**DALLAS ORGANIST PLEASURES CITY  
MUSIC LOVERS IN RECITAL HERE**

On Tuesday evening of this week Mrs. Mamie L. Neal and Miss Mary Dunn presented Miss Grace Switzer, A. A. G. O. of Dallas, Dean of the Texas Chapter of the American Guild of Organists in an organ recital at the First Methodist Church.

The auditorium was filled by the music lovers of Lubbock who were enraptured with a program of wide range, pleasing individual numbers and a combined effect that was full of beauty, artistry and again demonstrated the remarkable range and fine tone of the Methodist organ.

Mrs. Switzer is not only an accepted concert organist but has a pleasing personality and personal charm that naturally comes to those who take pleasure in giving pleasure to others through their special ability or chosen art. It is hardly possible to pick out individual numbers on the program for special comment, for the appreciation

rests so much with the mood of the individual and his capacity to enjoy the different kinds of music.

Possibly the most universally popular number was the "Even Song" by Johnson, or "Berceuse" by Dickinson. The most brilliant number was undoubtedly "Toccato," by Mally. Deep, swelling grandeur, pomp, power, and the inevitable path to the grave is the theme of Gullman's "Funeral March" that is always appreciated by lovers of organ music. "Pomp and Circumstance," a spectacular number of organ technique by Elgar, best emphasized the marvelous range of the local organ, and while it was not so well enjoyed as a piece of music it was recognized and appreciated upon that basis.

The last delicious bite, the whip-cream of the entire program, was the encore number "Will O' the Wisp" by Neytin, a haunting, tantalizing melody that left the audience smiling, tingling and anxious to meet and thank Miss Switzer for the opportunity of hearing her.

**New Mexico Pioneer  
Killed By Rattler**

As a result of a rattlesnake bite incurred while he and his wife were vacationing near Carlsbad, New Mexico, on the Pecos river, Judge W. A. Stansell, of Lovington, New Mexico, died at his home on Monday morning about five o'clock, according to word reaching here yesterday.

Judge Stansell was well known all over New Mexico and West Texas and was a pioneer in this section. He was the first Probate Judge of Lee county, New Mexico, having been appointed by Ex-Governor Lindsey. He was married but leaves no children. Funeral services were held in Lovington Tuesday. Judge Stansell was an active member of the masonic lodge.

Loene Carlisle, who has been visiting in Sweetwater, has returned here.

**How The Santa Fe dollar was spent in 1923**

Taxes more than dividends. Rate reductions more than taxes

The measure of success in railroad business is the relation of costs to returns. If the dollar earned does not cover the cost of earning it, the business fails. If it covers the cost with a margin over, the business succeeds.

THE SANTA FE DOLLAR IN 1923 WENT AS FOLLOWS:

Maintenance of track, buildings, etc.	13.37 cents
Maintenance of locomotives, freight and passenger cars	13.36 "
Train, station and switching, and other transportation	13.48 "
Traffic agencies	1.89 "
Fuel	8.49 "
Salaries and expenses of clerks and other general office employees	3.88 "
Legal, valuation, general officers, pensions and death benefits and miscellaneous	1.06 "
Depreciation and retirements, equipment and ice plants	3.89 "
Loss, damage and casualties	1.67 "
Rent of equipment, joint facilities, etc.	1.04 "
Interest on bonds and other interest charges	4.66 "
Dividends on capital stock	8.06 "
Taxes	8.14 "
Balance available for expanding facilities	5.79 "
100.00 cents	

Of the last item 3.02 cents came from sources other than rates so that a reduction of less than 6% in rates would have wiped out the entire margin of safety from earnings through rates.

Even a decline in gross business such as has occurred this year inevitably reduces this balance of 8.79 cents, because not many of the cost items can be cut down in proportion.

The adjustment between success and failure is a delicate one in the transportation industry. For the welfare of the country, it should not be lightly tampered with, either by laws or by the various commissions that control the main elements of railroad earnings and costs.

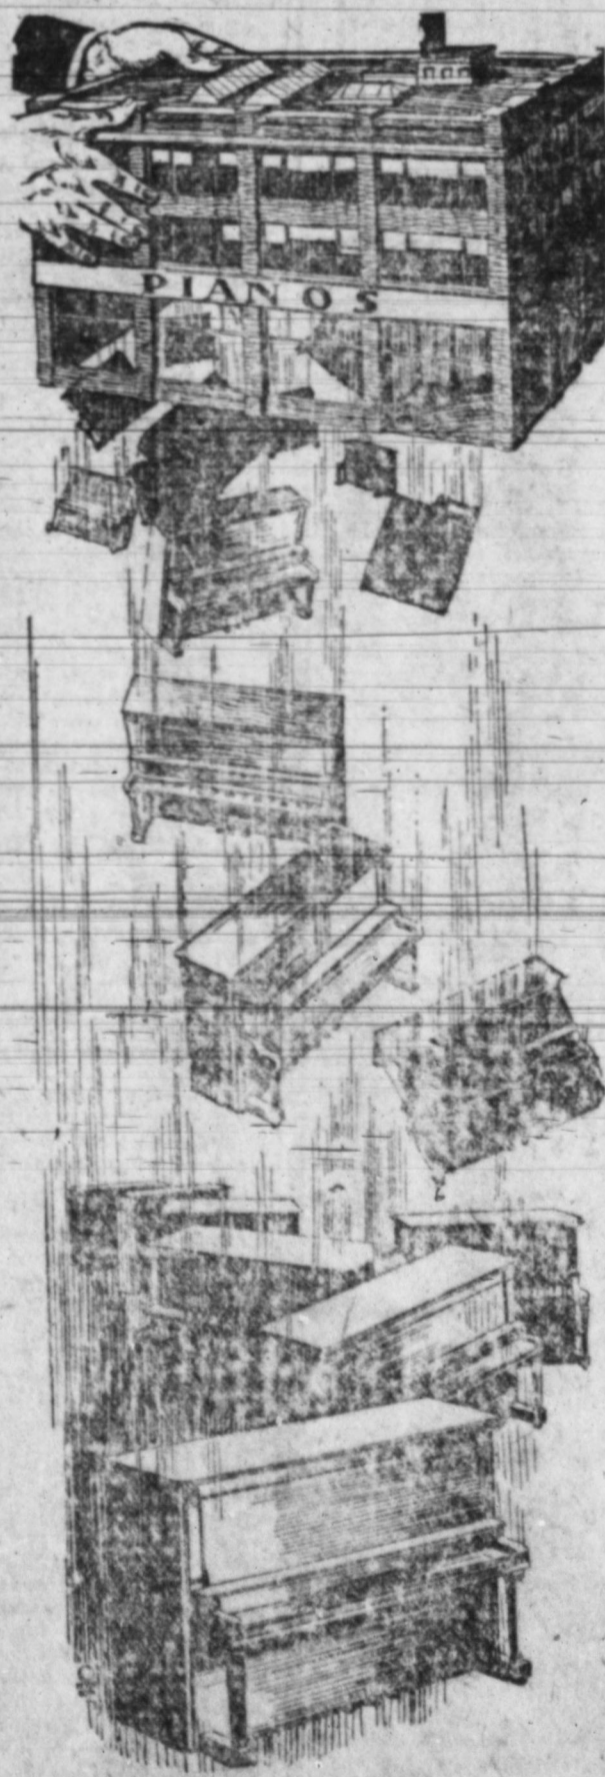

It is particularly notable in the above statement that taxes were more than dividends and only a little less

than all the fuel used for the System. Taxes were \$20,316,491.

Good service requires ample money for operation and maintenance. Even a rather substantial reduction in rates would benefit individuals so slightly as hardly to be known, while it might readily (because of poor service) cause them tremendous loss which would be quickly and keenly felt.

A railroad gets money from its rates and has no other large source of supply, even though attempts seem to be made to have the public believe otherwise. Since 1921 freight rates have been almost continuously in process of reduction. Santa Fe freight earnings were decreased \$14,500,000 in 1922 and \$23,945,000 in 1923 from what they would have been with 1921 rates.

**A few days ago  
a Customer told us**

"I'm going to trade my old piano to the Music Company on a new one."

We asked her why she didn't trade it to us, and to our surprise she said she didn't know we sold pianos.

We are wondering if there are any other people in Lubbock County who do not know that we sell pianos. If so, we want to serve notice on them now that we can give them more lines of high grade pianos to select from than any other concern in this part of Texas.

**Our LATEST Addition**

is to make arrangements to represent the American Piano Co. This gives us the exclusive sale of the following well-known makes:

- KNABE
- CHICKERING
- MASON & HAMLIN
- J. & C. FISCHER
- MARSHALL & WENDELL
- HAINES BROTHERS

In addition to the above, we will continue to sell the lines we have been carrying for a number of years:

- GULBRANSEN
- HOBART M. GABLE
- IVERS & POND

**Don't Send Money out of Town**

We can give you just as much for your old piano as any out of town concern and will make our terms just as liberal. Phone us if you are interested in a piano or player and we will have our representative call. Mr. L. J. McLean has charge of our Piano Department.

### COTTON PRICES

(Continued From Page One)  
to 31,000 bales in 1923 is an indication of the trend of development and the movement is gaining momentum with each passing year. With a continued good crop condition Lubbock county will produce between 40,000 and 50,000 bales of cotton this year. The South Plains will raise their 1923 record yield from 150,000 to more than 250,000 bales—more than 60 percent of which will be marketed through Lubbock.

**Two Cotton Exchanges**  
For the first time in the cotton development of the section the buyers had direct touch with the world's markets through a cotton exchange last season. More than 50 foreign, meaning Northern, Eastern and overseas, representatives, buyers took cognizance of the facilities offered by establishing headquarters and buying centers in this city. Another exchange has been added this summer and the opening of the fall cotton market will bring more than a hundred job lot buyers to the city, which, together with the Farm Bureau Cotton Association, will assure the farmers of the section the best market price for every bale of cotton offered on the streets of any town in the Plains.

Not only is the marketing end of the cotton industry receiving attention. The Lubbock Cotton Oil company's quarter of a million dollar plant is an expression of capital's appreciation of Lubbock's future as the center of a great cotton producing section. This plant has been built not only with a view to caring for the needs of the section for this year and next—but upon a scale and plan that will permit of expansion to care for the section when it produces four, five or ten times as much cotton as it does today.

Transportation facilities are important factors in the prosperity and development of a great cotton industry. Through the Santa Fe system, with direct connection with the Northern and Eastern market by rail and with the international markets through the port at Houston and Galveston, and fed by the many branch lines that reach into the heart of the surrounding producing sections, Lubbock is amply served in a transportation way. The Lubbock Compress greatly increases the efficiency of this transportation service through the conservation of shipping space by preparing the baled cotton for its final market by compressing the bulk into the standard shipping size demanded for interstate and oceanic transportation.

This compress is one of the most complete and modern in Texas and with the completion of the 100,000 gallon, 100 foot water tower now under construction, will be one of the safest cotton storage plants in the state. Gravity tracks further facilitate the handling of the cotton that passes through the plant.

**Mutual Profit from Facilities**  
These facilities—the Cotton Exchanges, the foreign buyers, the compress, the oil mill, the railroad company—all add to the value and profit of the cotton produced in this section. They are more than the "smooth corporations" that radicals howl about. They are vital contributing factors toward the growth and development of the cotton industry in the Plains section. Without the investment of the millions of dollars that they represent the cotton produced in this section would be practically worthless and in conversation with their officers, and after a study of their services, their plans to keep pace with the section, a better appreciation of their importance to the city and section is to be had.

More than \$50,000,000 will come to the Plains directly from the cotton crop this year. As much more will come through the business that is stimulated, the foreign capital that is invested, the home-seekers that move here, and the construction that results from the development of the section—and yet the possibilities of the city and section have scarcely been scratched. A city of 100,000 population—a farmer on every quarter section of land—thriving cities where country cross roads now are marked only with road signs—prosperity, manufacturing facilities, greater educational institutions—all of these things smack of an overwrought imagination or stick selling propaganda—and yet such cities have been built upon fewer natural resources and in a less strategic location than Lubbock now enjoys, and that within less than the span of a single life.

**Diversified Farming Necessary**  
All of this has been written from the standpoint of cotton—cotton selling at THIRTY CENTS A POUND. It would be infinitely more certain, more substantial, more sure and rapid of fulfillment if the farming operations of the section were organized upon a highly diversified scale. Cotton is a wonderful money crop—when it is high. It is a despot, a poverty mill, and the death knell of prosperity when the bottom falls out of the market. Diversified farming is practical insurance of dependable prosperity. It may cost a little in reduced profits from the farm, when cotton is at the top price. But the loss is more than counteracted when the break comes.

Cotton is well used as the lure to bring homeseekers into this section—but diversified farming MUST be the salvation of the permanent, constructive prosperity of the section in the years to come and it is well in our consideration of the cotton industry, its growing importance and promise to remember the other side of the question.

### Gives Friends Party On Sixth Birthday

James Lee Chase celebrated his sixth birthday Tuesday evening with a party given in the Canyon east of town. Friends of James Lee played out-door games until a late hour when ice cream and cake were served to them. Those present were: Charles Giddeon, Jr., of Oklahoma City, W. B. Hilton, Jr., W. K. Ames, Jr., George and Horace Wilson, George Terrell Thomas, Mary and Cary Jane Thomas, Katherine Klett, Florene Ames, Grace Rankin, Mrs. Charles Giddeon, Mrs. J. P. Thomas and Mrs. George Turnbo, who assisted Mrs. J. L. Chase in serving.

J. C. Whaley of the Whaley Lumber company, of Gainesville, was a business visitor in Lubbock Tuesday.

### New Salesmen Added To Ranks of Texas Life Company Here

A new list of the salesmen who have joined the forces of the Texas Life Insurance Company, during the past two weeks, was issued by K. L. Riggs, general agency manager for West Texas, yesterday and includes the following: Mrs. Lola Morris, formerly of the American Central Life Insurance company; Mrs. Myrtle C. Wilhelm, representing the California State Life, J. H. Allen, of Whitesboro, formerly salesman for the Standard Life, C. H. McCauley, of Fort Worth, San Jacinto Life agent and W. E. Riggs, of Dallas. This company, which opened up offices in Lubbock several weeks ago, is making efforts to enroll a large number of agents in this territory.

### Miss Forson Gives Party for Friends

Miss Elizabeth Forson entertained a group of friends with a slumber party at her home on Thirteenth street Tuesday night. In the evening the girls attended a picture shown in town. Wednesday morning they enjoyed a plunge in Tumble N pool, before a sunrise

breakfast under the trees near the pool. Guests for the party were: Misses Ruth McKee, Lucille Strickel, Omette and Grace Malone and Evelyn Porter.

Chealey Allen Chipley made a trip to Morton Saturday returning Sunday. Mr. Chipley has lately returned from the harvest fields where he spent some time working.

## We Are All Tied In With Our Community

Lubbock is the home of all of us who live here. Our comfort and happiness and prosperity is all involved with the welfare of the City—how good a place it is to live in and do business in. Every citizen and every business and industry in Lubbock depends upon every other citizen and business and industry for equal responsibility in building this city to be—a good city in every respect.

To accomplish this we must all work together with a spirit of tolerance and understanding. We must recognize that a good city is built by no single factor. Each business and industry and citizen must add something to the process of development.

Good Light and Power service is necessary in the building of a good city. Your own company fully appreciates its responsibility. It seeks to co-operate with every other concern and every citizen of Lubbock so that its contribution to civic growth may be equal to the needs of the present and the future.

## FORGERY PROOF SENTINEL

Represents the last word in a check writing device, in that it gives, in addition to the REAL amount protection, forgery protection as well. This protection is backed with a \$10,000 Bond written by the well known insurance company, The Standard Accident Insurance Company of Detroit, Mich., represented locally by L. S. Harkey. The bond, paid in full for two years, comes with each machine and insures, in full, against raise of the amount, forgery of signature, change of payee, change of date, and change of number. It is renewable thereafter at only \$5 per year.

In short the "FORGERY PROOF SENTINEL" you have combined complete and absolute protection, with everlasting check-writing service, mechanical perfection, and a bonded insurance for \$10,000 against loss of any kind from your checks. That it is positive protection is shown by the very small cost of the \$10,000 bond after the first 2 free years and our positive guarantee to replace any defective or worn machine with a new machine at any time. The cost of the device is the cheapest business insurance that can be written.

**ARREST BOOZE MEN**

MARSHALL.—Artie Jackson, Sr., of Marshall and C. N. Dickson of Sarsaparilla were arrested on charges of possessing intoxicating liquor for the purpose of sale, after Texas Rangers Leach and Glasscock and Deputy Sheriff Henderson and Gilstrap had raided an alleged liquor rendezvous on Caddo Lake, twenty miles north of Marshall. A quantity of liquor in bottles and jugs also was seized.

**BIBLES GIVEN BLIND**

OKLAHOMA CITY (INS)—Through their finger tips scores of blind persons in Oklahoma have read the colorful gospels of Mark and the beautiful story of the world's beginning in the Bible. Five hundred volumes in the Braille system for the blind are on the shelves of the state library commission, the collection including Bibles, fiction, history, philosophy and economics. By running their fingers over the raised edge letters the blind persons are enabled to read the story.

**BOMAR MOORE IS VICTORIOUS OVER CANADIAN CHAMP**

**Olson Fights Gamely; Moore Upholds Reputation as Best Man in Straight Falls**

Bomar Moore, former Lubbock wrestler, upheld his claims as the premier grappler of the Hub City Monday night at the City Auditorium when in straight falls he defeated Charles Olson, middleweight champion of Canada and the Pacific coast states.

Moore, although a great deal larger man than the "Terrible Swede" fought a winning match all the way, leaving Olson's tricks of the trade. Three times before Olson lost the first fall the giant Moore held holds on his smaller adversary which held on a grip of lesser ability would have resulted in his earlier defeat. The first fall came after thirty minutes of wrestling, Moore winning by a knockout.

Olson gamely answered the call of Referee Whitman for the second fall, but with a scissor and half-Nelson Moore pinned him to the mat in two minutes and forty-five seconds for the evening's decision.

A good house viewed the match and cheered the contestants throughout the battle, favoritism being well divided between the two. Both the victor and the vanquished wrestled cleanly and the evening's entertainment was highly enjoyed by the audience.

Two preliminary boxing exhibitions, one three round and one four round match, preceded the wrestling. In the semi-windup "The Dago Wop" of San Antonio, showed that he had fought in the spring before and defeated "The San Antonio Newsboy" via the knockout route. The men weighed 140 pounds.

Immediately preceding the wrestling match and again after the match Thor Jensen, of Hereford, challenged the winner and articles were drawn up providing for a finish bout between Moore and Jensen, which was held last night, under the auspices of the local band.

Thomas D. Scott, local tire man, refereed the boxing matches and Fred Whitman, of the Lydick Roofing company, a former wrestler, called the decisions on the wrestling.

Mr. and Mrs. R. B. Kimmel are at home after having visited friends and relatives in South Texas.

A. F. Woods and children returned to Lubbock Monday after a vacation in New Mexico.

**THOR JENSEN IS LOSER TO MOORE HERE WEDNESDAY**

**Clean Match Results in Win by Former Local Grappler in Straight Falls**

In his second match in three nights Bomar Moore, former local wrestler, had a visitor with relatives in Lubbock at this time, won his match on straight falls Wednesday night at the city auditorium when he defeated Thor Jensen, of Hereford, in one of the cleanest and best fought bouts ever seen in the city.

Moore took the first fall in forty-three minutes and fifty seconds with body scissors, knocking the breath out of the Hereford man as he tossed him to the mat. Coming back strong in the second fall Moore hung up victory in fourteen minutes and thirty seconds with a half Nelson and body scissors.

A small crowd viewed the match which was given in benefit of the Lubbock band, immediately after the final fall was announced by Referee Whitman Jensen credited Moore with his clean way of wrestling and stated that the former local man was one of the best and cleanest grapplers he had ever met. Moore in turn complimented Jensen.

Wednesday night's match was the second in as many nights for Jensen who Tuesday night beat Charles Olson, of Lubbock, on a Hereford mat. It was the second in three nights for Moore, who also defeated Charles Olson here on Monday night.

The wrestling cards which have been given here are well worthy of support from sport fans in this locality. The matches are fast and scientific and the grappler worthy of patronage.

The six round boxing match scheduled as a preliminary to the wrestling match was called off due to the disappearance of one of the men after he went into the dressing room to don his tights. Dago Wop, the Santone newsboy was on hand and challenged anyone his weight to a match here.

**Hooray For Us!**

A short time ago the city officials were in the midst of a discussion concerning the advisability of inaugurating center parking in the city of Lubbock. The discussion waxed pro and con. Some wanted it, some didn't.

Believing that the system of center parking is not only highly inefficient, but also a menace to public safety the editor of the Plains Journal wrote an editorial in which he took a decided stand against the proposed system, showing its fallacies.

Later, wishing to find some editorial comment from some of the larger papers of the state on the subject, City Secretary J. R. Germany wrote to the Fort Worth Star-Telegram for information.

"Look at your own home paper, The Plains Journal, for June 19," was the answer Germany received to his query. "In that issue is the best editorial comment on the subject we have ever seen in years."

All of which merely goes to prove the contention that "if you see it in the Plains Journal—it's right."

**TURN HAIR DARK WITH SAGE TEA**

**If Mixed with Sulphur It Darkens so Naturally That Nobody Can Tell**

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive.

ANNUAL PROGRAM ON AGGIE SHORT COURSE MADE UP

Hundreds of Lecturers Prepare For Practical Study To Be Held for Farmers

COLLEGE STATION, July 23.—Hundred of lectures, field and laboratory demonstrations covering every phase of the farming industry and rural home life are on the program of the Fifteenth Annual Farmers' Short Course of the A. and M. College of Texas which will be held at College Station the week of July 28-August 2. The program was released today by T. O. Walton, director of the Extension Service of the College, who is in charge of the course. No matter what the problem or chief interest of the farm man, woman, boy or girl, he or she will be able to select a course of instruction which will enable them to benefit very largely. The program has been formulated for the purpose of supplying the need for information of the Texas farm family, and nothing has been omitted that the extension agent, who is continually in the field meeting the daily problems of the farmer and his family, has conceived as needful.

Lectures and demonstrations will be continuous from 8 o'clock in the morning to 5 o'clock in the afternoon. In the morning there will be general sessions for orientation and announcements and in the evening another general session. On the evening of the first three days President W. B. Bissell will address the visitors on foreign agriculture as he saw it on his recent tour of Europe and England and as he has judged its effect on the future of agriculture in this country. John T. Orr, president of the Texas Farm Bureau, will speak Thursday evening and on Friday evening there will be an open meeting for the announcement of contest winners and the award of prizes.

The annual meetings of the Texas Honey Producers' Association and the Shippers' and Carriers' Conference will be held here at the same time, but will not conflict with the program of instructions, being entirely separate.

Miss John Estes, of Hereford, left for home last Sunday after a two weeks visit with her sisters, Mrs. Carl Roberts and Mrs. E. L. Klett.

\$30,000 Drive For Wayland College Is Begun In Plainview

PLAINVIEW, July 23.—Detailed plans have been completed, work done appointed and preliminary work done in preparation for the \$30,000 drive that will be staged for the benefit of Wayland Baptist College in this city this week.

The money will be used to make some needed repairs, improvements and extensions to the Administration building and Dormitories of the college. It is believed that the full amount will be realized in one day's intensive work. A good wheat crop has been harvested and is bringing a good price. General business is in excellent condition and folks are solid in their support and belief in the college.

EDITOR'S NOTE: Plainview has a habit of doing things right and doing them quickly when they set their shoulders to the wheel. They are the gamest bunch of good sports you could ever hope to meet and have the best civic spirit of any bunch you ever knew. We'll wager our only pair of Sunday pants that they put the drive over the top before they get started good.

HOLD MURDERERS

MARSHALL.—Starr Green, Robert Green, Charles Green and Jim Holmes were indicted for murder in connection with the death of Isaiah Sanders, negro, who was beaten to death with a leather strap July 12, by the special grand jury called to act upon the case Thursday, it was made public here Saturday. A habeas corpus hearing is set for Monday. The men are at liberty under bond of \$5,000, made when they surrendered to officers following the killing.

The grand jury was in session two days. It returned a total of thirteen felony indictments, eight for murder, one assault to murder and four for charges of violating liquor laws.

WHITERIGHT CHILD KILLED

WHITERIGHT, Grayson Co.—Mercedes, the 8-year-old daughter of Henry Williams of this place, was run down by an automobile on the streets of Rocky, Ok., shortly after Mr. Williams and his two small children had arrived in the Oklahoma town. The child died eleven hours later.

BUILDING PERMITS LEAP

FORT WORTH.—Building permits totaled \$1,674,558 on fifty-three permits during the last week, according to Roy C. Malles, building inspector. The \$1,000,000 permit for the erection of the Methodist Hospital brought up the total.

SAN ANGELO MEN PLAN FOR EIGHT BOOSTER JAUNTS

After Several Years Secession Merchants Will Visit Near Cities On Tour

SAN ANGELO, July 23.—After dropping their trade trips for several years San Angelo is coming back stronger than ever this year with a total of eight well planned trade excursions into the surrounding trade territory, according to information carried in the San Angelo Weekly Standard. Six of these will be made upon Wednesday of each week for six weeks by automobile. Two will be made by Special Train into more distant points between Sweetwater and Alpine. The trips are being made in the interest of a continuation of the friendly feeling that exists between San Angelo and her neighboring smaller towns and trade territory and to boost the coming West Texas Fair. Special programs are being arranged for each stop, advance advertising matter will be made for the convenience of the travelers, prizes to be given away during the West Texas Fair are to be distributed.

COMMENT: These Trade Trips are great things for getting folks together, rubbing elbows and developing sectional appreciation of the fact that the good of one community means the good of all. The spirit of West Texas is big and broad and clean and it is a real pleasure to take part in these various Trade Trips. Folks are folks pretty much wherever you find them. Angulo folks, Lubbock folks, Snake Creek folks and all the rest are about the same. It does them all good to mix and mingle and rub elbows and grin at each other. Lubbock has profitably conducted Trade Trips each year for the past four years and is going again this year.

RECOVER JEWELS

GILMER, Upshur Co.—In broad daylight here two tramps entered the residence of Mrs. F. N. Buie and stole three diamond rings, valued at \$1,500. The alarm was given quickly and the sheriff and two deputies fifteen minutes later captured the men, recovering the gems, which had been hidden in the lining of a cap belonging to one of the men.

We're Moving J. O. Jones Back To The Security Building

Last week, through a grave and serious error the Plains Journal moved J. O. Jones to an office in the Leader Building. This week we are moving him back to the Security State bank building to the same office which he has occupied figuratively but never used.

It was not the intention of the Plains Journal to show L. C. Montgomery an easy way to move a man's office—it was merely an error in the headline. And the jovial J. O. Jones didn't kick about being moved—he, as usual, was too busy boosting for Lubbock to find time to call attention to the mistake.

Nevertheless, we believe that Mr. Jones would rather remain in his old office than to move so we are taking the liberty to move him back. You won't find him in probably, but he is still quartered in the Security State bank building.

ONE OF LARGEST RANCHES PLACED ON FARM MARKET

Adair Ranch In Donley County To Be Turned Into Cotton Lands In The Fall

PANHANDLE, July 23.—T. D. Hobart, General Manager of the famous J. A. Adair ranch in Donley and Gray counties has sailed to England to complete the arrangements for cutting the entire 500,000 acre ranch into small ranch tracts and putting it on the market on long time at a low rate of interest.

The J-A Ranch was the second ranch to be located on the Plains of Texas, more than 40 years ago. Adair was an Englishman that sought adventure in the new land of America more than 75 years ago—and according to all tales of his life he found it in plenty. He took part in the gold rush to California, prospecting for oil, operated a trading outpost and finally, in the vanguard of advancing civilization established this ranch in Donley county—the famous "Green Belt" of Indian lore.

Prominent until his death in the development of West Texas his work was carried on by his wife, who joined him from her native land of England in the early days, until her death at 82 years of age some three years ago. Mr. Hobart has been actively in charge of the business management of the ranch for more than 25 years and has carried out the policies instituted by the founder.

The opening of this ranch for homeseekers will hasten the development of another rich agricultural section of the Plains and add materially to the prosperity of several Plains towns.

RELEASED ON BOND

COLEMAN.—A. S. Bell, tenant farmer, who has been held in the county jail since the fatal shooting of Dr. Elias Ballard Thursday, was released on a \$5,000 bond Friday night. This action came after a conference between attorneys representing the state and defense and after Bell had waived preliminary examination.

A charge of murder has been filed by Sheriff Pauley and the case will come up during the January term of court. It was learned that four people witnessed the shooting.

San Marcos Laws Hold Three Men On Charges of Attack

SAN MARCOS, July 23.—M. M. Bain, a painter who has resided in San Marcos for several years was found on the Lime Kiln road, three miles north of San Marcos, Sunday noon, July 13, in an unconscious condition, with evidences that he had been knocked in the head.

Becoming conscious later in the day he gave to Sheriff Allen the names of several men with whom he had been associated Saturday night. Sheriff Allen then arrested and placed under bond four men.

Their examining trial was held Saturday before Justice of the Peace A. M. Ramsey and each of the four men was placed under bond, and bound over for District Court which convenes in September.

The four men also pleaded guilty to gambling.

KILLED BY SNAKE

BROWNWOOD.—Arnold Lewis, 4-year-old son of Lee Lewis, living near Byrd's store in Brown county, was bitten by a rattlesnake and died within a few hours. The child was playing in the yard with several other children when one of them heard the snake rattle and sounded the alarm. In getting out of the way the child stumbled and fell on the snake. The child died before medical aid could be summoned.

NEGRO STABBED TO DEATH

WACO.—Following a fight that extended over a distance of two blocks on Franklin street Saturday night, Eugene Hall, a negro, living at Norwood, was stabbed to death. An hour and a half after the stabbing his brother-in-law, Clifton Austin, also living at Norwood, surrendered.

GIVE C. OF C. HONORS

BROWNWOOD.—Ten scholarships have been issued by the Brownwood Chamber of Commerce to winners in the various judging contests held at the recent club-encampment at Lakewood. The holders of the scholarships are Miss Gladys Dunsworth of Clio, Miss Norma Lee Chestnut of Bangs, Miss Edna Middleton of Indian Creek, Miss Edna Grady of Indian Creek, Glenn Moore of Blanket, Leo Ramsey of Blanket, Leo Hurst of Winchell, J. C. Alcorn and Hugh Alcorn of Brownwood and Aubrey Hurst of Winchell.

I. M. Campbell, prominent Lubbock county farmer and a candidate for the office of Public Weigher in Precinct Number one, was a business visitor in Lubbock Friday.

CITY OF IDALOU BUILDING IDEAL GOLF LINKS NOW

Neighboring Town Is Smallest Place In State to Boast of Fine Golf Course

IDALOU, July 23.—This town lays claim to being the smallest town in Texas to have a well improved Golf Course. Four years ago when the population of the town was less than 100 there was a good nine hole course adjoining the town. In the rush and hurry of building to the present size of more than 1250 population or more the old course has been neglected. But at a reorganization meeting last week plans were completed for a modern nine hole sports golf course to be kept in good condition the year around. Mayor Smallin was elected President of the new Golf Association, R. L. Meinecke vice president and Roy C. Russell secretary-treasurer. An initiation fee of \$12.50 was set to lay out and improve the course and small monthly dues will be collected to maintain it thereafter.

EDITOR'S NOTE: Idalou has a number of real golf players. E. T. Daniels, Father of South Plains golf, is always in the high five in any tournament in West Texas and with a distressing regularity comes home with the first prize. Daniels is in charge of the greens committee and will put snap into the club.

Practically every town on the Plains now has a golf course. Post City was first, then came Lubbock, Canyon, Amarillo, Plainview, Tahoka, Crosbyton and a number of others. A number of inter-city tournaments are being planned for the summer.

HOLD COTTON SCHOOL

TYLER.—Arrangements have been made with the chairman of the State examination board for public cotton classes. L. E. Dowd, for an examination to be held in cotton classing at Tyler on July 31. L. E. Dowd of A. and M. College will be assisted in the examination by Clyde Foster, cotton classing instructor of the Tyler Commercial College. Applications from twenty-one counties in Texas who wish to secure Government license for public cotton classing have already arranged to take this examination, which will be held at Tyler Commercial College.

### Obligations of Citizenship

The right of the ballot—the freedom of democracy—the benefits of education—the luxuries of wealth—the power of eloquence—the charm of personality—all of these things we hear much of. But what of the attending responsibilities? For there certainly are no privileges, capabilities and progress in life, in the evolution of man, in the growth of cities, in the development of states or the rise to prestige and eminence of nations without attending responsibilities and obligations.

New nations have been established, blood shed, governments wrecked and rebuilt around the rights of the ballot, of representation of citizenship. But when the right is granted are the responsibilities accepted? Is the citizen that has a right to vote but who fails to exercise that right any more of a REAL citizen than the semi-savage with the slave galleys of darkest Africa? Do we live in a state of democracy when our officers are picked for us in secret conclaves, back rooms, or political dives and the cards stacked until we only go through the form of voting? Can we enjoy the benefits of education, of enlightenment, and progress if we fail to make use of the new facilities so developed in the fulfillment of our civic and social responsibilities and obligations by taking an active part in the election of capable men to head the affairs of our country, state and nation?

The half-wit negro down in the forks of the creek who has never worn shoes, gone to town, or become remotely conscious of a mind and the ability to think owes little to his state or to society and God, in the final judgment requires little of him. But our obligations and responsibilities increase in proportion to our opportunities our progress, enlightenment and advancement over and above that stage and God will judge us in that final judgment not alone upon the things we have done that are wrong—but as well upon the things that we might have done within our given abilities that might have been of benefit to ourselves, to mankind and the world as a whole.

Saturday is election day. Neglected democracy has produced a degenerate form of putrid politics that is no less than revolting to sane, straight thinking folks. It is not the fault of the fundamental principles of democracy but is due solely to a neglect of the duties of citizenship on the part of the individuals of our cities, states and nation. If we, as whole, do not exercise our rights of citizenship through a discussion of the problems of our government, and through the ballot as individuals instead of blindly following the figureheads set out by party factions, combines, paid political organizers, and under-cover factors, then we cannot expect to elect capable men of unquestionable integrity and judgment.

The scandal of Teapot Dome, the pitiful spectacle presented by the Democratic National Convention, the lukewarm platform of the Third Party, and the pussy-footing of the Republican administration is not so much a reflection upon the men participating in these affairs as it is upon the spirit of the nation that will permit of such tactics, inefficiencies and the election of such small calibered politicians to fill the official positions that should be filled by statesmen.

It makes no difference whether you are a Klansman, an Anti-Klansman, a Methodist, Baptist, Catholic, Jew, Democrat, Republican, Socialist or a combination of all of them—if you are a citizen of Lubbock county you should vote upon every question that affects the public good of the county, state and nation, and more than that—you should vote your honest, sincere, personal convictions without regard to the dictates of any group faction or political combination.

### Business of Farming

The Plains Journal always wants news—real, worthwhile, constructive news. We are able to get most of the local news that breaks in the city and surrounding towns, but we are still a bit short on news stories dealing with the business of farming.

Let Bill Perkins start a prune shop on Avenue G and we tell our readers about it—for it is news and we can get it. But let Bill Perkins buy a \$30,000 farm or make a \$5,000 improvement and we do not carry a story. Not because it is not news—for the chances are that the prune shop represents an investment of less than \$1,000 cash. Not because we don't like Bill just as well as a farmer as we did as a prune peddler. But simply because we can't get a report on the farm news over this section.

The business of farming is the biggest in Lubbock county. The average well improved farm represents a larger cash investment than the average small business in the average town. The prosperity, growth, development of the farming sections of Lubbock county is much more important to the general business of Lubbock—hence of more NEWS value than the prosperity, growth or development, change in ownership or other item concerning any small business in the county—and the Journal would like to tell our readers about it—if we could get the news turned in.

Our rural correspondents sometimes correspond or respond when we write them—but sometimes they forget, go a fishing, are too busy or for some other reason lay out on us. If any reader knows of a good farm story—good yield of wheat, a new barn that has been built, a greatly increased acreage that is being put in, an exceptional field of cotton or feed—or any other news item of interest—write it on a Post Card and mail it to the Journal. We want to give the business of farming the same consideration that we do the business of selling prunes, calico,

## Where To?

### County Exhibits

"Is Lubbock county going to the State Fair at Dallas this year?"

The question was asked last week by a business man on the streets. And there is but one answer and that is "you betchu." For Lubbock county has learned long ago that there is no one piece of civic work that brings greater returns to the county than the exhibit we have been taking to Dallas for the past twelve or fifteen years.

It costs some money, a lot of work, and sometimes things are not ideally pleasant in the old ramshackled building the State Fair has been assigning to the Agricultural Department but all of these things are being worked out. The rules, regulations and exhibit standards are being agreed upon by the exhibitors of West Texas who know from experience what constitutes a well-rounded exhibit. A better building is being provided and a growing interest in the agricultural possibilities of the Plains is following the development of the cotton industry throughout this section. This year, as never before, will the farmers of East, South and Central Texas flock to the county exhibits from the plains to see what we are growing here, to ask questions and to get pamphlets describing this section.

But a county exhibit is possible only through the fullest co-operation of every blooming soul in the county. The best wheat, oats, beans, spuds, fruit, melons, maize, feterita, and a dozen other things must be selected, hand picked, hand cleaned, hand cured and hand packed. Exhibiting has developed into an absolute science through the close competition that has arisen between the counties of West Texas and the entire section of East Texas. It is not enough to have good exhibits—they must be the BEST exhibits that the county can produce. Get in touch with the County Agent, or the Chamber of Commerce and help select these various crops as they mature during the year. They will appreciate it and you will be doing a real service for the county.

### Why Not Stand Out Above the Average?

"That man is a wonder. He is a genius. He is just coining the money and going higher every day. He stands out in any group of men, any meeting that he takes a part in. He is a go-getter."

You have heard that said now and again of a certain man and you looked at him in wonder—and wanted to know him. Probably a little later you met him, talked with him—and were disappointed.

But that detracts nothing for the ability of leadership of the man in question for after all there is less than 5 percent difference between the leader, the outstanding man of commanding personality and the plodding follower, the average man that goes to make up the rank and file of humanity.

The leader holds his head a little higher, his shoulders a little straighter, looks out of his eyes a little more direct, gets up just a little earlier, or stays up a little later or concentrates a little more while is awake. He reads just a little more, meditates a little oftener, thinks a little clearer, and when things go wrong, sticks just a little longer before getting discouraged. He smiles just a little oftener, holds his temper a little better, admits his mistakes a little quicker and makes amends a little fuller and more sincerely.

In short, the leader simply puts just a little more into life and the living of it than the other fellow—and that is the reason he is a leader—and not because of any wonderful, supernatural, mysterious quality or attribute that God has given him in spite of himself. Regardless of what business you are in, what your station in life may be, or what your natural abilities may seem to be, you, too, can be a leader if you consistently put just a little more of yourself into everything you do, into every day that you live, every smile that you smile, and every thought that you catch, than the other fellow and develop a consciousness of your own power to develop, and grow and improve.

Set your own goal of achievement—then reach that goal!

### Why the Grouch?

Smooth out your face and then GRIN—just turn loose your whole soul into one wholesome, comfortable, contagious grin—that starts at the corners of your mouth, spreads up behind your ears, wrinkles your nose, the back of your neck, runs all the way down your spine and even makes your toes tickle just a little.

Now, honest, don't you feel better?

Folks, generally speaking, take themselves entirely too seriously. If you could stand off and watch yourself for a half hour when you are right in the midst of the realization of your great importance and the consideration of the mighty problems that beset you—its our guess that you would have a time to keep from getting a little grin out of your own seriousness.

Business may be rotten. The sun may be hot. The weather may be dry. Your bank account may be overdrawn. Your rent may be due. Your wife may be away on her vacation. A thousand other things may be out of kilter—but grouching won't help them and will pretty nearly ruin you, your disposition and be an awful strain on your friends. Sweeten up, smile a bit, throw your shoulders back and soak in some of the joy

## Kurrent Komment

The Olympic games, which are going on at the present time in France, are a boon to international relations. More contests of international scope would do a great deal to better feelings between nations.

This new band of Lubbock's is an added asset to our city. When you get a chance to boost this organization do it. Your boost will come back to you three fold when the musicians accompany local booster trips to nearby towns and counties.

Miss Mae Murfee, secretary of the local Red Cross chapter, is rendering valuable service to the ex-service men of Lubbock county and also of adjoining counties, in aiding them in making their applications for the bonus. Such service is as patriotic as answering the call of battle and represents only one way in which the Red Cross aids humanity.

The choice of Governor Charles Bryan, of Nebraska, to be the running mate of John W. Davis, of West Virginia, by the recent convention showed a clever piece of strategy on the part of the party leaders. With the prestige of the name of Bryan in the Democratic party and the linking of the great middlewest with the east as represented by Davis, great strength will be added to the ticket, weakened as it was by factional wars.

The stirring announcement has been made that Burton K. Wheeler will not support the Democratic ticket but will switch to the light pink party sponsored by LaFollette. Would it be out of place at this time to arise and ask "Just who is Burton K. Wheeler?" That gentleman happens to be a Democratic senator from Montana and the only thing that he ever seems to have done was to get mixed up in the recent oil scandal. His retirement won't hurt the party much.

With wheat being boosted and a similar raise being predicted for hogs it seems that the farmers of the nation will soon be smiling. All we need to worry about down here is that the controllers of the cotton market will regulate the price so the planters can readily profit off the bumper crops.

Mrs. Ruth Hobart is being held in Amarillo in connection with the death of her husband, whose body was discovered near the Amarillo ball park with five bullet holes in it. The wife of the dead man was arrested and put behind the bars on circumstantial evidence. Accounts from the Amarillo News state that when she viewed her husband's body she was shaken with grief. She maintains that she is innocent of the crime and if she is found to be innocent will have been greatly wronged in the interests of justice.

### Why?

A reader writes:

"A friend of mine died recently in this city. He was in his fifties, an active man, filled with zest for life, a man of family, successful, a good citizen.

"On my way to work I drive past the city infirmary. There I see doddering old men of little use to society or themselves. Doubtless, some of them would rather be dead. My active, useful friend dies; they live on.

"Why?"

"A. F."

The man died in accord with some "natural law" imposed by the Creator of All for the Good of All. This explanation must be accepted, or it must be admitted that the little dot in time called human life is merely a tremendous and most brutal joke.

What law was violated is entirely another question, a question that is being more and more understood through the progress of the sciences. We have learned, for instance, why yellow fever carried off thousands of the able-bodied, and often left the weak and debilitated.

Life is full of the mysteries with which His wonders are performed and human progress will be at a standstill when we cease to study and discover the why of them and adopt ourselves to the good that is in them.

The difference between a man dead in his fifties and a has been in an infirmary may lie in what the two had at birth and how they lived, and no single instance of seeming un wisdom or injustice impeaches the Great purpose.

We are a long way from qualification as a jury of peers for trial of Omniscience.—Amarillo Evening Post.

## The Best in American Verse

Thou'rt gone, the abyss of Heaven  
Hath swallowed up thy form; yet on my heart  
Deeply has sunk the lesson thou hast given,  
And shall not soon depart.  
He who from zone to zone,  
Guides through the boundless sky thy certain flight,  
In the long way that I must tread alone,  
Will lead my steps aright.

Keeping Pace-- "Within a hundred mile radius of Lubbock, Texas, will someday be grown as much cotton as the State of Texas now produces." Our company had already decided to build a cotton oil mill in Lubbock before that statement was made by Dr. Hunter, the Chief Entomologist of the Federal Department of Agriculture for we had already realizing the possibilities of the section as a cotton-producing section. We recognized the opportunity and in building here a mill more than double the size necessary to meet the present demands of the section accepted the responsibility of keeping pace with the cotton development of the South Plains. Profit from the production of any commodity comes from having a dependable market whose prices are in line with the world's markets, and facilities for handling the commodity. These things the South Plains cotton farmers have in the two cotton exchanges in Lubbock. Our Cotton Oil Mill, ample compress facilities, and the Santa Fe railroad. Ours is more than a business—it is a service to the cotton producers of the section and we invite a closer acquaintance between these producers and the officials of our company, and a better knowledge of the facilities and operation of our mill. ## BUSY BEE BEATS BASEBALL BADLY ALLEN BELIEVES

Former Big Leaguer Gets More Kick Out of Fine Cafe Than He Did Out of Base-Hits

Have you ever been in the Busy Bee Cafe? If you haven't you aren't a baseball bug and besides you're missing an opportunity to get in on good meals at fair prices.  
 F. M. "Sled" Allen, the owner of the Busy Bee Cafe, has had a varied career which has led him from a big league baseball club, not to mention the many minor league teams he has played with, to a post behind the counter of a prosperous restaurant. He first took off the mask and chest pad on March 28, 1922, when after he had signed to manage the local team of the West Texas League, he, with Third-baseman E. B. Gober, purchased the cafe from A. A. Bratcher. Although Gober sold his interest to Outfield W. V. Brown the following fall, Allen stayed with the business, seeing a great future for Lubbock and last October bought Brown's interest and became full owner of the establishment.  
 The cafe was formerly located on Avenue I, next to the Lubbock State bank, but recently Allen opened up new quarters across the street from the

postoffice, at 1215 Avenue I, and his large trade is now satisfactorily served in one of the most up-to-date restaurants on the South Plains.  
 The Busy Bee cafe, in addition to serving a large portion of the business and professional people of the city, is the mecca for sport lovers of all kinds. In keeping with this patronage Allen has installed a score board where the results of the two major leagues and the Texas league are tabulated with the batteries, every day as the games are finished. If you want to know how your favorites came out on any day just call phone number 110 any time after five-thirty or six o'clock and the boys at the Busy Bee will be glad to tell you all about it.

## LUBBOCK CANDY COMPANY DOING GOOD BUSINESS

Local Manufacturers and Soda Fountain Supply Firm Sees Big Future in Business

Helping make Lubbock the jobbing and manufacturing center of the South Plains is the object of the Lubbock Candy company, located at 1318 Ave. I, a firm which supplies the nearby cities and territory with candy, potato chips, paper bags, ice cream parlors, confectionery supplies and paper napkins.

ice cream cones, soda fountain and The Lubbock Candy company was formed in 1922 and the first issuance of stock came on the very first day of that year. The organization is now a corporation and the stock is controlled and entirely owned by Mayor F. R. Friend, James B. Reed, N. R. Morgan and O. E. Brashear. Mr. Friend is president of the firm, Morgan is secretary and treasurer and Brashear is vice-president.

More than one hundred twenty-five different brands of candies and confections are handled exclusively in this territory by the Lubbock Candy company. The business of the company has been very good, according to statements by the management and the prospects for the coming years are even better. Recently the company purchased the Lubbock Potato Chip company from H. K. Porter and the famous Krispy Krisp potato chips are now being furnished to the entire Plains section by the candy concern. A new electric potato peeler and slicer have been furnished and the owners are now able to easily handle the large demand for the product.

In addition to handling the products of many leading candy companies the Lubbock Candy company also manufactures a great deal of the sweet products. J. B. McGehee, one of the most proficient candy makers in West Texas is in charge of the factory which was recently converted into the entire use of the Lubbock Candy company, that organization having purchased the same from Oscar Phillips.

Six people are regularly employed by the candy company and a salesman regularly calls upon the confectioners of the territory and before long another man will be added to the sales force.

## READ THIS BEFORE YOU VOTE

### "Last Week" Politics

The Plains Journal, published at Lubbock, comes out with some good "last week" advice to candidates. Says the Journal: "In the heat of an argument—and especially a political argument—folks are just naturally prone to say a little more than they intended to say—and a lot more than they really mean.

"In discussing your candidate, or your candidate's opponent, or your opponent, if you are a candidate, tote fair, stay around somewhere in sight of the truth, lay off of putrid rumors and remember that the other fellow is human.

"Petty personalities, putrid rumors, malicious mudslinging, belittling backbiting, cheapening cliques and undercover organizations have so discredited politics that a sincere, honest, decent, white man hates to run for office. Only a high sense of moral responsibility maintains the present high standard of our political candidates, and we owe it to them to be good sportsmen throughout our campaign and to do our fighting on a clean, above-board plane of intelligent citizenship—holding in mind at all times the personal ability and fitness of the man in question for the office in question."

It should not be so that a man seeking public office with the desire to render public service and in the belief that he is qualified to serve well should thereby expose himself to every machination of slander and defamation. Each candidate should endeavor to win on his own merits, rather than upon the demerits, real or manufactured, of his opponent.

FOR DEMOCRATIC COUNTY  
CHAIRMAN:  
R. J. Murray.

To The Voters of Lubbock County  
I have known R. C. Burns since  
the spring of 1890, and since then  
he has been a good and true friend.

Mr. Burns ought to be a rich man,  
but he has lost a great deal of  
money in enterprises that built up  
Lubbock but was great financial  
loss to himself. He was largely  
interested in the first telephone sys-  
tem in Lubbock. He also establish-  
ed an auto line from Lubbock to  
Amarillo that was fine for Lubbock  
but disastrous for him. He also  
was one of the promoters of the  
first light and ice plant that cost  
the promoters heavily. In every  
instance where it has been neces-  
sary to raise a bonus for any pur-  
pose he has always given more than  
his share and I am sure that he has  
given away more lots in the town of  
Lubbock than any one interested in  
it. No one could fill the office any  
better than he has and very few  
could fill it as well.

In view of all this I shall con-  
sider it a privilege to give him my  
vote for the office of Assessor as  
long as he wishes it. He has been  
a booster for the Plains for about  
40 years.

VOTE FOR ED SCHROEDER FOR  
PUBLIC WEIGHER

Dear Voter: It was my intention to  
see every voter before the election.  
Being a farmer it has seemed impos-  
sible to get around to every one. I take  
this method of soliciting your vote.  
Go to the polls Saturday and vote for  
the farmer-candidate seeking the of-  
fice that's of interest to the farmer.

## To the Voters of Lubbock County and the 119th Representative District:

This is a personal request for your vote, support and influence for  
the office of State Representative. I am making the race solely on my  
own merits, and ability to serve the people. Am 41 years old. Reared  
in the West. Practiced law for past 18 years. Served my county as  
Prosecuting Attorney, Judge and County School Superintendent. Was  
not solicited to make the race by any faction or special element and  
am free from factional strife. Have been successful in a business way  
and a heavy tax payer, fully capable of representing all the people.

# A Message to All Voters!

IF YOU DON'T WANT THE PROHIBITION LAWS OF LUBBOCK ENFORCED DON'T VOTE FOR ME, BECAUSE AS LONG AS I AM YOUR SHERIFF I AM GOING TO DO MY BEST TO ENFORCE THEM WITHOUT ANY FAVOR WHATSOEVER.

IF YOU WANT THE PROFESSIONAL GAMBLERS TO TAKE OVER THE FINANCES OF THE YOUNG PEOPLE OF THIS COUNTY DON'T VOTE FOR ME BECAUSE I AM GOING TO DO MY DEAD-LEVEL BEST TO KEEP THEM FROM DOING IT AS LONG AS I AM YOUR SHERIFF.

IF YOU THINK THERE ARE PEOPLE WHO ARE ENTITLED TO MORE CONSIDERATION FROM MY HAND THAN OTHERS WOULD RECEIVE, DON'T VOTE FOR ME, BECAUSE I INTEND TO TREAT ALL LAW BREAKERS JUST ALIKE.

You Elected ME to Enforce Your Laws. I Took My Oath Seriously. I Intend to Live up to it thoroughly!

## H. L. (Bud) Johnston

SHERIFF OF LUBBOCK COUNTY, CANDIDATE FOR RE-ELECTION TO SECOND TERM

Vote For

P. O. BROCK

For Public Weigher

Precinct No. 1

Dear Voter:

It has been my aim to see each and every voter in Precinct No. 1, but if I have overlooked you, please accept this as a personal solicitation.

If you honor me with your vote and influence I will show my appreciation by being on the job and giving honest service if elected.

SIGNED:

P. O. BROCK

**WOMAN SUICIDES**

DALLAS.—Mrs. D. A. Bridges, 45, was found dead in her home here today. Officers said she had been dead for several hours. Poison containers were found in the room. A note said: "I am tired living. Ship my body to St. Louis to be buried beside my husband."

**BABY IS KILLED**

WACO.—Accidental discharge of a target rifle in the hands of Reginald Montgomery, about 3 years old, playmate of Marshall Terry, also 3 years old, at Aquilla, Hill county, resulted in the death in a Waco sanitarium Sunday of the Terry child. The children were playing in the yard of Mr. and Mrs. R. M. Montgomery at Aquilla

when the weapon was discharged, the bullet entering the right eye of the Terry boy, lodging in his head. An X-ray picture made showed that the leaden bullet had split in three pieces. The victim was a son of Mr. and Mrs. Claude Terry of Ross, eleven miles northeast of Waco. They were visiting at Aquilla.

**Local News**

Mr. and Mrs. F. E. Knox, of McCook, Neb., are visiting Mrs. Jessie Summers, of 1512 Ave. N. Edwin Summers, who has been visiting in Nebraska, accompanied them home. From here, Mr. and Mrs. Knox will go to Austin for a short visit. Mrs. Knox, who was Miss Maurine Priest, has many friends in Lubbock.

Lowell Turner, of Amarillo, a representative of the Burgess Adding Machine company, was visiting old friends in the Plains Journal office Monday. He was enroute to Tahoka and Lamesa, where he was to transact business for his firm.

Miss Xrepha Clark was a Crosbyton visitor Sunday.

**MANY ARRESTS MADE**  
More than seven hundred arrests have been made by the forces of Sheriff H. L. Johnson during the past year and a half, an investigation of the records proved yesterday.

**MULLICAN TO SPEAK**  
Colonel Clark M. Mullican, District Judge, was scheduled to speak in behalf of his candidacy for the office which he now holds through appointment tonight in the city auditorium. Judge Mullican has been suffering from a sore throat, caused by speaking in the open, but stated this morning that he expected to be able to make the address.

**Mrs. G. C. Wolffarth Hostess to Younger Methodist People**

A social for young people of the Methodist Church was given at the home of Mrs. Geo. C. Wolffarth last Friday night. Mrs. Wolffarth was assisted during the evening by Mrs. E. M. Smith, head of the young people's department of the Methodist missionary society. Indoor and outdoor games were enjoyed by the following: Missa Louise Thompson, Louise Wolffarth, Kate Boyd, Alice Bean, Mary Foster Brown, Margaret Baskin, Hazel Martin, Margaret Trigg, Wauvix Stoker, Ave Lee Mosley, Mary and Annie Snyder, Geraldine Smith, Elizabeth Forson and Margaret Turner and Messrs. Deedie Gilbreath and Richard Cavitt. Seed watermelon was served at the close of the evening.

**OLSON TO COLORADO**  
Charles Olson, local wrestler, will leave next week for Boulder, Colorado, where he will go into intensive training for his fall matched schedule here. Upon his return, about the first of October, Olson plans to open a gymnasium here. His wrestling here has been highly commendable and he has enjoyed a great popularity while here.

**LUBBOCK WINS AGAIN**  
The Lubbock Hubbers, with Terry and Sanders up, turned back the Amarillo ball club in Amarillo Sunday by a county of 8 to 7. Terry, who pitched a game the previous Thursday, retired under fire and Sylvan Sanders took the hill and saved the contest.

**VOTE FOR DOUGLAS POUNDS**

**FOR LUBBOCK COUNTY TAX ASSESSOR**

He has made a success as a farmer. He has made a success as a citizen of Acuff community and Lubbock county. He is well known and well liked in every community in the county because he is a good mixer, a real man and stands for progress, fairness and equal rights and consideration for all.

Pounds has never before asked for an office. His opponent has been in office for many years. There is the greatest difference for they both are good men, capable and either will make a good assessor.

**GIVE DOUG POUNDS YOUR VOTE**

**A RECORD Not Promises!**

While I have not been in the office long enough to feel that it belongs to me, still my past term's experience will enable me to make you a better County Attorney.

I believe that your county attorney should be active in preparing cases for trial, not merely behind his desk but also in the field. I positively state there has not been one single murder, suicide, criminal assault or any case in which capital punishment may be administered, which I have not personally investigated on the scene, accompanying the officers at all times, night or day. I have tried to give the people of Lubbock county personal attention, active, conscientious and fearless service to the best of my ability.

If reelected I shall be as I have always been, serving the people of my state and county impartially, administering the duties of my office free from bias and prejudice and subservient to no man or clique of men.

I point with pride and satisfaction to my first term as your county attorney. It is the best evidence I could offer as to my ability and sincere desire to serve you well in the enforcement of the laws of our state. Your county is as free from lawlessness as any county in the state of Texas. I am proud that I do not have to come before the voters of Lubbock county and apologize for lawless conditions.

UPON FACTS ALONE I ASK FOR YOUR VOTE

**JAMES. E. WATSON**

for Tax Collector for Lubbock County

**Your Business Office--**

The County Clerk's Office is the Business Office of Lubbock County. Every major business transaction passes through this office, and an accurate record must be kept or else confusion, financial loss and law suits results.

To efficiently handle such an office experience is needed, sober business judgment is needed, careful personal attention to the operation of the office is demanded and prompt service on all matters presented for attention.

**Study My Record and Reputation**

For five years I have been with the Guarantee Abstract Company and you know their reputation for prompt, efficient service. Every day I have worked in the County Clerk's Office and know every detail of its operation, the condition of its records, the volume of its work and the needs for its improvement.

I have the experience, ability and knowledge to efficiently handle the office; I invite you to check up carefully upon my reputation for stability, for attention to business, for personal integrity and ability to meet people, attend to their wants and get on to the next job without wasting either their time or mine.

Upon These Grounds I Earnestly Desire Your Vote

**AMOS H. HOWARD**

Candidate in Democratic Primaries for---

**County Clerk of Lubbock County**

**AGAINST TUITION COLLEGE STATION.**—The charging of a tuition fee at the institutions of higher learning would mean the creation of class education or an aristocracy of learning in Texas, President W. B. Bizzell of the A. and M. College of Texas said in discussing such a proposal now being made publicly. "That would mean that eventually we would be facing the same situation that we have in England today with a strong socialistic party fighting to abrogate the right of private property," he added. "We must educate all our people or there will arise a class that will take by force what is denied them by equal opportunity."

**VOTE FOR PAT MOULDEN**  
of Collin County for  
**Comptroller of Public Accounts**

We know Pat Moulden and his record in the Department for the past twelve years. We know that he is a real man personally and a capable official in the office. We believe in him and know that you will make no mistake in giving him your vote.

**Phillips Here Last Monday Transacting Official Business**

Frank Phillips, director of agriculture and vocational training at the West Texas State Teachers college at Canyon, was a Lubbock visitor Monday and in addition to holding a conference with County Farm Agent D. F. Eaton he made a survey of the state experimental station with R. E. Karper, superintendent.

While in the city Phillips made a pleasant visit to the office of the Plains Journal. He stated that a hail had recently fallen to the east of Canyon which did considerable damages to the crops in that locality, but that the farmers up in his neighborhood had been getting more rain than had those in this vicinity.

Approximately 1,500 students are attending the summer courses of the West Texas State Teachers college at the present time, according to Phillips and the students are greatly interested in vocational training. He believes the interest to be greatly due to the publicity given the Texas Technological college.

**SHOULD RECORD COWS**  
COLLEGE STATION, July 22.—Profitable cows can only be determined by keeping records of feed cost, milk produced and butter fat tests. Records kept on one herd last month revealed one cow which gave 1953 pounds of milk and 58 pounds of butter fat, worth \$25.10 at the creamery, and another which gave 1011 pounds of milk but only 35.58 pounds of butter fat worth only \$14.92 at the creamery. You can't tell by looking at the milk pail. The product must be tested.

**An Addition**

In order to please every member of every family reading the Plains Journal, this publication has added a society department, a church department and will also be pleased to print all reports of affairs which are of primary interest to women.

Miss Blanche Bean, who for the past three years has been a student of the College of Industrial Arts, at Denton, Texas, and who is thoroughly familiar with newspaper work, has been added to the personnel of the Plains Journal and placed in charge of these new departments.

Throughout the day Miss Bean can be reached by phone at this office, number 664. Emergency calls to her can be made after working hours at her residence, number 465.

Your friends and acquaintances are interested in your social doings and your church work. The Plains Journal will be glad to publish it for them.

**EXAMINE GRAIN MEN**

**COLLEGE STATION, July 21.**—The second examination for selecting men to receive license as grain graders and classifiers will be held by the State Board at the A. and M. College of Texas on July 30. Those who desire to take the examination should make application to E. O. Pollock, agronomist of the A. and M. College of Texas, and chairman of the examining board.

Miss Mildred Street left Sunday for the Chloemg camp, near Goldthwaite. She made the trip in a car with her brother, Herbert.

**VOTE FOR PARKE N. DALTON**  
OF CROSBY COUNTY

— FOR —  
**DISTRICT ATTORNEY**

**GIVE THE YOUNG MAN A CHANCE**

Lubbock County now has every other District office—Senator, Representative and Judge. The Senators and Representatives have all been residents of Lubbock County. The late Judge Spencer resided in Lubbock when twice elected District Judge. J. E. Vickers, the first District Attorney, was a resident of Lubbock and not an OUTSIDE MAN when appointed. Lynn and Dawson Counties have each had this office. Crosby has never so much as been honored with a single District office. This analysis is a matter of record and will bear investigation.

Parke Dalton has attempted to deceive no man as to his secret political affiliations. As a candidate he has been fair, frank and open, and will be the same as your public official.

His candidacy is based solely on his qualifications to fill the office, and we submit him to you as a young man of high ideals, always found on the right side of every moral question, and a lawyer of undoubted ability and integrity.

**DALTON CAMPAIGN COMMITTEE**

**A FINAL ANALYSIS--**

To summarize a prolonged and heated campaign and to arrive at the actual facts known and developed in connection with the race for District Judge we wish to call your attention to the following final analysis of Judge Mullican's position.

You have heard the things that have been said about him, the rumors, reports, slander, the whispered insinuations and insults that have been started and you have heard his own straight forward reply to these with statements of his own private life.

You have seen the degrading tactics used, the underhand methods of attack, the distasteful personalities injected into the campaign—and you have seen a man's way of meeting these—out in the open, straight from the shoulder and without mincing words.

You know the professional standing of both men; the official record of both men; the time, ability and service each has given to his city, county, state and nation in daily life and in periods of stress and need—

**THE COMPARATIVE REPUTATION OF THE TWO MEN OVER THE STATE IS A FAIR INDEX OF THEIR COMPARATIVE USEFULNESS.**

You appreciate the difference in personality, in ability and in experience in handling large groups of men under difficulties of the two men. You appreciate the strenuous requirements of this large district, heavy criminal dockets and distant courts make upon the physical stamina and well being of the judge,

**AND REQUIRE NOT A MOMENT TO DECIDE IN JUDGE MULLICAN'S FAVOR IN EVERY COUNT.**

You are a citizenship of fair-minded men, broad gauged men of ability and judgment, capable of forming your own opinion and have the best interests of this section at heart. You know fair play, efficiency in office, and recognize the well rounded qualities of manhood in an individual when you look in his face, hear him speak and see him in action.

**THEREFORE, IN THE LIGHT OF ACTUAL FACTS AS YOU PERSONALLY KNOW OR BELIEVE THEM TO EXIST WE ASK YOU TO VOTE FOR, SUPPORT AND STAND BEHIND ---**

**Judge Clark M. Mullican**  
IN THE DEMOCRATIC PRIMARY FOR---  
**DISTRICT JUDGE, 72 JUDICIAL DISTRICT**  
HIS FRIENDS.

Mrs. F. V. Brown and daughter, Veron, have gone to Colorado.

Miss Ione Cumbie left Saturday for her home in Bronte, after visiting friends and relatives in Lubbock.

Ray Porter, of Slaton, visited his parents, Mr. and Mrs. H. K. Porter, of 1401 Main street, Sunday.

Mrs. Gib Jackson has returned from a several days visit in Big Spring.

**College President To Fill Methodist Pulpit August 3**

J. W. Hunt, president of McMurry college, Abilene, will fill the pulpit of the First Methodist church Sunday morning, August 3. He is one of the strong preachers of the Northwest Texas Annual Conference, and was one of the delegates to the recent called session of the general conference of the Methodist Episcopal Church South, that was held in Chattanooga, passing up on the question of the unification of the Methodist Church and the Methodist Episcopal Church South. The plan of unification was adopted by a vote of 297 for and 75 against the plan.

Dr. Hunt's coming is of special interest, especially at this time, since he is vitally connected with the educational interests of the Church at large and represents the educational interests of Methodism in his conference—the Northwest Texas.

**Mrs. Adams Guest of Missionary Society**

Mrs. S. H. Adams, of Slaton, conference secretary of the Lubbock district was guest at a joint meeting of the senior and Mary Helm auxiliaries of the Methodist missionary society, Monday afternoon at the church. Mrs. Adams conducted a short business session before the program of the afternoon, and social meeting that followed. Members of the society furnished several delightful musical numbers, among them, a vocal duet by Mesdames Castleberry and Starnes. Mrs. Carl Scoggins sang a solo and Mesdames A. B. Ellis and Raymond George played a piano duet.

The meeting next Monday afternoon at the church will be a business session.

**Katherine Klett Entertains Friends**

Miss Katherine Klett, daughter of Mr. and Mrs. E. L. Klett, entertained eight of her little friends with a party at her home on Avenue M last Friday morning. Little girls who enjoyed dominos and other games were: Misses Charlotte Hopkins, Ruth Elaine Lewis, Mary Wilson, Mary and Cary Jane Thompson, Mary Wright, Grace Rankin and Mary Ellen Triplett of Texas.

Mrs. Hugu Atkins and daughter, Sallie Lane, have returned from Abilene, where they visited Mrs. Atkin's parents, Reverend and Mrs. W. M. Lane.

**DALLAS VISITOR HONORED AT TEA MUSICAL IS GIVEN**

**W. O. Stevens Home Scene of a Pretty Courtesy Given Miss Grace Switzer**

Outstanding among the social events of the season was the musicale tea given at the home of Mrs. W. O. Stevens by Miss Mary Dunn and Mrs. Mamie Neal honoring Miss Grace Switzer, of Dallas, who is Dean of the Texas Chapter of American Guild of Organists, Saturday afternoon from four till six.

As the guests entered they were introduced to the first receiving line by Mrs. R. Q. Pierce. This line was composed of Mrs. W. O. Stevens, Miss Mary Dunn, Mrs. Mamie Neal, Miss Grace Switzer and Mrs. Paul W. Horn. Mrs. W. A. Clark introduced guests to the second receiving line, which was composed of the following: Misses Mabel Marsh, Ona Davis, of Abilene, Ruth Horn, Beulah Dunn, Hortense Raftand and Ruth Dunn.

Miss Beulah Dunn, violinist, and Joe D. Ireland, tenor, furnished a delightful program characterized by a simplicity and unaffectedness that expressed true musical ability and superior training, for about a hundred of Lubbock's music lovers, during the afternoon. Miss Ruth Dunn accompanied her sister with excellent skill. Danford Hall, of Chicago, accompanied Mr. Ireland.

The program follows:

- (a) In An Old Fashioned Town—W. H. Squire.
- (b) Thank God for a Garden—Teresa Del Reigo.
- (a) Indian Lament—Kreialer.
- (b) Canebrake—Gardner.
- (a) Steal Away—Charles Fonteyn Manney.
- (b) Oh, Didn't It Rain—H. T. Burleigh.
- (c) De Ol' Ark's a-Moverin'—Quoin.
- (a) Canzonetta—Ambrosia.
- (b) Spanish Dance—Rehfeld.
- (a) Total Eclipse (from Samson)—Ward-Stephens.

Misses Floy Pryor, Bernice Phillips, DeAnn Sammons and Ruth Starnes assisted the hostess in seating the guests and served a salad course to them. Summer flowers and ferns adorned the beautiful home of Mrs. Stevens, creating a fitting background for those in attendance during the afternoon.

**Littlefield Party Held At Crosbyton**

A number of Littlefield people made up a lively party at Silver Falls lake, at Crosbyton over the last week end. Among those present were Gus M. Shaw and daughter, Myrtle Marion, Miss Bertie Lee Burhalter, home demonstration agent for Lamb county, Miss Gladys Douglas, Ed McKelvie, Mrs. W. G. Street and daughter, Alice Lynn, Miss Frances Kelley, Miss Ann Douglas, Mr. and Mrs. Steen and Mrs. Ernest and daughter, Nell Ruth.

Read Journal Ads, it pays.

**JURY WONDERS**

**MARSHALL**—A city court jury verdict of "unintentionally guilty" was returned here in the trial before Judge C. W. Field of a local merchant on a charge of blocking a sidewalk with merchandise. Judge Field ordered the jury to reconsider the case and to return a verdict of either "guilty" or "not guilty." Within a minute's time a verdict of not guilty was returned. This is believed record time for finding a man guilty and not guilty on the same charge. No new evidence was introduced to cause the change of verdict. Under the law, the merchant would not have been excused for ignorance.

**Are Hostesses To Merrie Bidders Club**

Mrs. H. P. Bradley and Mrs. H. W. Sims were joint hostesses to the Merrie Bidders club at the home of the latter last Friday afternoon from four till six. A pleasant afternoon of chatting and forty-two was spent by the following ladies: Mesdames C. E. Maedgen, Snyder, Fred Spikes, John Moore, H. W. Stanton, W. C. Rylander, Frank Riddle, Hankins C. N. Wolfe, Fears, of Valley Mills, and Miss Grace Switzer, of Dallas.

Mesdames Maedgen, K. Carter, Fred Spikes and Stanton will be hostesses at the next regular meeting.

**THEY ALL RUN FOR BOWEN'S**

Our famous fountain will poll a bigger vote Saturday than any of the candidates, we predict. Make Bowen's your headquarters between votes. Vote early and often and remember the location of Lubbock's most popular oasis.

*Endorsed by Lubbock County Citizens for*

**DISTRICT ATTORNEY**

Literally thousands of Lubbock County citizens are behind Judge John L. Ratliff, and endorsing him in his race for district attorney. They are endorsing him because of his long experience in the practice of the law and for the fact that in his practice he has learned how to take care of the interests of the State of Texas, as well as the individual. They are endorsing him because of his high character and because of their positive conviction that in his work for the State he can not be bluffed, scared or bought.

They are endorsing him, in addition to this, for his life-time position upon all moral questions, it being a fact that since he was twenty years old he has always helped to fight the battles against booze, a life-long prohibitionist, and absolutely committed to the enforcement of the liquor laws.

They are endorsing him, also, because of his profound respect for the laws of our land, and because he believes that nothing should be permitted to impede their complete enforcement, and because he believes that laws ought to be obeyed, and that if they do not suit us, repeal them, but never treat them with contempt.

They are endorsing him because of his faithfulness in office, he having filled two important offices in his lifetime, and having made a most faithful and efficient official, for it is a fact that by their fruits you shall know them.

They are endorsing him because they are completely convinced that if the people of the district elect him as their district attorney they will have their laws enforced, they will have their criminals prosecuted regardless of social or other rank, and that they will have justice meted out to all without regard to race, faith, or political or social connection, or open or secret affiliations.

His own home folks who know him best are behind him, and we take this method of most heartily recommending him to the people of the 72nd District.
