

**FRIDAY NIGHT ACTION**—Robert Wright (32) watches this Joe Oswald pass slip past him in the first half play at Odessa Friday in picture No. 1. Johnny Jones (51) watches the play. In picture No. 2, Little Mike Browning eludes a tackler being blocked out of position by an unidentified Cub blocker. Picture No. 3 shows a Cub runner sprinting around left end for yardage midway in the first period. Robert Wright warily eyes Wendell Norris (85) in picture No. 4 as he follows blocking provided by Joe Oswald. Rabbit picked up about eight yards on the play. Browning (with ball) is stopped for short yardage in picture No. 5 — one of the few things all night — as Jones and Larry Meeks (26) come up behind the play. The Cubs won their second 2-AAA game, 27-18, Friday at Ector. (NEWSfoto)

**TOP LEAGUE WITH 27-18 VICTORY**

# Cubs Pluck A Second Eagle

By CHARLIE MAPLE  
NEWS Staff Writer

In their biggest offensive spree of the year, the Cubs moved on the ground and in the air for four touchdowns and a 27-18 District 2-AAA victory over the Ector Eagles at Odessa Friday night.

The Cubs rolled up 296 yards rushing and 73 yards in the air as they struck for TD's in the first and second periods and then put the game on ice in the final minutes of the game.

Ector drove 74 yards for a touchdown the first time they got the ball, Gary Everett going over from the nine. Gayle Courtney missed the first of three conversion attempts and Ector led, 6-0, with slightly over three minutes gone in the game.

Brownfield went ahead min-

utes later as Robert Wright crashed over from the five and Don Godwin toed the conversion. The drive, which covered 64 yards, was sparked by Joe Oswald's passing which rang up 23 yards on three completions in as many throws.

**Scores on Pass**  
Wright pulled in a stray Eagle aerial on the Ector 46 to set up the second Cub TD. On the third play of the series, Oswald spotted Larry Meeks near the goal-line and hit him for the score. The play, which covered 31 yards, was registered with five seconds left in the first period. Godwin booted the PAT.

The Eagles retaliated with a 67 yard drive that produced their second tally, Frank Cook plunging the final three yards

## Week-Long National Girl Scout Session To Attract Brownfield Couple, Nov. 11-18

Two Brownfield residents will take part in the upcoming national convention of Girl Scouts of America, to be held Nov. 11-18 in Philadelphia.

They are Mr. and Mrs. Jack Shirley of 1301 East Tate. She is chairman of District 2, within the Caprock Girl Scout Council, and he is a member of the committee on employed personnel.

The couple were named convention delegates at the Tuesday session in Lubbock of Girl Scout neighborhoods from 10 South Plains counties.

Plans also were made in Lubbock for the patrol-troop encampment next summer, when Caprock will cooperate with Plainview, West Texas, Permian Basin and Frontier councils.

A system was adopted which will permit the Girl

Scouts to buy stamps or certificates to meet camp fees. The girls may buy the items throughout the year, said Mrs. A. W. Young, president.

"The annual meeting for all Caprock Council workers and others persons interested in the Girl Scout program will be held Jan. 14 in Hotel Lubbock," said Mrs. Larry Taylor, executive director.

It was reported in Lubbock that more than 700 volunteer workers have participated in the 34 training sessions held in the council this fall. There are 319 troops in the 10 counties.

Mrs. V. Neal Silver of Lubbock, program chairman, announced plans for the council-wide session to be held March 14 in Lubbock Coliseum. She also explained that the annual Girl Scout Cookie Sale will begin March 7.

## Boy Scout Troop To Be Organized Here By the Kiwanis Club

A fourth Boy Scout troop soon is to become operative in Brownfield. It's organization will take place at 7:30 p.m., Tuesday in The Scout Hut.

Sponsors of the proposed troop, to be No. 254, will be the Brownfield Kiwanis Club.

Chairman of the Kiwanis Scout committee is Bill Nichols. Said he: "We urge all boys, accompanied by one or more parent, to meet with us Tuesday."

## 'Swafest' Is Under Way at Club House

A "swafest" is being held today by members of Terry County Amateur Radio Club, meeting in the group's headquarters on North Fifth.

General Chairman E. C. Pool, in charge of today's program at the clubhouse, will introduce member Jack Purcell, who will give the address of welcome.

Others on the program are to be C. A. Terry, president of the local junior organization, and Jim Lee, who will take a recording on UFO.

Guests are expected from all points in West Texas, including San Angelo and Fort Worth.

**U.S. LABOR BUREAU FIGURES REVEAL**

## Brownfield Home Building Ranks High in a Nationwide Comparison

(Special to the News)  
NEW YORK, Oct. 27 — To what degree has new housing construction kept pace with economic growth in Brownfield? How does the local home-building rate compare with that in other communities?

With the returns all in, tabulations have just been issued by the U. S. Bureau of Labor Statistics on the number of new, non-farm dwelling units authorized in the past year. Nearly 7,000 localities across the country are listed.

In Brownfield, the amount of youths have expressed interest in joining the new troop. We will complete some business Tuesday night necessary to get the troop formation in the mill, so to speak.

The executive of Quanah Parker District, Don Reese of Brownfield, will present a moving picture Tuesday and talk home building was proportionately higher than in the United States as a whole. The 73 dwell-

## BHS Homecoming To Be Held Next Friday

Homecoming for Brownfield High School exes will be Friday, date the Cubs intend to mangle Monahan's Loboes here.

Reigning as queen of the annual event will be Miss Sharon Kennedy, a junior and daughter of Mr. and Mrs. W. W. Kennedy of 821 East Main.

Registration for homecoming will be held at 6 p.m., Thursday in the east hall of the high school. Special guests this year will be the classes of '27 '37, '47 and '57.

At 6:45 p.m., Thursday a gigantic pep rally is scheduled on the east side of BHS.

**ANNUAL BARBECUE**

## FB Meet Is Scheduled

The largest single gathering in Brownfield will be the annual Terry County Farm Bureau barbecue supper at 6 p.m., Thursday in Veterans Hall.

More than 900 FB members took part last year in the event, and that number is expected to be exceeded Thursday.

Said J. T. (Jake) Fulford, TCFB president:

"We'll be concentrating on the barbecue and entertainment this year. In addition, during a short business session, we'll elect several new FB directors, and hear two annual reports."

The vocational agriculture

# Amendments To Be Voted On Tuesday

A total of 13 precinct balloting boxes in the county will be opened at 8 a.m., Tuesday and will be closed at 7 p.m.

Before the day is out, Terry voters will have registered their sentiments about three proposed amendments to the Texas Constitution.

Qualified voters in the county number approximately 3,500. However, only about one-half or less is expected to cast ballots Tuesday.

Although all proposals are considered important, it is

House Joint Resolution No. 3 which has raised more interest here and throughout the state.

The resolution would authorize "issuance of \$200 million in bonds by the State of Texas to provide assistance in local development of water resources."

Feeling for the measure has ranged from violently for to fanatically against. In gist, it will:

Establish the Texas Water Development Board, which

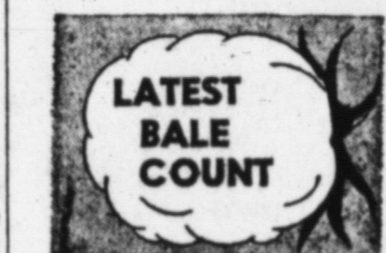

would be authorized to raise money by the sale of bonds, and to lend the money to municipalities and other local government subdivisions for their use in the "conservation and development of the water resources of this State."

Proponents of No. 3 explain: "The water amendment will help you BECAUSE it can help develop \$600 million in water storage projects, BECAUSE the program is self-supporting and will not increase taxes, See No. 6 Page 3

# Brownfield News

And Terry County Herald... Terry County's Oldest Business Institution

VOLUME 20 TEN CENTS BROWNFIELD, TERRY COUNTY, TEXAS, SUNDAY, NOVEMBER 3, 1957 NUMBER 71

Off to a slow start, harvesting of Terry 1957 cotton crop appears to be gaining momentum quickly.

As of Friday noon, a total of 12,032 bales had been turned out by the 17 gins in the county. The week's work represents a jump of some 6,000 bales.

Ginnings in same period for neighboring Yoakum total 3,389. Count there last week was 1,850 bales.

**AS BASED ON LATEST FINANCIAL REPORTS**

## Economic Picture Remains Bright

CHARLIE MAPLE  
NEWS Staff Writer

Though Terry farmers still are racing the freeze deadline, the economic picture remains fairly bright here, the picture based on reports filed by the county treasurer and Brownfield banks.

First National Bank reports a total of \$5,332,493 on deposit through Oct. 11. The institution also showed a surplus of \$200,000.

Brownfield State Bank and Trust Company's report reveal-

ed a total of \$8,518,065 is on deposit. The organization's surplus is \$250,000.

At the beginning of 1957 the two institutions reported the same surplus, but deposits were higher. First National had \$7,124,545.83 on deposit Jan. 1 and Brownfield State totaled \$12,557,128.63.

Though the deposit totals indicate a large drop, Bruce Zorns, vice president of Brownfield State, said it is only a seasonal drop which happens every year.

Farmers and merchants account for much of the drop, he said. "Farming is a costly business these days," noted Zorns. "Farmers have to take a lot of money out of the bank to put in their crops and to harvest them."

The vice president also said many merchants are making withdrawals to increase their inventory for the upcoming holiday season.

Terry government's financial picture looks solid, according

**WATER STILL CONSIDERED ONE OF HER MAJOR PROBLEMS**

## Texas' First Water Works Go Back To 1540, When Coronado Found Indians Operating Full-Fledged Irrigation Systems

(EDITOR'S NOTE: This is the first of six articles dealing with one of Texas' major problems: water. They were prepared by the Water Education Committee of the Texas Society of Professional Engineers. The NEWS is pleased to be able to present them to its readers.)

Texas water resources have been developed in the past on a demand basis.

That is to say, development has followed local pressure to meet current needs or to boost property values or to stimulate trade. It rarely has run ahead of that pressure.

So observes the Texas Society of Professional Engineers'

Water Committee in the first of a series of articles on the state's water problems.

Texas' first water works, writes the TSPE committee, date back beyond 1540, when Coronado found Indians operating full-fledged irrigation systems in the El Paso area.

Franciscan priests built diversion structures (primarily canals) in San Antonio in 1716. As the town grew, the Mexican governor ordered a central supply system.

So the diversions from streams continued for domestic uses in other areas—and grew as more know-how was introduced on use of water for milling and larger-scale irrigation.

Rights to use stream water were included in land grants along natural watercourses during the Spanish, Mexican, and Republic of Texas periods.

Problems and conflicts inevitably began to arise.

Soon after Texas emerged as a state, its Legislature passed the first laws to regulate — and sometimes encourage — use of water. Among the earliest acts: chartering of the Colorado Navigation Company to clear a channel along the Colorado River to the Gulf for steamboat navigation, and the 1852 Irrigation Property Act permitting development of water-

Savings Bonds Printed On I M B Type Cards

WASHINGTON, D.C. — Do not be surprised if that United States Savings Bond you buy from now on looks and feels a little different — it has been streamlined.

In keeping with the electronic brain and other advancements of the modern era, the new Series E bond is going to have more "punch." In fact, it's full of punches—13 of them. But don't let these worry you. They're just another sign of progress in this day of mechanization. And, incidentally, will save you 500,000 tax dollars a year in reduced printing costs.

The Treasury says the only other Savings Bond now offered, the current income H bond, will continue to be printed on paper stock in the old size.

The punch card bond is smaller than its predecessor, and will be handier to carry in a man's coat pocket or a lady's handbag. (It might even prevent some of those washing machine tragedies, caused when the fellows had to fold the old bond, then forget to remove it from a shirt pocket.)

The new size will also make it easier to stow away bonds in your strong box or bank safety deposit box. The actual size of the new E bond is 7 3/8 by 3 1/4 inches. The old bond is 7 3/4 by 4 1/4 inches.

For any who might be curious about the 13 punches, the Treasury offers this explanation. The first punch denotes the size of the bond. For example, \$100 bond would have a punch down in the fourth position. The next 10 columns, or punches, represent the serial number, and the twelfth indicates it is a Series E bond. The thirteenth column is reserved for special accounting operations by the Treasury when the bond is cashed.

Other than the smaller size, the punches, and the flexible cardboard stock on which it is printed, the new bond looks very much like the old one. It contains about the same wording and illustrations. One exception is the wording, "eight years and 11 months from the issue date." This change in maturity from "nine years and eight months" reflects the increase in the interest rate from 3 to 3 1/4 per cent, effective on bonds bought since February 1, 1957.

The new table of redemption values also appears on the back. The other exception: most of the punch card bonds carry the signature of the new Secretary of the Treasury, Robert B. Anderson, who succeeded George M. Humphrey on July 29. So don't worry when your next Savings Bond is "shot full of holes." The Treasury wants to assure you it's the same "safe and sound" Series E bond you've been buying since 1941 — to the tune of nearly \$100 billion worth.

Jerseys Offered As Fire Extinguisher The owners of three dairy farms in Texas have an answer to fires in time of water shortage. They say all you need is a herd of Jersey cows.

Texas dairymen admit milk is a little expensive to use in fighting fire but that you can count on a bountiful supply with Jersey cows around. To support their contention, they point to the records recently completed by 11 of their milk producers.

Southwestern University of Georgetown has been selected by Monsanto Chemical Company to receive a \$1,000 grant to be used by the university's chemistry department, according to Dr. William C. Finch, president.

Union awarding the grant, F. D. Smith, manager of the university development department of Monsanto said: "Monsanto is keenly aware of the outstanding work which our privately endowed liberal arts colleges are doing in training people for the chemical and allied fields."

"In order to encourage and assist scientific programs in the liberal arts colleges," continued Smith, "Monsanto selected a number of colleges as recipients of a one-year grant in the amount of \$1,000."

## Broncos Take Third Conference Win, 33-16

After spotting Lorenzo a two-point lead in the opening minutes of the game, the Meadow Broncos roared back to score in every period, winning their third District 4-B tilt, 33-16.

A Lorenzo quick-kick caught the Broncos napping when it went past the safety men. As Ronnie Bell sought to retrieve the ball, he was dropped behind the goal-line.

Minutes later the Broncos took over on their own 40 and drove to their first tally, Bell going the last three on a dive play. Bell booted the point.

In the second period, after driving from the mid-field stripe, Quarterback James Smith sent James Pendergrass off tackle for 20 yards and the second TD. The conversion try was no good. Meadow led, 13-2, at the half.

On the Bronco's second play from scrimmage in the third frame, Bell broke off right guard on a cross-buck and raced 40 yards for the third tally. Bell booted the point.

On the ensuing kickoff, the Hornets moved for five first downs before Fullback Robert Cox crashed tackle for the final two yards. James Pollock ran the point.

Late in the third frame, the

Broncos moved from their own 40 to the Hornet five. Smith skirted end for the final five yards and the score. Try for point was no good.

The final Meadow tally was rolled up as Bell plunged over from the three to cap a 50-yard drive. Bell added the point.

Joe Dunham slashed off tackle for the final Lorenzo score while Bronco coach Phil Wynn substituted freely. Cox ran the point.

**SCORE BY QUARTER**  
Lorenzo 2 0 7 7-16  
Meadow 7 6 13 7-33

## Calvary Baptist YWA Discuss Mission Book

YWA of Calvary Baptist Church met in the recreation room Tuesday evening. Mary Edith Stone read and led the calendar of prayer.

Their new mission book "The Introduction of Something New" was discussed. Those attending the meeting were Mrs. Drew Hobby, Mary Edith Stowe, Mary Lu Thompson, Jerry Mason, Joyce Goldston, Pat Smith, Ada Altum, Barbara Mulkey, June Moore and Ann Daugherty.

The Ector 28 after driving from their own 30 in 10 plays. Three plays into the line gained one for the Eagles and Williams was forced to make the first punt of the night.

With only a narrow three-point margin, the Cubs recovered a fumble on the Eagle 46.

**Browning Tallies**  
On the first play from scrimmage, Browning scampered 41 yards before Wendell Norris pulled him down from behind on the five. Three plays later Browning skirted his own left end for four yards and the score. Godwin's boot was wide to the right.

The Eagles moved 27 yards after the kickoff before Wright intercepted his third pass of the night, stopping the drive on the Cub 38 with 30 seconds left to play.

In claiming their second 2-AAA victory, the Cubs displayed their biggest offensive night of the season. Neither team was forced to punt until late in the final period.

Though marred by frequent fumbles, the tilt offered some 1,500 fans plenty of exciting play.

**OSWALD MAKES TOUCHDOWN**  
Another penalty moved the Cubs back to their 36 before Oswald hit Bob Cloe for two; Wright added 16 off tackle and Oswald hit Jones for a first on the Eagle 34. Wright broke loose for 33 yards in two plays and Oswald went over from the one.

A desperate passing attempt by Ector was cut short when Wright swiped another Everett aerial on the Cub 47. The Cubs fumbled two plays later and the half ended with Everett losing seven yards on a passing attempt.

Ector scored their final touchdown midway in the third period after an exchange of fumbles give the Eagles the ball on the Cub 33. Cook made one yard before Dee Williams broke through for 32 yards and the tally. Courtney missed the point.

**OSWALD MAKES TOUCHDOWN**  
Another penalty moved the Cubs back to their 36 before Oswald hit Bob Cloe for two; Wright added 16 off tackle and Oswald hit Jones for a first on the Eagle 34. Wright broke loose for 33 yards in two plays and Oswald went over from the one.

with parents. Scoutmaster of the troop will be Aaron Riggs, Magnolia employee of Brownfield. His assistant will be Jerry Stroud. Other Kiwanians on the committee are Dale Brown and Earl Elrod. Harley Stone is president of the club.

## No. 3

ing units begun or authorized locally were equivalent to a rate of 7.1 per 1,000 population. Public housing is not included. This was above the national rate of 5.5 new units per 1,000 people.

The report shows that it also was above the Southern states rate, 4.7 per 1,000.

Throughout the nation, home building declined in the year. The 1,120,200 housing units represented a drop of 18 per cent from 1955. Only one state, Florida, came up with an improvement. Nevada had the biggest dip, 43 per cent.

In Brownfield, in line with this general trend, there was a drop. The Bureau of Labor Statistics show a total of 73 units locally in 1956 as against 144 in the prior year.

The failure of the nation's home-building industry to move forward in step with most others is viewed as an anomaly. Its sharp decline occurred in the midst of general prosperity.

Some explain it as being due to a temporary saturation of the market but most experts, who feel that the demand for housing is still strong, differ.

The other reason usually offered for the recession is tight money. Although some deny this, most builders go along with the opinion. They note that the drop coincided with the first move by the Federal Reserve to tighten money.

Little doubt appears to exist in any circle, however, that a big boom in housing is but a few years off. The Senate Housing Subcommittee states that there will be a need of 2,000,000 new houses a year in the 1960's, when our big population growth is due.

and Mrs. Doug Cox, will act as crownbearer, and John Eldon Jones, vice president of the council, will emcee.

Others to take part in the coronation ceremony will be the BHS Stage Band, under the direction of Fred Smith, and the BHS cheerleaders.

Immediately after the assembly Friday morning, the students will assemble downtown for another pep rally.

The queen and her court will be presented in pre-game ceremonies at 7:40 p.m., Friday in Cup Stadium.

teacher at Wellman, Homer Jones, already is preparing to barbecue two 700-pound beefs, said Fulford. In addition, six FB women will present a comedy skit. There will be piano music and singing by a Seminole girl trio.

Plans also will be discussed briefly for the local FB to take part in the annual Texas Farm Bureau Convention, Nov. 18-19-20 in Dallas.

Directors who will be present Thursday are Alton Lee (secretary), Fulford, Leon Foote, D. C. Flowers, J. O. Farrar, Home Causseaux, R. D. Jones Jr., Raleigh Luker, Carl Hogue, Winfred Tucker, Bob Smith and G. I. (Bogie) Sims.

## No. 6

BECAUSE hard-pressed communities will receive a financial boost, and

"BECAUSE Texas' belief in local self-government and control is given effect, BECAUSE safeguards are established to prevent abuse, BECAUSE no single project can gobble up the state assistance, BECAUSE it will not disturb vested rights in surface and ground waters, and BECAUSE dam sites will be developed to the greatest possible extent."

**Would Increase Aid**  
A second proposal to be found on the ballot will be HJR No. 37, which seeks to make the five per cent contribution rate of state employees to the retirement system applicable to an employee's whole salary; and to add more employees to the system.

HJR No. 2 calls for increasing assistance to the aged, the blind and to dependent children. It would raise the annual amount from the current \$42 million to \$47 million.

Following are judges and polling sites in Terry County for the Tuesday election:

to H. M. (Dube) Pyeatt, county auditor.

"The county has \$482,210.55 on hand and another \$110,000 on time deposit in the bank," noted Pyeatt.

Bonded indebtedness of the county totals \$1,458,625. Of this total, \$36,125 will be cleared by next April. Other payments on bonds will be made within the next six months, noted the auditor. "However, many of the bonds were issued for 15 to 20 years, and some will not mature until 1977," he added.

The auditor noted that all county funds are in good shape at present. "If one fund appears to be getting low, however, the commissioners can

## Probated Sentences Given To Four Men

Two-year probated sentence this week handed down by Judge Louis B. Reed of 100th District Court to four South Plains men charged with second offense driving while intoxicated, according to Sheriff James Fulford.

Receiving the sentences after entering guilty pleas were Thomas Jess Emery, 54, of 221 North First; Enrique P. Vela, 27, of Morton; Enacio Alvarado 25, of Hayes County, and Jake Petty, 49, of Shallowater.

A six-month driver's license suspension also was imposed by Judge Reed.

**HAVE YOU LISTENED?**

**Saturday Afternoon's 'Platter Party' Is Way of Life for All Youth Everywhere**

By CARMEN DAVIS  
NEWS Correspondent  
Rin-n-g, rin-n-g, rin-n-g!  
"Hello, Saturday afternoon platter party. No sorry. We have all the requests we can take this afternoon, call again next Saturday."  
The foregoing is the script for radio stations all over the country, but especially at Brownfield's KTFY is it used.  
Have you ever listened? Have you listened lately to this afternoon program sponsored by Brownfield merchants? A program that gives so much clean pleasure to our youth.  
It must be admitted that to those on the shady side of 40, this particular type of music (and the term music is not used as loosely as many would think) is beyond their comprehension.  
But have you listened? Music down the eyes has ever been an expression of the emotions, with its basic theme of "life." Whether it

has been presented as a "Wagnerian" opera, accompanied by the rattle of spears, or modern "rock and roll", with its squeals and giggles, it tells the same story.  
The story of boy, girl and love. Instead of the old practice of leaving a note in a hollow tree or carving of initials on a convenient one, the modern youth simply calls the local disk jockey and requests that a certain song be played for the object of his affection. Listening to the number requested can give a clue to the stage of the courtship.  
Saturday afternoon will find the youth of today pursuing this pastime in varied ways. The really moony ones will be found sprawled on the living room couch, lost in a dream of young love. Some may be in groups of mutual enjoyment. Others perhaps not so lucky are doing Saturday chores of tidying up the house, but all

**No. 9—**

er resources by private enterprise under state supervision.  
Water laws of Texas generally have been developed because of needs demonstrated during periods of drought.  
So the present State Board of Water Engineers was born in 1913 after the 1909-1912 dry years.  
From 1913 forward, appropriations of public waters could be made only for beneficial use and on permit from the water board. The agency was designated as administrator for Texas water laws and has remained as such.  
Actual collection of factual data on stream flows was launched with birth of the water board. Flow information since obtained has been used for design of irrigation projects, flood control structures, city water supply systems, highway and railroad bridge and embankment construction, hydroelectric plants, steam power plants, dams, reservoir capacities and in the formation of compacts between Texas and neighboring states for sharing of waters of the Rio Grande, Pecos, Canadian and Sabine rivers.  
Since the amount of silt carried by streams may materially affect feasibility of any project, the board launched silt sampling studies more than 30 years ago.  
State studies of irrigation water needed for crops began in 1915.  
Extent and location of ground water supplies is the subject of another long-running study.  
Since its beginning, the board has granted more than 2,000 permits for use of state waters — ranging from two or three acre-feet a year to over a million acre-feet for others.  
Another duty of the board in recent years is approval of plans for water control and improvement district projects — ranging from rural irrigation systems to city water works.  
The water board even exercises a measure of control over rates charged for irrigation water.  
About 200 topographic maps — valuable in judging feasibility of proposed reservoir sites — were provided by the state between 1924 and 1926. The state master plan now being proposed before the Legislature would provide further outlays for topographic mapping.  
The board has been making quality of water studies since 1937, maintaining 30 sampling

are listening to the voice of youth as it sings the modern folk songs. For after all it is simply a generation expressing itself vocally, as have all generations since time began.

**AT 7:30 P.M. TUESDAY IN BHS**

**Unique PTA Unit To Be Organized Here**

An organizational meeting of the proposed pre-school PTA unit has been set for 7:30 p.m. Tuesday in the high school home economics room, according to Dr. Robert Hoey, guidance counselor.  
Hoey said organization of the group will depend upon interest displayed by mothers and fathers of pre-school age children. "This includes youngsters from birth to six years," he said.  
The group will mark the first pre-school PTA unit organized in the 19th District of the Texas Congress of Parents and Teachers. The district extends from Plainview to Lamesa, and from New Mexico to the Post-river area, said Hoey.  
Hoey said the study program of the group probably will emphasize child psychology. Most of the program will be selected by the parents, themselves, revealed the counselor.  
"However, the main objective is to begin preparing the child for school the three or four years before he starts," he added.  
The counselor emphasized the meeting is open to every-

one interested in the program. Persons having pre-school age children especially are urged to attend, he said.

**Halloween Party Is Given in Cates Home**

The P. R. Cates home at 1201 East Buckley was the scene of a Halloween dinner Thursday. Serving as hostesses with Carolyn Cates were Judy Akers, Margaret Ann Blackstock, Lynda Beth Geron and Linda Leach.  
Following the dinner, the guests were taken to the carnival at Jessie G. Ranaul for further entertainment.  
Those attending were Sharon Adams, Deana Cathey, Renee Landers, Janie Rodgers, Cheryl Powell, Dona Douglas, Judy McNeil, Lynda Smith, Jean Kendrick, Sandra Bevers, Frances Jones, Carolyn Farrar, Sandra Sealey and Jane Hackney.

**Union Homecoming Scheduled on Nov. 8**

Union Homecoming has been set for Nov. 8, when they meet Pettit on the football field at 7:30 p.m. Registration will begin at 3:30 p.m.  
Coffee and cake are to be served in the home economic room as friends visit. Supper will be served at 5:30. Registrations for the meal may be made with Mrs. M. G. Gary, Union School.  
Immediately following the football game there will be a business meeting in the school gym. All those having lived at Union are expected to attend.

**FINANCIAL REPORT**

Eddie Courtney, chairman of Brownfield Jaycee "trick or treat" candy sale, reported Friday that some \$500 had been raised. Courtney explained that the Jaycees would use the money to further the organization's various civic projects.

**Next: What the state can do in the future.**

**This Week's School Menu**

Following is the menu for all Brownfield school cafeterias the week of Nov. 4-8)

- MONDAY**  
Salmon and ketchup, English peas, new potatoes, pepper rings, grapefruit sections, Hi-Ho crackers, and peanut butter and milk.
- TUESDAY**  
Baked ham, buttered rice, turnips, cabbage and carrot salad, pineapple pudding, biscuits with butter and milk.
- WEDNESDAY**  
Weiner and cheese, onion and relish, baked corn, hard-boiled eggs, plum cobbler, hot dog buns and milk.
- THURSDAY**  
Spanish rice, big butter beans, carrot sticks, spinach, whole wheat bread, fruit salad and milk.
- FRIDAY**  
Roast beef and gravy, candied yams, green beans, fruit jelly and whipped cream, rolls and butter and milk.
- Texas' Governor's Mansion, as it now stands, was built in 1853. It is 32 years older than the Capitol.

**Rites Held Here For Former Terry Man**

Funeral services for a former Terry County resident, William A. Bond, 77, who died Wednesday in Dallas, were held Thursday in First Baptist Church.  
The Rev. Jones Weathers, pastor, officiated. Burial was in Terry County Memorial Cemetery under direction of Brownfield Funeral Home.  
Bond moved to Terry County in 1934 from Cooper. He operated a farm 10 miles west of Brownfield until his retirement. He was employed by the First National Bank of Brownfield in 1949 and 1950. He moved to Dallas in 1955 to live with a daughter, Mrs. W. E. Hansen.  
Bond died at the home of his daughter in Dallas. His wife died at Brownfield in 1951.  
Survivors include the daughter of Dallas; seven brothers, G. W., J. H. and J. C., all of Cooper; Bond of Bochtito, Tex.; Fruit of Midland, Tilden of Waco, J. R. of Big Spring; four sisters, Mrs. J. F. Deatherage of Ladoala, Mrs. C. H.

Brantley of Commerce, Mrs. Ruby Ballentine of Lubbock, and Mrs. Alice Cummings of Dallas; three grandchildren, Jerry Bond of Lubbock, Mrs. Rogers Lindsey of 1369 East Repetto, and Earl Bond of Dallas.

**Truth Seekers Class Calvary Baptist YWA**

Truth Seekers Class of First Baptist Church met with Mrs. Jarrell Cox of 1229 East Repetto Tuesday evening. Mrs. Cox gave the devotional.  
Duties of the various officers were discussed. Attending the meeting were Meses. Ray Sparkman, T. A. Wartes, R. L. Foster, Walter Skiles, Lloyd Moore and Jack Holt.

Michigan leads the U.S. in industrial output and leads the world in automobile production.

### Spectacular Plans To Enlarge Stadium Told To Rotarians

Expansive plans for enlarging Jones Stadium at Lubbock were told Friday to Brownfield Rotarians, meeting for their weekly luncheon in First Presbyterian Church.

Discussing the huge undertaking was the head basketball coach at Texas Tech, Polk Robison.

Said Robison: "When finished, the new Jones Stadium will seat 54,000 spectators. The finance plan calls for an expenditure of at least \$1,700,000."

Robison also explained that part of the money would be raised by selling "options" on grandstand seats. All of choice location, the options will sell for \$300, \$200 and \$100, giving the buyer a sort of "insurance" on good seating for 15 years.

In addition, 168 first row seats will be "optioned off" for 15 years. Cost: \$1,250. Robison emphasized that buying an option did not include the price of tickets to any game.

In addition to Robison, others present were a Brownfield trio who are to be new Rotarians: Joe Price of Pioneer Natural Gas, Sawyer Graham of Brownfield State Bank and Dr. Robert Burns, who soon is to occupy new offices for the practice of medicine on South Fifth.

President Morgan Copeland presided during the Friday meeting.

Last county organized in Texas was Loving in 1931.

### Girl Scout Troop 12 Slates Investiture

Girl Scout Troop 12 will have investiture ceremonies at the Girl Scout House this afternoon at 3 o'clock. Parents and their families will be guests.

The following girls will officially become Girl Scouts: Carolyn Callaway, Frances Dishman, Jeanene Hays, Ava Beth Neel and Patricia Turner.

The "Cub" patrol including Janie Fugitt, Patricia Turner, Nancy Benson, Carolyn Callaway, Jeanene Hays and Rita Flippin, will greet the guests and furnish the color guard for the flag ceremony.

The "Cherokee" patrol with Daphne Pemberton, Elaine Flache, Mitzi Dodd, Pam Shirley, Randa Barton, Ava Beth Neel and Betty Brownlee is in charge of the investiture.

The "Woodpecker" patrol with Mamie Herrington, Linda Fay Odom, Suzanne Armstrong, Frances Dishman, Stella Rice and Judy Green will furnish refreshments.

Mmes. D. L. Pemberton, Everett Armstrong and Truett Flache are troop leaders.

### Ropesville Homecoming To Be Held On Nov. 8

Nov. 8 is the date set for homecoming at Ropesville. They will be meeting the Plains Cowboys at 8 p.m.

Barbecue will be served in the school cafeteria at 6 p.m. Following the game, coffee and doughnuts will be served in the cafeteria.

Iowa has 25 per cent of all Grade-A soil in the U.S.

Kansas produces one-fifth of the nation's winter wheat.

Federal Hill, Ky., was inspiration for Stephen Foster's song, "My Old Kentucky Home."

### LONG RANGE PROGRAM PLANNED

## SCOT Says Substantial Gains Made in Wildlife

Activation of a rank-and-file sponsored wildlife conservation headquarters has been justified in its first nine months of operation, Cecil Reid of Austin, executive secretary of the Sportsmen's Clubs of Texas, told the Alamo Kiwanis Club of San Antonio.

He said SCOT "has provided a generally stimulating affect" on wildlife affairs and has been instrumental in "broadening the entire approach to proper conservation of our natural resources."

"SCOT's state headquarters," said Reid, "were conceived under shotgun circumstances last winter in a crash move to help crystallize public sentiment toward salvaging the then threatened public administration of wildlife affairs."

"Through SCOT's statewide educational influences, the Game and Fish Commission not only was spared further enforced retrenchments but was provided with a refinancing program that bodes well for the present as well as future generations."

Reid told the Kiwanians that despite substantial early gains in wildlife conservation, the big target has not yet been dented. "It would be like bragging we had shot down Sputnik with a slingshot to claim our objectives have been conquered," he quipped.

Long range conservation impact is being accelerated "all along the line," said SCOT's executive secretary, "yet we already see some immediate dividends for the deserving sportsmen." He listed among these "early meat commitments" the projected series of public hunting areas jointly sponsored by the famous King Ranch and SCOT.

Reid emphasized that "probably the greatest factor in our building for the future of Texas Wildlife is SCOT's technical committee." "This celebrated group comprises some of the nation's top scientists is the only such committee in existence," he said.

"This committee presently is concerned with counseling the existing wildlife administration agencies," he added, "but

as a unit. Briefly they are: 1. Failure is a challenge. 2. Good can be salvaged from the worst of things. 3. Utilizing other's ideas, we better ourselves. 4. Handicaps necessitate action. 5. Without faith in God, all efforts are fruitless.

After all is said for and against the United States, she still remains the lighthouse for all the world. From Mr. Edison's philosophies could come the ray of light they look for. Its beams would penetrate the encasing fearful darkness of minority. In our efforts to overcome evil with good, it would reflect a motive of abiding respect and affection, rather than the prevalent one of appeasement to obtain more power and prestige. It would brighten pathways to better policies and attitudes toward handicapped peoples of the world, establish adequate industrial and educational programs to help them help themselves.

By strengthening faith in God, Christianity, the greatest light of all, would banish the fatal darkness of heathenism. When this darkness is overcome, even the impossible will take on a new light, because "God is love and love is light."

NEW BASSINETTE! — Elsie the cow and Flora Jean Seaman inspect the twin bassinette Elsie recently has added to her famous Barn Boudoir. The bassinette of course is for the two additions to Elsie's family, her twin calves. Some of Elsie's

### REDS PLEA FOR MORE Even Communism Needs Advertising

By WELDON CALLAWAY

People often have to do without something before they can really appreciate its value.

The communists believed that they could do away with advertising. The idea worked all right so long as the communist system was producing only the bare essentials for life.

However, now that better consumer goods have become available, Iron Curtain writers have rediscovered advertising. Recently, economists in Russia and other communist countries have been pleading for more and better advertising.

As an example, the following case for advertising was made in a Yugoslavian journal:

"... when production — especially of articles for mass consumption — increased in numbers, became more diversified and of better quality, the question of promoting goods appeared as a problem equal to the one of organizing production. It is an old rule that goods are sold by their quality and popularity. But popularity is

### The Farmer's Wife

By ROSE JEAN HENSON

Mrs. Delton Tatum for the clever table appointments. Mrs. Bob Smith (and this one is really appreciated) — general flunky. Maybe it doesn't take talent but it requires a heart of gold. Mrs. Robert Liles — for her willingness to "read little palms" all evening. Last, but certainly not least, Mrs. Clois Sharp who stayed along with the above-mentioned, until the last dish was washed and the lights were out.

A birthday party. So what? Why all the "floods"? Sure, I could have more easily invited less, served cake, and a bottled soft drink, and it would have been a party. Probably we are all guilty of taking the easy way out and I'm sure our children sense it many times.

It sometimes forget that a child, as well as ourselves, likes to feel important and because time, a little expense, not too much work, and a good deal of planning went into "just a birthday party," I trust those who attended felt they were important and if they remember anything special about it, that they will realize it was meant . . . just for them.

Although there was no recognition made of it, last week marked the 52nd birthday of the electric bulb. Americans probably will never truly recognize the genuine greatness of Thomas Alva Edison and his contribution to this electrical age. He was the man who said, "A genius is made and not born." His formal education began at the age of 7, ending three months later because he was considered "addled." Thereafter his mother taught him, guiding his extensive reading, particularly in science.

Differing from most scientists, he was a trial-and-error experimenter and not always original with his ideas. His great ability detected the best elements of others' work and with genius and skill they were utilized into something practical.

Recognizing the extent of Mr. Edison's influence on the world (for what on earth would we do without electric lights), combined with other inventions, philosophies and educations, one might conclude America had achieved perfection.

Not so, America still remains imperfect. What with Sputnik, whirling over our heads, with indications of more to come, we might concede we are less perfect than first we thought.

Also last week the United Nations celebrated its 12th year and most people feel that they will be able to stall if not solve any world problem that might pop up. Visible results prove however there are flaws to be mended and problems to iron out if it ever succeeds.

As an inventor, Mr. Edison left much to this world. As a philosopher he left much more. He left a proven formula for solving every problem, yea those encountered by the United Nations.

It's ingredients are profitable when used separately but assure greater accomplishments

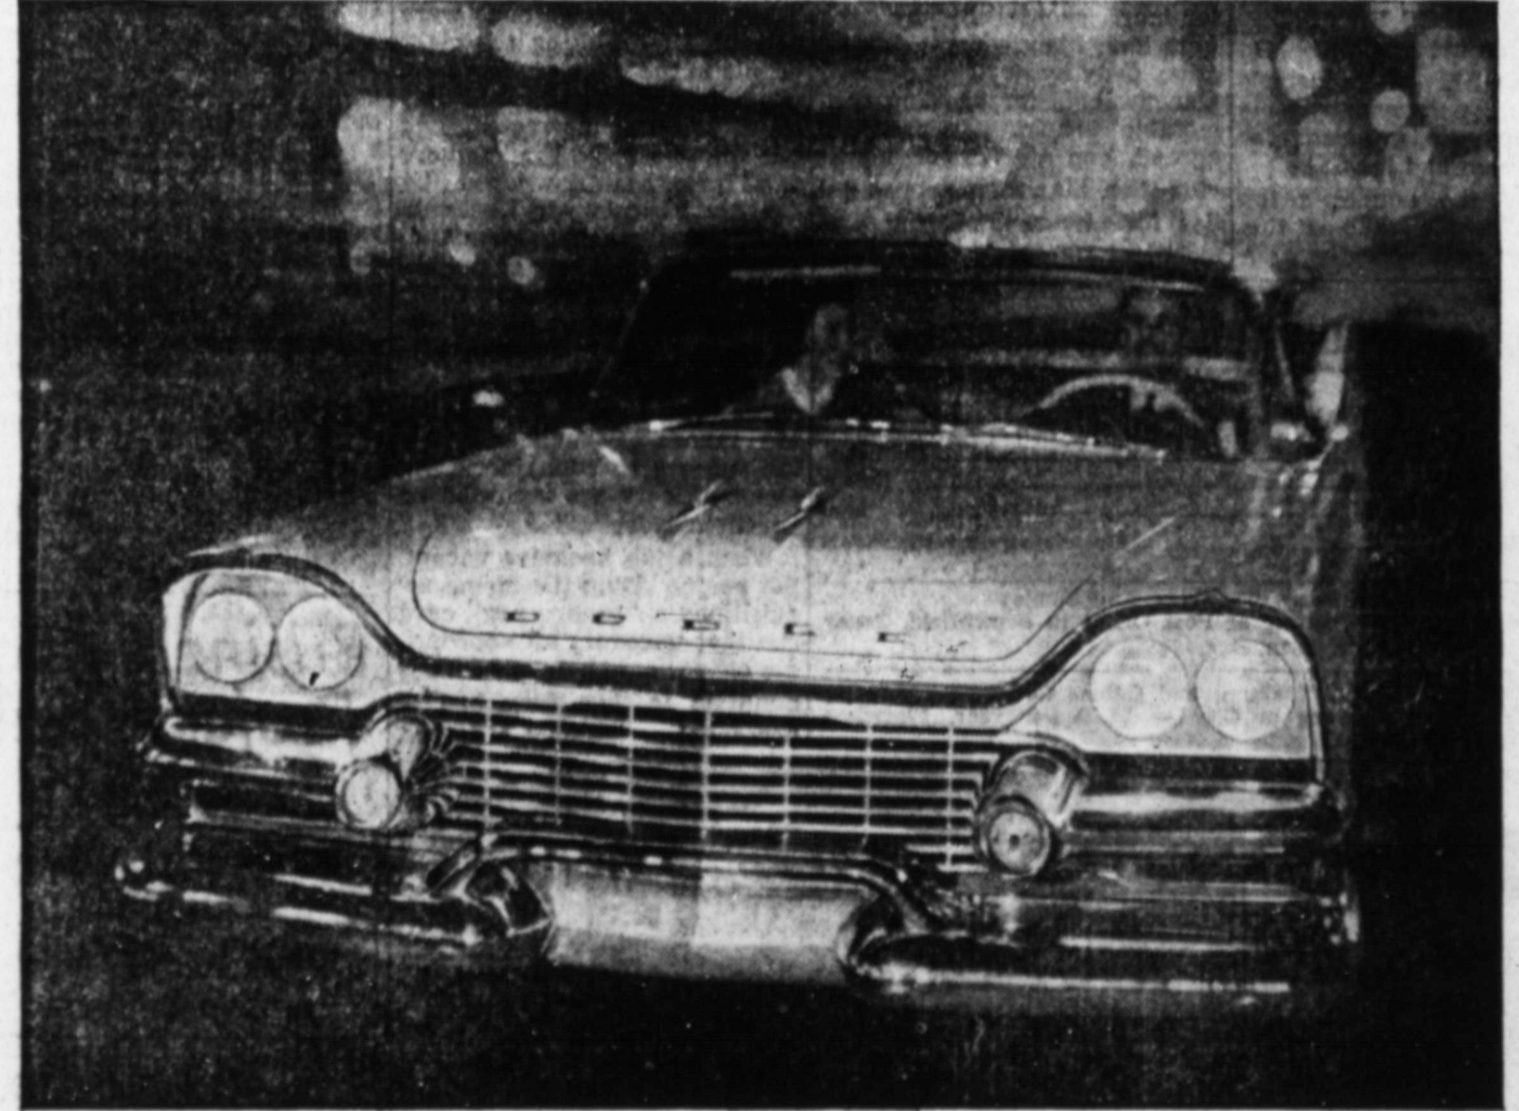

### SAVES COTTON HARVEST DOLLARS AS NEVER BEFORE!

Here's the high-speed, high-capacity cotton harvest machine that can make the BIG profit-difference on your cotton crop. By the bale, by the acre, by the hour worked, this new Minneapolis-Moline 2-Row Cotton Stripper pays you dollars you never thought you could make on cotton! MM cotton stripping lowers labor costs, protects you from untimely labor shortages.

### LOOK AT THESE NEW ADVANTAGES!

- Mounts in units... not in parts
  - Easy-to-lubricate bearings reduce service time
  - Big capacity 16-inch elevator directs cotton to all parts of the wagon... you don't need an extra man to build the load
  - Overshot blower mounted on elevator aids distribution
  - Handles row widths from 36 to 42 inches
  - Hydraulic height control of stripper units
  - Separate hand levers control height of each stripper and angle and height of plant lifters
  - Thorough cleaning with 12-inch louveres along the auger trough and the entire length of the elevator.
- See all the many new advantages of this MM Cotton Stripper for yourself! Stop in the next time you're in town!

## TO COMBAT RUSSIAN ICBM STRENGTH

### Aid For U. S. Aircraft Industry Is Necessary To Keep Pace

Announcement by Russia of the successful testing of an intercontinental ballistic missile capable of being directed "into any part of the world" throws into sharp relief the recent finding of Selig Altschul, independent aviation consultant, that earnings of the US aircraft industry "are inadequate to meet the projected need for capital assets."

Whether the Russian announcement is taken at face value or discounted as propaganda, it can only increase the pressure on our own ICBM program — already with top priority — and accelerate the development of interception and defense against such weapons. And for much of the development and all of the final production of these desperately essential devices, the military and the nation must look to our aircraft industry.

Thus, the fiscal health of this vital industry that presently employs more people than any other (exceeding the automobile industry by 75,000), is of the utmost importance to every American. Writing in the current issue of *Planes*, official publication of the Aircraft Industries Association, Mr. Altschul describes this technological world-of-its-own as involving a hitherto unheard-of vastness of facilities, swift and constant changes in equipment and product, a research investment previously unknown to industry.

Further, its management can not be guided by supply and demand since commercial orders have totaled no more than ten or fifteen percent of industry volume in recent years. And sales

that were under \$1.8 billion in 1949 rose to nearly \$9.5 billion in 1956! Since its inception, the history of this peak-and-valley industry has provided a feverchart of national urgency.

"The cycle of a new type supersonic aircraft or missile," writes Mr. Altschul, "from conception to prototype may take years, during which hangs a doubt as to whether the product will ever reach production." Further, he points out that even though there is a production run "there is no assurance that it (the company) may retain the profits realized in this work." There is still "price-redetermination" on the contract, and ensuing years of renegotiation uncertainty.

The industry, he says, can only obtain the funds it must have from earnings, short and long-term borrowings or through Government assistance. And so long as aircraft earnings suffer by comparison with others, investors will take their money elsewhere. While the Government will finance certain highly-specialized programs, says Mr. Altschul, "there are wide areas where industry can do the job best on its own."

In observing that: "To the extent that industry can finance its operations on its own, there will be less demands made on the Government for assistance," the writer suggests at least that good business for the aircraft industry is good business for the Government — and hence for the taxpayer.

Certainly, we wouldn't want to see the Government building our planes and missiles.

## BEHIND AMERICAN BUSINESS SCENES

### Air Force and Industry Making Moves To Change Old Trend Of Hiring Wrong Man For Jobs; Ability Is Governing Factor

By REYNOLDS KNIGHT  
Economic Analyst

NEW YORK — Industry's prime need, personnel-wise, is a systematic program for matching men and jobs.

Some of the country's top personnel people kicked this problem around recently at a

seminar sponsored by the American Management Association. Only by devising dependable systems for spotting promotable people, the panelists agreed, can any business provide the maximum opportunities for its engineering and technical employees.

The armed forces once were notorious for putting the right people in the wrong jobs. There are signs, however, that this trend is being corrected, and one of these is the "square peg" program developed by the Air Force's Air Research and Development Command, seeking a better way of matching officers and jobs.

Under the ARDC procedure, each man doing any hiring is asked to have punched on cards the qualifications that are mandatory and desirable for success in each job. Data about officers are recorded on parallel cards.

When a job becomes vacant, the person doing the hiring requisitions a "square peg" card run that uncovers all appropriate officer cards. A list of those qualified is then furnished to personnel assignment officers.

HORACE GREELEY

The Bible — Bulwark of Freedom

**FAST FILLING** — Noticing the way Americans have taken to pressing the button on pressure cans, the manufacturers of soaps, chemicals and other products are turning to automation to speed up production of that kind of container.

Expanded markets are foreseen for pushbutton packages when they are produced by pushbutton methods, according to American Can Company.

Pressure cans are now filled at the rate of 60 to 150 a minute, but this rate will jump to more than 300 a minute as many manual operations are speeded up by automatic equipment.

These include such operations as receiving, storing and feeding cans to the filling line; inserting valves, applying buttons and overcaps, and packing, sealing and stacking.

**THINGS TO COME**—A hobby that ought to intrigue Dad as well as Junior is given an assist by a kit of plans and parts that makes it possible to build a small, gas-powered auto that uses the engine from a discarded lawnmower.

The home craftsman looking for a special piece of rare wood for his current project can get a new catalog listing many exotic strains, from "avodire" to "zebra," and also a sample package of 50 different varieties from five continents. . . . A new line of steel-framed "pre-fab" houses comes with dry-wall sheets for interiors already taped and spackled to enable painting or other decorative treatment without joints showing.

**PREFERRED PACKAGING** — as the holiday season draws near, U.S. distillers are in full agreement with the theme that "liquor is the gift no one ever returns." But there's less than complete unanimity about the way liquor should be packaged. Currently the industry is divided into two camps — decanter vs. nondecanter.

Among the major distillers who consider the decorative glass bottles a distinct sales asset is Schenley Industries, Inc., the firm that pioneered the marketing of decanters for luxury brands in 1949 and for popular-price brands in 1953.

Again this year several of its leading whiskeys will be offered in "fancy glass."

By VERN SANFORD  
Texas Press Association  
AUSTIN — It's time for a showdown, says the Senate investigating committee.

Our Texas Legislature has gotten a black eye, the committee feels, and it wants to find out why. Said the committee's chairman, Sen. Charles Herring of Austin, "There's been a tendency on the part of the public to blame the Legislature for everything that happens."

He attributed this to: (1) Acts of a few lawmakers who discredited the entire branch, (2) loose and irresponsible talk and (3) a tendency of other state agencies to blame the Legislature in an attempt to cover up their own shortcomings and "even dereliction of duty."

Herring promised a three-pronged attack against these sources of discredit: Grand juries and the legislators themselves have already done "able work" in the first area, said Herring.

In its "loose talk" attack the committee called on the carpet Riggs Sheppard of Hondo, manager of the Medina Electric Cooperatives, Inc. Riggs said The Texas Co-op magazine misquoted him in saying he's been "told to see old so-and-so and he'll get your bill introduced for \$500." He said a nation-

al magazine article on alleged corruption in Texas triggered his remark.

In the third phase of its operation, presumably designed to show that state agencies have fallen down on their jobs, the committee began by subpoenaing three insurance executives.

First on the stand was Largent Parks, president of Preferred Life of Dallas. Parks was closely questioned about State Insurance Board charges that he owes the insurance firm some \$194,000. Senate committee questioning emphasized that Parks' firm had been given a routine examination last March and another special examination in June, but that the report had never been made public.

Also subpoenaed were Pierce Brooks and Lester Hall of National Bankers Life in Dallas.

**FEDERAL FORCE DENOUNCED** — Despite difficulties among themselves, pro-segregation representatives pushed through a strong-worded resolution against enforced integration.

By a vote of 112 to 24, House members criticized President Eisenhower's action at Little Rock. It did not, said the resolution, "reflect constitutional government deriving its powers from the consent of the

governed."

Further, it asked the President not to send troops to Texas to enforce "modern sociological concepts" or interfere with "the constitutional right of the State of Texas to provide, operate, and discipline the public schools of Texas."

Difficulty came with Rep. Joe Pool's efforts to push through a demand-to-the-governor resolution. Pool's proposal would call on Gov. Price Daniel to say at once when he will open the legislature for segregation bills. It was shunted aside for a week.

Many East Texans joined in the postponement move, thus indicating they had faith in the governor's intentions.

**MARRIAGE OF MANY** — Lobby control proposals are going through the "agonizing reappraisal" stage.

Eight widely varying bills — four in the House, four in Senate, were sent off to subcommittees. Each sub-group is to make a four-way marriage of the proposed bills in the hope of arriving at something that will be acceptable to all.

Some points of differences: whether "controls" should apply only during sessions or year-around, only in Austin or anywhere in state, whether public officials should be exempted, church spokesmen, etc. Each author contends the rival bills have "loopholes."

A new proposal by Sen. Henry B. Gonzales of San Antonio is that the law should provide for a special enforcement agency. It would be a "disclosure board" to which information on who is lobbying for whom and how much is being spent would be filed.

**MUDDY ROAD** — Proponents of a statewide water planning bill are having slow

WILL SERVE THIS YEAR, NEXT Texas Society for Crippled Children, Adults is Fort Worth Business Leader

Carl J. Aldenhoven, Fort Worth civic and business leader, will head this state's largest Seal organization, the Texas Society for Crippled Children and Adults (TSCCA) in 1957-58.

A native Texan, Aldenhoven says that his interest in crippled children and adults began early in his life and grew into a program of the TSCCA.

The junior college district was authorized in an election last summer. A bond issue of \$800,000 was approved, with a 44-cent tax rate, of which 19 cents will go for bond retirement and 25 cents for operation and maintenance of the school.

Thomas M. Spencer, former president of Blinn College at Brenham, has been named president of South Plains College. Lamar G. West of Levelland is president of the board.

CARL J. ALDENHOVEN

BILL COATS, Owner

**AT WILL ROGERS COLISEUM NOV. 4-7**

**Texas Baptists To Meet In Fort Worth; Billy Graham Will Speak**

DALLAS—Nearly 15,000 Texas Baptists are expected to attend three statewide conventions in Fort Worth Nov. 4-7 in Will Rogers Memorial Coliseum.

Evangelist Billy Graham heads a list of prominent speakers who will appear before the messengers, representing more than 1,558,000 Texas Baptists.

A closed circuit television system will be installed to take care of overflow crowds expected to spill into a nearby auditorium.

Purpose of the conventions is to conduct the annual business of the Woman's Missionary Union of Texas, the Texas Baptist Brotherhood and the Baptist General Convention of Texas.

Messengers from more than 3,807 Baptist churches in virtually every town and city in Texas will be asked to adopt a record \$10½ million budget. Other business will include presentation of the Town and Country Achievement Award; honoring outstanding leaders; reports from convention officers, institutions and agencies; adopting pertinent resolutions; presenting a convention press award; and electing trustees for BGCT children's homes, schools and hospitals.

The Woman's Missionary Union will meet from 10:00 a.m. Nov. 4, through 4 p.m. Nov. 5 in Will Rogers Auditorium.

Principal speakers will include Dr. Baker James Cauthen, executive secretary of the Southern Baptist Convention Foreign Mission board; Dr. Kathleen Jones, missionary to Indonesia; Miss Eula Mae Henderson, executive secretary-treasurer of the Texas WMU; Mrs. Tex Culp, Girls' Auxiliary secretary for Texas, and Miss Joyce Gill, Sunbeam director.

Nearly 3,500 men are expected to attend the Brotherhood sessions from 2:30 p.m. Nov. 4, through 4:00 p.m. Nov. 5, in the Memorial Coliseum and at the nearby Arlington Heights Baptist Church.

Theme for the 17th annual Brotherhood convention is "Men, Boys and Missions."

Main speakers will include Texas Governor Price Daniel; Dr. Bruce Carter, president of the Northeast Oklahoma A&M College and chairman of the Southern Baptist Brotherhood Commission; Walter Jettom, Fort Worth caterer and a mem-

**Cover Crop Invaluable To Farmer**

The rains and winds that characterize winter weather often rob the farmer of valuable topsoil through erosion — not to mention the hidden damage from leaching. But farmers can prevent this winter-time destruction of their land by planting cover crops.

It must be remembered that cover crops do more than just protect the land, says R. J. Hodges, extension agronomist. These crops improve the soil itself, leading to increased yields.

Many growers have discovered that winter legumes increase their cotton and corn yields, more than paying for the time and money spent in putting in the legumes, points out the agronomist.

These cover plants do not interfere with other crops, coming at a time when farm work slows down. They are turned under to add plant food, especially nitrogen to the soil during the slack period in the spring. Grazing, hay, silage or seed taken from the winter crop will provide other sources of income for the farm, he adds.

Annual winter legume crops named by Hodges include vetch, Austrian winter peas, crimson clover, burr clover and sweet clover. Some operators use a combination of annual grass and annual legume while others prefer the annual grass alone.

ber of the SBC Brotherhood Commission; Dr. Willis J. Ray, executive secretary of the Colorado Baptist Convention, Denver, and three denominational leaders from the BGCT offices in Dallas: Dr. Forrest C. Feezor, executive secretary for Texas Baptists; Dr. C. Wade Freeman, superintendent of evangelism; Robert Chapman, state Royal Ambassador secretary, and Dr. L. H. Tapscott, Texas Brotherhood secretary.

The WMU and Brotherhood will join about 6,000 messengers from Texas churches Tuesday, Nov. 5 at 6:30 p.m. for the BGCT's first general session to conduct the denomination's most important business.

An address by Dr. Cauthen, seating of messengers and introduction of mission-

aries will highlight the Tuesday night session.

Wednesday's sessions will feature the presentation of the statewide winner in the Town and Country Achievement Program, the treasurer's report and the presentation of the 1958 budget.

Trustees for Baptist institutions will be nominated Thursday morning.

A Texas newspaperman will receive the annual press award Thursday afternoon, shortly before an address by Representative Brooks Hays, president of the SBC and a prominent figure in the recent Little Rock race crisis.

Billy Graham's address Thursday at 8:30 p.m. on "World Evangelism in Our Time" will climax the convention.

**Cattle Raisers Warned Of Prussic Acid Danger**

The time of the year is approaching when cattle owners should be warned that Johnson grass or sorghum after a frost is sometimes extremely high in prussic acid content and is very dangerous to livestock.

When wilted by frost or drouth, certain chemical changes sometimes occur in the plant and it develops a content prussic acid, or hydrocyanic acid, says Dr. C. M. Patterson, extension veterinarian. The poison acts quickly, and can kill an animal within a short time after the damaged plant has been eaten.

Symptoms described by the veterinarian include an appearance of nervousness, difficult breathing, and difficulty in standing. Whether a poisoned animal can be saved depends upon how quickly a veterinarian can get to it. Treatment involves injecting antidotes directly into the blood stream.

Young plants will develop more prussic acid than those

approaching maturity, points out Patterson. The leaves will contain from three to 25 times more acid than corresponding portions of the stalk in plants in the boot stage. The upper, younger leaves will contain more acid than the lower leaves.

Frosted or drouth stricken Johnson grass or sorghum should not be grazed until it is completely dry, advises the veterinarian. If Johnson grass or sorghum is ready to cut before a frost, it may be cut during the first day after the frost and used for hay if care is taken to see that it is completely cured before baling.

Only diamond mines in North American are in Arkansas.

From 1930 to 1956 California's population increased four times as fast as that of the whole country.

From an attendance standpoint the State Fair of Texas is the largest in the U. S.

**TO BE HELD NOV. 14-15**

**President's Assistant Is Featured At Lubbock Irrigation Conference**

The administrative assistant to President Eisenhower, Jack Z. Anderson of Washington, D. C., will speak at an Irrigation Conference for farmers, agricultural leaders and the irrigation equipment industry, on Nov. 14-15 at the Lubbock Hotel.

This Conference is being sponsored by the newly-formed Texas Inter-Industry Irrigation Council. Top irrigation specialists from throughout the United States will take part in the program.

"Irrigation Farming—A Key To Better Living" is the theme of the initial conference. This will be the first State-wide conference of its kind in Texas and almost every problem on a state wide basis in connection with irrigation will be considered.

Farmers and business men who have wanted more knowledge of irrigation in the area now have the opportunity to

obtain the best such information available.

The future of irrigation in Texas, which ranks second only to California, future water supplies and potentials for increase in irrigation, will all be discussed at the conference. Harry P. Buriel of Bureau of Reclamation in Austin, will lead this discussion.

Farmers may be interested in knowing more about how

soils respond to irrigation. The top man for this subject in the United States, R. M. Hagan of University of California, will discuss this problem.

Labor everywhere is a big problem and all of the research on this subject will be brought to the conference by R. C. Mueller of San Francisco. Then, financing is an important item in irrigation economy. E. J. Dignan, vice president of U. S. National Bank, Denver.

# Brownfield News

And Terry County Herald... Terry County's Oldest Business Institution

Vol. 20 Brownfield News-Herald, Sunday, Nov. 3, 1957 No. 71

## Wed to W. L. Patterson Delma Jean Rinehart Is

Miss Delma Jean Rinehart and William Lee Patterson were united in marriage in a double ring ceremony at the home of the bride's mother, Mrs. Doris Rhinehart of 913 East Lake, Monday evening at 7 o'clock.

The Rev. James E. Tidwell, pastor of First Methodist Church, officiated. The groom's parents are Mr. and Mrs. Joe E. Bryant of 407 West Powell. Mrs. D. R. Burch of Odessa was matron of honor. Best man was J. B. Jobe of Brownfield. Miss Pat Rhinehart and Mrs. Bill Tankersley of Brownfield were bridesmaids. Other attendants were Mr. and Mrs. L. V. Langford and Bill Tankersley of Brownfield.

### Will Live Here

The bride wore a street-length dress of silver gray with

white accessories. Matron of honor wore a beige suit with brown accessories. Both the bride and her attendants wore white carnation corsages.

Pink and white carnations were used in room decorations, also for the reception that followed. Guests attended from Brownfield, Lovington and Odessa. For a trip to points in N.M., the bride wore a gray suit.

Both bride and groom are graduates of Brownfield High School. The bride is now employed as bookkeeper at Franklins. The groom is working in the oil fields. They will make their home in Brownfield.

### Dunlap Buyer Attends Dallas Fashion Market

Mrs. Dora Lee McCracken, manager of ladies ready to wear at Dunlap's, has been attending the Greater Dallas Fashion Market's early spring and resort showings.

Modifications of "the sack," "the chemise" and "the cocoon" were shown in wearable versions adapted to this area. A special fashion clinic and show were given for buyers on Monday and Tuesday nights.

MISS MONA DECKER

## Miss Decker to Marry

The engagement and approaching marriage of Miss Mona Vee Decker has been announced by her parents, Mr. and Mrs. Henry Decker of Route 4. She will be married to Frankie McKee of Seagraves. He is the son of Mr. and Mrs. John McKee of Lubbock.

Date for the wedding, to be held in Lubbock, has not been set. Miss Decker, a senior in the Brownfield High School, will graduate at mid-term. He is a graduate of Quamota High School of New Mexico. They will reside in Seagraves where he engages in farming.

### Meadow MYF Meets, Collects CROP Funds

Meadow MYF group met at the parsonage Thursday evening for "trick or treat." Instead of the usual type of Halloween party they collected money for CROP.

They were served refreshments in the home of Mr. and Mrs. Ray Gober. Following the party they attended the mid-night preview in Brownfield.

## Clubhouse Scene Of Bridge Party For Brownfield Women

Mrs. James Finley and Mrs. M. J. Craig Jr. entertained with a bridge party at Seleta Jane Brownfield Clubhouse Wednesday afternoon.

Mantle decorations were spider mums dotted with puffs of black lace, silver mask trimmed in black lace, black fan and a yellow mum corsage. Pewter candle stick holders with yellow tapers completed the arrangement. A miniature black number nestled in a yellow mum corsage centered each bridge table.

Mrs. Jack Hamilton took high score prize and Mrs. Bill Cope second high. Consolation went to Mrs. Jerry Kirschner. Taking bingo prizes were Mrs. Hamilton, Mack Ross, C. L. Hafer and Jerry Bailes.

Lemon cake and coffee were served to Mrs. Hamilton, Earl Jones, J. C. Powell, Lloyd Hahn, Marion Bowers, J. E. Smith, Robert Lee Craig, D. L. Pemberton, Bill Anderson, John Kendrick, Ed Wilder,

MISS JERRE SUE ESTES

## TO MARY ERNEST HYMAN, DEC. 20

### Jerre Sue Estes Betrothal Announced

Mrs. Mary Lou Estes of 820 East Broadway is announcing the engagement and approaching marriage of her daughter, Miss Jerre Sue Estes, to Ernest Leo Hyman of Abilene, son of Mr. and Mrs. Harry Hyman of Route 1.

Date for the double ring ceremony has been set for Dec. 20 at 7:30 p.m. in the First Presbyterian Church. Miss Janith Spears of Lubbock will be maid of honor and Donald Ray Howard of Abilene will serve as best man.

John L. Cruce, Ross, Cope, Jim Murdough, Murphy May, Robert Knight, Hafer, Morgan Copeland, J. T. Bowman, Curtis Sterling, George

Bridesmaids are to be Misses Kay Hamilton, Linda Hyman and Clarice Cornett, all of Brownfield and Mrs. Gerald Goldston of Fort Worth. Ushers are to be Ken Muldrow of Norman, Oklahoma, Bobby E. Moore of Odessa, Lewis Chambliss of Brownfield and Pat Hyman of Abilene.

Other attendants are to be Pam Stephens, flowergirl, and candlelighters, Mary-Joe Christian of Brownfield and Mike Hamilton of Fort Worth.

Miss Estes and Hyman are both graduates of Brownfield High School. At present she is employed as secretary to the County Attorney. Hyman is a graduate of Abilene Christian College and is now employed by Thornton's of Abilene.

## WILL MARRY ORVAL WALSER

### Jenelle Hulse Feted at Bridal Shower

Miss Jenelle Hulse, bride elect of Orval Walsler, was honored with a bridal shower Monday at the Seleta Jane Brownfield Clubhouse.

Mrs. Looe Miller greeted guests at the door and presented them to Miss Hulse, Mrs. Norval Hulse, mother of the honoree, and Mrs. G. I. Sims, sister of the bridegroom.

Guests were registered by Miss LaJuania Hulse, sister of the honoree, at a table adorned with love birds and a little cherub flanked by American beauty roses. The elaborate bride's book was made by Mrs.

Kenneth Purtell, aunt of the honoree.

A white linen cloth covered the table. The centerpiece was an arrangement of American beauty and white flowers with red streamers and white shirred net. The mantle was decorated with a large bouquet of pink spider mums. Completing the arrangement were cherubs and ribbon streamers.

Mrs. Jim Foy, sister of the bridegroom, poured coffee from a silver service. Mixture open faced sandwiches and cookies of harmonizing colors

were served. Gifts are shown by Mrs. Bill Norman, Mrs. Ross Betcher and Miss Betty Hulse, sister of the honoree.

Hostesses for the party were Mrs. Clarence Lewis, Grady Davis, Miller, J. Dakers, L. G. Smith, John Hill, Roy Adams, Alton Loe, D. B. Oliver, Preston Hester, R. J. Rowden, Jess McWherter, A. L. Little and A. J. Bell.

# Taking Stock

Good business practice calls for taking stock yearly at least. A careful inventory is essential for future planning. The year's end is also a good time for personal stock taking also. How many of those careful plans and good intentions went the way of procrastination and just plain laziness? What does one do with wasted plans and hours; merely mourn them or is there a better way? The Church says there is a way of redemption for wasted lives, shattered dreams, empty hopes; give them to God and accept in return His love and His promise that this alone will fulfill our lives. We are made for God; with Him any life can be beautiful; without Him no life can be.

Is something wrong with your life — an inner restless dissatisfaction? The answer to every human problem comes only from God, our Maker. He alone can forgive and regenerate. Through the church God has committed the provisions and proclamation of His forgiveness and redeeming love. Without a church relation no one is securely related to God. *Everyone should be in the Church and the Church in everyone!*

**Coffee And Apricot Bars For The Afternoon Get-Together**

WHEN you invite your friends over for afternoon coffee, you'll enjoy serving these Golden Apricot Bars. They're moist and chewy, heavenly to taste, and perfect companions for fragrant, hot coffee.

**Apricot Bars Suggested For Parties Or Those Informal Afternoon Get-Togethers**

Now that children are back in school garden bedded down for the winter, why not give a party? Not a big wing-ding, but an informal get-together for women you haven't seen all summer. Just invite them over for coffee some afternoon . . . then listen to all the news of vacations, marriages and babies.

Naturally, you'll want to serve something sweet for the occasion, and here's a marvelous suggestion. delicious Gold

en Apricot Bars. These homemade confections are a little more than cookies, but lighter than cake — just right for an afternoon gathering.

You can imagine how good they are by simply reading the ingredients—lots of butter; walnuts, brandy flavoring and, of course, tangy apricots. The end result is moist and chewy heavenly to taste, and a perfect coffee-companion.

As a matter of fact, be sure to make plenty of your test coffee to go with your sweets—there's bound to be a big demand for both. Once you've served Apricot Bars with coffee, you'll want a repeat performance for every occasion that comes along. They're that good!

**GOLDEN APRICOT BARS**  
 2/3 cup dried apricots  
 1/2 cup butter or margarine  
 1/4 cup sugar  
 1 1/3 cups divided sifted all purpose flour  
 1/2 teaspoon baking powder  
 1/4 teaspoon salt  
 1 cup firmly packed light brown sugar  
 2 eggs, well beaten  
 1/2 teaspoon brandy flavoring  
 1/2 cup chopped walnuts  
 Rinse apricots and cover with water. Boil ten minutes; then drain, cool and chop. Let butter stand at room temperature until soft. Mix with sugar and 1 cup of the flour until crumbly. Pack into greased 8 inch square pan. Bake in moderate oven, 350 degree for 20 minutes.

Sift remaining 1/3 cup flour, baking powder and salt. Beat brown sugar slowly into eggs beating well after each addition. Stir in flour mixture flavoring, walnuts and apricots. Spread over baked layer. Return to oven; bake 30 minutes longer. Cool in pan. Cut in bars or squares when cold.

SOCIETY? CALL 2188

**Mrs. Hackney Hostess To Las Amigas Club**

Mrs. Glenn Akers scored high when Las Amigas Bridge Club met with Mrs. Burton Hackney of 803 East Broadway Wednesday evening.

Mrs. Wilson Collins took second high prize. Bingo prizes went to Mrs. Clovis Kendrick and Mrs. Al Muldrow. Refreshments of pumpkin pie and coffee were served to Meses. Collins, Frank Ballard, Muldrow, Kendrick, Lal Copeland, Harry Cornelius and Akers.

**No. 1**

O'Neal, Tommy Hicks, Sam Teague, Tom Harris, Lee Brownfield, Sawyer Graham, Bob Hoey, Balies, Cecil Knox, Grady Goodpastures, Kirschner, J. T. Hoy, Phil Gansch, Fred Smith and Carroll Collier.

Buelow of Abilene, chairman of the industrial development committee.

Godfrey said the chairman of the national affairs committee has not been named as yet. Godfrey added that chairman for subcommittees on education, highways, oil and gas, and special taxation committee will be named soon.

**WTCC Names Five Group Chairmen**

Five West Texas Chamber of Commerce committee chairmen have been named, according to an announcement by B. E. Godfrey of Fort Worth, president of the regional organization.

Godfrey said four of the men served in the same capacity last year.

Wayne B. Smith, manager of Big Spring Chamber of Commerce, is the new chairman of the WTCC community services committee, said Godfrey.

Smith replaces A. C. Bishop, manager of Sweetwater Board of City Development, who served as committee chairman last year.

Among those re-named to head WTCC committees are R. C. Jordan of Amarillo who will head the state affairs committee; J. C. Porter of Wichita Falls, chairman of the agriculture and livestock committee; Frank H. Kelly of Colorado City, chairman of the water resources committee, and E. L.

**A NEW KIND OF CAR IS BORN!**

A GOLDEN ANNIVERSARY TRIGGERS THE BOLDEST ADVANCE IN 50 YEARS!

On November 9th you will see a car like nothing you have ever seen before. It was created . . . literally from the ground up . . . to celebrate the Golden Anniversary of both Pontiac and General Motors. Never before has a car left yesterday so far behind. For this new Pontiac is the showpiece of a whole new generation of engineering genius. From its revolutionary new chassis design to the refreshing new lines of its styling, this is the car that will trigger the next big trend in automotive design!

### BHS News

By PATTI WILDER

Halloween activities topped by the midnight prelude left many sleepy-eyed Friday morning. Lucky for us that school was out at 2 o'clock for the Ector game.

To celebrate the Halloween Season, the Baptist Senior High Department and guests enjoyed an evening of food and fun, including a "spook alley," relay contests, and Halloween in general. About 30 attended.

Wednesday night, under the combined sponsorship of Methodist, Christian, Baptist, and Presbyterian churches, junior high and senior high students collected money for the Christian Rural Overseas Program (CROP). Before canvassing the town all enjoyed a supper, served by the mothers. When the groups returned with their money, hot chocolate and cookies were served. A little over \$300 was collected.

Cheerleaders, Student Council members, the Queen's Court and Stage Band have all been busily working this week in preparation for homecoming assembly Friday morning and the pre-game ceremony. Homecoming festivities will begin Thursday, with the registration of exes followed by a fireworks display and pep rally. The football game between the CUBS and the Monahans Lobos will climax the activities.

Oct. 31, all seniors were shown a film about college life. Curtis Sterling, president of the Tech Exes Association, introduced the film and lead a discussion following. It was a colorful presentation of what to expect at Texas Tech.

After winning two more medals, Bettie Ann Davis, is now listed in Who Who's in

### Chicago Trip Offer To Top 4-H Member

Records of achievement in the national 4-H dairy program have been judged for the 1957 state winner.

The top ranking boy or girl will be a delegate to the 36th national 4-H Club Congress opening in Chicago on December 1. This highly prized all-expense trip is being provided this year for the first time by a new sponsor, the Oliver Corporation.

In addition to the state award, they also are providing up to four gold-filled medals in each county, and six \$400 college scholarships on the national level.

The scholarship winners will be announced during the Club Congress when state and national champions will be guests of Oliver at a gala recognition banquet.

As a delegate to the Chicago Club Congress, the 4-H'er will have opportunities to visit with other club members from the 48 states, Alaska, Hawaii, Puerto Rico and several foreign countries. Many educational and social events are scheduled during the five-day meeting.

The 4-H dairy program is arranged by the National Committee on Boys and Girls Club Work, and is conducted by the Cooperative Extension Service.

Baton Twirling in the United States. She won second in the NBT Contest in Anson last Saturday; and fifth in the Texas State Contest in Lubbock Sunday. Bettie Ann, a senior, has to her credit a total of 11 medal and a trophy.

Genie Christian honored her sister, Mary Joe, with a surprise birthday party Oct. 28. Those attending were Rita Lou Goodpasture, Neisha Frymire, Rosalene Barrett, Sharon Kennedy, Ruth Glen, Carol Ann Mayfield, Jayne Fulfer, Gretchen Sloan and Sheri Clements.

Sheri Clements and Tommy Lamar are both hospitalized in Treadaway-Daniell with bronchial pneumonia. Best wishes hope you both are back soon.

A foursome composed of LeNora Turner-Gerald Jenkins; Mary Ruth Venable-Tom Chisholm attended the Andrews Homecoming game Saturday, Oct. 26. The main purpose of the trip was to enable Mary

### B Team Rallies But Falls To Levelland, 19-12 Here Thursday

A last half rally fell short here Thursday as the Cub B team was beaten by Levelland, 19-12, on the strength of the Lobo passing attack.

After rallying 12-0 at half time, the future Cubs scored their first touchdown early in the third period. Cecil Pendley took a pitchout from Jerry Browning and skirted left end for 45 yards and the tally. The try for point failed.

Late in the final period Ronnie Goode took a Browning pass and dashed 35 yards for the second Cub tally. The pass play covered 60 yards in all. Again the try for point failed.

**SCORE BY QUARTER**  
Levelland ... 6 6 7 0-19  
Bfld ... 0 0 6 6-12

Ruth and LeNora to scout Kermit and Andrews, two of our future opponents.

Diana Adams, former Brownfieldite now living in Midland, visited friends here last weekend.

All "A" squad football players' lockers were decorated with miniature players last week. These add quite a bit of color to our hallways.

### Gomez News

Mr. and Mrs. Wes Key had as visitors in their home recently, his cousin, Miss Lily Green, and Coolidge and a niece from Denver City. Other guests were Mr. and Mrs. Winter Knight of Lubbock on Tuesday afternoon.

Women's missionary union of the Gomez Baptist Church met Monday afternoon at the church. Mrs. A. V. Britton, mission study chairman, gave a book report on "Continents in Commotion. It is a study of Baptist Mission work in Africa."

Mrs. Bill Blackstock, president, conducted the business session.

A Halloween social for the intermediate training union department was held Tuesday night in fellowship room at the church.

The candle lit room was decorated in black and orange streamers with black cats, owls etc. After an hour of games, refreshments of sandwiches, cakes and cookies were served to Lavon Franklin, Tommy Cargill, Joe Christison, Charles Britton, Mary Helen King, Rommie Smyrl, Larry Huckabee, Myrna Decker, Nettie Fay McKee, Delma Fox, Hugh

bara Mulkey-Jerry Goble; Nancy Moses-Bobby Whitney; Sammie Chambliss-Alfred Newson; Glenda Mathis-Neal Flanagan.

Bobbie Nell Richardson-Eddie McKay; Mary Ruth Venable-Tom Chisholm; LeNora Turner-Gerald Jenkins; Donna Sue Nelson-Buddy Campbell; Doris Ratliff-Ellis Cox; Bettie Ann Davis-Jerry Don Kessee; Patti Thomas-Bob Cloe; Sue Shewmake-Ken Lily; Patsy Hulise-Mont Muldrow; Mary Jane Brownfield-Alton Upton; Jacque Aldrup-Alton Merritt; Shirley Morris-George Lackey; Dahlia Gossett-Deryl King; Doreatha May-Johnny Mac Jones; Shirley Bingham-Danny Andrews; Donna Golden-Jerry Hahn; Mary Edith Stowe-Duane Galloway and Sharon Kennedy-Jackie Whitaker.

The latest steady-dating couples are: Karen Foshee-Joe Oswald; and Janice Nowell-Gus Foshee.

Just learned that Delma Fox underwent an appendectomy late Thursday afternoon at Treadaway-Daniell Hospital.

Kirby, Jimmy Brannon and Mrs. A. V. Britton, leader.

Fred Frachset of Lubbock will be guest speaker Sunday morning at the Gomez Baptist Church. He will speak on "Civil Righteousness."

Preaching services are being held each Sunday afternoon for Latin Americans in the Gomez Baptist Church. Farmers having these workers are asked to see that they have transportation to the services held at 2:30. The Rev. Hernandez, pastor of the Brownfield Latin American Baptist Church, will conduct the services.

Franks Jordan is still a patient in the Treadaway-Daniell Hospital. His condition remains the same.

W. R. (Bill) Schofield, who was in a car wreck near Johnson store Tuesday afternoon, is still in serious condition.

### Wildlife Employees To Be Honored For Lifetime of Service

Formal recognition for meritorious lifetime services will be given recently retired members of the Game and Fish Commission field force by Governor Price Daniel and the Sportsmen's Clubs of Texas, of which he is a member.

In a statehouse ceremony, the state's chief executive will present plaques to two men, who have just finished their game department careers, as symbols of the high regard Texans have for public duties well done.

Toddie Lee Wenne Jr., SCOT president, said the pair typifies department workers who have reached the compulsory retirement age of 65 years. They are Tom Waddell, for many years game warden supervisor at Eagle Lake, and Ben Stone, superintendent of the East Mountain fish hatchery in the Possum Kingdom area.

Waddell was nominated by the San Antonio Anelers Club, and Stone by the Forth Worth Anelers Club, which has initiated a move to have the East Mountain hatchery named after Stone.

Texas's first telephone was installed in the Galveston News plant on March 18, 1878. Net value of Texas industrial production increased 930 per cent in the 14 years after 1939. Of the 150 major U.S. Air Force bases, 27 are located in Texas.

### SAVE MORE and CLEANER COTTON

with the **JOHN DEERE No. 16 Two-Row Mounted Stripper**

IT'S ADJUSTABLE TO ALL ROW SPACINGS

Fast, efficient stripping and thorough cleaning makes profits for owners of the John Deere No. 16 Two-Row Mounted Cotton Stripper. You'll save \$30 to \$50 or more per bale over hand-picking costs—save more higher-grad-ing cotton than ordinary machines.

The John Deere No. 16 Stripper is adaptable to stripping in any row spacing from 36 to 42 inches by 1/2-inch adjustments to meet your conditions exactly. It's easier to mount on the tractor... easier to operate and adjust.

Come in soon. We'll be glad to go over all the advantages in owning a John Deere No. 16 Stripper.

# Our Places of Worship Here...

**PARKVIEW METHODIST CHURCH** — Pictured are Parkview Methodist Church and its pastor, the Rev. Ray Elmore. Both church and parsonage are located at 602 South First. Sunday schedule: 10 a.m., Sunday school; 11 a.m., worship, and 7 p.m., worship. Parkview celebrated its first birthday in July by moving into the new church building. They have 31 members with around 40 in Sunday school.

## MEADOW NEWS

Youth of Meadow will be calling on citizens tonight—not to play tricks-but in a serious mood. Attire and holiday make-up could be deceiving but they will be calling in the name of the church on Serious Business. Instead of asking for treats they will be asking for money to be used to buy food for friends across the sea that are in deep need.

Recent visitors in the home of Mr. and Mrs. M. W. Fox were their grandchildren: Larry Fox from Dallas, Kent Fox from Irving and Stevie Morgan from Dallas. Mr. and Mrs. Fox took them home last weekend. Visitors in the home of Mr. and Mrs. J. M. Burleson last week were his mother from Anson and his brother, Congressman Omar Burleson, and wife from Washington, D.C. Mr. and Mrs. Hollis Floyd

## Mothers Are Feted By Kindergarten Teachers

Teachers of the kindergarten department of First Presbyterian Church entertained mothers Wednesday with a coffee in the church parlor.

A short program was given following an open discussion. Fifteen attended.

of Lubbock attended Methodist Church Sunday.

Mr. and Mrs. James Selman and daughters, Pat and Mary Jo, of Hobbs, N.M., visited her parents, Mr. and Mrs. J. H. Gober, Sunday.

Dinner guests Saturday in the home of Mr. and Mrs. Joe Burleson were Congressman and Mrs. Omar Burleson of Washington, D.C., Mrs. Burleson of Anson and Mr. and Mrs. J. M. Burleson.

Mrs. L. J. King and Mrs. Beulah Hart visited in Brownfield Saturday afternoon.

The Rev. and Mrs. H. G. Verner of Graham spent Monday night with his mother, Mrs. J. I. Verner. They were going to Colorado to visit relatives.

The Rev. Don Murry and family have arrived in Meadow. He will be taking over his duties as pastor of First Baptist Church Sunday. He came here from the Lakeview Baptist Church.

Mrs. Idelle Westbrook of Lubbock visited her mother, Mrs. L. G. Carruth, and her sister, Mrs. Estelle Work, Sunday.

Mr. and Mrs. Jay Turner and family of Lovington, N.M. visited his mother, Mrs. Ellie Turner, Saturday.

Mrs. Markins, Mrs. L. J. Carruth and Mrs. John Cadenehead visited Mrs. Lee Holden Wednesday. She has been confined to her bed for some time with an infected foot.

WMS met at the church Monday afternoon for a foreign mission program and business meeting. Mrs. Lockett, president, led the program.

## Cotton Quiz

WHAT PART DID COTTON PLAY IN THE CLIMBING OF MOUNT EVEREST?

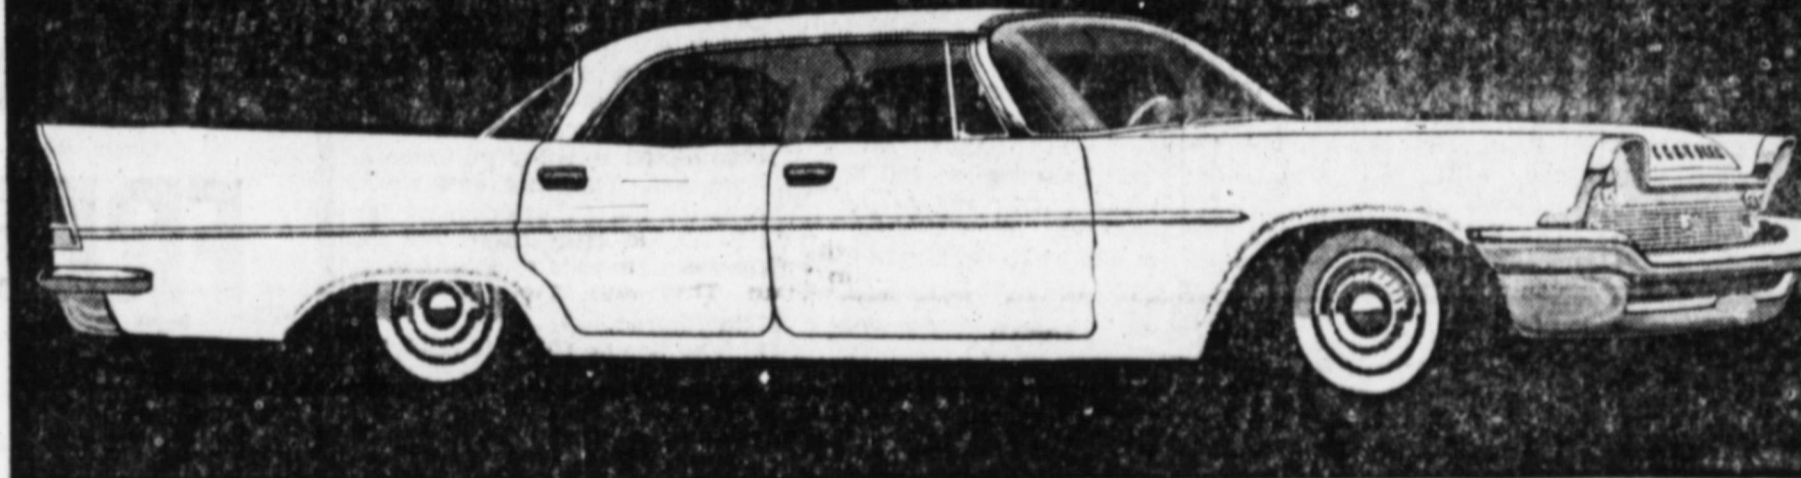

LIGHTWEIGHT, WIND-PROOF CLIMBING GARMENTS WERE MADE OF 100% COTTON.

# THE MIGHTY CHRYSLER

## MAKES THE NEWS FOR '58!

ANNOUNCING AN ALL-NEW LUXURY CAR IN A LOWER PRICED FIELD!

The Glamorous New

# CHRYSLER WINDSOR

**ADVANCED**—New Flight-Sweep styling!  
**GLAMOROUS**—New "Luxury Look" interiors!  
**ROOMY**—New sofa-wide seats!  
**LIVELY**—New 10 to 1 compression ratio!  
**POWERFUL**—New 354 cu. in. Spitfire V-8 engine!  
**WONDERFUL**—New Torsion-Aire Ride! No extra cost!  
**SAFEST**—New Total-Contact brakes!  
**MODERN**—New Pushbutton control TorqueFlite!  
**EASIEST**—New Constant-Control Power Steering!  
**SCENIC**—New Compound-Curved windshields!  
**RELIABLE**—New slip-proof Sure-Grip differential!  
**EXCLUSIVE**—New Auto-Pilot!  
**THRIFTY**—New dual carburetion!

Today... there's a shining new "luxury star" in the medium price field... the glamorous all-new 1958 Chrysler Windsor!  
**NEW!** A car not only all-new in styling outside and inside... all-new in engineering... all-new in performance but representing an all-new concept of luxury in its lower priced field!  
**NEW!** Imagine! Chrysler quality... Chrysler luxury... Chrysler performance... Chrysler prestige! So much more to enjoy! So much less to pay!  
**NEW!** And to top it all—you have the pride and satisfaction of owning a Chrysler—the car with that unmistakable bold new look of success

that makes other cars seem old-fashioned.  
**NEW!** Never before has it been possible for you to own so much glamour... so much luxury... for so little! Only Chrysler offers it today!  
**NEW!** Ask your Chrysler dealer to show you Chrysler's long list of special new 1958 features such as Chrysler's new Auto-Pilot! The greatest driving safety, driving comfort feature ever invented! Not a governor, but an assisting device connected with speedometer and accelerator. It prevents excess speed in traffic zones, maintains constant speed on highways.  
**THREE GREAT SERIES IN THREE PRICE CLASSES**  
NEW YORKER • SARATOGA • WINDSOR

**CHRYSLER NEW YORKER** for 1958! It offers you every luxury known to modern motoring and many that are uniquely its own. Torsion-Aire suspension, pushbutton TorqueFlite, Constant-Control power steering, dual headlights and new Compound-Curved windshields are all standard equipment. The New Yorker's FirePower V-8 engine is the most efficient in the world.

**CHRYSLER SARATOGA** for 1958! This quality-built luxury car, with pushbutton TorqueFlite transmission, Torsion-Aire suspension, and Constant-Control power steering as standard equipment, is the middle priced car in the Chrysler line. For all its size, prestige and power it is an economical car to operate. Last year's Saratoga won its class in the Mobilgas Economy Run.

## BRIDE-ELECT OF JIMMY WALKER

### Miss Sherrill Honored

Miss Sandra Sherrill of Lubbock, bride-elect of Jimmie Walker of Brownfield, was honored at a brunch Saturday in the home of Mrs. Jack Shirley at 1301 East Taet.

An arrangement of fruit formed the centerpiece. Fall flowers were also used in decorations. Menu was spiced tomato cocktail, creamed chicken in patty shells, buttered asparagus, fruit cup, preserves, hot rolls and coffee. Hanging from the place cards were miniature kitchen utensils. The favorite recipe of each

one present was given the bride-to-be. She also received a covered vegetable dish in the silver pattern of her selection.

**Hostesses Are Listed**  
Serving as hostesses with Mrs. Shirley were Meses. Jack Bailey, Harold Crites, B. G. Jones, Jerry Kirschner, Bill Williams, Bob Clements, and Mrs. Hiram Parks of Lubbock. Guests attending were Mrs. David Sherrill, mother of the bride-to-be, Mrs. Morris, grandmother, and Miss Winn Sherrill, sister, all of Lubbock; Mrs. J. K. Applegate, grand-

## PREACHES IN SAN ANGELO

The Rev. Jones W. Weathers, pastor of First Baptist Church has been in San Angelo this week holding a revival at College Hills Baptist Church. He will go from there to Fort Worth to attend a series of Baptist conventions from Nov. 4-7.

mother of the groom-to-be Mrs. Jimmie Applegate and Mrs. James Roberts of Tahoka. Brownfield guests were Mrs. Prentice Walker, mother of the future groom, Mrs. Sam Privitt his aunt, and Meses. Mike Barrett, C. V. Campbell, Roy Wingerd, John L. Cruce, Joe Shelton, J. T. Bowman and J. E. Gillham.

**"Down Wellman Way"**

The rains have stopped and the flu epidemic seems to be subsiding; so, we guess it's time to start working again.

Monday, the freshmen girls went to Brownfield to take written tests in Drivers Training. How did it go, girls?

We want to welcome J. L. Pinson to WHS. He is a freshman, who has moved here from El Paso. He is making his home with Mr. and Mrs. Daugherty.

The FHA girls operated the concession stand Tuesday night

during the game with Spade. Incidentally, our girls won 56-49.

The Wildcat Yearbook staff is busy at work under the direction of their sponsors, Mrs. J. D. Akers and Cordell Green. They are hurrying to meet the Dec. 19, deadline.

Margaret Ingram reports that the "Wildcat" is selling well and she urges each student to get his copy before the price goes up.

The Pep Squad has been working very hard preparing for the homecoming, which will be Nov. 8. The football queen, whose name is a secret, will be presented at half-time. She will be escorted by the Wildcat football captain, Kenneth Taylor. There will be six attendants at her court.

All ex-students are invited to be present at the football game with Spade. After the game, a reception will be held at the Junior High Gym. We hope that all visitors, teachers and ex-students will attend.

**Business Session Held By TEL Sunday School**

TEL Class of First Baptist Sunday School met for their monthly business meeting Thursday morning in the home of Mrs. E. D. Yeatts at 209 East Main.

Refreshments of sandwiches, cookies and coffee were served to Mmes. R. E. Townzen, L. D.

Bill Adams, the Student Council president, will be in charge of the Homecoming activities. The members of the Sophomore class have been studying native Texas authors. On Tuesday, they discussed the life of Fred Gipson. Barbara Watkins was selected by the class to write a letter to Gipson. The next author studied will be J. Frank Dobie of Austin, Texas.

The Junior class has recently completed a study of Colonial America. They are now working on the "Flowering of the East" and have completed the lives and works of Poe, Emerson, Thoreau, Longfellow, and Hawthorne.

The Senior Class is studying the "Elizabeth Period." Each Student has given a report on a subject concerning this period of literature, drawn a chart showing the dates of the period and written a theme on the life of the authors of the age. "Shakespeare and His Works" will be their next unit.

The Annual Freshman day was observed Tuesday Oct. 22; the freshmen were initiated by the seniors and everybody seemed to enjoy the wholesome fun. An assembly program was held at 1:30 and each freshman was required to give a speech or poem. Pictures were made during the program; these snapshots will be used in the Wildcat Yearbook.

**ELEMENTARY**  
The fifth grade had a Halloween party in their home room Thursday afternoon. The room was decorated with black cats, pumpkins, and goblins that the pupils had made in art class. The first grade wants to welcome nine new pupils.

**JUNIOR HIGH**  
The Junior High football team will play their first eleven man football game Tuesday at Meadow.

Oct. 28, the eighth grade elected class officers. They are as follows: president-Merle Smith; Vice-President-Velma Rich; Secretary and Treasure, Bonnie Smith; Reporter-Veta Thornton.

Carroll Hulse and Howard Moorhead are giving a Halloween party for the seventh and eighth grades. It will be at Carroll's home and will start at 6 and last until 10.

The eighth grade has three new students that they would like to welcome. They are Carlyn Barkley, Hermlinda Hertenzen, and Hortense Hertenzen.

Dates this week are Anna Lee Morton-Larry Sims, Peggy Burnett-Lewis Hare, Tootsie Hawkins-Lean Hughlett, Bertha Smith-Norman Hicks, Margaret Ingram-Robert Earl Faugh, Sammie Adair-Kenneth Hancock, Sue Harlan-John Sellers, Georgia Faught-Gale Ribble, Barbara Bishop-David Cabe, Margaret Hammer-Clyde Bolen, Martha Goza-Ronnie Nettles, Bette Hulse-James Pendergrass, Ann Baker-Billy Harlan and ?-Cordell Green. See you next week.

The Two Anns

**Pool News**

The Rev. J. M. Morrison preached here Sunday with 42 present for Sunday School. They were dinner guests in the home of Mr. and Mrs. J. M. Trussel.

Mrs. Gene Joplin and Mark, Mrs. David Dunn and children, Mrs. Neil Barrier and Kathy spent last week with their mother, Mrs. Martha Howard.

## BROWNFIELD'S JOE SHARP SECOND AMONG RECEIVERS

### Ford's Passing Tops H-SU Attack

Quarterback Ken Ford is credited with much of Hardin-Simmons University's football success this season. Ford, a 185-pound senior signal-caller from Breckenridge, is beginning to look like the quarterback of the 1954-55 seasons when he ranked among the top passers in the nation. This season, following a mediocre record last year, "Model A" is putting the Cowboys back on the map as pass-minded

Coach Sammy Baugh, who is due much of the credit for turning Ford into one of the top-ranked passers in the country, is more than pleased with his protege thus far—and well he might be.

Ford, who completed 50 of 105 aeriels last year as a replacement for quarterback Gene Saur, has come into his own in 1957. He has accounted for almost half of Hardin-Sim-

mons' offensive yardage in four games, completing 40 of 71 passes for 484 yards. Reserves Johnny Jones and Har-Stephens have added 47 more yards.

The Ford name has become a symbol at Hardin-Simmons during the last 10 years just as the same famous name made history at Detroit decades ago. Ken's brother, John (Model T) See No. 1 Page 3

## Brownfield Juniors Split Two Thursday

Brownfield Junior High School teams split a football double-header here Thursday when the seventh graders took a 21-0 decision from Lamesa and the eighth grade fell, 34-7.

J. T. Baker tallied the first touchdown for the future Cubs with a five-yard slant in the second period. Baker added the point to give Brownfield a 7-0 lead at the half. In the third period Bobby Davis plunged for the second TD on a two yard buck. The point was good.

Deep in the final period, Teddy Howell dropped back to pass, could not find a receiver, so sprinted 15 yards for the final score. Again the point attempt was good. See No. 2 Page 3

## CUBS TRAILING OPPONENTS STATISTICALLY

# Wright, Oswald Leading Cub Offense Through Six Games

ROBERT WRIGHT  
Leading Gainer...

BOB CLOE  
Top Pass Receiver...

Robert (Rabbit) Wright is the leading Cub ground-gainer and scorer through the first six games of the season.

Wright has toted the ball 86 times for an even 400 yards and a 4.65 per try average. He also has completed one pass in three attempts good for

three yards and has caught one 28-yard toss from Quarterback Joe Oswald.

Little Mike Browning follows Wright with a 3.76 average on 271 yards gained in 72 attempts. Oswald follows with 114 yards on 48 carries and Leon Hinson is fourth with 72 yards on 19 carries.

**Oswald Leads Passers**  
In addition to Oswald's 114 yards rushing, he also has rolled up 236 yards passing for a total of 350 yards. He has completed 17 passes in 36 attempts for a .472 average. Ken Willis follows Oswald in the passing department with three completions in four attempts good for 37 yards.

End Bob Cloe leads pass receivers with nine catches and 111 yards. Johnny Mac Jones is runner-up with 51 yards gained on four catches.

Despite one blocked punt and several "coffin-corner" punt attempts, Cloe also is sporting a 37.59 yard average on 22 kicks. Donald Godwin, the Cub place-kicker, has a 40.25 average on kickoffs and a six for eight record on point conversions.

**Cubs Trail Opponents**  
Cub opponents narrowly lead Brownfield in every department except passing and penalties. The Cubs have a 64 yard margin over their opponents and have been penalized 255 yards to 158.

Penalties in themselves have cost a lot of yardage for the Cubs, but the infractions also have called back several good gains and stifled drives. At least one touchdown has been called back for a Cub penalty.

These statistics are figured only through the Pecos game See No. 4 Page 3

## Bailey Top Receiver For Hounds

The undefeated, untied Eastern New Mexico University Greyhounds are leading their opponents in all offensive and defensive departments.

Official statistics show the Hounds have outgained their opponents 482 yards while carrying the ball 58 fewer times. The Packmen have outdistanced their opponents through the air (570-502) and on the ground (1647-1233).

From Sanders, Artesia halfback, with a 7.4 yard average; Joe Wood, Tucumcari halfback, with a 6.4 average; and Curtis Blair, quarterback from Spur, with a 6.3 average are the total offense leaders.

Blair leads the passers, having hit on 27 of 47 tosses for nine touchdowns. He has had two intercepted.

Sanders, Wood, Maurice don Wetsel of Borger, are the leading ground gainers. Wood has gained the most yards, 349, followed closely by Hodges with 325 and fullback Bob Price See No. 3 Page 3

# From The Huddle

By CHARLIE MAPLE  
NEWS Sports Editor

**PSYCHOLOGY, ETC . . .**  
Psychology, in one way or another, has played a large part in athletics throughout the ages. This year's flu scare has added another psychological trick to the game.

Undoubtedly many of our readers have noticed several games being played on Saturday or talk of moving certain games back one day. In some instances there may be reason for such moves, but many such instances are only an attempt to get the mental upper hand over the opponent.

Some coaches, with crying towel in hand, call the week's opponent and ask that the game be moved back to Saturday because "it doesn't look like I'm going to have enough boys to field a team Friday because of the flu."

If the coach of the other team takes the "crying" coach at his word, he may be in for a surprise come Saturday — especially if he let his team get wind of the situation.

Such an instance appeared recently when Littlefield called Phillips, asking for such a change. Phillips refused but was beaten by the 'Cats, 13-7, in a game they should have won. Was Phillips taken in by the ruse? Quite possibly because Littlefield still fielded a good team and won.

This is not to say the 'Cat

coach was stretching the truth because he likely did have some illness. However, it did not seem to affect their play.

**ECTOR TRIED IT . . .**  
Ector reported considerable illness and wanted this week's tilt re-set for Saturday. Coach Doug Cox refused and kept the request from his charges in case Ector Coach Ted Dawson was trying to set Brownfield up for the kill.

"One day is not going to make that much difference if a team has a lot of illness," said Cox. "Then too, my boys might be perfectly healthy until noon Saturday and then turn up too sick to play a Saturday game."

We have no reason to doubt Odessa's report but feel that Coach Cox played it right. After all, these last five games are for the blue chips and the time for "buddy-buddy" requests is long past.

We are all for close cooperation but not to the extent that it could hurt a team's chances at winning.

**HOME COMING . . .**  
Terry sports fans will have a full slate of games throughout the county this week as all four high schools celebrate homecoming.

The Cubs will host Monahans in a tilt beginning at 8 p.m. Friday at Cub Stadium. Classes of '27, '37, '47 and '57 will be honorees at the affair.

Meadow will clash with Wjison in a district battle at 8 p.m. to highlight the Bronco celebration. Wellman will host spade on the west side of the county and Union will entertain Pettit.

Union will play Pettit at 7:30 p.m. after exes and fans meet for a homecoming supper at 5:30 p.m.

## No. 1

Ford, made passing history for the Cowboys during the 1948-50 seasons.

John, now the University of Arizona backfield coach, led the nation in touchdown passes and wound up his colorful career with the Cowboys by completing 313 of 522 aerials for 5,195 yards and 58 touchdowns.

While Ford has taken over the passing leadership for the Cowboys, fullback Pete Hart has become the Pokes' leading rusher. Hart, a 185-pounder from Aspermont and the conference's second leading ground gainer in 1956, amassed 109 yards in 17 carries as the Cowboys beat Wichita University 27-14 last week.

This season the bull-dozing back has gained 183 yards on 38 carries after missing the Arizona State contest. Close behind him in rushing is reserve fullback Don Sizemore with 170 yards on 42 tries.

Pint-sized Joel Honeycutt paces the Cowboys in pass receiving, punting and scoring. The 160-pound halfback has grabbed 10 of Ford's passes for 132 yards and three touchdowns. He has a 38.7 punting average on 15 kicks and has scored 25 points on three touchdowns and seven extra points. Brownfield's Joe Sharp is running second in pass receiving with five catches good for 70 yards.

## No. 2

All three drives were sustained for approximately 35-40 yards.

The young Cubs also shined defensively. Especially noted for their defense were the linebackers and halfbacks.

**SCORE BY QUARTERS**  
Lamesa . . . . . 0 0 0 0-0  
Bfld . . . . . 0 7 7 7-21

**EIGHTH**  
The Lamesa eighth grade team rolled up a 14-0 lead in the first period of play and went on to steam past Brownfield, 34-7.

Brownfield's lone tally came in the third period when Woody Harbin took a kickoff and sprinted 80 yards for the touchdown. Jimmy Price added the point.

Lamesa, relying heavily on a passing attack, scored two TD's in the first quarter, one in the third and two in the final period. Three touchdowns came on passes.

**SCORE BY QUARTER**  
Lamesa . . . . . 14 0 7 13-34  
Bfld . . . . . 0 0 7 0-7

## TOTAL 30 POINTS TO DATE

### Bob Forrest And Don Maynard Lead Scorers At TWC After Five Games

Quarterback Bob Forrest of Carlsbad, N.M., and halfback Don Maynard of Colorado City, are tied for the lead in scoring for Texas Western College after five games.

Forrest has scored 5 touchdowns for a total of 30 points, while Maynard has scored four touchdowns and has kicked six extra points.

Halfback Jimmy Bevers of Lovington, N.M., the Miners' leading runner last year, still holds the lead in that department this year, although he gained only 23 yards in 7 attempts against New Mexico A&M last week. Bevers has gained 234 yards in 61 carries, to lead second place Charlie Ward, fullback from Odessa.

## No. 3

Jerry Bailey of Brownfield is the leading pass receiver with 13 catches good for 200 yards and two touchdowns. Bailey also has blocked four punts and made one tackle behind the opponent's goal for a safety.

Ray Kinnison is the leading scorer with 36 points, all on pass catches.

Ward has gained 194 yards in 37 tries, and has averaged 5.24 yards per carry.

The biggest gain in rushing was posted by Ward's alternate, 155-pound freshman Charles Bradshaw of Abilene. Bradshaw jumped from sixth place in rushing standings to third by raising his rushing total to 170 yards in 21 attempts. He has averaged 8 yards per carry, highest among the Miners.

All-Conference quarterback Bob Laraba kept his pass-completion average above the .500

mark against the Aggies. He has completed 16 of 30 passes, for 236 yards. Four of his throws have resulted in touchdowns.

His favorite target is Maynard. The senior all-conference halfback has caught 7 for 133 yards and three touchdowns. He has an average gain of 19 yards per catch.

Maynard also is tops in punt returns with 4 for 63 yards; in kickoff returns with 6 for 143 yards; and in interceptions with 3. He returned the three interceptions for 107 yards and

## Safety Certificates To Be Presented

J. O. Musick, general manager of Texas Safety Association, announced today that TSA would again present safety certificates to school bus drivers who hold an accident-free record for the 1956-57 school year.

"One of the primary purposes of a public safety organization is to recognize the safety accomplishments of our citizens," explained Musick.

"School bus drivers in Texas have one of the finest safe driving records of any state. Thus, it seems in order to show public appreciation for the efficient and safe manner in which they completed their tasks during the past year," concluded Musick.

Texas operates more than 8,000 school busses that average a half-million miles of driving each day.

**BAND LEADER FOR FURR SHOW** — Lee Castle led the dance band of the late Jimmy Furr Saturday. Castle was a trumpeter in the band Dorsey in its appearance at the Furr Super before Dorsey died.

If you are not one of those fellows who must have the very latest in outboard motors. If you are one who is satisfied with quality and service, regardless of the date on the motor. And if you are about due to buy a new "power pack." Then you can save a sizeable chunk of cash right now. This is the time to buy a 1957 motor! New, 1958 models are on the market. Prices on '57 models, as on '57 cars, are down. Dealers will shave considerable off 1957 prices to dispose of left-over models. And too, the 1958 "sleeks" are higher priced.

However, those brand new '58's are beauties! And if you are one of those fellows who demands the very latest, with the smart, new innovations, you'll find the outboard motor boys have learned a lesson from the car manufacturers. . . same as boat manufacturers did. They've gone streamline! Buccaneer has just sent us a folder picturing its new, yet-to-be-released 1958 models. Gale Products, manufacturers of the Buccaneer, now are producing a 35 hp electric. It starts and stops with an ignition key, like your car. It is slick in appearance and incorporates a top-to-bottom silencing system that keeps noise and vibration at a minimum.

Incidentally, this is not a bad time to buy a boat too. There is a lull in boat sales in November and December. An excellent time to trade in the old fishing rig, from stem to stern . . . if you're interested in saving money. And who isn't?

**What About Baits?**

Most fishermen wonder, at one time or another, what the other fellow is using as bait. Well, here's the bait successfully used by 20 different fishermen last week, landing good strings of fish in various parts of Texas: Six caught good strings on minnows; five on spoons; two on Hellbenders; and two on plugs. The remaining five used a Red and White Pico; Helldiver, Shyster Spinner, Blood Bait, and Chugger. Good success also was reported by carp fishermen with small hooks baited with oatmeal.

Just goes to show that you can catch 'em with any kind of bait, if you know where to fish and how to land 'em.

**Come and Get It!**

Nearly every fisherman has a choice fishing spot . . . a "fishin' hole" which he favors over all others. Some of the really ambitious souls "bait up" the hole to attract the little ones so that the big boys will come in for a strike.

How many different ways do you know to tempt fish into the lair?

One seasoned fisherman tells us that he wraps a bale of alfalfa hay in chicken wire (about 2-inch mesh), anchors it with a rock, and lowers it on a cable almost to the very bottom of the lake. The other end of the cable he attaches to his dock, or to a tree, so that he can retrieve and replenish when necessary.

**Tree Seedlings Are Available For Wind Erosion Protection**

Over 250,000 tree seedlings will be available to Central and West Texas landowners for windbreak plantings in early 1958, reports Don Young, head of Forest management department of the Texas Forest Service.

"Landowners in critical areas should establish farmstead or field windbreaks to prevent wind erosion of their valuable topsoil," said Young.

Austrian pine, ponderosa pine, Chinese elm, and red cedar will be available for the 1958 winter planting season. These seedlings, procured from the Oklahoma State Nursery at Norman and Boyd's Nursery at McMinnville, Tenn., will be sold for \$3.00 per hundred. This price includes the cost of shipment to landowners.

Application blanks for ordering the seedlings can be procured from county agents and Soil Conservation District offices in the Central and West Texas area. In addition, order forms are available, upon request, from the Director, Forest Service, College Station.

The deadline for ordering seedlings will be March 1, 1958. Seedlings will be shipped about the first week of March, 1958 to locations specified on the application blanks. Information on how to store and plant the seedlings is available upon request.

"As the orders will be filled on a 'first come-first serve' basis, we want to urge those interested to get their requests in as soon as possible," Young added.

Financial assistance may be available to some Central and West Texas landowners for the establishment of farmstead or field windbreaks through the Conservataion Reserve section of the Soil Bank Act. Landowners with sufficient area to plant a minimum of one acre in windbreaks should contact the ASC office in the county in which the lands are located for information on this program.

**General Telephone To Receive Award**

The 1956 annual report of General Telephone Corporation has been judged the best of the communication industry in a contest conducted by Financial World, a national weekly magazine.

Donald C. Power, president of General Telephone Corporation, will receive a bronze "Oscar of Industry" at an annual awards banquet in the grand ballroom of the Hotel Statler in New York City on October 28.
