 11:00 a.m. Worship Service  
 7:00 p.m. Training Union

## EVER FEEL LIKE THIS

Life does have its low moments doesn't it! Every mature life knows those times when the bottom seems to have dropped out, when it hardly seems worthwhile to try to go on. Where does one turn when this sense of emptiness threatens to overwhelm?

For two thousand years the one significant answer to this question has been available. It is "be not anxious about your life" but instead trust in God the One who gives you your life moment by moment. His love is steadfast; the life He gives, your life, is good. Accept your burdens and frustrations as gifts of God and they will become wings. Then go and praise God in His sanctuary.

Is something wrong with your life — an inner restless dissatisfaction? The answer to every human problem comes only from God our Maker. He alone can forgive and reassure. Through the church God has committed the provision and proclamation of His forgiveness and redeeming love. Without a church relation no one is securely related to God. *Everyone should be in the Church and the Church should be in everyone!*

O'Donnell. (NEWSfoto)

**TIE FOR SECOND IN DISTRICT**

**Cubs Rap Pecos Eagles In Overtime Game, 57-51**

After trailing through three and one-half periods, the Cubs roared back to overtake the Pecos Eagles, 57-51, in an overtime District 2-AAA tilt here Friday.

The "B" team took a squeaker, 37-36, from the visiting future Eagles in the opener.

Brownfield jumped to 2-0 and 4-2 leads in the first two minutes of play before Bill Mitchell and Royce Cassell pumped successive fielders through to give the Eagles the lead at the 2:30 minute mark.

The score was tied once and the lead changed hands four times in the initial period before the visitors meshed three fielders to take an 18-13 lead at the end of the quarter.

Pecos added another point to their margin in the second period on the strength of a seven-point burst by Parnedd Christopher, who proved to be a thorn in the Cubs side all evening.

Joe Oswald, short by most basketball standards, moved into the Cub lineup the second half to lead the home team within four points of the Eagles at the three-quarter mark. Though scoring only one point in the period, the 5-8 guard hawked the ball all over the court and pulled down rebounds from his taller opponents.

**Knot Score**  
With 3:30 minutes left to play in the game, Oswald dropped three successive gratis pitches through the nets to knot the game at 45-45.

Two long lofts by Ken Cary gave the Cubs the first lead since the opening period. However, Mitchell hit two fielders and a pair of gratis pitches to knot the score, 51-51, with 20 seconds left to play.

In the three-minute overtime, Cary slammed home a jump shot from the corner to give the Cubs the needed margin for victory. Oswald netted four

scoring. Jimmy Tollett meshed 12 and Leon Clark hit 10 points to lead Brownfield to the win.

Several Meadow people were in Brownfield Monday for the funeral of Mrs. Opal Parker, who lived west of Meadow at Needmore for several years before moving to Brownfield.

**IN ENGLAND THEY CALL THEM "CHEMISTS' SHOPS"**

Here we call them Pharmacies. We mean, of course, establishments such as ours where infirmity pains are taken to fill Doctors' prescriptions. This is the most important part of our business. So we maintain an expert Registered Pharmacist. We carry only the freshest, purest drugs. We compound each prescription as carefully as though the life of our President were at stake. Bring or send your prescriptions to us. It's a wise precaution!

**Sorority Group Will Sponsor A Dorothy Carnegie Class**

Beta Theta Chapter of Epsilon Sigma Alpha Sorority will sponsor a Dorothy Carnegie Class in Brownfield.

To acquaint prospective members with the course, a coffee was held Thursday night in the home of Mrs. Mozell Ratliff at 1302 East Tate.

A second coffee will be held at 7:30 p.m., Feb. 13 in The Party House.

Dorothy Gore, Beta's president, explained that the course is open to all women, its object being to teach walking, sitting, poise, fashion, finance and facial make-up.

Dale Carnegie Class BR2 met Thursday in BHS cafeteria for their fourth session, with a ward for best speech going to Curtis Sterling. For achievement, Stanley Miller was recognized. For most important, Yula Beavers was given a prize.

**MONDAY**  
potatoes, crispy cornbread, butter, strawberry short cake, whipped cream, and milk.

**THURSDAY**  
Beef stew, Waldrof salad, cheese toast, crackers, frozen cherry cobbler and milk.

**FRIDAY**  
Friend chicken, English peas, gravy, mashed potatoes, carrot sticks, hot rolls, butter, butterscotch pudding with vanilla wafers and milk.

**General Telephone Employee Is Injured**

A 46-year-old General Telephone Company employee is in Treadaway-Daniell Hospital with broken ribs and severe bruises following a two-car collision Thursday at the intersection of East Buckley and Cedar.

Ira Earl Honeycutt of 1420 East Buckley suffered the injuries about 8 a.m. Thursday when he was involved in a collision with Eugene Scheller, 15, of 1313 East Main.

Scheller suffered severe lacerations and bruises. He was released from the hospital Saturday.

### Wesleyan Guild Has Studies of Japan

Miss Wanda Williams conducted the study on Japan, opening the meeting with a brief history of their early religion, when Wesleyan Service Guild met Wednesday evening in the parlor of First Methodist Church.

Mrs. Mary Ruth Nelson gave points of interest on the Shinto religion of Japan and Miss Yvonne Robinson discussed Buddhism. Miss Betty Hillis told of the slow spread of Christianity in Japan.

A film, "The Younger Brother," was shown. Mes. Carmen Davis and Thelma Heartill arranged the worship center by use of a collection of items and drawings from Japan.

**TWIN COUSINS** — Pictured are Juanelle Lary, daughter of Mr. and Mrs. A. V. Lary of Route 1, and Ronnie Frazier, son of Mr. and Mrs. Calvin Frazier of 1005 South Seventh who celebrated their seventh birthdays Thursday. They consider themselves twin cousins and they do resemble in appearance, even though there is a noted difference in height.

### GRAND LODGE OF TEXAS PERSONNEL PRESENT

#### Rebekah, IOOF Lodges Install 1958 Officers Thursday Night

Officers for Rebekah Lodge 56 and IOOF Lodge 530 were installed in a joint ceremony Thursday evening in The Party House.

#### Bridge Club Guests Of Mrs. J. Harrison

Mrs. Johnnie Harrison of 1421 East Reppito honored her husband on his birthday when she entertained members of Tuesday Night Bridge Club.

Mrs. J. W. Fitzgerald took high score prize, Ray Tippit second high and Mrs. C. L. Mc-Lendon third high. Consolation went to the honoree.

Refreshments were served to Mr. and Mrs. Fitzgerald, Mr. and Mrs. Tippit, Mr. and Mrs. McLendon, Mr. and Mrs. Bobby Jones, Mr. and Mrs. Robert Browning, Mr. and Mrs. B. M. Coppock, Mr. and Mrs. Lester McPherson, Mr. and Mrs. Earl Carroll, Mr. and Mrs. E. J. Smith, Mr. and Mrs. R. H. Casstevens, Mes. John White-

Those on the installing staff were E. V. Riley, District Deputy Grand Master; Mrs. Riley, District Deputy President; Joe Stevens, District Deputy Grand Marshal; and Mrs. M. B. Stone, Rebekah District Deputy Grand Marshal.

Appointive IOOF officers are E. H. Davis, Warden; E. L. Cave, Conductor; Leon Goldston, Chaplain; W. W. Marchbanks, Right Scene Support; Harland Forbes, Left Scene Support; Riley, Right Support to Noble Grand; John Rockey, Left Support to Noble Grand; David Nicholson, Inside Guardian; Grover Seaton, Outside Guardian; E. E. Preston, Right Vice Grand Support and L. A. Rhyne, Left Vice Grand Support.

Miss Juanita Stevens, Musician for the Rebekah Lodge, was at the piano for the installation services.

Grand officers introduced were Ben Conklin, Grand Patriarch of The Grand Encampment of Texas; Raymond Gage, Grand Master of Grand Lodge IOOF Texas; and C. A. Robbins, Grand Chaplain of Grand Lodge of Texas.

Following the ceremony, Della Dame of Andrews spoke on Odd Fellowship's "United Nations Pilgrimage for Youth." She told of her experience as a member of that group last summer, showing pictures taken on the trip.

### BROWNFIELD GARDEN CLUB OBSERVES ARBOR DAY

Pictured are members of the projects committee of Brownfield Garden Club as they plant a honey locust tree on the grounds of Seleta Jane Brownfield Clubhouse in observance of Arbor Day. From left are Mes. Alton Webb of 1119 Tahoka Road, James King

of 315 East Buckley (treasurer) and Mrs. Virgle Travis of 1004 East Tate. Not pictured, but a member of the committee, is Mrs. Bill Blackstock of Route 4. West Texas garden clubs are stressing the planting of trees because of their scarcity in this section of the state. (NEWSfoto)

### BCC To Receive Dance Instruction

Lewis Walker from Larrymore Dance Studio of Lubbock will give lessons in ballroom dancing Thursdays for the next ten weeks at Brownfield Country Club.

Lessons are available to members of Brownfield Country Club only. Walker will give instructions to young people of high school age and above at 7:30 p.m. and to adults at 8:30 p.m.

All types of ballroom dancing will be taught including the latest popular dances.

JERRY CARMICHAEL  
Awarded Scholarship...

### Durett Scholarship Given at Wellman

The \$100 Valden Durett scholarship was awarded last week to Jerry Carmichael, currently majoring in physics at the University of Texas, where he is a sophomore.

The recipient, salutatorian of the Wellman High School class of '57, is son of Mr. and Mrs. Harrison Carmichael of Foster Community.

Carmichael was a finalist in the National Merit Award Scholarship testing last year, and was an outstanding student in WHS, ranking in the upper one per cent of the nation.

Last year's recipient was Charles Goza, who now is a student at Hardin-Simmon University in Abilene.

### SCHOOL BOND ISSUE DISCUSSED

#### Puccini's La Boheme' Studies During Alpha Omega Session; Songs Presented

Guest-day was observed when Alpha Omega Study Club met Tuesday afternoon in Seleta Jane Brownfield Clubhouse.

The musical theme of the program was carried out in table and room decorations, the table being covered with a pink linen cloth, and pink carnations accented with black notes forming the centerpiece. White cake squares were decorated with pink music notes. Mrs. Tommy Hicks was at the silver coffee service.

Resting on the mantle was a violin with bow. At each end stood record holders filled with albums of classical records.

Mrs. William Cope gave a brief history of the opera, "La Boheme," by Puccini, before introducing guests artists singing numbers from the opera.

**Duet Is Presented**  
A. V. Wall, Brownfield High School choral director and director of music at First Christian Church, sang "Che Gelida Manina." Mrs. John Luckie, music teacher, sang "Mi Chiamo Mimì."

Mrs. Luckie and Wall sang a duet, "O Soave Fanciulla." Jerry Gannaway, teacher of music and organist of First Baptist Church, accompanied them.

Mrs. Hicks introduced O. R. Douglas superintendent of Brownfield public schools, who gave points on the school bond

See No. 1 Page 4

**PICKS ROCKS, NOT COTTON**—Gary Moore, left, and Ronnie Bertley, both members of Brownfield FFA Chapter, repair the rock picking machine owned by Terry Soil Conservation District. The chapter rents this and other equipment to Terry farmers under an agreement with TSCD. (NEWSfoto)

## Rocks From the Land Unique Machine Picks

Brownfield Future Farmers render a valuable service to the community in renting equipment to farmers to help conserve and improve the soil. A unique machine owned by Terry Soil Conservation District is an eight foot, hydraulically operated rock picker. This machine has long teeth which run along the ground and pick up all rocks over 2 inches in diameter. These rocks then can be dumped into a storage box and carried to a desirable disposal site. This machine rents for \$10 per day. Kearby Sexton has used it recently to remove some of the rocky sections of his farm. Several others have expressed an interest to use it. Under an agreement with

## Rev. Stowe Heads Meeting of Baptists

The Rev. Warren Stowe, pastor of Calvary Baptist Church, was moderator for Brownfield Baptist Association Worker's Conference held Thursday night at New Home Baptist Church. The Rev. Don Murray, pastor of Meadow First Baptist Church, was vice moderator. Beryl Lovelace, educational and musical director of First Baptist Church, directed the song service. Tom Parrish of Wayland College of Plainview, and the Rev. Bill Brooks, First Baptist Church of Tahoka, were principal speakers. The Rev. Henry Flippin, Lakeview Baptist Church, also had a part on the program.

TSCD, the FFA Chapter rents and maintains the machinery owned by the farmers who comprise the district. Rental Charges are based on the actual cost of operation of the machinery and often are lower than the machinery can be owned by an individual.

## Mrs. Cornelius Hosts Bridge Club Tuesday

Mrs. Harry Cornelius took high score prize when Gala Bridge Club met with Mrs. R. N. Lowe of 321 West Cardwell Tuesday evening. Second high went to Mrs. Leonard Chesshir. Mmes. J. O. Rodgers and Troy Noel took bingo prizes. A valentine theme was used in decorations and refreshments. Those attending were Mmes. Orville B. G. Hackney, Rodgers, Neol, Cornelius, Eddie Ballard, Coy Barnett and Chesshir.

## School Bond Issue Reviewed for Lions

The Feb. 11 school bond election was outlined for Brownfield Lions at their weekly luncheon Wednesday in The Party House. O. R. Douglas, superintendent of schools, discussed the bond proposal, illustrating the subject with pictures and slides of present facilities. Douglas also showed slide photographs of athletic plants at Plainview, Lovington and Andrews.

## Wellman Honor Roll Students Revealed

H. E. Stevens, Wellman grade school principal, announced the following students as making the "A" honor roll for the third six weeks period: first grade: Treta Winn, Carol Ann Sullivan, Gary Paddock and Peggy Herron;

Second grade: Renay Smith and Deanie Wetcher; third grade: Nancy Baker, Linds Sue Bass, Steve Hamm, Myrs Reasonover and Vicki Watts; fourth grade: Scotty Hamm, Mike Paddock, Ronald Loe Cheryl Smith and Barry Sims; sixth grade: Terry Sims and Laverl Hulse; seventh grade: Ronnie Sullivan.

Students making the "B" honor roll are first grade: Karen Loe, John McCollister, Mary McCollister, Mary Louis Hulse, Carolyn Adams, Patricia Cotton, Jimmy Ray Bohler and Wallie Arrizola; second grade: Margaret Flores, Ramon Flores and Dixie Woodard; third grade: Willard Adair, Rose Arrezola, Donna Kay Baker, Tommy Chestman, Mike Duncan, Benny Fields Betty Hartman, Blanche Taylor and Sue Wilson.

Fourth grade: Pamela Bass, Arthur Contreras, Janie Duncan, Rosalee Fields, Dean Haney, Linda Parnell and Granville Smith; fifth grade: Shirley Adair, Janie Golden, Homer Jones, Sandra Oliver and Juaneva Smith; sixth grade: David Hill, Steve Goza, Leland Hulse, Rita Read, Janie Flores, Dottie Oliver and Ruby Sedwick; seventh grade: Charles Porter, Clyde Watkins, Janet Smyth, Bettie Adair and Elizabeth Falls; eighth grade: Veta Thornton, Fred Sedgwick and John Rannels.

### BGC Sponsors Plains Club Formation

Mrs. Virgie Travis of 1004 East Tate and Mrs. James King of 315 East Buckley, members of Brownfield Garden Club, were in Plains Thursday evening to assist in the organization of a like club there.

Mrs. J. W. Willingham of Plains acted as chairman and Mrs. W. D. Lipscomb served as secretary for the organizational meeting. Regular officers are to be elected Feb. 13. Brownfield Garden Club will sponsor the group. The 20 attending the meeting were extended an invitation to attend a luncheon as guest of Brown-

field Garden Club, Feb. 12 in Seleta Jane Brownfield Clubhouse.

### Scholarship Is Awarded To Brownfield Student

Weldon Lynn Kennedy, University of Texas Naval ROTC student from Brownfield, has received a \$50 Jesse H. Jones Scholarship in honor of Fleet Admiral Ernest J. King for the 1957-58 session. Kennedy, a sophomore liberal arts student, is the son of Mr. and Mrs. W. W. Kennedy of 821 East Main.

### Red Raiders

#### Accurate

Nationally rated for their field goal accuracy, Texas Tech's Red Raiders have four times surpassed the 50 per cent mark for a game, but have dropped two of those decisions.

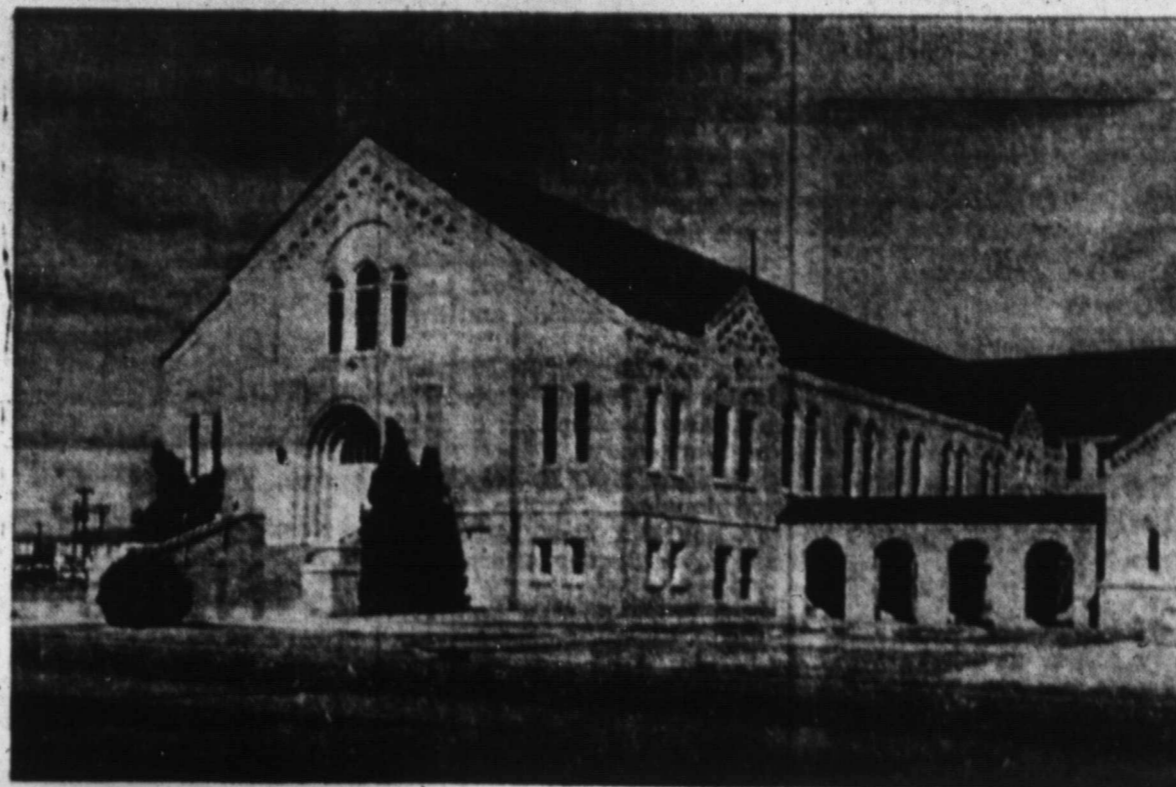

Tech hit 90.9 per cent here in its 74-00 win over Baylor Saturday night but previously had lost to Texas Christian 71-69 and Arkansas 71-67 while connecting with 51 per cent in Southwest Conference tournament games at Houston. In their opener, the Raiders hit 52 per cent in a 93-59 victory over Abilene Christian College.

Only twice have the Raiders been out-shot from the floor. Southern Methodist made 47.7 per cent to Tech's 47.3 in winning 84-80, and Santa Clara held a field goal accuracy edge—30.9 per cent to 42.5—while losing 68-67.

For the season, Coach Polk Robinson's Red Raiders have connected on 400 of 888 field goal attempts for 45.1 per cent.

Poorest night from the floor for Tech was the Hamline contest, the season's second game five nights after their torrid streak against ACC. The Raiders made only 35.9 per cent of their tries, but Hamline was even colder, with 25 per cent accuracy as the Raiders triumphed 68-45.

Tech meets Texas A&M in College Station Saturday night.

★ ★ ★  
**FIRST BAPTIST CHURCH** — Pictured are First Baptist Church and its pastor, Dr. Jones W. Weathers. The church is located at 219 West Main and the parsonage at 1211 East Tate. Sunday Schedule: 9:45 a.m., Sunday school; 11 a.m., worship; 6:15 p.m., training union; 7:30 p.m., worship. WMU at 9:30 a.m. Wednesday and prayer meeting 8 p.m. Wednesday, followed by choir practice at 8:40 p.m. With a membership of 1,014, the church has an average attendance of 500 in Sunday school.

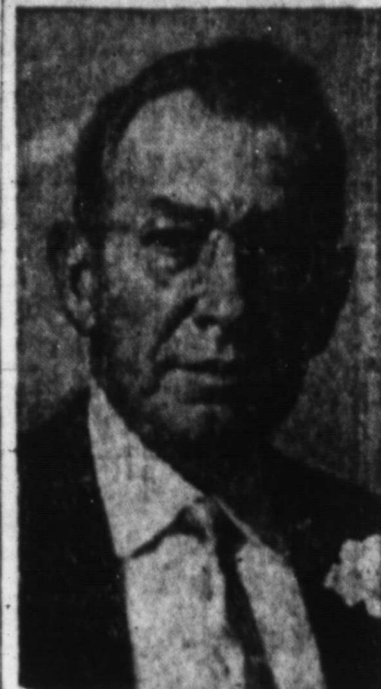

### supplies, 8,214 new watering facilities were constructed.

During the past year, Hoffman said 5,267 4-H club members were trained by county agents in grass and range plant identification. A new 4-H program, range judging, resulted in 70 teams being trained in 43 counties.

Too, 70 counties were provided 25 varieties of adapted native grasses which had shown promise in tests. These grasses were planted in demonstration nurseries and will shorten the testing period by two to three years.

The specialist for nine months was assisted by A. H. Walker who was transferred to an administrative position. The two did work during the year in each of the 12 Extension Districts of Texas. They made 200 county visits to conduct training work in their field and actually trained 227 county agents.

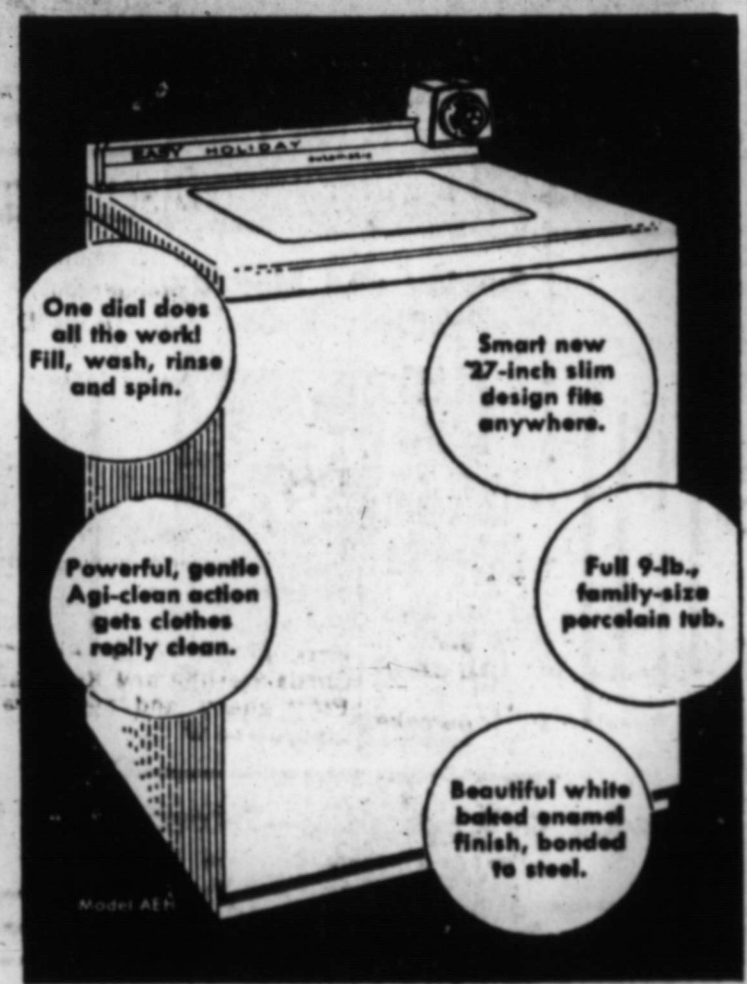

### Plea for Disabled

Basil O'Connor, March of Dimes head, urges the nation to support program for thousands of polio victims who can benefit from further treatment. "Survival", he says, "is not enough."

### Story of a Medical Missionary Will Be Presented in Film

"Monganga," is being shown in color at 7:30 p.m. today in First Christian Church.

Originally on the "March of Medicine" program, coast-to-coast telecast, NBC-TV, Nov. 23, 1956; it was repeated, by popular request, on the same program, March 5, 1957.

"Monganga" is the record of Dr. John E. Ross, medical missionary for Christian Churches, and his work at Lotumbe, Belgian Congo, Africa.

The Rev. Marion Nilsson, pastor of First Christian, invites the public to take advantage of the opportunity to see this production. There will be a nursery open to the visitors.

### Gannaway Students To Present Recital

A group of 25 piano students from the class of Jerry Gannaway is to be presented in a recital at 7:30 p.m. Monday in Fellowship Hall of First Baptist Church.

Performances heard will be presented by Daphne Pemberton, Conrad Vernon, Jeff Pemberton, Juaneva Smith, Howard Farrar, Carolyn Farrar, Gwendolyn Flache, Barbara Green, Elaine Flache, Judy Akers, LaVeda Raynes, Lynda Geron, Sandra Taylor, Linda Taylor, Lou Ann Conlee, Ella Sue Nelson, Merle Smith, Margaret Ann Blackstock, Carolyn Stowe, Linda Hyman, Randy Hill, Barbara Brown, Emily Blackstock, Patricia Turner, and Emily Risinger. Second piano accompaniments to several of the numbers will be played by Gannaway.

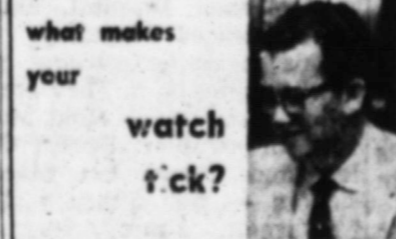

### Range Management Interest Increases, According to Report

In a year end summary, extension range specialist G. O.

### Former Terry Man Speaks At Lubbock

Mr. and Mrs. Otis Gatewood, missionaries to Germany for the past 10 years, will be main speakers at the 12th annual "Training For Service" school at the Broadway Church of Christ, Lubbock, Feb. 2-6.

Gatewood is a native of Mead, and has been supported in missionary work by the Broadway Church for over 20 years. His subject each evening Feb. 3-6 at 7:30 o'clock will be, "Surrender to Serve." Mrs. Gatewood, who has worked with her husband in many mission fields will be speaking to women of the church and their guests Monday through Thursday from 10 to 11 a.m.

what makes your watch tick?  
 Your Grandfather's big watch ticked loudly. It's machinery was crude and heavy. You could hear it "breathing" all across the room. Its sprocket wheel, spurred on by a husky mainspring, moved further and thus made a louder tick.

Today, watches are a totally different breed. They're more refined, have much smaller parts, move noiselessly and you have to put them to your ear to detect any sound whatever.

Yet small as they are and complicated as their working parts may be, you expect them to do their ticking continuously, marking off the seconds and minutes and hours. If you have ever looked through a jeweler's magnifying glass—worn in his right eye—you must have been amazed at the conglomeration of wheels and pinions and jewels you saw. Now bear in mind that all these are encased in an arm as small as a quarter—and you realize how ingenious the watchmakers art it.

We take pride in the watches we sell. They all bear famous, trademarked names. They are all guaranteed to tell time faithfully so long as you give them reasonable care. ### Hoffman, reported that range management demonstrations, which during 1957 had emphasized efficiency and economy of livestock production, totaled 9,198 and involved 3,795,605 acres of Texas rangelands.

Hoffman said cooperating ranchmen reported to their local county agricultural agents who supervised the demonstrations that the work which was carried out had been worth to them more than \$5,250,000 in increased returns or savings. In addition, the demonstrators and cooperators reported they had received an additional \$1 million from information gained at training meetings and field demonstrations in the

form of better range practices which they were able to use on their farms and ranches. In addition to the demonstrators, another 11,726 operators in 298 counties of Texas were assisted with range management problems, said Hoffman. More than 24,000 stockmen attended some 880 meetings where range management practices were discussed. Field days totaling 140 were attended by 9,150 and more than 2,200 flexible stocking rate, 1,900 livestock distribution and 2,100 reseeding demonstrations were conducted by operators as aids to their range recovery programs. To further insure adequate water

**Importance of Landscaping Discussed**

Miss Betty Hillis, Terry County HD agent, emphasized the importance of landscaping when Meadow-Challis HD Club met Tuesday afternoon with Mrs. Sam Gossett.

Members answered roll call with the name of their favorite shrub, rose being top selection. Miss Hillis showed films to stress points of interest in her discussion.

Plans were made to assist other clubs of Terry County in serving lunch for John Deere Field Day, today.

Refreshments of fruit cake, coffee and cold drinks were served to Mmes. Joe Henson, W. J. Moss, J. C. Finley, Ira Cason, W. J. Henderson, J. C. Pettigrew, Joe Dale Deak, Loyal Henson, L. P. Price, E. N. Corley, Adell Moore and Miss Hillis.

**No. 1—**

Issue to be voted on Feb. 11. Open discussion period followed.

Hostesses for the meeting were Mmes. V. B. Patterson, Curtis Sterling and Roy Harris. Fifty guests and members attended.

Mrs. J. W. Willingham of Plains acted as chairman and Mrs. W. D. Lipscomb served as secretary for the organizational meeting. Regular officers are to be elected Feb. 13. Brownfield Garden Club will sponsor the group. The 20 attending the meeting were extended an invitation to attend a luncheon as guest of Brown-

**Scholarship Is Awarded To Brownfield Student**

Weldon Lynn Kennedy, University of Texas Naval ROTC student from Brownfield, has received a \$50 Jesse H. Jones Scholarship in honor of Fleet Admiral Ernest J. King for the 1957-58 session. Kennedy, a sophomore liberal arts student, is the son of Mr. and Mrs. W. W. Kennedy of 521 East Main.

**Red Raiders Accurate**

Nationally rated for their field goal accuracy, Texas Tech's Red Raiders have four times surpassed the 50 per cent mark for a game, but have dropped two of those decisions. Tech hit 50.9 per cent here in its 74-60 win over Baylor Saturday night but previously had lost to Texas Christian 71-69 and Arkansas 71-67 while connecting with 51 per cent in Southwest Conference tournament games at Houston. In their opener, the Raiders hit 52 per cent in a 93-59 victory over Abilene Christian College.

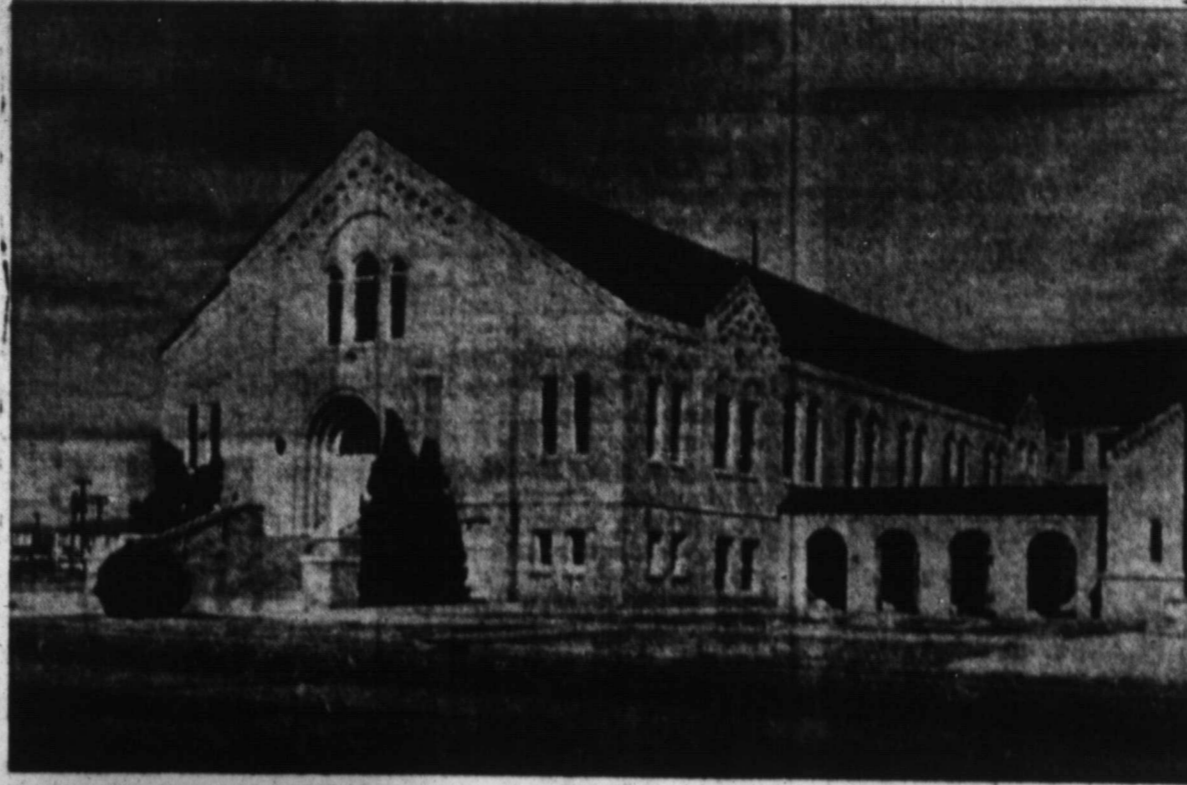

Only twice have the Raiders been out-shot from the floor. Southern Methodist made 47.7 per cent to Tech's 47.3 in winning 94-80, and Santa Clara held a field goal accuracy edge—50.9 per cent to 42.9—while losing 93-67. For the season, Coach Polk Robinson's Red Raiders have connected on 400 of 888 field goal attempts for 45.1 per cent. Poorest night from the floor for Tech was the Hamline contest, the season's second game five nights after their torrid streak against ACC. The Raiders made only 35.9 per cent of their tries, but Hamline was even colder, with 25 per cent accuracy as the Raiders triumphed 68-45. Tech meets Texas A&M in College Station Saturday night.

**Story of a Medical Missionary Will Be Presented in Film**

"Monganga," is being shown in color at 7:30 p.m. today in First Christian Church. Originally on the "March of Medicine" program, coast-to-coast telecast, NBC-TV, Nov. 23, 1956; it was repeated, by popular request, on the same program, March 5, 1957. "Monganga" is the record of Dr. John E. Ross, medical missionary for Christian Churches, and his work at Lotumbe, Belgian Congo, Africa. The Rev. Marion Nilsson, pastor of First Christian, invites the public to take advantage of the opportunity to see this production. There will be a nursery open to the visitors.

**Gannaway Students To Present Recital**

A group of 25 piano students from the class of Jerry Gannaway is to be presented in a recital at 7:30 p.m. Monday in Fellowship Hall of First Baptist Church. Performances heard will be presented by Daphne Pemberton, Conrad Vernon, Jeff Pemberton, Juaneva Smith, Howard Farrar, Carolyn Farrar, Gwendolyn Flache, Barbara Green, Elaine Flache, Judy Akers, LaVeda Raynes, Lynda Geron, Sandra Taylor, Linda Taylor, Lou Ann Conlee, Ella Sue Nelson, Marie Smith, Margaret Ann Blackstock, Carolyn Stowe, Linda Hyman, Randy Hill, Barbara Brown, Emily Blackstock, Patricia Turner, and Emily Rinsinger. Second piano accompaniments to several of the numbers will be played by Gannaway.

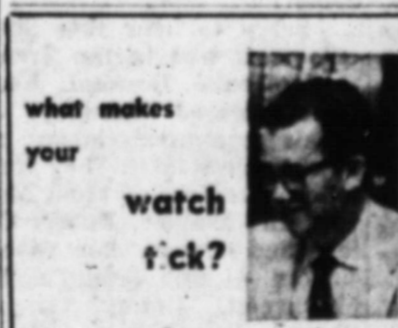

**FIRST BAPTIST CHURCH** — Pictured are First Baptist Church and its pastor, Dr. Jones W. Weathers. The church is located at 219 West Main and the parsonage at 1211 East Tate. Sunday Schedule: 9:45 a.m., Sunday school; 11 a.m., worship; 6:15 p.m., training union; 7:30 p.m., worship. WMU at 9:30 a.m. Wednesday and prayer meeting 8 p.m. Wednesday, followed by choir practice at 8:40 p.m. With a membership of 1,014, the church has an average attendance of 500 in Sunday school.

**Former Terry Man Speaks At Lubbock**

Mr. and Mrs. Otis Gatewood, missionaries to Germany for the past 10 years, will be main speakers at the 12th annual "Training For Service" school at the Broadway Church of Christ, Lubbock, Feb. 24. Gatewood is a native of Meadow, and has been supported in missionary work by the Broadway Church for over 20 years. His subject each evening Feb. 24 at 7:30 o'clock will be, "Order to Serve." Mrs. Gatewood, who has worked with her husband in many mission fields will be speaking to women of the church and their guests Monday through Thursday from 10 to 11 a.m.

Your Grandfather's big watch ticked loudly. It's machinery was crude and heavy. You could hear it "breathing" all across the room. The sprocket wheel, spurred on by a husky mainspring, moved further and thus made a louder tick.

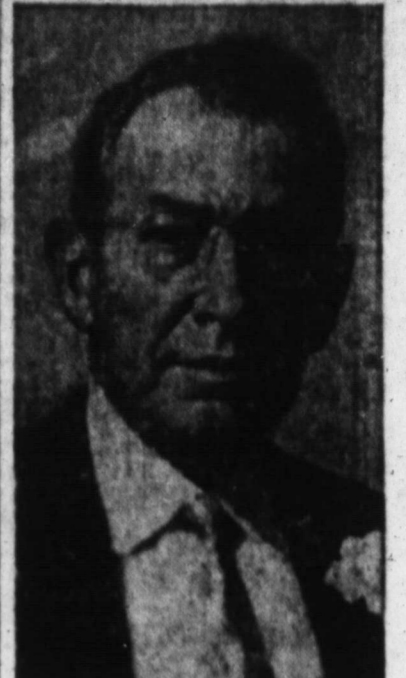

Today, watches are a totally different breed. They're more refined, have much smaller parts, move noiselessly and you have to put them to your ear to detect any sound whatever. Yet small as they are and complicated as their working parts may be, you expect them to do their ticking continuously, marking off the seconds and minutes and hours. If you have ever looked through a jeweler's magnifying glass — worn in his right eye — you must have been amazed at the conglomeration of wheels and pinions and jewels you saw. Now bear in mind that all these are encased in an area as small as a quarter — and you realize how ingenious the watchmakers art it.

We take pride in the watches we sell. They all bear famous, trademarked names. They are all guaranteed to tell time faithfully so long as you give them reasonable care. Come in today and inspect our display of men's and women's watches. They're priced from \$9.95 up. And sold on easy terms if you wish. BAYLESS JEWELRY, 507 W. Main, Phone 2292.

**supplies, 8,214 new watering facilities were constructed.**

During the past year, Hoffman said 5,267 4-H club members were trained by county agents in grass and range plant identification. A new 4-H program, range judging, resulted in 70 teams being trained in 43 counties. Too, 70 counties were provided 25 varieties of adapted native grasses which had shown promise in tests. These grasses were planted in demonstration nurseries and will shorten the testing period by two to three years. The specialist for nine months was assisted by A. H. Walker who was transferred to an administrative position. The two did work during the year in each of the 12 Extension Districts of Texas. They made 200 county visits to conduct training work in their field and actually trained 227 county agents.

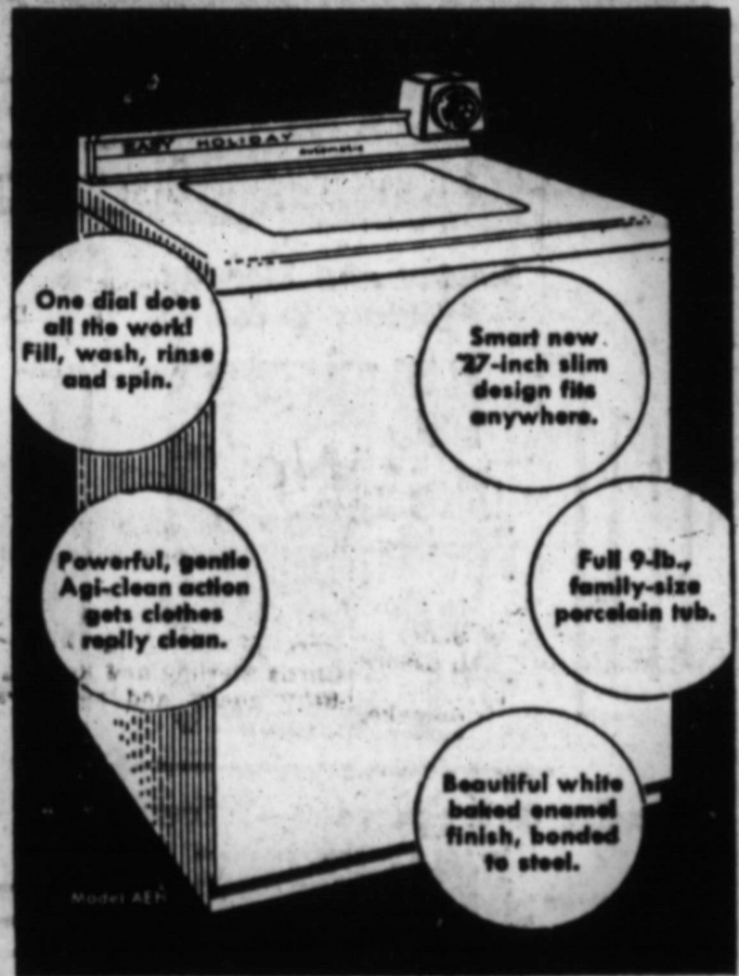

**Plea for Disabled**

Basil O'Connor, March of Dimes head, urges the nation to support program for thousands of polio victims who can benefit from further treatment. "Survival," he says, "is not enough."

### BHS News

By PATTI WILDER

Why not come to First Baptist Chapel this afternoon at 5:00 o'clock for the Community Youth Service? The service will be conducted by youth from cooperating churches. Following the service, there will be refreshments in Fellowship Hall. A re-broadcast of the play representing Youth Week can be heard on KTFY at 4 p.m. today.

The Reverend Marion Nilsson spoke to an assembly Tuesday morning. Preceding his address, a select group from the Acapella Choir, consisting of Sharon Kennedy, Pat Runnels, Betty Bragg, Linda Gauntt, Barbara Mulkey, and Carol Ann Beavers presented several selections.

I'm sure you realize the Brownfield High School Band is conducting their annual candy sale. A heated contest between the seniors and freshmen and the juniors and sophomores is being held. As in years past, this candy is delicious milk chocolate and sells for 50¢ a bar.

In case you're underweight, or have a gnawing sweet tooth, contact any senior or freshman band student. Winners of the contest will be feted with a party given by the losing group. Proceeds from the sale will finance our annual band trip.

'Twas so nice to see all the college kids home between semesters. Almost all of them have returned by now.

New students transferring to BHS at mid-semester are: seniors: Sandra Sellers, and Margaret Snider; juniors: Bobbie Foreman, Robert Hulen, and Gary Lou Tamayo; sophomores: Gerald Pool, Donald Robertson, Eugene Schector, and Eulogio Tamayo; freshmen: Joyce Cooper, Mary Suttaya, Clyde Bankhead, J. C. Chambliss, Lee Foreman, Wayne Winsett, Gerald Keith, Rosette Washburn, Kenneth Snider, Ricky Williams, Joyce Klein and Gene Hartman. Welcome!

Sorry to hear that Sheri Clements was in the Treadaway-Daniel Hospital. Sheri was released Thursday.

This semester's honor roll has 24 names on it. They are as follows: seniors — Mont Muldrow, Bill Walker, Robert Conlee, and Norma Lee Meeks; juniors — Bob Simpson, Ann McBurnett, Jimmy Rodgers, Sharon Kennedy, Lily Joe Christian, Bob Cloe and Jesse George;

Sophomores — Judy Teague, Yvonne Parker, Linda Brewington, Anita Jo Woodley, Donna Franks, Valdene Garner, and Ann Patterson; freshmen—Marken Frazier, Juanice

Newbill, Margie Chisholm, Karl Harding, Vicki Norris and Janice Hanson;

olson and Jesse George; Sharon Frymire and Loyd Marfin; Genie Christian and Richard Meil; Rita Lou Goodpasture and Curtis Bryant; Sharon Snedeker and James Turner; Mary Joe Christian and Leon Hinson; Delma Fox and Glen Chesshir; Sue Dell Jones and Ronnie Bell;

and Danny Andrews; Tennie Wade and Carson Woodall; Theta Moore and Doodle Kaiser; Frances Green and Manuel Garcia;

Carolyn Fielder and Tommy Lamar; Ann Baker and Bobby Whitney; Ann Burns and Loyd Franklin; Nelta Ellis and Russell Collins; Patsy Huise and Mont Muldrow; Mary Jane Brownfield and Bob Upton; Clarice Cornett and Donald Godwin; Bettie Ann Davis and Jerry Don Kessee; Le Nora Turner and Bobby Reynolds; Bobbie Nell Richardson and Bob Cloe;

Carlyn Weathers and Ken Lilly; Patti Thomas and Gene Mason; Mary Ruth Venable and Tom Chisholm; Doris Raliff and Ellis Cox; Sue Shewmake and Arliss Edwards; Leenell Chesshir and Leon Clark.

Virginia Armstrong and Ken Kendrick are the latest steady-dating couple; and newly engaged are Ada McIntyre and Lewis Simmonds.

### OPENS AT RIALTO TODAY

#### Mickey Rooney Shows Versatility In The Title Role of 'Baby Face Nelson'

Mickey Rooney, as versatile an actor as her ever been seen in entertainment circles, plays his most dramatic and explosive part to date in the title role of "Baby Face Nelson," opening today at the Rialto Theatre.

When Mickey was first approached to play the role of Baby Face, he was inclined to say no. His reasons were that, to the best of his knowledge, "Baby Face Nelson," who boasted that he was the only gangster ever to kill three G-men, was nothing but a sub-human monster. Playing monsters didn't interest me.

A perusal of the script, however, changed his mind.

"It avoided beautifully," Mickey says, "the two pitfalls that might plague such a picture. It presented Nelson as a human being — depraved, vicious, but a human being nevertheless.

Second, it didn't go into long psychiatric apologies for his

character based on the fact that his father was a bum or that his mother dropped him on his head when he was three years old

"Baby Face Nelson" portrays its central character objectively, but not clinically. It tells Nelson's story without coloration, without setting out to prove anything. It tells the facts — and the dramatic action — speak for itself.

"He was just no good, that's all," says Mickey. "He was a killer, he chose the path he did because he didn't care one way or the other — not because he couldn't tell right from wrong. When you show a person like that on the screen, you don't have to editorialize to prove

### STARTS TODAY

#### 'The Deep Six' To Open At The Regal

Warner Bros' "The Deep Six," starring Alan Ladd, premieres at the Regal Theatre today.

The WarnerColor film which tells the story of a destroyer on a hazardous combat mission during the days of World War 2, also stars Dianne Foster, William Bendix, Keenan Wynn, James Whitmore and Efreim Zimbalist Jr.

Alan Ladd plays the role of a gunnery officer with a Quaker background who is caught in the conflict between moral loyalty and duty to his country and fellow men.

The seasoned "tough-guy" runs up to a strong parallel in the roles of fellow officers, James Whitmore stars as his hardened Commander and William Bendix and Keenan Wynn as two bitter warriors with strong desires for battle.

The romantic interest is portrayed by Diane Foster, a product of the British stage. The actress has previously made her debut on American television.

Martin Rackin produced "The Deep Six" from a screenplay by John Twist, Harry Brown and himself. The film is based on a novel by Martin Dibner.

## Panhandle Nimrods Ask Half-Day For Waterfowl Shooting

Members of the Game and Fish Commission have been asked to limit waterfowl shooting to a half-day during the next duck and goose hunting season.

At a meeting of the Game and Fish Commission at Lubbock last week, Panhandle

residents asked the Commission to set up North and South Zones for hunting geese during the open season.

It was at this point that Commissioner Henry LeBlanc of Port Aruthr suggested the half-day shooting period. He said that ducks and geese are being

driven from the coastal area by the increasing gun pressure of all day shooting.

"Our waterfowl must have some place to feed and rest," the commissioner said. "If we are shooting at them from before sun-up until sunset, we'll be driving them away."

Many individual lease holders along the coast already are permitting only morning shooting now, according to the Executive Secretary.

He said that the Central Flyways Committee will meet in Corpus Christi in June. At that time the question of the half-day shooting period will be presented to the committee.

Panhandle hunters said they were being deprived of much good goose shooting because most of the early geese pass on through going south.

Major sports item on the agenda these days apparently is the proposed \$190,000 athletic plant for Brownfield. If a poll were taken, it would undoubtedly win the title of "most talked about subject" hands down.

We are not taking any sides in the issue but do feel the stadium is way-over-due here. It is our intention to present the facts as they appear to this columnist and let the voter cast his ballot as he sees fit. The present set-up likely can

be repaired — to an extent — as opponents readily point out. However, it seems to us that we would do so at a very large expenditure for a temporary measure and run a big risk to boot.

\*\*\*

The whole stadium shows what it was when originated several years ago — a do it yourself project with little thought to the future.

The present north stands are nearing complete collapse. See No. 1 Page 8

**CHAMPIONSHIP CONTENDERS** — The Union Wildcats are favored to provide strong competition for Meadow's champion Broncos during the district race. Team members are, from left back row, Coach Kenneth Sams, Jimmy Howell, Rodney Herring, Alton Foster, Wylie Kay, Jimmy Sargent and Alfred Newsom. From left, kneeling, Howard Hungerford, David Caba, Kermitt Shults, Weldon Bell, Steve Benton, Robert Duggan, Danny Huddleston and Charles Luker. From left sitting, Melvin Jenkins, Frankie Townsend, Thomas Montgomery, Johnny Herring, Billy Holladay, Darrall Hunter and Darwin Cheatham. (UHSfoto)

**UNION LASSIES** — What Union's girls cage team lacks in height, they attempt to make up in fight. Members of the squad are, from left back row, Janice Howard, Mary Lou Taylor, Darlene Baccus, Frances Dyer, Doris Howell, Janice Newsom and Coach John Gray. From left center row: Priscilla Cornett, Eva Sue Hester, Sharon Thomas, Barbara Gruben and Darlene Howell. From left kneeling: Helen Hungerford, Nell Cornett, Winnie Shults and Lee Montgomery. **IN SURVEY OF TEXAS SCHOOLS**

**Hale-Aiken Committee Okays Study Program**

The Hale-Aiken Committee of 24 has approved a "grass-roots" study procedure which should yield at least 42,418 separate replies (167 in each county's report) to questions which the Committee believes are pertinent to its state-wide survey of the public schools.

State Representative L. De Witt Hale, vice chairman of the Committee and co-sponsor with Senator A. M. Aikin Jr. of the legislation which authorized the public school study, said today he and other legislators plan to make direct use of all 254 county reports in determining what school legislation, if

any, may be needed.

"Twenty-five thousand copies of the study guide prepared by the Hale-Aikin Committee will be mailed throughout Texas before Feb. 15," said the Corpus Christi legislator. "It will be obvious to persons requesting and using the 44-page study guide that much research and many group meetings will be needed in each county if the local committees are to fulfill their responsibilities in this study."

Representative Hale said all local committees are invited to add questions of their own choosing to the 167 questions

posed by the Hale-Aikin Committee.

Facts and opinions about any public school matter, whether local or state, may in this way be brought to the attention of the State Committee.

"In view of the vital importance of our schools, no county committee should feel unduly burdened by the size and scope of this survey," continued Hale. "The Legislature needs this information. Also, the local boards of school trustees and the average citizen whose votes, taxes, and influence contribute toward the local management and control of their schools need this information."

"The Hale-Aikin Committee is working on the premise that all who act in behalf of the public schools should do so with the assurance that their actions are based upon facts as well as upon the will of the people," he added.

Each county committee has

been encouraged to organize and conduct the study in any suitable manner. In many counties, each school district is making a district study before reporting to the overall County Committee.

Other counties are conducting the study through four sub-committees, one for each of the major study topics of school program, teacher supply, school construction, and school finance.

"Regardless of the procedure used, it is important that every school district be ably represented in all the county meetings," noted Hale. "A full and open discussion of the school problems in each county will provide a sound basis for the County Committee to prepare and approve an official report that reflects the public opinion and the school needs of the county."

**SOCIETY? CALL 2188**

There is no time like the present to start a procedure that will aid you with next year's income tax calculations. That is to maintain a record of your income and outgo. Such a record can be simple and brief but it may save you tax dollars and many hours of work in filling out tax forms.

The average man who works for a wage or salary doesn't have to concern himself about keeping books and records — at least so he thinks. His employer keeps a reliable record of his earnings and Uncle Sam looks primarily to the employer for information on his earnings and for the withholding of various taxes out of his wages.

But whether or not you run a business of your own, you have a partner who each year is claiming a substantial interest in your personal income. And the law requires that you keep books for him in case he ever asks for an accounting.

Perhaps you own your home or are paying it out in installments. It's likely that some day you may sell that house. When you do you'll want to be able to prove whether you realized a gain or a loss on that sale. If a gain in capital resulted, it probably will add to your income tax. If a loss was suffered, it probably will reduce your income tax.

You may have made certain capital improvements on the house while you lived in it, but unless you can show what out-of-pocket expense incurred while making them, you may not get credit for them in your cost basis so as to prove that you had no capital gain or that you had

a loss.

Or perhaps you received that little summer cottage on the lake as a gift from your father. If you ever sell it, you should be able to show Uncle Sam not only the cost of improvements you made on it while you owned it, but also what its fair market value was at the time Dad gave it to you.

It may be that you are receiving an annuity on an insurance policy. If so, do you know how much that policy costs you and how much of that cost you have recovered tax-free to date?

There are many kinds of transactions you enter into that may some day affect the computation of your personal income tax. The best proof of the cost of anything you've purchased is a receipted bill or canceled check. If one of these pieces of evidence relates to any transaction that may affect your income in later years,

**TCCA Urges High '58 Cotton Yields**

The world demand for cotton now is at an all-time high and is growing stronger, reports Texas Cottonseed Crusher's Association.

The increased demand is a direct result of an ever-expanding population, greater world buying power, and the desire of the peoples of other lands to improve their living standard.

There has been a continuous expansion of cotton consumption during the last six seasons. World consumption has increased by over 5 million bales or 15 per cent. World consumption last season rose to a record 39 million bales.

It's a good idea to keep it. Your "partner" some day may ask to see it.

Because of the short 1957 crop, and the rapidly vanishing CCC holdings of desirable cottons, American cotton growers must increase production in 1958 if they are to hold and supply our foreign markets.

The cotton farmer who can grow high quality cotton in 1958, can look to a pleasant future. That's the rosy prospect facing growers as they make their 1958 crop plans, according to cotton economists attending a recent American Farm Bureau cotton meeting in Dallas.

These are the elements that make 1958 look good: shortage of high quality lint, lower carryover than in several years, big decrease in CCC stocks, and a standoff in foreign cotton production. This means that in 1958, cotton prices are likely to be higher than in 1957.

Americanism: Thinking you are educated when you finish school.

**LAND OF ALL STATES TO BE USED IN BUILDING**

**National Cowboy Hall of Fame Trustees Add 41 Names To 5 Already Enshrined; Construction Should Start Next Autumn**

(Special to the NEWS)  
**OKLAHOMA CITY** — Forty-one persons were voted into the National Cowboy Hall of Fame by trustees in annual meeting here, as contracts for start of construction of the first \$1.5 million unit of the western shrine were signed.  
 Trustees from 16 of the 17 historic western states chose 11 persons at large to be honored in the memorial, with 30 from other states after nominations had been screened in those states. Oregon did not present nominations this year and Colorado deferred to await polls in connection with its fund raising campaign for the shrine.  
 All persons to be honored this year are deceased; all were identified with the livestock industry, had a hand in development of the American West or were prominent in perpetuation of traditions and ideals of the West, which were the basic criteria for selection and approval by a three-fourths majority of trustees.  
 The list includes territorial and early state governors; trail blazers of western migration and development; empire builders; colonizers; regionally and na-

tionally known cattlemen; a triple world's champion rodeo cowboy; one of the most popular all-time western movie stars and two of the century's most prominent animal husbandmen.  
 Previously voted into the Cowboy Hall of Fame were Will Rogers of Oklahoma; Theodore Roosevelt of New York and North Dakota; Charles Goodnight of Texas, Charles Russell of Montana and Jake McClure of New Mexico.  
 During the annual meeting here ground was broken for the shrine atop its 37-acre hill-top site, by governors, other state officials and trustees of all the historic 17 western states that are to share in the project. The other 16 states will be deeded one square yard of land at the site so the memorial will, in fact, be built on land of all these states.  
 The at large honorees are Edward Beale of California; Dean W. L. Blizard of Oklahoma; Frank Boice of Arizona; William F. "Buffalo Bill" Cody of Nebraska; Dr. Charles F. Curtiss of Iowa; James J. Hill of Minnesota; Pete Knight of

Alberta; Henry Miller of California; Tom Mix of Texas and Hollywood; Eugene Manlove Rhodes of New Mexico and Brigham Young of Utah.  
**Honorees By States**  
 Honorees by states were: Arizona, Ramon Ahumada and George Ruffner; California, Henry C. Daulton and Fred H. Bixby; Idaho, Frank Gooding and John Hailey; Kansas, Dan C. Casement and Calvin F. Floyd; Montana, Robert C. Ford and Carsten C. Kohrs; Nebraska, Frank North and Edward Creighton; Nevada, John Sparks and Daniel Wheeler; New Mexico; John Chisum and Vic Culbertson.  
 And North Dakota, Wilsie Richards and John Goodall; Oklahoma, Charles H. Tompkins and Otto Barby; South Dakota, James Phillip and Ed Lemmon; Texas, Stephen F. Austin and Oliver Loving; Utah, Anthony Ivins and Jacob Hamblin; Washington, Andrew J. Splawn and Benjamin E. Snipes; Wyoming, John B. Kendrick and Francis E. Warren.

**Hardin County 'Up In Arms' For Attack On Infestation of the Imported Fire Ants**

Texas' first organized effort to eradicate the Imported Fire Ant has begun in Hardin County. Hardin is one of six south-east Texas counties invaded by the ant.  
 The control program was mapped by a committee composed of landowners and representatives of the Texas Agricultural Extension Service, the State Department of Agriculture and the Plant Pest Control Branch of the U. S. Department of Agriculture.  
 "An area of about 200,000 acres in Hardin county is infested, but not near that many acres need treatment," said Dr. Freeman Fuller, extension service entomologist. "Some of the acreage included is wood-

land where the ant does not infest except where openings allow sunlight on the ground."  
 Cost of control will average about \$5.00 per acre for application of recommended insecticides such as dieldrin, heptachlor or chlordane, Dr. Fuller added.  
 Application can be made by airplane or ground equipment. In an organized effort such as in Hardin county, the pest control branch will pay approximately 50 per cent of the total cost. The USDA has a total of \$2.5 millions set aside for fire ant control of which Texas gets a part.  
 The Imported Fire Ant has migrated to Texas from the east

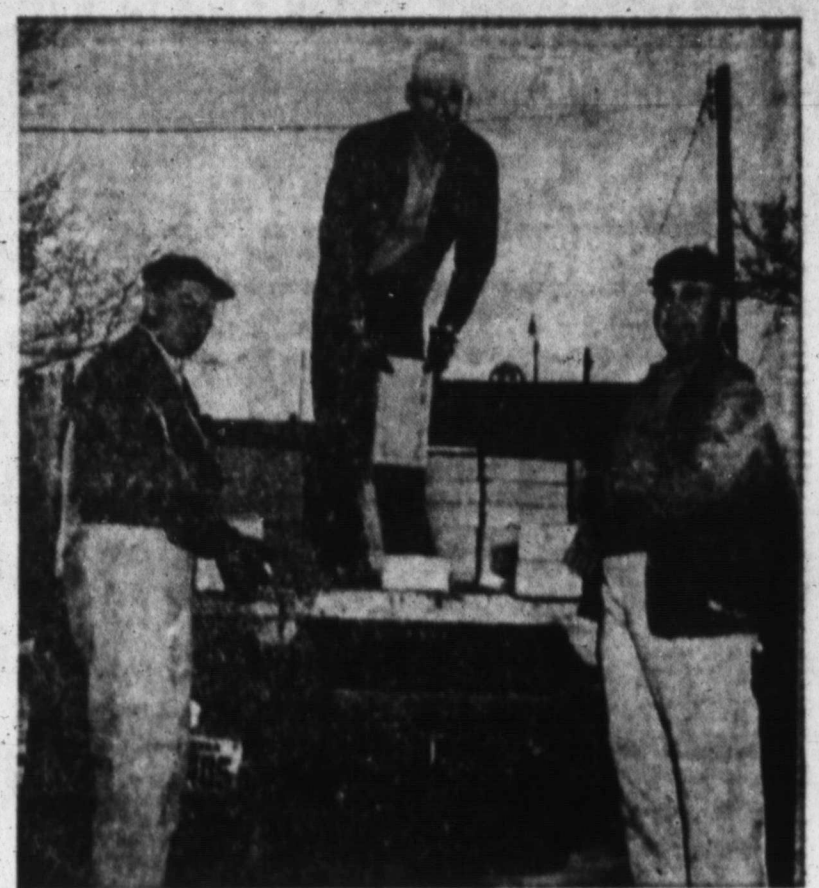

**Exotic Wildlife Has Hunting Possibility**

Exotic wildlife holds fine hunting possibilities for the Texas sportsman and landowner when its introduction is based on careful preliminary study.

Chukar, francolin, and see-see partridges from the Middle East, coturnix quail from the Orient, Hungarian pheasant from Hungary, Spanish red-legged partridge from Spain, and the audad sheep from the Middle East all apparently are successful or at least hopeful introductions in this state.

On the more dismal side of the scale, however, have been the release of nutria for control of undesirable pond plants, the game Mexican bobwhite which did not increase in population, and the English starling which survived too well and became competitive with native birds in the United States.

Based on science instead of chance, exotic introductions have promise of success. Exotics adapt only to regions which closely resemble their native homes in climate, food, and topography.  
 Areas barren of other game or at least those which have no game which would compete with the newcomers for food, should be considered for transplanted game.

**LICENSE TAGS ARRIVE** — Terry County's 1958 automobile license plates arrived here Monday. Unloading the plates, which will go on sale in the tax assessor-collector's office Feb. 1, are, from left, Willie R. Stewart, Leldon Saunders and D. M. Linville, all employees of the Terry Highway Maintenance office. (NEWSfoto)

**Safety Group Asks Full Local Support In Traffic Campaign**

J. O. Musick, general manager of Texas Safety Association, today asked full local support for the renewal of the nationwide Back the Attack on Traffic Accidents campaign.

Back the attack, a successful program in 1957, will be stepped up during the coming months of 1958. It is sponsored in Texas by TSA and across the nation by the National Safety Council.

"When the final tallies are in, for 1957," Musick said, "I believe the figures will reveal that the accident prevention program, in Texas, is gaining momentum and in a favorable direction. At least, so far, figures indicate the fatality toll will fall more than 200 below

the record-breaking toll of 2,611 traffic deaths of 1956."

Musick said the appeal to Texans to walk and drive more safely is justified by records which point up the three most hazardous traffic conditions; which are:

**Speed**—Latest figures reveal that 58 per cent of the rural fatal accidents, in Texas, involve speeds too fast for conditions—good reasons why you should Slow Down and Live.

**Alcohol**—A drinking driver is involved in approximately 39 per cent of all rural fatal accidents. Special studies of fatal accidents occurring during holiday periods show that these percentages invariably rise above normal levels. Drinking pedestrians also push up the death toll in this category. Best estimates claim that of the adult pedestrians killed, about 20 per cent have been drinking.

**Darkness**—More than half of

**World's Famous Jewels Topic of Study Club**

"The World's Most Fabulous Jewels" was topic for the program when Brownfield Junior Woman's Study Club met Monday afternoon in Seleta Jane Brownfield Clubhouse.

all fatal accidents occur during darkness or early twilight hours. The Texas Safety Association estimates that the mileage death rate is more than twice as great at night as in daylight.

"We must understand these facts and resolve to do something about them," said Musick. "Everyone, public officials and citizens alike, must make up his own mind to do everything in his power to lower traffic deaths. Cooperation between officials and citizens can be the key to cutting down the number of traffic fatalities and injuries."

**Calvary YWA in Study Of Missions Tuesday**

A mission study was taken up when YWA of Calvary up when YWA of Calvary Baptist Church met Tuesday evening with Mrs. Drew Hobby of 616 South First.

Pat Smith read the calendar of prayer and led the group in prayer, and Mrs. Hobby brought the study.

Those attending were Mary Edith Stowe, Smith, Ada Altum, Babara Mulkey, Carol Ann Beaver and Mrs. Hobby.

Mrs. Alton Martin directed the program and the business meeting following. Mrs. Erwin Moore gave a parliamentary drill.

Mrs. E. B. McBurnett Jr., hostess, served cake and coffee to Meses. Tom Adams, Lois Moore, Homer I. Nelson, Joe Wood, Harley Rodgers, Baxter Lee and Martin.

### Complete, Accurate Records Are Key To Solving Poultry-Raisers Problems

Decisions based upon a hunch or rule-of-thumb contribute little to the solution of poultry flock management problems, says Ben Wormeli, extension poultry husbandman. On the other hand, the specialist points out the use of records provides a means for organizing needed poultry flock information into a form which can be analyzed and understood. Problems are solved, Wormeli says, only when information is available for decision making. He cites as an example of the value of complete records a cost of production study on laying flocks made last year by the Department of Agricultural Economics and Sociology of Texas A & M College.

### Leaf-Cutting Ants Subject of Controls

Agricultural agents in 56 Texas counties last year conducted approximately 1,800 demonstrations on the control of leaf-cutting ants with excellent results: A summary of the county reports released by Extension Entomologist F. M. Fuller showed that 96 per cent of the colonies treated were brought under control. This record was made by treating the cut ant colonies with odorized methyl bromide. Fuller said this material has proved to be most effective material available for controlling a pest which does extensive damage to field crops, truck gardens, fruit and shade trees and pine seedlings in the sandy soil areas of east and south Texas. Fuller emphasized the threat which this insect poses to the pine seedlings which are now being planted in record numbers in east and southeast Texas. These ants, said Fuller, can completely destroy the pine seedlings if the areas planted are heavily infested. Now is the best season of the year for applying the methyl bromide, he said. The demonstration program for 1958 is now getting underway and will include approximately 70 counties. Methyl bromide for demonstrations in these counties is being supplied county agents by a commercial concern and Fuller urges interested persons to attend at least one of the demonstrations when the schedule is announced in the county. Fuller in further commenting on last year's program, said one farmer reported a saving of \$50 in crop production for each \$1 spent for methyl bromide. The summary from Lee county estimated that the program saved farmers in that county \$18,000.

The high flocks in the study showed an average return of \$1.20 per laying hen while the lower flocks showed an earning of only 38 cents per hen. For the 14 flocks studied, the average rate of lay was 217 eggs per hen and the average flock size was 1,264 birds. The average feed cost was 20.2 cents per dozen eggs produced; flock depreciation averaged 9.3 cents per dozen and all other costs, depreciation on buildings and equipment, interest on investment and miscellaneous cash costs totaled 4.7 cents per dozen.

The total cost of producing a dozen eggs in the 14 flocks under study was 34.2 cents. Figures kept by these flock owners clearly showed where the big expenses were and by studying and analyzing their records, Wormeli says the owners had the basic information needed for making major changes in management practices. The specialist points out that local county agents have available summary forms for making cost studies. Too, he adds, many commercial concerns with interests in the poultry field have available cost accounting forms. Their fieldmen are also available for assistance in setting up a good accounting procedure for the poultry enterprise. Records can be a big aid in helping poultry flock owners tailor their management practices to meet present-day competition.

The Rev. Marion Nilsson, pastor of First Christian Church, will be guest speaker when Maids and Matrons Club meets at 3 p. m. Tuesday in Seleta Jane Brownfield Clubhouse. His subject will be "Islam." Mrs. Joe Satterwhite will be program chairman with Mmes. Terrill Isbell and E. O. Nelson as hostesses.

**PLAN TALENT SHOW** — Brownfield Lions moved into final stages of planning for the seventh annual Tournament of Talent to be held in the high school auditorium Feb. 20-21 when committee chairmen met Wednesday in the Melody Restaurant. Discussing the annual affair are, from left, Dennis Lilly of the ticket committee, Herb Chesshir, director of the show; W. N. (Doc) Lewis, screening committee, and O. R. Douglas, chairman of the show's steering committee. (NEWSfoto)

**No. 1—**

Despite yearly repairs, the up-stands sawed off and blocked up as a measure to "get by"

another year. After seeing the stands' condition, we go on record as saying we would not sit in the stands ourselves—much less if there were a crowd in them. It seems to us that Brownfield is

courting disaster to continue to hold games in the present situation.

What would it cost the school district if the stands collapsed and several persons were killed or injured?

The field house facilities, built out of operational funds a few years ago, is entirely too small for the varsity and "B" teams. Ideal situation calls for all teams to be housed in one structure.

At present the freshman team is housed in the high school building. Junior high teams have to suit up at the junior high.

The office and equipment storage room is little larger than the average bath room in a residence. And this room holds the equipment and supplies for about 50 athletes!

The field house also has numerous cracks in the walls and roof. Each big rain or snow adds to equipment loss or damage.

Facilities are so poor that many visiting refuse to use them. Some have rented motel rooms to change clothing and to take showers following the game.

A third sore spot in present athletic facilities is the lack of security. The fence has done little to keep vandals from destroying property. Broken windows, lights and scoreboard damage has become almost commonplace because the short fence does not keep vandals out of the grounds.

Pressbox facilities also have come in for their share of complaints from visiting members of radio, press and coaches.

Apparently added as an after-thought, the press box definitely lacks space to handle visitors. There are no radio broadcasting facilities nor telephone outlets.

From personal experience last fall, we also discovered the

pressbox generally runs about 10 degrees colder than any other place in the stadium. There are no windows or doors to keep out our West Texas breezes.

In general, the pressbox affords little good public relations for our visitors from other towns.

This column is not meant to say that the NEWS is backing the bond issue 100 per cent. We are just trying to present the facts as they stand and urge our readers to investigate the situation before they vote.

This columnist is in favor of the proposal. However, we feel under the democratic process the voters will not just listen to us nor opponents of the issue.

We invite the voters to see just what the situation is and let their findings be their guide. But, by all means, cast your rightful ballot. VOTE Feb. 11!

In the same general vein, we would like to point out that many persons have the erroneous opinion that the field is used only five weeks of the year and forgotten the rest of the time.

The proposed athletic plant would be used by high school football teams during the fall and during spring training on a daily basis. Additionally, the junior high teams would have access to its use for their equipment and for weekly games.

This means almost 100 Brownfield youngsters use the field each year. In addition, the area is used for spring track and baseball if the bond is approved. This will add even more youngsters to the total.

When you bring in all the other organizations tied closely to the athletic program, the stadium is used heavily.

A major portion of the so very necessary extra-curricular school activities centers around the athletic program. Football brings in the school bands, pep squad and various other organizations that operate concession stands for income. This makes it very important to the school and com-

**WEATHER, INSECTS BITE HARD**

**Cotton Raisers Take It On The Chin In '57**

Texas cotton producers literally took it on the chin from a lot of sources in producing their 1957 crop.

Floods, hail storms, insects and unfavorable weather during the normal harvest season all took their toll but, reminds Harlan Smith, extension plant pathologist, cotton diseases got in a lick and cut production in the state by about 10 per cent.

He says the state average, however, doesn't tell the story because in areas where diseases struck the hardest, losses ran into ruinous figures. The three diseases which caused most of the damage were listed by Smith as bacterial blight, root rot and seedling diseases. These same diseases have been listed for the past six years as big trouble makers for cotton growers.

The specialist advises farmers to become familiar with the diseases most common in their area. This knowledge will enable them to plan a systematic control program.

Detailed maps of the fields on which are shown areas

known to be infected with cotton diseases are an aid in combatting this production problem. These spots or areas can be left out of cotton and handled in a different way.

There isn't much that can be done about most cotton diseases after the crop is up and growing. Here are suggestions from Smith on practices which have proved their value in cotton disease control.

All planting seed should be treated; whenever available disease resistant varieties should be planted; cultural practices and crop rotations are of great value in control programs and he advises against mixing high and low quality planting seed. Low quality seed may be the source of infection of many diseases.

The application of a complete fertilizer with a high phosphorus content will aid in controlling seedling diseases and no planting should be done until the soil temperature is 70 degrees F. for three consecutive mornings at a depth of 3

**Coastal Fish Pass Is Set for Study**

A continued study will be made on the coastal fish pass program, according to H.D. Dodger, executive Secretary of the Game and Fish Commission, following a discussion of the program at the Lubbock meeting of the Commission last week.

At that time estimates for construction of the Cedar Bayou Pass near Fulton Beach were given. According to the engineers, this pass, through an entirely new cut and with sufficient jetties to give it full protection, would cost approximately \$2 million.

A natural pass at this point, between St. Joseph and Matagorda Islands, has been opened several times previously but has refilled because of action of the tide and winds.

Dr. J. E. Bauer of Refugio, told members of the Commission that all bay areas along the Central Coast would benefit from the construction of a permanent pass. He told of previous attempts to open the pass and made suggestions for an alternate program.

The temperature readings should be taken around 7 a.m.

community.

In our experience with athletics, we have yet to find a youngster who has not profited from the participation.

A teen-ager's mind is busy. If his mind is channeled in the right direction, there is little chance that he will go wrong.

Athletics provides a place for this busy mind and body. We have been working closely with Brownfield's athletes in the past year and find them to be far above the so-called hoodlum element prevalent in sports many years ago.

School officials report they never have disciplinary problems with the athletes. They say the major problems come from youngsters who do not participate in any activity other than riding around in automobiles.

CLOSING CLIPS: Little League will begin reorganizing for the summer program next week. Several managers and officials will be needed, so give them a hand. The District 11 TAAF league will be held in Morton this year. The Primm Druggers are likely to be in the thick of the tourney. The BHS athletic banquet is slated for Feb. 18.

We invite the voters to see just what the situation is and let their findings be their guide. But, by all means, cast your rightful ballot. VOTE Feb. 11!

In the same general vein, we would like to point out that many persons have the erroneous opinion that the field is used only five weeks of the year and forgotten the rest of the time.

The proposed athletic plant would be used by high school football teams during the fall and during spring training on a daily basis. Additionally, the junior high teams would have access to its use for their equipment and for weekly games.

This means almost 100 Brownfield youngsters use the field each year. In addition, the area is used for spring track and baseball if the bond is approved. This will add even more youngsters to the total.

When you bring in all the other organizations tied closely to the athletic program, the stadium is used heavily.

A major portion of the so very necessary extra-curricular school activities centers around the athletic program. Football brings in the school bands, pep squad and various other organizations that operate concession stands for income. This makes it very important to the school and com-

**Cotton Raisers Take It On The Chin In '57**

Texas cotton producers literally took it on the chin from a lot of sources in producing their 1957 crop.

Floods, hail storms, insects and unfavorable weather during the normal harvest season all took their toll but, reminds Harlan Smith, extension plant pathologist, cotton diseases got in a lick and cut production in the state by about 10 per cent.

He says the state average, however, doesn't tell the story because in areas where diseases struck the hardest, losses ran into ruinous figures. The three diseases which caused most of the damage were listed by Smith as bacterial blight, root rot and seedling diseases. These same diseases have been listed for the past six years as big trouble makers for cotton growers.

The specialist advises farmers to become familiar with the diseases most common in their area. This knowledge will enable them to plan a systematic control program.

Detailed maps of the fields on which are shown areas

known to be infected with cotton diseases are an aid in combatting this production problem. These spots or areas can be left out of cotton and handled in a different way.

There isn't much that can be done about most cotton diseases after the crop is up and growing. Here are suggestions from Smith on practices which have proved their value in cotton disease control.

All planting seed should be treated; whenever available disease resistant varieties should be planted; cultural practices and crop rotations are of great value in control programs and he advises against mixing high and low quality planting seed. Low quality seed may be the source of infection of many diseases.

The application of a complete fertilizer with a high phosphorous content will aid in controlling seedling diseases and no planting should be done until the soil temperature is 70 degrees F. for three consecutive mornings at a depth of 3

**Coastal Fish Pass Is Set for Study**

A continued study will be made on the coastal fish pass program, according to H.D. Dodger, executive Secretary of the Game and Fish Commission, following a discussion of the program at the Lubbock meeting of the Commission last week.

At that time estimates for construction of the Cedar Bayou Pass near Fulton Beach were given. According to the engineers, this pass, through an entirely new cut and with sufficient jetties to give it full protection, would cost approximately \$2 million.

A natural pass at this point, between St. Joseph and Matagorda Islands, has been opened several times previously but has refilled because of action of the tide and winds.

Dr. J. E. Bauer of Refugio, told members of the Commission that all bay areas along the Central Coast would benefit from the construction of a permanent pass. He told of previous attempts to open the pass and made suggestions for an alternate program.

The temperature readings should be taken around 7 a.m.
