LARGEST CROWDS IN HISTORY SEE FAIR

TECH REGENTS PLAN TODAY FOR PROGRAM HERE

CEREMONIES TO BE HELD HERE FOR CORNER STONE LAYING SUBJECT OF SPECIAL SESSION

LOCAL COMMITTEE MEETS WITH BOARD OF SCHOOL GOVERNORS; PLANS FOR HEATING BUILDINGS ARE ALSO DISCUSSED HERE

Four members of the Board of Regents of the Texas College of Technology, a representative of the architectural firm planning the college buildings, one of the building contractors, and seven members of a local committee appointed from the Chamber of Commerce, met in session today in the offices of the institution, temporarily located in the Wilson building. Plans for the ceremonies to be held in connection with the laying of the corner-stone of the administration building here on Armistice Day and several other matters of campus planning were discussed during the meeting.

Regents in attendance were Mrs. F. N. Drane, of Corsicana; Clifford E. Jones, of Spur; Hon. R. A. Underwood, of Plainview and President Paul W. Horn, of Lubbock. J. L. Hedrick, member of the architectural firm of Sanguinetti, Staats and Hedrick, of Fort Worth, was the other out-of-town attendant while John W. Carpenter, of Dallas, who was supposed to attend the meeting, sent word that urgent business prevented his being on hand. Members of the local committee, appointed by W. B. Atkins, president of the Lubbock Chamber of Commerce, to cooperate with the regents, were M. M. Dupre, superintendent of public instruction; J. B. Maxey, local contractor constructing the home of the president; H. T. Kimbro, prominent grain dealer; A. V. Weaver, local cotton man; Judge Homer D. Pharr; C. E. Mardgen, president of the Security State Bank and Trust company; Sam C. Arnett, president of the Citizens National bank, and R. W. Blair, Lubbock business man.

Aside from announcing that the corner stone laying ceremonies would assuredly be held here on Armistice Day, November 11, President Horn through his secretary, Miss Lucille Robinson, declined to give out any information concerning the progress at this time. Governor Pat M. Neff has communicated with President Horn and has promised his attendance, along with a number of other prominent state men whose names were not divulged.

It is the plan of the regents and the Chamber of Commerce officials to mark the corner-stone laying celebration here rival the Tech Locating party held here a year ago last August, when one of the largest crowds in the history of the city attended. Although the Armistice Day program will not be as far-reaching in its scope as was the locating affair every move will be made here to make it the prime attraction of West Texas on the national holiday. Arrangements will be made to care for the many guests expected.

In addition to the discussion of the corner-stone laying ceremonies problems concerning the sanitation, lighting and heating of the Tech buildings were discussed. The meeting began in the morning about seven o'clock, adjourned at twelve-thirty for lunch, and was begun again in the afternoon, to be adjourned permanently late today.

RECEIVE BRICKS

Work On Paving Project Is To Go On With Increased Vim As Bricks Are Bought

The paving work for the city of Lubbock will go forward now with increasing vigor as shipments of brick in large quantities are forthcoming. Harry N. Roberts, paving engineer, stated yesterday according to Roberts, the work has been held up considerably because of the lack of bricks from Texas plants. Beginning on September 27, however, the plant at Boynton, Oklahoma, was given an order and ten cars of brick have been shipped from that place.

The next paving work will be done on Thirteenth street, between Avenues K and G. Reber's stated, so as to add to the paved area of the business district enlarged by the recent increase in population. It is thought paving will be started downtown by the fifteenth of this month.

The sewer project is running away ahead of schedule, making up for the forced curtailment of the paving work. The sewer the sewer work is nearly twice as far along as it was supposed to have been at this time.

WHAT WE SEE In And Around LUBBOCK

Boosters From Two Towns Plan Attack

Hereford and Lockney are two nearby cities whose inhabitants will sweep down upon the Eleventh Annual Panhandle and South Plains Fair, A. B. Davis, manager announced yesterday. The Hereford boosters will arrive about five o'clock this afternoon while the Lockney representatives will not be here until tomorrow. An advance communication from Hereford stated that between thirty-five and fifty auto loads would make the trip from that place.

Plans have been made by the fair authorities here whereby the two delegations will be met upon their arrival and escorted to the fair grounds with a fitting amount of glory.

New Buildings Are Leased for Decade

Both of the buildings being erected in this city the present by J. A. Hodges, local merchant, have been leased for a period of ten years following their completion, it was announced here yesterday. Hodges is building a two story brick structure for the Lub-Tex Motor company, at the corner of Broadway and Avenue H and a single story brick building on Avenue G, facing the jail, which will be used as a postoffice for this city.

The building being erected for the motor concern is fifty feet by one hundred and fifteen, while the one for the postoffice is fifty by one hundred and twenty-five feet in size, Hodges stated.

Farm Hand Injured By Runaway Mules

Roy Lindsey, aged twenty-two, who has recently come to the South Plains from his home in Louisiana, lies in a local hospital badly cut by a barbed wire fence as while he was working on a farm the result of a runaway mule owned by A. Judd, a mile and a half south of the city. Lindsey was driving a wagon loaded with maize when his team of mules became excited and ran away. Had the animals run a foot further than they did the boy's leg would have been severed by the wire, Judd stated.

Officer From State Prison Is Expected

Bud Russell, an attaché of the state penitentiary, at Huntsville is expected in Lubbock in the next few days to chaperone several prisoners now being held by Sheriff H. L. Johnston to the state prison at Huntsville, county officials stated here yesterday. Will Word, sentenced to life imprisonment for murder and three negroes, Kansas City Jones, Jazz Baby Samuels and Gold Tooth Hamilton, sent up for burglary of a local mercantile establishment, will accompany Russell to Huntsville.

BUSINESS FIRMS APPLY FOR LOTS IN NEWEST CITY

Building Is Begun On Townsite of Anton As Spade Ranch Is Opened Up to Farmers

Construction work on the new city of Anton, being built between Lubbock and Littlefield on the New Mexico cut-off, has been started and in a few days, the first building will be completed, Stanley Watson, manager of the Ellwood Farms company, said yesterday. The Ellwood Farms company, operating the Spade ranch, to farmers, is building the new city which is named for J. F. Anton, division superintendent of the Santa Fe railway, at Slaton.

With construction only started on the new town requests have been pouring into the company's offices here for permission to place business houses there, Watson stated. Requests have come in for a bank, two lumber yards a filling station, a restaurant, a wholesale oil company and a mercantile establishment. The first building to be completed will be the field office of the Ellwood Farms company.

Much of the land sold Although the land had never been shown before last Friday already fourteen and a half of the one hundred sections in the north part of the block have been sold, Watson announced Wednesday. J. F. Anton has such faith in the town which bears his name that he has purchased the whole of section 12, which adjoins the townsite on the north.

The new town is being constructed on the north edge of Hockley county, just beyond the Danforth switch, 12 miles northwest of Shallowater. The town will be formally opened on Oct. 6th.

NEGROES GUILTY

Blacks Convicted On Charge of Looting Hodges Store Are Sentenced to Pen

Three negroes, convicted in the district court last week for burglary of a local mercantile establishment, were sentenced Tuesday by Judge Clark M. Mullan to serve their terms in the state penitentiary at Huntsville. The negroes and their terms in jail are Kansas City Jones, two years; Gold Tooth Hamilton, three years; and Jazz Baby Samuels, three years.

The negroes were charged with entering the Hodges Brothers Mercantile company, on the southeast corner of the square, late one night in the spring, and escaping with several hundred dollars worth of clothing, practically all of which was recovered by the officers when the negroes were arrested. A negro, charged with complicity in the crime, was found to be innocent and the charges against her were dropped.

In arresting the criminals one of the best pieces of detective work in the annals of Lubbock county was accomplished by Sheriff Johnston and his deputies. The search for the guilty parties took the officers all over West Texas before they were finally located behind the bars.

COURTIERS ANNOUNCED

The entire retinue of Princess Mabel, of the House of Marsh, Princess Prosperity who is crowned as Queen of the Pageant of The Magic Fleece was announced yesterday to be as follows: Maid of Honor, Lady Myrtle of the House of Lemons; Flower Girls, Mary Anise Bush, Annis Jones and Mary Ross Edwards. Train Bearers, Bettie Jane Smith, Carrie Jane Thomas, Donald Lee Benson and John Roger Pierce. Train Turners, Maurice Hunter and Lucille Walker.

THE EDITOR SPEAKING:

Howdy folks! You-all who have come up for the fair. We're plumb glad to see you, sure enough we are. How's everything down your way? From the looks of the exhibits from everywhere things must be mighty fine. We hope you'll have a big time while you're here and hope, too, that you'll come back again before another fair time. We folks here at Lubbock believe this one is a right good fair and we know that it couldn't be the success it is without your being here. You-all ain't company --- It's YOUR fair. Hope you enjoy it!

COUNTY RESULTS!

Results of the county exhibits in the Eleventh Annual Panhandle and South Plains fair were announced as follows, by the judges, A. K. Short, of the State Agricultural and Mechanical College, and J. D. Lindsey, Santa Fe railway agricultural agent:

Dawson County, first. Randall County, second. Crosby County, third. Other counties, designated in the position in which they finished, were Potter county, fourth; Deaf Smith county, fifth; Lynn county, sixth; Terry county seventh and Bailey county eighth.

The judges were united in praising the exhibits as a whole, from the thirteen counties entering into the competition.

WILDCATTERS TO DRILL OIL WELL NEAR THIS CITY

Geologist Also Report Dawson County Operations Will Be Begun Before Long

A well will be drilled in the close vicinity of this city in the near future in an attempt to discover all in paying quantities under the caprock of the South Plains. The report concerning the drilling of the well is authentic despite the fact that parties connected with the move will not permit the publishing of the names of the members of the company who will finance the project nor will they give out the location of the tract where the well will be sunk.

Several geologists have unostentatiously entered the Lubbock territory in the past two months and at the present time there are two representatives of large companies doing research work in this locality and in neighboring counties. It was discovered the early part of the week.

According to one of the geologists located here a well will be sunk in the vicinity of Lamesa in the near future and those who know the situation in the Dawson county seat are said to be in a high fettle over the prospects. Big Spring and Midland, a short distance southwest of Lamesa, have had considerable success in the search for oil in their localities.

Several years ago a well was sunk near Abernathy but was abandoned after going down about four thousand feet. If there is oil in the Lubbock vicinity geologists believe that it will be found deeper than forty-five hundred feet, after the salt water area is passed.

BROKEN PROMISES HALT WORK ON RAILROAD

Although more than \$281,000 has been pledged by land owners of Hockley and Cochran counties in connection with the laying of the railroad from this city westward, almost that much more will have to be pledged if the road is ever built, J. A. Wilson, principal worker for the railway, said yesterday.

According to Wilson, actual construction of the road is being held up only because of the fact that a number of the large land owners of Hockley and Cochran counties are not living up to their promises in the way of pledges and if the road is to be built at all something must be done immediately to secure the balance of the necessary pledges.

A railroad company of established worth will construct the line when the pledges are raised and the company is ready to begin operations at any time, was Wilson's statement. He is still working tirelessly on the project which is badly needed in Hockley and Cochran counties.

COUNTY TO LEND STATE ROAD MEN SHOPS BUILDING

Commissioners Vote to Erect a Building On Fair Grounds For Engineers Here

Lubbock county will furnish a building for the shops of the highway department of this district of the State of Texas, it was decided Monday in a session of Commissioners' court called especially for the purpose, County Judge Charles Nordyke announced yesterday. The decision was reached after three months discussion between local highway representatives and the commissioners of the county.

After three hours debate on the matter the commissioners voted unanimously to furnish the building and Marvin T. Warlick, commissioner from precinct one, was commissioned to build the structure which will be located on the southwest corner of the fair grounds. It will be a one story building, fifty by eighty feet, and will be built of lumber and painted. As soon as the building is completed the state highway department will pay for the laying of a concrete floor the size of the building.

Building Owned by County The structure is to be owned by the highway department for a shops building and when the division is moved from the city or whenever it is finished with its work in this section of the state the building is to be returned to the county for whatever use the commissioners see fit to make of it.

The equipment of the highway department is already being shipped in to the city and all haste in the construction of the shop building will be made. R. W. Baker is district highway engineer stationed in Lubbock.

BANK COMPLETED

Lubbock State Bank Moves Into Fine Quarters; \$62,000 Spent On Improvements

Occupying one of the finest and most complete banking buildings in West Texas after several months spent in extensive remodeling, the Lubbock State bank is again installed in its permanent home. Moving of the fixtures, records and furniture from the temporary quarters, on Main street, was accomplished Wednesday night.

The organization is now doing business at the former stand, on the corner of Avenue I and Main street. According to a statement issued today by Walter S. Posey, active vice-president, \$62,000 were spent in remodeling the building, which has been equipped with two vaults and new furniture and fixtures practically throughout.

The new quarters in addition to the space for active officials, has a total of nine cages, four of which are for paying and receiving, and one each for savings, collections, notes, statements and bookkeeper. The building will not be totally completed for at least thirty days more, Posey said, due to the fact that the lighting fixtures, painting and retouching has not yet been finished. Active officials are O. L. Slaton, president; Walter S. Posey, F. R. Friend and W. K. Dinkinson, vice-presidents; and John M. Denman, cashier. Fifteen persons are employed and the bank is the largest institution of its kind on the South Plains.

NEW TOWN GROWING

A. L. Burnett, mayor of the new town of Wellman, is in charge of the agricultural exhibit of Terry county here during the fair. According to Burnett the new town is growing at a great rate, showing an increase of more than two hundred percent in scholastic enrollment over the past year. Burnett was in charge of the school at Wellman last year.

OVER 15,000 PERSONS ATTEND ON WEDNESDAY, IS ESTIMATE OF EXPOSITION HEADS

EXHIBITS IN ALL LINES ARE THE FINEST EVER SEEN ON SOUTH PLAINS; FIRST SHOWING OF COTTON PAGEANT IS WELL ATTENDED

Registering the largest crowds in the history of the yearly event, the Eleventh Annual Panhandle and South Plains Fair is at its height in this city today. Almost perfect weather conditions are swelling the attendance and with competition in the various exhibits continuing to be hotly contested in all lines the 1924 fair has been established as the greatest in the history of the South Plains. Getting under way with a large parade at nine o'clock Wednesday morning fair officials estimated the crowds visiting the grounds throughout the first day at approximately 15,000 persons.

Pageant Well Attended

Aside from the results of the county agricultural exhibits the pageant of King Cotton was probably the most important event of the first day of the fair. Beginning shortly after eight o'clock at night the pageant, with almost six hundred Lubbock county people taking part, occupied the center of the fair stage, a crowd of several thousand persons attending the ceremony when Miss Mabel Marsh, Lubbock county home demonstration agent, as Princess Prosperity, was crowned Queen, and Neff H. Wright, prominent local insurance man and president of the Rotary club, was made King Agriculture. A break down at the plant of the City Light and Power company, just as the pageant was getting under way Wednesday night, threw the fair park in utter darkness for several minutes and was the only marbling influence of the exposition to be experienced thus far.

All of the buildings of the fair grounds were filled with visitors all day yesterday and early this morning, with every indication that interest in all of the exhibits would hold throughout the four days of the exposition. The new building on the ground, taken up with exhibits of farming machinery and tractors, has been the object of much interest as has the industrial building, where the booths of thirty-five business firms are located. The booths and exhibits in the industrial building are keeping pace with the rest of the fair, showing a great improvement over the like exhibits of former years. Many of the firms have constructed permanent booths this year, which will be carried over from year to year.

Women's Department Good One of the departments showing a decided improvement over former fairs here is the Women's department. Exhibit after exhibit of culinary, textile art and handiwork articles are seen in the department, which is being visited by many men as well as women. With the judgment of the agricultural exhibits for the counties entered done away with the attention of fair visitors was turned this morning to livestock competition, under the direction of R. C. Mowery, superintendent. Lubbock high school teacher of vocational education and the coach of the famous high school stock judging team here, as was the case with the agricultural exhibits, lectures by various livestock authorities will follow the awarding of the prizes, carrying out

BOOZE IS TAKEN

Five Men Are Caught by Law in Two Raids Near Slaton Last Sunday Evening

Two booze raids, staged last Sunday about six o'clock, resulted in the arrest of five Lubbock county men, in the vicinity of Slaton, it was announced from the office of Sheriff H. L. Johnston yesterday. The five men arrested where a whiskey still was in operation, were Pat Nickles, Emmett Nickles and P. S. Nickles, brothers, A. L. Hoffman and P. J. Castleberry. They were released on bonds aggregating five thousand dollars.

In addition to the men a copper still, eight gallons of whiskey and seventy-seven bottles of beer were taken by the officers. Deputy Sheriffs Vernie Ford and O. H. Brown, Slaton Police Chief Tom Abel and Deputy Constable Sherry Wickler, of Slaton, made the raids.

The first call was made on the Hoffman place and, although Hoffman was absent, the beer, on ice, was confiscated. When the officers descended upon the Nickles place, where the still and whiskey was found, Hoffman was found to be one of the operators of the still.

Men Quarreled Saturday According to reports from Idalou the killing came as a result of trouble between Hightower and Harvey over a real estate transaction. Harvey is said to have sent a buyer for some land to Hightower and although the deal was completed the latter demurred at paying a commission to Harvey. Last Saturday afternoon the men met and after an altercation concerning the commission Hightower and his two sons, one about twenty-five years of age and the other slightly older, are alleged to have attacked the real estate man. Crowds parted the men after Harvey was treated roughly, it is said. The incident was practically forgotten in Idalou until this morning when it blazed forth again with dire results.

After the shooting the body of the dead man was brought to the Rice undertaking parlors where it was embalmed and late yesterday afternoon returned to Idalou, Roscoe Parks, a farmer of near Lubbock, is a son-in-law of Hightower. A brother of Harvey is connected with a local abstract firm.

A suit filed by Harvey against Hightower for the payment of the real estate commission, was recently threatened.

COMMUNITY COMMENTS

By CURTIS A. KEEN

Announcement is made that G. G. Johnson, well known drug man of former years, will open a new drug store in the space now temporarily occupied by the Lubbock State Bank on Main street.

Johnson started in the drug business in Lubbock 12 years ago on the 12th day of this month and was continuously in the business until a little more than a year ago, when he sold his established business under the name of the Lubbock Drug Company to W. R. Pickett, who occupies a building on the South Side of the square.

Since disposing of his former drug business Johnson has spent a year in traveling, having lived and visited in a number of cities in California and intermediate points but "Lubbock looks better to me than anything I have seen and I am anxious to get opened again with my new business. My family enjoys better health here. We like the folks better and I have just naturally missed having my friends come into my place of business for their drug and drug sundry wants," said Johnson. "It will be good to be back at home again in the business that I know best and that I am best known in."

The new firm name will simply be Johnson's Drug Store.

Lubbock has, without a single exception in Texas, the best line of drug stores to be found in the state. Capable men own and operate them—carry a full line of the highest quality products and accessories, most modern and efficient fixtures and most courteous service—these are the things that make Lubbock's drug stores stand out above the average found in cities of twice this size.

A BIGGER FAIR GROUND NECESSARY

The greatest fair in the history of the South Plains is under way. The permanent improvements of the Fair Grounds are being taxed to their utmost to house the exhibits being shown. Great throngs are pouring thru the gates—with increasing number of prospectors, investors, folks seeking new homes and greater opportunities such as this section has to offer the ambitious man. Our present facilities are inadequate to handle the volume of exhibits, the hordes of people, and the demands for entertainment that have made the previous fairs successful and that are increasing every year.

Regardless of cost, inconvenience, or other items on the civic programme Lubbock MUST double the present size of her fair grounds, must double the capacity of fair exhibit halls, MUST provide for horse and automobile races, a greater entertainment programme and the other needs of the South Plains Fair in keeping with the growth and development of the city and surrounding territory.

The present arrangement is an admirable one whereby the county has lead the table land to the Fair Association as a home for the Fair—under the provision that all profits that may even accrue from the fair shall go right back into permanent improvements on the fair ground. This lease should be extended to 99 years, not less than 50 acres of addition land purchased and plans made NOW for the necessary improvements and extensions to care for next year's fair. Amarillo spent more than \$75,000 on this year's fair—according to reliable figures given out—and have found that the investment is profitable. She expects to get back from a County Bond issue every cent spent for land, site improvements and permanent buildings. And it is right that she should. A fair, such as the Amarillo Tri-State Fair, The Panhandle South Plains Fair, the West Texas Fair, at Abilene, and the other great sectional fairs, are of untold benefit to the cities and counties in which they are held and it is right and proper that a part of this burden should be placed thru taxation via bond issues, etc., upon every property owner in the county—leaving the actual operation, expense and risk to be assumed by the business men of the city in which it is held.

The wisest election that Lubbock county ever held was when she voted the 5c tax for the purchase and maintenance of County Recreational parks. Already the investment is paying definite returns in the form of improved parks in the county. And no acre of these established parks has been of more direct benefit to every man, woman and child in the county than the land leased by the commissioners court three years ago to the fair association for the establishment of a great sectional fair.

Let us look around us TODAY and try to appreciate the need that is before us and start NOW to laying plans to meet these needs before next year's fair comes around.

LUBBOCK'S BOYS

If there is any one subject that has been talked about, written about, researched out even pruned about in Lubbock more than any other subject—and with less definite action taken—we believe that it is the Boy and Girl problem of this city. We build great schools, pave wide streets, attract profitable industries and business institutions to our city, erect fine churches, and do a lot of other important things. But we only TALK, WRITE and PREACH about our Boy and Girl Problem.

Go out on the streets at night, down the alleys on Saturday's, the highways and byways almost anytime between seven in the morning and three thirty the next morning and you will find boys between the ages of seven and twenty-seven prowling around or in some kind of destructive mischief. Sunday night there was a group of seven boys around 12 to 17 years of age from some of the good families, the high and mighty of "Six Stocking Row." In front of one of the churches of the city, pitching stones at some passing negro worshiper. Saturday night a bunch of about the same age were sitting in some of the cars parked at the Rotary minister smoking cigarettes, telling dirty stories and degenerating into night prowlers.

Two thousand boys of Scout age live in Lubbock and less than 100

of them are active in Scout work. Two thousand girls of scout age are in Lubbock and less than 50 of them are even enrolled in girl scout work.

We have compulsory school laws in Texas—and any day in the month you can find 100 boys of school age playing around the streets and alleys of road switch yards or on the canyons of the city, the public golf course, the railroad town.

Lubbock's BIG PROBLEM is her boys and girls and some provision for their constructive direction along useful lines in the development of men and women of sturdy characters and useful citizenship should be made. \$10,000 a year would only be \$1 each for every inhabitant in Lubbock—and yet less than a third of that amount would go far to relieve the situation in this city and profitably reach more than half of the boys and girls who need direction for their recreational hours.

I OWE THE TOWN I LIVE IN A LOT

This is the statement I had a new citizen of Lubbock make to me this week. He is just moving here. He is looking for a place in the civic, social, educational and business life of the city. They gave him receptions when he left his former home and he brings their best wishes with him.

How are we going to receive him and his excellent family? "I always want to feel that I put just a little more into the town in which I live and make my home than I take out of it. I feel that I owe the town something for the friends that I make, for the comforts that I enjoy, for the prosperity that comes my way and want to accept my part of the responsibilities in Lubbock."

He is one of a hundred such men who have moved to Lubbock during the past year. Are we trying them up to the civic, social and church life of the city—making them welcome, at home, one of us? They are coming here to make Lubbock their permanent home. Within a week or a month they will be just as much a citizen of Lubbock as the oldest citizen here. Let's make a special effort to assist, guide, make them our own and one of us. Our wealth is great in climate, shallow water, fertile soil, and all of these other things. But our future possibilities lie within the hearts, ambitions and co-operation of our own citizenship—both new and old.

OLD SETTLERS MEET

AMARILLO. — About 200 old settlers of the Panhandle attended the meeting of the Panhandle Old Settlers Association here and heard stories of the former days told by Kiowa Indian braves, the original owners of all this part of the country. Judge L. Gough, president of the association, presided, assisted by Judge Tom Turner. Horace Russell acted as secretary. New officers for the association were elected as follows: T. H. Hobart of Pampa, president; Judge L. Gough, Amarillo, first vice president; Judge E. G. Pendleton, Stratford, second vice president; directors, J. C. Paul, Amarillo; John W. Britt, Amarillo; John Arnot, Amarillo; J. A. Southwood, Panhandle; Col. T. S. Bugby, Cleardon. J. W. Patterson and Clyde Warmonth, of Dallas, transacted business here Saturday and Monday.

Huge Electric Sign Installed By Lyric Theatre In Lubbock

Another addition to the Metropolitan aspirations of Lubbock was made and manager of the Lyric theatre added to his building a huge electric sign night in the city's downtown section.

Another addition to the metropolitan here last week when E. McElroy, owner which can now be seen blazing every. The sign throws forth its changing lights in four different colors. They are red, blue, green and canary and the word "Lyric" blazes from the center of the sign. It is eleven feet high and two and one-half feet in width. McElroy stated, having been purchased from the Opflume Sign company, of Battle Creek, Michigan. There are two hundred and sixty incandescent globes used in the sign, according to McElroy.

At Lubbock Sanitarium

Fifty-eight persons have submitted to treatment at the Lubbock Sanitarium during the past two weeks, reports issued from the office of Business Manager C. E. Hunt indicate. Those receiving treatment were announced as follows:

Mrs. M. E. Sims, Blackwell; Billie Abernathy, Slaton; Miss Mattie Ellen Foster, Southland; Mrs. W. J. Livingston, Lubbock; Lynn Wylie, Lubbock; Mrs. R. C. Richardson, Lubbock; Helen Richardson, Lubbock; Dr. T. G. Bates, Lubbock; Miss Bernice Barton, Seminole; Miss Opal Brown, Brownfield; R. J. Hubbell, Tahoka; B. E. Moore, Gomez; Mrs. I. C. Johnson, Slaton; Dr. Poole, Sweetwater; J. R. Burnett, Brownfield; Miss Florence Bower, Meadow; Miss Mary Bird Pickett, Lubbock; Miss Juanita Pickett, Lubbock; Mrs. E. M. Wright, San Pedro, California; Miss Susie Smalley, Leckony; George E. McWhorter, Morton; Joe Dick, Slaughter, Lubbock; Mrs. Hubert Wolfarth, Lubbock; Mrs. A. A. Kahl, Vernon; Stanton Rhea, Lubbock; Miss Aileen Shockey, Wilson; Miss Edna Manly, Lubbock; Mrs. C. D. Boxley, Post City; Mrs. Rowena Austin, Lubbock; E. P. Woody, Floyd, Texas.

Junior Miller, Amherst; Mrs. J. E. Weighman, Meadow; C. F. Seaton, Plainview; Mark Burns, Wilson; Charles Wimberly, Abernathy; S. A. Kinder, Shallowater; Miss Belle Fisher, Lubbock; Mrs. E. D. Garmis, Abernathy; Walton Maddux, Ralls; Mrs. E. M. Wright, San Pedro, California; Mrs. Charles Long, O'Donnell; Charles Long, O'Donnell; Miss Nina Graham, Slaton; Mrs. J. R. Flankon, Lamesa; J. R. Flankon, Lamesa; C. W. Deane, Crosbyton; Miss Lorene Fort, Ralls; J. A. Wright, Lubbock; Miss Verna Wilkins, Spur; H. W. Calloway, Tahoka; C. A. Petty, Levelland; Harlin Tinkle, Post City; Mrs. W. Q. Winniford, Lubbock; Mrs. E. W. Jackson, Abernathy and J. A. Sager, Snyder.

WAREHOUSE BURNS

LAMKIN. — Fire of unknown origin destroyed the large grain and warehouse and the corn mill house with a great quantity of feed of E. R. Oustott in Lamkin Friday.

THE METHODIST CHURCH

Broadway and Avenue M
W. P. McMicken, Pastor
9:30—Sunday school—Jas. L. Dow, Superintendent.

Our Sunday School Year begins Sunday, October 8th. Begin the new year right by joining a class.

10:50—Morning worship.

Sunday has been designated as "Membership Day," at the Methodist church. If you are a Methodist and are expecting to make Lubbock your home and you have not yet united with the Church here, do so Sunday. Quite a number are planning to present themselves Sunday morning for membership. Come and be one of the number. We shall be glad to write for your letter later.

Just after the preliminaries at the morning hour the pastor will baptize any infants or children that may be presented by their parents. This will be the last opportunity this conference year, unless by special arrangement with the pastor. The service will close at 12:00 o'clock, sharp.

7:00—Senior Epworth League.

8:00—Evening Worship.

Since the pastor is not yet able to use his voice we shall have a union service. The congregation of the First Presbyterian and the First Methodist churches uniting in the evening service at the Methodist church and the sermon of the evening will be delivered by the Rev. J. M. Lewis, pastor of the First Presbyterian Church, this city.

The music of the evening will be rendered by the choir of the two churches.

We are delighted to have the Rev. J. M. Lewis and his congregation unite with us in the evening service and extend a cordial invitation to all friends of the two congregations and strangers and visitors to worship with us.

FIRST PRESBYTERIAN

Jack M. Lewis, Pastor
(Meeting temporarily at the Lindsey Theatre)

Morning worship—11:00.

Sunday school—9:45.

Men's Bible Class—9:45.

Junior Christian Endeavor—2:30.

Evening worship—8:00.

We welcome you to services. All of those who in any way feel the need of Divine worship, visit our services.

SEVENTH DAY ADVENTIST CHURCH

Corner H and 15th Street
Rev. J. E. Brown, Pastor

Sabbath school, Saturday at 10:00.

Preaching at 8:30 Sunday night.

Wednesday night prayer meeting.

Preaching at 11:00 a. m. Saturday.

CHURCH OF CHRIST

The congregation will meet in the City Auditorium again next Sunday after which time they will try to return to their church house on Broadway at Avenue N.

Bible Study—8:45 a. m.

Preaching at 11 a. m. and 7:45 p. m.—by T. M. Carney.

Young peoples' meetings at 6:45 p. m.

Ladies Bible Class Thursday 3:00 p. m.

T. M. Carney, Minister

UNION SERVICE SUNDAY

The congregations of the First Presbyterian and the First Methodist churches will unite in the evening service at the Methodist church Sunday and the Rev. Jack M. Lewis, pastor of the First Presbyterian church, this city, will fill the pulpit.

Music of the evening will be rendered by the choir of the two churches. The public is cordially invited to attend the service.

B. Y. P. U. PROGRAM

Topic—The Bible in the personal life.

Leader—Mrs. J. W. Reid.

Bible Reading in the B. Y. P. U.—Miss Beulah Dixon.

What Place has the Bible in My Personal Life—Miss Gildwell Mullins.

Plan to give the Bible a place—Miss Eunice Hutson.

Special Emphasis upon Study—Mrs. Ben Dixon.

Special music arranged by A. F. Lindl.

Read with Reverence for the Author—Miss Leita Strickle.

The Bible An Up-to-Date Book—Miss Ruby McBride.

Read and Respond to Bible Truths—Miss Bessie Smith.

Reduce Reading to Practice—James F. Jones.

Due to the Church service being changed to 7:30 p. m., we now meet at 6:15 p. m. Come out and get acquainted with the crowd. We need you and probably we can make you feel better.

Mrs. Stove of Ohio is visiting Mrs. William D. Green for several days.

Mr. and Mrs. January and family of Dallas, are guests in the home of Mr. and Mrs. William D. Green.

FARMER KILLED

SHERMAN. — H. J. Thwait, Grayson county farmer living near Gunter, was killed Sunday afternoon when his automobile skidded and went off a bridge during a blinding rain.

A son who was with him suffered two broken ribs.

Kennedy Family Has Reunion In McLean

Stephen H. Kennedy, local newspaper man, has returned from McLean, Texas, where he attended a reunion of his family held there last week. Eight of the members of the family were present for the reunion.

Members meeting at McLean were Mrs. Elenor Mosely, of Santa Rosa, California; Mrs. J. W. Slavin, of Alameda, Texas; William Kennedy, of Dallas; J. L. Kennedy, of Wichita Falls; R. C. Kennedy, of Clarendon and S. H. Kennedy, of this city, the children and Mr. and Mrs. S. R. Kennedy. S. R. Kennedy, father of S. H. Kennedy, is well known in this city, having visited in the latter's home here last summer. He is a well known Panhandle stockman and specializes on registered white face cattle.

Mrs. Clyde Falls of Ballinger is in Lubbock visiting her brother, Ed P. Wilson, 1938 Avenue G. Mrs. Falls will be in Lubbock until after the fair.

BOOM FOR CROSBYTON

CROSBYTON.—A building and real estate boom has struck Crosbyton since the paving of the business district was begun. The C. B. Livestock Company reports the sale of over 100 lots the past week, mostly to local people. Practically all of this property will be improved at an early date. There is not a vacant dwelling in town.

Lamar and Paidler are constructing a large stucco garage and filling station on the square, and Lieske Brothers are erecting a brick garage and display room on West Fifth street. Seven dwellings are under construction.

MAN HELD IN JAIL

C. E. Monroe is lodged in the county jail in default of a \$1,000 bond on a charge of transporting intoxicants in violation of the national prohibitory laws. County Attorney Owen W. McWhorter said yesterday. Monroe was arrested by Sheriff H. L. Johnston and Deputy Vernice Ford last Friday afternoon in the downtown section of the city. When searched he was found to have a pint of whiskey on his person.

ON HIS FORTIETH YEAR

M. M. Dupre, city superintendent of public instruction, who is beginning on his fortieth year as a school teacher, principal and superintendent of public instruction. For the past ten years he has been in charge of the city schools of Lubbock, taking charge of the system when it had slightly more than five hundred students, all housed in one building. The system has so grown and expanded that now he is supervisor for ten buildings, embracing an enrollment of more than 2800 students. This fall marks the beginning of his eleventh term in Lubbock.

The above picture shows one of the members of the Gates Flying Circus going through one of the hazardous stunts of a performance which will be given twice daily in connection with the 1924 Panhandle and South Plains Fair here on October 1, 2, 3 and 4. The Gates Flying Circus will be only one of the big, free attractions offered here this year, says A. B. Davis, fair manager.

One of the big free features of the 1924 Panhandle and South Plains Fair will be the Gates Flying Circus, one of the greatest aerial daredevil acts now touring America. Here is shown one of the group of aviators doing some of the airplane acrobatic stunts which has made the Gates organization so popular wherever it has shown.

M. M. DUPRE EMBARKS ON FORTIETH YEAR AS SCHOOL EXECUTIVE, LAST TEN OF WHICH HAVE BEEN IN CITY

Forty years in the harness, a teacher, principal and superintendent of city school systems—almost a half century of service given.

That will be the record of M. M. Dupre, superintendent of public instruction for the City of Lubbock, when the curtain is rung down on the 1924-25 term just begun. The past ten terms

ant public school position on the entire South Plains. And this goal was reached after years of work and earnest preparation, not because of pull or outside influences.

At the age of thirteen Superintendent Dupre left his home, the farm of his step-father, to live with his grandfather. By so doing he was able, by working for his grandfather on Saturdays, in the evenings and through vacation periods, to attend the little country school house where his educational foundation was built.

He took his first teaching position in Gallia county, Ohio. He taught in a one-teacher country school for a five months term, for twenty-five dollars a month, five of which was spent for room and board, which he now characterizes as "the best he ever had any time, before, or since." When he entered the teaching profession in Gallia county the leaves were just turning brown in the autumn of 1885.

From Gallia county he went to Mannington, West Virginia, where he was principal of a four teachers school for the sum of fifty-five dollars per month. That term too lasted five months and the following fall, in 1887, he was found in Sarepta, Mississippi, where for five months and with the remuneration of forty-five dollars per month, he was teacher in a little school which met in the village church.

It was in Mississippi that he met Mrs. Dupre and was married. Mrs. Dupre is now the mother of eight children and is this year serving her second term as principal of the K. Carter grade school here, one of the finest ward institutions to be found anywhere in West Texas.

The autumn of 1888 found Dupre in Texas, where he has been ever since, a worker for public education. Shelbyville, in Shelby county, was his first Lone Star assignment and he stayed there for seven years. After his seventh year he went to Henderson, Texas where he was made a member of the faculty at Henderson Normal. He filled the post on the normal school faculty for three years, when he was summoned to Smith county, this time as superintendent of public instruction. For eleven years he remained in Troop and then Shelby county called him back to take charge of the school system in Center.

After he had served five years in Center he was recommended by the state commissioner of education to Walter S. Posey, local banker and then secretary of the school board, for the position of superintendent of the Lubbock schools.

When informed of the fact that he had been recommended for the place here, he hauled down the family map of Texas, found Lubbock, and came out to look the situation over. After he got here his story is like that of many others. "He came, he saw, he was pleased, he stayed and he's mighty glad he did."

He was appointed to fill the post here although a number of other school men from over the state were applying for the position. As soon as he was appointed he immediately began lining things up for the coming term. When Dupre took over the school superintendency here the whole system containing 702 students and eight teachers, was located in what is now the Junior high school building.

Unlike many school officials, Dupre has always been connected with the various movements which were destined to bring growth and progress to the city. He is a member of the Ki-

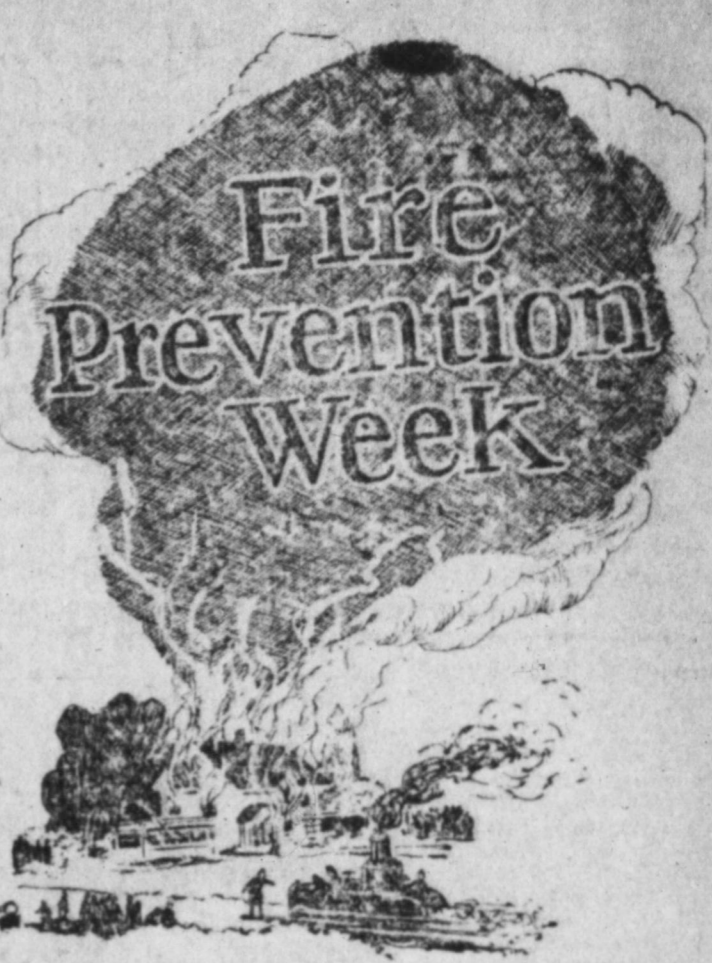

wan Club and is identified with more than one plan to keep this city in the lime light.

ARREST KNIFER

AMARILLO.—C. L. Cochran was arrested Sunday by members of the Sheriff's department and is being held to await the action of the grand jury on a charge of assault. Cochran is charged with having cut his daughter twice with a knife. One of the knife wounds is said to be about the head and the other on the hand.

CLAUDE.—Fred Venable, who was fatally wounded yesterday in his field three miles west of Claude, died soon after his arrival to the Amarillo Sanitarium about noon yesterday. The body was shipped back to Claude this morning where funeral services will be held with interment in the Claude Cemetery Monday.

Venable was plowing in his field when his team became frightened and ran away throwing him under his plow. Mrs. Venable is receiving medical aid being made necessary from the shock.

Fire Prevention Week

IT'S your duty to the community to cut down the tremendous fire losses.

It's your duty to eliminate the causes—carelessly placed explosives, thrown cigarette and cigar butts, loose greasy rags, and the placing of matches where children can get them.

That's why Fire Prevention Week—Oct. 6 to 11, inclusive—has been set aside as a warning to the entire nation.

FAIR AT SLATON
GOES OVER WITH
BIG ATTENDANCE

More Than 700 Exhibits Viewed By Crowds Last Friday and Saturday

The Slaton Fair opened officially Friday morning with a big parade of the school children from the West Ward building led by the Slaton band and the band of Harley Sadler falling in line about the middle of the parade. This parade was from the school building to the city hall square where the students were formed into a mass formation on the square by the band. The band rendered several pieces and Judge Kemp delivered the address of welcome in behalf of the Fair Association. R. J. Murray followed with an appropriate address.

Following the speaking program those present enjoyed viewing the wonderful display of farm products, flowers, art, culinary, fancy needle work, poultry, business booths etc.

While the crowd was small both days due to the fact that the rural people are busy picking cotton it was fairly good. The exhibits in the various departments was exceptional good and is believed by those who know that it was one of the best exhibits to be found in West Texas. Over 700 different products were put on display.

An exhibit will be carried to Lubbock for the Lubbock Fair, where a booth has been secured.—Slatonite.

MA FERGUSON MADE ELIGIBLE TO BE GOVERNOR IF ELECTED IS JUDGE'S RULING

JUDGE GEORGE CALHOUN, OF TRAVIS COUNTY WILL NOT PERMIT TEMPORARY INJUNCTION ASKED BY CHARLES M. DICKSON, OF SAN ANTONIO

AUSTIN. — There was added another victory to the long, unbroken string of achievements of Mrs. Miriam A. Ferguson when Judge Geo. Calhoun, 43d District Court of Travis County, Monday in denying the petition for temporary injunction by Charles M. Dickson, San Antonio attorney, to prevent the name of Mrs. Ferguson being placed on the official ballot in the coming November general election as the Democratic nominee for Governor held that not only Mrs. Ferguson, but other women were eligible to hold office in this State. Notice of appeal was promptly given.

The decision was sweeping and practically every contention which had been presented by Dickson was knocked out. Judge Calhoun, in an oral opinion which consumed an even hour in rendering, ruling that there was nothing in the Texas Constitution which disqualified a woman from holding office and that the common law did not apply. These were the two principal grounds upon which the plaintiff relied.

Far Reaching in Effect Judge Calhoun's judgment is of far-reaching effect, making valid the acts of those women who have heretofore held office in Texas and also making legal the election of women holding office in the State at the present time, the number being estimated at approximately 200. Some of the present offices of County Clerk are held by women, and Judge Calhoun's decision makes legal all of the marriage licenses which have been issued by such officers.

When Judge Calhoun started re-nunciating his opinion at 10:06 o'clock the Ferguson, who attended the four-day argument in presentation of the case last week, nor her husband, former Governor, was present. The only member of the Ferguson family who heard rendition of the opinion was Mrs. Geo. S. Nalle, of Austin, daughter of the Democratic nominee.

Dickson Hears Judgment Dickson, accompanied by his counsel, Judge I. W. Stephens of Fort Worth, heard the judgment denying his petition. Judge Stephens gave notice of appeal to the Third Court of Civil Appeals at Austin, which does not meet for the new term until Oct. 8 and can not consider the appeal before that date.

"The transcript of the record will be completed at once," Judge Stephens said after the court adjourned, "and will be filed in the Court of Civil Appeals this week, and we can get a hearing by the latter tribunal some time next week, as it does not convene until next Monday."

"Under the law, the matter of a temporary injunction has precedence on the docket and it will be the duty of the appellate court to consider this case at once, hence our expectation of a quick submission."—Dallas News.

Mrs. E. C. Simmons has accepted a position as saleslady in Barrier Bros. store. Mrs. E. V. Lee has as her guest, Mrs. Bill Burleson of Los Angeles, California. Born—To Mr. and Mrs. Guy McAfee Sunday night, a baby girl.

12,000 square feet, quite an improvement over the present floor space of 8,350 square feet. In it will be the second largest steel bin system in the State of Texas, in addition to parts department, office, show rooms and mechanical department.

A service department which really serves the customer will be added to the company when it is moved into its new quarters, Manager Benson said. The organization has not pushed its service department as much as it might in its present location because of its lack of necessary space.

WOMAN IS JUDGE

WHEELER—Miss Lucy Breeding of this place has been appointed to act as County Judge during a month's absence of Judge L. D. Miller.

DEAD MAN FOUND

HOUSTON. — Efforts were being made by Harris county officers Saturday night to learn the identity of a man whose badly decomposed body was found on the Lynchburg-Crosby road Saturday. There were two bullet holes in the body, one through the chest and another in the head.

One handkerchief found on the body bore the mark "Lee" in one corner and another corner simply the letter "R". A second handkerchief bore the mark "LAR" in two places.

WESTERNER GRID SQUAD IS READY FOR FIRST GAME

Team Will Take Field Smarting Under Recent Practice Loss To Slaton Eleven

The 1925 Westerner football squad of Lubbock high school, smarting under a miserable game defeat at the hands of the Slaton aggregation last week will take the field against Floydada tomorrow afternoon a different eleven than the one seen in the season's opener. "Mule" Davis, grid coach, stated yesterday. Floydada and Lubbock meet at the fair grounds at four o'clock Friday.

According to Davis, the Westerners are greatly improved since the opening game with the neighboring school, hard periods of practice having given the local gridmen more experience and more faith in their own abilities.

Failure of some of the athletes to remain eligible for play and also the failure of others to attend the regular practice periods have been a severe handicap to the Westerners ever since the opening of the season, Davis stated, and still keeps the coach in a quandary over what players to use in the regular combats.

At the present time the team is without a captain. Erton "Pat" Hawes, husky fullback, having decided to remain out of competition for the remainder of the term. Just what reason Hawes has for not coming and retaining his captaincy was not advanced by Davis.

Despite the setbacks received through

conditions no fault of Davis, a tentative line-up for tomorrow's tilt has been announced as follows: Left end, Williams or Wilson; Left tackle, Kelley; Left guard, S. Smith; Center, Brown or Corley; Right guard, Terrell, Jones or Payne; Right tackle, Roark or Borden; Right end, Bowen or Bullor; Quarterback, Ater or Mitchell; Left Halfback, Alexander or Atkinson; Right Halfback, Dunlap; Fullback, Wisdom. Dunlap and Ater will split the punting and passing burden between them.

Just who will officiate the tilt has not yet been fully decided, Judge James H. Goodman, athletic chairman of the fair committee, said yesterday. It is thought, however, that Gilbert Jackson, former college star, and Rex Sanders a player of experience will referee and umpire the combat.

Sanders Is At Head Of Local Tailoring Company, Posey Says

J. C. Sanders is in active charge of the Lubbock Tailoring company now with the entrance of Eric Posey into the Lubbock Insurance company, it was announced recently. All of the stock in the Lubbock Tailoring company is now owned and controlled by Eric Posey, Johnnie Spikes and J. C. Sanders.

The Lubbock Tailoring company has been doing business here for the past fifteen years and was the first tailoring concern on the South Plains to install the dry cleaning apparatus, now generally in vogue.

In addition to its general dry cleaning and pressing business the Lubbock Tailoring company is local agent for Storr-Schuffer clothes, tailored to measure. Eleven persons are employed here by the company.

Dr. and Mrs. Sam H. Stewart has as their guest Dr. Stewart's mother, Mrs. L. E. Stewart.

The Royalty!

Royalty in all of its splendor will be seen at the Eleventh Annual Panhandle and South Plains Fair and the fairest daughters of the South Plains will do their part to make it realistic, A. B. Davis, fair manager, said yesterday.

Twenty-six nearby cities have ordered Duchesses and Maids-of-Honor to the annual exposition here, to do honor to Princess Prosperity, who is Mabel, of the House of Marsh. The complete list follows:

Myrtle, of the House of Lemon	Lubbock
Maid of Honor to the Princess	
Ila, of the House of Myers	Abernathy
Duchess of Hale County	
Jeremie, of the House of Hooks	Abernathy
Maid of Honor	
Viva, of the House of Jones	Crosbyton
Duchess of Crosby County	
Theima, of the House of Alley	Crosbyton
Maid of Honor	
Fatsy, of the House of Caudle	Hale Center
Duchess of Hale County	
Jessie, of the House of Dickson	Hale Center
Maid of Honor	
Irene, of the House of Allen	Idalou
Duchess of Lubbock County	
Merie, of the House of Bailey	Idalou
Maid of Honor	
Jewell, of the House of Looney	Lamesa
Duchess of Dawson County	
Eratha, of the House of Garrison	Lamesa
Maid of Honor	
Woody, of the House of Light	Littlefield
Duchess of Lamb County	
Ruth, of the House of Courtney	Littlefield
Maid of Honor	
Ruth, of the House of Slaton	Lubbock
Duchess of Lubbock County	
Mary, of the House of Dickinson	Lubbock
Maid of Honor	
Jimmie, of the House of Watkins	Meadow
Duchess of Terry County	
Zella, of the House of Smith	Meadow

Eva, of the House of Franks	Sudan
Maid of Honor	

15,000 PERSONS ATTEND FAIR ON DAY OF OPENING

(Continued From Page 1)

the educational features of the fair, which is being tried with success here this year. This is the first time that the educational feature has ever been attempted in an exposition outside of the northeastern part of the country, and the entire Southwest is watching with interest the outcome of the feature here.

Officials Praised
Two of the outstanding features of the fair, showing the planning of the officials for the comfort of the fair visitors, are the first aid hospital and the car parking method in vogue on the grounds. Nurses from the Lubbock Sanitarium and the West Texas Hospital are in charge of the field hospital, located in the Women's building, ready at all times during the day and night to give first aid to any ill or injured persons. The automobile parking system, by which cars are permitted to enter the grounds in charge of competent officials and three thousand machines can be cared for, ready to be driven out at any time by their owners and practically immune from thieves. Local business men were loud in their praises of the fair officials and the way in which they have cared for every problem confronting them.

The Cotton Belt Shows, one of the largest carnival companies to ever visit this city, is being liberally patronized while the large number of free attractions provided are being viewed by the crowds with interest.

Cattle From Plains May Be Sent North

Although Lubbock cattlemen were considerably worried when the report came that no Texas cattle would be permitted to cross Oklahoma, Arkansas and Kansas, due to the hoof and mouth disease in South Texas, the complexion of the situation was changed yesterday when it became known that the quarantine would not apply to any shipments from this territory. It was feared for a time here that all cattle would have to be shipped to Fort Worth markets, which action would have played havoc with the prices. Cattle from this vicinity may be shipped to northern markets.

Royal Jewels Being Displayed Here Now

Crowns and scepters, constituting some of the "royal fortunes" of the principals in the Pageant of the Magic Fleece which will be given twice here during the fair, have been displayed for the past several days in the windows of the Anderson Brothers Jewelry store. Miss Mabel Marsh, county home demonstration agent, will wear one of the crowns and carry one of the scepters as "Princess Prosperity." Neil Wright, president of the Rotary club, will wear the other scepter and wear the crown as he takes the part of "King Agriculture." The crowns and scepters were loaned the fair management by the Arthur Everetts Jewelry company, of Dallas.

R. A. McKinney, a local real estate man, has accepted a position as field man for W. L. Ellwood lands.

Boy Forced To Be a Movie Actor By His Friend, Charles Ray

Little Stanley Gmethals, who has the appealing role of Jimsey, the blind boy in "Blipper Wives," the Seznick production of Jane Muffin's play coming soon to the Lyric Theatre, was practically forced to become an actor. Stanley's parents owned a restaurant in Culver City, where two or three of the biggest studios in the world are located. Every day the stars and directors came over for lunch and it was not long before Stanley knew them well enough to call them by their first names. One of his best friends was Charles Ray, and it was Ray who first noticed the child as a screen possibility. He lost no time in urging Mrs. Gethals to let Stanley work in pictures, but she refused because she thought him far too young. He was only three at the time. Charles Ray, however, told a few of his friends and it was not long before Mrs. Gethals was besieged with offers for Stanley. Finally her objections were overcome and she took him to the studio where his first role was a part with Frisilla Dean in "Outside the Law."

LET'S GO SHOPPING

(EDITOR'S NOTE: This column will run indefinitely and will give a personal glimpse into Lubbock's most desirable shopping centers.)

"Marie! Marie! Come here this minute and see what I have found. I do believe it is that new heavy crepe, the kind Margaret wrote me about. She said all the new undergarments would be featuring it, but of course I would not be able to get it here. Isn't it funny, dear, how they imagine we don't have exclusive shops here? Simon-Franklin of Fifth Avenue or the Mode in San Francisco have nothing on Mc-Afee's—except for the size."

"Let's see. Yes, it's the identical shade and those precious little ruffles."

"Yes, I'll take the mauve silk, too."

"Say, let's run over to Barrie's and see the new Kimona cloth—I hear that is the most alluring patterns."

"Oh, it's not all gone. I'm so glad."

"Yes, it's that one, with the purple and gold. Oh, Maxine, isn't it a dream. Only \$1.50 a yard. Why, dear, you couldn't touch it for less than \$5.50 in Dallas."

"Does anything make you feel so luxuriously lovely as an honest to goodness kimona that catches the shaded lights and makes you feel dreamy and romantic? It's the silk that does it, dear."

"I declare that it is every woman's right to have one real silk kimona."

"Where are you going to, Grace?"

"Oh, just up stairs to look at their new fall coats."

"I wouldn't honey. For if you ever once get up there you are gone, for you will never come away without one."

"Well, I want to slip down to the City Drug Store. I know I'll succumb to their display of toilet articles and spend enough before I get away to buy a coat. Dear, some day I am going to throw economy to the winds and buy a whole \$12.50 bottle of Black Narcissus."

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage Tea and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, say well-known druggists here, because it darkens so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

"Yes, I'll meet you across at Ric's. I have designs on that rug we looked at last week and with their sale prices I believe I am going to be able to get it and still save enough to get the little wicker chair I told you about."

VAULTS BEING INSTALLED

PARIS.—The vaults for the new Federal Building, now in course of construction in this city, have arrived and are now being installed. The contract time specified for the completion of this building is January 4, and the contractors state that it will be ready for occupancy by that time.

The contract price on the building is \$175,000. When this building is completed the present postoffice building will be remodeled and converted into quarters for the Junior College.

FIND DEAD MAN
HOUSTON.—The body of an unidentified white man was found Saturday near Goose Creek, near the Goose Creek-Elema road. Three bullet wounds were found in the body and what appeared to be blood stains were found on his clothing and near by on the ground showed evidence of the body having been dragged to where it was found, about twenty feet from the road.

INVESTIGATE JAIL

DALLAS.—Sheriff Harston and deputies and special investigators from the district attorney's office, Sunday were expecting to make arrests in connection with the smuggling of saws into murderers' row in the county jail Thursday.

Mr. and Mrs. M. G. Abernathy have gone to Central Texas where they will spend several weeks while Mr. Abernathy transacts business.

Mr. and Mrs. Morton J. Smith have returned after a several weeks' vacation spent in Mineral Wells.

LUBBOCK SCOUT EXECUTIVE TELLS MANY WAYS MOVEMENT IDEA IS HELPFUL TO BOYS

GOOD CITIZENSHIP AND SERVICE, ESSENTIALS OF THE ORGANIZATION, SAYS L. S. HARKEY, WHO IS A VETERAN BOY'S WORK MAN

By L. S. HARKEY
Scout Master

So few people understand just what the Boy Scout organization is or the advantage that a boy derives from being a member. Some think that this organization is only a play ground and lose sight of the four fold purpose — to develop the boy mentally, physically, morally and spiritually. It is the taking hold of the boy in the early adolescent age, when he needs assistance most, when he is changing from boyhood to manhood, that period when the greatest crisis comes, to give him development that it is hard to give in the home, school or church.

However, the Boy Scout movement is not antagonistic to any civic enterprise, but rather seeks to cooperate with all other good movements in the interests of the boy. The movement is wholly non-sectarian and works with every sect and creed alike. It is non-military and seeks to promote peace scouting and to develop educational character-building for good citizenship. It is wholly non-partisan. It can not favor one interest against another and cannot countenance interference on any debatable question, whether social, religious or political. It is purely a supplement to other civic movements.

Scouting gives a boy something to do, something he likes to do, something worth doing. It has succeeded in doing what no other plan of education has done—made the boy want to learn. It organizes the gang spirit into group loyalty.

It provides a sane and happy substitute for occupations such as Satan proverbially finds for idle hands. A famous juvenile judge once said that he never had a scout up in court for his judgment, and if all the boys in his city were Boy Scouts the court might just as well close. Scouting offsets the defects and neutralizes the dangers of our over-civilized modern world.

With scouting the "good old times" come back again, alike for the country and the city boy. The scout learns to know and love the great outdoors intelligently. He camps and hikes and swims; studies birds and trees and stars; knows how to care for himself in the open, how to build fires and make camp cookery; how to set up tents and make himself comfortable and safe even under open skies if necessary; how to tie knots and how to use an ax and knife. He prepares the scout motto, and preparesness of this kind is good training for any man.

Incidentally a scout also learns self-reliance, resourcefulness, courage, fair play, obedience, loyalty and other so-called "old fashioned" virtues, which are as valuable in the 20th century as they ever were in the past. Thousands of scouts served splendidly in our American Expeditionary Forces, and it is the verdict of officers both in the British and Canadian as well as our own forces that scout-trained boys almost invariably made the best soldiers. Not that they are trained to be soldiers—quite the contrary for the movement is non-military. But they are trained to be men, which is the essential thing either in peace or war.

Good Citizenship and Service

Good citizenship making is the end and aim of Scouting. The movement believes that by making better American boys, fit every way — mentally, morally, physically and spiritually — it can best serve the nation and provide a vital man-power of brains, efficiency and high moral standard.

The idea of service is fundamental in the scout movement. The daily goal that every scout promises to perform is a small thing in itself, but it represents a big thing—perhaps the biggest thing the most redeeming force in the world—the willingness to serve others unselfishly, simply looking for no reward; a service done for the love of service itself. The good turn magnified means community service. And every one familiar with scouting knows what a record along this line boy scouts have, how they serve as traffic guides, police aides, messengers, distributors of literature, etc., how they have led in innumerable clean-up, "saw the fly," "walk rite," and "city beautiful" campaigns; how they have cooperated with fire commissioners, park commissioners, fish and game commissioners, forest wardens, etc.—active and enthusiastic in every undertaking which contributes to the betterment of the

community contributes social service. The national service record of Boy Scouts in the World War is little short of phenomenal. In the Liberty Loan campaigns they sold bonds to the amount of \$301,000,000, and War Saving Stamps to an amount over \$50,000,000. They operated thousands of war gardens, worked on farms and in orchards and canning factories; located standing black walnut trees, collected 100 car-loads of gasmask material; co-operated with the Naval Intelligence Bureau, with the American Red Cross, Y. M. C. A., Jewish Welfare Board, Knights of Columbus, Camp Community Service, the Committee on Public Information, and dozens of other patriotic agencies; collected books and magazines for soldiers; distributed 30,000,000 pieces of patriotic literature; rendered remarkable first aid and other service.

The scout's agreement to "be helpful to all people at all times" is not an idle phrase. The scout reputation for service is well earned, as any one will attest who knows the facts of scout cooperation in government and community activities during the past few years.

Every boy who becomes a member of the Boy Scouts of America takes an oath and subscribes to the Scout law of the movement. He also takes oath of allegiance to the flag. Before he becomes a Scout the boy promises:

"On my honor I will do my best. To do my duty to God and my country."

\$500,000.00 TO LOAN

— on good South Plains farms. Our inspector lives here, stays in the office with us, we can give as quick service as any loan company that operates in this territory —our prepayment option beats them all, see us before you sign any loan contract.

RACING AUTO IS CAUSE OF DEATH OF MAN AT FAIR

Young Farmer Killed When Hit By Wheel of Speeding Car At Abilene Friday

ABILENE. — Tom Carlyle, 28, a farmer living near Haskell, was fatally injured Friday afternoon during the fourth automobile race at the West Texas Fair, when he was hit in the head by a wheel, which flew from car No. 9, driven by Lee Bammel of Taylor. As Bammel rounded a turn, the wheel flew off, hopping the fence and fracturing Carlyle's skull when it hit him on the head. The injured man died soon after reaching the West Texas Baptist Sanitarium, where he was rushed in an ambulance.

Carlyle was standing on the running board of a car talking to his father-in-law, W. L. Fox, of Abilene, at the time of the accident. With his wife and three children Carlyle was visiting in Abilene during the period of the West Texas Fair.

Red Shafer of Fort Worth again took first money in all of the principal races of the day. He won the ten mile race in 9:50. Lee was second, Peterson third and Milburn fourth.

In the 15-mile handicap, Shafer easily led the field, his time being 14:26 and Milburn was second. Lee was 3rd and Fendren fourth.

The five mile event for the fastest eight cars failing to qualify for first event, was won by Tennil of Taylor in 5:12. Reeder was second, Dondaren 3rd and Hall fourth.

Shafer did not compete in the fourth race, won by Lee in 5:05. Peterson was second, Reeder third and Milburn 4th. The consolation event of five miles went to Jewell in 5:29. Mals was second, Crawford third.—Times.

HURT BY AUTO

TYLER. — Tom Myers, well known farmer living two miles west of Tyler who was struck and dragged 15 feet by an automobile on West Erwin street here Saturday, died at a Tyler hospital later.

Wayne Lagrone of Mertens was released following the accident, officers being convinced he was blameless.

This Year Has Been A Dry One for West Texas, Reports Show

STAMFORD. — Up to and including September 15, the Central West Texas area had received a total of 16.98 inches of rain for the year 1924, making the year, to date, one of the driest in West Texas since 1917.

The annual rainfall for 1918 was 19.85 inches; 1919, 28.67; for 1920 25.47 inches; for 1921, 25.69; for 1922, 24.78 inches; for 1923, 32.77 inches. The annual average normal rainfall is 24.36 inches, based on records taken since the year 1884.

The rainfall for 1924, to date, however, has been very well distributed which accounts for the crops in West Texas being better than for two years past, notwithstanding that the rainfall in 1922 and 1923 was much larger.

Of course if the remaining of the year 1924 gives to West Texas its average rainfall for that period it would amount for about five inches more of rain, giving the region a little better than 21 inches of rain for the year, or one of the smallest rainfalls on record.

Hall County Cotton Comes Into Memphis

MEMPHIS. — With the past week of sunshine, the cotton has been opening nicely, and the fleecy staple has been coming in nicely the past few days. It is said that rank cotton is not opening rapidly but with another week of the prevailing weather, it will be rolling in to the capacity of the gins.

A canvass of the gins yesterday afternoon showed that more than three hundred bales had been ginned up to four o'clock yesterday afternoon, and all of the gins with cotton in the yard. Ginners and buyers declare the staple is better than usual this season, and with the upward trend of prices things look rosy for the cotton grower in this county.

The compress made its first run of the season Tuesday, pressing a number of bales, to tune up the machinery and get everything in shape for the rush which will soon start.

The cotton seed oil mill will begin its season's run next week according to mill officials.—Herald.

A. C. Arthur, county and district clerk of Dickens county, attended the second annual convention of the county and district clerks association held in Lubbock Monday and Tuesday.

FEDERAL EXPERT SENT TO AID IN CATTLE DISEASE

Several Factors Favor Control of Epidemic in a Hurry Say Press Reports

HOUSTON. — Assuring the Texas public that the outbreak of foot and mouth disease in Harris county, South Texas, will be stamped out and that there is little danger to human life, Dr. Marion Jones of the United States Bureau of Animal Industry arrived Sunday direct from California, where he had full charge of a similar outbreak and will be in full control of the operations in Texas.

Certain factors favor an early control of the infestation in Harris county, such as the sparsely settled character of the country in which the infection has taken place and the early detection of its true character by trained inspectors. However, one drawback is in the moist climate of this part of the state, which will allow disease germs to live longer compared with the dry climate of California, which aided materially in effective control there. California had fifteen points of infestation, whereas Texas has only one, so far. Speedy eradication is easily possible, once the machinery of control gets into full swing.

Young Negress Free After Murder Charge

MEMPHIS. — Mary Johnson, seventeen years old colored girl, tried in District Court yesterday on a charge of killing her father, Solomon Johnson, on the Jim Vardy farm near Estelline August 22, was given three years in the penitentiary by the jury, which was out only a short time, and the sentence suspended.

According to the testimony on the part of the defendant, the killing was the climax to a period of ill-treatment by her father, whom she testified had on several occasions threatened to kill her.—Herald.

Misses Willette Waters and Pearl Hensley returned Sunday from Abilene where they visited friends and attended the fair.

Cars Are Looted As Owners Go To Church

McKINNEY. — While the Rev. C. E. Weaver was speaking in the First Methodist church Sunday night concerning the keeping of the ten commandments, a notable one of which is, "Thou shalt not steal," someone outside the door of the church was stealing a motor meter from the car of one of the worshippers inside. This is only one instance of a great many thefts of automobile accessories that are coming to the attention of the officers, and is another indication that some persons in McKinney or the regions around about are drawing some very promising prize tickets for a term in the state penitentiary. Several motor-meters, casings and other accessories were stolen from cars it was reported to local officers.—Examiner.

WORK BEGINS ON NEW STATION AT CITY OF CANYON

Will Rush Completion On Sixty Five Thousand Dollar Depot For Santa Fe Company

Work on Canyon's new \$65,000 depot was started yesterday morning when the engineers for the Santa Fe set the pegs for the location of the new building.

Geo. Parr is the general contractor and arrived this morning to put to work his crew of men. The building will be rushed to completion.

The new depot is about two and one-half times larger than the old building. Its dimensions are 52x200 feet.

The building will set across 10th street, with the main entrance of the main waiting room facing this street.

The building sets about 20 feet north of the Second Avenue street line. It extends east of 10th street some distance, but will be located largely to the west of this street.

Very little change was necessary in order to make the building come within the appropriation limit. The mission style of architecture is carried out. The roof is red tile. The building is the largest and most complete of any depot in this division of the Santa Fe. The Amarillo depot alone excepted.

TWO MEN JAILED FOR AUTO THEFT

McKinney Court Sentences Pair To Two Years After Hearing Cases Against Them

McKINNEY. — Clyde Todd and Douglas Beauchamp pleaded guilty in district court Monday morning to theft of an automobile and were sentenced to two years each by Judge Wilcox. The men accepted sentence.

The indictment alleged that Todd and Beauchamp on July 27, 1923, stole an automobile belonging to Sam Hankey of Branch.

Todd and Beauchamp pleaded guilty at Fort Worth last week to the theft of a number of automobiles belonging to various persons in the Blue Ridge and Westminster section. The automobiles were rounded up by W. A. Kerby, nominee for sheriff, and Constable Jim Hollandsworth last April. The men were sentenced to two years each on nine charges, amounting in all to 18 years each. This makes a total of twenty years imposed upon these men, but inasmuch as the sentences are to be served concurrently they will in fact amount to no more than a two-year sentence to each. Todd and Beauchamp were taken back to Fort Worth Monday. Examiner.

Santa Fe Official Mysteriously Hurt

AMARILLO. — J. B. Briscoe, assistant superintendent of the Panhandle and Santa Fe railroad is in serious condition, but is reported as resting well at the Northwest Texas hospital today as the result of an accident which occurred late last night.

Briscoe is reported to have fallen from the running board of an engine at the crossing of East Tenth street and the Santa Fe tracks. He suffered a concussion of the brain and several minor bruises as a result of the fall.

He fell in the middle of the crossing, over the tracks, and was found by W. O. Gatton and Dr. E. A. Johnson, who were returning from the fair grounds shortly after midnight.—Post.

Floydada Tax Rate Is Fixed For Year

FLOYDADA. — The tax rate for the City of Floydada this year, will be \$1.45, this figure having been set by the council at a recent meeting.

The rate set is an increase of 10 cents on the \$100.00 valuation, last year's rate having been \$1.35. The rate set is figured by the council to include funds to meet the interest and sinking fund on the bonds voted for the sewer system, to be constructed this fall.

When the sewer bonds were voted last spring it was thought probable the tax rate would have to be increased to a figure above \$1.50.—Hesperian.

WOMAN IS FOUND SHOT, SPOUSE IS SUICIDE, RESULT

Mrs. W. W. Robinson Found Dead in Dallas; Her Husband in Galveston Kills Self

GALVESTON. — William W. Robinson of Dallas shot himself fatally Sunday morning at about 6:45 o'clock, the bullet entering his right temple, lodging in his brain, according to police reports. He was taken to the John Sealy Hospital, where he died at 1 o'clock Sunday afternoon.

Hospital authorities declare that a ring was found on his finger bearing the initials of W. W. R.

The body of Mrs. W. W. Robinson, 30, years old, a coffin factory worker, who was found shot to death at her home, 1509 Cockrell avenue, South Dallas, at 10 o'clock Saturday morning is at the Lundermilk Sparkman Undertaking Company's parlors. Mrs. M. A. Bean, 1511 Cockrell avenue, residing next door discovered the body lying on a bed when she looked into that of Mrs. Robinson's. A bullet wound was found in the victim's head.

Neighbors said that Mrs. Robinson and friends went to Fair Park Friday night and that Mrs. Robinson returned in good spirits. Some said they had heard a shot at about midnight. A bloody towel was found hanging over a basin. A bloody cigarette stub and a burned match with blood on it also was found. A prayer, apparently written by Mrs. Robinson only a short time before her death, was found in a purse.

Cotton Crop Moving In Floyd County Now

FLOYDADA. — Movement of the cotton crop of Floyd County has started in earnest with the opening of the weather. Dry crisp days are opening the bolls fast and the cotton raisers are starting picking in new fields every day.

More than 50 bales had been ginned here when the gins closed down last night. 20 bales being the biggest day's ginning. By Saturday ginners are expecting 100 bales a day, if the weather continues favorable.—Hesperian.

Hale, Randall, Floyd Counties Top Field In Fair Exhibition

FLOYDADA. — Out of the fight for honors among the counties of the Panhandle and South Plains at the Tri-State Fair this week Floyd County emerged third, reports from Amarillo stated recently. Judging of the counties was completed late yesterday afternoon, 25 entries being judged.

The standing of the first ten counties and their respective scores: Hale, first, score 910 points; Randall, second, score 879 points; Floyd, third, 870 points; Dallam, fourth, 863; Hartley, fifth, 862; Barza, sixth, 860 points; Castro, seventh, 846; Hemphill, eighth, 836; Lubbock, ninth, 834; Hockley, tenth, 819 points.

County Agent T. Scott Wilson, who had charge of the Floyd county exhibit at Amarillo under the auspices of the Floyd county Farm Bureau, will return home the latter part of this week or the first of next, after packing his exhibit for shipment to Dallas for the exhibit there.—Hesperian.

To Make Air Snaps Of City of Abilene

ABILENE. — Gates Flying Circus will make a series of airplane pictures of Abilene, it was announced by R. W. Haynie, president of the Chamber of Commerce. "Upside-Down" Panguin, Thursday afternoon took Mr. Haynie and T. N. Carswell, secretary of the Chamber of Commerce, up for a ride over the city for the purpose of selecting the views which are to be taken.

Some of the views have already been made, and are exceptionally fine, said Mr. Haynie. Pictures of the noted points of the city will be made, and will be at the Chamber of Commerce for distribution later. Pictures of the colleges, schools and perhaps Lake Abilene, will be made, it was said.—Reporter.

McLean Postoffice Is Being Enlarged

McLEAN. — The partition wall has been torn out of the postoffice and the fixtures are being arranged to fit the new room.

Postmaster Vannoy is having 100 new lock boxes and five lock drawers added to accommodate patrons. This will almost double the box capacity of the office, and other additions may be made if it becomes necessary.—News.

INSURGENTS ARE FOR BUTTE THEY SAY AFTER MEET

Democrats Under Tom Love Plan to Fight Ma Ferguson in Governor's Race

DALLAS. — Headquarters of the newly-created Good Government Democratic League of Texas, organized here Saturday morning by 150 Democrats to support the candidacy of Dr. George C. Butte, Republican nominee for Governor, are to be opened in Dallas by October 1, when steps will be taken to extend the league to each of the 5,600 voting precincts in the State.

This announcement was made late Saturday by S. A. Fishburn of Dallas, secretary of the organization, following a conference with other league officers.

The executive committee, with one representative from each of the 21 senatorial districts is scheduled to be named today.

John Marshall of Sherman, former Speaker of the House of Representatives, who is president of the league is expected to be in Dallas early in the week to supervise the statewide organization in behalf of Dr. Butte.

Ferguson Center of Attack. The whole campaign, according to plans of the leaders, is to be based against James E. Ferguson. Dr. Butte, the Republican choice for Governor, was the unanimous choice of the Democrats at Saturday's parley.

Thomas B. Love of Dallas, former Democratic National Committeeman, who resigned when Mrs. Miriam A. Ferguson was nominated by that party for Governor, submitted the resolution which created the "new party," designating it as "the Good Government Democratic League."

BIG LITTER FOUND

WACO. — Hardy Hay of McLennan county, will weigh in a 10-pig litter Monday, the one hundred and eightieth day, and expects to tip the scales at 3,400 pounds, with chances of winning the state two-litter contest.

Another McLennan county man, Vick Hill (last year won the state honors and at the same time won a world's championship by raising a 12-pig litter that weighed 3,900 pounds on their one hundred and eightieth day.

Needle Club Meets At Maddox Home On Wednesday Evening

Mrs. F. M. Maddox and M. B. Hilburn delightedly entertained the Wednesday afternoon Needle Club last Wednesday afternoon at the Maddox home 1827 Main street.

The house was decorated with cut

flowers. At the close of the afternoon the hostesses served a delicious salad course to the following members and guests: Mesdames Lewis, W. A. Bowen, C. J. Wagner Roscoe Wilson John Bacon, L. C. Ellis, J. L. Rathiff, E. L. Klett, Goodman, Carper, F. R. Friend, Thad Thomas, O. F. Sensabaugh, Davidson, Dunbar, Dickinson and Miss Tinker.

Bud Johnston attend the fair at Abilene last week.

NINETY VOLUMES ADDED TO LOCAL SCHOOL LIBRARY

George M. Hunt Building Given
Books By Parent-Teachers
Association Thursday

Last Thursday afternoon a book reception was given by the George M. Hunt Parent Teachers Association at the Geo. M. Hunt school.

The rooms of the school were decorated with flowers and little things, made by the pupils, were on display.

Mrs. Maedgen, vice president of the association, met the visitors and led them to a large receiving line composed of the officers and teachers of the club.

Mesdames Campbell and Bush presided over the punch bowl. Each visitor brought a book or the price of a book and about ninety volumes of books were added to the school library.

The visitors enjoyed the following program:

Invocation—Rev. Pickins.

Welcome Address—Mrs. Williford.

Violin and Piano Duet—Misses McAfee and Dunn.

Reading—Mrs. Sid Wells.

The school and what it means to Lubbock—Mrs. Maedgen.

Piano Solo—Miss Hayless.

Needs of the School—Mrs. Haynes.

OPENS CAMPAIGN

AUSTIN.—Dr. George C. Butte, Republican candidate for Governor, returned Monday night to Dallas, from which city he will direct his campaign.

For several days last week Dr. Butte was on conference with leaders of his party in Dallas and returned to Austin Sunday.

Mrs. Jenkins and Mrs. George Give Party

Mrs. J. H. Jenkins and Mrs. Raymond George gave a delightful party Friday afternoon at the home of Mrs. Jenkins.

The house was artistically decorated with bowls of bright colored flowers. A bank of white dahlias and pink roses formed a beautiful background for the punch bowl.

The guests were met at the door by Mrs. Jenkins, who was careful to see that all were made acquainted when they were conducted to the punch bowl by Mrs. W. E. Atkigs.

Miss Idalou Ellis and Miss Frances Conley presided over the punch bowl throughout the warm afternoon refreshing all with delicious iced punch.

A few hours were spent in playing progressive forty-two after which a salad course with coffee was served to:

Mrs. W. O. Stevens, Mrs. J. S. Johnson, Mrs. Geo. Wolffarth, Mrs. W. B. Atkins, Mrs. Paul Barriar, Mrs. Maedgen, Mrs. A. B. Conley, Mrs. W. H. Meador, Mrs. R. H. Martin, Mrs. H. L. Tharr, Mrs. Charlie Pierce, Mrs. Will Murray, Mrs. Fred Snyder, Mrs. Gates of Slaton, Mrs. Lon Mullan, Mrs. O. B. Trinkle, Mrs. R. Q. Pierce, Mrs. Ed. O'Sullivan, Mrs. Ray Grishan, Mrs. Harris, Mrs. W. C. Rylander, Mrs. F. C. Yarbro, Mrs. W. P. Jennings, Mrs. La Verne Kershner, Mrs. T. W. Sawyer, Mrs. Wedemeyer, Mrs. Goodman of Debeck, Mrs. S. G. Castleberry, Mrs. Elmo Wall, and Mrs. Triggs. Tea guests were Mrs. W. A. Bowen, Mrs. P. W. Horn, Miss Horn, Mrs. Holschouer and Mrs. Aalmsworth.

A Guest

**Methodist Class Is
Entertained At The
Hilburn Residence**

Division D of the Builders' Class of the Methodist Church was entertained at the Hilburn home, 1214 Avenue M, by the A, B, and C divisions Thursday. The party was given the D division by the other division as a contest was held recently and the D division won.

The ever enjoyed game of forty-two was played until a late hour when a salad course consisting of chicken salad, potato chips, bread and butter sandwiches, pickles, olives and coffee was served to about forty members.

**AUXILIARY HAS
MEETING MONDAY
AFTERNOON AT 3**

Cumberland Presbyterian Women Have Representatives of Other Churches Too

The Women's Federated Missionary Auxiliary met in a regular session Monday afternoon at the Cumberland Presbyterian church at 3 o'clock.

All the missionary societies of the different churches in town were represented and the meeting was very interesting. These meetings are held every fifth Monday at the different churches and are always inspirational. The program for Monday afternoon's session was as follows:

Hymn.

Prayer.

Business.

Devotional, led by Mrs. E. E. Robinson.

Duet—Mrs. Eubanks and Mrs. Lowery.

Reading—Mrs. O. E. Sears.

Solo—Mrs. O. B. Trinkle.

Address—Mrs. W. A. Bowen.

Saxophone Solo—Miss Katie Bell Young.

Benediction.

AMARILLO MEN HURT

AMARILLO.—T. M. Whitman, helper at the Crescent Wheel and Body works, was seriously injured and the proprietor, Frederick A. Sidenstrang, was hurt, but not seriously, when an elevator on which the two men were working fell at the workshop on West Fourth street at 2 o'clock Monday afternoon. The elevator was about ten feet above the floor when it fell.

Whitman was rushed to the Northwest Texas Hospital for emergency treatment.

MRS. MILLER HAS PARTY FOR MANY FRIENDS FRIDAY

Bridge Diversion When Home
of Mrs. Wilson Is Opened
to Guests

Mrs. Harry Miller entertained a number of her friends last Friday afternoon with a bridge party at the willson home on Avenue O.

The house was aglow with beautiful cut flowers and at the close of the afternoon Mrs. E. B. Adcock was given a piece of lovely lingerie for high score and Mrs. Anna Faulk was presented with a cake basket for guest honor.

A salad course was served to the following ladies: Mesdames T. E. Buckner, Bud Johnston, Anna Faulk, E. B. Adcock, J. T. Hutchinson, Amos Howard, James H. Goodman, Maple Wilson, Tom Stone, W. D. Cullum, C. Chipley, Clark Smith, Blecher, Byron Brown, D. K. Bonduant and Rufus Rush.

**PRACTICAL WORK
GIVEN DOMESTIC
SCIENCE CLASSES**

Miss Clara Price and Miss B.
Eubanks in Charge of Work
With School Girls

In the Domestic Science Department of the Lubbock high school this year Miss Clara Price has charge of the clothing and design classes, while Miss Eubanks has charge of the classes in foods and health. Up to date there are one hundred and sixty students enrolled in this work.

Miss Eubanks has just begun a new course in home nursing and it has the distinction of being the first that has even been organized in the school. The girls in the home nursing class visited the Lubbock Sanitarium last Friday in the interest of their work and will visit the West Texas Hospital soon. Miss Eubanks has ordered a complete list of home nursing equipment and is hoping to get a special room for this work in the near future. A new electric stove has been installed in the cooking room and the pupils as well as the teachers are very proud of it. The foods girls are cooking this week and are making a study of canning, and will have an exhibit in the Panhandle South Plains Fair to be held here October 1, 2, 3 and 4.

**Mrs. Alexander Is
Hostess to Needle
Club Last Friday**

On last Friday afternoon Mrs. Ed. Alexander entertained the Friday afternoon Needle Club at her home, 704 Avenue W.

After an enjoyable afternoon of needle work the hostess served a delicious salad course consisting of chicken salad, bread and butter sandwiches, pickles, tea and cake to: Mesdames W. A. Clark, Frank Barclay, Bill Spake, F. K. Mitchell, Smith, Newell Bryan, R. W. Hein, Vernon, Louis Murfee, M. K. Foster, Brooks, C. W. Alexander and W. C. Bryan.

COLORS BORROWED FROM LEAVES OF AUTUMN TO BE EXPRESSED IN FALL FASHIONS BECOMING TO THE WOMEN

The "Brown October days" will find Fashion flatteringly expressing herself in colors borrowed from falling leaves, tints beautifully becoming to many women. Tailored apparel stands out in the autumn fashion category, with decided emphasis upon the one-piece dress for early street wear. Two-piece suits will offer both the new long jacket and the short boxy youthful one. A strong line of demarcation will be drawn between sports types as such and more formal attire. A significant development in street attire is the prevalence of the ensemble, or three-piece costume having a coat to match a one-piece dress, yet quite possible and practical to wear by itself with other dresses. Materials, whether of silk or wool, are woven in

panels, borders, stripes or squares, which suggest the treatment or decoration of the garment design.

A not unexpected turn of fashion brings full length and fitted sleeves back to leading favor in lieu of the sleeveless modes of summer. Once more importance attaches to the sleeves as decorative factors, sometimes made entirely of lace, or of a novelty contrasting material. At least some trimming near the hand, possibly a circular finish, fringe, or a band of fur adds to the distinction of sleeves which in themselves, rather serve to accentuate the long, slender lines of the prevailing silhouette.

Set-in sleeves are favored for the majority of models of suits and street dresses.

ANCIENT SWORD, THOUGHT TO HAVE BEEN LOST BY SPANIARDS, IS THE PROPERTY OF AN ABILENE LAWYER

ABILENE.—The sword found on a mountain south of Potosi, and owned by Judge T. M. Willis of Abilene, has a much more ancient history than at first supposed. Instead of belonging to Gen. R. E. Lee, as its faded inscription seemed to indicate, the sword was the property of some sixteenth century Spanish conquistador—possibly one of Coronado's own men.

suppose that it was in any way connected with Gen. Robert E. Lee. The word on the sword, he says, is very clearly Lei, which is the Spanish term for law. The design preceding the word Lei is apparently the monogram A. L. "These terms are frequently used on Spanish swords in connection with the term Rey," the curator goes on to say. "The completed inscription would thus read, 'For the Law and King.'"

The National Museum desires to keep the sword, but Judge Willis is reluctant to part with it. Francisco Vasquez de Coronado and his party of explorers went from Mexico into Arizona and New Mexico, in 1540-1542, and it is barely possible the sword was dropped by some member of that expedition.—Reporter.

The Farmer's Wife

By Mary Ann Gray

Vegetable Mixtures for Soups If it is impracticable to obtain materials for making soup stock in the summer when vegetables are abundantly available, the vegetable portion of the soup may be canned alone. The preparation of soup from cans of such vegetable combinations will be a relatively simple matter whenever stock is available, as it should be in most households if meat refuse is properly utilized.

Vegetable Soup

- 1/2 pound lima beans.
1 pound rice.
1/2 pound pearl barley.
1 pound carrots.
1 pound onions.
1 medium sized potato.
1 red pepper.
1/4 pound flour.
4 ounces salt.

Soak the lima beans and rice for 12 hours. Cook the pearl barley for 2 hours. Blanch the carrots, onions, potatoes, red peppers for 5 minutes. Pare the vegetables and cut into small cubes. Mix these ingredients thoroughly. Put into hot jars, add one teaspoon salt to the quart. Fill with boiling water to within 3-8 of an inch of the top. Sterilize in hot water bath 90 minutes or in steam pressure cooker 45 minutes at 15 pounds pressure.

Vegetable Soup 2

- 1 onion.
2 potatoes.
1 carrot.
1 tomato.
2 tablespoons rice.
2 tablespoons flour.
2 tablespoons butter.
1 1/2 quarts water.
Salt, pepper.

Prepare vegetables. Cut potatoes and carrots into thin slices. Brown the onion in butter. Combine all the ingredients but flour. Cook vegetables tender. Press through a sieve, add flour, let mixture boil up, pour into heated pans, leaving 3-3 of an inch space at the top, and 1 level teaspoon salt to the quart. Sterilize in hot water bath 60 minutes or in steam pressure cooker 30 minutes at 5 pound pressure.

HAWLEY WILL BE CALLED TO HELP ON BIG PROJECT

Member of Firm of Hawley and Roberts Is Again Honored For His Ability

Major John B. Hawley, of Fort Worth, a member of the engineering firm of Hawley and Roberts, will serve as one of the six members of the board of consultation for the city of Chicago, it was announced in Fort Worth the early part of this week. Hawley is a partner of Harry N. Roberts, of this city, who is in charge of the consulting engineering work being done on the Lubbock paving and sewer projects. An office of the firm of Hawley and Roberts is being maintained here in the courthouse building.

Major Hawley is regarded as one of the foremost engineers in Texas and the Southwest. During the war he was rated as one of the most skillful of the engineers in the army and after accomplishing several almost impossible feats of sanitation engineering in army camps in this country was sent to Europe by the government to do some work which other engineers were unable to cope with.

As soon as he arrived in foreign waters he maintained his professional standing by raising a sunken vessel which was blocking a French harbor, a piece of work which other engineers had failed to do. He has a fine war record, going into the service as a captain and coming out with a major's rank. He pays frequent visits to this city in connection with the paving and sewer work and is at present working on several large projects in East Texas. He is a skilled sanitary engineer as well as a civil engineer.

In speaking of the appointment of Major Hawley, which was quite a complement to his ability, the Dallas News, of last Monday says: Maj. John B. Hawley of Fort Worth has received notice of his appointment as one of the six members of the Board of Consulting Engineers for the city of Chicago, (sanitary district), to assist in the settlement of the controversy among the Government of the United States and Canada and the city of Chicago, concerning the water level of the Great Lakes, as affected by the Chicago drainage canal. Maj. Hawley will leave for Chicago within a few days to attend the first meeting of the Board of Consulting Engineers.

The controversy to be settled involves what eminent engineers declare to be the world's most complicated hydraulic problem.

A. & M. COWS WIN COLLEGE STATION.—The A. & M. College herd of dairy animals won 14 first prizes, all championship, highest awards on Jerseys, Guernseys and Holsteins at the Tri-State Fair at Amarillo the past week. The herd will next be shown at Wichita Falls, Dallas and Waco. The prize money won at Amarillo was sufficient to pay all expenses incident to taking the animals the long distance.

FIND DEAD MAN SAN ANTONIO.—W. S. Anderson, Jr., 22 years old, son of Judge W. S. Anderson of the Thirty-Seventh District Court was found dead with a bullet hole in his head in a room of the Jefferson Hotel early Saturday morning. A pistol with one empty cartridge was found near his side. Physicians said the young man had been dead probably eight hours.

Attorney Wicks of Rails was in attendance at court Monday.

SPOKES IN THE HUB

BERTON OWEN MCWHORTER

Thirty-two years in Lubbock county and taking an active part in the advancement of the city and the surrounding territory is the record of Berton Owen McWhorter, pioneer cattleman and resident of this city.

He was born in Collin county, Texas, in the city of McKinney, on November 10, 1888 and his entire life, with the exception of business and pleasure trips, have been spent in the Lone Star state. His early life was spent in Collin county but in 1892, believing that this section of the state held greater possibilities for the future, migrated to Lubbock with a cattle outfit, camping on the part of the county which is now Acuff Heights addition to the city. After coming here he established a ranch fifteen miles west of this city, in the Yellow-house canyon.

He was united in marriage in 1895 to Miss Hallie Lemons and in 1907 the family moved to the city of Lubbock where the McWhorters have been headquartered ever since. Mr. McWhorter has two children, both boys and well known here. The eldest, Owen W., is serving as county attorney, having led the ticket in the county both times he has run for the office. The younger is Ross A. McWhorter, member of the haberdashery firm of McWhorter-Roberts. Both of the McWhorter boys were educated in Lubbock and in the state university at Austin.

B. O. McWhorter has always been and still is an ardent booster for Lubbock and West Texas. He has always been identified with the cattle business, is a member of the Methodist Church and of the Chamber of Commerce. He is a former member of the board of aldermen of the city and has done a number of outstanding acts to aid in the progress of the city. A number of years ago, before Lubbock had railroad facilities, he made two trips to Chicago and did a great deal of the work which engineered the building of the Gulf and New Mexico branches of the Santa Fe railway through this city. When it was thought that Lubbock needed an ice plant and cold-storage company he was one of the first men to invest a large sum of money in backing the new project.

A block of land, which he owned near the city, was one of the first blocks of ranch land broken up in farms and sold to newcomers, thus aiding in the populating of this county. On his ranch, west of the city, Mr. McWhorter was one of the first men to demonstrate the great quantities of pure water underlying Lubbock county, when he erected a pumping plant and furnished water at the rate of 1,000

gallons per minute to use in irrigating. No city has a greater prospect was the opinion of Mr. McWhorter. He says the population will be 20,000 in 1930. He chose Lubbock as his home because of its fine situation, equally distant between the Texas and Pacific and the Fort Worth and Denver railroads.

Attorney W. E. Lessing of Spur was in Lubbock attending court Monday.

Our Diamonds

A Sound Investment!

WHO has not at some time or other, longed to own a diamond for its lustrous beauty as the gem of gems. And as a practical investment it has a stable value.

ESTIMATE YIELD OF COTTON OVER NATION IN 1924

More Than Twelve Million 500 Pound Bales Will Be Grown In U. S. Is Belief

WASHINGTON. — The cotton crop was forecast today by the Department of Agriculture as 191,000 bales smaller than indicated two weeks ago with a total production of 12,590,000 equivalent 500 pound bales indicated. The condition on Sept. 16 and the forecast of production therefrom (in thousands of bales, by States follow: Virginia condition 60, forecast 39; North Carolina, 52, and 782; South Carolina, 47 and 728; Georgia 59 and 1,139; Florida 71 and 29; Alabama 59 and 954; Mississippi 67 and 1,655; Louisiana, 48 and 398; Texas 52 and 4,327.

Arkansas 59 and 1,054; Tennessee 60 and 413; Missouri 63 and 212; Oklahoma 64 and 1,267; California 77 and 63; Arizona 72 and 90; New Mexico 55 and 60. About 70,000 bales additional to California are being grown in Lower California, Mexico. All other States 77 and 18. The crop report from the board's forecast of production was based on the condition of the crop on Sept. 16 which was 55.4 per cent of a normal, indicating a yield per acre of about 149.2 pounds, compared with a condition of 59.3 per cent on Sept. 1 this year—indicating on that date a yield of 151.5 pounds and a total production of 12,787,000 bales. Last year's crop was 10,139,671 bales.

The ginning prior to Sept. 16 by States follows: Alabama 223,178; Arizona 8,333; Arkansas 72,658; California 4,723; Florida 8,544; Georgia 288,131; Louisiana 160,841; Mississippi 228,900; Missouri 16,241; North Carolina 22,212; Oklahoma 65,942; South Carolina 109,825; Tennessee 214,248; Texas 1,476,936; all other states 218. The ginnings include 87,670 round bales, counted as half bales and 249 bales of American-Egyptian. Ginnings prior to Sept. 1, this year, were 958,294 running bales.

RAILROAD ROUTT HERE TO ENGAGE IN MAT BATTLES

Newcomer Under Wing Of Former Grappler n City; May Meet Olson Here Soon

R. R. (Railroad) Routt, from Bentonville, Arkansas, is in the city and will wrestle all comers this fall and winter he announced upon his arrival. Routt weighs a hundred and sixty-five and is an experienced grappler. He will be under the management of Fred Whitman, of the Lydick Roofing company, of this city, a former old time wrestler of many engagements. Whitman will be remembered by fans here as the referee of the Olson-Moore and the Moore-Jensen matches here in the spring. Whitman claims his man will meet any wrestler, any size, anywhere and at any time.

Charles Olson, "The Terrible Swede," well known to local followers, is in the city with the Cotton Belt Shows and Whitman and Routt were negotiating for a match between Routt and the Swede here this week, the match to be held at a later date. It is improbable that the two will be brought together here at an early date.

Charles Olson is In Lubbock Again Greeting Friends

Charles Olson, the affable Swede, who wrestled in and out of Lubbock during last spring and summer, is back in the city again, renewing old acquaintances and making new friends.

Olson is running the athletic arena in connection with the Cotton Belt Shows, the carnival playing the fair date here. There is a possibility of his returning to Lubbock later in the season to open a gymnasium and stage a few wrestling and boxing bouts, he said last night. It is believed that if Olson would take charge of such a proposition in Lubbock it would meet with popular opinion as the "Terrible Swede" made a good impression on the sport lovers of the city.

Ten Prize Winners Get Plains Journal As Result of Fair

Ten winning exhibitors in the Second Annual Lamb county fair, held last week at Olton, are among the new Plains Journal readers as the result of an arrangement made between the Plains Journal and H. P. Webb, president of the Fair Association of Lamb county, prior to the holding of the fair. The new readers, who won a year's subscription each to this newspaper as a result of their prowess exhibited in the fair are George E. Bohner, Steve Struve, Randall Farrar, Mrs. Roy Barnes, Mrs. C. E. Turner, Mrs. Lloyd Cowart, Mrs. J. E. Ogden, Mrs. J. B. Patton all of Olton; G. R. Linville, of Spring Lake and Mrs. C. Tremain of Littlefield.

AGGIE SCHOOL LARGER COLLEGE STATION.—The A. & M. College of Texas has begun its year's work with a student body nearly 200 larger than any previous one. Although there is a heavy burden of disciplinary work on the officials of the College due to the crowded dormitory conditions, a successful year is anticipated. The held this week for the first time with enrollment is 2120. Military drill was an army of cadets numbering 1900.
