was graduated in November, 1918 and commissioned a second lieutenant of Field Artillery. Upon his graduation from the Command and General Staff College at Fort Leavenworth, Kan. in 1939, he was appointed instructor in the Field Artillery School at Fort Sill, Okla., where he served until 1943. During this assignment he went to the Middle East as a combat observer with the British Eighth Army between September and December 1942.

per cent rise over a six-month period in the estimate for the New York state section of the New England Thruway — up from \$60 million to \$96.2 million. . . . The magazine Computers and Automation estimates, as the result of a survey, that banks will spend over the next five years about \$200,000 for computers and data processing equipment for every \$100 million of deposits.

In May, 1944, General Gard assumed command of the 96th Infantry Division artillery and two months later accompanied the division to the Pacific Theater where he participated with it in the Leyte and Okinawa Campaigns.

Following World War II, he was appointed to the Military Tribunal which conducted Japanese war criminal trials in the Philippines. In 1949, he returned to the US Military Academy at West Point for the third time to become its treasurer. Previously he instructed cadets in English from 1926 to 1930 and was assistant professor of history from 1932 to 1937.

Among General Gard's decorations are the Silver Star for gallantry in action, the Legion of Merit, and the Philippine Liberation Ribbon with two battle stars.

### 55th Legislature Comes Under Scrutiny of Book

"The Fifty-Fifth Texas Legislature: A Review of Its Work" is a new University of Texas Institute of Public Affairs publication. The booklet contains a review of the session and summaries of bills and resolutions enacted, proposed constitutional amendments, bills vetoed, interim studies, and bills and resolutions not enacted.

### Texas Schools Find That Loan Library is Useful for Study

Public schools were the most active users of the University of Texas Package Loan Library during the past fiscal year, the library's 43rd year of operation. A total of 7,900 loans were made to 216 school libraries, while some 5,000 students, teachers and school administrators from schools without libraries asked assistance. In all, public schools used 14,508 package libraries, 62 per cent of the total borrowed during 1956-57. The library's annual report shows 22,693 package libraries (collections of pamphlets, periodical articles and other non-book printed materials) were assembled in response to requests for information on specified subjects. They were sent to libraries and individuals living in 682 localities in 244 of Texas 254 counties. Members of women's study clubs, church groups, parent-teacher associations and other civic clubs borrowed 4,305 package libraries and 311 collections of program planning materials. Borrowers who did

### New Film Available

A new film in color which tells the story of Texas Scottish Rite Hospital for Cripple Children was released this week, according to President John McKee of Dallas. Produced by PLAX Productions in association with Metro Enterprises of Texas, "A New Life Tomorrow" is a 16mm sound film, which in 20 minutes depicts how thousands of Texas boys and girls have been helped to lead healthy, normal lives. The film will be available for schools, luncheon clubs and other organizations, said McKee.

The Scottish Rite Hospital, founded at Dallas 34 years ago by Texas Scottish Rite Masons to provide treatment for children who otherwise would not receive aid necessary for rehabilitation, is open to crippled children of all faiths and creeds. "It is a Texas institution, supported by Texans; a quite spectacular accomplishment of which all Texans should be apprised and appreciative," said McKee at the previewing of the film yesterday. The film will be available through the office of Asher Mintz, secretary of the Scottish Rite Hospital at Dallas.

not identify themselves with any group or school used 1,454 package libraries on topics such as homemaking, consumer buying, hobbies and creative writing. Requests came from 23 counties which had no libraries within their boundaries and were entirely dependent on extension service, and from 25 counties with school libraries but no facilities for adults. Service also was extended to 79 county and municipal libraries, 24 college libraries, one military library and two hospital libraries to supplement resources.

RIGHT NOW take just a second to think about your insurance, because five minutes after a loss it can become the biggest thing in your life. And call us if you have any questions. There's not the slightest obligation. Robert L. Noble Agency Phone 4181 Brownfield, Texas 406 W. Broadway

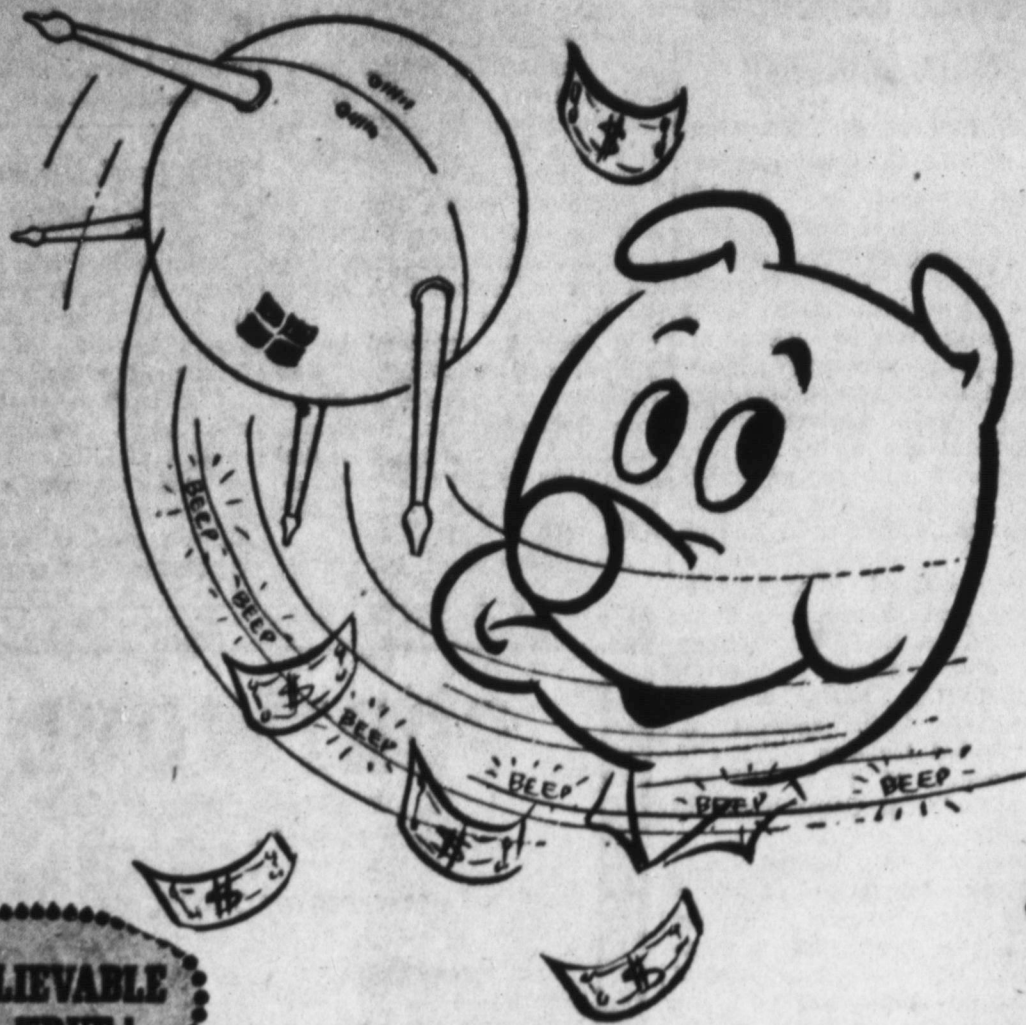

Jack Bailey Chevrolet advertisement featuring a 'USED OK CARS' logo and listing four vehicles: 1955 Ford 4-door for \$1295, 1955 Ford Ranchwagon for \$1295, 1953 Chevrolet 4-door for \$795, and 1956 Chevrolet 4-door for \$1495. A 'BIG DISCOUNT' banner is also present.

John Deere advertisement for the 'JOHN DEERE 2-WAY DISK PLOW FOR GOOD WORK!'. It features an image of a tractor with a disk plow and text describing its engineering for superior work in tough, compacted soils. The ad is for Kersh Implement Co. at Seagraves Road.

Lindsey's advertisement for 'Vented Wall Heaters'. It features an image of a heater and lists benefits such as 'EXPERT INSTALLATION', 'COMPLETELY AUTOMATIC', and 'GLASS-LINED HEATING ELEMENT'. Prices are listed as \$94.95 for 35000 BTU, \$69.95 for 20-Gal. Glass-Lined, and \$79.95 for 30-Gal. Glass-Lined. A 'Carload Buying' price of \$49.95 is also shown.

**HE'LL WEAR MORE NOW** — C. A. Winn, center, was one of several Terry County Farm Bureau members who came under close scrutiny for cotton wearing apparel at Tuesday's policy development session. Members were fined 10 cents for every article of clothing that was not made of cotton. Performing the inspection here are, from left, J. T. (Jake) Fulford and C. E. Bartley. Claud Buchanan points out non-cotton socks. (NEWSfoto)

## The Farmer's Wife

By ROSE JEAN HENSON

Every time we buy a ticket for the purpose of attending an event and particularly tickets that permit us to travel usually on one end there is a stub containing information found on the larger ticket. Most of the time there is printing which says "not good if detached".

This means that you must not detach the stub or your ticket stands a chance of being declared void. In a way, this ticket and stub principle expresses a very fundamental rule in life. Whether we realize it or not,

we are all attached to something and without that something most of us would become void.

"Not good if detached." No man lives to himself. The self-made man, so called, is usually a consummate egotist. Did he write the books and newspaper he reads? Did he paint the pictures that inspire him? Did he provide the educational and cultural advantages that his parents enjoyed and passed on him?

Did he provide the police force that guards him, the public health facilities that save him from epidemics, the government that protects him? Whether he recognizes it or not, every man owes an unpayable debt to the cultural environment in which he is nurtured. He surely wouldn't be of much good if "detached."

The man who refuses to attach himself to worthy organizations cripples his usefulness. Such worthy organizations as the Lions, Rotary, PTA—and if he be a farmer in this particular area, the Farm Bureau. Last and most important every man should be attached to the church that holds closest to his religious beliefs.

There is great power in organization. One drop of water is powerless but attach it to billions of drops of water, let it fall over Niagara Falls and it turns a turbine. The amount of electricity in a cubic foot of air is quite harmless but collect electricity from the air, send it through a copper wire

and it turns the wheels of industry.

The "umbrella ant" in South America is only about a half an inch long and an eighth of an inch wide. One ant is harmless but when it moves in colonies of millions it and its fellow destroyers uproot a garden in a matter of minutes, can sting a sleeping calf to death. Yes, there is power in unity.

One man organized is worth more than ten men unorganized. Our best citizens are those who are a part of our best organizations. Every businessman should belong to the chamber of commerce. It can and does do far more to improve better business standards than unorganized individuals can do.

One man railing out against juvenile delinquency can do little to remedy the situation. But if he will join his efforts with the Boy Scouts they will be more effective. There is STRENGTH IN UNITY.

In recognition of National Bible Week, it possibly will accomplish little more than call attention to a very few that it is National Bible Week. It is generally agreed that if all men adopted the broad principles of the Christian faith it would be a better world in which to live. I am not implying that we should all ban ourselves together under one church name though some seem to feel Christianity would accomplish more.

I can see nothing but chaos coming from such a movement. Some of my best friends

## Pharmacy Course Slated At Texas U.

Pharmacists, researchers and drug salesmen from over the nation will discuss latest advances in drugs and medicines at the sixth annual University of Texas pharmacy refresher course Nov. 15-16.

Discussion topics for the two-day course vary from "Marketing Trends" to "Recent Advances in Diuretics" and "Cardio-Vascular Therapy."

Speakers representing pharmaceutical research and sales will be Rudolph H. Blythe, Smith, Kline and French Laboratories research director, Philadelphia, Pa., and Owen J. Pecon, G. D. Searle and Company trade relations director, Chicago.

University of Texas staff members taking part will

belong to different churches (to which I belong) simply because they do not believe that way. They would be unhappy and I would be unhappy having them. However, we all read the same Bible, for the same purpose, and if my readers have read it long enough and diligent enough possibly you already know the following facts:

The Bible has in it 3,566,480 letters, 810,677 words, 31,175 verses, 1,189 chapters and 66 books. The longest chapter is the 119th Psalm; the shortest and middle chapter is the 117th Psalm.

The middle verse is the 8th verse of the 118th Psalm. The word AND occurs 46,627 times; the word "Lord," 1,855 times. The longest verse is Esther 8:9 and the shortest is John 11:35. In Ezra 7:21 are all the letters of the alphabet except the letter "j".

The Bible contains knowledge, wisdom, the mind of God, the state of man, the way of salvation, the doom of the sinner and the happiness of the believer. Its doctrines are holy; its precepts are binding; its histories are true, and its decisions are immutable. It contains light to guide us, food to support us and comfort to cheer us.

God was 2,500 years getting ready to write the Bible; 1,600 years writing it; and has been over 1,900 years fulfilling it. Forty men were employed in its making.

It was written by doctors, farmers, fishers, kings, shepherds, old, young, rich, poor, learned and unlearned. Indeed the Bible proves there is a voice that will be heard when it is organized — but first it must be "attached" to other voices.

This week National Bible Week — do not neglect your Bible. It is a mine of wealth and health to the soul and a river of pleasure. It is given to you in this life and will be opened to you at the judgement and it is established forever. If you have trouble understanding your Bible, II Timothy 2:15 is the key that will unlock the sacred Book to you.

Read your Bible; do not become detached from its truths. You will be a better person for having done so. You will notice it and so will your neighbor.

Dr. John Emerson Davis and Vernon A. Green, both of college of Pharmacy, and Dr. Bernice M. Moore of Hogg Foundation for Mental Health.

Pharmacy Dean Henry M. Burlage will welcome the group to the University and award certificates to participants.

Other Austin speakers will include Drs. Glevis Woodrow Cleveland and George Edward

Clark Jr., practicing physicians; C. J. M. Roesch, Texas Pharmaceutical Association executive secretary, and C. Lincoln Williston, Texas Medical Association executive secretary.

Representing the Dallas area will be R. C. Keppler, Hoffmann-La Roche, Inc., and George Raven and B. B. Brown, both pharmacists. Other speakers include J. A. Gaddis, Jr., Lederle Laboratories, Houston; J. A. Emmert, Burroughs-Wellcome and Company, San Antonio, and John R. Fowler, Memphis (Texas).

Information about the course may be obtained from Joe H. Arnette, College of Pharmacy, University of Texas, Austin 12.

Population center of Texas is near Waco in McLennan County.

In early geologic ages West and Northwest Texas was covered with the Permian Sea.

Total area of Texas' four National Parks is 1,716,964 acres.

**SNAILS APPARENTLY ARE GOOD WEATHER SIGNS**

**About Some Spondulics, Etc...**

By CARMEN DAVIS, NEWS Correspondent

**SPONDULICS . . .**

Paris, unable to organize a stable government, has put its trust in the "Sack," gown for milady, to capture world interest. Russia is sporting the very latest in moons with their "Sputnik." The U.S. Treasury, not to be outdone, has a new issue of "Spondulike," on which it proclaims its trust in God.

Have you given close scrutiny to your money lately, or has its passage through your hands been so rapid that there was no time to detect a change in its physical appearance?

This new currency issue, namely the One Dollar bill, at first glance resembles the one we long have cherished. Closer observation will reveal that its measurements differ. It is one-sixteenth of an inch shorter than the old bill. This would indicate there are more ways to shrink a dollar than through inflation.

George Washington's picture still graces the front of the bill, but the noteworthy new feature is the addition of the words, "In God We Trust," above the word "One" on the back.

With all the difference of opinion about government spending and the efforts to balance the national budget, it is a

satisfying feeling to know our Treasury Department trusts in God and openly tells us so.

**SNAILS . . .**

Have you seen any shell-bearing gastropod mollusks about lately? Snails to those of you who will need to consult the encyclopedia.

According to scientists, the existence of these small creatures in one locality or another is a clue to the pattern of climate changes on the earth.

Dr. Dwight W. Taylor of the U.S. Geological Survey, a specialist in the habits of the snail, has used them to prove that the present age is one of the hottest and driest in the history of the earth.

Types of snails found in cooler and wetter climates once lived in Kansas, as fossils of their shell testify. This leads to the belief that Kansas once had a much wetter climate than it now enjoys and that the snails either moved out or became extinct as the weather pattern changed.

Oil companies use snail as an index to oil reserves. They aid in the study of ground water potential. Their shells indicate the distribution and thickness of deposits that

might bear water.

With all the rain Terry County has had the past few months, perhaps the snails are preparing for a return engagement. This in a way could provide a new industry, as snails in many parts of the world are considered a gastronomical delicacy. The shell of the larger varieties also are used commercially for their mother-of-pearl as buttons and ornaments.

**TEAMWORK . . .**

For all the coaches throughout the country who are fast becoming aspirin addicts, because of the failure of their teams to cop the laurels, a Washington correspondent suggests that they could well take a look at the team work used by Queen Elizabeth II and Prince Phillip.

The queen of course is the star quarterback of the royal team, but Phillip is the one who handles the complicated job of broken field running. No matter when or where the queen decides to make a pass, Phillip is always there to receive the ball. This he does with such grace and ease that to the casual onlooker it is not aware that he has moved.

But then who has a queen on their team? It might be an incentive to add one.

**STYLE . . .**

A timely tip to the ladies. The fashion trend for this fall and winter, according to German experts, is that milady will be sporting fur in great profusion on her costumes.

**AT RECEPTION** — Trio pictured above took part Sunday in the reception following installation of First Christian Church's new minister, the Rev. Marion W. Nilsson. From left: Mrs. E. D. Ballard, veteran member of First Christian congregation, and Mrs. Nilsson and her husband. More than 35 out-of-town friends attended the event. (NEWSfoto)

**Mrs. Cornelius Host To Las Amigas Club**

The Las Amigas Bridge Club met with Mrs. Terry Cornelius at her home at 208 East Tate Wednesday evening. Mrs. J. T. Hoy took high and Mrs. Frank Ballard second high. Mrs. Wilson Collins and Mrs. Joe McGowan took bingo prizes.

Refreshments of angel food cake and coffee were served to the following guest: Mrs. McGowan, Mrs. Mike Barrett, Mrs. Sam Teague, and Mrs.

Walter Hord; and members: Mrs. Ballard, Mrs. Collins, Mrs. Lal Copeland, Mrs. Hoy, Mrs. A. M. Muldrow, Mrs. Orb Stice and Mrs. Kenneth Watkins.

**Brownfield Student Is A Winner in Contest**

A young Brownfield winner in a recent contest conducted by the Doughnut Corporation of America was Linda Martindale, daughter of Mr. and Mrs. J. W. Martindale of 305 North Fifth.

A student in the fourth grade at West Ward, Linda wrote a four-sentence description of why she liked "Popsicles." Her prize was a miniature helicopter, one of a number of prizes awarded.

**C. B. Barnett's Hosts To Bridge Club Here**

Mr. and Mrs. C. B. Barnett of 1111 East Buckley entertained the Couples Bridge Club Monday evening. The Halloween theme was carried out in decorations and refreshments.

Those attending were Mr. and Mrs. Herbert Chesshir, Mr. and Mrs. V. P. Patterson, Mr. and Mrs. Harry Cornelius, and Mrs. Gertrude Lowe.

Guests in the Jack Bailey home at 1010 East Tate are Mrs. Milton Hughes of Denver and Mr. and Mrs. D. G. Hart of Oklahoma City. Mrs. Hughes also is visiting her mother, Mrs. M. G. Tarpley of 716 East Broadway.

A law was passed in 1884 making fence-cutting a felony in Texas.

**HELD HERE AND AT LUBBOCK LAST WEEK**

**Miss Sandra Sherrill, Bride-Elect, Honored Guest At Series of Parties**

A series of parties last week were courtesies to Miss Sandra Sherrill of Lubbock, bride-elect of James P. Walker of Brownfield.

On Oct. 15, a lingerie shower in the home of Mrs. John V. Shropshire of Lubbock honored Miss Sherrill.

Miniature pieces of lingerie were suspended from a clothes line of ribbon. Blue daisies and white roses, lighted by white tapers, marked the serving table.

Miss Winn Sherrill, sister of the honoree, registered guests, including Mrs. Prentice Walker of 617 East Tate, mother of the prospective bridegroom, and Mrs. D. W. Sherrill, mother of the honoree.

**Second Shower Given**  
During the hours of 5:30 and 7:30 p.m. October 18, a miscellaneous bridal shower complimented Miss Sherrill in the home of Mrs. Carl Ratliff of Lubbock. Other hostesses were Mmes. James E. Ellis, C. N. Hallmark and C. K. Cunningham.

In the receiving line were Miss Sherrill and her mother, and Mrs. Walker. Miss Jill Walker, sister of the prospective bridegroom, presided at the guest register.

The serving table was laid with a lace-trimmed white net cloth with white satin bows at the corners. Centering the table was an antique branched candelabra bearing white tapers and cupid scrolls of satin ribbons lettered with names of the engaged pair. White and green bridal wreath entwined the candelabra and were placed in the corner bows.

the corners. Centering the table was an antique branched candelabra bearing white tapers and cupid scrolls of satin ribbons lettered with names of the engaged pair. White and green bridal wreath entwined the candelabra and were placed in the corner bows.

**Mamye Terrill Will Represent Tau Phi**

Mamye Terrill will represent Brownfield Tau Phi Chapter of Beta Sigma Phi in the sorority's international contest for Valentine Queen.

Some 5,500 chapters are eligible to submit candidates, from which two will be chosen queens and one as princess to reign for the 1957 season.

A prominent male movie star will select a queen from the Ritual of Jewels entries and the Exemplar chapter division. A princess will be picked from the Nu Phi Mu classification.

Photographs of the winning contestants will be featured on the February cover of "The Torch," official monthly magazine for the sorority. The chapters sponsoring the queens and princess will receive a \$50 cash award.

**Theme Is Blue-Gold**  
Alternating at the refreshment table were Mrs. Don Furr of Lubbock; Mrs. Homer E. Thompson of Morton, aunt of the honoree; and Mrs. James Roberts of Tahoka, aunt of the future bridegroom.

A dinner given at 6 p.m., Oct. 19 at Lubbock Country Club honored the engaged pair. Hosts and hostesses were Mr. and Mrs. Roy Davis of Lubbock and Mr. and Mrs. Gordon Cobb of Seminole.

A blue and gold theme was used in decorations and favors and table decorations were football chrysanthemum corsages. A hostess gift of a service of stainless steel flatware was presented the couple.

Among the 30 guests attending were Mr. and Mrs. Walker and Mrs. J. K. Applewhite of Tahoka, grandmother of the prospective bridegroom.

**Marguerite Sheeke, Allee Frazier Wed**

Miss Marguerite Sheeke and Allee Frazier were united in marriage at 1:15 Wednesday, Oct. 16 in First Methodist Church with the Rev. James E. Tidwell officiating.

The bride wore a blue suit with white accessories. Her flowers were white carnations. Mrs. Frazier is from New Hampshire and the groom is from Lubbock.

After a trip to points in Texas the couple will go to Inglewood, Calif., where they plan to make their home.

**"SOC" EDITOR** — In newspaper parlance, items relating to "society" are called "soc" (s-o-c-k) items. New soc editor — or woman's editor — of the Brownfield NEWS is Klydie Scudday, pictured above at the desk which she took over Monday. For the past two years, the NEWS has had only a part-time woman's editor. Klydie will fill the post full time.

for November 4

## Meadow News

Mr. and Mrs. Newell Reed of Brownfield and Mr. and Mrs. Joe Burleson and daughter, Harriett, and Mrs. J. M. Burleson spent last weekend in Ruidoso, N.M.

Mr. and Mrs. Richard Cheek and daughter of Lubbock visited in the home of her sister and family, the Edd Kirks, over the weekend.

Mr. and Mrs. J. H. Gober, Mr. and Mrs. Roy Gober and Mr. and Mrs. Ray Gober have returned home from Pagosa Spring, Colorado where they were deer hunting.

Mr. and Mrs. Paul Castleberry of Borger visited in the home of their mother's, Mrs. Dot Castleberry and Mrs. Bulah Hart, last Wednesday.

Little Randy Gober spent a few days in the home of his uncle and aunt, Mr. and Mrs. Joe Edwards, of Clovis, N.M., while his parents were deer hunting.

The W.S.C.S. met at the church Monday afternoon and finished the study on Japan. Mrs. John Cadenhead taught the study.

Mr. and Mrs. Sorrell of Snyder spent the weekend in the home of their daughter and family, the Winfred Tuckers, Methodist Church Sunday morning. Mr. and Mrs. Roy Gober visited her mother, Mrs. A. R. Issacs, in the Treadaway-Daniell Hospital Monday.

Sunday was Laymens Day at the Methodist Church. Roy Gober, lay leader, had charge of the program. Those taking part in the program with Gober were Joe Burleson, Jesse Brooks, and Winfred Tucker.

Visitors in the home of Mr. and Mrs. J. H. Gober Sunday were Jimmy Castleberry of Lubbock, Kenneth Mangis and Mr. and Mrs. Roy Gober.

Mr. and Mrs. Tom Hodges of Silverton and Mr. and Mrs. Aubry Castleberry of Morton and Jimmy Castleberry of Lubbock visited in the home of Mrs. Dot Castleberry last Friday.

Mrs. Bulah Hart spent last week in Brownfield visiting Mr. and Mrs. Tom Mitchell.

Mr. and Mrs. Elwood Caruth and family of Lubbock were supper guest in the home of his mother, Mrs. L. J. Caruth, Sunday. Elwoods sister, Mrs. Estell Work who had been visiting in Lubbock, returned home with them.

Allene Curtis has returned to her home in Bakersfield, California after spending two months in the home of her parents, Mr. and Mrs. Arthur Curtis and family.

Mr. and Mrs. Tod Boyd and Mr. and Mrs. Virgil Cryer visited Mr. and Mrs. Perry Boyd in Brownfield Sunday.

Mr. and Mrs. Burleson and Mrs. Joe Burleson were honored with a birthday dinner in the home of Mr. and Mrs. Newell Reed in Brownfield last Sunday.

Mrs. H. B. Thompson of 821 East Cardwell returned Saturday from Yuma, Ariz. She has been with her sister, Mrs. Andy Edwards, who has been critically ill. The sister's condition is much better now, said Mrs. Thompson.

## Botkins And Adams Wed

Miss Claris Carron Botkin and Jerry Don Adams repeated marriage vows during a ceremony Sunday afternoon in First Methodist Church. The Rev. James E. Tidwell officiated at the double-ring rites.

Mrs. Adams is the daughter of Mr. and Mrs. Roy T. Botkin of Flat. He is the son of Mr. and Mrs. A. V. Adams of 401 East Tate.

The bride, given in marriage by her father, wore a knit suit with black accessories and a white orchid corsage. Mr. and Mrs. Euvell Wilson of Lubbock attended the couple.

A reception was held at the home of the groom's parents following the ceremony.

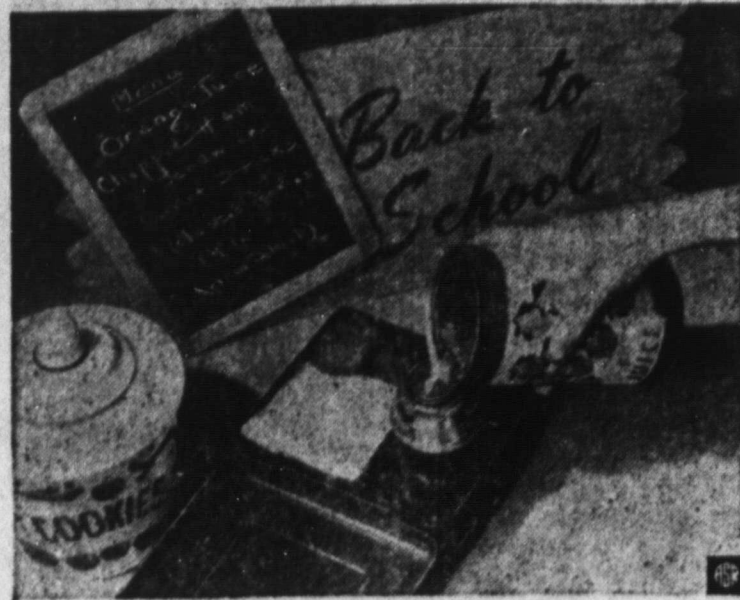

The couple will make their home in Lubbock where both are attending Texas Tech.

Out-of-town guests here for the wedding were: Mr. and Mrs. Roy T. Botkin, Kyle and Ray of Flat, Mr. and Mrs. Vestea Botkin of Tahoka, Mr. and Mrs. Johnnie Davidson of Lubbock, Mr. and Mrs. H. T. Dietz, Mrs. Wesley Patterson, Donna and Sharon, Mrs. Ed Griffey, and Mr. and Mrs. Fred Adams, Fred Jr. and Joyce of Crandall and Bill Cooke of Denton.

Mrs. Cecil Smith of 321 West Tate and Mrs. John Kendrick of 1306 East Broadway were in Dallas last week to attend Grand Chapter, Order of The Eastern Star, Mrs. Smith is Worthy Matron of the local organization.

Texas has averaged 14 tornadoes a year since 1916.

## First Lesson: 'C' Is for Citrus

School days mean more lunch boxes to pack and more lunches eaten away from the careful supervision of Mother, which behooves her to remember how important a well-balanced mid-day meal is to the welfare of youngsters.

A sturdy squat thermos jug filled with flavorful Florida orange juice is a good and universally popular first course for a lunch box meal. Most schools have milk available, some have orange juice, but if your child's does not, practice this easy health insurance. Chill the small thermos, then fill with fresh, frozen or canned Florida orange juice, full of vitamin C. Canned frozen citrus juices are economical now, ideal for daily serving. Later on in the season you'll enjoy the fresh fruit.

Finish out the lunch box menu with a protein sandwich, such as chopped ham, egg or cheese combinations, carrot sticks for a crunchy yellow vegetable, and molasses cookies to satisfy the little sweet-tooth.

## Gala Bridge Group Meets on Tuesday

Mrs. Troy Noel took high honors when Gala Bridge Club met with Mrs. Herbert Ches-shir Tuesday evening in her home at 901 East Tate.

Second high went to Mrs. R. N. Lowe. Mrs. Eddie Ballard and Mrs. Clovis Kendrick took bingo prizes. The Halloween motif was carried out in house decorations.

Fresh apple cake and coffee was served to Mrs. Eddie Ballard, Mrs. Frank Ballard, Mrs.

Coy Burnett, Mrs. Harry Corneli-us, Mrs. Lowe, Mrs. Harlan Glenn, Mrs. Noel and Mrs. Kendrick.

Mrs. Leonard Chesshir of 707 East Buckley will entertain the club Nov. 12.

Texas ranks first among the states with railroad track mileage—some 21,500,000 miles.

## Challis News AO Study Club Has Guest Day Tuesday

By MAE HENDERSON  
NEWS Correspondent

Mr. and Mrs. Loyal Henson and Kathy visited their son and his wife, Mr. and Mrs. Jerry Henson, of Lubbock Wednesday. They visited other relatives in Lubbock also.

Guests in the W. J. Henderson home Sunday were the Rev. and Mrs. Frankie Ramey, T/Sgt. E. S. Henderson, who has been stationed at Big Spring for several years, is scheduled to leave for Korea Nov. 19. Mrs. Henderson and sons have moved to Hobbs, N. M., for the time.

The Rev. Frank Raimey held service here Sunday morning. Because of small attendance due to sickness and rain Sunday evening services were dismissed after prayer by the Rev. Mr. Raimey.

Mrs. Loyal Henson was hostess to the Meadow-Challis Home Demonstration Club Tuesday. The vice-president, Mrs. Henderson, presided over the meeting. Mrs. Price gave a devotional from Romans.

Roll call was answered with, "How I rid my house of some pests" Mrs. Henson read the minutes. Mrs. T. C. Pettigrew was elected most outstanding club woman of the year. First aid was discussed and demonstrated by Mrs. Simmons.

Those present were: Mrs. R. D. Moore, a new member, Mrs. W. J. Moss, Mrs. F. H. Finley, Mrs. L. P. Price, Mrs. E. N. Corley, Mrs. F. H. Joplin, Mrs. Pettigrew, Mrs. W. J. Henderson, Mrs. Ira Carson, and Mrs. Joe Henson.

Refreshments of cake, coffee, and cokes were served. Mrs. Earl McCutcheon will be the next hostess for the meeting November 5.

Mrs. Tommy Hicks greeted members and guests when Alpha Omega Study Club observed guest day at their meeting Tuesday afternoon at Sel-eta Jane Brownfield Club-house.

Mrs. Curtis Sterling directed a skit, "A Comedy of Errors." Taking part in the play were: Mrs. Bill Cope, Mrs. A. J. Geron, Mrs. Grady Goodpasture, Mrs. Jack Cleveland, Mrs. V. L. Patterson, Mrs. M. R. Paddock, Mrs. E. H. Far-rar, Mrs. E. Y. Wilder, Mrs.

Earl Jones and Mrs. Ben Christopher.

An arrangement of fall flowers in a wicker basket served as a centerpiece for the table. Pumpkin chiffon pie with whipped cream and coffee was served to 40 persons by the hostesses: Mrs. Marion Bowers, Mrs. Jake Gore and Mrs. Lee Brownfield.

First automobile was driven over Texas roads by Col. E. H. R. Green of Terrell in 1899.

### Bridge Club Hostess Is Mrs. Earl Carroll

Mrs. Earl Carroll of 216 South Second entertained the Tuesday Night Bridge Club. Mrs. Kareen Haylube and Mrs. W. F. Frymire took the high score prizes. Mrs. Bobby Jones took consolation. Refreshments were served to Mrs. J. W. Fitzgerald, Mrs. Gene James, Mrs. Jones, Mrs. B. M. Copock, Mrs. C. L. McClendon, Mrs. Johnnie Harrison, Mrs. Frymire, Mrs. Jean Smith, Mrs. George Burt, Mrs. Lester McPherson, Mrs. Kenneth Browning, Mrs. Ray Tippit and Mrs. Haylube.

Texas' natural gas provides fuel for 35 states and two foreign countries.

DR. JOE E. WOODS

### Dr. Joe Woods To Practice Optometry

Dr. Joe E. Woods has assumed his duties as optometrist at Swart Optometric Clinic, 516 West Broadway. He is a Longview High School graduate, Kilgore Junior College graduate and holds his degree from the University of Houston College of Optometry. Dr. Woods has been with the Armed Forces the past two years, stationed at Brooks Army Hospital in San Antonio. Dr. Wood's wife, Christine, also attended Kilgore Junior College. Their son, Mark, has celebrated his first birthday since his arrival here. They are making their home at 1310 North A. Dr. Woods is a member of the Baptist church, and Mrs. Woods is associated with First Christian.

### Scott Doss Is Feted By Birthday Party

Mrs. T. S. Doss Jr. honored her son, Scott, Saturday with a party at The Party House. The occasion was his seventh birthday. Taking prizes in the games played were Georgeanna Askew and Calvin Steele. Color books and crayons were given as favors. Mrs. Pate Collier assisted Mrs. Doss. Those attending were: Gene Johnson, Kimborlee May, Arthur Ames Flache, Betty Ann Bell, Frankie Knox, Claudette Collier, Joe Henderson, Sharon Doss, Steve Knight, Donna Jean Bell, Tommy Jones, Carole Gassch, Calvin Steele, Elna Rse Christopher, Karren Doss, and Georgeanna Askew.

### Homer Barnes Elected To Sanitarians' Group

Homer Barnes, city-county Sanitarian, Monday was elected to the advisory board of West Texas Association of Sanitarians during a meeting of Regional Public Health Assn. in Lubbock. Other members of South Plains Unit attending the meeting were Mrs. G. V. Ellis, clerk, and Mrs. Lewis Simmonds, public health nurse.

### TO ENTERTAIN OVERSEAS TROOPS

## Cowboy Band Slated To Go Globe-Trotting

ABILENE—The Hardin-Simmons University Cowboy Band will go globe-trotting again this year during the Christmas holidays, announced university officials Friday. The band will tour Iceland, the Azores off the coast of Africa and Bermuda for three weeks during the Yule season with the Military Air Transport Services of the United States Air Force. The band will play before U.S. servicemen stationed at overseas bases. Dr. William S. Mathis, dean of the Hardin-Simmons school of music, made the announcement. Marion B. McClure, who went to Europe with the band as a student in 1930 on its first overseas engagement, is director of the band. "This overseas trip by the Cowboy Band for the Military Air Transport Service represents another milestone in the history of the Hardin-Simmons Cowboy Band," said Dr. Mathis. "As in the past, we consider it a privilege and an honor for the band to be selected for entertainment for the American personnel overseas," he added. "In addition, the tour represents an educational opportunity of significance to the members of the band." The Cowboy musicians are slated to leave Abilene by special military air transportation on Dec. 14. The band will be gone 25 days returning to the campus on Jan. 7. "A special mission aircraft," McClure said, "will stay with the band all the way." An itinerary for the trip will be worked out later added McClure.

"We will present variety concerts," the band director pointed out, "with Christmas selections and New Year's music included in the program." Cowboy Band members were jubilant over the announcement. The trip will mean the first airplane ride for many and, of course, their first trip overseas. A total of 30 persons from Hardin-Simmons are expected to make the trip. A roster of handsmen will be composed later, McClure said. Arrangements for the Christmas tour were begun by McClure as early as October, 1956. Confirmation of the trip was received only late this week by university officials. The Christmas tour will be the third overseas engagement for the Cowboy Band since its organization in 1923. The fast-marching band went by ship to Europe in 1930 visiting England, France, Belgium and Holland. Then in December of 1952 and January of 1953, the band toured Iceland, England, France, Germany, Austria and Italy.

One-third of the U. S. oil production since 1859 has been in Texas.

QUIZZING CONGRESSMAN — George Mahon, left, congressman of 19th District, received more than a little quizzing on congressional activities when he appeared Monday before a joint meeting of Brownfield Jaycees, Lions and Rotarians at The Party House. Talking to Mahon are Kenneth Watkins, center, and Neil Thompson. (NEWSfoto)

### Mariners Club Sees Colored Slides, And Will Raffle Off Doll

The Mariners Club of First Presbyterian Church met last Friday. During the business session, Shirley Bendler showed the club a rag doll which had been presented by Pauline Snyder. They voted to raffle the doll off, using the proceeds for a welfare project. Bill and Pat Simmons, and Barry and Carolyn Welton will be in charge of working out the details for this project. After a devotional by Ellen Griffin, the program was turned to the Rev. Ralph O'Dell who showed colored slides of his trip to Philadelphia last year, and told something about each of the historical places pictured. He also explained the part the Presbyterian Church had in the founding of the United States. Refreshments of coffee and Halloween-decorated cupcakes were served by Jerry Kehoe and Barry and Carolyn Welton to guests Harvey and Evelyn Carson and to 15 club members.

### Safety Key To Spooking

Now that the haunting season is here again, little make-believe ghosts and witches are advised to see and be seen on Halloween. J. O. Musick, general manager of Texas Safety Association, asked parents, today, to help Back the ATrack on Traffic Accidents by cooperating with TSA through following a few simple rules to protect their own little spooks. We want our youngsters to be a treat and not a trick to drivers," said Musick. "In the first place, they must see, and see well. Many false faces limit the vision of anyone wearing one—makes it hard to see approaching cars. "I strongly advise parents to help the kids disguise their faces by using makeup. Rouge, lipsticks and eyebrow pencil can do an amazing job of painting weird and funny faces on freckle-faced and rosy-cheeked boys and girls." Musick also stressed the importance of being seen. He appealed to parents to see to it that the youngsters wear costumes made of light-colored or reflectorized material. These precautions aid drivers in seeing the trick-or-treaters, should they dart into the street. "Actually, the best Halloween traffic accident prevention is to keep children off the street at night," said Musick. "Of course, this is not an easy thing to do. But parents can get together and arrange indoor parties at community centers or in their homes. Those parties will keep our make-believe spooks from taking the chance of becoming honest to goodness ghosts."

**STUDIES IN CONTRAST** — The picture above captures something of the spirit and hard work of the oil industry. The Navajo shepherd astride his pony is gazing at a drilling rig, which have become increasingly numerous in the promising Four Corner area, comprising parts of New Mexico, Arizona, Utah

and Colorado. In this area, temperatures range from 120 degrees above to 30 below zero. At some points, the terrain is so rugged that driving 1 mile as the crow flies may involve covering 50 miles of twisting mountain terrain. (HUMBLEfoto)

**'WHERE THE HORNE TOADS OUGHT TO CARRY WATER!'**

**Four Corners--Site of Huge Search for Gas**

One of the most rugged and windswept areas encountered by Humble Oil & Refining Com-

pany in its search for oil is the northwest corner of New Mexico.

Farmington, where someone remarked that the horned toads ought to carry water, is Humble's most western marketing outpost and headquarters for its operations in northwest New Mexico and the Four Corners area.

The Four Corners is a region of feverish oil activity centered around the point where Arizona, Utah, Colorado, and New Mexico are joined.

In the Farmington District, Humble is after natural gas — and there's plenty to take. Beneath this area lies part of the San Juan Basin, holding a natural gas reserve estimated at 17 trillion cubic feet. There is

some oil, but the gas is predominant with more than 2,300 gas well completions so far by the many operators in the vast Basin.

The presence of gas in the region has been known for half century. But gas is worth only what it can be sold for. There must be a market. Until a pipeline was completed in 1951, there was little market.

There were many obstacles in laying pipe in a region so craggy that it can take a motorist three hours to go on one airline mile. Two of Humble's wells in the region, a crow-flight apart, are separ-

**"Down Wellman Way"**

Hello! Everything has settled down now at Wellman High School, and the six-week tests are over. Everyone received his report cards Wednesday. How were the results? Ask the seniors!

School was dismissed Thursday for the Harvest Festival at Brownfield, and we hope that everyone had a fine time.

Wellman was defeated Friday night by Pettit, and though we lost we are proud of our boys.

It is time for all good mothers of the sophomores to start cleaning closets, because the sophomores plan to have a rummage sale soon on the courthouse square at Brownfield.

Concession stand for the Wellman-Pettit football game was operated by the FHA girls, and the profit amounted to \$27.15.

Because of bad weather Saturday a week ago, the freshman car-wash was postponed.

Tommy Loe and her family went to Lubbock on Monday to move Mr. Loe's father to a Lamesa hospital.

We are happy to have Bette Brubaker back with us after her stint in the hospital. Welcome back, Bette.

The basketball girls went to Brownfield on Tuesday for physical check-ups.

Jimmy Rex is the proud uncle of twin girls born to La Rue and Charles Scheller.

Mr. and Mrs. A. S. Loyde of Gulfport, Miss., are visiting in the home of their daughter, Mrs. Clyde Strong. Mr. Strong is junior high school coach.

The FHA girls met last week to elect committees for the 1957-58 year. They were: Tootsie Hawkins, social committee; Pat Bottoms, recreation committee; Bette Brubaker, degree committee; Sammie Adair, finance committee, and Georgia Faught, publicity committee.

The girls are gathering Christmas cards to send to the state hospital. The chapter mothers who have been elected to serve for the coming year are Mrs. Ora Ingram, Mrs.

Nelta Loe, Mrs. Fay Hulse, Mrs. Ozella Hill and Mrs. Louise Adair.

The junior high school boys are changing from six-man to 11-man football. They began their workouts this week.

Officers for the seventh grade are as follows: Charles Porter, president; Ronnie Sullivan, vice president; Betty Adair, secretary, and Elizabeth Falls, reporter.

Clyde Watkins is in Dallas for medical examination, and Wayne Abbott had a birthday last week.

The first-grade students are enjoying their reading now, because they have new readers. The third-graders have a show exhibit in their room.

This is a time of "ifs." We wonder if Wellman will win the game Friday night. We wonder if the freshmen will pass English 1, and if Travis got that date. We wonder if Carroll passed plane geometry, and if Buddy made it home Saturday night. We also wonder if Dan ever thinks that the teacher might be right.

Wellman High School songs: Winston Livesay, "Let's Have a Picnic;" Mae Smith, "Love Letters in the Sand;" Anna Lee Morton, "Whispering Bells;" Sammie Adair, "Just Because;" Barbara Watkins, "French Heels;" Gary Smith, "Searching;" Le Wayne Rowden, "I Hear You Knocking;" Curtis Morton, "Red Cadillac and Black Mustache;" Ta Juana Huls, "Secret Love," and Billy Rich, "Got a Lot of Living To Do."

See You Next Week, The Two Anns

**Brownies Prepare For Halloween Fete**

Members of Brownie Troop 309 made felt pumpkins and cats for Halloween costumes during their meeting at the Little Scout House on Friday.

The group also made plans to hold a Halloween party at the next meeting. Refreshments were served by Vickie Daugherty to the following members: Kaye Boroughs, Jane Priest, Gladys Noel, Claudine Peters, Nina Ruth Williams, Sharon Sue Doss, Sheryl Franks, Patricia King and Billie Hensley.

Troop leaders are Mrs. J. D. Williams and Mrs. Carl Peters.

One of Texas' earliest advocates of soil conservation was Howard Duke, who terraced his Newton County farm in 1882.

ated in motor travel by 51 miles of twisting road.

Winter temperatures frequently skid to 30 degrees below zero, making roads impassable with snow and ice and all but halting drilling activity. Water sometimes must be trucked in to supply the rigs, adding thousands of dollars to the drilling cost. Thawing ice and snow make ground around rigs slippery as greased glass.

This rugged region has come to life in many ways under the beneficial economic impact of oil and gas activity. Farmington has become an urban center almost overnight.

In just seven years this community has become one of the nation's fastest growing, jumping from a population of 3700 in 1950 to a present population of more than 15,000. Oil and gas activity in this northwestern area and the southeast section of the state are aiding progress in New Mexico — known in the past as "The Land of Pretty Soon."

**KEEP THIS AD!**

Over 20,000 Arthritic and Rheumatic Sufferers have taken this Medicine since it has been on the market. It is inexpensive, can be taken in the home. For Free information, give name and address to P. O. Box 522, Hot Springs, Arkansas.

**Chapter Initiates 3 Into Eastern Star**

Brownfield Chapter 785, Order of the Eastern Star, met Tuesday night in Masonic Temple with Irma Smith, Worthy Matron, and Cecil Smith, Worthy Patron, presiding

Three new members were initiated into the order, and the Worthy Matron gave a report on Grand Chapter held recently in Fort Worth. Refreshments were served to

the 29 members attending by Ruth Steele, Lera Ellis, Hazel Holt and Mary Jennings.

More than 4,706,017 acres of Texas land are under irrigation.

## Fighting Raiders Still Lag in All But Statistics

Texas Tech, halfway through a 10-game schedule, has the reputation of playing far superior football than it did last fall, although the win-loss record is inferior to that of a year ago. Tech, taking a winless record to Tucson against Arizona, had a 1-4 mark halfway through the 1956 campaign.

Rushing and passing statistics back up the claims of those who think the Raiders have improved. Last year Tech was being outtrashed an average of about 60 yards a game—217 to 153, to be exact. This year, the ground yardage figure is nearly equal, with opponents making 225 to Tech's 217.

In total offense, however, Tech is ahead, due to superiority in passing. Outpassing its opponents 64 to 53, the Red Raiders are amassing a total offense of 282 yards a game while yielding 280.

So far, the Red Raiders have outgained three of their five opponents—Texas A&M, Louisiana State, and Baylor—and held second half leads over a trio—Texas Western, LSU, and Baylor.

Lack of manpower, occasioned by the presence of only nine returning lettermen has cost the Raiders in the closing stages of every game. The Raiders simply are too thin to meet a schedule including two teams, A&M and Baylor, rated in

the nation's top ten as the season started.

Big offense gun still is sophomore halfback Ronnie Rice of Lefors, whose 105 yards on nine carries against Baylor before being hurt in the third period fattened his yardage total to 264 on 26 tries for a 9.5-yard average.

Other leaders by department are: passing—quarterback Floyd Dellinger of La Vega, 14 completions of 35 throws for 174 yards; punting—quarterback Jerry Bell of Ballinger, 11 for 41-yard average; pass receiving—halfback Jimmy Knox of Graham and Gerald Seaman of Fort Worth, five catches each, for 63 and 53 yards, respectively; kickoff returns—Dellinger, four for 23-yard average; punt returns—Dellinger, 11 for 10-yard average; scoring—Bell, 14 points; interception returns—Bell and Vaughn, one each, for 23 and 9 yards; total offense—Dellinger, 111 rushing and 174 passing for 285 yards.

C. V. Campbell of 902 East Lake left Saturday for Wyoming, where he will spend a week deer hunting.

Texas' Longhorn cattle resulted from fusion of Moorish and French cattle with milk cows from the Atlantic Seaboard.

## Junior High Elevens Collide Here Tonight

Brownfield Junior High School teams will host Seminole in two games starting at 6:30 p.m. today at Cub Stadium.

The seventh graders, sporting a 3-2 record and an early season, 16-0, win over Seminole, will open action at 6:30. Second game on the twin-bill will pit eighth grade teams at 8 p.m. Brownfield eighth grade has a 4-1 record and a 13-7 victory over Seminole.

## Tech Faces Arizona U. At Tucson

Although Texas Tech's record at Tucson may indicate otherwise, the Red Raiders have had to do a lot more than merely show up to obtain a football victory there.

Tech's winless Red Raiders will be seeking the school's 10th win in 11 games (one was a tie) at Tucson, but many have been the close calls with the Wildcats there.

Four times the margin was a touchdown or less. And there was that 7-7 tie in 1936.

Much too close for comfort was that 19-14 triumph by the 1952 Red Raiders team. Tech rallied to go ahead 19-14 in the fourth quarter.

With 48 seconds to play the Wildcats gained a first down on the Tech 12-yard line. Three passes were broken up, and on fourth down Ken Cardella got as far as the eight before a desperation tackle nabbed him.

This is only the second winless Tech team to visit Tucson.

Vol. 20 Brownfield News-Herald, Thursday, Oct. 24, 1957 No. 68

## WEEK'S GAME . . .

Though early season reports indicated Pecos, this week's Cub opponent, would be a weak team this year, Saturday's tilt with El Paso Austin changed the picture completely. Scouts said the Eagles played Austin all over the field,

Last year's Red Raiders were without a triumph in four starts when they rallied to down Arizona 21-7.

That one mar on the Tech-Tucson record—the 7-7 tie in 1936—was gained with a Tech team that had already downed the Texas Christian University Horned Frogs, led by Sammy Baugh, 7-0.

Tech has won seven times and lost once at Lubbock to hold a 16-1-1 b'luge.

beating them everywhere but on the scoreboard—where it counts. Coach Charles Keesee said the Eagles are much like Colorado City in that they play a spirited game every minute without let-down.

Coach Elroy Payne, at Quarterback Club meeting Monday, noted the average high school team runs about 50 plays in the course of a game. "Pecos ran more than 80 plays against Austin before we ran out of paper for scouting notes," he said. "They four and five yard you to death—seldom making a long run."

Fans attending Friday's game likely will see a strong passing attack coupled with the Eagle ground game, barring continued wet weather. However, scouts pointed out that

See No. 1 Page 2

## Five Miners Make Bid For All-Border Honors

Five players on Texas Western's unbeaten Border Conference champions are making strong bids for all-Border Conference honors.

Three of the candidates were voted all-conference last year in an official poll of conference coaches by the conference commissioner. They are quarterback Bob Laraba, end Dick Forrest, the team's captain, and halfback Don Maynard.

Another, 200-pound tackle Dan Boyd, was named to the second team by the coaches' poll.

The fifth candidate, halfback Jimmy Bevers, was the team's leading scorer and rusher last year, and is leading the team's rushing this year while pressing for the top spot in scoring.

Laraba, a 195-pound junior from Niagara Falls, N.Y., made the honor team last year after changing from center. Laraba is the team's finest passer, is an excellent punter, and a strong, if not shifty runner. But his finest ability shows when the team is on defense, for the former center is one

of the finest linebackers in the game.

Maynard, fleet senior from Colorado City, still is the big man for the Miners, whether running, receiving passes or on defense. The Miners get double value from him when they use him for a decoy, for most teams will assign two men to cover him and leave themselves open for other players to go for yardage—an advantage which the Miners often have exploited.

Boyd, from Abilene, is the team's finest tackle. He is rangy, strong and smart—both on the football field and in the classroom. He is one of the top students in the school.

Forrest, captain from Carlsbad, N.M., is a 175-pound senior who is a demon on defense.

He is fast—which makes him doubly valuable as a pass receiver, but he shines most when the opponents have the ball. He can bowl over a 200 pound blocker to reach a ball carrier, and is deadly at rushing passers.

See No. 2 Page 2

## UNION UP-ENDS NAZARETH, 47-20

# Wildcats Take Fifth Straight

After trailing, 7-6, at the end of the first period, the Union Wildcats came to life in the final three periods to ramble past Nazareth, 47-20, in a District 2-B Six-Man game played at Dimmitt Saturday.

Displaying a strong defense, Nazareth held Union to four downs during the first half

while scoring the initial touchdown on a pass from George Huseman to Edwin Huseman. Huseman tossed to Louis Acker for the extra point.

Minutes later Alfred Newsom dashed 27 yards for the first Wildcat score. The try for point failed. Newsom's dash was set up by an 18-yard sprint by Wylie Kay. The TD marked the first of five scoring thrusts by Newsom during the game.

Early in the second period, Newsom dashed through for four yards and Union's second counter to climax a four-play, 43-yard march. Newsom added the point to give his team a lead that was never taken from them.

The Huseman to Huseman pass combination paid off again in the second period as Nazareth tied up the game. Their try for point was stopped.

The tie game was short-lived however, as Kay dashed for 50 yards and the touchdown on the first play from scrimmage after the ensuing kickoff. Newsom added the point on a running play to make the half-time score, 20-13.

On the first scrimmage play of the second half, Kay dash-

ed around end for 45 yards and the touchdown. Newsom again added the point and Union had their margin of safety.

Minutes later, after the Wildcats had been set back to their five-yard line by successive 15-yard penalties, Newsom skirted his end for 75 yards and a touchdown behind perfect blocking. Kay ran the extra point.

The 'Cats scored their sixth TD early in the final period, despite two more 15-yard penalties. Newsom going over from the seven. Kay again added the point and Union reserves took over.

Final tally came deep in the final period as Danny Huddleston scored from the 15-yard line on an end-around play.

Nazareth's final tally again came on the arm of Huseman as he tossed to Ronnie Hoeltling for the TD and then to Edwin Huseman for the extra point.

Despite a strong Nazareth defense in the initial period, Union rolled up 344 yards the final three periods while holding their opponents to 49. However Coach Kenneth Sams said Union's pass defense was woe-

fully lacking as Nazareth rolled up 109 yards on 12 completed passes in 25 attempts. Nazareth employed a spread offense.

Newsom and Kay again carried the brunt of the Union attack. Newsom averaged 12.2 yards per carry on 13 attempts and Kay totaled for a 14.5 average on 12 carries.

**CHRISTMAS IN OCTOBER** — This duo, representing Lindsey Hurdware, appears to be rushing Christmas slightly. They are Charles Wilks, left, and Bobby Pendleton.

**No. 1**

the Eagles will gamble where other teams seldom take any chance.

**ILLNESS, ETC . . .**

The Cubs, hampered by players just returning from the sick list, held practice sessions in the gym Monday and Coach Cox said he would continue to do so during this wet weather. "I can't take the chance of letting these kids get sick again by working in the rain, though we surely need some hard workouts," he said.

The team is back to full strength except for wingback Larry Meeks, who may be ready by Friday. Also a question mark is Ken Willis who was injured in practice last week.

**HUDDLE'S HUNCHES . . .**

Last week's predictions came out with the Huddle hitting five right, two wrong and one a week early for a .714 average. This brings the season's average up to .645—still rather poor for a prognosticator.

Last week proved rather poor all around as ol' Huddle had Meadow picked to beat New Deal. The only trouble was that we looked a week ahead of time. They play at New Deal this week. We also said this would be a homecoming here but now find our information was incorrect. Homecoming is slated for the Monahans game, Nov. 8.

Hoping to better our record, here we go on another merry-go-round of picks.

**Meadow over New Deal, 28-28.** We're stuck with last week's prediction and hope the Broncos come through.

**Pecos over Brownfield, 14-13.** We hope we are wrong on this one but illness and lack of hard practice this week will take their toll on the Cubs.

**Andrews over Kermit, 28-20.** Though this is touted to be to be the deciding game for the championship, we think there will be some surprises on down the trail. Kermit could spring a surprise on the Mustangs but we will go along with the ponies this week.

**Monahans over Odessa Ector, 19-13.** This is our toss-up pick of the week. Neither team has looked very good thus far.

**Union over Smyer, 46-13**

After last week's scare at Nazareth, we feel the 'Cats will step out and take this one with ease.

**Bula over Wellman, 34-14.** We have to go along with the champs on this one though we would like to see the Wildcats come through with another upset victory this week.

**Texas Tech over Arizona, 21-19.** How long can a fighting team lose? We think this is the day for Tech to claim No. 1.

**CLOSING CLIPS . . .**

We tip our hat to the Wellman Wildcats this week after their 34-7 upset victory over Three-Way last Friday. We hoped to have a story on the game but none was phoned to the NEWS . . . Friday's tilt pitting the Cubs against Pecos will be the first game of the 2-AAA season . . . San Angelo J. C. Coach Max Bumgardner finally did what many coaches have wanted to do. He pulled his team off the field in the third quarter of the game with Trinidad, Colo., J. C. after his team was assessed about 175 yards in penalties. Right or wrong, many coaches probably admire his move. . . By the way, it seems to us that there is a lot of griping about officiating this year . . . We wonder why . . . Could it be that Sputnik is causing it all?

**No. 2**

Beverly, 160-pound junior from Lovington, N.M., is extremely quick at hitting line openings, and is a 9.9 sprinter who can score from anywhere. He is a strong runner despite his lack of bulk, and is a good tackler and defensive player.

**Miss Farrow is Pledged To Texas Tech Sorority**

Dereesa Farrow, daughter of Mr. and Mrs. Morris Farrow of 802 East Lons, was among 31 pledges who were formally presented to members of Alpha Phi, social sorority at Texas Tech last week.

Miss Farrow is a sophomore at Tech.

W. S. Ikard is credited with bringing the first purebred Herefords to Texas in 1876.

**Chevrolet To Offer Expanded, Widely Diversified Truck Line in '58 Models**

An expanded, widely diversified line of trucks featured by a rugged new 348-cubic inch V8 of 230 horsepower, many chassis improvements, a powerful and durable sixes and V8's is announced by Chevrolet Motor Division.

Fresh new front-end styling includes modern dual headlamps and redesigned grille, hood and fenders.

Scheduled for display at dealer showrooms nationally, con-

current with the debut of 1958 Chevrolet passenger cars Oct. 31, the new truck line lists 12 new models, for a total of 128 up 10 per cent over the number available in 1957.

For the first time, Chevrolet will assume body production responsibility for three forward control "Step Van" models. The same warranty and parts service will be extended to these bodies that now apply to company-built panels, pickups, stakes and cab-chassis models. Also of major interest is the addition to the line of nine new medium-duty cab-chassis models.

**Annual Grudge Tilt To Pit N. M. Aggies And TWC Saturday**

Unbeaten Texas Western and often-beaten New Mexico A&M clash at Texas Western College's Kid Field Saturday night, but only the uninitiated will predict a one-sided victory for the Miners.

The game between the neighboring schools — the colleges are only a few miles apart — has developed into such a rivalry that past records usually are worthless in predicting the outcome.

Twice in recent years Texas Western has gone into the game heavily favored only to be forced to battle back in the final minutes to salvage a tie and a narrow victory.

In 1952, for instance, the Miners were going strong, and had beaten Texas Tech at Lubbock one week before playing the Aggies. At State College, N.M., they came from behind to salvage a 20-20 tie.

Two years later, the Miners were having one of their best seasons and again ran into a fired up Aggie team that had been unimpressive in previous games. A last second pass pulled the Miners ahead for the first time in the game and they won, 12-7.

Consequently, Coach Ben Collins of Texas Western isn't taking the game lightly. His team has scored four victories in a row, and—as in 1952—has just defeated Texas Tech.

The Miners have an additional advantage in that they were idle last week.

The Border Conference champions will be heavily favored — but chances are the game will be a close one.

Geographic center of Texas is near Brady in McCulloch County.

Five unsuccessful drilling attempts were made at Spindletop before a gusher was hit in January, 1901.

Style, Power Mark 1953 Chevrolet Trucks

Fresh styling, more power, and many chassis improvements mark the 1953 Chevrolet truck line. This Low Cab Forward heavy-duty model has a new 348-cu.-in. 230-horsepower engine designed for durability with sodium-coated valves, heavy bearings, and other heavy service features. Combustion chamber is wholly within the cylinder bore. All 1953 Chevrolet trucks have dual headlamps and redesigned grille, hood, and fenders.

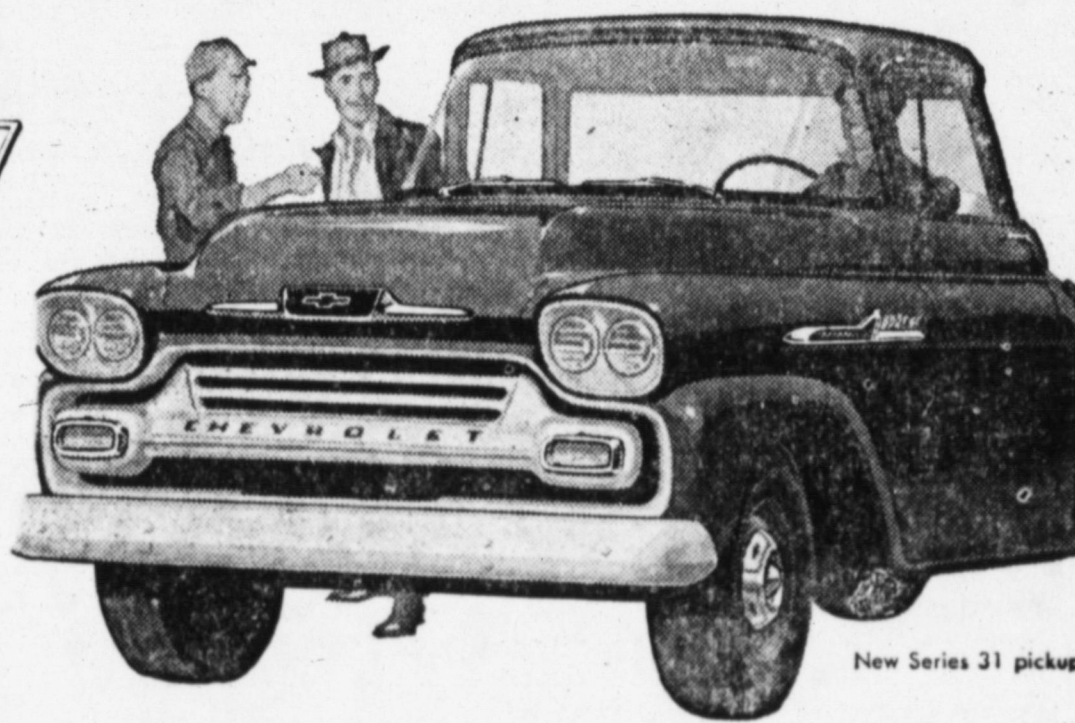

**INSTALLATION GUESTS** — Some 35 friends and guests from out of town watched Sunday afternoon as the Rev. Marion W. Nilsson was installed as pastor of First Christian Church. Among them were, from left: Mr. and Mrs. Dan Worrell and daughter Linda, of Roswell, N. M.; Mrs. Nilsson and her husband; Walter Harrison and Mr. and Mrs. Gene White, all of Roswell. In back row, left portion of picture, are Mr. and Mrs. M. E. (Brownie) Brown of Seminole, former Brownfield residents. After installation services in the sanctuary, a reception was held in the fellowship room, with Mrs. E. D. Ballard, longtime First Christian member, at the serving table. (NEWS-photo)

**NOW ON DISPLAY** — The 1958 Rambler line of six and eight-cylinder models, which boasts more than 100 major styling and engineering improvements, are now on sale at Dean Motor Company. Both the V-8, known as the Rambler Rebel, and the six are built on the 108-inch wheelbase. The six-cylinder engine is rated at 127 horsepower, but with an optional twin-throat carburetor the rating is boosted to 138. V-8 develops 215 horsepower. Both engines require only regular grade gasoline. Shown is the Rambler Rebel Cross Country station wagon.

**FEATURES INTERIOR AND EXTERIOR CHANGES**

**The 1958 Ambassador Series Will Go On Display Here At**

American Motors has introduced its 1958 Ambassador V-8, an entirely new line of cars in the Rambler series, built on a 117-inch wheelbase, and featuring all-new exterior and interior styling.

According to Roy Abernethy, vice-president of automotive distribution and marketing, the new models will be displayed in Rambler, Nash and Hudson dealerships throughout the country on Friday.

"The Ambassador series is the first new senior line of cars produced by American Motors since its organization in May, 1954," said Abernethy. "Compactness of design, both inside and outside, keynote the new series, highlighted by many innovations."

New features in the Ambassador series includes dual headlights as standard equipment, Flash-O-Matic transmission with push-button controls, step-on parking brake, safety instrument panel, transistor-powered radio, and other advancements, he said.

For the first time, a new four-door station wagon will be available in the AM senior line, said Abernethy. The line includes a super and custom four-door sedan and four-door station wagon, and a custom four-door hardtop sedan and four-door hardtop station wagon.

Simplicity and modern sculptured styling highlight the exterior design of the Ambassador series, said Abernethy.

New dual headlights, located horizontally in the front fenders, are standard equipment on all models, he said. The individual headlights are 5-3/4 inches in diameter. On "low beam" only the two outer head-

lamps are on. On "high beam," all four headlamps are lighted.

The new Ambassador grille is made of anodized aluminum extrusion, featuring a fine textured rectangular pattern. Its design is accented by an attractive grille guard that is V-shaped in the center and extends to the outer ends of the grille.

The new front fenders blend smoothly into the grille, and the newly-shaped front wheel openings afford a shorter turning radius.

The new rear fenders have fins that flare gracefully outward. The upper and trailing edges of the rear fenders are covered with chrome moldings which accentuate the fender's fin.

The taillights are mounted in a low position and are faired into the fenders. Back-up lights are enclosed in a housing below the taillights.

On Ambassador custom models, a silver anodized aluminum panel extends along the sides of the body, and flare smoothly along the rear fender fins. On super models, the panels are painted.

The Ambassador features new dual ornaments located on the front fenders. In addition to being ornamental, they serve as wender guides.

A new "American Motors" medallion, a red, white and blue shield, is used on the rear deck lid and wheel discs.

A selection of 14 solid colors and 16 two-tone combinations are available on the new cars. The compact Ambassador series is 58 inches high, 71-5/16 inches wide and 200-1/8 inches long.

Harmonizing colors and new fabrics highlight the interior styling of the 1958 Ambassador models. A wide selection of cloth and vinyl interior trim combinations are available on all models.

The instrument panel features an instrument cluster in front of the driver for easy pad, which covers the entire upper portion of the instrument panel and the instrument cluster hood. It is standard on all custom models, as are padded sun visors.

Ambassador models equipped with an automatic transmission employ a new push-button driving control system. Five Control buttons are grouped together in a push-button console, located at the far left of the instrument panel. A separate "park" actuator lever is located just below the console. As a safety feature, the engine can only be started in "park" or "neutral."

As a "first" for 1958, internal transmission shifting is automatically governed by an engine vacuum control system—rather than a mechanical linkage—which more accurately sense engine-load and car-speed requirements. Service problems are minimized since

used for the first time on AM's senior line.

A new Powr-Lok rear axle differential system is offered as optional equipment on all Ambassador models. With Powr-Lok, the driver gains added control and safety while driving on ice, snow, loose gravel, and in situations where traction is required.

Another engineering feature is a new torsion sway-stabilizer bar, which is used to achieve more positive car control on the new cars. The tempered steel bar is linked between the front suspension lower control arms to restrict body "roll" by torsion in bar action.

The Weather Eye heating and ventilating system is offered as optional equipment on all models. The famous American Motors All-Season air conditioning system, combining heating, cooling and ventilating in one compact unit, also is offered as optional extra cost equipment.

Texas has been the leading mineral-producing state since 1935.

**Colorado City Youth Named Top Winner In Oil Essay Contest**

High school seniors from Colorado City, Odessa and Monahans won top honors in the annual oil essay contest sponsored by the Oil Information Committee and the Permian Basin Chapter of the American Petroleum Institute.

First place winner is Melvyn Berman of Colorado City High School. His prize will be a \$500 scholarship award.

J. David Earnest of Odessa High School won the \$300 second place award and Miss Nancy Wagner of Monahans High School won the \$200 third prize.

The money, which will be payable upon registration of the winners at the colleges of

their choice, was provided by the Permian Basin Chapter of the American Petroleum Institute. Details of the West Texas Area contest were handled by the Oil Information Committee.

The title of all papers in this year's contest was: "What Free Enterprise Means to Oil Progress." The contest chairman was Don Kastner, Cities Service Oil Company of Odessa, assisted by Ed Cralle, also with Cities Service in Odessa.

Honorable mention was won by Miss Barbara Spencer of Wink High School; Bill Panill of Midland High School; Bill Owen and Miss Sandra Talley both of Big Spring High

School; Miss Deanna Dunagan and Miss Jan Patillo, both of Monahans High School, and Miss Deanna Marsh of Odessa High School.

**Brownfield Coed Is Artist on NT Magazine**

Barbara Eaves has been named artist of the Avesta, student literary magazine, at North Texas State College.

Miss Eaves, daughter of Mr. and Mrs. Euland C. Eaves, 1017 E. Cardwell, is a junior art major.

# DEAN MOTOR COMPANY

701 West  
Main

## Now Showing the All-New 1958 Nash

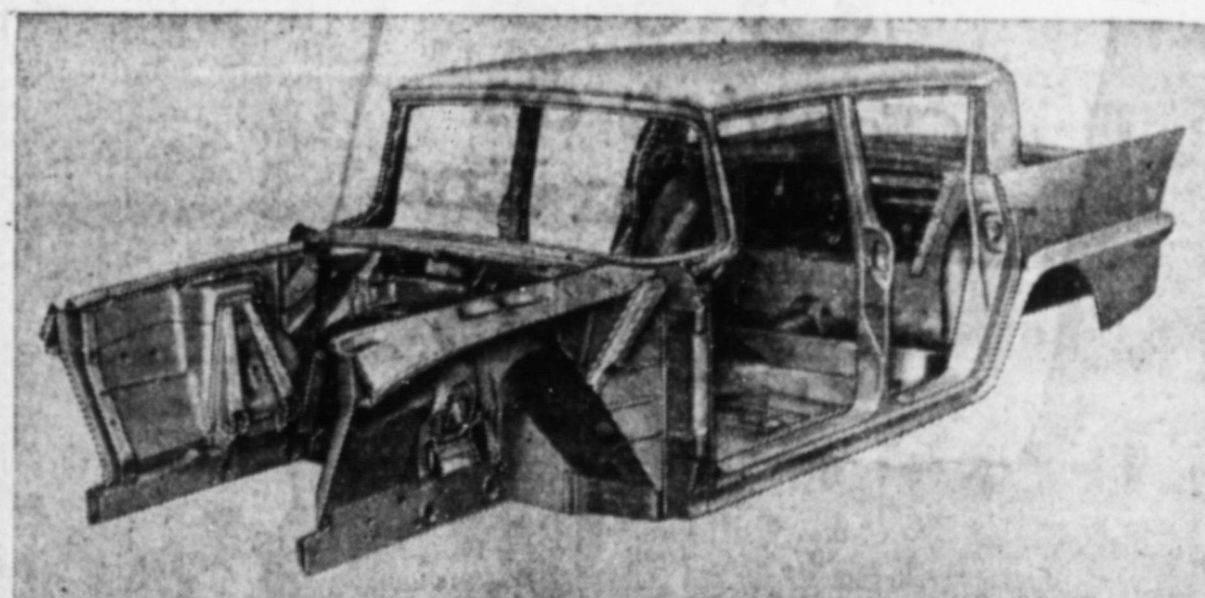

You Are Cordially Invited to Come In and Look Over These Totally  
New Nash Ramblers . . . Free Coffee Will Be Served Thru Saturday, October 26

**MANY COLORS** — Fourteen solid colors and 16 two-tone combinations are available on the new Ambassador line of cars, which go on sale October 25 at Dean Motor Co., 701 West Main, Brownfield. On super models, such as this four-door sedan, the side spear is painted. On custom models the spear is of aluminum.

**STYLING CHANGES** — Major styling changes gracefully flared tail fins to the smartly styled inside and out, are immediately evident on new interiors, the 1958 Rambler conveys a feeling of swiftness, luxury and comfort, American Motors said.

**FAMOUS FOR MANY YEARS** — Structural body changes in all 1958 American Motors cars result in even greater rigidity and strength. The improved all-welded single-unit body, famous on AM cars for many years, virtually eliminates squeaks and rattles, and provides a firmer and quieter ride. More than 9,000 welds are used to produce a single-unit body. Elimination of the bulky separate frame used on other cars also reduces the car's overall weight.

**NEW LINE** — The 1958 Ambassador V-8, an entirely new line of automobiles in the Rambler series, has been introduced today by American Motors Corporation. The new models, which go on sale at Rambler, Nash and Hudson dealerships October 25, are built on a 117-inch wheelbase and feature all-new exterior and interior styling. The line includes station wagons, sedans, hardtop sedans, and this four-door hardtop station wagon. This is the first time station wagons have been available in AM's senior car series.

Shown Here Are The  
Many Beautiful Body  
Styles Now Available  
In All The Rambler  
Models . . . Come In For  
A Demonstration . . .

**AMBASSADOR** — The flared fins of the all-new Ambassador give the car a look of motion. This is emphasized by the aluminum side spear and by the wheel cutouts which taper at the rear edges. All models in the new line feature dual headlights. Above is the Ambassador four-door hardtop sedan.

## They're Here Today! NEW 1958 RAMBLERS

**ALL-NEW RAMBLER SIX**  
See '58's freshest new styling in the car that holds the official NASCAR 16-a-mile-for-gas economy record.

**PROUD WINNER** — Gene Gipson, Brownfield FFA member, proudly displays ribbons won by his reserve champion spotted Poland China barrow at the State Fair of Texas. The hog placed first for barrows weighing 180-200 pounds in addition

to the reserve championship. Gipson received \$18 in prize money and 28 cents per pound from auction following the Junior Pig Show.

**WINNERS ALL** — Brownfield FFA members made their best showing in the State Fair of Texas Junior Pig Show last week, according to Walter Meyer, vo-ag instructor. Pictured here are, from left, Robert Becker, FFA advisor; Joe Milburn, 14th in barrows weighing 180-200 pounds; Jimmy Smotherman, fourth in barrows weighing 221-240; Jerry Boen, 13th in bar-

rows weighing 180-200; Ronney Ward, seventh in barrows weighing 180-200; Gary Moore, entry underweight, and Gene Gipson, first in barrows weighing 180-200. Kenneth Cason, who was unable to attend because of sickness, won sixth place on his entry in barrows weighing 201-220.

**PECOS HERE FOR 2-AAA OPENER**

# Cubs To Open District Slate

The Cubs will meet another yardage-eating, ball-control eleven this week as they host the Pecos Eagles in their opening District 2-AAA game here at 8 p.m. Friday.

The Eagles, fresh from a near upset at El Paso last week, are described as another Colorado-City because of their spirit and determination.

Though rated near the bottom of the district ladder, the Eagles have improved steadily, according to scouting reports, Pecos held El Paso Austin to a one point margin, falling, 7-6, but "out-played Austin all over the field," said Coach Elroy Payne.

Payne said the visitors four and five yard you to death but seldom go further than nine yards at any one time. "Their longest runs of the night came on a couple of fake punts—one for 25 yards and one for 15," he said.

**Has Good Passing**

Though the Eagle ground game seldom was stopped, they also displayed a strong pass offense against Austin. Quarterback Bill Mitchell, a

left-hander, throws accurately with regularity. Mitchell may not play Friday because of an injury at El Paso, but Payne said he has a "good running" substitute.

The Eagles' star is fullback Royce Cassell, which Payne and Coach Charles Keese compare favorably with ex-Cub star Jackie Meeks. He carries the brunt of Pecos' Straight-T and Wing-T attack, running 40-50 per cent of the plays, noted Payne.

Keese noted Pecos as tremendous self-confidence. "Against Austin their halfback, Jimmy Poteet, went into punt formation deep in his endzone and then ran it out for a 25-yard gain," he said. "They will gamble where most teams would not even think about it."

**Recovering From Flu**  
The Cubs, slowly recovering

from a seige of flu and bad colds, have been hampered in preparations by early week rains that kept them inside.

Only wingback Larry Meeks is expected to be on the sick list, though he may suit up Friday night. Quarterback Ken Willis also is on the doubtful list because of a scrimmage injury last week.

Coach Doug Cox listed Leon Hinson as the probable starter in the wingback slot if Meeks does not recover from his flu attack. Leon Clark is expected to be moved up to the varsity as insurance behind quarterback Joe Oswald.

In another move to brace the Cub forward wall, Coach Cox moved Jon Fuller into the starting center slot. No other moves are contemplated unless injury or illness should change plans, said Cox.

An up to now dismal season and the fact that this will be the Cubs' first district tilt, well may boost Brownfield into full-grown Bears this week. Spirit and hustle highlighted practice sessions last week as they prepared for Pecos.

Tickets for the tilt will remain on sale at Raymond Simms' office in the courthouse until noon Friday. Boxoffices

at the stadium will open at 5 p.m. for fans who need tickets after the morning deadline.	<b>Brownfield</b> Jones Kendrick Muldrow	<b>Pos.</b> LE LT LG	<b>Pecos</b> Turk Scott Wright	<b>Fulfer</b> White Fugitt Cloe	<b>C</b> LG RT RE	<b>Berry</b> McLaurin Hooker Bullock	<b>Oswald</b> Browning Hinson Wright	<b>QB</b> LHB RHB FB	<b>Mitchell</b> Poteet Walker Cassell
