

JAYCEES WILL MAN 2 SERVICE STATIONS SATURDAY

'FINE MEAL' — William A. (Bill) Blakley, candidate for Texas' junior senator, took time out to cook the meal for Brownfield Lions luncheon from a busy campaign to talk to Mrs. E. E. Preston, left, and Mrs. Lillie McPherson, who didate for Texas' junior senator, took time out Wednesday. Blakley was speaker at the event.

BROWNFIELD NEWS EDITORIAL

Destiny Has Picked Bill Blakley for Major Role

We like that tall, lean Texan by the name of William A. (Bill) Blakley!

He seeks the U. S. Senate seat now held by Ralph Yarborough.

He has the sincere endorsement of the Brownfield NEWS. Bill Blakley has been described aptly as a "fresh breeze" in our Texas politics, and we earnestly hope that the breeze wafts him into the Congress next July 26.

For numerous reasons, we want much to see Wm. A.—the "A" stands for Arvis—Blakley in the Senate:

1. He is in tune with Texas, speaking and understanding the language of the men who have made us a great state.

2. He will put government by Constitution above all else.

3. He will be a major deterrent to further insidious envelopment by federal authority.

4. He is beholden to no one, entering the senatorial race by his own decision.

5. He is adamant for states' rights.

6. He is in the unique position of not having to promise or to kowtow to any special-interest groups, whether they be the press, labor, insurance, banks, schools, races, or — well, you name it.

We have listed only a few of the Blakley qualities, characteristics and qualifications which attract us to him.

His own public utterances stamp him even more as the Texan who must go to Washington for us.

In a May speech at Abilene: "I grew up on the open plains. From that life, I have acquired certain beliefs and principles: "First of all, I measure each man by what I understand he is within himself, not by the label or brand somebody else may try to put on him."

"Secondly, I regard each man as an individual entitled to be treated with respect and dignity.

"Third, I have an abiding interest in my neighbor's rights—if his rights are lost, my own rights also will be gone. The rights and privileges of freedom for us all must be — and exist — together."

The essential elements which must be upheld, Blakley has told audiences throughout the state, including Brownfield, are the principle of majority rule "which respects the rights of minorities without being subject to the treachery of producing a tyranny by minority control;" and

State sovereignty "which keeps government close to the source of authority — the people themselves," and "the freedom of the individual and the rights of private property."

Why is a man of Bill Blakley's intelligence and independent wealth means subjecting himself to the punishing rigors of a political campaign? In his sincere manner, Blakley offers the answer:

"I have been permitted to make my own way — and required to do so — by my own effort and by much good fortune. To me such a privilege is the greatest heritage that can come to any man.

"If I can pay part of this debt to my state and my fellow Texans—in terms of public service—by doing all that I can to preserve for others the same opportunity I have had, I feel strongly an obligation to do so."

We wish him every success. He would make us a great United States senator.

Queried about the bracero problem in the Southwest, he revealed he does not have bracero labor on his ranch. "I think we ought to use our workers if possible, but I know the farmers have to have help, and I'm against these labor leaders trying to keep bracero workers out when they are so badly needed."

Blakley, who was appointed to the contested seat for four months after Gov. Price Daniel resigned to assume his present office, obviously enjoyed his rapid-fire visit here.

Before making his downtown tour, he spent almost 30 minutes talking to well-wishers, answering questions and posing for pictures.

His weeklong tour took him through most of West Texas' major towns before he returned to Dallas Friday. He is expected to make another swing through the area before the July 26 primary, according to campaign workers.

WILL COME TO BROWNFIELD IN EARLY AUGUST

Hospital Administrator Employed By Board; Has A Rich Background

Injuries Are Fatal Here For Toddler

A 2-year-old Brownfield boy was injured fatally here when he was struck by an automobile shortly before noon Thursday at C. C. West Camp on Lubbock Road. The mishap marked the first traffic fatality here this year.

The child, Doyle Ray Williams, son of Mr. and Mrs. Doyle L. Williams of the camp, died about 1:40 p.m. Thursday in Treadaway-Daniell Hospital. He suffered severe head injuries in the mishap.

Officers reported that identity of the vehicle's driver is unknown. The child was discovered lying near his home by his mother about 11:20 a.m. No witnesses to the accident have been found, added officers.

Services Are Friday

Funeral services were held at 2 p.m. Friday in Brownfield Funeral Home Chapel, with the Rev. Boyd Pearce, pastor of Immanuel Baptist Church, officiating. Burial was in Babyland plot of Terry County Memorial Cemetery under direction of Brownfield Funeral Home.

The boy was born May 18, 1956, in Dallas. The family moved to Brownfield about two years ago.

Survivors besides the parents include one brother, Roy Eli, and one sister, Rebecca Ann, both of the home; paternal grandparents, Mr. and Mrs. J. C. Williams of Route 1, Ropesville, and maternal grandparents, Mr. and Mrs. E. L. Shell of Weatherford.

The man who will administer Treadaway-Daniell Hospital after it is bought in the near future was hired here Wednesday.

He is Charles Thomas Davis Jr., who will come to Brownfield from Midland Memorial Hospital, where he is serving in the same capacity.

When purchased, Treadaway-Daniell Hospital will become Terry County Hospital.

The hiring of Davis was one of the first official acts of the hospital board of managers: Val Garner, Lee Bartlett, C. A. Winn, C. K. Kendrick, Bruce Zorns and Dennis Q. Lilly.

President of the board is Garner; vice president, Winn, and secretary, Lilly.

Davis will take on his duties here in early August, and will spend several weeks setting up his organization and in consultation with the present owners.

Although the matter of transferring deeds and other papers in the purchase of Treadaway-Daniell will take only short time, the voluminous details involved in the transfer of the physical property will involve some time, said board members.

Said Pres. Garner: "We have spent several weeks searching for the right man for the job."

New Administrator of Hospital

EFFECTS OF ACT ARE WORLDWIDE IN SCOPE

The Historic Merger of Presbyterian Bodies Is Described By Brownfield Minister Who Participated Actively in Program

By RALPH O'DELL, Minister of First Presbyterian Church

PITTSBURGH (Special)—On May 28, more than 850 commissioners of the Presbyterian Church in the U. S. of A. and 350 from the United Presbyterian Church of North America officially dissolved their former denominations.

Some 30 minutes later, these bodies marched toward each other on Fifth Avenue in downtown Pittsburgh and joined ranks at Bigelow Boulevard.

The delegations were led by their moderators, stated clerks, participants in the Communion Service and flag-bearers.

Moderators Robert N. Montgomery of the U. P. church and Harold R. Martin of the U. S. A. church greeted each other with a ceremonial hand-shake to mark the union of the two denominations.

Then, the two banners of the U. P. and U. S. A. churches were withdrawn, and a banner heralding the new church — "The United Presbyterian Church in the United States of America" — was raised and the united column moved up Bigelow Boulevard to the Syria Mosque where the subsequent meetings of the new church were held.

The Syria Mosque housed the only auditorium in Pittsburgh large enough to accommodate the General Assembly, guests and visitors.

This marked the 100th General Assembly of the U. P. church and the 170th of the U. S. A. church. The two bodies bring the total membership of active communicants to more than 3,100,000 — the fifth largest Christian body in the United States.

The much larger U. S. A. church not only adopted the name "United Presbyterian" from the smaller denomination but went "the second mile" in Christian charity and brotherhood.

FOR SPRINKLER IRRIGATION ON FARRAR FARM

Underground System Set

Work was begun this week on one of the first underground irrigation systems to be installed in Terry County in several years.

Signal for the undertaking was the arrival of the first load of Johns-Manville Transite Irrigation-Pipe, consigned to J. B. Knight Farm Machinery.

Eulice Farrar, who farms in the Gomez Community, purchased the pipe, which will be laid underground 3,080 across his fields and will connect two wells.

Said Farrar: "The main reason I am installing this type of system is that this pipe, made of cement and asbestos, is noncorrosive, the joints are leak-proof, and there is no deterioration."

Carroll Sanders, Johns-Manville representative from the Houston office, was here this week to help in the laying of the pipe. Glenn Milner, company installation instructor of Lubbock, will supervise the project.

Said John Clark, manager of Knight Distributing Company: "This is only the beginning of this form of underground irrigation in Terry and the area. We already are working on other projects which will be installed in the near future."

The new type of pipe, which is made in the company's plant at Denison, is the first to be used in the county, although it has been used much by several cities and oil companies for water and oil transportation.

No Storage Space
Company officials say: "Transite Pipe is constructed especially to withstand high pressures needed for proper sprinkler irrigation. By using buried feeder mains on the irrigation system, the time and labor of stringing out and making connections is saved."

See No. 2 Page 8

Membership Efforts Still Going Strong; Noble Team Leading

Brownfield Jaycees will don the clothes of a service station attendant Saturday.

Purpose: To wash and grease as many cars as possible during the day.

Place: At both Humble stations owned here by Harold Crites, 115 South First and 721 Lubbock Road.

The organization is calling the upcoming event "Jaycee Day," the time to be used for raising funds to secure some of its civic projects and to meet the expenses of sponsoring the Little League Braves.

Said Jaycee President Jimmy Billings: "The men who service your car at both Crites stations will be in earnest. You are assured the same fine service as always."

"A trained attendant will be on the scene to help us, and the complete facilities of the stations will be at our disposal."

Harold Crites will turn over both stations to us on Saturday. All profits will be given to the Jaycees. Humble Oil & Refining Company, through its representative here, James Massey, will furnish bubble gum and popcorn for all the children.

The "boss" at the South First station will be John Badgwell of General Telephone, and at the Lubbock Road site, R. T. Wilson, distributive education teacher in Brownfield High School.

Opening hours will be from 6:30 a.m. until 10 p.m., or later, said Billings. Employers of all Jaycees will release them for all day Saturday to take part in the program.

The junior chamber of commerce currently is in the midst of its membership campaign, goal of which is to bring the group up to 60 in number.

The team of Robert Noble was reported leading in new memberships at last count, with that of Frank Gorton trailing.

Collins In Big .550 Bat Lead

Richard Collins of the Cardinals is top batter in Terry's Babe Ruth League through the first half of the season with a .550 percentage mark, according to league officials.

Johnny Herring and Tommy Proctor of the Pirates are tied for runner-up spot with a .500 average. Darwin Cheatham of the Cards is third with a .476 mark.

Statistics were released this week on the 15 top batsmen and team batting percentages.

The Cardinals, currently at the top of the loop, also lead statistically with a .323 average on 57 hits in 195 trips to the plate. Top three teams' batting figures coincide with present standings. However, the bottom three do not follow suit.

Dodgers Are Second — The Dodgers, second in the league, are sporting a .264 team average and the Tigers, in third, are batting .259. The Yankees, fourth, are left statistically with .182, while the Red Sox, fifth, are batting .188 and the Pirates, sixth, are stroking at a .233 pace.

BALLOT IS SET FOR PRIMARY

Political Speed Up Expected In Terry

By CHARLIE MAPLE
NEWS Staff Writer

With the July 26 Democratic primary only one month away, Terry political candidates are expected to step up campaigning this week.

The county Democratic Executive Committee, headed by P. R. Cates, last week drew lots for candidates' positions on the ballot. Six Terry positions will be contested as well as numerous state offices.

Cates was appointed to the county chairman's position June 9 to fill the unexpired term of the late Leonard Lang.

Primary conventions have been slated for 2 p.m. July 26 in each of the four Terry precincts. Precinct 1 will meet in 196th District courtroom; Precinct 2 in Meadow High school gymnasium; Precinct 3 northeast corner of the courthouse basement, and Precinct 4 in the district clerk's office.

County convention will be at 2 p.m. Aug. 2 in 106th District courtroom.

The tax assessor-collector's office reports at least 3,545 Terry residents are eligible to vote in the primary and general election this fall.

Races for district clerk, county clerk and three commissioners' posts are expected to draw major interest in the primary on the local level. The two-way contest between William A. Blakley and Ralph Farborough in the U. S. Senate race is expected to be spotlighted on the national scene.

Candidates certified for the ballot, according to position, are as follows:
U. S. Senator — William A. Blakley and Ralph Farborough.
U. S. Representative — George Mahon.
Governor — Price Daniel, Henry Gonzalez, Joe A. Irwin and W. Lee O'Daniel.

Lieutenant Governor — Ben Ramsey and George Nokes.
Attorney General — Will Wilson.

State Representative, 98th District — Robert L. Bowers Jr.

Associate Justice, Supreme Court, Place 1 — Robert W. Hamilton, Wilmer B. Hunt and J. Edwin Smith.

Associate Justice, Place 2 — Frank P. Culver.
Associate Justice, Place 3 — Ruel C. Walker.

Associate Justice, Place 4 — Joe Greenhill and Sarah I. Hughes.
Judge, Court of Criminal Ap-

peals — Kenneth K. Woodley, State Railroad Commissioner — Olin Culberson.

State Comptroller — Robert S. Calvert.
State Treasurer — Jesse James.

State Land Commissioner — Bill Allcorn and L. J. Dimmitt.
State Agriculture Commissioner — Tom Griffin, Glenn H. Kothmann and John C. White.

Associate Justice, 7th Court of Civil Appeals — E. O. Northcutt.
Judge, 106th District — Trust Smith.

Clerk, 106 District — Mary Lena Winston, L. D. Bailey and Lois Blair.

County Judge — Herbert Chesshir.
Tax Assessor-Collector — J. D. (Jot) Akers.

Clerk — W. T. (Bill) McKloney and Wade Yardell.
Treasurer — Mrs. O. L. Jones.

School Superintendent — M. G. Brownlee.
Commissioner, Precinct 2 — J. T. (Buck) Albert, Wayne Mullins Jr., Fred Finley and A. C. (Cari) Stephenson.

Commissioner, Precinct 3 — B. F. (Red) Foshee, J. M. Trussell, Darwin Cargill and H. B. (Dock) Settle.

Commissioner, Precinct 4 — R. L. (Bob) Burnett, Alton Lee and L. B. (Shorty) Forbus.

Justice of the Peace — J. C. Johnson and L. A. (Lonnie) Rhyne.

County Democratic Chairman — Harold Simms and John J. Kendrick.

Chairman, Precinct 1 — P. R. Cates.
Chairman, Precinct 2 — J. M. Burjeson.

Chairman, Precinct 3 — Robert Beasley.
Chairman, Precinct 4 — H. L. Holleman.

We read this somewhere: "Bad politicians are put into office by good citizens who failed to vote."

TO NEW YORK—Pretty Anita Jo Wooley is pictured above minutes before she left Thursday on a three-week roundtrip to the East, with the United Nations as her ultimate destination. She's the daughter of Mr. and Mrs. C. S. Wooley of 391 East Hill, and a junior in Brownfield High School. Anita Jo was selected earlier this year by BHS officials for participation in the annual "United Nations Pilgrimage for Youths," and is one of 38

boys and girls in Texas who left Denton Saturday by bus. She and Brenda Joyce Suddereth of Plains, another area girl on the trip, were taken to Denton by Mr. and Mrs. Jim Harrell of 606 North A. He's an officer in Brownfield Oddfellow Lodge which, along with Brownfield Rebekahs, is paying expenses for the sojourn. The group will arrive back in Denton on July 10, Anita Jo will be home the next day. (NEWS-photo)

"You Can Be Prettier"

By Frances Gillham

AT THE BEAUTY AID CLINIC

The daily routine of good beauty care is a "must" if you want to be a lovely woman.

Sometimes, however, we look forward to an unusual occasion when we want to present an especially outstanding appearance. When this event arrives, set aside a full 60 minutes for your beauty ritual.

First, bathe in the luxury of Jeunesse Bath Oil, and follow with a matching fragrance of Jeunesse Bath Powder, and that by a touch of Zortel Perfume.

Buff It Off
Of course, you already have cleaned your face thoroughly and applied Bette Knowlton Hormone and Vitamin A Cream and allowed it to soak into your dry skin while you relaxed in the tub.

Now, with a turkish towel, buff off every single trace of cream and apply a flattering shade of Jeunesse foundation. While it dries, add your Aziza eye make-up with extreme

care. Then, brush on lipstick evenly and — for beauty's sake — fill out to a full line. Nothing adds age any quicker than a thinly drawn mouth!

Faintly rouge your cheeks, always and forever upward and outward so as not to create a low shadow, and finish with a light coat of powder.

If you prefer the moist look, which is so popular now, skip the powder, and you'll have a dewy glow all evening.

Never rush while you are dressing, and remember to put a towel around your neck while you brush your hair to a sparkling gleam.

You will enjoy Jeunesse Zortel Perfume because you do not have to re-apply it all evening. It is guaranteed to last 15 hours because its base is oil and penetrates the skin. There is no alcohol content to evaporate.

He will notice, too! We have three delightful

The Farmer's Wife

By ROSE JEAN HENSON

For the most part, the farming areas look better than I can ever remember seeing for this time of year. When I was a kid and was accustomed to helping hoe the cotton, I sort of made a mental record of the cotton progress by the Fourth of July.

It seems that there were very few times that cotton was peeking over the beds. Looks like this year may be a record if the hail will just leave it alone. True, some farmers have had to plant more than one time, but in most cases there has been sufficient moisture to replant before June 10.

There aren't as many people actually working as you have thought, at least not according to the following survey.

The population of this country is 160 million, but there are 62 million over 60 years of age leaving 98 million to do the work.

Then there are 75 million employed by the government in one way or another and that leaves 23 million to do the work.

Ten million are in the Armed Forces leaving 13 million to do the work.

Deduct 12,800,000, the number in State and City offices and that leaves 200,000 to do the work.

There are 126,000 patients in the hospitals and that leaves

74,000 to do the work, but 62,000 of these are bums and others who won't work so that leaves 12,000 to do all the work.

Now it may interest you to know that there are 11,998 people in jail, so that leaves just two people to do all the work, and that is you and me. If this be the case, then I'm getting sick and tired of doing all the work all by myself.

There are two angles from which one could look at this or at least that is what I got from the statistics I. Do each job that you undertake as though you thought that its success depended entirely upon you. 2. Feel sorry for yourself for being imposed upon to do more than your share and finally sit down and do to nothing.

I got a real thrill from reading Mrs. Scudday's feature in Thursday's NEWS about beauty shops. I don't remember some of the earlier methods of permanents which she mentioned, but brother! I remember the first permanent I ever got. Not meaning to take anything from what she has already said, but I think you will find my experience rather amusing, also.

I think I was about 11 years old. Anyway it was in the month of November and we had got out a few bales of cotton. School had turned out for cotton picking and I had worked like a Turk all week because I had been promised a permanent—a cherished dream come true in every little gal's eye in those days.

Anyway, came Saturday

afternoon and my hair all washed and shined (void of a vinegar rinse) because they said the permanent wouldn't "take" if the hair had been rinsed in vinegar.

Mrs. Beula Address had a shop in her house which stood where Harding Motors, Inc., is now. Well it was hot and crowded, but I was anxious to get my hair cured so that part didn't matter. My mother walked me down to the shop and conversed or maybe instructed the proprietor that I was to get a dollar wave.

Mary Jo (Neil) Hardy was the operator assigned to my head. How well do I remember all that winding and pulling. It seemed that she pulled the skin so tight my eyeballs moved up at least an inch.

I think I cooked 15 minutes with the usual procedure of blowing and fanning, which I hadn't thought about in years until I read the feature. When the time was up Mary Jo began to unwind the rods. Not to her surprise but to my dismay two of the curls did not take because the electricity had failed to heat the curler enough.

That meant 15 more minutes and somebody else had already got the baking machine so I was placed in a corner. I remember there were women and girls and crawling babies and crying kids.

There were so many getting "curled" that I guess Mary Jo forgot me over in the corner because I sat there most of the afternoon and I was intending to get my permanent and get out in time to walk up and down the street a time

or two to show it off. When Mary Jo finally got back to me to cook my two curls, I began to cry. I was so tired and confused and disappointed. When Mama came to get me, the oldest daughter was still snubbing and she scolded me there in front of all those people for being such a big baby.

It was the style to wet the hair with a comb and a cup of water and make one "finger wave" about two inches from the part and fluff or frizz the rest.

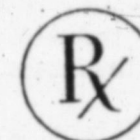

The only thing I remember about the final operation was that the cup was white and the handle had been broken off. It was sundown when Mama paid the dollar bill and we got out of the house.

Sundown and long past time to be going home because we lived 5 miles out in the country. I guess it was a pretty good permanent at that, but in my memory the event is comparable to major surgery.

LESS THAN ONE-HALF CENT PER READER

Newspaper Ads Inexpensive Media

By WELDON CALLAWAY
NEWS Advertising Manager

The typical small city retailer who tries consistent newspaper advertising soon begins to realize a sales increase. The results are usually enough to convince him that newspaper advertising is a good investment.

However, immediate results do not always show how thoroughly and inexpensively the newspaper carries an advertiser's message to a community. Readership research conducted by universities and private agencies may give a better picture of the total value of newspaper advertising.

These carefully controlled studies show that more than 60 per cent of all readers usually see a one-quarter page retail advertisement in a weekly or small daily newspaper. Also, the studies show that each copy of a community paper is read by approximately four people.

This means that for each thousand papers circulated, 4000 people read something in each issue of the paper. Sixty per cent, or 2,400 for each 1,000 circulation, could be expected to see a one-fourth page retail advertisement.

It also means that most small newspapers deliver the large quarter-page newspaper message at a cost of less than one-half cent per actual reader.

Deep Test Is Staked In Southeast Terry

Intex Oil Co. and Universal Consolidated Oil Co., both of Dallas, Friday staked a location for a deep wildcat evaluation of Devonian production 13 miles southeast of here with their No. 1-13 J. L. Crump et al. Depth objective for the ventures is 11,800 feet with rotary tools. Spotting is 1,980 feet from south and west lines of Section 13, Block C-37, PSL survey.

Hole will be made 2 miles northwest of Devonian production in the Corrigan field and three-quarters of a mile southwest of a 9,506-foot Pennsylvania failure.

FUND RAISING DISCUSSED

AAUW Installs Officers At Thursday Luncheon Meeting In The Club House

Mrs. Byron Rucker of 1010 East Buckley was installed as vice president while the Brownfield Branch of the American Association of University Women met for a luncheon Thursday in Seleta Jane Brownfield Clubhouse.

Mrs. Clarence Roberts was installed as treasurer by proxy, being the other officer elected this year in the organization's rotating system of electing officers.

Mrs. Virgil Crawford, president, conducted a business meeting as plans for raising money were discussed. An arrangement of spring flowers centered the table and a bud vase with a rosebud centered serving tables.

Mrs. Rucker and Mrs. Alvin Davis were hostesses. Others

attending were Mmes. T. P. Brown, Joe Christian, Crawford, Will Fitzgerald, R. N. McClain, Merle Paddock, Percy Spencer, George Weiss and Misses Marie Gracey and Creola Moore.

Human Error Never To Be Designed Out Of Motor Accidents

"The car of tomorrow will be super-safe, auto experts predict. Accidents will be designed out, they say.

Everyone agrees, though, that one accident factor will never be done away with: human error. It will be as great a problem in the year 2000 or 3000 as it is now.

"Despite every automotive advancement, people — not speed or unsafe conditions — still will be the major cause of accidents," the National Safety Council believes.

"You can equip a car with all the latest lifesaving devices — seat belts, padded dashboards — and steering wheels that give when pressure is put on them — but you can't design out human errors and unsafe acts.

"The new safety gadgets are marvelous — and they undoubtedly help protect motorists. But without good, cautious driving, the traffic accident toll will remain high."

The toll in 1957, preliminary reports show, was 38,500. Injuries numbered about 1,350,000. The cost of the accidents was more than five billion dollars.

Consider these facts: 1. In 1956, 6 out of 10 motorists in an accident were charged with a law violation — driving under the influence of alcohol, speeding, not having right of way, following too closely, improper passing, driving on the wrong side of the road, and running stop streets. And that doesn't include motorists who escaped detection.

Sweetwater, Kermit, Odessa and Midland.

Besides the trio mentioned above, other golfers from Brownfield were Evelyn Cruce, Minnie Hazel Bowman, Gwen Henderson, Helen Walker, Cotty Campbell, Marian May, F. A. et al. Graham, Virginia Zorns, Merle Kemper, Peggy Elliott, Norma Griffin and Dorothy Goble.

Pirates Move Up In Babe Ruth League With Double Victory

Babe Ruth League's cellar-dwelling Pirates came off the floor this week to move into a third place tie with the Yankees, socking the Tigers, 9-6, and the Dodgers, 11-9.

The two wins dropped the Tigers out of title contention and the Dodgers a game and one-half off the pace. The Pirates and Yanks now have identical 3-4 records.

Billy Holliday was the batting hero for the Pirates win over the Tigers Thursday. He rapped a fifth inning homer, with a mate on base, to provide the margin of victory. Johnny Herring pitched a five-hitter, including one four-matter by Tommy McCullough, to claim the win.

In the Thursday nightcap, the Yankees parlayed four walks, two errors and a homerun by Kenny Snider for six runs and a 7-3 decision over the Red Sox. Snider's blast came with the bases loaded, giving the Yanks their final margin.

The Pirates claimed their second win, 11-9 over the Dodgers, as they shelled eight hits off two Dodgers hurlers in an abbreviated nightcap Friday. The winners combined two 5-run innings, the second and fourth, to edge the former front-runners.

In the Friday opener, the Cardinals continued their win streak by edging the Tigers, 5-5. Floyd Tucker of the Cards, garnered a grand-slam homer in the seventh inning to send the Tigers down to their second loss of the week.

McCullough also rapped a homer, the second this week, for the Tigers. Jimmy Hackney seemed on his way to victory before an error, a single and a hit batter set the stage for Tucker's blast.

LINE SCORE

| | |
|-----------|-------------|
| Pirates | 006 021-9 |
| Tigers | 102 201-6 |
| Yankees | 100 002 4-7 |
| Red Sox | 010 000 2-3 |

| Dodgers | 330 12-9 |
| Pirates | 051 5x-11 |

Homerun Splurge Highlights LL Tilts

A rash of homeruns highlighted action in Little League Friday night when four balls were sailed out of the park. The cellar-dwelling Braves led the Yankees, 1-0, going into the top of the fifth inning. Connie Vernon and Gary Nunn rapped a pair of homers, breaking the dam, to give the Yanks a

AAUW OFFICERS — Pictured, second from right, is Mrs. Byron Rucker of 1010 East Buckley, installed as vice president of Brownfield Branch of the American Association of University Women when they met Thursday for a luncheon in Seleta Jane Brownfield Clubhouse. Using the rotation system, electing two new officers each year, Mrs. Clarence Roberts of 504 East Buckley, not pictured, was elected treasurer. Other officers shown are, from left, Mrs. Virgil Crawford of 1216 East Reppto, president; Mrs. Percy Spencer of 502 East Main, historian; Mrs. Rucker, and Mrs. George Weiss of 502 East Buckley, parliamentarian. (NEWSfoto)

The Yankees and Indians kept up their battle for first place Thursday, both taking wins. The Yanks battered the Cubs, 10-6, and the Indians easily outlasted the Giants, 17-2. The Oilers kept their perfect record with a 2-1 victory over the Senators and the Razorbacks claimed a 12-3 win over the Mustangs.

"...it's the Best for Underground Irrigation

for Sprinkler Systems

JOHNS-MANVILLE

FIRST LOAD TRANSITE IRRIGATION PIPE — Left to right, Carroll Sanders, Johns-Manville representative out of the Houston office; Eulice Farrar, farmer and buyer; John Clark, manager of J. B. Knight Distributing Company, and Glenn Miiner, company installation supervisor, are shown standing beside the first load of Transite Irrigation pipe ever shipped to Terry County for irrigation purposes.

High Water-Carrying Capacity . . . Low Pumping Costs —

Transite Pipe can help you save on pumping costs. Its smooth interior surface provides a high water-carrying capacity. This assures delivery of a maximum volume of water at minimum pumping expense. And through the years, you can count on continued economy in the operation of your water lines and sprinkler system, because Transite's high carrying capacity stays high.

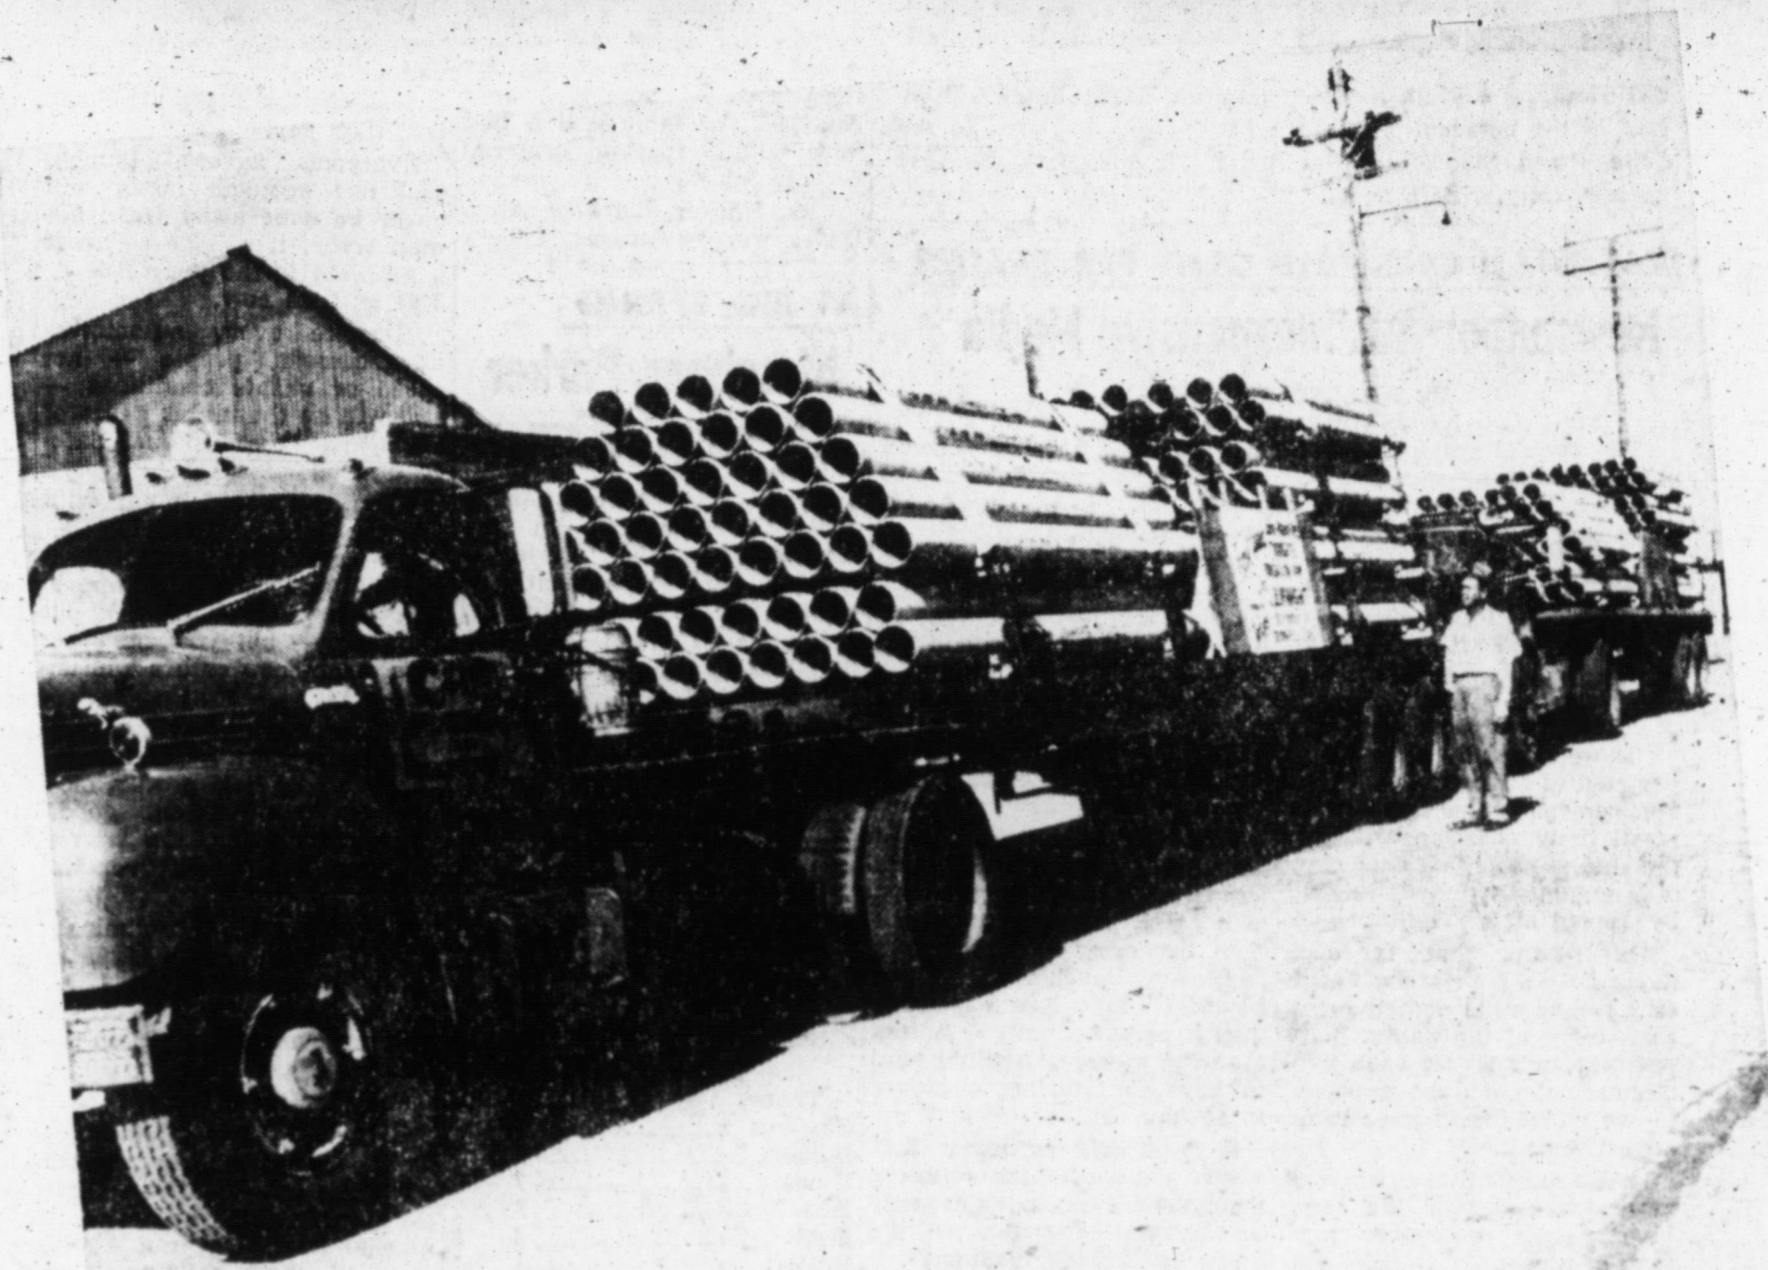

Cuts Maintenance to the Bone —

Because Transite Irrigation Pipe resists destructive soil corrosion, retains its strength, and stays tight, maintenance is cut to a minimum, contributing in an appreciable way to modern, efficient sprinkler irrigation operation.

SOON BE READY TO WATER — Eulice and Howard take a last look at the pipe on top of the ground. As soon as the ditch is dug, the pipe will be laid and ready for use—all 3,080 feet of it.

WHAT A LOT OF PIPE — Eulice Farrar, purchaser of this pipe, looks over the two large truckloads as they arrived in Brownfield. On the two trucks was a total of 3,080 feet of Johns-Manville Transite Irrigation Pipe, which Farrar will use as a main line to be connected to two wells.

Wherever Sprinkler Systems are Used . . .

Progressive farmers recognize the importance of underground feeder mains to supply their sprinkler irrigation lines. Only when feeder mains are laid underground is modern irrigation made possible in its most efficient, economical and permanent form.

Two Way Protection Against Leakage . . .

Another money saving advantage of a Transite water line is the flexibility and resiliency of the Ring-Tite coupling. The combination of tightly locked-in rubber rings plus automatic end-separation between pipe ends at every joint enables the Transite line not only to withstand normal earth loads but to adjust to soil movement and to absorb vibration from the passage of farm equipment. In fact this ability to "roll with the punch" has paid off during several major earthquakes — where Transite's cushioned couplings successfully withstood the shocks with no breaking of pipe or loosening of joints.

WATER WILL TRAVEL A LONG WAY — Barely visible in the left of ground water main of Johns-Manville Transite Pipe will connect, which will be used to carrying water for his sprinkler irrigation system.

611 West Broadway

**"Your Local Johns-Manville

When you are in service vestment in hand continue in water from you
Light
Transite pipe makes about portable ample
Reach
With press joints action usage crop.

and Irrigation Systems—Ideally Suited
 for System..." said Eulice Farrar...

JOHNS-MANVILLE Transite Irrigation Pipe

When you install Transite Pipe for your underground water lines, you are making more than a long-term investment in better water service for your sprinkler irrigation needs. You are making an investment that begins paying off right at the start. There are savings in handling. There are savings in installing. And the savings continue in the operation and maintenance of your sprinkler system water mains. You can count on keeping right on getting dividends from your Transite Pipe investment year after year.

Light in Weight . . .
 Economical to Handle —

Transite pipe differs from most underground pressure pipe by combining strength with light weight. This makes it an economical pipe to handle and to move about the job. Transite's light weight plays an important part in reducing handling costs, too. For example, it saves time and effort in unloading.

Ready for Action . . .
 Whenever Needed —

With any type of system, whether for low or high pressure, you can depend on Transite and its Ring-Tite joints. It stands ready to go into action and stay in action during the peak season of sprinkler irrigation usage, or for those crucial times in the growth of the crop.

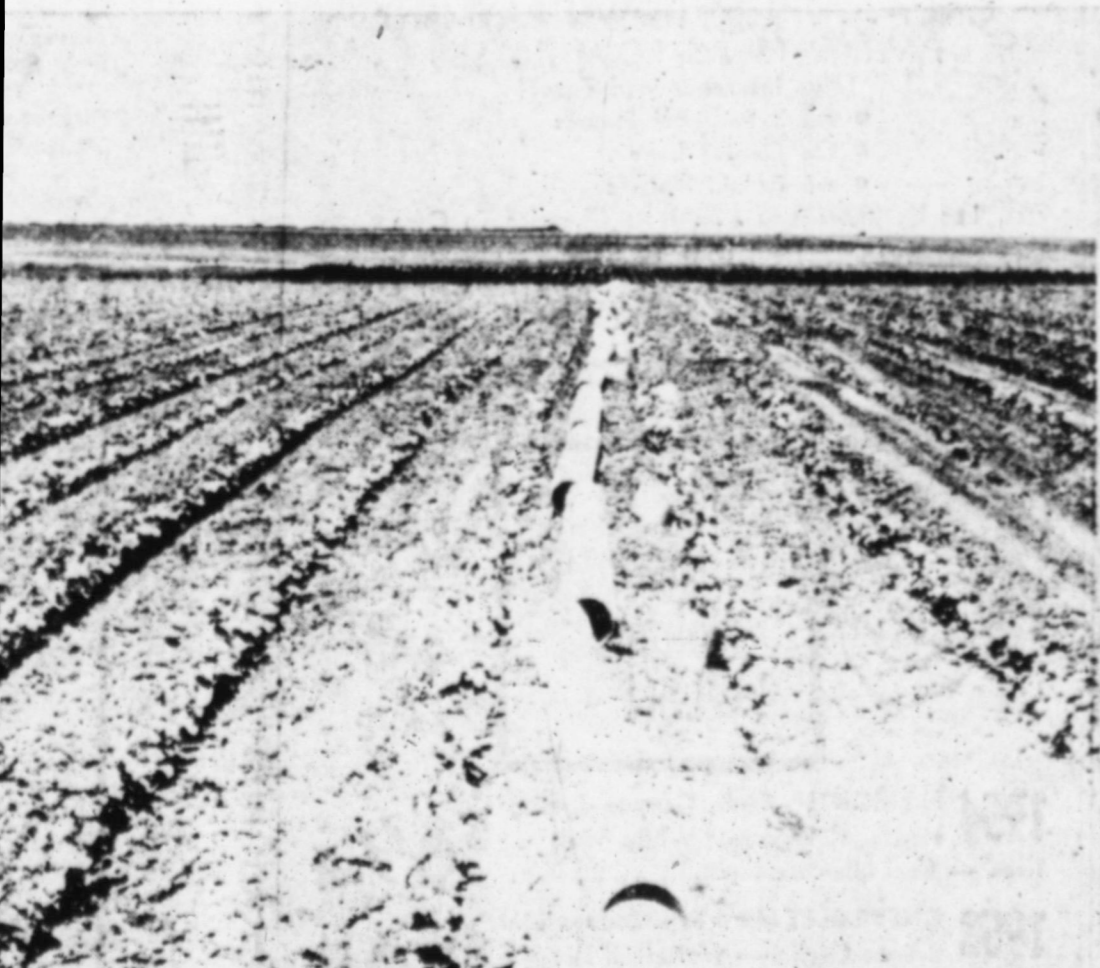

PUTTING IT ON THE GROUND — Workmen are shown unloading the pipe on Farrar's farm in Gomez community as he and his son, Howard, look on. Howard expects to get a lot of use out of the pipe when he takes over the farm in a few more years.

Can't Rust — Licks Corrosion Problem . . .

Soil corrosion is a very real, and expensive, problem in irrigation systems. A pipeline which fails at a crucial time, due to the continual attack of aggressive soil, can cost the farmer his crop. It will, at the very least, be costly to replace and expensive to maintain. That is why Transite's corrosion resistance has made it the first choice in the selection of underground irrigation lines. Transite maintains its strength in service!

NOW TO COVER IT UP — Howard and Eulice Farrar, John Clark of J. B. Knight Distributing Company, Carroll Sanders of Johns-Manville Houston office, Glenn Milner, company installation supervisor, and Bill Dugger, Terry SCS Work Unit look out across the "cotton patch" and observe how easy it will be to water with this Transite Pipe water main.

Barely visible in the left of the picture is one of the well houses to which this underground Transite Pipe will connect. Farrar is installing 3,080 feet of this 8-inch water main for his sprinkler irrigation system.

BHS News

By PATTI WILDER

Now that the long, hot summer is in full swing, one of the favorite pastimes is keeping cool. As a result, the swimming pool is a very popular place. Hammocks are also "in full swing."

Congratulations are in order for Homer Pendergrass, BHS junior, who was awarded a tour of the East as a guest of "Farm and Ranch Magazine" his nine-day trip included Cardinal-Traves baseball game also sight seeing in St. Louis and Chicago. He was due home this Saturday.

Weekending in "Possum Kingdom, as guests of Rita Lou Goodpasture are: Curtis Bryant, Virginia Armstrong, Ken Kendrick, Mary Joe Christian, Mike Hamilton, Sheri Clements and Charles Lee. The Goodpasture Cabin will be "Home sweet-home".

The cheerleaders, Mary Joe Christian, Sharron Kennedy, Leenell Chesshir, Latrice Teague and Jesse George are putting in long hours of practice in preparation for Cheerleading School which will be conducted at Midwestern University in Wichita Falls, beginning June 29.

Leenell Chesshir is recovering from a recent tonsilectomy performed last Saturday at the Treadaway-Daniell Hospital.

Brownfield welcomes a newcomer, Jeanie Bob Hart, who recently moved here from Monahans. She will attend Oklahoma University this fall. Leslie Hallbauer and Thomas Bruce Zorns are home for the summer from NMMI in Roswell.

Sharron Snedeker, James Turner, Linda Bost and Forrest Kuykendall enjoyed an evening of skating at the new skating rink in Seagraves last Saturday.

Shirley Morris, now of Kermit, is visiting with Pat Runnels.

JUNE JOURNEYS
Ann Copeland, Barbara Germany, Don Copeland and Kent Denson recently returned from a trip to Red River with the Copeland family.

Grächen Sloan, who has been visiting in Monahans, now is home.

Grace Grissom is visiting her sister in Amarillo, and is planning to attend twirling school there.

Last Thursday night, Sue Steele returned home from a vacation in California.

While visiting her grandmother in Pittsburgh, Gayla Smith also will attend the Killgore Junior College Twirling School. She will return sometime next month.

Barbara Kirschner just returned from Oklahoma City, Okla., where she traveled with her family.

Enjoying the cool mountain air in Ruidoso, N.M., is Latrice Teague.

Toni Lowe is visiting Mary Lee Cooper in Odessa. She will return later this week.

WHAT NOTS
Wedding bells will ring August 23, for Mary Ruth Venable and Tom Chisholm.

You lucky football fans certainly should appreciate the handsome, new stadium under construction. Drive out and see it sometime — it is attractive both day and night!

LEGAL NOTICE
ADVERTISMENT FOR BIDS
Sealed proposals addressed to the Honorable Herbert Chesshir, County Judge, Terry County, Brownfield, Texas, for remodeling a residence for a library, in accordance with plans and specifications prepared by The Butler-Kimmel Company, Architects, 412 Avenue M, Lubbock, Texas, will be received at the Courthouse, Brownfield, Texas, until 10:00 A. M., Monday, June 23, 1958, where they will be publicly opened and read aloud. Any bid received after the closing time will be returned unopened.

A cashier's check, certified check or acceptable bidder's bond, payable to the owner, in an amount not less than five (5) per cent of the largest possible total for the bid submitted, must accompany each bid.

Attention is called to the fact that there must be paid on this project not less than the general prevailing rates of wages which have been established by the Labor Trades Council for this area.

In case of ambiguity or lack of clarity in stating prices in the proposal, the owner reserves the right to adopt prices written in words, or to reject the proposal.

The owner reserves the right to reject any or all bids and to waive all formalities.

Plans and specifications may be examined without charge in the office of the Architects, and may be procured from the Butler-Kimmel Company, 412 Avenue M, Lubbock, Texas, upon a deposit of \$25.00 as a guarantee of the safe return of the plans and specifications in good condition. No refund on contract documents and plans returned later than ten days after the award of the contract.

It is obligatory that all bidders immediately upon return of the plans and specifications in good condition, and plans returned later than ten days after the award of the contract, shall be returned to the office of the Architects, and may be procured from the Butler-Kimmel Company, 412 Avenue M, Lubbock, Texas, upon a deposit of \$25.00 as a guarantee of the safe return of the full amount of the deposit will be returned if a bona fide bid is submitted and Plans and Specifications are returned within five (5) days after receipt of bids, or, in case no bid is submitted, if plans and specifications are returned on or before date of receipt of bids; otherwise, the deposit will be forfeited.

The City of Brownfield, Tex. Owner: Arlie Lowrimore Mayor: Arlie Lowrimore, Mayor 50-52-2c

Shirley Booth Here Again In 'Hot Spell'

The many fans who have been awaiting Shirley Booth's next motion picture can look forward to next Wednesday when she renews Hal Wallis production, "Hot Spell," reaches the Regal Theatre.

Miss Booth is co-starred in the Paramount VistaVision drama with Anthony Quinn, who stands in equally high repute with his wide following, vivacious Shirley MacLaine in her first straight acting role, and fast-rising Earl Holliman, who made his mark in "The Rainmaker."

"Hot Spell" has the additional distinction of having been directed by Daniel Mann, the man responsible for the direction of "Come Back, Little Sheba," "The Rose Tattoo," "I'll Cry Tomorrow."

It tells the dramatically powerful story of a family crisis in the midst of a heat wave in a small Louisiana town.

Miss Booth will be seen as the mother, whose personal problems of holding her virile, restless husband (Quinn) comes to a tempestuous, violent head at the height of the hot spell, simultaneous with highly emotional developments in the affairs of their three grown children.

Mrs. Doyle Rowland on the birth of a son, Russell Lee.

PIONEER NATURAL GAS
Mr. and Mrs. Alfred Gore have returned from their vacation to San Angelo and points south.

SHEEL PIPE LINE
Mr. and Mrs. Lee Loftis, Linda, Mrs. W. T. Loftis and Mrs. V. O. Jobe spent the week end in Carlsbad, N.M., where they visited the cavern.

CITIES SERVICE
Miss Sally Rutledge, secretary, is in Lubbock Goodnight Clinic for a few days, where she will undergo foot surgery. Hope she is up and about in a few days.

The Ed Wilders are on vacation.

Don Hewitt has returned from Oklahoma City and Bartlesville, Okla., where he attended a series of meetings.

MAGNOLIA
Th. J. A. Morris family left Saturday on vacation for points of interest in New Mexico, Colorado and Kansas.

Mr. and Mrs. Jiggs Tankersley and children have returned to Lake Charles, La., after spending their vacation here with their families.

P. H. Moore, district natural gas engineer, and his daughter, Anne, and Mr. and Mrs. J. K. (Bob) January of Dallas, formerly of Brownfield, made an 800-mile vacation trip in runabouts with outboard motors.

The two boats, Moore's is a 15-foot Whitehouse fiberglass with an Evinrude 35 motor, started June 2, loaded with hammocks, refrigerators, blankets, cooking kits, etc.

Leaving Vicksburg, Miss., on the Yazoo River, they made the 90-mile trip to Natchez,

AS COACH Ex-Resident Signs Pact

JOHN THOMPSON
Signed As Coach... John Thompson, son of Mr. and Mrs. J. E. Thompson of 221 North 11th, this week was named assistant coach at Hereford, according to Bobby Williams, head mentor.

Thompson, former standout football and basketball player for BHS and Texas Tech, moved to Hereford this week. He will be backfield coach for Whiteface graders.

Though Thompson was known primarily for his basketball prowess here, he became a top defensive half-back for Tech, lettering three years. He was rated ninth in the nation in pass interception runbacks his sophomore year.

The 25-year-old former resident coached at Houston Bellaire High School this spring after release from the Air Force in January. During his three years in service, he played football and basketball at Ellington AFB, near Houston, and basketball at San Antonio's Kelly AFB.

JOHN THOMPSON
C. S. Smith, pastor of Hester and Henry Polk Memorial Methodist Church. Refreshments will be served, Church, and Frank Mosley, said Harmon, and the public Brady Ray, Rosetta Harmon is invited to attend.

Negro Park Will Be Dedicated Thursday

Dedication ceremonies for the new Stuard Park for Negroes will be held at 7:30 p.m., Thursday.

County Judge J. E. Chesshir will be main speaker, and Negro leaders will take part. Members of the Terry County Park Commission also will be present.

Negro leaders who have assumed management of the park, which now includes a party house and a new swimming pool, are Luther Harmon, chairman of the Negro Park Board; Sister

Miss, on the Mississippi River in four hours. The second day they made another 100-plus past Baton Rouge, La. The next day they reached New Orleans — 325 miles in three days. The following day they made 110 miles through the Intracoastal Canal to Morgan City and there they turned into the Atchafalaya, 100 miles to Melville. Then they turned up the Atchafalaya to the Red then the Black Rivers, and to the confluence of the Black, Little and Ouachita.

On the final leg of their trip they went up the Ouachita to Monroe, La., a distance of 135 miles, where they met their cars and trailers. Sounds like a wonderful, thrilling trip, but we're glad they made it back too, since the report is that the water was high and full of logs.

B. F. Hutson Jr. is in Fort Worth and Mineral Wells on business.

HALLIBURTON
Recently transferred to Farmington, N.M., were the following: J. P. Yeager, Billy Dumas, J. G. Stroup, G. W. Staples, H. R. Davis and C. L. McLendon, field man.

James Drummond has been transferred from Farmington, N.M., to Brownfield. Welcome to Brownfield.

The monthly safety meeting was held recently by C. L. Thornton, of Midland, division safety supervisor. He was accompanied by Joiner of Duncan, Okla. A film was shown along with the discussion of safety.

KOBE
Congratulations to Mr. and

LEGAL NOTICE
ADVERTISMENT FOR BIDS
Sealed proposals addressed to the Honorable Herbert Chesshir, County Judge, Terry County, Brownfield, Texas, for remodeling a residence for a library, in accordance with plans and specifications prepared by The Butler-Kimmel Company, Architects, 412 Avenue M, Lubbock, Texas, will be received at the Courthouse, Brownfield, Texas, until 10:00 A. M., Monday, June 23, 1958, where they will be publicly opened and read aloud. Any bid received after the closing time will be returned unopened.

A cashier's check, certified check or acceptable bidder's bond, payable to the owner, in an amount not less than five (5) per cent of the largest possible total for the bid submitted, must accompany each bid.

Attention is called to the fact that there must be paid on this project not less than the general prevailing rates of wages which have been established by the Labor Trades Council for this area.

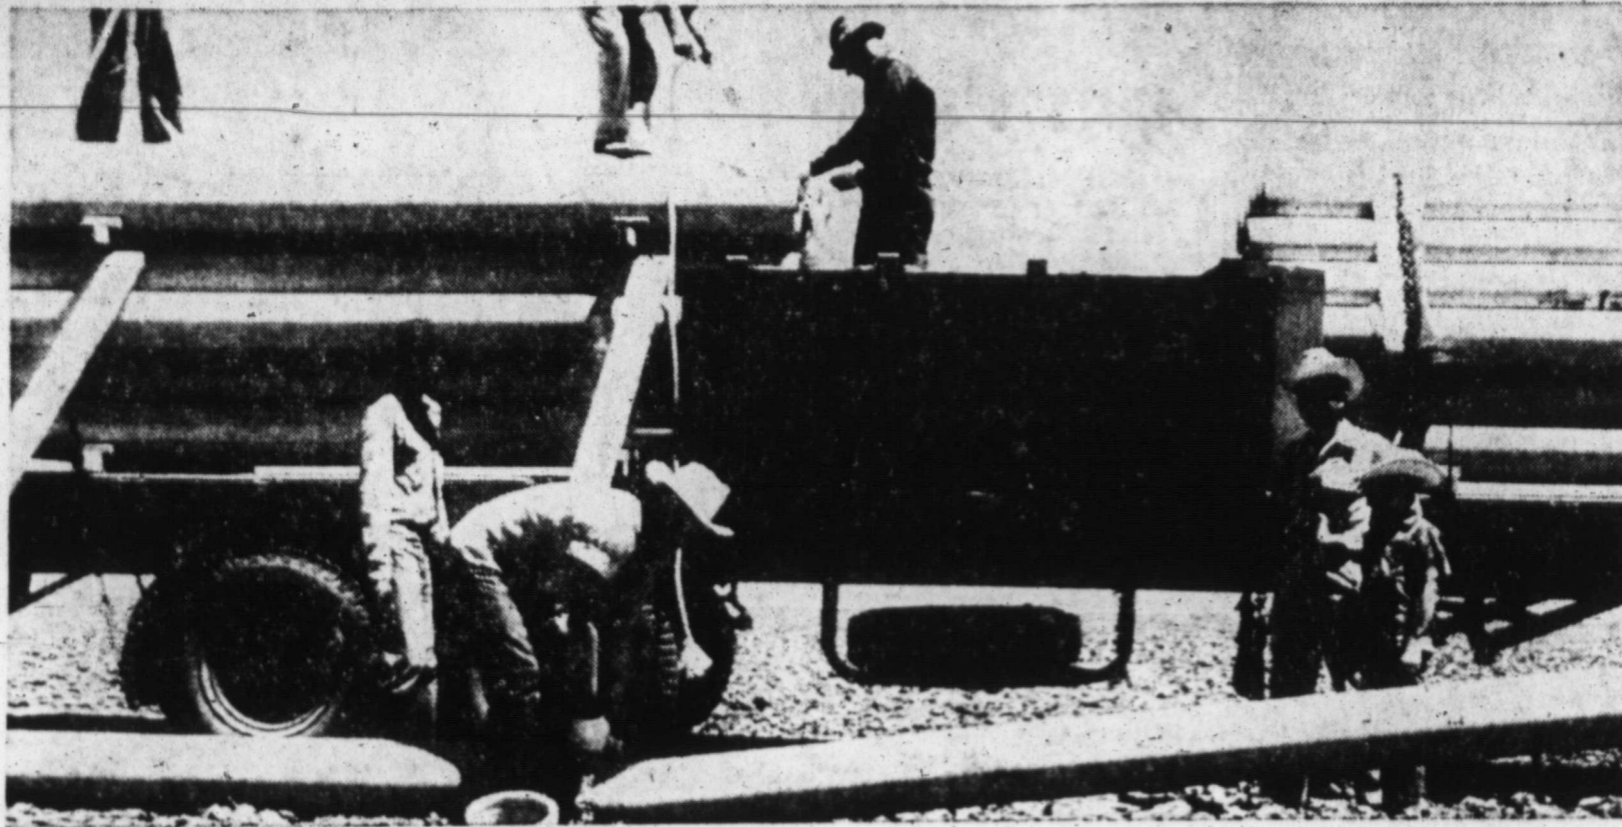

In case of ambiguity or lack of clarity in stating prices in the proposal, the owner reserves the right to adopt prices written in words, or to reject the proposal.

The owner reserves the right to reject any or all bids and to waive all formalities. Plans and specifications may be examined without charge in the office of the Architects, and may be procured from the Butler-Kimmel Company, 412 Avenue M, Lubbock, Texas, upon a deposit of \$25.00 as a guarantee of the safe return of the plans and specifications in good condition. No refund on contract documents and plans returned later than ten days after the award of the contract. It is obligatory that all bidders immediately upon return of the plans and specifications in good condition, and plans returned later than ten days after the award of the contract, shall be returned to the office of the Architects, and may be procured from the Butler-Kimmel Company, 412 Avenue M, Lubbock, Texas, upon a deposit of \$25.00 as a guarantee of the safe return of the full amount of the deposit will be returned if a bona fide bid is submitted and Plans and Specifications are returned within five (5) days after receipt of bids, or, in case no bid is submitted, if plans and specifications are returned on or before date of receipt of bids; otherwise, the deposit will be forfeited.

UNDERGROUND—Pictured above are unloading operations at the Eulice Farrar farm in Gomez Community, where he began this week to lay 3,080 feet of Johns-Manville Transite Irrigation Pipe underground to connect two wells. The pipe, made at Denison of cement and asbestos, is 8 inches in diameter, designed especially, say company representatives, to meet the needs of high-pressure sprinkler irrigation. In right portion of left panel are Farrar and his son, Howard. See story on page 1 of first section. (NEWSphotos)

No. 2

ing up can be reduced. "The pipe takes no storage space in the off-season, no valuable crop space at any time, and it cuts down on the wear and tear of your sprinkler irrigation system at all times." Farrar also explained: "One of the characteristics which I really like about this pipe is the high water-carrying capacity and low pumping costs."

No. 3—

hood by electing unanimously—and on first ballot, which has happened only once before in the long history of both churches—a former U.P. to the position of moderator.

He is the Rev. Dr. Theophilus M. Taylor, professor of New Testament in the Pittsburgh-Xenia Theological Seminary.

All acts of union of 58 colleges, 12 seminaries, scores of schools, hospitals and agencies around the world were joined unanimously here in Pennsylvania in the greatest spirit of love and Christian brotherhood it has been my privilege to witness.

(The Rev. Mr. O'Dell was a minister-commissioner at the Pittsburgh session, representing the Abilene Presbytery.) In many instances, the Holy Spirit so moved the Assembly that tears of joy flowed unashamedly.

On May 29, when the new church began its official business, fraternal delegates from major Christian groups around

at 7:30 p.m., Thursday. Negro leaders and County Judge Herb Chesher will have principal roles.

the world brought greetings. Among the foregoing were Dr. Franklin C. Fry (called "Mr. Lutheran" in the March issue of Reader's Digest), president of the World Lutheran Federation, and Dr. W. A. Visser't Hooft, general secretary of the World Council of the Churches of Christ.

Pres. Eisenhower sent a telegram of congratulations to the Assembly, saying in part:

"The merging of these two historic assemblies... adds more than numbers to our total strength. United in faith and fellowship, I am sure we will be inspired to advance to new heights of achievement in the service of God and neighbor."

Mr. Eisenhower is a member of the National Presbyterian Church, Washington, D. C.

Certainly the spirit of the entire Assembly was a graphic answer to the prayer of our Lord in John 17:11, when He said, "Holy Father, keep them in Thy name which Thou hast given Me, that they may be one, even as we are one."

No. 4

out the man who we believe is the fight man for the task ahead. A number of excellent prospective administrators talked with us.

"From the choices at hand, we finally determined that Mr. Davis best met our strict requirements."

Davis was able to offer the board a background rich in hospital administrative experience, beginning with Corpus Christi Memorial Hospital, where he was business manager and assistant administrator.

The 42-year-old Davis was a volunteer in the Navy hospital Corps during World War II, seeing much service on beachheads in Africa, Europe and Asia. He was discharged from the service as a chief pharmacist (chief warrant officer).

After the war, Davis attempted to enter Baylor Medical School—he had finished pre-medical training before the war—but certain required refresher courses upset his plans and he enrolled instead in the School of Business at Texas University.

When he received his bachelor of business arts degree, he found that he had finished requirements for three majors in college: accounting, organic chemistry and bacteriology.

It was from Texas University that he went to the Corpus Christi hospital, and from there to the new Polly Ryon Hospital in Richmond, where he spent the next five years.

From Polly Ryon, Davis began a stint at selling hospital supplies and equipment, then went to the Mother Frances Hospital in Tyler as business manager and consultant to the administrator.

From Tyler it was to Midland and then to Brownfield.

The board also considered the recognition accorded Davis by various hospital groups and related organizations. He is a personal member of the American Hospital Association, sen-

ior member of Texas Hospital Association, member of American Hospital Accountants Association, and

On board of directors of the Texas Hospital Accountants Association, and has served on various boards of nursing schools, and on other numerous committees, area councils and hospitals councils.

When the new administrator is able to move to Brownfield, he will bring with him his attractive wife, 15-year-old daughter Avery Ann, son Brian, who now is 5 years old, and son Tommy, 7 years old.

"All three are going to be football players," he firmly believes.

The Davis family is affiliated with the Episcopal Church, and he is a former Lion, Rotarian, Jaycee and member of senior chamber of commerce and Oddfellows.

Said Davis: "Certainly, I want to offer myself to be of service to everyone. And certainly, feel free to visit with me in your hospital, consult with me and get to know me. I and my family feel fortunate, indeed, in being able to come to Brownfield."

No. 5—

are as follows:

- Collins (Cardinals), .550;

Outer Space Is Theme Of Birthday Party

"Characters from outer space" celebrated with Judy McNeil, daughter of Mr. and Mrs. James A. McNeil of 1319 East Reppto, Thursday evening in honor of 12th birthday in the home of her parents.

Guests were dressed in space attire to represent a different planet in the solar system. Oriental fans were given as favors.

Homemade ice cream and cake were served to Donna Singleterry of Hot Springs, N.M., Janie Golden of Meadow, and Georgia Gauntt, Janie Rodgers, Debbie Bendler, Linda Leach, Sandra Bevers, Mitzi Dodd and Renee Landers.

Farewell Party Honors Mrs. C. L. McLendon

Mrs. Johnnie Harrison of 1421 East Reppto entertained Thursday evening in honor of Mrs. C. L. McLendon of 1407 East Reppto, leaving soon for Farmington, N.M., where her husband has been transferred.

Ice cream was served to the honoree and Mr. and Mrs. Earl Carroll, Mr. and Mrs. Lester McPherson, Mr. and Mrs. Ott Roberts, Mr. and Mrs. Woody Frymire, Harrison and Mmes Jack Eicke and J. W. Fitzgerald.

Terry Sports Review
By CHARLIE MAPLE
NEWS Sports Editor

A slow week of sports activities is making this a rather short column. Though we would like to have more information to pass along, we are caught short again.

On the golf front: A Brownfield quartet participated in the Plainview Pro-Am held Wednesday. Clyde Lewis was on the meet's runner-up foursome, which registered 128 points; Dusty Kemper's group tallied 117; C. G. Griffin, BCC pro, and his team garnered 108, and Ted Hardy was on a team gaining 98 points.

After an 86 on the qualifying round that dropped him from the championship flight in the Trans-Mississippi tourney at Hutchinson, Kans., Don O'Neal came back to cop his first match Wednesday.

He lost his second match Thursday, 4 and 3.

We are proud to note that John Thompson, former BHS and Tech athlete, has been signed for the top assistant coaching job at Hereford.

Certainly wish we could have kept him close to home but feel he is starting at a good position in his profession. He will be backfield coach under Bobby Williams, former Littlefield coach.

Though he was known primarily for his basketball ability around here, we had the pleasure of watching him perform on the gridiron at Tech. Slightly built, he certainly fills the bill on the Cub motto, "Not Weight, Nor Height—But Fight."

He should be a top-notch

coach. We feel Hereford got a real find in John.

According to grapevine, we have heard that Meadow failed to notify Jerry Bailey he had been accepted for the coaching position here in the county. We heard he now has taken a position at Carlsbad, N.M.

As we said, this is rumor thus far. If we hear anything more on it, we will pass it on to you readers.

Calvary Baptist Church WMU Studies Missions

WMU of Calvary Baptist Church met for their monthly mission program Wednesday morning in the church.

Mrs. Ralph Murry presented the program, "On The Threshold Of Life," with the assistance of members of YWA.

VISIT IN ARKANSAS

Mr. and Mrs. J. E. Eakin Sr. of 502 East Broadway have returned from a three weeks vacation. In San Antonio they visited their son and his family, Mr. and Mrs. Glenn Eakin, in Dallas they visited his sister, Mrs. Charles Nicholes; in Fort Smith, Ark., they visited two of his sisters, Mrs. George Turner and Mrs. George Johnson. He had not seen the later for 22 years. They also visited his brother, J. A. Eakin, in Sikeston, Mo.

One-half of the people seem to think they have been commissioned to tell the other half what to do.

Mrs. Bob Elliston Is Honoree At Shower

Mrs. Bob Elliston of El Paso, the former Connie Jo Kuehler, daughter of Mr. and Mrs. C. A. Kuehler of 407 North C, was honored with a bridal shower June 12 in The Party House.

Receiving guests with Mrs. C. K. Bailey and the honoree, were her mother and the bridegroom's mother, mother, Mrs. Earl Elliston of Seagraves. Miss Sheri Kuehler, sister of the honoree, registered guests. Hostesses rotated at pouring and displaying gifts.

The table, laid with a lace cloth over pink, had a center arrangement of pink and white carnations.

Hostesses were Mmes. Bailey, Darlene Turner, Delma Patterson, Bettie Tankersley, Dixie Burch, Dona Pearl Graham, Tyler Martin, Gwen Martin and Miss Glenda Oliver.

POOL HOURS
WEEK DAYS 10-9 P.M.
SUNDAY 11-5 P.M.
SWIM SUITS 50¢
TOWELS 15¢

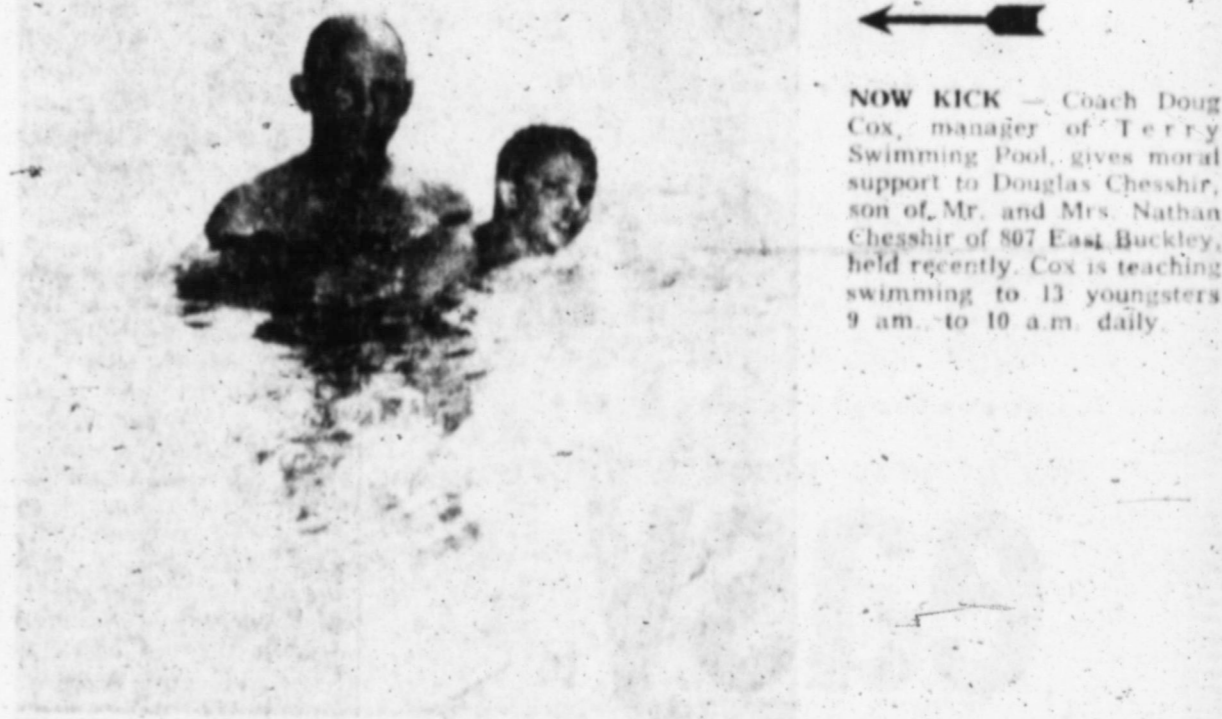

COME ON IN — Doug Cox, left, and Charlie Keese, right, are managing Terry Swimming Pool this summer. Robert (Rabbit) Wright and Charles Lee are assisting in the life guard department. Robert Clements, center, son of Mr. and Mrs. R. J. Clements of 608 East Tate, was unofficial handyman the day this picture was snapped. (NEWSfotos)

NOTHING ELSE NEEDED — Danny Miller, right, grandson of Mr. and Mrs. L. J. Dunn Sr. of 301 East Main, reaches for another handful of popcorn while Senith Stephens, left, daughter of Mr. and Mrs. Lowell Stephens of Route 4, and Pamela Stephens of Houston, warily watch to see that some is left to go around. The trio was snapped while they soaked up sun along the bank of Terry Swimming Pool.

WIND AND SUN — Summer days of relaxation at the swimming pool highlights activities of many Terry students with temperatures soaring above 100 degrees. Taking advantage of the facilities are, from left, Lynn Pennington, son of Mr. and Mrs. G. M. Pennington of 1307 East Lons; Joyce Klein, daughter of Mr. and Mrs. Harold Klein of 1214 East Lons; Don Cary, son of Mr. and Mrs. Tracy Cary of 921 East Tate; Shirley McCallister, daughter of Mr. and Mrs. Perry McCallister of Meadow, and Murray Wells, son of Mr. and Mrs. W. H. Wells of 1214 North A.

NOW KICK — Coach Doug Cox, manager of Terry Swimming Pool, gives moral support to Douglas Chesshir, son of Mr. and Mrs. Nathan Chesshir of 867 East Buckley, held recently. Cox is teaching swimming to 13 youngsters 9 a.m. to 10 a.m. daily.

GEE, IT'S DEEP — Louise McNeil, 7-year-old daughter of Mr. and Mrs. R. R. McNeil of Route 5, seems to have her hands full trying to keep her 2-year-old sister, Sherry, in the inertube. Mrs. McNeil keeps a steady hand on the float.

HEADED FOR SPLASH — Robert George, son of Mr. and Mrs. Earl George of 400 North A, pushes off for a quick trip down the slide at the swimming pool. He is one of many Terry youngsters (and oldsters) beating the recent heat wave here.

Lone Star Agriculture

By JOHN C. WHITE
Texas Commissioner
Of Agriculture

Practically everything we buy — from the main course of Sunday dinner to the cross-town ride in a taxicab — is bought in terms of measure or weight. And the accuracy of devices which function to give us and those we patronize correct weight or measure is a matter of great importance.

In Texas, the responsibility for seeing that such accuracy is the rule is a little-known but highly significant function of the Texas Department of Agriculture.

Through vigorous enforcement of our Texas Weights & Measures Law by regular investigation and frequent spot-checking, savings amounting to many thousands of dollars annually are effected for Texas citizens.

Such protection is not accidental in its accomplishment. Since 1951, when I first took office, frequency of weights and measures violations has decreased in some instances by as much as 300 per cent.

For example, in 1951, about seven out of 10 pre-packaged food items such as meat, poultry and cheese were incorrectly marked as to weight; during 1957, an average of only three out of ten were found incorrectly marked, and two of these were very apt to be in the buyer's favor.

In another area of major consumer expense where measure is of great importance — gasoline purchasing — an accuracy improvement of over 100 per cent has been effected since 1951.

Seven years ago, the state average for faulty gasoline pumps was 1 out of every 4.5 inspections.

In 1957, a total of 43,203 Texas pumps were checked and only 4,623 were condemned for repairs — averaging 1 for every 9.1 pumps.

To have achieved such results has not been without effort. Last year, we pushed our record to a total of 574,081 inspections of weight and measuring devices — ranging from tiny, intricate pharmaceutical scales to ton-unit hopper scales. This is almost twice as many inspections as the 299,291 made in 1951.

With this increase in services has come the resultant increase in protection. And added experience, increased legislative support, and encouragement from all Texans has made this possible.

Brownfield Legion Team Battered, 18-1 In Wednesday Tilt

Lubbock Auto's Larry Mitchell tossed a sterling one-hit, 18-1, game here Wednesday to send the Brownfield American Legion nine down to their fourth defeat in five starts.

The visitors apparently found Brownfield's short fences to their liking, blasting four balls out of the park. Darwin Hilliard hit two of the four-masters.

Brownfield's lone hit was a single by pitcher Joe Oswald in the second frame. Jimmy Green, Brownfield second baseman, tallied the only run on a walk and two errors by the Lubbock shortstop.

Manager Derrell Lewis paraded four pitchers to the mound in a vain attempt to stop the visitor's attack. Oswald and Gene Blake were shelled from the box in the fourth frame. Chuck Anderson was relieved in the sixth and Ken Kendrick finished the tilt.

TO ASSEMBLY—Brownfield Rainbow Girls and their sponsors are pictured above just before they left June 14 to attend the Grand Assembly of Texas in Houston. The group returned home Thursday night. From left standing: Gail Honeycutt, daughter of Mr. and Mrs. I. E. Honeycutt of 1420 East Buckley; Juana Jay Barret, daughter of Mr. and Mrs. Charles Barret of Lubbock; Mrs. Claud Buchanan of 415 West Powell, sponsor; Yvonne Parker, daughter of Mr. and Mrs. Wayland Parker of 721 East Cardwell, and Viola Grace Barret, daughter of Mr. and Mrs. Barret. From left kneeling: Nancy Moses, daughter of Mr. and Mrs. B. D. Moses of 801 East Tate; Sue Shewmake, daughter of Mr. and Mrs. R. D. Shewmake of 802 East Cardwell; Barbara Nicholson, daughter of Mr. and Mrs. David Nicholson of 705 East Repetto; Donna Sue Nelson, daughter of Mr. and Mrs. J. W. Nelson of 602 South D, and Mrs. Wayland Parker, sponsor. The group stayed at the famous Shamrock Hotel while in Houston for the three-day event.

SAVES DISH WASHING

Suggestions Given for Using Aluminum Foil in Cooking For Events Outdoors

For a camping trip, a picnic, or a meal in the backyard, food cooked in aluminum foil is delicious and easy to do. You can bake and serve in the foil and save on dish washing. Vegetables, meats and fruits can be "pressure cooked" in their own juices this way, with only a bit of seasoning, shortening, butter or fat and seasonings. Fold edges until tight on food. Double the layer around the food by repeating the process with another piece of foil. Wrap carefully — piece of foil should be large enough to allow for drug store wrap. Place food in center. Add butter or fat and seasonings. Fold edges until tight on food. Double the layer around the food by repeating the process with another piece of foil. Place package directly on a bed of hot coals. Never use a flaming fire (except when using a reflector oven). Cooking time will vary with type of firewood, wind strength and other factors. Recipes can give only approximate time.

Turn food package at approximately half its cooking time. Serve contents directly from the wrap, doing away with a dish or plate.

THE DODGERS — This group was fighting for top spot in the Terry Babe Ruth League when they posed for this picture. Members of the team, sponsored by Western Grain, Inc., from left front row:

John Jennings, Donald Carruta, Johnny Rodgers, Teddy Howell, Lester McCullough, Glenn Salter (coach) and Willie Shadrick. Second row from left, Billy Bond (manager), Doug Mason, Billy

Moore, C. L. Stockton, Ronald Farquhar, Johnny Moorhead, Rowe Stephens and Curtis Shadrick. Not pictured are Leonard George, Robert Prewitt, Buzz Steele and Bill McGowan. (NEWSfoto)

5 Grey Foxes Taken On Andrew Cooper's Farm

Is the "little woman" making gentle hints for a new fur coat or cape? Perhaps Andrew Cooper, who farms about 2 miles southeast of here, has the answer to the dilemma. Cooper captured five small grey foxes in a wheat field this week that could be a start toward the desired wrap. However, the animals have been given away. So, get out the net, Pa, there may be more of the critters around here.

ONE OF THE BIGGEST BATTLES OF THE CIVIL WAR WAS FIGHTED ON THIS FAMOUS MOUNTAIN. *Care for your eyes at all times.*

NEW DAUGHTER

Mr. and Mrs. Charles Gorman of San Antonio have a new daughter, Kathleen, born June 16 and weighing 8 pounds and 3 ounces. The Gormans have four sons. Mr. and Mrs. M. A. Gorman of 512 South Seventh are paternal grandparents and Mrs. Mary Kissling of San Antonio is maternal grandmother.

"Who takes all those pills?"

This is often the question when a customer sees the shelves in our pharmacy. Row on row on row of bottles, boxes, canisters, tubes, vials, jars... about 2,000 items in all. Good question. Who are they for? The answer, of course, is you. Say you go to a physician and he writes a prescription which you bring to us to be filled. We can't tell what the ailment will be—there are thousands, and we don't know what medication the doctor will prescribe. To provide prompt pharmaceutical service we have to be ready for just about anything. Which we are.

A Good Race

These boys can run a good race because they have prepared themselves. They want to be winners and have trained carefully and faithfully. In religion as in all of life it is that upon which one sets his heart which determines his success or failure. If we recognize religion as the race for life and truly want the victory here as much as these boys want it at the track, then we will train ourselves in the things of the spirit. It is only he who has his heart set upon the Kingdom of God who will enter into it.

Is something wrong with your life — an inner restless dissatisfaction? The answer to every human problem comes only from God our Maker. He alone can forgive and reassure. Through the church God has committed the provision and procuring love. Without a church relation no one is securely related to God. Everyone should be in the Church and the Church should be in everyone!

Exodus From Farm To City Will Be Slower in Future

A Texas A&M agricultural economist has predicted that Texas exodus from the farm to the city will be slower in the future.

Dr. Robert R. Skrabanek says that it is highly probable that the farm population will continue to decline but at a much slower rate than the 26.6 per cent — about 369,000 — who have moved to the city from 1950-57.

In the survey made by Texas A & M, in cooperation with the USDA, Dr. Skrabanek also said that the farm population declined more slowly in Texas than in nearby Arkansas, Oklahoma, and Louisiana where the loss was 30.2 per cent during the same period.

However, compared with the nationwide farm to city movement, Texas' 26.6 per cent has been much higher than the national average of 18.6 per cent.

The Texas farm population — 1,018,000 — made up 11.1 per cent of the state's population in 1957, with five out of every 100 farm residents in the U.S. residing in Texas.

There was much migration to and from farms during the 1950-57 survey period, Dr. Skrabanek added. An estimated 815,000 moved from Texas farms during that period, but the same time 314,000 moved to farms.

There were an estimated 199,000 births among farm population during the period and an estimated 67,000 deaths.

The migration from farms was heavier in areas of prolonged drought than in areas where the drought was less serious.

MISS JANET WEATHERRED

IN PAMPA FIRST METHODIST CHURCH

Weatherred-Thompson Vows on July 26

The engagement and approaching marriage of Janet Weatherred of Houston and John Vern Thompson has been revealed by her parents, Mr. and Mrs. Allan E. Weatherred of Pampa. Thompson is the son of Mr. and Mrs. J. E. Thompson of 221 North

11th. Wedding vows will be repeated July 26 in First Methodist Church of Pampa.

Miss Weatherred graduated from Pampa High School in 1933, and attended Texas Tech where she was a member of Kappa Kappa Gamma Sorority. For the past two years she has been employed as a stewardess with Continental Airlines in Houston.

Her fiancé graduated from Brownfield High School and Texas Tech, where he lettered in varsity football for three years. He was a member of Double-T Association and Phi Delta Theta Fraternity. In 1954 he was freshman football coach at Texas Tech. For the past year he has coached at

Bellaire High School in Houston.

Following the wedding, they will make their home in Hereford, where he has accepted the position as assistant coach.

Couples Bridge Club Meets On Tuesday

Dr. and Mrs. Jim Finley of 1302 East Cardwell took high score prize when Mr. and Mrs. Curtis Sterling entertained the Couples Bridge Club Tuesday evening in their home at 801 East Lons.

Low score prize went to Dr. and Mrs. Jess Borum and bingo prizes to Mrs. Howard Hurd and Dr. Finley.

SUNDAY IN ST. ANTHONY'S CHURCH

Miss Kuehler Exchanges Vows With Bob L. Ellison

St. Anthony's Catholic Church was the scene of the wedding of Miss Connie Jo Kuehler, daughter of Mr. and Mrs. C. A. Kuehler of 407 North C, and Bob L. Ellison of E Paso, son of Mr. and Mrs. Earl Elliston of Seagraves, at 4 p.m., June 15.

The Rev. Paul H. Laub read the double ring ceremony before an altar decorated with baskets of pink and white gladioli and candelabra.

Given in marriage by her father, the bride wore a gown of white eyelet embroidery, fashioned with a round neckline and short sleeves. She wore a rhinestone necklace and earrings. Her accessories were of pink and she carried a bouquet of stephanotis and white and pink carnations with satin streamers.

Sheri Kuehler, sister of the bride, was maid of honor and wore a dress of blue cotton satin with white accent and accessories. She carried a bouquet of white carnations with white satin streamers.

Reception in Home
James Elliston of Lubbock brother of the bridegroom, was best man and ushers were Don Hill of Levelland and Clancy Martin, brother-in-law of the bride.

Mrs. C. K. Bailey registered guests at the reception given in the home of the bride's parents following the wedding. Mrs. Darlene Turner and Miss Sandra Turner served cake and punch.

Focal point for the table, laid with a lace cloth over pink, was the three-tiered wedding cake. Crystal serving dishes were used.

Mrs. Ellison wore a blue and white checked cotton chemise with white accessories when the couple left on a wedding trip to New Mexico.

Mrs. Ellison is a graduate of Brownfield High School and her husband of Seagraves High

were Mr. and Mrs. George O'Neal, Mr. and Mrs. Johnnie Kendrick, Mr. and Mrs. Otis Harding and Hurd.

School. He is employed by Minneapolis-Honeywell Co. of El Paso, where they will make their home.

Guests attending the wedding were from Levelland, Slaton, Morton, Pep, Lubbock, Lorenzo, Rhineland, Seagraves and Colorado.

First Methodist To Begin Bible School

"The Life of Jesus" is general topic for vacation Bible school opening at 4:30 p.m. today in First Methodist Church. Sessions will meet 8:30 to 11 a.m. Monday through Saturday with the sharing program set for 7:30 p.m., June 29.

Mrs. W. A. Gee is director of the school with Mrs. James Tidwell directing pre-kindergarten; Mmes. Bill Gorby and Kenneth Threet, kindergarten; Mrs. Wayland Parker, primary; Mmes. J. H. Carpenter and Paul Turner, junior, and Mrs. Tim Faulkenberry, secretary.

SATURDAY IN MEADOW CHURCH OF CHRIST

Miss Linda Hendricks, Loyd Brinson Wed

Miss Linda Hendricks, daughter of Mr. and Mrs. Russell Hendricks of Meadow, and Loyd Theo Brinson, son of Mr. and Mrs. L. T. Brinson of 1016 North Fourth, repeated wedding vows at 7 p.m., Saturday in Meadow Church of Christ.

Bill Talley, minister, read the double ring ceremony under an archway with baskets of gladiolus and candelabra at either side and marking the aisles.

The "Chorettes" of Crescent Hill Church of Christ of Brownfield sang "Be With Us Lord," "Whither Thou Goest" and "I Love You Truly."

Attendants Listed

Entering on the arm of her father, the bride wore a gown of bridal satin with bordered lace forming a Sabrina neckline. Tiny covered buttons, branching from the neckline, trimmed the back of the dress. Border lace, coming to the waist line, enhanced the front of the dress with its pointed bodice and long sleeves coming to a point over the hands.

Mrs. Walter Brinson, sister-in-law of the bridegroom, was matron of honor, and bridesmaids were Misses Glenda Belew and Jean Curtis, both of Meadow, and Mrs. Jimmy Castleberry of Friona. They wore princess style dresses of periwinkle blue cotton, satin featuring the Sabrina neck and pointed waist-line. They carried bouquets of white carnations.

Walter Brinson of 506 North First was best man for his brother and ushers were Jerry Tyler, Perry Lockett, Maurice Warren and Royce Terry, all of Meadow. Other attendants were Miss Nancy Smith, receptionist, and Tony Hendricks, the bride's brother, ring bearer.

MRS. LOYD BRINSON

Colorado Springs, Colo., the bride was wearing a blue and white figured chemise buttoned down the front. Her accessories were of white.

Mrs. Brinson is a graduate of Meadow High School and her husband of Brownfield High School. He is now employed as assistant manager of Furr Foods in Levelland, where they will make their home.

Guests attended the wedding left on a wedding trip to Colorado.

Extra Rewards Await The Producer Who Succeeds in Making A Good Cotton Crop

Extra rewards await the cotton producer who succeeds in producing a high-quality crop this year, while discounts for low quality will continue to be stiff, reports Fred C. Elliott, extension cotton specialist. The abundance of low-grade cotton that was left over from last year's crop will continue to depress the market for lower grades, points out Elliott. However, he adds, the present outlook for the 1958 crop indicates a continued shortage of high grade fiber.

A late spring, shortages of good seed, and too much moisture have contributed to a poor start for cotton this year in many areas. But the specialist says there is still plenty of opportunity to aim for high quality through careful management and harvest practices.

These practices include weed, disease and insect control; fertilization at rates based on Extension Service recommendations; irrigating for good maturity in areas where it is done with special reference to cutoff dates; careful harvesting and ginning; keeping low and high grade fiber separate and selling on grade.

Almost a third of last year's cotton crop classified as spotted, resulting in a lower average grade for the 1957 crop than for any year on record.

Much of this spotting could have been avoided through better management practices, says Elliott. Widespread failure to adhere to such practices weakens cotton's position with synthetic and other fibers in marketing for many uses. And this, in turn, contributes to cotton surpluses and depressed prices.

from Los Alamitos, Calif., Hot Springs, Ark., Amarillo and Friona.

By VERN SANFORD

Once in a while someone catches a gasper gou on an artificial lure. Usually such catches are within the range of a pound or two.

But there are exceptions! For instance: A few days ago Billy Disch Jr., of Austin and his wife were fishing for white bass on Lake Buchanan in Central Texas. They had a pretty good string of whites, taken while trolling and jigging.

They were using Dixie Jet lures with two hooks snipped off, just to make the fishing more interesting. Mrs. Disch was using a Mitchell 300 with #6-pound test line. Suddenly she thought she snagged a log. But, it started up and she began yelling for help.

Billy was manning the motor and their daughter was sitting in the middle of the boat. So the Mrs. just had to land the fish. After a 10-minute play she boated a big old gasper. It weighed 14 pounds after it was gutted! Some catch.

HE TELLS HOW — Recently a friend of mine spent a half-day fishing with Dave Hawk, maker of the famous Pico perch. Hawk has just published a book about bass fishing. The guy has some very definite ideas on the subject. Some of them you are inclined to argue about. However, when a man is good you've got to admit he may also be right.

Hawk takes very positive positions about certain things. For instance, he says that using a beaded chain snap swivel on a lure is like tying a log chain to it. Also he likes to fish with a black line. He thinks it is about the only thing that will catch a fish. As to rods, Hawk announces just as strongly against a rod longer than 5 feet. He says they are like buggy whips.

All this reminds us of the story about the mule trainer who was called in to "move" a balky mule. First thing he did was to pick up a 2x4 and give the mule a powerful whack on the head. He said the first thing you had to do was to get the mule's attention. He did. And it moved.

Well, after Hawk gets you a little riled up and you are paying full attention to what he says he gives some sound advice for catching bass.

For instance what he says about using a leader from 15 to 20 feet long makes a lot of sense. By using the long leader, when you get a fighting fish close to the boat the connection between line and leader already has been wound on the reel. If anything breaks it's the leader, not the knot. And that is less likely to happen.

BOOK OF MAMMALS—Any one interested in wildlife will appreciate the Palmer's Field-book of Mammals, just released by E. P. Dutton. This book has illustrations of more than 300 mammals of the world, both wild and domestic.

The author is Dr. E. Lawrence Palmer, professor emeritus of Nature, Science and Conservation Education of Cornell University.

This is a concise, popularly priced, pocket size field book of the mammals of America. It has been arranged for practical use on field trips. It contains diagrams of tracks, teeth, skulls and other aids to identification. It is an especially valuable book for Boy and Girl Scouts, and teachers who take classes afield. Dr. Palmer has been a member of the Boy Scout national council for 36 years.

IT'S TARPON TIME — Look to the salt water now for some of the big fish stories of the year. The migration of bill fish is under way. Tarpon and sail fish will be caught almost daily along the Texas coast. They have moved up from the warm waters of Mexico. This year it looks like they will be plentiful. Last year at the Tampico rodeo only a dozen tarpon were landed. This year 200 were brought in. A good indication that there'll be a big crop reaching Texas shores.

Better make arrangements to enter one of the coastal rodeos this summer. If you don't get a tarpon or sail fish you'll get enough king mackerel to fill the ice chest.

LEGAL LIMITS—There is a mild argument going on along the Texas coast about creel limits on salt water fish. Some people, mostly business men, are afraid fishermen may deplete the supply.

On the other hand biologists say that normal fishing never will clean out the fish supply of either the bays or the Gulf. They say pollution can, however. Unscrupulous netters also can play havoc with the fish population.

Night fishing also has come in for considerable discussion. There seems to be no complaint about the man who takes a Coleman lantern onto the water and catches a nice mess of trout. However, there is criticism of the man who takes a portable light plant down the lagoon, fills a couple of boats with trout and then peddles them.

Anyway the matter now is under study by the Valley Sportsmen's Club and in time perhaps some recommendation will be made.

NOVEL LURE—Ever talk to

One-Quarter of All U.S. Dairy Cows Bred Artificially

The number of dairy cows bred artificially from sires that have demonstrated superior breeding qualities keeps rising until more than a fourth of U.S. dairy cows now are so bred.

A round-up by the U.S. Department of Agriculture of reports submitted by State Extension dairymen shows that over six million U.S. dairy cows were bred artificially in 1957.

In Texas, 28,671 cows were bred artificially last year, or 3.6 per cent of the state total. In numbers, Wisconsin was the leading state with over a million artificially bred cows and Minnesota followed with

a fisherman who couldn't tell you something you'd never heard before?

We have yet to find a fisherman anywhere who couldn't tell us about some new product or some old trick we'd never heard about.

Up here on Lake Travis a few diversionists are having fun with an Alkasetzer lure. Ever hear of it? Neither did we. That is, until an oldtimer told this tale.

Well, here's how it works. You take an old spring-type clothes pin. One of the long, flat kind that looks like a miniature pair of pliers. Only it's made of wood, and a spring provides the grip.

Well, these guys attach a swivel to the short end of the clothes pin, top side. Then they screw triple hooks onto the other end and tie on a bucket-tail to hide the hooks.

Usually they paint the clothes pins to serve their own tastes — and the fishes' of course — yellow, black, spotted, etc.

When it is time to fish they hook their line into the swivel located in the nose of the clothes pin. Then they are ready to cast.

BUT, just before they "heave to" they squeeze the tail of the clothes pin, open the jaw, and insert into the mouth of the clothes pin an Alkasetzer tablet. Yes Sir — an Alkasetzer tablet.

Well — when that contraption hits the water there's the darndest spray of bubbles around that lure that you ever saw.

And the fishermen tell me the fizz attracts the fish, the fish strike — and lo and behold, you have a catch.

Makes a good story anyway — doesn't it? You might give it a try, and see if it's a true story. Could be.

over half a million. New York and Pennsylvania were next half a million each.

Percentage-wise, states with far fewer dairy cows made an even better showing. Maine ranked first, then Utah and Massachusetts. Nearly 50 per cent of the cows bred in these states in 1957 were bred artificially.

Sires used for artificial breeding are proved on the basis on their ability to pass along to their daughters a capacity for high milk production. The proved sires used in artificial studs in 1956 were mated to dams averaging 10,626 pounds of milk; their daughters averaged 11,304 pounds.

YOUR NEW HOME WITHIN REACH!

You can have a new home this year without leaving your present location. Repair and remodel until it looks like new and suits your needs perfectly. Do it with the help of an FHA Title I Home-Improvement Loan from BROWNFIELD SAVINGS & LOAN.

About Your HEALTH

A weekly public service feature from the Texas State Department of Health. HENRY A. HOLLE, R. D., Commissioner of Health.

Ask the first 100 people you meet what their favorite sport is and chances are good that at least 70 will say swimming. Even golf and fishing have taken back seats as sport choices, a recent nationwide poll shows.

An estimated 50,000 new pools will be constructed this year throughout the nation. In Texas at this moment well over 4,000 pools are attracting swimmers like bells to a flower.

This is all to the good, because swimming lends itself to social adjustment. It teaches coordination and builds stamina and character. A child who overcomes fear of water has learned courage.

But there is also an element of risk. This accelerated interest in swimming creates hazards to life and limb, and danger of disease transmission. That's why the State Health Department conducts courses to teach pool operators the various skills of their jobs.

"Short schools" for pool operators are concentrated during April, May and June, the intention being to enroll as many operators as possible before hot weather and overflow crowds make it hard for them to get away from their work.

Co-sponsored by the Texas Beach and Pool Association, courses consist of eight hours

of intense technical and practical instruction. It covers such things as how to disinfect the water, and how to control water acidity — the factor, incidentally, which causes swimmers' eyes to burn, rather than chlorine as is popularly supposed.

The course also covers pool safety, bathhouse sanitation, and the various filtering systems used by modern pools.

How important are swimming pools as links in the chain of disease transmission? Eye, ear, nose, and throat, skin and intestinal infections are among the most common conditions spread in swimming pools. Typhoid fever and diarrheal diseases have been traced to neighborhood pools.

Most prevalent, however, is ringworm of the feet, commonly called "athlete's foot." It is not contracted in pool water, but by walking on wet walks and floors on which spores flourish.

In well-operated pools there is little chance of contracting any of these conditions. That's the reason for the Department's emphasis on swimming pool sanitation.

Swimmers, too, have a responsibility toward pool cleanliness. Like most public places, a pool quickly assumes the character of its least desirable patron.

'Safety Always'

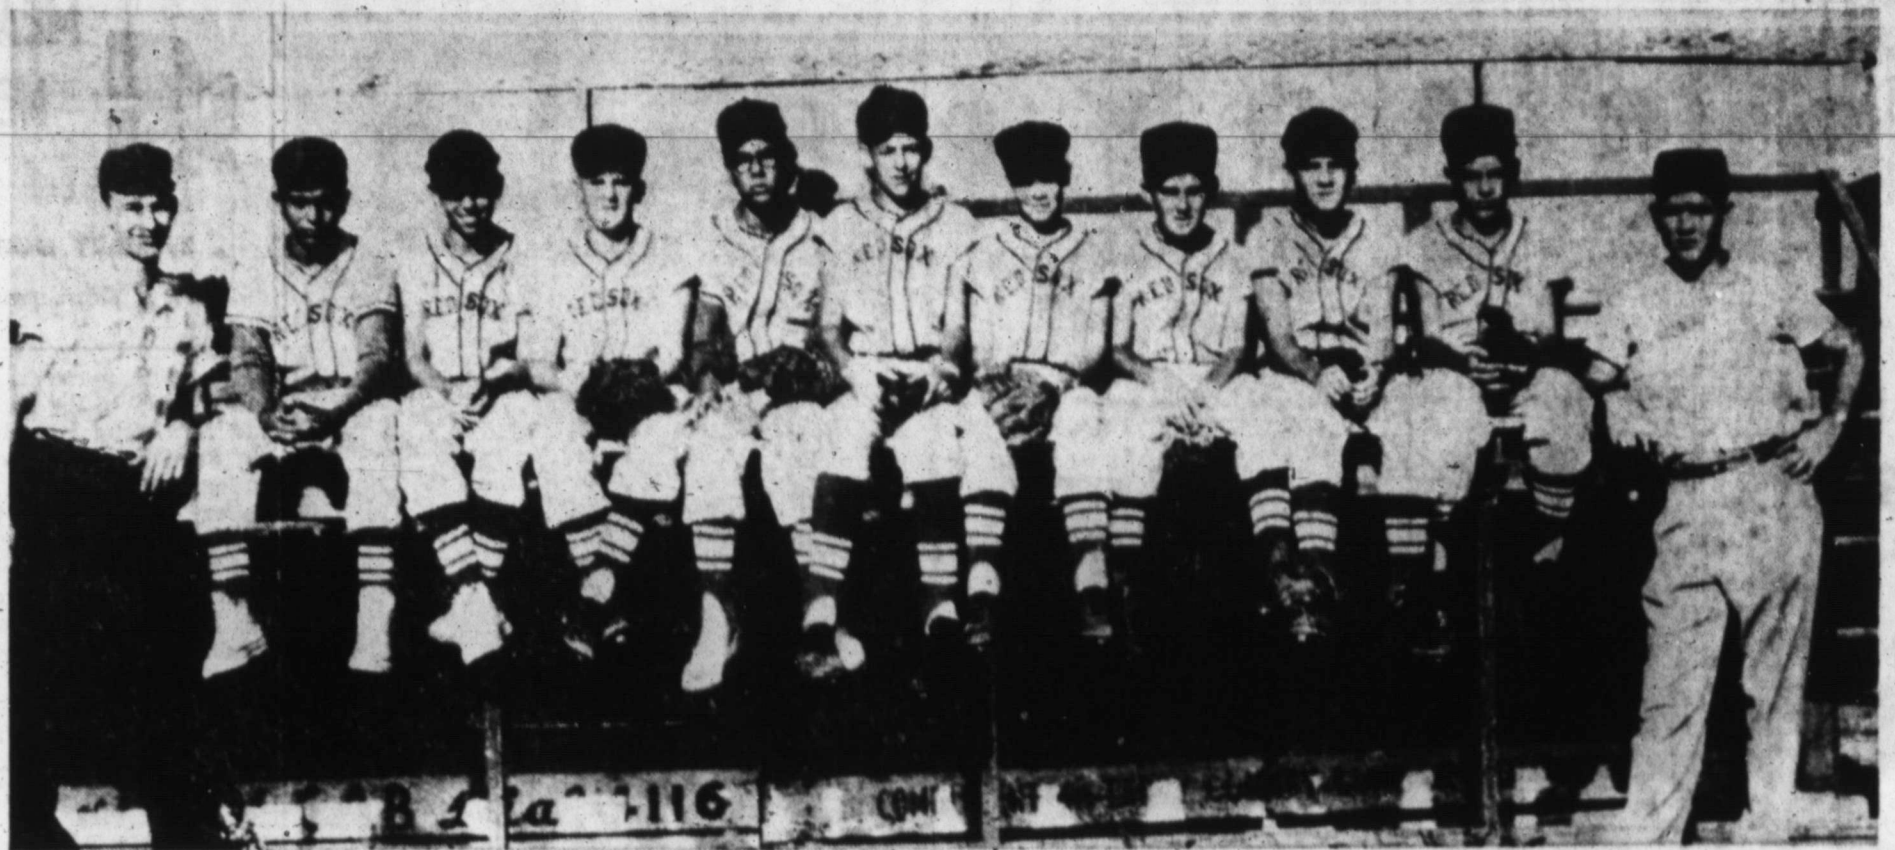

By The TEXAS SAFETY ASSOCIATION

"Keep off the gas!"

This is not a typographical error, but a life-line of advice from J. O. Musick, general manager of the Texas Safety Association, whose organization is sponsoring the current Slow Down and Live program being conducted throughout the state.

"Summertime — like any other season of the year — means safety time, but a lot of Texans forget this," Musick said. "They let the warm days and balmy nights detract from their driving responsibility as they hurry from one cool spot to another."

"They step on the gas and rush to vacation spots, picnic areas or a day at the water's edge — forgetting to ask themselves: 'How much time do I really gain by speeding, if I get there.'"

SANFORIZED... FAST COLOR
36" WIDE... FIRST QUALITY

THIS IS A DIRTY-BURNER

... it's a ring-grinder, a valve-sticker, a gum-clogger. It's known by the motor oil it keeps.

THIS IS A TIDE-TURNER

... its good name is more to be desired than an overhaul. It substitutes grease-for-grind, slick-for-stick, clean-for-clog

THIS IS THE MAN!

... who puts the Tide-Turner in the Dirty-Burner! He's a motorist's best friend because he takes a car off skid-row for a real-show.

SHAMROCK

No, Shamrock 10W-30 won't substitute for an overhaul... but it'll surely help prevent one! That's because there's one thing we always take seriously -- **SHAMROCK QUALITY...**

Quality You Can Measure by your car's Performance
