Howard, 1,123; Herbert Stubbs, 2,128. For County Treasurer — J. E. Slover, 1,868; Mrs. Hattie Sliker, 2,332. For County Attorney — O. W. McWhorter, 2,590; Jack M. Randall, 1,568. For Tax Assessor — Douglas Pounds, 1,559; R. C. Burns, 2,216. (CONTINUED ON PAGE SIX)

BUY NEW STOCK

Many Local Merchants in East Laying Up New Fall and Winter Fashions

Merchants of Lubbock have been keeping abreast with the Lubbock spirit of advancement and a recent check on their operations has shown a number of them visiting the eastern markets, making purchases for their businesses which will enable local customers to keep abreast with the styles.

Paul Barrier, of the Barrier Brothers Mercantile company, is at present making purchases in New York. Spencer Wolfe, manager of the Hemphill-Price company, with a party of others from the Hemphill chain of stores, is also in Gotham. Ernest and Elmer Conley, of the A. B. Conley store, left Tuesday for New York, where they too will make stock purchases. Mrs. Frances Grubb, of the McAfee company, has been buying fall millinery in Saint Louis and Mrs. George Morris has been making similar purchases for the Barrier store.

McMurry College To Bid For Lubbockites

Reverend Justin Anderson, of Abilene, professor of the English Bible at McMurry college, was here Tuesday and Wednesday talking to local high school graduates concerning entrance into the new Methodist school, which, although only a year old, is becoming very popular.

According to Reverend Anderson, more than 500 hundred students are expected to enroll in the institution this term. A total of 217 were enrolled last year, despite the fact that the authorities were handicapped by lack of space.

HIGH SCHOOL FOOTBALL WILL BE FEATURE OF ANNUAL FAIR; PLANS FOR CARNIVAL BEING WORKED ON

Athletic contests which will interest all who see them are included in the plans of the fair officials in arranging for the entertainment of the "Show Window of the Plains" and a committee is already at work making ready for the events, it was stated from the headquarters of the 1924 Panhandle and South Plains Fair yesterday.

City Magistrate James H. Goodman, a former University of Texas and University of Chicago gridiron star, has been placed in charge of the committee and he is arranging for football games between plains towns for each of the four days of the fair. Floydada, Slaton, Lamesa, Lubbock, Crosby, Ralls, Littlefield, Plainview and Amarillo are being considered and if possible a game between two of these teams will be scheduled everyday.

Every team playing in the fair tournament will be a team representing a high school in a plains city. There will

be no college teams, either first teams or scrub aggregations, brought in, but it will be strictly a high school affair made interesting to all of the visitors.

Along the line of amusements Fair Secretary A. B. Davis made a trip to Fort Worth last week end where he conferred with some well known carnival men in an endeavor to sign up a carnival company for the fair. While the papers were not signed it is believed that the deal has been closed.

Representatives of the Tri-State Fair at Amarillo and of the fair to be held at Childress were also present in the conference and the attempt was made to secure that same company for all three exhibitions.

The first carnival company which the fair officials signed with to be on hand for the Lubbock fair, failed early in the season, cancelling all dates. For this reason other plans had to be made.

LUBBOCK COUNTY STOCK BOYS WIN

John Burroughs Is High Point Man of Meet; Dawson Co. Grain Judgers Win

Lubbock county first again!

County Farm Agent David F. Eaton and his team of Lubbock County Farm Club stock judgers won first prize in the state contest, held last week in College Station, in connection with the annual short course of the Texas Agricultural and Mechanical college.

In the competition for the prizes practically every one of the 254 counties of the state of Texas was represented.

In addition to winning the team prize John Burroughs, of the Carlisle community, gave Lubbock county another victory when he finished as individual high point man, winning a gold medal for the honor. Burroughs was also a member of the victorious Lubbock high school stock judging team during the past school term.

The Lubbock county team was made up of Burroughs, Curtis Grimes, of Acuff and Carl Melstrey, of Carlisle and each finished in the first ten of the contest.

Lamesa Team Wins In the state judging contest the team representing Dawson county, easily won first place. The Dawson county entry also finished second in the stock judging competition.

The Lubbock and Dawson county teams made the trip to College Station together and no sooner had the contests begun than it was seen that these two aggregations had fine chances of winning their different classes.

Sick Boy Places I. J. Thornton, although very ill with an attack of poison ivy, put Lubbock county and the Posey community on the map when he finished second in individual grain judging. Gillespie County won in poultry judging.

VISITOR IN CITY AUTOMATIC SHOE SHINE INVENTOR

Drop a nickel in the slot and get your shoes shined in one minute!

That is what people will be able to do when the "shine-ever" shoe shining machine is placed on the market, according to Frank McElroy, of Davenport, Iowa, inventor of the machine who has been here the past several days visiting his brother, E. McElroy, owner of the Lyric theatre.

The patents for the new machine have already been applied for and a corporation, of which Frank McElroy is vice-president, has been formed with a capitalization of \$200,000. A number of the machines have been built and are now on trial operation in Davenport. They come in two types, one dispensing a penny shine and the other a nickel shine. According to Mr. McElroy, the success of the project is already assured and he is besieged by applications from people in every country on the globe for agencies for the machine.

The machines are being extensively advertised and will not be sold outright but will be leased or rented to the agents.

MOORE POLLS HEAVY VOTE

Louie F. Moore, popular District court clerk, who was elected to retain his office without competition in the first primary, polled 4,104 votes in the polls on July 26, the official canvass of the canvass issued by County Chairman R. J. Murray Tuesday, showed that much of a vote when he was without an opponent is proof of the satisfaction of Moore's official work.

TO TRAVEL 15,000 MILES IN WORK ON FAIR

Fifteen thousand miles of travel in connection with the 1924 Panhandle and South Plains Fair!

That was the estimate made by A. B. Davis, secretary of the fair association yesterday. Davis, with his assistants, Frank White and U. S. Brown, has already covered approximately half of that distance and by the time the fair is held Davis and Mabel Marsh and D. F. Eaton, the county agents, will have to travel at least that many miles in addition. This total of fifteen thousand miles will not include the traveling done by the other officials.

Four of the departments of the fair have already been worked on thus far. They include the catalogue, the automobile contest, the exhibits and the advertising. The program of intensive work has been mapped out and officials are ready now to pound down the home stretch in preparations.

APPOINT WOMEN Heads of Women's Department For Coming Fair Given Out By Mabel Marsh

Heads for the different departments in the women's department of the South Plains Fair to be held in Lubbock October 1, 2, 3, and 4 have been selected according to a statement issued by Miss Mabel Marsh, county demonstration agent, Tuesday. They are as follows: culinary department, Mrs. J. S. Johnson; textiles, Mrs. S. P. Robins; art, Mrs. Walter Myrick; floral, Mrs. Lou Mullican; and curio, Mrs. J. H. Goodman.

A great deal of interest is being manifested by the women in their exhibits for the fall, according to Miss Marsh, and she has asked that in preparing articles for the culinary department special consideration be given to the following points. All food must be in uniform containers. All fruits and vegetables must be in quart jars. All jelly glasses must be uniform, and all dishes must be uniform.

The catalogues will probably be ready for mailing within the next ten days. In the meantime Miss Marsh and any of the department heads will be glad to answer any questions that arise.

Rotary Club Plans To Aid In Getting Lubbock State Park

In their regular weekly luncheon meeting members of the Lubbock Rotary club listened to a report on the state park situation given by M. M. Dupre, city superintendent of public instruction and chairman of the park committee and after listening to the plans sketched by him agreed that every move possible should be made to secure a state park near this city. Governor Pat M. Neff and the state park commission will visit the proposed sites near here next month, and a concerted action will be made to secure a state park at that time.

At the meeting the Rotarians decided that they would give a minstrel show some time in the early fall, the proceeds to go to the Rotary Educational fund. Plans will be made and committees appointed immediately to assure the success of the minstrel venture.

Mrs. E. R. Haynes, who has been spending the summer in El Paso and Tahoka, returned to Lubbock Monday. She was accompanied by Robert Haynes of Tahoka who left Tuesday for his home.

WIFE OF FARMER KILLED IN FALL HERE ON SUNDAY

Mrs. Brown, of Near Amherst, Leaps from Fourth Floor of Local Hospital

Mrs. J. K. Brown, about forty-five years of age, died about five o'clock last Monday morning after throwing herself from a window on the fourth floor of a local hospital about seven o'clock Sunday evening. She was a resident of a farm between Amherst and Littlefield, in Lamb county, prior to her death.

According to statements issued by Doctor W. L. Raugh and Doctor Fred Standifer, members of the staff of the hospital, Mrs. Brown, who is the mother of eleven children, the youngest of which is only five months old, had been committed to the care of the institution several days before her death, suffering from a nervous breakdown. When she leaped from the high window she was under the delusion that she was being pursued.

No injuries shown. Immediately after the accident Doctor Standifer and Raugh made a diagnosis of her injuries but were unable to find any injuries resulting from the fall, except a dislocation of the right arm. The only reason for Mrs. Brown's subsequent death that can be logically advanced is that the shock of the fall, coming upon her already shattered nerves, severed the cord of life.

J. K. Brown, a farmer, the husband of the dead woman, arrived at the hospital after being informed of his wife's misfortune and early Monday morning removed the body to Amherst, where funeral arrangements were made. According to his statements to Doctor Raugh his wife had twice previously attempted to end her life. Had he informed the hospital authorities of that fact the patient would have been lodged on the first floor, under the supervision of a special nurse, the doctors stated.

CLEAN UP HEADS START ON PLANS

First Meeting Held Tuesday As Work Begins to Rid City of Weeds and Trash

The committee composed of one member from each of the luncheon clubs and the Chamber of Commerce met Tuesday afternoon in the Plains Journal office for the consideration of general plans looking toward the coming clean-up campaign. The city will have a very ragged appearance thru the rest of the summer, at best as a result of the construction work going on in connection with the street paving, the storm sewer and white way projects. But an organized effort will be made during the last half of the month of August to get the trash, weeds and refuse in the side streets, alleys and on vacant lots cleaned up and hauled off.

Detailed plans are being worked on and will be announced sometime next week. Every man, woman and child will be given a definite part in this work and if they all respond wholeheartedly it will only take a few days to clean the old town up until it fairly shines.

Guy McAfee represents the Junior Chamber of Commerce, Harry Blocker the Senior Chamber of Commerce, Curtis A. Keen the Rotary club, J. B. Maxey, the Kiwanis club while A. B. Davis, as secretary of the Chamber of Commerce, is general trouble shooter of them all.

REPUBLICANS IN LUBBOCK COUNTY HEADED BY BARR

Thirty-five Lubbock county Republicans met last Saturday afternoon at two o'clock in the Justice court room at the courthouse to effect a county organization and as a result I. E. Barr, local cattleman, was chosen as chairman of the executive committee to succeed Frances Baker, whose term closed. In addition to Barr, J. S. Edwards, of Slaton, was elected as secretary, while T. Ryan Stubbs, J. L. Vaughan, H. D. Woods, of Lubbock; S. W. Jarvis, of Wolfarth, and I. L. Brown, of Slaton, were also named to attend on the committee.

F. O. Kelley and John L. Vaughan were selected to attend the state convention to be held Saturday in Fort Worth.

THREE ARE HURT IN TRIO OF AUTO SMASHES DURING PAST WEEK; LEE BROWN TO RECOVER, DOCTORS SAY

Three automobile smashes, two of them serious and the third a miracle that resulted in no injuries, have occurred in and near the city in the past week. As a result two men are submitting to treatment in a local hospital, while a boy is being cared for in his home in Southland. The injured are E. Lee Brown, local manager for the Magnolia Petroleum company; E. L. McKenzie, auditor for the same company in Amarillo, and William Gregory, of Southland.

All three were injured on the same day on the highway between this city and Littlefield. Shortly after noon last Friday, with the Amherst birthday celebration as their ultimate goal, Brown and McKenzie were seriously hurt when the car in which they were riding turned over several times as a rear wheel crumpled. Both suffered internal injuries, Brown a badly bruised head and shoulders, a broken wrist

and injured chest while McKenzie was also badly bruised and sustained three broken ribs. After hurried treatment from several physicians in Littlefield, four miles west of the accident, the men were brought to the West Texas hospital, where they both lay today. Both men will recover, doctors said this morning.

Returning from the Amherst celebration about eleven o'clock last Friday evening an automobile filled with six boys from Southland, slipped off the road at the bridge ten miles this side of Littlefield, injuring William Gregory, 16 and wrecking the car. The party was brought to Lubbock by Frank Wright and party, where Gregory was found to be suffering from bruises and three broken ribs. He was placed in the home of his uncle, Frank Gregory, here, but has now been sent to his home in Southland.

GINNERS TO MEET IN LUBBOCK ON AUGUST 16

Approximately 125 members of the South Plains Ginners Association will meet in annual convention in Lubbock on Saturday, August 16, beginning about 10 o'clock in the morning and ending sometime that afternoon. O. L. Peterman, secretary of the organization, stated last night.

A Dutch lunch will be tendered the visitors at the city auditorium at noon with either Sied Allen or Harvey Hicks, local restaurant men, in charge. A round table discussion, entered into by all of the visitors and election of officers for the coming year will make up the business to be attended to, Peterman stated.

There are at present about eighty-five gins on the South Plains, 35 of which are new this year. Eight counties will be represented in the meeting. Charles Seimet, of Abernathy, is president of the association.

NEW WAREHOUSE Walker-Smith Company Is To Move Into New \$150,000 Building Here

The Walker-Smith Wholesale Grocery company will be moved into its new \$150,000 warehouse here the last of this week or the first of next week, Allan Hill, local manager, stated yesterday morning. The Lubbock warehouse and shipping point is the tenth operated by the Walker-Smith corporation. It is located at the corner of Seventh street and Avenue J.

The new building here is seventy-eight by one hundred ninety feet and has a full basement, a ground floor and a balcony extending around all four sides, twelve feet in width. The three floors will be served by an electric elevator and five salesmen will work on the Lubbock territory from the local branch. When everything is placed into working order about a dozen people will be employed by the company here.

Other branch locations of the company are Ballinger, Coleman, Brady, San Angelo, Sweetwater, Abilene, Stamford, Galveston and Ranger. The main offices are located at Brownwood. By the time next summer rolls around a complete cold storage plant will be located in the warehouse.

City Water Problem Will Be Solved; New Well Is Being Sunk

With the completion of the new well being sunk by the city in the northwestern part of the city the water supply of Lubbock will be great enough to answer the uses of the city for some time to come, was the statement issued from the office of City Manager Martin Ruby yesterday. The water from the new well will be run to the standpipe just north of the business district and will be issued to the mains from the standpipe, it is understood. This arrangement will only be temporary, however, as it is planned to erect a new standpipe in the near future.

Nothing new has developed on the white way to be constructed over the down town section and from the Santa Fe depot to the site of the Texas College of Technology, but part of the equipment for the project has already been shipped, it is understood.

Mrs. Josie Moore and son, Orval, of Floydada, are visiting in Lubbock this week. They are the guests of Mrs. Moore's son and daughter, Louie F. Moore, and Mrs. John M. Denman.

RAILROAD PLANS MATERIALIZE AS MONEY PROMISED

Hockley County Land Owners Behind the Move to Build Branch Railroad

The proposed railroad from Lubbock into Hockley and Cochran counties is rapidly taking form and almost \$200,000 of the \$500,000 bonuses to be made has already been raised, J. A. (Andy) Wilson, prominent local land and cattle man, stated Wednesday. No contracts for construction work have yet been let and thus far no company has been formed, Wilson stated.

All of the big land owners in Hockley county with the exception of five have already pledged part of the bonus and of the five not yet in the fold four have indicated their intentions of doing so. As yet many of the small land owners have not been approached but it is believed that they are as much interested in the building of the railroad as are the heavy owners.

Big Firms In Some of the big firms which have contributed to the bonus are W. L. Ellwood, \$50,000; Ellwood, Arnett and Duggan, \$15,885; Post Estate, \$20,000; J. C. Whaley and family, \$30,000; The Yellowhouse Land company, \$50,000.

As the present plans are the road will be run into Hockley county to the city of Levelland, the county seat. While no work has yet been done on the possibility of extending the road to Cochran county it will probably be done. Just what point in Cochran county will be chosen as a terminus has not yet been decided, should the road extend to the western county. The terminus may be made at Ligon, perhaps at Morton and maybe at neither of those two points, Wilson stated.

Road Badly Needed The road will be between fifty and sixty miles in length and will be of valuable service to the city of Lubbock and to the territory crossed. That there is a railroad badly needed in Hockley county can be seen now and the future of a railroad out into the two newest organized counties of the state is assured before construction is begun.

County Attorney, Main, of Cochran county, was in the city conferring with J. A. Wilson concerning the probability of extending the road to Cochran county. The Levelland Chamber of Commerce is also working on the proposition and will aid in its evitable completion.

TENNIS TOURNEY

Plan Now for West Texas Meet To Be Staged Here Latter Part of This Month

Preparations are being made for the annual tournament of the West Texas Tennis Association, to be held in Lubbock throughout August 27, 28 and 29. Otis Felty, secretary-treasurer of the organization, stated here last night. The tournament will be the second annual meeting held by the organization, the first having been held on the same dates here last year.

About forty players, representing the twenty towns in the organization, will be on hand for the competition, Felty said. The contests will be for men only, no entries for women have been received.

The Amarillo team, winners in both singles and doubles last year, is regarded as a strong entry for further honors. The doubles cup won by the Amarilloans last year will be played for again but the Lubbock Tennis club will offer a new singles cup to the winning player.

Otis Felty, Frazer McCrummen, Meredith Williams, James Stahl and Shorty Woods will bear the local colors in the tournament. Courts at the high school and Lubbock Inn will be used for the play.

Candidates All Turn In Expense Reports

Reports covering all expenditures during the first Democratic primary have all been filed, either in the office of County Clerk Herbert Stubbs or I. J. Murray, county chairman, it was reported from a reliable source yesterday.

Three separate and distinct reports had to be filed by each candidate according to the law. One was filed thirty days before election, one ten days before and the third ten days after. The district candidates filed their reports with state bureaus at Austin.

COMMITTEE IS APPOINTED TO AID IN NATIONAL BOYS' WEEK TO BE OBSERVED HERE DURING THE LAST WEEK IN THE MONTH OF AUGUST

The last week in August is internationally known as Boy's Week. For the seven days between August 24th and 31st business men, civic clubs, luncheon clubs, city officials—the citizenship of the world will give special thought to boys' work, programs, plans and provisions for the boys of the world in anticipation of that time when they shall be the men of the world.

A series of meetings have been held in Lubbock during the past several weeks looking to a more substantial observation of this week in this city with a view to developing a permanent, year around program of constructive, worth-while boys' work. Lubbock is building a great city here. Her paving program is representative of the spirit of the citizenship. Her municipal light and water plant is the envy of many larger cities. Her transportation facilities, her oil mills, cotton compresses, the Tech college—these and hundreds of other things are outstanding indications of the progressive, forward-looking of her citizenship. But her work in behalf of the boys

and girls of the city is nothing less than pitiful. If there ever was an opportunity, a natural resource of untold wealth, neglected or an obligation ignored, Lubbock, as a city, certainly is neglecting the opportunity she has in the development of her boys and girls, letting go to waste the greatest wealth of good health, splendid energy and fertile soil for the seed of high citizenship, moral responsibility and worth-while manhood and womanhood in the growing boys and girls of this city. In doing that we, as grown

men and women, are robbing ourselves of the greatest possible pride and satisfaction through ignoring the responsibility that is ours. It is not only costing the future possible greatness of our city—but is retarding the full development and strength of our present citizenship.

Where are our Boy Scouts? Where are our Girl Scouts? Where are our Boys' Band? Where is our De Moley? Where is our Play Ground Director? Where is our Inter-Sunday School Baseball

League? Where is our News Boys' Club? Where have our Fathers and Sons meetings been held? What direction, assistance, instruction, inspiration, or even passing thought have we given to the boys and girls of this city?

These are just a few of the questions that have been asked and discussed in the recent boys' meetings. The time is ripe for Lubbock to step out, to correct this condition, to take a hand in the constructive development of our greatest natural resource—our boy-

hood and girlhood within this city. Of course it will cost money and time and effort and thought and worry and sometimes it won't go just as smooth as we want it to, and some of the boys and girls won't appreciate the effort or take advantage of the opportunities offered them. They have been allowed to run wild in the alleys and over the hills of the country so long that it is going to be a hard matter to interest them. But it is not their fault—they are what we, as a city, and as individuals in the homes, have made them.

The need is for good strong, selfish men and women who will sacrifice a bridge game, a golf, a few hours of bed-room sleep, a selfish comfort, and give to this problem and its solution constructive just help that he cities, a boys' schools, highways or. Every movement, even undertaking that is completed is just the beginning of some worth-while work. (CONTINUED ON PAGE 1)

MISS COWAN IS HONOREE AT A PRETTY SHOWER

Misses Woods and Smith Honor Miss Inez Cowan in View of Approaching Marriage

Misses Pearl Wood and Ina Smith complimented Miss Inez Cowan, who will be married to Eldridge Ellington, Sunday, August 17, with a miscellaneous shower at the home of Miss Woods, 1714 Sixteenth street, Tuesday evening. Iced punch was served and the following toast given to the bride-elect by Miss Elizabeth Sowell:

"When called upon thus suddenly, For sentiments or toasts, The few ideas that I possess, Flit instantly like ghosts. The only thing I think of now, That seems at all worthwhile, Is, here's to you! May you soon receive The joys that will make you smile." Games and a contest were enjoyed in which Miss Beulah Cleveland won high score. She was presented with a beautiful perfume bottle. Miss Lettys Mae Cowart received the consolation prize, which was a miniature soap bride and groom. Both prizes were presented to the honoree. Following this Miss Ruby McGaughey, of Dallas, sweetly sang "Love Ship," after which little Miss Dorothy Duncan entered the room drawing after her a dainty pink and white "Love Ship" filled with lovely gifts which were presented to the bride-elect by Miss Amelia E. Cowart with the original rhyme: "There are ships that sail o'er treacherous seas, Urged on by wind and wave, And ships that go o'er oceans wide, To regions of story fame, But this is a ship that is different, quite, A "Love Ship," Lo, we see, Propelled by love's strong tide, and true, Cometh at eventide, Into the harbor of Home Sweet Home, Laden with gifts for you."

Those present were the honoree and Misses Sowell, McGaughey, Stahl, Cowart, Brown, Cleveland, Carnes, Mary and Ruth Dean, Cowan, Ray, Hastings, Quinn, Mezdames Carter and Moore and the hostess.

Mrs. Fay Sawyer Is Charming Hostess

Mrs. Fay Sawyer entertained with a delightful bridge party at her home on Thirteenth street Tuesday afternoon. The entertainment suite of rooms was attractively decorated with flowers and a color scheme of violet was carried out in the score cards and in the ice course that was served. Guests of the afternoon were Misses Ruth Slaton, Elma Pierce, Julia and Mary Alice Johnson, Louise Triplett, Frances and Virginia Conley, Hortense Ragland, Edith Mheslock, Katherine Atkins, Edith Stanton, Mezdames Walter Clark, Dewey Camel and T. W. Sawyer.

Howard Pearson and Miss Shropshire Wed

A wedding that is of interest to Lubbock people as well as to other people throughout West Texas is that of Miss Drucilla Shropshire and Howard Pearson which took place at the home of the bride's parents at Alvarado, Tuesday, August 5. Mr. Pearson, who is the oldest son of Mrs. Annie Pearson, formerly of this city, lives in Lubbock and travels in the interest of Wilson and company, wholesale meat distributors. Mrs. Pearson has taught in schools near Lubbock and has many friends here. During the past year she taught in Texline.

Before moving to Lubbock Mr. Pearson lived in Abernathy and other towns near Lubbock and he has a wide acquaintance in this section of the state. Mr. and Mrs. Pearson will be at home at 1416 Thirteenth street after August 18.

Methodist Junior Choir Has Social

Members of the junior choir of the Methodist Church combined business and pleasure Monday night when they held their regular meeting at the home of Mrs. George C. Wolfarth on West Broadway. After practicing songs they played various games on the lawn until a late hour. Ice cream was served to the following at the close of the evening: Misses Mary Parker Brown, Alice Bean, Margaret Turner, Hastings, Edith Wheelock, Dimple Rhea, Elizabeth Forson, Arva Hardin, Edith Carter, Mary Lois Thompson, Mary Alice Stanton, Messrs. John Echola Hartley, Otis Felty, Richard Vavitt, Thomas Noel McCollum, Hubert Wolfarth, Payne, Wright and Mezdames Hubert Wolfarth, Elmer Conley, F. E. Wheelock and George C. Wolfarth.

Mrs. George Morris, of the Women's department of Barrier Brothers department store, left Friday for Saint Louis and New York to be gone about three weeks. She was accompanied by Mrs. John Pendleton, also of Barrier Brothers.

5 1/2 per cent FARM LOANS

THROUGH
THE FEDERAL LAND BANK
LOAN IS AMORTIZED — 34 1-2 YEARS TO PAY IT OFF, OR AFTER 5 YEARS
AT YOUR OPTION

The system is working successfully and saving the farmers who borrow through this bank \$100 a year.

ENJOY THESE BENEFITS

When you pay on an 8 per cent loan not Amortized---interest only--- nothing on the principal at the end of 34 years you have paid \$8,280.00 in interest and you still owe \$3,000 the original amount of the principal.

ON OUR PLAN

You have paid out at the end of 34 1-2 years only \$6,727.26 and you owe NOTHING.

Maximum loan obtainable is \$25,000. Ranchers and farmers, who cultivate their land personally, by hired labor or on the halves, are eligible to borrow.

BOY WEEK PLANS

(Continued From Page 1)
bock's great need today is for that man. Strong enough to command the respect of the boys. Human enough to win their confidence. Big enough to give of himself to the work. Determined enough to stay right through disappointments, ups and downs and the petty, gossiping criticisms that always come to any man or movement that is bigger than a goat's shadow.

L. S. Harkey is chairman of a committee of a dozen or more men who are studying this problem. Ted Rice, J. T. Hutchinson, C. M. Ballenger, W. R. Atkins, Richard Douglas, T. W. Sawyer, R. H. Martin—these and others are interesting themselves in this movement. They are busy men—but are big enough to appreciate the shame of our neglect. They are open for suggestions, offers of assistance, and encouragement.

Now, folks of Lubbock, let's don't strain at a gnat and swallow a camel. Our broad acres, our railroads, our streets, our building program, all of these things are important and exacting our time and thought. But let's get together let's give attention to something greater than them all, that is the foundation of the future success of them all—combined—to the boys and girls of our city and section. Let's make the coming "Boys Week" the beginning of a great movement for good in this city that will result in Lubbock being known as the "Boys' and Girls' Town of Texas"—and then will families flock to our city to make their homes, establish business and build our city.

VACATION MEANS NOTHING TO THE HOSPITAL FOLKS

Twenty-eight New Patients are Treated in One Week at Lubbock Sanitarium

Vacations come in some businesses but the hospital people keep right on at their work. They have to keep on—the rest of us demand that they do. During the last week twenty-eight patients received treatment at the Lubbock sanitarium. Some of them have been sent home as cured, others are still being treated. But despite the season, no matter what is going on, the nurses and the doctors hold themselves in readiness to keep up the fight for humanity.

Perhaps a patient is to submit to a minor operation, adenoids, tonsils, or something like that. He gets the same consideration that he would get if he was to be operated for appendicitis or something more serious.

The following people were listed among those undergoing treatment at the sanitarium this week: Miss Afton Morris, Lorenzo; Mrs. C. C. Wilson, Lamesa; Miss Gladys Parker, Ralls; H. D. Martin, Lorenzo; Sam Morgan, Meadow; C. B. Thomas, Slaton; James P. Samples, Spur; Mrs. William Kuykendall, Tahoka; Miss Corine Glen, Lubbock.

Mrs. E. Miller, Miles; Otis Splawn, Slaton; Mrs. R. L. Ewing, Floydada; Mrs. W. C. Allen, Shallowater; G. F. Farrar, Seminole; Miss Marcella Lux, Wilson; Willis H. Hedcoe, City; Lois Bledsoe, City; G. W. Lightfoot, O'Donnell; Miss Ruth Hutchinson, City; Miss Edith Tapp, Lubbock Route Two; Mrs. W. C. Likes, Ira.

Mrs. T. D. Taylor, Slaton; Mrs. Les Dubie, City; George A. Drou, City; Miss Helen Sherwood, Crosbyton; Charles Burnett, Brownfield; J. J. Johnson, Lorenzo; Miss Viola Roberts, City and Mrs. Vada Rainwater, Brownfield.

Business College Has New Field Agent Here

Miss Olga Fitzgerald, of this city, has become the authorized field agent for the Lubbock Business college, having taken her new post on last Monday. Guy M. Witt, president of the institution, stated yesterday. Miss Fitzgerald has been a resident of Lubbock for a number of years and is well known here.

Four new students have recently enrolled in the college, Witt said. They are Mrs. Percy Spencer, of Lubbock; Chalmers Goad, of Lubbock; Miss Vivian Warlick, of Spur and Miss Gladys Cloninger, also of Lubbock.

Local Boys Leave On Auto Tour of State

Ben Hutchinson, aged 16, and Harold Bowen, 17, both local boys, will leave early tomorrow morning on an automobile tour which before it is completed, will take them to nearly every part of the state. They will go from here to Houston and Galveston, then to San Antonio and Austin, on to Fort Worth and Dallas and then to Clarksville, in the northeastern part of the state. In Clarksville they will be joined by Mrs. Hutchinson and will return here by way of Spur in time for the boys to enter their senior year in the Lubbock high school.

Ben Hutchinson, who for the past several weeks has been a member of the Plains Journal force, is the son of Mr. and Mrs. J. T. Hutchinson, 1517 Broadway. Harold Bowen, whose parents, Reverend and Mrs. W. A. Bowen, are touring Asia, has been employed at Rix Furniture company.

CITY OF TAHOKA WILL ERECT OWN ICE PLANT SOON

City Council Of Lynn County Capital Is Also Planning For Sewer System

TAHOKA.—At a meeting of the city council held recently it was decided to build an ice plant to be operated by the City in connection with the City's water, light and power plant. Tests are being made of the City's water and if the tests show that the water is sufficiently pure without being distilled, the plant will be installed at once. In the event that it is found that distillation is necessary, then there may be some delay in installing the plant. The council believes that ice can be manufactured by the City at a profit and yet save the consumers quite a sum of money each month. Funds with which to install the plant can now be secured, it is stated, by the issuance and sale of city warrants. If the tests prove satisfactory and the council undertakes the matter at once, it is hoped to have the plant in operation soon after the first of September. The City council is also negotiating for the installation of a sewer system. Surveys and estimates of the cost are to be made in the near future by a firm of Dallas engineers after which they will submit a definite proposition to the city council. Whether or not the sewerage system is built depends upon the estimated cost and the probable returns to be derived from the investment.—Lynn County News.

MUCH WHEAT IN PLAINVIEW.—Last month 1600 cars of wheat were inspected by J. B. Wallace, manager of the Plainview Grain Exchange. This is the greatest number inspected in any one month since the establishment of the exchange. The biggest day was July 26, when 119 cars were inspected. 3,245 cars have been inspected this season.

SCHOOLS LARGER PLAINVIEW.—Mrs. Ota Lee, county superintendent, has received an official verification of the state county scholastic census from the state superintendent, S. M. N. Marrs, showing a total for the county of 3,464. This is an increase over the last scholastic census of 362; the 1923 figure being 3,102.

I Thank You— The voters of Lubbock county have paid me an honor more than I can express with words in a newspaper—that of accepting me as their choice for Clerk of the District Court without opposition. The only way that I can fittingly show my deep appreciation of this honor is a continuance of the service I have given the public. It shall be my honest purpose to serve the public with as much interest in the people's affairs as I would in conducting a business of my own. Again, I wish to thank my friends for their confidence and approval of the manner in which I have conducted the office of District Clerk. Louie F. Moore

Lake Near Midland Scene of Drowning Of Lynn County Men

TAHOKA.—Residents of Tahoka and of Lynn county were shocked Wednesday morning to learn of the drowning of Mike Humphrey and Noah T. Singleton, two prominent citizens of the Draw community, which occurred Tuesday afternoon in a lake fifteen miles northwest of Midland, where they had gone with their families on a fishing expedition. The tragedy occurred, it is said, when Humphrey undertook to swim out to a boat and while in deep water began cramping. He called for help and Singleton went to the rescue. Upon reaching Humphrey the drowning man seized Singleton around the neck and both went under to rise no more.—Lynn County News.

CAR IS STOLEN PLAINVIEW.—A Chevrolet touring car with new Federal cord casings was stolen last night from near the carnival grounds. It belongs to R. H. Murrah, who lives just south of Plainview. Mr. Murrah's son had brought some hands into town and stopped at the carnival grounds before going home. When he returned for the car it was gone. The sheriff's department is working on the case, but the car has not yet been located.

ARREST FORGER PLAINVIEW.—Roy Elkins is being held in the county jail on a charge of forgery. It is alleged that he gave a check for \$25.00 to John Eoff, proprietor of the Buck Horn Tailors. The check was signed by W. J. Todd, payable to and endorsed by Ray Clark. It is alleged that Elkins endorsed the check Ray Clark. No person by the name of W. J. Todd has been located.

Plainview Baptists Planning for Church

PLAINVIEW.—Lawrence Kerr, the Amarillo architect, who is preparing the plans for the new Baptist church in this city, to cost \$85,000, was here Monday, conferring with the building committee. The plans as prepared by him were approved, and he was instructed to finish certain details and submit same at a very early date so that the contract can be let and actual work begun. It is hoped to start the foundation work early in September. The church has already secured subscriptions for more than half the necessary funds and several thousand dollars has been collected and is now in the bank.—Plainview News.

FLOYD COUNTY'S COTTON IS HURT BY HEAVY RAINS

Little Damage Done and Crop For Most Part Is Promising, Surveyors Report

FLOYDADA.—Cotton in portions of Floyd county is looking and present indications point to a fairly heavy yield according to a report made by Floydada business men, who made a brief survey of the crop Tuesday. They stated that the cotton in some sections has been damaged by the heavy rains. The farmers have been unable to enter the fields and the weeds and grass have taken charge and almost smothered out the cotton. Lice are also damaging the crop in the regions where the heavy rains have fallen during the past month. This is the first time in the history of the county that surplus moisture has injured the cotton crop. Ten days of clear weather, a great deal of sunshine and probably hot winds will be necessary to dry out the fields enough to allow the workmen to enter and clear out the rank growth of weeds to enable the cotton to get a new start. The portions suffering most have shedded the young squares out a new crop may yet have time to mature. The length of the season, the period before frost, will be a large factor determining the total yield. The cotton in other portions of the county, even in places where little rain has fallen this summer is loaded with blooms and squares and will probably make some of the best yields in the history of King Cotton's reign in Floyd county.—Floyd County Hesperian.

CHURCHES MAY MERGE

PLAINVIEW.—Congregations of the Church of Christ and the First Christian Church of Plainview have endorsed a union of these two churches. A committee has been appointed by each of the churches and a conference has been held. The details of the union have not been worked out but members of both congregations are hopeful that the union can be effected.

HOLD PLAINVIEW MAN

PLAINVIEW.—E. I. May, sheriff of Tarrant county, Oklahoma, is expected to arrive in Plainview this afternoon from Fredrick, to take into custody and return to Oklahoma L. C. Dority, for whom he has two warrants. He wired Sheriff Sam Faith yesterday to arrest Dority, stating that two warrants were held for his arrest. Dority was taken into custody at Abernathy and brought to the county jail. He has waived requisition papers, agreeing to go to Tarrant county with the sheriff of his own volition.

RAISES FINE COTTON

VERNON.—M. C. Buckalew exhibited a stalk of Half and Half cotton here Wednesday afternoon that had 72 squares and bolls on it. Mr. Buckalew has 35 acres planted in cotton about a mile north of town and states that the stalks are all full of fruit and holding all that is put on. Some of the bolls have reached an advanced stage of maturity and it is thought that cotton will be ginned in this section as early as the last week in August.

Man Is Shot In Row Over Motley Voting

FLOYDADA.—John T. Dodson, 29, received a gun shot wound in the thigh, and with three other prominent Motley county citizens, George S. Dodson, his brother, West Green, a deputy sheriff, John M. Jackson, stockman, made bonds of \$1000 each following disturbances which occurred in Roaring Springs and Matador late Saturday night and early Sunday morning over election results in Motley county.—Floyd County Hesperian.

MIDLAND TO TRY NUMEROUS FAIRS

Chamber of Commerce Believes Fairs Good Form of Ads to Attract Newcomers

MIDLAND.—The Midland County Chamber of Commerce is planning a big exhibit for various county and district fairs and probably the Dallas State Fair this year. Farmers are urged to bring specimens of green or canned vegetables, fruits or grains to the Chamber of Commerce office, where they will be labeled and exhibited to visitors till they are taken to the fairs. Exhibits from Midland county are definitely known to have brought new farmers here from East, Central and West Texas. Farmers and others who would like to see Midland have a winning exhibit and see new settlers brought out here are urged to help the Chamber of Commerce get an exhibit. Articles wanted for the exhibit include either fresh or canned peaches, pears, plums, grapes, cherries, apricots, apples or any other fruit grown here. All kinds of vegetables and melons are wanted, such as beans, peas, turnips, cucumbers, squashes, pumpkins, cabbages, cantaloupes, watermelons, potatoes, peanuts, cabbages and so on. Grains such as kaffir, fetterite, sorghum, milo maize, barley, etc., are wanted. Cotton is wanted.—Midland Reporter.

Mexican Laborer Is Killed at O'Donnell

O'DONNELL.—Luis Avilla, about 30 years old, a Mexican laborer who was employed on the school building, sustained injuries while alighting from a moving truck Sunday night at about 11 o'clock which resulted in his death in a few hours.—O'Donnell Index.

Kinder Will Preside Over Plainview Bank

PLAINVIEW.—Judge L. S. Kinder has been elected president of the Third National bank. To succeed the late L. A. Knight and A. G. Hinn, vice-president, to succeed R. W. O'Keefe, who has moved to Dallas. The other officers of the bank are unchanged. Messrs. Kinder and Hinn are outstanding citizens of the town and have lived here for many years.—Plainview News.

History of Crosby County Being Made

FLOYDADA.—Crosby county, one of the earliest settled sections of West Texas is to have a history written all its own. Prof. R. A. Burgess, Superintendent of Public Schools of Merkel, Texas, is in Crosby county this month gathering data for a history of that county which he is to place in the files of the University of Texas. Only a partial history of Crosby county has ever been tabulated. Part of its history was given by Claude V. Hall several years ago when he was writing "The Early History of Floyd County" for the University files.—Floydada Hesperian.

FOOLS SNAKE

SHERMAN.—Murray R. Stewart of this city vouches for this story: A four foot chicken snake was discovered one day recently in the chicken house of the Stewart home, in evident distress. The general appearance of the snake indicated that he had swallowed an egg and was still preserving it intact inside of its body. Being curious, Mr. Stewart killed the snake, which was unable to make a get-away, and made a post-mortem. The snake had made a slight mistake. Instead of swallowing a regular egg he had swallowed one of the glass decoys that are placed in hens' nests. It had proven altogether indigestible.

NEGRO HID AWAY

WICHITA FALLS.—A negro youth attacked Mike Peerce, 14 year old, in charge of a little grocery store in the suburban district at noon Monday. The negro struck the white boy with a flatiron and snatched \$5 in change out of the cash drawer. He was pursued by a number of men who were attracted by the screams of the white boy and cornered in an alley. The negro held his pursuers at bay with a large knife until police officers arrived. After being questioned a short time the negro was hurried out of the city under guard. The Peerce boy was not injured seriously, the flatiron striking him a glancing blow.

AMARILLO GIRL HURT

AMARILLO.—Martha Ellen White, 9-year-old daughter of Mrs. Lynn White, 1102 Fillmore street, was slightly injured when struck by an automobile near the corner of Tenth and Taylor streets.

FIGURE 4 RANCH TO BE SOLD FOR COTTON FARMING

Bailey County Tract to be Sold From Plainview, Low Rates To Incoming Farmers

PLAINVIEW.—Work will start at once on the general store and post-office at Goodland, the new town that will be established in Bailey county to serve the settlers on the old "Figure 4 Ranch," which is being cut into tracts of 160 and 177 acres and being placed on the market by Perry and Cram of this city for McClevey Bros. of Temple. There are approximately 25,000 acres in the ranch. Surveyors are now at work platting this land and roads around each section are being surveyed so that each farmer will be assured of an outlet. It is the plan to build soon a cotton gin on the new townsite to be followed by a school and a church. The land as laid out will provide homes for at least 155 families. A reservation of 1,000 acres of the ranch, including the old headquarters, will be made by McClevey Bros., who will convert it into a demonstration farm with a view to encouraging every farmer in the new settlement to make the most from his soil. The land itself is splendidly adapted to farming. The soil is dark chocolate, there is no drift sand, and no blue weeds. The land is to be sold on very easy terms. The price is \$20 per acre with \$5 per acre cash payment and the balance on three years' time with 7 per cent yearly, paying both principal and interest.—Plainview Herald.

COTTON AND CORN GOOD

VERNON.—Crop prospects for Wilbarger county were never better than they are this year, according to R. B. Judd who owns considerable farm land southeast of Vernon in the East Vernon community. Mr. Judd says he had wheat on some of his farms this year that made as high as 50 bushels per acre, and that the prospects for feed and cotton crops could not be more favorable than they are at the present time.

FORD STOLEN

VERNON.—A Ford touring car belonging to J. Moss, driller on the Ellis Dumas, Stephens No. 1, is missing and is believed to have been stolen. The car was taken from the yard of the C. C. Manis home in East Vernon about three o'clock yesterday morning. No trace of it has been found. Officers were notified but so far nothing has been heard of the car.

KILLED BY POISON

BONHAM.—Bill McDaniel, who lives south of this city, died Monday in his wagon on his way home. A bottle labeled poison was found in the wagon by officers.

Tourists Caught At Vernon Carry Booze Factory With Them

VERNON.—Officers captured a still of ten-gallon capacity and arrested a man and woman, who gave their names as Mr. and Mrs. J. A. Waggey, for alleged whiskey selling and possession of same Wednesday morning at the tourist camp, west of Vernon. The couple is alleged to have come here Tuesday afternoon from Childress and it is said did a thriving business that afternoon and night. Jim Bomer, city marshal and Clyde D. Watts and A. C. Haynes, deputy sheriffs, made the arrest. The couple were asleep in their tent when the officers came on the scene and in the tent three gallons of whiskey in fruit jars were found. The man and woman were traveling in a Star touring car bearing a Gaudapole county license and the automobile was loaded with household goods. A search of the car revealed a small copper still, seven sacks of meal and 75 pounds of sugar. The couple are in jail. Bonds were set at \$1250 each, this morning.—Vernon Record.

TWO HURT IN FIRE

BRECKENRIDGE.—George T. Funchess was painfully burned of the hands and face and his wife and child narrowly escaped death early Monday when a two-story building in which they lived and another large building near by went up in flames. The property loss was estimated at about \$2,000, partly covered by insurance. One of the buildings was owned by Mayor T. B. Ridgell and the other by T. Edgar Johnson.

A whole block of residences and the Breckenridge Sanitarium were threatened for a while, sparks from the fire catching in the roof of the hospital and a residence near by. These were extinguished by use of wet house mops from the hospital janitor's room, no water hose being available.

Work Starts On New Station At Canyon

CANYON.—The first work leading to the construction of the new Santa Fe depot started Monday when a construction crew started to extend the freight switch from the freight depot down to the site of the new depot in order that materials might be unloaded on the spot of construction. It was announced this week that the contract for the new depot would be let in Amarillo today. Construction will start within two weeks and the building completed by the first of January.—Randall County News.

WHEAT YIELD GOOD

VERNON.—C. N. Keyton of Farmers Valley made between 40 and 45 bushels of wheat per acre on his crop of about 15 acres, according to T. C. Frost, who did the threshing for Mr. Keyton.

HAS GOOD CORN

VERNON.—W. J. Penton, Confederate veteran, notified the Vernon Record that he had been making a round of the banks and had found that some farmers had brought in a cornstalk on which two ears were hanging. He says that he has the man beaten a mile. He can exhibit a stalk on which hang 3 big ears and pint of shelled corn in the tassel. On being asked why he did not bring it up for exhibition, he said that he was afraid that the market price might go down, should anyone see the corn produced by W. J. Penton.

FEELING BUM? WANT TO FEEL LIKE YOU USED TO WHEN YOU WERE A KID? GO GET A MASSAGE FROM DOCTOR KATE CASTLEMAN, LEADING CITY MASSEUR

You know how you feel when you're dog tired. Things haven't been breaking right, maybe, and you haven't been sleeping like you should. Your nerves are always at a high tension and you have trouble relaxing. You move around slowly like you were in a stupor. Sure, you know how that is, we've all been that way a lot of times. The whole darn world looks bum and you don't have the vitality to be "up and at 'em."

When you feel that way go see Doctor Kate Castleman—she'll fix you up! And when she gets through with you you will feel good—just like a fighting cock, like you did when you were a kid and got up in the morning, slipped on your pants and shirt and ran out into the long, damp, cool grass. Remember? Sure you do!

Doctor Castleman has been in Lubbock for more than three years. There are lots of people here who can tell you what she has done for them and who are glad of every opportunity

to do so. You probably won't believe all they say until you see Doctor Castleman yourself. Then you'll join the throng of human advertisements and boost for her.

Doctor Castleman is not only a masseur but also a graduate in Chiropractic and has had two years work in a medical school. In that way she has an insight into human ailments from three sides and it is thru this knowledge that she is able to give such good service.

She has the distinction of being one of Texas' ten or twelve three-year graduates from an accredited Chiropractic college—having graduated in June, 1918, from the National Chiropractic college, of Chicago, Illinois. Prior to that time she had spent two years in the medical school at the University of Nashville, Nashville, Tennessee. Private study and experience has made her also an efficient masseur.

Doctor Castleman has no "war" with members of the medical profession in Lubbock or anywhere else. In fact she

works with the medical men here on many cases. If a patient of her's requires medical attention she calls in a medical doctor to diagnose and treat the patient. Many of the leading physicians of this city call Doctor Castleman in on their cases when the kind of massaging work and chiropractic work she does is beneficial to the patient, which in the most cases it is.

Doctor Castleman maintains a suite of offices on the second floor of the Security State bank building and she can be reached there almost any time of the day and night, except when she is making her professional calls. Her telephone number is 790, her reception room number 209 in the bank building.

The next time you feel on the bum, all run down and tired, go up to see Doctor Castleman and she'll show you results and put you back on your job feeling like a two-year-old. She doesn't claim to be a cure-all, but she does claim to show real results and with a trial will prove it.
