BROWNFIELD HOBBYISTS COLLECT GUNS

Past Recalled By Collection

By CHARLIE MAPLE
NEWS-Staff Writer

Despite television's free play on the role of the pistol and rifle in the settling of the West, such weapons seldom made an appearance in early Terry history except when used to hunt coyotes and antelope.

"This never was the gun-toting West most people think of," said George Neill of 607 East Broadway, who came here shortly after Terry was organized in 1904. "However, practically all farmers and ranchers had a 30-30 Winchester, which was popular for hunting."

Neill pointed out that the first killing did not occur here until 1922, when an itinerant cowhand shot his employer. "Feuds occasionally erupted over land claims, but they never resulted in gun-play," he said.

The former County judge and attorney recalled that the only major instance of cattle rustling occurred in 1925. "A herd was stolen in Hockley County and driven through here before the rustlers were caught near Lamesa," he said.

Guns still play a large role in Terry residents' hunting activities. Though coyotes and antelope once were thick in this area, hunters now have to range far afield to shoot anything larger than a jackrabbit.

Terry hunters range from the

Canadian border to Mexico, using a variety of weapons to kill game. Antelope, elk and deer are the most popular game, according to local sportsmen. The 30-30 Winchester, the great grandson of the frontier favorite, remains the most popular weapon with most individuals.

P. R. Cates of 1201 East Buckley likely is one of the most avid area hunters. The Brownfield contractor owns about 22 rifles and shotguns, which are used on hunting trips into Wyoming, Colorado, New Mexico and Texas.

Cates, who came here in 1924, said guns have been a part of his life since he was a teen-ager. One of his most prized possessions is a double-barreled shotgun once owned by Mrs. Cates' father, S. A. Shepherd. It is believed to be more than 60 years old.

At least two Brownfield gun enthusiasts are keeping their Western heritage alive with antique collections of pistols and rifles. They are Tom Crudup of 502 East Lons and R. C. (Pedro) Zant of 406 East Broadway.

Crudup, who has been collecting weapons about 15 years, has about 134 pistols, rifles and shotguns, some of them dating from the early 16th century.

May 5 Is Deadline For Candidates To Get Ballot Placings

Would-be candidates for political offices in Terry County are reminded that Monday, May 5, is deadline for filing for places on the ballot for the Democratic Primary July 26.

Applications may be obtained and filed with Mrs. Anna Belle Roberts at 205 South Fifth, the Terry County Executive Committee secretary.

Applications for ballot placings in the office at this time include:

George Mahon, for reelection as U.S. representative for the 19th Congressional District; Robert L. Bowers Jr., for reelection as state representative of the 98th District; and Mrs. Willie Blair and L. D. Bailey, 106th District Clerk; J. D. (Jot) Akers, county tax assessor-collector; Wade Yandell and W. T. (Bill) McKinney, county clerk; Herbert Chesshir, county judge; and Mrs. O. L. Jones, county treasurer; Elmer G. Brownlee, county superintendent; Lonnie Rhine, justice of the peace; Wayne Mullins Jr., Carl Stephenson and Fred Finley, commissioner Precinct 2; and Darwin Cargill, H. B. (Dock) Settles and J. M. Trussell, commissioner Precinct 3; L. B. (Shorty) Forbus, Bob Burnett and Alton Loe, commissioner Precinct 4; Truett Smith, 106th District Judge, and E. O. Northcutt, associate justice of the Court of Civil Appeals, and H. L. Holleman, chairman of Prec. 4.

Once again, candidates are reminded that the Texas Election Code requires names to be filed with the various county executive committees by May 5 for a place on the Democratic Primary ballot.

FOOD SERVICE

Training Is Slated Here

A five-day food service training course will start here Monday in South Plains Health Unit, according to Homer E. Barnes, city sanitarian.

The course, which is open to food handlers in the home and business, will be taught by Harry A. Smith of Austin, a former state food and drug inspector. Sessions are slated from 9 a.m. to 11 a.m. and 3 p.m. to 5 p.m. Monday through Friday.

Barnes said the course is open to everyone who is interested in correct sanitary procedures in food handling. "This course will be just as important to the housewife as to the person who works in a cafe or other food-handling business," he said.

The sanitarian noted that more than 25 diseases may be spread through carelessness in food service. "This means in the home as well as in grocery and eating establishments," he added.

Subjects to be discussed during the course include: food service and disease prevention, preventing food contamination and spoilage.

Bands Rated High In Lubbock Session

Brownfield's high school and junior high bands received "two" ratings (excellent) in Region 1 concert and sight reading contests held at Lubbock Friday and Saturday.

Sue Shewmake and Mary Jane Brownfield received top ratings in student conductor contests.

Levelland and Littlefield won sweepstakes honors with "one" (superior) ratings in the two categories to lead 3A schools. Muleshoe, Littlefield, Abernathy and Plainview junior highs received sweepstakes awards in Class C. Brownfield, Seagraves and Floydada received "two's" in each category and Sundown had a "two" in sight reading and "three" in concert.

'NECK AND NECK' Candidates Hastening!

By GLENN EDWARDS
Campaign Manager

The management of the Brownfield NEWS current Good Will Subscription Campaign has checked the standings of all candidates at close of the first period and has found them running so evenly that it's a cinch the work done by each candidate during the next four weeks will determine the winners of the six grand prizes.

Neck-and-neck is the only term which will describe the race thus far. If ever a field was running neck-and-neck, candidates in the NEWS drive are doing that.

Only a few one- or two-year subscriptions now, before it is too late forever, easily can change the FIRST PRIZE WINNER as of today to a non-prize winner by the last day, May 28.

Candidates redoubled their efforts these past few days, aware that the remaining four weeks will, without a doubt, determine the major prize winners.

The second of four periods of the "Good Will" drive will close May 9. Votes then will take another drastic drop in count value.

The days are slipping by fast and the campaign will be over too soon for many of the candidates. There are many persons waiting for their favorite candidate to call.

Time can be saved by telephoning 3076 (campaign office at Plaza Motel) and telling of your desire for your favorite candidate to get credit for your subscription.

\$1 Million-Plus Set For Roads

More than \$1 million worth of highway construction is expected to get under way in Terry this summer as a result of the 1958 federal emergency highway program signed by President Eisenhower this month, according to Carl Hart, state engineer here.

Total estimated cost of six projects in the county is \$1,174,000. However, only four projects thus far have been included in the federal program.

Under the emergency program, Texas will pay one-third of project cost, and the government, two-thirds. The program specified that projects be under contract by Dec. 1, 1958 and completed by Dec. 1, 1959.

Hart, who is responsible for

construction in Terry, Yoakum and Gaines counties, said he expects all projects to get under way by this summer, depending upon available man power.

Construction projects include \$300,000 for reconstruction of 6 miles of west lanes and widening base and construction of shoulders on east lanes on U. S. 62 from Brownfield to Hockley line; \$180,000 for reconstruction and widening of U. S. 62 and \$335,000 for construction of an additional two lanes from Brownfield to Wellman; and \$154,000 to widen base and surface shoulders on 14.2 miles of Texas 51 from Brownfield to

JOHNNY MAC JONES BHS Athlete Will Be in Competition

Johnny Mac Jones, Brownfield's lone track and field competitor in the state meet this weekend, warmed up for the event by placing third in the Red Raider Relays shot put competition Saturday in Lubbock.

The BHS senior flipped the iron ball 52 feet 1 1/2 inches in the Tech meet to place behind Pat Holmes of Del Rio and Charles Sulak of Fort Worth. Holmes hit 54.7 and Sulak's throw measured 53.1.

Jones and Coach Don Hendley will leave here today to participate in the two-day meet in Austin.

R. V. Moreman, Mrs. Arlie Lowrimore and Mrs. Paul Blackstock comprise a special canvassing board appointed for the election.

The election will mark the second time a bond issue has been presented for purchase of the hospital. The initial proposal, for the same amount as the present issue, was voted down by about a 2 to 1 margin on Nov. 5, 1955.

The present proposal, which will include the building, fixtures and three-quarters of a city block, is the result of almost two months of study by a special hospital committee elected Feb. 18 at a meeting of Terry businessmen and residents.

The nine-member group investigated the various routes available for providing a hospital here, finally recommending purchase of present facilities as the most feasible method.

Result of Much Study

Terry residents will cast ballots Friday to determine whether the county will purchase Treadaway Daniell Hospital which is slated to close its doors July 1.

The issue, recommended by the county hospital committee and presented by Terry Commissioners Court, totals \$300,000.

Of the total \$180,000 will go to present owners of the facility, Drs. T. L. Treadaway and A. H. Daniell. The balance will be for the following items: expansion and outfitting nurses quarters for hospital rooms, \$60,000; painting and minor repairs, \$10,000; and operating capital, \$50,000.

A total of 13 ballot boxes will be available for the election which is from 8 a.m. to 7 p.m. Friday, according to Judge Herb Chesshir.

Polling places and presiding judges of the election are:

- Precinct 1 — County clerk's office, Mrs. Viola Simmonds;
- Precinct 2 — Jessie G. Randal School, James A. Foy;
- Precinct 3 — County judge's office, Mrs. Gladys Moorhead;
- Precinct 4 — County superintendent's office, R. B. Perry; and
- Precinct 5 — Union Gin office, Raleigh Luker;
- Precinct 6 — Meadow School, B. C. Horton;
- Precinct 7 — Johnson Gin office, W. E. Johnson Sr.;
- Precinct 8 — North Tokio Community Building, N. F. Lovelace;
- Precinct 9 — Poole Community Building, Roy Barrier; and
- Precinct 10 — Wellman High School, R. J. Rowden;
- Precinct 11 — Anderson Grocery of South Tokio, Reg. Martin;
- Precinct 12 — The Party House, Murphy May, and
- Precinct 13 — Tax Assessor-Collector's office, Henry Newman.

The election will mark the second time a bond issue has been presented for purchase of the hospital. The initial proposal, for the same amount as the present issue, was voted down by about a 2 to 1 margin on Nov. 5, 1955.

used in the West. Zant, who operates a repair shop at 617 West Main, has a small, but unique, collection. "I used to have a pretty good collection, but found too much money could be wrapped up in a hobby," he said. "However, I have some excellent pistols that I intend to keep."

Most prized is a Remington single-action cap and ball pistol used by the U. S. Army in the 1800's. According to legend the pistol, which was found shortly after World War I by a Plains rancher, was used by a Negro cavalry regiment that was searching for Indian bands around the Caprock country, said Zant.

The regiment, headed west through here, ran out of water and became disorganized. "They dispersed to the four winds and apparently perished," he added.

Another pistol, like the first one, was uncovered about 3 miles north of here by a deep-plowing operator. The weapon, though badly corroded, still had ball ammunition in the cylinder.

pointed chairman of the subcommittee, proposed that advisors "go to higher authority" in protest of the department's requirement of a 50-cent-an-hour minimum wage for all Mexican farm laborers.

Growers had objected vigorously to a floor under wages of braceros paid by piece rates on grounds it would destroy incentive. Muldrow declared that a 50-cent minimum would encourage malingering by the bracero.

Labor officials urged growers to make maximum use of American workers because of the business recession. Officials added that the secretary of labor would not authorize use of braceros if an investigation showed "reasonable doubt" that domestic agricultural workers would suffer because of the Mexicans.

The two-day meeting was attended by Muldrow and J. O. Gillham, president of Brownfield State Bank and Trust Company.

Kenneth Browning. The Tuesday sessions are part of the registration for those children who will enter school here in September, explained Browning.

"Much of the information offered will be helpful to parents in developing the right attitudes and concepts of education," he said.

First session will get under way at 9 a.m., with parents meeting in BHS auditorium to listen to a panel of speakers comprising first grade teachers, nurse, guidance director, curriculum coordinator and elementary principal.

This panel will attempt to answer all questions about school and school life, and to give specific information about such items as health, age requirements, school rules, cafeteria and buses.

Second session will be held at 2 p.m., the parents to bring their pre-school children to Randal or Colonial Heights schools, according to the zone in which they live.

Blast at Crime, Communism Is Delivered Here

A double-barreled blast at "the twin enemies" of American freedom — juvenile crime and Communism — was loosed here last Sunday by Warren G. Moore of Tyler, commander of The American Legion in Texas. Moore addressed some 175 Legionnaires attending the annual spring convention of the Legion's District 19, held here Saturday and Sunday and hosted by members of Brownfield's Howard-Henson Post 269.

FOR 8th GRADERS

Orientation To Be Held on Tuesday

An orientation program for eighth grade students entering high school next fall will be held at 8 p.m. Tuesday in BHS Auditorium, according to Dr. Robert Hoey, director of guidance.

The program, which is mandatory for eighth graders, will explain courses of study offered and various regulations important to the incoming freshman.

"Parents are urgently requested to accompany their child," said Hoey. "They will need to help him make some career plan decisions during the orientation."

The guidance director noted that actual scheduling for all classes will be held May 13. "However, Tuesday's meeting must be attended by the student because it is part of registration," he added.

Teachers and administrators of Brownfield schools will be featured speakers. will demonstrate materials and procedures used, and children and parents can get much information which will help them in their preparation for next fall, said Browning.

"Crime and Communism inject their poison at the roots of Christian civilization," the state leader told his audience. He warned of the overwhelming appeal that Communism "apparently exercises" over the student mind by promising two things:

1. Participation in the conquest of the world.
2. Later participation in a program to change human nature so as to populate the earth with people having superior personalities.

"Not many months ago, the present dictator of Russia predicted that our grandchildren would be living under the heel of Communism," said Moore. "Either faith will triumph or Communism will engulf us. In this land of ours the two cannot live side by side."

Crime, like Communism, is making disturbing advances in the United States, the speaker told his audience. "Before the end of 1958, one out of every 16 homes will be struck by crime. One out of 15 persons in the United States has been arrested for a serious offense. One out of every 29 arrested has been convicted."

The commander told the Legionnaires that besides the demoralizing effect, crime is costly. Each family pays \$467 annually as its share toward keeping up the criminal element.

He called even more tragic the fact that arrests of boys and girls 10 to 17 years old have increased 21 per cent in the last four years while their numbers have increased only 10 per cent.

Moore spelled out the following seven-point program for the improvement of American youth:

1. More extensive youth programs.
2. Coordination of such programs with a strong educational system.
3. Teach youth that life in America is what one makes of it.
4. Teach young people that they cannot get the finer things of life wrapped up in a dollar bill.
5. Show children the advisability of doing just a little more than is required of them in their work.

Crippled Children's Clinic Is Scheduled

Terry crippled children are encouraged to attend a clinic

6. Give them the spiritual background and teaching of the Ten Commandments.

7. Administer, when needed, that oldtime woodshed remedy in sufficient quantities to put Father back at the head of the family.

WIN SIX BANNERS AT TECH

Four Brownfield Judging Teams Are Qualified For State Meet On Saturday

Brownfield FFA judges won six banners and qualified four teams for state competition at the 31st annual Texas Tech V-Ag contests held Saturday.

The competition consolidated Tech contests with Areas I and II meets during the day.

BHS teams copped first place banners in Area II and Tech Meas Judging contests and in the area Dairy Products competition.

The poultry team placed second in Area II but was named tops in the Tech Poultry Judging division.

Other placings included: Dairy Cattle, fifth in area; Dairy Products, fourth in Tech contests; Land Judging, fourth in area, and Cotton Classing, second in area.

Lonnie Bartley was high individual among dairy cattle contestants.

Other high-ranking BHS judges were Ronnie Bartley, third in meats judging contest; Gary Moore, fourth in meats; Jimmy Smotherman, eighth in dairy products, and James Chidester, eighth in poultry.

Banners were presented to the top three team in both Tech and area contests. The top 10 per cent of teams in area contests qualified for the state meet at College Station Saturday.

to be held at 9 a.m. Monday at the Lubbock Cerebral Palsy Center, according to Mrs. Viola Simmonds, county health nurse.

Physicians in charge of the clinic include Drs. R. Q. Lewis, J. Elbert Lovels, Charles E. Ratcliff and John B. Patterson, a Fort Worth plastic surgeon.

Mrs. Simmonds urged that parents contact South Plains Health Unit if they plan to take children to the clinic. "We need to have this information in order to have necessary records available to the clinic," she said.

Mrs. Simmonds added that no charge will be made for the clinic.

Medals were awarded to the three high individuals in each division and ribbons went to the next seven high scorers.

About 1,500 boys from 138 West Texas FFA chapters participated in the day-long event. Participants and v-ag instructors were guests of Plains Cooperative Oil Mill at a barbecue at the conclusion of the contests.

Teams, which were scheduled to leave at 6 a.m. today, competing in the state meet include:

Dairy Cattle—Johnny Willis, Lonnie Bartley, Leon Hinson and Robert Wright. Dairy Products — Leon Clark, Jimmy Smotherman, Gene Purteff, Gene Gipson and Bobby Whitney. Poultry—Homer Pendergrass, James Chidester and Lenis Roscoe. Meats — Ronnie Bartley, Gary Moore and Herbie Pickett.

Two teams, cotton classing and land judging, will not compete at the state event. Competition in the two events will not be held at A&M. Members of the two teams are:

Cotton classing — Guy Henson, Clyde Bankhead and Keith Addison. Land Judging — Pete Green, Roe Stephens and

Terry Sports Review

By CHARLIE MAPLE
NEWS Sports Editor

Spring drills for Cub gridders opened yesterday in the curtain-raiser on a three-week grind.

From all indications, aspirants are in for a long, hard schedule as Doug Cox and his staff begin the search for a strong starting group and an adequate bench for the fall campaign.

On paper the Cubs look stronger this year, experience-wise, despite the loss of six offensive and one defensive starting men. However, it is hard to replace the experience represented by these seven.

It took the Cubs five games last fall to gain the experience to become the fighting machine it was after mid-season in 1957. We hope they fully utilize spring training to pick up some of the needed experience now instead of next fall.

The coaching staff likely will depend heavily on last year's "B" team which had 18 lettermen. Freshmen also will be scrutinized to see if they can make the big step to varsity ball.

It is seldom a high school youngster can make the step from frosh to varsity ball, but Doug said he will be on the lookout for anyone he thinks will provide the winning punch.

General Telephone Employees Sign New Contract for Work

A contract agreement was reached Friday between General Telephone Company of the Southwest and Communication Workers of America, according to Mark F. Cooper, public relations director for the company.

The new contract will increase total annual wages roughly \$265,000 but there was no across-the-board increase. Maximum wage increase agreed on was 16 cents an hour. The average hourly wage increase was approximately .045. There is no change in vacation status, a major point in negotiations.

The new contract will affect about 2,800 workers in the five-state area of Texas, New Mexico, Oklahoma, Louisiana and Arkansas.

Spokesmen said the wages went into effect Sunday (April 27) and will remain in effect 12 months. However, official signing of the contract by company and union officials will not take place for several days.

Negotiations began March 17. Walter White, federal mediator of Dallas, was called into the bargaining sessions April 14 after a stalemate was reached.

Scanning last year's lineups in the district, we found Brownfield again is near the bottom of the totem pole in returning varsity members. However, we were not able to determine how the Cubs stack up on starters returning.

The Cubs lost 12 vie the graduation route and one other varsity man reportedly is not going to join the squad this year, leaving 12 returnees for the '58 season.

Andrews lost 18 of 37 players through graduation (mostly their starting lineup): Monahans, 11 of 24; Pecos, 14 of 30, and Ector, 7 of 31. We do not have any information on Kermit.

One thing we must point out — though Andrews lost nearly all their starting lineup, their "B" and freshman, which will feed the varsity, hardly know what "loss" means. We aren't kidding ourselves — Andrews will be tough again this year.

The grapevine reports Kermit will be stronger this year, as well as Pecos Ector. Monahans will be the dark-horse of the group. Coach Ray Pope, who has six returning starters, is installing a split-T attack at Monahans in his first year at the school.

Brownfield women's softball team began practice Tuesday, readying for their second season under the auspices of the park and recreation commission.

Lonnie Drewry will coach the group which practices at 5:30 p.m. daily on the Colonial Heights diamond. The team is open to all women interested in playing.

Terry Little League tryouts started with a bang Monday with about 200 youngsters, 10 years old and below, filling the park and surrounding area with bats and balls.

This certainly is a sure sign that spring is here if the dust storms have not indicated it. Tryouts will continue today for 11-year-olds, and 12-year-olds will work out Friday.

Rev. Dale Pruett Heads Johnson Youth Revival

The Rev. Dale Pruett of Lubbock will preach for a three-day youth revival starting at 7:30 p.m. Friday, in Johnson Baptist Church.

Services are scheduled for the same hour each evening. Fly Young of Amherst will direct the music. The Public is invited.

DATE TO BE ANNOUNCED

Safe Driving Road-E-O Is Scheduled This Month By Jaycees of Brownfield

A Safe Driving Road-e-o will be held here this month, at a date to be announced, by Brownfield Junior Chamber of Commerce.

The event for teen-agers was discussed during the weekly Jaycee luncheon Monday in The Party House.

General chairman of the event will be Jaycee B. C. Vick, appointed by Pres. Jimmy Billings.

Three new members also were introduced Monday: Barney Doss of 1412 East Tate, employee of Collins Dry Goods; Elroy Payne of 580 East Repetto, assistant football coach at Brownfield High School, and David Robison of 407 Tahoka Road, employee of Klein's.

Said Vick: "The Safe Driving

Road-e-o is designed to give the nation's young motorists an opportunity to prove and improve their driving habits.

"The event is for any teenage boy or girl who will not have reached 20 years of age by Aug. 15, last day of the national finals in Washington, D. C., who has a driver's license or permit, and who has a clean record of no moving traffic violations in the past six months."

Vick went on to explain that the road-e-o will offer the national winners three scholarships totaling \$4,500 (\$2,000, \$1,500 and \$1,000) and an all-expense-paid trip to the nation's capital for the winner of the event in each state.

Jaycee Walter Meyer said an invocation.

May 1-7 Is Designated Correct Posture Week in Terry; Dr. McIlroy Chairman

The period May 1-7 has been designated Correct Posture Week with the aim of correcting postural defects and thus diminishing the chances of illness later, Dr. T. H. McIlroy, posture chairman for Terry County, said Wednesday.

Observance of the week-wide is being sponsored by the Texas State Chiropractic Association and chiropractors of this county are cooperating in the move to make the people aware of the relationship between good posture and good health.

Dr. McIlroy said it was fully as important for people to check their body posture periodically as to have their teeth checked.

"Nerves, muscles vital organs — all may suffer impairment of functions as a re-

Six Oyster Reefs Built Along The Texas Coast

Oyster production in Texas has been given another assist by the Game and Fish Commission with the building of a half-dozen reefs in the vicinity of Port Isabel, according to Howard Lee, director of the Marine Laboratory.

The six reefs were constructed of mud shell in Laguna Madre, a short distance north of Port Isabel. Three were built on each side of the channel.

A close study will be made of oyster production on the reefs and others will be built if the operation is successful.

"If a postural fault is neglected, it may be very difficult to correct later in life and may be the cause that results in illness," Dr. McIlroy added.

He said that during Correct Posture Week it was hoped that the attention of all people would be brought to not neglect their postural faults so as to give a greater assurance of good general health later in life.

Softball for Women Is Slated Here

The Brownfield women's softball team began workouts Tuesday in preparation for the upcoming season, according to Lonnie Drewry, coach.

The group, which practices at 5:30 p.m. daily on the Colonial Heights field, is open to all women who are interested in playing softball, said Drewry. Though practice already has started, interested persons may join the team, he added.

The team, which will play under the summer recreation program, played women's teams from Meadow and Seminole last year. However, a more complete schedule will be attempted this year, noted the coach.

Darlene Bowman Is Elected 'Fun Night Queen' At Meadow

Miss Darlene Bowman, sophomore daughter of Mr. and Mrs. Jess Bowman, was elected queen when Meadow seniors staged their annual "fun night" Friday in the old gym.

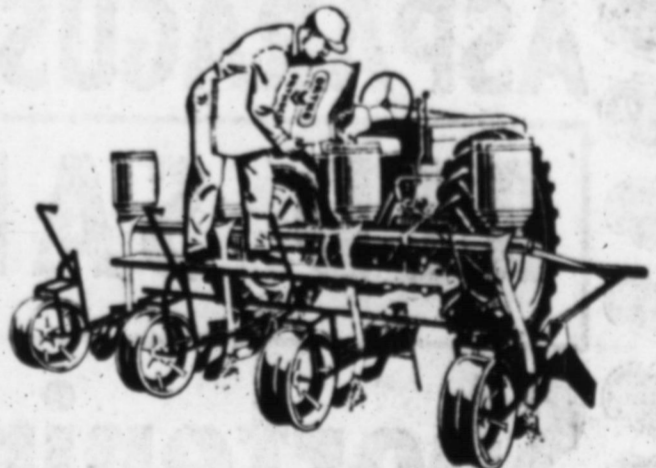

Other entertainment included cake walks, ducking stool, cards and dominoes, ping pong, basketball throws and concession stands.

Money raised, will go toward financing the senior trip, to be taken as soon as the school term ends.

Senior class officers assisting with the program were Harold Henson, president; Jerry Tyler, vice president; Carolyn Verner, secretary; Gail Kisor, treasurer, and L. L. Ericson and Miss Alma Wells, sponsors.

Cotton Growers Seed is scarce... make everyone pay off!

Treat your cotton seed furrows with ORTHOCIDE Soil Treater X — the new ORTHO soil fungicide.

You need no special equipment with this easy planter-box treatment. Just sift the dust (1 1/2 - 3 lbs. per bushel) directly on the seed in the planter-box. It's as simple as that! The dust gives previously treated seed added protection from seed rot. The excess material filters down into the furrow and forms a "protected zone" around the seed and seedling. With planter attached duster equipment, apply 10-12 lbs. of ORTHOCIDE Soil Treater X per acre.

Reduces losses due to damping-off, sore shin, sore shank, seedling blight, seedling root rot, other seed and soil diseases.

Order ORTHO Soil Treater X from your ginner today.

TWO-DAY RUN — Three of the top players in the western drama, "Ride Out For Revenge," are, from left, Gloria Grahame, Rory Calhoun and Joanne Gilbert. The picture will be at the Rialto Theatre Friday and Saturday.

REAL RIP-ROARING WESTERN

'Ride Out For Revenge' Slated For Two-Day Run At The Rialto Theatre

A rip-roaring adventure of the west, "Ride Out For Revenge," starring Rory Calhoun, Gloria Grahame, Lloyd Bridges and Joanne Gilbert, is slated to open Friday at the Rialto Theatre.

The picture tells through action and drama, the hate between white man and red man on the Great Plains in the 1880's, and how some people did their best to erase that hatred.

The story is set in the Dakotas some 90 years ago when the Army attempted to move all the Cheyennes from their ancestral hunting grounds in Oklahoma. Some resisted with a violence that exploded

throughout the tinderbox west. "Ride Out For Revenge" was written and produced by Norman Retchin and directed by Bernard Girard.

Rory Calhoun, one of Hollywood's handsomest stars, plays the role of a rugged man of the west who believes one has to understand the Indians, and is willing to fight to prove his point.

Gloria Grahame returns to the screen in "Ride Out For Revenge" after two years in Europe, to play the part of an embittered woman who has been made a widow by an Indian raid.

Joanne Gilbert is an Indian girl whose brother wants only one thing—death for the white man. And Lloyd Bridges is the terror-stricken Army commander who covers his fear with bluff and hatred for the Indians.

Others in the cast include Vince Edwards, Richard Shannon and Michael Winkleman.

Let's Talk Livestock!

By TED GOULDY

FORT WORTH — Word was received in Fort Worth Monday that the importation of live cattle from New Zealand to the United States has been postponed. The imports of feeder cattle from New Zealand had been slated for May, and according to the Foreign Agriculture Service, of the United States Department of Agriculture the shipments will be delayed at least sixty days.

Livestock interests at Fort Worth viewed the idea of live cattle imports from such a distance as largely a "stunt" at the time it was announced several weeks ago, since the length of time and transportation difficulties involved appeared to make the deal too hazardous to be profitable.

The FAS report Monday bore this out with the terse announcement that, "The delay indicates that the economic and mechanical difficulties involved in the transaction may have been greater than expected."

The report throws additional doubt on the likelihood of any imports at all by saying, "Whether any cattle imports will eventually be made from New Zealand is not known. However, imports appear much less certain than previous information indicated."

The livestock feeding business is hazardous enough at best without adding the factor of importing cattle from halfway around the world, even if the cattle were purchased for practically nothing. Shrinkage, death loss, injury, as well as possibility of disease losses, all are factors which make such imports across the ocean extremely dubious ventures. Some small lots of breeding stock have been shipped such distances and had close attention all of the way. The expense of giving this kind of hand care to commercial cattle would be another factor against the success of the operation.

The idea was spawned while United States stocker cattle prices were at the highest peak in five years and at the second highest point in history, and no doubt this situation made New Zealand prices look "cheap". It appears the sponsors of the program have taken

a second look, and it appears a safe bet that the whole deal will fade away and if it was a publicity stunt staged for the benefit of a new feedlot operation in the Western States, then it really worked.

LIVESTOCK MARKETS SHOW Strength, Supplies Light

Rainy and stormy weather over the weekend resulted in lighter numbers of livestock being offered at Fort Worth Monday, and since movement at other major markets over the nation were also of moder-

ate proportions the trade was active and prices on the up side.

Most classes of cattle and calves at Fort Worth sold strong to as much as 25 to 50 cents higher, and the turn toward the strong side was a welcome relief compared to low close the previous week. Good and choice steers and yearlings sold from \$25 to \$29, and feeders cashed at \$28 down. Renewed interest, in fleshy feeder cattle appeared, and some 850-pound fleshy cattle drew \$27 and \$27.50 as feeders, while 500-

pound yearlings sold at \$30 with heifers at \$28. Good stocker steer calves sold at \$30. Medium and low grade beefs sold at \$16 to \$24.

Fat cows cashed at \$17.50 to \$22, some heiferish kinds to \$23. Canners and cutters sold from \$13 to \$17.50. Bulls cashed at mostly \$17 to \$21.50. Choice fat calves drew \$26 to \$28.50, and lower grades scaled downward from that range.

LAMBS REACT FOLLOWING SHARP BREAK LAST WEEK

Lambs sold on a strong to 50

cents higher basis at Fort Worth Monday as the market reacted following the sharp break of the previous week. Sheep were fully steady. Good and choice Spring lambs sold from \$20 to \$22, and good and choice yearlings lambs sold from \$16 to \$17.50. Feeder Spring lambs sold from \$18 to \$20, and feeder old crop lambs drew \$15 to \$16.50. Yearling ewes were listed at \$22 down. Two-year-olds cashed at \$15 downward, Canner ewes sold around \$8. to \$9.

VOTES HAVE STARTED TO CRACK UP!

**ONLY THREE WEEKS LEFT
IN THE BROWNFIELD NEWS
CIRCULATION CAMPAIGN**

SECOND PERIOD STARTED TUESDAY, APRIL 29

To The Public

Now is the time to take out that New subscription or to RENEW through one of the candidates. And don't hold back that promise for it will count less votes after this period, and VOTES WIN! Unlike many campaigns, the votes in The Brownfield News Good Will Campaign DECREASE as it progresses. The second period closes May 9. You can aid your candidate by acting today!

Don't Be An If'er!

Don't be an 'If'er! "If I had worked just a little harder," "If I had written only one more subscription." Invariably the candidates who turn out to be "IF" workers are those who could have very easily spent that little "EXTRA" time in subscription getting, candidates who looked at a very serious business proposition as somewhat of a joke.

This is a business with leading candidates. It behooves every worker to likewise make it their occupation, their business, and do by it as they would expect to do any job or position.

Do the best you can and at the close of this drive you will not feel that you could have spent those few hours each day in a more profitable way. Resolve now to be the winner of the FIRST GRAND PRIZE—\$1000—or any other of the attractive awards, satisfied that it was that EXTRA effort that made you the prize winner, and that you did your honest best.

To The Candidates

In just a little while the votes, hit rock bottom. Make these precious few days count. Get in touch with all those who have promised you and make every hour count. Be able to say, "I HAVE DONE MY BEST." Remember . . . "All things come to the other fellow if you sit down and wait." Don't be a WAITER, but be a GO-GETTER. All the world loves a WINNER, and you can be a WINNER if you TRY!

U. S. SUCCESS STORY DEFENSE AGAINST COMMUNISM

Loyalty Day (Today) Born of VFW's Desire To Offset the Red 'May Day'

A nation is as strong as its economy is healthy and as its people are unified. Such a nation is hard to beat, either by force of arms or through infiltration. That is why the Communists have been waging a long, intense, undercover campaign to make patriotism a nasty word, an absurd, archaic concept. For, only if it can weaken our patriotism, and thus our unity, can Communism defeat its mightiest opponent.

It is vital that we, as citizens, take a new look at our strength instead of our weaknesses—look at the magnificent country we have today instead of at its relatively minor faults, which we constantly seek to correct.

Never in the history of the world has the common man lived as well as he does in the United States today. What we have achieved in living conditions for the common man has been sought fruitlessly by other people down through the ages.

We have accomplished what the Communists continue simply to promise to do. The U.S. success story is still the major obstacle to Communist propaganda throughout the world. It is the best proof that that men can live bet-

ter in freedom. But, we must never forget that patriotism is vital in keeping the U.S. success story a reality.

Today the Veterans of Foreign Wars of the United States are sponsoring their annual Loyalty Day, which was adopted by the organization in 1950 as a counter to the Communist May Day rallies.

The celebrations not only have been successful in doing just that, much to the aggravation of the Communists, but they also have evolved into a "one-day-out-of-the-year" when every American can, and should, demonstrate individual patriotism and loyalty to our great country.

Let's all join the V.F.W. on Loyalty Day and show our pride in the freedom and the whole magnificent heritage we have received from our forebears.

Let us be not afraid to take pride in our tremendous strides in recent years. Let us keep it in mind that we are the truly revolutionary nation of the world today, moving forward to make our own country and, in close cooperation with our allies, the world a better place in which to live. Let us be a patriotic America.

Environment Study Set By Gulf Coast States

An environment study will be made of the entire Gulf Coast area under a new project approved by the Gulf States Fisheries Compact Commission in Florida last week, according to H. D. Dodgen, secretary of the Game and Fish Commission, who attended the meeting with Howard Lee, director of the Texas Coastal Division of the Commission.

The project will be carried out by the U. S. Fish and Wildlife Service in cooperation with the Gulf Coast states. It will provide a factual record of conditions with the Gulf Coast states. It will provide a factual record of conditions of the bays, estuaries, and back-bay lands which can be used in connection with dredging or other programs that may react unfavorably to fish and wildlife.

Controlled Fishing Set At Sheldon Lake

Texans will get their first chance at free fishing in controlled public waters May 1, when Sheldon Reservoir in the Sheldon Wildlife Management area is opened, according to H. D. Dodgen, executive secretary of the Game and Fish Commission.

Fish and wildlife biologists have been three years in developing this lake, taken over from the City of Houston by the Game and Fish Commission as a management area. The lake was thoroughly renovated and restocked with game fish. It will be officially opened May 1.

The reservoir is located 15 miles east of Houston just off U. S. 90. Daily fishing will be permitted until the opening of the waterfowl season this winter.

Creel limits will be 5 large-mouth black bass, any size; 25 crappie, any size, and 25 channel catfish any size. The fish must be taken by means of rod and reel or hand line. No motors will be permitted on the reservoir.

A half-dozen game wardens will be on hand the opening day to give assistance to fishermen and assist in taking creel counts.

The Lake Houston Fish-O-Ree will open May 2, as a fisherman's battle on nearby Lake Houston. The two fishing events are expected to draw hundreds of fresh water fishermen to the coastal area for a busy weekend. The Fish-O-Ree is being staged by the Houston Chamber of Commerce.

BAKE SALE SET

Brownfield Chapter 785, Order of the Eastern Star, is staging a bake sale Saturday morning at Copeland Hardware. Homemade pies and cakes are to be sold.

PROCLAMATION!

WHEREAS, an opportunity is provided annually for every citizen to reaffirm his faith in the United States of America through a program sponsored by the Veterans of Foreign Wars of the United States; and WHEREAS, there have been periodical attempts over the last two centuries to stifle and destroy those hard-won rights of free speech, freedom of the press and the right to worship as one chooses; and

WHEREAS, each of us should make a personal pledge to uphold these God-given rights in the defense of which thousands of our fighting forces have died on battlefields all over the world; now,

THEREFORE, I Arlie Lowmire, Mayor of Brownfield, hereby designate today as LOYALTY. I urge that every man, woman and child in this city join in a demonstration of his or her undivided allegiance to the government of the United States and the ideals which it defends and preserves.

I further hope that all civic groups will join on that day, or another day designated, to give expression to that loyalty through public demonstrations of all kinds; through the display of our National Emblem and through cooperation with our overseas veterans whose devotion and courage continue in peace as sponsors of this observance.

Signed Arlie Lowmire.

Resident's Mother Is Buried Tuesday

Mr. and Mrs. Harvey Gage of 701 East Oak returned Wednesday from Sudan, where they attended the funeral of her mother, Mrs. Susan Jane Billings, at 2:30 p.m. Tuesday.

Mrs. Billings, 86, died Sunday in Friona Hospital. She had lived with another daughter, Mrs. Earl Chester of Friona.

Services were in First Baptist Church of Sudan, with the Rev. W. O. Perry officiating, assisted by the Rev. L. A. Sartain of Friona Baptist Church. Burial was in Littlefield Cemetery, by Claborn Funeral Home of Friona.

She is survived by a third daughter, Mrs. G. W. Stowe of Vernon, and four sons; M. R. Billings of Anton, Richard Billings of Alvord, C. H. Billings of Lubbock and L. A. Billings of McKinney.

Meadow Has Grip On Spring Activities Trophy In District

Meadow leads in the race for the spring activities trophy for District 7-B, reports Nathan Tubb of Whiteface; director of Texas Interscholastic League for the district.

The school, including both grade and high school, with the greatest number of points at the conclusion of scheduled

activities receives a trophy from the district.

Points are assessed according to TIL standards for literary events, tennis, volleyball, track and field and playground ball.

Standings as of April 28, are as follows:

Meadow	201
Union	144
Smyer	116
Wellman	105
Whiteface	105
New Home	72

The playball tournament held in Whiteface April 29 was the final event.

The Thinker... are you one?

A lot of drivers give very little thought to the care of their cars. Most any gasoline will do, or indifferent service. Not so the thinking man!

He knows his car is a big investment. He wants the best gasoline and motor oil and the best service he can get to prolong his car's life, improve its performance, maintain its value.

We believe that most of the men and women who come to Phillips 66 Stations are the thinking type... people who appreciate expert service performed by trained men.

\$300,000 Bond Issue For The County To Buy Treadaway-Daniell Hospital

Friday — May 2

Imagine For 1 Minute What Our County Would Be With Out A Hospital... We Cannot Afford To Let It Happen!

Reasons For Supporting Bond Issue . . .

It is not a matter of whether we want to own (Tax Payers) a hospital or not, it is to the point now, DO WE WANT A HOSPITAL IN TERRY COUNTY OR NOT? We honestly believe that Treadaway-Daniell Hospital will close July 1 if the voters of this County do not pass the bond issue.

An open staff hospital is the only way we are going to have a sufficient number of doctors to care for the medical needs of the people in this County. You might say then, "Go to Lubbock for medical treatment." Do you realize that two trips from Brownfield to Lubbock will cost you more than the average tax payer will pay in one year to have the facilities and doctors here at home.

You might ask this question: HOW LONG WILL THESE FACILITIES TAKE CARE OF OUR NEEDS? We are of the opinion that 21 more patient beds than we now have will take care of us for several more years; then we can expand on the 1/4 block north of the present facilities.

We very definitely feel that Dr. Treadaway and Dr. Daniell are selling the three-fourths of a City Block of land, the building, furniture, fixtures, equipment, and linens well worth the money. The property appraised for more than \$250,000 and we are only paying them \$180,000. The remaining portion is being spent to convert the nurses home into hospital rooms, connecting the nurses home to the hospital, redecorating the present hospital, and leaving some \$50,000 for operating surplus.

Don't Sit Back and Let Someone Else Do Your Voting!
We Urge Your Vote and Support of the \$300,000 Bond Issue

REV. WINFRED MACK
Youth Revival Set
At First Assembly

Evangelist Winfred Mack, a former Brownfield resident, is preaching for a youth revival now being held at First Assembly of God Church, located at North Fifth and Ripley. The Rev. Mr. Mack, is bringing a message each day at 7:30 p.m. With services to continue through May 4, "To Hell and Back Again" and "Final Account" are two topics selected by the evangelist, for sermons. The Rev. J. R. Brasher, pastor, says special music has been planned. He states, "Everyone is invited."
