grade."  
Low grades, tinges and spots—these were used by Ray to tell of cotton from the northern tier of the counties served by

the Lubbock Cotton Classing Office.  
He said: "Grades this year are holding up fairly good for our samples from the southern end of the territory—Terry, Lynn, Gaines, Dawson. Not much waxy cotton is coming in from the south."

Lee Roy Colgan, Dawson County agent, explained that "Some of our farmers are becoming increasingly interested in vegetable rising. Therefore, our speaker next month will be an Extension Service expert in the matter."

Yoakum men present were Leo L. White, Wyatt Lipscomb, Robert Henard. Gaines representatives: Paul Gross, C. B. Cordray, H. C. Kyle, L. R. Wright, E. E. Lovelace, Charlie Lawrence, Willis L. DeLozier, L. G. Daugherty, Truman Fambrough.

Dawson's representatives were E. D. David, Jack Broyles, W. B. Beeson, D. Frampton, H. H. Derstine, Paul R. Gentry.

Jones said an invocation. After the session, members were taken on tour of the new Gaines County Courthouse.

**GRIDDERS HONORED** — More than 100 Brownfield junior high and high school football players were honored at the annual Quarterback Club barbecue in the junior high school cafeteria Monday night. Brief talks were given by various businessmen and school officials and the coaching staff introduced their teams. QBC President C. G. Griffith expressed his thanks to club members, wives and football players' mothers for their assistance in post game activities and in preparation of the barbecue. (NEWSfoto)

county agent. "There is one litter on record that weight 935 pounds in less than 60 days — and feed conversion rates are less than three pounds per pound of gain."

"Another good feature of the Landrace," pointed out Roe, "is that it has a gentle disposition." He added that sows are easy to work with and generally raise most of their pigs.

The youth is one of the youngest members of Terry Swine Breeders Association which was organized last month. He said he plans to remain in the "pork chop" business.

"I think I have a good chance to make some money with the Landrace," he said. "It seems to be the hog every raiser has been looking for — a hog that converts more meat from less feed in less time."

**Meadow Baptist To Participate in Texas Achievement Work**

First Baptist Church of Meadow is participating in the 1958 Texas Baptist Church Achievement Program sponsored by Baptist General Convention of Texas, the Rev. Don Murray, pastor, said this week. Designed to stimulate interest in small-church work, the program recognizes outstanding achievements by pastors and churches in areas of church, community and world improvement.

More than 335 Texas Baptist town and country churches participated in the program last year.

officers traced a drill, sold in Seminole, to the boys. The drill was part of some \$250 worth of tools taken in the burglary.

The youths admitted taking the tools and equipment, one case of shotgun shells and two cartons of .22 caliber shells from the business house.

Further questioning revealed the trio had used most of the shells to "shoot up" a county road machine in Precinct 3 this week. The youths are being held pending a hearing.

Three Lubbock men Monday pleaded guilty to illegal transportation of beer and paid \$100 fines plus costs assessed by Judge Herbert Chesshir.

Sabereno Morin, 31, and Cecilio Luna, 32, were stopped Friday by sheriff's deputies about 15 miles north of here with 10 cases of beer and two pints of whiskey in the car, said officers.

The third man, Jobie Bob Kiser, 22, was apprehended in the same general area with some 28 cases of beer in his car. Officers arrested Kiser Saturday night.

Then the American writers and artists got to work on him. By the time Washington Irving and Dr. Clement Moore, the author of "Twas the Night Before Christmas," got through with him, they had fattened him up, endowed him with a rollicking disposition, and brightened his complexion to a cheerful red. And the famous cartoonist Thomas Nast (who created the Democratic donkey and the Republican elephant) drew the portrait of Santa Claus that we know today — a composite of Father Knickerbocker and Old King Cole. It's wonderful what this country can do for a middle-aged European saint! — The Woman.

Crops may be slow about coming in, but the children will let you know fast that Santa Claus will be on time . . . and you will find gifts sure to please the most discriminating person on your list if you shop your hometown stores.

Several of the local merchants have decided to stay open 'til 8 p.m., beginning Dec. 19, thru Dec. 23. . . . but they will close at 6 p.m. Christmas Eve. Also, many of the business places will be closed all day Dec. 25 and 26. Business as usual, beginning Dec. 27.

Many of the local stores are getting too many packages gift wrapped and the customer not picking them up . . . if you have packages at the stores and you know they have been wrapped — it would be appreciated by the merchants if you will call for them at your earliest convenience.

How True! — One of our present troubles seems to be that too many adults, and not enough children believe in Santa Claus.

Then peeled the bells more loud and deep:  
"God is not dead, nor doth he sleep;  
The wrong shall fail, the right prevail,  
With peace on earth, good will to men."

The boy with the biggest inheritance in town

The story of the gift that took a lifetime to make . . .

Like all grandfathers, he thinks the world of his grandson. Like all grandfathers, he'd give him the world, if he could. And, in a way, that's what he's done during all the rewarding times they have always spent together. He has tried to give his grandson a gift that will last the boy a lifetime, a gift that has been a lifetime in the making.

Faith . . . Faith that has been the strength and nourishment of his own life . . . that's what he has tried to show the boy, day by day. Faith in God, in himself.

in his parents, in the town they live in, in the people he calls his neighbors. And so, every week, you'll see them, grandfather and grandson, worshipping with the rest of the family, at their church.

If you would like to leave as much to your children and to your children's children . . . remember this: only if you yourself have Faith, can you hope to give it in any measure. Begin this week to find the Faith for your life. Worship with all the family, at your Church or Synagogue.

Find the strength for your life . . . worship together this week

**Cub Cagers Take It On Chin Third Time; Snyder Wins, 49-33**

The Snyder Tigers took advantage of a cold first half to hand the Cubs their third straight defeat, 49-33, in a non-conference game here Friday.

The home team was able to muster only three points in the initial period and only 10 for the first half while the Tigers rolled up 29 points in the first two periods.

Gary Vice led the Snyder attack with 15 points and his teammate, Bill Phillips, added 13 more. Kenneth Cason hit the nets for nine points to lead the Cubs.

The visiting Tigers also took the B game, 47-34, to retaliate for a defeat suffered at home last week.

The Cubs will leave Friday to participate in the Borger Tourney, opening against Phillips in the first round.

**Let's Talk Livestock!**

By TED GOULDY

FORT WORTH—Stocker and feeder trade was again very active and strong in the cattle divisions of the Fort Worth livestock market Monday, and the impetus gained from these developments resulted in a good market on nearly all classes as the second week of December got underway.

Good stocker steer calves sold readily around \$23 to \$25, and some bull calves reached \$24. Heifer calves bulked at \$23 downward. High grade offerings were extremely scarce.

Stocker steer yearlings of

just good grade, and horned, mated for \$22, and their heifer mates sold for \$20. Fleishy feeder cattle were very scarce, and a few stocker cows appeared and sold from \$12 to \$16.

Slaughter steers and yearlings were scarce, some good to choice kinds at \$21 to \$24, and medium and low grade cattle sold from \$14 to \$20. Fat cows drew \$13.50 to \$15.50, and canners and cutters cashed at \$8 to \$13.50. Bulls cashed at \$12 to \$17.

**SHEEP AND GOATS OPEN FULLY STEADY TO STRONG**

Quality considered, the sheep and goats offered at Fort Worth Monday sold fully steady. Food and choice slaughter lambs sold from \$21 to \$22, and lambs in that range had pelts of No. 2 or better in most cases.

**Overwhelming Vote For Cotton Quotas**

Terry cotton raisers voted overwhelmingly in favor of marketing quotas for the 1958 crop, according to Looe Miller, manager of Terry Agriculture Stabilization and Conservation office.

With one box from Wellman yet to be reported, Miller said 581 votes were cast in favor of quotas. Some 20 votes were cast against quotas, one was challenged and two were spoiled.

If approved nation-wide, quotas will go into effect for the fifth straight year.

## Wellman Cagers Go Into Second Round Of Meadow Tournament

Wellman's boys and girls cage teams are the only Terry survivors of the Meadow Tourney's first round which opened Monday.

After a recess Tuesday and Wednesday, the tourney will resume today at 1:45 p.m. when Shallowater and Spade meet in a boy's game. Today's session will include four remaining first round games, two quarter-final tilts and one in consolation.

### Quail Hunters Urged To Return Bands

Quail hunters again are urged this year to send in bands from birds killed in their hunts. The request comes from E. M. Sprott, director of law enforcement of the Game and Fish Commission.

Thousands of hatchery quail were released in the state this year. Each was banded. When hunters kill these banded birds, they should either turn the bands over to their local warden or mail them to the Game and Fish Commission with information about where they were killed and the date.

Through studies of these reports it is possible for the department to study its quail production program, and the areas in which the birds are released. Through records of the Department, migration of the birds also can be studied.

Both Bobwhite and Coturnix quail were released by the Department during the year.

In boys initial play Monday, Wellman rapped New Home, 37-26; Ackerly beat Union, 57-37, and Post slaughtered Dawson, 45-21. Ropesville's girls strengthened their claim on the title by upsetting Meadow's sextet, (49-42). In other girls' games Post beat Dawson, 46-24; Ackerly dropped Union, 39-26, and Wellman won over New Home, 57-39.

Jean Tussy sank 21 points in a caging Ropesville's victory. Linda Hendricks posted 20 points for Meadow.

In the Wellman-girl's 57-39 triumph over New Home, Virginia Thornton registered 20 points Dora Renfro got 16 for New Home.

D. Williams scored 16 points in leading Ackerly to a 39-26 win over Union in a girl's game. Barbara Gruben had 16 for Union.

Post's 46-24 victory over Dawson was spared by Dora Eilenderger, who scored 20 points. Jane Kenner got 11 for Dawson.

Don Tinson's nine points was high for Wellman, while W. Dean led New Home with six in a boy's game.

J. Cook posted 21 points for Ackerly and Wylie Kay sank 19 for Union.

Jimmy Short sparked Post's victory by scoring 12. Doyle got eight for Dawson.

At 3 p.m. today the girls' teams from Spade and Shallowater will clash in a first-round contest. Another first-round game will start at 4:15,

between O'Donnell and Andrews' B-team.

O'Donnell and Sundown meet at 5:30 p.m. in a girls' game. At 6:45, Wellman and Ackerly will collide in a boys' quarterfinals contest. Starting at 8, New Home and Union's girls will play in the consolation quarterfinals.

The final game match Meadow's boys against Ropesville in a first-round contest.

### Muleshoe Cagers Dominate Wellman Grade School Meet

Muleshoe took both championship trophies when the boys team edged Flower Grove, 31-27, and the girls whacked Meadow, 41-16, in the first annual Wellman Grade School basketball tourney concluded Saturday.

Ropesville took consolation honors in the boys division with a victory over Smyer and Flower Grove won girls consolation, defeating Smyer.

Muleshoe's championship quintet edged Ropesville, 17-15, and Seagraves, 31-30, to enter the boys final. Flower Grove reached the finals with a 21-14 victory over Smyer and a 27-24 win over Wellman.

The girls team dominated play by walloping Flower Grove, 40-16, in the opener and handing Wellman a 40-35 loss in the second round. Meadow's lassies edged Ropesville, 16-8,

### CAGE TEAM

## Monahans Rebuilding

Monahans Coach Bill Villines, taking over as head coach of the Monahans Lobo basketball team for the first time this year, faces a tough rebuilding job.

Jimmy Muldrow is the only returning starter from last year's team which finished third in the district race. Lost through graduation were veterans Bobby Ward, Brooks Franklin, Bobby Powers, John Bond and Jerry Mobley.

However, Coach Villines has a good bunch of prospects up from last year's team that have already turned in commendable performances against Odessa and Fort Stockton.

Others listed on the A team roster are Scotty Adams, David Adkins, Phillip Ballard, Harold Brink, Guy Davis, Mike

after drawing a first round bye, to enter the final tilt.

Trophies for the championship, runner-up and consolation winners were awarded by Carl Golden, president of the Wellman School Board. The tourney was sponsored by the Wellman senior class.

## Two Cubs Placed On Coaches, Writers Poll

(EDITOR'S NOTE: Several Brownfield fans have reported they did not read the Odessa's 1957 All-District football selections. Therefore we present them here.)

Kermit's champion Yellow Jackets and the runner-up Mustangs from Andrews dominated the Odessa American poll of football coaches and sportswriters by placing four players each on the "dream team."

Brownfield placed two on the team and Ector's Del Williams rounded out the eleven. Monahans and Pecos did not place a player on the first roster.

Named to the District 2-AAA elite were: Ends—Bob Cloe of

Kunstadt, and T. O. McAuley. B team candidates include Tommy Bevil, Tony Butler, Dee Carter, John Dunagan, Jan Eason, Leary Hendrix, Bobby Kile, Larry Lowe, Virgil Melton, Clyde Moshier, Stanley Peor, Weldon Price, Edgar Sprinkle, Robert White, Don Bible, Ronnie Brooks, and Donnie Smith.

the Cubs and P. M. McKinney of Kermit. Tackles — Gene Bammill of Kermit and George Fugitt of Brownfield. Guards—Robert Burk of Andrews and Joe Marlett of Kermit. Center — Jerry McPherson of Andrews, Charlie Thompson of Kermit and Williams of Ector.

The group primarily is seniors with the exception of Cloe, Burk and Brice, who are juniors.

The second team includes: Ends — Jimmy Muldrow of Monahans and Dwayne Wright of Kermit. Tackles — Robert Cole of Pecos and Bobby Fisher of Ector. Guards — Larry Pearcey of Andrews and Tommy McLain of Monahans. Center — Norman Barfield of Monahans. Backs — Royce Cassell of Pecos, Mike Browning of Brownfield, Ray Ham of Andrews and Jackie Probst of Kermit.

Cubs gaining the honorable mention list include Robert Wright, Johnny Mack Jones, Mont Muldrow, Jon Fulfer and Gary White.

Fugitt also was named to the All-Permian Basin team selected by the Odessa paper.

The poll, though considered fairly accurate in all-district selections, is not the official 2-AAA team. Coach Doug Cox said the official list will not be selected for another week or two. It is picked by the coaches themselves.

Two Panhandle game wardens filed 15 complaints during a ten day open season in Oldham and Potter counties in November. Wardens Jess Felts of Dalhart and Cal Lovelace of Vega filed 15 cases and fines of \$1,333.50 were collected. Four men paid \$92.50 each for killing turkey hens. Two others paid \$217.50 for trespassing.

## TERRY WINTER SPORTS

By CHARLIE MAPLE  
NEWS Sports Editor

Some days it just doesn't pay to get out of bed! In the rush of Saturday's deadline and a general sickly feeling, somehow we got into our mind that the Cubs played Lamesa Thursday. Actually it was Snyder—so you can mark up another boner for this columnist. Despite another rebuilding job this year, Coach Farris Nowell's Cubs have looked pretty good in their first three starts.

After a sluggish first half against Seagraves the cagers began to hit and threw up a tight defense to win. Coach Nowell said his charges were hitting well against Snyder but just did not get enough shots. He said the Friday tilt against Levelland was a case of everyone being cold but Kenneth Cason—the team hit only 23 per cent of their shots from the field.

The team looks pretty tough if they can get enough experience.

### All-Opponent Team Named By ENMU

PORTALES—The undefeated Eastern New Mexico University football team has chosen its "all-opponent" team from the ten teams they met this year.

Southwestern Oklahoma, the team that tied the Pack, garnered five positions.

Colorado State and Los Angeles State placed two each, and Colorado Western and Washburn university one each.

The mythical all-star squad was selected by the Greyhound players by secret ballot.

The team: Ends: Joe Buck, Southwestern Okla. and Bill Reed, Los Angeles State. Tackles: Jerry Ayers and Don Wion, both of Southwestern Oklahoma. Guards: John Jennings, Southwestern Okla. and Ed Tooker, Colorado State. Center: Bob Binder, Los Angeles State. Quarterback: Larry Elliott, Washburn. Halfbacks: Jim Archer, Southwestern Oklahoma and Don Miller, Colorado Western. Fullback: Vernon Cozad, Colorado State.

ence under their belt by the time district play rolls around. Ken Cason already looks good on the offensive side of the ledger as well as doing a workman-like job on the backboards. The Cubs are even tougher when big Johnnie Mack Jones adds his 6-6 frame to the defensive chores.

The annual Meadow cage tourney resumes play tonight after seven opening round games were run off Monday. Play was held off Tuesday and Wednesday but blue-chip competition will pit some of the top area teams the next three days.

The host Broncos are expected to cop their own tournament but the Union Wildcats are expected to provide plenty of competition.

Ropesville is expected to claim the girls division crown, crowded closely by the Wellman sextet.

Tech's Red Raiders, picked to wind up at the bottom of the SWC race in this their first competition, have begun to issue rumblings of a better finish.

After trampling ACC into the hardwood in their opener, the Raiders came back to handily beat Hamline's highly rated Pied Pipers, 68-45, Saturday night.

Though the season still is young, Tech could spring a few surprises before the race is over. They have a young squad—primarily juniors and sophomores—which bids well for future campaigns.

## Come try the quickest combination on the road! CHEVY'S TURBO-THRUST V8 WITH TURBOGLIDE

The Bel Air Impala Sport Coupe—wears two new super sport models!

Chevrolet's radical new Turbo-Thrust V8 and honey-smooth Turboglide\* automatic drive form a performance team that spells action. At all speeds, under all driving conditions, they give you the quickest, smoothest response of anything going.

There's never been an engine-drive combination like this one! Chevrolet's Turbo-Thrust V8\* introduces a radical new slant on engine efficiency. The combustion chambers are located in the block rather than in the head, and chamber surfaces are precision machined. The result is a wonderfully smooth and even flow of power.

Turboglide\*—the other half of the team—is the first and only triple-turbine automatic drive in Chevy's

field. It takes you from a standstill through cruising in one continuous sweep of motion, without even a hint of a shift or lag. Harness these triple turbines to a 250-h.p. Turbo-Thrust V8—or the 280-h.p. Super Turbo-Thrust\*—and you step out instantly in any speed range. Nothing else on the road turns your touch into action so quickly, so smoothly. ## Week-Long Activities To Herald Cotton Bowl

DALLAS — A Cotton Bowl Festival of entertainment and sporting events will lead up to the climatic New Year's Day football classic here pitting Navy and Rice.

There will be a stage show, carnival attractions, parade, New Year's Eve ball and other activities for the public. Tennis and bowling tournaments, a peewee football game and professional, college and high school basketball games are scheduled.

The Cotton Bowl Revue in State Fair Music Hall Dec. 27-31 will feature singing stars Georgia Giggs, comics Joey Adams and Al Kelly and an array of top-caliber specialty acts backed by a 20-piece orchestra.

The million-dollar Midway at State Fair Park will be in full operation for a fun-filled Cotton Bowl Carnival Dec. 28-Jan. 1.

The Minneapolis Lakers will meet the St. Louis Hawks in a professional basketball game Dec. 30 at the SMU Coliseum.

The Elks college basketball tournament Dec. 26-28 at Fair Park will pit eight "rising" teams. Thirty-two teams of schoolboy cagers will compete in the 18th annual high school basketball tournament sponsored by the Dr. Pepper Company Dec. 28-30.

A free peewee football game in the Cotton Bowl Dec. 25 will match the Security Benefit Life Mustangs, North Texas Peewee Football League champs, against the undefeated Guardian Angels of Cincinnati, peewee champions of Ohio.

Regional and national bowling stars will take part in the fifth annual Cotton Bowl Singles Classic at the Hap Morse Bowling Alleys Dec. 14-Jan. 1. The first annual Cotton Bowl junior indoor tennis championships will be unreeled Dec. 28-31 at Fair Park.

A colorful parade through downtown Dallas at 11 a.m. on Dec. 3 will include bands, floats, the Rice and Navy football teams, the Cotton Bowl Queen and her princesses. There will also be a Neiman Marcus style show for the ladies and the annual Texas Sports Hall of Fame luncheon.

That night, the glittering Cotton Bowl Spectacular in the new Dallas Memorial Auditorium will present Ray Anthony and his famous orchestra playing for a festive New Year's Eve dance.

And at 7:30 p.m. on New Year's Day the Southwest Conference champions, Rice, will tangle with Navy, champions of the East, in the gridiron classic in the Cotton Bowl.

## Union Claims Runner-Up Title In Ackerly Cage Tourney; Girl's Lose

Despite only three days of practice, the Union Wildcats moved to the finals of the Ackerly cage tournament before falling to the host team, 46-28, Saturday night.

Ackerly's J. Cook and B. Lewis paced their team past the shorter Wildcats with 18 and 14 points, respectively, to claim the championship.

The out-manned 'Cats never were in the game as Ackerly posted leads of 13-5, 21-7 and 32-20 in the first three periods. Wylie Kay popped the nets for nine points to lead the Union quintet.

In semi-final play, the 'Cats rolled past Colorado City B for a 49-34 victory. David Cabe hit for 18 points and Kay contributed 11 points to the winning cause.

Union jumped to a 14-6 first period lead and never were threatened. Colorado City's Richardson hit 10 points to lead his mates.

The Union girls team was eliminated in the second round of the tourney when they fell before Ackerly, 33-22. Barbara Gruben contributed 16 points to the Union total.

Kay and Priscilla Cornett were named to the All-Tournament teams announced Saturday night.

## Professional Grid Slate Is Announced

Professional football fans will have two televised games over the weekend. On Saturday the Cardinals and Eagles tangle in Philadelphia, and Sunday the Detroit Lions travel to Chicago for a game with the Bears. Both games will be televised over the Columbia network and can be seen in this area over station KDUB-TV.

The Saturday game is scheduled for 12 noon while the Sunday telecast can be seen at 1 p.m.

In the Saturday game, rookie Jimmy Harris of Oklahoma should see some action at the quarterback spot. The Cardinals will send their veteran Lamar McHan in to help his team stay out of the cellar spot. McHan, former Arkansas star, had had a year disappointing to the Cardinal fans.

Bobby Layne is out for the rest of the season with a broken hand and a year disappointing to the divisions of the fort Worth Bears' rookie Willie Galimore and powerhouse Rick Casares.

OPENS TODAY AT REGAL

'Tin Star' of Same Caliber as 'Shane'

"The Tin Star," the Paramount VistaVision release is showing today, Friday and Saturday at the Regal Theatre, riding a wave of acclaim that has tabbed it as a superb drama of the stature of "Shane" and "High Noon."

Starring as Hickman, who hunted men for money and always brought them in dead, is Henry Fonda, and as the raw young sheriff who tried to bring them in alive for \$40 a month and a shiny tin star, skyrocketing Anthony Perkins.

Television's most popular actress, lovely Betsy Palmer, the sensational young British star of "The Brave One," Michel Ray, menacing heavy Neville Brand and veteran John McIntire co-star in this intriguing story of a steely professional killer who thought he had put the world aside, until a lawman with the foolhardy courage of youth and a beautiful woman as outcast as him-

self taught him he still had a place.

Their first outdoor film with a Western brand on it, Perleberg and Seaton have given "The Tin Star" top talent in all production fields, as well as in casting.

Mrs. Cleo Barnett of Magnolia Camp returned to her home last Thursday from St. Mary's Hospital, Lubbock, where she has been confined the past week with a bronchial-virus condition.

Mr. and Mrs. Kenneth Feagins of 1410 East Tate spent the weekend in Dallas attending the Notre Dame-SMU game and visiting relatives.

R. O. Shoemate, tester for Halliburton Oil Well Cementing Company, attended a technical training school at the company's main office in Duncan, Okla., the past week.

No. 1-

use wild animals.

"Bobcats are male wild cats and lynxes are the females. A cross between them is bobolinks. "Terrapins is like delirium which men have that drink too much." Ain't education wonderful?"

While we are on the outdoors kick, here are a few tips we thought you hunters might be interested in: If you don't have a camp light or the one you have is on the bum, make one by soaking a regular brick in kerosene for two days. It will burn brightly for about eight hours and lead you back to camp on the darkest night. (However, watch out that you don't put it near flammable material.)

If you are planning a hunt or a hike, don't cut your toenails the night before you take off. This will make your toes and feet sore.

A Florida hunter uses a spotted camouflage suit—the type used by marines in World War II—to hunt fowl. He says it is

the next best thing to being an invisible man.

We don't know how well it would work for getting home late at night, but it might be just the thing for what he uses it for. However, we don't advise its use for big game or deer hunting. It could get you shot.

\*\*\* We guess it was a good thing we didn't try to pick the winners in some of the playoff football tilts around the area.

We were sure Levelland would take Kermit and they didn't. However we would have hit the Sweetwater victory. But then old man upset would have cleaned us again in the Amarillo-Abilene scrap.

Though we felt the Sandies would win the tilt, you can't go on past performance in these state playoffs. Then too, you can't count out a champion—they generally have just a little more impetus to win.

Fisheries in Clean Up After Biggest Year

State fish hatcheries are engaged in their clean-up operations after handling one of the busiest years in history, according to Marion Toole, director of inland fisheries of the Game and Fish Commission.

A few untiled orders remain in East Texas, although fish from other hatcheries of the state were sent to Tyler in an attempt to fill all orders there. Hatcheries will be in better shape next year to meet demands, he said, since this year the Sheldon hatchery was on a limited basis because of lack of water. Medina, now full, was dry and San Angelo hatchery was washed out by spring floods. They are scheduled to be in full production next year. Approximately 14 million fish were produced by the hatcheries this year.

Levelland next Tuesday at 7 p.m. The B team will kick off the double-header at 6:30 p.m. Union's Wildcats will journey to Ropesville for a boys and girls double-header the same night.

THREE-DAY RUN AT RIALTO

30 Rock Numbers To Be Heard in Film

Thirty rock 'n' roll numbers will be heard in the biggest R 'n' R jamboree filmed to date, "Mister Rock and Roll," starring famed disc jockey Alan Freed and showing today, Friday and Saturday at the Rialto Theatre.

Performed by an array of fifteen R 'n' R headliners and by Lionel Hampton and his band, they have also been recorded by top labels.

Heading the mammoth list are "Kiddo," "I Was The Last One To Know," "I'll Stop Anything I'm Doin'," and "Next Stop Paradise," sung by Teddy Randazzo and available on the Vik label. Randazzo and Rocky Graziano duet on "Rocky's Love Song," also recorded by Vik, and Randazzo and Lois O'Brein combine on "It's Simply Heavenly." A Vik platter too.

Frankie Lyman and the Teenagers are represented by "Fortuate Fella" and "Love

Put Me Out Of My Head," both on the Gee label, and Chuck Berry gives out with "La Juanda" and "Oh Baby Doll," recorded by Chess.

The popular LaVern Baker has two of her current hits in the film: "Love Me Right" and "Humpty Dumpty Heart." Atlantic has them on discs along with Clyde McPhatter's "Rock And Cry" and "You'll Be There."

**Tensile Strength of Cotton Grown on South Plains Decreases Slightly From 1956 Crop; Cotton Fineness Remains the Same**

Average tensile strength of the cotton tested from 29 locations in Lubbock County and south on the High Plains was found to be 76,000 pounds for the crop of 1957 as compared with 81,000 pounds for the crop of 1956, according to a report just issued by the Cotton Economic Research Committee of Texas.

For the High Plains area north of Lubbock, the average tensile strength of cotton test-

ed from 22 locations was found to be 73,000 pounds this year as compared with 76,000 pounds last year.

The tensile strength report was compiled by the University of Texas Branch of the Cotton Research Committee. The difference in strength, they state, can be accounted for by changes in the varieties planted and the adverse environmental conditions of the Plains this year.

The average fineness for cotton from the 29 locations in the southern portion of the Plains was found to be 4.4 micronaire units for this year as compared to the same micronaire value last year. In the northern portion the average fineness for the cotton from the 22 locations was found to be 4.0 micronaire units for 1957 as compared to 4.2 micronaire units in 1956.

These figures compare almost the same with micronaire and tensile strength figures compiled by the Plains Cotton Growers, Inc. for the 1957 crop. Through November 16, the PCG figures show the average for cotton from the entire High Plains area to be 4.3 micronaire units and the average tensile strength from the entire area to be 74,000 pounds.

George W. Pfeiffenberger,

executive vice president of the PCG, said that PCG figures show that nearly 19 per cent of the cotton tested this year was found to be above 80,000 pounds in strength and only 5 per cent below 65,000 pounds.

Also 95 per cent of the cotton this year was found to be 3.5 micronaire units or above in fineness.

This is the first time micronaire and tensile strength data have been kept on High Plains cotton for the entire area. These tests were initiated this year by the Plains Cotton Growers in an attempt to help potential purchasers of High Plains cotton obtain a better picture of the over-all crop. Pfeiffenberger explained.

Micronaire and Pressley data are published twice a month through cooperation of the U.S. Department of Agriculture.

**YEAR END TAX TIPS NUMBER 4**  
**Steps That Could Save A Dependency Exemption**

This is one of a series of four articles on annual income taxes. The articles are based on information provided by the American Institute of Certified Public Accountants and the Texas Society of Certified Public Accountants.

As you check over the list of people you intend to claim as dependents on your 1957 tax return, keep this phrase in mind: more than one-half support.

This is the test of dependency. Unless the money you have contributed during the year is enough to make up more than one-half of a dependent's living costs, you might as well cross that person off your list. He or she will not qualify as a dependent for tax purposes—and you will lose a valuable \$600 exemption on your 1957 return.

**Supporting a Relative**  
 If you have helped support a relative during the year, see to it that what you have contributed is enough to permit you to claim an exemption for that dependent. For example, you may have paid approximately \$600 of your mother's \$1,600 living expenses. By contributing another \$55 or \$60 to her support before December 31, you can push the total over the more-than-half mark of \$700 and gain an additional exemption.

**Bank Child's Earnings**  
 Here is an important point to remember when you are trying to decide whether you have contributed the necessary amount: the money a youngster banks or invests is not considered to be a contribution to his own support costs. Check carefully to see how much of your child's earnings has gone for his support. You may find that it will save an exemption on the family return if you have him bank his earnings for the rest of the year.

**Claim All Exemptions**  
 Exemptions cannot be juggled, shifted, bundled or pyramided to gain a tax advantage—but they can be overlooked. Be sure to claim all the exemptions you properly can, because each one reduces your taxable income by \$600. Remember that to qualify for an exemption a dependent must:

- (1) Have received more than one-half of his support from you, unless you file Multiple Support Agreements (which may be obtained at any Internal Revenue Service office).
- (2) Have less than \$600 gross income for 1957, unless he or she is your child and under 19, or a full-time student.
- (3) Not file a joint return.
- (4) Live with you (absence while attending school does not interfere), or be a close relative as specifically defined in the official instructions book, or be a cousin receiving institutional care for a mental or physical disability who had lived with you before going to the institution.
- (5) Be either a citizen of the United States or a resident of the U. S. Canada, Mexico, Panama and in some cases, a serviceman's child living in the Philippines.

If you are supporting dependents but are not able to file a joint return because you are unmarried, you may be able to qualify as the "head of a household" and be entitled to use a special schedule of tax rates that gives you half the benefits of income-splitting. In a situation where, say, a son lives with his widowed mother and shares expenses equally, the son may have to contribute a few extra dollars before the end of the year to qualify as the head of a household.

Each year millions of taxpayers put off filing their tax returns until the April 15 deadline. The last minute rush to avoid a late filing penalty produces not only long lines at Internal Revenue Service offices, but also many careless mistakes by taxpayers. Prepare your tax returns carefully and file them early. Help is available from the I.R.S., which urges you to consult a properly qualified advisor if you need outside assistance.

**SCOT Pushes For Better Quarters For The State Game and Fish Commission**

Legislative advocates of improved recognition for wildlife administration in pending state building plans are confident of success.

Their spokesman, Senator Bill Woods of Tyler, told Cecil Reid, executive secretary of Sportsmen's Clubs of Texas, the reaction to the proposal "has been healthy."

A letter from a former Game and Fish Commission director, who accepted a more lucrative position, described how difficult it was to transact even routine affairs in the present cramped commission quarters and said he generally had to take business visitors elsewhere for their conference. Under proposed housing of the commission in a state office building even less floor

The trend toward providing for major state agencies was pointed by the extra-ordinary treatment given a bill to expedite the State Employment Commission's permanent home plans. Governor Price Daniel space has been allocated.

signed into a law a measure validating a three-way transaction whereby the Employment Commission obtained a two-block building site within the vast capitol grounds expansion area.

Senator Wood said that while the special session did not allow time to exploit the resolution bearing on game and fish commission needs, that "we did rather effectively point up the problem."

## WSCS Will Have Its Christmas Party At Church On Monday

Love Circle of Woman's Society of Christian Service of First Methodist Church met with Mrs. James Tidwell of 402 East Tate Monday afternoon with Mrs. Bill Tilson, chairman, presiding.

Mrs. J. H. Carpenter opened the meeting with prayer and Mrs. Tidwell brought the devotional on prayer. The program, "The March of Missions in Evangelism," was given by Mrs. Carpenter with scripture from Psalms 96:1-3.

Mrs. G. E. Bartley spoke on "Home Missions" and Mrs. W. C. Windham gave "Evangelism in Korea." Mrs. Carpenter discussed "The Missionary's Experience in India" closing with Ephesians 3:17-19.

The circle accepted a needy family as their Christmas project. The next meeting is set for 2:30 p.m. Monday in Fellowship Hall in the church. It is to be the Christmas party with all circles meeting together.

The society's benediction was given in closing. Refreshments of cake, coffee and tea were served to Mmes. Joe Johnson, Ernest Latham, J. G. Criswell, Tilson, Bartley, Windham, Carpenter and Tidwell.

## Colonial Heights To Hold PTA Meeting

Miss Lavoy Berry, high school teacher, will replace Curtis Sterling as moderator for a special program, "Youth Tells Its Story," being given at Colonial Heights PTA at 7:30 p.m. today in the school cafeteria.

A panel of four high school students will be appearing with her to present their views on youth of today. Mrs. L. C. Webster, publicity chairman, is inviting all high school teachers and parents to attend. It will be dealing with students of that age level.

**"MY FAVORITE RECIPE"** — Mrs. Pearce Warren of Meadow is shown preparing her favorite recipe, white mountain cake. Her directions: Cream 1/2 cup shortening and 1 1/2 cups sugar until light and fluffy. Sift 2 1/2 cups of cake flour, 3 teaspoons baking powder and 1/4 teaspoon salt three times and add alternately with 1 cup milk and 1 teaspoon vanilla, beating, until smooth, after each addition. Fold in 4 egg whites beaten stiffly. Pour into a tube pan lined with waxed paper and bake 45 to 60 minutes in 350-degree oven. Cover with your favorite icing. Mrs. Warren says, "Since my husband retired and bought a trailer house, we travel around some but I still find time for baking." (NEWSfoto)

## Letters To The Editor

Editor, Brownfield NEWS,

I think that now is the time for everyone to get busy and help the cotton industry in every way. We are having quite a bit of competition from Oran, Nylon, plastics and foam rubber.

The writer has taken time and studied out the following: "Use more cotton every day. Nothing takes the place of cotton."

Cotton production means buying power, and is good for the welfare of our country. We should all use more cotton every day to help the industry.

We need the farmer, who tills the soil, clothes and feeds the people. For durability and usage in everything, nothing takes the place of cotton.

Growing cotton is something that gives various industries something to handle and sell, and a livelihood for a number of people.

Agriculture and livestock are the basis of all industries. If the cotton farmer does not have any market for what he produces, then he is not able to buy any commodities.

If we do not help the cotton industry in every way possible, then it will fall down and there will be unemployment and work hardships on the people in all lines.

Cotton should be King of all crops, and everyone should work to make it possible.

Julius Jaffee  
Dallas, Tex.

## Survey Made To Open Cedar Bayou

A preliminary survey now is in progress of the Cedar Bayou on the Gulf coast in an attempt to perfect plans for opening this pass, according to Howard Rodgers executive secretary of the Game and Fish Commission.

This is the pass which geographically separates Mustang and St. Joseph Islands. It would serve the San Antonio Bay and the Copano Bay areas in the vicinity of the Goose Island State Park.

The report will be ready for the January meeting of the commission in Lubbock.

Costal fishermen long have been interested in the development of these passes to permit a free circulation of water from the gulf into the bay areas. This not only would reduce salinity of the bay waters in dry seasons, but would permit a faster removal of fresh water caused by floods in the interior.

Fishermen also would be able to enter the gulf with small boats through these passes.

Marine biologists are keeping a close study upon the effects of the recently constructed channel through Padre Island near Mansfield.

## Report Is Published For Spotted Cotton

An analysis of price, quality and supply of light spotted cotton from the High Plains of Texas has been conducted by Plains Cotton Growers, Inc. and published in a folder now available to cotton merchants, mills and potential customers of High Plains cotton.

W. O. Fortenberry, president of the Plains Cotton Growers, said the light spotted cotton information was gathered from the 1,622,000 bale crop in 1956 and the cotton harvested and ginned through Nov. 16, 1957, which was 320,000 bales.

The analysis actually was prepared for use by cotton merchants and mills in making raw cotton purchases. It points the way to substantial savings, since the quality factors of white and light spotted cottons

are almost identical, whereas the price differential between them is very significant.

This is due to the fact that the Commodity Credit Corporation does not recognize light spots in its loan schedule of premiums and discounts.

This results in a loan differential between white and light spotted cotton of as much as \$28.75 per bale, which makes the purchase of light spotted

cotton the best buy in the raw cotton industry," explained George W. Pfeifferberger, PCG executive vice president.

The analysis on light spotted cotton is being sent to various cotton merchants and mills throughout the United States. The PCG has a large backlog of experimental data as a base for consulting service in the use of light spotted cotton and such service is available to merchants and mills without charge, said Pfeifferberger.

The new field clerk for Pan American Oil and Gas Company, who assumed his duties last Monday, is William J. Wolff. Transferring from the Levelland area, Wolff and his family, which includes three children, have not yet located a home in Brownfield.

## DO YOU ALWAYS WAIT UNTIL THE LAST MINUTE?

If you're a Mr. Put-it-off, you're in company with a lot of us. It's so easy to wait 'til the last minute. Yet, often we regret such action and promise faithfully to act ahead of time the next time.

Here's a reminder... soon John Deere Tractors will be flooding our service shop for reconditioning work. Our capable mechanics will be pressed for time; they'll handle the

service work as it comes. Obviously some farmers will have to wait.

You can avoid delays and save money as well if you bring your tractor in now... and not wait until the last minute. Our skilled mechanics will do only the necessary work... do it at the lowest possible cost. Come in and get a free estimate the next time you're in town.

**It begins with a greater use of aluminum - and takes off from there**

ONE IDEA sparked the creation of this B-58 Buick — and that was to build it with more aviation principles than ever before.

So this one starts with a greater use of airweight aluminum — inside where its special cooling properties can be used — outside where its beauty and protection are needed.

But wait till you see what else is here to make land travel as modern as air travel.

The first automatic transmission to use the infinitely variable pitch stator principle of today's strato-cruisers.

The most modern engine it is possible to build for today's fuels.

A Buick-engineered air-suspension ride that literally floats you on four columns of air.

### "Down Wellman Way"

Hello! School resumed Monday and everyone returned to Wellman High safe and sound. The students seemed to enjoy the holidays and they all returned in good spirits. Members of the Future Homemakers of America assembled Wednesday afternoon in the auditorium for the crowning of their 1957-58 sweetheart, Thell Parker. Tommy Loe, president, crowned him with an expert cook's cap and presented him with a rolling pin as the group sang "Let me Call You Sweetheart." There was a short business meeting after the ceremony to discuss plans for Christmas. Afterwards everyone gathered in the HE dining room for refreshments. Congratulations, Carroll!

All WHS is eagerly awaiting the completion of "It Shouldn't Happen to a Dog," a novel by Tony Marina. (Don't let that fancy name fool you, it's just the pseudonym of Travis Moore, a sophomore at Wellman High!) Each of the classes at WHS held class meetings Tuesday and the students drew names for Christmas gifts. Everyone is really looking forward to the Christmas holidays which are only a couple of weeks away.

We are glad to see Bertha Smith and Don Wilson back at school. They have both spent quite some time in the Seagraves Hospital. Glad to see both of you back.

The girls basketball squad played Pep last Tuesday night at Wellman. They won by a score of 27-30. Unfortunately, the boys lost their game 28-30. They played three minutes overtime and the black and gold played a close game all the way. Better luck next time, boys!

The girls in Homemaking 11 entertained members of the high school faculty Thursday and members of the school board Friday with a dinner. Dinner was served at 6 o'clock

each evening. These girls are really in the cooking spirit!

The Women's Missionary Union of the Gomez Baptist

Church conducted "Week of Prayer" for the Lottie Moon Christmas offering for foreign missions Monday through Friday.

The programs for the week were held in the afternoon with the exception of Wednesday when the women's organization was in charge of the mid week church services at 7 p.m. and presented a special program on missions.

Theme for the week was "For God So Loved". Friday was day of prayer around the world for world peace.

Mrs. T. L. Nipp, prayer chairman, planned the programs and was in charge of the meeting until she became ill Wednesday. Mrs. A. V. Britton was in charge of the program for Wednesday.

Mrs. T. L. Nipp suffered a severe heart attack Wednesday afternoon at her home soon after she returned from seeing a doctor. A Brownfield ambulance rushed oxygen to the Nipp home. The doctor felt she was too ill to be moved to a hospital. She is resting better now.

Mr. and Mrs. Bill Gilchrist and daughter of Midland and Mr. and Mrs. Tommy Nipp of Lubbock have been visiting with their mother since her illness.

**RIVERS OF GRAIN** — Grain piled higher than a tall man can reach covers literally acres of ground around Brownfield. The piles of Terry sorghum defy the camera to capture their magnitude. This, perhaps, will be a record harvest of the golden stuff for the county. Final statistics probably will show that Terry produced more grain sorghum in 1957 than any other county on the South Plains. (NEWSfoto)

**Leave Crop Stubble For Wildlife, Pleads Conservation Man**

Game birds such as quail, doves, ducks, geese and wild turkeys often have a difficult time during the winter season finding food. Ed Cooper, extension wildlife conservation specialist, suggests leaving crop stubble as long as possible after harvest as a food source for our feathered friends. Cooper points out that crop residues plus the seed of native weeds that are available in harvested fields make one of the best food sources for game birds. But, he adds, some birds, particularly quail, will not utilize food in a field unless there is some cover to protect them from natural enemies. Plant stubble left in the field will give this needed protection, he says. Rice, corn, grain sorghum and some other crop fields especially are good feeding areas following harvest if left undisturbed for as long as is possible. Native weeds and woody vegetation along field borders serve as natural travel lanes for the birds attempting to feed in a field. Leaving stubble on the field, Cooper points out, also is recognized in many areas as a good conservation practice. The stubble aids in controlling both wind and water erosion and in holding snow in areas where snows occur.

**GOIN' HOME** — Some 261 braceros left here Monday to return to Mexico after completing their six-week contract to pull cotton. Oliver Grote, Terry County Farm Association director, said the group was the first of about 1,200 contract labor-

ers who will return to Mexico within the next two weeks. "The laborers were employed by about 20 user-members of TFB," said the director. "Most of them had been here about six to eight weeks — the maximum time allowed." (NEWSfoto)

**Stronger Flu Vaccine Announced By Burney**

Dr. Leroy E. Burney, U. S. Surgeon-General, has announced a more powerful vaccine against the Asian flu should be ready for release by the last of November.

The present vaccine produces antibodies to give some protection against the virus to 81 per cent of the people vaccinated, the doctor said, but "by doubling the potency, the number in which it produces antibodies will increase up to 95 per cent."
