

TOURNAMENT OF TALENT! TONIGHT AND TOMORROW!

VALENTINES — Annual sweetheart banquet was held last Friday in Gomez Baptist Church. From the bevy of girls pictured above was chosen the Gomez Valentine Sweetheart. She was Miss Emily Blackstock, daughter of Mr. and Mrs. Bill Blackstock of Route 4, shown in huge emblem with her escort, Larry Huckabee, son of Mr. and Mrs. C. A. Huckabee of Route 2. Others standing from left: Thelma Fox, daughter of Mr. and Mrs. J. A. Fox of Route 4; Myrna Decker, daughter of Mr. and Mrs. Henry Decker of Route 4, and Fay McKee, daughter of Mr. and Mrs. C. C. McKee of Route 2. From left seated: Lavonne Franklin, daughter of Mr. and Mrs. Loyd Franklin of Route 4; Delma Fox, Thelma's sister; Mrs. Leslie Britton of Route 4, and Barbara Britton, daughter of Mr. and Mrs. A. V. Britton of Route 4. Emcee was Alton Webb, who also sang for the 40 persons in the audience. The Indian theme was carried out in decorations, and chief greeter was Mrs. T. L. Nipp. The event was sponsored by the church's training union, whose director is Barbara Britton. (NEWSfoto)

TIME ELEMENT CONSIDERED OF PRIMARY IMPORTANCE

'Hospital' Group Voices Its Unity, Determination

Citywide Prayers In Church

"The Bread of Life" will be theme of the 72nd observance of the World Day of Prayer Service, to be marked here from 10:10 a.m. until 10:50 a.m. Friday in First Methodist Church.

Urged to attend are all peoples of all faiths in the city and Terry County. Sponsors of the event here are the Federated Church Women of Brownfield.

Because of the importance of the occasion, Mayor Arlie Lowmire proclaimed Wednesday that the day would be "a day of prayer in Brownfield," urging that as many business firms as possible close their doors for the 40-minute service.

Presiding will be the federation's president, Mrs. C. K. Kendrick, who has suggested that personnel of the various businesses ride in as few cars as possible — "to cope with the parking situation."

The various prayers will be led by Mrs. A. M. Muldrow, for the home; Mayor Arlie Lowmire, for the community; Judge Herb Cheshsir, county; Joe Satterwhite, state; Sister Smith, nation; Britt Pounds Jr., world, and benediction, the Rev. Rex Simms, vice president of Brownfield Ministerial Association.

Special music will be furnished by the Baptist Men's Quartet, and Singer Pat Ramsey ("The Lord's Prayer"), accompanied at the organ by Mrs. Ramsey.

Throughout the day of Friday, similar observances will be held in 144 countries of the World, beginning with the Tonga Islands, west of the International Date Line, where Queen Salote will lead her subjects, and concluding on St. Lawrence Island, Alaska.

TOT Will Be Today

Brownfield Lions' seventh annual Tournament of Talent will open a two-night stand here, beginning at 7:30 p.m. today in BHS Auditorium.

Some 40 amateur and special acts are slated to appear tonight and tomorrow, according to Herb Cheshsir, show director.

The "Flying Matadors" from Texas Tech will highlight intermission activities both nights. A Western string band, headed by Dick Perry of 606 South Tenth, also will headline the program.

Cheshsir said tickets, which are \$1 for adults and 50 cents for students, will be on sale at the door or by any member of Lions.

Proceeds from the two-night affair will be used for Lions' civic projects.

Problem: How to prevent Brownfield and Terry County from being without hospital facilities when Treadaway-Daniell Hospital closes its doors July 1.

To that end, more than 70 businessmen and several women from all parts of the county put their heads together Tuesday for a two-hour session in City Hall, the meeting marked by quiet, deliberate and constructive thinking in view of the urgent time element.

Major result of the get-together was the election by secret ballot of a nine-man (including three women) committee empowered to accept and assemble and refine all suggestions for resolving the problem.

Tuesday's session was called by Brownfield Chamber of Commerce — acting merely as moderator — after announcement in the Feb. 18 NEWS that the only hospital in Brownfield would be closed on July 1, four months hence.

Members of the "hospital committee" (the name, which for lack of any other more appropriate, agreed upon Tuesday) are Burton G. Hackney of 803 East Broadway, member of the Brownfield law firm of Hackney & Crawford, chairman; Mrs. A. J. Bell, who farms in the Needmore Community; Mrs. Lee Brownfield, housewife of 508 South C, and a longtime resident here; and Mrs. J. M. Teague of 410 East Tate, prominent in various civic activities here; Paul Blackstock of 903 East Buckley, who has farm holdings near the Gomez and Johnson communities; Ben Finley, longtime farmer of Meadow, now living in Brownfield; and P. R. Cates of 902 East Buckley, long a Brownfield resident and in the construction business; C. K. Kendrick of 626 East Tate, prominent in banking and oil industry circles, and Carl Golden, another longtime Terry County farmer (near Foster Community) and president of the Wellman school board of trustees.

Tuesday's meeting in City Hall (standing room only) was opened by John J. Kendrick city councilman, executive vice president of First National Bank, and mayor pro tem in the absence of Arlie Lowmire, out of town on business.

Kendrick turned the session over to Dennis Q. Lilly, president of the Chamber of Commerce, who asked that, "in view of the urgency of the situation, the Rev. James Tidwell of First Methodist Church say an invocation."

As "food for thought," Lilly presented five possible solutions to the problem, emphasizing, however, that "they are suggestions only, not to be adopted at this time by this group and certainly not presented as the thinking of the Chamber at this time."

1. A church group might buy the present hospital. (Without disclosing names, Lilly explained that one church already had inquired as to the possible reaction of the people should it find itself able to take over the hospital.)

2. Doctors of Brownfield and elsewhere possibly might buy the facilities.

3. Private capital might invest.

4. The county possibly might buy Treadaway-Daniell Hospital.

5. Federal or state government aid might be used.

Taxes Are Discussed

Present to discuss the tax situation should it come about that the people desire the county to buy the present hospital was Judge Herb Cheshsir.

At the same time that he had high praise for the oil industry and what it has done for Terry (the industry foots some 75 per cent of the county's taxes), Cheshsir did explain that in the recent past industry representatives had disclosed that they would demand an "over the table" raise in property evaluation, should any bond issue for a hospital be approved.

Cheshsir went on to explain that to retire a \$600,000 bond issue for a hospital at 5 per cent interest in 20 years would require a 34 per cent increase in the county's property valuation.

The foregoing would be mandatory in face of the constitutional limit of 80 cents per \$100 valuation for county and state taxes, said Judge Cheshsir, who also disclosed that the present valuation has held for some 20 years, "and we are fortunate in that respect." It now is in excess of \$32,000,000.

Latest appraisal of Treadaway-Daniell Hospital, as brought out in the meeting: buildings, not including equipment: \$200,000; land, comprising about three-quarters of a city block: \$45,000.

A proposed county bond issue in the amount of \$300,000 for purchase of Treadaway-Daniell Hospital was defeated Nov. 5, 1955. The vote: 637 against, 279 for.

It was made clear in the Tuesday meeting, however, that the hospital owners have not, in anyway, suggested another price or even have offered the facilities for sale.

Guest of Tuesday session: Treadaway-Daniell Hospital will be closed July 1. What must the city and county do now? A committee was elected to get its teeth into the situation now.

Chairman Hackney explained that an "old fashioned town hall meeting probably would be called in about a month, more or less."

FELONY THEFT CHARGES FILED

'Robbery' Tale Exploded Here Under Questioning By Sheriff's Department

A 17-year-old Brownfield service station attendant is in Terry County jail in lieu of a \$750 bond on a felony theft charge, according to Sheriff James Fulford.

Police and sheriff's departments of three states are watching for the youth's accomplice in the theft of \$75-\$90 from Jack's One-Stop Service Station, Plains Highway and 137 Cutoff.

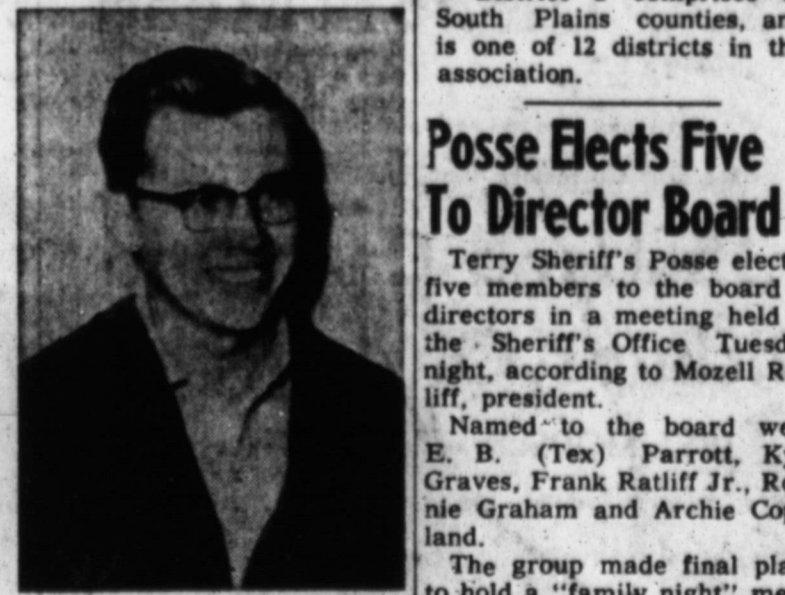

Billy Don Anderson, who was employed at the station, and his uncle, Loyd Green, 21, of Andrews, Friday were charged with theft over \$50 after the youth admitted his tale about being robbed was a hoax. Justice of the Peace Lonnie Rhyme set the bond.

Fulford said Anderson signed a confession Friday morning that he and Green planned the fake robbery about 8:30 p.m. Thursday night. He said Green came back to the station about 10 p.m., just before closing time, and took the money, telling the youth to meet him at Farmington, N.M., in "two or three days to split the loot."

Anderson told officers that "two Latin-American youths about 18 years old" robbed him, using a small nickel-plated pistol.

NOTIFIED OF DEATH

Sherman Mitchell of 1211 East Lons recently was notified of the death of his cousin, Mrs. Daisy Moses of Tulsa, Okla. Mrs. Moses lived in Brownfield for a number of years, caring for her mother, the former Mrs. J. O. Brown. Burial was in Houston.

NEW SCS TRAINEE — DeWayne McAndrews this week joined the U.S. Soil Conservation Service staff as a soil scientist trainee. The 23-year-old Texas Tech graduate resides at 902 Tahoka Road with his wife and 2½-year-old daughter. McAndrews, whose home is in Briggs, received a bachelor's degree in agronomy from Tech last month. (NEWSfoto)

THE SQUARE

What's New?

By Weldon Callaway

Do you feel run-down, listless, tired of working, would like to get-away from it all... no, you aren't sick, you're just a plain old every-day American trying to get ahead in this time of "live-fast, work-hard and don't-relax" way of life. Welcome to the association.

Time Change:

Due to the World Day of Prayer Program, scheduled from 10 to 11 a.m. Friday morning, Bayless Jewelry has changed the opening time of his big Stock Liquidation Sale from 10 to 11 a.m. So, ladies, look in the cookie jar, under the mattress and throughout the house, get your savings to gether and hurry on down to Bayless Jewelry for savings like you have never seen before. Everything on sale, nothing held back.

Logical...

"Now then, Tommy Brown," said the teacher. "I want to set you a little problem. Suppose there were five children and their mother had only four potatoes to share among them. She wanted to give each child an equal share. How would she do it?"

"Mash the potatoes," said the boy.

Frank Daniel Furniture & Electric is at it again—they are trying to nearly "give-away" many of these wonderful Philco-Bendix appliances... stoves, freezers, washers, and dryers... better look into this one.

Say, little girls, do you need a new bathrobe? Tell mommy about the "Special Event" now going on at Shelton's... better still, why don't both of you go down—mom can get a new robe and you can get a new robe.

Copeland Hardware has a few more RCA Whirlpool washer-dryer combinations which they want to place in Brownfield homes for a FREE home demonstration—no obligation, and they give you a wonderful 32-piece Cannon towel set for letting them do it. Also, they furnish the soap during your Free home trial.

This is National FFA Week—have you ever stopped to think how much the Future Farmers of America organization has helped in improving our way-of-life? It is a wonderful

Bobbie Richardson Crowned Queen Of Brownfield Athletes

Bobbie Nell Richardson, daughter of Mr. and Mrs. A. E. Richardson of 1007 East Cardwell, was crowned "Athletic Queen" of BHS at the annual Pep Squad banquet held Tuesday in the Junior High School Cafeteria.

Miss Richardson was crowned by Larry Meeks and George Fugitt, BHS senior football players, at a conclusion of the affair attended by about 200 persons.

Joe Kerbel, assistant coach at Texas Tech, was principal speaker for the banquet honoring BHS athletes. He was introduced by Coach Doug Cox. "We think of athletics as a character builder," said Kerbel. "However we coaches know real character is built in the church and home. Athletics are an aid in the process."

Kerbel added, "It is important to know the game is not over until the final whistle blows. A never-say-die spirit is the finest thing a player can own."

The speaker, though keeping in a light vein most of the night, told Cub athletes, "There always is someone who will remind you of your failures. However, if you look around you also will find someone to help you."

Kerbel advised the group to continue to participate in athletics. "In athletics you will have your ups and downs," he said. "Never back away from it—take it because it is a taste of future life."

Following Kerbel's speech, Coach Cox introduced members of the varsity football team.

BOTH TEAMS REPEAT AS CHAMPS

Meadow Cagers Win Crowns of District 7-B

Meadow's cage teams marched to their second successive District 7-B title as they stomped past Union in two tilts Tuesday night on the Bronco home court.

The Broncos rapped Union, 73-56, and the lasses claimed the girls title with a 61-27 victory over the visitors. To round out the night, the home team also took the "B" tilt, 31-22.

The Broncos are expected to play Gail-Borden in the bi-district round at Lamesa. However, confirmation has not been made.

Meadow took the boys title with a second half burst after Union had played nip-and-tuck ball through the first half, trailing 37-33 after two periods.

An eight-point surge in the initial minutes of the third

frame gave the Broncos a working margin and they never were threatened again.

Rebounding is Key

Meadow's rebounding strength was the key to their victory as they snagged 63 rebounds to 38 for Union. The Ponies hit only 28 per cent of their shots from the field.

Leading the Meadow scoring parade were Maurice Warren, 24 points; Harold Henson, 22, and Ronnie Bell, 14.

Wylie Kay led the Union attack with 14 counters, followed by Alfred Newsom and Alton Foster with 13 points each.

David Cabe kept the Wildcats within striking distance as he fired a desperation shot from mid-court to bring the "Cats" within four points just

Paintings Will Be Placed on Exhibit

A public showing of paintings by Brownfield artists will be held at 7:30 p.m., today in Seleta Jane Brownfield Clubhouse.

The exhibition will be under auspices of Brownfield Chapter, Texas Branch of American Association of University Women.

The gallery will include works of Mrs. T. A. Hicks, Mrs. Jim Finley, Mrs. L. G. Smith, Mrs. Sid Lowery, Mrs. E. B. McBurnett Jr., Mrs. P. R. Cates, Mrs. Virgil Crawford and Mrs. John L. Cruce Sr.

The program will be directed by Mmes. Cates, Byron Rucker and Alvin Davis, with Mmes. A. M. Muldrow, J. A. Collum and T. P. Brown as hostesses.

Vehicle Inspection Lags Here, Says Patrolman

Approximately 29 per cent of Terry's 8,800 vehicles have been inspected, according to L. W. Wilhite, motor vehicle inspection patrolman.

Wilhite noted only 2,600 vehicles have received the mandatory state inspection. Deadline is April 15.

The patrolman pointed out that motorists are subject to a maximum fine of \$200 for operating a vehicle without a valid safety inspection sticker.

'Use Trash Containers,' Officials Urge Citizens

City and county officials this week urged Brownfield residents to use trash receptacles spotted in the downtown area instead of discarding rubbish in the streets.

"The two governments purchased about 30 receptacles and placed them conveniently for citizens to use when in the downtown area," noted Joe Satterwhite, Brownfield Chamber of Commerce manager. "We urge citizens to use the containers, thereby aiding the appearance of our streets."

NW Terry Wildcat Shows Gas, Sulphur

Very slight gas shows and some sulphur water developed on a drillstem test opposite Permo-Penn lime in Honolulu Oil Corp's Terry wildcat, the No. 1 Pope Pool.

Tested between 8,560-600 feet, project yielded 10 feet of slightly gas-cut mud and 180 feet of mud-cut sulphur water.

Tool was open two hours. Formation pressure flowing gauged 85-100 pounds, and 30-minute shutin was 2,580 pounds.

Spotting 660 feet from north and west lines of Section 46, Block D-11, C&MRR survey; venture is 2 miles southeast of Sundown in northwestern Terry. Great Western Drilling Co holds contract.

Business, Engineering Tops With Tech Cagers

Business administration and engineering are the favorite courses of Texas Tech's basketballers.

Majors of Coach Polk Robinson's Red Raiders are business administration, four; engineering, three; industrial management, two; finance, secondary education, animal husbandry, physics, one each.

LEGAL NOTICE

THE STATE OF TEXAS
TO: American Cancer Fund and its unknown members, shareholders, officers, and representatives, and the persons who own stock or interests in and who constitute American Cancer Fund as an entity, corporation, association, firm, company or partnership, if it be any of such; and to the unknown devisee or devisees under a purported will of Clifford Mooers, deceased, dated September 24, 1954, admitted to probate in Kendall County, Texas, on December 10, 1954, and the unknown owners or claimants of any interest in the estate of such decedent or in any property standing in his name at the time of his death on November 13, 1956, including the lands and interests therein described in such suit and as described and identified in this citation, which are owned or claimed by such unknown claimants as devisee under such purported will; Defendants, each of whose identity and residence are unknown other than claimants American Can-

cer Society, Inc., a New York corporation, and American Cancer Society, Texas Division, Inc., a Texas corporation, who have been joined as defendants in such suit for personal service.

GREETING: You and each of you are hereby commanded to appear by filing a written answer to plaintiff's petition before the Second 38th Judicial District Court of Kendall County, Texas, in the Courtroom in the City of Boerne, Kendall County, Texas, at or before ten o'clock a.m. on the Monday next following the expiration of 42 days from the date of issuance of this citation, said Monday being the 17th day of March, 1958, and then and there to answer the original petition of Dolores Mooers, deceased, and Betty Nasse Chester Green, R. J. Kelly, Mrs. Gladys Van Pelt, Genevieve Conroy, Ralph Dahlstrom, Sven Lundahl, Russell Baughman, Charley McCluskey, Allan H. Edgington, Paul S. Oles and Mrs. V. G. Koenig, deceased, John T. Claybourne, Frank Demus, Mrs. C. W. Farley (and husband, C. W. Farley), Tom Walters, Leonard Ward, Bruno Brandt, W. B. Davis and John W. Clark, individually and as constituting and representing that class of five-year legatees given cash legacies of \$50.00 each under the terms of such purported will of such decedent.

American Cancer Society, Inc., a New York corporation, and American Cancer Society, Texas Division, Inc., a Texas corporation, and Betty Nasse Chester Green, R. J. Kelly, Mrs. Gladys Van Pelt, Genevieve Conroy, Ralph Dahlstrom, Sven Lundahl, Russell Baughman, Charley McCluskey, Allan H. Edgington, Paul S. Oles and Mrs. V. G. Koenig, deceased, John T. Claybourne, Frank Demus, Mrs. C. W. Farley (and husband, C. W. Farley), Tom Walters, Leonard Ward, Bruno Brandt, W. B. Davis and John W. Clark, individually and as constituting and representing that class of five-year legatees given cash legacies of \$50.00 each under the terms of such purported will of such decedent.

Said suit styled "Dolores Mooers, A Widow, v. H. B. Fuqua, Independent Executor, et al," being numbered 1525 on the docket of said court, and a brief statement of the nature of the suit being as follows: Plaintiff seeking equitable relief asks to set aside a settlement made with her husband, Clifford Mooers, dated May 1, 1956, and this Court's decree of approval entered the next day in case No. 1464, styled "Ex Parte Clifford Mooers and Wife, Dolores Mooers," recorded in the minutes, Vol. 6, p. 636, and asks an accounting and for a declaration fixing the identity of the residuary devisee under a purported will of such husband as admitted to probate December 10, 1954, in which suit it is claimed that plaintiff is the wife of such decedent for 27 years before his death was induced to consent to such property settlement and decree by the fraud of her husband and his agents; consisting of false representations

and concealment of material facts as to the nature, extent, and value of the community property and of plaintiff's true interest therein at such time, and because of further false promises to bequeath and on account of mistake induced by fraud of her said husband and coercion; and it is claimed that a fraud was also practiced by such decedent on this Court, and that the proceedings did not comply with Article 2624a.

It is further claimed in such suit that all of substantially all property in decedent's name at the time of his death was community property, and that had the wife received those properties awarded to her in such settlement, such were greatly less than her share at such time, and such contract was grossly unjust and disadvantageous to her, but that there was further material fraud and deceit practiced on her as to those properties which it was recited she was to receive under such settlement because of failure of title and of consideration in material part and inability to deliver and failure to deliver personal property of the kind and value which was represented such wife should receive.

Plaintiff offers to do equity and makes a continuing tender to restore that which she has received and asserts that due to her situation, inexperience, ignorance and deception she could not sooner have discovered such fraud and brought this action.

It is further claimed that since such husband's death the defendant H. B. Fuqua, acting as Independent Executor under the purported will of such husband, has come into possession of but has not distributed all of those properties which the husband wrongfully took under such settlement and decree and in which plaintiff had a continuing equitable ownership and interest, and that the other defendants are claiming to own or have some interest in such properties and surveys among the respective cash legatees and residuary devisee under such purported will; and that among such properties are lands and interests in lands within the State of Texas, including those described, listed and identified in this petition, including the following:

THE CITATION.
Herein Fail Not, but on the return day hereinabove named, have you then and there before said court this writ, with your return thereon, showing how you have executed the same.
Issued and given under my hand and seal of said court in Boerne, Texas, this 30th day of January, 1958.
(Sgn) LORENE K. HARZ
DISTRICT CLERK
KENDALL COUNTY, TEXAS
(SEAL) 11-4TP

WITH APRIL IN MIND—The 14th Terry County Junior Livestock Show will be held April 21-22 at the Rodeo Arena. With those important dates in mind, the 4-H youths pictured above spent most of Saturday learning to handle with ease their entries. From left in left panel: Freddie Sedgwick, son of Mr. and Mrs. A. F. Sedgwick of Route 3; Danny Carmichael, son of Mr. and Mrs. W. H. Carmichael of Route 3, and

Ronnie Floyd, son of Mr. and Mrs. Cletus Floyd of Route 5. From left in right panel: Genell Cornett, daughter of Mr. and Mrs. Earl Cornett of Route 5; Edreann Sedgwick, daughter of Mr. and Mrs. A. F. Sedgwick, and Janice Davis, daughter of Mr. and Mrs. Grady Davis of Route 5. Further plans for the event were completed Monday when county agents, vocational agriculture teachers and Jaycees met in the court-

house. The Jaycees, sponsors of the annual show, explained that they would begin next week to seek donations for the winners. A total of 133 hogs and 66 calves are scheduled for show, being 16 more calves and 95 more hogs than were entered last year. The Jaycees explained that they were fully aware that "money may be a little tighter than it was a year ago." However, their goal is the same amount in donations.

Meadow News

Mr. and Mrs. Pearce Warren have returned from Oklahoma, where they visited several days in the home of their son, Wink, and family.

Mr. and Mrs. J. H. Gober and Harriett Burlison were dinner guests in the home of Mr. and Mrs. Ray Gober Sunday.

Mr. and Mrs. Joe Edwards and son, Jerry, and Edward's father of Clovis, N.M. visited Mrs. Edward's sister, Mrs. Ruby Dalton and family over the weekend.

Mrs. M. W. Reynolds has returned home from Methodist Hospital, where she has been for several days.

Mr. and Mrs. James Selman and daughters from Hobbs, N.M. visited her parents, Mr. and Mrs. J. H. Gober, Saturday.

Mr. and Mrs. Hollis Lloyd of Lubbock attended Methodist Church Sunday.

Mr. and Mrs. Pearce Warren spent Sunday in Lubbock with their son, Steve, and family.

Several Meadow people were from south and west lines of Section 16, Block X, PSL survey. Spud date was not announced.

in Ropesville Sunday afternoon for the funeral of F. A. Sims. They were Mr. and Mrs. G. E. Ashburn, Mr. and Mrs. J. M. Burlison, Mr. and Mrs. B. C. Horton, Edd Peek, Mrs. Sue Timmons and Donna Kay, Mrs. Guy Nowlin, Mrs. J. H. Gober and Carl Stephenson.

The Rev. M. W. Reynolds preached at Whiteface last Sunday. Louis Peeler accompanied him. A young minister from Whiteface, attending Texas Tech, preached at Meadow.

DPS Regional Office In Lubbock Slates Open House Friday

The Department of Public Safety will hold "open house" at the new Regional Headquarters in Lubbock, at 41st Street and Avenue R.

The Lubbock Region of DPS is composed of 60 counties in Northwest Texas, extending from New Mexico to the Tarrant County line.

Major R. A. Crowder, commanding officer of the region, said, "We will be happy to have every interested citizen visit us on this occasion, from 3 p.m. to 9 p.m., Friday."

The open house will stress and show all workings of the Highway Patrol, driver's license, crime detection, license & weight and other phases of the program.

2,261,000 ACCIDENT-FREE MILES Employees of Shell Pipe Line Awarded Safe Driving Certificates On Monday

Safe Driving Certificate representing 2,261,391 accident-free miles driven for a total of 161 years were presented Shell Pipe Line employees at a safety meeting and dinner Monday night in junior high cafeteria.

W. H. Craddock of Hobbs, N.M., division superintendent, presenting the awards, also gave M. D. Souter of Denver City a billfold for having reached a 10-year driving period without an accident and J. Baker of 1402 East Cardwell one for having reached his fifth year.

Other men receiving the certificates were W. K. Scudday, L. L. Nash, C. S. Wooley, P. J. Rogers, H. R. Good, J. T. Hall, H. O. Pipkin, O. P. Womack of Levelland, C. F. Oden, W. T. Porter, R. J. Evans and W. K. Williams.

Certificates of Merit were presented Brownfield maintenance crew for working 945 man-days with no on-the-job accidents and Brownfield gaugers for working 1,705 man-days

safely, making a total of 2,650 days.

Various Changes Slated
F. L. Underwood of Midland, area personnel manager, told of various changes being made in West Texas Area. J. E. Fairweather of Midland, area safety engineer, conducted a test on safe driving. Centering the table was the Accident Prevention Contest Award presented West Texas Area for its safety record during the past year. The trophy will be awarded quarterly to the area or independent division which has the lowest accident frequency based on the previous 12-month period.

P. J. Rogers, chairman, appointed Williams, Porter and Womack to the nominating committee.

Those attending the dinner were R. T. McDonald, Souter, Mr. and Mrs. Womack, Mr. and Mrs. Oden; Mr. and Mrs.

Day Camp Slated By Terry Girl Scouts

Date for Sagebrush Neighborhood Day Camp for Girl Scouts has been set for May 26-30 in the Terry County Park with sessions meeting from 10 a.m. to 3 p.m. each day.

Mrs. Tommy Hicks of 1210 East Tate will be registering girls for the camp from May 1 to May 10, telephone number 3985. Registration fee will be \$3.

Sagebrush Neighborhood is composed of New Home, O'Donnell, Brownfield, Ropesville and Meadow. However, any Brownie or Girl Scout may attend by paying the necessary fee.

Those seeking further information may call Mrs. Jack Shirley of 1301 East Tate, telephone number 3348, or Mrs. J. O. Rodgers of 1308 East Lons, telephone number 3130.

Good, Mr. and Mrs. Scudday, Mr. and Mrs. Evans, Mr. and Mrs. Baker, Mr. and Mrs. Nash, Mr. and Mrs. Williams, Mr. and Mrs. Wooley, Mr. and Mrs. Pipkin, Mr. and Mrs. Porter, Fairweather, Craddock, Underwood, Rogers, and Mrs. Jayne Loftis.

Permian Tester Is Slated In NW Terry

Six miles southeast of Sundown in northwestern Terry

County, Joseph I. O'Neill Jr., and Hancock Oil Co., both of Midland, will drill their No. 1 Glen C. Mason as a 7,300 foot Permian wildcat.

Situated on a 160-acre lease, venture will be drilled 660 feet

CLASSIFIED? CALL 2188

Texas Hybrid Corn Shows Well in Tests

Corn performance tests were conducted at 18 locations under dryland and at two locations under irrigation in Texas during 1957.

Texas 30, Asgrow 104, Texas 28 and 32 produced the highest yields in the tests. These hybrids showed a wide range of adaptation by ranking at or near the top in each of the individual tests.

Texas 34, 30 and 32 produced high yields in the irrigated tests. Texas 34 and 30 were more resistant to insects and diseases than the other hybrids and are recommended particularly for areas where insects and diseases cause serious damage to corn. Texas 34 also is recommended for silage production because it produces a greater amount of vegetative growth.

Texas 30 is recommended particularly for the East Texas Timberlands and Coast Prairie, while Texas 28 is recommended for the Blackland Prairies, Grand Prairie and Rio Grande Plain because of its drought resistance and heat tolerance.

Asgrow 101W was the highest yielding white hybrid in the 1957 tests, but Texas 17W outyielded it in tests where drought conditions were encountered.

The Texas Agricultural Experiment Station has just released Progress Report 1999, "Summary of the 1957 Texas Corn Performance Test", which gives the information on these tests and the recommendations that were desired. It contains sections on corn-growing areas, vegetable characteristics and recommendations as well as charts showing the yields of the different varieties in the tests in the various sections.

These recommendations for the various areas are based on previous years' results as well as those during 1957. A summary for all performance tests for 1954, 1955 and 1956 is presented in Texas Station Bulletin 578.

MOST WILL ATTEMPT COLLEGE AFTER GRADUATION

Reports Show That BHS Students Much Aware of Higher Education

By CHARLIE MAPLE
NEWS Staff Writer

A total of 65 BHS seniors have indicated they plan to continue their education after graduation this spring, according to Dr. Robert Hoey, guidance counselor.

The total represents approximately 73 per cent of the 89 seniors scheduled to graduate this year. "We feel this is an excellent representation from the school," noted Dr. Hoey.

With the exception of eight students who plan to continue studies at Draughon's Business College in Lubbock, the group will attend schools offering such diversified subjects as law, engineering, science and psychology.

Ten seniors said they plan to attend junior colleges next fall to start their higher education. "This probably is a good trend because of the present crowded condition of most senior colleges," explained Hoey. "Additionally, it will serve as a conversion period from high school's close-knit life to the freedom of college."

Texas Tech leads the list of colleges preferred by the group, primarily because of its engineering offerings. Draughon's follows closely with eight students.

Other colleges selected and number of students are Eastern New Mexico University and North Texas State College, 5; West Texas State and San Angelo JC, 4; Hardin-Simmons and Abilene Christian College, 3; Texas University, McMurry, Texas Christian University and Lubbock Christian College, 2; and

Howard County JC, Stephens College, Oklahoma University, Levelland JC, Wharton JC, Paris JC, Lee College, Oklahoma State University, Houston and Texas Western College, 1.

In step with the present emphasis on science and engineering, 12 BHS seniors plan to enter these fields. Business administration has attracted 11 students and 16 have chosen various types of office work. Teaching has been named as the goal of eight seniors.

Consider Typing Important

Typing was named the most beneficial high school course by 16 seniors. Other courses rating high were English, 14; science, 9; speech, 10; math, 12, and distributive education, 6.

Selection of careers is no overnight event with this group, reports the counselor. "Guidance in career planning begins in the spring of the eighth grade," he revealed. "Career studies and various interest, aptitude and achievement tests are part of the four years of high school training."

Dr. Hoey explained the guidance program begins in the spring when eighth graders and their parents are oriented concerning high school courses of study. "At the same time we schedule the group for their freshman year, taking aptitudes and achievements into consideration," he added.

In the fall new freshmen take interest, aptitude and achievement tests, said Hoey. "Test results are considered in mapping the high school course of study with the counselor," he said.

Another series of tests are conducted during the junior year and a proposed career is selected during the senior year.

In addition to the testing program, Dr. Hoey explained that students are introduced to various occupations in classroom studies.

The counselor also noted individual aptitude tests are available to juniors and seniors upon the request of the student or his parents.

"Our whole program is not aimed only at the student planning to enter college," explained Hoey. "We realize some students are not interested in college training, instead desiring to enter a trade shortly after graduation."

For these students, the counselor said his office maintains a directory of trade schools. Counseling on various apprenticeship programs also is available to students desiring to enter a trade.

Dr. Hoey added the directory, which is available to students and parents, lists 2,500 trade schools open for study.

The Rev. and Mrs. Alton West and children were dinner guest in the home of Mr. and Mrs. Glen Maynard Sunday.

SOME DAY, MAYBE—Lewis Simmonds, son of Mr. and Mrs. Lewis Simmonds of 312 South Second, studies a pharmacy diploma at Nelson's Pharmacy, where he is a part-time employee. Simmonds plans to study pharmacy at the University of Houston this fall, hoping to own the same type "sheepskin" some day. (NEWSfoto)

school organization, and warrants your wholehearted support. Be sure to see the congratulatory advertisement sponsored by the First National Bank and Brownfield State Bank & Trust Co. in today's issue of the NEWS.

A Plug: If you have ever wondered how much advertising helps in setting prices and keeping them fair and competitive—there is one easy to find out—go into a business establishment and compare the advertised prices with their prices... you'll be amazed at the difference.

It has been definitely proven that a business which consistently advertises, and merchandises his wares best, that is the store which is usually most successful. That is why you will generally find it to your advantage to buy nationally advertised brands. The best place to buy nationally advertised brands is right here in your hometown. Yes sir, when you trade at home you not only save, but you also make money in the long run.

SURVEY SHOWS

'Hoppers May Pose A Problem

Cooperative grasshopper adult surveys made during the late summer and fall of 1957 revealed that Panhandle and upper South Plains counties may undergo widespread and damaging infestations of grasshoppers this spring.

The survey reveals where and how many grasshoppers infest an area, and indicate the potential severity of infestations for 1958, according to F. M. Fuller, extension entomologist.

Surveys next spring for newly hatched grasshoppers will provide a final index of populations and identify areas where control will be necessary to prevent severe losses during the 1958 growing season. Fuller says the survey showed infestations in 5,972,900

EFFICIENT FEEDING AND LIVESTOCK MANAGEMENT

By Dr. Gustav Bohstedt
Emeritus Professor of
Animal Husbandry
University of Wisconsin

The farmer's livestock profits are becoming more and more a matter of efficient management and efficient feeding. Rations deficient in major and trace minerals rob the farmer of part of his profits by causing mineral deficiency diseases and promoting inefficient use of feeds for growth and production.

A sound mineral feeding program begins with the soil itself, when the farmer makes good use of stable manure, lime and any necessary commercial fertilizer to grow crops that then are well supplied with essential minerals as well as with other materials.

A second step in providing vital minerals for livestock feeding is in feed crop selection. Legumes ordinarily are richer in minerals than are grasses.

It often is not possible to supply every mineral requirement through good feed alone, so the program must

include mineral supplement feeding. In areas known to be deficient in trace minerals, give free access to a divided mineral box with trace mineralized salt on one side and with bonemeal or other suitable phosphate and ground limestone on the side.

Often it is a good idea to mix a little salt with the bonemeal, or the limestone-bonemeal mixture, merely to keep it from getting dusty and unpalatable.

Considering their ordinary base feeds, cattle need primarily phosphorus added to their rations rather than lime or calcium. If intended for cattle, mineral mixtures, whether home-made or commercial, should be as nearly as possible have the phosphorus as high as it is in steamed bonemeal (14 per cent) or higher.

To make sure of enough phosphorus for dairy cattle, add one per cent bonemeal or other suitable phosphate along with one per cent salt to the grain mixture. Other ruminants, or dry cows that may not be getting grain, may be given voluntary access to minerals.

IN FENCING

NCAA Sets Tech Meet

For the first time in history, the National Collegiate Fencing Championships will be held in Texas when Texas Tech is host to the tournament Mar. 21-22. It will be only the sixth National Collegiate finals ever to be conducted in Texas in any sport.

Previous hosts to National Collegiate Championships in the state have been University of Texas for tennis in 1949 and 1950, for swimming in 1951, and for track in 1957, and Rice and Houston for golf in 1954.

This year's site is the farthest west or south the tournament has been conducted. Washington University in St. Louis, Other hosts have been Ohio State, 1941; Chicago, 1947 and 1954; Navy, 1948 and 1956; Army, 1949; Wayne, 1950; Illinois, 1951; Yale, 1952; Pennsylvania, 1953; Michigan State, 1955; and Detroit, 1957.

Improper X-Ray Use Injurious To Humans

There was a definite Jekel-Hyde element in Wilhelm Konrad Roentgen's discovery of the X-ray phenomenon in 1895. Used by trained technicians, x-rays become peerless tools for diagnosing and treating human ills and injuries. But used by untrained hands, they become errant destroyers of living tissue, says Dr. Henry Holle, state health commissioner.

Even Roentgen didn't realize the danger of his discovery. He apparently did not receive any significant injuries, but his good fortune stemmed from the fact that he constructed shields not for his own protection, but to keep his highly prized photographic plates from being fogged by scattered radiations.

Today there is agreement among many medical authorities that x-ray exposures cause tissue damage. Generally speaking, however, as used by competent physicians the value of diagnosis and treatment far exceeds the controlled damage which must inevitably result.

Recent stringent regulation by the State Board of Health against exposures of humans to x-rays prohibits indiscriminate fluoroscopy. Fluoroscopy is authorized when supervised by persons licensed to "engage in the healing arts."

employees stationed nearby.

The new Board of Health fluoroscopes are hereby declared to be neither diagnostic nor therapeutic. But that does not preclude their use as a means of checking a corrective shoe fit as prescribed by a physician.

For persons with normal feet, most shoe stores fit shoes by the time proved methods of pressure, feel, and comfort. But there are persons who require special built in corrections in their shoes. In many of these instances fluoroscopic devices are valuable in checking the accuracy of the correction. Parents should never submit themselves or their children to fluoroscopic shoe fittings unless their physicians recommend the procedure.

Lime is Important in Soil Management

A program of good soil management that will maintain the productivity of the soil and permit maximum growth involves many practices and treatments.

One of the most important and necessary features of such a program is making sure that the soil has adequate lime. Limestone performs a number of varied functions in the soil, says Bill Bennett, extension soil chemist. But probably the most appealing thing to operators is that limestone, when needed, will return at least two dollars for each dollar invested. This is a good proposition in any business.

One thing limestone will do is sweeten the soil, says Bennett. Under heavy cropping systems and abundant rainfall, soils may become too acid and many plants might fail to grow properly and utilize fertilizer efficiently.

Limestone furnishes needed calcium as a plant nutrient and will also make feed, food, and forage crops more nutritious and healthful, points out the chemist. It also stimulates soil bacteria, and will activate the formation of more nodules on legumes.

Texas Press Association
AUSTIN — Money is making the biggest news in Austin at the moment.

Discussion swirls around such topics as campaign funds, employment, recession, taxation, receiverships and credit insurance rates — all pocket-rodging issues.

Gov. Price Daniel publicly explored the money-raising efforts of Texas' Republican National Committeeman H. J. (Jack) Porter. Porter staged a 100-a-plate dinner in Houston to raise money for Republican congressional campaigns. His widely publicized letter asking contributions pointed out the need to gain support for the natural gas bill now before Congress.

A hard-fought issue for many years, the bill is generally favored in Texas and other gas-producing states, but bitterly opposed in gas-consuming Eastern and Northern cities. Opponents were quick to label Porter's approach as "mass bribery" and "selling legislation" for campaign contributions. Proponents of the bill groaned. They contended that Porter had heaved a huge money wrench into plans for passage this session.

Governor Daniel said the incident "should convince all Texans that the Republican leadership in this state has nothing to offer but embarrassment, discord and division."

WHY NO JOBS?—Viewing the soaring unemployment figures, Governor Daniel took more jobs at the GOP.

Loss of jobs reportedly increased more in the past month than at any time since World War II.

As far as Texas is concerned, said the governor, much of the blame can be laid to the Republican administration's ineffectiveness in controlling oil imports. Competition of foreign oil, he asserted, has caused Texas production to slip steadily, bringing loss of jobs and revenue to the state. National farm policies also were criticized by the governor.

Texas Employment Commission says its January unemployment compensation payments hit \$537,800, an increase of almost 70 per cent from last September.

MORE TAXES? — Governor Daniel has slightly and very cautiously amended his determinedly cheerful stand about possible need for new state taxes.

He still doesn't agree with Comptroller Robert S. Calvert's chilly predictions. These are for a \$12,000,000 deficit by the end of this biennium (in 1959) and need for the next Legislature to scratch up \$100,000,000 in new revenue.

Governor Daniel said he felt the state would just about break even by 1959. But he conceded that needs of a growing state might call for more money by then. He still favors a gas gathering tax, which he proposed last year, but emphasized he isn't recommending that or any other new tax for the time being.

LET'S FACE IT — It's a recession, all right, but a minor one.

This is the answer Dr. John R. Stockton, one of the state's top business analysts, is giving many groups these days. Dr. Stockton is director of the University of Texas Bureau of Business Research.

Ebbing of prosperity and fear of another Depression have put the spotlight on BBR's studies. Dr. Stockton minces no words about there being a recession, but contends that the cures for this one are in plain sight. He cites increased federal spending and easier credit regulations.

A "minor" recession, says the BBR director, usually lasts about six to eight months.

RATE ORDER DELAYED—State Board of Insurance is re-studying an order that would cut in half the rate for insurance on people who get small pans.

Order brought a storm of protest from credit insurers who said the regulation would put them out of business. After hearing, the Board postponed effective date of the order from March 1 to April 1.

Atty. Gen. Will Wilson has said he would head a drive to crack down on "loan sharks" — the Insurance Board would tighten up credit insurance regulations.

US TRUST PAYMENT
FORESEEN — Partial repay-

ment to investors in the bankrupt US Trust and Guaranty Co. may be possible within a couple of months. Texas Supreme Court rules that all creditors must share alike in the distribution. Payment has been held up by a suit in which holders of "trust certificates" sought preference.

Depositors can make one last move by asking the court for a re-hearing. But unless the court completely reverses its view, this will be denied, making it possible for the state liquidator to begin paying out some \$4,000,000 in recovered funds.

ANTI-GIFT LAW TOPPLES — The Attorney General has declared invalid a section of a new law prohibiting insurance company officials from making gifts to State Insurance Department employees.

His reason: the bill's caption or title did not mention the subject. "Texas" constitution requires that a bill's caption must state specifically what is in the bill. In this case, the caption did mention that Insurance Department employees could not accept gifts from industry people. But it did not say that industry people could not give them.

Each year a number of newly-passed laws are thrown out by the attorney general, or by courts, as being improperly written. Governor Daniel has suggested a bill-drafting division in the attorney general's department to help legislators avoid such errors.

HOUSE CLEANING — "I can't help but think that just about all of those rotten apples are out of the barrel," said State Insurance Liquidator J. D. Wheeler, in predicting that the period of insurance company failures might be over.

Our job with the insurance industry is like that of a traffic policeman, said State Insurance Board Chairman Penn Jackson. "If directors and stockholders will discharge their responsibilities, we will have less tickets to issue."

SHORT SNORTS—Robert E.

Wallace has been appointed superintendent of the Abilene State School (for mentally retarded children) by the State Board for Hospitals and Special Schools. Wallace, currently heading a similar institution in Illinois, will begin his new duties April 1. . . . Atty. Gen. Will Wilson has announced the annual conference on law enforcement to be held March 9-11 in Austin. Meeting of the District and County Attorneys Association of Texas has been set to coincide with the conference. . . . Prices paid for Texas farm products were relatively steady during the past month, reports the U. S. Dept. of Agriculture. Most marked change was in meat prices — up 42 per cent from a year ago, seven per cent from December. . . . More than 6,000 men of draft age registered last month, according to State Selective Service Headquarters. Law requires 18-year-old boys register on their birthdays or five days thereafter. . . . All the various gimmicks and gadgets used in a radio, television or hi-fi set, if bought separately and assembled on a do-it-yourself basis, are not subject to the state sales tax on radio and television sets, ruled Atty. Gen. Will Wilson. Single exception is a "tuner" regarded as a radio set and hence, taxable.

Hale Center, Tex., Man Reports—

"A \$5.60 Investment Netted Me \$54.85 In Cotton."

Jack Shelley, Hale Center, Tex., says: "I put down Phillips 66 Agricultural Ammonia on my irrigated cotton and got an average of 847 pounds of lint per acre. This compared to a yield of 633 pounds on a check plot. My increase netted me \$54.85 an acre. I got more well matured, five-lock cotton bolls, too."

Other Southwestern farmers have discovered that the 82% nitrogen in top quality Phillips 66 Agricultural Ammonia helps them to get more profit per acre, through higher yields and lower production costs.

They have found that, by using Phillips 66 Agricultural Ammonia, they get more cotton that grades out higher at the gin; yields of sorghum grain and ensilage are increased; more marketable vegetables are harvested, and profits on wheat are increased through better forage, and higher yields of grain.

See your Phillips 66 Agricultural Ammonia distributor about profitable Phillips 66 Agricultural Ammonia, the 82% nitrogen fertilizer.

TERRY WINTER SPORTS

NEWS Sports Editor

By CHARLIE MAPLE

With basketball all but finished here, our thoughts naturally turn to spring sports though little will be offered until adequate track facilities are available.

Though the Cubs had a somewhat dismal season when considering the won-lost record, they can boast that they beat the District champs and one of the runners-up, Andrews, the other runner-up, was held to a one-point margin by the Cubs.

visited Sunday with their daughter and family, Mr. and Mrs. Bradley Seaton and girls of Lubbock.

Mr. and Mrs. Warren Young and children and Mrs. Ethel Young and Eddie Young, all of Brownfield, and Archie Maynard and Mrs. R. A. Dremon spent Sunday with Mr. and Mrs. E. J. Duncan and children.

Grandmother Jackson, of Lamesa visited a few days with Mr. and Mrs. Charles Dunn.

Mrs. M. C. Wade has returned home after spending a few days with her son and family, Mr. and Mrs. Bobby Wade. The Wades have a new daughter.

Mr. and Mrs. J. L. Kirby of Brownfield spent last Sunday with Mr. and Mrs. James Watson and Mr. and Mrs. O'Neal Watson.

Mr. and Mrs. Leroy Barrier and boys have returned home after a few day's visit with Mrs. Barrier's sister, Mrs. J. C. Thompson of California.

Mr. and Mrs. E. J. Duncan and children visited their son, Eluice Duncan, and family who live near Smyri Wednesday.

Mr. and Mrs. J. O. Allen of Tahoka visited Mr. and Mrs. J. M. Trussell Sunday. Allen is Mrs. Trussell's brother.

Mr. and Mrs. Ralph Watson and children of Big Spring and Mr. and Mrs. Bud Dawkers and children Lenora spent Tuesday afternoon with the O'Neal Watson family.

After floundering the first half of the season, Kermit finally showed they could do what most of the district rail-birds said they could—win with ease. Tom Eastland, Odessa sports scribe, said he believed Kermit could have beaten any team on the South Plains Friday night when they beat Andrews for the title.

"It was one of those nights when one team could not do anything wrong and the other could not do anything right," he said.

★★★
Ector's hapless Eagles gave notice here Friday that they will not be anyone's "country cousin" next year. Though they lost all 10 district tilts this year — their first in 2-AAA — they looked good against the Cubs.

The upshot of this diatribe is that every member of the squad was a sophomore or junior. The Ector coach cut all the seniors off the squad after the Tuesday tilt.

We think the district will have some tough competition from Ector in both football and basketball next fall and winter. This will make the district stronger and, maybe with the exception of Monahans, should not have any "weak sisters" in the loop.

★★★
At this writing, Meadow and Union were setting to square off in the District 7-B title fight. A Bronco win would give the title outright. A Wildcat win would throw it into a playoff.

In any event, Terry is assured of a representative in the playoffs.

★★★
With the closing of basketball, thoughts are turning to spring sports. The Cubs have been working about a month in preparation for their first meet, Fort Stockton's Comanche Relays, on March 1.

We are sure the other Terry schools will have track teams, but have not received any word to date. If any of you coaches have teams working or plan to begin soon, let us know. We would like to get some information and pix.

★★★
The recent bond issue passed here should give spring sports a shot in the arm. Though it is too late for this year, official track facilities included in plans should give Cub teams a better chance next year.

It also will provide the opportunity for some future track meets here. That is something that never was possible under the old set up.

While we are on the subject we have a proposal to offer. When facilities are completed, what do you think about holding a spring sports carnival here? With the addition of track and baseball facilities, it seems to us the stage would be set for having a big annual sports event here on an annual basis.

We could have track, baseball, tennis and golf on a Friday and Saturday once each year. We are sure Brownfield Country Club would go along on the golf portion.

This will give Terry sports fans a full round of their favorite spring sports. How about it some of you civic clubs? What do you think?

★★★
Since this is the first column we have written since the bond elections, we should add a few words about the athletic plant.

We sincerely feel that approval of the plant will be an

Fast Gain Ability Is Tested on 83 Bulls

Both conformation and ability to make fast gains in weight can be found in the same animal. This was proved in a test with 83 bulls selected for their good conformation and then tested for their ability to gain

in a 140-day feeding period at Aledo.

The bulls represented four breeds from some of the top ranches in Texas. The test was sponsored by the Fort Worth Chamber of Commerce in cooperation with the Texas A&M College system and the Texas Angus, Hereford, Polled Hereford and Shorthorn Associations.

The top gaining bulls — 400 pounds or more in 140 days — were from Lathem Ranch of Dalhart; Jim Hering of McGregor; Jack V. Williams of Ballinger; Flat Top Ranch of Walnut Springs; Leon Noack of Rockdale, and J. Doss Miller of DeLeon.

Twenty-nine of the bulls gained 2.6 pounds or more per day for the 140-day test, said L. A. Maddox, Jr., Animal Husbandman for the Texas Agricultural Extension Service who supervised the test. Of this group three were Angus, 20 were Hereford, two were Polled Hereford and four were Shorthorn.

The main objective of the test was to start with bulls with good conformation, and then prove by testing in the feedlot they had ability to gain rapidly.

The test was the first of this type in which many of the breeders and participated and was designed also to show the importance of testing bulls for ability to gain on their own ranches.

Three members of Texas Tech's Border Conference championship golf teams of 1955 and 1956 will play for the Red Raiders in their Southwest Conference debut this spring — John Paul Cain, Johnny Farquhar and Don Kaplan.

money has been pretty tight with us. And Bill has been saying we just couldn't afford a new car now. Well, he gave me the surprise of my life today. He drove home a big new FORD! It's a Custom 300 Sedan and the prettiest car you ever saw. It drives like a dream, Mom! And just listen to this — Bill bought it for less than the similar model would have cost us last year. Be sure to tell Dad about this... and maybe you'll get one of these grand new Fords, too.

Love,
Mary

Couples Bridge Group Meets Friday Evening

Members of Couples Bridge Club were guests of Mr. and Mrs. Burton Hackney Friday evening.

Howard Hurd took high score prize and Mrs. Jack Hamilton second high. Mrs. V. L. Patterson and Jack Hamilton took bingo prizes. A Valentine motif formed a setting for the party.

Refreshments were served to Mr. and Mrs. Hurd, Mr. and Mrs. Hamilton, Mr. and Mrs. Grady Goodpasture, Mr. and Mrs. Lee Brownfield and Mr. and Mrs. Patterson.

Mrs. Hackney Hostess For Gala Bridge Group

Mrs. Walter Hord took high prize when Gala Bridge Club met with Mrs. Burton Hackney of 803 East Broadway Thursday evening.

Second high went to Mrs. Harry Cornelius and bingo

prizes to Mmes. Clovis Kendrick and Troy Noel. The Valentine theme was used in decorations and refreshments.

Others attending were Mmes. Orb Stice, James Rodgers, Herbert Chesshir

DOUBLE CELEBRATION FOR FLOYDS—Pictured, center, are Mr. and Mrs. Loyce Floyd as they celebrated Friday evening, both their 33rd wedding anniversary and the opening of their new home 4 miles northwest of Brownfield. Their sons are shown with them. On the right is Doyle and on the left is Elbert of Farmington, N. M. (NEWSfoto)

33RD WEDDING ANNIVERSARY, HOUSE WARMING

Two Major Events Marked by Floyds

Mr. and Mrs. Loyce Floyd of Route 4 celebrated both their 33rd wedding anniversary and the opening of their new home, located 4 miles northwest of town, Friday evening with members of Harmony HD Club and Mmes. L. V. Alexander and A. V. Black as hostesses.

Red roses with greenery formed the centerpiece for the table with crystal dishes completing the setting. Mrs. Alexander poured and Mrs. Jasper Moore, president of the club, registered guests.

Mrs. Luella Sullins, Mrs. Floyd's sister of Portales, N.M., displayed gifts.

Elbert Floyd of Farmington, N. M., and Doyle Floyd of the home were here to celebrate with their parents.

The Floyds were married Feb. 14, 1925, in the home of the Rev. C. E. Ball, then pastor of First Baptist Church.

Sixty-five guests were registered.

Newell Reeds Host Party for Powells

Mr. and Mrs. Newell A. Reed of 702 East Lons entertained officers, directors and employees of Brownfield State Bank and Trust Company Saturday at a reception, honoring Mr. and Mrs. J. C. Powell Jr.

Mr. and Mrs. Powell and daughters will be moving to Lamesa, where he has accepted a position with First National Bank.

A red and white theme was used in table arrangements. About 50 guests called.

MORTON'S HONEY

Better than even the Bees can make it!

Now, bees make fine honey... but in different places and from different flowers. Only Morton's Pure Honey combines the delicate flavor of choice Colorado Mountain Clover honey with select Texas honey derived from prairie Vetch blossoms. The finest food in nature, made BETTER as only Morton's can. Strained Pure Honey, with Comb if preferred, or Creamed in Morton's little Honeycups... "no drip, no sticky paws."

and just as good as MORTON'S POTATO CHIPS

Miss Barbara Gruben, Steve Lawlis Are Married on Feb. 9 in Home of Brother

Miss Barbara Lee Gruben of 517 East Broadway, daughter of Mrs. Hazel Everett of Corning, Calif., and W. C. Gruben of Hobbs, N.M., and Alfred Steve Lawlis of 601 South First, son of Mr. and Mrs. E. A. Lawlis of Hamlin, were married at 3 p.m. Feb. 9 in the home of Mr. and Mrs. Jim Lawlis of Wellman.

The Rev. D. C. Read, pastor of Wellman Methodist Church, read the double ring ceremony following the entrance of the bride and maid of honor to the tune of "I Love You Truly."

The bride's dress was of light blue lace with matching gloves. Her veil of net was fastened to a crown of sequins and she carried a bouquet of white carnations with light blue

streamers.

Vada Neighbors, maid of honor, wore a white lace dress and a bandeau of white carnations.

A tiered wedding cake with punch was served at the reception following the wedding. For a trip to Lubbock, the bride wore a blue plaid dress with white accessories.

Mrs. Lawlis attended Union High School and her husband is a graduate of Hamlin High School. He now is employed at Starnes and Perry Barber Shop, and they are making their home at 515 South First.

Polk Robison, Texas Tech basketball coach, majored in journalism when he was a Tech student.

A company "foreman's meeting" was held Thursday in Pan American conference room.

SHELL PIPE LINE—

A safety dinner meeting was held for employees Monday in Brownfield Junior High School cafeteria, at which time Yearly Safe Driving Awards were presented.

GAASCH-O'NEAL—

George O'Neal was in Dalhart several days last week on business.

MAGNOLIA—

The 3-week-old son of Mr. and Mrs. Jim Stuteville, was released Sunday from West Texas Hospital in Lubbock where he had been for observation. His father is assistant Material man.

D. O. Neal and Jack DeVoll will coach the company "Cubs" in next season's Little League.

Congratulations to Mr. and Mrs. Jiggs Tankersley on the arrival of a daughter, Janet Sue, Feb. 12 in Lake Charles, La., and weighing 7 pounds 14 ounces. The father is assistant senior warehouseman with Magnolia in Lake Charles. They are former Brownfield residents.

Joe Norris, petroleum engineer for the Brownfield District, flew Valentine's Day to New York City, where he is attending the national convention of AIME as a section delegate from the South Plains. Weather permitting, he'll return Feb. 23.

Jack DeVoll now is playing with the Primm Druggers, independent basketball team.

TENNESSEE GAS—

Glad to hear that Barfield Forehand is back at work after a recent illness requiring hospital care.

Come in and see our INTERNATIONAL Truck "POWR-LOK Test"!

It's next best to having traction power on all four wheels—and the cost is so low!

POWR-LOK is an ingenious new differential that gives power to the rear wheel that has the most traction. With POWR-LOK you pull through mud holes, loose sand, other slippery places that would normally stop a truck with standard differential.

So don't spin your wheels. Be sure your next truck is an INTERNATIONAL with POWR-LOK differential. Come in and see our convincing test, first chance you get.

How POWR-LOK Works

With a conventional differential, power goes to the wheel with the least traction. This results in a loss of power—and you're stuck. But with POWR-LOK, power goes to the wheel with the most traction. So long as either wheel can catch hold, you keep moving.

NOW! Only \$35⁰⁰

Factory-installed on a New INTERNATIONAL Truck. Federal and local taxes additional.

INTERNATIONAL TRUCKS cost least to own!

COME APRIL — Trio of 4-H boys and girls shown here will be trying for valuable prizes when the 14th Terry County Junior Livestock Show is held, come April 21-22. From left in upper panel: Carol Green, daughter of Mr. and Mrs. Raymond Green of Route 4, and Mark Hulser, son of Mr. and Mrs. Curtis Hulser of Route 1, Meadow. Boy with big smile in lower picture is Lynn Dill, son of Mr. and Mrs. Rufus Dill of Route 3. Brownfield Jaycees, sponsors of the annual event, explained this week that all livestock must be weighed and penned the night of April 21. Occasion above was a class last Saturday in learning to handle with more ease the 4-H entries. A total of 133 hogs and 66 calves are scheduled for entry in the show. (NEWSfoto)

CHALLIS NEWS

Mrs. Clarence Clark was in charge of the business meeting when Challis WMU met Monday afternoon at the church. With scriptures taken from Jonah and Mic., a round table Bible discussion followed with seven members participating. Mr. and Mrs. Jack Andrews of Plainview visited their daughter and family, Mr. and Mrs. Clarence Clark. Mr. and Mrs. L. P. Price entertained with a social Thursday night for the older adult couples of the community. Games were played and refreshments of cake, coffee and cold drinks were served. Those present were Mr. and Mrs. John Garner, Mr. and Mrs. E. R. Slater, Mr. and Mrs. L. R. Basswell, Mr. and Mrs. W. J. Henderson, Mr. and Mrs. Reed and E. N. Corley. Visiting with Mrs. G. W. Harris Thursday was Goldie Christentine of Gomez. Mrs. Loyal Henson entertained Wednesday with a Stanle Party in her home. Mrs. Freeman of Levelland, representative of Stanley products, assisted the group in playing games. Refreshments were served to Meses, Joe Doak, Clarence Clark, F. H. Joplin, Wayne Bagwell, Bulah Fay Nieman Tom Pettigrew and Mrs. Campbell. The Wayne Bagwell family were dinner guests in the C. E. Carroll home Sunday.

Kermit Wins Crown; Myers Proves His Cubs Tie For Third 'Pressure-Ability'

After a sluggish first half in the 2-AAA District race, Kermit's Yellow Jackets came to life to cop the conference with an easy victory over Andrews. The Ponies and Monahans, picked to give the Jackets trouble before the season started, proved their point by ending their season one game behind the front-runners. Brownfield and Pecos were far behind the top trio, tying for third with identical 4-1 records. Odessa Victor, playing

Gerald Myers, Texas Tech's 5-10 guard, is being credited with the most sensational play under pressure in Red Raider sports history. Baylor had taken the lead, 72-71, with only 13 seconds remaining when Myers took the throw-in. He dribbled all the way, weaving to dodge players of both teams, and finally banked the ball off the backboard for the winning lay-up, with one second remaining. Fouled on the shot, he

New Home Dumps Wellman Gals; Gives Crown To Meadow

The New Home girls knocked Wellman's girls out of a share of the District 7-B leadership at home Tuesday with a 51-42 victory. The New Home girls knocked Wellman's girls out of a share of the District 7-B leadership at home Tuesday with a 51-42 victory. The New Home girls knocked Wellman's girls out of a share of the District 7-B leadership at home Tuesday with a 51-42 victory.

New Home defeated the Wellman Wildcats, 36-32, for its first victory of the season in the final game.

Virginia Renfro dumped in 25 points for the home team and Inda Faye Harmonson added 18. Virginia Thornton with 19, Karen Hamm with 13 and Velda Hill with 10 led Wellman. Nick Ford with 12 and Sheek Poer with 11 led the local Leopards to their victory. Jimmy Goza had 14 points and Luduan Hulet had 13 for Wellman.

There Are Some Things We Don't Like to Be Reminded of...

The diet list, for instance... especially when the table's laden for a festive occasion. It's one of those things we don't like to be reminded of...

Frankly, we get the feeling sometimes that you don't like to be reminded about service work for your John Deere Equipment. At this time of the year, our shop has extra time to handle service work, yet, many times, our "reminders" go unheard. Later, we'll be swamped with work; every owner will be clamoring for service; it will be first come... first served.

By making a service date now you can be sure of getting your service work done when you want it; there'll be no last-minute rush... no delay. We'll appreciate it and you'll do yourself a favor, too, if you'll come in this week and make a service date. How about it?

VALENTINE PARTY FOR HUSBANDS—Pictured, left, is Letha Feagins of 1410 East Tate and Betty Patton, right, of 806 South Sixth as they entertained Friday evening with a Valentine Party for members of Tau Phi Chapter of Beta Sigma Phi Sorority and their husbands. Billy Chambliss of 711 Magnolia Avenue, center, is a member of the sorority. (NEWSfoto)

SQUAW RED BIRD, FRIEND—Annual Valentine sweetheart banquet was held last Friday in Gomez Baptist Church. Chief greeter for the event was squaw Red Bird, pictured above with Emcee Alton Webb. Red Bird is the wife of the church pastor, the Rev. T. L. Nipp. About 40 persons saw Miss Emily Blackstock named Valentine Sweetheart. She's the daughter of Mr. and Mrs. Bill Blackstock of Route 4. The banquet was sponsored by the Gomez Baptist Training Union. (NEWSfoto)

"MY FAVORITE RECIPE" — Pictured are Mrs. Bill Blackstock and two of her daughters, Billy on the left and Mary Jane, of Gomez, as she prepares her favorite recipe, home made ice cream. Her directions: Beat whites of four eggs and add one cup of sugar. Beat the four egg yolks and add one cup of sugar to which 1/4 teaspoon of salt and two tablespoons of flour have been added. Add one tall can chilled evaporated milk or one pint of cream and two teaspoons vanilla. Fold in egg white mixture. Put in one gallon freezer and add enough whole milk to fill. Mix well, cover and freeze. Mrs. Blackstock comments, "It's never too cold at our place for home made ice cream." (NEWSfoto)

Let's Talk Livestock!

By TED GOULDY

FORT WORTH — Livestock numbers reported by the USDA in the annual inventory released at Fort Worth this week reveal the upswing in numbers of sheep and goats, and stable numbers of cattle, in Texas reflect the improved pasture situation.

The estimate reveals that on January 1, 1958, Texas had about the same number of cattle as a year ago, the numbers

of stock sheep were up five percent to a total of 4,700,000 head. Texas' goat population was up two percent with an estimated figure of 2,864,000 head.

For the nation the cattle population was believed to be 93,967,000, which was about one percent below the 94,502,000 a year earlier. Milk cows, two years old or older, totaled 22,357,000, against 22,916,000 a year earlier.

Hog numbers were estimated at 51,559,000 practically unchanged from a year ago when 51,703,000 were on farms. All sheep were estimated at 51,559,000, up two percent from a year ago. Stock sheep were estimated at 27,390,000, up three percent from a year ago.

Horses and mules declined 5 and 6 percent respectively, with a total of 3,348,000 on farms January 1, 1958.

CATTLE AND CALVES OPEN MOSTLY STEADY

Supplies of cattle and calves

were of moderate proportions at Fort Worth and all around the major market circle Monday. Trade at Fort Worth was fully steady to strong on fed slaughter calves and stockers. Plainer stocker, and medium and lower grade calves and cows showed some weakness before the session was completed.

Good and choice slaughter steers and yearlings cashed at \$24 to \$27, and common and medium offerings cleared at \$16 to \$24. Fat cows brought \$16.50 to \$18.50, and canners and cutters drew \$11 to \$17. Bulls sold mostly from \$14 to \$19, a few tippy individuals to \$19.50.

Good and choice slaughter calves at \$24 to \$27, and common and medium offerings cashed at \$17 to \$23. Cull sorts cashed at \$14 to \$21. Medium and good stocker steer calves sold from \$22 to \$27.50, with few choice to \$28. Heifer calves ranged from \$25.75 downward. Stocker steer yearlings of medium and good quality sold from \$20 to \$25.50, and some choice 578-pound dehorned yearling steers in a load lot cashed at \$27.

HOGS AT BEST LEVEL SINCE LAST SEPTEMBER

Hogs were steady to 50 cents higher at Fort Worth Monday and sows were steady to 25 cents higher. Choice butcher hogs topped at \$21.50 to \$22, and equalled the best prices achieved last week. The \$22 top equalled the best prices here since last September. Medium and good hogs sold from \$18 to \$21. Sows sold from \$17.50 to \$18.25, with virtually all weights of sows getting \$17.50 to \$18 as the sausage makers sought supplies.

Heavy Lambs and Yearlings WEAKEN, SOME OFF \$1.00

Sheep and lambs were in the largest supply in some months at Fort Worth Monday and

packers, were burdened with heavy supplies of direct, and prices turned downward. Prices ranged from barely steady to as much as \$1 lower, with heavy lambs and yearlings scaling above 100 pounds under the most severe pressure. Half-fat and rough quality offerings shared the long end of the drop along with the heavyweights. Small numbers of good feeders was the principal factors in relatively quiet trade on those types.

Good and choice slaughter lambs cashed at \$21 to \$23.50, the higher figure on lambs with No. 1 or fall shorn pelts. A few choice milk lambs cashed at \$24. A few woolled old crop lambs sold around \$22.50 down. Yearling muttons 110 pounds and with No. 1 pelts sold for \$30.50. A few aged slaughter ewes sold from \$9 to \$10. Slaughter goats cashed at \$7 to \$7.50. A few small lots of medium to fairly good feeder lambs cashed at \$19 to \$21.50.

EARLY MARKETING WILL HELP ON HEAVY LAMBS

Market observers at Fort Worth considered the setback in price in heavyweight lambs and yearlings in the Monday trade a forerunner of things to come as the season advances. Topping out the heavier lambs and marketing them now will probably be profitable, since ordinarily lambs which weigh above 105 pounds are discounted considerably under the more desirable weights of 85 to 100 pounds of yearling lambs.

Easter is early, April 6 this year, and old crop lambs in many cases were fairly heavy before going into pastures and fields. Some of these are already appearing that weigh over 130 pounds, which packers say is far too heavy to bring top carcass prices.

Raider Record Indicates Extremist Tendencies

"Extremists" is the word for Texas Tech's basketballers. They took the most field goal attempts of their season, 79, against University of Texas, then, in the very next game, shot their fewest, 38, against Baylor.

Likewise, their field goal percentage jumped from their lowest, 30.4, against Texas, to their season's high, 71.1, against Baylor. Polk Robinson's

TECH OPPONENT ONCE

J. T. King, new assistant coach at Texas Tech, played against Tech as starting guard for University of Texas in the Longhorns' 25-12 victory in the 1937 football season.

Red Raiders missed on only 11 tries in beating Baylor 74-72 after losing to Texas 71-59.

Terry County 4-H Survey

By LINDA HENSON and STANLEY FARRAR

Meadow 4-H boys club meets at 3 p.m. Wednesday at the school.

Five boys attended the Junior High 4-H meeting Feb. 11. Following refreshments and

recreation, members saw a demonstration on tomato transplanting.

Attending were Larry Willis Vaughn Tatum, Vernon Lewallen, Danny Thurman and Stanley Farrar.

Preparations are being made for demonstrations for civic clubs during 4-H Week. Lynn Dill and Don Duggan are planning a demonstration on tomato transplanting. Hank Bailey and Stanley Farrar are working on an electrical demonstration.

Boys and girls who are showing livestock in the local show are invited to make a trip to Plains for the Junior Livestock Show there.

Farm Bureau will furnish transportation for the trip. Only cost will be for your lunch. Fathers of the group are invited to attend. The bus will leave at 7:30 a.m. and return about 3 p.m.

West Ward fifth grade will meet at 3:10 p.m. today at the school.

Wellman boys 4-H club met Monday with about 35 members participating in a tomato plant

box demonstration.

Last Saturday Danny and Eddie Thurman had Dr. Tim Faulkenberry give their calves Sinovex Unplant to encourage faster weight gains and increase carcass quality. Areyomycin crumbles also will be fed from now until show time to hasten rapid growth and prevent disease. The calves also were wormed with a phenothiazine bolus.

Thirteen 4-H members participated in beef calves weigh day Saturday at the Rodeo Arena. All calves were Herefords except Danny Carmichael's Angus.

Members and weight of their animal are Carolyn Green, 680; Fred Sedgwick, 740 and 645; Ronnie Floyd, 640; Danny Thurman, 560; Eddie Thurman, 625; Danny Carmichael, 675; Mark Hulse, 770; Janice Davis, 660; Lynn Dill, 675; Genell Cornett, 700; Royce Cornett, 610; and Eddie Thomas, 600.

A demonstration on how to show a beef calf was given after calves were weighed.

Colonial Heights boys club met Monday at the school. About 15 members saw a demonstration of tomato transplanting.

Terry 4-H and FFA members will show about 133 hogs in the Junior Livestock Show here, according to a report given Monday in a meeting of the show committee.

Included in the group are Chester Whites, 7; Black Polands, 7; Hamps, 16; Spots, 33; Durocs, 22; Berks, 25; Cross, 12 and Yorks, 11.

Attending the meeting were Homer E. Jones, Wellman, Vo-Ag instructor; Eddie Courtney, assistant superintendent of the show; Lester L. Ericson, Meadow, Vo-Ag instructor; James Willis, superintendent of swine; Raymond Green, superintendent of calves; Dennis Q. Lilly, vice president of First National

STARTS SUNDAY

Jane Powell Has the Starring Role In 'The Girl Most Likely' At the Regal

Brightest entertainment to come from Hollywood in many a season is RKO's "The Girl Most Likely," rhythm-filled comedy-romance which opens Sunday at the Regal Theatre. One surprise after another speeds this picture along through love scenes, hilarious romantic incidents, eye-filling song-dance innovations and sparkling character vignettes until the perfectly wonderful conclusion leaves one bewildered at how so much happy diversion could be packed into a single, feature-length movie.

"The Girl Most Likely" is Jane Powell, who warbles and romances throughout the entire show, and it will be a lasting credit to her co-stars Cliff Robertson, Keith Andes, Kaye Ballard and Tommy Noonan.

The story which should capture just about everyone's heart, has California's Balboa

Bank; Jim Foy, county agent; Walter Myers, Brownfield Vo-Ag instructor; Robert Becker, Brownfield Vo-Ag instructor, and Bob Etheredge, assistant county agent.

Miss Betty Hillis, Terry HD agent, demonstrated convenient dressing for six Junior High 4-H girls Feb. 10 at the Party House.

A meeting for girls interested in team demonstrations was held at The Party House Saturday.

Miss Hillis demonstrated making boiled custard, coconut bonbons, prune milk shake and discussed importance of milk in the diet.

Miss Hillis also explained demonstrations that may be entered to Edreann Dubose, Diane Montgomery, Bennie Spain, Linda Henson, Mrs. Rufus Dill and Mrs. Ralph Spain.

A demonstration on convenient dressing also was given to the Colonial Heights girls 4-H club, which met Monday at the school. Twelve girls attended the meeting.

About 30 girls attended the Wellman 4-H meeting Tuesday morning.

Marines were stationed on board more than 500 ships of the U. S. Navy during World War II.

the title song, all hit quality numbers, accompany the magic action with scores and scores of rock 'n' rollers cavorting ashore and in the Pacific.

Staged by the famous Gower Champion, the dances and musical portions of "The Girl Most Likely" are certain to be widely imitated. It is doubtful, however, if Hollywood ever surpasses them.

TV's Kaye Ballard, co-starred as Miss Powell's confidante, adds vocal verve to all this grand scale enjoyment. Una Merkel, as Jane's mom, performs zestfully, and all the other dancing, singing, acting troupers deserve far more than special mention.
